The object of knowledge can be known by imagination in two way- one is corroborative and the other is real. The utmost limit of Kashf is direct sight. If one shuts up eye sight, direct sight can

not be obtained as between eye and the object to be seen, there is the screen of eye. The screen must be removed to have direct sight. Similarly soul is covered by body, greed and passion and as such direct sight is not possible in worldly life. God said to Moses: You will not be able to see Me. God says: Eye sight can not overtake Him. According to an authentic Hadis the Prophet did not see God in the night of his ascension to heaven. When the screen will be removed by the event of death, still then the soul will remain covered with the screen of the sins he has committed in the world. The greater the sins, the greater the thickness of the screen on soul. The brilliant light of God will not be seen in the screened soul. It is like uncleanliness in a mirror. One's face can not be seen unless the dust and uncleanliness are removed from the surface of the mirror. There are souls which do not go out of the limit of cleanliness. This uncleanliness will be removed by fire and as such soul will be burnt by fire in order that it may come out pure.

God says: 'There is nobody among you who will not come before it (Hell.) This is the decree of your Lord. Then I will rescue those who are God-fearing and keep the sinners therein." So every soul shall have to present itself before Hell fire. When it will be fully cleared of impurities, it will be deemed fit to enter paradise. There is no time limit, as it will occur after the resurrection day which is unknown. God will shed His luster on the pure souls in proportion to his clearness of soul and degree of Marfat. This luster is called direct sight which is a truth. This is not an idea. God is realised in truth here in this world but will be seen in the hereafter. The knowledge of Marfat attained in this world will gain perfection in the hereafter and the idea in the world will turn into direct sight of God. This is seen from the following verse: Their light will run in their front and sides. They will say : O our Lord, make our light perfect.' The perfection of light means perfection of sight and increase of Kashf.

Knowledge of Marfat is a seed of next worldly sight. The seed grows into a tree and the tree gives fruits. He who does not sow seeds cannot expect fruits. Similarly he who does not sow seeds of Marfat in this world cannot expect to have sight of God in the next world. The greater the knowledge of Marfat in this world, the greater will he appreciate the beauty of God in the next world. The Prophet said : God will disclose His own luster

on all people in a general manner and on Abu Bakr in a special manner. The saint Rabia was asked about paradise. She replied : First neighbour and then abode. It appears that her goal was not paradise but the Lord of paradise. He who did not recognise God in the world will not be blessed with His vision in the next world. He who did not enjoy the pleasure of God's Marfat in the world will not get God's vision in the next world. A man will be resurrected upon the condition in which he lived in the world. So Marfat is the foundation of fortune.

Question. If the pleasure of sight is connected with Marfat, it seems that the pleasure will be little, as little pleasure is gained in Marfat in this world.

Answer. The argument is not correct and the pleasure of Marfat is not little in the world. How can he who is free of Marfat realise that pleasure ? The gnostics feel immense pleasure in Marfat but it is not to be compared with that pleasure to be gained by direct sight in the next world. The pleasure in thoughts of the beloved is hundred times less than that of direct sight, and the pleasure of hand touch is thousand times less than that gained by cohabitation. There is a great deal of difference between these two.

Pleasure differs with the difference of the causes of happiness. The first cause is the degree of beauty of the beloved. The most beautiful gives great pleasure. The second cause is perfection of the power of love. The pleasure of one whose love is very deep is more than that of one whose love is moderate. The third reason is perfect knowledge. If the beloved is seen in darkness, it gives less pleasure than what is got if seen in light. The fourth reason is mental sorrow and happiness. If the beloved is seen by a mind free from sorrows, the pleasure is certainly greater than that gained by a mind full of sorrows.

The life of the next world is a real life. God says : The life of the next world is a real life if you had known— 29 : 64. He who reaches this stage loves meeting with God and loves death. But he who waits for increase of his Marfat is like a seed which is yet to grow into a tree. There is no limit to the sea of Marfat. To reap fruits is impossible without the next world. For this reason, the Prophet said : To live long in divine service is the best fortune, as Marfat becomes perfect through training during this long time.

This requires time. He who loves death loves it because he himself is experienced in Marfat. He who dislikes death makes delay in Marfat. Ignorance and negligence are the basis of misfortune and knowledge and Marfat are the basis of fortune.

Question. What will be the instrument of sight in the next world eye or heart. Answer. Those who are deep in insight do not look to their difference of opinion about this. Whose hopes to see his beloved, his love keeps him engaged in His sight. He does not look whether his sight lies in eye or forehead.

CAUSE OF INCREASE OF LOVE OF GOD. Know, O readers, that the most fortunate one in the next world will be one who loves God most. For this reason, the meaning of the next world is to proceed towards God and see Him. What a good fortune is for a lover when he meets his beloved after long hopes and awaitings, but this fortune is deep according to the degree of love. The more is the degree of love the more is happiness. Every man can gain the love of God in this world and no believer is free from it. Deep love can be acquired in two ways. (1) **The first way is to severe all worldly connections** and to oust love of things other than God from mind. Mind is like a cup. If water is not taken out of it, it does not become vacant. God has not given any man two minds. The cup of love becomes full when God is loved with the entire mind. Love of God lessens in proportion to the love of things other than God. God says : Say Allah and then let them off in their idle talks. God says : Angels descent upon those who say 'God is our lord' and then they remain steadfast to that—41 : 30. 'There is no deity but God' means there is no object of love except God. Every object of love is deity or lord and he who keeps a slave, he is his lord. So every lover is confined by one whom he loves. God says : Have you seen a person who takes his low desires as deity? The Prophet said: The most detestable deity of man in the world is his passion. He said : He who utters 'There is no deity but God' with sincere heart will enter paradise. Here sincere heart means heart set apart for God. There can be no place of Shirk or partner in this condition. So God becomes the object of love of his heart, the deity of his heart, the ultimate goal of his heart. If this stage is reached, the world becomes to him a prison, as it becomes a stumbling block against his meeting with his beloved. Death releases him out of this prison and gives him opportunity of meeting with his Lord.

One of the causes of the weakness of heart in leaving God for love for the world. The world includes love for his family members, wealth, riches, children, relatives animals and the implements of his enjoyments. The more is his attachment for the world, the less is his love for God. The greater is his happiness in the world, the less will be his happiness in the next world. The nearer a man goes to the east, the more distant he will got from the west. This world is like the east and the next world is like the west. Or these worlds are like two co- wives. He who has got heart can understand it very clearly, more clear than eye sight. The only way to cleanse the mind from attachment of the world is to sojourn in the path of renunciation and to take to patience and other attributes.

(2) The second way of increasing love is to increase the power of Marfat and extend it over the entire heart. Power of love increases after mind is purified of all worldly engagements. That is like sowing seeds after weeding out the weeds. This weeding out of weeds is half work of growing crops Thereafter out of this seed grows the tree of Love and Marfat. This seed is Kalima Tayyeb as God says: God setup example of Kalima Tayyeb. It is like a good tree of which the root is firmly rooted and the branches extend in horizon-14:24. In another verse. God says: Kalima Tayyeb raises him up and good deeds also raise him up. So good deeds are like servants for God's Marfat. The object of every good deed is first to purify mind from the world and then to preserve it for long. in short good works are done for this Marfat. Knowledge is necessary for good works. It appears therefore that knowledge is necessary in the beginning as well as in the end. Knowledge is first necessary in order to gain knowledge of outward actions whose object is good deeds. The object of good deeds is to purify minds so that truth may blossom therein. The knowledge of Marfat means spiritual knowledge. When this knowledge is achieved, love comes in. When he loves Him, he takes pleasure therein. Love comes in after Marfat or acquaintance. This Marfat can be acquired after purification of mind from worldly thoughts along with clear thoughts constant Zikr, ceaseless efforts and constant search into the attributes of God and His sovereignty over the heavens and earth.

Those who reach this stage are divided into two classes one group are powerful and another group are weak. The first

acquaintance of the first group is only with God and the preliminary acquaintance of the second group can be gained by their good works and then they are raised up to God. God says with regard to the first group: Is not your Lord sufficient that He is a witness over everything? God says: God testifies that there is no deity but God. A certain sage was asked: How have you recognized your Lord? He said: I have recognized my Lord through the help of my Lord. Had not there been my Lord, I could not have recognized Him. With regard to the second group the following verse says: I will show them My signs in the horizon and in themselves, till it becomes clear to them that He is the truth. God says: Do they not see the sovereignty of heaven and earth? God says: Say, look to what is in heaven and earth? God says: 'He created the seven heavens in stages. You will find no incongruity in the creations of the Merciful. Turn your look again. Do you see any incongruity therein? Then turn you look again, your look will return to you confused.' This mode is easy for majority of the people and more spacious for the travellers of the path of religion.

The easier way is to ponder over the wonderful creation of God. The lowest creation is earth and what is therein. It is in relation to heaven and angels and other beings, If you see the earth in comparisons to a body, you will see the earth very very big. The sun appears to be small but still it is 160 times greater than the planet of the earth. Now look to smallness of the earth in relation to the sun. The sun is attached to the open horizon. Look to the smallness of the sun in relation to the horizon. It is not comparable even in relation to the vastness of the horizon. The seat of the sun is in the fourth heaven. This fourth heaven is very small in comparison with higher heavens. The seventh heaven lies before the Throne is such a way that a stone lies is it were in a vast field. The Throne itself lies likewise in the vast Arsh. Now look at the earth how small it is in comparison with the sun, heavens, Throne and Arsh. In the earth again, the landed portion is very small in comparison with the area of oceans, seas and watery portions. The Prophet said: The land hemisphere in the seas is like a ball in the land hemisphere. The earth is therefore like as island in the area of water.

Then look to man made of earth. Man is only a clot of earth. Look to other animals also. How small they are in comparison

with the earth. In the animal kingdom, there are ants, bees, worms, insects, mosquitoes etc. Look to the creation of a mosquitoes. Think of its power inspite of its smallness. How God created it in the form of an elephant which is biggest of animals. It has been given a trunk like that of an elephant. He created all organs for it as He created them for an elephant. In addition, a mosquito has been given two wings. Then look how God showed it the path of procuring food. He informed it that is food is blood. He gave it two wings to fly to men and animals to procure blood with its trunk. It is open within and fit to preserve blood. It flees away with its wing when man goes to attack it.

Look to the eye of an animal. It has got eye lids which prevent falling of dust and other injurious things to the eye. Two hands have been created for mosquitoes and flies. By these two hands, they rub eye lids always. He made black hairs for eye lids, so that they may help eye sight. They work as windows, if dusts and refuges fall.

Now look at the bees. God revealed to them to build habitation in mountains and hillocks, in trees and high places. God makes out honey and wax from their sittings. God allows bee wax to be used as light and prescribes medicine by another thing. One wonders how God makes the bees fly from flower to flower to gather honey, to take care of themselves from dirts, how they obey their leaders and how they remove unclean things from their hives Look to the wise construction of their habitation and at the six concerned round room. They do not construct four or five concerned room. The wisdom of mathematicians become baffled at this. The figure of a fly is round and long. If each room is four cornered, some space of a four cornered room lies useless. If each room is made round and if several rooms are attached to one another, some often places are left outside. See how God gave them instincts to build each room of six cornered size in a big house.

So all praise is due to God. How great is His mercy and how extensive and intensive are His favours. Though this thing is trifling, yet there are lessons in this for mankind for pondering. The knowledge of mankind is not at all a knowledge in relation to the knowledge of God. In this way, knowledge of the recognition of God can be increased. With the increase of higher knowledge, love also increases. If you wish to gain vision of God, throw the

world behind your back and keep yourself long with constant zikr and pondering.

CAUSES OF DIFFERENCE OF MEN'S LOVE: Know, O readers, that the believers are partners in the basic love, as well as partners in faith, but there is difference in their love as there is difference in their acquaintance or Marfat. The gonstics are the nearest ones to God. God mentioned the condition of these classes in the following verse: 'If he is one of the near ones, there is for him rest, provision and paradise of Nayeem'. The general believers love Imam Shafeyi on hearing his piety and knowledge, but his disciples love him more for his religion, conduct, character and good habits. A man with deep insight searches for detailed acquaintance with divine attributes and His wonderful creations. Even in a mosquito, he finds wonderful skill of God. The more a man searches after His glory the more is his love for Him. There is no limit to the sea of Marfat of God. So it is no wonder that there would be different degrees of love of different individuals for God.

CAUSES OF DEFECTS IN RECOGNITION: Know, O readers, that of all the bright things seen by our naked eyes, the brightest is God. So it is necessary to have his recognition first by intellect in an easy manner, but the matter is contrary. What is its cause? That God is most express, open and clear requires illustration for understanding. When we see a man to write somethings, we see him clearly more than anything else that he is alive. His life, knowledge, power and his will to write appear to us more vividly than his other open and secret natures. The meaning of his secret natures is his passion, anger, health, disease etc. We don't know these natures. Among his often natures, we know some and some are not free from doubt, such as the measure of the length and colour of his body. His life, power, will, knowledge, his being an animal appear to us more vivid to us than to catch them with external eye, as these natures are outside the five senses and it is not possible to know his life, power and will except by his movements. If we look to what is in the earth, why shall we not recognise Him?

What we see about God proves His being, His power, His knowledge and His other attributes. We can understand them by our open and secret senses. We can realise them from the stones, trees, animals, heaven, earth, stars, sun, moon land and watery

as of the earth. Rather the first proof of His existence is our ıls, our bodies, our natures, changes of our souls, our vements and our works and deeds. The most clear thing that nes to our intellect among all things is our soul, then our sations arising out of our five senses and then our knowledge ;ing out of our intellect and deep insight. Every sense has got separate function and separate proof. All the things of the rld give ample proof of the existence of the Creator and proper uaintance of His knowledge, power, mercy and skill. If the d writing gives proof of the life of a writer and his existence, wonderful creations of heaven and earth give sufficient of of the All Powerful. There is nothing which does not prove existence. Our external and internal conditions give proof of glory and omnipotence as we know that the hands of a writer ıot automatically move.

There are two causes of the defect of our intellect to lerstand Him One cause is that the matter is subtle and et, but its illustration is not secret. The second is His ;htness being out of limit, as a bat can see in darkness, but it not withstand the brightness of day. The sun's rays defeat eye sight of a bat as the sun's rays are strong and the sight bat is very very weak. Similar is our sight. God's light is ;edingly high covering all in heavens and earth. Our eye ıt is very very weak in comparison to God's light. So we can see Him. He is invisible because his light is too strong. A g appears clear in contrast with a thing opposite to it. God ıost express and open and everything gets light from His t. Had he been secret and not open, all in the heaven and h would have been destroyed. All things are regulated by principle. That proves His existence. On account of his ssive light, He is hidden. He whose insight is strong and se faith is firm, is in the middle path in his affairs. He does see anything except God and knows nothing except Him. :nows that there is no existence of anything except that of . He who looks at the writing on a paper knows the tence of a writer. The heaven and earth and what is therein he writings of that Great Writer with the pen of power. He s God and knows Him through His works. He sees nothing pt God. It can be said of him that he loses himself in ıid and forgets his own existence. A weak man cannot erstand it.

Man can understand even before the dawn of his knowledge that everything attests to the existence of God. But his religious feelings of childhood disappear when he mixes with the corrupt society. Owing to his worldly engagements, he is debarred from swimming the ocean of Marfat. For this reason, a poet said :

Thou art open. Thou art not hidden,
How can deaf and blind man
Can know the open moon?
Thou hats kept secret what Thou disclosed.
How can He be known who though open
Keeps himself hidden.

MEANING OF ATTACHMENT FOR GOD: There are three modes of describing attachment for God.

(1) **Mode of thought.** Every lover has got attachment for his beloved in his absence, But it cannot be said that he has got attachment only in his presence as the meaning of attachment is to hope for getting a thing. There is no meaning of hoping for a thing which has been obtained. There cannot be any attachment for a thing which cannot be known. He who has not seen another or heard his qualities cannot have attachment for the latter. Direct vision of God will occur in the next world. Now therefore there should be attachment for God.

(2) **The second mode of attachment.** There is no end of divine secrets but some of these are disclosed to every man. There is also no end of matters which lie hidden. A gnostic knows His existence and knows also that God knows it. He knows also that the matters unseen are more than the matters seen. So he remains anxious to know which lies hidden until he gets knowledge about them. Hazrat Ibrahim-bin-Adham said ; I prayed one day—O God, if Thou give anything to any of Thy dear ones before his meeting with Thee, give it to me, Anxiety destroy me. Then I saw in a dream that God made me sit before Him and said : O Ibrahim, are you not ashamed that you pray for such a thing which will console your mind before meeting with Me ? Can an Aref get satisfaction before meeting with his beloved ? I said : O Lord, I am immerged in Thy love. I know not what I say. Forgive me. Teach me with what I should invoke Thee. God said : Say. O God, let me be satisfied with Thy decree, let me have patience at Thy given dangers and difficulties, let me be grateful for the

es given to me. This attachment will give you consolation
ıext world.

The third mode of attachment. This attachment has got
in this world and in the hereafter. God's knowledge is
ss but man's knowledge is limited. He continues to acquire
edge and what he could not acquire remains to be
ed. So his hope remains unsatisfied, specially of one who
ıges after stages about Him. He hopes for perfection of
g with Him. God says : Light will run in front of them and
sides. They will say : O our lord make the light perfect for
s means : Pour down upon us the treasure of light as Thou
ven us in the world. It s object is make the light perfect.
ys : They say look at us. We shall borrow from your light.
ill then be told : Return to your backs and seek you light. It
hat if the light increases in the world, it will also increase
ext world. It will not be a new light.

HADIS AND SAYINGS OF SAGES

The Prophet used to pray: O God, I pray to Thee for
tion over destiny, provision after death and abundant
e for seeing the beauty of Thy face and hope for meeting
ee.

Abu Darda said to Ka'ab : Tell me a verse from the Torah.
: God says : Hope of the righteous persons to meet Me is
ıd My hope for meeting them is still greater. There is
by its side : He who wants Me gets me. He who does not
e does not get Me. Abu Darda said : I bear witness that I
e Prophet say this.

Hazrat Daud said : God said : O Daud tell the inhabitants
orld : I love one who loves Me. I am with one who sits
e alone. I am satisfied to remember one who finds
to remember Me. I become the companion of one who
mpany with Me. I choose one who chooses Me I remain
t to one who obeys Me. I take the love of one who loves
heart and I love him so much which nobody can get. He
nts Me sincerely gets Me. He who searches other than
oes not get Me. O inhabitants of the world think over the
which you live. Come to see My skill, to keep company
and to stray with Me in solitude. Be satisfied with My
and I shall also be satisfied with your company and

hasten to love you. I have prepared the conduct of My dear ones with the conduct of My dear friend Abraham, My dear friend Moses and My chosen Muhammad. I have created the hearts of those who hope for Me with My light and increased it with My glory.

(4) **A certain ancient sage said :** God revealed to a Siddiq : There are some servants of Mine who love Me. I also love them. I am attached to those who are attached to Me. I remember those who remember Me. I look to those who look to Me. If you adopt their ways, I will love you. I will hate you if you give up their ways. He said : O Lord, what are these ways ? God said : They see the shade of the day in such a way as a kind shepherd remains anxious for the setting of the sun when grazing a herd of sheep or as a bird is anxious to return to its nest at the time of sun- set. When the night covers them, darkness spreads evil and every lover is engaged with his beloved. They stand up on their legs, fall prostrate upon their foreheads, talk with Me in solitude with My words, invoke Me for My favour. Some cry some raise voices, some prostrate down. I will give them three kinds of rewards for the troubles they take for Me. (1) I will cast My light in to their hearts. Then they will give news about Me as I give out news to them. (2) I will think light if the heavens and the earth and what is therein are weighed against them. (3) I will appear to them with the brilliance of My face.

(5) **Hazrat Daud said :** God sent Me this revelation : O Daud, how long will you remember paradise and not pray for attachment for me ? He asked : O Lord, who have got attachment for Thee ? He said : Those whom I have purified from every evil, whose hearts I have broken and opened towards Me so that they can look towards Me. I carry their hearts with My hands and keep them in heaven. Then I call My chosen angels. They unitedly prostrate before Me. I say : I have not called you to make prostration before Me. I have called you for this reason that I will present before you the hearts of those who cherish hope for Me and I feel proud for them. O Daud, I have made the hearts of those who are attached to Me with My pleasure and increased My favours with the brilliance of My face. I have chosen them as those who will speak with Me and I have made their bodies in the world as My targets, Daud said : O Lord, allow me to see myself as Thy beloved. God said : O Daud, come to the mountain of

Lebanon and see that there are 14 monks here of whom two are young, some old and some extremely aged. When you will come to them, tender them Salam on My behalf saying : Your Lord is tendering you Salam. He is asking you : Have you got any need ? You are My dear ones, My chosen people and My fiends. I get pleasure at your pleasure and your love reaches Me without delay.

Daud come out and found them near a fountain. They were then meditating over the glory of God. They looked at Daud and were about to go away from him, Daud told them : I am a messenger to you from God. I have come to you. They then came to him and looked downwards to hear him. Hazrat Daud told them : I am a messenger of God to you. He tenders you Salam and says : Have you got any need ? I will hear you what you say as you are My dear ones, chosen ones and dear friends Your love comes to Me without delay. I look to you always like a kind father. Then they began to shed tears which began o to flow down their cheeks.

Among them an old said said : O God. Thou art pure. O God, we are Thy servants and children of Thy servants. Accept from us what passes between you and us. Another said ; O God Thou art pure, we are Thy servants and children of Thy servants. What courage have we got to pray to Thee. We know that Thou hast got no necessity for our services. Thy mercy on us is that we may tread the path towards Thee. Another said : O God, we have got defects in searching Thy pleasure. Help us to remove them by Thy help. Another said : O God, Thou hast created us from a drop of semen and Thou hast given us grace to ponder over Thy glory. Will he dare to speak with Thee who is busy in proclaiming Thy glory and think over Thy grace ? We try to come near Thy light.

Another said : O God, Thou art glorious and stay near Thy friends and show kindness to Thy dear once. So give us grace to our tongues to glorify Thee. Another said : O God, Thou hast showed us path to remember Thee and to find leisure to be busy with Thee. Forgive us for our faults in the matter of gratefulness to Thee. Another said : O God, Thou knowest our needs. We need to look to Thy face. Another said : O God, how can a servant be daring against his Lord ? When you have ordered us to invoke Thee, give us such light as can guide us through the darkness of the stages of heavens. Another said : We pray to Thee to accept

our invocation and make it last long. O God, we invoke from Thee full favours for what Thou hast given us. Another said : We need nothing from Thy creation. Only give us grace to look at Thy beautiful face. Another said : I pray to Thee that my eyes become blind for looking to the inhabitants of the world and my mind remains busy with the next world. Another said : O God. I know that Thou art glorious and noble. Thou love your friends. Be kind to us that our minds may keep attached to Thee and to no other thing except Thee.

Then God revealed to Daud : Tell them : I heard your prayers and I accept your invocation. Let each one of you be separate from his companions and adopt a course for himself. In that case, I will remove the screen that lies between Me and him. He will then see My light and glory.

Daud said : O God, for what have they received this position? He said : For their good idea about Me, for their abstinence from the world and its inhabitants, for their living with Me in solitude and their secret talks with Me. He who does not give up the world and its inhabitants, does not turn his mind away from them, does not keep his mind busy with Me, does not choose One better than His creations, cannot get this position. When he loses these things, I show mercy on him give him leisure and remove the screen that lies between him and Me. At that time, when he sees with his eyes towards anything, I show him My wonderful skill every moment and take him near the brilliance of My face. If he falls ill, I treat him in such a way as a mother treats her child. If he becomes thirsty, I quench his thirst by the taste of My remembrance. O Daud, when I wish these things in his connection. I make him blind to the world and its inhabitants and steal his mind from loving them. He remains always busy with Me. He wants to come to Me soon but I don't want his death as he is the object of My sight among My creations. He does not look beside Me and I also look to him. O Daud, if I see him, his mind becomes frozen, his body lean and thin, his bodily organs become broken and his mind flies on hearing My remembrance and I feel proud for him before My angels and inhabitants of heaven. His fear and divine services then increase. O Daud, by My glory and honour, I shall certainly give him accommodation in Ferdous Paradise, give him fortune of looking at My face, so that he may be satisfied and that satisfaction is highest.

(6) **There is a story that God said to Daud :** O Daud, tell my servants who are anxious for my love : When I keep behind the screen from the creation. what's the harm of your lifting the screen between Me and you and look at Me with your mind's eyes? *What's the harm if I keep the world separate from you* and spread the religion for you? What's the harm if the people be displeased with you when you seek My pleasure?

(7) **God revealed to Daud:** You think that you love Me. If you love Me, give up your love for the world from your mind, because love for Me and love for the world can not unite in the mind of man. O Daud, love me sincerely and mix with the people of the world outwardly and observe religion for Me and not for men. Remember what is in conformity with My love and rely on Me what seems difficult to you. I have kept you before upon guidance and control. I become now your guide and proof. I give you before you ask. I help you in your dangers and difficulties. I swear by Myself that I will not give rewards except to one whom I know to he reliant on Me and whose search and will are sincere and selfless.

(8) **O Daud,** when you cannot remain satisfied without Me, I become like wise for you. I remove disgrace and solicitude from you and give satisfaction to your mind, as I have inflicted promise on Myself that whoever remains satisfied with his works. I unrest him to himself. Ascribe everything to Me, so that your deeds may not go against you and you may not be a helping hand to sins and your companions may not be deprived of your good. You will find no limit and end to the knowledge of My Marfat.

(9) **O Daud** teach the children of Israil that I have got no connection with anyone of My creations. In this condition their hopes and will towards Me should be too much. I will give therefor such reward which no eye has seen, no ear has heard and no heart of man has conceived. Place Me before your eyes and look to Me with your mind's eye and do not look with your eyes on your forehead at those whose minds and eyes remain closed for Me and on whose hearts there is seal. I have cut off rewards from them. I swear by My honour and glory. I will not open My rewards for one who enters in to My allegiance or examine Me and to get secret *information from Me. Be modest to* those whom you will teach. If My dear ones had known the

position of the sojourners of religion towards Me, there would have been such a land for them as they could have travelled on it.

(10) **O Daud, if you make your disciples clear of** heedlessness, I will enroll you near Me as a warrior. Solicitude will not come to one whom I enroll as a warrior. He will not be deprived of getting anything from men. O Daud, hold fast to My word, take something from your soul for you. Don't give something out of it, or else I will take My love from you. Don't deprive My servants from My mercy. Cut off your greed for the sake of My satisfaction. I made it lawful for My weak servants. How is it that the powerful man adopts greed? Greed curbs the pleasure of invocation to Me.

(11) **O Daud,** don't make such a learned man as intermediary between you and Me who casts screen over My love. They are robbers for those who are desirous of My love. Give up greed always by the help of fasting. Be careful of giving up fast as I know that love for Me by the help of fasting is dear to Me. O Daud, love Me by going against your baser self. I will then prevent your greed and I will look at you. You will then see that screen between you and Me has been lifted. The reason is that I shall have to give you rewards and I will help you for the reason that you may be fit for this reward. Hold fast to allegiance to Me.

(12) **God revealed to him:** O Daud had those persons desirous of My love known how I remain anxious for them how I shower My favours on them, how I wish that they should give up sins, they would have surely died being attached to Me and their glands would have been cut off on account off their love for Me. O Daud, this is My wish in connection with those who work hard for Me. How anxious am I for those who advance towards Me? O Daud, when a man becomes independent of Me, he becomes more needy of Me than his other conditions. When a man turns away from Me, I feel more sympathy for him. When he returns to Me, he seems to Me to be good.

LOVE OF GOD FOR MAN

Know, O readers, that the Quran is a proof that God loves His servants. God says: He loves them and they also love Him. God says: God loves those who fight in a row in the way of God. God says: God loves the repentant and the pure. God says: Say, why shall not God punish you for your sins? The Prophet said: When

God loves a man, sin does not touch him. He who repents for his sin, is as it were one who did not at all commit sin. Then he read this verses. 'Surely God loves those who repeats. The meaning is that when He loves him. He accepts his repentance before his death. His past sins though many do not do him any harm as past infidelity does not do any harm to one who accepts Islam. God forgives sins on account of love. He says: Say, if you love God, follow me. God will then love you and He will forgive you your sins.

The Prophet said: God gives the world to one whom He loves or does not love but He gives Iman to one whom He loves. The Prophet said: God raises him up who humbles himself for God. He humbles him who is insolent. God loves one who remembers Him much. The Prophet said that God said: When a servant advances towards Me by his additional divine service. I love him. When I love him, I become his eye with which he sees, I become his ears with which he ears'. The dear one is near God. This nearness means not the nearness of place but the nearness of attributes. The nearness of attributes means to be away from beastly or Satanic evils and to be endowed with the attributes of good conduct and character. Each man comes near God in proportion to his perfection. God loves a servant in such a way that He saves him from worldly engagements purifies his mind in such a way that he can see Him with his mind's eye. The meaning of men's love for God is his inclining towards perfection of which he was deprived before.

Question. God's love for His servant is doubtful. How can he know that he is an object of love of God?

Answer. That can be known by sign. The Prophet said: When God loves a servant. He throws him into dangers and difficulties. When he loves him with full love, He purifies him making him sincere. He was asked: What is the meaning of making him sincere? He said: God does not leave for him his family and property. So the sign of love of God for His servant is that He makes him separate from others and God comes in between him and other people and things.

Once the Prophet Jesus Christ was asked: Why do you not purchase an ass to ride upon? He said: I am more honorable than God's making me engaged to an ass. There is a tradition: When God loves a servant, He examines him by dangers and

difficulties. If, he keeps patience at them, He chooses him. If he remains satisfied, he chooses him. A certain learned man said: When you love God and see that He is giving you dangers and difficulties, know that he wishes to purify you. A certain pilgrim of religion said to his spiritual guide: Give me hints of love. He said: O dear son, has God examined you by any of your dear ones and have you loved him by forsaking Him? He said: No, He said: Don't be greedy for love as He does not give it to anybody without examining him. The Prophet said: God appoints an admonisher over His servant and a warner over his heart so that he may enjoin him and prohibit him. The Prophet said: When God wishes good to a servant. He shows his faults to him. The meaning of God's love is that He takes responsibility of his open and secrets deeds upon Himself. He admonishes him makes tadbir of his actions, makes his conduct and character beautiful, engages his bodily limbs in to action, helps him in his open and secret affairs, concentrates his thoughts and anxieties into one centre, creates in him hatred towards the world, makes him separate from others, gives him taste in his invocation in solitude and lifts His screen from him. These are the signs of God's love for him.

SIGNS OF MAN'S LOVE FOR GOD

Know, O readers, that everybody claims love for God, but love is a very difficult task. Love is a tree the foundation of which is firmly rooted and its branches extend in to the horizon and the fruits appear in mind, tongue and bodily limbs. The existence of love is found from these things as the existence of fire is found from vapour and of tree from fruits.

(1) First sign -Love meeting with God, The first sign of love for God is love for meeting with God by way of Kashf and direct sight of Paradise. It is natural to be eager to meet with a person and to see him if one loves him in mind. When a lover can know that if he does not depart from the world and be separate from it by death, he cannot reach Him he should then love death. A lover does not feel difficulty in going from his house to the house of his Beloved to meet Him. Death is the key to this meeting and opening its door. The Prophet said: God loves one who loves to meet with Him. The saint Huzaifah said at the time of his death: The Beloved has come at the time of necessity. I will not gain success by repentance. An ancient sage said: God has got no such

conduct as is dearer to Him than prostration except meeting with God. God made fighting in His way as a condition of His love. They say: He loves God. To fight in the way of God and search for martyrdom are its signs. God says: God loves those who fight standing in rows. God says: Those who fight in the way of God, kill and are killed. Hazrat Abu Bakr left some death instructions to Omar of which there is the following: Truth is heavy but inspite of its heaviness it is benefiting. Falsehood is light but inspite of its lightness it is injurious. If you preserve my instructions, the absent things will not be dearer to you than the inevitable death. If you spoil my instructions, the absent things will be more hateful to you than death, yet you will not be able to baffle it.

Ishaq, son of Sa'ad bin-Abi Waqqas said: My father said that Abdullah-bin-Jahash said to him at the time of the Battle of Uhud: Shall we not invoke God? He went to a side and said: O Lord, I swear by Thee that if I am to meet tomorrow with the enemies, Thou wilt cause me to meet a strong man. I will fight with him in Thy way and he will also fight with me. Thereafter he may catch me and cut my nose and ears and pierce my stomach. When I will meet you tomorrow on the Resurrection Day, you will ask me: O servant of God, who has cut off your nose and ears? I will say O Lord, this is my condition for Thee and Thy Prophet. Then Thou wilt say: You have spoken the truth. Sa'ad said: I saw at the end of the day that his noses and ears were tied with a thread to save hanging. Sayeed-bin-Mosayeb said: I hope that God will prove His last oath true as He has proved his first oath true.

Hazrat Sufiyan Saori and Bashr Hafi used to say: Nobody except a person having doubts hates death, as a lover under no circumstances hates meeting with his beloved. Buwaiti asked a monk: Do you love death? When he delayed in his answer we said: If you are truthful, you will love death. Then he read this verse: If you are truthful, you will hope for death. The monk said that the Prophet had said: Dont hope for death. He said: There is harm in hoping for death and therefore he said this as it is better to remain satisfied with the decree of God than to flee away from it.

Question: Can one love God who does not love death?

Answer: Death is thought an evil on account of the attachment for the world and for the pangs of separation from

family members, children, treasures and wealth. These are the impediments of the love of God as full love occupies the entire heart. If the above things are loved, love for God is reduced. When Abu Hazaifa got his sister Fatima married to his slave Salem, the Quraish began to rebuke him and said: You are a man of Quraish. How could you get your sister married to a slave? He said: By God, I have given Fatemah in marriage to him as I do not know whether I am better than Salem. The word was more severe to them than his deed. They said: How can it occur? She is you sister and Salem is your slave. He said: I heard the Prophet say: Let one who wishes to see a person who loves God with his entire heart look to Salem. It seems from this that there are persons who do not love God with all their hearts. They love God and love others also along with God.

The second cause of thinking death as an evil is that a man does not hate death in the early stage of his love but he does not like it before his preparation for meeting with God. He is like the lover who gets the news of the arrival of his beloved but wants to have an hour so that he may well arrange his house and its furnitures that he may get leisure to see him and talk with him after his arrival with pleasure.

***(2) Second sign** -to sacrifice dear things for God. The second* sign of the love of God is to give priority to that work which God loves than all the dear things and for that to be busy with the difficult tasks, to give up low desires and idleness, to be busy with divine services to search God's nearness by additional divine services to hope for more position near Him. God bestows the quality of I'sar (self sacrifice) to His lovers. God says: They love those who have migrated to them and they don't see narrowness in their minds in what they were given and place the wants of others above their own wants inspite of their wants. Low desires become the object of love of one who follows them. The lover gives up his own desires and adopts the desires of his beloved. For this reason a poet says:-

I want union with one who seeks my separation,
I give up my hopes and desires for one who wants them.

When Julaikha brought faith and married Eusuf, she kept herself separate from him and remained engaged in divine services and surrendered herself completely to God. Hazrat

Eusuf called her to his bed in day time as Julaikha remained busy at night in divine service. When Eusuf called her at night, she hinted at the day time and said: O Eusuf, I loved you before I recognized God. When I knew God, I can have no love for others except God. I don't hope for anything for this. Even Eusuf said to Julaikha: God is good. He ordered me for that and said: He will take out of your womb two sons and will make them Prophets. Julaikha said: Be careful, when God ordered you this and made me the means of it, obey God. Julaikha then got peace for going to him. He who loves God does not disobey Him. Ibnul Mobarak said: You say "I love God". But you remain busy otherwise. By my life, what you say is wonderful. Had your love been true, you would have been busy in divine service. He who is a lover obeys his beloved always.

The sage Shaal Tastari said: To give loves prominent to yourself is the Sign of love. He who works in obedience to God's command can not become the object of love of God only on that ground. He who gives up the prohibited things of God becomes also the object of the love of God. God says: God loves them as they love God. When God loves a man He becomes his care-taker and help him against His foes. Here the meaning of foes is baser self and passion. God does not put him to disgrace and does not leave him to his low desires and passions. God says: God is well-informed of your foes. God is sufficient as a friend and sufficient as a Helper.

Question. Is sin opposed to basic love?

Answer. Sin is opposed to full love, but not to basic love. How many a man there are who loves himself and therefore loves his health inspite of illness. He eats a food though he knows it to be injurious to him. From this, it can not be understood that he does not love himself, but his knowledge of harm is weak. When Nuaiman was bought before the Prophet for his fault of wine drinking, he was inflicted punishment. One day after the infliction of sentence on him, one man cursed him and said: How many times have you been bought before the Prophet? The Prophet said: Don't curse him as he loves God and His Prophet. This sin has not outside him from love. True it is that the sin ousted him from full love. A certain Aref said: When faith stays outside one's mind, God loves him in a middle manner; and when faith enters his heart and he gives up his sins. He loves him

fully. In short, there is danger in the claim of love. The saint Fazil said: If you are asked, "Do you love God?" keep silent, because if you say "I don't love God," you will become an infidel. If you say, "I love God," the attributes of those who love God are not found in you. So be careful of hatred. A certain learned man said: There is no happiness more than that of the man of love and Marfat. There will be no greater punishment in Hell than the punishment of those who claim love and Marfat, as nothing of love will be found in them.

(3) Third sign. The third sign of the love of God is the predominance of Zikr of God in mind and in tongue. He who loves a thing remembers it or the things in connection with that thing. So the sign of love for God is to love His remembrance, to love His word Quran, to love His Prophet and to love those things that are connected with Him, because he who loves a man, loves all the dogs of that locality. When love becomes strong, he loves all the things connected with his beloved. This is not setting partnership in the love of his beloved as he loves the messengers of the beloved. Similarly, he whose love for God is strong, loves the creation of God, as it is the creation of his Beloved. So how can he not love the Quran, Prophet and good people? For this reason, God says: Say, if you love God, follow me. God will love you. The Prophet said: Love God, because He supplies you provision and love me for Him. Sufyan Saori said: He who loves one whom God loves, loves God. He who honours one whom God honours, honours God.

Some religious man said: I got pleasure of invocation at the preliminary stage of my walk in the spiritual field and read the Quran day and night. Thereafter idleness overtook me and I stopped Quran reading. Then I dreamt that some one said: You think that you love me, then why have you opposed the Quran? Why have you not pondered over My subtle rebuke therein? When I awoke, love of the Quran entered my mind and I returned to my previous condition. Hazrat-Ibn-Masud said: Let some of you not ask anything except about the Quran. If he loves the Quran, loves God. It he does not love the Quran, he does not love God. Sahal Tastari said: The sign of love for God is to love the Quran and the sign of the love for God and the Quran is love for His Prophet. The sign of the love for His Prophet is to love his ways of life. The sign of the love of his ways of life is love for the

next world. The sign of the love of the next world is dislike for the world. The sign of dislike for the world is not to take anything from the world except the wealth of the next world.

(4) **Fourth sign** is divine service in solitude. The fourth sign of love for God is to love to live with the Beloved in solitude, to invoke God, to recite His Book, to pray Tahajjud, to seek the treasures of fortune at night and to be engaged in divine service after cutting off all connections. The lowest position of love is to get pleasure of staying with the beloved in solitude and to gain the fortune of conversing with Him in private He who takes more pleasure in sleep and useless talks cannot claim love of God. Hazrat Ibrahim-bin-Adham was asked after he got down from the hillcok: Wherefrom have you come? He said: From love of God. Hazrat Daud is reported to have said: God said: Don't love anybody among My creation as I shall deprive two persons from My favours (1) He who slags in making divine service if delay is made in receiving rewards for good works. (2) He who forgets My favours and immerges himself in his low desires. The sign of this is that I leave him upon himself and keep him tied in worldly affairs. If anyone loves things other than God, keeps himself away proportionately from God and falls proportionately from His love.

Barkh was a black slave of Prophet Moses God said to Moses: Barkh is a good slave. He is dear to Me, but he has got one defect. He said: O Lord, what is his fault? He said: Morning breeze gives him pleasure and he enjoys it. He who loves Me does not find consolation in anything else.

It is reported that a certain worshiper did divine service for long in a forest. Some birds used to sing in a tree not far from him. Their songs gave him a great delight He said: Had my closet been near that tree. I would found pleasure in hearing their songs. He did accordingly. God revealed to the Prophet of that time: Tell that worshiper: You have attached yourself to created things, I will curb your position. You will not get it by your divine service.

There was some disease in the leg of a lover of God. When he was in prayer, a surgeon came and operated his leg. He did not get any pain whatsoever by that action of the physician. Katadah once recited this verse '-They have faith and their hearts find consolation in the remembrance of God." Behold, hearts get

consolation in the rememberance of God". He said that the meaning of 'consolation' is pleasure and satisfaction. Hazrat Abu Bakr said: The pleasure which a man gets in the love of God keeps him away from searching the world and keeps him away from other men. Motarref-bin-Abu Bakr said: The lover is not tired of conversing with his Beloved. God revealed to Daud: He who claims My love after sleeping the whole night is a liar. Does not a lover like to meet with his beloved and remains with him always? I am with one who searches Me.

Moses said: O Lord, where are Thou? I wish to go to Thee. God said: When you have wished to come to Me you have reached Me. Ihya-bin-Maaz said: He who has not got three qualities cannot be a lover of God-(1) he will love God's words more than those of the people, (2) he will love to meet with God more than meeting with the people (3) and he will love divine service more than service of the people.

(5) Fifth sign. It is to feel sorry if one is unable to remember God always He becomes very sorry for any moment that slips from him without remembrance of God. He returns with more repentance at the time of heedlessness. An Aref said: There are such religious persons of God who love God and find consolation in His remembrance. They think that what is destined for them must come and therefore pleasure and sorrow go away from them for anything happy or unpleasant. The remain always satisfied, remembering the verse of God: Perchance you dislike a thing which is good for you- 2:216.

(6) Sixth sign -To feel happy in divine service and not to feel difficulty Difficulty and tiredness remove from him. A certain sage said: I made efforts for 20 years at night and then reaped fruits. Hazrat Junaid said: Constant pleasure is the sign of love and the mind then does not become tired in divine service though the body gets tired. A sage said: One does not get tired if one works out of love. A learned man said: 'A lover of God is never tired of doing divine service even though sufficient excuses come to him'. Nothing is difficult for a lover for incuring the pleasure of his beloved. He finds pleasure of mind to incur his pleasure even though his body finds trouble. If a man can sacrifice even his life and properties out of love for his friend, how greater sacrifice is needed for the love of God?

(7) Seventh sign -To love all people obedient to God. The seventh sign of love for God is to be kind to those who obey God, to be severe to the enemies of God and to those who are accustomed to do evils. God says: 'They are severe to the infidels sympathetic, among themselves.' He can not be caught by the defamation of a defamer and can not be restrained from his anger for the cause of God. For these qualities, God praised His friends saying: Those who suffer as a result of loving Me just as a boy suffers loving his friend, take recourse to My Zikr as a vulture takes refuge to its nest. They express anger at my prohibit matters as a leopard does not care to take revenge when it gets angry.

These are the signs of love. When these signs gain perfection in a man, his love also becomes perfect and selfless. He whose love is mixed with others along with his love for God, will get happiness in the next world in proportion to his love. God says with regard to the righteous persons: The religious men will live in happiness. Then he says: They will be given drink from the closed up cups etc. -83:25.

(8) Eight sign -To remain fearful and panicky. Some think that fear is opposed to love, but really it is not true. Rather fear is necessary to realise nobility as love is necessary to realise beauty. The speciality of the lovers is to have fear in place of love. First there is the fear of rejection still more there is the fear of falling of thick screen, still more there is the fear of going at a distance. This appears from the Chapter Hud which made the hairs of the greatest lover white, as he heard this word of God: Beware, Samud was off. The Prophet said: He to whom both days are equal are deceived. He whose to-day is worse than yesterday is cursed. The Prophet also said: I seek forgiveness seventy times for the thoughts that daily come to my mind. He sought forgiveness for the first stage for its defects before going for the second stage. He did this for defects in his spiritual journey and for punishment for looking towards others than his Beloved. There is in Hadis Qudsi that God says: When a man loves the people of the world more than divine service I rob him of the pleasure of invocation. This is My lowest action. In short, the punishment of the religiousmen is in robbing of additional rank on account of their greed. Additional rank is closed for this for the special religious men So care should be taken of this secret thing. Only the firmly rooted religious men can take care of it.

What is found after loss has also got the fear of being lost. Ibrahim-bin-Adham once heard some poems of a poet in course of his journey, At this, he trembled and fell senseless and remained in this condition for one day and one night. After recovery he said: I heard a man saying from the side of the hillock: O Ibrahim be My servant. When I became His servant, I regained my senses.

Fear grows from unmindfulness in the matter of the beloved, as a lover always is in the path of search and love. He never gets tired of hard search. As love enters in him unknowingly so indifference enters in him unknowingly the cause of this change is secret and unknown. Its enquiry is outside human power. When God intends evil of someone and gives him time for evil works. He keeps his indifference secret from him. He remains in hope. He is deceived owing to his indifference and heedlessness and becomes one of the devil's company. When love comes, some qualities grow in him like kindness, wisdom, glory, power and honour. A certain Aref said: He does divine service with love and without fear gets ruined. Distance and solicitude go away from him who does divine service in fear without love. God loves one who does divine service with fear and love and gives him the rank of nearness, traquility and knowledge. So a lover is not free from fear.

It is reported that a pious man prayed to God that he might be given something of Marfat of a certain Siddiq God granted his prayer. As a result he began to travel in hillocks and mountains, his wisdom got tired, his mind became restless and remained in one stage for seven days without getting any benefit. The Siddiq prayed to God for him: O Lord, reduce something of his Marfat. God revealed to him: I gave him only one portion out of one lac portions of Marfat. When you prayed for him, one lac people prayed for something of love. I made delay to accept their invocation till you prayed for him. I accepted for what you have prayed for him. I divided one drop of Marfat for one lac people. He got one portion out of one lac. He said: Thou art pure, O Lord of the worlds, reduce for him what Thou hast given him. God reduced it and it became one portion out of one thousand portions and generally it was one portion out of one lac thousand portions. Then his fear, love and hope stood in equilibrium and he became quiet.

A poet said describing the condition of a gnostic:
Absorbed in God pure and having distant goal;
Possessing intellect and character, distant from others.
His look full of bright radiance except that of a martyr.
His heart full of delight and pleasure for constant service.

(9) Ninth sign -To keep love secret. It is one of the signs of love to keep love secret, to give up claim of love and to take care to disclose ecstasy and love, to show honour and proclaim glory of God in fear. Love is a secret affair of a lover out of His secret affairs. The reason is that if one claims love, some words may come out from his mouth which go out of their meaning and then it is reduced to defamation. There is evil result for it in the next world and dangers and difficulties fall on him in this world. It is true that as a a result of love, there grows some toxication in the lover to such and extent that he becomes insame and his condition changed. If it comes without effort, there is some excuse. Sometimes the fire of love burns in such a way that his love goes beyond his control and the current of love flows in his heart which cannot he checked. He who can control it says in poems:-

They say "He is near", I say: "what benefit will it do?"
Can anybody get the sun if its rays come close?
What use will it be if He is not remembered with heart sincere.
Fire of love if rises in breast makes the eye sight dim.
He wants to keep love concealed, yet it is expressed in tears.

There appear other signs also as a result of ecstacy. His mind dances with joy and it is impossible to keep it concealed. Once Jun-nun Misri went to one of his friends who used to mention often about love. He saw him in a certain disaster and said: He who feels the pangs of disaster does not love Him. He said: Rather I say that he who does not gather his fortune from his disaster does not love Him. Jun-nun said: I say that he who discloses his love does not love Him. The man said: Then I sought forgiveness of God and turned to Him.

Question. Love is the last of the spiritual stages. To disclose it is to disclose good. What is the harm in disclosing it?

Answer. Know, O readers, that love is good and to disclose it is also good. It becomes bad to disclose it when there is claim of

love and consequent pride in it. It is the duty of the lover to keep his love secret and not disclose it in deeds and words. The object of a lover is only to enquire about his Beloved. There is in Injil: When you make a gift, make it in such a way that your left hand does not know what your right hand does In lieu thereof, He who sees the matter will give you openly. When you fast, wash your face, oil your head, so that nobody knows it except your Lord. But when there is overflow of love and it goes beyond one's control, he is not to be blamed for disclosing it.

It is reported that once a man looked at such a thing of a mad man which was unknown to him. when Maruf Karkhi was informed of it, he smiled and said: O dear brother, there are many classes of the lovers of God-small, great, wise and mad. But out of them, you have seen a mad lover of God who thinks it bad to disclose his love. The reason is that when a lover is Aref or gnostic and remains always in love, he knows the condition of angels. Angels glorify God day and night and do not get tired. They do not disobey what they are ordered and put into practice what they are ordered. So he who discloses his love for God should be ashamed of. He should know that in this universe of God. he is the lowest among the lovers of God. A lover with deep insight said: I have tried my utmost with my heart and bodily organs for the last 30 years to do divine service. From that, I feel that I have acquired some position to God. I have reached some chosen angels of God and asked: Who are you? They said: We are lovers of God. We are doing divine service sitting here for three lac years. During this time, no other thought crossed our minds except Him and we remembered nobody except Him. He said: Then I became ashamed of the littleness of my deeds. Hazrat Junaid said: My spiritual guide Sarri Sakti once fell ill. No medicine of the disease fell in my mind as I found no cause of this disease. One expert physician was mentioned to us and one pot of his urine was given to him for examination. The physician looked to his urine very minutely for long and then said to me: I am looking at the urine of a lover. Junaid said: Hearing it I fell into swoon and the physician also fell into swoon along with me. The pot of urine fell down from my hand. Sarri was informed of this and he smiled and said: Let him be sacrificed to God. Junaid said: What a subtle sight he has got. O guide, love is disclosed in urine. Sarri said: Yes. Rather I shall say, His love becomes joined to my bones and His love overflows my body. Then he also fell in swoon.

(10) Tenth sign. Satisfaction and contentment are the signs of love. In one word, all the qualities of religion and good conduct are the results of love. What is not the fruit of love follows low desires That is bad conduct. Junaid said: Men are divided into two kinds in the matter of love of God, general people and special people. General people can not but love God if they get constant benefits and excess wealth. Special persons love God seeing His power, knowledge, skill and sovereignty. They love Him even though everything goes away from them. Hazrat Sahal Tastari said to a person at the time of conversation with him: O friend, O dear one. He was asked: How can you say this? He may not be your friend. He said to the questioner in silence: Either he is a believer or a hypocrite. If he is a believer, he is dear to God. If he is a hypocrite. He is the friend, of the devil. Abu Torab said about love: Don't be deceived, a lover has got many signs. Those who roam round Him tread also different paths.

(1) One sign: He takes bitterness of troubles as a gift. He gets delight whatever his Beloved does for him. He considers it a gift even though he gets it not. He does good deeds and considers wants as honour.

(2) Another sign: He is firm in fulfillment of promise. He is obedient even though his Beloved rebukes him.

(3) Another sign: You will see him satisfied, busy in love.

(4) Another sign: He tries to satisfy a beggar.

(5) Another sign: His Kashf opens and he takes its care. Hazrat Ihay-b-Ma'az said:

(6) Another sign: He is under-fed, underclothed, roaming.

(7) Another sign: He is beset with troubles and has got no defamer.

(8) Another sign: He advances always towards Jihad and good deeds.

(9) Another sign: He renouces the world in the midst of pleasure.

(10) Another sign: He is busy always is weeping for sins.

(11) Another sign: He is busy and surrenders all his affairs to the great God.

(12) Another sign: He is satisfied with what little he has got.

(13) Another sign: He smiles before the people but his mind is thoughtful.

SATISFACTION IN THE COMPANY OF GOD: Satisfaction, fear and attachment are the results of love but they are of different kinds. Attachment or hope comes when a thing is unseen. Satisfaction comes when a thing lies in presence. When satisfaction is strong, one likes to remain alone and solitude. When Hazrat Ibrahim-bin-Adham came down from a hillock, he was asked: Wherefrom have you come? He said: From attachment of God: It is related that when God conversed with Moses, he was in such a condition for several days that if he heard the talk of men, he fell senseless, because of his love for God. One does not then even like to hear others. For this reason, a certain sage used to say in invocation: O One who separated me from the people and Who created in me attachment for Him by His remembrance.

God said to Daud: Be attached to Me, be satisfied in getting Me and be separate from others. The saint Rabia was asked: For what deed, have you attained this position? He said: For giving up what is not necessary for me and for being attached to One who is the Beginning and the End. Abdul Wahed said: While passing by a man who renunciated the world, I asked him: O one who has renounced the world, I wonder at your solitary habitation. He said: O brother, if you have found pleasure in solitary habitation, you would have kept yourself separate from passion. Solitary habitation is the basis of divine service. I said: O one who has renounced the world, what is the least benefit you have got in solitary habitation? He said: Freedom from flattery of people and security from their evils. I asked: O one who has renounced the world, in what time people get the pleasure of attachment for God? He said: When love is pure and deeds sincere. I asked: When is love pure? He said: When thoughts are centered in God. A certain sage said: How are the people engaged in things other than You? How can they be attached to others giving You up?

Question. What is the sign that a man is satisfied with God?

Answer. His special signs are that his mind becomes narrow in mixing with the people, gets disgusted in mixing with them

and becomes joyful at the pleasure of Zikr. He lives in society as if alone and lives in solitude as if in society. He is like a sojourner in his house and like a permanent resident in journey, a man present in obscurity and a man absent in presence, but he is separate in mind and remains immerged in Zikr. Hazrat Ali explained about them saying: They are a people who have been given more knowledge of everything and are given the good news of the light of certain faith. They think easy what the rich think difficult. They make friends with those from whom the fools keep aloof. They live in the world with their bodies but their souls keep hanging with the highest Throne. They are the real representatives of God on earth and inviters to His religion.

FRUITS OF SATISFACTION IS EXPANSION OF BREAST: When satisfaction becomes lasting, strong and firm, breast expands. The children of Israil suffered for seven years owing to famine. Then Moses came out to pray for rain with seventy thousand people. God revealed to him: Let Barkh Asad pray for the people. Their sins are gathered over them, their hearts are impure, they pray to Me without certain faith and they are secure from My punishment. God to him and tell him to come out. Hazrat Moses enquired of him but failed to find him out. One day Moses was walking on the road when he found a black slave coming towards him. There was spots of earth on his forehead as a result of prostration. There was a sheet of cloth tied round his neck. Moses recognised him with the help of God's light, saluted him and asked: What is your name? He said: My mane is Barkh. Moses said: We are searching you for a long time. Pray for rain.

He said: "O God, is this Thy work? Is this Thy patience? Why is it disclosed to you that fountains have gone down, air refused to obey Thee or what is near Thee has ended and Thy wealth has become narrow for the sinners? Were you not forgiving before Thou created these sinners? Thou hast created kindness and enjoined us kindness. Dost Thou not see that Thou art not giving our required food? Dost Thou give us punishment for this that nobody advances towards Thee?" Hardly had he said this when rain began to fall and the people present began to be drenched. By God's command, vegetables, plants and grass grew that very noon to knee's height: Then Barkh returned. Moses came to them and said: How have you seen him when arguing with my Lord? God revealed to him: Barkh excites My laughter thrice daily.

Hazrat Hasan Basri said: Once several houses at Basara were burnt by fire, but one of the houses was not burnt. Hazrat Abu Musa was then Governor of Basra. When he was informed of this of this affair, he called for the owner of the house and said: O Shaikh, why has not your house been burnt? The owner of the house said: I took oath from my Lord that He would not burnt it. Then Hazrat Abu Musa said: I heard the Prophet say: There will appear one section of my people whose hairs will remain dishevelled and whose cloths unclean. When they give oath to God, He will prove it to be true. In another narration, it is reported that once the city of Basra caught fire. Abu Obaidah came there and began to walk upon fire. The Governor of Basra said to him: Be careful that you may not be burnt by fire. He said: I gave oath to my Lord that He would not burn me by fire. Then when he was walking upon fire, it extinguished.

Abu Hafs was one day walking when a mad man came to him and he said: What has happened to you? He said: My ass in missing and I have got nothing except it. Abu Hafs said: O God, by Thy glory, I will not further advance till you return the ass to him. Then the ass came and Abu Hafs went away.

Thus there are many anecdotes from which attachment for God is understood. Others have got no power to follow them. Hazrat Junaid said: The satisfied men utter such talks at times which smack of infidelity before the people. He said once: If they hear it, they will call him an infidel. But they find progress therein. Some poet said:

A party of servants are engaged with their Master in joy,
They disclose His glory as is due to His glory.

There are warnings in the Quran to this effect. All the stories in the Quran are warnings to the people having deep insight. They take them as lessons, but others take them as more stories. There is first the story of Adam and the devil. Both showed disobedience to God, but the devil was driven away from His favour and Adam was forgiven of his sins, and He guided him. God rebuked our Prophet because of his turning away from a poor man and advancing towards some rich men saying: You turn away your face from a man who has come to you running and who is God- fearing and you turn your face to him who is

rich-80:9. Thus expansion of breast is found in some men and absent in some men.

Moses prayed at the time of his expansion of breast: This is nothing but your trial. You misguide one whom You wish and guide one whom You wish. When Moses was ordered to go to Pharaoh, he said: I am guilty to them. I fear that they might kill me. Had it been said by others except Moses, it would have been considered as impertenance. Below this stage there was the Prophet Eunus who could not have patience and therefore he was thrown into the stomach of a fish. Our Prophet was ordered not to obey him by this verse-*Wait for the order of your Lord and* don't become like the owner of fish when he cried and he was angry -68:49. This difference occurs owing to the difference of conditions and spiritual stages., Jesus Christ was one of the topmost Prophets. He saluted himself thus: Salam upon me on the day I was born, on the day I shall die and on the day I shall be resurrected 19:33. He found it in the spiritual stage of satisfaction . Hazrat Ihya was upon the stage of fear and shame. He did not speak till God spoke with him. God says: Salam upon him-19:15. Joseph bore all the hardships put upon him by his brothers. Hazrat Uzair being unable to bear asked God of a question about Taqdir. His name was cut off from the register of Prophets as a consequence.

Balaram Baur was a great learned man. He used to enjoy the world in exchange of religion. Asaf was a man who was spend-thrift. His sins were confined within his bodily organs. God forgave him. God revealed to Hazrat Solaiman: How long will your maternal cousin Asaf disobey Me? I am having patience about him. By My glory, if any punishment comes to him,,I will inflict such punishment on his companions as will be examplary for his successors. Solaiman communicated this to Asaf. He got upon a sand-hill raising up his hands towards heaven and said; O God, my Lord, you are you and I am I. If you do not accept my repentance, how can I make repentance to you? If you do not protect me, how can I save myself? I surely return to you. God then revealed to him: O Asaf, you have spoken the truth: You are you and I am I. If you like it, I will accept your repentance. The words of God had such a tremendous influence on Asaf that he at once repented and engaged himself in divine worship.

So God makes delay for some persons and makes haste with respect to some. This occurs according to the fate written before. In the Quran, there are descriptions of three kinds -(1) His existence and purity, (2) His attributes and names (3) and His wonderful creations and His treatment towards the people. These three descriptions are found in chapter Ikhlas. Hence the Prophet termed this chapter as being one third of the Quran. Hazrat Ibn Masud said: Take light from the Quran search for its undiscovered things and gain knowledge of the predecessors and successors therein. What he said is true. Every subject of the Quran if not thought long can not be known. Almost all the secret things of the Quran are covered in stories and news.

MEANING OF CONTENTMENT WITH THE DECREE OF GOD

Know, O readers, that to remain content with the Decree of God is the result of love. This is the highest spiritual stage of near ones. Its real nature is secret to many people except to one who God gives knowledge of religion.

MERITS OF CONTENTMENT: God says: He is satisfied with them and they are also satisfied with Him. God says: What is the reward of good except good? The last limit of this reward is God's pleasure over a servant. This is the reward of a man's satisfaction with God. God says: The garden of Adnan is a good abode in paradise, but God's pleasure is greatest. God says: 'Prayer removed evils and shameful acts, but remembrance of God is greatest.' So pleasure of God is the highest reward, higher than paradise and its comforts. There is in the tradition that God will approach His servants and say: Pray to Me. They will pray: We seek Thy pleasure. After Didar or vision, their prayer will be for His pleasure, This is their last favour. God says: There is near Me more fortune. In explaining this, some commentators say: The inmates of paradise will have three rewards from God at the time of additional favour. (1) The first reward is that such presents will come to them from God as have got no parallel in paradise. God says: No man knows what delights pleasing to the eyes are hidden for them -32:17. (2) The second reward is that there will come peace to them from their Lord. That would be greater than present. God says: Salam (peace), a word from their kind Lord. (3) The third reward is that God will say: I am pleased with you. That will be better than presents and peace. God says:

God's pleasure is highest. So God's pleasure will be the highest of all favour.

Hadis:- The Prophet once asked his companions: What is your condition? They said: We are believers? He asked them: What are the signs of your belief? They said: We keep patience, express gratefulness in happiness and remains satisfied with the decree of God. He said: By the Lord of Kaba, you are believers. I another tradition, he said: The wise and the learned by virtue of their knowledge will be near the Prophets. In another Hadis: Thanks to one who has found guidance, who has get necessary provision and remains satisfied with that . The Prophet said: When God loves a man, He sends disasters upon him. If he remains patient at that, He chooses him. If he remains satisfied. He loves him. The Prophet said: When there will come the Day of Resurrection. He will give wings to a group of my followers. They will fly towards paradise by the help of their wings. They will travel there and enjoy to their hearts, content. The angels will ask them: Have you seen your accounts? They will say: We have not seen them. The angels will ask them: Have you crossed the Bridge? They will say: We have not seen it. The angels will ask: Have you seen Hell? They will say: We have seen nothing of Hell. The angels will ask them: Whose people are you? They will say: We are the followers of Muhammad. The angels will ask them: We give you this oath, tell us with truth: What were your actions in the world. They will say: /We have reached this rank for two of our actions. They will ask: What are these two? They will say: When we stayed in solitude, we were ashamed to disobey God and we were satisfied with little of what He gave us. The angels will say: You are truly fit for this. The Prophet said: O assembly of the poor give satisfaction to God from the core of your hearts You will in that case gain upperhand by the rewards of your poverty or else you will not get it.

(7) It is reported that the children of Israil said to Moses: Pray for us to your Lord for such a matter which if we do will incur the pleasure of God. Moses prayed: O God, you have heard what they said. God said: O Moses, tell them to remain satisfied with Me. I will then remain satisfied with them. (8) It is also found from the following Hadis: He who wishes to know what is in store for him for God should look to what is for God from him, as the Almighty and Glorious God sends down on the people

such rank which the people give to Him from them. (9) It is reported of David: God says: What is the necessity of My friend to think of the world? The pleasure of their invocation to Me will destroy their anxiety from their minds. O David, My friends think of Me spiritually being engrossed in love for Me and they do not feel any anxiety. (10) It is reported that Moses prayed to God: O Lord, guide me to such an action in which lies your pleasure and that I may do it. God then revealed to him: If you can not have patience at what you think bad, still I have got pleasure in what you dislike. Moses said: O Lord, guide me to that action. God said: I will remain satisfied if you remain satisfied with My decree. (11) Moses once prayed in an invocation: O Lord, who is the dearest person to you? God said: That man who remains attached to Me even though I take from him his dearest thing. Moses asked: Who is the person most disliked by you? God said: He who invokes good from me and becomes displeased with Me when I give him a decree. (12) There is a more severe thing than this. That is this. God says: I am God, there is no deity but I, He who does not keep patience at the dangers and difficulties sent by Me on him, who does not express gratefulness for My favour on him, who does not remain satisfied with My decree on him should take another deity besides Me. There is also more strict word of God than what has been described above. That is this, The Prophet said: God says: I pre-determined Taqdir and also Tadbir. I have also fixed the laws of My action. I remain satisfied with his lot till he meets Me. Who so is dissatisfied with his lot, I also become dissatisfied with him till he meets Me. (13) There is a well known tradition. God says: I have created good and bad. Is fortunate for whom I have created good and whose hands I have made means for its stay. He is unfortunate for whom I created bad and whose hands I have made means for its stay. Alas for him and also alas for him who asks 'Why' 'For what'. (14) There is an ancient story that a Prophet was affected with hunger, poverty and lices for twenty years and then complained to God. He did not accept his prayer till God wished. Then God revealed to him: How long will you complain like this? Your beginning was written in the "Mother of the Book" before the creation of heavens and earth. Your condition has come to you from Me accordingly. Your fate was written like this by Me before the creation of the world. Do you wish that I should create the earth a new for you? Do you wish that I should alter your fate? Do you wish that I should place your

wish above Mine? Do you wish that what you wish must come to pass and what I wish should not come to pass? By My honour and glory, if such thoughts arise in your mind, I will surely cut off your name from the register of the Prophets.

(15) It is reported that some children of Adam were ascending on and descending from his body. One boy ascended upon his head and was hanging his leg on his shoulder and was then descending like on a staircase. He remained silent looking towards the earth and did not raise up his head. One of his sons told him? O father, don't you see what this boy is doing with you: Why don't you prohibit him from that? Adam said: O my darlings I am seeing what you are not seeing. I know what you do not know. Once only I moved and for that I was caused to descend to a place of sorrows from the place of happiness and to a place of disgrace from the place of honour, I fear to move further and for that such disaster may come upon me as I can't conceive.

(16) **Hazrat Anas said:** I served the Prophet for ten years. He did not say to me during this time for what I did: Why did you do this? Why did you not do this? If anybody kept him engaged in arguing with him in that matter, he used to say: Had it been decreed by God otherwise. It would have been so. If anything occurred he used not to say: Had it not occurred? If anything had not occurred he used not to say: How it occurred. If anybody of his family members quarrelled with me, he said: Leave him. What has been decreed has come to pass. (17) God revealed to David: O David, you wish and I also wish. What I wish come to pass. If you remain satisfied with what I wish, I will give you what you wish. If you becomes dissatisfied with what I wish I will be dissatisfied with what you wish. Thereafter it will not be otherwise than what I wish.

Sayings of sages. Hazrat Anas said: Those who will be called first on the Resurrection Day will be those persons who praised God under all circumstances. (2) Caliph Omar-bin-Abdul Aziz said: Nothing can please me except what has been written in Taqdir. He was asked: What do you want to get? The Caliph said: I want what God ordered. (3) Maimun-bin-Mehran said: There is no medicine for foolishness of a man who is not satisfied with the decree of God. (4) The saint Fazil said: If you cannot have patience with the decree of God, you cannot have patience with

your own fate. (5) Abdul Aziz said: There is no rank in eating vinegar and bread of barely and putting on Sufi dress and dress made of fur, but there is rank in the pleasure of God. (6) Abdullah-bin-Masud said: I like to put burning fire in my stomach than to say "It would have been better if God had not done it or if God had done it. (7) One man saw a wound in the foot of Muhammad-bin-Wais and said: I pity on you on account of this wound. He said: Since I was attacked with this wound, I here been expressing gratefulness as it did not attack my eye.

(8) There is a story of Bani-Israil that a pious man did divine service for a pretty long time. One night he dreamt that some one was telling him: Such a woman will be your companion in paradise. He inquired about her conduct and character and stayed with her as her guest for three days to see her divine service. The pious man prayed for the whole night, but the woman slept it. He fasted the day but the woman did not fast. The pious man asked her : Have you got any other good deeds besides what I have seen ? The woman said : By God, I have got no other good deeds than what you have seen. Being pressed again the woman said : I have got one nature. I don't wish to return to solvency if once I fall in poverty. I don't want to come round if once I fall ill. I don't want to enjoy shade if I remain in sun. The pious man than placed the hand of the woman upon his head and said : Is this your nature ? By God, how good is this nature. This is rarely seen in divine service.

(9) **An ancient sage said** : When God passes order in heaven in connection with any matter, He loves that the inhabitants of the earth might remain satisfied with His decree. (10) Abu Darda'a said : to keep patience at the decree of God or to be satisfied with Taqdir is highest faith. (II) Hazrat Omar said : I don't care in what condition. I rise at morn or enter evening. Whether I remain in happiness or in difficulty. (12) Hazrat Sufyan Saori once prayed in presence of the saint Rabia : O God, be satisfied with us. Rabia said : Do you not feel ashamed to pray for God's pleasure ? He said : I seek forgiveness from God. (13) Jafar bin- Solaiman asked Rabia : When does a servant becomes pleased with God? She said: He becomes pleased with God in sorrow as he becomes pleased with Him in happiness. (14) Fazil said : When a man remains the same in case he receives gift or in case he does not receive it, he becomes pleased with God. (15)

Abu Solaiman Darani said : The glorious God remains satisfied with His servant as a slave remains satisfied with his master, I asked : How does it come to pass ? He said : Has not a slave this look that his master should remain satisfied with him ? I said : Yes. He said : Be satisfied with God. (16) Sahal Tastari said : A man gets fortune on account of his sure faith as he gets it on account of his contentment. He gets such happiness on account of his contentment as he gets on account of his living with God. (17) The Prophet said : God has surely given life and happiness in contentment and sure faith by virtue of His glory and goodness, and sorrows and anxieties in doubt and displeasure.

WHAT IS CONTENTMENT ?

Know, O readers, that when love for God is established and one gets himself immerged in His love, it becomes then clear that it is love which brings contentment in the deeds of the Beloved. There are two causes for this.

(I) **First cause**. It removes physical pain and sensation of pain. When severe strike befalls on a lover, it cannot cause his pain. He is then like a hero in a battle field. A hero does not feel pain in a battlefield at the time of fear and wrath till he knows it after seeing the oozing out of his blood. One does not get pain in leg being pierced by thorn in the course of running in hope of getting a covetable thing as his mind then remains immerged in that thing. When mind is fully engaged in one thing, it cannot grasp another thing at the same time. Similarly a man remains immerged in love with his beloved and cannot feel his bodily pain. It is reported that once the wife of Fathe Mussalli got his front nails crushed owing to a slip, but she burst into laughter. She was asked : Don't you feel pain ? The woman said : The taste of rewards has removed from me the severity of pain. Sahal Tastari once fell ill. He used to treat others for this disease, but he did not treat himself. When he asked the reason for this, he said : O friend, there is no pain in the strike of the lover.

(2) **Second cause**. to bear with satisfaction the punishment inflicted by the beloved. A lover remains satisfied even if he feels pain rather he remains anxious for Him. He who takes troubles for the sake of profit bears the hardships of journey, his hope for gaining profit is better than hardships of journey. Whenever any disaster from God comes to him and if he has got sure faith that

the rewards of the disaster will be much more than the loss suffered owing to the disaster, he remains satisfied, rather he express gratefulness for it to God. Poets looked to the external beauty which can be seen by external eye which commits mistakes many times. It sees small things big and big things small, near things distant and distant things near, beautiful things ugly and ugly thing beautiful. When love is great for external beauty, then how great and strong should be love for God whose beauty has got no limit and who is not subject to mistake or death.

The saint Shaqiq Balakhi said : He who sees the rewards of sorrows and difficulties, does not wish to get out of them. Junaid said : I asked Sarri Sakti : Does a lover feel the pangs of dangers ? He said : He does not feel. I asked : If he wounded by a sword ? He said : He will not feel pangs even if he is wounded several times one after another. A lover said : Every thing has been made dear to me on account of my love for God. Even if He loves Hell, I will love to enter Hell. Bashar bin Hares said : I was passing by a man, who was inflicted one thousand whips in the eastern suburb of Bagdad, He did not utter even word. Then he was carried to prison. I followed him. I asked him : Why have you been whipped ? He said : I am a lover, I asked him : Why have you remained silent ? He said : My beloved came to me and was seeing it. I said : What will you do if you have looked to the supreme Beloved ? Hardly had he heard this , he raised a loud shriek and breathed his last.

Ihya-bin-Mu'az said: When the inmates of Paradise will look to God, their eyes will enter their hearts owing to the taste of His sight and their sight will not return to them for 800 years.

Basher Hafi said: At the beginning of my religious life, I wished to go to Abadan and on the way I found one blind mad man lying on the ground. Numerous ants were eating his flesh. I raised up his head and took it in my lap and was about to talk with him. He recovered his senses and said: Who is this man? Such unlawful entry between me and my Lord? Had He cut me to pieces, it would have added to my love. Abu Amer and Muhammad -bin-Ash'as said: The Egyptians stayed without food for four months only looking at the beauty of Joseph. Whenever they were hungry, they used to look to the beautiful appearance of Joseph and it made them forget their hunger: In

the Quran, there is a still more fascinating story. That is this: When the women saw the unparallel beauty of Joseph, they cut off their hands. Sayeed-bin-Ihya said: In Basra, one young man with a knife in his hand was saying with his topmost voice in the restaurant of Ata-bin-Muslim and the people stood surrounding him.

Resurrection day of separation is for off,
Death is sweeter than pangs of separation.
People say: You must go, I say; I shall not go,
But my life-blood shall have to go soon.

Then he cut off his stomach with his knife and breathed his last. I was told when I asked about his condition that this man was a lover for a slave of the king. One day he was absent from him and for this, he committed suicide.

It is reported that Hazrat Eunus asked Gabriel: Give me information of one who is the most religious and pious man? Gabriel gave him information of a man. Small pox separated his hand and feet and destroyed his eyes and ears. He heard him say: O God, so long as you wished that these bodily limbs would do me benefit, you have kept them and when you wished, you have robbed them. O Pure, you have kept my hope in you. Abdullah-bin- Amer said: Once his son fell ill. He was extremely grieved at this and some one said: We fear for the old man as he may be inflicted with a danger for this young man. When his son died, Abdullah came out for his funeral prayer but he appeared more cheerful than others. When asked about the reason of this, Abdullah said: My sorrow was a blessing for him. When the order of God came, I was pleased with it.

Masruq said: One man lived in a vast field. He had a dog, an ass and a cock. The cock awakened him for prayer, the ass carried for him water and other necessary things and the dog watched him. A jackal came and took away the cock and the people fell aggrieved for him. The man was religious. He said: Perhaps it is for my good. Then a tiger came and killed an ass. The people fell sorry for him. The man said: Perhaps it is for my good. Then a certain disaster attacked the dog and he said: Perhaps there is good for me in this. The people rose from their sleep in the morning and saw that a gang of Dacoits were robbing of their entire properties and were making them prisoners. The religious

man said: They have suffered this disaster as they had asses, cocks and dogs, because hearing their voices, the dacoits got the clue and took them prisoners. He has been saved as he had no such things at that time. Then the owner of the house explained to his family members that only God knows what action will be good for the world and He does good to men in every action. So they should remain content with His decree in every circumstance.

It is reported that Jesus Christ while travelling came to a blind man afflicted with leprosy. Both sides of his body were paralysed and his flesh was melting owing to an attack of small pox. He was saying: All praise is due to God who saved me from many diseases which He gave to other men. Jesus Christ said to him: O man, what are the diseases from which God saved you? He said: O Spirit of God, I am better than the person in whose mind God did not give Marfat like me. The Prophet caught his hand and said: You have spoken the truth. Then the Prophet passed his hand over his body and instantly he was cured of all diseases and he made divine service with him for the rest of his life.

Hazrat Urwah-bin-Zubair's leg was once separated from its joint and he said: All praise is due to God who took from me one limb. By your glory, You have taken it and You have left the other, You have given me disaster and you have forgiven me. He was reciting this invocation that night. Ibn Masud said: Poverty and solvency are two riding animals. I don't care on which I ride. If I ride on poverty. I keep patience. If I ride on solvency, I spend. Abu Solaiman Darani said: I earned rank except contentment in every stage. I got only breath from the stage of contentment. From that stage. I can say that; if God admits all the people in paradise and throws me into Hell, I will remain satisfied. One Aref was asked: Have you reached the limit of contentment from Him? He said: I have not reached the last stage of contentment, but I reached its one stage. Had I been made bridge over Hell and the inmates of paradise crossed over it to paradise, I would have liked His decree and been satisfied over His distribution to the effect that Hell should be filled up by me in lieu of other people in order to prove my oath true. This is the saying of such a man who knows that love removed his anxieties and caused even to forget the pangs of Hell.

Hazrat Rozbari said: I once asked Abu Abdullah of Damascus for the explanation of these words of a man who was

saying this: It would have been better if his body is cut to pieces by scissors. Had all the people obeyed Him, how good it would have been. He said: O gentleman. if it is said by way of honour and glory. I don't know its meaning . If it is said by way of advice to the people, I know it. Thereafter he fell down senseless.

Imran-bin-Hossain once fell ill of dirrahoea. He was upon his back for three years and he could not rise up or sit. A drain was cut for the passage of his stool and urine. Motarref and his brother All began to weep after seeing his condition. He said: Why are weeping? They said: We weep to see you in such a great disaster. Motarref said: Don't weep as I love what God loves. Then he said: I inform you such a word which if you do, God will do you good but keep it secret up to my death. The angels come to see me in my illness. I take pleasure to see them. They tender me Salam, and I hear their Salam. Know from this that this is not a punishment to me but it is the means of invaluable fortune. He who sees it in his disaster, how can he not remain satisfied with it? He said: We want to see Sowaid-bin-Motaber in his illness. We saw his face covered with a cloth. His wife said to him uncovering his cloth from his face: May our family members be sacrificed to you, shall I give you food and drink? He said: I am confined in bed for a long time. My body is lean and thin. I give up food and drink for many days. Still I don't think it good that I should do divine service less than a nail than it.

Sa'ad-bin-Abi Waqqas came to Mecca. At that time he was losing sight of eyes. People began to seek blessings from his in groups. He began to pray for each of them. His prayer was accepted. Abdullah-bin-Sayef said: I came to him once in my boyhood and introduced myself to him. He recognized me and said: Are you Qari of the Meccans? I said: Yes. I talked further with him. Then I said: O uncle, you are praying for the people. Pray for yourself to God so that He may return your eye sight. He said with a little smile: O darling the decree of God is dearer to me than my eye-sight.

A little boy of a Sufi was missing for three days and his whereabouts were not known. He was asked: Had you prayed for his return, it would have been better. he said: To complain against what God decreed is more trouble some to me than the missing of my son.

One religious man said: I committed a great sin for which I have been weeping for the last sixty years. He was making good efforts in divine service, so that his repentance might be accepted for that sin. He was asked: What is your sin? He said: Once I said: If this matter had not come to pass.

A certain sage said: I consider it better to have my body cut into pieces than to say: It would have been better had it not occurred for an action which occurred according to the decree of God. Abdul Wahed was once informed: Here there is a man who is doing divine service for the last 50 years. Hearing this he went to him and said: O friend, inform me about you. Are you really satisfied with God? He said: I am not satisfied. He asked: Are you pleased with Him. He said No. He asked him: Are you displeased with him? He said: Not satisfied. He said: Have you got nothing more besides prayer and fasting? He said: Yes. He thought within himself: Had I not felt ashamed of you, I would have informed you that your divine service for the last 50 years is a failure. The meaning of this is that the door of your heart has not opened during this long time and not progressed to the rank of nearness for the actions of heart. You can merely be classed within those who are fortunate, as the service of your bodily limbs has been excessive like ordinary men.

Once a group of men met the sage Shibli in a hospital. He gathered pebbles in their presence and said: Who are you? They said: Your friends. Hearing this, he began to throw pebbles at them and as a result they began to flee away. He said: What is your condition? Had you been my real friends you would have known my difficulties with patience. Shibli said: Love for God created my intoxication. Have you seen such a lover how has got no intoxication?

Fire once brake out in a bazar. People gave Sarri Sakti the information: The bazar had been burnt by fire but your shop has not been burnt. Hearing this, he said: All praise is due to God. He then said: How could I have said: All praise is due to God? This is only for security of myself but not for other Muslims. Then he gave up his shop and business. He repented for this words "All praise is due to God" as he sought forgiveness to God for this.

When you will think over these stories you will know definitely that it is not impossible that contentment might be

against wish rather this is a high rank among the spiritual ranks. When it is possible in the love for men, it is also possible in the love for God and happiness of the next world. This is for two reasons. One reason is to remain satisfied in pangs to get rewards as one takes bitter pills for getting cure. The second reason is to remain satisfied with the deeds of the Beloved as it is His wish and as he is then so strong in love that he immer- ges himself in Him. His dear thing then is to incur pleasure of his Beloved. Some one said: Where does the pain of a wound remain which gives pleasure? So imagination, experience and direct sight prove the existence of love. As you have not got that thing you should not deny it. He who does not get the taste of love knows not the wonderful events of love.

Amer-bin-Hares said: I was seated with one of my friends in an assembly There was a young man with us. He was in love with a singing girl. She was also present with us in the assembly. She began to sing with drum:

Unsatisfied lover keeps always on weeping.
a lover getting no return sometimes complains.

The young man said to the girl: By God, O darling, what a beautiful and sweet song? Will you give me permission to court death. The girl said: Court death after guidance. Then the young man placed his head on a pillow and closed up his mouth and eyes. Thereafter we moved him and found that he breathed his last.

Junaid said: I saw a man that he was requesting a boy by catching hold of his cloth and expressing his love to him. The boy looked to him and said: How long will this hypocrisy of yours continue? He said: God knows that what I say is true. Even if you say, I can give up my love for you. The boy said: If you speak the truth, court death. The man went to a side and closed up his eyes. Then it was seen that he breathed his last.

The lover Sammun said: A neighbor of ours had a slave-girl whom he loved very dearly. Once the girl fell ill and the man was preparing diet for her. When he was moving the kettle, the girl exclaimed 'Oh'! The man hearing this fell senseless. His moving stick fell from his hands and he was moving what was within the kettle with his hands. After sometime his fingers were burnt. The

girl then said: What a wonder. He said: This is in answer to your voice Oh".

Muhammad-bin-Abdullah Bagdadi said: I was young man singing before the people from a high roof:-

"He who can be addicted in love can court death.
There is no higher return of a lover except death."

Thereafter he threw himself down from the roof and met his death. The people then carried away his corpse.

These stories show how far the love of a man for a man can reach. Now imagine how far the love for God should reach. Inner sight is more true. God's beauty is more perfect than the beauty of his creation. It is true that he who has lost his eye sight will not appreciate a beautiful figure. He who has lost his power of hearing will not find pleasure in beautiful and sweet songs. He who has lost his heart is deprived of all the pleasures that a heart can get.

INVOCATION IS NOT OPPOSED TO CONTENTMENT

He who invokes God does not go out of the stage of contentment. Similarly to hate sin, to think the sinners as bad, to know the implements of sin as bad, to try to remove sin, to enjoin good and prohibit evil are not opposed to the stage of contentment. Some have fallen in evil ways about these matters and think that sins, crimes and infidelity are decrees of God and Taqdir and one should remain satisfied with them. This is sheer ignorance and heedlessness from the secrets of Shariat. Divine service is made by invocation. The Prophet and all other Prophets used to invoke. The Prophet was at the highest stage of contentment. God praised some servants and said: They call Me in hope and fear. God ordered divine service to removed sin and to think sins as bad as God says: They are satisfied with worldly life and are quiet therein. Hazrat Ibn Masud said: A man will bear the burden of evil being himself absent from it. He was asked: How can it happen? He said: It will occur as he will remain satisfied with an evil when he hears it. There is in a well known tradition: He who is satisfied after seeing an evil deed has done it as it were. There is in Hadis: He who guides to evil path is like one who does it. There is in Hadis: If a man is killed in an eastern

country and another man residing in the west remains satisfied with it, he becomes a partner in murder. God ordered to compete in good works and refraining from bad deeds. The Prophet said: There is no envy except for two -(1) a person whom God has given wisdom and who teaches. It to the people and broadcasts it, (2) a person whom God has given wealth and power to spend it and he spends In another narration, a person whom God has given the Quran and who recites it day and night and says: If God gives me wealth like that person, I will spend like him.

There are innumerable proofs in the Quran to show that the sinners should be hated. God says: The believers do not take the unbelievers as friends. God says: O believers, don't take the Jews and Christians as friends. God says: Thus I give power to some sinners over others. There is in Hadis: God has taken promise from every believer that he will consider a hypocrite as bad and has taken promise from every hypocritc that he will regard every believer as bad. The Prophet said: A man is with one whom he loves. He said: He who loves a nation and makes friends with them will be resurrected with them on the Judgment Day. The Prophet said: To love for God and to hate for God is firm rope of faith.

Question. There are verses of the Quran and Hadis to show that one should remain satisfied with the decree of God. Sin is a decree of God and to go against it is impossible. If it is a decree of God, to consider it as bad amounts to considering the decree of God as bad. What is the solution of this?

Answer. There is doubt in the minds of those who could not acquire the secret things of knowledge. Some predecessors also had such doubts. It is true that contentment and dislike are contradictory terms but they are not so if they are united in the same thing with different objects, in other words, to dislike from one standpoint and to remain satisfied from another standpoint. For instance, Zaid is your enemy. He is also an enemy of your enemy. If Zaid dies, your mind will remain satisfied for one reason, but you will be sorry for another reasons. The two reasons of happiness and sorrow are quite different. Your enemy died and you are secure. For this reason, you are satisfied, One the other hand, Zaid kept your enemy engaged till he was alive. So he did not get opportunity to injure you while your enemy was alive. For this reason, you are sorry at his death. So

happiness and sorrow are not contradictory as they wise for different reasons. If they are for the same reason, they would have been contradictory.

Similarly think of sin. Sin has got two sides even if it is the decree of God. One side extends to God as sin is His will and action. For this reason, you will remain satisfied with it and surrender to the Almighty. Another side of sin extends to the people as sin is your acquired thing and your guilt, It is hateful to God and its sign is that God has given you power not to commit it. For this reason, it is hateful. Take the instance of a lover. He says in presence of his beloved: I wish to differentiate between one who loves me and one who hates me. I'will examine them. I will inflict trouble to a certain friend of mine and beat him, so that he is compelled to rebuke me. When he will rebuke me, I will dislike him and consider him an enemy. I will love one who will not rebuke me, rather remain satisfied with my rebuke. So I will know one whom I will love that he may be my friend. Then he did so and one became his object of love owing to his rebuke and another became his enemy. He gained his purpose by men of his rebuke as a cause o dislike and love.

He who loves really and knows the condition of love should say: I love your actions your giving me trouble, your beating me etc. I am satisfied with all these as these are your wishes your actions and efforts. If it is an act of enemity towards me from you, I should keep patience and not rebuke you in return. By these acts, your objects is to examine my love for you. You have beaten me that I may dislike you. This is in accordance with your wish and therefore I am satisfied with it. I don't want distruction of your will. It may be an act of friendship or enemity. But to rebuke is against your beauty. In short, I consider it good to have connection with the beloved in His every action. The reason of these two being contradictory is that I am satisfied as it is your wish and that I consider it bad as your termed it bad.

It is the duty of every lover of God that he should love what God love and hate what. He hates and that he should take him an enemy whom God takes as enemy. These things are included into the mysteries of Taqdir or fate which has got no permission to be disclosed. It can, however, be disclosed so far that good and bad are decrees of God and His will but good is the object of good will and bad is the object of bad will. He who says that a bad thing

does not come from God is ignorant. The Prophet said: Taqdir is a secret matter of God. Don't disclose it. It has got connection with spiritual knowledge.

Now it is our duty to remain satisfied with the decree of God. It is known from this that to seek forgiveness to pray for being free from sins and to observe the fixed rules of religion in accordance with the decree of God are not opposed to contentment as God enjoined on His servants to pray and invoke, so that these invocations may be causes of pure Zikr, humble mind and signs of modesty and these may be the causes of the purification of soul and keys of Kashf. To quench one's thirst by drinking water from a jug carried with him is not contradictory to the decree of God. To drink water to quench thirst, to take food to remove hunger, and to put on winter cloths to removed cold are not opposed to contentment. Similarly to pray to be cured of a serious disease is not opposed to contentment.

Not to use a thing for which God created it is opposed to contentment similarly to get rank by invocation is not opposed to contentment. Hence He enjoined men to invoke and pray. To disclose a disaster by way of complaint and to think it bad as it comes from God is opposed to contentment, but to disclose it by way of gratefulness is not opposed to contentment. Complaint is always opposed to contentment. Let us say what Hazrat Omar said: I don't care whether I rise up in the morning rich or poor as I don't know in which there is good for me.

Does contentment go if one flees away from a place full of sins? To flee away from a place full of sins is not to flee away from the decree of God, but to flee away from a thing which is necessary is to flee away from a decree of God. To describe the causes which call towards sin in order to prevent the people from them is not condemned. Sages of earlier times were accustomed to do this. Abdul Mobarak said: I travelled the eastern and western countries but never found such a bad town as Bagdad. He was asked: 'How is Bagdad'? He said: This is such a town where the favours of God are denied and disobedience to God is considered as a trifling thing. When he came to Khoasan he was asked: How have you seen the city of Bagdad? He said: I saw there three kinds of people -angry police, greedy business men and tired learned men. You should not take it as defamation as no definite person has been named. The object is to give

warning to the people. When he wished to go to Mecca, he stayed at Bagdad to prepare his caravan for sixteen days and spent sixteen dinars every day, so that it might expiate his sins for staying at Bagdad.

Hazrat Ibn Omar asked his slave: Where do you live? He said: In Iraq. He asked: What do you do there? I heard that there is not a single person at Iraq for whom God has not sent a disaster. Hazrat Ka'ab once mentioned about Iraq: There is there nine portions of evils out of ten portions and one portion is in Syria. Nobody has got any reason to stay in a place where sins are widely practiced. God says: Was not the earth spacious enough in order that they should migrate there? Rather we should pray: O our Lord, take us out of this city whose inhabitants are oppressors -4:75. The reason is that when sins are widespread, danger descend there and all perish including also the pious persons. God says: 'Fear disturbance'. It does not fall specially on the sinners alone. So whoever remains satisfied at seeing the sins committed commits a great guilt.

STORIES OF LOVERS: A certain Aref was asked: Are you a lover? He said: I am not a lover, but I am a dear one. A lover is industrious. He was asked: People say: You are one of the seven. He said: I am full seven. He said: When you see me think that you have seen 40 Abdals. People asked him: How does it occur? You are only one man. He said: I have adopted one conduct from each Abdal. People asked him: We heard that you can see Khizr. He smiled and said: It is no wonder to see Khizr, but it is a wonder to wish that Khizr should see a man and remain absent from him.

It is reported that Khizr said: Whenever any thought occurred in my mind that there was not such a friend of God whom I did not know, I saw then a friend of God whom I did not know before. Once Abu Yazid Bostami was asked: Tell us of your meeting with God. At this, he raised a cry and said: We to you, there is no good in your knowing it. They asked: Tell us about your life and death struggle for God. He said: To give you a clue to it is not allowed. People asked him: Tell us about your patience at the beginning of your religious life. He said: Yes, I called my soul towards God, but it became disobedient. Then I promised that I will not drink water for one year and I will not sleep for one year. My nature fulfilled it.

Ihya-bin-Muaz saw Abu Yezid standing on the sole of his feet and praying. He made prostration at the time of pre-dawn tiffin and prolonged it and then said: O God, a company of men are searching You: You gave them power to walk over water and fly in the air. They are satisfied with that. I seek refuge to you from it. A company of men seek you and you have given them power to travel in the earth and they are satisfied with that. I seek refuge to you from it. A company of men search you and you have given them treasure of the world and they are satisfied with it. I take refuge to you from it. He then addressed us: O Ihya. I said: Present. He asked: How long you here? I said: For long. He remained silent. I asked: Give me clue to it. He said: I will tell you what will be good to you. God took me to the lowest region and showed it to me. He took round the world and the planets. Then he showed me the heavens. He showed me Paradise and the Throne. He said to me keeping me in His front: I will give you what you have seen. I said: O Lord, I have not seen a better thing which I may seek from you thinking it better than You. He said: You are My real servant. You do real service to Me. I will treat with you such and such.

Abu Torab Nakhshali was satisfied with one of his disciples. He used to go to him and help him in his good works. Abu Torab said to him one day: If you had been Abu Yezid, it would have been good. He said: I have got not need of him. Abu Torab repeat it, but the disciple said: What shall I do in meeting with Abu yezid? I had a vision of God. So I don't require to meet him. Abu Torab said: Do you take pride in meeting with God? If you had seen Abu Yezid once only it would have done you benefit more than meeting with God seventy times. The young man said: How can it occur? Abu Torab said: You don't see God near you but you will see God near Abu Yezid. Abu Torab said: We went there and stood on a lofty place and waited, so that Abu Yezid might come out from a cave. He used to reside in such a cave which was haunted by ferocious beasts. Abu Yezid threw a sheet made of camel's fur over his body and was passing by us. I said to the young man: He is Abu Yezid, look at him. The young man looked at him and at once fell senseless. We saw that he breathed his last. We said to Abu Yezid: Your look has killed him. He said: It is not that. Your friend was a truthful and did not disclose the secrets he kept in his breast concealed. When he saw us, the secrets of his heart were disclosed and he could not bear it. He was in the stage of a weak disciple and it has killed him.

Once the Barbers entered Basra and killed many men and robbed many properties. The disciples of Shahal Tastari came to him and said: If you pray to God. He will drive them away. He remained silent for sometime and then said: There are many servants in this town. If they pray to God against the oppressors, all the oppressors of the world will be destroyed within one night but they will not do it. He was asked: What is the reason? He said: They do not like what God does not like. Then he mentioned some conditions of invocations being accepted. A certain Aref said: During my Kashf, I thought that I have been given forty Hurs. I saw them wandering in the horizon. They put on dresses and ornaments of silvers and jewels I looked once at them for which I was punished for forty days. Thereafter 80 Hurs appeared before me. They were more beautiful than the previous ones. I was said: Look at them. Then I fell into prostration and closed my eyes during prostration, so that I may not look at them. I said: I seek refuge to you from things other than You. I have got no nead of them! Then God removed from me the Hurs.

A believer should not deny Kashf as he could not acquire it. If the people do not believe except what a heart full of sins sees the place of faith would be narrow. But this condition is disclosed after one overcomes his passions and crosses many stages. The lowest stage out of them is Ikhlas (sincerety) removal of low diseres, ousting the pleasure of open and secret deeds, keeping one's condition secret and sitting alone in a room in meditation. This is the preliminary step of walking in the path of religion and the lowest stage. These things are very rare in the religious people. If the heart is purified from the refuges of looking at the people, the light of faith will shine in his heart and the initial truth will be disclosed to him. To deny Kashf without gaining experience and without treading the path of religion will be like the condition of a person who does not admit the possibility of engraving figures in iron. Iron is melted, cleared and then formed into figure and made like mirror. What is in the hand of one who denies it, is only a piece of iron full of darkness. Rust and dust have fallen on it. So it has got no fitness to show figure and prints. It is the dream of those who deny miracles of the saints. They have got no other proof except their defects. It is very sad to deny God's power. He who travels a little in the preliminary stage of spiritual life gets also the fragrance of Kashf.

Bashar Hafi was asked: For what thing have you got this rank? I kept my condition concealed before God. Its meaning is: I prayed to God so that He may keep my actions and affairs secret. It is reported that he saw Khizr and said to him: Pray to God for me. He said: May God make your divine service easy for you. I said: Pray more for me. He said; May God keep it secret from the people, so that you may not look to them. A certain sage said: I felt a grim desire to see Khizr and prayed to God so that I may see him to get neccessary religious instructions from him. Thereafter I saw him. He did not ask me anything. I said: O Abul Abbas teach me such a a lesson that I may recite it and that I may live hidden from the people so that nobody can know my religious tendencies. Khizr said: Say, O God throw on me your thick screen. O Lord, make me an object of your secret things. Keep me secret from the hearts of your creation. Then he disappeared I did not see him further. After that I was not eager to see him Then I used to Read this invocation every day. It is said that owing to this invocation, so much disgrace and disregard were coming on him that even the Zimmis were laughing at him and engaging him everywhere. They used to place burden on his shoulder and he used to carry it to the destination. The little boys used to play with him.

Such is the condition of the friends of God. They are to be searched among these people. The proud people search them among those persons who take decent dress and who are well-known for their learning, piety and fame, but God keeps His friends hidden as He says: My friends live in My tent. Nobody knows them except Myself. The Prophet said. There are many persons with dishevelled hairs and laden with dust and covered with only two sheets and having no honour. If they say about something with oath of God. God shows it as true. The conceited man keeps himself away from the fragrance of these things. He remains satisfied with his own qualities and with his own learning and actions. So he keeps himself distant. He who considers himself humble and does not take seriously if anybody dishonours him, is a broken hearted man. He will have then no sense of dishonour. Such heart can hope to get preliminary fragrance. He who is not able to become the friend of God, will love the friends of God and should have faith in them. Jesus Christ said to Band Israel: Where does crop grow? They said: In earth. He said: I tell you with truth that wisdom does not grow except in an earth-like heart.

Ibnul Karabi was the spiritual guide of Hazrat Junaid. One man invited him thrice to a feast but every time the host drove him away from his door. At the fourth time, he accepted his guest and said: I have done this to examine your modesty. He said: I have been bearing this dishonour for the last 20 years. I have reached now to the condition of a dog. If it is driven away, still it will come. If you have called me fifty times and driven me away every time, I would have still then come.

He said: I went to a locality and there I became known as a pious man. I became tired at this. So I entered a public bath room, found there a valuable dress and fled away with it. I put on over that dress my gown. Then I walked slowly on the pathway, The people came to me, snatched my gown, took away the valuable dress and beat me very severely, I became then the thief of the bath room. Then my mind became quiet. Now think how God kept people like him in severe trials and trainings. They did not take care of their own lives. Those who take care only of themselves go away from nearness of God. The meaning of engagement with self is to be away from the nearness of God. There is no screen of distance between heart and God and no impediment.

There was a beautiful and honourable man among the leaders of Bostan. He did not keep himself separate from the assembly of Abu Yezid. One day he told Abu Yezid: For the last 30 years. I have been fasting all the year round without any break and praying at night without any sleep. Inspite of this servere religious exercise, I have got nothing of wisdom of which you are speaking. I believe it and love it. Abu Yezid said: If you fast and pray at night without sleep for 300 years, you will not get but a bit of this knowledge. He asked him: Why? He said: Because you are busy with yourself. He asked: Has it got any medicine? He said: Yes. He asked: Inform me of it, I will do it. He said: You will not accept it. He said: I will accept it. He said: Go to this barbar and have your hairs of head and beard shaved. Take off this dress and take a load of refuges and walnut call all the boys around you and say: I will give you one walnut to a boy who gives me a slap. Enter the bazar in this condition and go round the people with it Go round the people in this condition who know you. The man said: Sobhan Allah, are you telling me this? Abu Yezid said: Your expression of 'Sobhan Allah' is included in Shirk, He asked: How

is it? He said: Because you have uttered Sabhan Allah thinking you as big. You have not uttered real Sobhan Allah. He said: I cannot do this work. Show me another. He said: Begin with it before any other work. He said: I will not be able to do it. He said: I told you before that you will not be able to do it.

Abu Yezid told this to such a person who has got the disease of engagement with himself and also the disease that the people might look at him. There is no cure for such a disease without such a medicine. He who cannot use that medicine should not deny the cure of such a decease. This is the lowest stage of faith. Alas for him who has been deprived of this little quantity of faith. Inspite of this, he who claims to be a learned man of Shariat is far away from such a condition.

The Prophet said: The faith of a man does not becomes perfect till the little quantity of a thing does not become dearer to him than its bigger quantity. The Prophet also said: The faith of man is perfect who has got three qualities in him -(1) he does not fear the slander of a slanderer, (2) he does not do anything of his divine service for show of people and (3) when two things appear before him, one of this world and another of the next world he perfects more of the thing of the next world over that of this world. The Prophet said: The faith of nobody becomes perfect still he has got three conducts in him -(1) when he becomes angry, his wrath does not oust him from truth, (2) when he becomes pleased, his pleasure does not enter in void actions and, (3) when share is settled: he does not accept what is not due to him.

The Prophet said: When three things are given to a man, he has been given what David was given -justice in anger and pleasure, moderate expense in solvency and poverty and fear of God secretly and openly. The Prophet mentioned these conditions for a good faith. There is in Hadis that God revealed to a certain Prophet: I take him as a friend who does not cease to remember Me, who has got no other thought except My thought and who does not prefer anything of My creation except Me, who being burnt by fire does not feel pangs of burning, who if cut off by saw, does not feel sorrow at the touch of saw. How can miracles and Kashf appear in one whose love has not reached this stage? These matters occur after love and love comes after

perfection of faith. There is no limit to the stages of faith and the difference of its increase and decrease.

For this reason, the Prophet said to Abu Bakr: God has given you faith equal to the faith of all my followers those who have faith in me. He gave me such faith which was given to all the children of Adam to believe Him. There is in another tradition: God has got three hundred conducts. He who acquires any one of them with Tauhid, will enter Paradise. Hazrat Abu Bakr asked: O Messenger of God, have I got any one of them? The Prophet said: O Abu Bakr, all these are in you. Generosity is dearest of them to God. The Prophet said: I saw an scale hanging in the horizon. My faith has been placed in one scale and the faith of my followers has been placed in another scale. My faith has become heavier than their faith. The faith of Abu Bakr has been placed in own scale and the faith of my followers has been placed in another scale. The scale of the faith of Abu Bakr has been heavier. Inspite of this, the Prophet was immerged in God as his mind did not make friendship with others. He said: Had I taken any man as my bosom friend, I would have taken Abu Bakr, but your companion is the friend of God.

SOME WORDS ABOUT LOVE

Sufyan Saori said: To follow the Prophet is love. Another person said: Constant Zikr is love. One sage said: To sacrifice (Is'ar) for the beloved is love. Another sage said: To dislike living long in the world is love. In these saying, the fruit of love is seen, but nobody described about the spirit or life of love. A certain sage said: Love for the beloved lives upon the heart and tongue is unable to disclose it. Junaid said: God made love unlawful for a man having no connection. He said: That love which comes in exchange of something goes away if the exchanged thing goes away. Jun-nun said: Tell one who discloses love for God: I fear you may be disgraced for things other than God. Shibli was asked: Describe to us the difference between an Aref and a lover. He said: If an Aref speaks a thing, he is destroyed and if a lover remains silent, he is destroyed. Shibli said:-

O Thou Gracious, Compassionate,
Love for Three remains in soul imprinted.
Thou kept sleep away from my eyes.
Thow knowest what is in my mind.

Another poet said:-

Wonder for one who says -I remember my friend,
Does a friend say? I forgot, now remember.
How many times I will die and rise.
I will live with hope and die with love.
I will drink the wine of love in cups of colour.
Yet it will not diminish from the cup of mind.

Rabeya said: Who is there who will inform me about my Beloved? One of her servants said: He is with us, but the world as separated Him from us. Ibnul Jala said: God revealed to Jesus Christ: When I enquire about the secrets of any man and find no love in him for this world and for the next, I fill it up with My love and take care of it with My protection.

Samnun was giving once the description of love, when a bird came down and began to dig earth with its beak, so much so that blood began to ooze out of it so profusely that it died. Ibrahim-bin- Adham said: O Lord, you know that in comparison with the honour given to me by your love, Your satisfaction towards me by your remembrance and the leisure you have given me to think about your glory, the value of paradise is like the wing of a fly. Sufyan Saori said: He who loves God is alive. He who loves the world, is a fool who works day and night uselessly and the wise man enquires about his faults.

The saint Rabiya was asked: How is your love for the Prophet of God? She said: By God, I don't love him excessively. My love for the Creator has abstained me from loving His creations. When Jesus Christ was asked about the best of actions, he said: Cotentment comes from God and love for Him. Abu Yezid said: A lover does not love the world, but love his Lord. Shibli said: Love circles round pleasure and honour. A certain sage said: The meaning of love is nearness of the Beloved wit good news and joy. Khaos said: Love eradicates wish and burns all natures and necessities. Sahal Tastari was once asked about love. He said: God prepares the mind of one to meet Him if love grows in him. A certain sage said: The affairs of a lover are established upon four stages love, shame, fear and honour. Out of these, honour and love are best as these two stages will remain with the inmates of paradise in paradise and the other two will be lifted from them. Haram bin Hayan said: When a believer

recognises his Lord, he loves Him. When he loves. Him, he comes forward to Him. When he gets pleasure in going to Him, he does not look with desire towards the world and with rest towards the next world. Abdullah-bin-Mohammad said: I heard a saint woman who was weeping and whose hairs were flowing upon her cheeks saying: By God I am tired of life. Even I would have purchased death if it would have been a saleable commodity for being satisfied with God and desirous of meeting with Him. I asked her: Would you do it being of firm belief on your good deeds? She said: That is not so. I would have done it loving God and cherishing good hope in Him. Do you conceive that I would love Him and He will give me punishment?

God reveled to Daud: If the worshiper had known how anxious I remain for them, how modest I am towards them and how anxious I am to forgive their sins, they would have cut off their entrails being desirous of loving Me. O Daud, this is My wish with regard to those who keep behind about Me. What do you conceive about those who go forward? O Daud, when a servant becomes daring against Me, he feels My want most. When he goes behind Me, I pity him more. When he returns to Me after repentance, he becomes more honoured to Me. Abu Khaled Saffar said: One Prophet said to a pious man: We Prophets don't worship as you a band of monks-worship. You worship in fear and hope and we worship with love and attachment.

Shibli said: God reveled to Daud, O Daud, My remembrance is for those who remember Me, My paradise is for the pious men. My didar is for those who are attached to Me, and I am for those who sincerely love Me. God revealed to Adam: O Adam, he who loves his friend trusts his word. He who gets love of his friend, remains satisfied with his deeds. He who is attached to him works hard in his travail. Khawás stroke upon his breast and said; How is He attached to me who sees me but I don't see Him? Hazrat Eunus wept so much that he became blind, stood so long in prayer that he became crooked, prayed so much that he lost power of movements. He said: By Your glory and Honour had there been a sea of fire between you and me, I would have gone to you after crossing it.

Hazrat Ali said: I asked the Prophet about his Sunnat and he said: Marfat is the root of my favour, wisdom is the root of my religion. Love is my foundation, attachment is my conveyance,

Zikr of God is my friend certainty of faith is my secret treasure, sorrow is my companion, wisdom is my sword, patience is my sheet, contentment is my valuable treasure, failure is my glory renunciation of the world is my business sure faith is my power, truthfulness is my intercessor, divine service is my object of love, Jihad is my nature and prayer is the coolness of my eyes. Jun-Nun said: Glory be to God who made the souls as soldiers in battle array. The souls of Arefs are bright and pure. For this reason they are attached to God. The souls of believers are spiritual. For this reason, they are desirous of Paradise. The souls of the heedless roam in the sky. For this reason they are attached to the world. A sage said: Attachment is the fire of God which He enkindes in the hearts of His friends and burns therewith their wishes, thoughts anxieties and necessities.

This is sufficient description of love.

CHAPTER VII

WILL OR INTENTION

Will has got two elements in it-knowledge and action. Knowledge comes before action as it is the basis of action and action comes after knowledge. Action is the fruit of knowledge and its branch. Action is not complete without three things-Knowledge, will and strength. Man does not will to do a thing which he does not known and so knowledge is necessary for an action. Again he does not do a thing even if he knows it unless he has the will to do it. So will or intention is also necessary. Again will is not sufficient to do a thing. Power or strength is also necessary to implement will. How many people there are who cannot eat for want of their strength even though they have got will to eat. So knowledge, will and strength are necessary for an action. First knowledge and then will and then action follow one after another. Without knowledge of a thing, a man does not intend to have that thing. Without will or intention, there is no movement of physical organs to do that thing. So action is the fruit of will and will is the fruit of knowledge.

Number of Intention or will. A man may have no other intention than a single one to do a thing. Again he may have different intentions to do that thing. If a man sees a tiger, he at once flees away from it. This fleeing is the only intention in order to ward off its attack and injury. This knowledge enkindles in him a desire to flee and that desire gives movement to his limbs to flee. This is his sole intention and there is no other intention mixed with it.

ONE WHOSE INTENTION IS NEXT WORLD

He who has made his sole object to get happiness in the next world does all his deeds in this world with that object alone and he has got no other object in his worldly deeds. He thinks that the food of soul is worship of God. The object of worship of God is to free the soul from diseases, to keep it alive and to make it healthy and better to gain happiness in the next world. The object of divine worship is to get relish of the sight of God. He will not attain this object unless he loves God and dies in that condition. He will not get the love of God unless he attains knowledge about Him. He will not get His knowledge unless he remembers Him

too often. So the attainment of love of God is the result of constant remembrance of God and thought about Him and His works. Again mind does not turn to His constant remembrance unless it is free from the worldly thoughts and anxieties. Mind does not find time from worldly anxieties unless it is free from worldly greed and temptations, and unless it wills to do good and refrains from evil. A man likes to do good and refrains from evil when he knows that his fortune in the next world is linked with the good deeds he does in this world just as a wise man likes to take bitter pill to get cured from a fatal disease. When linking of mind is acquired along with knowledge, he acquires strength of mind to do good works and then he is habituated to do good works and it becomes then difficult for him to come out of them. Similar is the case with a man who is habituated to evil deeds. Therefore it is said that habit is the second nature.

He whose object is the next worldly happiness should therefore be habituated to clear up his mind for constant remembrance of God. This state of mind can not be created unless one gives up sins and takes up to virtuous deeds with the help of bodily limbs, because mind is affected by the movements of bodily organs and the bodily organs also are affected by the state of mind and thus there is a close connection between body and mind. Mind is just like a ruler and bodily organs are like servants. So bodily organs are subservient to mind. For this the Holy Prophet of Islam said : There is a clot of blood in body. When it is sound the whole body is sound. He also said : O God, do good to the ruler and the ruled. Here the ruler means soul or mind. God also said in the Quran : Allah will not accept its blood or meat but He will accept from you Taqwa (meaning God-fear). That is the attribute of mind.

The object of God-worship is to change mind and the propensities of mind, and not to change the bodily limbs. So don't think that the object of Sajda or prostration is only to place the forehead on the ground, but its real object is to habituate the sense of humility in mind. Whose finds humility of mind, his bodily limbs also assume an humble attitude. This humility of mind and the humble attitude of the bodily limbs make the attribute of modesty perfect. If the mind of anybody becomes soft on seeing an orphan, kindness in his mind is more enkindled if his hand passes over his head. For this reason, action without

intention is basically not fruitful or beneficial, because if a man's hand touches the head of an orphan unmindfully, softness of his mind does not increase and its effect does not fall in mind. Therefore God- worship without Niyyat (intention) or without application of mind brings no reward while Niyyat followed by action brings reward. The Holy Prophet said : There is written one reward for one who intended to do a good deed but could not translate it into action. The object of cow or animal sacrifice is not to shed blood but to turn away the mind from the temptations of the world for incurring the pleasure of Allah. This reward is attained owing to the object of Sacrifice. For this reason the Holy Prophet said : There are people at Medina who shared with us the rewards of Jihad (holy war) although they did not actually join it. The reason is that they had pious intention to join it but could not do so owing to satisfactory reason.

ACTIONS RELATING TO INTENTION

These actions can mainly be divided into three classes

Sinful actions, pious actions and lawful actions.

(1) **Sinful actions.** If the intention is good, a sinful act does not turn to a virtuous act. If you backbite a man to please another, if you give to a beggar the food of another person, if you make gift of illegal property to construct a mosque, bridge or such charitable object, you will not absolve yourself from the sinful act although your intention is good and pious. To intend to do a pious action with an illegal thing is also sin. If he does out of ignorance, he will be guilty of ignorance as acquisition of learning is compulsory upon both males and, females. The Holy Prophet said: An ignorant man cannot raise the plea of innocent.

(2) **Pious actions.** If there is no pious or good intention in a good act, there is no reward. If there is any other intention but to please God in a devotional act, it is a sinful act, but if there are many intentions including one to please God, rewards also multiply. For instance, to keep sitting in a mosque is a good act but it admits of many intentions - (1) to hope for sight of God as mosque is considered as a house of God where God can be seen, for the Holy Prophet said : He who keeps sitting in a mosque, meets with God. (2) to wait for the next prayer, for the Prophet said that he who waits for prayer will get the same reward as that of a man who has prayed, (3) to keep the bodily organs from

sinful acts. (4) to concentrate all thoughts upon Allah, (5) to be engaged in the remembrance of Allah. (6) to enjoin good works and prohibit evils, (7) to get benefit from those who fear Allah. So there might be many good intentions in a pious act and rewards also increase according to the number of such intentions.

Lawful actions. In lawful act, rewards can be increased according to the number of intentions. He suffers much who is unmindful of this fact. The Prophet said : There is account for what is lawful and there is punishment for what unlawful. He also said : People will be asked on the resurrection day for everything, even why he applied antimony to his eyes, why he muddled the earth with his fingers, why he touched the things of his brother. He said : He applies scent for the sake when Allah will come on the Resurrection Day with such a fragrance which will be more scented than musk. He who applies it for other than Allah will come on the Resurrection Day with the stench more than that of a dead animal. So application of scent is lawful, but intention therefor is necessary. Lawful things are innumerable and it is not possible to count these intentions. A pious man said : I think it good to have intentions in everything eating, drinking sleeping, etc. To intend to attain nearness to God in these matters is possible, as these things are necessary for the upkeep of the body. If a man takes food with the intention of bringing fear of God in mind in God-worship, intercourses with his wife to preserve his religion and to give pleasure to the mind of his wife and also to have a pious son, he does true worship of Allah by his food and marriage.

He whose sole object is the next world does not need with obstruction from his food and marriage. Allah sees his mind and intention. He says : He does not utter a word but near which there is not a warner-50:18. A pious man said : I wrote a letter and intended to have the ink soaked on placing it on the wall of my neighbour and actually had it thus soaked. Thereafter some one from above said : You will know tomorrow what wrong action you have done by doing this act. The great saint Hazrat Hassan Basari said : A man will come on the Resurrection Day conjoined with another person and say : There is God between you and me. He will say : By God, I don't know you. He will say : You have taken a piece of thread of my cloth. These things pierce the hearts of God fearing men.

It is reported that the Prophet Zakaria was raising an earthen wall as a labourer for some person. He used to eat the earnings of his own hand. He began to take his food but when a person begged of him something to eat, he did not give it to him. The people around him were surprised to see the action of the Prophet as he was too much reported for his generosity and asceticism. He then said : I work as a labourer of some persons. They gave me this bread in order to gain strength and do their work. If he had taken food with me, it would not have been sufficient for him, nor for me. By that, I would not have been able to complete their work. The man who has got clear insight takes care of even these small things with the help of Divine light. The great saint Sufiyan said : If a man calls another to take share in his food without really intending to part anything of his food, he will be guilty of hypocrisy even if the man partakes of his food, Had he known his intention, he would not have partaken of his food. So examine your intention in all affairs and do not do any action without intention.

MEANING OF INTENTION

Meaning of Intention is not only expression by mouth but also will to that expression. It is the liking of mind for that for which expression is used by the month. When there is no liking or intention of mind, mere verbal expression means nothing. So Niyyat or intention in prayer by only verbal expression without application of mind is meaningless. It is just like the expression I love so and so without actually meaning the same. A man turns towards one whom he believes to be his friend. There are many causes for willingness or unwillingness of mind and causes vary according to the different conditions of man. When a man desires to marry a girl in order to satisfy his carnal desire, he can not have the will to get a son by copulation with her. The reason of copulation is the satisfaction of his canal desire, and not to have a child, If he says by mouth "I copulate with you to have a son", it will be falsehood. It is not his word of mind, but of mouth. For this reason, some of the former saints did not do anything without forming a definite niyyat or intention for that.

It is reported that the great saint Ibn Sirin did not pray Janaja prayer over the deadbody of Hazrat Hasan Basari as he said that the niyyat of Janaja did not as yet arise in his mind. Ahmed-b-Solaiman was a reputed learned man of Kufa. When he died, the

great saint Sufiyan Saori was requested to say his funereal prayer. He said : Had I had the intention, I would have performed it. Once the great saint Taus was requested to pray for the people, He said : When I will, I shall do it. These saints knew that Niyyat is not the only expression by mouth but it is also a desire of mind, a flow of current from Allah. Sometimes it is easy and sometimes it becomes difficult. It is true that the intention of the man in whose heart the affairs of the religion are easy becomes easy for doing good deeds, as his mind keeps inclined to good things for most part of the times, but the intention of the man whose mind keeps inclined to evil deeds does not become so easy for doing goods deeds, even the obligatory duties also become difficult to him.

Different intentions in God-worship. Man may have different intentions in divine service. Some do good deeds out of hope of getting happiness in Paradise. If they do these deeds with the sole intention of pleasing God and to declare His glory and majesty and with no other intention, their intention is said to be pure and unadulterated. If one does good deeds for satisfying carnal desire with Hurs, he will get it in Paradise. If he does this to meet with Allah. he will be blessed with His sight. The most honourable and glorious are they who do good deeds out of love for Him and out of a desire to be blessed with His love and sight. The Quran praises them in the following words : Rather they call their Lord morning and evening only for His pleasure. They will get rewards according to their intentions. When they will be blessed with His sight, they will think the sight of the beautiful Hurs very little.

REWARDS OF PURE INTENTION

The Holy Quran says: They were not ordered except to worship Allah, being sincere to Him along. It again says : Behold, religion is only for Allah (39:5) He also says : Let one who hopes to meet his Lord do good works and do not associate anyone in the service of his Lord-18:110. The Prophet said : The heart of a Muslim does not play treachery in three things to work sincerely for Allah, to give admonition to the ruler and to remain united. He also said : Allah says : Ikhlas or to work sincerely for Allah is a hidden treasure out of My hidden treasures. I put it in the heart of one whom I love. He also said : The fountain of wisdom flows in his heart who worships Allah sincerely for 40 days. The Holy

Prophet said that three classes of persons who did not do good works sincerely for Him but for other purposes will go to Hell inspite of their ostensible good works a learned man, a benevolent man and a warrior.

There is a story in the anecdotes of the children of Israel. A saint had at his credit divine service for long long year. One day some people were worshipping a tree besides Allah, At this, the saint Got angry and went to cut it with an axe. In the mean time, the devil came in the form of an old man and asked him : Where are you going? The saint said : I am going to cut off this tree. The devil said: Are you in this thought? You have come down to do this leaving aside your Divine service? The saint said : This work is also included in Divine service. The devil said : I will not permit you to cut down this tree. At this he fell down upon the saint but the latter overpowered him, threw him down on the ground and sat upon his chest. The devil said : Desist from this action or I will kill you. At this he let off the devil who said to him : O saint, Allah has taken over this responsibility from you. He has not made it compulsory for you. You yourself do not worship this tree and the affairs of others have not developed on you. This is the duty of Prophets. Had he willed, He would have certainly sent a Prophet to the inhabitants of this place and ordered him to cut down this tree. Then the saint said : To cut down this tree is also a part of my duty.

The saint then fell upon the devil and threw him away and got on his chest. The devil again having been discomfitted said to him : There is an affair between you and me which is good and beneficial for you. The saint asked him what it was. The devil said : Let me be secure and then I will tell you of it. Thereafter he let him off and the devil said to him : You are a poor man, you have got no property. You are a burden upon your friends and relatives. Perhaps you wish to get more honour than your brethren, to get more sympathy from your religious men and you do not want to depend on the people The saint said : Yes I hope for that. The devil said : In that case, turn away from this affair. I will place two dinars every night near your head. When you will get up at dawn. You will take them and spend them for you and your family and gift a portion to your brothers. This act of yours will be more beneficial to you and the Muslim public than the cutting down of this tree. This tree was planted and there will be

no good if you cut down this tree. At this, the saint began to ponder and said : This old man has spoken the truth. I have not been ordered to cut down this tree by God. I will incur no sin if I do not cut down this tree. Then he turned his mind from this action of cutting down the tree.

Thereafter the saint went to his place of worship and spent the night. At dawn, he found two dinars near his head and took them. Next day also, this happened. This continued for three days. On the fourth day, he did not find the dinars near his head became very much enraged, and took his journey to cut down the tree. The devil came to him in the form of an old man and said : Where are you going? He said : I am going to cut down the tree. The devil said : By God, you will not be able to cut it down, you will also not find your way to go there. Thereupon the saint fell upon him but the saint became just like a sparrow between his two legs. The devil then sat upon his chest and said : If you want to live, get away from here or else I will cut you to pieces. The saint being helpless looked to and fro and said : O gentle man, you have defeated me, Let me now go The devil said : Question me now how you have first overpowered me and thereafter I have overpowered you. The devil said : At first you became enraged for the sake of Allah alone and your sole intention was to get success in the hereafter. So God make me subservient to you. But now you have become engaged for your worldly propedsities and desires and so I overpowered you.

This story shows how a man with a pure and unadulterated intention can win and how a man with a motive other than that can lose and be overpowered. This proves the Quranic word : Except those who work sincerely for Allah. For this reason the great saint Maruf Karkhi used to beat himself and says : Take recourse to form intention, you will then get salvation. The pure soul Eakub said : He who keeps his good deeds concealed as he keeps his sins conceded is a man of pure intention. Solaiman said : He is blessed who takes one step in the way of Allah. The second Caliph Hazrat Omar wrote to Imam Abu Musa Ashari : Allah is sufficient for a man whose intention is pure. A certain saint wrote to his brother : Make your intention pure, then a small amount of action will be sufficient for you. Ayub Saktania said : To make intention pure in an action is more difficult than the action itself. The saint Motarref said : He who is pure will be made pure. A

man was asked in dream : How have you seen your action? He said : I saw the action which I did for Allah. Even I saw the reward of a walnut seed I removed from the path way.

The great saint Ihya-b-Muaz said: Ikhlas or sincerity separates an action from its faults as milk separates itself from urine and blood. There is a story that a man used to wear the dress of women and join the ceremonies of marriage and other festivals where women gathered together. One day he just joined a gathering of some women. It was then noticed that a diamond of a woman was missing and the women raised hue and cry and said : Shut up the doors. We shall search for the diamond. Thereafter they began to search one by one. When the turn of the female-dressed man came, there was a woman with him. He called Allah sincerely and said : I will never do such an act if I get acquitted this time. Immediately then the diamond was found with the woman who was with him. They then cried aloud : Leave the rest. We have found out the diamond.

There is the story of a saint who said: I was travelling by sea for Jihad or holy war. Some one of us wanted to sell his bag and I thought that I should purchase this bag and sell it for a higher price in a city. Then I purchased it but dreamt in that night that two persons got down from heaven and one of them said to the other : Write down the names of the warriors in the way of Allah. The other said : So and so came out only to take a journey. So and so made Jihad only for fame. So and so came to make merchandise. So and so came out only for the sake of Allah. I at once exclaimed : O Allah, I have not come out to make merchandise. I have got no such commodities, I have come out for Jihad. Then the other person retorted : O man, you intended to make profit after purchasing a bag yesterday. Thereafter I wept bitterly and said : Don't enroll me among the merchants. The man said to his companion : Write, so and so came out as a warrior in the way of Allah. Then he purchased a bag for profit. The result then rests on Allah.

The saint Sarri Sakti said: Your two rakat prayer in solitude is better than your writing 70 to 700 Hadis with Isnad. Some pious man said : Wisdom is like seed, action is like crop and Ikhlas or sincerity is like water for irrigation. Another pious man said : When God becomes displeased with a man, He grants him three things and prohibits him three things. He grants him the

company of pious men but does not give him benefits from them. He grants him strength to do good deeds but without sincere intentions. He grants him wisdom but without its practical application. The great saint Susi said : Among the actions of a man, Allah desires only his Ikhlas or sincerity.

What is Ikhlas? (Sincere intention). Know it for certain, O good readers, that everything remains mixed up with another thing. When it does not remain mixed up with other things, it is said to be pure or unadultered. When any action is done with only one object, it is said to be done with pure intention. Allah says : There is a lesson in a cow. I give you drink from what is in its belly coming out of its dung and blood-milk pure and wholesome for those who drink-16:66Q. The purity of milk means that there is no mixture of blood or excretion in the milk. Purity is opposite to mixture. What is not pure has got mixture therein. Purity in Tauhid or oneness of God admits no partnership in the existence or in the attributes of God. His existence is unique and His attributes also are unique. So uniqueness admits no partnership commonly called Shirk or setting up partner. This purity or uniqueness is external expression of will. When purpose and will are the same, the action which flows from them is called sincere work. He whose sole purpose is to show to the people, can also be called to possess unadulterated intention. He whose sole purpose is to gain nearness of God is also called a man having pure intention, If a man intends only to have the pleasure of Allah in divine service, he must get rid of the following intentions (1) to have good health in fasting, (2) to give relief from labour in setting free a slave, (3) to recoup health in journey for Haj, (4) to fight for any other purpose than to please God, (5) to pray Tahajjud to guard the family and properties at night, (6) to acquire money or fame by education (7) to acquire money by writing books, (8) to make ablution to make oneself pure or to purify the bodily limbs, (9) to make I'tiqaf in mosque in order to get relief from house rent, (10) to give a beggar so that he may not beg again, (11) to do an act to gain name and fame or to have status in society. Such an action done with an intention mixed with the pleasure of Allah is not pure and unadulterated. It will be to setting up a share with Allah, while Allah says : I am free from the partnership of partners. In short, if any intention is mixed with the intention of securing the pleasure of God, it will be shirk or setting up

partnership with God. He who is immerged in the thoughts of God can find no other motive or intention in his mind in an action. He takes even food and drink just as he feels necessity to make waters or to ease himself from obnoxious things in his belly. He does not feel necessity for food only for food but for gaining strength to do divine service. If the pangs of hunger is good for him, he does not take food. He takes food only for the bare existence of life. Such a man does everything for God and God alone. The man whose mind turns towards the attainment of the worldly objects cannot have pleasure and perfection in prayer, fasting and other divine acts.

Thus sincerity of purpose is a medicine which breaks the happiness of propensities, cuts the temptations of the world and keeps one engaged in the deeds of the next world. Ikhlas becomes easy for him. It is reported from a pious man that he prayed in the first row in a mosque for thirty years. One day out of some excuse, he prayed in the second row and felt some shame before the people as they saw him praying in the second row. He saw that this was a sign of Riya or show as he wished that the people would have been pleased to see him praying in the first row. This is a very subtle act of show. Those who are unmindful in their prayers will see them fruitless in the next world, as God says : And it will be disclosed to them from God which they did not even think of - وبدا لهم من الله ما لم يكونوا يحتسبون
Allah says : Shall I not inform you of those who will be losers in their deeds- those whose efforts in the life of this world will be fruitless while they will think that they did good works.

When Hazrat Abu Bakr became the first Caliph, Hazrat Omar was not displeased but rather he became pleased with the fact that the best man was elected, the man who was better than himself. This should be the guiding principle of all learned, educated and pious man.

Some sayings of the sages regarding Ikhlas: The true meaning of Ikhlas is what the Holy Prophet said : The meaning of Ikhlas is to say : Allah is my Lord and to keep firm over what has been ordered by Him. In other words, it is not to worship passions and propensities and not to worship any one except Allah. It is the engage one's thought in Allah keeping away from things other than Allah.

Things that destroy Ikhlas : There are some evils that destroy Ikhlas. Some are open and some are hidden. (1) Riya or show. It greatly destroys Ikhlas. For instance, a man began to pray quite sincerely for God, but in the midst of his prayers the devil comes to him and says : Some one is looking to your prayer. Pray well, so that they may see your prayer and take you as a great religious man. At this, he becomes humble in prayer. This is open Riya or show. (2) The devil instills in his mind the desire that the people should follow him and therefore instigates him to make his prayer good.

The sage Wahab-b-Monabbah said : I saw written by the side of the Torah 22 wise counsels The religious people of the children of Israel collected them and used to read them. (1) No jewel is more valuable than wisdom. (2) No property is more profitable than patience. (3) No vice is more injurious than anger. (4) No friend is more enchanting than divine service. (5) Nothing is more shameful than ignorance. (6) Nothing is more honourable than God fear. (7) Nothing is more honourable than renunciation of passions. (8) Nothing is more benefiting than pondering. (9) Nothing is more meritorious than forbearance. (10) No guilt is more dishonourable than pride. (11) No medicine is more soothing than mildness. (12) No disease is more painful than foolishness. (13) No emissary is more just than truth. (14) No proof is more instructive than truthfulness. (15) No want is more disgraceful than temptations. (16) No property is more unfortunate than saving. (17) No life is sweeter than health. (18) No livelihood is easier than self abnegation. (19) No divine service is better than modesty. (20) No renunciation is better than self- contentment. (21) No guard is more trustworthy than silence. (22) No unseen thing is nearer than death.

The great sage Mahmmad Ibn Sayyed said : When you seek God with sincerity. He comes to you as a mirror in your hand wherein you can see every wonderful thing of this world and the next world. Hazrat Ibn Abbas said : He who has got these four qualities is successful - truthfulness, shame, good conduct and gratefulness. Some pious man said : The learned and the theologians agreed with regard to three things. When these three things are found in a person, he will get salvation and one thing is not made perfect without the help of another - (1) Islam or self surrender freedom from innovation and passion, (2) sincerity in

divine service and (3) lawful food. The great sage Sahal Tastari was asked : What is the foundation of what we are in? He said : Truthfulness, generosity and courage. He was asked : Give us more admonition, He said : God-fear, truthfulness shame and lawful food.

TRUTHFULNESS: The Holy Prophet was asked about the means of getting perfection. He replied : Truthfulness in talk and action with sincerity. The man who has got these six things is called Siddiq or a great truthful man. The man who has got one or more of these things is called Sadiq or simple truthful man - (1) truth in talk, (2) truth in will and resolve, (3) truth in promise, (4) truth in fulfilling promise, (5) truth in action, (6) truth in various stages of religion.

(1) Truth in talk. In describing past, present and future events, one must speak the truth, but there are exceptions (1) to bring amicable settlement between two contending parties. (2) to win holy war. (3) and to please wives in case of plurality of wives. In these three cases also, sincerity in intention and good will shall have to be guarded. The Prophet allowed exceptions to truth speaking in these three-cases.

(2) Truth in Intention. It is termed Ikhlas or sincerity of purpose. Such a man moves only for God. Sincerity of purpose does not remain if it is mixed with temptations or passions. Such a man may be termed a liar or hypocrite. That is seen in Hadis of the Prophet in which it has been stated that three persons will be asked on the Resurrection Day. Firstly a learned man will be asked whether he put his learning into practice. He will mention his deeds. God will say to him : You have spoken falsehood as you intended that the people should call you a learned man and so you were called. A sage said : The health of Tauhid lies in truthfulness. God says that He testifies that the hypocrites are liars : 'They say that you are the Prophet of God but they do not believe it with their hearts. So their tongue differed from their mind's. Tongue and mind must be the same in case of truthfulness in intention.

(3) Truth in promise. A man may think: If God gives me wealth, I will spend half of it in His way. If I meet with an enemy in the way of God, I will fight with him. If He gives me power of anything, I will administer justice and will not act in party spirit.

He makes such promises in mind. When these things come to him, he turns back. Hazrat Omar said : The action that you strike my neck is dearer to me than your asking me to rule over a people among whom there is Abu Bakr. He did not accept the reign of Government during the life time of Hazrat Abu Bakr.

(4) **Fulfillment of Promise:** The fourth claim of truthfulness is fulfillment of promise. God says : There are such people among the believers who fulfill their promise with God-33:23Q. Hazrat Anas reported that his uncle Anas-b-Najar could not join the battle of Badar. This grieved him very much. He said : By God, if He gives me an opportunity of joining a jihad with the Prophet. He will show what I shall do. In the following year when the battle of Uhud occurred he joined it and became a martyr. He received as many as eighty wounds in his body. Then the above mentioned verse was revealed.

The Holy Prophet said: There are four classes of martyrs (1) A believer with sound faith faces the enemy and fulfills his promise till he meets with martyrdom. Then he raised up his hand so high that his cap fell down and he said : To this man, people on the Resurrection Day will look up as such. (2) A believer with sound faith faces the enemy and sees his face injured as if with the thorns of a thorny tree. Then suddenly an arrow pierces him and kills him. He is placed in the second stage. (3) A believer who has got virtues and vices mixed up faces the enemy and fulfills promise with God and is thus killed. (4) A man who has oppressed much on his soul faces the enemy and is killed. Muzahed said : Two men approached the Prophet and said : If God gives us wealth, we shall spend it in charity. When they got it, they did not keep up their promise. For this, the verse was revealed : There are such persons among them who make such promise with God: If He gives us wealth out of kindness, we shall give it in charity and become of the pious men-9:75Q.

(5) **Outward behaviour must correspond to inner thought:** Another meaning of truthfulness is to make sincere efforts to keep outward conduct and behaviour in consonance with inner thoughts. The inner call must correspond with outward acts. If it does not correspond, show or riya comes in. There are such men who assume humility in prayer and there are such men who stand up in prayer with minds hovering in markets. For this reason the Holy Prophet said : O God, make my mind better than

my outer being and make my outward behaviour good. The saint Atiyyah-b- Abed said : When the inner thoughts and outward behaviours of a believer become the same, God expresses glory for him before the angels and says : This servant of Mine is truthful.

(6) **Complete progress in religion:** This is the highest stage among the stages of religion. It is to keep truth in God-fear, hope, honour, renunciation, contentment, God-reliance, love and other affairs. To this effect, God says : The believers are those who believe in God, His Prophets, and do not entertain any doubt in them and fight with their lives and properties in the way of God. These are they who are truthful - 49:15Q. When the companion Abu Zarr was asked about faith, he mentioned the above verse as the Prophet, being asked, mentioned the above verse. Take one illustration about truthfulness in God-fear. There is no such man who, believing in God and the next world, does not entertain God- fear, but this fear is in name only. It is not the fear of the truthful, For this reason, the Prophet said : I have not seen such a horrible thing as Hell from which a man flees away and falls asleep.

CHAPTER VIII

MEDITATION AND INTROSPECTION

God says in verse 21 : 47 - I will set up a just balance for the day of Resurrection and nobody will get injustice even a bit. I shall produce a thing even to the weight of a musrtard seed. I am sufficient as a Reckoner. God says in verse 18 : 49 : The Book of Deeds will be placed. You will then see the sinners afraid of what will be therein and they will say: O woe to us! What is this record which does not leave anything small and great unrecorded? They will find present what they did and your Lord oppresses nobody. God says: On the day when God will raise them up all, He will inform them what they did. God says: On that day, the people will come up separate in order that they may be shown their deeds. Whoso does a good deed to the weight of an atom shall see it. God says: Then everybody will be given fully what he earned and he will not be oppressed. God says: On the day when every man will see before him what he did of good and bad deeds, he will wish if a long time had elapsed between him and his deeds. God warns you of this. God says: Know that God knows what is in your mind. So fear Him.

Know for certain that He will not give you salvation without introspection of your passions, correct movements good thoughts, examination of breaths and time. Who takes account of himself before his accounts are taken, his accounts easy on the resurrection day as his reply will be ready will be at the time of question and his resting place will be good. He who does not take account of himself and his activities will be driven to a place of dishonour and chastisement. So God advices the believers by saying: O those who believe take to patience, compete in religion and be ready always - 13 : 200.

SIX STAGE OF SPIRITUAL EFFORTS: There are six stages of efforts. - (1) The first stage is Mosharata that is to bind oneself in a firm tie by setting up condition with passion. (2) The second stage is Morakaba i.e. to guard oneself and examine passion by good thoughts. (3) The third stage is Mohasaba i.e. to take account of passions. (4) The fourth stage is Moakaba i.e. to punish passions. (5) The fifth stage is Mojahada i.e. to disobey the dictates of passions by constant efforts. (6) The sixth stage is

Moataba i.e. to rebuke passions. The basis of these stages is Mohasabah or to take account of oneself.

(1) **First stage-Mosharata.** The first stage of taking accounts of passion is to enter into an agreement with it before any action. The object of business of two partners is to get profit at the time of accounts of business. As a tradesman gets help from his partner and hands over to him capital for business and then takes account from his partner, so wisdom is the capital in the way of Allah for making profit in the world next. Its soul intention and profit is Tazkiatun Nafs or purification of one's soul from passion as there is success and salvation in it. God says: He who makes it pure gets salvation and he who corrupts it is destroyed - 91 : 9. His salvation depends on good works, and wisdom helps him in this business as it keeps it under control by keeping it engaged in works of correction. If the partner destroys the capital, he is considered as an enemy. For this reason terms and conditions are settled first with a partner. Secondly care is taken with regard to the principal money invested. Thirdly, the accounts are taken very strictly off and on. Fourthly if any defect is found, the partner is to be rebuked and if necessary punished. Same is the case with the business of the affairs of the next world. Firstly conditions are to be settled with passion, duties are to be fixed on it, the path of its salvation is to be shown, order is to be issued to it, so that it may tread the path and does not become careless for any moment. If it neglects it, it will be a loss to the principal. It then becomes like that treacherous servant who appropriates a property when he sees it left alone. Then at leisure time, it will take accounts of itself. This is a business of which the profit is eternal paradise and to live with the prophets and martyrs.

If strict accounts are taken in worldly affairs, how much is it necessary to take more strict accounts of one's actions for the attainments of happiness in the next world, as the latter is everlasting?

PRINCIPAL OF NEXT WORLD BUSINESS IS LIFE: Life is nothing but an accumulation of many breaths. So every breath is just a precious diamond which cannot be purchased with anything in the world. It is a priceless jewel which has got no substitute in value. So in movements, talks and in sorrows and happiness, such a priceless breath should not be spent in vain. To destroy it is to court destruction. An intelligent man cannot lose

it. When a man gets up at dawn, he should enter in to agreement with himself just as a tradesman contracts with his partner. At that time, he should address his mind thus: O mind, you have been given no other property precious as life. When it will end, the principal will end and despondency will come in seeking profit in business. Today is a new day. Allah has given you time that is he has delayed your death. He has bestowed upon you innumerable gifts. Think that you are already dead. So don't waste time. Every breath is a precious jewel. Man has got for each day and night 24 treasure houses in 24 hours. Fill up these treasure houses by your good actions in this world. You will then find them filled up with divine sight in the world next. If they are not filled up with good works, they will be filled up with intense darkness wherefrom bad stenching smell will come out and envelop them all around. Another treasure house will neither give him happiness or sorrow. That is an hour in which he slept, or was careless, or was engaged in any lawful work of this world. He will feel grieved for its remaining vacant.

Another principal thing of the next world is organs of actions. Thereafter you will think of instructions to the organs of your body eyes, ears, tongue, stomach, sexual organ, hands and feet. Use all these organs by placing them under the control of your soul, as these are servants of the king soul. The Hell has got seven doors which are your seven organs of action. Every door has got its own separate function. Those doors are against him who do sins with the help of these seven organs. So instruct them to save the soul from these sins.

MERITS OF DEEP MEDITATION: The Holy Prophet asked Gabriel about Ihsan (doing good). He said: The meaning of Ihsan is to worship God in such a way as if you are seeing Him. The Prophet said: Worship Allah in such a way that you actually see Him. If you think that you are not seeing Him, then think that He is seeing you, Allah says: Allah watches you - 4 : 1. God says: Don't you see what every man earns? He says: Does he not know that God sees - 16 : 14? The meaning of "Allah watches over you" according to Ibnul Mobarak is - keep the thought in mind as if you are seeing God. The great sage Abu Osman Magrebi said: The best way on which man can lead himself is taking account of himself keeping watch over himself and doing all deeds with wisdom.

Ibnul Ata said: Constant meditation over truth is good divine service. The people are seeing your outward activities but God sees your inner mind how it works. It is reported that a certain Pir or spiritual guide had a disciple whom he loved dearer than his other disciples. One day some of his disciples said to their Pir: You love this disciple of yours more than us although we are your elderly disciples. The Pir then advised them to bring some fowls and knives. When this was done, he gave each disciple one fowl and one knife and told them to bring them after being slaughtered in such a way that nobody saw them. Everybody brought his fowl slaughtered, but the disciple whom he loved very dearly took back the fowl alive. The Pir asked him: Why have you not slaughtered the fowl like my other disciples? He said: I found no such place which is not within the sight of anybody, as Allah exists everywhere. Then they thought that really the Pir had the best reason to love him more.

It is reported that when Zulaikha closed the door of a lonely house to satisfy her lust with Eusuf, she covered the eyes of the idols within the house. At this, Hazrat Eusuf said: It is a wonder to see that you cover the eyes of the dead idols out of shame. Why should you not be ashamed of the best powerful God?

It is reported that one young man intended to have sexual intercourse with a grown up girl, but the girl said: Don't you feel shame? He said: Whom shall I be ashamed of? Nobody will see me except stars. The girl said: Where is the Creator of the stars?

Muhammad b-Tirmizi said: Think of Him from whose sight you cannot hide yourself. Be grateful to Him whose gifts are not cut off from you, Submit to Him to whom you are in want. Be modest to Him from whose kingdom you cannot go out. God says: 'God is pleased with them and they are also pleased with Him. This is for one who fears his Lord.' رضی الله ورضوا عنه ذالك لمن خشي ربه Some sage was asked about its meaning and he replied that this verse refers to such a person who keeps his mind turned towards his Lord, who takes accounts of himself and earns food for his destination. The great saint Jun-Nun was asked: For what thing will the people get paradise? He said: For five things - (1) steadfastness wherein there is no laxity, (2) Ijtihad wherein there is no mistake. (3) deep meditation of Allah open and secret, (4) waiting for death after being prepared for it and (5) taking account of oneself before Allah takes account of him.

The great saint Sulaiman was asked by a man: Give me instruction. He said: When you commit sin in a lonely place, think then that Allah sees you. If you think in a great sinful act that Allah does not see you, you will become an infidel. The great saint Sufiyan said: Think of One from whom you cannot hide anything. Hope for One who can fulfil His promise. Be careful of One who is the Lord of punishment. The saint Abdullah-b-Dinar said: One day I accompanied Caliph Omar-b-Abdul Aziz to Mecca. On the way, he asked a shepherd to sell a goat to him and he said: I am merely a servant. Hazrat Omar said to him: Tell your master that a tiger has eaten your goat. The servant said: Where is God? At this Omar began to weep. The next morning Omar went to his master, purchased him and set him free and said: This word of yours has set you free and I hope this will give you salvation in the next world.

STAGES AND KNOWLEDGE OF MEDITATION

What is meditation? It is to keep the mind towards Him who keeps watch and to keep all thoughts engaged to Him. Meditation is a state of mind which gives fruit named Marfat and that state of mind raises an action on bodily limbs and heart. Meditation therefore means a state of mind and Marfat. The state of mind means turning of heart towards the great Watcher and to keep it engaged in His thoughts and attributes. Marfat is the fruit of this state of mind. The meaning of Marfat is the knowledge that God watches the state of mind, knows its secrets, sees the actions of man and well know what each man does. People see outward actions but God sees inward thoughts and outward actions. This becomes powerful in mind which it turns into a sure faith. There are many knowledges free from doubt which do not become powerful in mind, just as the knowledge of death. Those who have firm belief in this knowledge are the near ones of God.

They are of two classes - Siddiqs, who are owners of good fortune. The meditation of a Siddiq or a great truthful man is about His honour and glory. He is immersed in these thoughts of Allah. When mind is engaged in divine thoughts, the bodily limbs also follow it and do divine service and take trouble for divine pleasure. He who reaches such a stage, keeps himself aloof from society, does not even see those who are present before him and does not even hear them. Take for instance the servants of a

king. They are immerged in his service in such a way that they don't see what happens in his Darbar.

Once Abdul Waheed was asked: Are you aware of such a person in this age who is engaged in His thoughts living in society? He said: I know of one man only who is of such a description. He will soon come to you. Soon after, Otbatul Golam came there. He asked him: Wherefrom have you come? He said: From a certain place. He again asked him: Have you met any person on the way? He replied: With nobody. He passed then by the market and hundreds of people passed by him. It is reported that the Prophet Ihya while passing by the way fell upon a woman whereupon she fell down on the ground. The people asked: Why have you done this? He said: I considered the woman as a wall.

It is reported of a certain saint that he said: While passing by some people, I found them playing with bows and arrows. I found a man among them with whom I wished to talk. At this he said: Remembrance of Allah is better than conversation with the people. I asked him: Why are you sitting alone here? He said: Why alone; My Lord and two angels are with me. I asked him: Who is the best of the people? He said: He is the best whom Allah has pardoned. I asked him: Towards which direction is the path? He hinted at the sky. Thereafter he went away from that place and said: O God, most of the people have turned away from Thee. This is the message of one who immerged himself in God. He does not speak but through Him and does not remember but through Him. Once the saint Shibli went to see the great saint Abul Hussain Nuri and saw him in such a deep meditation as if he was dead. The saint Shibli asked Nuri: Wherefrom have you got this meditation and silent posture? He said: From my cat.

The sage Abu Abdullah Khalif said: I started from Egypt towards the desert in order to meet Abu Ali Rozbari. The great saint Isa- b-Unus the Egyptian said to me that one old man and a young man are engaged in meditation at a place called Sur. If you see them once, you may get benefit from them. Thereafter I started for Sur and on the way I got fatigued owing to hunger and thirst. Round my waist there was a piece of cloth with nothing on the body. As soon as I entered the mosque, I found two men seated towards the Ka'ba and saluted them but they did not reply. I repeated it twice or thrice with no reply. Then I said: I ask

you swearing by God as to why you did not reply to my salutation. The young man raised his head looked towards me and said: O Ibn Khalif, life is very short and most of it passed away. You have taken a portion of the rest of life. O Ibn Khalif, your divine service is very little. Have you found time to meet us?" He said: I will adopt fully your way of life. Thereafter he lowered his head and sat silent.

I prayed Zohar and Asar prayer after staying with them and in the meantime I felt no hunger and thirst. When the prayer for Asr came, I said to him: Give me more admonition. He raised his head towards me and said: O son of Khalif, we are in danger and have got no language for admonition, I stayed with them for three days wherein I took no food and drink and I did not also find them taking food and drink. On the third day, I thought, I will make them to promise to advise me so that I may get benefit. Then the young man raised his head and said to me: O son of Khalif, keep company with the man who can remind you of the remembrance of Allah, who can enkindle in you fear of God, who can give you admonition by his actions and who will not give you admonition by his tongue. Salam to you. Now leave us. This is *the rank of those who meditate.*

(2) **The second stage is the meditation of the fortunate.** There are two methods of meditation at this stage, first before action and second during action. With regard to the method of meditation before action, examine whether you intend to do the work sincerely for Allah or you will do it owing to the dictates of yourself or the devil's machination. If it is solely for Allah, do it, and if it is other than for Allah, be ashamed of it and be off from it and rebuke yourself for intending to do it. There is a saying of the Prophet: A man will be questioned three things if he moves his body to do an action. First question: How have you done it? Second question: Why have you done it? Third question: For whom have you done it? The meaning of the first question is that you should have done every act for the sake of Allah. Why did you do it owing to the dictates of your baser self? The meaning of the second question is that of every action there are ways and means fixed by Allah and whether you have done it after applying those ways and means. The meaning of the third question is whether you did it out of sincere desire to please Him or for any other body or for show. If it was done for show of the

people, God will say: Take rewards from the people. Have you not read My verse? - Those whom you invoke besides God are themselves servants like you - 7 : 194. Allah says: Those who worship other than Allah, are not masters of your provision. So invoke provision from Allah and worship Him only. Have you not heard My Word - Religion is only for Allah?

The Holy Prophet said to Mu'az: A man will be asked even about his application of antimony to his eyes, of his raising earth by his fingers or of his touching the cloth of his brother Hazrat Hasan Basri said that if among them, some one wished to make a gift he pondered over the fact whether it was intended for the pleasure of Allah. If it was for Allah, he would have gifted it. So every one should fix his Niyyat or intention for doing an act. If it is for Allah, it is good. If it is for any other thing, he should avoid it. The Prophet said: He who commits sin loses his wisdom which never comes to him.

Jesus Christ said: Actions are of three kinds - (1) such an action which is expressly good, follow it. (2) such an action which is expressly bad, avoid it, (3) such an action which one cannot ascertain whether it is good or bad. Entrust it to one who knows it.

Hazrat Ali said: Passion is partner of darkness. Introspection at the time of admonition is included within Taufiq or grace, sure faith removes stray thoughts. The fruit of falsehood is repentance. There is security in truthfulness. There are many persons unrelated who are nearer than relatives. He who has got no friend is not known. The great truthful man is he who shows the secret matters as truth. Don't turn your face from your friend owing to bad conjecture. Generosity is a good conduct. Shame is the root of all beauty. Hold fast by God. The maintainer of firm tie between you and Allah is steadfastness. What is good for your permanent abode is sufficient for you in this world. Provision is of two kinds, the provision which you seek and the provision which seeks you. If you do not get it, it must come to you. If any disaster comes to what is in your hand and you become sorry for that, don't be sorry for that which has not come to you. Don't stretch your hand what has not come to you in lieu of what is in your hand, because the affair is the same. Man becomes happy in getting a thing which never perishes. Mind becomes disquiet for losing a thing which is never available. So don't be happy for what you gain in this world and don't be grieved for what you

lose in this world. Be happy for what you send for yourself in advance and don't be sorry for what you leave behind. Be busy for your next world.

The Holy Prophet said: The faith of one who has got these three qualities is perfect - (1) He who does not fear the slander of a slanderer in the cause of Allah, (2) he who does not do divine service for show of people, (3) and when who affairs come before him - one worldly and the other next worldly, he selects more the one next worldly in preference to the worldly one. If anything is disclosed as lawful in his movements even he gives it up as unnecessary, as the Prophet said: It belongs to good Islam that a man gives up what is of no use to him.

(2) Second matter - Morakaba or deep meditation. The second method of self-introspection is meditation before an action, in other words to examine whether the action is done regularly, lawfully and in right manner. When he keeps watch over the divine laws in every action, he is able to make his intention good in divine service. When he sits, he sits facing the Qibla. He does not sit cross- legged as to sit in such a way before the Highest Power is not at all proper. Hazrat Ibrahim Adham said: Once I sat cross-legged when I heard a voice from heaven: Kings sit in such a fashion. Thereafter I gave up sitting cross-legged.

THREE KINDS OF ACTION: All actions can be divided into three classes - virteous acts, sinful acts and lawful acts. Every man is confined within one of these three kinds of actions. Meditation in various actions means to do it with Ikhlas or pure intention and to guard it from faults. Meditation in actions of vices means repentance and examination of engagement in meditation. Meditation in lawful action means observance of rules and laws and to express gratefulness for getting them from the Merciful. So examine yourself in these three kinds of actions.

The Holy Prophet said: A wise man has got four divisions of his time - (1) In one division, he will whisper with his Lord. (2) In another division of time, he will ponder over the wonderful creations of God. (3) In another division of time, he will take account of himself. (4) And in another division of time, he will take food and drink and sleep.

Four kinds of men in respect of meditation: (1) One class meditate deeply and with minute details over food and drink, over the well-arranged plan of God to save animal life and His wonderful gifts in a measured way, and over creation of organs to take food and drink. These are food for reflection of the wise. (2) Another class regard food and drink as troublesome. Greed cannot guide them towards food and drink, rather they are compelled to go to them. This is the stage of those persons who renounce the world. (3) Another class examine and ponder over the skill of creation and realise His attributes. That opens the door of thought. (4) Another class look towards food and drink with greed. They are worried if they are deprived of these things and become happy when they get them.

(3) **Third matter-Mohasabah or taking accounts:** There are great merits in taking accounts of oneself. God says in a verse - "O those who believe, fear God and let a man look to what he sent in advance for tomorrow." There is a hint herein of taking accounts of past actions. For this reason, Hazrat Omar said: Take accounts of your action before accounts are taken from you and weigh your actions before they are weighed upon. There is in Hadis that a wise man should have four divisions of time. In one division he shall take accounts of himself. God says - O believers, return you all to God that you may be successful. The Prophet said: I seek forgiveness to God one hundred times daily.

Some examples are given below how the saints and sages took strict account of themselves and put rigours upon themselves to gain pleasure of God. (1) Hazrat Omar used to beat his two feet with sticks and say: What actions have you done to day? (2) Maimun-b-Mihran said: No man can become God-fearing till he takes strict account of himself more than what he takes from his partner in business, (3) Hazrat Abu Bakr said at the time of his death: There is no friend dearer to me than Omar. Then he corrected himself and said: There is no friend more honourable to me than Omar. This correction was necessary as the Prophet was dearest to him. (4) It is reported of Hazrat Abu Talha that when he was praying, the thought of a wonderful bird of his garden fell in his mind. He became repentant and gifted away the entire garden. (5) It is reported of the saint Ibn Salam that once he was carrying a load of fire-wood. Some one said to him, O Abu Eusuf are not your sons and servants sufficient for

this? He said: I wish to put myself to trial. (6) Hasan Basari said: A believer is a guard over himself. He takes account of himself for Allah. The account of those who take account of themselves in the world will be easy on Resurrection Day and the account of those who do not take account of themselves will be difficult. (7) Anas b Malek said: I came out with Hazrat Omar. He entered a garden and there was a wall only intervewing between him and me. I heard him say: Well, Omar, you are pleased with the word. Ameerul Momeenin (Leader of the faithful). Beware! Fear God and be prepared to accept the punishment of God. (8) Maimun-b-Mehran said: A pious man takes account of himself more strictly than what his king or greedy partner takes from him.

What is taking account? The obligatory duties are the principals of religion and the additional or optional duties are the profits and the sins are the losses of actions. The season of this business is the full day and night. At first, accounts shall have to be taken for the obligatory duties. If these are performed daily, he shall express gratefulness to Allah. If he destroys the principal, he must sit in judgement over himself. In that case, he must compel himself to do optional duties. If he does sinful acts, he must give punishment to himself.

It is reported of Taubah-b-Samah that he used to take account of himself. When he was 60 years old, he counted twenty one thousand and nine hundred days during these sixty years. Then he raised a shriek and said: Alas! if I committed one sin everyday, I met with angels with 21,900 sins. If I committed ten thousand sins, what will be my condition? At this thought, he at once fell down senseless and breathed his last. An unseen voice was heard by the people: He went to the highest Ferdous. If a man fills up his courtyard with a stone for each sin, it will soon be filled up. Sins are preserved more easily than virtues by the two angels, but the people forget it.

(4) **Fourth Matter-Muaqabah.** In this stage, punishment is given to self. If the self commits sin, it is improper to give him time as it will be easier for him to commit sin again if it is given time and ultimately passion will go beyond control. That will be the cause of destruction. When he eats with satisfaction any doubtful food, he must given punishment to stomach by keeping it hungry. When he looks with passion at any strange woman, he

must give punishment to eyes by withholding the eyes from sight. In this way all the limbs of the body should be given punishment if they are involved in sin. This was the habit of those who were treading the path of the next world.

Below are some instances of self-inflictment of punishment for sins committed. (1) Mansur-b-Ibrahim stated that a man, while talking with a woman, placed his hand suddenly upon her thigh. Thereafter he became repentant and burnt his hand by placing it on fire. (2) It is said of a saint of Banu Israil that he used to make divine service at his sanctuary. One day a woman came to him and the saint expressed his desire to have sexual intercourse with her and advanced one step towards her. At once he remembered God and said: Alas! what action I am going to do with this woman! When this leg took a step to commit a sin, I won't take it back to my sanctuary. He hung it up with the door of his sanctuary till it was completely destroyed owing to sun and cold.

(3) **The great saint Junaid said:** I heard Ibn Qaribi to say: I had a sexual polition in an intensely cold night. When I intended to have wash, my inner self told me to make delay and to take wash in the morning with hot water of the bath-room. I made divine service throughout my life. I should have washed myself without loss of time. I promised owing to the above dictation of self that I should have immediate wash with my cloth on and I would be wearing that wet cloth in cold season till it dried up on the body. In that way, he punished himself. (4) It was reported of Gazwan that when a certain woman joined a Jihad, he looked towards her and raised her hand towards her. At this, he slapped his eyes with such force that they became swollen and he said to his eyes: You are looking at such a thing which will do you immense harm.

(5) A certain man among them looked towards a woman with lust and he gave such a punishment to himself that he did not drink cold water during his life time. He used to drink warm water so that his thirst remained. (6) It is reported of Hassan b-Abi-Senan that he once passed by a fine building and said: When such a fine building was built? Thereafter he reproached his self and said: Why have you uttered such a word which will be no use to you? I will punish you by fasting for a year. He observed the fast and did not drink cold water during his whole

life. (7) The great saint Tamim Dari was so overtaken with sleep at a certain night that he could not pray his Tahajjud or night prayer. He therefore inflicted punishment on his self to the effect that he performed prayer throughout the night for one year without having any sleep at night.

(8) **Hazrat Talha said:** Once a man took off his cloth and laid himself on an intensely hot sand in summer and said: Take taste of the fire of hell which is hotter than this. O dear one of night and idle one of day. When he was in such a condition, the Holy Prophet came to him from the shade of a tree and he told him: My baser self has become powerful over me. Then the Prophet said to him: There is no other medicine for this except the one which you have adopted. Look, the door of Paradise has been opened for you and the angels take pride for this act of yours. Then he told his companions: Take lesson from your brother.

(9) The great sage Ibn Samah went to see the saint Daud Tai when he died and lay in his room. He said: O Daud you have imprisoned your lower self before you have been imprisoned. You have given punishment to your self before you have been punished. You will soon see the rewards of that for which you have done this. (8) It is reported of Hazrat Omar that he used to whip his feet every night and say: What action have you done today? (10) It is reported of saint Mojma that while he was looking at a roof, his sight fell on a woman. Then he promised that he would not look at the sky during his life-time. He fulfilled his promise. (11) The great sage Wahab once had a greed for something but he did not satisfy his greed. As a result, he uprooted some of hairs of his chest by way of punishment and said: Woe to you! I want your good but you want my evil. (12) Once Ibn Bashr saw the saint Daud Tai breaking his fast with bread without salt and said: It would have been better if you had taken bread with salt. He said: My self is telling me to take bread with salt for one year. Daud did not take salt till his life.

The above few examples will show how the pious and saintly persons used to give punishment to themselves. It is matter of wonder that while you give punishment to your servants and slaves and your sons and daughters for some bad conduct of theirs fearing that unless you give them punishment they would go out of your control, you overlook your worst enemies and rebels against you. The harm that is caused to you by your

rebellious self is more than the harm caused to you by the members of your family, because their object is to gather provision for you in this world, but the object of soul is to gather next worldly provision. Had you had intelligence you must have known that the life in the next world is the real life and there is eternal bliss of God. So to give punishment to it is more necessary than to give punishment to them.

(5) **Fifth Stage-Mojahadah (efforts).** Mojahada is to conduct oneself against the dictates of the lover self, in other words, it is to fight against it. When you take account of yourself, you will find that you have gone far from sins. So punish yourself for past sins, bind yourself with more duties when you are bound to do your duties. The great sages of past ages used to do this. Below are some examples of this self inflictment of punishment.

(1) Once Hazrat Omar was late in performing Asr prayer in congregation. For that he inflicted punishment on himself by a gift of his property worth two lac dirhams. (2) Hazrat Ibn Omar used to pass sleepless night if he could not join in any congregational prayer. Once he was so late in praying Magrib prayer that there appeared two stars in the horizon. For that, he gave manumission of two of his salves. (3) Once Ibn Obai could not join Fajr prayer in congregation. For that, he set free a slave. (4) A certain pious man fasted for a year for some minor defect, made pilgrimage on foot and made a gift of his entire property.

(5) A group of people went to see Caliph Omar b Abdul Aziz in his illness. There was a young man among them who was very lean and thin. Caliph Omar asked him: What has happened to you? He said: O Commander of the Faithful, I have got a disease. The Çaliph asked him: I ask you in the name of Allah: Speak the truth. He said: O Commander of the faithful, after enjoying the world, it has become distasteful to me. I am as if seeing the Throne of God and see the people being led either to Paradise or to Hell. For that I am passing nights without sleep and my taste of life has gone.

(6) **The sage Abu Nayeem said:** The great saint Daud Tai used to take wheat dissolving it in water and not used to take prepared bread. When asked about it, he said: In the time taken for eating bread fifty Quranic verses can be read. Once a man came to him and said: The beams of your roof have broken. He

said: O cousin! for the last 30 years I did not look towards my roof. They used to consider even look without purpose as vain talk.

(7) **Muhammad-b-Abdul Aziz said:** We were seated before the saint Ibn Razin. He used not to turn his look towards right or left from morning to afternoon. When asked about it he said: God Almighty created these two eyes to see his glory and gifts. Whoso turns his look without the purpose of getting lesson, one sin is written for him.

(8) The wife of the saint Masruq stated that Masruq used to stand so long in prayer that his two thighs got swollen. She said: By God, my eyes shed tears owing to compassion on him.

(9) **The great saint Abu Daud said:** I could not have lived even for one day without these three things:- (1) to pass a long time without food and drink for the sake of Allah, (2) to lie down in prostration for Allah at mid-night and (3) to keep company with those who are pure in all ways and whose whole body is filled up with wisdom.

(10) It is reported of the great saint Aswad that he took excessive trouble in his divine service. He used to keep fast in summer so much so that as a result his body assumed a yellow-colour. Alqamah-b-Qais used to tell him: Why do you inflict so strict punishment on yourself? He used to say: I seek His honour. He used to pray so much that he sometimes fell down. Once Hazrat Anas-b-Malek and Hasan Basari came to him and asked him: The Almighty Allah has not enjoined you to do these actions. He replied: I am a mere slave. I can't leave anything of humility.

A certain Mujtahed used to pray standing thousand rakats daily. As a result, his feet were attacked with rheumatism. Then he used to read one thousand rakats of prayer sitting. Thereafter he used to say: It is a wonder to me how a man can hope for other things with your help. It is a wonder to me how the people can love others leaving you? It is a wonder to me how their hearts can be lighted without your rememberance?

(11) **The saint Junaid said:** I did not see anybody more devoted to divine service than Sarri Sakti. He lived for 98 years.

During this long period, nobody saw him taking recourse to bed except in death illness.

(12) Once some people passed by a saint and found him taking great pains in divine service. On being asked about its reason, he said: Can this pain be compared to the dangers and difficulties that may confront a man? People are indifferent. They are immerged in their thoughts of happiness and forget the great happiness from the Lord. At this everybody began to shed tears.

(13) **Hazrat Abu Mohammad Magazali said:** The great saint Abu Muhammad Jariri lived for full one year at Mecca. During this time, he did not sleep, nor did he talk with anybody, nor did he lean against anything, nor did he stretch out his legs. Abu Kattani Bakr asked him: O Abu Mohammad, how have you been able to do this wonderful thing? He said: Inner sincerity helps my outer works to a great extent. Qattani pondered over the matter and went away.

(14) **Some sage said:** I went once to the great saint Fateh Mosalli and saw him shedding tears stretching out his hands. I saw even that tears oozed out even from his fingers. On coming near him, I found that tears mixed with blood were comming out of his eyes. I asked him: O Fateh, tell me by God why are you shedding tears mixed with blood? He said: Had you not asked me about it in the name of God, I would not have told it to you. It is a fact that tears mixed with blood are coming out of my eyes. It is on account of my shortcomings in divine services that I am shedding tears mixed with blood. Only tears are no expliation for this. When the great saint died, I saw him in dream one night and asked him: How have God treated with you? He said: He has forgiven me. I asked him: What has He done for your tears? He said: My Lord has given me the status of nearness and said to me: O Fateh, the reward of your tears is near Me. I said: I shed tears for my shortcomings in duties towards you. He asked me: What is the cause of shedding blood? I said: My Ikhlas has not come only by shedding tears. He said to me: O Fateh, what necessity have you got in this for all actions? By My glory, no defect was written in your book of deeds for the last 40 years.

(15) There is a story that a group of people went astray during a journey and passed by a saint who was doing divine

service in a lonely place apart from the society of men. They called him and when he was about to come out of his sanctuary, they told him: O pious man, we have come here being astray. Show us the right path. He hinted at the sky with his head. They understood what he hinted at and asked him: We are asking you some questions. He said: Ask but don't ask many questions, as this time will never return and life will never come back, and the Great searcher (death) is coming soon. At this, the people were astonished and asked him: O pious man, on what condition will the people come on the Day of Resurrection? He said: On their Niyyat. They asked: Give us more admonition. He said: Take provision in preparation to your journey as the thing which takes you to your God is good provision. Thereafter he showed them the correct path and entered his sanctuary.

(16) **The great saint Abdul Wahed said:** Once I passed by the sanctuary of a saint of China and asked the saint: O pious man. He did not reply. I asked him the second time but still he did not reply. At the third time, I called him and he approached me and said: O brother. I am not a recluse. A recluse is he who fears Allah in heaven, honours Him for his glory, forbears in dangers and difficulties, remains satisfied with Taqdir or predecree, expresses gratitude for his gifts, praises Him for His gifts, expresses humility before His glory, surrenders before His power, thinks over His taking to our accounts and punishments, fasts during His day and prays during His night, keeps awake in fear of His questions. He who has got these virtues may be called a recluse or one who renunciates the world. I am a biting dog. I have become isolated from the people, so that I am unable to attack them. I asked him: O one who has renunciated the world, what thing makes a man isolated after he knows of God? He said: O my brother, mere love of the world and its fineries cut off a man from God, because the world is a place of sins and faults. He is wise who removes these things from his mind, repents to Allah for his sins and does what takes him near God.

(17) **The great saint Daud Tai was asked:** Why do you keep your beard without care? He said: Where is my time for that?

When the mother of Rabi saw that his son was weeping excessively and passing sleepless nights, she said to her son: O my darling, you have perhaps killed somebody. He said, O my mother, yes, I have killed. His mother said to him: Whom have you killed? I will take pardon of the family members of the murdered person. By God, if they see your condition, they will certainly show kindness to you and pardon you. He said: O mother, I have killed my baser self.

(22) **The great saint Omar said:** My maternal uncle Basr-b-Hares said to my mother, O my sister, I have been suffering very badly owing to pain in my stomach. My mother said to him: O brother, if you say, I shall prepare for you Harisa with some wheat. If you take it, your stomach may be healed. My maternal uncle told her: Woe to you. God will question me: Wherefrom have you got this wheat? I fear it. I do not know wherefrom you have got it. My mother began to weep along with my maternal uncle. Even I also began to weep. Omar said: My mother saw him extremely hungry, even he felt weakness in taking breath. My mother said to him: O my brother, had your mother not given birth to me, it would have been good. By God, my spleen is being cut seeing your condition. I heard that he was saying to my mother: O my sister, I am saying it also. Had not my mother given birth to me, it would have been better. Even after birth, had she not suckled me, it would have been better. My mother wept day and night for me.

(23) **The sage Rabi said:** Once I came to the great saint Wais Qarni and saw him seated after morning prayer. I also took my seat and thought that I won't disturb him in his Tasbeeh. In that

condition, he prayed Asr prayer. After Asr, he remained in that posture upto Magrib. Thereafter he began to read Tasbih upto night prayer. After night prayer, he remained in his posture till the next morning prayer. Thereafter when the slumber overtook him, he said: I seek refuge to you from the oppression of the sleeping eyes and the greedy stomatch. Seeing this condition of his, I though that it is a sufficient lesson to me. Then I came back.

At first he covered his body with a long gown and afterwards he put it off. He did not move from one side to another upto the morning prayer. Thereafter when the Muazzen raised the cry for prayer, he went to pray without any new ablution. At this, doubt was raised in my mind. I asked him: May God show mercy on you. You have passed sleepless night but you have not renewed your ablution. He said: I was travelling last night sometimes in the gardens of Paradise and some times in the caves of Hell. Can I sleep in the midst of these things?

His mother used to say to him: What are you doing with your baser self? You are weeping the whole night and not taking recourse to silence. He used to say: O my mother, I well know what I am doing with my lower self.

(29) **People asked Amer-b-Abdullah:** How can you keep patience in passing nights without sleep and keeping thirsty in mid-day? He said: It is not a great thing to take day-time food at

night and to take sleep of night at day time, but I have found nobody to sleep who searches for Paradise and who flees away from Hell. When the night came, he used to say: The heat of the fire of Hell has removed away my sleep. He did not sleep upto morning. When the day dawned, he used to say: The heat of Hell has removed my sleep. He used not to sleep in day time till the night came. At the coming of night, he used to say: He who fears God takes rest at dawn.

He remained in that position till the rising of the sun. Then he lifted his hand up and said: By God, I saw the companions of the Holy Prophet. I find none today who can be compared to anyone of them. They appeared at dawn with their hairs dishevelled, laden with dust and the hairs of their head not arranged. They used to pass the whole night in prostration and reading the Holy Quran. Pressure was put repeatedly on their feet and forehead. When they used to make Zikr, they become as the trees fall down in a day of storm, their eyes flowed so much of tears that wetted their cloths. At that time the people around them passed their nights heedlessly in sleep.

(32) It has been reported of Abu Moslem Khaolani that he used to keep a stick hanging in his prayer room and threaten his baser self therewith. He used to say to his self: By God, rise up, I will fight with you such a fight that will exhaust me. When he was idle, he used to take down the stick and beat his buttock and said: You are entitled to receive beating more than my conveyance. He used to say: Did the companions of the Prophet think that they alone adopted the religious affairs while we have got no share in it? By God, I will be a good partner in their affairs, till they knew that after them there was a man who was not in any way inferior to them in status.

(33) **The great saint Safwan-b-Solaiman** used to pray so much that his waist was attacked with rheumatism. He used to take so much pains in divine service that if he were told that

Resurrection would come tomorrow, he would not have been seen to do more divine service. During winter season, he used to sleep on the roof in order to feel the intensity of cold and during summer, he used to sleep within a room in order to feel the intensity of heat. He used to pass sleepless nights and he died in prostration. He used to say: O God, I love to meet You. So love to meet me.

(34) **Qasem b-Mohammad said:** On rising at dawn, I used go to my niece Ayesha and salute her. One day I went to her in the morning and heard her reading the verse in the forenoon prayer: God has bestowed favour on us and saved us from the punishment of the enemies. She repeated the verse and made invocations. I became tired at this, but she was deeply engaged in her prayer. I went to the market and thought that I would come back if I got leisure. I returned and saw her in that condition reciting the verse again and again and weeping.

(37) **Hazrat Hasan Basari said:** What is the condition of those who make efforts in religion? Their face is the most beautiful, as they remain isolated with their Lord and get light from His light.

(38) **The saint Amer-b-Abdul Qais used to say in his invocation:** O Lord, you have not asked me anything when You created me. So you will not ask me anything when you will take away my life. You have created such an enemy for me who runs in me as the running of blood, who sees me but whom I don't see. You have told me: Hold fast to Me. O God, if you do not hold me fast, how can I hold fast to you? O God, there are innumerable troubles and anxieties in this world and there is account in the next world. So where is peace and happiness?

(39) **Hazrat Jafar-b-Mohammad said:** The great saint Otbatul Golam used to raise three cries, with songs at each cry. After night prayer, he used to meditate placing his head between his two knees and when one third of the night passed away he used to raise a cry. Then again he placed his forehead between his knees and meditate. When two third of the night passed, he used to raise another cry. Thereafter he took his former position and meditate. At Sehri time, he used to raise another cry. I asked some learned man of Basra about this and he said: Don't look to his cries, but look to his condition between his two cries.

(40) **Qasam Rashed Shriani said:** The saint Jam'a came to us with Mashab. He had his wife and daughter with him. He prayed long at night, and when the Sehri time came, he said very loudly: O people engrossed in happiness, are you overtaken by sleep during the whole night? Will you not rise up and start? At this, they woke up. Some wept, some sought invocation, some recited the Quran and some made prostration.

(41) **A certain sage said:** There are servants of Allah upon whom He showered His blessings and He expanded their breasts. They obeyed Him and believed in Him. They surrendered to Him their affairs of the world and the next world. Their hearts were mines of transparent sure faith, fountains of wisdom, reservoirs of glory and treasure houses of power. They were advanced among the people. Their hearts used to roam in heaven and take refuge in the screen of the unseen. When they returned from that place, they had with them immediate benefit and grace which none could describe. They lived in internal grandeur like gold and lived outwardly life like used handkerchief. They used to talk with modesty with everyone.

(42) **A certain sage said:** I was roaming in a certain place of Jerusalem. When I was never a valley. I suddenly heard a sound. The valley responded to that sound which was high. I ran up following the sound and came to a garden where there were many trees. Suddenly I came to a man who was reciting the Quranic verse repeatedly:

The day when everybody will see his good deeds presented. He said: I sat behind him hearing his recitation. Then he suddenly raised a shriek and fell senseless. I said: Alas! it has occurred owing to my misfortune. I then waited for his recovery. After sometime he

regained consciousness and I heard him say: I seek refuge to You from the stage of the liars. I seek refuge to You from the complaint of the heedless. Then he said: The hearts of God-fearing men are afraid of you, the sinners then become afraid of you, the hearts of the Arefeen become modest to Your glory.

Thereafter he put down his hands and said: What connection have I got with the world and that of the world next? O world, as you are, so you go to those people. Give all sorts of happiness to those who love you. Then he said: Where are the persons of bygone ages? They have now become rotten underneath the ground. They are now drowned in the ocean of forgetfulness? I said to him: O servant of God, I am staying with you from today. I am awaiting your leisure. He said: How can he get leisure who runs fast in search of Him? How can the person get leisure whose days have come to an end and whose sins remained behind? Then he said: You are for every difficulty whose advent I wait for. Then he recited this verse: 'What they did not think of appeared to them from Allah.' Then he raised a louder cry and fell senseless. I thought that his life has gone. I came to him and saw him fluttering. When he recovered, he said: Who am I? What is my thought? Forgive my faults by Thy mercy, cover me with the screen of Thy mercy and wipe out my sins by the splendeur of Thy face, When I sand before Thee, I tell that benevolent man whose help I expected: Talk with me. He said: Talk with One whose talk will do you benefit and don't talk with one who will be destroyed by his sins. I am fighting with the devil here in accordance with the wishes of God and the devil is fighting with me but you want me to take me out of my condition. O disgraceful devil, be aloof from me, as you have baffled our language. I seek refuge to Allah from setting up partner with God. I hope He will give me refuge from His displeasure and shower blessings on me by virtue of His mercy, I thought in my mind that the man is the friend of God. Then I left him.

(43) **A pious man said:** While I was travelling, I took refuge under the shade of a tree. An old man came to me and said: O gentle man, rise up. Their is no death of death. Then he was departing. I followed him and heard him say: Every soul shall taste of death. O God, give me good after death. I said: What will happen after death? He said: He who firmly believes what will come after death takes a great care and finds no place in the

world to take refuge. Then he said: O God! I look at One who makes a man's face luminous, my mind has become filled up with your love. Give me refuge from being dishonoured by you on the Resurrection Day. My time for return has come. Then he said: Had you had no patience even my death would not helped me. Had you had no pardon, there is no hope of nearness to You. Then he left me.

He said: It's age is 7000 years. He asked: What is the duration of the Resurrection? He replied that it is 50,000 years. He said: Is there any man who does not take trouble for seven days only to live in happiness on the Resurrection Day?

The following are few instances of the saintly women who undertook great hardship in the path of religion.

(45) It is reported of the saint Habibah that when she performed night prayer, she stood upon her roof. She used to make her coat and Dopatta short and say: O God, all the stars have appeared, all men have fallen asleep, all the kings and emperors have closed their doors, every lover is engrossed in his love with his beloved. My condition before you is similar. Then she engaged herself in prayer. At dawn, she used to say: O God, this night has passed away and this day has come. I don't know whether you have accepted this night from me, so that I may be grateful to you, or you have rejected this night, so that I may be sorry for it. By Thy glory, I shall be steadfast to this path so long as you keep me alive. If you drive me away from your door, I can't go from you for what little grace and goodness I received from you.

Include me as one of those who surpassed and give me the status of those who will live in Ilyyin paradise", and who have been brought near Thee and give me Taufiq or grace of the company of your pious souls. Thou art merciful, glorious and honourable.

Then she fell down in prostration and remained in that condition up to morning.

(47) **The saint Shaoanah. Ihya-b-Bostami said:** I was present one day in the assembly of the saint Shaoanah. When I heard her cries and bewailings, I said to one of my friends: When she remains alone, I wish to tell her : Take an easy path on yourself. He said : Tell her if you like. I came to Shaoanah and said : It would have been better if you would have taken a less strict path upon yourself and wept less. She was weeping and said : By God, I love to weep, so that my tears come to an end and then I shed blood till not a drop of blood remains within my body. Wherefrom comes my weeping ? She repeated it many times and then fell senseless.

(48) **A saintly woman said:** I saw a dream that I had entered into paradise and seen its inmates standing at its door. When asked the reason of their standing, someone of them said : They are standing to receive a woman in paradise for whom it has been decorated. He asked : Who is that lady ? They said : She is a black slave woman named Shaoanah. Then I saw her climbing on a camel and hovering over the horizon, I cried aloud and said to her : O my sister. She smiled and said : The time has not yet ripe for you to come here, but observe two things. Keep sorrow attached to your heart and place your love for God above your temptations. If you can do these two things, nothing will harm you at the time of your death.

(49) **The great saint Jun-nun Misri said:** One night I came out to the valley of Kanan and ascended its top and saw that a black shadow in the form of a human being was following me and was reading the verse of the Quran : "What they could not think of was disclosed to them from Allah". It was crying. When the shadow drew near, I saw that it was that of a woman wearing the dress of Sufism. There was a pot in her hand. She asked me : Who are you ? I said without fear : I am a stranger. The woman said : O gentle man, is there a stranger near Allah ? I began to weep at her words. She asked me : Why do you weep ? I said : I received the right medicine for my disease.

(50) **Ahmed Ibn Ali reported:** When we asked permission for an interview with the saint Afia, she did not give us permission. We still kept to her door. When she came to know of it, she said :

O God, I seek refuge from those who want to keep me away from your remembrance. There after she opened the door and we entered. We said : O man of God, pray to God for us. She said : God has received your seeking pardon well at my house. She then said : The great saint Ata Salam did not look towards the sky for 40 years. Thereafter a sudden look towards the sky unawares made him senseless and as a result one screen of his stomach was severed. Alas to Afia. If she turns her look once, will that not be sin?

If you pardon me. who is more responsive in pardon than you ? If you give me punishment, who is there more just than Thyself ? O God, your look of mercy remains for me still. Alas for me if fortune does not touch me still. O God, keep me in the path of religion during my life time, cut not off Thy look of mercy from me even after my death. O God, how can I be despaired of Thy mercy after my death ? Who will look over me during my life time except the everloving beautiful. O God, if my sins make me anxious, my love for you has given me shelter. Shower blessings on him who has been deceived by her ignorance. O God, if you have wished to dishonour me, you should not have given me guidance, If you have wished to dishonour me you should not have covered my sins. Give me that guidance for all the time to come which you have given to your dear ones. I don't think that you would reject the purpose for which I spent my whole life. O God had I not committed sins, I would not have feared your punishment. Had I not disobeyed you, I would not have hoped for your reward.

(54) **The saint Khaoas said:** Once I entered the prayer room of a woman. She became black as a result of constant fast owing to constant weeping. She was attacked with rheumatism and became blind for constant prayer. Thereafter she used to pray siting. When I saluted her, she cried : I know best of myself. How good it would have been if Allah had not created me, if I would not become a thing to be even mentioned. Then she began to pray.

Don't obey the majority of the people of the world, but follow the teachings and ways of life of saintly persons who dedicated themselves to the cause of God. The stories of the pious and the saints are numerous, but what has been described above is sufficient for the wise. If you want to know more of them read the lives of the friends of God who were mostly the companions of the Prophet and their immediate successors. If you follow your contemporaries, you will be good in their eyes but loser in the hereafter. If you do not follow them, they will call you mad, while it will be good for you in the everlasting abode and you will enjoy its peace and happiness. So don't engage yourself in the net of their fraud.

SIXTH STAGE—MUATABA (SELF REBUKE)

O Readers, know it for certains that the worst enemy which confronts you is your baser self. It has been created in such a way that it enjoins evil deeds, runs after evils and flees away from what is good. You have been therefore ordered to lead it aright in the straight and correct path. Engage it by force and lead it to the divine service of the Lord, prevent it from greed and passions and deprive it of its joys and happiness. If you neglect your baser self, it will be disobedient to you. You will not then be able to overcome it. If you rebuke it always and treat harshly with it, you will be victorious. This is called self accusing spirit. God has taken oath of it. Hope that it is converted to self-satisfied spirit and becomes one of those friends of God who are self-satisfied and satisfy their Creator. So don't forget to chide your base self, first give instruction to yourself and then to others. The Almighty revealed to Jesus : O son of Mary, give instruction first to yourself and when you carry it into action, then give lessons to the people or else you will be put to shame before Me. God says : Remind one another as reminder benefits the believers. The baser self should constantly be rebuked and scolded, specially

when it is linked with ignorance. In the following ways. The baser self and passions should be rebuked and then brought under control.

1. O baser-self, how great is your foolishness ? How do you think yourself as intelligent, while you are greatest in ignorance ? Don't you find Hell and Heaven before you? You are going near to either of the two. Why do you then enjoy and are in laughs and jokes though you may face with death either to day or tomorrow? Allah sees your death near while your think it too far. Don't you know that what is coming in near and what is not coming is too far ? Don't you know that death will attack you all of a sudden ? Before its coming, it will not inform you beforehand or its agent will not be sent to you before. It will come suddenly and alone. When it will come, it will not tarry a moment. It will not inform you when it will come, whether soon or late in summer or in winter, at day time or at night, in youth or in old age, Rather it may come at the time of every breath, every breath may be your last breath, and death-illness may suddenly overtake you. So what is the matter with you that you are not preparing yourself for death although it is very near you? Don't you ponder over the following verse of God : Accounts of men are near, while they out of heedlessness are turning back.

2. O baser-self, woe to you ! If you believe that God does not see you and for that you dare to disobey Him, how daring you are ! If you know that God knows of you, how great is your ignorance and how little is your shame. Alas for you. If your brother or your servant tells you what is disliking to you, how great is your wrath upon him. How then can you be safe from the wrath and severe punishment of Allah? Do you think that you can bear His punishment? Never, you cannot. Drive the thought out of your mind. If haughtiness keeps you unmindful of His severe punishment, stand in the scorching sun for an hour or stay in the warmth of the bath-room and place the front of your fingers in fire and see what power your possess If you think that your are unmindful of His service out of sheer hope of His mercy and forgiveness, then why do you not rely on the mercy of God in the affairs of the world? If an enemy attacks you why do you take recourse to counter attack to drive him away and do not sit idle relying on God? Why don't you say- Allah will drive him away ? When any earthly desire bites you and you cannot drive it away

without money, why then do you strive hard to earn it and adopt various methods to acquire it ? Why don't you rely on God for that ? God will never tell you about His hidden treasures. He will not make the people subservient to you, so that they may take to you your worldly needs. Do you think at that time that God will not show mercy in this world? Your have known that there is no change in God's Laws and that the Lord of this world and the next is one, and that there is nothing for man but what he strives for.

3. O baser-self ! Woe to you, how wonderful is your hypocrisy and false claim. You claim faith by your oral utterance of Kalema, but the sign of hypocrisy is upon you. Have not your Lord said to you—There is no animal in the earth whose sustenance is not upon God—11 : 6 (Quran)? Has He not said with regard to the affairs of the next world : There is nothing for man but what he strives for", your have taken it true regarding your worldly affairs but you have given it up regarding your affairs of the hereafter. You have proved it false by your actions. You are heedless in searching Him. while He place the affairs of the next world upon your efforts. You have turned your face from that like a proud and self conceited man. It this the sign of your faith ? If the meaning of Iman would have ended only by oral recital of the Kalema, then why will the hypocrites dwell in the lowest depth of Hell?

4. O baser-self ! Alas for you, why do you not believe in the Day of accounts ? Do you think that when you die, you will be finished? That is not a fact. Do you think that you will be let off without any accounts ? Were you not a mere semen ? Were you not thereafter a clot of blood ? Has he not thereafter given you shape and life ? Will not He be able thereafter to resurrect you ? If you think that you will be risen up what thing made you ungrateful and ignorant ? Don't you think that He made you from a drop of sperm? Then He gave you shape proportionately. Then He made your path easy. then you will die, and He will put you in grave. Do you make the verse false ?—He will resurrect you when He wills. If you believe this verse, why don't you take precaution ? If any Jew gives you information of a taseful dish and says— This is injurious to you in illness, you will surely refrain from it relying on his words. Are the sayings of the Prophets, their miracles and the revealed verses of God more

untrustworthy than the word of a Jew ? If a boy tells you that there is a serpent underneath your cloth you at once believe it and take off your cloth without any proof or question. Are the words of the Prophets, saints and friends of Allah more untrustworthy than the word of the boy?

5. O baser self ! if you can understand these affairs and believe them, then why do you want proof of the affairs of the next world? Death awaits you. Perhaps it will attack you soon and will not give your respite. On what reliance do you live that it will not come to you soon? When a man goes to a foreign land to get education and sits there idle and just before return learns something you will laugh at him and take him to be a fool. Likewise. You sit idle now hoping that at your old age and last stage. You will do divine service. Is it not a matter of joke ? Look, you think that you will do a thing tomorrow but tomorrow comes and goes., still you have not done that thing. If you do not do divine service today, you may meet with death tomorrow. It will be more difficult for you to do it tomorrow as passion is like a tree with firm root. If you do not uproot it to day, the root will be more firm tomorrow. Thus it will grow stronger and stronger as days go by and it will be impossible to uproot it then. Now you are a young man, you have got strength. Yet inspite of this if you do not root out your evil passions, it will grow firmer and firmer and in old age you will not be able to root them out. Riazat or religious practice is difficult to be performed in old age, A soft stick can be moulded to any shape you like but when it is dried up, it admits of no blending except to break. If the self does not understand this clear matter and keeps attached to procrastination, then why do you call yourself intelligent ? What foolishness is greater than this foolishness?

It may be that eating of a morsel of food prevents eating many morsels of food. If any physician tells you : Don't drink cold drink for three days, you will then get cured and shall be able to have cold drink for the rest of your life. If you use cold drink during these three days, you will fall in a great disease and shall not be able to have cold drink for the rest of your life". Then what will you do? Will you not then have patience for three days in order to enjoy cold drink for the rest of your life? This worldly life of yours is like these three days in comparison to the everlasting punishment of Hell and the happiness of Paradise. Is

the difficulty of abstinence from evil desires more than the punishment of Hell and more lasting ? He who cannot have patience at dangers and difficulties, how can be forbear the punishment of the hereafter ? The man who is negligent in the application of hardship to himself is not free from two conditions—either hidden infidelity lies in him or open foolishness. The cause of hidden infidelity is his weak belief in the judgment Day, little knowledge in the magnitude of virtues and vices. The cause of open foolishness is your reliance on God's mercy and forgiveness, but you don't rely on Him for a piece of bread or the acquisition of wealth and adopt various means to gain wealth. For this ignorance, the Holy Prophet gave you the epithet of foolishness as he said : Intelligent is he who humbles himself and works for what will come after death and foolish is he who relies on Allah following his own whims and caprices.

6. O baser self! Woe to you I Let not this world deceive you. Think for yourself and it is not so necessary to think of others. Don't lose your most valuable time, all the number of your breaths is fixed. When a breath passes away from you, your life time is made short. Think as most valuable your health before your illness, your leisure before your engagement, your solvency before your poverty, your youth before your old age, your life before your death. Be prepared for the next world as far as you can.

7. O baser self, don't you prepare yourself for the whole winter season? Don't you gather warm cloth and other things necessary ? In that case, you don't sit idle relying on God but in matters of the next world, you keep idle relying on the forgiveness of God. Allah does not require your divine service for Himself. It is the only way of your salvation and it is necessary for yourself. Go says : He who does good, gets reward and he who does evil gets punishment. God is above the needs of the world.

8. O baser self, Alas, for you ! Shake off your ignorance. Be prepared for your next world with the help of this world, as your creation and your resurrection are like one single soul-31:28 (Q). God says : I can reproduce creation as I created it first. You will come to life as He created you first. You will find no change in the eternal laws of God.

9. O baser self ! Alas for you! You have fallen in attachment towards the world. So it is difficult for you to separate yourself from it, although you are advancing gradually and slowly to get away from it. Still you are growing your love for the world. Now think, how you are unmindful of God's punishment and reward and how you are heedless of the dreadful events of the Resurrection Day. You don't believe in death which will separate your from your beloved and dear things. Don't your consider him foolish who intends to get out of the royal palace by one door but keeps his eyes fixed for a long time on a beautiful damsel and does not move ? Don't you know that this world is the dominion of kings in which you have got but a little share ? For this the Holy Prophet said : The Holy Spirit infused into my soul and said: Love what you like but you shall have to leave it. Do what you wish, but you must get its consequence. Live as you like, but you must face death.

10. O baser self, Alas for you! Don't you know that behind the man who is addicted to the comforts of this life, there is death ? At the time of separating from them, the fire of repentance will be enkindled in his breast. He will be given a provision from the destroying poison but he will not know it. Don't you think over the persons who have passed away ? They built lofty buildings and lived in them for sometime and then passed away. Don't you see how God handed over his properties to his heirs and his enemies ? Don't you ponder how they saved money and amassed wealth, but they could not enjoy it ; and how they build lofty buildings but they could not live in them ? Rather they are now living in the bottom of earth. What foolishness is greater than this ? People are making them strong and firm but they must be separated from them. They are destroying their next world towards which they are advancing.

11. O baser self, are you not ashamed that you are helping the foolishness of these fools and think that they are far-sighted people who will lead you towards these works ? Rather you are prone to follow them. You rather compare the prophets, the learned men and the wise men to these worldly people and think that they are more intelligent and wise.

12. O baser self, if you believe your wisdom and intelligence, what a wonderful thing is your affair? How great is your ignorance and how open is your ungratefulness. It is surprising

how blind you are to these open matters. Perhaps you have been charmed by a desire of name and fame. Don't you think that these names and fames and wealth will come of no use to you? Do you think that whatever things are in this world are all obedient to you? Don't you think that after 50 years, you will not be in this world and those who obeyed you will not then live ? Soon there will come a time when your name even will not exist, you will not be remembered and those who remembered you will not remember you. The kings and emperors before you suffered the same fate. Do you now remember any one of them or hear the hidden treasures of any of them ? How can you purchase what will not last for more than 50 years in exchange of what will last for ever ? If the whole world comes to you, if the entire treasures of the world are given to you, can they save you from the jaws of death?

13. O baser self, Alas for you if you do not renounce the world though attracted towards the next world. Why don't you forsake the worldly-drunk men though you know them bad ? There are sufferings for you if you keep company with them. Why don't you give up what will soon come to an end ? What is the matter with you that you cannot give up the little of this world, although most thing of the world left you ? You are going away from the company of the Prophets and the truthful though you know that they are the constant companions of the Almighty.

14. O baser self, Alas for you, you are facing destruction, you are facing death, and signs of warning have come to you. Who will pray for you after your death ? Who will fast for you after your death ? Who will incur pleasure of the Lord after your death ? Alas for you, Only some few days remain now of you life. This is your only means. During these days, you will acquire what will be useful for the next world. You have spent uselessly the greater portion of your life. You will have to repent for the rest of your life for what you have lost.

15. O baser self, don't you know that your end is promised, that grave is your house, that earth is your bed, that worms and insects are your companions and that grave dangers lie ahead of you ? O baser self, don't you know that the soldiers of death are waiting for you at the gate of your city. They have taken solemn vow that they will not move and inch without taking you ? Don't

you know that a dead man expects to return to this world for a single day, so that he may do what he could not do before.

16. O baser self, Alas for you ! Are you not ashamed that you adorn your outer figure for the people and are preparing yourself to fight against God by incurring great sins in private ? You are ashamed of the people, but not of your Creator. Does He look to you with an eye of hatred? You advise the people and call them towards God, while you are yourself fleeing away from God, You remind the people of God while you are forgetful of Him. O baser self, don't you know that you are a great sinner, or more despised than stool and urine of men? Stool and urine cannot purify another object. When your mind is not pure, how can you expect to purify others? Alas for you! Had you known your own nature, you would have surely known that for your sins, calamities befall on the people.

17. O baser self, Alas for you! You have made yourself a beast of burden of the devil. He conducts you wherever he wishes and makes you a laughing stock of all. Inspite of this, you feel satisfied for your works, while there are so many calamities in them that if you get yourself released completely from him, still you will have got no profit in your hands. How can you remain satisfied with your works when your sins are great and numerous? Allah showered His curse on the devil only for one sin inspite of his divine service for 20 million years. He ejected him from paradise on account of one sin only though he was His chosen servant.

18. O baser self Alas for you! How great is your treachery, how great is your ignorance, how great is your courage for sins. How long you will break your promise. What, will you keep yourself engaged in worldly purists inspite of your many sins and faults? Will you not leave the world? Don't you look at the inhabitants of the graves, how they amassed property and wealth, what fine and lofty buildings they built, how high hopes they entertained? But all these have gone in vain. Their wealth have vanished like heaps of sands, their buildings have turned into cremation grounds. Don't you take lessons from these things? Do you think that they are called to the next world, while you will live forever in the world? Far from it, you are wasting your life since the day you were born. You are building lofty mansions in the world, while your grave will soon be prepared in

this earth. Don't you fear that your life will be confined to your throat while the ambassadors of your Lord with their huge and ugly figures will appear before you and will give you good news of punishment? Your repentance at that time will be of no use.

19. O baser self, it is a wonder that inspite of this you claim to have clear insight and knowledge. You take pleasure in your wealth and property, but you do not feel sorry in the reduction of the period of your life. If your wealth increases, but your life is shortened, what purpose will your wealth serve? You are drifting away from the next world, while the next world is advancing towards you. You are advancing towards the world, while the world is receding from you. How many of your relatives and friends you have seen who put off their duties expecting them to be done tomorrow, but they could not fulfil those duties. How many a hopeful one you have seen who thought that his hopes would be fulfilled tomorrow but he could not reach that time. You have seen many of your relatives and friends repenting at the time of their death. Will you not then turn although you have seen this? Fear the day on which God will take strict account of yourself and will examine your open and secret action.

20. O baser self, now look with what body and mind you will face God and with what tongue you will reply to God's queries. Be prepared for the questions and also for just answers. Engage yourself in duties although the rest of this life of yours is short for everlasting life in the hereafter leaving this short span of life here. Go on working before strength for works comes to an end. Go out of the world willingly and voluntarily as a free man before you are forcibly evicted from this world. Don't be overjoyed to think that your worldly fortunes will help you. How many a satisfied man is deceived and how many a deceived man is foolish. Alas for the man who cannot understand his good and bad.

21. O baser self, know that there is no exchange of religious acts, no exchange of Iman, no successor to body. He who climbs upon ignorance day and night, travels it along with it. Take lessons from him, because he who is blind to taking lessons, remains satisfied with Hell. If you are unwilling to take lessons owing to your hard mind, pray to God for help after praying regularly, fasting and praying Tahajjud. If you cannot do it, fast consequitively. If you cannot do it, curtail your company with

the people and talk less with them. If you cannot even do it, accord good treatment to your relatives and show kindness to the orphans. If you cannot do it, know that God put a Seal to your heart and put it under lock and key. He covered its inside and outside with sins.

The great saint Wahab-bin-Monabbah said: When Allah drove out Adam from Paradise to earth, he remained in such a state that there were no tears in his eyes. On the seventh day, the Almighty Allah enquired of him when he was extremely grieved, disappointed, broken-hearted and downcast. Allah sent revelation to him: O Adam, why do I see you in such mood? He said: O my Lord, my danger is severe, my sin has disgraced me and driven me out of the presence of my Lord. I have come from an abode of honour to an abode of misfortune, from an abode of fortune to an abode of sorrow, from an abode of peace to one of turmoil, from an everlasting abode to a temporary abode, from a permanent abode to one of death and destruction. Why shall I not weep over my sins? Then Allah sent revelation to him: O Adam, have I not selected you for Myself? Have I not allowed you to live in My abode? Have I not honoured you with My honour? Have I not created you with My own hand? Have I not infused into you from My spirit? Have I not compelled My angels to make obeisance to you? You have disobeyed My orders, you have forgotten your promise with Me, you have incurred My displeasure. By oath of My Honour and Majesty, if I fill up the world with those who worship Me and obey Me like you, and then they disobey Me, I will surely include them among the transgressors. At that time Adam wept for three hundred years.

These are the ways to pray to the Lord and to rebuke one's baser self. The object of invocation of the saints is to seek pleasure of the Lord. The object of rebuking baser self is to be careful of it. He who neglects to pray to God and to rebuke his baser self does not look after his baser self with the result that Allah will not be pleased with him.

CHAPTER IX

PONDERING OVER GOOD

The Holy Prophet said: Good thinking for an hour is better then divine service for one year. The Holy Quran gives encouragement to Tadabbar (efforts to recognise attribute), I'tebar (to take lessons), Nazr (deep insight) and Iftekar (thinking). It is no secret that good thought is the key to light, beginning of deep insight, door to various knowledge and path to Ma'rfat and understanding. Many men have understood its excellence, but have not known its real nature, its effects, its root and ways. How to think of God, what to think, why to think, with whose help to think are the things that were unknown to them. We shall try to give their details.

MERITS OF GOOD THINKING

The Almighty enjoined us to do good and He praises those who think good. He says: They remember Allah standing, sitting and lying on their sides and think of the creation of the heavens and earth: O God, Thou hast not created this in vain. Hazrat Ibn Abbas said: A party of men were thinking of God, when the Prophet said: Ponder over the creation of Allah, and don't ponder over Allah because you cannot realise His power.

The Prophet said that he came to a company of men and saw that they were in a pensive mood. He asked them: What do you talk? They said: We are thinking of the creations of Allah. He said: Do it and think over the creations of Allah. Don't think over His self or existence. There is a white land near the western **hemisphere.** It's light is white and whiteness is its brilliance. It's distance is the path of sun's movement for forty days. There are some beings there whose eyes are not disobedient to Allah for the twinkling of an eye. The companions asked: O Prophet of Allah, how far does the devil live from them? He said: They don't know whether the devil was created or not. The companions asked: Are they the children of Adam? He said: They don't know whether Adam was created or not.

Ata said: One day I and Obaid-bin Amer went to Hazrat Ayesha and were talking with her. There was a screen between her and us. Hazrat Ayesha said: O Obaid, why don't you meet me? He said: For a saying of the Prophet. He said: Meet me off

and on, love will increase. Obaid said: Inform me of a wonder which you have seen of the Prophet. At this, Hazrat Ayesha began to weep and said: All his works are wonderful. He came to me in his appointed night, even my body touched his body. Then he said to me: O Ayesha, leave me, will you worship my Lord? He then went to a water skin, performed his ablution and began to weep in his prayer, so much so that the tears wetted his beard. Then he prostrated so much that the ground underneath became wet. Thereafter he laid on one of his sides. Bilal came to call him for Fazr prayer and saw that he was weeping. He asked: O Prophet of God, why do you weep? Your past and present sins have been forgiven. He said: Woe to you, O Bilal! Who will prevent me from weeping? God revealed this verse this very night: In the creation of the heavens and the earth and in the changing of nights and days, there are surely signs for the intelligent - 3 : 190. Then he said: Woe to him who reads this verse and does not ponder.

The great saint Hasan Basari said: To ponder over good for an hour is better than prayer for one whole night. The saint Fazil said: To think good is like a mirror which shows you virtue and vice. The great saint Ibrahim was once asked: Why do you think for long? He said: To think of good is the brain of wisdom. The saint Sufiyan used to repeat the following poems:-

When human mind tries to think of good,
For him, there is lesson in everything.

The great saint Taus said: The disciples of Jesus Christ once asked him: O Spirit of God, is there anybody like you in the earth at present? He said: Yes, one whose words are uttered in remembrance of God, whose silence is preserved in the thoughts of good, whose every sight gives lesson, is like me. The great saint Hasan Basari said: Talk which does not contain wisdom is frivolous, silence which is not of good thought is misguidance and the look which does not give lessons is a mere sport and play.

God says in the Quran: Soon I shall turn the minds of those from My signs, who walk upon the earth haughtily. Hazrat Hasan explained this verse and said that God restrains their hearts from good thoughts of His affairs. The Prophet said: Give your eyes a share of your divine service. They asked: O Prophet

of God, what is the share of eyes in divine service? He said: To look towards the Quran to ponder over it, to seek advice and to take lessons from its wonderful matters.

The wise Loqman used to sit alone for long. His master came to him and asked: O Loqman, you sit alone for long. It would have been better if you have sat with the people. Loqman replied: To sit alone for long is profitable as it is a step towards Paradise. The great Caliph Omar-bin-Abdul Aziz said: Good thought is a blessing of God in divine service. The great saint Basher Hafi said: If the people ponder over the glory of God, they cannot be disobedient to Him. Hazrat Ibn Abbas said: Two Rakats of middle kind of prayer with meditation is better than inattetive prayer for the whole night. The great saint Abu Solaiman Darani said: To think of worldly affairs is an impediment of next worldly affairs and a punishment for the friends of God. Wisdom arises is thoughts of the next world and mind becomes active and alive. The great saint Hatem said: Experience increase wisdom, remembrance increases love and thoughts increases fear. It is said that God says in one of His scriptures: I don't accept the prayer of every wise man, but I look to his object and greed. If I see his object and mind for Me, I make his silence thoughtful and his words praiseworthy although he does not speak. The great saint Daud Tai once got up the roof of his house in a moon lit night and began to ponder over the creations of the heavens and the earth and to weep turning his look towards the heaven, so much so that he fell down upon the roof of his neighbour. The owner of the house jumped up naked from his sleep and took a sword thinking that a thief had come. When he saw Daud Tai, he kept down the sword and asked him: Who has thrown you from the roof? He said: I don't know.

The great saint Junaid said: The most honourable and highest assembly is to enjoy the air of Ma'rfat sitting in a meditative mood in the field of Tauhid, to drink in a cup of love from the sea of Zikr and to look having a good idea of God, Imam Shafeyi said: Think before solemn promise, think before action, consult before proceeding. He also said: Four things are useful - (1) wisdom and its provision is thought, (2) patience and its provision is greed, (3) power and its provision is anger. (4) and sense of judgement and its provision is to keep the strength of passion in the middle path.

These are a few sayings of the wise about thinking and pondering.

WHAT IS THOUGHT AND ITS RESULT?

Thought means appearance of two wisdoms in mind and a third wisdom as a result of the mixture of the above two. Take one illustration. He who wants to know that the next world is better than the present world although he is addicted now to the present world, has got two ways. One way is that he must hear from others and believe that the next world is better than the present world. Without true insight into the things, he believes it as true as he heard it from others. This is Taqlid or blind belief. Another way is to know that what is everlasting is better. Out of the knowledge of these two premises, there appears another knowledge that the next world is better than the present world. Unless there is knowledge of the former two things, knowledge of the third thing is not possible. This is Tafakkur or good thought. The door of knowledge is not closed along with death. It continues even after death.

Thought is the basis of action. Thoughts begets knowledge, knowledge begets condition of mind or moves the mind and the mind moves the bodily organs to do an action. So good thought is the key to good actions. This is better than Zikr and Zikr is better than teaching, as good thought amounts to Zikr, Zikr of mind is better than works of bodily limbs so good thought is better than all works. For this a saint said that good thought for an hour is better than divine service for a year. Good thought will lead you to the conclusion that the next world is better than this world. When this thought will be firmly rooted in mind, it will take recourse to renunciation of the world and desire to have ever lasting peace in the next world. This is the change of the condition of mind. Before the acquisition of this knowledge, mind turns to the comforts and luxuries of this world and a sense of hatred towards the world next. After the dawn of the knowledge that the next world is better than the present world, his mind changes altogether and his will and desire change wholly and his entire actions are led with a motive of getting the next world.

Thought is the name of the flame of the light of knowledge which appears between two kinds of knowledge as fire appears

between iron and its strike on stone. If fire appears, eyes see. Before this, eyes could not see. As a result of this sight, it arouses the entire limbs of the body for action. Similarly light flashes in mind while it sees the real nature of each thing. It changes the mind which could not see in darkness. So the result of good thought is knowledge and change of condition of mind. There is no limit to the condition which changes the mind. He who tries to master all the branches of knowledge, will be baffled. So we shall try to master partial knowledge of all the stages leading to spiritual illumination.

MODE OF THINKING

We shall confine ourselves with modes of thinking in connection with religious affairs which concern with God. These are two - thinking with regard to one's virtues and vices and thinking with regard to God, His existence, His attributes and names and with regard to His creations, sovereignty, heavens and earth and what is in them. To give an illustration, the travellers towards God and those who desire to meet with Him are like lovers. A lover is always engaged in thoughts of his beloved, his beauty and figure. He also gets enjoyment in meeting with him. This pleasure is increased by his remembrance of his qualities and conduct. He thinks, how to correct himself for getting his love. Similarly his thoughts are confined within three divisions. (1) He thinks over his conducts and actions, what is good and what is bad. This is concerned with worldly learnings. (2) He thinks over spiritual matters. This includes what is dear to Allah and what is not. This is again open like virtues and vices and secret like virtues of salvation and vices of destruction. Virtue and vice keep connection with seven organs of the body.

There are three matters for thinking about what is not dear to God - (1) to think whether a particular action is dear to God or not. Defects of many actions are not disclosed and await deep thinking, (2) to find out a way by thinking to remove a bad thing, (3) and to think whether the thing not dear to Allah is concerned with the past, present or future from which precaution is to be taken.

OBJECTS OF THOUGHTS ARE FOUR - (1) vices, (2) virtues, (3) vices of destruction, and (4) virtues of salvation.

(1) **Vices:** A man rising early in the morning should think what organ of his body has sinned. If it is a fact, he must abandon it immediately and must repent for its commission. If there is likelihood of its being committed, he shall take every precaution for not committing it again. Tongue. Tongue is an instrument of vices like back-biting, lies etc. Think first that there are vices prohibited by God in the Quran and that these will meet with severe punishment not only in this world but in the world next also. Think how to save yourself from these sins - whether by having recourse to loneliness or companionship with good people, Ear. Think how to save the ears from hearing back-biting, falsehood, frivolous talks, etc. **Stomach.** Think about temptations of taking unlawful foods, think wherefrom these are coming, whether from lawful source or unlawful source. Think in a similar way about your house, dress, acquired wealth and other riches. Think about the methods of lawful earnings and the ways of saying yourself from unlawful ways and means.

(2) **Virtues:** Think first of the obligatory duties, how you have performed them, how you have saved them from mutilation, how you have compensated them by optional duties. Think whether your eyes, tongue and ears have performed their respective duties faithfully and justly.

(3) **Destructive vice:** Think over the internal destructive vices and guilts such as passion, anger, miserliness, pride, show, hatred, jealousy, idleness, procrastination, greed for wealth, honour, name and fame. Think of eradicating them from the soil of mind and the different modes of their eradication. If you think that you are free from pride and vain-glory, take for examination one bundle of fruits on the head and go to market as was done by the early Muslims. If you cannot, you have not acquired the virtue of modesty and shun pride. If you think that you have conquered anger, then talk for testing it with such a man in such a way as will arouse his anger and then see whether you can appease your anger. Thus you can examine whether you have eradicated all the evils within yourself. If you find pride in your self, you are a fool. Do you think yourself great? He who is great to Allah is great. After death it will be known who is great and who is small. If you find in yourself greed for food, think in this way. It is the path of beasts. If there is perfection in the greed for food and satisfaction in passions, it would have been included in

the attributes of angels. In this way think about all other guilts within yourself and the ways of eradicate them from the soil of mind.

(4) Virtues of salvation: Then think whether you have acquired the virtues of salvation and whether there is any want of any of these virtues within yourself. There are ten basic virtues of salvation - (1) Repentance, (2) Patience in dangers and difficulties (3) Gratefulness for gifts, (4) Fear, (5) Hope, (6) Renunciation of the world, (7) Sincerity, (8) Truthfulness, (9) Love for God (10) Modesty. Think, how far you have proceeded to acquire these virtues and what is wanting in you.

These are the various modes of thinking. By these methods, you will try to acquire knowledge which will attract you towards the Beloved and save you from the vices of destruction and adorn you with the virtues of salvation. Think of the Quranic verses when you read them. One verse read with due thought is better than reading the whole Quran. Think of the following Hadis of the Prophet: The Holy Spirit breathed unto my spirit - Love whom you like to love, but you shall have to separate from him. Live as long as you wish but you shall have to die. Do what you wish, but you will be given its recompense. This Hadis is an epitome of many thoughts and a sufficient food for reflection.

Every religious man should have a list of vices of destruction and the virtues of salvation. He must look to the listed vices and virtues daily. If he can free himself from the following ten vices, he can save himself from the other faults as these ten are the bases of evils. - (1) miserliness (2) pride, (3) self- aggrandisement, (4) show of honesty, (5) hatred, (6) excessive anger, (7) heavy food, (8) excessive sexual intercourse, (9) greed for wealth, (10) greed for name and fame. The bases of virtues of salvation are also ten - (1) Repentance for commission of sins, (2) patience at dangers and difficulties, (3) satisfaction over decree (4) gratefulness for gifts received, (5) fear and hope, (6) renunciation of the world, (7) sincerity in actions, (8) good behaviour with the people, (9) love for God and (10) humility before Him. He who has got the ten vices mentioned above shall think how to remove at first one of them. If it is given up, one vice goes away from the list. Think next of removing another vice and express gratefulness for

removal of the first one. In this way, he shall remove the ten vices from himself and acquire the ten virtues in their stead.

These are the fields of thought for the pious, so far as the learnings are concerned.

THOUGHTS ABOUT GOD

The second field of thought is about God's glory, mightiness and power. To think about the existence of God is prohibited as the Prophet said: Think over the creation of God, not of His being, as no human intellect cant grasp about His being. It is not possible to see Him with these physical eyes, just as it is not possible to look at the sun incessantly. A bat cannot look at the scorching rays of the sun and hence it keeps itself concealed during day time. When darkness appears at night, it can see. The condition of the truthful is just like a man who looks at the sun at a glance, but if he continues to see at it, he has chance of becoming blind. Similarly to look at Him creates blindness and he becomes perplexed. So to think of God's being is prohibited. God is above space, time and free from direction. He is not within the world, nor outside it. He is not imminent or transcendent. He has got no hands, feet or bodily organs. He has got no body. He has got no weight, length and breadth and occupies no space, He is above time. So He does not take time to create a thing. He only says 'Be', and so it at once comes into being. So man cannot conceive of such a Being. Yet he must believe the existence of such a Being called God. If a fly could have intelligence like a man, it would have thought that God has got wings, hands and feet and has got power to fly. Likewise a man thinks Him to be so. So the Prophet said: Speak to men according to their intelligence.

The second line of thought is about the creation and created things of God, about His wonderful creations, His power and craftsmanship. We can guess about the sun from its scorching rays. Similarly, we can conceive of God from the wonderful creations of heavens and earth and what is therein. They are only a flash of light from His existence. There is no darkness deeper than the non-existence of His light and there is no light more expressed than His light. The existence of each thing is the result of His light, as the existence of each thing is the result of His existence. Just as the light of the sun preserves the light of a thing, so God preserves Himself. If as a portion of the sun is eclipsed,

you can see the sun in a cup full of water. You can see the image of the sun in it and look at it.is possible only through it. So to lessen the scorching rays of this sun, you take recourse to water. Likewise you can see the attributes of Creator through His wonderful creations. This is the significance of the Prophet's saying: Think of the creations of God and don't think of His being.

THE METHOD OF PONDERING OVER THE CREATIONS OF GOD

If the water of oceans were ink, the oceans would have dried up before God's attributes were written. This created world is divided into two:- (1) The root of one division is unknown to us. So thoughts over those things are not possible. There are many things in heaven and earth which are not known to us. God says: All praises are due to God who created pairs of everything which grow out of the earth and which grow out of such things which they do not know - 33 : 36. He says: I shall take you to such condition as you do not know.

(2) Another division of things is known but their details are unknown and thoughts about them are possible. Those again are subdivided into two:- (1) things we see with our eyes and (2) things which we do not see with them as angels, jin, devils, Arsh, Kursi etc. They are fields for thought. We shall only narrate what is nearer to our intellect. In other words, what we see with our eyes is the seven heavens and the earth and what is therein. There are the sun, the moon and the stars in heaven and we see their movements, rising and setting. We see also the earth, mountains, rivers oceans, moving animals, vegetables, beasts, birds and other animals. In other words, what is between heaven and earth is visible with the naked eyes. We see also clouds, rain, hail, storm, lightning, thunder, the blowing of winds, rainbow etc. Things of each field are also different and there are innumerable branches and sub-branches of each kind. Those are foods for relection. All these testify to the glory of God. The Quran directs us to reflect on these things. In the creations of the heavens and the earth and in the changing of day and night there are surely signs for the intelligent - 3 : 100. We narrate below some of these signs of God.

Life-germ: Man is created of a drop of water, a small life-germ. It is an epitome of wonder by itself. This speaks of the

glory of God. If you think of it throughout your life, you will not know of even a minutes part of it, yet you are unmindful of this. How can you expect to know of others while you do not know of yourself? God says: Don't you reflect what is in yourself: He again says: Woe to man. What has made him to reject God? From what thing He has created him, from a sperm drop, He has created him and made his constitution proportionate - etc. 80 : 17. God says: I have created man from a quiztessence of clay. Then I placed him as a sperm-drop in a firmly fixed place of rest etc..... 23 : 12. Look to the small drop of water, how he turned a small white substance in con-mixture with the worst blood into a clot of red blood, how he turned this clot into flesh and how he separated it into sinews, bones, liver, heart, spleen, head, ears, nose, eyes, uterus, stomach, faces and other organs of human body. Each has got its particular shape and form and each has got its own functions - eyes to see, ears to hear, nose to smell, hands to touch brain to think, legs to walk, heart to circulate blood and stomach to digest food. Think of the head. The sculp of the head has been created with fifty different bones, each has different shape, all conjoined together. Likewise, think of each organ of the body. You will find no parallel. All these things are contained in a small white substance.

(2) **World and its Contents.** Think of the world as it is your habitation and think of its rivers, oceans, seas, mountains, mines and other things and then think of the region of heaven. God has fixed the world, so that it cannot move and He placed mountains in it, so that it may not toss. He made some places so high that nobody can move around them. Think of the earth. It remains dead. When rain falls upon it, it becomes swollen and then grow therein plants, grass and creepers with which animals of various kinds sustain their lives. He made out of dry stones water with which he made all creatures and grew plants and trees of various fruits.

Some plant gives food, some gives strength, some saves life, some destroys life, some cools, some irritates, some uproots jaundice, some increases it, some controls spleen, some purifies blood. 'Some circulates blood, some brings sleep, some gives strength and some weakness. So there is nothing which grows out of the earth which does not give some benefits. It is beyond the power of men to comprehend all the benefits. These are foods for reflection of the intelligent.

Mountains and mines: There are under the mountains and underneath the ground wonderful signs of God. There are mines of gold, silver, pearls and emeralds therein. Some are mixed with other mineral substances, such as gold, silver, iron, lead. Some are not mixed like emeralds and rubbies. Look then to the mines underneath the ground. Out of them, salts, sulphur, tar etc. are found. If there is no salt the taste of food goes. God therefore creates some kinds of saltish earth which mixed with water and burnt by sun-fire produces pure salt.

Therefore God has created everything with some object or other. He has not created it out of sport. God says: I have not created the heavens and earth and what is therein out of mere sport. I have created them with truth.

(4) God's signs in the creation of creatures: God created some animals which fly in the air, some walk on the ground with two feet, some creep on their bellies, some with four feet, some with ten feet, some with one hundred feet. You will find in it insects. Their forms, nature and constitution also are different. You will find in them wonderful signs which show the craftsmanship of the Creator. If we describe the wonderful workings of flies, ants, bees, spiders etc. you will see wonders in them. Look how they construct heir habitation, how they collect food and how they love their mates, how they store up food. We could not have done their works with all our might. Do you think that the spider does it of its own accord and that it has got no teacher? Do all these things not prove that the Creator is the Mighty, the Wise?

Man is the most wonderful among the animals. He does not express wonder after seeing himself. How mighty is He who created man, the wonder of creations.

(5) Faith sign of God's wonderful creations: Land of this earth is surrounded by vast expense of water. The earth is an island in the vast expense of water which surrounds it. The Prophet said: As is the horse's house in a vast field, likewise is the earth in oceans. So a horse's house has been compared with the earth. Think of the ocean. There are some watery animals therein which are like islands. If you burn something with fire thereon, you will find the island moving. Then you understand that it is not an island but a watery animal.

(6) Signs in air and airy things: The organ which can touch, cannot touch the air when it flows. Eye cannot see it. The horizon of air is just like an ocean. The birds fly therein just as fish in water. Everything in the air vibrates just as waves of the sea. If something filled up with air is drowned in water, it will not drown. On the contrary, if something filled up with water is thrown upward in the air, it will come down the earth. Then look to the gravity, weight and strength of the air. Take a piece of iron. It will not float, neither above water, nor in air, but it will go down the water. So air does not go down the water inspite of its light weight. God keeps the boat above water as the boats are full of air. Then look to the things in air- clouds, rain, thunder, lightning, snow, ice. God says: 'The clouds that are well controlled between heaven and earth'. The clouds bear vast expanse of water and they are driven and scattered to distant lands to deliver the benefit of water and rain.

(7) Heaven and its stars, sun and moon: Look to the sun which revolves round its axis for one year. Each rises each day and sets in. Had it not risen and set in, there would not have been night and day and time could not have been as certained. It would be all day or all night. Owing to the revolving of the sun, there appear summer, winter, spring and autumn. When the sun declines to one side from its axis, then comes the winter season. When it remains in the meridian, there appears summer season. There is not a star, the creation of which has no purpose. The astrologers are unanimous that the sun is greater than 160 times of the size of the earth. Then think of the stars. The smallest star is greater than eight times of the earth. The greatest star is more than 120 times of the earth. The greater the distance of the star, the smaller it appears to us. The Prophet said: The distance of one heaven from another is 500 years' path. Think of the horizon how great it is which contains the sun, moon and stars. The Prophet once asked the angel Gabrail: Does the sun set in? He said: No, yes. He asked: How could you say - No, yes? Gabrail said: During the time taken by the reply - 'No, yes,' the sun goes to a distance of 500 years' path. No look how great is the sun and how fast it moves.

Then look to the Creator, how He puts the sun into the interior of your eye inspite of its vast figure. Then you can look to the entire body of the sun. Look how God kept the heavens

without any pillar. Then look to the abode of the earth, how He created it and sustains it. As an ant living in a corner of a palace does not keep information about the grandeur of the palace and its attendants and majesty of its owner, so also we live as an ant in a corner of this vast earth and do not keep information about the mighty Creator and His attributes. Now you cannot conceive the wonderful creations of God and His power and prowess, because you have been given a very little wisdom with which you cannot grasp everything as you have been given a little power of sight and hearing. God says: You have been given a very little knowledge - 17 : 85. These are the foods for reflection and ponder. You must think of God's wonderful creations and not of His Being. The above thoughts will bring you near God. The more you think of His creation the more you will learn His glory, prowess and power.

CHAPTER X

DEATH AND SUBSEQUENT EVENTS

There are two sections under the chapter. In the first section, there are eight matters-(1) Merits of the remembrance of death, (2) Long hope, (3) Intoxication of death, (4) Prophet's death and that of his companions, (5) Death of noted persons, (6) Funeral prayer and visit of graves and graveyards, (7) Meaning of death and conditions upto blowing of Trumpet, (8) To know the conditions of dead persons in dream.

Merits of the remembrance of death. Know, O dear readers, that the man who is grossly immerged in the world and cheated by its charming coquetries, in unmindful of the remembrance of death. He does not remember death. When he is reminded of it, he does not like it. God said regarding such man : The death from which you flee away must meet you. Thereafter you will be led to the knower of the world seen and unseen. You will then be informed of what you did-62: 6.

Mankind is divided into three classes-(1) One who is addicted to the world, (2) one who is repentant and (3) one who has surrendered to God. The man who is addicted to the world does not remember death. He hates death and lives far away from the remembrance of death. (2) The repentant man remembers death and fears it. Often he does not like death as he fears to die before he makes sincere Tauba or repentance or purifies his soul from corrupt deeds. He does not think bad of meeting with death and God, only because he is not fully prepared for it. He is always busy in preparation to meet them. (3) The Aref or God-addicted man always remembers death as he likes to meet with his Beloved. The lover cannot forget to meet with his Beloved. He loves to meet with death to save himself from the house of sin and live in the nighbourhood of God. When death came to Hazrat Huzaifa, he said : The friend has come at the time of need. There is no use to repent. O God, if Thou knowest that poverty is dearer to me than riches, disease is dearer to me than health, death is dearer to me than life, make death easy for me till I meet Thee.

Merits of the remembrance of death. The Holy Prophet said : Think more of that which destroys happiness. Hazrat Ayesha

once-asked the Prophet : O Prophet of God, will anybody rise with the martyrs? He said : That one will rise with them who remembers death twenty times a day.

The reason of this good is that remembrance of death keeps him far away from this world of deception and compels him to prepare for the next world. The Prophet said : The gift of a believer is death. The reason is that the world is a prison for the believer as he lives here in difficulties and wants, control his passions and drives away the devil, so death gives him relief from this punishment. The Prophet said : Death expiates the sins of every Muslim. He meant such a believer from whose tongue and hands other Muslims remain safe, who is repository of the character and conduct of a believer and whose mind is not polluted with sins other than minor sins. The Prophet said : Remember death too much as it obliterates sins and makes you God-fearing in this world. Once the Prophet came out towards the mosque, on the way he found some people engaged in cutting jokes and telling stories. He said to them : Remember death. Beware by One in whose hand there is my life, had you known what I known, you would have laughed little and wept much. Hazrat Ibn Omar said : I along with ten other companions were near the Messenger of God. Then an Ansari asked him: O Prophet of God who is the wisest and honoured of men? He said : Those who remember death most and prepare most for it. They pass away with this honour in the world and the next.

Saying of sages. Caliph Omar-bin-Abdul Aziz gathered together every night the learned men and heard from them of death, resurrection and next world. The saint Ibrahim Taimer said : Two things robbed men of the pleasures of this world-thought of death and fear of standing before God. The saint Ashas said : Whenever we went to the great saint Hasan Basari, he used to talk with us about death, hell and the next world. Once a man complained of his hardness of heart to Hazrat Ayesha. She said : Remember death most, your mind will become soft. He obeyed this and his mind became soft. When death was talked of before Jesus Christ, blood flowed within his veins. When talks of death were held before David, he wept so much that his hairs stood on end. When God's grace was talked of, he returned to his previous condition. The saint Hasan Basari said : I found no wise man who did not become sad for fear of death.

Caliph Omar bin Abdul Aziz once said to a sage : Give me admonition. He said : Nobody from Adam down to your father was safe from death. Now your turn has come. At this Hazrat Omar began to weep. The great saint Rabi-bin-Asem dug a grave within his house. He used to sleep there daily several times. This reminded him of death. He said : If the remembrance of death goes out of my mind even for an hour, my mind becomes polluted.

MODE OF THINKING OF DEATH

Know, O readers, that death is terrible. People are unmindful of death as they do not think of it. He who remembers it, does not do so with his whole heart. So death-thought does not cast any influence on him. The mode of thinking of death is to free your mind from all thoughts and put in it only thoughts of death. Be like one who embarks on perilous sea voyage. When thought of death covers his whole mind and becomes predominant, his worldly happiness decreases and his heart breaks. The best mode of thinking of death is to remember the death of friends and neighbours, their burial underneath the ground and their faces and conditions in the graves. How their beautiful faces have become foods for worms and insects, how their wives and children, being orphans and stricken by extreme poverty, are passing their days miserably, how their properties have been destroyed. Think individually one by one. Think how death overtook them suddenly without any notice and how unprepared they were for death and the next world. The saint Abu Darda said : When mention is made of the death of a man, think yourself as one of them. Ibn Masud said : He who takes lessons from the condition of others is fortunate. The Caliph Omar bin Abdul Aziz said : Don't you see that you equip for a traveller with goods for going to God each morning or evening and put him underneath the ground, while he leaves his friends and dear relatives and his properties and riches for ever? The saint Muti once looked towards his house and got satisfaction. At this he began to weep and said : By God, had there been no death, I would have taken great pleasure in looking towards you. Had the place which I will occupy after death would not have been narrow, I would have cooled my eyes by seeing this world. Thereafter he began to cry like a child.

PANGS OF DEATH

The wise Loqman said to his son : O dear son, you don't know when death will attack you. Be prepared for it before it suddenly overtakes you. Know that he who has suffered the pangs of death, will only understand them, but he who has not suffered them may only understand them, but he who has not suffered them may only understand them by conjecture or seeing the pangs of death of another.

Conjecture: The body which does not contain life does not feel pangs. It is only the body with life that feels them. This shows that life only feels the pangs. When any animal receives a wound or is burnt by fire, the effect of it falls upon his life. It feels pain to the extent which comes upon it. It is less felt because of its expressions in flesh, blood and other organs of the body. When life only suffers without any other thing, the feeling of pangs is very severe. The pangs of death are felt by life only as it is snatched away from the bodily limbs which contain life. If a thorn pinches a limb, it affects a portion of life. If a part of the body is burnt by fire, it effects the whole body as there is life in every portion of the body. When that life is snatched from every limb, what a greater agony it feels. It is snatched away from every sinew, from every joint and even from the root of every hair from head to foot. The crying of man's voice is then cut off as he reaches the pinnacle of pangs and pains. The Prophet said : Repentance is not accepted when a man reaches his final stage. God says in verse 4:18- Repentance is not for those who go on doing evil deeds until when death comes to one of them, he says : Surely I now repent. He said : O God, make the pangs of death over Muhammad easy. The Prophets and the friends of God feared death. Jesus Christ said : O my disciples, pray to God that He may make the pangs of death easy on me. I am dead-alive on understanding how great are the pangs of death.

It has been related that a party of the Banu Israel were passing once by the side of a grave-yard. They began to talk : If anyone of you prays to God that a man from this graveyard may rise up and give us information of the graves, it would have been good. They therefore prayed to God for this. Suddenly a dead man rose up from a grave and in the place between his eyes, there were signs of prostration. He said : O people, what do you want from me? I have been suffering from the effects of the pangs of

death for the last fifty years. What I suffered at the time of death has not yet been lessened. Hazrat Ayesha said : I don't believe that the pangs of death may lessen in the case of anybody as I saw the great pangs of death of the Messenger of Allah at the time of his death. The Prophet said : O God, you are taking life from the sinews, bones and even from the finger tips. O God, make the pangs of death easy for me. He said at the time of his death : The pangs of strikes of 300 hundred swords fell upon me.

Once he was asked about the pangs of death. He said : The pangs of death which are not easy are equal to the pangs that are caused by the constant snatching of ironhook with three heads after it is penetrated in to the two eyes. Once the Prophet went to a patient and said : I know what pangs you are suffering from. There is no sinew of his which is not suffering the pangs of death. Hazrat Ali gave encouragement to the joining in Jehad and said : If you do not join Jehad, then face death. By One in whose hand there is my life, it is easy for me to bear the strokes of death by one thousand swords than to suffer the pangs on death bed. The great saint Shaddad-bin-Anas said : Death is the most terrible of all the dangers of this world and of the next. It is more painful than the cutting to pieces by sword or by scissors or being burnt in kettle. If a dead man could have risen and informed the inmates of the world of the pangs of death, they would not get any benefit by being alive and would have been deprived of sleep.

The Prophet said : Sudden death is solace to a believer and a grief to a non-believer. He said : If the hair of a dead man is placed upon the inmates of the heaven and earth, they all will die by the pressure of its weight, as every hair is subject to death and if death falls upon anything, that thing also dies. At the time of death of Prophet Ibrahim, God said to him, O my friend, how do you perceive death? He said : That is just like the repeated snatching and drawing of a heated iron hook in wet wool. God said : I have made it easy for you. It has been related that when the soul of Moses was taken before God, He asked him O Moses, how did you find death pangs? He said : I have found my life just like a sparrow. If a living bird is roasted in a cauldron, it cannot fly, nor it can be safe from the death pangs. I suffered death pangs just as it suffered. It is reported that at the time of the death of the Prophet there was a pot of water near him. He dived his hand in it and began to wash his face and said : O God, make death pang

easy for me. Hazrat Fatima said at that time, O my father, what a great pain over you! The Prophet said : There will remain no pain on your father after this day. Hazrat Omar once said to Ka'ab Ahbar : O Ka'ab, give me some information about death. He said : O Commander of the Faithful, death is like a hook full of numerous thorns and penetrated into stomach. Every thorn is fixed to every sinew. Thereafter a man draws it with great force and accepts what comes out therefrom and rejects what does not come out.

Three terrors of death: The first terror is the terrible pangs at the time of death. The second terror is the sight of the figure of the angel of death and entry of fear and terror in mind. The third terror is that the sinner sees his place in Hell and the virtuous one sees also his place in Paradise. The first we have described above. It has been narrated that the Prophet Ibrahim said to the angel of death : Can you show me once your own figure when you take the life of a sinner? He said : You will not withstand it. Ibraham said : Yes, I shall withstand it. The angel of death said : Turn your face from my front. Then he turned his face from his front and saw that the body of the angel of death is deep dark complexioned, having rough straight hairs, stency, covered with black dress, flames of fire coming out of his mouth and nostrils in streams. At this, Abraham fell down senseless. On regaining consciousness, he saw the angel of death in his previous form and he said : O angel of death: If the sinner sees nothing except your figure at the time of his death, it will be sufficient punishment for him.

The Prophet said: The Prophet David was prone to fear. Whenever he went out, he closed all the doors of his house. Once he went out thus closing all the doors of his house. His wife later on saw someone inside the closed house. She asked him : How have you entered the house? If David comes, he will cast danger on your head. When Devid came and saw him, he asked him : Who are you? He said : I am that one whom the kings and emperors fear and the friends of God cannot prevent him. He said : By God, your are then the angel of death. At this, he covered himself with blanket.

It has been narrated that once Jesus Christ was passing by a human skeleton, He stroke it with his foot and said : Speak with me by the permission of God. The skeleton said : I was a king of

this place. I was seated on the throne with crown on my head and with my soldiers all round me and with all my pomp and grandeur. Just at the time the angel of death came to me. My limbs became paralysed at my seeing him and my life went away with him.

The Prophet Abraham had a place of worship. Whenever he came out of it, he close its doors. Once day he returned and found some one inside it. He asked him : Who inducted you in my house ? He said : The owner of the house inducted me in it. He said : I am its owner. He said : He who is the Lord of yourself and mine has inducted me therein. He said : Are you an angel ? He said : I am the angel of death. He said : Will you show me your form with which you take the life of a believer ? He said : I am showing it. Turn your face from me. Then he saw him like a good handsome youth with white cloth on him and his body was filled up with good scent. He said : O angel of death, if a believer does not see anything about your form except only this, that is sufficient reward for him. Then he sees at that time two angels who write the book of deeds.

The third terror at the time of death is that the dying man sees his place either in Hell or in Paradise. His life does not come out until he hears the announcement of the angels about his place either in Hell or in Paradise. The Prophet said : Nobody from among you will come out of the world till he knows his destination and till he sees his place either in Hell or in Paradise. He also said : Whose loves to meet me, God also loves to meet him. God does not desire to meet one who does not desire to meet me. The companion said : Nobody of us likes death He said : The matter is not that. If the condition of the believer becomes easy regarding what will come over him, he loves to meet God and God also loves to meet him.

Once Merwan went to Abu Hurairah at the time of his death and said : O God, make death easy for him. Hazrat Abu Hurairah said : O God, make it difficult for me. Then be wept and said : By God, I don't weep because I am sorry to leave this world but I look towards two things from my Lord—Hell or Paradise. Hazrat Hasan Basari said : The believer has got no other happiness than that of meeting with God. The day of death is the day of happiness for one who feels joy at his meeting with God.

DUTIES ON THE EVE OF DEATH

Know, O readers, that the conditions which are necessary for a dying man are the following-to be clam, to be peaceful, to recite with tongue the Kalema Shahadat and to have good conjecture about God in mind.

Calm attitude: The Prophet said : Look to the dying man with his three conditions. When perspiration comes out on his forehead, when his eyes shed tears and when his lips become dry, the blessings of God are poured upon him. When his throat gives out gurgling sound, his colour becomes red, his lips become mud- coloured,the punishment of God befalls on him. The Prophet said : Teach your dying man to recite "There is no deity but God" because it obliterates sins. The Prophet said : He who knows at the time of death that there is no deity but God. will enter Paradise. Hazrat Osman said : When death comes to a man, teach him, 'there is no deity but God,' as he who dies reciting this Kalema will enter paradise. Hazrat Omar said : Be present before your dying men and remind them of Allah's names, because they see what you do not see and teach them that ' there is no deity but God.' The Prophet said : The angel of death came to a dying man and found nothing in his heart. Then he pierced his tongue and found in a corner that it recites 'there is no deity but Allah.' God forgave him for this. The object of this utterance is that at the time of death, that there should be no thought in his mind except the thought of God, and no goal in his mind except the goal to meet with Him.

TO HAVE GOOD THOUGHTS ABOUT GOD

The Prophet said : God says : I am with My servant who harbour good thoughts about Me. Once the people went to a dying man and said : How are you? He said : I hope to get God's mercy and I fear sins. The Prophet said : God gives the man who harbours these two thoughts at this time what he wishes and keeps him safe from what he fears. The great saint Sabet Bonani said : A young man was addicted to pleasure. His mother used to give him advice and said : O my darling, remember the inevitable hour which will come to you one day. When death came to him his mother fell upon him and said : O my darling I warned you repeatedly of this catastrophe. He said : O mother, my Lord is merciful. I hope that He will show me something of His mercy

today. The saint Sabet said : Owing to his good conjecture about God, He showed him mercy. The saint Jaber said that a young man was conceited. When death came to him, his mother said to him : O my darling, give me some admonition. He said : I am giving, don't go with my ring as there is the name of God therein. Perchance Allah will show mercy on me for that. When he was buried. Jaber dreamt him and he said : Inform my martyr that the Kalema has done me benefit and God has forgiven me. Once a desert Beduin fell ill He was told that he would die. He said : Where shall I be taken? The said : To God. He said : I am not unwilling to go to Him. He will surely do me good.

GRIEF AT THE TIME OF MEETING WITH ANGEL OF DEATH

Hazrat Sulaiman said to the angel of death : Why do I not find you to do justice among the people? You take away the life of one and give up that of another. He said : I am not more informed than you about this. It is written in a book wherein there are the names of all and it remains with me.

The great saint Wahab-bin-Monabbahg said once that a powerful king intended to visit a country. He ordered his best dress to be brought and he put on it. He ordered the best horse to be brought and he rode on it. Then he started with his followers The devil then advanced and puffed him up with pride. He looked down the ordinary men in the street. At that moment, a poor man with tattered rags on his body advanced to the emperor and saluted him, but the latter did not respond to his salutation out of extreme hatred. Then the poor man advanced forward and caught hold of the reins of his horse whereupon the emperor ordered him to give up the reign saying : You have done a most heinous act. The poor man said : I have some urgent matter with you. The emperor said : Be patient, I am getting down. The man said : That won't be He began to pull out the reign of the horse with greater force. The emperor said : Say what you have got to say. The man said : That is a secret talk. The emperor drew his ears close to him and the man said : I am the angel of death. At this, the colour of the emperor changed and his tongue stopped. He said : Give me a little time so that I may go to my family and arrange things. The angel of death said : That can't be He then drew out the life of the emperor and he fell down dead on the ground.

The angel of death advanced farther and met with a believer whom he greeted. The believer returned his greeting. He said : I have got something to tell you in secret. The believer consented to hear. At this the angel of death said : I am the angel of death. The believer said : Welcome to you. I am waiting for you for long. By God, there is nothing dearer to me than my meeting with you. The angel of death said : Fulfill your needs. The believer said : There is nothing dearer to me at this moment than my meeting with the Lord. The angel said : Choose in what way I can take your life. The believer said: Let me pray after ablution and take my life while I am in prostration. The angel of death took his life in that condition.,

It is narrated that a man acquired vast wealth. He constructed many buildings and adorned them with iron gates. There were innumerable slaves and slave girls therein. Then he prepared a grand feast and brought all his beautiful wives. Then he ascended the throne and began to shake his legs placing one of his legs upon another in pride. Then he said : O self, enjoy it for long long years. Hardly had he finished this talk's a poor man with tattered rags on him came to the door and began to knock it. The guard at once rushed to the door and enquired of his whereabouts. He said : Take your master to me, The guard said : Will our master come down to a man like you? He began to knock the door with a greater force. The guard rushed on him and he said: I am the angel of death. Go and inform him to come to me. When he came, he took his life.

Hazrat Wahab-bin-Monabbah said: The angel of death took the life of a great tyrant and ascended the heaven. The angel asked him : O angel of death have you ever felt kindness in your mind in taking the life of a man? He said : Yes once I felt kindness when a pregnant woman was alone in a dense jungle. She gave birth to a son there and I was ordered to take her life at that very moment. I felt kindness for her helplessness and for the condition of her just born child. The angel said : You have taken the life of the mother of a mighty emperor who was that helpless child. He said : All praise is for God who does what He wishes.

The great saint Ata-bin-Yasin said: The angel of death gets a list of persons on the 15th night of Shaban each year and he is ordered to take the lives of those persons in the list in that year.

Hazrat Khaisamah narrated that the angel of death came to the Darbar of Sulaiman and was staring at one of his courtiers for long. When he went away the courtier asked Solaiman : Who is that man who stared at me? He said that he was the angel of death. The courtier said : I think he has come to take my life. Please save me from him. Solaiman ordered the air to throw him to India. The air carried out his order. The angel of death came to Solaiman again who said: You stared for long at one of my courtiers. The angel of death said : Yes, I have been ordered to take his life in some place in India but I have seen him here. I thought : How can I take his life in India when he has been here at the moment. More wonderful it is that I found him at the appointed time in the fixed place in India and then I took his life there.

SECTION IV

THE DEATH OF THE PROPHET AND THE FOUR CALIPHS

Know, O readers, that there is an excellent example in the life of the Holy Prophet to be followed by every man of every profession. He was the dearest friend of God, His beloved, His chosen Prophet and messenger. Look to him Has he been given a moment's time than what was fixed for him to live longer? He suffered the pangs of death and that was disclosed on his face, his colour was changed and there was profuse perspiration on his face. Those who were present there began to weep at the sight of his pangs of death. Inspite of his messengership he could not annual what was decreased for him. This is the condition of one who will rise first out of the graves on the resurrection day, one who was the greatest of the Prophets, saints and the leaders of mankind.

Hazrat Ibn Masud said : We entered the room of Ayesha to meet the Holy Prophet at the time of his death. He stared at us and began to shed tears and said : Welcome to you, may God grant you long life. May He give you refuge. May he help you. I give you may last instructions to fear God. I give you my last advice as a warner of God. Don't show pride over the dwellers of towns and cities and over God. Death is near. I shall have to return to God, to Sidratul Montaha (farthest lotetree), to my resting place Paradise, to the full Fountain. Take my words to your people and to those people who enter your religion after me. Salman and God's mercy on my behalf.

It has been reported that the Prophet asked Gebrail : Who will remain after me for my people? God revealed to Gebrail : Give good news to my friend that I will not give punishment to his people. Give him further good news that on the Resurrection Day he will rise first from the grave and he will be your leader. Paradise will be unlawful for the followers of other peoples till his people do not enter it. He said : Then my eyes became cool.

Hazrat Ayesha said that the Messenger of God said to them during his illness : Wash me with seven cups from seven water-skins. We did that. He became cool as a result and prayed with the people and prayed for the martyrs of Uhud. He gave instructions regarding the Ansars and said : O refugees, your

number is increasing, but the number of Ansars will not increase and it will remain what is is today The Ansars are my own people and I took refuge with them. Honour their religious people and forgive their faults. Thereafter he said : One servant was asked to choose either of the two things : This world or what is near God. He chose what is near God. At this Hazrat Abu Bakr began to weep as he applied it to the case of the Prophet. The Prophet said : O Abu Bakr, close these doors (pathways) towards the mosque for your people, but shut not the door of Abu Bakr as I know not of any companion better than Abu Bakr.

Hazrat Ayesha said : The Prophet expired leaning against the place between any breast and throat. God united my saliva and his at the time of his death. My brother Abdur Rahaman entered my room with a tooth pick. He looked at it and I understood that he would be pleased to get it. I told him : Shall I take the tooth- pick for you? He hinted with his head and I took it from him and I got it entered into his mouth. When it seemed hard to him, I said to him: I am making it soft for you. When he hinted it with his head, I made it soft for him. There was a water pot in his front. He entered therein his hand and said : There is no deity but God, there are surely death pangs. There is no deity but God, there are surely death pangs. Then he put his hand in its right place and said : To the Highest Companion.

The father of Sayeed reported : When the Ansars found the Prophet a little better, they informed the Prophet of the conditions of their minds, so also Fazal and Ali. The Prophet stretched out his hands and said : Hold my hands. They held them and he said : What are you talking about ? They said : We fear your death. The wives and their husbands began to raise cries at his condition. The Prophet leaned against the shoulders of Hazrat Fazal and Ali and came to the mosque. His head was tied up with a piece of cloth. He stepped very slowly and sat upon the pulpit and the people advanced towards him. He prayed to God and said : I heard that you are fearing my death. It seems that you do not love death. Do you deny the death of your Prophet? Did I not tell you about my death? Did I not inform you about your death also? Did Prophets before me live forever? Look, I shall meet with my Lord and you will also meet with Him.

I give you instruction to treat well with the first refugees. God says : By oath of time, people are surely in loss except those

who believe and do good. Everything is done according to the order of God. When there is delay in any affair, let it not encourage you to hasten it, as God does not hasten at the hastiness of anybody. He who cheats God will be cheated by Him. Will you create disorder in the world? Will you cut off the ties of your relationship?

I am leaving instructions to you that you shall accord good treatment to the Ansars as they gave you refuge and they gave refuge to Iman before you. Treat them well. Did they not make you cosharers in crops? Did they not give you shelter in their houses? Did they not put your needs above their needs at the time of your needs? Behold, if anybody is given power over two persons, he shall do good to them and forgive their faults. Behold, do not give superiority to yourselves over them. Behold, I am watching over you and you will meet me. Behold, the Fountain which has been promised to you is my fountain. That is wider than the distance between Basra in Syria and Sana'a in Yemen. The fountain of Kauser flows therein, Its water is whiter than milk, softer than butter and sweeter than honey. He who drinks therefrom will never get thirsty. Its stones are of emeralds and jewels and its foundation is of camphor. He who will be deprived of it tomorrow will be deprived of all good. Behold, he who loves to live with me there on the Resurrection Day should control his tongue except what is necessary.

Hazrat Abbas said : O Prophet of God, leave instructions about the Quraish. He said : I leave instructions about the Quraish in this affair. The people will follow the Quraish. The virtuous will follow their virtuous and the sinners will follow their sinners. O Quraish, deal good with the people. O people, sin changes fortune and bad conduct corrupts character. When the people are good, their leaders are also good. God says : Thus do I place some oppressors over others on account of what they did.

Hazrat Ibn Masud reported that the Prophet had told Abu Bakr, O Abu Bakr. He said : O Messenger of God, death is near. He said : Death is imminent and that is true. Hazrat Abu Bakr said : O Prophet of God, this death is a kind welcome to the mercy that is with God. He said : To God, to the farthest lote tree, to the Paradise of Ma'wa the highest Paradise, to the full fountain, to the Highest Friend and to eternal happiness.

He said, O Prophet of God, who will wash you? He said : The close relations of my family and the more close of them. He said : With what coffin will you be shrouded? He said : With this garment of mine which I am wearing, with the gown of Yemen and with the white cloth of Egypt. He asked : how shall we pray your Janaza? We then wept and he also wept. Then he said : Stop, may God forgive you and may He grant you good from your Prophet. When you will wash me fully and clothe me with coffin and place me on my bier in my room which will be the top portion of my grave, then go away for sometime from me, because the first who will recite Darud on me, will be the Almighty and His angels. Then He will order the angels to pray for me. He who will come first to pray Janaza on me among the creation of God will be Gebrail, then Michael, then Israfil and then the angel of death with his numerous hordes and then all the angels. Then you will pray in batches. Don'ts inflict trouble on me by raising wailings and cries. One of you will be Imam, then the near ones of my family and then the boys will stand. He asked: Who will put you into your grave? He said : The nearest ones of my family with many angels whom you will not see but who will see you. Now rise and go away from me . Convey my message to the people after me on my behalf.

Abdullah-bin-Jama'a said : On the first Rabiul Awal, Bilal sought permission as to who will lead prayer. He said to him : Tell Abu Bakr to lead the prayer for the people. I came out and saw nobody except Omar. I said : O Omar, rise up and lead the prayer. Then Omar rose up and as soon as he uttered Takbir, the Prophet asked : Where is Abu Bakr? God and the Muslims will not agree. He said thrice : Tell Abu Bakr to lead the prayer. Hazrat Ayesha said : O Messenger of God, Abu Bakr is softhearted. When he will stand in your place, his tears will not stop. The Prophet said : You are the companion of Joseph. Tell Abu Bakr to lead the prayer. After Omar had prayed, Abu Bakr led the prayer.

Then Hazrat Omar told Abdullah-bin-Jama'a: Woe to you! What treatment have you meted out to me? By God, I thought that the Messenger of God ordered you to ask me to lead the prayer. Abdullah said : I found nobody better than you for this affair. Hazrat Ayesha said : The reason why I raised objection on behalf of Abu Bakr is that he is a man who raised objection on

behalf of Abu Bakr is that he is a man who renunciated the world and there is a great upheaval and turmoil in administration but he is safe whom God saves. I feared that during the life time of the Prophet the masses won't like that somebody should lead the prayer except what God wills otherwise. If Abu Bakr would lead the prayer, they would deny him and rise up against him and speak ill of him. If God wills, He will save him in this world and in the affairs of religion.

Hazrat Ayesha said : On the first part of the day of his death, he looked somewhat better and the people left him, returned to their respective houses and joined in their personal affairs. The Prophet then remained alone with his wives. We remained then in hope and joy. Thereafter the Prophet said : Leave me. An angel seeks to meet me. Everybody went out of the house except I. His head reclined on my lap. He sat straight and I also went to a corner of the house. The angel talked with him secretly for a pretty long time. Then the Prophet called me and placed his head again on my lap. He said to his wives : Enter the house. I said : He is not perhaps Gebrail. The Prophet said : O Ayesha, he is the angel of death. He came to me and said : God sent me to you and advised me not to come to you without your permission. If you don't permit me, I will return; and if you give me permission, I will enter. God ordered me not to take your life until you give me permission. Now what is your permission? I said : Tarry and little, let Gebrail come in. This is the time of coming of Gebrail.

Hazrat Ayesha said : Thereafter there appeared to us such an affair which was beyond our control. It seemed that we raise hue and cry and strike our hands and feet. The people of Ahli-Bait were all struck with awe and were silent. Nobody saw such an affair before. Ayesha said : Then Gebrail descended and saluted the Prophet. I felt his advent. The people of the house went out. He said : The Almighty God tenders His Salam to you and enquires your health although He knows it. He has intended to make your honour and prestige perfect and wishes to establish it among your followers. The Prophet said : I am in anxiety. He said: Give good news as God intends to take you to the place which He has prepared for you.

The Prophet said : The angel of death seeks my permission. Gebrail said : O Muhammad, surely your Lord is anxious to meet with you. By God, the angel of God never sought permission of

anybody to take his life and will never seek such permission. God will protect your honour and he is eager to meet you. The Prophet said : Let the angel of death come and go away from here till he comes. Then the Prophet called his wives and said to his daughter Fatima : Come close to me. Fatima went near him and he whispered something in her ear. She raised her head and shed tears and could not talk further. Then he said : Come close to me. Hazrat Fatima came close to him and he whispered again something to her. Then she raised her head and began to smile.

We wondered at her weeping and smiling and asked her the reason. Fatima said : He has informed me that he will expire. I began to weep at this. Then he said : I pray to God that you will be the first who will meet me and will be with me. I smiled at this. When Hazrat Fatima took her two sons close to the Prophet, he showed affection and fondness for them.

Then the angle of death came and saluted the Prophet and sought permission of the Prophet to take this life to which he responded and gave permission. The angel of death said to him: O Muhammad, what do you say to me? The Prophet said: Yes, take me to my Lord. He said: Yes, your Lord is eager to-day to meet you. Your Lord never hesitated in any other case than in your case. He never prohibited me to take the life of anybody without his permission, except in your case. Your death is in your front. Then he went out.

Hazrat Ayesha said: The Gebrail came and said : O Messenger of God, salam to you. This is my last descent in the earth. Revelation came to an end and the earth came near. I have got no need of this earth except for you I will stay in my own place. She said : I went close to the Prophet and placed his head upon my bosom. He fainted and fainted and perspiration came out profusely on his forehead. I began to remove the perspiration the fragrance of which I smelt. When he came round, I said to him : May my parents, my life and my family be dedicated to you, why do you perspire so much? The Prophet said : O Ayesha, the life of a believer goes out with excessive perspiration and the life of a non-believer goes out of the two sides like that of an ass. At this time, we hastened to run and send for the members of our families. The first man who came to us was my brother. I sent him for my father. Before anybody could come, the Prophet breathed his last.

When he fainted, he recited : To the Blessed Companionship on High. When he talked, he said : Prayer, prayer, you will never be routed if you continue to pray. He left instruction for prayer upto the last moment of his life.

Hazrat Ayesha said: The Holy Prophet expired between one and two prahars of the day. When he died, there were wails and be wailings everywhere. He was covered by the angels with my cloth. Some did not believe his death, some lost senses and some were dumb-foundered. Hazrat Omar said that the Prophet had not died. He said : O people, hold your tongue about your saying that the Prophet has died as he has not expired. By God, let me not hear that the Prophet has died, otherwise I would cut off his head by this sword. Hazrat Ali was seated within the house Hazrat Osman did not talk with anybody. People led him here and there. Hazrat Abbas said : By God, the Apostle of Allah has tasted death. God said : Certainly You will die and they will also die. Thereafter you will be quarelling before your Lord on the day of Resurrection.

Hazrat Abu Bakr received his death news while he was away to Banu Hares bin Khazraj. He hurriedly came and went straight to the dead body of the Prophet and began to kiss his cheeks and say : O Messenger of God, may my parents be dedicated to you God will not give you the taste of death twice. By God, the Messenger God has died. Then he came out and addressed the people : O people, he who worships Muhammad should know that he has expired and he who worships the Lord of Muhammad should know that He is ever living and has got no death. God says : Muhammad is nothing but an apostle. Before him there passed many apostles. If he then dies or is killed, will you turn on your backs? On hearing this verse of Quran, the people were in such a condition as they did never hear of this verse before.

Hazrat Ibn Omar reported that when Hazrat Abu Bakr entered the room of the Prophet, he began to recite Darud and Hamd and the inhabitants of the house raised such a hue and cry that those who were praying outside heard it. When ever he said something, the noise further increased. Some one stood by the door and on his advice the noise stopped. He said loudly : O Ahli Bait, salam to you all. Everybody will die and everybody has got an agent in the affairs of God, every desire has got an object of hope and every fear has got salvation. Rely on God. On hearing

this, the dwellers of the hut could not understand whose voice it was. They then stopped crying and weeping. Soon they came within the hut and began to weep and cry again. This time an unknown voice said : O Ahli-Bait, remember God and glorify Him under all circumstances, you will then become sincere worshipers. There is consolation of God in each danger and there is agent in every desired object. Remember God within your mind. Obey His commands and put them in execution. Hazrat Abu Bakr said : They are Khizir and Isha'a. They were present at the Janaza of the Prophet.

Hazrat Kaka-bin-Amr recorded the full address of Abu Bakr. He said : Abu Bakr addressed the people who began to shed tears at his address. After praising God, he said : I bear witness that there is no deity but God who is single. He has shown His unity as truth; He has helped His servant and he has routed His allied enemies. All praise is due to God. He is one. I bear witness that Muhammad is His servant and messenger and that he is the last of the apostles. I bear witness that the Quran remains as it was revealed, the religion is at it, came, Hadis is as it was spoken. God is open truth O God, Muhammad is Thy servant and messenger, Thy Prophet, Thy friend, Thy hope, Thy chosen servant. Shower blessings on him such blessings which Thou has not sent to anybody among Thy creatures. O God give Thy blessings, Thy pardon, Thy mercy, to the last of Thy messengers and the leader of Thy religious peoples and the guide to all good. O God, bring his honour near honour his place and take him to the abode of praise. The sages of past and present ages will envy him. Give us the benefit of his praised abode, make him our representative in this world and the world next. Give him honour and Paradise and make him our means. Send blessings on Muhammad and his family and send blessings on Abraham and his family. Surely Thou art praised and glorified.

O people, he who worships Muhammad shall know that Muhammad is dead. He who worships God, shall know that God is ever-living and has got no death. God has chosen for His Prophet for what is near Him and has not chosen for him what is near you. He has taken his life to give him reward. He has left to you His Book and his Sunnah. He who holds fast to these things is a true believer and he who differentiates between these two things does not believe. O believers, stand on justice. May not the

devil misguide you after the death of your Prophet and turn you from your religion. You can baffle his efforts if you meet with him with good deeds. Don't look at him or else he will rule over you and will throw you into danger.

Ibn Abbas said: When Abu Bakr finished his address, he said : O Omar, you informed me that you are saying that the messenger of God has not expired, Don't you see that the Prophet said such and such on such and such a day? God said in His book : You will die and they will also die. He said : By God, it seemed to me that I never heard before about the revelation of this verse in the Holy Book. The book remains as it was revealed. Hadis remains as it was uttered. God is ever living and has got no death. We are for God and to God is our return. Blessings on His Prophet and we hope to see him near God. Thereafter he sat near Hazrat Abu Bakr.

Hazrat Ayesha said: When the people assembled for the washing of the body of the Prophet, they said : By God, we don't know how to wash the Prophet. Shall we uncover his wearing cloth as we do in other cases or shall we wash him within his wearing cloth? Ayesha said that God had sent on them slumber and there was nobody among them who did not place his head over his bosom and sleep. Then a man (whom no-body knows who he was) said : Wash him within his wearing cloth. Then they got up from slumber and did so and the Prophet was washed within his wearing apparel. After this they clothed him with coffin cloth. Hazrat Ali said : We washed to take off his wearing apparel when it was proclaimed to us : Don't take off the cloth of the Prophet. We washed him and turned him from one side to another. His side automatically turned to another side without our efforts. Thus we finished his washing.

This is in short the story of his death. There was no cloth of his which was not buried with him. Hazrat Abu Jafar said : The bed sheet of the Prophet was spread in the grave and on it was placed the body of the Prophet. There is a great lesson and an ideal in the death of the Holy Prophet.

THE DEATH OF HAZRAT ABU BAKR

When the death of Hazrat Abu Bakr approached, Hazrat Ayesha came to him and recited the following poem.

By my life, this life is nothing but a night-dream
Power of wealth is meaningless when death comes.

He said covering his faces : Don't utter this, rather say : Death pangs have truly come from which you have been warned (Quran). Look to my two cloths. Cleanse them and coffin me therewith, as there is more need for new cloth for those who are alive than those who are dead. The people came to him and said : Shall we not call for you a physician? He said : My Physician looked to me and said : I do what I will (Quran).

Hazrat Salman Farsi came to see him and said: Give us advice. He said : God will open for you the treasures of the world. Take from these only what is necessary for you. Know that he who prays Fajr remains in the security of God, Don't think His security little. If you do it, you will be turned down into Hell.

When the illness of Hazrat Abu Bakr became serious and the people expressed wish for the nomination of his successor, he nominated Hazrat Omar for the Caliphate. The people said to him : You have nominated for us a very stern and harsh man. What answer will you give to your Lord? He said : I will say that I nominated for the people the best qualified man available. When Omar was sent for, he came and Hazrat Abu Bakr said to him : I give you one wasiat. Know that God does not accept your day duties to God at night and He does not accept your night duties to Him at day. He does not accept optional duties until you perform your obligatory duties. The balance of those will be heavy on the Resurrection Day who will follow truth. The duty of the Balance is that it will be heavy if truth is placed in it. The balance of those will be light on the Resurrection Day who follow untruth. The duties of the Balance is that it will be light if untruth is placed in it. God has bestowed the dwellers of Paradise with good works and pardoned their sins. God narrated the verses of mercy and punishment so that a believer renunciates the world and does not lead himself towards destructions and does not hope for anything from God except truth. If you keep my wasiat, you will love no other thing except death which must come to you. If you do not fulfill my wasiat, nothing will become hateful to you than death. Death must come to you and you cannot baffle it.

Sayeed-bin-Mosayyeb said: When there came the death of Hazrat Abu Bakr, the companions came to him and said : O

representative of the Prophet, give us advice as we see your death near. He said : He who expires saying all these, God places his life in an open space. The companions asked : What is open space? He said : It is an open space before the Throne wherein there are gardens, rivers and trees. One hundred mercy surrounds it every day. He who says this, God places his soul in that place : O God, thou hast created men first although you had no need of them. Then Thou divided the people into two factions, one faction for Paradise and another faction for Hell. Make me an inmate of Paradise and don't make me one of Hell, O God, Thou hast created the creation into different classes before they were created. Thou hast created them into classes of fortune and misfortune, guidance and misguidance. Don't make me unfortunate with sin.

O God, Thou knowest before Thou created a man what he will acquire. There is no defect in what Thou knowest. Make me one of those Thou keepest engaged in Thy service. O God, nobody wills anything unless Thou wealth. I wish that which will take me to Thy neighbourhood. O God, Thou hast given to the people the powers of their movements and nothing moves without Thy permission. Place me in fear for Thee. O God, Thou hast created good and bad and created people for good and bad. Make me one of good. O God, Thou hast created Paradise and Hell and created inmates for them. Make me an inmate of Thy Paradise. O God, Thou willeth to make a part of men misguided and maketh their breast narrow. Make my breast spacious for faith and make it endowed in any heart. O God Thou manageth everything and taketh it unto Thee. O God, every man passes morning and evening hoping to get that thing. Thou art my object, of hope. There is no strength and might but through Thee. He said that these instructions are in the Book of God.

THE DEATH OF HAZRAT OMAR

Hazrat Amr bin-Maimun said: I was standing in the morning in the place where Hazrat Omar was stabbed with knife. Abdullah bin Abbas was standing near me and Hazrat Omar passed between two rows, and whenever he saw any opening, he said : Straighten your rows. He used to do like that till the rows were adjusted. Then he recited Takbir advancing forward. On the day of occurrence, when he recited Takbir I heard that he said : A dog has killed me. Abu Lulu stabbed him there with a two edged

dagger. After stabbing, he was fleeing with his dagger. He stabbed by whomsoever he passed and thus he stabbed ten persons in the course of his fleeing. Out of them seven or nine persons expired. When he was passing by another Muslim, he threw a thick wrapper over his body. Seeing that he was caught, he committed suicide. Hazrat Omar caught hold of Abdur Rahaman bin Auf and pushed him in front to be Imam in the prayer. The people near me in the first row saw what I saw. Those who were outside it, did not know what happened, They however heard the voice of Hazrat Omar and wondered.

Abdur Rahaman made short the prayer. After the prayer, Hazrat Omar said : O Ibn Abbas, look at the person who stabbed me. He made a round and said that he was the slave of Mugirah bin Shu'ba. Hazrat Omar said : May God destroy him. He ordered that mercy might be shown to him. Then he said : All prise is due to God who has not done my murder at the hand of a Muslim. You and your father want that more people of the unbelievers should be allowed to come to Medina. There were many such slaves with Hazrat Abbas. Ibn Abbas said : If you wish, I will kill them all and if you wish otherwise, I will do with them otherwise. He said : Don't kill them if they recite Kalema like you and pray towards your Qibla.

Then he was taken to his house. We also went with him. Some drink was brought to him but it went out of his stomach. Then he was given milk which also went out of his stomach. Then the people understood that he won't survive. A young man said to him : O Commander of the Faithful, take good news from God, you were a close associate of the Prophet and accepted Islam at the early period. Then you got power of administration and did justice. When the young man was going, Hazrat Omar said : Lift your wearing apparel a little above. It is better for your cloth and excites fear of God. Then he said to his son Abdullah : O Abdullah, estimate my debts. On estimation, it was found to be 86,000 Dirhams.

Hazrat Omar said : Clear it if the properties of the family of Omar are sufficient for it, or else demand it from the children of Adi-bin Ka'ab. If their properties are not sufficient, take it from the Quraish and clear the debts on my behalf. Tell Hazrat Ayesha : Omar tenders you salam. Don't say Amirul Momenin (Commander of the Faithful). I am no longer their Commander

from to-day Tell her that Omar wants to stay with his two friends. Hazrat Ayesha said : I wished it for myself, but I want to fulfill his need today more than that of myself. When Abdullah came to Omar, he said : Raise me up. A man raised him up and he said to his son : What news? He said : She gave permission what you wanted. Omar said : All praise is due to God. Nothing is more needful than it. When I die, take me there, then after saluting tell her that Omar is seeking permission. If she gives me permission, place me in this grave. If she does not give me permission, bury me in the graveyard of the Muslims.

Hafsa, daughter of Omar and widow of the Prophet, came there and wept for an hour. The people sought permission to see him and they entered and said : O Commander of the Faithful, advise us and nominate your successor. Hazrat Omar said I refer this matter to a committee consisting of such persons on whom The Prophet was pleased at the time of his death. The Committee will consist of Hazrat Ali, Osman Jubair, Talha, Sa'd and Abdur Rahaman. Abdullah, my son, will be present along with them but he will have nothing to do with the Caliphate. He gave consolation to his son saying : If Sa'ad gets nomination, it is better or else whoever is elected as Caliph by the Committee, seek assistance from him. I advise one who is elected Caliph after me-(1) He will keep dignity of the first refugees and preserve their honour, (2) He will seek good of the Ansars as they gave refuge to them and their faith (3) He will accept their good deeds and forgive their faults. (4) He will seek good of the citizens as they preserved Islam, and attack those enemies who hoard wealth. (5) He will treat well with all the inhabitants of Arabia as they are the original dwellers of Arabia and the basis of Islam. He shall realise the excess wealth from the rich and distribute it to the poor. (6) He will fulfill the trust of God and His Prophet and fulfill the rights given by them to the Zimmis, protect them fight for their preservation, and impose on them no greater burden than they can bear. Ibn Omar said : When Omar died, we carried him on foot and said to Ayesha that Omar- bin-Khattab is seeking your permission. Hazrat Ayesha said : Bury him here and let him stay here with his two friends. The Prophet said : Gebrail told me that Islam would weep after the death of Omar.

Hazrat Ibn Abbas said : When Hazrat Omar was placed on the bier, the people stood surrounding him and were praying for

him. I was one of them. Nobody saw me except one man. He touched my shoulder and I found him to be Ali-b-Talib. He began to pray for Omar and said : You have left no such successor of yours as I can take him dearer than you. By God I think God will place you along with your two friends. I often heard the Prophet say : I, Abu Bakr and Omar went there. I, Abu Bakr and Omar went out. I, Abu Bakr and Omar entered. I surely believe God will keep you in association with your two friends.

THE DEATH OF HAZRAT OSMAN

The story of Hazrat Osman's murder is well-known. Hazrat Abdullah bin Salam said : I came to offer Salam to my brother Osman when he was surrounded by the rebels. He said to me : O my brother, welcome to you. I dreamt the Prophet last night as saying : O Osman, they have surrounded and besieged you. I said : Yes. He said : They prevented you from taking water, I said : Yes. He gave me a dole of water and I drank it to my heart's content, as a result my breast and shoulder became cool. He said to me : If you wish I will help you against them. If you wish, you will break your fast near me. I told him to break fast near him. On that day he was killed. He said at the time of his murder: O God, keep the people of Muhammad united. He recited it thrice.

Mohammad said : I was one of the assembled crowd below when Hazrat Osman was addressing them. He said : Send the two men to me who brought you here. They were sent and they came like camels or asses. Hazrat Osman said to the crowd : I am asking you in the name of God and Islam : Do you not know that the mosque of Medina was insufficient to accommodate those who pray. The Prophet then said : Who will purchase the garden of so and so and make spacious the lawn of the mosque and get a garden better than that in Paradise? I purchased with my principal money. Today you are preventing me from praying two rakats of prayer therein. The people said : O God, that is true, Hazrat Osman said : I ask you in the name of God and Islam : Don't you know that the Prophet was standing in a valley and with him there were Abu Bakr, Omar and myself. Then the valley began to tremble and even began to throw stones. The Prophet stroke it with his feet and said : O valley, be steady, there are upon you the Prophet, the Siddiq, and the martyr. They said : O God, that is true. He said : God is great, they testified me. By the Lord of Kaba, I am a martyr.

An old man said that Hazrat Osman was given a strike by sword, and blood was them oozing out flowing upon his beard. He said : There is no deity but Thou. Thou art glorified and I am one of the oppressors. O God. I seek refuge to Thee against them and seek assistance from Thee in all my affairs. I pray to Thee to have patience in the danger Thou hast cast upon me.

THE DEATH OF HAZRAT ALI

Asbag Hanzali said : Ibn Tiah came to Ali and informed him of the morning prayer as he was then in his bed. He came to him again and found him in bed. When he came for the third time, Hazrat Ali walked and said :

Be prepared for death, death is sure for you.
Fear not death when it takes life.

When he reached the little door of the mosque, he was stabbed by Ibn Maljam Omme Kulsum, daughter of Ali, came out and said : What has happened to Fajr prayer, my husband Ameerul Momenin was murdered at Fajr prayer, my father Hazrat Ali has been murdered at Fajr prayer. A Quraishite old man said : When Ibn Maljam stabbed Hazrat Ali, he said : By the Lord of Ka'ba, my purpose has been fulfilled. He did not hold further useless talk and at death bed he began to utter : There is no deity but God

CONDITIONS IN GRAVE

It is reported by Zuhhak that a man asked : O Prophet of God, who is the person who has renunciated the world most? He said : He is one who does not forget the condition in the grave and destruction, who gives up the unnecessary fineries of the world, who prefers the everlasting happiness rather than the short lived happiness, who does not count tomorrow as included in his life and who counts himself as one of the inmates of the grave. Hazrat Ali was once asked; What is your condition? Why are you living in the neighbourhood of graves? He said : I have found those as good neighbours whose tongues are silent and who remembered the hereafter.

The Holy Prophet said: The grave is more fearful than what I glanced my look on. Hazrat Omar said : Once we came out with the Prophet to the graveyard. He sat by one grave and I was close to him. He began to weep and at last his companions also began

to weep. He asked us : Why do you weep? We said : We weep as you weep. The Prophet said : This grave is of my mother Anina, daughter of Wahab. I asked permission of my Lord to visit her grave and he gave me permission. Again I asked forgiveness for her but He rejected it. The affection of a son towards his mother has arisen in me.

Whenever Hazrat Osman waited by the side of a grave, he wept so much that his beard became wet. He once said : Why don't you weep if Paradise and Hell are described to you but why do you weep if you stand by the side of a grave? He said : I heard the Prophet say : The grave is the first stage out of the stages of the next world. If one gets release from it, what is next to it is more easy than it. If he does not get release from it, what comes next is more difficult than it.

It has been narrated that Hazrat Amr-bin-A's got down and prayed two rakats by the side of a graveyard. He was said : You have never done so before. He said : I can remember what passed between the inmates of the graves and myself. I intend to be near God with the help of these two things.

The saint Muzahed said: What the grave will first say to the son of Adam is this : I am the dwelling house of insects and worms. I am the house of solitude, an unknown house, a house full of darkness. I have prepared this house for you. What are the things which you have prepared for me?

The companion Abu Zarr said: shall I not inform you of the dreadful day, the day wherein I will be placed in the grave? Abu Darda'a sat by the side of the graveyard. When asked its reason he said : I sit by such a people who remind me of my return. When I stand up, they don't envy me.

Hazrat Ja'far bin Mohammad used to pass his night in a grave and say : O inmates of graves, what is the matter with me that whenever I call you, you don't respond to me? Then he said : By God, there is obstruction in my question and their answer and let me be like them. Then he prayed upto morning.

Caliph Omar-bin-Abdul Aziz said to one of his courtiers : O brother, I am passing sleepless nights thinking the graves and their inmates. If you had seen an inmate of the grave after three days, you would have hated to go to him inspite of your long love

and association with him and you would have seen the grave in such a condition that it is filled up with scorpions, insects and worms eating and biting him and the coffin cloth with sweet scents is filled up with stenchy smells. Then he raised such a loud voice that he fell down senseless.

WHAT IS DEATH?

Different opinions about death. Know, readers, that different people hold different opinions about death. Some say that death destroys everything and that there is no final destruction of the world and no Resurrection and that the death of man is better than that of birds and beasts, plants and trees. This is the opinion of the unbelieves. Another group of men think that death destroys man and from grave to resurrection there will be no reward and punishment. Another group of men hold the opinion that human soul does not die and that punishment and reward will be awarded on soul and not on body, and that there will be no physical resurrection on the Resurrection Day. These are all void opinions and far from truth.

MEANING OF DEATH: The verses of the Quran and Hadis and knowledge gained by experience show that death means change of condition, that when soul is separated from body, it receives reward and punishment and that the separation of soul from body means loss of power of soul over body. The limbs of the body are instruments of soul. It uses them in its works. It catches by hands, hears by ears, sees by eyes and acquire knowledge of all things. Soul without these things can know the relation of everything. For this reason soul suffers sorrows and pangs and enjoys happiness. There is no connection of these sorrows and happiness with the body. The body stripped of powers of works by death is like the limbs which become paralysed owing to rheumatism or serious illness. Soul cannot exercise influence on them. Knowledge and wisdom remain with soul even after death. Death means that all the limbs of the body become disobedient to soul. Each limb is an instrument of soul from which it takes works. By soul I mean that thing which enjoys happiness and feels sorrow. By death, sense of happiness and sorrows remains on soul. By man, we mean his soul which retains the sense of happiness and sorrow. It does not die and will not die. Since its creation, it is eternal although it is created. Death means separation of body from soul and the body ceasing

to be an instrument of soul, as the paralysis of a limb means its ceasing to be an instrument of the body. Death means paralysis of all bodily limbs but the main thing of a man that is soul, remains.

CAUSES OF CHANGE OF CONDITION AT DEATH

There are two causes for this change of conditions. (1) The first cause is that all his limbs, ears, nose, eyes, tongue etc. are snatched away from him at death, and that he is snatched away from all his relatives and friends, and from all his wealth Thus there are pangs of separation of dear things of this world and he is shifted to another world where he feels pangs of separation in acute form. Thus there is change of conditions at death.

(2) The second cause is that the real nature of things is disclosed to him after death which was kept hidden from him in his life time as what is not disclosed to a sleeping man is disclosed to one who is awake. Men are in sleep now and they rise up after death from sleep. Then the destroying thing sin and the benefiting thing virtue appear before him. Those are recorded in the Book of deeds which are kept secret in his soul. His engagement in world pursuits kept him away from its enquiry. When this engagement is cut off by death, all his deeds are disclosed to him. Acutely grieved at his sins, he even prefers to throw himself into fire. He may be said at this stage : Your soul is sufficient for account of yourself. That becomes vivid at the time of separation of soul and before burial. The pang of separation keeps him busy at that time but what he has acquired of virtues necessary to take him to the desired abode gives him happiness at that time. Such a man does not want but what is actually necessary for him in this world. Thus he relieves himself from the pangs of separation before his death. After he is buried, his body is returned to his soul, so that he may get the taste of punishment and happiness. Some time he is forgiven of his sins.

MEANING OF LIFE: In order to understand life, soul and its attributes must be known. The Prophet did not give permission to discuss about soul except this that the soul comes from the command of God. Permission has however been given for discussion how the human soul will face after death. From this it is known that death does not mean that soul will die with body. There are proofs that it will not die. Gods says : Don't consider

those who are killed in God's way as dead, rather they are alive near their Lord and are given provision.

When some leaders of the Quraish were killed at Badar, the Prophet addressed them thus. O so and so, O so and so, I have found true what my Lord promised me. Have you found true what your Lord promised you? He was said : O Prophet of God, do you address the dead persons? He said : By Him who holds my life, they are surely hearing these words, but they cannot reply. This is the proof of Shariat about the immortality of soul.

The Prophet said: Grave is a hole of Hell or a garden of Paradise. This is the proof of Shariat that death means change of condition and entry of the dead man to fortune or misfortune. At the time of death, it comes suddenly without delay, but there are some punishments which come late.

The Prophet said: Death is a Qiyamat or doomsday. He who dies meets with his Qiyamat. The Prophet said : When some one of you dies, his place is shown to him morning and evening. If he is a dweller of Paradise, he is included in the dwellers of Paradise. If he is fit for Hell, he is said : This is your place till you are Resurrected on the Resurrection Day. If one sees two places, punishment and happiness are not concealed from him. Hazrat Ali said : It is prohibited for a man to go out of this world till he knows his place either in Hell or in Paradise. Abu Hurairah reported that the Prophet had said : He who dies in journey, dies a martyr. The punishment of his grave is forgiven and his provision comes morning and evening from paradise.

There is complete joy and happiness for a martyr-who is killed for the way and cause of God, as he has cut off all connections of the world and advanced for Jehad to seek the pleasure of God and being eager to meet Him. God says : 'What they desire will get'. There is description of all sorts of happiness in this verse.

The Prophet said to Jaber : O Jaber, shall I not give you a good news? He said : Yes. He said : God gives you good news. He says that He kept alive your father and keeps him seated before Him and says : O My servant, seek what you desire, I shall give it to you. He said : O my Lord. I could not serve you due to you. I hope that you should return me again in the world that I may fight a long with your Prophet and again be a martyr for your pleasure. God said to him : It is my law that you cannot return there again.

Once when a man died, the Prophet said : This man has gone from the world and left it for his family members. If he is please there, he will dislike to return to it again as someone of you dislikes to return to his mother's womb. The Prophet said : A believer lives in the world like a foetus in mother's womb. When it comes out of it, it begins to cry and when it sees light, it dislikes to return to its former place. Similar is the condition of a believer. When he sees and meets his Lord, he dislikes to return to the world as a child dislikes to return to his mother's womb. The companion Abu Sayyed Khodri said : I heard the Prophet say : The dead man sees one who washes him, who carries him and who places him in the grave.

TALK OF GRAVE TOWARDS A DEAD MAN

The Prophet said : When a dead man is placed in the grave, it says : O son of Adam, woe to you! Who kept you forgetful of Me? Don't you know that I am the abode of sorrows and sufferings, of intense darkness, of worms and insects? Why did you fear so much when you walked by my side? The Prophet said : A dead man sits in the grave and hears the footsteps of the living men. He does not talk with them, but his grave says : O son of Adam, woe to you! did nobody warns you of my narrow space, of stenchy and fearful condition of my worms and insects? What have you then prepared for me?

PUNISHMENT OF GRAVE AND QUESTIONS OF MONKAR AND NAKIR

Hazrat Bara'a bin-Ajib reported: The Prophet came out along with us to pray funeral prayer of an Ansar. He sat by his grave and said thrice : O God, we seek refuge to you from the punishment of the grave. Then he said : When a believer advances towards the next world, God sends to him some angels with bright faces like the sun. They carry for him scent and coffin. They take their seats so far as the eyesight goes. When his life goes out, every angel of heaven and earth send blessings on him and the doors of heaven are opened up for him. There is no such door as does not greet to take his soul through it. It says : O Lord, this is Thy servant. Then He says : Return him, show him the honour I have prepared for him as I promised it. From this I have created you and unto it I shall return you. When they depart, he hears their footsteps. He is then asked : O servant, who is your

Lord! What is your religion? Who is your Prophet? He says : My Lord is Allah, my religion is Islam and my Prophet is Muhammad. These questions are asked in a very strong and stern manner. This is the last calamity which appears to a dead man. When he utters this, a proclaimer says : You have spoken the truth. To this effect, God says, God confirms those who believe with established formula.

Then someone with cheerful countenance and dressed with fragrant cloths says : Take good news of blessings of your Lord and Paradise of lasting peace. He asked him : May God give you good news, who are you? He says : I am your pious deeds. By God, I don't know. If you were hasty in divine service and made delay in committing sins, may God give you reward of good. Then a proclaimer proclaims : Spread out abed of Paradise for him and open a door for him towards Paradise. Then he says : O God, bring the Resurrection very soon, so that I may return to my family members and wealth soon.

When an unbeliever advances towards the next world and cuts off connections with the world an angel with an hideous and ugly look comes to him with clothes of fire and shirt of tar to cover him with. When his life comes out, the angels of heaven and earth curse him and the doors of heaven are closed against him. When his soul is taken up, it suddenly falls down. Then it is said : O Lord, the heaven and earth do not accept the so-called servant of yours. God says : Return him and show him the punishment I have kept prepared for him. From it (earth) I have created him and unto it I will return him. When they go away, they hear their footsteps. He is then said : O servant, Who is your Lord? What is your religion? Who is your Prophet? He says : I don't know. He says : Has he not communicated to you? Then an angel with the most ugly face full of stench comes to him and says : Take good news of God's displeasure and lasting chastisement. He then asks : Who are you? He says : I am your evil deeds. By God, then an angel, blind, dumb and deaf is fixed for him. In his hand, there is a stiff iron rod. If all men want to lift it up, they can't do it. If a mountain is beaten therewith, it will be crushed to pieces. He beats him therewith and he is then crushed to dust. Then his soul is returned to his body again and he is then beaten on his face. Then everything except jinn and men hear its sound.

Then a proclaimer proclaims : Spread out to him two planks of fire and open a door towards Hell. Then it is complied with.

The Prophet said : The punishment of an unbeliever is is that in his grave, ninety nine serpents will be biting him and each serpent will have seven heads. This will continue upto the Resurrection Day.

Your must not express surprise at hearing the number of snakes as their number will increase according to the misdeeds of the unbeliever-pride, show, hatred and other evil characters and conducts. These will turn into snakes. Those who are well aware of soul realise and find these destructive sins. Those who cannot see them should not deny this, but seek its proofs. There are three matters to prove it.

PROOFS OF PUNISHMENT OF GRAVE

(1)The cause of your not seeing the sting of a serpent is this that your outward two eyes of this world were not made for its sight. The thing which can see the affairs of the next world belongs to the spiritual word. Don't you see how the companions of the Prophet believed in the descent of Gebrail although they did not see him with a physical body. They believed him as the Prophet testified it. If you believe him, then why do you disbelieve punishment in the grave? As an angel is not like man and animal, so the serpents which will bite the sinners and unbelievers in the grave do not belong to the class of serpents of the world. These are serpents of the next world and this can be understood by the senses of the next world.

(2)Remember the condition of a sleeping person. He sees in dream the sting of a serpent and feels also its pangs. Even it occurs that he rises up suddenly with a loud shriek, removes the sweat of his face and shifts else where. He suffers pangs as a man in wakeful state suffers pangs of snake-bite. You see his body in a peaceful state and do not see any serpent around him. Yet it is a fact that he sees the serpents and feels their sting but it is not true in your case. Therefore there is no untruth in the saying of the Prophet.

(3)You know that a serpent itself cannot give you pangs, but the poison which it throws in you gives you pangs. The poison itself is not pang, but the reaction which is creates in you gives

you punishment. If the reaction is caused without poison, it is sufficient as a punishment. The explanation of the punishment cannot be made without the relationship of a material object according to long established practice as pleasure of cohabitation cannot be explained without the relationship of a woman. The enjoyment of cohabitation can be also gained without cohabitation with woman. Similarly punishment can be meted out with agencies or material objects of punishment. The pangs which appear at the time of death, are like the pangs of snake-bite without the material figure of snake. The change of nature gives pangs just as separation of the objects of love or its death gives pain in mind. So death means that what was the objects of love before death has turned into objects of punishment soon after death. He who cuts off all connections from the world and does not love but God and remains anxious to meet with Him, gets release from the prison house of this world and mixes after death with his Beloved. Thus he gets happiness which is never cut off and is ever-lasting. The greater the properties of the world one possesses, the greater will be his punishment in the next world. The thing left at death, will be a cause of punishment and repentance.

If you neglect your good deeds and remain engaged is arguments and dialogues, you will be like the man mentioned below. A certain king arrests a man and keeps him in confinement for the purpose of cutting his hands and ears and taking out his eyes. The arrested man thinks all the nights weather the king will do these things with sword or with knife or with razor, but he never thinks of warding off the basic punishment. This is his sheer ignorance. So a man must think how to ward off punishment after death but not in what way the punishment will be meted out or happiness awarded. To enquire about this is to spend time in vain.

CONDITION OF A DEAD MAN EXPRESSED IN DREAM

Know, O readers, that the light of self introspection and the result of experience communicate to us the condition of the dead and their fortunes and misfortunes, but the condition of the general masses cannot be known by such methods as it is not known in what state a man died. His place of fear is heart which is so secret and subtle that a God fearing man even does not know

it, not to speak of others. When a man dies, he is removed from this material world to a world which is unknown and spiritual and it cannot be seen with this material eye. An eye is created within the mind of every man but it is covered by him with passions and earthly desires and nothing of the spiritual world can be seen with that eye of heart unless the screen over it is removed. As this screen is removed from the eyes of the heart of the prophets, they can see the things of the spiritual world, and also the conditions of the dead men. For this reason, the Prophet saw the pressure of earth in case of Sa'ad-bin-Muaz and his daughter Zainab. Similarly when the father of Jaber was martyred, he saw his condition and said that God made him seat in His front and there was no screen between them. This is true in case of Prophets and God's friends.

The Prophet said: True dream is one-forty sixt part of Prophethood. It is not possible unless the screen from the heart is removed. For this reason dreamof men other than that of the pious men, cannot be believed. He who has got greater falsehoods in him cannot be trusted regarding his dream. He sees only medley of dreams. The Prophet advised for this to sleep after performing Wuzu the object of which is to bring internal purity. He whos soul is pure can see what will occur in future, just as the Prophet said in dream that he returned to Mecca. God says : God has shown his Prophet's dream as true. Dream and what is seen in dream about future events are wonders of God and miracles of men. This is one of the positive proofs of the existence of the spiritual world, but men do not ponder over it as they do not look to the wonderful events of soul. The real condition of dream is included within the subtlities of the spiritual world. A short illustration of this may be given below.

SOUL IS A TRANSPARENT THING LIKE MIRROR

Every thing is reflected in the mirror. What will occur from the beginning of creation up to the end has been recorded by God in Lauhe Mahfuz (or Guarded Tablet) or Book of Deeds. What has happened or what will happen in the world has been recorded therein. That cannot be seen with the open material eye. That Guarded tablet is not a plank or a book, but it is just like the impression of the letters of the Quran in mind and brain. When one reads it, he looks to it. If his brain or mind is searched for after

being split up, you will not find any impression of letters in it. As the impression of letters is not found therein, you will understand that similarly the affairs of the world are imprinted in the Guarded Tablet. As the outward figure is seen in the mirror if placed directly before it, so the pictures in the Guarded Tablet are seen if placed directly before the mirror of human soul. But if there are screens of refuges or uncleanliness over the mirror, no figure will be reflected in the mirror. Similarly if there are screen of passions, sins and love of world over the soul, the things of the Guarded Tablet cannot be reflected therein.

SOUL IS A MIRROR : In the soul effect of knowledge is reflected. Similarly the Guarded Tablet is a mirror. Therein is reflected all the effects of knowledge. Passions and temptations are screens between the two mirrors. For this reason, the things of the Guarded Tablet are nor reflected in soul. That is included within the spiritual world. If owing to the effect of the blowing of wind, the screen is partly and temporarily removed, then something of the spiritual world is reflected for a short time like the sparkling of electricity in the mirror of soul. So long as he remains awake, the affairs of this material world and the five senses keep him engaged. That is the screen for the spiritual world. The meaning of sleep is that then the senses remain passive and they do not exercise any influence over soul at the time. When the soul is free from these senses and their bases are cleared off, the screen over the Guarded Tablet is lifted up and something therefrom is reflected in his soul just as a figure of one mirror falling upon another mirror without figure is reflected.

Sleep keeps the mind free from the working of the senses but does not keep it free from the ideas and thoughts of the world. An idea follows what falls upon heart. Illustration can be given of it. This idea is established in brain and takes permanent root. When he gets up from sleeps, he remembers the idea. Take up an example. Once a man said to Ibn-Sirin : I dreamt that I have got a seal in my hand whereaith I am putting seals on the faces of men and on female organs. He then said : You are a proslaimer of Azan, you will proclaim Azan at the time of Fajr in the month of Ramazan, He said : You have spoken the truth. Now look to the meaning of 'seal' which is to prohibit. That is reflected in the man's soul from what is within the Guarded Tablet. To prohibit the people from food and drink is that thing. The meaning of

closing with seal is to prohibit. Brain contains no figure but a picture of the figure born out of ideas. This is the better explanation of the sea of dream which is limitless.

Sleep is the brother of death and death is one of the open mysteries of creation. There is similarity between sleep and death as in both of them there is reflection of the spiritual world. Even a sleeping man can get sign of what will happen in future. By death the screen is fully removed and man can see rapidly his reward and punishment at the time of death. The Quran says : You are unmindful of this. I have removed the screen from you, as a result your sight to-day is very sharp (50:22). 'And there appeared to them from God what they could not conjecture before. Now think of the saying of the Prophet : Love what you like but you shall have to leave it. Live as long as you wish, but you shall have to die. Do what you like, but you shall have to get its return.' So live in the world like a sojourner and don't place one brick upon another and one plank over another for your habitation. Don't amass wealth, don't take anyone besides God as your bosom friend. The Prophet said : Had I had taken anyone as my bosom friend, I would have taken Abu Bakr as such, but your companion is the bosom friend of the Merciful. This shows that the real friendship with the Merciful was imbedded in his soul and the love of God filled up his entire heart. The Prophet therefore said : If you love God, follow me, God will then love you (Quran).

SECTION 2

There are in this section the following matters—(1) Blowing of Trumpet. (2) Discriptions of the Resurrection. (3) Perspiration, (4) Duration of Resurrection, (5) Fearful events of the day, (6) Questions to the sinners (7) Balance, (8) The Bridge, (9) Intercession, (10) Fountain, (11) Paradise, (12) Hell, (13) Divine vision and (14) God's mercy.

(1) **Blowing of Trumpet. God says :** There will be blowing of Trumpet. As a result, all in Heaven and earth will fall in swoon except those who are saved by God. There after there will be another blowing of Trumpet. Then they will stand up, looking on—39:68. God says : When there will be blowing of Trumpet, it will be a very grievous day, it will not be easy for the unbelievers. God says in verse 23:101—When the Trumpet will be blown,

there will be no more relationship between them that day, nor will one ask another. God says in verse 69:13—When one blast is sounded on the Trumpet and the earth is moved and its mountains etc. The Prophet said : 'How can I enjoy happiness when the angel of Trumpet is awaiting and hearing attentively turning his forehead to one side when there will be order for the blowing of Trumpet and when he will blow Trumpet ?' The angel Israfil is keeping his mouth attached to the Trumpet just like a trumpet in war. The circumference of the mouth of this Trumpet is like that of the heavens and earth. He is awaitiong order fixing his gaze towards the Throne. Immediately after receiving order, he will blow the Trumpet for the first time. As a result of this, all in the heaven and earth will expire except Gebrail, Michael, Israfil and Izraile. Then God will order to take the life of Gebrail and then that of Michael and than that of Israfil. Then the angel of death will take out his life himself. After the first blowing, all the created beings will remain in Barzakah for 40 years. Then God will restore life to Israfil and order him to blow the Trumpet again. The Quran says : Then there will be second blowing when they will stand up looking on—39 :68.

(2) **Resurrection. The Prophet said :** On the Resurrection Day, men will be gathered together in such a field which is white, clean and round like a loaf. There will remain no sign therein. The narrator explained that the whiteness is not like that of snow. Clean means there will be no structure or building wherein recourse is taken. There will no distance out of sight. Think not that the ground will be like this ground. God says : When this world will be changed into another world and the heavens too, the whole world will then be full of darkness. The sky will fall down into pieces and flow like molten silver. Everybody will stand up naked. The Prophet said : Every man will be raised up naked and circumcised. Their perspiration will rise up upto their ears. Hazrat Sauda asked a the Prophet : O Prophet of God, if we stand up naked, will not anybody look at others ? He said : Everybody will be busy with himself. That will be a fearful day. The hidden things will be disclosed and nobody will be safe. Some will crawl upon their bellies and some upon their faces. The Prophet said : On the Resurrection Day, men will be divided into three classes, some will be coming on riding, some on foot and some on faces. One man asked : O Prophet of God, how will they come walking on their faces ? He said : He who can make men

walk on foot, can also make them walk on their faces. Man denies what he is not accustomed to. If man did not see serpents crawling on their bellies, he would not have believed it. He who walks without foot would have disbelieved one who walks on foot.

(3) **Perspiration.** All the creations before and after will be gathered together in one place—the creations of seven heavens and seven earths, angels, jinn, men, devils, birds and beasts. The sun will shed lustre on them and the lustre will be increased manifold. It will shine very close to them. There will be no shade on the earth except the shade of the Merciful destined for the pious. Everybody will therefore give out perspiration. It will rise up to them according to their actions in the world and upto waists of some, upto ears of some, and some will be drowned therein. The Prophet said : Remember the day when the whole mankind will stand up before the Lord, even some of them will be drowned upto their ears. The Prophet also said : On the Resurrection Day there will be perspiration of men, so much so that it will rise upto the height of seventy cubits and upto their ears. The Prophet also said : They will stand up looking towards the sky for 40 years and owing to excessive heat perspiration will almost drown them. The Prophet said : On the Resurrection Day, the sun will come very near the earth and men will perspire. It will rise upto the waists of some, to the feet of some, to the knees of some, to the face of some and it will drown some." This will occur before accounts of actions are taken. Know, O men, that those who did not perspire in the world in the way of God, pilgrimage, fast, prayer, Jehad, advice to do good and prohibition from evils, will perspire on the Resurrection Day.

(4) **Duration of Resurrection.** In the vast field of Resurrection, all the creations will be looking upwards without any talk and with fearful heart for a period of 300 years. They will have no food or drink and no breeze. The Prophet read this verse : What will be your condition on the Day when God will gather you together ? That day will continue for 50 thousand years and He will not look to you. The Prophet said when asked about the Resurrection Day : By One in whose hand there is my life, that day will be made easy for a believer more easy than the obligatory prayers.

Try to be one of the believers. You have got freedom of actions till your last breath. Be prepared for the great Day and take provisions for the Day.

(5) **Terrible sufferings of the Day:** O wreatced man, be prepared for the terrible day of which the events are most fearful, duration long, judge very strict and time is near. You will see the sky rent asunder, the stars seattered all round out of His fear, the sun overturned, the mountains displaced, the creatures gathered, the oceans swollen, fires of Hell enkindled, Paradise near, mountains roaming the earth changed with terrible earth-quakes, the mountains will become like cleaning of cotton, every suckling woman will forget her child, every pregnaat woman will suffer abortion and the punishment of God will be most grievous.

The earth will become a vast plain with no unevenness or crookedness. Every man on that Day will be presented with his good or bad deeds. Tongue will then be closed and every limb will speak. On hearing the terrible nature of the day, the Prophet become grey haired. Hazrat Abu Bakr one day asked the Prophet : O Prophet of God, I see you greyhaired. He said : The chapters Hud, Waqeah, Murselat and such other chapters have made me grey-haired.

(6) **Rendering accounts of worldly affairs:** On that day, everyone young or old will be asked of his deeds in the world. The angels with big bodies and terrible figures will come down and they will catch hold of the sinners and bring them to God. The Prophet said : There is such an angel of God, the distance of whose two eyes is equal to the distance of one hundred years' journey. God says : I will ask them of what they did including every Prophet. The Prophet said : There is no such man with whom there will an interpreter or screen at the time when God will ask him. The Prophet said : Every man among you will stand before God and there will be no screen between him and God. He will say to him : Did I not give you gifts ? Did I not give you wealth and properties ? He will reply : Yes. He will see Hell on his two sides. So save yourself from Hell giving in charity of a portion of even a date. Muzahed says : No man will place his feet near God till he is asked four things, how he spent his life, how he translated his learning into action, how he wasted his body, in what way he spent his wealth and wherefrom he earned it.

(7) **Weights and Measures (Balance)**: After accounts are taken, people will be divided into three classes—One class of people will have no virtue. A prolonged neck will come out of Hell and overtake them just as a bird takes seeds of corn and throw them into Hell. The second class of men will have no sin. They will enter Paradise. Those who pray at night will be included among this class. Those who have not been diverted from the remembrance of God by the worldly affairs will be among this class. Those who have not been diverted from the remembrance of God by the worldly affairs will be among them. The third class of men will be the majority and will have good and bad deeds mixed together. Then the Balance will be set for them to weight which of the actions good or bad is greater. A great commotion will be created at that time.

Once Prophet's head was lying in the lap of Hazrat Ayesha and she was weeping remembering the Hereafter and her tears fell on the cheek of the Prophet. He rose up and asked : O Ayesha, why do you weep ? She said : I remember the Hereafter, Will you remember your wives on the Resurrection Day ? The Prophet said : By One in whose hand there lies my life nobody will remember anybody in three places : (1) When the Balance will be set up to weight the deeds, (2) when the books of deed will be given till he sees whether they are placed in his right hand or left hand, (3) and near the Bridge.

The Prophet said: God will say to Adam : Rise up and see the number of the dwellers of Hell He will ask : What is the number of the dwellers in Hell ? God will say : 999 persons out of every thousand. When the companions heard it, the clours of their face became completely changed. The Prophet then said : Go on doing deeds and take good news. By One in whose hand there is my life, you have got two creations with you—children of Adam and the children of the devil. One of them destroys the other. The companions asked : What is that ? He said : Gog and Mogog At this, the comapnions were pleased. The Prophet said : Do actions and take good news. You will have such distinction on the Resurrection Day as there are black signs on the sides of camels or signs in the eyes of horses.

RETRIBUTION AND RECOMPENSE

He whose scale will be heavy will live in happiness and he whose scale will be light will go to Hell. Nobody will be safe there except one who takes account of himself in this world. He weighs his actions in the scale of Shariat in this world as Hazrat Omar said : Take account of your actions before your actions are taken account of, weigh your actions before your actions are weighed upon. The meaning of taking account is to repent with sincere heart before death for all the sins committed to look to the shortcomings in the obligatory duties, to return the properties to the true owners taken unjustly or by oppression, to make compensation for the wrongs done to others by tongue and hands, to redress for wrong notions against anybody. If he dies without doing these duties, his enemies will surround him. Some one will say : You have oppressed me. Some one will say : You have rebuked me. Some one will say : You have put me to jest and back-bited me. Some one will say : You have engaged me as a labourer but you have not paid my wages. Someone will say : You have sold me a thing but you have played fraud with me, you have concealed from me the defects in the sold thing. Someone will say : You were above want, while I was in want and you have not given me food. Someone will say : You have flattered the oppressor or did not remove his oppession from me although you had such power. God says : Don't think that God is unmindful of what the oppressors do. He puts them off for a day when their eyes will be sharp. They will flee with raised heads. They will look to him. Their hearts will be vacant—14:42. The Prophet once said : Do you know who are really the poor ? We said : O Prophet of God, he among us is poor who has got no money or property. He said : He is poor among my followers who will bring with him his prayer, fast and Zakat but on account of his childing others, backbiting others, misappropriating the properties of others and cheating others, his virtues will be given to them. If his virtues are found short but still their claims remain fully unsatisfied, their vices will fall upon him and he will be thrown into Hell.

(8) **The subtle Bridge**: This is a long bridge over Hell which is sharper than award and more subtle than hair. He who treads on straight and right path in this world will cross it easily on the Resurrection Day and will get salvation. He who is misguided and saddled with sins will slip therefrom at the first step and will fall down into Jahannam below. Below the Bridge, there is the fire

of Hell. The sinners will fall down below with their heads downwards and legs upwards. The Prophet will say then : O, my Lord, make us safe, make us safe. The wailings and cries of the dwellers of Hell will reach your ears. What will be your condition then ?

The Prophet said : The bridge will be placed over the back of Hell. I will be the first to cross it along with my followers. None will speak that day except the apostles. They will cry, O Lord, make us afe.

The Prophet said : People will cross the Bridge over Hell. There will be thorns and iron pegs thereon which will catch the sinners from every side. Some will cross it like lightning, some like the blowing of wind, some like running of horse, some will walk, some will walk on their breasts. The inmates of Hell will not live or die and they will be burnt by fire. The Prophet said : God will gather together all the creasures from first to last on a fixed day. They will keep standing in that condition for 40 years looking towards the sky and waiting for Judgment. Hazrat Annas reported : I heard the Prophet say : The Bridge will be sharp like sword and thin like hair. The angels will give salvation to the believing males and females. Gebrail will catch my waist and I will say : O Lord, give us a salvation, give us salvation. The number of those who will slip down will be numerous.

(9) **Intercession:** When a party are adjudged to dwell in Hell, God may accept intercession on their behalf by the Prophets and the truthful ones. Those who are near God can intereede for their relatives and dear ones. The Prophet once cried out saying : My followers my followers. God said : O Gebrail, go and ask Muhammad why he is weeping. Gebrail came and asked him accordingly. He said : God knows it best. God said : O Gebrail go to Muhammad and tell him : I will soon satisfy you regarding your followers and will not forget you. The Prophet said : I have been given five things which were not given to the Prophets before me. The power of intercession is one of them. Each Prophet waa sent to a particular nation and I have been sent for the whole mankind. The Prophet said : On the Resurrection Day, I will be the leader of the Prophets, their mouth-piece and having right of intercession. There is no pride in it.

The Prophet said: God will gather together all the creatures before and after in one field. The sorrows of some will go to the extreme and some of them will say to the others : Let us go to Adam. They will come to Adam and tell him to intercede for them to relieve them of their sorrows and difficulties. Adam will say to them : Today my Lord grew into such a rage as had never happened before. He prohibited me not to go to the tree but I disobeyed it. I am busy with myself.

They will then go to Noah. Noah will say to them : I am busy with myself as I invoked wrath of God against my people. Go to Abraham, the friend of God. They will then come to Abraham but he will say that he spoke three lies for which he is anxious for himself. He will say : Go to Moses. They will then come to Moses, but he will say : I killed a man without order from God. I am busy with myself. Go to Jesus. They will then come to Jesus who will say : I am busy with myself. Go to Muhammad. They will then come to Muhammad. He will go to the Throne and will fall in prostration and say : O my followers, O my followers.

(10) **Fountain:** The Fountain is a honoured gift. It will be given to our Prophet. There is one special attribute of the Fountain that if a man drinks a sip therefrom, he will never be thirsty. Anas reported that the Prophet one day rose from sleep and began to laugh. The companions asked him : Why do you langh, O Prophet of God ? He said : I laugh for only one verse which has just been revealed to me. Then he recited the verse 108 of the Quran : I have given you Kausar. So pray for your Lord, and do offer sacrifice. He asked : Do you know what is Kausar ? The companions said : God and his Prophet know best. He said : That is a river. God promised me to award it to me. There is abundant good in it. Therein there is a fountain. My followers will come to it for water on the Resurrection Day. Its pots are numerous like the stars in heaven. The Prophet said : When I was travelling in Paradise, I came to a river of which the two sides are woven with jewels. I asked : O Gebrail, what is it ? He said : It is Kausar. Your Lord gifted it to you. The angel struck it with his hand and it was seen that its earth was made of musk. The Prophet said : The distance of the two banks of my fountain is like that of Medina and Sana'a or Medina and Omman.

The Prophet said with regard to Kausar that it is a river in Paradise whose sides are made of gold. It's waters are whiter

than milk, sweeter than honey, more fragrant than musk. That is flowing upon the bases of emeralds and jewels.

The Prophet said : The first batch who will come for its water is the poor refugees. The hairs of their heads will be dishevelled, their clothes uncleans, no woman married them and no door of honour was opened for them.

The Prophet was asked about the number of its pitchers. He said : By One in whose hand there is my life, they are numerous as the stars in the sky in a dark night. He who drinks therefrom will never be thirsty. The Prophet said : Every Prophet will have a fountain. They will take pride about the number of people who will come to drink therefrom. I expect that my followers will be greatest among them.

(11) **Paradise: The Prophet said:** Some one will declare : O dwellers of Paradise, you will live in Paradise healthy without any ailment. You will live therein forever and you will never die. You will enjoy therein permanent youth and you will never become old. You will forever live there in happiness and you will never suffer troubles. This is the declaration of God. The Prophet said : He who spent two kinds of property in the way of God will be welcomed to Paradise from each of its doors. Paradise has got eight doors. He who prayed will be called from the door of prayer. He who paid Zakat will be called from the door of Zakat. He who fought will be called from the door of Jihad. Hazrat Abu Bakr said : It appears that each one will be called from each door. Is there any person who will be welcomed from all the doors? He said : someone will get that welcome. I hope I will be one of them.

The Prophet said: When I will come to the door of Paradise and order it to be opened, the guard will say : Who are you ? I will say : I am Muhammad. He will say : I have been ordered not to open it before you entered.

The Prophet said: The dwellers of Paradise will see the inhabitants above their heads just as you see the stars in the horizon from east to west. This is because of their high status. The companions asked : O Messenger of God, that is the status of the Prophets and none will get that position except the Prophets. The Prophet said : That is true. By One in whose hand there is my life, there are men who believed in God and believed the Prophet as true. He said : The owners of the high status will be seen from their

places just as you see the bright star in the horizon. Among them there will be Abu Bakr and Omar and they will be given blessings.

The Prophet said once to Jaber : Shall I not give you the news of the windows of Paradise ? We said : O Messenger of God give us that information. He said : Those are made of emeralds and jewels. Their inner parts will be seen from their outer parts. Therein there will be such enjoyments, amusements and joys as no eye has seen, no ear has heard and no heart has conceived. I said : O Messenger of God, who will be the owners of those windows ? He said : Those who spread peace, give food, keep fasts, pray at night when the people remain asleep. We asked : O Messenger of God, who will be able to do that ? He said : My people will be able to do that. I am saying it to you. He who meets his brother, salutes him and replies to his salute, spreads peace; and he who gives food to his wife and members of his family to their satisfaction gives food. He who keeps fast of Ramazan and three days every month, keeps fast as it were for the whole year. He who prays Isha and Fajr in congregation prays as it were the whole night when the people remain asleep. God says : The fine buildings in Eden Paradise.' The Prophet said regarding its meanings : These places are builts of emeralds and jewels and in each building there will be 70 rooms of red colour and in each room 70 sub-rooms of green colour and in each sub-room there will be one throne and over each throne 70 beds of varied colours and on each bed a girl having sweet black eyes. There will be 70 dining cloth in each room and 70 kinds of food in each dining cloth. There will be seven girls in each room. Each believe will be given such strength in the morning as he can cohabit with them.

WALLS OF PARADISE

The Prophet said : The walls of praradise are built of bricks of gold and silver, its dust of saffron and earth of camphor. The rivers of paradise flows under the mountains of camphor. If there remains a single ornament of the dwellers of paradise, that will be equal to all the ornaments of the world. The Prophet said. There are trees in paradise. Under their shade, a rider can pass one hundred years' journey without any obstruction. To this effect, the Quran says—And extended shade.

DRESSES OF DWELLERS OF PARADISE

God says : They will be given bangles of gold and jewels and dresses of silk. There are innumerable verses regarding this. The Prophet said : He who will enter paradise will live in happiness, he will have no want, his dresses will not grow old and his youth will not end. He will get such things in paradise as no eye has seen no ear has heard and no heart has conceived. He said : Twice fruits will come out of trees every year. He said : The faces of first group in paradise will be bright like full moon. They will not spit therein, nor throw cough, nor urinate. Their pots and combs will be made of gold and silver. Each one of them will have two wives. On account of their beauty, their hind bones will be seen from the front sides. They will have no differences, no malice and no hatred. They will proclaim the glory of God morning and evening. In another narration each wife will have seventy dresses. God says : They will be dressed with bangles of gold. The Prophet said : On their heads there will be caps of gold. A small piece of jewel therein will brighten what is between the east and the west. The Prophet said : There will be camps made of emeralds. Their height will be sixty miles. In each corner, there will be girls for the believers who will not be seen by the other girls.

FOOD OF THE INMATES OF PARADISE

The Quran speaks of the food of the inmates of Paradise fruits, birds, Manna, Salwa, honey, milk and other varieties. God says : Whenever they will be given any food, they will say : similar foods were given to us before. God says about their drink in the following narration. Once a Jewish learned man came to the Prophet and asked him : Who will first cross the Bridge ? He said : The poor refugees : The Jew asked again : When they will enter paradise, what food will be served to them first ? He said : Roasts of the livers of fish. He asked again : What will be their morning lunch ? He said : Cows of paradise will be slaughtered for them. He said : What drink will be given to them ? He said : They will be given drink of Salsabil. The Jew said : You have spoken the truth. Once a Jew asked the Prophet : Do you think that the inmates of paradise will eat and drink ? The Prophet said : Yes, by One in whose hand there is my life, each one of them will be given food, drink and strength of one hundred man to have sexual intercourse. The Jew asked : Will he have any necessity of passing urine and stools ? The Prophet said : In place of urine and

stool, perspiration will come out of them like camphor and as a result their stomach will be cleared therefor. The Prophet said to Ibn-Masud : If you wish to eat a bird in paradise, it will fall before you at once cooked and fried up.

HURS AND GELMAN (BOYS)

The Prophet said: If a woman of Paradise would have peeped up into this world everything therein would have been illuminated and filled up with fragrance. Every hair of her head is better than than the earth and its treasures. God says : They are like Eakut and Marjan. If their faces are seen within screen, they will be more clear than mirrors and the smallest jewel therein will illuminate what is in the heaven and earth. The Prophet said : In the night in which I was taken to heaven, I entered a place in Paradise named Baidakh whose camps are of emeralds and green pearls and red Eakut. They asked : O Prophet of God, Salam to you. I asked : O Gebrail, whose sound is there ? He said : of the beautiful women in camps. They seek your permission to salute you. So give them permission. They will be saying : We are pleased therewith. We will never be dissatisfied. We will remain here forever, we will never travel. Then he recited the verse : The beautiful damsels detained in camps. In another verse : Pure women. Muzaher explained this by saying that they will be free menstruation, urine, stool, cough and children.

A man asked the Prophet : O Prophet of God, will the inmates of Paradise have sexual intercourse ? He said : Anybody among them will be given sexual strength of seven persons among you. The Prophet said : An inmate of Paradise will have five hundred hurs, four thousand unmarried women and eight thousand widowed women. Each of them will keep embracing him for the duration of his whole worldly life time. He also said : There will be markets in Paradise in which there will be no buy and sale, but there will be men and women. If any man will wish to have sexual intercourse with a woman, he will do at once. The Hurs will sing in Paradise on divine purity and praise—we are most beautiful Hurs and we are for the honoured husbands.

OTHER DESCRIPTIONS OF PARADISE

The Prophet said to a man: O servant of God, if you enter Paradise, you will get what you will desire, what your eyes will

be pleased with. The Prophet said : If an inmate of Paradise will wish to have a son born to him, he will get it. Its stay in womb, its weaning away from milk and its youth will come to pass at the same time. He also said : The inmantes of Paradise will be beardless and hairless. Their colour will be white and their eyes painted with collyrium. They will be youths of 33 years of age. They will be sixty cubits long and seven cubits broad. He also said : The lowest rank of an inmate of Paradise will have eighty thousand servants and seventy two wives. In short there will be such bliss in Paradise which no eye has seen, no ear has heard and no heart has conceived.

(12) Hell: God says : 'There is nobody among you who will not come to it (Hell). That is an affair decreed by God. Thereafter I will give salvation to those who are Godfearing and leave those who are sinners.' So it is certain that you will also go there. What hope have you got for salvation ? The Prophet said : There are seventy thousand valleys in Hell and in each valley 70,000 serpents and 70,000 scropoins. The unbelievers and hypocrites will meet them. He said : Seek refuge from 'Jubbul Hujn". He was asked : O Prophet of God, what is Jubbul Hujn ? He said : A valley in Hell. The Hell seeks refuge from it seventy times. God prepared it for those who do divine service for show of man. There are seven layers of Hell. The first and highest layer is called Jahannam, the second layer is called Sakher, lower than it is Jai, lower than it is Hotamah, lower than it is Saierr lower than it is Jahim and lowest layer is Habiyah.

While we were with Prophet, we heard suddenly a great sound. The Prophet said : Do you know what this sound is ? We said : God and His Prophet know it best. He said : It is the sound of a stone. it was falling down from the topmost portion of Hell for the last 70 years and now it reached the bottom. The Prophet said : The least punishment that will be meted out to an inmate of Hell will be two shoes of fire, on account of their heat his brain will bubble. Now think of the heavy punishments. The Prophet said that the fire of Hell was washed seventy times by the water of mercy and sent to this world and it has been made then suitable for its inmantes.

The Prophet said explaining the fire of Hell. God ordered the fire of Hell to burn for one thousand years. It then became yellow.

Thereafter it burnt for another one thousand years and it then became white. It then burnt for another one thousand years. It then became black. It is now black and full of darkness. The Prophet said : If a basketful pus of Hell would have been thrown into this world, everything in the world would have been stenchy. This will be the drinks of the inmates of Hell. Whenever they will ask for drink, they will be given this stenchy pus. Death will come to them from every side but they will not die. If they want drink, they will be given drink like heated molten lead. It will burn their mouths.

Then look to their food. It will be fruits from Zaqqum tree. God says : It is a tree which will grow from the bottom of Hell and it will have branches like the hands of the devil. They will eat therefrom and it will fill their bellies. then heated water will be thrown upon their bodies and then they will be taken to Jahim. God says : We have got Chains and Jahim and throat-choking food and severe punishment. The Prophet said : If a drop of Zaqqum would fall into the sea of this would the inmates of the world would have found it very difficult to live in it. The Prophet said : The dwellers of Hell will have hunger. If they want food, they will be given thorns of poison. It will not give strength nor satisfy hunger. Thereafter they will ask for food and they will be given food that will choke their throat. They will then ask for drink and they will be given heated hot water with heated iron rods. When it will be brought close to their mouth, their mouth will be burnt. When it will enter their stomach, the entrails will be cut off. They will say : Call the guard of Hell. When he will come, they will say to him : Tell your Lord to alleviate our punishment for a single day. He will say : Did not any Prophet come to you with proofs ? They will say : Yes, he came. Then they will say : Pray to God. He will say : The prayers of the unblievers will be turned into nought.

Now think of the serpents and scorpions of Hell. They will be constant companions of the inmates of Hell. Not a moment will pass on them without their sting. The Prophet said : The wealth given to a man who did not pay its Zakat will be turned into serpent on the Resurrection Day. It will cling to his shoulders in the Resurrection Day. It will say : I am your wealth, I am your hidden treasure. They he recited this verse : If they are miser with regard to the wealth which God has given to them don't think

that it will do them good, rather it will do them evil. On the Resurrection Day, their amassed wealth will cling to their necks. The Prophet said : There are serpents in Hell like the necks of the camels of Bukht. If one of them stings once, the effects of its poison will continue for 40 years. They are so poisonous that if one of them stings once, its effect of poison will continue for 40 years. These serpents and scropoins will sting those people who were misers, meted out bad treatment with the peoples and gave them trouble.

The Prophet said : The front teeth of the inmates of Hell will be so big as the mount Uhud and the thickness of his skin will be the distance of three days journey. The Prophet said that his upper lip would fall upon his breast and will cover his face. The Prophet said : On that day, Hell will be brought. It will have seventy thousand bridle and with each bridle there will be seventy thousand angels. He also said . Weeping will be sent to the inmates of Hell. They will continue to weep till blood comes out. Their faces will become like cultivated ditches. If any boat is floated therein, it will easily float. The Prophet said : Death will be brought on the Resurrection Day as if it is a sheep of white colour and it will be slaughtered between Hell and Paradise. It will be said : O inmates of paradise, you will live here permanently without death. O inmatres of Hell, you will live here permanently without death.

These are in brief the descriptions of Hell and it has got no end. Another punishment is that they will be deprived of the heavenly bliss and divine sight and pleasure.

(13) **Vision of God: God says** : For those who do good there are rewards and additional rewards. This additional reward is nothing but the vision of God which is the most tasteful of all rewards. The happiness of paradise is insignificant in comparison with that gained by the sight of the Lord. The Prophet said once looking to the full moon : As you see this moon, so you will see your Lord. You will not be tired of His sight. He said : Pray before sun-set and sun- rise. Then he read the verse : Glorify your Lord before the setting and rising of the sun. The Prophet said : When the dwellers of paradise will enter paradise, some one will proclaim : O dwellers of paradise, God wishes to fulfil what He promised you. The companions asked :

What is that promise ? Has He not filled up our Balance ? Has He not brightened our faces and admitted us in paradise ? Has He not saved us from the fire of Hell? At that time, the screen will be lifted and they will be gazing at the glorious God. Nothing will be dearer to them at that time than His sight. ?This is the greater reward. At that time they will forget every enjoyment and happiness. There is no limit to this happiness and no example.

(14) God's mercy

The end of the book "The Revival of religious learning"

We have, by the grace of God, finished the book "The Revival of religious learning" and we hope for God's grace and blessings. God says : God does not forgive setting up partnership with Him. But He forgives one besides this whom He wishes. God says : O those who have made oppression on their souls, don't be deprived of God's mercy. God can forgive all sins. He is forgiving, kind.

We pray to God for forgiveness for the mistakes we committed in this book or exceeded, for the thoughts mixed advertently in what we wished and intended. We pray to God for forgiveness for those who read this book write it or hear it. The Prophet said : God has got one hundred mercies, out of which He distributed one among men jinn, beasts, birds and lower beings with the remaining 99 mercies left to Him. He will show them on the Resurrection Day on His servants.

The Prophet said : On the Resurrection day, God will take out a writing from undrneth the Throne wherein it was written : My mercy has defeated My anger. I am the Most Merciful. The Prophet said: God will laugh for us on the Resurrection Day and say: Give good news to the Muslims. There is nobody among them in whose exchange I have not placed a Jew or a Christian in Hell. Teh Prophet said: God will give the power of intercession to ten crores and ten thousand men out of the children of Adam. He also said: God will say to the believers on the Resurrection Day: Did you want My vision? They will say: O our lord, we wanted. He will ask: Why? They say: We hoped for Thy forgiveness and mercy. Then He will say: I have made My forgiveness sure for you.

The Prophet said: The Glorious Lord will say on the Resurrection Day: Take out the man from Hell who remembered

Me for a single day or feared Me in a critical place. The Prophet said: When the inmates of Hell will assemble in Hell with those of people of the Book, the unbelievers will say to the Muslims: Were you not Muslims? They will say: Yes. They will say: What benefit did you derive by your acceptance of Islam? You are with us now in Hell. They will say: We committed sins for which we receive this punishment. On hearing this, God will pass order to take them out of Hell. They will then come out of Hell. When the unbelievers will see it, they will say: Woe to us! would that we were Muslims, we could have come out of Hell like them. Then the Prophet read this verse: Those who are unbelievers will wish honestly that how good it would have been if they were Muslims.

The Prophet said: God will show mercy on the believers much more than a mother showing affection to her child. The Prophet said : A proclaimer will proclaim on the resurrection day from behind the Throne : O the followers of Muhammad, I have forgiven the trust which I reposed in you. Now there remain in your rights. Give them one to another and enter paradise through My mercy. Hazrat Ibn Obadah reported : I heard the Prophet say : God made Hell unlawful for one who testifies that there is no deity but God and that Muhammad is His Messenger,

The Prophet said: God will say to the angels on the Resurrection Day : Take out the man from Hell in whom you find good even to the measure of a dinar. They will say : O Lord, we have taken them out whom you have ordered us to take out. Then He will say : Go and take out one in whom you find good to the weight of half a dinar. Then they will take out many men. They will say : We have taken out those whom you h ave ordered us to take out. He will say : Go and take out one in whom you find good to the weight of a mustard seed. Then they will take out many men. They will then say : O our Lord, we have taken out those whom you have ordered us to take out.

The Prophet said: God will say : The apostles have interceded, the Prophets interceded and the believers interceded. There is none now except the Most Merciful. He will take out of Hell by His Hand a party of men who never did any good deed. They became like burnt coal and they will be thrown in a river of life in the mouth of paradise. They will come out of that river as straw is swept away by current. Don't you see the trees and stones that face the sun taking green colour and those that

remained in shade assume white colour? They said : O Apostle of God, you are as it were wandering in plains. He said : They will come out like jewels with necklace on their necks.

Ibn Abbas reported : One day the Prophet came out to us and said : All the nations were presented to me. With a prophet, there was only one man, with another there were only two, with another there was nobody, and with another there were a party of men. I found many parties with one Prophet. It was said to me that he was Moses and those people were his followers. I was said : Look on and I found numerous people covering the whole horizon. I was said that these are my followers. Out of these, there are seventy thousand people who will enter Paradise without account. The Prophet said : God has promised me that He will admit seventy thousand of my followers in paradise without account. I prayed for more to Lord and I found Him merciful. He told me to give salvation seventy thousand men with every man of the above mentioned seventy thousands. I said : O Lord, will my followers reach that limit? He said : I will give salvation for you numerous persons like the number of the entire Arabs.

The Prophet said: Gebrail came to the cave Hira and said to me : Give good news to your followers that he who dies without setting up a partner with God will enter paradise. I asked : O Gebrail, even if he steals and fornicates? He said : Even if he steals and fornicates. This was repeated thrice. The Prophet once recited this verse : From him who fears God, there are two gardens. The narrator asked : Even if he steals and fornicates? The Prophet said: Even if he steals and fornicates.

The Prophet said : No Muslim will die till he sees his place in Hell filled up by a Jew or a Christian. It was reported that a child was searching his mother in a battle field. Afterwards finding his mother he came running to her. She took her child in her lap and cried out : My child, my child, The Prophet said to his companions. God will show more kindness to you than the mother showing affection to her child. At this, the Muslims were overjoyed and went away. From this Hadis we may cherish hope that God will shower His blessings and kindness on us, even though we are not fit for such favours.

BİRİNCİ BÂB

İLMİN, TA'LİM VE TA'ALLÜM'ÜN FAZİLETİYLE BUNLARIN AKLÎ VE NAKLÎ DELİLLERİ BEYÂNINDADIR.

İLMİN FAZİLETİ

KUR'ÂN-I KERİM'DEN DELİLLER :

«شَهِدَ اللّٰهُ أَنَّهُ لاَ إِلٰهَ إِلاَّ هُوَ وَالْمَلاَئِكَةُ وَأُولُوا الْعِلْمِ قَائِماً بِالْقِسْطِ»

«Allah, şu hakıykatı : Kendinden başka hiç bir Tanrı olmadığını, adâleti ayakta tutarak (delilleriyle, âyetleriyle) açıkladı. Melekler (bunu ikrâr etti, hakiki) ilim saahibleri (nebiler, âlimler) de (böylece inandı.)» (3 - Âl-i 'İmrân : 18)

Bak! Allahu Teâlâ nasıl kendi zâtiyle başladığı şehâdette, ikinci derecede melekleri, üçüncü derecede de ilim ehlini zikretmiştir. Allahu Teâlâ'nın ilme verdiği kıymeti anlatmağa yalnız bu âyet bile kâfidir.

«يَرْفَعِ اللّٰهُ الَّذِينَ آمَنُوا مِنْكُمْ وَالَّذِينَ أُوتُوا الْعِلْمَ دَرَجَاتٍ»

«Allah içinizden îmân edenleri yüceltir; bunlardan kendilerine ilim verilmiş olanları ise, kat kat derecelerle yükseltir.» (58 - Mücâdele : 11)

Bu âyetin tefsirinde İbn Abbâs (R.A.) Hazretleri buyuruyor ki: «Âlimler ile câhiller arasında yedi yüz derece fark vardır. Her derecenin arası da beş yüz senelik yol kadardır.»

«قُلْ هَلْ يَسْتَوِي الَّذِينَ يَعْلَمُونَ وَالَّذِينَ لاَ يَعْلَمُونَ»

«De ki, hiç bilenlerle bilmeyenler bir olur mu?» (39 - Zümer : 9)

www.ihya.org

«إِنَّمَا يَخْشَى ٱللَّهَ مِنْ عِبَادِهِ ٱلْعُلَمَاءُ»

«Kulları arasında Allahu Teâlâdan - en çok - korkanlar âlimlerdir.» (35 - Fâtır : 28)

«قُلْ كَفَى بِاللهِ شَهِيدًا بَيْنِي وَبَيْنَكُمْ وَمَنْ عِنْدَهُ عِلْمُ الْكِتَابِ»

«De ki, benimle sizin aranızda Allah ve bir de nezdinizde kitâb bilgisi bulunanların şahâdeti kâfidir.» (13 - Ra'd : 43)

«قَالَ الَّذِي عِنْدَهُ عِلْمٌ مِنَ الْكِتَابِ أَنَا آتِيكَ بِهِ»

«Nezdinde kitâbdan ilmî olan, dedi ki: Onu (Belkis'in tahtını) sen gözünü kırpmadan sana getiririm.» (27 - Neml : 40)

Bu âyet-i celîlede, bu mühim işin ilim sâyesinde başarıldığına tenbîh vardır.

«وَقَالَ الَّذِينَ أُوتُوا الْعِلْمَ وَيْلَكُمْ ثَوَابُ اللهِ خَيْرٌ لِمَنْ آمَنَ وَعَمِلَ صَالِحًا»

«Kendilerine ilim verilenler, yazık size dediler, inanıp iyi işler yapanlar için Allahu Teâlâ'nın sevâbı daha hayırlıdır.» (28 - Kasas : 80)

Bu âyet-i celîlede de âhiretin derecesinin, ilim ile anlaşılabileceğine tenbîh vardır.

«وَتِلْكَ الْأَمْثَالُ نَضْرِبُهَا لِلنَّاسِ وَمَا يَعْقِلُهَا إِلَّا الْعَالِمُونَ»

«İşte misâller! Biz onları insânlar için irâd ediyoruz. Âlim olanlardan başkası, onları anlamaz.» (29 - Ankebût : 43)

www.ihya.org

«وَلَوْ رَدُّوهُ إِلَى الرَّسُولِ وَإِلَىٰ أُولِي الْأَمْرِ مِنْهُمْ لَعَلِمَهُ الَّذِينَ يَسْتَنْبِطُونَهُ مِنْهُمْ»

«Eğer onu (o hükmü) Peygamberlere ve kendi aralarındaki ulü'l-emirlerine (âlimlerine) havâle etselerdi (Peygamber bileceği gibi) onlardan o hükmü oradan çıkarabilenler de bilirlerdi.» (4-Nisâ: 83)

Hak Teâlâ hâdiselerdeki hükmünü anlamayı âlimlerin çalışıp çıkarmasına havâle buyurmakla, onları peygamberler seviyesine yükseltmiştir.

«يَا بَنِي آدَمَ قَدْ أَنْزَلْنَا عَلَيْكُمْ لِبَاسًا يُوَارِي سَوْآتِكُمْ وَرِيشًا وَلِبَاسُ التَّقْوَىٰ»

«Ey Âdem oğulları size, (şeytanın açmak istediği) çirkin yerlerinizi örtecek bir libâs, bir de giyib süsleneceğiniz bir libâs indirdik. Takvaa libâsı ise, o, daha hayırlıdır» (7-A'râf: 26)

Âyet-i celîlede «libas» kelimesinden murâd i l i m'dir. (Çünkü ilim, cehâlet ayıplarını örter.) «Riş» ise y a k î n ve «libâsu't-takvâ» h a y â'dır.

«وَلَقَدْ جِئْنَاهُمْ بِكِتَابٍ فَصَّلْنَاهُ عَلَىٰ عِلْمٍ»

«Hakîkaten biz onlara öyle bir kitâb gönderdik ki, inanacak herhangi biri insân topluluğuna, doğru yolu göstermek ve rahmet olmak için, tam bir ilim üzere onu kısım kısım ayırdık.» (7-A'raf: 52)

«فَلَنَقُصَّنَّ عَلَيْهِمْ بِعِلْمٍ»

«Behemehal onlara her şeyi bilerek haber vereceğiz.» (7-A'raf: 7)

www.ihya.org

«إِنَّمَا يَخْشَى اللَّهَ مِنْ عِبَادِهِ الْعُلَمَاءُ»

«Kulları arasında Allahu Teâlâdan - en çok - korkanlar âlimlerdir.» (35 - Fâtır : 28)

«قُلْ كَفَى بِاللَّهِ شَهِيدًا بَيْنِي وَبَيْنَكُمْ وَمَنْ عِنْدَهُ عِلْمُ الْكِتَابِ»

«De ki, benimle sizin aranızda Allah ve bir de nezdinizde kitâb bilgisi bulunanların şahâdeti kâfidir.» (13 - Ra'd : 43)

«قَالَ الَّذِي عِنْدَهُ عِلْمٌ مِنَ الْكِتَابِ أَنَا آتِيكَ بِهِ»

«Nezdinde kitâbdan ilmi olan, dedi ki: Onu (Belkis'in tahtını) sen gözünü kırpmadan sana getiririm.» (27 - Neml : 40)

Bu âyet-i celîlede, bu mühim işin ilim sâyesinde başarıldığına tenbîh vardır.

«وَقَالَ الَّذِينَ أُوتُوا الْعِلْمَ وَيْلَكُمْ ثَوَابُ اللَّهِ خَيْرٌ لِمَنْ آمَنَ وَعَمِلَ صَالِحًا»

«Kendilerine ilim verilenler, yazık size dediler, inanıp iyi işler yapanlar için Allahu Teâlâ'nın sevâbı daha hayırlıdır.» (28 - Kasas : 80)

Bu âyet-i celîlede de âhiretin derecesinin, ilim ile anlaşılabileceğine tenbîh vardır.

«وَتِلْكَ الْأَمْثَالُ نَضْرِبُهَا لِلنَّاسِ وَمَا يَعْقِلُهَا إِلَّا الْعَالِمُونَ»

«İşte misâller! Biz onları insânlar için irâd ediyoruz. Âlim olanlardan başkası, onları anlamaz.» (29 - Ankebût : 43)

www.ihya.org

«إِنَّ الْحِكْمَةَ تَزِيدُ الشَّرِيفَ شَرَفاً، وَتَرْفَعُ الْمَمْلُوكَ حَتَّى يُدْرِكَ مَدَارِكَ الْمُلُوكِ»

«Muhakkak hikmet, şerefli adamın şerefini arttırır, köleleri demelikler seviyesine yükseltir.» (7)

Peygamber Efendimiz (S.A.) bu hadîsi ile, ilmin dünyâdaki ehemmiyetini anlattı. Âhiret, ebedî ve daha hayırlı olduğuna göre, ilmin oradaki faydasının daha üstün olacağı aşikârdır.

«خَصْلَتَانِ لاَ يَكُونَانِ فِي مُنَافِقٍ: حُسْنُ سَمْتٍ وَفِقْهٌ فِي الدِّينِ»

«İki haslet var ki, bunlar münâfıkta bulunmaz: Güzel sîret ve ahlâk ile, dîn ilmi.» (8)

İçi dışına, sözü işine uymıyan bu zamânın bâzı dîn âlimlerine bakıp bu hadîsin doğruluğundan sakın şüphe etme. Çünkü Peygamber Efendimizin (S.A.) dîn âlimi buyurduğu kimselerden kasdı, senin zannettiğin ibâdet ve muâmele âlimi değildir. Bu ilim, ilerde açıklanacaktır. Bunun en ednâ [düşük] derecesi, âhiretin dünyâdan hayırlı olduğunu bilmektir. Bunu böyle bilip hakikaten inanan kimse, n i f â k, r i y â ve benzerî fenâ hâllerden uzaklaşır.

Yine Peygamber Efendimiz (S.A.) buyuruyorlar:

«أَفْضَلُ النَّاسِ الْمُؤْمِنُ الْعَالِمُ الَّذِي إِنِ احْتِيجَ إِلَيْهِ نَفَعَ، وَإِنِ اسْتُغْنِيَ عَنْهُ أَغْنَى نَفْسَهُ»

«İnsânların en efdali, bir mü'min âlimdir ki, gerektiği zamân yardım eder, gerekmediği zamân da kendi kendine kalır.» (9)

«İmân çıplaktır, elbisesi takvâ, süsü utanmak, meyvesi ise ilimdir.» (10)

«أَقْرَبُ النَّاسِ مِنْ دَرَجَةِ النُّبُوَّةِ أَهْلُ الْعِلْمِ وَالْجِهَادِ أَمَّا أَهْلُ الْعِلْمِ فَدَلُّوا النَّاسَ عَلَى مَا جَاءَتْ بِهِ الرُّسُلُ، وَأَمَّا أَهْلُ الْجِهَادِ فَجَاهَدُوا بِأَسْيَافِهِمْ عَلَى مَا جَاءَتْ بِهِ الرُّسُلُ»

«Peygamberlik derecesine insânların en yakını, âlim ve mücâhidlerdir. Âlimler, peygamberlerinin buyruklarına insânları irşâd ederler. Mücâhidler ise, Peygamberlerin buyruğu üzere, silâhlariyle harbederler.» (11)

«لَمَوْتُ قَبِيلَةٍ أَيْسَرُ مِنْ مَوْتِ عَالِمٍ»

«Bir kabîlenin ölümü, bir âlimin ölümünden ehvendir.» (12)

«İnsânlar, altun, gümüş mâdenleri gibi - ayrı ayrı değer taşıyan - mâdenlerdir. Müslümân olmadan hâtırı sayılanlar, bilgin müslümân olunca - İslâmiyette de - hâtırlıdırlar.» (13)

Yine buyuruyorlar :

«مَنْ حَفِظَ عَلىٰ أُمَّتِي أَرْبَعِينَ حَدِيثاً مِنَ السُّنَّةِ حَتّىٰ يُؤَدِّيها إِلَيْهِمْ كُنْتُ لَهُ شَفِيعاً وَ شَهِيداً يَوْمَ الْقِيامَةِ»

«إِذَا أَتَى عَلَيَّ يَوْمٌ لَا أَزْدَادُ فِيهِ عِلْمًا يُقَرِّبُنِي إِلَى اللهِ عَزَّ وَجَلَّ فَلَا بُورِكَ لِي فِي طُلُوعِ شَمْسِ ذَلِكَ الْيَوْمِ»

«Beni, Allahu Teâlâ'ya biraz daha yaklaştıracak yeni ilim edinemediğim günün doğmasında, benim için hayır yoktur.» (20)

Âlimin, ibâdet edenden daha kıymetli olduğunu anlatmak üzere de şöyle buyuruyorlar :

«فَضْلُ الْعَالِمِ عَلَى الْعَابِدِ كَفَضْلِي عَلَى أَدْنَى رَجُلٍ مِنْ أَصْحَابِي»

«Âlimin âbid'e nisbetle değeri, ashâbımdan - derece bakımından - en küçüğü üzerine olan faziletim gibidir.» (21)

Bakınız Hazret-i Peygamber (S.A.), ilmi, nasıl Peygamberlik derecesine yükseltmiş ve tamâmen ilimsiz ibâdet olamıyacağı gibi, her ne kadar devâm ettiği ibâdette azıcık ilmi varsa da, bilgiden soyulmuş amelin derecesini de, nasıl düşürmüş oldu.

«فَضْلُ الْعَالِمِ عَلَى الْعَابِدِ كَفَضْلِ الْقَمَرِ لَيْلَةَ الْبَدْرِ عَلَى سَائِرِ الْكَوَاكِبِ»

Şehâdetin faziletine dâir söylenenle berâber, Peygamberlikten sonra şehâdetten de üstün derece ilm'e verilmiştir.

«Allahu Teâlâ'ya yapılan ibâdetlerin en üstünü din'de - fıkh'da - âlim olmaktır. Hattâ bir dîn âlimi - fakîh - şeytân nazarında, bin âbidden fenâdır. Her binânın direği olduğu gibi, İslâm dininin direği de ilimdir.» (24)

«Denildi ki: Yâ Resûlallah, en efdal [üstün] amel hangisidir? Peygamber Efendimiz (S.A.) buyurdu :

— Azîz ve Celîl olan Allah'ı bilmektir. Onlar :

— Hangi bilgiyi kasdediyorsunuz? dediler. Peygamber Efendimiz (S.A.) :

— Noksân sıfatlardan münezzeh, kemâl sıfatlariyle bezenmiş olan Allahu Teâlâ'yı bilmeği kasd ediyorum, diye cevâb verdiler. Onlar :

— Ey Allah'ın Resûlü, biz amelden soruyoruz, siz ilimden cevâb veriyorsunuz, deyince, Peygamber Efendimiz (S.A.) :

— İyi biliniz ki, Allahu Teâlâ'yı bilerek yapılan az amel fayda verir. Fakat cehâletle yapılan amel, çok da olsa fayda sağlamaz. Buyurmuşlardır.» (29)

«يَبْعَثُ اللهُ سُبْحَانَهُ الْعِبَادَ يَوْمَ الْقِيَامَةِ ثُمَّ يَبْعَثُ الْعُلَمَاءَ ثُمَّ يَقُولُ يَا مَعْشَرَ الْعُلَمَاءِ إِنِّي لَمْ أَضَعْ عِلْمِي فِيكُمْ إِلَّا لِعِلْمِي بِكُمْ، وَلَمْ أَضَعْ عِلْمِي فِيكُمْ لأُعَذِّبَكُمْ اِذْهَبُوا فَقَدْ غَفَرْتُ لَكُمْ»

«Allahu Teâlâ kıyâmet günü, bütün kullarını ve âlimleri diriltir. Sonra âlimlere: Ey âlimler, ben hâlinizi bilerek, ilmi size verdim; bunu size azâb etmek için vermedim. Kusûrlarınızı bağışladım. Buyurun Cennete...» (30)

İSLÂM BÜYÜKLERİNİN SÖZLERİNE GELİNCE :

Hazret-i Ali (R.A.) **Kümeyl'e** hitap ederek: «Ey Kümeyl, ilim mâldan hayırlıdır. Çünkü malı sen koruyacaksın, fakat ilim seni korur. İlim hâkim, mâl mahkûmdur. Mâl sarf etmekle azalır, ilim sarfiyatla çoğalır.» buyurmuştur. Yine Hazret-i Ali (R.A.) : «Bir âlim, gündüzleri oruçlu olduğu hâlde harb eden, geceleri de ibâdetle geçiren mücâhid âbid'den daha üstündür. Bir âlimin ölümü ile İslâm âleminde açılan boşluğu, onun gibi yetişecek bir âlimden başkası dolduramaz.» demiştir. Yine Hazret-i Ali (R.A.) bir manzûmesinde şöyle buyuruyor :

(29) İbn Abdülberr, Enes'den.
(30) Taberânî, Ebû Mûsâ'dan.

www.ihya.org

«Övünmek ancak ehl-i ilme mahsûstur. Çünkü onlar doğru yolda oldukları gibi arzû edenlere de doğru yolu gösterirler.

Herkesin derecesi bilgisi ile ölçülür. Câhiller ise, âlimlere düşmândırlar.

Âlim ol ki, ölmeyesin. Çünkü insânlar ölür, fakat âlimler diridirler.»

Ebû'l - Esved: «İlimden daha değerli bir şey olamaz; çünkü sultânlar insânlara hükm ederken, âlimler sultânlara da hâkimdir.» diyor.

İbn Abbâs (R.A.) : «Süleymân Aleyhisselâm mâl, ilim ve hükümdârlık arasında muhayyer iken ilm'i tercîh etti ve bu sâyede diğer ikisine de mâlik oldu.» buyuruyor.

İbn Mübârek'e sordular :

«— Kâmil insânlar kimdir? İbn Mübârek :

— Âlimlerdir, dedi. Yine sordular :

— Melikler kimlerdir? İbn Mübârek :

— Zâhidler [Dünyâyı terk edip Allah için çalışanlar]'dır, dedi.

— Alçak seviyeli insânlar kimlerdir? diye sorulunca İbn Mübârek:

— Dîn kisvesi altında dünyâ menfaati sağlıyanlardır,» diye cevâb vermiş ve âlimden başkasını kâmil insân saymamıştır. Çünkü insânın diğer cânlı mahlûklardan ayrılığı, ilmi sâyesindedir. İnsân hangi husûsiyetle diğerlerinden ayrılırsa, kemâlî de o sâyededir. Şüphesiz, insânın diğer mahlûkattan imtiyâzlı olması, güç ve kuvvetiyle değildir! Çünkü deve kendisinden kuvvetlidir. Vücûd iriliğiyle de değildir. Çünkü fil insânların hepsinden büyüktür. Yiğitlikle de değil; zîra arslan herkesden yüreklidir. Çok yemesiyle de değil! Çünkü öküzün karnı daha büyüktür. Bunun gibi cinsî münâsebet bakımından da değil. Çünkü bu husûsta da, en küçük mahlûkattan olan serçe kuşu, insanlardan daha kudretlidir. Şu hâlde insân, ancak ilim için [Allah'ı bilmek için] yaratılmıştır.

Diğer bâzıları: «Câhillerin kazançları ile âlimlerin zararlarının ne olduğunu bilemedim» demişlerdir. Hattâ bu husûsta Peygamber Efendimiz (S.A.) de şöyle buyuruyorlar :

«مَنْ أُوتِيَ الْقُرْآنَ فَرَأَى أَنَّ أَحَدًا أُوتِيَ خَيْرًا مِنْهُ فَقَدْ حَقَّرَ مَا عَظَّمَهُ اللهُ تَعَالَى.»

«Kur'ân'ı okuyup anlıyan kimse buna karşılık başkasındaki varlığı daha üstün görürse; Allahu Teâlâ'nın büyüttüğünü küçültmüş olur.»

www.ihya.org

Feth-i Mûsılî: «Yemek içmekten kesilen hasta misâli, gibi, ilim ve hikmetten mahrûm kalb de ölüme mahkûmdur» diyor. Bu söz doğrudur; çünkü vücûdun gıdâsı yemek içmek olduğu gibi, kalbin gıdâsı da ilim ve hikmettir. Kalb de bunlarla yaşar. İlimsiz kalb ölüme mahkûmdur. Fakat aşırı korku, yaranın acısını duyurmadığı gibi, aşırı dünyâ sevgisi de bu hissi ibtâl etmiştir. Ölüm, dünyâ telâşesini kaldırınca, ayılan sarhoş veyâ korkuyu atan insânın sızılarını acı acı duyması gibi, bu hastalık da, bütün çıplaklığıyle ortaya çıkar, insân helâk olduğunu anlar, tahassür içinde kalır. Fakat ne fayda? Nitekim **«İnsânlar uykudadır; ölünce uyanırlar»** buyurulmuş, fakat bu son nedâmetin fayda vermiyeceği de anlatılmıştır. Perdenin aradan kaldırılacağı büyük günden Allah'a sığınırız.

Hasan-ı Basrî: «Âlimlerin mürekkebi şehidlerin kanıyle tartılır ve ağır gelir.» demiştir. İbn Mes'ud (R.A.): «İlim yok olmadan okuyun; ilmin yokluğu, âlimlerin vefâtıyladır. Varlığım kudretinde olan Allahu Teâlâ'ya yemin ederim ki, Allah uğrunda ölen hakîkî şehidler, âlimlere verilen yüksek dereceleri görünce, âlim olmak için tekrâr dünyâya gelmeği arzû edeceklerdir. Doğrusu şu ki, kimse âlim olarak doğmamıştır. İlim, çalışıp öğrenmekle elde edilir» buyuruyor.

İbn Abbas (R.A.): «Benim için gecenin, azıcık bir vaktini ilme ayırmak, bütün geceyi ibâdetle geçirmekten daha sevimlidir.» demiştir.

Hasan-ı Basri: «Allahu Teâlâ'nın,

«رَبَّنَا آتِنَا فِي الدُّنْيَا حَسَنَةً وَفِي الْآخِرَةِ حَسَنَةً.»

«Ey Rabbimiz, bize dünyâda da hasene ver, âhirette de hasene ver.» (2 - Bakara: 201) âyet-i celîlesinde zikredilen dünyâdaki haseneden murâd, ilim ve ibâdet, âhiretteki hasene'den murâd da Cennettir» buyurmuştur.

Hakîmin [olgun kişi] birisine: «Neyi sermâye edinelim?» diye sormuşlar. Cevâbında: «Gemi battığı zamân sizinle kalabilecek sermâyeyi seçin.» demiştir. Gemi'nin batması insânın ölümüyle te'vîl edildiğine göre, kendisiyle kalacak sermâyesinin de, ilim olduğu anlaşılır.

Diğer bâzıları: «Hikmete uyan kimseye insânlar uyar ve onu öncü kabûl ederler. Hikmet sâhibleri, dâimâ tâzim ve hürmet görür.» demişlerdir.

www.ihya.org

İmâm Şâfiî: (Allah ona rahmet etsin) şöyle buyurmuştur: «İlmin husûsiyetindendir ki, az da olsa ondan payı olan sevinir, olmıyanlar da dâimâ mahzûn kalır.»

Hazret-i Ömer (R.A.): « Ey insânlar! İlim öğrenin, Allahu Teâlâ hüsn-i niyyetle okuyanlara yücelik hil'ati giydirir. Hatâları varsa, bu hil'atı geri almamak için, kendisine üç def'a hitâb eder. Bu hatâlar ölünceye kadar devâm etse de, yine böyle olur.» demiştir.

Ahnef (Allah rahmet etsin): «Âlimler efendi olmaya lâyık kimselerdir. İlimsiz ululuğun sonu zillettir.» demiştir.

Sâlim b. Cad: «Ben köle idim. Beni üçyüz dirheme satın alan bir zât âzâd edince, kendime iş aradım ve okumağı tercîh ettim. İlim sâyesindedir ki, aradan çok zamân geçmeden, beni ziyâretc gelen pâdişâhı kabûl etmedim.» demiştir.

Zubeyr b. Ebûbekir: «Babam Irak'da bana yazdığı bir mektûbda şöyle diyordu: Oku. Çünkü ilim, fakirliğinde servet, zenginliğinde ziynettir» demiştir.

Hz. Lokman da, oğluna aynı tavsiyelerde bulunmuş ve demiştir ki: «Oğlum! Âlimler meclisine devâm et. Bahar yağmuru ile yeri yeşillendiren Allah, hikmet nûru ile de, mü'minlerin kalbini aydınlatır.»

Diğer bâzıları: «Âlimin ölümüne, denizde balıklar ve havada kuşlara varıncaya kadar her şey ağlar. Dâimâ sîması canlandırılır ve hâtıraları anılır» demişlerdir.

Zuhrî: «İlim lâfzı müzekkerdir. Onu hakîki yiğitler sever» demiştir.

İSLÂM BÜYÜKLERİNİN SÖZLERİ:

İbn Abbas (R.A.) : «Zorluğuna katlandım okudum, netîcede ululuğa erdim.» buyurmuştur. Hattâ İbn Mâlik, İbn Abbas hakkında: «İbn Abbas gibisini görmedim. Çünkü yüzüne bakan en güzel yüzü görmüş, sözünü duyan en tatlı sözü dinlemiş, fetvâlarını tedkîk eden de, hakikî ilmi bulmuş olur.» demiştir.

İbn Mübârek: «Okumadan ululuk isteyene şaşarım.» buyurmuştur.

Bâzı hakîmler: «Hayâtta en çok acınacak iki zümre vardır: Biri okumak istediği hâlde bir şey anlayamıyanlar, diğeri de her şeyi anladığı hâlde okumak istemeyen kimselerdir.» demişlerdir.

Ebû'd-Derdâ (R.A.) : «Bir mes'ele öğrenmek, benim için bir gece ibâdetten daha sevimlidir.» buyurmuştur. Ayrıca «Âlim ve ilim tâlibi hayırda berâberdir. Diğer insânlar ise, bir kıymet taşımaz. Yâ âlim, ya talebe veyâ dinleyici ol; bunların hâricinde kalma, helâk olursun.» demiştir.

Atâ: «Bir zikir ve ilim meclisi, yetmiş lehviyât meclisindeki kusûrları kapatır.» buyurmuştur.

Hazret-i Ömer (R.A.) : «Gündüzü oruçlu, geceyi uykusuz geçiren bin âbid'in ölümü; helâl ve harâmı ayıran bir âlimin ölümünden daha ehvendir.» buyurmuştur.

İmâm Şâfiî (Allah rahmet etsin) : «İlim öğrenmek, nâfile ibâdetten makbûldür.» buyurmuştur.

Ebû'd - Derdâ (R.A.) : «Sabâhleyin ilim tahsiline gitmeği, mücâhede saymamak akılsızlık olur.» buyurmuştur.

TÂLİMİN [İLİM ÖĞRETMENİN] FAZİLETİ

ÂYETLER :

«وَلِيُنْذِرُوا قَوْمَهُمْ إِذَا رَجَعُوا إِلَيْهِمْ لَعَلَّهُمْ يَحْذَرُونَ»

«Okusunlar da diğerleri (muhârebeden) döndüklerinde onları korkutsunlar. Umulur ki, çekinirler.» (9 - Tevbe : 122)

Burada «inzâr» kelimesinden ta'lîm ve irşâd murâd edilmiştir.

«وَإِذْ أَخَذَ اللَّهُ مِيثَاقَ الَّذِينَ أُوتُوا الْكِتَابَ لَتُبَيِّنُنَّهُ لِلنَّاسِ وَلَا تَكْتُمُونَهُ»

«Şu günü hâtırla ki: Allah, Kitâb verilenlerden şöyle bir söz almıştı. Elbette onu insânlara anlatacak ve gizlemiyeceksiniz.» (3 - Âl-i İmrân : 187)

Bu âyet okutmayı farz kılar.

«وَإِنَّ فَرِيقًا مِنْهُمْ لَيَكْتُمُونَ الْحَقَّ وَهُمْ يَعْلَمُونَ»

«Şüphesiz, onlardan bir kısmı bilerek hakk'ı gizlerler.» (2 - Bakara : 146)

Bu âyet-i celîle hakk ilmi gizlemenin haram olduğunu beyân etmektedir. Nitekim lüzûmunda bildiğine şâhidlik yapmıyanlar hakkında da şöyle buyuruluyor :

www.ihya.org

«وَمَنْ يَكْتُمْهَا فَإِنَّهُ آثِمٌ قَلْبُهُ»

«Bildiğini gizleyenin kalbi muhakkak ki günâhkârdır.» (2 - Bakara : 283)

Peygamber Efendimiz de bu husûsta şöyle buyuruyorlar :

«مَا آتَى اللهُ عَالِماً عِلْماً إِلاَّ وَ أَخَذَ عَلَيْهِ مِنَ الْمِيثَاقِ مَا أَخَذَ عَلَى النَّبِيِّينَ أَنْ يُبَيِّنُوهُ لِلنَّاسِ وَلاَ يَكْتُمُوهُ»

«وَمَنْ أَحْسَنُ قَوْلاً مِمَّنْ دَعَا إِلَى اللهِ وَ عَمِلَ صَالِحًا»

«Ben müslümânım deyip iyi ameller işleyerek Allah'a da'vet edenden daha güzel sözlü kimdir?» (41 - Fussılet : 33)

«اُدْعُ إِلَى سَبِيلِ رَبِّكَ بِالْحِكْمَةِ وَ الْمَوْعِظَةِ الْحَسَنَةِ»

«(İnsânları) Rabbinin yoluna hikmetle, güzel öğütle dâvet et!» (16 - Nahl : 125)

«وَيُعَلِّمُهُمُ الْكِتَابَ وَالْحِكْمَةَ»

«Ve onlara kitâb ve hikmeti öğretecek...» (3 - Âl-i İmrân : 48)

«مَنْ تَعَلَّمَ بَابًا مِنَ الْعِلْمِ لِيُعَلِّمَ النَّاسَ أُعْطِيَ ثَوَابَ سَبْعِينَ صِدِّيقًا»

«İnsânlara öğretmek için ilimden bir mes'ele öğrenen kimseye, yetmiş sıddîk sevâbı verilir.» (42)

İsâ Aleyhisselâm da şöyle buyurmuştur:

«مَنْ عَلِمَ وَعَمِلَ وَعَلَّمَ فَذٰلِكَ يُدْعَى عَظِيمًا فِي مَلَكُوتِ السَّمٰوَاتِ»

«Kim ki öğrenir, öğrendiği ile amel eder ve öğretirse, semâvatta [göklerde] tâzimle anılır.»

«إِذَا كَانَ يَوْمُ الْقِيٰمَةِ يَقُولُ اللهُ سُبْحَانَهُ لِلْعَابِدِينَ وَالْمُجَاهِدِينَ: ادْخُلُوا الْجَنَّةَ، فَيَقُولُ الْعُلَمَاءُ: بِفَضْلِ عِلْمِنَا تَعَبَّدُوا وَجَاهَدُوا، فَيَقُولُ اللهُ عَزَّ وَجَلَّ: أَنْتُمْ عِنْدِي كَبَعْضِ مَلَائِكَتِي، إِشْفَعُوا تُشَفَّعُوا فَيَشْفَعُونَ ثُمَّ يَدْخُلُونَ الْجَنَّةَ»

«Kıyâmet günü, Allahu Teâlâ âbid ve mücâhidlere:

«إِنَّ اللهَ عَزَّ وَجَلَّ لاَ يَنْتَزِعُ الْعِلْمَ اِنْتِزَاعاً مِنَ النَّاسِ بَعْدَ أَنْ يُؤْتِيَهُمْ إِيَّاهُ وَلٰكِنْ يَذْهَبُ بِذَهَابِ الْعُلَمَاءِ فَكُلَّمَا ذَهَبَ عَالِمٌ ذَهَبَ بِمَا مَعَهُ مِنَ الْعِلْمِ حَتَّى إِذَا لَمْ يُبْقِ إِلاَّ رُؤَسَاءَ جُهَّالاً إِنْ سُئِلُوا أَفْتَوْا بِغَيْرِ عِلْمٍ فَيَضِلُّونَ وَيُضِلُّونَ»

«Muhakkak ki, Allahu Teâlâ verdiği ilmi insânlardan çekip almaz. Ancak âlimlerin ölmesiyle ilimler de gider. Hattâ din makaamları câhil başların elinde kalır. Kendilerine başvuruldukta yanlış fetvâlar vermekle kendileri sapıttıkları gibi insânları da şaşırtırlar.» (44)

«Bir gün Peygamber Efendimiz, biri duâ ile meşgûl olan ve diğeri ders okutmakta olan iki topluluk gördü ve duâ edenler için :

— Bunlar Allahu Teâlâ'dan istiyorlar. Allah dilerse verir, dilerse vermez, buyurdular. Okutanlar hakkında ise :

— Fakat bunlar öğretiyorlar. Zâten, ben de muallim olarak gönderildim, dediler.» (51) Sonra öğretenlerin meclisine oturdu.

Bir kısmı da yalçın ve kaypaktır, suyu içine almadığı gibi yüzünde de tutmaz, yağan yağmur, yüzünden sıyrılıp gider; ne bir şey bitirir, ne de kimseye faydası olur.» (52)

Diğer bâzıları : «Âlim, Allah ile kul arasındadır; bu keyfiyete dikkat etsin.» demişlerdir.

Süfyân-ı Sevrî, Askalân şehrine gitti; orada bir müddet beklediği hâlde, kendisine bir şey soran olmayınca: «Bu diyârda ilim ölmüştür, artık benim beklememe lüzûm yok. vâsıta te'min edin gideyim.» dedi. Şübhesiz böyle demesi, öğreticiliğin üstün değerine ve faziletine hevesi ve ilmin devâmını sağlamak arzûsundandı.

Atâ (R.A.): «Sâid İbn Müseyyeb'i ziyâret ettim ve kendisini ağlar gördüm. Sebebini sorduğumda, kendisinden bir şey sorulmadığı için ağladığını söyledi.» demiştir.

Yine bâzı zevât : «Âlimler zamânın ışıklarıdır. Her âlim kendi asrını aydınlatır ve zamânının insânları onların ışığından aydınlanırlar.» demişlerdir.

Hasan-ı Basrî (Allah rahmet etsin) : «Âlimler olmasa insânların diğer cânlı varlıklardan farkı kalmazdı. Çünkü onların okutmasiyle insânlar insânlık seviyyesine ulaşırlar.» buyurmuştur.

Ikrime : «Bu ilmin bir kıymeti var, deyince; nedir? diye soranlara: Onun kadrini anlayıp koruyacak bir ehline vermektir.» buyurmuştur.

Yahyâ b. Muâz: «Âlimler, Muhammed Aleyhisselâm ümmetine anne ve babalarından da şefkatlidirler. Çünkü anne ve babaları onları dünyâ ateşinden, Âlimler ise, âhiret ateşinden korurlar.» buyurmuştur.

Denildi ki : **«İlim edinmek için riâyet edilecek usûller şunlardır: Sükût edib dinlemek, ezberlemek, bildiğini tatbik etmek ve sonra da başkalarına öğretmektir.»**

Yine denildi ki: **«Bilmeyene öğret, bilenden öğren ki, bildiğini korumuş ve bilmediğini öğrenmiş olasın.»**

Muâz b. Cebel: Okuyup okutanlar hakkında şunları söylemiştir : «Okuyun öğrenin, zira Allah için ilim edinmek Allah'a karşı ta'zim ve ibâdettir. Müzâkeresi tesbih, mübâhasesi mücâhededir. Bilmiyene öğretmek sadaka, liyâkatlisine bolca okutmak Allah'a yakınlıktır. İlim, yalnız ve kimsesiz yerlerde sıkıntıyı gideren bir arkadaş, doğru yola kılavuz, zorlukta kolaylık ve sabır merci'idir. İlim dostlar yanında vezîr, yabancılara yakınlıktır. Cennet yoluna ışık tutar. İlim sâyesinde Allahu Teâlâ bir kısım insânları yükseltir, iyi işlerinde izlerinden gidilen rehber ve öncü yapar. İyilikleri anılır, eserleri kalır. Melekler onları sever ve kanatlarını üzerlerine gererler. Yaş ve kurudan her ne varsa, denizdeki balıklar, karadaki canlı varlıklar ay

ve yıldızlara varıncaya kadar her şey, âlimler için Allahu Teâlâ'dan mağfiret dilerler. Çünkü ilim, kalb gözünü açar, karanlıkta gözlere ışık saçar, zayıflıkta bedene kuvvet verir, insânı yüksek mertebelere ve ebrâr derecesine ulaştırır. İlmi tefekkür, gündüz orucuna ve gece ibâdetine denktir. Allahu Teâlâ'ya İtâat, ibâdet, tevhîd, saygı, şübheli şeylerden korunmak, sıla-yı rahm'de bulunmak ilim ile olur. Helâl ve harâm ilim ile bilinir. İlim öncüdür; amel ise ondan sonra gelir. İyilere ilhâm olur; fenâlar ondan mahrûm olur.» Allahu Teâlâdan hüsn-ü tevfîk dileriz.

AKLÎ DELİLLER :

Bu bahiste açıklanmak istenen, ilmin fazîlet ve nefâsetidir. Faziletin ne demek olduğunu bilmiyen ve faziletten gâyenin ne olduğunu anlamıyanların, ilimde veyâ ilimden gayri şeylerde bir haslet olarak bulunduğunu idrâk etmelerine imkân yoktur. Şüphesiz ki, hikmetin ne demek olduğunu bilmeden, falan adam hakîmdir veyâ değildir demek, saçmalamaktan başka bir şey olamaz. O hâlde, biz de faziletin ne olduğunu anlıyalım.

Fazîlet, «fazl» kökünden gelir; ziyâdelik, artma ve çoğalma mânâsına, fazlalık demektir. Bir hükümde ortak olan iki şeyden birisine hâs bir ziyâdelik olursa, işte bunun diğerine fazileti var denir ki, bu ziyâdelik onun kemâli olur. Meselâ: At, merkebten efdaldir, denildiği zamân, bunların yük taşımakta ortak oldukları, fakat atın daha ağır yük taşımakta, düşmâna saldırmakta, koşup kaçmakta ve güzellikte merkepten üstün ve kemâlli olduğu anlaşılır. Hattâ attan büyük bir merkeb kabûl edilse, yine bir değer taşımaz. Çünkü bu ziyâdelik vücûd bakımındandır ki, bir kemâl sayılamaz. Hayvân cismiyle değil, vasıflarıyla değerlenir. Bu îzâhatı anladınsa, atta diğer hayvânlara nisbetle fazîlet olduğu gibi, diğer sıfatlara nisbetle de, ilmin bir fazîlet olduğunu anlayacağından şübhe edilmez. Atın hızlı gitmesi bir kemâl değil, belki atta ayrı bir husûsiyet ve üstünlüktür. Amma ilim, zâtında hiç bir şeye nisbet edilmeksizin mutlak bir fazîlet ve kemâldir. Çünkü ilim, Allahu Teâlâ'nın kemâl sıfatı, melek ve peygamberlerin şerefi ve mutlak bir fazîlettir. Akıllı atın, ahmak attan daha hayırlı olması keyfiyeti, hiç bir şeye izâfe edilmeksizin ale'l-ıtlak onun fazileti olması gibi.

İyi bil ki, rağbet bulan ve nefîs olan her şey üç sebebden biriyle rağbet görür ve beğenilir :

1 — Başka şeyi için, 2 — Zâtı için, 3 — Hem zâtı ve hem de başka şey için.

Elbette zâtı için rağbet gören, başkası için rağbet bulandan efdal ve şereflidir. Başkası için sevilen altun ve gümüştür. Bunlar, hadd-i

www.ihya.org

zâtında insânın hiç bir ihtiyâcını gideremiyen birer mâden parçasıdır. Eğer ticâret vâsıtası olmasalardı, çakıl taşlarından farklı sayılmazlardı.

Zâtı bakımından heves edilen, Allahu Teâlâ'nın cemâline bakmanın lezzetiyle âhiret saâdetine ulaşmaktır.

Hem zâtı ve hem de dolayısiyle istenip heves edilen, meselâ vücûd sağlığı gibi... İnsânın, ayaklarının sıhhatli olmasını istemesi, zâtı bakımından olur. Acı ve sancı duymaması gibi. Başka şey için olur. Arzû ettiği yere yürüyüp gidebilmesi gibi...

Bu îtibarla ilme baktığın zamân onu, kendi zâtında tatlı bulursun ve ilim de zâtı için istenilir. Üstelik ilim âhiret saâdetine vesîle ve Allah'a yaklaştıran bir vâsıta olması bakımından da gayri için sevilir. İnsân oğlunun en büyük rütbesi ve arzû ettiği şey de, bu saâdet ve bu saâdete ulaştıran vâsıtadır. Bu da ilim ve ilme dayanan ameldir. Amel de ilimsiz olamıyacağına göre, dünyâ ve âhiret saâdetinin aslı ve bütün ibâdetlerin efdali ilimdir. Nasıl olmasın ki, her şeyin kıymeti neticesiyle ölçülür. İlmin neticesi ise, yüksek makamlara ermek, melekleşmek ve Allahu Teâlâ'ya yaklaşmaktır. Buraya kadar anlattıklarımız, ilmin âhirete âit olan faydalarıdır.

Dünyâlığa gelince: İzzet ve vakar, melikler [hükümdârlar]'e söz geçirme ve tab'an hürmeti celb etme gibi hasletleri vardır. Türklerin en akılsızları ve Arabların eclafı bile, âlimlerine hürmeti tabiî bulurlar. Çünkü tecrübeleriyle onların daha bilgili olduklarını anlıyorlar. Yalnız insânlarda değil, hayvânlarda da, bu hassa mevcûttur. Hayvân da üstünlüğü takdîr eder ve bu anlayışladır ki, kendisinden üstün olan insâna 'itâat eder. Bütün bu saydıklarımız mutlak ilmin faziletidir. Halbuki ileride beyân edileceği üzere, ilimler de kısımlara ayrılır ve faziletleri îtibâriyle de ayrı kıymet taşırlar.

Bu îzâhatımızla, ilim öğretme ve öğrenmenin fazileti açıklanmış oldu. İlim her şeyden üstün olunca, elbette onu öğrenmeğe çalışmak da en üstün şeyi istemektir, öğretmek ise, en üstün faydayı sağlamaktır.

Bunun beyânı şöyledir: İnsânların maksadı, din ve dünyâlıkta toplanır. Dîn'in nizâmı ise, dünyânın nizâmına bağlıdır. Çünkü dünyâ âhiretin tarlasıdır. Dünyâ; kendisini ebedî bir vatan tanıyanları değil, bir köprü ve bir misâfirhâne kabûl edenleri, Allah'a ulaştıran bir vâsıtadır. Dünyânın nizâm ve imâreti ise, insânların çalışmalarına bağlıdır.

İnsânların iş, san'at ve meslekleri ise üç kısımda toplanabilir:

www.ihya.org

Birincisi : Yaşayabilmek için zarûrî olan işlerdir ki, bunlar da dörttür :

1 — Yiyecek te'mini için rençberlik,

2 — Giyecek te'mini için dokumacılık,

3 — Mesken te'mini için inşâat,

4 — Cemiyetin sevgi, saygı, yardımlaşma ve berâberliğini sağlamak için siyâset.

İkincisi : Bunlara yardımcı olup, yapılmalarına imkân veren işlerdir ki, bunlar da ikiye ayrılır:

1 — Rençberlik ve san'at için âlet hâzırlıyan demircilik işi.

2 — Dokumacılığa hizmet eden, hallaçlık ve eğirme işi gibi..

Üçüncüsü : Bütün bu işleri tamamlayıp süsleyen işlerdir. Bunlar da (rençberlikten alınan mahsûlü öğütüp) pişirmek, (giyim eşyasını) dikmek, boyamak ve yıkamak gibi işlerdir.

Bütün bunlar dünyâ hayâtına nisbetle, bir şahsın uzuvları mesâbesindedir ki, bunlar da üçe ayrılır:

1 — Kalb, ciğer ve beyin gibi asıl uzuvlar.

2 — Bu asıl uzuvlara hizmet eden mide, damar, şerayin, sinir ve veridler.

3 — Bu asılları tamâmlayıp süsleyen şeyler ki; deri, tırnak parmak ve kaş gibi...

Bu saydığımız san'atların en şereflisi asılları olup, asıllarının da en şereflisi siyâsettir. Bunun içindir ki, bu siyâset san'atı, menşeinde diğer san'atların aramadığı kemâlâtı ister. Yine bunun içindir ki, bu san'atın sâhibi, diğer san'atları kendine hizmet ettirir.

Beşeriyeti islâh ile dünyâ ve âhirette selâmete ulaştıracak doğru yolu gösteren siyâset, dört mertebedir :

Birinci ve en üstün mertebe: Peygamberlerin siyâseti, sevk ve idâresi olup; avâm ve havass, bütün insânların zâhir ve bâtınlarına hükmetmeleridir.

İkinci mertebe : Halife, melik ve sultânların siyâseti ve her sınıf insânlara hükmetmeleridir. Fakat bunlar yalnız zâhire hükmeder, bâtına te'sîr edemezler.

Üçüncü mertebe : Allahu Teâlâ'yı ve dînini bilen, peygamberlerin vârisi olan âlimlerin siyâsetidir ki, bunlar hiç bir sınıfın zâhiri işlerine karışmayıp kimseyi zecr ve men'edemiyecekleri gibi, umûm insânlar da kendilerinden istifâde edemez. Ancak münevver tabakanın bâtınına hitâb edebilirler.

www.ihya.org

Dördüncü mertebe: Vâizler'in siyâsetidir. Bunlar da ancak insânların avâm kısımlarının bâtınına hitâb ederler.

Siyâsetin şu dört mertebesinde nübüvvetten sonra en şereflisi, insânları, helâke sürükleyen, kötü hûylardan arıtıp saâdete ulaştıracak güzel hûylar ile süsleyen şeyin, ilmin en büyük faydası olduğunda şübhe yoktur. İşte ilim öğretmekten gâye de budur.

İlmin diğer san'atlardan üstün olduğunu söyledik. Bunun îzâhı şöyledir: San'atın değeri üç şey ile bilinir:

Birincisi: O san'atı bilmeye vesile olan garîza ve mizâca mürâcaat etmekle. Akli ve müsbet ilimlerin, lûgat ilmine olan üstünlüğü gibi. Çünkü müsbet ilimleri bildiren akıldır. Lûgatı öğreten ise işitme hassasıdır. Akl'ın işitmeden üstün olduğu aşikârdır.

İkincisi: Umumî faydalarını düşünmek ile, rençberliğin kuyumculuğa üstünlüğünü düşünmek gibi...

Üçüncüsü: Üzerinde işlenen madde ile kuyumculuğun debbağlığa üstünlüğü gibi. Birisinde altun, diğerinde ise, ölü hayvan derisi üzerinde iş görülüyor.

Şübhe yok ki, âhiret yolunu aydınlatan dini ilimler, tam akıl ve keskin zekâ ile elde edilir.

İleride açıklanacağı gibi, akıl, insân oğlunun en üstün vasfıdır. Çünkü Allahu Teâlâ'nın emânetleri, akıl sâyesinde kabûl edilir ve yine akıl sâyesindedir ki insân, Allahu Teâlâ'nın rızâsına mazhar olur.

İlmin umûmî faydalarına gelince; bunda hiç şüphe edilmez. Çünkü netîcesi ebedî saâdettir.

Mahallinin şerefine gelince: (Bu da gizli değildir.) Nasıl gizli olsun ki, ilim öğretenler insânların kalbleri ve akılları üzerinde tasarruf ederler. Yeryüzündeki en üstün yaratık insân, insânın en değerli cüz'ü ise kalbidir. İlim öğreten, kalbi olgunlaştırmak, temizlemek, cilâlandırmak ve rızâyı ilâhiye yaklaştırmakla meşgûldür. Binâenaleyh her cihetten, ilim efdaldir, şereflidir.

Hülâsa ilim öğretmek, bir bakımdan Allah için ibâdet, başka bir bakımdan Allahu Teâlâ'ya vekâlettir. Hem de en büyük vekâlet. Çünkü Allahu Teâlâ, en hâs sıfâtı olan ilmi, âlim'in kalbine yerleştirdi. Âlim, Allahu Teâlâ'nın en değerli cevherlerinin hazînedârı gibidir. Bundan, bütün muhtâçlara infakda izinlidir. Cennet-i me'vâ'ya ulaştırmakta ve Allahu Teâlâ'ya yaklaştırmakta, Allahu Teâlâ ile kulları arasında vâsıta olmaktan daha üstün rütbe olabilir mi? Allah kendi lütûf ve keremiyle bizleri de bu gibi kullarından eylesin.

Habîbine ve bütün hayırlı kullarına salât ve selâm olsun.

İKİNCİ BÂB

BU BÂB MAHMÛD VE MEZMÛM [ÖĞÜLEN VE YERİLEN] İLİMLERİN AKSÂM VE AHKÂMI BEYÂNINDADIR. BURADA FARZ-I AYN VE FARZ-I KİFÂYE OLAN İLİMLER İLE, KELÂM VE FIKIH İLMİNİN, NE DERECEYE KADAR DİN İLMİNDEN SAYILACAĞI VE AHİRET İLMİNİN FAZİLETİ ANLATILACAKTIR.

FARZ-I AYN OLAN İLİMLERİN BEYÂNI

Resûlullah (S.A.V.) buyurdu ki:

«طَلَبُ الْعِلْمِ فَرِيضَةٌ عَلَى كُلِّ مُسْلِمٍ»

«İlim öğrenmek her müslümâna farzdır.» (56)

Diğer bir hadîsde de:

«أُطْلُبُوا الْعِلْمَ وَلَوْ بِالصِّينِ»

«İlim, Çinde bile olsa öğreniniz.» (57) buyuruluyor.

Her müslümânın bilmesi farz olan ilmin hangisi olduğu husûsunda insânlar ihtilâfa düşmüş ve bu husûsda yirmiyi aşan fikir öne sürülmüştür. Tafsilâta girmeden bunları şöyle hülâsa edebiliriz. Her fırka kendi mevzûunun öğrenilmesini farz-ı ayn kabûl etmiştir. Kelâmcılara göre bilinmesi farz-ı ayn olan, **kelâm ilmi**'dir. Çünkü Allahu Teâlâ'nın varlığı, birliği, zâtı ve sıfatları kelâm sâyesinde bilinir. Fakihlere göre: **Fıkıh ilmi**'dir. Çünkü ibâdet ve muâmelenin helâl ve harâm kısımlariyle, mutlak helâl ve harâm fıkıh ilmiyle

öğrenilir. Bu ilimlerin gâyeleri de ender tesâdüf edilecek ince mes'eleler değil, belki ferdlerin muhtâç olduğu günlük mes'elelerin hallidir. Tefsîr ve hadîs âlimleri :Bu ilimden maksad **Kur'ân ve Hadîs** olduğunu söylerler. Çünkü diğer ilimler bunlar sâyesinde elde edilir. Sofiyye ise **tasavvuf ilmi**'ni öne sürerler ki, bunlar da kollara ayrılır. Bir kısmı, bu ilimden gâye, insanın kendi hâlini ve Allah katındaki makaamını bilmesidir, derler. Diğer bir kısmı da ihlâs ve nefsin âfetlerini bilmek, Şeytan'ın vesvesesi ile meleğin ilhâmını ayırabilmektir derler.

Diğer bâzılarına göre de, ilm-i bâtın'dır. Bu ilim de erbâbına farzdır der ve bu sûretle hadisi umûmu şümûlünden çıkarmış olurlar. Bunun gibi Ebû Tâlib-i Mekkî de: «Mebâni-i İslâm hadisinin tazammun ettiği ilimdir» der. Bu («Mebâni-i İslâm» hadisi.)

«بُنِيَ الْإِسْلَامُ عَلَى خَمْسٍ : شَهَادَةِ أَنْ لَا إِلٰهَ إِلَّا اللهُ .»

«İslâm dini beş esâs üzerine kurulmuştur: Allahu Teâlâ'nın varlığına, birliğine şehâdet getirmek...» (58a)

diye başlayan hadîsdir. Çünkü farz olan bu beş şeydir. Elbette bunların farz olma keyfiyyetiyle tatbîk şekillerini de bilmek farzdır.

Bu husûsda, şüpheyi kaldıracak son sözün, bizim anlatacağımız olacağı kanâatindeyiz. O da **Mukaddime**'de anlattığımız gibi, ilmin: **Muâmele** ve **Mükâşefe ilmi** olarak ikiye ayrılması ve burada aranan ilm'in ise muâmele ilmi olmasıdır.

Âkil ve bâliğ kulların yapmakla mükellef oldukları üç şey vardır:

1 — İ'tikad [inanmak].
2 — Fiil [İnandıklarını yapmak.]
3 — Terk [Yasak edilenleri yapmamak].

Yaş haddinin tamâmlanması veyâ rüyâlanmakla erginleşen akıllı kimselere evvelâ farz olan şey, anlıyarak şehâdet getirmek, yâni Allah'ın birliğini ve Peygamberin risâletini tasdik etmektir. Bu şehâdet, taklid ile de mümkündür. Bunun için delil aramağa, kıyâs ve kaziyyeler tertibe lüzûm yoktur. Gâye, şek ve şüpheden uzak, kat'î bir inançtır. Böyle bir inanç bulundu mu maksad hâsıl olur. Bizzât Peygamber Efendimiz, Arab câhillerinin tasdik ve ikrâriyle iktifâ eder,

www.ihya.org

ayrıca kendilerine delil öğretmezdi. Binâenaleyh inanarak ve anlıyarak şehâdet getiren, ilk vazifesini yapmış ve o ân için başka bir farzı kalmamıştır. Şâyet o ânda ölse, itâat etmiş bir mü'min olarak ölür.

Bundan sonra gelen mükellefiyetler, ayrı ve başka sebeblere dayanır, ki bunlar herkes hakkında zarûri değildir. Hattâ çok kimseler bâzı mükellefiyetler hâricinde kalırlar.

Bu mükellefiyetleri icâb ettiren sebebler **fiil, terk ve i'tikad** ile alâkalıdır:

Fiil ile alâkalı mükellefiyetler:

Kuşluk vakti, îmân etmiş bulunan bir müslümânın öğleye kadar yaşamasiyle kendisine yeni bir farzın düşmesi gibi. O da öğle vaktinin girmesiyle, şartı olan temizlik ile beräber, namâzı bilmesidir. Hiç bir arıza ve engeli yok iken, tam öğle vaktini bekledikten sonra, namâz'ın şart ve rükünlerini vakit çıkıncaya kadar öğrenemiyecekse, vakit girmeden hazırlanması farzdır, denirse de; farz olan amelin şartı olan bilginin farz olması, o amelin farz olmasından sonradır da denebilir. Buna göre de namâz bilgilerini namâz vakti girmeden öğrenmekle mükellef değildir. Diğer vakit namâzları da bunun gibidir.

Eğer Ramazana kadar yaşarsa, kendisine yeni bir farz daha düşer. O da oruç ile alâkalı hükümlerdir. Oruç vaktinin imsâktan akşama kadar olduğunu, farz olan niyet ile yemek içmek ve temâsdan çekinmek olduğunu ve bu hâlin Şevvâl ayına kadar devâm ettiğini bilmektir.

Sonradan zenginleşir veyâ zengin olarak ergin olursa, kendisine yeni bir farz daha düşüyor. O da ne kadar zekât vereceği ve bunun hemen değil, artıcı olan malın, bir sene elinde kaldıktan sonra verileceği gibi hükümlerini bilmesidir. Hattâ her çeşit mal'ın değil, ancak kendi elindeki mal cinsinin zekâtını öğrenmekle mükelleftir. Eğer yalnız devesi varsa, deve zekâtını bilmek yeter. Diğer mallarda da hüküm böyledir.

(Hac farizasına gelince); bu fevrî yâni acele olmadığı için hac mevsiminde hemen hac mes'elelerini öğrenmekte acele lâzım değildir. (58b)

(58b) Şâfi'î ve Hanbelîlere ve bizim imâmlardan Muhammed'e göre, hüküm böyle olmakla beräber, İmâm-ı a'zam, İmâm-ı Mâlik ve bir sözünde Ebû Yûsuf «fevrî yâni zengin olduğu senenin hac mevsiminde hac etmek borçtur, tehiri günâhtır. Ancak hayâtında hac etmek mümkün olursa tehir mes'uliyeti kalkar. Şüphesiz mâzeret hâlleri müstesnâdır.» buyuruyorlar.

www.ihya.org

Fakat İslâm ulemâsına yakışan, azık ve binit gibi gerekli imkânlara sâhib olana, haccın te'hirî olarak farz olduğunu bildirmektir. Hattâ çok kerre hemen hac etmek isterse o vakit hac keyfiyetini de hemen öğrenmek farzdır. Öğrenilmesi farz olan, haccın erkân ve vecîbeleridir. Sünnetlerini öğrenmek farz değil; sünnetler nâfile ibâdet olduğundan öğrenilmeleri de farz değil, nâfile'dir. O ânda asıl haccın kendisine farz olduğunu ona duyurmamanın harâm olup olmadığına dâir söz, fakîhlere âittir; bizi alâkadar etmez. Yapılması gereken diğer farz-ı ayn'larda da hüküm böyledir.

Terk edilmesi farz olan şeyleri öğrenmeğe gelince :

Bunları da hâle nazaran öğrenmek elzemdir. Bu da şahsın vaziyetine göre değişir. Çünkü: Bir dilsizin «şu sözü söylemek yasaktır» bir körün «şuna bakmak harâmdır», bir Bedevî'nin «şu yerlerde oturmak memnû'dur» diye öğrenmeleri farz değildir. Şu hâlde yapılması gereken şeyleri öğrenmenin farz olması da şahsiyyet itibâriyledir. İnsânın yapamıyacağı yasaklardan değil, yapması mümkün olan yasaklardan îkaz edilmesi lâzımdır. Meselâ: Bulunduğu muhîtte müslümânlar arasında ipek giyen, başkasının malını zorla alan veyâ nâmusa tecâvüz edenler varsa, bunların harâm olduklarını öğretmek lâzımdır. Şu ânda değil, fakat ileride yapmak ihtimâli olan kimse de aynı hükümdedir. Hattâ bulunduğu muhîtte içki ve domuz eti kullanılıyorsa onun da bu yasağı yapmasını göz önünde tutarak bunların harâm olduklarını öğretmek farzdır. Öğretilmesi farz olan her şeyi öğrenmek de farzdır.

İ'tikad ve kalb işlerine gelince :

İçinde doğacak şübheleri giderecek kadar ilim edinmesi farzdır. Eğer şehâdet kelimesinin mânâsında şübhe ederse, bu şübheyi izâle edecek kadar ilim öğrenmesi farzdır. Eğer kendisinde böyle bir şüphe uyanmaz ve kendisi de henüz Allahu Teâlâ'nın kıdemini ve âhirette görüleceğini ve Allahu Teâlâ'nın, hâdisâta mahal olmadığını ve bunlara benzer i'tikad mes'elelerini öğrenmeden ölürse, mü'min olarak öldüğünde icmâ vardır. Fakat insanın kalbine doğacak bu gibi hâtıralar, bâzan kendi tabiatı ve düşüncesinden, bâzan da başkalarından duymakladır. Eğer erginlik çağında, çocuk böyle kelâm münâkaşalarının alıp yürüdüğü bir muhîtte ise, lâyık olan kendisini bu felsefeden korumak ve evvelâ yalnız hakk'ı öğretmektir. Çünkü: Boş bir cevher olan o çocuğun kalb ve beynine evvelâ o şüphe uyandıracak şeyler doldurulursa bunları atmak farz olur. Halbuki bu da bâzan çok güç olur. Nasıl ki tefeciliğin çoğaldığı bir memlekette alış - veriş eden bir müslümânın, kazancının helâl olabilmesi için, meşrû' kazanç yollarını

www.ihya.org

öğrenmesi ve tefecilikten çekinmesi kendisine farz ise, farz-ı ayn olan ilimler için de vaziyet böyledir. Bunun mânâsı, olan işin keyfiyyetini bilmektir. Kim farz olan ilmi ve farz olduğu vakti bilirse, farz-ı ayn olan ilmi de bilmiş olur.

Sofiyyenin, farz-ı ayn hakkında: «Meleğin ilhâmiyle Şeytanın vesvesesini ayırmaktır» demeleri de doğrudur. Fakat bu, herkes hakkında değil, ihtiyâcı olana, gönlünde böyle şeyler doğan kimseye mahsûstur. Vaktâ ki insan oğlu çok kerre kendini gösteriş, çekememezlik ve benzeri kötü arzûlardan koruyamaz oldu ise, insânı perişan eden bu hâllerden de korunacak kadar bilgi edinmesi farzdır. Bu ilim kendisine nasıl farz olmasın! Zîra Peygamber Efendimiz bir hadîsi şerîfinde şöyle buyuruyor:

«ثَلَاثٌ مُهْلِكَاتٌ: شُحٌّ مُطَاعٌ، وَهَوًى مُتَّبَعٌ وَإِعْجَابُ الْمَرْءِ بِنَفْسِهِ»

«Üç şey insanı helâk eder: Son derece cimrilik, tamâmen arzûlarına uymak ve kişinin kendini beğenmesi.» (59)

Halbuki bunlardan kimse kendini kolay kolay kurtaramaz. Ileride anlatacağımız kibir ve benzeri gibi diğer kalbî hastalıklar, Hadîs-i Şerîfde açıklanan bu üç esâsa bağlıdır. Bu hastalıkları tedâvi, sâhiplerine farz-ı ayndır. Bunları tedâvi için de mâhiyyet, menşe' ve alâmetlerini bilip teşhislerini koyup tedâvi çârelerine baş vurmak gerekir. Çünkü: Fenâlığı bilmeyen, fenâlığa düşebilir. İlâç demek hastalığı zıddiyle tedâvi demektir. Teşhîsi konulmayıp ilâcı bilinmeyen hastalık elbette tedâvi edilemez.

Bu mühlikât arasında saydıklarımızın çoğunu bilmek farz-ı ayn iken ne yazık ki topyekûn insânlar lüzûmsuz şeylerle vakit geçirir de bunları ihmâl ederler.

Müslümân çocuğuna inanması için, şehâdet kelimesinden sonra bunun tamâmından sayılan: Öldükten sonra dirilmeği, hisab'ı, mizan'ı, cennet ve cehennemi de öğretmek lâzımdır. Bu gencin, Peygamber'in Allah tarafından gönderilmiş bir resûl olduğuna inandıktan sonra, tebliğ ettiği risâletin de ne demek olduğunu anlaması lâzımdır. O da Allah ve Resûlüne itâat edenin cennet'e, bunları tanımayıp isyân edenin ise cehennem'e gideceğini bilmektir.

Şu söylediklerimize dikkat edersen doğru yolun bu olduğunda şüphen kalmaz. Yine anlarsın ki insân oğlu gece ve gündüz her hâlü kârında, ibâdet ve muâmelesinde kendisini alâkadar eden yeni bir hâdiseyle karşı karşıyadır. Her karşılaştığı ve karşılaşacağı vak'alar için de yeni bilgi edinmesi, sorup öğrenmesi lâzımdır.

Peygamber Efendimizin: **«İlim öğrenmek her Müslümâna farzdır»** buyurduğu hadisindeki **«El - ilmu»** kelimesindeki lâm-ı ta'rifinde ifâde ettiği gibi, öğrenilmesi farz olan ilimden gâyesinin müslümânlar üzerine farz olan amel ilmi olduğu anlaşıldığı gibi, bizim beyânâtımızla da bunların farz olma zamânı açıklanmış oldu. Her şeyi olduğu gibi bilen ancak Allahu Teâlâ'dır.

FARZ-I KİFÂYE OLAN İLİMLER

Bilmiş ol ki, ilimlerin kısımlarını, şerhetmeden, farz olanları ile olmayanlarını ayırmak mümkün olmaz. İlimler, esâs itibariyle ikiye ayrılır:

1 — ŞER'İ İLİMLER: Yâni, hisâb gibi akıl ile, tabâbet gibi tecrübe ile, lûgat gibi işitmekle bilinmeyip ancak Peygamberlerden öğrenilen ilimler.

2 — ŞER'İ OLMAYAN İLİMLER: Yâni diğer vâsıtalar ile elde edilen ilimler. Bunlar da **mahmûd, mezmûm** ve **mübâh** olmak üzere üçe ayrılır.

Mahmûd olanlar, dünyâ işlerini düzene koyacak, insânların sıhhatini koruyacak ve ihtiyâçlarını cevâplandıracak tıb ve hisâb ilmi gibi ilimlerdir, ki bunlar da **farz-ı kifâye** ve **fazilet** olmak üzere iki kısma ayrılır.

Farz-ı kifâye olanlar: Dünyâ işlerini tanzim için lâzımdırlar. Tıbâbet gibi ki, insân oğlunun sıhhatli olarak yaşayabilmesi için zarûridir.

Hesâb gibi ki, bu ilim de, alış - veriş, mirâs, vasiyet ve bütün muâmelâtta zarûridir.

Şu ilimleri bir beldede bilen bulunmazsa halk zorlukla karşılaşır ve hepsi birden mes'ûl olur. Fakat ihtiyaç nisbetinde bir veyâ bir kaç bilenin bulunması kâfidir. (Artık hepsinin muhâsib veyâ tabib olmasına lüzûm kalmaz) ve bu sûretle diğerleri de bu vecibeden kurtulmuş olur.

Tıb ve hisâbın farz-ı kifâyeden olduklarına dâir beyânâtımıza şaşmayın. Hakikat şu ki: Bütün san'atların asılları aynı hükümde

www.ihya.org

olup farz-ı kifâyedirler. Rençberlik, dokumacılık, siyâset, dikicilik, tabâbet vesâire gibi... Çünkü: Bir memleketin tabibi olmazsa hastalık çoğalır, insânlar işinden gücünden kalır, tâkattan kesilir ve nihâyet ölüme mahkûm olur. Derdi veren Allah dermânını da yarattı. Kullarına, o devâyı bulacak kabiliyeti bahşetti ve faydalanmaları için sebebini de izhâr ettir. Körü körüne ihmâl neticesi ölüme mahkûm olmak doğru olmaz.

Öğrenilmesi farz olmayarak fazilet sayılan ilimlere gelince:

Bunlar da saydığımız bu ilimlerin, çok ender lâzım olacak en ince teferruâtına inmektir. Elbette ki bu da, lâzım olan kısımları anlamayı kolaylaştırması bakımından bir fazilet ve üstünlüktür.

Mezmûm (olup yerilen) ilimlere gelince:

Bunlar dinde yeri olmayıp, hiç bir fayda sağlamıyan, sihr, tılsımât, şu'beze, telbisât gibi ilimlerdir.

Mübâh, (yâni ne yasak ve ne de öğrenilmesi mecbûrî) **olan ilimlere gelince:** Çok ileri gitmemek şartiyle, eğlence olmayan şiirleri öğrenmek, eski târihlerle meşgûl olmak, bunlara misâl olarak zikr edilebilir.

Anlatmak istediğimiz şer'i ilimlerin hepsi **makbûl**'dür. Ancak, hakikatte şer'i olmayan bâzı bilgiler de araya karışırsa **mezmûm** olur.

Bunların şer'i ilimlerden olduğu zannedilmiş olmasına binâen, dinî ilimler de **makbûl** ve **mezmûm** olmak üzere ikiye ayrılır.

ŞER'İ İLİMLERİN KISIMLARI

Makbûl olan şer'i ilimler: **Usûl, fürû', mukaddimât** ve **mütemmimât** olmak üzere dörde ayrılır:

BİRİNCİ KISIM — (Asıl olan ilimler) : **Kitâb, Sünnet, İcmâ' ve Sahâbenin yolu**'dur. Kitâb ve sünnet asıl olmakla berâber, sünnete delâleti bakımından ümmetin ittifakı [icmâ'] da üçüncü derecede bir asıldır. Ashâb-ı kirâm, vahye şâhid oldukları gibi sonradan gelenlerin bilmediği bir çok şeylere yetişmişlerdir. Bâzan görünüşün anlattıklarını yazılar anlatamaz. Bu sebeblerden âlimler onlara uymağı ve izlerinden gitmeği uygun buldular. Bunun da muâyyen yolları ve husûsî şartları var ki, burada onlarla meşgûl olmak uygun düşmez. (60)

(60) Burada kıyâs-ı fukahâ'dan bahsedilmiyor. Çünkü: Kıyas, bu üç tânenin fer'î ve usûl âlimlerinin vazifesidir; aynı zamânda Hanefî'lere göre, kıyâs, hükmü isbât edemez, belki izhâr eder.

www.ihya.org

İKİNCİ KISIM — Fürû' adını taşır ki, bu da bu asıllardan çıkarılan ilimlerdir. Fakat bunların anlaşılması sözün gelişigüzel mânâsından değil, belki akl-ı selîmin tenbihiyle genişleyen keskin zekânın konuşulan sözlerden, o sözle alâkalı başka mânâlar çıkarmasiyledir. Nitekim Peygamber Efendimizin şu hadisinden çıkarılan mânâ gibi:

«لاَ يَقْضِي الْقَاضِي وَهُوَ غَضْبَانُ»

«Kadı, gadablı iken hüküm vermez.» (61)

Gadab kelimesinin asıl mânâsı, hışım iken, bundan def'-i tabiî ihtiyâcı, açlık ve hastalığı varken hüküm vermez mânâsını anlamışlardır.

Bu fürû' ilmi de ikiye ayrılır :

1— Dünyâ işlerinin tanzîmi ile alâkalı ilimler : Bunları fıkıh kitâbları anlatır ve bunlarla meşgûl olanlara **«fakih»** adı verilir. Bunlar dünyâ âlimleridir.

2 — Âhiret işlerinin tanzimi ile alâkalı ilimler : Bunlar da kalb'-in, iyi ahlâk kötü ahlâk ve Allahu Teâlâ katında sevilen ve sevilmeyen hâllerini bildiren ilimlerdir. Kitâbımızın son kısmı bunu anlatır. Âdet ve ibâdette kalbden a'zalara sirayet eden hâlleri de bu kitâbın birinci bâbı içine alır.

ÜÇÜNCÜ KISIM — İlimlere mukaddime olup âdetâ ilimleri elde etmeğe birer âlet kabilindendir. Lûgat ve nahv ilmi gibi. Bunlar hadd-i zâtında dini ilimlerden değildir. Ancak Kur'ân ve Hadîs dinî ilimlerin anlaşılmalarında lâzımdırlar. Çünkü : Kitâb ve Hadîs Arab lisânı üzerine olduğundan, dînimizi anlayabilmek için bu ilimlere muhtâcız. Bunun gibi yazı öğrenmek de lâzımdır. Şu kadar ki lisân kadar zarûrî değildir. Çünkü : Peygamber Efendimiz de ümmî idi [okuryazar değildi]. Hattâ her söylenen ezberlenip unutulmasaydı yazı ihtiyâcı da azalmış olurdu. Fakat bu mümkün olamadığından yazı da zarûrî bir ihtiyâçtır.

DÖRDÜNCÜ KISIM — Bu saydığımız üç kısmı tamâmlayan ilimlerdir ki, bunlar da biri Kur'ân, diğeri Hadîs ile alâkalı olmak üzere ikiye ayrılır :

Kur'ân-ı Kerîm ile alâkalı tamâmlayıcı ilimler üçe ayrılır :

1 — Kur'ân-ı Kerîm'in okuma şeklini, harflerin okunuş ve çıkış yerlerini bildiren ilim [Kırâat ve Maharicu'l - Hurûf].

(61) Buhârî ile Müslim, Hz. Ebû Bekir'den.

www.ihya.org

2 — Kur'ân-ı Kerîm'in mânâsını anlamakla alâkalı ilimler. Tefsîr gibi. Tefsîr işi de menkûle dayanır. Yalnız Arab lisânını bilmek yetmez.

3— Kur'ân-ı Kerîm'in ahkâmiyle alâkalı ilimler. Bunlar: **Nâsih** [Kur'ân-ı Kerîm âyetlerinin eski hükmünü kaldıran yeni hüküm], **mensûh** [Kaldırılan hüküm], **âmm** [Çok mânâsı olan], **hâs** [Tek mânâsı olan], **nass** [Konuşma san'atiyle sözün mânâsı çok açık olan], **zâhir** [Düşünmeden anlaşılan] gibi husûslar ve bunların bâzılariyle amel edip bâzılariyle amel etmemek keyfiyyeti beyânında olan ilimlerdir. Bunları anlatan ilme **«Usûl-i fıkh»** denir ki, bu sünnete de şâmildir.

Hadîs ve haberleri tamâmlayan ilimler: Hadîs âlimlerini isimleriyle, soylariyle, sahâbenin isim ve sıfatlariyle, râvilerde doğruluğu ve zayıfı kuvvetliden ayırmak için, râvilerin hâlini ve hattâ mürsel hadîsi müsnedden ayırmak için yaşlarını bildiren ilimdir.

İşte bu saydıklarımızın hepsi mahmûd ve öğrenilmesi farz-ı kifâyeden olan dînî ilimlerdir.

Eğer **«Fıkh'ı** niçin dünyâ ilmine, fakîhleri de dünyâ âlimleri meyânına kattın?» dersen, bil ki; Allahu Teâlâ, Âdemi topraktan çıkardı Neslini de çamur suyundan ve atılan bir parça sudan yarattı ve onları babanın belinden ananın rahmine, oradan da dünyâya çıkardı; sonra kabre, sonra da huzûruna, sonra yâ cennete veyâ cehenneme attı. İşte başlangıçları, işte neticeleri ve varacakları yerler. Dünyâyı da, azık olmağa yarayacak kısmını almak için, âhiret kazancı olarak yarattı. Eğer insân dünyâdan dürüst bir şekilde faydalansa, dedikodu ve husûmetler ortadan kalkar ve kendiliğinden fıkh ilmi de düşerdi. Lâkin dünyâya tama' ile sarılmaları, düşmânlığı doğurduğundan, onları idâre edecek hükûmete ihtiyâç hâsıl oldu. Hükûmet reisi de bu husûsda kanunlara muhtaç oldu. İşte **«fakîh»** bu siyâset kanunlarını yapan ve halk arasındaki çekişmeleri kaldırmanın yolunu bilen aracı bir kimsedir. Fakîhler, milleti idâre eden hükûmet adamlarının hocaları ve çekişmelerde halkı idâre etmenin doğru yollarını gösteren kimselerdir. Ömrüme yemin ederim ki! Fıkıh ilmi [Hukuk] dünyâ ile alâkalı olduğu kadar din ile de alâkalıdır. Lâkin din ile alâkası, dünyâ vasıtasıyladır. Zira **«Dünyâ, âhiretin tarlasıdır.»** Din, dünyâ ile tamamlanır. Din ile sultanlık [devlet idâresi] arkadaştır, ikizdir. Dîn asıl [kök]'dır, pâdişah [hükûmet] onu korur. Kökü olmayan yıkılmağa mahkûm olduğu gibi korunmayan temeller de yıkılır, yok olur. Mülkün tamâmlanması ve korunması hükûmetle mümkündür. Husûmetlerde mülkü korumak ve nizâmı kurmak da fıkıhla halledilir.

Halkı, siyâsetle idâre, bizzât dînden olmayıp, ancak dîn'in kendi-

www.ihya.org

siyle tamâmlanabileceği şeylere yardımcı olduğu gibi, idâre ve nizâm yollarını bildiren fakîh de bunun gibidir.

Nitekim hacca gidenler haydutlardan korunmak için muhâfıza muhtâçtır; (muhâfız olmadan bu farizeyi yapamaz.) Fakat bunun hacc ile münâsebeti çok uzaktır. Çünkü : Hacc başka, bu yola girmek başka, haccı tamâmlayacak olan yolda muhâfaza ve korunmanın kanun ve hîlelerini bilmek başka bir şeydir. İşte fakîhler de hacc yolculuğuna çıkan zâtların emniyetle yolculuklarını te'mîn için korunma çârelerini bildiren kimselere benzerler. Onun hacc ile alâkası ne derece ise, fakîhlerin de dîn ile alâkası o nisbettedir ki, dördüncü derecede kalıyor. Bu dâvamıza Peygamber Efendimizin şu hadisi açıkça şâhittir :

«لَا يُفْتِي النَّاسَ إِلَّا ثَلَاثَةٌ : أَمِيرٌ أَوْ مَأْمُورٌ أَوْ مُتَكَلِّفٌ»

«İnsânlara ancak üç kimse fetvâ verebilir. Emir, me'mûr ve mütekellef.» (62)

«Emir», imâm ve hükümdârdır. «Me'mûr» onun nâibidir «Mütekellef» ise, ihtiyâç olmadığı hâlde, kendi kendine yorulup taklid yolu ile fetvâyâ kalkışan kimsedir.

Halbuki Sahâbe-i kirâm, âhiret ve Kur'ân'dan sorulduklarında hemen cevâb verdikleri hâlde, fetvâ vermekten kaçınır ve fetvâ işini yekdiğerine havâle ederlerdi. Hadîs'deki «Mütekellef» yerine bâzı rivâyette «El - murâi» yazılmıştır. Çünkü : Fetvâ için tâyin edilmediği halde kendi kendine taklid ile fetvâya atılan kimsenin gâyesi mâl ve mevki talebinden başka bir şey olmadığı için riyânın tâm kendisidir.

Eğer : «Senin bu söylediklerin, dünyâ nizâmı için olan cezâlarda, diyet, kısâs ve dâvalarda haklıyı haksızdan ayırmak gibi kısımlarda doğrudur. Fakat ibâdetten olan namâz ve oruç mes'eleleriyle muâmelâttan olan helâl ve harâmı ta'yin etmekte doğru olamaz. «Çünkü : Bunlar tamâmen dînî'dir.» dersen cevâben deriz ki: «Bir fakîhin âhiret amellerine en yakın olarak mevzû-ı bahs ettiği şeyler İslâmiyet, namâz, zekât, helâl - haram olmak üzere üç'dür. Düşünürsen bunlarda da fakîhin görüşleri dünyâdan öteye geçemez. Bunların da dünyâyı alâkadar eden işler olduğunu anladıktan sonra artık diğerlerinde şübhe kalmaz.

(Şimdi bu üç şeyi teker teker ele alarak dünyevî olduklarını açıklayalım :)

Fakîhler, İslâmiyetin sıhhat, fesad ve şartlarından bahsederler;

ancak insanın sözüne, diline bakar, ona göre hüküm verirler. Kalb ise fakîhin idâre ve tahakkümü hâricinde kalır. Çünkü: Bizzât Peygamber Efendimiz kılıç kuşanan kumandan ve başkanları [Erbâbu's-süyûf ve's-saltana'yı] kalbe müdâhaleden men' etmiştir. Nitekim kelime-i şehâdet söyleyen kimseyi öldürene:

— Kelime-i şehâdet getirdiği hâlde niçin öldürdün? diye sorunca:

— Yâ Resûlallah, korkudan söyledi, yoksa kalbinden inanmadı, diye özür beyân etmesi üzerine Peygamber Efendimiz:

«هَلاَّ شَقَقْتَ عَنْ قَلْبِهِ»

«Kalbini yardın da baktın mı?» (63) dedi.

(Yâni: «Kalbi, senin vazîfen değil, diline bak.» diye kalbi aramadan men' ettiler.) Belki fakîh, kılıç altında şehâdet getirenin İslâmiyetinin doğruluğuna hükmeder. Bununla berâber iyi bilir ki, İslâmiyet onun kalbine işlememiş, cehâlet ve şaşkınlık perdesini kaldırmamış, niyyetine düzeltmemiştir. Ancak kılıcın sâhibine işâret ediyor, çünkü bir yandan malına el atılırken, öte yandan da kılıç boynuna inmek üzeredir. İşte yalnız diliyle getirdiği şehâdet, boynunu ve malını kurtarmış oluyor; bu ise dünyâlıktır. Bu sebepten Peygamber Efendimiz şöyle buyuruyorlar:

«أُمِرْتُ أَنْ أُقَاتِلَ النَّاسَ حَتَّى يَقُولُوا لاَ إِلَهَ إِلاَّ اللهُ فَإِذَا قَالُوهَا فَقَدْ عَصَمُوا مِنِّي دِمَائَهُمْ وَأَمْوَالَهُمْ»

«Ben insânlarla «Lâilâhe illallah» deyinceğe kadar harb etmekle emrolundum. Bunu dediler mi cân ve mâllarını benden korumuş olurlar.» (64)

Peygamber Efendimiz, şehâdetin faydasını, bunu ikrâr edenlerin mâl ve cânlarının korunmasiyle beyân buyurdu. Âhirette ise malın fayda vermiyeceği meydândadır. Âhirette ancak kalbin ihlâsı ve nûru fayda verir ki, bu da fıkh ile alâkalı değildir. Eğer bir fıkh âlimi bundan bahsetmek isterse, kendi ihtisâsı hâricinde kalan, tabâbet ve kelâmdan bahsetmesine benzer.

(64) Buhârî ile Müslim, Ebû Hureyre'den.

www.ihya.org

Namâza gelince: Bir fakîh namâz kılan kimse, her ne kadar Allah huzûrunda olduğunu unutur ve zihni ile çarşıdaki işlerini ayarlamak ile meşgûl olursa da Allah rızâsı için tekbir alıp zâhirî şart ve erkânına riâyet ederek kılanın namâzının sıhhati ile fetvâ verir. Halbuki kalbe nüfûz etmeyen şehâdetin Allah indinde kıymeti olmadığı gibi bu namâzın da âhirette bir faydası yoktur. Fakîh: «Bu namâz sahîhdir.» derken, evet Hak Teâlâ'nın emrine uydu ve bu sâyede ta'zîrden kendini kurtardı demek ister.

Huşû-i bâtınî ve namâza kalıbıyla girdiği gibi kalbiyle girme keyfiyyeti ki asıl âhiret ameli budur. Zâhirî ameller ancak bununla fayda verir; fakîh ise buna karışmaz, çünkü mevzûu dışındadır.

Zekâta gelince: Fakîh, zenginin, vermekten yüz çevirdiği vakitte pâdişahın zenginden cebren alacağı miktârı, zenginin ödeyip ödemediğine bakar. Zengin, bu muâyyen miktârı verdiği vakit, fakîh de zengin için: «Berâet-i zimmet etmiştir» der.

Hikâye edildi ki: Kadı İmâm Ebû Yûsuf, zekât borcunu düşürmek için sene tamâmlanacağı sırada malını âilesine hibe eder, sonra da âilesi kendisine hibe eder ve bu sûretle mâl, bir sene bir elde kalmazmış. Bu hâl, İmâm-ı A'zam'a duyuruldu; İmâm-ı A'zam da: «Evet, bu onun fıkh bilgisindendir.» dedi. Evet bu, dünyâ fıkhından olduğu tasdîk edildi. Fakat bu âlimin âhirette zararı, her cinâyetten üstündür; çünkü bu gibi ilimler zararlı ilimlerdir.

Helâl ve harâma gelince: Evet harâmdan kaçınmak dindârlıktır. Lâkin bunun da dört derecesi vardır:

1 — Şehâdeti kabûl olacak derecede vera'dır ki, bu kadarından çekinmezse velîlik ve mahkemelerde şâhidlik hakkını kaybeder. Bu da açık olan harâmlardan sakınmaktır.

2 — Sâlihlerin vera'ıdır ki, bu da helâl ve harâm olması ihtimâli dâhilinde bulunan şüpheli şeylerden korunmaktır.

Nitekim bu husûsda Peygamber Efendimiz:

«دَعْ مَا يَرِيبُكَ إِلَى مَا لَا يَرِيبُكَ»

«Sana kuşku veren ve seni şüpheye düşüren şeyleri bırak da, şüphe vermiyen şeyleri yap.» (65)
buyurmuşlardır. Ayrıca:

(65) Tirmizi, Hasan b. Ali'den.

www.ihya.org

«أَلْإِثْمُ حَزَّازُ الْقُلُوبِ»

«Günâh, kalb'in titremesidir. (Yâni; herhangi bir işi yaparken) kalb'in huzûr içinde olmalıdır. Eğer kalb'in çarpıyorsa o iş makbûl değildir.» (66) buyurmuşlardır.

3 — Muttakilerin vera'ıdır ki, bu da harâma sebep olması ihtimâli olan helâlı terk etmektir. Nitekim Peygamber Efendimiz bir hadîs-i şerîfinde :

«لاَ يَكُونُ الرَّجُلُ مِنَ الْمُتَّقِينَ حَتَّى يَدَعَ مَالاَ بَأْسَ بِهِ مَخَافَةَ مِمَّا بِهِ بَأْسٌ»

«Kişi, zararlı şeylere düşmek korkusundan, zararsız gibi görülen şeyleri terk etmedikçe muttakilerden olamaz.» (67)

buyurmuşlardır. Meselâ : Gıybete düşmek korkusuyle insânların vaziyetinden bahsetmemek, şehvetinin galeyanı sebebiyle bâzı yanlış yollara sapmak ihtimâlini göz önüne alarak, esâsında helâl olan, cânının her arzû ettiği şeyi yemekten çekinmek gibi.

4 — Sıddîklar vera'ıdır. Bu da her ne kadar kendini harâma düşürmeyecekse de, Allah'a yakınlığı artmayacak şekilde ömründen bir cüz'ünün boşa geçeceği korkusundan, bütün mevcûdiyetiyle Allah'a teveccüh edip her şeyden yüz çevirmektir.

İşte vera'nın şu dört derecesi de - yalnız birinci derece hariç - fakîhlerin mesleği dışında kalır. Birinci derece ise, maddî hayâtta şehâdetinin makbûl olup olmıyacağı keyfiyetidir ki bu, âhiretteki mes'ûliyyetten insânı korumaz. Nitekim Peygamber Efendimizin Vâbise'ye olan şu sözü bunu te'yid eder :

«اِسْتَفْتِ قَلْبَكَ وَإِنْ أَفْتَوْكَ وَإِنْ أَفْتَوْكَ وَإِنْ أَفْتَوْكَ»

«Sana her ne kadar fetvâ verseler bile, sen kalbine danış. Yâni :

Müftüler sana her ne kadar cevâz fetvâsı verseler de, sen kalbine bak, eğer kalbin huzûr bulmadı ve tatmîn edilmediyse vaz geç, o işi yapma.» (68)

Halbuki fakîhler kalbin titremesinden ve kalb ile amel keyfiyyetinden bahsetmezler; belki adâlette aranan miktâr ile kifâyet ederler.

Anlaşıldı ki, fakîhin bütün hükümleri, âhiret yolu kendisiyle düzenlenecek olan dünyâ ile alâkalıdır. Eğer bu arada bilmünâsebe kalbe müteâllik bir şey söylerse bu söz bi'l-asâle değil, belki bi't-tebâiyyedir. Nitekim bâzan da mevzû arasına tabâbet, hisâb, ilm-i nücûm ve kelâmdan bâzı sözler karıştığı olur. Yine hikmetin nahiv ve şiire karışması gibi...

Süfyân-ı Sevrî, Ulûm-i zâhirede bir imâm iken : «Bu ilm-i zâhirin, âhirette bir kârı yok.» derdi. Halbuki şeref, gereğiyle amel edilen ilimde olduğunda ittifak vardır. Bu ilmin, zihâr [hanımını annesine benzetmekteki hüküm], li'ân [şâhitsiz zinâda karı kocanın karşılıklı lânetleşmesindeki hüküm], selem [ticârî muâmeledeki hüküm], icâre [kirâdaki hüküm] ve sarf [borçların ödeme mahallini gösteren hüküm] ilimleri ‹ ›:uğu nasıl zannedilir? (Zâten fakîhin meşgûl olduğu bunlardır.) Allah'a yakınlık için bunlarla meşgûl olmak ahmaklıktan başka bir şey değildir. Amel, kalb ve âzalar ile yapılandır. Şeref de bundadır.

Eğer : «Sen tabâbet ile fıkhı bir tutuyorsun, halbuki tıb sıhhat-i bedeni iltizam edinmesi bakımından tamâmen dünyevîdir; fıkh ise dünyevî olmakla beràber, Allah'ın emrine, nehyine uyulması bakımından dini tanzim eder; aralarındaki fark bârizdir. Senin bunları müsâvî tutman Müslümânların icmâ'ına aykırıdır» dersen, bilmiş ol ki : Aralarında fark vardır ve beyânâtımızından da anlaşılacağı veçhile müsâvat lâzım gelmez; belki fıkh üç yönden şereflidir.

1 — Fıkh, Peygamber'den öğrenilmesi bakımından Şer'î ilimdir. Halbuki tıb şer'î ilimlerden değildir.

2 — Hasta olsun sağlam olsun, âhiret yolcularından hiç biri fıkh dan müstağni kalamaz. Fakat tıbba, nisbeten ekalliyeti teşkil eden hastalar muhtâçtır.

3 — Fıkıh ilmi, âhiret ilminin komşusudur. Çünkü a'zâlar ile amel keyfiyyetinden bahseder ki, bunların menşei kalb ve kalbin hâlleridir. Amellerin güzelleri âhirette makbûl olan güzel hûydan meydâna gelir. Kötü işler de fenâ hûydan meydâna gelir. A'zâların kalb ile olan alâkası gizli değildir; amma, sağlamlık, hastalık kalbin vasıflarından

değil, bedenin vasfı olan mizac bozukluğundandır ki, kalb ile alâkası yoktur. Fıkıh ilmi tabâbete nisbetle şereflidir; âhiret ilmi de fıkha nisbetle şerefli ve üstündür.

AHİRET YOLU İLMİNİN KISIMLARI

Son haddine kadar tafsili mümkün olmamakla beraber, eğer âhiret ilminin bir nebze tafsilini bilmek istersen âgâh ol ki: Âhiret yolunu gösteren ilim, mükâşefe ve muâmele olmak üzere ikiye ayrılır.

BİRİNCİ KISIM : Mükâşefe ilmi adını alır ki, buna İlm-i Bâtın da denir. İlimlerin gâyesi de budur. Hattâ bâzı ârifler; «Bu ilimden nasibi olmayanın son nefesinden korkulur.» demişlerdir. En az hisse de bu ilm-i bâtını tereddütsüz kabûl edip, ehline havâle etmektir.

Başka birisi : «İki haslet sâhibine bu ilimden bir şey açılmaz. O iki haslet de bid'at [Dine müteallik, sonradan icad edilen şeyleri benimsemek] ve kibir'dir.» demiştir.

Yine denildi ki : «Bâzan diğer ilimler ile de tahakkuk eden bu ilim, kendisinde dünyâ sevgisi olup şehvetinin peşinden gidenlerde bulunamaz.» Bu ilmi inkâr edenin en küçük cezâsı zevkinden mahrûm olmaktır.

«Sen kaybettiğinin kaybına râzı ol! Bu kayıb öyle bir azabtır ki, cezâsı içindedir.»

İşte bu Mükâşefe ilmi, sıddîk ve mukarreblerin ilmidir. Bu ilim kötü hûylardan arınılıp temizlendiği vakitte, kalbe tecelli eden bir nûrdan ibârettir. Bu sâyede bir çok şeyleri görür, adlarını duyar mücmel ve kapalı olarak bunları mâ'nâlandırmağa çalışır; derken kendisine geniş ufuklar açılır; Hattâ Allahu Teâlânın, zât, sıfat ve ef'al'i hakkında hakiki mârifet sâhibi olur. Dünyâ ve âhireti yaratmakta ve dünyâyı âhiret üzerine takdîmdeki hikmetini anlar. Nübüvvet ve Peygamberliğin, vahy, melek ve şeytanın ne demek olduğunu öğrenir Peygamberlere vahyin vâsıl oluş keyfiyetini, Şeytânın insâna düşmânlık şeklini meleklerin Peygamberlere görünüş keyfiyyetini, yer gök hazinelerini ve bunların sâhibini anlar. Bundan sonra da kalbi, melek ve şeytanın kalbe hücûmlarını, melek'in ilhâmiyle, şeytânın vesvesesi arasındaki farkı, âhireti, cennet ve cehennemi, kabir azâbını, sırat, mîzan ve hisâb'ı bilir ve Hak Teâlâ'nın :

«اِقْرَأْ كِتَابَكَ كَفَىٰ بِنَفْسِكَ الْيَوْمَ عَلَيْكَ حَسِيبًا»

«Oku kitâbını ! Bugün sana karşı, iyi hesâb görücü olarak kendi nefsin yeter.» (17 - İsrâ : 14)

www.ihya.org

«وَ إِنَّ الدَّارَ الْآخِرَةَ لَهِيَ الْحَيَوَانُ لَوْ كَانُوا يَعْلَمُونَ»

«Eğer bilseler, yaşayış şüphesiz âhiret yaşayışıdır.» (29 - Ankebût : 64)

meâlindeki âyetlerin mânâsını, anlar. Ayrıca Allah'a mülâki olup cemâl-i bâ-kemâlini müşâhede etmenin, Allah'a yakınlık ve civârına ermenin, mele'-i a'lâya yükselip, melâike ve Peygamberlere arkadaş olmakla mes'ûd olmanın, ehl-i cennetin bâzılarının bâzılarını, semâdaki yıldızlar gibi yüksekte görmekle aralarındaki derece farkını, - tafsilinde söz uzayacak - bunlara benzer her şeyin ne demek olduğunu anlar. Çünkü bu sayılanlara, esâs itibâriyle inanmakta ittifak edenlerin anlamalarında derece farkı vardır.

Bâzıları, Allahu Teâlânın cennette hâzırladığı, gözlerin görmediği, kulakların duymadığı, hâtır ve hayâle gelmiyen şeyler temsili olup hadd-i zâtında cennette insânlar ile esmâ ve sıfattan başka bir şey olmadığını sandılar. Diğer bâzıları da bir kısmının, tâm lâfızlarının mânâsında hakîkatlar olup, diğerlerinin temsili olduğunu kabûl ettiler. Bunun gibi bâzı kimseler, Allah'ı bilmenin son haddi, O'nu bilmekten âciz olduğunu i'tiraf etmektir zannettiler. Buna mukaabil bâzıları da Allahu Teâlâ'yı bilmek bâbında bir çok şeyler iddiâ ettiler. Diğer bir çokları da Allahu Teâlâ'yı ma'rifetin haddi, herkesin anlayıp bileceği gibidir, dediler. O da «Allah vardır, birdir», «**Alim**'dir» [Her şeyi olduğu ve olacağı gibi bilir, ilmi değişmez], «**Kadir**'dir» [Her şeye gücü yeter], «**Semi**'dir» [Her şeyi duyar, işitir], «**Basır**'dır» [Her şeyi görür], «**Mütekellim**'dir» [Konuşur] gibi Allah hakkında inanılması gereken şeylere inanmaktan ibârettir, dediler.

İşte bizim ilm-i mükâşefeden gâyemiz, Allahu Teâlâ'nın sıfat ve ef'âlini bilmeğe perde olan bu gibi kir ve paslardan kalb âyînesini temizleyip cilâlandırma keyfiyyetini bildirmektir.

Kalbin bu paslardan temizlenmesi de, şehevî ve behîmî arzûlarını terkederek, bütün hâlleriyle bize misâl olan Peygamberlerin izinden yürümekle mümkündür. Kalb'in cilâlanması ve Hakka yönelmesi nisbetinde bu ilmin nûrları kalb'de parlamağa başlar. Buna da ancak ileride açıklıyacağımız riyâzetle ve öğrenip öğretmekle erişilir. İşte bu, kitâb sahîfelerinde yazılmıyan ve ehlinden başkasiyle konuşulmıyan bir ilimdir. Ehli de gizli ve müzâkere yoluyla buna iştirak edendir.

Peygamberimizin şu hadîsden murâdı da bu **ilm-i hafi** [gizli ilim] dir.

«إِنَّ مِنَ الْعِلْمِ كَهَيْئَةِ الْمَكْنُونِ لاَ يَعْلَمُهُ إِلاَّ أَهْلُ الْمَعْرِفَةِ بِاللهِ تَعَالَى فَإِذَا نَطَقُوا بِهِ لَمْ يَجْهَلْهُ إِلاَّ أَهْلُ الْإِغْتِرَارِ بِاللهِ تَعَالَى. فَلاَ تَحْقِرُوا عَالِمًا آتَاهُ اللهُ تَعَالَى عِلْمًا مِنْهُ فَإِنَّ اللهَ عَزَّ وَجَلَّ لَمْ يَحْقِرْهُ إِذْ آتَاهُ إِيَّاهُ»

«İlimlerden gizli gibi tutulan bâzıları vardır ki, onları ancak ârif-i bi'llâh olanlar anlar. Bu ilimden bahsettikleri vakit onları, ancak kendini beğenen gürûh techil eder. Sakın Hak Teâlâ'nın kendi fazlından ilim verdiği âlimleri tahkîr etmeyin. Çünkü Hak Teâlâ onlara o ilmi verirken tahkir etmedi.» (69)

İKİNCİ KISIM : Kalb'in ahvâlini bildiren, **muâmele ilmi**'dir.

Kalb'in **mahmûd** [öğülen] hâlleri: **Sabr, şükr, havf** [korku], **recâ** [ümît], **rızâ, zühd** [dünya ile alâkasını kesme], **takvâ, kanâat, cömertlik** ile bütün nimetleri Allah'dan bilip ona bağlanmak, iyilik, hüsn-i zan, güzel ahlâk, iyi geçim, doğruluk ve ihlâs hâlleridir. Bu hâllerin hudûd ve hakîkatlerini, bunlara sâhib olmanın sebeblerini, semere ve alâmetlerini bilmekle, zayıflayanları takviye edip kaybolanları iâdeye, yarayan ilim, âhiret ilmidir.

Kalb'in **mezmûm** hâlleri : Fakîrlikten korkmak, kaderine küsmek, **gıll** [hâinlik], **hıkd** [kin], **hased, gışş** [yaramazlık], benlik ve övülme isteği, dünyâlık için uzun yaşama arzûsu, **kibir, riyâ, unf** [lüzûmsuz hiddet], **buğz u adâvet, tama', cimrilik, rağbet, bezah** [büyüklenmek], **eşer ve batar** [son derece neş'e ve kibir], zenginlere saygı gösterip yoksullar ile eğlenmek, **fahr, heylâ ve tenâfüs** [kendini beğenmek, benlik], **mubâhât** [varlığıyle öğünmek], hakkı kabûl etmemek, lüzûmsuz şeyler ile uğraşmak, çok konuşmayı sevmek, gösteriş için süslenmek, **müdâhene, ucûb**, kendi noksânlarını görmeyip başkalarında kusûr aramak, âhiret düşüncesi ve Allah korkusunu gönlünden çıkarmak, şahsı için intikam güderken hak ve hakîkate aldırış etmemek, husûmet beslediği kimseye dost görünmek, Allah'ın azâbından korkmamak, ameline güvenmek, **mekr, hiyânet ve hud'a, tûl-i emel, kasvet ve fezâzet** [merhametsiz ve katı yürekli olmak], varlıkta sevinmek, yoklukta üzülmek, insânlar ile ünsiyet edip yalnızlıkta mahzûn ol-

mak, cefâ [haksızlık], tiş [kısa görüşlülük], acelecilik, hayâsızlık ve merhametsizlik hâlleridir. İşte bu saydıklarımız ve benzerleri, fenâlık tohumunu ekip kötü amel mahsûlünü yetiştiren, kalbin mezmûm hasletlerindendir.

Bunların mukaabili iyi hûylar olup Allah'a kulluk ve yakınlığın kaynağıdırlar.

Bu kötü hûyların mâhiyet ve hudûdlarını, sebeb ve alâmetlerini ve tedâvi çârelerini bilmek, âhiret ilmidir. Âhiret ulemâsına göre bunları öğrenmek her mükellefe farz-ı ayn'dır. Zâhiri amellere riâyet etmiyen, fakihlerin fetvâsı gereğince pâdişahların kılıcıyle helâk olacakları gibi âhiret ilmine kıymet vermiyenler de kıyâmet günü mülkün gerçek sâhibi, Allahu Teâlâ'nın kahr u galebesiyle helâk olacaklardır.

Fakîhlerin farz-ı ayn dedikleri, dünyâ işlerini tanzîm içindir. Bizim farz-ı ayn dediğimiz âhireti düzeltmek içindir.

Herhangi bir fakîh'e bu anlattıklarımızdan birini, meselâ tevekkül'den, ihlâsdan veyâ riyâdan kaçınma çârelerinden sorsan durur ve cevâp veremez. Halbuki bunları da bilmek farz-ı ayn olup ihmâl edilmesi âhirette helâki mûcibtir.

Eğer fakîh'e, li'ân [yâni bir koca karısının, zinâ ettiğini iddiâ edip şâhid bulamadığı ve kadın da inkâr ettiği vakit karı koca arasındaki lânetleşme hükmü]'dan, zihâr [erkek şehvet hissiyle âilesini annesine benzetirse buna terettüp eden hüküm]'dan, sebk [müsabaka]'den, remy [atış] gibi şeylerden sorsan, cildler dolusu cevâplar verir ki ömür boyunca hiç biri lâzım olmaz; olsa da her yerde onu bilen bulunur. Geceli gündüzlü bu gibi şeyleri okumak, ezberlemek ve okutmakla uğraşır durur da mühim olan kısımları ihmâl eder. Kendisine bu yaptığın doğru değil denilse, hayır bu farz-ı kifâye olan ilimlerdendir der; hem kendisini hem de başkalarını şaşırtmış olur.

Aklı başında olan hemen anlar ki, bu fakîhin gâyesi farz-ı kifâyedeki emrin gereğini yerine getirmek olsa, evvelâ farz-ı ayn'ı ifa eder.

Belki kendi yaptıklarından daha mühim olan farz-ı kifâyeleri öne alırdı. Nice memleketler var ki tabibleri hâlâ zimmî [gayr-i müslim]'lerdendir. Halbuki fıkhın tıb ile alâkalı husûslarında bunların şâhidlikleri makbûl değildir. Buna rağmen müslümânlardan kimse bununla meşgûl olmaz. Fıkıh ilminde ve bilhâssa hilâfiyyat ve cedel ile uğraşırlar. Memleket bu gibi vak'alara fetvâ veren fakîhler ile dolu.

Ne olaydı bileydim, nasıl olur da dîn fakîhleri bir çoklarının bildikleri farz-ı kifâye ile uğraşır durur da, hiç ele alınmıyan farz-ı kifâyeleri ihmâl ederler? Bunun sebebi ancak, tıb ilmi ile, vakıflar mütevelliliğini almanın, vasî olmanın, yetim malı yeme'nin, kadılığı ve

www.ihya.org

hâkimliği iltizâmın, emsâline üstünlüğün ve hasımları ilzâm'ın kolay olamıyacağıdır. Yazıklar olsun, fenâ âlimlerin gerçeği gizlemeleriyle din ilmi mahvoldu. Yardımcımız ancak Allahu Teâlâ'dır. Rahmânı kızdırıp, şeytânı güldüren bu aldanmadan korunmak için O'na sığınırız.

Zâhir âlimlerinden vera' sâhipleri [harâmdan çekinenleri], bâtın âlimlerinin ve bâsiret sâhiplerinin üstünlüğünü itiraf ederler. İmâm Şâfiî (R.A.), Şeybân-ı Râî'nin önünde, mektebe giden bir çocuk gibi diz çöker ve yapacağı işleri kendisinden sorardı. Kendisine «Senin gibi bir zât böyle bir bedevi'den bilgi alır mı?» diye sorulduğunda: «Bu adam bizim bilmediğimizi bilir.» cevâbını verirdi.

Ahmed b. Hanbel ile Yahyâ b. Main, Ma'rûf-i Kerhî'ye baş vurur, ondan sorarlardı. Nasıl sormasınlar ki: Aleyhi's-salâtü ve's-selâm Efendimiz hazretlerine: «Kur'ân ve sünnette bulmadığınız bir vak'a ile karşılaştığımızda ne yapalım?» diye sormaları üzerine:

«سَلُوا الصَّالِحِينَ وَاجْعَلُوهُ شُورَى بَيْنَهُمْ»

«Onu sâlih kimselerden sorun ve onların istişâresine arz edin.» (69 a) buyurmuştur.

Bu sebebden denildi ki: Zâhirî ilimlerde âlim olanlar mülkün ve yeryüzünün süsü, bâtın âlimleri ise, göklerin ve görünmeyen âlemin [melekûtün] ziynetidirler. Cüneyd-i Bağdadî diyor ki: «Hocam Seriyyüssakatî, yanından ayrıldığım vakit kimlerle oturduğumu bana sordu. Ben de: «Muhâsibî ile otururum» dedim. Seriyy: «Evet onunla otur, onun edeb ve ilminden al fakat kelâm hakkındaki sözlerine bakma, onu kelâmcılara havâle et» demiştir. Sonra yönümü dönünce şöyle dediğini duydum: «Allah seni önce hadisde (ve diğer ilimlerde) âlim ve sonra sûfî kılsın, evvelâ sûfî sonra âlim yapmasın.» Bu sözü ile, hadis ilmini okuduktan sonra tasavvuf ile uğraşanın felâh bulacağına, ilimsiz tasavvufa giren kimsenin helâk olacağına işâret etmiştir.»

Eğer, ilmin tasnifinde, bu meyânda kelâm ile felsefeyi ve bunların da makbûl veyâ mezmûm oluşlarını niçin açıklamadın diye sorarsan: Bilmiş ol ki, kelâm ilminin içine aldığı faydalı deliller, Kur'ân ile hadis'de mevcûttur. Bunların dışında kalanlar, ya yerilen çekiştirmelerdir, ki ileride açıklanacağı gibi bunlar bid'at'tır veyâ muşâgabe, mezhepler arasında yekdiğerini nakzeden, aktarma lâflar ve kaba gürültülerden ibârettir. Bunların çoğu da tab'ı selîm'in sevme-

www.ihya.org

diği, kulakların duymak istemediği hezeyanlardır. Diğer bir kısmı da din ile alâkası olmayan şeylerdir. Halbuki Sahâbe ve Tâbi'in devrinde bunların hiç biri yoktu. Bunlar ile uğraşmak tamâmen bid'at'tır. Lâkin şimdi hüküm değişti. Çünkü Kur'ân ve hadîs'in iktizâ ettiği hükümlerden alıkoyan bid'ad'ler çoğaldı. Bu gibi eserler yazıp şüpheler uyandıran cemâatler türedi. Bunun için kaçınılması gereken bu yasağa, zarûri bir hüküm ile ruhsat verildi.

Hattâ haddini aşmamak şartiyle, insânları şaşırtmaya kalkışan bid'adcileri ilzâm edebilecek kadar kelâm ilmi öğrenmek, farz-ı kifâyeden olan ilimler arasına girmiştir. Bunun derecesini, inşâllah gelecek bâbda açıklayacağız.

Felsefeye gelince : Felsefe müstakil bir ilim olmayıp dört cüz'den meydâna gelmiştir.

Birincisi : Hendese ve hisâb'dır. Bu ilimlerden, yalnız ifrâta kaçarak, bunlar ile mezmûm ilimlere geçenler men'edilir. Çünkü, bu ilimler ile uğraşanların bâzıları bunlardan bid'adlere sapmışlardır. Bu sebeble, itikaadı zayıf olanları bu ilimlerden korumak, ırmak kenarında dolaşan çocuğu suya düşmekten korumak, veyâ eskileri için de makbûl olmamakla berâber, İslâmiyete yeni intisâb edenleri kâfirler ile ihtilâttan korumak gibidir.

İkincisi : Mantık'tır. Bu ilimde delil ile ta'riften ve bunların şartlarından bahsedilir ki, bunlar da, kelâm ilmi içindedir.

Üçüncüsü : İlâhiyât'tır. Allahu Teâlâ'nın zât ve sıfatlarından bahseder ki, kelâm ilmi içindedir. Çünkü felâsife bu husûsda, başka bir ilim ile kelâmcılardan ayrılmış değildir. Belki ayrılıkları bâzısı küfrü ve bâzısı bid'ati mûcib olan mezheplerindedir. Nitekim İ'tizâl [mu'tezilecilik] başlı başına bir ilim olmadığı, mensûbları yine kelâmcılardan olduğu hâlde bâtıl mezhepleriyle ayrıldıkları gibi felsefeciler de kelâmcılardan böyle ayrılmıştır.

Dördüncüsü : Tabî'iyyât [Fizik]'tır. Bunların bâzısı, gerçek din ve şerî'at mânâsına uymayan câhilâne şeylerdir. İlim değildirler ki, ilmin kısımlarından sayılsınlar. Diğer bâzıları da maddenin husûsiyet, evsâf ve değişikliklerinden bahseder ki, bir nevi tabâbete benzer, şu kadar farkla ki, tabib hastalık ve sağlığı bakımından insân bedenine bakar. Tabî'atçılar ise, değişikliği ve hareketi bakımından bütün cisimlere bakar. Fakat tabâbet, fizik'ten üstündür. Çünkü tabâbete ihtiyaç zarûri, fizik'e ise zarûri değildir.

İşte yaptığımız şu açıklamadan anlaşıldı ki bid'atçilerin, avâmı aldatmasından avâmın kalbini korumak için kelâm ilmi de farz-ı kifâye olan ilimlerden olmuştur. Demek ki, kelâm ilminin doğuşu bid'atlerin ihdâsı sebebiyledir. Nitekim Arabların zulüm ve haydutluğu se-

www.ihya.org

bebiyle hacc yolunda hacıların muhâfız bulundurmaları gibi. Eğer Arablar bu çirkin hûylarından vaz geçseler, hacıların muhâfız bulundurmalarına lüzûm kalmazdı. Bunun gibi bid'at sâhipleri de boş sözlerinden vaz geçselerdi Sahâbeler (R.A.) devrindekinden fazlasına, yâni Kur'ân ve hadîs dururken kelâm ilmine ihtiyâç olmazdı.

Kelâmcı bilmelidir ki, dindeki yeri hac yolundaki muhâfızlık gibidir. Eğer bu muhâfız yalnız koruyuculukla kalır, hac yoluna girmezse, hacılardan sayılamıyacağı gibi, kelâmcı da yalnız münâzara ve müdâfaa ile kalıp âhiret yoluna girmedikçe ve kalbini düzeltmedikçe aslâ din alimleri safında yer alamaz. Kelâmcı'nın dindeki yeri, avam tabakasının da ortak oldukları inançtan başka bir şey değildir. Bu ise, dilin ve kalb'in zâhir amellerindendir. Avam tabakasından ayrılması ancak mücâdele, muhâfaza san'atiyledir. Fakat Allahu Teâlâ'nın zât, sıfat ve ef'âliyle, mükâşefe ilminde açıkladığımız bilgiler kelâm ilmi vâsıtasiyle elde edilemez. Belki kelâm ilminin bunlara perde ve mâni' olmasından korkulur. Bu ilimlere sâhib olmak, Allahu Teâlâ'nın, hidâyete mukaddime kıldığı mücâhede ile mümkündür. Nitekim âyet-i celîlede şöyle buyurulmuştur :

« وَالَّذِينَ جَاهَدُوا فِينَا لَنَهْدِيَنَّهُمْ سُبُلَنَا و إِنَّ اللهَ لَمَعَ الْمُحْسِنِينَ »

«Bizim uğrumuzda mücâhede edenlere, gelince, elbette biz onlara yollarımızı gösteririz ve şübhesiz Allah, muhsinlerle berâberdir.» (29 - Ankebût : 69)

Eğer : «Bu izâhatın ile, avâm'ın akîdesini bid'atçilerin şüphelerinden koruyan kelâmcıları, hacıların mâllarını Arab yağmacılarından koruyan muhâfızların seviyesine, fakihleri de mazlûmu zâlimden koruyan pâdişahlar kaanunu muhâfızlığının derecesine indirdin. Bu iki rütbe de dîn ilmine nisbetle çok düşük rütbelerdir. Halbuki bu ümmetin ün almış faziletli âlimleri, fakîhler ve kelâmcılardır. Allahu Teâlâ katında en değerli yaratıklar da bunlardır. Dini ilimlere nisbetle çok düşük olan bu derekeye onları düşürmek doğru olur mu?» dersen:

Bilmiş ol ki! Hakîkatı insânlarda arayan, dalâlet çölünde şaşırır. **Eğer hakîkat yolcusu isen Hakk'ı bil ki, ehlini bilesin.** Eğer yalnız insânlar arasında ün alan fazilet derecelerine bakar ve bununla kifâyet edersen, Sahâbeyi ve onların üstün mevki'lerini unutma. Bu andığımız kimseler de onların üstünlüğünde reybirliğine varmış müttefiktirler. O Sahâbeler ki, derecelerine değil, ayak tozlarına bile erişilmez. Böyle iken bunların fazî'eti kelâm ve fıkh ile değil, belki âhiret yolunu gösteren ilimleriyledir. Resûllerin Efendisi yüce Peygamberi-

www.ihya.org

mizin de şehâdet ettiği gibi, Hz. Ebû Bekir (R.A.)'in fazileti fazla namâz kılması, fazla oruç tutması, çok rivâyet edip çok fetvâ vermesi, veyâ kelâmcılığı ile değil, ancak kalbine yerleştirilen bir sırr iledir. Sen de bu sırrı ara. Çünkü değer taşıyan kıymetli cevher budur. Görünüşe aldanarak tafsîli uzun olan bâzı sebebler ile insânların saygı gösterdiği kimselere boş ver. Peygamber Efendimiz (S.A.) aralarından ayrıldığı, Allahu Teâlâ'yı bilen binlerce Sahâbe'yi (Allah onlardan râzı olsun) öğmüştür. Halbuki onlardan ancak bir tânesi kelâm san'atını bilmiş ve hemen on küsûrdan başkası fetvâ bile vermemiştir.

Abdullah b. Ömer hazretleri de bunlardan birisidir. Kendisinden fetvâ isteyene «İnsânların sevk ü idâresini uhdesine alan pâdişâha git ve bunu da onun boynuna geçir» derdi. Böyle demekle, fetvâ işinin vâli ve sultânlara âit olduğuna işâret etmiştir.

Hazret-i Ömer (R.A.) vefât ettiği zamân, Abdullah b. Mes'ûd hazretleri: «İlm'in onda dokuza gitti.» dedi; bunun üzerine: «Aramızda hâlen büyük Sahâbiler varken niçin böyle söylersin.» dediler. Abdullah b. Mes'ûd da : «Ben hüküm ve fetvâ ilimlerini değil, ma'rifet-i ilâhiyyeyi kasd ediyorum.» diye cevâb verdi.

Görüyorsun, kelâm ve cedel'den hiç bahsetmemiştir. Ya sana ne oldu da Hazret-i Ömer'in vefâtı ile onda dokuzu giden ilmi öğrenmeğe heves etmiyorsun. Halbuki Hazret-i Ömer, kelâm ve cedel kapısını kapamış, Kur'ân'da muâreze eden âyetlerden sorduğu için Dabî'a'yı kırbaç ile döğüp sürgün etmiş ve ihtilâttan men'etmiştir.

«Âlimlerin meşhûrları, fakihler ile kelâmcılardır.» sözüne gelince: Bilmiş ol ki Allah katında fazilet sâhibi olmakla, insânlar arasında ün almak ayrı şeylerdir. Meselâ: Hazret-i Ebû Bekir (R.A.)'in insânlar arasındaki şöhreti, hilâfetiyle, fazileti ise, kalbinde yerleştirdiği ve büyüttüğü sırr iledir. Hazret-i Ömer (R.A.)'in insânlar arasındaki şöhreti adâletiyle ise de, fazileti, kendisiyle berâber onda dokuzu giden, Allah bilgisiyle, riyâsetinde halka şefkat ve adâletiyle, Allah rızâsını aramasındadır. Bu da içinde saklı olan bir sırr'dır. Diğer görülen işlerine gelince: Bunlar, şöhret ve nâm almağı seven, mevki' kazanmak için gösteriş yapmak isteyenlerde de görülebilir ve böylelikle şöhret, tehlikeli şeyde, fazilet ise, (Allahu Teâlâ'dan başka kimsenin bilemiyeceği gizlilik içindedir. Fakîhler ile kelâmcılar, halife, kadı ve diğer âlimler gibidir. Bunlar bir kaç kısma ayrılmıştır. Bir kısmı gösteriş ve âlâyiş aramayıp, ilim ve fetvâsiyle ancak Allah rızâsını ve Peygamberinin sünnetine uymağı ister. Bunlar, Allahu Teâlâ'nın kendilerinden râzı olduğu kimselerdir. Allah katındaki fazîletleri de ilimleriyle amel ettikleri, fetvâlarıyla Allahu Teâlâ'nın

www.ihya.org

rızâsını istedikleri içindir. Her ilim ameldir; çünkü kazanılmış bir işdir. Ama her amel, ilim değildir. Tabîb bile, bilgisiyle Allah'a yaklaşır ve bu sâyede sevâb kazanır; bu yakınlık din bilgisiyle değil, belki meslekî bilgisiyle çalışmalarında Allah rızâsını gâye edinmesiyledir. Sultân da Allah için, insânların idâresini deruhte ettiği için Allah'ın rızâsına nâil olur ve sevâp kazanır. Bu onun din ilmini tekeffül ettiği için değil, ilminin gereğiyle Allah için amel ettiğindendir.

Allahu Teâlâ'ya yaklaşmanın üç yolu vardır.

1) Yalnız ilim ile. Bu da mükâşefe ilmi'dir.

2) Yalnız amel ile, bu da sultânların adâletle insânları sevk ve idâre etmesiyledir.

3) İlim ve amel ile. Bu da âhiret ilmini bilip işlemekledir. Zira bunun sâhibi hem âlim ve hem de âmildir.

Kıyâmet günü hangi fırkaya katılacağını düşün! Mükâşefe erbâbı olan âlim-bi'llah arasında mı, yoksa Allah için amel edenlerle mi, yoksa her ikisiyle misin? Nasibini her iki fırkadan da almağa çalış. Çünkü bu kuru bir nâm almak için olan taklidcilikten çok daha mühimdir. Nitekim şâir söylüyor:

«Gördüğünü al, duyduğun dedi - kodulardan vaz geç, güneş parlarken zuhalden ne beklersin?».

Şimdi sana geçmiş fakîhlerin öyle güzel ahlâklarından bahsedeceğiz ki, mezheplerini taklid edenlerin onlara nasıl zulüm ettiklerini ve kıyâmet günü en büyük hasımlarının onlar olacağını anlamış olacaksın.

Çünkü o imâmlar, ilimleriyle, ancak Allah rızâsını kasd etmişlerdir. Âhiret âlimlerinin alâmeti bâbında açıklanacağı gibi, onların âhiret âlimi oldukları, hâllerinden belli idi. Onlar, yalnız fıkh âlimi değil, kalb ilmi ve kalb murâkabesile de uğraşırlardı. Fakat her biri tek başına bir fakîh olan Sahâbe-i kirâmı fıkha dâir eser yazmaktan alıkoyan mâni'ler imâmların da kalbe dâir eser yazmalarına engel olmuştur. Bu mâni'ler ma'lûm olduklarından açıklanmalarına lüzûm yoktur.

Şimdi biz İslâm fakîhlerinin hâllerini açıklıyacağız. Fakat, sözlerimizden de anlaşılacağı gibi, gâyemiz onlara çatmak değil, görünüşde onların mezheplerini taklid ettikleri hâlde, amel ve ahlâklariyle onlara muhâlefet edenlerin vaziyetini açıklamaktır.

Fıkh ilminin reisi olup pek çok etbâı bulunan, mezhep âlimleri, beştir. Bunlar: **Şâfi'î, Mâlik, Ahmed b. Hanbel, Ebû Hanîfe** ve **Süfyân-i Sevrî**'dirler. (Allah rahmet etsin). Bunların her biri âbid, zâhid, âhiret âlimi ve dünyâca halkın

www.ihya.org

muhtâç olduğu fıkh âlimi idi. Bu fıkh ilmi ile de, ancak Allah rızasını dileyen kimseler idi.

Zamânın fakihleri şu beş hasletten, yalnız fıkhın teferru'âtında mübâlâğa ederek paçaları sıvamakla onlara uydular. Çünkü diğer dört haslet, yalnız âhirete yarar, bu bir haslet ise hem dünyâ ve hem âhirete yarar. Eğer bununla âhiret kasd edilirse, dünyâlığa olan kârı azalır. İşte zamânın fakîhleri şu beş hasletten yalnız fıkh'ın teferruâtıyle meşgûl oldular; bununla berâber o imâmlara benzediklerini iddiâ ettiler, nerde muhâfız bekçiler, nerde muhâfız melekler?.., İşte aradaki fark.

O imâmların fıkh'daki bilgileri apaçık meydândadır. Biz diğer dört hasletlerine delâlet eden hâllerini anlatalım:

İMÂM ŞÂFİ'Î

Şu rivâyet İmâm Şâfi'î (Allah rahmet etsin)'nin âbid olduğuna bir delildir: Merhûm, geceyi üçe taksim eder, bir kısmını ilim, diğer kısmını ibâdet ve diğer kısmını da uyku ile geçirirdi. Rebî'î diyor ki: «Hepsi namâzda olmak şartiyle İmâm Şafi'î Ramazan-ı şerîfde altmış hatim indirirdi. Buveytî onun talebelerinden idi. Hocası Şâfi'î'ye uyarak o da Ramazan-i şerîfte her gün bir hatim indirirdi.» Hüseyn-i Kirabisi diyor ki: «Bir çok geceler İmâm Şâfi'î ile bir arada bulundum, gecenin üçte ikisini namâz ile geçirirdi ve elli âyeti geçmezdi, elli âyeti geçince yüz âyete çıkardı. Rahmet âyeti gelince, kendisine ve bütün müslümânlara rahmet dilerdi. Azâb âyeti gelince kendisi ve bütün müslümânlar için kurtuluş dilerdi, korku ve ümit kendisinde toplanmıştı.» Gecenin üçte ikisini namâz ile geçirdiği hâlde elli âyetten yukarı geçmemesi, Kur'ân-ı Azîm'in inceliklerini bilmesinin ve bunları düşünmesinin bir delilidir. İmâm Şâfi'î (R.A.) buyurur ki: «On altı senedir doyasıya yemek yemedim, çünkü doyasıya yemek yemek, bedene ağırlık verir, kalbi katılaştırır, zekâyı kaybettirir, uykuyu çeker ve sâhibini ibâdetten alıkor.» Tokluğun âfetlerini anlatan hikmetine, sonra ibâdetteki cehd ü gayretine bak ki, bunun için yemeği azaltmıştır. Nitekim «İbâdetin başı az yemektir.» denilmiştir. İmâm Şafi'î diyor: «Ne yalan ne de doğru ömrümde bir defa Allah'a yemîn etmedim.» Bu, onun Allah'a saygısının ve Allahu Teâlâ'nın yüceliğine ve kudretine olan bilgisinin açık bir delilidir. Bir def'a kendisine bir mes'ele soruldu; sükût etti. «Niçin sustun?» suâline cevâp olarak: «Fazîletin sükûtta mı, cevâpta mı, nerede olduğunu anlayıncaya kadar sükûtu tercîh ettim.» dedi. Fakîhlere en ziyâde musallat olan ve zaptedilmekte en çok isyân eden «DİL» olduğu hâlde, bak ki dilini nasıl murâkabe altına almıştır. Bundan an-

www.ihya.org

laşılıyor ki, İmâm Şâfi'i'nin konuşması da, sükûtu da ancak sevâp kazanmak için idi. Ahmed b. Yahya b. Vezir diyor ki: «Mısır'ın Kandiller Çarşısında İmâm Şâfi'i ile gezerken, biri âlimin biri hakkında lüzumsuz sözler sarfediyordu. Bunu gören Şâfi'i bize dönerek: «Bu gibi herze sözlerden dilinizi koruduğunuz gibi, kulağınızı da koruyun; çünkü dinleyici, söyleyicinin ortağıdır. Fenâ insânlar kendi içlerindeki kötü şeyleri sizin gönüllerinize aktarmak isterler. Fenâ insânların sözlerini dinleyenler günâhkâr olduğu gibi, dinlemeyip reddedenler saâdete ererler.» dedi.»

İmâm Şâfi'i diyor ki: «Hakimin biri, diğerine yazdığı mektûbda: "Bilgini isyân ile kirletme, sonra bilginler, ilmin aydınlığıyla yollarına devâm ederken, sen isyânının karanlığı içinde kalırsın." demektedir.»

İmâm Şâfi'i: «Kalbinde, Allah sevgisiyle, dünyâ sevgisini toplayabildiğini iddiâ eden yalancıdır.» (Çünkü bir gönülde iki aşk olamaz.) buyuruyor. **Humeydî** naklediyor: «İmâm Şâfi'i bâzı vâlilerle Yemen'e ve oradan da on bin dirhem harçlık ile Mekke'ye gitti. Şehir dışında kendisine bir çadır kurdular. Ziyâretine gelenlere, parayı tamâmen dağıtmadan oradan ayrılmadı. Bir def'a da hamâmcıya büyük bahşişler vermiştir. Düşen kamçısını kendisine verene de elli dînar vermişti.» Bütün bunlar onun cömertliğini gösterir ki, buna benzer daha nice cömertlikleri vardır. Zühd'ün başı da cömertliktir. Çünkü bir şeyi seven ondan ayrılmaz, malını infâk eden, dünyâlığı küçümseyen kimsedir. İşte zühd'ün gerçek mânâsı da budur.

İmâm Şâfi'i'nin kuvvetli zühdüne, Allah'dan son derece korktuğuna ve bütün meşgalesinin âhiret olduğuna, şu rivâyet çok açık bir delildir: «Bir gün **Süfyân b. Uyeyne**, rakik bir hadis rivâyet ederken, dayanamıyan Şâfi'i bayıldı. Bunu görenler, Uyeyne'ye, Şâfi'i öldü dediler. Uyeyne: «Eğer öldü ise, zamânın en faziletli insânı ölmüştür.» dedi» Bir de **Abdullah b. Muhammed el-Belva**'dan şu rivâyet nakl olunuyor: «Nebâte'nin oğlu Ömer ile âbid ve zâhidlerden bahsederken, Ömer bana, "Muhammed b. İdris-i Şâfi'i kadar (R.A.) şüpheli şeylerden kaçınan ve fasih konuşan bir insân görmedim." dedi..»

Yine bir gün ben, Şâfi'i ve Lebil'in oğlu Hâris Safa tepesine çıkmış, duruyorduk. Sâlih el-Murâ'nın talebesi olan Hâris, yanık sadâsı ile Kur'ân-ı Kerîm'den:

«هَذَا يَوْمُ لَا يَنْطِقُونَ. وَلَا يُؤْذَنُ لَهُمْ فَيَعْتَذِرُونَ»

«Bugün nutukları tutulacağı gündür. İzin de verilmez ki, özür dileyeler.» (77 - Mürselât: 35 - 36)

www.ihya.org

Âyet-i celîlesini okuyunca İmâm Şâfi'î'ye baktım; rengi soldu, tüyleri diken diken oldu, dehşetli bir sarsıntı ile bayılarak yere düştü. Ayılınca :

«— Allahım, yalancılardan ve gâfillerin yüz çevirmesinden sana sığınırım. Allahım, âriflerin gönlü sana eğilir, isteklilerin boynu sana karşı zelil olur. Ey rabbim, cömertliğini bana bağışla, settâr isminle benim kusûrlarımı ört, lutfu kereminle kusûrlarımı afv et.» dedi ve gitti. Biz de Mekke'den ayrıldık. Bağdâd'a geldiğim zamân İmâm Şâfi'î de Irak'da, yâni o şehirde idi. Bir gün Dicle kenarında abdest almak için oturmuştum, bir adam yanıma geldi ve dedi ki: «Ey genç, abdestini güzel al ki, Allahu Teâlâ da sana dünyâ ve âhirette güzel muâmele etsin.» Döndüm baktım, ardında kalabalık olan bir zât gidiyor; acele abdest aldım ve onu tâkîb ettim. Bana dönerek: «Bir dileğin mi var?» diye sordu. Ben: «Evet, bildiklerinden bana da öğretmeni istiyorum.» dedim. O da: «Bilmiş ol ki, Allah'a sadâkatle kulluk edenler necât bulur. Dininden korkan yâni: Son nefesde îmânsızlık korkusunu saklayan selâmet bulur. Bu gün dünyânın lezzetlerine gönül vermeyen, yarın Allah'dan alacağı büyük mükâfatlarla huzûra erecektir. Daha ister misin?» dedi.

«— Evet» diye istek gösterince :

«— Kendisinde üç haslet bulunan îmânını olgunlaştırmıştır.

1 — **Emr-i ma'rûf** : Allahu Teâlâ'nın emirlerini başkalarına ulaştıran ve kendisi de kabûl eden,

2 — **Nehy-i münker** : Allahu Teâlâ'nın yasaklarından başkalarını men'eden ve kendisi de çekinen,

3 — Allahu Teâlâ'nın çizdiği çerçeve dışına çıkmayıp bunları koruyan.» diye devâm etti ve:

«— Daha söyliyeyim mi?» diye sorunca:

«— Evet,» dedim.

«— Dünyâdan yüz çevir, âhirete dön, her işinde Allah'a bağlan ki necât bulasın.» dedi ve ayrıldı. Kendisini tanıyamamıştım; kim olduğunu sordum, İmâm Şâfi'î'dir dediler.»

(Kur'ân-ı Kerîm'in ilâhî beyânları karşısında) İmâm Şâfi'î'nin nasıl bayılıp düştüğüne ve bu va'z u nasihatine dikkat edersen, Allahu Teâlâ'dan ne derece korktuğunu ve nasıl bir zâhid olduğunu kolaylıkla anlarsın. Bu derece zühd ve korku, ancak Allahu Teâlâ'nın azametini bilmek ile mümkündür. Nitekim: «Kulları içinde Allah'dan en çok korkanlar, âlimlerdir» buyurulmuştur. İmâm Şâfi'î bu korkuyu, selem, icâre ve benzeri fıkh mes'elelerinden değil, belki bütün bil-

gilerin kaynağı olan Kur'ân ve Hadîs'deki âhiret ilminden almıştır. Çünkü bütün ahkâm Kur'ân'dadır.

Kalbin sırlarına ve âhiret ilimlerine vâkıf olduğu da, kendisinden rivâyet edilen şu hikmetli sözlerinden kolaylıkla anlaşılır:

Kendisine riyâ'dan soranlara hemen şu cevâbı verdi : «Riyâ, âlimlerin basireti [Kalb gözü] önüne, hevâ-i nefsin diktiği bir fitnedir. Âlimler nefislerinin arzûsuna uyarak ona meyl ederse, amelleri mahv olur.»

Yine buyuruyor ki : «Amelinde UCB'a düşmekten korkarsan, amelin ile kimin rızâsı, hangi nimetlere heves edip hangi azâbdan kaçtığını, hangi âfiyete teşekkür edip ve hangi belâyı hâtırlamakta olduğunu düşün. Bunlardan yalnız birini gözönünde bulundursan bile, amelini beğenecek tarafın kalmaz. (Çünkü onlara nisbetle senin amelin yok demektir.)» Bakınız, kalbin büyük hastalıklarından olan riyâ ile ucb'u ve ucb'un tedâvi çârelerini nasıl açıkladı.

Yine Şâfi'î Hazretleri : «Nefsini korumayan kimseye ameli fayda vermez.» buyurmuştur. Yine (Allah rahmet etsin) : «Bilerek Allahu Teâlâ'ya kulluk edenin sırrı uyanır, sır [gizlilik] rûhdan ilerdedir; yâni ibâdetinin ma'nevi zevkini duyar.» buyurmuştur. «Her insânın dostu ve düşmânı vardır. Bunun için (yâni dostunun mes'ûd, düşmânının rezîl olması için) Allah'a kulluk et.» sözü de onundur.

Sâlih ve harâmdan kaçınan bir zât olan Abdü'l-Azîz oğlu Abdü'l-Kahir, İmâm Şâfi'î'ye vera'dan sorardı. Kendisi vera' ehli olduğundan İmâm Şâfi'î (R.A.) ona iltifât eder, sözlerini cevâplandırırdı.

Bir gün İmâm Şâfi'î'ye (âriflerin üç makaamı olan) sabır, mihnet ve temkin'den hangisinin daha makbûl olduğu soruldu. Şâfi'î: «Temkîn, Peygamberler derecesidir; önce mihnet, sonra sabır ve daha sonra da temkîn gelir. Baksana, Allahu Teâlâ, İbrâhim aleyhi's-selâmı evvelâ imtihân etti, sonra temkîn verdi. Mûsâ aleyhi's-selâmı da evvelâ imtihân etti sonra temkîn, tahammül verdi. Eyyûb aleyhi's-selâmı imtihân etti, sonra temkîn verdi. Süleymân aleyhi's-selâmı evvelâ imtihân etti, sonra temkîn ve büyük mülk verdi.

Binâenaleyh temkîn, derecelerin en üstünüdür. Nitekim Allahu Teâlâ :

«وَكَذَٰلِكَ مَكَّنَّا لِيُوسُفَ فِي الْأَرْضِ»

«Ve işte bu sûretle Yusuf'u o arzda temkîn ettik.» (12 - Yûsuf: 21)

buyurmuştur. Eyyûb aleyhi's-selâma da büyük imtihân geçirdikten sonra kudret verildi. Nitekim :

www.ihya.org

« آتَيْنَاهُ أَهْلَهُ وَمِثْلَهُمْ مَعَهُمْ »

«Ve ona (Eyyûb aleyhi's-selâm'a) bütün ehlini ve beraberlerinde daha bir mislini bahşettik.» (21 - Enbiyâ : 84)
buyurmuştur. İmâm Şâfi'î (R.A.)'nin bu açıklaması, Kur'ân'ın gizliliklerinde mütebahhir olduğuna ve Allahu Teâlâ'ya yönelen Peygamberler ve velîlerin derecelerini bildiğine açıkça delâlet eder ki, bütün bunlar âhiret bilgileridir.

İmâm Şâfi'î'ye (R.A.) «İnsân ne zamân âlim olabilir?» diye sormuşlar. Cevâbında : «Okuduğu her fenni iyice anladıktan sonra, diğerine geçmek ve orada da eksiklerini tamâmlamak sûretiyle.» demiştir.

Yunan hakimlerinden Câlinus'a : «Bir hastalığa niçin muhtelif ilâçlar tavsiye ediyorsun?» diye sormuşlar. Câlinus: «Gerçekte hastalığın ilâcı birdir, fakat diğer ilâçların ona katılması o ilâcın zararlı te'sirlerini azaltmak içindir. Tek ilâç, kendisindeki kuvvetle bâzan aksi te'sir ederek hastayı öldürebilir. Fakat diğer ilâçlar onun bu kuvvetini azaltır ve yalnız şifâ verici hassası kalır.» demiştir. Bunun gibi tek cepheli bilgi, insânı ifrât'a sevkedebilir; fakat diğer ilimler de ona karışınca i'tidâle döner. İşte bunlar ve daha bir çok meziyetleri, İmâm Şâfi'î'nin âhiret bilgisi ve Allahu Teâlâ'yı ma'rifetteki üstün mevki'ine delâlet etmektedir.

Fıkh ve fıkhdaki mücâdelesinde gâyesi, yalnız Allah rızâsı olduğuna şu rivâyet açıkça şehâdet eder : «Hastalığı sırasında kendisini ziyâret eden Rebi'i'ye: «Gâyem, bana nisbet edilmeden, bildiğimi insânlara duyurmak idi» demiştir.» İlmin ve ilim ile ün almanın âfetlerini bildiğine ve yalnız Allah rızâsını niyyet ederek kalbinde bu gibi ün almağa aslâ iltifât etmediğine bak. İmâm Şâfi'î diyor ki: «Münâzara ettiğim hiç bir kimsenin hatâya düşmesini aslâ istemedim.» Yine buyuruyor: «Her kim ile konuştumsa onun muvaffak olmasını, kuvvetlenmesini, yardım görmesini ve Allahu Teâlâ'nın onu koruyup muhâfaza etmesini istedim.» Yine buyuruyor ki: «İnsânlar ile münâkaşamda, Hakkın benim veyâ onların lisânından çıkmasını hiç nazar-ı i'tibara almadım.» (Yâni: Hak bulunsun da, ister hasmın ağzından çıksın, ister benim ağzımdan.) Yine buyuruyor ki: «Ortaya koyduğum gerçekleri kabûl eden kimseye karşı saygı ve sevgiden başka bir şey düşünmedim, buna karşı gerçeği kuvvetlendiren delîllerimi kabûl etmeyip mükâbere [bilerek inad] edenler de gözümden düştü ve onları kalbimden sildim.» Bütün bunlar İmâm Şâfi'î'nin fıkh ilmindeki münâzaralarında gâyesinin Allah rızâsı olduğunu açıkça göstermektedir.

www.ihya.org

Görüyorsunuz, sonra gelenler şu beş hasletten yalnız fıkhda ona uymakla kaldı. Asıl gâye olan ihlâsda ayrıldılar. Bunun için Ebû Sevr (Allah rahmet etsin.) : «Ne ben ve ne de gören gözler Şâfi'î gibisini görür.» demiştir.

Ahmed b. Hanbel (Allah ondan râzı olsun); «Kırk senedir kıldığım namâzlarda, Şâfi'î'ye duâ ederim.» demiştir. Duâ edenin insâfına ve duâ olunanın yüksek derecesine bak; bir de bu asırdaki emsâl ve akrân âlimlerin birbirlerine karşı olan husûmet ve düşmânlığına bakınız da âlim aralarındaki farkı bulunuz. Böylelikle, şimdiki fakîhlerin onlara uydukları hakkındaki iddiâlarında ne derece hatâlı olduklarını anlamış olasınız.

Ahmed b. Hanbel'in İmâm Şâfi'î'ye sık sık dua ettiğini gören oğlu: «Şâfi'î kimdir ki, ona bu kadar duâ ediyorsun?» diye sormuş. Ahmed: «Oğlum, Şâfi'î, dünyâya nisbetle güneş, insânlara nisbetle âfiyet gibidir.» demiştir. Şimdi düşün, bakalım bu zâtların yerini tutacak kimse var mıdır?

İmâm Ahmed diyor : «Divit'ine sarılan herkesin İmâm Şâfi'î'ye bir minneti vardır.»

Yahyâ b. Sâ'îd el-Kattan : «Kırk senedir kıldığım her namâzda, Allahu Teâlâ'nın kendisine bahşettiği ilim ve doğru yola tevfîk etmesi bakımından Şâfi'î'ye duâ ederim.» demiştir.

Şâfi'î Hazretlerinin sayılamıyacak kadar hasletleri vardır. Biz bu kadarla kalalım. Bu yazdıklarımın çoğu, Nasr b. İbrâhim el-Makdisî'nin, İmâm Şâfi'î hakkından yazdığı **Menâkıb kitâbından** alınmıştır. Allah ondan ve bütün müslümânlardan râzı olsun.

İMÂM MÂLİK

İmâm Mâlik de (R.A.) yukarıda açıklanan beş hasletle süslenmiştir.

Kendisine :

— İlim talebine ne dersin? diye sorulunca :

— Çok güzeldir, fakat öğreneceğin, günlük yaşayışında sana lâzım olan ilim olsun, demiştir.

Dini bilgilere o kadar ehemmiyet verir ve saygı gösterirdi ki, bir hadîs rivâyet edeceği zamân hemen abdest alır, sakalını tarar, koku sürünür, vakar içinde diz üstü oturur ve ondan sonra hadisi rivâyet

www.ihya.org

ederdi. «Niçin böyle yapıyorsunuz?» diye kendisine sorulunca : «Peygamber Efendimizin mübârek ağzından çıkan değerli sözlere saygı göstermek için.» diye cevâp verirdi.

İmâm Mâlik buyuruyor ki : «İlim, fazla okuyup rivâyet etmek değildir; belki Allahu Teâlâ'nın dilediği kimseye verdiği bir nûr'dur.» İlme olan bu saygı ve hürmeti Allahu Teâlâ'nın yüceliğini kuvvetle bildiğine bir delîldir.

İlmiyle Allahu Teâlâ'nın rızâsını kasdettiğine şu sözü açıkça delâlet eder : «Dinde mücâdele [Din mes'elelerinde münâkaşa ve adâvet] hiç bir değer taşımaz. (Mezmûm bir haslettir.)»

Yine fazîletine, İmâm Şâfi'î'nin şu sözü de delâlet etmektedir : «Ben Mâlik hazretlerine kırk sekiz mes'eleden sorulup da otuz iki tânesine "bilmiyorum" diye cevâb vermiş olduğunu biliyorum.» İlmiyle, gâyesi Allah rızâsı olmayıp benlik olanlar "bilemiyorum" diyecek kadar semâhat ve tevâzu' gösteremez. Bu sebebden yine İmâm Şâfi'î : «Âlimler arasında İmâm Mâlik, parlak bir yıldız gibidir. Mâlik kadar minnetdârı olduğum kimse yoktur.» demiştir.

Rivâyet olundu ki : (Halîfe) Mansûr, cebren karıyı boşamaktan bir şey lâzım gelmediğine dâir, hadîs rivâyetinden Mâlik hazretlerini men' etmişti. Sonra, bu mes'eleyi soran bir adamı gizlice kendisine gönderdi, o da halk huzûrunda : «Cebren karısını boşayanın karısı boş olmaz.» dedi. Bunun üzerine Halîfe, kendisini kamçı ile döğdüğü hâlde yine rivâyetinden vaz geçmemiştir. Yine Mâlik: «Kişi rivâyet ettiği hadîsde yalancı olmaz, doğruyu söylerse, ihtiyârlığında hastalanmaz, aklı kaybolmaz, hâsseleri bozulmaz, ateh getirmez.» demiştir.

Zühd ve takvâsına gelince : Emîrü'l-mü'minîn Mehdî, Mâlik'e sordu : «Eviniz var mı?» Mâlik : «Yok amma sana Rebî'a b. Ebî Abdi'r-rahmân'dan duyduğum bir hadîsi haber vereyim: «Kişinin nesebi [aslı] evidir.» Aynı şeyi Hârûnü'r-Reşîd de kendisine sordu. Ona da yok deyince, Hârûnü'r-Reşîd ev almak için kendisine üç bin dînar verdi. Parayı aldı, fakat kırk parasını harcamadı. Reşîd, Hicazdan Irak'a dönmek istediği sırada, Mâlik (R.A.)'e: «Benimle gelmeni arzû ediyorum, çünkü Hazret-i Osman (R.A.) insânları Kur'ân'a dâ'vet ettiği gibi, ben de islâmları Muvatta' [İmâm Mâlik'in topladığı hadîs kitâbıdır.] kitâbına dâvet etmek azmindeyim.» Mâlik dedi ki: «İnsânları Muvatta' kitâbına dâ'vete imkân yok; zîra Peygamber Aleyhi's-selâmın ashâbı, kendisinden sonra her tarafa dağıldılar ve hadîs okuttular. Her şehirde diğerinde olmayan

www.ihya.org

nice hadisler duyulmuştur. Halbuki Peygamber Efendimiz de bir mübârek hadisinde: «Ümmetimin ihtilâfı rahmettir.» buyurdular. Sizinle gelmeme de imkân yok. Zira yine Peygamber Efendimiz bir hadisinde:

«اَلْمَدِينَةُ خَيْرٌ لَهُمْ لَوْ كَانُوا يَعْلَمُونَ»

«Eğer bilseler, Medine onlar için daha hayırlıdır.» (70)

Diğer bir hadisinde de :

«اَلْمَدِينَةُ تَنْفِي خَبَثَهَا كَمَا يَنْفِي الْكِيرُ خَبَثَ الْحَدِيدِ»

«Körük, demirin cürûfunu ayırdığı gibi, Medine de yaramaz adamlarını nefyeder.» (71)

buyurmuştur. İşte bunlar da verdiğin paralardır, isterseniz alın, isterseniz bırakın. Yâni siz bana yaptığınız ikrâm karşılığı Medine'den ayrılmamı teklif ediyorsunuz, halbuki ben, dünyâyı, Resûlullah'ın şehri olan Medîne üzerine tercih etmem.»

İşte İmâm Mâlik'in dünyâ'da zühdü böyle idi. Vaktâ ki ilmi etrâfa ün saldı ve her taraftan bol hediyeler gelmeğe başladı, bunları tamâmen hayır işlere taksîm ederdi. Bu derece cömertliği, zühdünün ve dünyâya meyli olmadığının açık delilidir. Esâsen zühd, fakirlik demek değil, kalbin mal'a meyletmemesi demektir. Nitekim Süleymân (A.S.) büyük bir varlık içinde yine zâhidlerden idi. İmâm Şâfi'i'den rivâyet edilen şu vak'a da onun dünyâya kıymet vermediğinin açık bir misâlidir. İmâm Şâfi'i (R.A.) diyor ki : «Mâlik'in kapısında Horasan atlarının, Mısır katırlarının en güzellerini görünce : Mâlik'e: "Bunlar ne güzel" dedim. Mâlik : "Benden sana hediye olsun" dedi. Ben de: "Bir tânesini olsun kendine binek olarak bırak" dedim Mâlik : «Resûlullah'ın bulunduğu beldenin topraklarını ben atımın tırnağına nasıl çiğnetirim.» dedi. Mâlik'in, bütün hayvânları birden Şâfi'i'ye hediye edişindeki cömertliği ile Peygamber Efendimiz'in medfûn bulunduğu Medine'ye olan saygısına bakın ki (saygıdan hayvâna binmemiştir.)

Dünyâlığa kıymet vermeyip bilgisiyle Allah rızâsını kasdettiğine, kendisinden rivâyet edilen şu hikâye açıkça delâlet eder : Buyuruyor

(70) Buhârî ile Müslim. Sufyan b. Ebî Zübeyr'den.
(71) Buhârî ile Müslim, Ebû Hureyre'den.

ki: «Hârûnü'r-Reşîd'in huzûruna çıktım. Hârûnü'r-Reşîd: "Yâ Ebâ Abdullah [Mâlik'in künyesi], buraya gelip çocuklarımıza, **Muvatta'** okutsan iyi olurdu" dedi. Ben de: "Allahu Teâlâ Emîrimizi yüceltsin, bu ilim [hadis] sizden yâni **Kureyş**'den çıktı. Eğer siz bunu yüceltirseniz o yücelir, eğer kıymet vermezseniz o da düşer; ilim kimsenin ayağına gitmez, ilmin olduğu yere gidilir" dedim. Bunun üzerine Hârûnü'r-Reşîd: "Doğru diyorsun" dedikten sonra, çocuklarına: "Siz de câmi'e gidin ve diğer kimselerle bir arada dinleyin" diye emretmiştir.»

İMÂM A'ZAM EBÛ HANÎFE

Ebû Hanîfe de aynı şekilde âbid, zâhid, Allahu Teâlâ'yı bilen ve ondan korkan ve Allah rızâsını dileyen bir zât idi.

Âbid olduğu İbn Mübârek'in şu rivâyetiyle bilinir: İbn Mübârek diyor ki: «Ebû Hanîfe'nin mürû'eti [her iyiliğe istî'dâdı] ve çok gece namâzı var idi. Hammâd b. Süleymân: «Geceyi tamâmen namâz ile geçirirdi.» diyor. (Bu, hayâtının sonlarında idi.)» Diğer bir rivâyette, gecenin yarısını ibâdetle geçirirdi, deniliyor. (Bu, ilk zamânlarında idi). Bir gün sokakta giderken birisinin, İmâm'ı göstererek: «Şu zât, geceyi baştan sona ibâdetle geçirir» dediğini duyduktan sonra bütün geceyi ibâdetle geçirdi ve ben: «Yapmadığım ibâdetle vasıflandırıldığımdan Allah'tan utanırım.» dedi.

Zühd'üne gelince: Rebî b. Âsım'dan rivâyet edildi ki: «(Kûfe Vâlisi) Yezid b. Ömer b. Hubeyre, beytü'l-mâli kendisine teslîm etmek üzere beni Ebû Hanîfe'ye gönderdi. Ben de Ebû Hanîfe'yi getirdim, bu vazîfeyi kabûl etmediğinden yirmi kamçı kendisine vurdu.» Bakınız nasıl, kamçıları yemek pahasına da olsa riyâseti kabûl etmedi. Hakem b. Hişâm es-Sakafî diyor ki: «Ebû Hanîfe'nin çok i'timada şâyân bir zât olduğunu duyan Vâli kendisine: "Hazîne vekili olacaksın, kabûl etmezsen sırtına kamçı vurulacak" dedi. Ebû Hanîfe ise onların azâbını Allahu Teâlâ'nın azâbı üzerine tercîh ederek bu vazîfeyi kabûl etmedi.» Yine rivâyet olundu ki; İbn Mübârek'in yanında Ebû Hanîfe'den (bir bakıma aleyhinde) söz açıldı; İbn Mübârek: «Bütün varlığıyla dünyâ kendisine arzedildiği hâlde ondan kaçan bir zât'ın aleyhinde nasıl konuşuyorsunuz? dedi. Şücâ'ın oğlu Muhammed'in bâzı arkadaşlarından rivâyet ettiğine göre, Emîrü'l-mü'minîn Ebû Ca'fer Mansur'un onbin dirhem hediye göndereceği Ebû Hanîfe'ye haber verildi. Ebû Hanîfe buna râzı olmadı. Hediyenin gele-

ceği gün, sabâh namâzını kıldıktan sonra başını örttü ve kimse ile konuşmadı. Kahtabe'nin oğlu Hasan'ın adamı hediye ile yanına geldi; fakat Ebû Hanîfe onunla konuşmadı. Yanındakiler: «Bunun hâli budur, arasıra konuşur» dediler. Bunun üzerine gelen adam «Ne yapalım?» diye sorunca, «Şu beze bağlayın da köşeye koyun.» dediler. Sonra Ebû Hanîfe oğluna şöyle vasiyyet etti: «Oğlum, ben öldüğüm vakit beni defnettikten sonra şu deriyi Kahtaba'nın oğlu Hasan'a götür, ve: «Bu, Ebû Hanîfe'ye bıraktığın emânettir, de!» (Oğlu da vasiyyetini yerine getirdiği vakit) Hasan: «Allah babana rahmet etsin, dini üzerine çok titiz idi.» dedi.

Yine rivâyet olundu ki: «Halîfe tarafından Bağdâd'ın baş kadılığına dâ'vet edildiğinde: «Ben kadılığa selâhiyetli değilim, senin de bu vazîfeyi bana vermen doğru olamaz.» dedi. «Niçin böyle dedin?» diye kendisine sorulunca: «Eğer doğru bir adam isem bu vazîfe bana yaramaz, eğer yalancı isem, yalancılar kadı olamaz.» diye cevâp verdi.»

Âhiret yoluna, din ilmine ve Allahu Teâlâ'yı ma'rifetteki ilmine gelince: «Dünyâlıktan yüz çevirmesi ve Allahu Teâlâ'dan son derece korkusu bunun açık delîlidir. İbn Cureyh: «Ebû Hanîfe Nu'mân b. Sâbit'in Allahu Teâlâ'dan son derece korktuğunu sizin Kûfe'lilerden öğrendim.» dedi. Şureyk-i Naha'î de: «Ebû Hanîfe, dâimî düşünce ve uzun sükût sâhibi, insânlarla az konuşan bir zât idi.» dedi. Bu hasletler, bâtınî bilgisinin ve dînde mühim mes'elelerle uğraşmasının en açık delîlidir. Kim ki sükûtu iltizâm eder, dünyâya meyletmezse ilmin bütününe sâhip demektir. İşte bu saydıklarımız üç İmâm'ın bir nebze terceme-i hâlidir.

İMÂM AHMED VE İMÂM SEVRİ

Ahmed b. Hanbel ile Süfyân-ı Sevrî'ye (Allah onlara rahmet etsin) gelince: Bunlara uyanlar az, hele Süfyân-ı Sevri'nin tâbi'leri daha azdır. Fakat bunların harâm'dan kaçınmaları, dünyâya arka dönmeleri, vera' ve zühd'leri daha meşhûrdur. Bu kitâb onların işleri ve sözleriyle dolu olduğundan burada tafsilâta girişmeğe lüzûm yoktur. Sen bu anda şu üç imâm'ın ahlâk ve ahvâline bak ve düşün ki bu sözler, bu işler, bu hâl ve dünyâdan i'raz etmek ve yalnız Allah'a yönelmek sâde fıkh'ın fürû'dan olan selem, icâre, zihâr, ilâ, li'ân gibi mes'eleleriyle mümkün müdür? Yoksa başka bir ilim böyle bir netîce verebilir mi? Bir bunlara bak da «Biz bunlara uyduk» diyen âlimlerin yalancı veyâ doğru sözlü olup olmadıklarını düşün.

ÜÇÜNCÜ BÂB

MAKBÛL OLMADIĞI HÂLDE AVÂMIN MAKBÛL SAYDIĞI İLİMLER HAKKINDADIR. AYRICA BÂZI İLİMLERİN HANGİ CİHETTEN MEZMÛM OLDUKLARI İLE, FIKH, İLİM, TEVHİD, TEZKİR VE HİKMET GİBİ BÂZI İLİM ADLARININ MÂNÂCA NASIL DEĞİŞTİRİLDİĞİNİ VE ŞER'Î İLİMLERDEN NE MAKBÛL VE NE KADARININ MEZMÛM OLDUĞU BEYÂNINDADIR.

MEZMÛM İLİMLERİN YERİLMESİNİN SEBEBİ

«Eşyâyı olduğu gibi bilmek ve tanımak olduğuna ve bu da aynı zamânda Allahu Teâlâ'nın sıfatlarından bulunduğuna göre, nasıl olur da ilim mezmûm olur» dersen bilmiş ol ki, ilim bizâtihi mezmûm değil, belki üç sebebden biriyle insânlar hakkında mezmûmdur. Bunları açıklayalım :

1 — Sâhibini veyâ başkasını zararlandırması bakımından mezmûm olur. Sihir ve Tılsımat ilimleri gibi. Sihir vâki'dir. Kur'ân bunu haber vermiştir; hattâ çok samimî olan karı - koca arasını açmak için bir vâsıta olarak ona baş vurulur. Peygamberimize bile sihir yapılmış ve kendisi hastalanmıştır. Cebrâil aleyhi's-selâm'ın haber vermesi üzerine kuyu dibinde taş altındaki sihir vâsıtası çıkarılmıştır. (Buhârî ile Müslim, Hz. Âişe'den rivâyet etmişlerdir.)

Sihir, yıldızların doğuş yerlerini hesâb ederek maddelerdeki hassaları bilmekle istifâde edilen bir nevi' ilimdir. O maddelerden, sihir edilecek adam'ın heykeli yapılır, yıldızların doğumunun muâyyen sâati beklenir, şerî'ate uymayan fâhiş ve küfür sözler söylenerek Şeytan'dan yardım istenir ve bütün bunlardan âdet-i ilâhî gereğince sihir yapılan kişide acâib hâller görülür. İlim olmaları bakımından bunları öğrenmek fenâ değilse de, bunlar insânları zararlandırmaktan başka bir şeye yaramazlar. Fenâlığa yol açan her şey, fenâ olduğu için bu ilim de mezmûmdur. Hattâ, iyi bir adam'ı öldürmek isteyen bir zâlim'e, bulunduğu yeri göstermek, bildiği şey'i olduğu gibi ifâde etmek

www.ihya.org

bakımından bir ilimdir, fakat zarar doğurduğu için mezmûmdur. Burada yalan söylemek vâcibdir.

2 — Çok kere sâhibine zararı dokunması bakımından mezmûm olur. İlm-i Nücûm gibi. Bu ilim de zâti bakımından mezmûm değildir. Çünkü bu iki kısımdır. Bir bölümü hisâbdır. Kur'ân-ı Kerîm, güneş ve ayın hisâb ile seyrettiğini nâtıktır :

«اَلشَّمْسُ وَالْقَمَرُ بِحُسْبَانٍ»

«Güneş ve Ay hisâb iledir.» (55 - Rahman : 5)

Yine Cenâb-ı Hak buyuruyor :

«وَالْقَمَرَ قَدَّرْنَاهُ مَنَازِلَ حَتَّى عَادَ كَالْعُرْجُونِ الْقَدِيمِ.»

«Ay'a da menziller takdîr ettik. Nihâyet o eski hurma salkımının eğri çöpü gibi bir hâle dönmüştür.» (36 - Yâsîn : 39)

Bir kısmı da ahkâm'dır. Bunun hülâsası: Hâdiselere sebeblerle delîl bulmaktır. Bu ise, tabîb'in nabız yoklamasından, hastalığa delîl bulmasına benzer ki, Allahu Teâlâ'nın yaratıklar üzerindeki âdetini bilmek demektir. Fakat Şerî'at bunu da yermiştir. Nitekim Peygamber Efendimiz :

«إِذَا ذُكِرَ الْقَدَرُ فَأَمْسِكُوا، وَإِذَا ذُكِرَتِ النُّجُومُ فَأَمْسِكُوا. وَإِذَا ذُكِرَ أَصْحَابِي فَأَمْسِكُوا»

«Kader'den bahsedilince sükût edin, yıldızlardan bahsedilince sükût edin, Eshâb'dan bahsedilince sükût edin.»

buyurdular. Yine Peygamber Efendimiz :

«أَخَافُ عَلَى أُمَّتِي بَعْدِي ثَلَاثًا : حَيْفُ الْأَئِمَّةِ، وَالْإِيمَانُ بِالنُّجُومِ. وَالتَّكْذِيبُ بِالْقَدَرِ»

www.ihya.org

«Benden sonra ümmetim için üç şeyden korkarım: İmâmların zulmünden, nücûma inanmaktan, kaderi yalanlamaktan.» (72)

diye buyurdular. Ömer b. Hattâb (R.A.): «İlm-i nücûmdan, kara ve denizde şaşmayacak ve yolu bulacak kadarını öğrenin; fazlasından vaz geçin.» buyurmuştur. Hazret-i Ömer'in bu ilimden men'etmesi üç cihettendir:

Evvelâ: Bu ilmin çok insânlara zararlı olması bakımındandır. Çünkü onlara, yıldızların seyri akabinde bu işler oluyor dendiği vakit, yıldızların, bu işlerde müessir birer ilâh olduğunu zannederler. Onları, içlerinden büyütür, onlara gönül verir, hayrı şerri onlardan bilir ve Allah'ı unuturlar. Çünkü imânı zayıf kimseler vâsıtalara bakar. Halbuki gerçek âlim, Ay, Güneş ve Yıldızlar'ın Allahu Teâlâ'nın emrinde musahhar olduklarını bilir. (Akîdesi) zayıf kimselerin Güneş'in doğması akabinde Güneş ışığına bakmaları, kâğıt üzerinde duran ve akıllı diye farzedilen bir karıncaya benzer. Karınca kâğıt üzerinde yazılan kara yazıları görünce «bunları kalem yazıyor» der; çünkü başını kaldırıp yukardaki parmakları, el'i ve bunları harekete getiren irâdeyi, sonra yazıcı bir insânı, sonra el, kudret ve irâdeyi yaratan bir yaratıcıyı göremez. İnsânların çoğu da en aşağı ve en yakın sebebi görebilir. Daha yukarı gidip sebeblerin yaratıcısını görmekten âcizdir. İşte ilm-i nücûm'un yasak olmasının bir sebebi budur.

Sâniyen: Yıldız'dan çıkarılan ahkâmın, bütün insânların ne kat'î ve ne de şüpheli olarak anlıyacakları şekilde sırf tahminden ibâret olması sebebiyledir. Bununla hüküm, cehâletle hükümdür. Binaenaleyh yerilmiş olması ilim değil, cehil olması bakımındandır. Bu ilim, İdris aleyhi's-selâmın mu'cizesi idi. (Ölümünden sonra) bu ilim de kesadlaştı ve bitti. Müneccimlerin verdiği bâzı hâberlerin zuhûru tesâdüfîdir; çünkü müneccim bâzı sebeblere âgâh olabilirse de, bu sebeblerin akabinde olacak işler daha nice şartlara bağlıdır ki, bunların içyüzünü anlamak insânların gücü dışındadır. Eğer Allahu Teâlâ diğer sebebleri de takdîr etmişse isâbet etmiş olur ve dediği çıkar. Eğer takdîr etmemişse müneccim de hatâya düşer. Bu, şöyle demek olur: İnsânoğlu havanın karardığını, yüksek dağlardan bulutların sarktığını görünce bu dış görünüşe uyarak yağmur'un yağacağını tahmîn edebilir; fakat çok kere tahmîni hilâfına güneş kızdırır, bulutlar dağılır, kaybolur gider. Bâzı kere de bir tarafta güneş parlar, diğer tarafta yağmur yağar. Demek ki yağmurun yağması için yalnız bulut kâfi değil, daha birçok sebepler var. Fakat bunları biz anlıya-

mayız. Bunun gibi gemiciler, rüzgârlardan edindikleri kanâata göre selâmette olduklarını zannederler; halbuki kendilerinin bilemediği o rüzgârların daha nice gizli sebebleri vardır. Bâzan tahminlerinde isâbet eder selâmeti bulur ve bâzân da hatâya düşerler. Bu sebebdendir ki, bâzı kere imânı kuvvetli olanlar da nücûm ilminden men'edilirler.

Sâlisen: Bu ilimde belli başlı bir fayda olmaması sebebiyledir. Zira bunu bilmek ne onu düzeltebilir ve ne de mukadderatı değiştirebilir. Bu, boşu boşuna en kıymetli sermâye olan insân ömrünü tüketmektir. Kıymetli ömür sermâyesini isrâf ise en büyük zarardır.

«مَرَّ رسولُ اللهِ صلى الله عليه وسلم بِرَجُلٍ والنَّاسُ مُجتَمِعُونَ عَلَيْهِ فَقَالَ «مَا هَذَا» ؟ فَقَالُوا : رَجُلٌ عَلَّامَةٌ ، فَقَالَ «بِمَاذَا» قَالُوا بِالشِّعْرِ وَأَنْسَابِ الْعَرَبِ ، فَقَالَ : «عِلْمٌ لَا يَنْفَعُ وَجَهْلٌ لَا يَضُرُّ»

«Peygamber Efendimiz bir adamın başına büyük kalabalığın toplandığını görünce :

— Nedir o? diye sordu. Onlar da :

— Allâme, dediler.

Peygamber Efendimiz :

— Ne bilir? deyince.

— Şiir ve Arab soylarını, cevâbını verdiklerinde :

— Cehlinde bir zarar olmadığı gibi bilinmesinde de bir kârı olmayan bir ilimdir, diye buyurmuşlardır.» (73)

Diğer bir hadîs-i şerîfde şöyle buyurulmuştur :

«إِنَّمَا الْعِلْمُ آيَةٌ مُحْكَمَةٌ أَوْ سُنَّةٌ قَائِمَةٌ أَوْ فَرِيضَةٌ عَادِلَةٌ»

«İlim, âyet-i muhkeme veyâ sünnet-i kaaime veyâ âdil bir farîzadır.» (74)

Anlaşılıyor ki yıldız ve benzeri ilimlere dalmak faydasızdır, cehâlete dalmak ve tehlikeli işe atılmaktır. Zira mukadder âkıbete herkes

uğrayacak ve kaçınmak mümkün olamıyacaktır. Tabâbet bunun aksinedir. Çünkü ona ihtiyâç olduğu gibi bir çok delilleri de bilinir. Hattâ rüyâ ta'biri de bunun gibi değildir. Her ne kadar tâbir tahminî ise de, Peygamberliğin kırk altı cüz'ünden bir cüz' olması bakımından bir değer taşır ve bâzıları da bunu bilebilir. (75)

3 — Kişinin müstakillen anlayıp istifâde edemiyeceği ilimler ile uğraşmasının kendi hakkında mezmûm olmasıdır. İlimlerin zâhir ve kolay anlaşılan kısımlarını öğrenmeden, ince ve çetin kısımlariyle uğraşmak ve esrâr-ı ilâhiyyeden bahsetmek gibi. Gerçi kelâmcılar ve feylesoflar ilâhî sırlardan bahsettiler; fakat tamâmen mâhiyyetini anlayamadılar; bu husûsta istiklâliyet kazanamadılar. Bu gibi esrârı ancak Peygamberler ve Veliler anlar. Binâenaleyh gerekli olan, insânları bundan men'edip şerî'ate havâle etmektir. Orada inananları iknâ edecek deliller vardır. Çok kimseler var ki daldıkları ilimlerden zarar görmüşlerdir. O ilimleri okumasalar dindeki mevkileri daha güzel olacaktı. Kuş eti ve bâzı tatlıların memedeki çocuğa dokunması gibi, bâzı ilimlerin de bâzı kimselere zararlı olduğu inkâr edilemez.

Çok kimseler var ki, bâzı hâllerde cehâlet onlar için daha faydalıdır. Adamın birisi âilesinin çocuk doğurmadığından tabîbe şikâyet etti. Tabîb, hanımın nabzına baktı ve «Doğurmadığı iyi, çünkü bu hanım kırk güne kadar ölecek» dedi. Bunu duyan hanımı dehşetli korku sardı, kederlendi; malını böldü, vasiyyetini yaptı; kırk gün yemez içmez, mâtem içinde bir hayât geçirdi. Kırk gün geçip de ölmeyince kocası tabîbi haberdar etti. Tabîb de:

— Şimdi münâsebette bulunun, çocuk doğurur, dedi. Adam:

— Nasıl olur? deyince, tabîb:

— Hanım çok şişman olduğu için yağ rahmin kapısını kapatmıştı. Bildim ki bunu ölüm korkusundan başka bir şey zayıflatmaz, ben de kendisini ölümle korkuttum. Şimdi zayıfladı, yağ eridi, çocuğun doğmasına mâni kalmadı, dedi. İşte şu kıssa bâzı ilimleri bilmenin (bâzı kimseler hakkında) zararlı olduğu husûsunda seni îkaz eder ve sana Peygamber Efendimizin:

«تَعَوَّذْ بِاللّٰهِ مِنْ عِلْمٍ لَا يَنْفَعُ»

«Faydası olmayan bilgiden Allah'a sığınırız.» (76)

(75) Bu husûsda Peygamberimizin hadisi olmakla berâber, esâsen 23 senelik peygamberlik devresinin ilk altı ayı rüyâ ile geçmiştir. İşte bu, nübüvvetin kırk altıda biri olur.

Meâlindeki hadisinin mânâsını da anlatmış olur. Şu hikâyeden ders al ve şerî'atın yasak ettiği bilgilerle uğraşma, sahâbe'ye (R.A.) sünnete uymakla kal: selâmet ordadır. Tehlike ise, bu gibi umûr-ı garîbe ile uğraşmaktadır. «Eşyâyı, olduğu gibi anlamak için çalışıyorum; bundan ne zarar var» diye akıl, mantık ve delillerine güvenerek böbürlenme. İyi bil ki (bâzı ilimlerin ileride) sana getireceği zarar, kârından çoktur. Çok şey var ki, onları bilmekliğin, eğer Allahu Teâlâ'nın lûtfu yetişmezse, seni âhirette helâk edecek zararlara yol açar. Yine bilmiş ol ki, ilâçlardaki hassaları yalnız tabîbler bildiği gibi, kalblerin tabîbleri de peygamberler ve âhiret hayâtının sebeblerine vâkıf olan âlimlerdir. Sakın, kendi aklınla onlara itirâza kalkışma; helâk olursun. Akla göre parmakta çıkan bir yaranın parmakta tedâvisi gerekirse, tabîb başka yerden tedâvisini emreder ki, akıl bunu aslâ kabûl etmez. Çünkü damarların, bedendeki köklerini, dallarını, dolaştıkları ve toplandıkları yerleri bilmez. Âhiret yolunda şerî'at'ın sünnet ve âdâbının inceliklerinde ve insânların, bilmesiyle mükellef oldukları inançlarında da öyle lâtif incelikler var ki, bunları şümûliyle anlamak, aklın kuvvet ve ihâtası dışında kalır. Nitekim kıymetli taşlarda bir takım acâib hassalar vardır ki, hikmet sâhibleri bile bunlardaki husûsiyetleri çözmekten âcizdir. Hattâ mıknatıs'ın demiri (çektiğini biliyor, fakat) hangi kuvvetle çektiğini bilemiyorlar. Kalbi temizleyip cilâlandırmak sûretiyle islâh ederek fazîlet duygularını tattırıp insânı Allah'a yaklaştırmaları bakımından dinî inanç ve şer'î hükümlerdeki acâib ve garîb hâller, ilâçlar ve taşlarda olan hassalardan daha çok ve daha büyüktür. Tecrübe, bir vesîle olduğu hâlde, ilâçlardaki hassaları tamâmiyle idrâk edemiyen akıllar, tecrübe ile bir gûnâ alâkası bulunmayan âhiret yaşayışındaki faydalı şeyleri elbette tamâmiyle anlıyamazlar. Tecrübe buna yol bulurdu eğer ölülerden bâzıları geri dönüp de kendilerini Allahu Teâlâ'ya yaklaştırıcı iyi amellerin, uzaklaştırıcı fenâ amellerin ve makbûl inancın neler olduğunu haber vereydi ki, buna aslâ ümîd ve imkân yok. Aklın menfaatinden, seni, Peygamberin doğruluğuna ulaştıracak ve sözlerindeki işâretleri anlatacak kadarı yeter; lüzûmsuz şeylerle aklını yorma, Peygamberin gösterdiği yola gir. Selâmet, ancak oradadır ve's-selâm. Bu sebebdendir ki, Peygamber Efendimiz:

«إِنَّ مِنَ الْعِلْمِ جَهْلاً . وَإِنَّ مِنَ الْقَوْلِ عِيًّا»

«Gerçekten bilgi'nin bâzısı cehâlet, sözün bâzısı da yorgunluktur.» Diğer rivâyete göre: "ağırlıktır."» (77)

(77) Ebû Dâvud, Bureyde'den.

buyurmuşlardır. Şüphesiz ilim cehl olmaz; bâzan cehâlet gibi zararlı olur. Yine Peygamber Efendimiz şöyle buyurmuşlardır:

«قَلِيلٌ مِنَ التَّوْفِيقِ خَيْرٌ مِنْ كَثِيرٍ مِنَ الْعِلْمِ»

«Az muvaffakıyyet çok bilgiden hayırlıdır.» (78)

İsâ aleyhi's-selâm da «Ağaçlar çok ama hepsi meyve vermez. meyveler çok ama hepsi tatlı olmaz, ilimler çok ama hepsi faydalı olmaz» buyurmuşlardır.

LÂFIZLARIYLA DELÂLET ETTİKLERİ MÂNÂ DEGIŞTIRILEN İLİMLERİN AÇIKLANMASI

Bilmiş ol ki, mezmûm ilimlerin şeri'at ilimleriyle karıştırılmalarının kaynağı, fenâ maksatlarla, onların öğülen adlarını tahrîf edip, birinci asırdaki iyi insânların murâd ettikleri mânâların hilâfına nakletmektir. Bunlar da **fıkh, ilim, tevhîd, tezkîr** ve **hikmet olmak** üzere öğülen beş isimdir. Bunlar ile bezenenler, dinde rütbe sâhibi kimselerdir. Ne yazık ki, bu lâfızlar şimdi verilen mânâlarda nakledilmiş ve bu isimlerin onlara verilmesi şöhret bulduğu için, gönüller bunların mânâlariyle vasıflanan kimseleri yermekten nefret etmektedir.

BİRİNCİ LÂFZ: **Fıkh**'dır. Bu sözü, başka mânâya aktarmadı ve değiştirmediler. Yalnız bu kelimeyi fürû'-ı fıkhın fetvâlardaki garîb mes'elelerini bilmeğe, illetlerinin inceliklerini anlamağa, bu husûsda sözü uzatmağa ve bunlarla alâkalı makaaleleri ezberlemeğe isim vermekle husûsileştirdiler. Kim ki, fürû'-ı fıkhın inceliklerini bilir ve onlarla fazla meşgûl olursa, ona daha fakîhdir derler. Halbuki birinci asırda âhiret yolu ve nefsin âfetlerinin incelikleri bilgileriyle amelleri bozan şeyleri bilmeğe, dünyâlığa kıymet vermeyip, âhiret nimetlerine bağlanmağa ve kalbini Allah korkusunun kaplamasına birden **«Fıkh ilmi»** denirdi. Nitekim Hak Teâlâ'nın şu âyet-i celîlesi bunu açıkça göstermektedir:

«لِيَتَفَقَّهُوا فِي الدِّينِ وَلِيُنْذِرُوا قَوْمَهُمْ إِذَا رَجَعُوا إِلَيْهِمْ»

(78) Kaynağı bulunamamıştır.

«Dînde fakîh olup, kavm u kabileleri döndüğü zamân onları korkutmaları için.» (9 - Tevbe : 122)

Korkutmak kendisiyle mümkün olan, işte bu **fıkh**'dır : Yoksa **talâk**, itak, li'ân, selem ve icâre mes'elelerini bilmek değildir. Çünkü bu mes'eleler ile ne inzâr ve ne de korkutma olur. Belki, yalnız bunlarla uğraşmak, kalbin korkusunu azaltır ve kalbi karartır. Nitekim bunlarla uğraşanlarda görüldüğü gibi. Bu gibiler hakkında Allahu Teâlâ şöyle buyurmuştur :

«لَهُمْ قُلُوبٌ لَا يَفْقَهُونَ بِهَا»

«Onlar için kalbler var ki, o kalblerle anlamazlar.» (7 - A'râf : 179)

Buradaki **«fıkh»** kelimesinden, **«Fetvâları anlamazlar»** değil, îmânın ne demek olduğunu anlamazlar mânâsı murâd edilmiştir. Ömrüme yemin ederim ki, **fıkh** ve **fehm** kelimeleri'nin ikisi de lûgatte bir mânâdadır. Arablar arasında eski ve yeni şivelerde ikisi de bir mânâda konuşulur. Allahu Teâlâ buyuruyor :

«... لَأَنْتُمْ أَشَدُّ رَهْبَةً فِي صُدُورِهِمْ مِنَ اللَّهِ»

«Onlar, inanınız ki Allahtan daha çok sizden korkuyorlar. Bu ise anlayışlı bir kavim olmadıklarındandır.» (59 - Haşr : 13)

Allahu Teâlâ'dan korkularının azlığı ve insânların saldırışını büyütmeleri fıkıh azlıklarına havâle ediliyor. Bak bakalım bunların fakîh olmamaları, fetvâların çeşitlerini bilmedikleri için mi, yoksa bizim anlattığımızı bilmedikleri için midir? Peygamber Efendimiz kendisini ziyârete gelen bir cemâat hakkında fıkıh mes'elelerini değil, îmân, amel ve ahlâk esâslarını öğrenmelerini ve iyi hasletlerini anlatmaları üzerine :

«عُلَمَاءُ حُكَمَاءُ فُقَهَاءُ»

«Âlimdirler, hakîmdirler, fakîhdirler.» (79)

buyurmuştur. (Halbuki bunların hiç biri diğer mânâda fıkıh mes'elelerini bilmezlerdi.) Zühri Kabilesinden İbrâhim'in oğlu Sâd'a (R.A.) «Hangi şehir halkı daha fakîhdir?» «Allahu Teâlâ'dan daha çok korkan» diye cevâp vermekle fıkhın netîcesine işâret etmiştir. Çünkü ilmin bâtınî meyvesi fetvâ ve hükümler değil, takvâ'dır. Peygamber Efendimiz bir hadîsinde şöyle buyurmuşlardır:

«أَلَا أُنَبِّئُكُمْ بِالْفَقِيهِ كُلِّ الْفَقِيهِ؟ قالوا بلى. قَالَ: مَنْ لم يُقْنِطِ النَّاسَ مِنْ رَحْمَةِ اللهِ. وَلَمْ يُؤَمِّنْهُمْ مِنْ مَكْرِ اللهِ وَلَمْ يُؤْيِسْهُمْ مِنْ رَوْحِ اللهِ وَلَمْ يَدَعِ الْقُرْءَانَ رَغْبَةً عَنْهُ إِلَى مَاسِوَاهُ»

«Hazret-i Peygamber "Ey ümmetim, size gerçek fakîh kim olduğunu bildireyim mi?" diye sorunca, bildir yâ Resûlallâh cevâbını alması üzerine şöyle buyurdu: Allahu Teâlâ'nın rahmetinden ümîd kestirmeyip gazabından emin kılmayanlar, başkasına meyletmek üzere, Kur'ânı terketmeyen kimselerdir.» (80)

«لَأَنْ أَقْعُدَ مَعَ قَوْمٍ يَذْكُرُونَ اللهَ تَعَالَى مِنْ غُدْوَةٍ إِلَى طُلُوعِ الشَّمْسِ أَحَبُّ إِلَيَّ مِنْ أَنْ أَعْتِقَ أَرْبَعَ رِقَابٍ»

«Sabâhın ilk vaktinden, gün doğuşuna kadar Allahu Teâlâ'yı zikredenlerle bir arada bulunmak benim için, dört köle âzâd etmekten daha sevimlidir.» buyurduğunu rivâyet etmiştir. (81)

Bu mübârek sözünü rivâyet ettiği zamân Zeyd'er-Rakkaşî ve Ziyâd en-Nümeyrî'ye dönerek: «Zikir toplulukları sizin bu topluluğunuz gibi, durmadan hadîsler okuyup va'zetmek şeklinde değildir. Biz otururduk, îmânı müzâkere eder, Kur'ânı düşünür ve dînde fakîh olmağa çalışır, Allahu Teâlâ'nın bize verdiğini tefekkuh ederek anlayarak sayardık ve Kur'ân-ı Kerîm'in mânâlarını düşünmeyi fıkıh sayardık» dedi ve Kur'ân'ın mânâlarını düşünmek ile Allahu Teâlâ'nın verdiği nimetleri anlayarak saymayı «Fıkıh» diye adlandırdı. Peygamber Efendimiz buyurmuştur:

(80) Ebû Bekir b. Lâl «Mekârim-i Ahlâk»da.
(81) Ebû Dâvud rivâyet etmiştir.

www.ihya.org

«لَا يَفْقَهُ الْعَبْدُ كُلَّ الْفِقْهِ حَتَّى يَمْقُتَ النَّاسَ فِي ذَاتِ اللهِ وَحَتَّى يَرَى لِلْقُرْآنِ وُجُوهاً كَثِيرَةً»

«Allah için insânlara husûmet etmeyip, Kur'ân'ın bir çok vecihleri olduğunu kabûl etmedikçe, kişi tâm mânâsiyle fakih olamaz.» (82)

Yine bunun gibi Ebû'd - Derdâ'ya mevkûfen bu hadise şu ilâve vardır :

«ثُمَّ يُقْبِلُ عَلَى نَفْسِهِ فَيَكُونُ لَهَا أَشَدَّ مَقْتاً»

«Sonra kendine döner de Zât-i Bârî hakkında nefsini herkesden daha çok levm eder.»

Ferkad es-Senci Hasan-ı Basrîye bir şey sordu ve cevâbını aldıktan sonra, «Fakihler, niçin senin fetvâlarına itiraz ediyorlar?» diye sordu. Hasan:

— Annen seni kaybetsin ey Ferkadcik, sen şu gözlerinle fakih mi gördün? Fakîh dediğin dünyâya arka verip âhirete yönelen, dinini koruyan, kusûrlarını görebilen, Allahu Teâlâ'ya karşı ibâdete devâm eden, her türlü şübhelerden, müslümânların (ve hattâ bütün insânların) ırzına göz dikmekten kendini koruyacak derecede hazer eden, sakınan, insânların malına tamah etmeyen ve halka nasihatte bulunan kimsedir, dedi ve böylece fakihi anlatırken fıkhın fürû'larına dâir fetvâlar veren kimselerden hiç bahsetmedi. Bununla berâber fıkıh ilminin zâhirî hükümlerde fetvâ ile alâkası olmadığını demek istemedim. Fetvâ ile de alâkası vardır. Fakat fetvâ ile alâkası umûm ve şümûl tarikiyle veyâhut âhiret ilmine tâbi olması bakımındandır. Hattâ eskiler, bu fıkıh ilmine daha ziyâde âhiret ilmi derlerdi. Bu ilmi yalnız fetvâya tahsisden doğan karışıklık sebebiyle âhiret ilmi ve kalb'in hâlleri ihmâl edildi. (Çünkü bu, kolay) fakat bâtın ilmi ise gizli, anlaşılması güç ve gereğini işlemek zordur. Bâtın ilmi ile kadılık ve reislik gibi dünyâ mevki'i, mansab ve servetlerine ulaşmak zordur. Şerî'atte makbûl olan «fıkıh» ilminin ismi vâsıtasiyle, Şeytan da bu ilmi onlara güzel göstermeğe yol buldu.

İKİNCİ LÂFZ: İlim, lâfzıdır. Aslında, Allahu Teâlâ'nın zâtını âyetlerini ve yaratıklarına olan muâmelesini bilmeğe, ilim denirdi. Hattâ Hazret-i Ömer'in (R.A.) ölümünde İbn Mes'ûd (R.A.): «İlmin onda dokuzu öldü.» dediği vakit ilim kelimesini «El-ilmu» şeklinde L [Lâm] ile ma'rife olarak getirdi ve bu ilmi de Allahu Teâlâ'yı bilmek ile açıkladı. Halbuki onlar bu kelimeyi de husûsî mânâda kullanmakla değiştirdiler. Çok kere ilim kelimesini fıkıh ve diğer mes'elelerde karşılıklı münâzara mânâsında kullandılar da, bu gibilere: Hakiki âlim, fuhûl-i ulemâ [âlimlerin üstünü] dediler. Bu gibi mücâdeleye giremiyenler ise gerçek bilginlerden sayılmayıp alelâde bilginler meyânında kaldı. İşte bu da ilim kelimesinde değişiklik ve onu husûsî mânâda kullanmaktır. Halbuki Kur'ân ve hadîsde fazîletlerinden bahsedilen bilgi ve bilginler Allahu Teâlâ'nın zâtını, ahkâm, ef'âl ve sıfatlarını bildiren ilim ve âlimlerdir. Şimdi şeri'at ilimlerini lâyıkiyle kavramamış, ancak mantık yoluyla mücâdeleye girip hasmını ilzâma kalkışan kimselere bu isim verildi. Tefsîr, hadîs ve mezhep ilimlerinde câhil olduğu hâlde, bu gibiler üstün bilgin mânâsında «âlimlerin erkeği» diye sayıldı ve bu hâl pek çok ilim tâlibinin helâkine sebeb oldu.

ÜÇÜNCÜ LÂFZ: «Tevhîd» dir. (Tevhîd, aslında bütün kemâl sıfatlariyle Allahu Teâlâ'nın birliğini bilmek iken) şimdi kelâm ilminden ve mücâdele yollarını bilmekten, hasmın delîllerini çürütmeyi iyice anlamaktan, bir çok şüpheler ortaya koyacak soruları, çenelerini eğe - büke cevâplandıracak kudrette olmaktan ve hasmı ilzâm için delîller tertîp etmekten ibâret olduğunu sandılar. Hattâ bunlarla uğraşanlardan bir kısmı (Mu'tezile) kendilerine «Adl ve tevhid ehli» ünvânını verdiler. Kelâmcılara da «Tevhîd bilginleri» adını verdiler. Halbuki asr-ı evvelde [Sahâbe ve Tâbi'in devrinde] kelâm ilminin bütün husûsiyetlerinden hiç biri bilinmiyordu. Hattâ böyle mücâdele mevzûu açmak isteyenler şiddetle reddedilirdi. Ama Allahu Teâlâ'nın birliğini ifâde eden ve ilk duyuşda kolaylıkla anlaşılan Kur'ân âyetleri ise hepsinin malûmu idi. Kur'ân-ı Kerîmi bilmek, her şey bilmek demekti. Birinci asırdakilere göre: Tevhid, ekseri kelâmcıların anlayamıyacağı ve şâyet anlayan olursa onunla vasıflanamıyacağı başka bir mânâda idi. O da: Vâsıta ve sebeblere yönelmiyecek şekilde her şeyi Allahu Teâlâ'dan bilmektir. Ehl-i tevhîd hayrı da şerri de ancak Allahu Teâlâ'dan bilir. Bu öyle yüce bir makaamdır ki, bunun meyvelerinden birisi de ileride husûsî bâbında açıklanacak olan «tevekkül»dür. Bunun neticelerinden birisi de insânlardan şikâyette bulunmamak, onlara kızmamak ve her işde Allahu Teâlâ'ya teslim olup

www.ihya.org

hükmüne rızâ göstermektir. Bu mânâda tevhîd'in bir meyvesi, Ebû Bekir'in (R.A.) hastalığı sırasında «tabîb getirelim» diyenlere :

— Beni hastalandıran tabîbdir, diye verdiği cevâpta görülür. Diğer bir zât da (yine Ebû Bekir'dir) hastalanınca :

— Tabîb hastalığına ne dedi? sorusuna cevâp olarak :

— Dilediğimi yaparım, dediğini söyledi. Bütün bunların delilleri tevhîd ve tevekkül bahislerinde gelecektir.

Tevhîd, iç içe iki perdesi olan kıymetli bir cevherdir. İnsânlar özü tamâmen unuttular da dışındaki kabuğa ve kabuğu korumağa tevhîd ismini verdiler. Birincisi yâni dış kabuk veyâ perde: Dil ile LÂ - İLÂHE İLLÂ'LLAH demektir ki buna, Hıristiyanların tasrîh ettikleri teslîsi bozan tevhîd adı verilir. Fakat bu tevhîd, içi dışına uymayan münâfıkdan da duyulabilir. İkinci perde : Dil'in söylediği bu tevhîd'i kalbin inkâr etmemesi, belki bunu, inanıp tasdîk etmesidir. Bu ise **avâm** tabakasının tevhîdidir. İşte kelâmcılar, tevhîd cevherinin bu iç kabuğunu bid'adcilerin karıştırmasından koruyabilirler. Üçüncüsü ki özdür, vâsıta ve sebeblere iltifâttan insânı alıkoyacak şekilde her şeyi Allahu Teâlâ'dan bilmek ve ibâdetini yalnız ona tahsîs edip başkasına kulluk etmemektir. Hevâ ve hevesinin ardından sürüklenenler nefislerini ma'bûd tanıdıklarından bu tevhîd dışında kalırlar. Nitekim Allahu Teâlâ bu gibiler hakkında:

«أَفَرَأَيْتَ مَنِ اتَّخَذَ إِلٰهَهُ هَوَاهُ»

«Nefislerini ilâh tanıyanları görür müsün?» (45 Câsiye : 23) buyurmuştur. Peygamber Efendimiz de bu gibiler hakkında :

«أَبْغَضُ إِلٰهٍ عُبِدَ فِي الْأَرْضِ عِنْدَ اللّٰهِ تَعَالَى هُوَ الْهَوَى»

«Yeryüzünde tapılan tanrılardan, Allahu Teâlâ'nın en çok buğz ettiği hevâ-i nefs'dir.» (83)

buyurmuştur. Gerçek şu ki: İyi düşünen kimse, put'a tapan kişinin de hevâ-i nefsine tapmış olduğunu anlar. Çünkü gönül ata dînine meyleder işte o kişi de nefsinin meyline uymuş olur. Zâten «HEVÂ» kelimesinin bir mânâsı da, nefsin alışkın olduğu şeylere doğru eğilmesidir. İnsânlara kızmak ve insânlara yönelmek de bu tevhîd dışında kalır. Çünkü her şeyin Allahu Teâlâ'dan olduğunu bilen kimse, başkasına ne kızar, ne de bir şey umarak iltifât eder. İşte tevhîd bu ma-

(83) Taberânî, Ebû Umâme'den.

www.ihya.org

kaamdan ibârettir. Bu makaam da sıddîkler makaamıdır. Düşün de bak, şimdi tevhîd'i nasıl değiştirdi ve hangi kabuğu ile iktifâ ettiler de, öğülme mânâsından iflâs etmiş olan tevhîd'in öğülen ismine dayanarak nasıl bunu öğülme ve üstünlük vesîlesi tanıdılar. Bu hâl sabâhleyin erkenden abdest alarak kıbleye dönüp: «Yüzümü, yerleri, gökler yaratan Allah'a yönelttim.» dediği hâlde kalbi Allahu Teâlâ'ya yönelmiyen kimsenin her gün yalan söylemesiyle namâza başlamasıncaki iflâs eden hâline benzer. Eğer: «Yüzümü Allah'a yönelttim» dediğinde «yüz» kelimesinden gerçek yüz'ünü murâd ediyorsa çok fenâ çünkü yüzünü Allahu Teâlâ'ya değil, diğer yönlerden alarak Kâ'be'ye çevirmiştir. Kâ'be ise, yerleri, gökleri yaratan'ın yönü değil ki, onya dönen Allahu Teâlâ'ya yönelmiş olsun. Allahu Teâlâ, yönden ve mekân'dan münezzehdir.

Eger kalbini Allahu Teâlâ'ya çevirdiğini kasdediyorsa - ki zâten aranan ve kendisiyle ibâdet yapılmak istenen de kalb'dir - bunu böyle söyleken kalbi başka yönlerde, maddî ihtiyâçları ve sebebleri çoğaltarak mâl ve mevki' edinmek için hileler peşinde ve tamâmiyle bunlara yönelmiş bir şekilde ise, yerleri, gökleri yaratan Allahu Teâlâ'ya nasıl ve ne zaman yönelmiş oluyor? Halbuki: «Yüzümü, yerleri ve gökler yaratan Allahu Teâlâ'ya yönelttim» cümlesi tevhîd'in gerçekliğinde haber veren bir cümledir. Tevhîd eden, ancak biri görür ve ancak bire (Allah'a) yönelir ki, bu da Allahu Teâlâ'nın:

«قُلِ ٱللَّهُ ثُمَّ ذَرْهُمْ فِي خَوْضِهِمْ يَلْعَبُونَ»

«Allah'ı de de, onları bırak kendi bâtıl sözlerinde eğlensinler.» (6 - En'âm: 91

fermân-ı celîlesine uymak demektir; yalnız dil ile konuşmak demek değildir. Dil, kâbe tercümândır. Bâzan doğru ve bâzan da yalancı olur. Allahu Teâlâ'nın nazargâhı, dil'in tercümânı olduğu kalb'dir. Tevhîd'in kökü ve kaynağı da bu kalb'dir.

DÖRDÜNCÜ ÂFZ: Zikr ve tezkir'dir. Zikr hakkında Allahu Teâlâ:

«وَ ذَكِّرْ فَإِنَّ ٱلذِّكْرَىٰ تَنفَعُ ٱلْمُؤْمِنِينَ»

«Hâtırlat, hâtırlamak mü'minlere fayda verir.» (51 - Zâriyat: 55) buyurmuştur. Zikr meclislerini öğen bir çok hadisler vardır. Nitekim bir hadîs'inde eygamber Efendimiz şöyle buyurur:

www.ihya.org

«إِذَا مَرَرْتُمْ بِرِيَاضِ ٱلْجَنَّةِ فَٱرْتَعُوا. قِيلَ: وَمَا رِيَاضُ ٱلْجَنَّةِ؟ قَالَ مَجَالِسُ ٱلذِّكْرِ»

«—Cennet bahçelerine uğradığınızda faydalanın - çiçek'erini koklayın - buyurunca sordular :
— Cennet bahçeleri hangileridir,
— Zikr meclisleri, buyurdular.» (84)

Diğer bir hadîs-i şerîfde şöyle buyuruluyor:

«إِنَّ لِلّٰهِ تَعَالَى مَلَائِكَةً سَيَّاحِينَ فِي ٱلدُّنْيَا سِوَى مَلَائِكَةِ ٱلْخَلْقِ إِذَا رَأَوْا مَجَالِسَ ٱلذِّكْرِ يُنَادِي بَعْضُهُمْ بَعْضًا أَلَا هَلُمُّوا إِلَى بُغْيَتِكُمْ فَيَأْتُونَهُمْ وَيَحُفُّونَ بِهِمْ وَيَسْتَمِعُونَ، أَلَا فَٱذْكُرُوا ٱللّٰهَ وَذَكِّرُوا أَنْفُسَكُمْ»

«Gerçek, Allahu Teâlâ'nın, insânlar için yarattığı meleklerden başka, bir de seyahat eden melekleri vardır. Zikr meclislerini buldukları vakit arkadaşlarını: "Geliniz, aradığınız burada" diye çağırırlar, toplanır, onları kuşatır ve dinlerler. Ey - ümmetim - Allah'ı anın ve nefsinize hâtırlatın.» (85)

İşte şu zikri zamâne vâizlerinin çoğu, gördüğünü gibi, kısas, eş'âr, şath ve tâmât olmak üzere dört şeye çevirdiler ve onlara devâm ettiler.

Kıssalar ve hikâyeler, bid'attir. Önce gelen âlimler kıssaları dinlemekten men'ederek, Hazret-i Peygamber, Ebû Bekir ve Ömer devrinde olmadığını, sonradan fitnenin zuhûriyle kıssaların da şâyi' olduğunu söylemişlerdir.

Rivâyet olundu ki, birgün İbn Ömer ('A.) mescidden çıktı ve : «Beni mescidden çıkaran şu hikâyeci konuştur; eğer o olmasaydı ben de çıkmazdım.» dedi.

(Şam Müftüsü) Zamre, Sufyân-ı Sevrî'ye:

— Hikâyeleri dinleyelim mi? diye sorunca Sufyân:

— Bid'atlere (Yönünüzü değil) arkanızı çevirin, diye cevâp verdi

(Horasanlı) İbn Avn diyor ki: «İbn Sîrîn'i ziyâret ettim. İbn Sîrîn:

— Bu gün ne haber var, diye bana sordu. Ben de:

— Pâdişah, hikâyecilerin hikâye anlatmalarını yasak etti, dedim. İbn Sîrîn:

— Doğru harekette bulundu, dedi.»

A'meş, Basra câmi'lerinden birine girdi. Orada bir hikâyeci:

— A'meş bize böyle anlattı, diyerek hikâyesine devâm ediyordu. A'meş bunu görünce dinleyiciler arasına girdi ve koltuklarını yolmağa başladı. Bunu gören hikâyeci:

— Ey ihtiyar, (İlim meclisinde bu hareketten) utanmıyor musun? deyince, A'meş:

— Neye utanayım, ben temizlik yapmakla sünneti işliyorum, sen ise yalan konuşuyorsun, işte A'meş dediğin benim, ben sana ne zamân böyle bir şey anlattım, dedi. Ahmed (b. Hanbel): «En çok yalan söyleyenler, kıssacılar ile fazla soru soranlardır» demiştir.

Hazret-i Ali (R.A.), hikâyecileri Basra câmi'lerinden çıkarmış, fakat Hasan-ı Basrî'yi dinleyince, ona birşey dememiştir. Çünkü Hasan-ı Basrî, âhiret ilmini, ölümü düşünmeği, kendi kusûrlarını düzeltmeği, amellerin âfetlerini, Şeytan'ın vesvesesini ve ondan korunma çârelerini anlatıyor, Allahu Teâlâ'nın nimetlerini ve bu nimetlerin şükrünü edâdaki kusûrları hâtırlatıyor, Dünyâ'nın âdiliğini, ayıplarını, devâmı olamıyacağını, vefâsızlığını, âhiret'in tehlike ve çetinliklerini açıklıyordu ki, işte şer'an öğülen ve Ebû Zerr'in rivâyetiyle teşvik edilen va'z da budur.

Şöyle ki, Peygamber Efendimiz:

«حُضُورُ مَجْلِسِ ذِكْرٍ أَفْضَلُ مِنْ صَلَاةِ أَلْفِ رَكْعَةٍ. وَحُضُورُ مَجْلِسِ عِلْمٍ أَفْضَلُ مِنْ عِيَادَةِ أَلْفِ مَرِيضٍ. وَحُضُورُ مَجْلِسِ عِلْمٍ أَفْضَلُ مِنْ شُهُودِ أَلْفِ جَنَازَةٍ. فقيل: يَا رَسُولَ اللهِ: وَمِنْ قِرَاءَةِ ٱلْقُرْءَانِ؟ قال: وهل تَنْفَعُ قِرَاءَةُ ٱلْقُرْءَانِ إِلَّا بِٱلْعِلْمِ؟»

www.ihya.org

«"Zikr ve ilim meclisinde bulunmak, bin rek'at namâzdan, bin hastayı ziyâretten ve bin cenâzeyi teşyî'den efdaldir." buyurunca :

— "Yâ Resûla'llah, Kur'ân okumaktan da üstün müdür?" diye soruldukta :

— "Kur'ân ancak ilim ile fayda verir." buyurmuştur.» (86)

Atâ (R.A.) : «Bir zikr meclisi, yetmiş eğlence meclisinin günâhını bağışlatır.» buyurmuştur. İçi berbat dışı yaldızlı olan kimseler bu gibi hadîsleri kendilerini tezkiyeye mesned ederek va'z ve tezkîr adını kendi hurâfelerine [boş sözlerine] verdiler. Böylece öğülen zikrin yolunu unuttular da ziyâde ve noksân ile birbirini tutmayan kıssalar ile uğraşarak Kur'ân'daki kıssalardan ayrıldılar. Hikâyelerin faydalısı olmakla berâber, doğru da olsa bâzılarının zararı vardır. Hikâyeciliği şi'âr edinenler, doğruyu, yalanı, kâr ve zararı birbirine katarlar. Bu sebepten hikâyecilik yasak edilmiştir. Bunun için **Ahmed b. Hanbel** (R.A.) : «Doğru da söylese, hikâyeciye ihtiyaç yok» demiştir.

Kıssacı doğruyu söyler ve kıssaları din ile alâkalı, Peygamberlere âit kıssalardan olursa bu gibi kıssaları anlatmakta beis yoktur. Hikâyeci yalandan, bâzı büyüklerin zelle ve ihmâlini andıran, avâmın, mâhiyetini, kavrayamıyacağı hikâyelerden son derece çekinmelidir. Çünkü avâm tabakası bu gibi hikâyelerden cesâret alarak «Ne yapalım, ben kusûrlu isem benden çok büyük olan şu zâtlar bu şeyhler de şöyle böyle hatâlar işlemiştir. Binâen_aleyh hepimiz kusûrluyuz» demekle kendisini ma'zûr göstermeğe çalışır ve bu gibi hikâyeler onları isyâna teşvik eder. Şu iki mahzûrdan, yâni yalandan ve anlaşılması güç olan hikâyelerden kaçınmak şartiyle kıssa anlatmakta beis yoktur. Zâten bu mahzûrlar kalkınca kıssalar da, sahih kitâblarda ve Kur'ân'da bulunan makbûl kıssalardan olur.

Bâzı kimseler yalan da olsa halkı hakka da'vettir zanniyle, ibâdeti teşvik eden zayıf hikâyeleri anlatmayı tecviz ederler. Halbuki bu, Şeytân'ın fitnesidir. Zîra doğrunun sâhası yalandan geniştir. Allahu Teâlâ'nın, Kur'ân-ı Kerîm'de ve Peygamber Efendimizin mübârek hadîs'lerinde anlattıkları kıssaların, va'zlarda uydurmalara ihtiyâcı yoktur. Nasıl ihtiyâcı olsun ki, va'zlarda yapmacık cümleler ve uydurmacık kelimelerle kafiyeli konuşmalar bile yasak edilmiştir. **Sa'd b. Ebî Vakkas**'ın kafiyeli konuşan oğlu **Ömer**, bir ihtiyâcı için kendisine geldiği vakit : «Senin böyle konuşman beni kızdırdı. Tevbe etmedikçe dileğini aslâ yerine getirmem.» dedi.

(86) Birinci Bâb'da geçmiştir.

Üç kelimede secî' yapan İbn Revâha'ya Peygamber Efendimiz:

«إِيَّاكَ وَالسَّجْعَ يَا ابْنَ رَوَاحَةَ»

«Sakın secî'li konuşma ey Revâhe oğlu.» (87)
demiştir:

Kaçınılması gereken secî' iki kelimeden fazla olanıdır. Bunun için (Haml b. Nâbiga) düşük çocuğun diyeti ile alâkalı olarak: «Yemeyen, içmeyen, ağlamayan ve sesi çıkmayan için nasıl diyet verelim? Bu hederdir.» deyince ve bu ibâredeki kelimeleri secî'li olarak ifâde edince, Peygamber Efendimiz:

«أَسَجْعٌ كَسَجْعِ الْأَعْرَابِ!»

«A'rab'ın secî'li konuşması gibi var mı?.» (88)
buyurdular.

Şi'rlere gelince: Bunların da va'zlarda çok söylenmesi uygun değildir. Allahu Teâlâ buyuruyor:

«وَالشُّعَرَاءُ يَتَّبِعُهُمُ الْغَاوُونَ. أَلَمْ تَرَ أَنَّهُمْ فِي كُلِّ وَادٍ يَهِيمُونَ»

«Şâirler, bunların arkasına da çapkınlar, sapkınlar düşer. Görmez misin bunlar her vâdide hayran olurlar?.» (26 - Şu'arâ: 224 - 225)

Yine Allahu Teâlâ buyuruyor:

«وَمَا عَلَّمْنَاهُ الشِّعْرَ وَمَا يَنْبَغِي لَهُ»

«Ve ona (Peygamber'e) şiir öğretmedik ve ona yakışmaz!» (36- Yâsîn: 69)

Vâizlerin okuduğu şi'rlerin, çoğu aşkı, ma'şûkun cemâlini visâl'in huzûrunu ve ayrılığın acısını anlatan şeylerden ibârettir. Halbuki dinleyenlerin çoğu, gönülleri güzel sûretlere meyyâl avâm tabakası

(87) Bu ifade ile bulunamamıştır.

www.ihya.org

insanlardır. Bu gibi şi'rler, ancak onların gönüllerdeki aşklarını harekete geçirir, şehvetleri tutuşur, coşar ve kaynaşırlar. Bu gibi şi'rlerin çoğu belki hepsi, dini ifsâd eder. Yakışık alan, bu gibi şi'rleri değil, belki da'vâsına delil olacak, nasihat ve hikmet olan şi'rleri okumaktır. Nitekim Peygamber Efendimiz:

«إِنَّ مِنَ الشِّعْرِ لَحِكْمَةً»

«Gerçekten, şi'rlerden bâzıları hikmettir.» (89)

buyurmuştur.

Eğer dinleyicilerin hepsi, Allah sevgisine dalmış havas tabakası olup meclisde başkası bulunmazsa o zamân, dış görünüşü insânlara, (Gerçekde ise Allah'a) işâret eden beyitleri okumakda beis yoktur. Çünkü her dinleyici, duydukların: gönlünün isteğine göre anlar. Semâ' bahsinde bunun hakikati anlatılacaktır. Bunun içindir ki, Cüneyd, dâima on kişi civârındaki topluluğa hitâb ederdi. Cemâati yirmiyi bulsa, daha fazla konuşmazdı. Bu sebepten bir kere olsun cemâati yirmiyi bulmamıştır.

(Basra'lı) İbn Sâlim'in evi önüne kalabalık bir cemâat toplandı. «Bunlar senin adamlarındır, konuşmanı istiyorlar, konuş.» dediler. İbn Sâlim: «Bunlar benim adamlarım değil, meclisin adamlarıdır, benim dostlarım havâsstandır.» dedi.

Şath'a gelince, şath kelimesinden, bâzı sôfiyyenin icâd ettiği iki sınıf kelâmı kasd ediyoruz.

1 — Allahu Teâlâ'ya olan aşklarını ifâde eden lüzûmsuz sözler ve zâhiri amellerden müstağnî kılan vuslât iddiâlarıdır. Hattâ bâzıları Allahu Teâlâ ile birleşip aralarından perdenin kalktığı, Allahu Teâlâ'yı gördüklerini ve ilâhî hitâb'a mazhar olduklarını iddiâ edecek kadar ileri gitmişlerdir. Onlar: «Bize Allah tarafından böyle söylendi, biz de böyle dedik» demekle kendilerini bu gibi sözleri yüzünden i'dam edilen Hüseyn b. Hallâc-ı Mansur'a benzetmek istediler ve onun «Ene'l-hak» sözü ile Bâyezîd-i Bistâmî'nin «Subhânî, Subhânî» (kendimi tesbih ederim, kendimi tesbih ederim) demesini de delil gösterdiler. Bu nevi' sözlerin avâm üzerinde büyük zararları vardır. Hattâ bu sebepten bir çok çiftçiler rençberlikden ayrıldı ve bu gibi da'vâlar ile meşgûl oldular. Çünkü insân tabiati bu gibi sözlerden zevk alır.

(89) Buhâri, Ubeyy b. Kâb'dan.

www.ihya.org

Bu iddiâlarda, amelsiz yüksek makam ve hâllere ulaşmak sûretiyle nefsi tezkiye var. Ahmaklar bu gibi iddiâlardan çekinmez. Bu gibi muzahraf sürçmeleri söylemekten de kaçınmaz. Bu sözleri reddedildiği vakit de «Bize karşı inkâr'ın kaynağı, ilim ve cedeldir; ilim perde, cedel ise benlik işidir. Bizim sözlerimiz ise hak nûrunun tecellîsiyle içden doğan sözlerdir» demekten çekinmezler.

Bu ve benzeri sözler her tarafı istilâ etti ve avâm tabakasına çok büyük zararları dokundu. Hattâ bu gibi sözleri konuşanları öldürmek, Allahu Teâlâ'nın dininde on kişiyi yaşatmaktan daha efdaldir.

Ebû Yezîd-i Bistâmî'ye gelince: Evvelâ ona izâfe edilen bu gibi rivâyetler doğru değildir. Eğer hakîkaten kendisinden böyle bir şeyler duyulmuşsa belki bunları Allahu Teâlâ'dan hikâye yoluyla söylüyor. Bunları kendine mal etmek doğru olamaz. Nitekim:

«إِنَّنِي أَنَا اللهُ لَا إِلٰهَ إِلَّا أَنَا فَاعْبُدْنِي»

«Gerçek ibâdete lâyık Allah, benim, bana ibâdet edin.» (20 - Tâhâ: 14)

âyet-i celîlesini onun ağzından duyduğumuzda bunu kendine mâl etmek doğru olamıyacağı gibi.

2 — **Şath**'ın ikinci mânâsı, anlaşılmayan kelimelerden meydâna gelen ve hiç bir kârı olmayan üstü kapalı korkunç bir takım ibârelerdir. Bunun iki sebebi var: Ya akli muvâzenesinin bozulması ve hayâlinin karışmasından ağzından çıkanı kulağının duymaması sebebiyle ne dediğini kendisinin de bilmemesidir ki, çokları böyledir. Veyâhud bir şeyler anlayıp cehâleti sebebiyle anladığını kalıplandırıp ifâde edecek kelimeler bulamadığındandır. Bu gibi sözlerde bir fayda yoktur. Çünkü bu sözler, kalbi bulandırır, aklı şaşırtır, zihinleri hayrete düşürür veyâ dinleyenleri murâd olunmayan mânâları anlamağa sevk eder de herkes kendi kabiliyyetine göre te'vîllerde bulunur. Halbuki Peygamber Efendimiz şöyle buyurmuşlardır:

«مَا حَدَّثَ أَحَدُكُمْ قَوْمًا بِحَدِيثٍ لَا يَفْقَهُونَهُ إِلَّا كَانَ فِتْنَةً عَلَيْهِمْ»

«Sizden biriniz bir cemâate, anlayamayacağı şekilde hitâb ederse, o söz cemâatte fitne uyandırır.» (90)

(90) Ukayli «Zuafâ»da.

www.ihya.org

Yine Peygamber Efendimiz şöyle buyuruyorlar:

«كَلِّمُوا النَّاسَ بِمَا يَعْرِفُونَ وَدَعُوا مَا يُنْكِرُونَ، أَتُرِيدُونَ أَنْ يُكَذَّبَ اللهُ وَرَسُولُهُ؟»

«İnsânlara, anladıklarını söyleyin, anlamadıklarını terk edin, Allah ve Resûlünün yalanlamasını mı istersiniz?» (91)

İşte anladığını anlatamıyanların hâli budur : Anlamadan Konuşmak ise aslâ câiz **değildir. İsâ** (aleyhi's-selâm): «Hikmeti ehli olmayana vermeyin, hikmete zulm edersiniz; ehlinden esirgemeyin, ehline zulmedersiniz. İlâcı yara üzerine koyan tabib gibi olunuz.» buyurmuştur. Diğer bir ifâde ile hikmeti ehli olmayana vermek cehâlet; ehline vermemek ise zulümdür. Hikmet'in hakkı olduğu gibi ehli de vardır. Her hakk sâhibine hakkını veriniz.

Tâmmât denen lüzûmsuz sözlere, şath bahsinde anlatılanlar katıldığı gibi ayrıca muâyyen bir mânâsı da vardır. O da şer'î sözleri, anlaşılan mânâlarından alıp da hiç bir faydası olmayan anlaşılmaz mânâlara nakletmektir. Bâtınî'lerin te'vîl âdetleri gibi. Bunun da İslâm dininde harâm ve zararı çok büyüktür. Çünkü Sâhib-i Şerî'atten bir haber olmaksızın ve akıl delâletinin icab ettirdiği bir zarûret bulunmadan, lâfızların mânâlarını değiştirmek sözlere olan i'timâdı çürütür, Allahu Teâlâ ve Peygamber (S.A.) kelâmının değeri kaybolur. (Çünkü kulluğumuzu, bu emirlerin zâhir mânâlarına göre ayarlıyoruz). Bunların iddiâsına göre, anlaşılan mânâya güvenmemek gerekir. Bâtın mânâ için bir kaide yoktur. Herkesin uydurmasına göre ayrı ayrı tevcihlere gidilebilir. İşte bu da İslâm dinine büyük zararı olan bid'atlerdendir. Bunun sâliklerinin gâyesi, insân tabiatı garabete meylettiği ve bundan lezzet aldığı için, garîb şeyler ortaya koymakla zâhirini te'vîl ederek, şerî'ati yıkmak ve insânları kendi bâtın ve bâtıl inançlarına çevirmektir. Nitekim bâtıniyyeyi red için tasnîf edilen «MUSTAZHARİYYE» adındaki eserimizde bunu anlattık.

Bu tâmmât ehlinin Kur'ân'ı te'villerinden bâzı örnekler:

«اذْهَبْ إِلَىٰ فِرْعَوْنَ إِنَّهُ طَغَىٰ»

«Fir'avn'a git; o, azdı.» (20 - Tâhâ: 24).

(91) Buhârî, Ali'den.

www.ihya.org

Bunlar diyorlar ki, «FİR'AVN» kelimesinden gâye, kalb'dir. Çünkü insân üzerine tuğyan eden kalb'dir.

«وَأَنْ أَلْقِ عَصَاكَ»

«Ve asânı [değneğini] at, bırak.» (28 - Kasas : 31)

Buna da yaptıkları te'vîl «Allahu Teâlâ'dan başka dayandığın her şey'i bırak» şeklindedir.

Hadîsleri te'villerinden bâzı örnekler :

«تَسَحَّرُوا فَإِنَّ فِي السُّحُورِ بَرَكَةً»

«Ramazan'da gece yemeğine kalkınız, çünkü onda bereket vardır.» (92)

Onlara göre: «Geceleri tevbe edin.» mânâsındadır. Buna benzer bir çok te'vîlleri var. Hattâ Kur'ân'ı baştan sonuna kadar te'vîl etmişler ve zâhir mânâsından, İbn Abbâs'dan ve diğer âlimlerden rivâyet edilen mânâlardan ayrılmışlardır. Bu te'villerin bâzılarının bâtıl olduğu kat'î olarak anlaşılır. **«Fir'avn»** kelimesine «kalb» mânâsı vermek gibi. Çünkü Fir'avn'ın görülen bir insân olup Mûsa'nın (A.S.) kendisini da'vet ettiği, târîhin şehâdetiyle bize kadar gelen bir gerçektir. Ebû Cehl ve Ebû Leheb de bunun gibi. Bunlar göz ile görülemeyen, Şeytân veyâ meleklerden değiller ki te'vîl yolları aransın. «SÜHÛR» kelimesini istiğfâr ile te'vîl etmek de bunun gibidir. Çünkü bizzât Peygamberimiz gece yemeği yer ve: «Yeyiniz» buyururdu.

Nitekim diğer bir hadis'i şerîfde de şöyle buyuruluyor:

«هَلُمُّوا إِلَى الْغَدَاءِ الْمُبَارَكِ»

«Mübârek gıdâya [gece yemeğine] buyurun.» (93)

İşte bu te'villerin bâtıl oldukları tevâtür ve hiss ile bilinir. Diğer bâzılarının butlânı da zann-i gâlib ile bilinir ki, bunlar hâsseler ile anlaşılı olmayan şeylerdir. Bütün bu gibi te'villerin hepsi harâm ve sapıklık ve insânların dînini ifsâd etmektir. Bu gibi bâtıl te'viller ne

www.ihya.org

Sahâbe ve ne de Tâbiinden ve ne de insânlara vâz u nasihate düşkün olan Hasan-ı Basri gibi zevâttan rivâyet edilmiştir. Tamâmen uydurmadırlar. Eğer bu gibi te'viller câiz olsaydı, o zamân Peygamber Efendimizin şu hadîs-i şerifinin bir mânâsı kalmazdı:

«مَنْ فَسَّرَ ٱلْقُرْءَانَ بِرَأْيِهِ فَلْيَتَبَوَّأْ مَقْعَدَهُ مِنَ ٱلنَّارِ»

«Kur'ân-ı Kerim'i kendi arzûsuna göre tefsîr eden Cehennemdeki yerine hazırlansın.» (94)

Bu hadîs'den, Kur'ân'ın, düşünce ve istinbat ile tefsîrini yapmamak gerektiği mânâsını anlamak doğru olmaz. Çünkü öyle âyetler var ki, bunlar hakkında Sahâbe ve müfessirlerden beş, altı ve hattâ yedi'ye kadar mânâlar rivâyet edilmiştir ve bütün bu mânâların hepsi de Peygamber'den duyulmadığı bilinen bir gerçektir. Hattâ bu mânâlar te'lif edilemiyecek şekilde ayrı ayrı da olabilir. Şüphesiz bunlar iyi anlayış ve uzun düşüncenin mahsûlüdür. Bu sebebdendir ki Peygamber Efendimiz, (Abdullah) b. Abbas (R.A.) hazretleri için:

«ٱللَّهُمَّ فَقِّهْهُ فِي ٱلدِّينِ وَعَلِّمْهُ ٱلتَّأْوِيلَ»

«Allah'ım, sen o'nu dinde anlayışlı kıl ve te'vîli o'na öğret.» (95) diye duâ etmiştir.

Yaratıkları, yaradan'a dâvet ediyorum zanniyle, bilerek lâfızları murâd olmayan bu gibi te'villere çevirmeği uygun gören ehl-i tâmmât, hadd-i zâtinde doğru olan bir sözü, Peygamberimiz söylemediği hâlde söyledi deyip ona isnâd edenlere benzerler. Doğru olan her mes'eleye bir hadîs uyduran gibi, bu ise zulüm ve sapıklık, üstelik Peygamber Efendimizin:

«مَنْ كَذَبَ عَلَيَّ مُتَعَمِّدًا فَلْيَتَبَوَّأْ مَقْعَدَهُ مِنَ ٱلنَّارِ»

«Bir kimse, benim söylemediğimi, kasden, söyledi diye bana isnâd ederse Cehennemdeki yerine hâzırlansın.» (96)

hadîsindeki hâle düşmektir. Hattâ bu te'villerin fenâlığı, bu gibi isnâdlardan, daha çok ve daha büyüktür. Çünkü bu gibi te'viller, elfâza olan i'timâdı sarsar ve Kur'ân-ı Kerîm'den istifâde yollarını tamâmen keser.

Verilen bu izâhattan, Şeytân'ın insânları öğülen bilgilerden yerilen bilgilere nasıl yönelttiğini öğrenmiş oldun. Bütün bunlar, fenâ bilginlerin ilimlerin adlarını kendi arzûlarına göre tefsir edip karıştırmalarındandır. İlk asırda bu isimlerden maksadın hangi ilimler olduğunu aramadan ve bilmeden meşhûr isimlere güvenerek bu zümreye uymak, şeref ve hikmeti, mesleği değil de, sâdece adı hakîm olan bir kimseden beklemek gibidir. Bu asırda tabîb'e de, şâir'e de, müneccime de hakîm denmektedir. Bu da, lâfızların değişmesini unutmaktandır.

BEŞİNCİ LÂFZ : «Hikmet» sözüdür.

Tabîb'e, şâir'e, müneccim'e ve hattâ çok daha düşük kimselere de «hakîm» ismi verilmektedir. Halbuki hikmet, Allahu Teâlâ'nın öğdüğü şeydir. Nitekim Kur'ân-ı Kerîm'de buyuruluyor:

«يُؤْتِي ٱلْحِكْمَةَ مَنْ يَشَاءُ وَمَنْ يُؤْتَ ٱلْحِكْمَةَ فَقَدْ أُوتِيَ خَيْرًا كَثِيرًا»

«Hikmet'i dilediğine verir; hikmet kendisine verilen çok hayır elde etmiştir.» (2 - Bakara: 269)

Peygamber Efendimiz bir hadîs'inde şöyle buyuruyor:

«كَلِمَةٌ مِنَ ٱلْحِكْمَةِ يَتَعَلَّمُهَا ٱلرَّجُلُ خَيْرٌ لَهُ مِنَ ٱلدُّنْيَا وَمَا فِيهَا»

«Hikmetten bir kelime öğrenmek, bütün varlığıyle dünyâ'dan hayırlıdır.» (97)

Düşün bak, birinci asırda hikmet ne idi ve şimdi nereye nakledildi. Diğerlerini de buna benzet ve fenâ bilginlerin karıştırmalarından kendini koru. Bu gibi fenâ bilginlerin din'e olan zararları, Şeytânların zararlarından çoktur. Çünkü Şeytânlar (kendi başlarına bir şey yapamazlar.) bunların aracılığıyla Müslümânların îmanını alma-

ğa çalışırlar. Bunun için Peygamber Efendimize, «insânların en fenâsı kimdir?» diye sorulduğu vakit cevâp vermek isıtemedi ve «Allahümme gafren» [Allah'ım, mağfiret et.] buyurdu. Tâ ki tekrâr tekrâr sordular :

«لما سئل رسول الله صلي الله عليه وسلم عن شر الخلق آبى وقال: «اَللّٰهُمَّ غَفْرًا» حتى كرروا عليه فقال: «هُمْ عُلَمَاءُ السُّوءِ»

«Onlar, fenâ âlimlerdir.» (98)

buyurdu.

İşte öğülen ve yerilen bilgileri ve birbirine karışmalarının sebeblerini öğrendin. Serbestsin istersen aklını başına alır, Sahâbe ve Tâbi'îne uyarsın, dilersen ucub ve kibir ipine sarılır da bu gibilerin peşinden gidersin.

Selef'in kabûl ettiği ilimlerin çoğu kayboldu. İnsânların daldıkları ilimler ise hep sonradan îcâd edilmiş şeylerdir. Elbette ki, Peygamber Efendimizin şu mübârek sözü doğrudur :

«بَدَأَ ٱلْإِسْلَامُ غَرِيبًا وَسَيَعُودُ غَرِيبًا كَمَا بَدَا فَطُوبَىٰ لِلْغُرَبَاءِ» فقيل: ومن الغرباء؟ قَالَ ٱلَّذِينَ يُصْلِحُونَ مَا أَفْسَدَهُ ٱلنَّاسُ مِنْ سُنَّتِي. وَٱلَّذِينَ يُحْيُونَ مَا أَمَاتُوهُ مِن سُنَّتِي»

«İslâm dini garîb olarak doğdu ve doğduğu gibi garîb olarak sönecektir. Garîblere müjde olsun. Garîbler kimdir? sorusuna cevâp olarak: «Benim sünnetimden insânların bozduğunu islâh edenler ve terk edilen sünnetleri yaşatanlardır.» (99)
demişlerdir.

Diğer bir rivâyete göre de :

«هُمُ ٱلْمُتَمَسِّكُونَ بِمَا أَنْتُمْ عَلَيْهِ ٱلْيَوْمَ»

(98) Dârimî.
(99) Müslim, Ebû Hureyre'den.

www.ihya.org

«Onlar şimdi sizin gittiğiniz yolda olan kimselerdir.» (100) diye cevâp vermişlerdir.

Diğer bir hadîs-i şerîfde de:

«اَلْغُرَبَاءُ نَاسٌ قَلِيلٌ صَالِحُونَ بَيْنَ نَاسٍ كَثِيرٍ مَنْ يُبْغِضُهُمْ فِي الْخَلْقِ اَكْثَرُ مِمَّنْ يُحِبُّهُمْ»

«Garîbler, çokluk arasında az olan ve iyi kimselerdir. Onları sevmeyenler, sevenlerden çoktur.» (101)

buyurmuşlardır. O ilimler o derece garîb kaldı ki onları anan kimseye düşmânlık ederler. Bu sebepten Sevrî (R.A.): «Bir âlimin etrâfında toplanmış çok dostu olduğunu gördün mü, bilmiş ol ki, o, sâfi değil, (riyâ ile) karışıktır. Çünkü eğer ilminin gereğiyle konuşsa, doğruyu söyleyeceği için çokları da kendisine husûmet besler, hepsi dostu olmazdı.» diyor.

MAKBÛL İLİMLERDEN ÖĞÜLEN [MAHMÛD] MİKDARININ AÇIKLANMASI

Bilmiş ol ki ilimler bu i'tibarla üç kısma ayrılır:

1 — Azı da, çoğu da yerilen,

2 — Azı da, çoğu da makbûl olan ve çoğaldıkça daha güzel ve fazîletli olan,

3 — Yetecek kadarı makbûl, fakat fazlası makbûl olmıyan ilimler.

Bu, tıpkı bedene ârız olan hâller gibidir.

Azı da, çoğu da makbûl olanı var: Sıhhat ve güzellik gibi.

Azı da, çoğu da makbûl değil: Çirkinlik ve kötü hûy gibi.

Yetecek kadar makbûl, fazlası ise makbûl değil: Mâl infâk etmek ve şecâat gibi. Mâl'ın az'ını vermek, iyi yerlere sarfetmek makbûl, hepsini harcamak, fenâ yerlere isrâf etmek mezmûm; orta derecede kendini koruyacak kadar şecâat makbûl, fakat haksız yerde şuna buna saldırmak ise tehevvür'dür, makbûl değildir.

İşte ilimler de bunun gibidir.

(100) Aslı bulunamamıştır.

(101) Ahmed, Abdullah b. Amr'dan.

1 — Azı da, çoğu da yerilen ilimler, ne dîn ne de dünyâ'ya kârı olan bilgilerdir. Bu gibi bilgilerin zararı, kârından çoktur. Sihir, tılsım ve nücûm ilmi gibi. Bunların bâzılarının hiç bir kârı yok, belki insânın en kıymetli sermâyesi olan ömrünü bunlara sarfetmekte zarar ve ziyânı vardır. Dünyâlık için faydalı olduğu sanılan diğer bâzılarının da zararı, kârından çoktur. Onun var olduğu zannedilen kârı, zararına nisbetle hiç bir değer taşımaz.

2 — Azı makbûl, çoğu daha makbûl olan ilimler ise: Allahu Teâlâ'nın zâtını, sıfatını, ef'âlini, yaratıklar üzerindeki âdetini ve evvelâ dünyâyı sonra âhireti sıralamaktaki hikmetini bilmektir.

Zira bu ilimler, hem zâtî bakımından ve hem de âhiret saâdetine yol olması bakımından aranılan bilgilerdir. Bu husûsda son haddine ulaşacağım diye çalışmak, Allahu Teâlâ'nın azametini idrâkteki kusûrdan neş'et eder. Çünkü, o, bir deryâdır ki onun derinliğini kimse ölçemez; ancak herkes kendi kudreti nisbetinde o deryânın etrâfında ve sâhilinde dolaşabilir. Onun kıyılarına dalabilenler, Allahu Teâlâ'nın ta'yîn ettiği derecelere göre Peygamberler, velîler ve ilmin inceliklerini anlamış gerçek bilginlerdir. İşte bu ilim, kitâpların satırlarına girmeyen gizli bir ilimdir. Bu ilmi elde etmeğe yardım eden, erbâbından öğrenmek ve âhiret bilginlerinin ahvâl ve vaziyetini tetkîk etmektir ki, bunların alâmetleri ilerde açıklanacaktır. Bu, sâlikin ilk hâlidir. Daha sonra mücâhede, riyâzet, kalbi tasfiye ve dünya alâkalarından temizleme, Peygamber ve velîlerin yolunu tutmak, bu ilmi elde etmeğe yardım eder. Bununla berâber muvaffakiyyet yine Allah'ın takdîri nisbetindedir. Fakat herhâlde mücâhede şarttır. Çünkü hidâyetin anahtarı mücâhededir ve bu kapıyı mücâhededen başka bir kuvvet açamaz.

3 — Yalnız muâyyen bir mikdârı öğülen ve fazlası makbûl olmayan ilimlere gelince : Bunlar da birinci bâbda açıklanan, farz-ı kifâye olan ilimlerdir. Bu ilimlerin her birinin iktisâr'ı, yâni en azı, iktisâdı, yâni orta derecesi, istikâ'sı, yâni ömür boyunca, ucu bucağı olmayan, sonu gelmeyen kısmı vardır.

Sen, ya kendini ıslâh edenlerden veyâ kendini ıslâh ettikten sonra başkasını düzeltenlerden ol, sakın kendini ıslâh etmeden başkası ile meşgûl olma. Eğer kendini düzeltmekle uğraşıyorsan, vazîyetin îcâbı sana farz olan ilimleri ve bununla alâkalı temizlik, namâz, oruç gibi zâhir amelleri öğren. Fakat en mühim olanı, ekseriyetin ihmâl ettiği, kalbin vasıflarını öğrenmek, onların öğülen ve yerilen kısımlarını bilmektir. Çünkü hiç kimse kalbin kötü vasıfları olan **hırs, hased, riyâ, kibir, ucb** ve benzerî fenâ hasletlerden sıyrılmış değildir. Bu hastalıkların hepsi öldürücüdür. Bunları ihmâl edip, zâhir ameller

www.ihya.org

ile uğraşmak, bedendeki yaraların içini temizlemeden dışını katran ile sıvamağa benzer. Sokak tabiblerinin yaranın dış kısmını katranlamayı tavsiyeleri gibi, mukallid âlimler de kalbi temizlemeği bırakıp zâhir amelleri tavsiye ederler. Âhiret bilginleri ise yarayı kökünden tedâvi için bâtın temizliğini emreder ve fenâlığı kökünden kesmek isterler. Çoklarının bâtın temizliğini bırakıp zâhir amele dönmelerinin sebebi, kalbin temizlenmesinin zor ve zâhir amellerin kolay olmasıdır. Nitekim (kökü ciğerlere dayanan) uyuzlu hâstanın acı ilâçları içmekten çekinip dış bedenini sıvamakla meşgûl olması gibi. Durmadan dışarıya ilâç sürmesine rağmen hastalık artar. (Kalbi düzeltmeden yapılan ameller de bunun gibidir.)

Eğer âhireti arayıp kurtuluşu arzû eder, ebedî helâkden kaçınmak istersen «Rub'-i Mühlikât» ta anlattığımız şekilde iç hastalıklarını ve tedâvi çârelerini bulmakla meşgûl ol ki, bu sâyede «Rub'-i Münciyât» ta anlattığımız makbûl makaamlara yükselesin. Toprak, çalı çırpıdan ve diken gibi şeylerden temizlenip düzenlendiği vakit yeşillikler ve güzel kokulu otlar yetiştirdiği gibi, kötü hûylardan temizlenen kalbin de iyi hûylarla dolacağında şüphe yoktur. Yabancı maddelerini temizlemediğin kıraç bir topraktan mahsûl alamıyacağından, emeğinin boşa gideceği gibi, kalbini temizlemeden boşuna farz-ı kifâyelerle uğraşma. Bilhassa halk içerisinde bu ilimlerle meşgûl olan varken! Zîra başkasının iyiliğine çalışırken kendini helâke sürükleyen akılsızdır. Bu davranış, kendini öldürmek için boynuna dolanmış yılan, koynuna girmiş akrep dururken, başkasının üzerine konan sineği kovalamak için yelpâze arayan kimsenin hâli gibi, en büyük bir ahmaklıktır.

Farz-ı kifâyeler ile meşgûl olmak için, önce kalb'i temizlemek, günâhların gizli ve âşikâresini terk etmek lâzımdır. Bunda tamâmen muvaffak olduktan sonra farz-ı kifâyelerle uğraş ve orada da ehemmi, mühim üzerine tercih etmek üzere, tertîbe riâyet et. Önce Kur'ân-ı Kerîm'i, sonra hadîs-i şerîfeleri sonra tefsîr ve sonra da Kur'ân-ı Kerîm'in nâsih ve mensûh, mefsûl ve mevsûl, ve müteşâbih gibi diğer ilimlerini öğren; Hadîs'de de aynı şekli tâkip et. Daha sonra da fürû' ile yâni mezheplerin amel bilgileriyle uğraş, hilâf ve cidâl ilimleriyle uğraşma. Sonra usûl-i fıkıh ile ve bunun gibi zamânın ve ömrün müsâadesi nisbetinde diğer ilimlerle meşgûl ol. Bütün derinliklerini, inceliklerini anlayacağım diye bir fen ile uğraşma. Çünkü ilimler çok, ömürler ise kısadır. Bu anlattığımız ilimler âlet ve mukaddimeler olup bizâtihî maksûd değil, belki vâsıtadırlar. Vâsıta ile uğraşırken gâyeyi unutmamak lâzımdır. Lûgat ilminden de Arab lisânını anlayıp konuşacak ve Kur'ân ve Hadîs'in garâib'ini bilecek ka-

dariyle kifâyet et. Nahv'den de kitâp ve sünneti anlayacak derecedeki bilgi ile iktifâ et ve iyi bil ki her ilmin, iktisâr, iktisâd ve istiksâ tarafları vardır. Diğerlerini de bunlara kıyâs edebilmen için biz **hadîs, tefsîr, fıkh** ve **kelâm**'da bu mertebelere işâret edelim.

Tefsîr'de iktisâr [kısaltma] Kur'ân'ın iki misli hacminde olandır. Alî el-Vahidî en-Nîsâbûrî'nin tefsîri gibi. Bu, veciz kitâptır. İktisâd, Kur'ân-ı Kerîm'in üç misli büyüklüğünde olanıdır. Yine aynı zât'ın **«El - Vasit»** adındaki tefsîri gibi. Bundan fazlası da ömür boyunca lâzım olmayacak uzaltmalardır. (Yine aynı zât'ın **«Basît»** adlı tefsîri gibi.)

Hadîs'de iktisâr: Hadîs ilmine vâkıf bir zât'ın düzeltmesiyle Buhârî ve Müslim'i okumak gibi.

Râvîlerin adlarını ezberlemeğe gelince: Senden evvelkilerin onları bilmesi senin için de kifâyet eder. Sana düşen, onların kitâplarına i'timad etmektir. Buhârî ile Müslim'i okuyacaksın derken bunları ezberleyeceksin demek istemedik; ancak gerektiğinde oradan bulup alabilecek derecesi yeter. İktisâd'ı ise, diğer sahih müsnedlerdeki hadîsleri de bunlar meyânına katmaktır. İstiksâ da, zayıf, kuvvetli, sahîh, sakîm bütün hadîsleri ayrı ayrı rivâyet yollariyle, râvîlerin ahvâlini, adlarını ve vasıflarını bilmek üzere öğrenmektir.

Fıkh'da iktisâr: **«Hulâsatü'l - muhtasar»** adlı eserde tertîp ettiğimiz Müzenî'nin fıkhını okumaktır. İktisâd, bunun üç misli büyüklüğünde bir fıkıh kitâbı okumaktır. Bu da **«El - Basît»**den telhîs ettiğimiz **«El-vasît mine'l-mezheb»** adlı eser gibi. İstiksâ ise **«El-Basît»** ve diğer uzun kitâplarda olduğu gibidir. (102)

Kelâm ilminin gâyesi : Ehl-i sünnet'in Selef-i sâlihînden rivâyet ettiği inanç esâslarını korumaktır. Bundan fazlası, eşyâ'nın hakîkatını, başka yollardan aramaktır. İktisâr derecede sünneti korumak, muhtasar bir kelâm kitâbını okumakla mümkündür. O da bu kitâpta bulunan **«Kavâ'idü'l- akaaid»** kısmı gibi. İktisâd derecesi de, yüz yaprak civârında olan bir kelâm kitâbı okumaktır. **«El - İktisâd fi'l - i'tikad»** adlı eserimiz gibi.

Kelâm ilminin iktisâd derecesine, bid'atciler ile münâzara etmek ve avâmı onların ifsâd etmesinden korumak için ihtiyâc vardır. Bu da ancak bid'atleri taassuba varmıyan avâma te'sîr eder. Yoksa isterse azcık olsun mücâdele usûlünü öğrenen bi'dat sâhiplerine bunun bir te'siri olmaz. Çünkü bu gibileri kelâm yoluyla ilzâm etsen bile onlar taassublarından ayrılmazlar. Ancak ilzâmını kendi acziyyetine verir ve «ben âciz kaldım, bunu ilzâm edecek başka çâreler var»

(102) İmâm-ı Gazâlî, Şâfi'î olduğu için, Şâfi'î fıkh kitâplarından örnekler vermiştir.

www.ihya.org

der ve senin cedel'deki kudretin sâyesinde üstün geldiğini zanneder. Ama, avâm kısmının bu gibi mücâdele ile hakîkatten uzaklaştırıldığı vakit taassubu kuvvetlenmeden, yine böyle bir mücâdele ile hakîkat yoluna getirilmesi mümkündür. Fakat taassubu kuvvetlenince artık onları ıslâh ümîdi tehlikeye düşer. Zîra taassub, inançları yerleştirmeğe sebeptir. Bu da fenâ alimlerin âfetlerindendir. Çünkü onlar, hakkı açıklamak için son derece taassub gösterir ve muhâlîflerine horluk ve hakâretle bakarlar. Bu da onları mislîyle mukaabeleye sevk eder ve boş dâ'vâlarını gerçekleştirmek için bütün imkânlarını seferber ederler; fakat eğer onlara tenhâlarda tatlılık ve yumuşaklıkla gidileydi ve taassub ve tahkîrden ârî da'vâlar nezâketle anlatılaydı dilekler yerini bulurdu. Ne yazık ki, rütbe ve mevki ancak muhît ile olur; muhît edinmek için de böyle (yaygara koparmak), hasımlara çatmak, taassub gösterip tel'în etmek ile mümkün olabileceğinden, bunlar da taassubu âdet edinip, âlet olarak kullandılar ve hareketlerine de dîni koruma ve müslümânları müdâfaa adını verdiler. Gerçek şu ki: Bu harekette olanları taklîd bile, insânları helâke sürükler ve bu gibi bid'atleri insânların gönüllerinde yerleştirir.

Şu son asırlarda mezhepler arasında türeyen hılâfiyât'a ve bu husûsda selef devrinde eşine rastlanmayan uzun yazılar, tasnîf ve mücâdelelere gelince: Öldürücü zehirden kaçar gibi bunlardan sakın ve bunların civârına bile yaklaşma. Çünkü bu ilim, tedâvisi olmayan fenâ bir hastalık gibidir. (Gurûr bahsinde) âfet ve tehlikelerini açıklayacağımız gibi bütün fakîhleri, taassubla beraber benlik ve öğünmeye sürükleyen bu ilimdir.

Onlar kendilerini kurtarmak için «İnsânlar bilmediği şeylerin düşmânıdır.» darb-ı meselini söylerlerse de sen buna kıymet verme. Bu husûsda öncekilerden daha çok tasnîf, tahkîk ve mücâdele ile açıklamalarda bulunmak sûretile kıymetli vakitlerini harcadıktan sonra Allahu Teâlâ'nın lutfiyle kusûrlarını görüp bütün bunları terkederek nefsini ıslâh ile uğraşan kimsenin şu nasîhatini dinle! Fetvâ şerî'atın direğidir, şerî'atın gizli illetleri ancak Hılâfiyat [Mezheblerin ayrılıkları mes'elelerini bilmek] ile bilinir, diyenlerin sözüne kıymet verme; zîra mezheplerin illetleri kendi mezhep kitâplarında yazılıdır. Ondan fazlası lüzûmsuz mücâdele ve münâkaşadır. İlk asırdaki büyükler ve Sahâbe, fetvâ'da bu sonrakilerden daha üstün oldukları hâlde, bu gibi mücâdeleleri bilmezlerdi. Mücâdelelerin kârı olmak şöyle dursun, belki fıkhın zevkini bozan zararlı bilgilerdir.

Fıkıh'dan gereği gibi zevk alan müftî'nin onun çok kerre mücâdele yoluyla ifâde edilemiyeceği merkezindedir. Mücâdeleyi şiâr edinen kimse, zekâsını hep bu yolda kullanır ve fıkhın zevkine varmaktan

tenbelleşir. Gerçekte, cedel'e girişenler, ün yapıp mevki isteyen kimselerdir. Buna bahâne olarak da, gâyesinin mezheplerin illetlerini arayıp onları açıklamak olduğunu gösterirler. Hâlbuki kıymetli ömür sermâyesi cedel yolunda giderken fıkıh ilminden mahrûm kalır. (Çünkü o fıkha değil mücâdelesine çalışıyor). Görünmeyen cin şeytanlarından korkma. (Zira sen onlara cephe almış hâldesin, düşmânlığınız âşikârdır. Onlar, Allah'ın yardımiyle sana bir şey yapamaz.) Fakat (görülen) insân şeytânlarından [fenâ âlimlerdir] kendini koru; çünkü onlar, insânları karanlığa sevketmekte ve aldatmakta, cin şeytânlarının pabuçlarını ellerine verecek kadar ileri gitmişlerdir.

Hülâsa: Akıllı kimseler için makbûl olan, bu âlemde tek başına Allah huzûrunda olduğunu, ölüm'ün, hisâbın ve Kitâbın, Cennet ve Cehennem'in önünde olduğunu düşünerek, bunlardan yarayışlı olanı alıp zararlı olanı atmaktır ve's-selâm.

Bâzı kâmil kimseler âlimin birini (öldükten sonra) rüyâlarında görmüş ve: «O mücâdele ettiğin ilimler ne oldu? Onlardan bir kâr gördün mü?» diye sormuşlar. O da avucunu açıp üflemiş, yâni onlar kül olup dağıldı gitti (hebâ'en mensûra oldu); ancak gece karanlığında Allah için kıldığım iki rek'at namâzdan fayda gördüm.» demiş. Peygamber Efendimiz bir hadîs-i şerîfinde:

DÖRDÜNCÜ BÂB

İNSÂNLARIN HILÂF İLMİNE YÖNELMESİNİN SEBEBİ İLE MÜNÂZARA VE CEDEL'İN ÂFETLERİNİN GENİŞ ŞEKİLDE AÇIKLANMASI VE BUNLARIN MÜBÂH OLMASININ ŞARTLARI BEYÂNINDADIR

Bilmiş ol ki, hilâfet vazîfesini Peygamberimizden sonra Hulefâ-i Râşidîn [Ebû Bekir, Ömer, Osmân ve Ali] (R.A.) der'uhde etmişlerdi. Bunlar, Allahu Teâlâ'yı bilen, ilâhî hükümlere vâkıf olan, gerçek imâmlar idi. İstişâresi gereken bâzı mes'eleler müstesnâ, hüküm ve fetvâlarında kimseye ihtiyâçları yoktur. Bunun için devirlerinde âlimler tamâmen âhiret ilmine hasr-ı nefs etmiş ve yalnız onunla meşgûl olmuşlardı.

Dünyâ işlerinden, insânları alâkadar eden hükümler ve fetvâlardan çekinir ve fetvâ vermemek için kendilerini müdâfaa ederlerdi. Sîret ve ahlâklarından rivâyet edildiği gibi bütün imkânlariyle Allahu Teâlâ'ya yönelmişlerdi.

Vaktâ ki hilâfet, fetvâya gücü yetmeyen ehliyetsiz ellere geçti, fakîhlerden yardım dilemek ve hükümlerinde fetvâ almak için, her hâllerinde onları berâberlerine almak zorunda kaldılar.

Tâbi'în [Peygamber Efendimizi görmeyip sahâbeye yetişen] bilginlerinden selefin yolunu tutan ve Sahâbe'nin usûlüne riâyet eden bir kısmı kalmıştı ki, onlara kadılık ve fetvâ için mürâcaat edildiği vakit kaçınır ve çekinirlerdi. Bu sebebden halifeler, vazîfe vermek için onları zorlamağa mecbûr oldular.

Pâdişahlar'ın âlimlere yönelmesini, âlimlerin ise bunlara iltifât etmediklerini gören zamânın insânları, padişahlar tarafından verilen mevki'leri elde etmek için ilim öğrenmeğe yöneldiler. Fetvâ ilmine çalıştılar ve kendilerini hükümdârlara takdîm ettiler; onlarla buluşmak için iltimâslar aradılar ve onlardan vazîfeler, hediyeler istediler. Kimisi umduğunu buldu, kimisi de bulamadı. Dileği yerine gelen isteme alçaklığından kendini kurtaramadı. İşte böylelikle fakîhler aranır hâlde iken, kendileri aramağa başladı. Pâdişahlardan çekinmekle, onlara yönelmekle, yüce iken küçük düştüler. Ancak her asırda Allahu Teâlâ'nın yardımına mazhar olan bilginler müstesnâdır.

www.ihya.org

Kazâ ve hükümlerde fetvâlara ihtiyâç, fazla olduğu için o asırda en çok fetvâ ve hüküm ilimlerine yöneldiler.

Sonraları İslâm akaaidine dâir bâzı sözleri işitip onları dinlemeğe meyleden âmirler ve başkanlar peydâ oldu. Pâdişahların bu temâyülünü görenler «Kelâm» ilmine daldılar. Bu bâbda bir çok eserler yazıp mücâdele usûllerini kurdular, makaalelerinde muhâlefet yollarını açtılar. Böyle yaparken, dîni koruyup sünneti müdâfaa ettiklerini ve bid'adcileri horluğa düşürmek istediklerini zan ve iddiâ ettiler. Nitekim onlardan önce fetvâlarla uğraşanların, güyâ insânlara acımak ve onlara öğüt vermek için gâyelerinin dîni korumak, Müslümânların dînî işlerini boyunlarına almak olduğunu sandıkları gibi.

Daha sonra bir sınıf ekâbir zuhûr etdi; bunlar da ma'mûreleri harâbeye çevirecek kadar açık husûmetlere ve kanlı mücâdelelere yol açtığı için, kelâm'da mücâdele kapısının açılmasını uygun bulmadılar da, fıkh'da mücâdeleye ve bilhâssa İmâm Şâfi'î ile İmâm-ı A'zam mezheplerinin hangisinin daha üstün olduğunu münâkaşaya meylettiler. Bunu görenler kelâm ve diğer ilimleri terkederek, İmâm Şâfi'î ve İmâm Ebû Hanîfe arasındaki ayrılıklar üzerinde durdular da, İmâm Mâlik, Süfyân-ı Sevrî ve Ahmed b. Hanbel ve diğerlerinin içtihâdlarını ihmâl ettiler. Böyle yaparken de, gâyelerinin şerî'at'ın inceliklerini açıklayıp mezheblerin illetlerini yerleştirmek ve fetvâ usûlünü genişletmek olduğunu sandılar. Bu husûsta bir çok garib mes'eleler bulup çıkardılar, kitâblar yazdılar, çeşit çeşit mücâdele yolları buldular ki, bu hâl şimdi de devâm etmektedir. Gelecek asırlarda ne olacağını ve Allahu Teâlâ'nın mukadderâtı neden ibâret olduğunu bilemeyiz.

İşte bilginleri, bu ilimlere sevk eden, büyüklerin bu ilimlere temâyüllerinden başka bir şey değildir. Eğer pâdişahlar ve ekâbir diğer İmâmlar'ın mezheblerine veyâ başka mezheblere meyletse onlar da ona yönelirlerdi ve gâyemiz Allahu Teâlâ'ya yaklaşmak için dîn ilmiyle uğraşmaktır der ve bunu müdâfaadan geri kalmazlardı.

BU GİBİ MÜNÂZARALARI ASHÂB'IN MEŞVERETİNE VE SELEF'İN KARŞILIKLI KONUŞMALARINA BENZETEREK ONLAR İLE KARIŞTIRMANIN AÇIKLAMASI

Bilmiş ol ki, bunlar, insânları bu yola çekerek: «Bizim mübâhaseden gâyemiz, gerçeği açığa çıkarmaktır. Zîra aranan gerçektir. İlimde, mânâyı bulmak için, düşüncenin ve fikirleri karşılaştırmanın fayda ve te'sîri büyüktür. İşte Sahâbe-i Kirâm'ın da (R.A.) âdetleri böyle idi.»

derler. Nitekim mîrasda, dede ile kardeş mes'elesi (106a), şarap içenleri had mes'elesi (106b), içtihâdında yanılan İmâm'a tazmînin borç olması, Ömer'den (R.A.) korkarak çocuğunu düşüren bir kadına Ömer'in diyet vermekle hükm olunması ve diğer ferâiz mes'eleleri ve benzerî mes'eleler ile Şâfi'î, Mâliki, Ahmed b. Hanbel, Muhammed b. Hasan, Ebû Yûsuf ve diğer âlimlerden (Allah onlara rahmet etsin) nakledilenler gibi.

Sana yapacağım şu açıklama ile, bu karıştırmalarını kolaylıkla anlayacaksın. Hakkı aramak için yardımlaşma, dinin icâbındandır. Fakat bunun sekiz şartı ve alâmeti vardır.

1 — Bu kabil araştırmalar farz-ı kifâye'den olduğu için, farz-ı ayn'ları bitirmeden bununla uğraşmamak. Üzerinde farz-ı ayn borçları dururken, hakkı aramak için farz-ı kifâye ile uğraşıyorum diyenler yalancıdır. Bu vaziyet, kumaş dokuyup dikmekle uğraşan bir beynamâzın, bunu yapmaktaki gâyem: «İnsânları çıplak namâz kılmaktan kurtarmaktır.» demesine benzer ki, bu da bâzan böyle olur ve vukuu' da mümkündür. Nitekim fakih'in, hilâf ilminde bahsedilen nâdir mes'elelerin vukuu'nun mümkün olduğunu zannetmesi gibi. Münâzara ile uğraşanlar ise kendilerine farz-ı ayn olan bir çok şeyleri ihmâl ederler. Bir kimse, derhâl iâdesi gereken bir emâneti varken onu ödemeden en büyük ibâdet olan namâz kılmağa başlasa bile, Allahu Teâlâ'ya âsî olur. Kişinin muti' sayılması için, vaktine, tertîbine ve şartına riâyet etmeden yalnız yaptığı işin ibâdet cinsinden olması kâfî değildir. (İbâdet olması için bütün bunlara riâyeti şarttır.)

2 — Bu münâzaradan daha mühim bir farz-ı kifâye olduğuna kani' olmayacak. Eğer bundan daha mühim bir farz-ı kifâyenin varlığı kanâatinde iken, hâlâ münâzara ile uğraşırsa (Mühimmi ehemm üzerine tercîh ettiği için) günâhkârdır. Bu, şurada taraflarına bakılmamış, susuzluktan ölüme mahkûm olanlara su bulmak imkânı varken, kan almak ilmiyle uğraşan kimsenin hâline benzer. Sanır ki, bu farz-ı kifâyedir. Eğer bir memlekette bu meslek erbâbı olmasa insânları ölüme mahkûm olur. Kendisine bu işi yapan daha bir çokları var dense, cevâbında: «Başka bilenlerin bulunması bunun farz-ı kifâyeliğini kaldırmaz.» der. İşte memlekette ihmâl edilmiş daha mühim farz-ı kifâyeler dururken, münâzara ile uğraşanların hâli, susuz-

(106a) Ebû Bekir (R.A.) vârislerden dede ile kardeş bulunduğunda, dede'yi baba yerine tuttu. İmâm-ı A'zam da bunu kabûl etti. Zeyd b. Sâbit, hangisi kârlı ise onu kabûl etti. Şâfi'î de, bununla fetvâ verdi.

(106b) Şarab içene 80 değnek vurulur. Buhâri'deki rivâyete göre bir kısmı bunu kabûl etti. 40 değnek de vurulur. Müslim'deki rivâyete göre diğer bir kısmı da bunu kabûl etti.

www.ihya.org

luktan ölüme mahkûm kimseler varken onlara bakmayıp kan almayı öğrenmeğe uğraşan kimsenin vaziyetine benzer.

Fetvâ'ya gelince : Müslümân memleketlerinde fetvâ verecek bir çok kimseler bulunduğu hâlde nice farz-ı kifâyeler vardır ki fakîhler, bunları ihmâl etmiş ve aslâ taraflarına bakmamışlardır. Bunların en mühimlerinden biri de tabâbettir. Öyle ki, çok memleketlerde şer'i hükümlerde sözüne itimâd edilir müslümân tabîb yoktur. Böyle iken fakîhlerden hiç biri bu mevzûyu ele almaz. (107)

Yine bunun gibi, emr-i mâ'rûf, nehy-i münker, farz-ı kifâye'den iken, münâzara eden kimsenin meclisinde, (erkeklere, giyilmesi yasak olan) ipek elbiseyi giyen (ve benzerî) yanlış hareketlerde bulunanlar varken bunlara aldırış etmez de, vukuu'u çok ender olan, olsa bile onu bilecek daha nice kimseler bulunan bu gibi farz-ı kifâye'ler ile Allahu Teâlâ'ya yaklaşacağını zanneder. E n e s (R.A.) rivâyet ederek der ki :

«قِيلَ يَا رَسُولَ ٱللّٰهِ مَتَى يُتْرَكُ ٱلْأَمْرُ بِٱلْمَعْرُوفِ وَٱلنَّهْيُ عَنِ ٱلْمُنْكَرِ؟ فَقَالَ عليه السَّلامُ : إِذَا ظَهَرَتِ ٱلْمُدَاهَنَةُ فِي خِيَارِكُمْ وَٱلْفَاحِشَةُ فِي شِرَارِكُمْ وَتَحَوَّلَ ٱلْمُلْكُ فِي صِغَارِكُمْ وَٱلْفِقْهُ فِي أَرَاذِلِكُمْ»

«Peygamber Efendimize : «Emr-i ma'rûf, nehy-i münker ne zamân terk edilir?» diye sorulmuş, cevâbında: «Hayırlı adamlarınızda gevşeklik, [müdâfaada çekimserlik] hâli görüldüğü, fenâ adamlarınızda fuhuş ve zinâ çoğaldığı, idârî işleriniz küçüklerin ve ayak takımının eline geçtiği, fıkıh ilmi de rezil kimselerin eline düştüğü zamân» buyurmuştur.» (108)

3 — Bu gibi münâzaraya girecek olan bizzât müctehid ve kendi re'yi ile fetvâ verebilecek seviyede olmalı; Şâfi'i, Hanefî gibi imâmların mezhebiyle münâzaraya girip işine geldiğini bir imâm'dan, işine geldiğini diğer imâm'dan almak sûretiyle olmamalı, Sahâbe ve İmâmların yaptığı gibi olmalıdır.

(107) Nitekim İmâm Şâfi'i (R.A.) : «Bu mühim işi gayr-i müslimlere bırakmakla müslümânlar, ilmin üçte birini kaybetmişlerdir» demiştir.

(108) İbn Mâce.

www.ihya.org

İctihâd mevkiine yükselemiyenler, bu asırda olanlar gibi, kendilerine sorulan mes'eleye, ancak bağlı bulundukları mezheb imâm'ından naklederek cevâp verirler. Eğer imâm'ının ictihâdını zayıf bulursa, onu terk etmesi câiz değildir. Binâenaleyh başkasının ictihâdiyle fetvâ veremeyeceğine, mezhebi de bilinmiş olduğuna göre, daha mücâdele etmesinde ne kâr var? Eğer bir mes'elede şüphe ederse uygun olan: «Ben bunu anlayamadım, belki bağlı bulunduğum mezheb imâmının bu bâbda bir cevâbı var, fakat ben bilemiyorum; çünkü ben başlı başına bir müctehid değilim.» demesi lâzımdır. Münâkaşası yapılan mes'elede mezheb imâm'ının iki sözü varsa bâzan bir tarafa meylederek benim nazarımda bu daha uygundur diyebilir. Halbuki şimdiki mübâhaseciler bu gibi mes'elelere aslâ yaklaşmaz da ayrılıkları kat'î olan mes'eleler üzerinde dururlar.

4 — Vuku' bulmuş veyâ yakında vukuu'u muhtemel olan mes'eleler münâkaşa edilmelidir. Zira Sahâbe-i Kirâm (R.A.) bütün meşveretlerini yeni olmuş veyâ yakında olması ihtimâli mevcûd bir hâdise için yaparlardı. Halbuki şimdiki mübâhaseciler, insânların muhtâç oldukları mes'eleler üzerine değil, belki gelişi-güzel mücâdele mevzuu olacak, davul sesi gibi her tarafa duyurup adam toplayacak lüzûmsuz mes'elelerin münâkaşasını yapar, sık sık görülen vak'alara hiç temâs etmezler, ve bunlar ihbârîdir; yâni «falanca rivâyet etti, falan kitâpta yazıyor, bunlar köşe bucak mes'eleleridir. Bu gibi toplulukta bunlar konuşulmağa değmeyen şeylerdir.» derler. Mübâhasedeki gâye, hakkı aramak olup hakikatı bulmakta selefden gelen haberlere dayanırken «Bu mes'ele ihbârîdir veyâ bu köşe bucak mes'elesidir, meclisde konuşmağa değmez» diyerek bu gibi mes'eleleri terk etmeleri cidden şâyân-ı hayrettir.

5 — Münâzaranın büyükler huzûrunda ve halk arasında olmaktan ziyâde, tenhâ yerlerde olmasını tercih etmektir. Zira tenhâ yer, aklı bir noktaya teksif eder. Zekâ ve düşünceyi toplamağa, gerçeği anlamağa daha elverişlidir. Halk arasında mübâhasede riyâ [gösteriş] tehlikesi ve haklı haksız, üstün gelme hırsı uyanır. Halbuki sen bilirsin ki, münâzaralarını meclislerde ve büyükler huzûrunda yapmak istemeleri Allah için değildir. Bunlar arkadaşı ile başbaşa kalınca hiç de konuşmaz; hattâ sorduğuna bile cevâp vermez. Ama büyüklerden biri gelse veyâ bir cemaat bulunsa hile bâbında hiç bir şey bırakmaz, söz ebesi olmak için her şeyi sayar döker.

6 — Münâzara edecek olan, gerçeği aramakta kaybını arayan kimse gibi olmalıdır. Kaybını kendisinde veyâ yardımcısında bulması arasında bir fark gözetmemelidir. Münâzara ettiği zâtı düşmân değil, yardımcı tanımalıdır. Kaybettiğini bulduran kimseye teşekkür ettiği

www.ihya.org

gibi, hatâsını bildiren ve gerçeği gösteren zât'a da aynı şekilde teşekkür etmeli, ona ikrâm etmeli ve kendisi de memnûn olmalıdır; onu kötülememelidir Sahâbe'nin (R.A.) müşâveresi böyle idi. Hattâ Hazret-i Ömer (R.A.) cemâat huzûrunda hutbe'de iken bir kadın sözünü red edip hatâsından dolayı kendisini ikaz edince, Hazret-i Ömer: «Bir erkek yanıldı, bir kadın doğruyu buldu.» diyerek memnûniyetini açıkladı (109).

Hazret-i Ali'den (R.A.) bir mes'ele soruldu. Hazret-i Ali (R.A.) cevâp verdi. Adam «Öyle değil, böyledir.» deyince: Hazret-i Ali: «Ben yanıldım, sen doğruyu buldun. Her âlimin üstünde âlim vardır.» buyurdu.

(Kûfe Valisi) Ebû Mûsâ'l-Eş'ari hazretlerine biri sordu:

— Muhârebede öldürüp netîcede ölen nerededir? Ebû Mûsâ:

— Cennettedir, demesi üzerine, bunu duyan İbn Mes'ûd Hazretleri:

— Belki Vâli suâli anlayamadı, bir daha git, diyerek adamı üç def'a Ebû Mûsâ'ya gönderdi. Üçünde de Ebû Mûsâ:

— Benim bildiğim bundan ibârettir, deyince, İbn Mes'ûd:

— Eğer Allah yolunda hakkı bularak öldürüldü ise cennetliktir. demesi üzerine, Ebû Mûsâ:

— Doğrusu budur. Bu âlim varken benden bir şey sormayın, dedi. İşte doğruyu arayanlar böyle insâflı olur.

Eğer bu mes'eleyi şimdiki bayağı bir fakih'e anlatsa İbn Mesûd'un sözünü kabûl etmez ve hemen i'tirâz ederek, İbn Mes'ûd'un: «Eğer hakkı bularak öldürdüyse» sözünü reddeder ve «Buna lüzum yok, çünkü bu herkesin bildiği bir şeydir.» derdi.

Bugünkü münâzaracıların vaziyetine dikkat edersen görürsün ki, hakîkat, hasmının sözünde tecelli edince yüzü kararır, rezil olur, bütün imkânlarıyle ona üstün gelme çâresini arar, kendisini ilzâm edeni, ömrü boyunca yerer ve kötüler. Sonradan da gûyâ gerçeği aramakta kendisini Sahâbe'ye benzetmekten de utanmaz.

7 — Münâzara ettiği yardımcısının (sûretâ, hasmı ise de, gâye gerçeği aramak olduğuna göre, aslında hasım sûretinde yardımcıdır.) başka delîle, bir şüpheden başka şüpheye geçmesine engel olmamak.

(109) Hazret-i Ömer, hutbesinde «Peygamber zamânında mihr [Nikâh paraları] 400 dirhemi geçmiyordu. Nedir siz arttırıp duruyorsunuz? Artan kısmını hazîne'ye alacağım.» deyince, Kureyş hanımlarından bir tânesi bu husûsda Âyet-i Kerîme'den delîl getirerek nikâh paralarının arttırılmasında bir mahzûr olmadığını söyleyip, Ömer'in sözünü reddetti. Bunun üzerine Hazret-i Ömer de: «Allah'ım, sen afv et, herkes Ömer'den fakîhdir.» diyerek yine aynı minberde sözünden döndü ve gerçeği kabûl etti.

www.ihya.org

Eskilerin mücâdelesi böyle (samimî) idi. Bunun gibi mücâdele arasındaki: «Bu söz beni ilzâm etmez, tenâkuz'a düştün.» gibi, lehine olsun, aleyhine olsun, bid'at sözleri çıkarıp atmalıdır. Çünkü gerçeğe dönmek dâima boş sözü nakzeder. Binaenaleyh evvelki sözünü bozuyor diye kabûl edilmemesi doğru olmaz. Halbuki şimdiki meclislerde cereyân eden münâzaralar hep bu gibi mübâhase ve mücâdeleler ile geçer. Hattâ delîl getiren bir aslî kaaidenin kendi kanâatınca bir illet ile ma'lûl olduğunu iddiâ eder. Hasmı «Bu kâidedeki hükmün bu illetle ma'lûl olduğuna delîlin nedir?» Diye sorunca: «Bu hüküm aslında şu illet ile ma'lûldür. İşte bu hükümden benim anladığım budur. Senin daha kuvvetli delîlin var ise anlat da onun üzerinde duralım» der ve «Bu mes'elede senin anlamadığın daha başka mânâlar var fakat anlatmam, çünkü anlatması bana düşmez» demekle taarruzunda direnir. «Mâdem ki bildiklerin var, onları söylemen lâzım.» der. i'tirâz eden anlatmamakta ısrâr eder ve: «Anlatmak bana düşmez» der. Münâzara meclisi, bu gibi boş sözlerle sona erer. Bu miskin bilmez ki, «Bilirim fakat söylemem veyâ söylemek benim borcum değil.» dediği, şerî'ata karşı sırf bir yalancılıktır. Zîra eğer bir şey bilmiyor ve yalnız hasmını ilzâm için böyle söylüyorsa, bu adam bilmediği hâlde «Bilirim» demekle fâsik ve yalancıdır. Allahu Teâlâ'ya âsî olup hışmına uğramıştır. Eğer gerçek biliyorsa, şer'î bir hükmü gizlemesi bakımından yine fâsiktir. Halbuki öğrenmek için dîn kardeşi kendisinden soruyor. Vereceği cevâp doğru ve sağlam ise, onu hemen kabûl edecek; zayıf ise, zayıflık cihetlerini anlatacak ve dîn kardeşini cehâlet karanlığından ilim aydınlığına ulaştıracak. Sorulduktan sonra, dînî bir mes'eleyi bildirmenin vâcib olduğunda ihtilâf yoktur. Onun: «Bunu söylemek benim borcum değil.» demesi lâf ile güreş tutmakta olduğunu ve hîle yolunda kendi arzû ve isteğiyle îcat ettiği cedel şerî'atinde lâzım değil demek istediğini gösterir. Yoksa Şerî'at-i Muhammediye göre, bildiğini bildirmesi lâzımdır. Söylememekle ya yalancı, veya fâsik mevkîine düşer.

Sahâbe'nin müşâveresiyle selefin fetvâ işlerini birbirlerine havâle etmelerine bak! Onlarda buna benzeyen bir şey var mı? Onlarda bir delîlden diğer delîl'e, kıyâs'dan hadîs'e, haberden âyet'e geçmek isteyene hiç müdâhale edilmiş midir? Belki bütün münâzaraları bu kabîldendir. Çünkü (gerçeği aramakta olan) onlar, hâtırlarına gelen her şeyi olduğu gibi söyler ve onun muhâkemesini yaparlardı.

8 — Münâzarayı, kendinden istifâde edilmesi umulan âlimlerle yapmalıdır. Halbuki (Bugünün münâzaracıları) gerçeğin, hasmının sözünde tecellî etmesi korkusuyla dâima kendilerinden küçükleriyle münâkaşa eder ve boş şeyleri onlara yutturmak isterler, ekâbir ve efâzıl ile mübâhaseden kaçınırlar.

www.ihya.org

Münâzara için şu sekiz şarttan başka daha nice ve ince şartlar varsa da bu sekiz şart, Allah için münâkaşa edenle, başka bir gâye uğrunda münâzara edenleri sana tanıtmak için kâfidir.

Kısaca bilmiş ol ki: En büyük düşmân'ı olup dâima kendisini helâke götürdüğü ve kalbini kapladığı hâlde, şeytân ile mücâdeleyi terk edip ictihâd mes'elelerinde başkasıyla mücâdele eden, ister isâbet etsin, ister isâbet edeniere mükâfatta ortak olsun, şeytânların eğlencesi ve hâlis insânlar için bir ibret levhası olurlar. Aşağıda sayacağımız âfetlerin karanlıklarına daldığı için, Şeytân da sevinmiş olur. Allah'dan yardım ve hidâyet dileriz.

MÜNÂZARANIN ZARARLARI VE MÜNÂZARADAN DOĞACAK KÖTÜ HÛYLARIN AÇIKLANMASI

İyi bil ki: Hasmına üstünlük ve onu susturmak, insânlar arasında yücelik ve fazîlet elde etmekle böbürlenmek ve bu sebeble insânları kendine çevirmek için yapılan münâkaşalar, Allah yanında bütün kötü hûyların kaynağı olup, buna karşılık Şeytân'ın hoşuna giden bir hâldir. Bu gibi mücâdelenin, diğer ahlâkî hastalıklardan olan kibir, ucb, hased, kendini tezkiye, makaam sevgisi ve benzerlerine nisbeti, şarap içmenin, zîna, kazf [Nâmuslu kadına iftirâ], adam öldürmek ve hırsızlık yapmağa olan nisbeti gibidir. İçki ile diğer (adam öldürme ve benzerî gibi) fenâlıklardan birini yapmaktan muhayyer olan bir kimse «İçki ehvendir» diye bunu tercîh ettikten sonra, sarhoşluğun te'siriyle diğer bütün fenâlıkları irtikâp ettiği gibi, münâzaralarda üstün gelmeği ve bununla övünmeği seven ve makaam âşıkı olan kimsedeki bu hâl, bütün fenâlıkları kendisinde toplar ve kendisini her türlü kötülüklere sürükler. Bu hûyların kötü oldukları Kur'ân-ı Kerîm ve Hadîs delilleriyle eserimizin «MÜHLİKÂT» bahsinde açıklanacaktır.

Fakat biz burada münâzaranın doğurduğu asıl fenâlıklara kısaca işâret edelim :

1 — **Hased** [Çekememezlik] : Münâzaranın doğurduğu hastalıklardan birincisi hased'dir. Hased hakkında Peygamber Efendimiz şöyle buyurmuşlardır:

«اَلْحَسَدُ يَأْكُلُ الْحَسَنَاتِ كَمَا تَأْكُلُ النَّارُ الْحَطَبَ»

«Ateş odun'u yaktığı gibi, hased de sevâpları mahveder.» (110)

(110) Ebû Dâvûd, Ebû Hureyre'den.

www.ihya.org

Halbuki münâzara eden kendisini hased'den aslâ kurtaramaz. Çünkü bu adam bâzan gâlib ve bâzan da mağlûb olur. Bâzan kendi sözü ve bâzan da hasmının sözü öğülür. Dünyâ'da bulunduğu müddetçe ya kendisi kuvvetli bilgi ve anlayışla öğülür, veyâ başkası daha iyi anlıyor ve daha güzel ifâde ediyor diye öğülür. Mutlaka bu nimetin başkasında kaybolmasını ve bütün insânların kendisine yönelmesini ister ve böylece kendisinden üstün olana hased eder. Halbuki hased, yakıcı bir ateştir. (Ateş, yakacak bir şey bulamazsa kendisini yakar tüketir). Hased hastalığına mübtelâ olan, dünyâ'da da azâbdadır. Âhiret azâbı ise daha büyük ve şiddetlidir. Bu sebebden İbn Abbas (R.A.) : «İlmi, bulduğunuz yerde alın, fakat fakihlerin birbiri hakkındaki sözlerini kabûl etmeyin; çünkü onlar, ağılda birbiriyle oynayan tekeler gibidir.» buyurmuştur.

2 — **Kibir ve böbürlenme, insânlara üstünlük taslama.** Peygamber Efendimiz bir hadisinde şöyle buyuruyorlar :

«مَنْ تَكَبَّرَ وَضَعَهُ ٱللّٰهُ وَمَنْ تَوَاضَعَ رَفَعَهُ ٱللّٰهُ»

«Kibir edeni, Allah alçaltır; alçak gönüllü olan'ı yükseltir.» (111)

Peygamber Efendimiz bir hadîs-i kudsî'de de, Allahu Teâlâ'nın şöyle buyurduğunu haber veriyor :

«ٱلْعَظَمَةُ إِزَارِي وَٱلْكِبْرِيَاءُ رِدَائِي، فَمَنْ نَازَعَنِي فِيهِمَا قَصَمْتُهُ»

«Ulu'luk, gömleğim, büyüklük cübbem'dir. -Bu iki vasıf yalnız bana mahsûstur.- Bunlarla benimle münâzara'ya kalkışanı helâk ederim.» (112)

Münâzara eden emsâl ve akrânına karşı kibir'den ve bulunduğu derecenin üstüne çıkmaktan kendini alamaz. Hattâ münâzaracılar döğüşmeğe kadar gider, ben baş tarafta, sen aşağı tarafta oturdun diye birbirlerine böbürlenirler. Sadre'ye geçmekten öğünür, geride kalmaktan canı sıkılır, dâima öne geçmeği isterler. Bunun için de «İlmin şerefini korumak istiyorum ve esâsen mü'min kendini zillete düşürmekten men edilmiştir.» diyerek ma'zeret beyân ederler ve :

(112) Ebû Dâvud, İbn Mâce, İbn Hibban, Ebû Hureyre'den.

www.ihya.org

«أَنَّ ٱلْمُؤْمِنَ مَنْهِيٌّ عَنِ ٱلْإِذْلَالِ لِنَفْسِهِ»

«Mü'min kendini hakir düşürmekten nehy edilmiştir.» (113)

Hadisi ile Allahu Teâlâ ve Peygamber Efendimizin öğdüğü tevâzu'a zillet, yasak ettikleri kibr'e de izzet adını verirler. İnsânları azıtmak için isimleri değiştirir. Nitekim hikmet, ilim ve diğer kelimeleri değiştirdikleri gibi.

3 — **Hıkd** [Kin] : Münâzaracı, kincilikten kendisini kurtaramaz. Peygamber Efendimiz:

«اَلْمُؤْمِنَ لَيْسَ بِحَقُودٍ»

«Mü'min, kinci olmaz.» (114)

buyurmuşlar. Hıkd'i zemmeden bir çok rivâyetler vardır. Bir münâzaracı düşünemeyiz ki: Hasmının sözüne baş sallayıp kendi sözünde duraklayan ve hüsn-i kabûl göstermiyen kimseye kin tutmasın. Mutlaka ona kin tutar ve bu kini içinde büyütür. Son gayreti nifâkını gizlemektir. Fakat nasıl olsa bu nifâk sızarak hârice çıkar. Münâzara eden kendisini bu hastalıktan nasıl kurtarabilir? Çünkü bütün dinleyicilerin kendi sözünü üstün tutmasına ve her hâlinde beğenilmesine dinleyenlerin ittifakı düşünülemez. Hasmından, azıcık olsun sözüne kıymet vermemek hâlini görürse, ölünceye kadar çıkmayacak şekilde kalbine kin tohumu ekilir.

4 — **Gıybet** : Münâzara'nın âfetlerinden birisi de gıybet'tir. Allahu Teâlâ, gıybeti ölü etini yemeğe benzetmiştir. Münâzaracı devâmlı olarak ölü eti yer. Çünkü hasmının sözünü anlatmaktan ve onu kötülemekten kendini alamaz. En son koruma çâresi, onun hakkındaki hikâyelerinde yalan söylememektir. Fakat ifâdedeki noksânlarını, acizini ve fazîletinin noksân olduğunu mutlaka söyler. Zâten gıybet de budur. Eğer yalan söylerse o zamân iftirâ etmiş olur. Yine bunun gibi, kendi sözünü dinlemeyip hasmına meyleden ve hasmının sözünü tercîh edene de saldırmaktan kendini alamaz. Hattâ ona da anlayışsızlık, ahmaklık ve cehâlet nisbet etmekten geri kalmaz.

5 — **Tezkiye-i nefs** : Münâzara'nın âfetlerinden biri de kendini tezkiye ve öğmektir. Halbuki Allahu Teâlâ Kur'ân-ı Kerîm'de:

«فَلَا تُزَكُّوا أَنْفُسَكُمْ هُوَ أَعْلَمُ بِمَنِ اتَّقَى»

«Kendinizi tezkiye edip durmayın, muttakiler'in kim olduğunu O (Allah) bilir.» (53 - Necm : 32)

buyurmuştur. Hakîm'in birisine: «Doğru söz'ün çirkin'i hangisidir?» diye sormuşlar. Hakîm: «İnsânın kendini öğmesidir.» diye cevâp vermiştir. Halbuki münâzara eden: «Benim bilgim fazladır, hasmımı yenebilirim, fazilet bakımından dâima emsâlime üstünüm.» demekle kendini öğmekten kurtulamaz ve münâzara esnâsında bâzan öğünmek ve bâzan da sözünün revâç bulması için : «Bunları ben bilmez miyim, benim akli ve nakli ilimlerde ihtisâsım var, ben usûl bilirim, hadîs ezberimdedir.» gibi sözler söylemekten kendisini alamaz. Halbuki aşırı derecede benlik ve öğünmek şer'an ve aklen yerilen bir harekettir. (Bundan çekinmek lâzım gelir.)

6 — **Tecessüs** : Münâzara âfetlerinden birisi de tecessüs [casusluk] ve insânların gizli kusûrlarını aramaktır. Halbuki Allahu Teâlâ:

«وَلَا تَجَسَّسُوا»

«İnsanların kusûrlarını araştırmayın.» (49 - Hucûrât : 12)

buyurmuştur. Münâzara eden dâima akranının sürçmelerini ve hasmının kusûrlarını araştırır. Hattâ memleketine böyle bir münâzaracı'nın geldiğini duyduğu vakit onun bedeni ârızalarına, kelliğine, ala'lığına varıncaya kadar çocukluğundan i'tibâren bütün kusûrlarını ve gizli hâllerini bilecek adam arar. Lüzûmunda onu rezil etmek için bütün noksânlarını kendisine sermâye edinir. Sonra onun üstün geleceğini sezdiği vakit, eğer maskeli konuşanlardan ise, îmâ yolu ile kusûrlarına işâret eder. Bu buluşu zâhiren güzel görülür. Eğer dili uzun ve eğlence'den şeref duyan kimse ise, îmâ yolu ile değil, âşikâre onu terzil etmekten çekinmez. Nitekim kendilerini fuhûl-ı ulemâdan sayan büyük münâzaracıların bu yola başvurdukları hikâye edilmektedir.

7 — Münâzara âfetlerinden yedincisi de başkalarının kederlenmesine sevinmek, sevinçlerine üzülmektir. (Çünkü hasmı, üstün gelir sevinirse kendisi mükedder olur, hasmı mağlûp olursa kendisi sevi-

nır). Halbuki kendisi için sevdiğini, din kardeşi için sevmeyen kimse, mü'minlerin ahlâkından uzakta kalır. Faziletini açığa çıkarmakla emsâline karşı üstünlük isteyen kimseyi, hasmının sürçmesi elbette sevindirir ve aralarında, kumalar arasında olduğu gibi husûmet olur. Kumalardan biri, diğerini daha uzaktan görünce kalbi çarpıp benzi solduğu gibi, münâzaracılar da birbirini gördüğü vakit, gâlibiyet - mağlûbiyet korkusuyla âdeta azgın bir Şeytân veyâ saldıran yırtıcı bir hayvân görmüş gibi olurlar. Nerede din âlimlerinin buluştukları vakit yekdiğerinin istirahatini te'mine çalışmakla kurdukları ünsiyyet, nerede onlardan nakledilen, darlıkta ve genişlikteki yardımlaşma ve kardeşlik? Hattâ İmâm Şâfi'î (R.A.) : «İlim, fazîlet ve akıl sâhipleri arasında yakınlık ve dostluk vesilesidir.» buyurmuştur. O böyle derken ilimleri ile birbirine düşmân kesilenlerin, hiç çekinmeden onun mezhebinden olduklarını iddiâ etmelerine akıl erdiremem. Birbirine üstünlük iddiâsında bulunup dururken, aralarında ünsiyyet olduğunu düşünmek mümkün müdür? Nerde? Çok uzak. Bir şeyin fenâ olması için, seni iyilerin ahlâkından uzaklaştırıp kötülerin hûylariyle ahlâklandırması kâfidir.

8 — Münâzara âfetlerinden biri de münâfıklıktır. Münâfıklığın kötülüğünü anlatmak için şâhid dinletmeğe hiç de lüzûm yoktur. Münâzaracılar, nifâk'a mecbûrdur. Zîra münâzaracılar, hasımlariyle, hasımlarının dostları ve adamlariyle buluştukları vakit, dilleriyle onlara karşı saygı, samimiyyet ve dostluktan başka bir şey göstermezler. Halbuki bunun yalan ve nifâk işi olup samimî olmadığını hitâb eden ve muhâtab olan ve hattâ her duyan anlar. Onlar dil ile dost olurlarsa da kalb ile düşmandırlar. Bu çirkin vasıftan Allahu Teâlâ'ya sığınırız. Peygamber-i zîşan Efendimiz bir hadîs-i şerîfinde :

«إِذَا تَعَلَّمَ ٱلنَّاسُ ٱلْعِلْمَ وَتَرَكُوا ٱلْعَمَلَ وَتَحَابُّوا بِٱلْأَلْسُنِ وَتَبَاغَضُوا بِٱلْقُلُوبِ وَتَقَاطَعُوا فِي ٱلْأَرْحَامِ. لَعَنَهُمُ ٱللهُ عِنْدَ ذَلِكَ فَأَصَمَّهُمْ وَأَعْمَى أَبْصَارَهُمْ»

«İnsânlar ilim öğrenip ameli terk ettikleri, dil ile sevişip içden husûmet besledikleri ve sılâ-i rahmi terk ettikleri vakit, Allah onlara lânet eder; kulaklarını sağır, gözlerini de kör eder.» (115)

(115) Taberânî, Sehlân'dan.

buyurmuştur. Bu anlattığımızın doğruluğu, bu hâlleri müşâhede ile sâbit olmuştur.

9 — Münâzara âfetlerinden biri de hakk'ı kerîh görüp kabûl etmemek ve haksız olduğu hâlde mücâdeleye harîs olmaktır. Hattâ mücâdelecinin en hoşlanmadığı şey, hakikatı hasmının ifâde etmesidir. Hasmı doğruyu söylese de, bütün gayretleriyle inkâra kalkışır; onu çürütmek için her çeşit hileye ve her çâreye baş vurur. Böylece mücâdelecilik kendisinde o kadar tabîileşir ki duyduğu her söze, hattâ şerî'atin hükümlerine, Kur'ân'ın delîllerine bile i'tirâza kalkışarak onları da birbirine katar. Halbuki (Hakk'a şöyle dursun) bâtıl'a karşı da mücâdele mahzûrludur. Zîra, Peygamber Efendimiz, bâtıla karşı, hakk ile olsa da mücâdeleyi terk etmeği teşvîk etmek üzere şöyle buyurmuşlardır:

«مَنْ تَرَكَ ٱلْمِرَاءَ وَهُوَ مُبْطِلٌ بَنَى ٱللّٰهُ لَهُ بَيْتًا فِي رَبَضِ ٱلْجَنَّةِ ،
وَمَنْ تَرَكَ الْمِرَاءَ وَهُوَ مُحِقٌّ بَنَى ٱللّٰهُ لَهُ بَيْتًا فِي أَعْلَى الْجَنَّةِ »

«Haksız olduğunu anlayıp mücadeleden vaz geçen kimseye, Allahu Teâlâ Cennet'in kenar yerinde bir ev binâ eder. Kim ki haklı olduğu hâlde mücedeleyi terk ederse, Allahu Teâlâ ona Cennet'in en iyi yerinde bir binâ inşâ eder.» (116)

Allahu Teâlâ, kendisine yalan isnâd eden ile, hakk'ı tekzîb edeni bir tutmuştur. Nitekim Kur'ân-ı Kerîm'de:

«وَمَنْ أَظْلَمُ مِمَّنِ ٱفْتَرَى عَلَى ٱللّٰهِ كَذِبًا أَوْ كَذَّبَ بِٱلْحَقِّ لَمَّا جَاءَهُ »

«Allah'a yalan isnâd eden veyâ hakk'ı yalanlayandan daha zâlim kim olabilir?»

buyurmuştur. Diğer bir âyet-i celîlede ise:

«فَمَنْ أَظْلَمُ مِمَّنْ كَذَبَ عَلَى ٱللّٰهِ وَكَذَّبَ بِٱلصِّدْقِ إِذْ جَاءَهُ »

«Allah'a yalan isnâd edenden veya kendisine ulaşan doğru haberi yalanlayandan daha zâlim kim olabilir?» (39 - Zümer : 32)

Buyurmuştur.

10 — Âfetlerden biri de riyâ'dır. Riyâ, Hakk'ın rızâsını unutup halkın teveccühüne mazhar olmak ve gönüllerini kendisine çevirmek için çalışmaktır. İleride Riyâ kitâbında açıklanacağı gibi, riyâ, insânları en büyük günâhları irtikâba sevk eden fenâ bir hastalıktır. Münâzaracı'nın gâyesi, ün almak ve insânların övgüsüne mazhar olmaktan başka bir şey değildir.

Şu saydığımız on tânesi, münâzaracıların ahlâkî hastalıklarının büyüklerindendir. İnsânlar arasında değeri olmayanlar ve böyle maskelenmeyip daha ileri giderek birbirini döğecek, tâ'n edecek, yakasını yırtacak, sakalından tutacak, anasına sövecek, hocalarına küfredecek, açıkça her türlü fenâ sözleri söyleyecek kadar ileri gidenler müstesnâ, münâzaracıların ileri gelenleri şu on hastalıktan kendilerini aslâ kurtaramazlar. Aslında bâzıları açıkça kendisinden üstün veyâ düşük olan, memleketinden uzakta bulunan, geçim sebebleri ayrı ayrı olan kimselere karşı bu hastalıkların bir kısmından kurtulabilirler; fakat dereceleri bir olanlar, aslâ bu âfetlerden kendilerini alamazlar.

Şu saydığımız on fenâ hasletten, ayrıca on rezâlet doğar. Biz bunların tafsîli ile sözü uzatamayız. Ancak isimlerini saymakla kalalım. Unf, gazab, buğz, tama', mal ve mevki' sevgisi, hasımlarına üstünlük hırsı, mübahât [Başkasına karşı üstünlük], eşer [Aşırı küfrân-i ni'met - nankörlük], batar [Son derece sevinmek], servetlerinden dolayı zenginlere saygı, mevki' alma ümîdiyle pâdişahlara yaltaklık ve hazine'den yemek için onlara meyletmek, binek ve giyimde israf'a varacak şekilde süslenmek, kibr ederek insânları küçümsemek, lüzûmsuz şeyler ile uğraşmak, fazla konuşmak, merhamet ve sevgi'nin kalb'den çıkması ve gafletin kalbi kaplaması. Hattâ münâzaracılar öyle bir hâle düşer ki, ne kıldığını, ne de okuduğunu hâtırlar; kim'e karşı kıldığını bile hâtırlayamaz. Namâz'ın huzûr ve huşû'unu duymazlar. Bununla berâber ömürlerini güzel ibâre okumak, kafiyeli konuşmak, ender ve garîb rivâyet ve hikâyeleri ve buna benzer âhirette hiç kârı olmayacak münâzara ilimlerini öğrenmekle geçirirler. Münâzaracıların dereceleri var; her biri derecesine göre ayrılır. Buna rağmen en dindâr ve âlim münâzaracı da şu hastalıklardan kendisini koruyamaz. Son çâresi, bunları gizlemek ve nefis mücâhedesi yapmaktır.

Bilmiş ol ki, şu saydığımız rezâletler, nâm ve şöhret kazanmak isteyen, makaam'a ulaşmak, servet ve ululuk te'mîni için uğraşan vâizler, hattâ kadılık, evkâf idâreciliği, emsâline üstünlük isteyen fetvâcılar ve mezheb ilimleriyle uğraşanlar için de aynıdır.

Hülâsa : İlim ile Allah rızâsından başkasını isteyenler için hüküm aynıdır. İlim, âlimi başı - boş bırakmaz. Ya ebedî felâkete, veyâ ebedî saâdete ulaştırır. Bu sebebdendir ki Peygamber Efendimiz :

www.ihya.org

«أَشَدُّ النَّاسِ عَذَابًا يَوْمَ الْقِيَامَةِ عَالِمٌ لَا يَنْفَعُهُ اللهُ بِعِلْمِهِ»

«Kıyâmet gününde en ağır azâbı görecek olan, Allahu Teâlâ'nın ilminden kendisini faydalandırmadığı âlimlerdir.»

Buyurdu. Görülüyor ki (Kalb gözünü açmadığı için) ilimsiz amelin, kâr yerine kendisine en büyük zararı dokunmuştur. Başbaşa kalaydı - ilim, ne lehine ve ne de aleyhine olaydı - canına minnet, fakat nerede.. İlmin tehlikesi büyüktür. İlmin tâlibi ebedî mülk'ün ve dâimî ni'met'in tâlibidir. Ya bu mülk'e veyâ helâke kavuşur. Bu adam, dünyâ'da servet peşinde koşan'a benzer; eğer kazanamazsa kendisini zilletten kurtaracağını ümîd etmez, belki o dehşetli günde bütün gizli ahvâli açığa çıkacak ve rezîl olacaktır.

«Eğer makaam sevgisi olmasa ilimler de ortadan kalkardı. Binâenaleyh insânları ilm'e teşvîk bakımından münâzarada fayda var.» dersen, cevâben deriz ki: Evet, söylediğin **bir bakıma** doğrudur, fakat dâ'vaya medâr olmaz. Zîra çevgân, top, topaç, kuş oyunu ve benzeri oyunlar va'd edilmeyeydi çocuklar mektebe heves etmezdi. Bu böyle olmakla onları sevmek makbûldür denemediği gibi, riyâset sevgisi olmasa ilim kaybolurdu demek, riyâseti isteyen necât buldu mânâsına gelmez. Belki bunlar, Peygamber Efendimizin :

«إِنَّ اللهَ لَيُؤَيِّدُ هَذَا الدِّينَ بِأَقْوَامٍ لَا خَلَاقَ لَهُمْ»

«Allahu Teâlâ bu dini, dîn'de nasîbi olmayan bir takım kimselerle de te'yîd eder.» (117)

«إِنَّ اللهَ لَيُؤَيِّدُ هَذَا الدِّينَ بِالرَّجُلِ الْفَاجِرِ»

«Gerçekten, Allahu Teâlâ bu dini fâcir kimselerle de kuvvetlendirir.» (118) buyurduğu kimseler meyânına girer.

Riyâseti isteyen helâkdedir. Eğer riyâset sevgisini gizler ve zâhirde eski âlimler gibi görünür, dünyâ sevgisini terk'e dâvet ederse, başkaları onun sebebiyle düzelebilir ki, bu da kendisini yakıp, başkasına ışık veren lâmbaya benzer. Gayrin salâhı kendi helâkindedir.

(118) Buhârî ile Müslim, Ebû Hureyre'den.

www.ihya.org

Eğer insânları fenâlığa dâvet ediyorsa kendisini de, başkalarını da yakan ateş'e benzer.

Âlimler üçe ayrılır.

1 — Kendisini de, başkasını de helâk edenlerdir. Bunlar, açıkça dünyâlık isteyip insânları dünyâlığa teşvik eden âlimlerdir.

2 — Kendisini helâk edip başkasını kurtaranlardır. Bunlar görünüşte dünyâyı terk edip insânları âhiret'e dâvet ederlerse de gerçekte gâyeleri halkın teveccühüne mazhar olmakla mevki kazanmaktır.

3 — Kendisini de, başkalarını da mes'ûd eden âlimlerdir ki, bunlar zâhir ve bâtınlariyle insânları Allah'a dâvet edenlerdir. Bak bakalım, sen hangi kısımdansın? İlmin ve amelinle neyi kasd ediyorsun? Allah rızâsı için olmayanları, Allahu Teâlâ'nın kabûl edeceğini zannetme, Riyâ Kitabı'nda ve bütün «Mühlikât» bahsinde sana, şüpheni izâle edecek bilgiler, verilecektir inşâallah.

BEŞİNCİ BÂB

MUALLİM [HOCA] İLE TALEBE'NİN RİÂYET EDECEKLERİ EDEBLER BEYÂNINDADIR

TALEBENİN RİÂYET EDECEĞİ ÂDÂB

Öğrenci'nin riâyet edeceği bir çok âdâb ve vazîfeleri vardır ki bunlar, on kısımda toplanabilir.

1 — Her şeyden evvel, kalbini bütün fenâ hâllerden ve kötü vasıflardan temizlemektir. Çünkü ilim öğrenmek, kalbin ibâdeti, sırr'ın namâzı ve iç hâsselerin Allahu Teâlâ'ya yaklaşmasıdır. A'zâlar'ın vazîfesi olan namâz, a'zâları her türlü pislikten temizlemeden kabûl olmadığı gibi, bâtınî ibâdet ve kalbî ilim ile tezyîn de, ancak kalbi her türlü kötü sıfat ve vasıflardan ve fenâ hûylardan temizledikten sonra kabûl olur. Nitekim Peygamber Efendimiz :

« بُنِيَ ٱلدِّينُ عَلَى ٱلنَّظَافَةِ »

«Dîn, temizlik üzerine kurulmuştur.» (119) buyurdu.

Temizlik, zâhir ve bâtın temizliğidir. Allahu Teâlâ Kur'ân-ı Kerîm'de :

« إِنَّمَا ٱلْمُشْرِكُونَ نَجَسٌ »

«Müşrikler pisdir.» (9 - Tevbe : 28)

buyuruyor ve şu gerçeği ifâde ediyor ki, pislik ve temizlik yalnız dış'a bağlı değil, iç ile de alâkalıdır. Müşrik, yeni hamâmdan çıkmış ve temiz elbise giymiş olması bakımından temiz olabilir, fakat cevheri ve

(119) Bu ifâde ile bulunamamıştır.

www.ihya.org

ma'neviyâtı pistir. Pislik, nefret edilen ve kendisinden uzaklaşılan bir şey olduğuna göre iç pisliklerden kaçınmak daha mühimdir. Çünkü bâtın pisliği, burada pislik olmakla berâber, âhirette de insânı helâke götürür. Bunun için Peygamber Efendimiz bir hadîs-i şerîfde :

« لَا تَدْخُلُ ٱلْمَلَائِكَةُ بَيْتًا فِيهِ كَلْبٌ »

«Köpek bulunan eve melek girmez.» (120) buyurmuştur.

Kalb, meleklerin indiği ve eğlendiği bir evdir. Gazab, şehvet, kin, hased, kibir, ucb ve benzerî kötü hûylar üren köpeklerdir. Bu gibi köpeklerle dolu bir kalb'e melekler nasıl girsin? (Çünkü temiz olanlar, temiz yerde bulunur, pisliğe karışmazlar.) Allahu Teâlâ ilim nûrunu melekler vâsıtasiyle kalbe akıtır. Nitekim âyet-i celîlede :

« وَمَا كَانَ لِبَشَرٍ أَنْ يُكَلِّمَهُ ٱللَّهُ إِلَّا وَحْيًا أَوْ مِنْ وَرَاءِ حِجَابٍ
أَوْ يُرْسِلَ رَسُولًا فَيُوحِيَ بِإِذْنِهِ مَا يَشَاءُ »

«Ya bir vahiy ile, ya bir perde arkasından, yahud bir elçi gönderib de kendi izniyle dileyeceğini vahyetmesi olmadıkça Allahın hiçbir beşere kelâm söylemesi (vaakî) olmamışdır.» (42 - Şûrâ : 51) buyurulmuştur. Bunun gibi kalb'e gönderdiği ilmin rahmetlerine de müvekkel melekler vardır. Bunlar kötü sıfatlardan uzak, temiz ve mukaddes kimselerdir. Bunlar ancak temiz yerlere inerler. Kendilerinde olan rahmet hazineleriyle ancak iyi ve temiz yerleri ta'mir ederler. Bunu söylerken hadîs'deki **«Beyt»** kelimesinden murâd kalb, **«Kelb»** kelimesinden murâd gazab ve diğer kötü sıfatlardır demek istemiyorum. Ancak bu Hadîs'de buna da tenbîh ve işâret vardır derim. Zâhir mânâyı, bâtın mânâya değiştirmekle, sözü, asıl mânâsında kullandıktan sonra buna da tenbîh ediyor demek arasında büyük fark vardır. Bâtıniyye fırkasının ayrıldıkları bu inceliktedir. (Onlar, kelimeyi asıl mânâsından alır, başka mânâda kullanırlar.) Bizim anlattığımız iyi âlimlerin kabûl ettikleri i'tibar yoludur. İ'tibar, ibret almak demektir; yâni asıl mânâyı kabûl etmekle berâber ondan başka bir mânâ da çıkarmaktır. Nitekim başkası bir belâya uğradığı va-

kit, dünyâ'nın inkılâb ve değişiklik dünyâsı olduğu için, bu belânın kendisine de gelebileceğini düşünerek akıl sâhibinin ondan ibret alması gibi. Başkasından kendisine, kendisinden de dünyânın esâsına ibret alması öğülen bir ibretlikdir.

Sen de insânların inşâsı olan «Beyt» [Oda] kelimesinin mânâsından, Allahu Teâlâ'nın inşâsı olan kalbi i'tibar et. Sûreti için değil de ahlâkı olan yırtıcılık ve pisliği bakımından yerilen «kelb» kelimesinin mânâsından, bu sıfatlarda olan rûhu i'tibar et.

Bilmiş ol ki, gazab ile dolmuş, dünyâya dalmış ve dünyâlık peşinde koşan, insânların şeref ve haysiyyetleri ile oynıyan kalbler, sûrette kalb ise de mânâda kelptir. Halbuki basiret nûru, sûretleri değil, mânâları mülâhaza eder. Maddî âlemde sûretler, mânâlara gâlibdir. Mânâlar sûretlerin içindedir. Âhirette bunun aksine olarak, sûretler mânâlara tâbi' ve mânâlar galibdir. Bunun içindir ki, her insân, mânevî sûreti üzerine haşrolacaktır. Nitekim Peygamber Efendimiz şöyle buyuruyorlar:

«İnsânların şereflerini pâymâl etmeğe çalışanlar kelb sûretinde, mâl düşkünleri kurt sûretinde, benlikçiler kaplan sûretinde, riyâset âşıkları arslan sûretinde haşrolacaklardır.»

Bu husûsu ifâde eden daha bir çok haberler olduğu gibi, basar ve basîret sâhipleri de buna şehâdet etmiştir.

Eğer: «Seviyeleri çok düşük kimseler var ki, bir çok ilimler elde etmişlerdir.» dersen, cevâben deriz ki: Onların bilgisi âhirette faydası dokunacak, saâdeti sağlayacak gerçek ilim olmaktan çok uzaktır. Zîra âhirette kârı dokunacak ilmin belirtilerinden biri, isyânın öldürücü bir zehir olduğunun bilinmesidir. Öldürücü olduğunu bilen kimsenin zehir içtiğini hiç gördün mü? Böyle sûretâ âlim geçinenlerden duyduğun bir hadisi dilleriyle kabûl ederken kalblerinden tereddüd etmeleri, ilim nâmına bir şey değildir. Nitekim İbn Mes'ûd (R.A.): «İlim, fazla rivâyet etmek demek değil, belki Allahu Teâlâ'nın kalb'e ilka ettiği bir nûrdur.» buyurmuştur. Diğer bâzıları da: «İlim, haşyettir.» dediler. Zîra Allahu Teâlâ:

«إِنَّمَا يَخْشَى ٱللَّهَ مِنْ عِبَادِهِ ٱلْعُلَمَٰٓؤُا»

«Allahu Teâlâ'dan (en çok) korkanlar, âlimlerdir.» (35 - Fâtır: 28)

buyurmuştur. «İlim, haşyet [korku]'dir» diyen, ilmin en mühim husûsiyetine işâret etmiştir. Bu sebepten bâzı gerçek âlimler, başkalarının:

www.ihya.org

«Biz ilmi, başka gâye uğrunda okuduk, fakat ilim, başkası için olmaktan ibâ etti ve ancak Allah için olmağı kabûl etti.» sözlerinin mânâsı, «İlim, bizden yüz çevirdi, hakikati bize açıklanmadı, bizim elde edebildiğimiz, ancak elfaz ve zâhir mânâsı oldu, demektir.» dediler.

Eğer dersen ki: «Usûl ve fürû'da ün almış âlimlerin fuhûlinden sayılan nice muhakkik, fakih âlimler tanırım ki, kötü ahlâklarından temizlenmemişler, arınmamışlardır.» Cevâbında deriz ki: İlimlerin derecelerini ve âhiret ilmini bildikten sonra, bunların meşgûl oldukları, ilim olması bakımından faydası çok az olan şeyler olup, bu gibi ilimlerin kârının, -eğer Allah rızâsını niyyet edersen- daha ziyâde amel bakımından olabileceğini anlarsın. Bu cihete yukarıda işaret edildi. İnşâallah ileride daha geniş tafsilât verilecektir.

2 — Dünyâ ile alâkasını azaltıp yurdundan ve âilesinden uzaklaşmalıdır. Çünkü dünyâ alâkası ve âile gâilesi tahsil'e mâni'dir. Halbuki Allahu Teâlâ bir insânın içinde iki kalb yaratmamıştır (ki, iki tarafı idâre etsin). Ne zamân aklını başka tarafa bölersen gerçekleri anlaman azalır. Bu sebepten: «Bütün kuvvetini ilme bağlamadan, ilimden bir şey alamazsın.» denilmiştir. Sen bütün varlığını ilme bağladığın vakit onun bir cüz'ünü alman yine şüphelidir. Dağınık fikir, suyu bölünen bir dereye benzer ki, bir kısmını toprak içer diğer bir kısmı havaya karışır; derken bahçeyi sulamağa yetişmez, kurur gider.

3 — İlimle kibirlenip, hocaya ukalâlık etmemektir. Bilâkis bütün mevcûdiyetiyle her husûsda hocanın emrine girip onun bütün öğütlerini, câhil bir hastanın selâhiyyettâr tabîbi dinleyip kabûl etmesi gibi, dinlemeli ve kabûllenmelidir. Ve yakışan dâima hocasına karşı alçak gönüllü olup ona hizmeti bir şeref telâkki etmektir. Şa'bî diyor ki: «Bir cenâze namâzını kıldıktan sonra binmesi için, Zeyd b. Sâbit'e katırını yaklaştırdım. O sırada Abdullah b. Abbâs gelerek özengiyi tutmak istedi. Bunu gören Zeyd: "Ey Resûlu'llah'ın amcazâdesi, özengiyi bırak." dedi. İbn Abbâs: "Biz, âlimlere bu şekilde muâmele ile emrolunduk." dedi. Bunun üzerine Zeyd, İbn Abbâs'ın elini öptü ve: "Biz de, Resûl'ün ehl-i beytine böyle yapmakla emrolunduk." diye mukaabelede bulundu.»

Bir hadîs-i şerîfde Peygamber Efendimiz şöyle buyurmuşlardır.

«لَيْسَ مِنْ أَخْلَاقِ الْمُؤْمِنِ التَّمَلُّقُ إِلَّا فِي طَلَبِ الْعِلْمِ»

«Zillet, mü'minlerin ahlâkı değildir; ancak ilim talebinde olabilir.» (121)

(121) İbn Adiyy. Muâz'dan.

www.ihya.org

Hülâsa, talebelerin hocalarına karşı kibirlenmeleri doğru değildir. Hocaya karşı kibrin belirtilerinden biri de, istifâde için yalnız meşhûrları seçmektir. Bu, ahmaklığın tâ kendisidir. Zira ilim, kurtuluş ve saâdet'in sebebidir. Kendisine saldıran arslandan kaçıp sığınacak yer arayan kimse, sığınağı gösterenin ünlü veyâ ünsüz olmasına bakmaz. Halbuki Cehennem ateşinin, Allahu Teâlâ'yı bilmeyenlere saldırışı, her nevi yırtıcı hayvan'ın saldırışından fenâdır. Hikmet, mü'minin yitiğidir. Nerede eline geçerse onu ganîmet bilir; kim olursa olsun, kendisini o yitiğe ulaştıran'a teşekkürü, boynuna borç bilir. Bu sebebden denildi ki:

«Sel, yükseklere düşmân olduğu gibi, ilim de kibr eden öğrencilerin düşmânıdır.»

İlim, ancak tevâzu' göstermek ve dinlemek ile elde edilir. Allahû Teâlâ:

«إِنَّ فِي ذَٰلِكَ لَذِكْرَىٰ لِمَنْ كَانَ لَهُ قَلْبٌ أَوْ أَلْقَى السَّمْعَ وَهُوَ شَهِيدٌ»

«Doğrusu bunda düşüncesi olanlara yahut akılları başlarında olarak kulak verenlere büyük öğüt var.» (50- Kâf : 37)

buyurmuştur. Kalb sâhibi demek, yaratılışta bilgiye kabiliyetli ve anlayışlı olmak demektir. Bundan sonra yalnız anlayışlı olmak yetmez. Tâ ki içinden hâzırlanıp, kendisine söylenenlere karşı teşekkür ve tevâzu' göstererek cân kulağı ile dinlemedikçe.

Talebe, hocasına karşı, yağan bol yağmuru tamâmiyle içine alan yumuşak toprak gibi olmalı ve hocanın öğüdünü tamâmen kabûl etmelidir. Hocanın, kendisine öğrettiği her şeyi hemen kabûllenmeli, kendi kanâatini atmalıdır. Hocanın görünüşteki hatâsı, kendi doğrusundan daha kârlıdır. Zira tecrübe, kulaklara garîb gelen bir çok inceliklere insânı ulaştırır. Çok ateşli hastalar vardır ki, tabîb ona evvelâ yine hararetini daha da yükseltecek ilâç verir de sonra tedâvisine gider. Şüphesiz tabâbetten haberi olmayan buna şaşar. Fakat tabîbin gâyesi, onu ilâcın sadmesine dayanabilecek bir hâle getirmektir.

Allahu Teâlâ, Hızır ve Mûsâ (A.S.) kıssasiyle buna tenbîh ederek şöyle buyuruyor. Hızır (A.S.) dedi ki:

www.ihya.org

«إِنَّكَ لَنْ تَسْتَطِيعَ مَعِيَ صَبْرًا ، وَكَيْفَ تَصْبِرُ عَلَى مَالَمْ تُحِطْ بِهِ خُبْرًا»

«Şüphesiz sen benimle sabredemezsin. Havsalanın almadığı şeye nasıl sabredeceksin?.» (18 - Kehf : 67 - 68)

Sonra da kendisi açıklayıncaya kadar sâkit durmasını şart koşarak :

«فَإِنِ اتَّبَعْتَنِي فَلَا تَسْأَلْنِي عَنْ شَيْءٍ حَتَّى أُحْدِثَ لَكَ مِنْهُ ذِكْرًا»

«Eğer bana tâbi' olacaksan bana hiç bir şeyden sorma, tâ ben sana ondan bir söz açıncaya kadar.» (18 - Kehf : 70)

demiştir. Sonra ayrılmalarına sebep oluncaya kadar sabredemedi de durmadan tekrâr tekrâr sordu.

Hülâsa: Kendi görüşünü hocasının görüşü üzerine tercîh eden her talebe mahrûmiyet ve hüsrândadır.

Eğer dersen ki : Allahu Teâlâ :

«فَاسْأَلُوا أَهْلَ الذِّكْرِ إِنْ كُنْتُمْ لَا تَعْلَمُونَ»

«Eğer bilmezseniz, bilenlerden sorun.» (16 - Nahl : 43)

Buyurduğuna göre, soru sormak emr-i ilâhidir. (Buna göre hocaya suâl neden mahzûrlu olsun?) Bilmiş ol ki bu, doğrudur. **Fakat** hocanın izin verdiği kısımlarda sorulur. Henüz anlayamayacağın şeylerden değil; bu gibi mes'elelerden sormak iyi değildir. Bu sebebdendir ki, **Hızır** aleyhi's - selâm, **Mûsâ** aleyhi's - selâm'ı suâlden men'etmiştir. Yâni zamânı gelmeden suâl sorma. Hoca senin nereye kadar selâhiyetli olduğunu ve onların sana ne zamân açıklanacağını bilir. Henüz anlaşılamıyacak şekilde olan şeyden sorulmaz. **Hazret-i Ali** (R.A.) buyuruyor: «Kendisine fazla suâl sorulmamak, cevâbında inâd etmemek, yorulduğu vakit zorlamamak, kalkacağı zamân eteğine sarılmamak, gizli söylenenleri kendisine duyurmamak, yanında gıybet etmemek, sürçmesini beklememek, bir hatâsı olursa ma'zûr kabûl et-

mek, âlim'in hakkıdır.» Allah'ın emirlerine riâyet ettiği müddetçe, kendisine Allah için saygı gösterilmesi ve şahsının üstün tanınması, önünde oturulmaması ve ihtiyâcının halk tarafından giderilmesi, âlim'in hakkıdır.

4 — İlim tahsilinde bulunan kimse, ilm'e ilk girdiğinde ister dünyevî ister uhrevî olsun, insânların ihtilâflarına kulak asmamalıdır. Çünkü bu gibi ihtilâflar, aklını bocalatır, zihnini kurcalar, kanâatini şaşırtır, anlayışdan kendisini ümîdsizliğe düşürür. Bunun için yapacağı ilk iş, hocası'nın kabûl ettiği doğru yolu iyice anlamak ve ondan sonra diğer mezheb ve şüpheli şeyleri araştırmaktır. Eğer hocası müstakil bir mezheb'e bağlı olmayıp gelişi - güzel her mezheb'den ve aralarındaki ayrılıklardan bahsederse ondan vaz geçsin. Çünkü onun sapıtması düzeltmesinden çok olur. Zîra kör'ün, körleri idâre edip onlara yol göstermeğe selâhiyeti yoktur. Şahsiyeti böyle karışık olan kimseler, hayret körlüğünde ve cehâlet sahrâsında sayılırlar.

İlm'e yeni giren kimseyi şüpheli şeylerden men' etmek, yeni Müslümân olanı kâfirler arasına girmekten men' etmeğe benzer. Kuvvetli bir âlimi şüpheli şeylere bakmağa teşvik ise, kuvvetli bir Müslümânı (İslâmiyeti aşılamak için) kâfirler arasına girmeğe teşvike benzer. Bunun için korkakların düşmân saflarına saldırması men' edilir ve cesûr olanlar buna teşvik edilir. Bu inceliği anlayamadıklarından bâzı zayıf akıllılar, kuvvetli bilginlerden rivâyet edilen bâzı müsâmahalarda onlara uymanın câiz olduğunu zannettiler. Bilemediler ki kuvvetli âlimlerin vazîfeleri, zayıflarınkinden ayrıdır. İşte bundandır ki bâzıları: «Beni bidâyette gören sıddîk, sonraları gören ise zındik olur.» demiştir. Çünkü nihâyette farzlarından gayri ameller, zâhirden bâtına intikal eder. Görenler de tenbelleştiğini ve ihmâl ettiğini zannederler. Halbuki bu makaam, kalbini mâsivâdan çekip Allahu Teâlâ'ya rabt etmek ve devâmlı olarak amellerin efdâli olan Allah'ı tezkîr makaamıdır.

Zayıfların, kendilerini kuvvetlilerin dış görünüşlerine benzetmeleri boş bir şeydir. Bu bir bardağa bir parça pislik attıktan sonra: «Bütün pislikler denize atılırken ben şu küçük bardağa azıcık pislik attımsa ne lâzım gelir? Koca denize câiz olan, elbette bu bardağa da câizdir.» diye özür dilemeğe benzer. Deniz bütün azametiyle o necâseti suya çevirir ve o necâseti kaplamasiyle, necâset kendi sıfatını alır. Fakat az necâsetin bir bardak suya galebe çalarak suyu kendi vasfına çevirdiğini bilemez. İşte bu gibi sebeblerden, başkasına câiz görülmeyen çok şeyler, Peygamber Efendimize (S.A.) câiz görülmüştür.

www.ihya.org

« حَتَّى أُبِيحَ لَهُ تِسْعُ نِسْوَةٍ »

«Hattâ kendisine dokuz kadın mübâh oldu.» (122)

Çünkü kendisinde, çok da olsalar kadınları arasında adâlet edecek kuvvet vardı. Fakat başkaları bu adâlete güc getiremez; aralarında haksızlık eder de onların rızâsını ararken Allah'a isyân eder. Azâb meleklerini, kamçı vuran insânlara benzeten aldanmıştır.

5 — Talebe öğülen ilimlerin hiç bir fennini ve nev'ini terk etmemelidir. Hiç olmazsa gâye ve maksatlarını anlayacak kadar onlara bakmalı ve sonra imkân bulduğu takdirde onlardaki bilgilerini genişletmelidir. Aksi hâlde ehemmi, mühim üzerine tercîh etmeli, onunla meşgûl olmalı ve diğerlerinden lâzım olan kısmını almakla kifâyet etmelidir. Çünkü ilimler birbirine bağlı ve yardımcıdır. Aynı zamânda bu kadar bilgi ile o, ilm'e düşmânlık etmekten korunmuş olur. Çünkü insânlar bilmediklerinin düşmânıdır. Nitekim Allahu Teâlâ Kur'ân-ı Kerîm'de şöyle buyuruyor:

« وَإِذْ لَمْ يَهْتَدُوا بِهِ فَسَيَقُولُونَ هَذَا إِفْكٌ قَدِيمٌ »

«Muvaffak olamayınca da şöyle diyecekler: Bu eski bir yalan.» (46 - Ahkâf : 11)

Şâir de şöyle diyor :

«Acı bulur ağzında tadı olmayan hasta;
İçtiği suyu, âb-ı hayat olsa da tasda.»

İlimler derecelerine göre ya, kişiyi Allahu Teâlâ'ya ulaştırır, veyâ ulaştırmağa bir nevi yardımcı olur. Maksûd'a yakınlık ve uzaklığı bakımından ilimlerin muâyyen dereceleri vardır. İlim tahsîlinde olanlar, hudûd bekçileri gibi onun muhâfızlarıdır. Her biri için bir derece ve Allah rızâsını kasd ettiği takdîrde, derecesine göre âhirette mükâfat vardır.

6 — Gelişi - güzel bir fenne dalmayıp, ehemmi tercîh ederek tertibi gözetmelidir. Şu kısa ömür bütün ilimleri elde etmeğe yetmediğine göre, en doğrusu her fenden güzelini almak ve ondan bir koku ile iktifâ ederek bütün kuvvetini, ilimlerin en makbûlü olan âhiret ilmine bağlamaktır. Yâni muâmele ve mükâşefe kısımlarına çalışmalıdır. Muâmelenin netîcesi, mükâşefe, mükâşefenin gâyesi de Allahu Teâlâ'yı

(122) Buhârî ile Müslim, İbn Abbâs'dan.

bilmektir. «Allahu Teâlâ'yı bilmektir.» derken: Avam kısmının ağızdan aldığı veyâ verâset yoluyla sâhip olduğu i'tikadı veyâ hasımlarına karşı kelâmcıların takındıkları mücâdele yollarını değil, belki mücâhede ile bâtınını temizliyerek, hakkında Peygamberimizin: **«Eğer âlemlerin îmâniyle tartılaydı ağır gelirdi.»** buyurmak sûretiyle şehâdet ettiği Ebû Bekr' in îmâni seviyyesine yükselen kişinin kalbine Allahu Teâlâ'nın ilka etiği nûrun semeresi olan bir nevi' YAKİN'i kasd ediyorum.

Buna göre avâm'ın i'tikadı ile, bu i'tikaddan farkı olmıyan ancak söz san'atı ile KELÂM adını alan, kelâmcıların bu gibi tertîplerinden Hazret-i Ömer, Osmân, Ali ve diğer Sahâbe (R.A.) âciz değillerdi. Hattâ Ebû Bekir, göğsüne yerleştirilen sır ile onlara üstün idi (Fakat onlar bu gibi şeylerle uğraşmazlardı). Sâhib-i Şerî'at Peygamber aleyhi's-selâm'dan, bu (Ebû Bekr'in îmânı ağır gelir) gibi sözleri duyduğu hâlde, sonra rastgele duyduklarını küçümseyip beğenmiyen, «Bunlar sofiyye'nin uydurmaları ve ma'kûl olmayan boş sözleridir» diyenlere şaşarım. Sana yakışan bu makamda teennî ile hareket edip ağır davranmaktır. Çünkü burada sermâyeyi kaybetmek tehlikesi var, o hâlde fakîh ve kelâmcıların sermâyeleri hâricinde kalan ve Ebû Bekr'in üstün sayıldığı o sırrı öğren. Seni o sırra ulaştırabilecek olan senin ona olan hırsındır.

Hülâsa: İlimlerin en şereflisi ve gâyesi Allahu Teâlâ'yı bilmektir. Bu da dibi bulunmayan bir denizdir. İnsânlardan bu husûsda en üstün mertebeye yükselenler Peygamberler, sonra veliler ve sonra bunları ta'kîb edenlerdir.

Hikâye olundu ki, eski ma'bedlerin birinde ellerinde birer yazı bulunan iki hakîm'in heykelleri var. Birisinde şöyle yazar. «Her şeyi en güzel ve en mükemmel şekilde yapsan bile, Allahu Teâlâ'nın birliğine ve her şeyi yaratan olduğuna inanmadıktan sonra bir şey yaptığını sanma.» Diğerinde de : «Ben Allahu Teâlâ'yı bilmeden, içerdim fakat kanmazdım. Allahu Teâlâ'yı bildikten sonradır ki içmeden kandım.»

7 — (Tertîbe riâyet). Bir fenni bitirmeden ondan sonraki fenne geçmemek. Zîra ilimler zarûrî bir tertîb ve tasnîfe bağlıdır. Bâzıları, diğer bâzılarına yoldur. Onlardan geçilmeden diğerlerine geçilmez. Muvaffak olanlar tertîb'e riâyet edenlerdir. Nitekim Hak Teâlâ buyuruyor :

«اَلَّذِينَ آتَيْنَاهُمُ الْكِتَابَ يَتْلُونَهُ حَقَّ تِلَاوَتِهِ»

«Kendilerine kitâb verdiklerimiz, onu hakkıyle okurlar.» (2 - Bakara : 121)

www.ihya.org

Yâni ilim ve amel ile iyice anlayıp tatbîk etmeden başka fenne geçmezler. Okuyan kişinin, her okuduğu ilim'den gâyesi onun daha üstüne çıkmak olmalıdır. Mensûpları arasında ihtilâfın bulunmasını veyâ bâzılarının hatâsını veyâ ilminin gereğiyle amel etmediğini görerek herhangi bir ilm'in bozukluğuna hüküm vermemelidir.

Çok kimseler görürsün ki, «Bunların aslı olaydı erbâbı onları anlardı.» diyerek aklî ve fıkhî ilimlere i'tibar etmezler. Bu şüphelerin halli «Mi'yâru'l-ilm» adlı eserimizde geçmiştir. Diğer bir kısmını görürsün ki, bir tabîbin hatâya düşmesi sebebiyle topyekûn tıbbı inkâr ederler. Diğer bir zümreyi bulursun, bir müneccim'in dediği rastgeldi diye müneccimlerin doğruluğuna inanır. Diğer bir kısmı da, bir tahmîn doğru çıkmadı diye ilm-i nücûmu inkâr eder. Bunların hepsi de hatâdır ve herhangi bir şeyin doğru ve yanlışlığını (başkalarının cüz'î müşâhedeleriyle değil) kendi nefsinde bilmemektendir. Her ilmi herkes lâyıkiyle anlayamaz. Bunun için Hazret-i Ali buyurur ki: «Gerçeği bil ki ondan sonra ehlini bilmiş olasın.»

8 — İlimleri şereflendiren, değerlendiren sebebleri bilmektir.

İlimlerin değeri iki şey ile ölçülür:

Netîcesi'nin yüceliği,

Delîlinin kuvvet ve sağlamlığı.

Netîcesi ile ölçülere misâl din ve tıb ilimleridir. Dîn ilminin netîcesi, ebedî yaşayışı te'min, tıb ilminin netîcesi ise muvakkat yaşayışı sağlamaktır. Buna göre, din ilmi, tabâbetten üstündür.

Delîlinin kuvvet ve sağlamlığiyle ölçülenlere misâl hisab ve nücûm ilimleridir. Delil daha sağlam ve kuvvetli olduğu için, hisâb ilmi; nücûm ilminden daha şereflidir. Hisâb tıb ile ölçülürse, gâyesi bakımından tıb; delili bakımından ise, hisâb tıbdan şerefli gelir. Fakat netîceyi düşünmek daha doğrudur. Bu sebebdendir ki, her ne kadar çoğu tahmini ise de tıb ilmi, hisâbdan şereflidir.

Şu verdiğimiz izâhattan anlaşıldı ki, ilimlerin en yücesi Allahu Teâlâ'yı, Meleklerini, Kitâblarını ve Peygamberlerini bildiren ilimlerle bu ilimlere ulaştıran diğer ilimlerdir. Buna göre senin de rağbet ve hevesin bu ilimlere olmalıdır.

9 — Talebenin dokuzuncu vazîfesi de okumaktan gâyesinin bu ânda kalbini kötü huylardan arıtıp, faziletlerle süslemek, gelecekte ise mukarreb meleklerin civârına yükselmek ve Allahu Teâlâ'ya tekarrüb olmasıdır. Bilgisiyle riyâset, servet, makam, düşük adamlarla mücâdele ve emsâllerine üstünlük gâyesini gütmemelidir. Gâyesi Allah rızâsı olunca, buna en elverişli olan ilmi aramalıdır, ki bu da âhiret ilmidir. Bununla beräber mukaddimede farz-ı kifâye'den saydığımız, lûgat, nahv, fetvâ ve benzerî ilimleri de küçümsememelidir. Biz, âhiret ilmini fazla öğerken, sakın bu ilimleri küçümsediğimiz anlaşılmasın.

www.ihya.org

Bütün bu ilimlerin sâhipleri olan âlimler, düşmân karşısında muhâfız gözcü ve Allah yolunda mücâhede eden gâziler gibidir. Bunlardan bir kısmı bi'lfi'il düşmân ile döğüşür, diğer bir kısmı gözleyici ve yardımcı olur, diğer bir kısmı yiyecek içeceklerini sağlar, diğer bir kısmı da hayvânları korur, ki gâyeleri ganîmet olmayıp Allah rızâsı olduktan sonra hepsi mükâfat alır. Her bakımdan âlimler de bunlar gibidir. Allahu Teâlâ âlimleri öğerek şöyle buyuruyor :

« يَرْفَعِ ٱللَّهُ ٱلَّذِينَ آمَنُوا مِنكُمْ وَٱلَّذِينَ أُوتُوا ٱلْعِلْمَ دَرَجَاتٍ »

«Sizden îmân edenleri Allah yükseltir, ilim verilenleri ise, kat kat dereceler ile yükseltir.» (58 - Mücâdele : 11)

Diğer bir âyet-i celîlede de şöyle buyuruluyor :

« هُمْ دَرَجَاتٌ عِنْدَ ٱللَّهِ »

«Onlar (Allah rızâsına tâbi' olanlar) **ise Allah indinde derece derecedir.»** (3 - Âl-i İmrân: 163)

Fazîlet, aralarında nisbîdir. Pâdişahlara nibetle sarrafları küçümserken süpürgecilere nisbet edildiklerinde de küçümsenmeleri lâzım gelmez. Yüksek rütbeden düşen kimsenin kıymetinin tamâmen kaybolduğunu sanmamalı. Üstün rütbe, derecelerine göre, evvelâ Peygamberler, sonra veliler, sonra gerçek âlimlerde daha sonra da iyi kimseler içindir. Zerre kadar iyiliği olan mükâfatını, zerre kadar fenâlığı olan da karşılığını bulacaktır. Hangi ilim olursa olsun, kim ki ilmi ile Allahu Teâlâ'yı kasd ederse ilmin kârını bulur ve o ilim, sâhibini yükseltir.

10 — İlimlerin, gâyeye olan nisbetlerini öğrenip ona göre okuyacağını seçmektir. Yakın ve yüksekte olanı, uzakta olan üzerine ve ehemmi mühim üzerine tercîh gibi. **«Ehemm»** demek mutlak değil, yâni hadd-i zâtında ehemmiyetli olan demek değil, senin için ehemmiyetli olan demektir. Şüphesiz senin için ehemm olan, dünyâ ve âhiretini alâkadar edendir. Vaktâ ki Kur'ân'ın açıkladığı ve ayan mertebesine yükselecek derecede basîret nûru'na sâhip olanların şehâdet ettiği gibi, dünyâ ve âhiret'in ikisini bir arada toplamak senin için mümkün olamıyacak. Gerçekde ehemm olan ebedi kalacak olan âhiret ilmidir. O zamân dünyâ senin için bir misâfirhâne, bedenin merkep, ilimlerin de seni maksadına ulaştıran bir vâsıta, maksadın her ne ka-

dar kadrini bilenler az ise de, Allahu Teâlâ'ya ulaşmak olur. Nîmetlerin hepsi aradadır.

İLİMLERİN MERTEBELERİ

Allahu Teâlâ'ya mülâkatın saâdetine ve avâm tabakası ile kelâmcıların anladığı gibi değil de, Peygamberlerin anlayıp istedikleri gibi, zât'ın cemâline bakmak saâdetine nisbetle, ilimler üç mertebede düşünülür. Vereceğimiz şu misâl ile, bu dereceler daha kolay anlaşılır.

Köleye denildi : «Eğer hacc edersen hem âzâd, hem de pâdişah olacaksın, yok eğer hacc için hazırlandıktan sonra bir engel olur da hacc edemezsen kölelik bağından kendini kurtaracaksın, fakat pâdişah olmak saâdetine ulaşamıyacaksın.» Şimdi bu vâzîfeyi alan kölenin üç meşgalesi var :

1 — Azık, su ve binit gibi vâsıtaların tedâriki,

2 — Yola girmek ve konak konak mesâfeleri kat'ederek ana yurttan uzaklaşmak,

3 — Haccın erkâniyle meşgûl olmak ve vazîfeyi ifâ ederek ihrâm dan çıktıktan ve vedâ tavâfını yaptıktan sonra âzâd olup pâdişahlığa hak kazanmak. Sebeblerini hâzırlamağa başladığından tamâmlayıncaya, yola girdiğinden Kâbe'ye gidinceye, Kâbe'ye gittikten hacc vazîfelerini tamâmlayıncaya kadar her makamda bir çok menziller vardır. Haccın rükünlerini ifâya başlayanın pâdişahlığa olan yakınlığı daha yeni azık tedârik etmekte olan ile bir olmadığı gibi, yola çıkan ile de bir değil, belki her ikisinden de daha yakındır. İlimler de aynen bunun gibidir. Bir kısmı aynı azık ve vâsıta hazırlamaya benzer ki bunlar da tıb, fıkıh ve dünyâda bedenin düzelmesine yarayan diğer ilimler gibi. Diğer bir kısmı da, yola girip mesâfeleri aşmağa benzer. Bu da kalbi kötü hûylardan temizlemek ve Allahu Teâlâ'nın tevfîk ettiklerinden başkasının erişemediği yüksek makamlara erişmektir. İşte bu, tarîk'a sülûk [Bâtınî yola girmektir].

Kalbi temizlemenin ilmini öğrenmek, yolların istikâmet ve mesâfelerini öğrenmek kabilindendir. Yola girmeden yalnız yolları ve konak yerlerini bilmek bir kâr sağlamıyacağı gibi, ahlâk düzeltmeğe çalışmadan yalnız ahlâk ilimlerini bilmek de bir değer taşımaz. Bununla berâber bilgisiz bir işe başlamak da mümkün değildir.

Üçüncü kısım da bi'l-fi'il hac işini icrâ gibidir. Bu da Allahu Teâlâ'nın zâtını, sıfatlarını, ef'âlini ve meleklerini ve mükâşefe ilminin açıklamalarında anlattığımız ilimlerin hepsini bilmektir.

Ey âhiret yolcusu, işte kurtuluş ve ebedî saâdete ulaşmak buradadır. Yalnız kurtuluş ise : Gâyesi hakka, selâmete ulaşmak olan her doğru yola giren için mümkündür. Fakat saâdete ulaşmak ise ancak

Allahu Teâlâ'yı bilen âriflere mahsûstur. Civar-ı ilâhide ve Cennet-i Naîm'de huzûr'a kavuşup ebedî nimetlere ulaşan mukarrebler bunlardır. Bu zirveye ulaşmayan yolculara yine necât ve selâmet vardır; fakat evvelkiler gibi üstün derecede değildir. Nitekim Hak Teâlâ Kur'ân-ı Kerîm'de şöyle buyuruyor:

« فَأَمَّا إِنْ كَانَ مِنَ ٱلْمُقَرَّبِينَ فَرَوْحٌ وَرَيْحَانٌ وَجَنَّةُ نَعِيمٍ »

«Mukarreblerden olanlar için istirahat, temiz rızık ve ni'metlerle dolu Cennet vardır.» (56 - Vâkı'a : 88, 89)

Bu, üstün vasıflara ve olgunlara işârettir.

« وَأَمَّا إِنْ كَانَ مِنْ أَصْحَابِ ٱلْيَمِينِ فَسَلَامٌ لَكَ مِنْ أَصْحَابِ ٱلْيَمِينِ »

«Defterleri sağlarından verilen veyâ iyilik sâhibi olanlar'a: Ey yemin sâhipleri sizlere sağcılardan selâm.» (56 - Vâkı'a : 90, 91)

Bu da ikinci sınıfa girenlerin de selâmete ereceğini ifâde eder. Kim ki maksada yönelmez ve bütün mevcûdiyyetiyle buna sarılmaz veya bu yola ubûdiyyet için değil, peşin gâyeler için girerse, bu solculardan yâni günâhkârlardan, amel defteri solundan verileceklerden ve sapıklıkta olanlardandır. Bunlara kurulacak sofrada **«hamîm»** [yutulamıyacak sıcak su] vardır; girecekleri yer de Cehennemdir.

Bilmiş ol ki anlattığımız, hakiki âlimler için hakîkî yakîn'dır. Yâni onlar basîret nûru ile bunu görür ve bilirler ki, o basîret gözü, başımızdaki gözümüzden daha kuvvetlidir. Onlar, yalnız dinlemek sâyesinde tâbi' oldukları taklit mertebesinden bu makâm'a yükselmişlerdir. Bunların hâli, verilen haberi tasdîk ettikten sonra müşâhede ile gerçekleştiren kimsenin hâline benzer. Diğerleri ise, hükmü güzelce tasdik ve îmân ile kabûl etmiş, fakat görmekle hazzını alamamıştır. Saâdet, mükâşefe ilminden sonradır. Mükâşefe ilmi de âhiret yoluna giriş demek olan muâmele ilminden sonra gelir. Sıfatların merhâlelerini geçip, yerilen nitelikleri atmak yoluna girmek, sıfatlar ile alâkalı ilimleri bildikten sonradır. Bu kötü hûyların tedâvi yollarını bilmek ve bu yollara girmek, selâmet-i beden ilminden sonra gelir. Sıhhî sebeblerin müsâadesi ve beden'in selâmeti için, yiyecek, giyecek ve mesken gibi muhtâç olduğu şeyleri te'min etmek de bir araya gelmek ve yardımlaşma ile mümkündür. Bu da bir sultân'ın vücûduna

www.ihya.org

vâbestedir. Bu cemiyeti adâletle sevk u idâre edecek kânûnları hâzırlamak da fakîhlerin boynuna borçtur. Sağlık esbâb'ını te'min de tabîblerin vazîfesidir. İlimleri, beden ve din ilimleri olmak üzere ikiye bölen ve ilm-i edyân ile fıkhı kasd eden, bu sözü ile bâtınî ilimleri değil, zâhirî ilimleri kasd etmiştir. (Meşhûr olan mevzû hadîs'dir. Doğrusu İmâm Şâfi'î'nin sözü olduğudur.)

KALBE DÂİR BİR SÖZ

Eğer «niçin tıb ve fıkıh ilimlerini yolcunun binit ve azığına benzettin» dersen; bilmiş ol ki: Allahu Teâlâ'ya yakınlık için çalışan beden değil, kalb'dir. Kalb derken, yürek dediğimiz et parçasını kasdetmiyorum, belki benim mevzûum olan kalb, hâsselerin [beş duygumuz] onu anlayamıyacağı Allahu Teâlâ'nın sırlarından bir sır ve ilâhî bir letâfettir. Bâzan buna rûh-i insânî, bâzan «nefs-i mutmainne» denir Şerî'atte ise buna «kalb» denir. Çünkü, hissin idrâk edemediği bu şey sırrın ilk binitidir. Bunun vâsıtasiyle beden o lâtîfeye binit ve âlet oldu. O sırrın perdesini kaldırmak mükâşefe ilmine âittir. Halbuki mükâşefe ilmi bu husûsda bahil davranmış ve o sırrı açıklamasına müsâade edilmemiştir. Bu mevzû'da en son söylenebilecek: «O, şu görülen varlıklardan yüce, kıymetli bir cevher ve bir emr-i ilâhîdir.» demekten ibârettir. Nitekim Allahu Teâlâ Kur'ân-ı Kerîm'de :

«وَيَسْأَلُونَكَ عَنِ ٱلرُّوحِ قُلِ ٱلرُّوحُ مِنْ أَمْرِ رَبِّى»

«Sana rûhdan da sorarlar; de ki rûh, Rabbinin emri (cümlesi)ndendir.» (17 - İsrâ : 85)

Buyurmuştur. Gerçi bütün varlıklar, Allahu Teâlâ'ya nisbet edilir. Fakat bu rûh'un nisbeti, diğer a'zâların Allah'a nisbetinden daha şereflidir. «Halk» [yaratmak], emr [tedbîr ve idâre], hepsi Allah'ın dır. Ama tedbîr ve idâre demek olan emr daha yücedir.

Yer ve göklerin kabûl'e cesâret edemedikleri, Allahu Teâlâ'nın emânetini yüklenen ve bu sâyede yer ve göklerden üstün rütbeyi kazanan bu kıymetli cevher «Emr» âlemindendir. Bu sözümüzden de rûh'un kıdemi anlaşılmasın. Zîra rûh'un kıdemine kâil olan felâsife ve onlara uyanlar söylediklerini bilmeyen aldanmış kimselerdir. Bu mevzû, saded dışı olduğu için bu söz'ü burada keselim de dâvâmıza gelelim. Bütün bunlardan gâye, işte bu lâtîfedir ki, rabbinin emrinden olduğu için rabbine gitmeği kasd eder. Ondan geldi ona gider.

www.ihya.org

Beden ise onun biniti ve vâsıtasıdır. Allah yolunda o rûh'a beden, hacc yolunda hacı'ya deve veyâhûd bedenin muhtâç olduğu suyu taşıyan kova gibidir. (Yâni suyu kova taşıdığı gibi, rûhu da beden taşır.) Her ilim ki, gâyesi bedenin sağlığını korumaktır, o ilim bu binitin ihtiyaçlarını sağlar. Tıb ilminin böyle olduğunda şüphe yok. Çünkü tıb ilmine bedenin sağlığı için ihtiyâç vardır. Tek bir insân olsa da tabâbete muhtâçtır. Fakat fıkıh tıb'dan ayrılır, çünkü tek başına yaşıyan bir insân olsa fıkhın bir çok mes'elelerine ihtiyâcı olmazdı. Ne çâre ki, insân oğlu yalnız barınamıyacak bir hâlde yaradılmıştır.. Zîra tek başına yemek, giymek, mesken ve bunlar için âlât ve edevâtı sağlamasına imkân yoktur. Bu sebeple bir araya toplanmağa ve yardımlaşmağa muhtâctır. Nezamân ki, insânlar bir araya toplandı ve şehvetleri sebebiyle münâzaalar, kavgalar oldu, iç mizâçlarının bozulması ve bedenî hastalıkları kendi helâklerine sebeb olduğu gibi, hâriçten gelen dedikoduların te'sîri ile de birbirini öldürmeğe başladılar. İç bozuklukları tabâbet düzelttiği gibi, dış düzensizlikleri de adâlet ve siyâset düzeltir. İnsânların sağlıklarını bildiren ilme tıb, muâmele ve işlerinde de düzeni sağlayan ilme fıkıh adı verilir ki her ikisi de rûhun biniti olan bedeni korumak içindir. Kalbini ıslâh etmeden ahlâkını düzeltmeden yalnız tıb ve fıkıh ilimleriyle uğraşan kimse binitinin [devesinin] suyunu, yiyeceğini satın alıp da yalnız onlarla meşgûl olan ve hacc yoluna girmeyen kimsenin hâline benzer. Ömrünü, fıkıh mücâdeleleri arasında kelimeleri incelemek ile geçiren kimse, hacc için götüreceği su tulumunu sağlamlaştırmak için onu dikmeğe yarayan ipleri hâzırlamakla uğraşan kimseye benzer.

Bu gibi fıkıhcılar ile, mükâşefe ilmine îsâl eden ıslâh-ı kalb ile uğraşanlar arasındaki fark, yalnız deve, kova gibi şeyleri satın almak ile uğraşan kimse ile, hacc yoluna giren ve hattâ haccın bâzı erkânını îfâ eden kimse arasındaki fark gibidir.

İşte önce bunu düşün ve sonra da avâm ve havass'ın muhâlefetlerine rağmen çok gayretler neticesi bu mertebeye ulaşan kişinin nasîhatını kabûl et.

İlim tâliblerinin vazîfelerine dâir bu kadarı kâfidir.

İRŞÂD EDİCİ MUALLİMİN VAZİFELERİ

Bilmiş ol ki, servet kazanmakta olduğu gibi, ilimde de insânın dört hâli vardır. Mal sâhibinin, istifâde hâli var, bu hâli ile servet kazanır. Tutumluluğu hâli var, bununla zâtını ihtiyâcdan kurtarır, kendini bakması hâli var, bununla da kazancından faydalanmış

www.ihya.org

olur, başkalarına infâkı var, bununla da cömert ve fazîlet sâhibi olur ki, en şerefli hâli budur. İlim de, mâl gibi elde edilir. İlmi aramak ve kazanmak hâli var, ilme sâhip olma hâli var, bu sâyede başkasına sormaktan kurtarır, aydınlanma hâli var, ki bununla öğrendiklerini düşünür ve onlardan fâidelenir. Bir de başkasını öğretme hâli var, bu da en şereflisidir. Kim, öğrenir, öğrendiği ile amel eder ve başkalarını öğretirse, mânevî âlemde saygı ile anılır. Bunlar: Güneş gibidir, hem kendisi nûrludur ve hem de başkalarını aydınlatır, misk gibidir kendisi de güzel kokar başkalarına da güzel koku saçar. Bildiği ile amel etmeyenler: (Sahifeleri ilimle dolu) defter gibidir. Başkasına kârı var fakat kendisi bir şey' anlamaz. Bileği-taşı gibidir. Bıçağı biletir fakat kendisi kesmez. İğne gibidir. Başkasını giydirir fakat kendisi dâima çıplak durur, lâmba fitili gibidir başkasına ışık verir fakat kendisi yanar.

Nitekim ilminden istifâde etmeyip başkalarına faydası dokunan kimse hakkında şâir :

«O ancak lâmba fitilidir, kendisi yanarken başkasını aydınlatır.» demiştir.

(Kendisini ilimle kemâle eriştirdikten sonra) öğreticilikle meşgûl olmağa başlayınca büyük bir işi boynuna aldığını ve şerefli işe giriştiğini bilmeli ve bunun için de muallimliğe uygun olan edeb ve nezâkete riâyet etmelidir. Binâenaleyh muallimin riâyet edeceği yedi vazîfe vardır.

1 — Babanın evlâdına olan şefkati gibi, öğrencileri esirgemektir. Nitekim Peygamber Efendimiz bir mübârek sözünde şöyle buyuruyorlar.

«إِنَّمَا أَنَا لَكُمْ مِثْلُ ٱلْوَالِدِ لِوَلَدِهِ»

«Ben, sizin için, çocuğuna karşı bir baba gibiyim.» (123)

(Anne baba çocuğunu dünyâ ateşinden koruduğu gibi) Peygamber Efendimiz de ümmetini âhiret ateşinden korur. Âhiret ateşinden korumak ise, daha mühimdir. Bu sebeptendir ki, muallimin hakkı anne baba hakkından üstündür. Anne baba geçici olan şu hayâtın varlığına, muallim ise ebedî saâdetin te'minine vesîledir. Hoca olmayaydı babasından elde ettiği, ebedî yokluğa mahkûm idi. Âhirette ebedî hayâtı kazandıracak olan ancak muallimdir. Muallim demekle âhiret ilimlerini, veyâ dünyâlık için değil de âhiret için dünyâ ilim-

lerini öğreteni kasdediyorum. (Allah için insânlığa bir hizmet gâyesi olmayıp da beşeriyeti tahakküm altına almak ve) Dünyâlık için okutmak hem kendisini hem de okuyanı helâke sürüklemek demektir. Bu gibi ilimden Allah'a sığınırım.

Bir âilenin çocukları karşılıklı güven, sevgi ve saygı içinde maksada doğru ilerleyecekleri gibi, bir hocanın talebeleri de böyle karşılıklı sevgi ve saygı içinde olmalıdırlar. Eğer gâyeleri âhiret ise, zâten başka şekil olamaz. Eğer gâyeleri dünyâlık ise, aralarında kin ve çekememezlikten başka bir şey bulunmaz. Zîra gerçek âlimler ve âhiret çocukları dünyâ'dan Allah'a giden yolda Allah'a doğru yolculuk hâlindedirler, dünyâ'nın yıl ve ayları yol üzerindeki misâfirhâneler mesâbesindedir. Şehir ve köyler arası yolculukta arkadaşlık, dostluk ve sevgi vesîlesi olunca, ya Firdevs-i Â'lâ'ya [Cennetin en yüce katına] yolculuk edenler arasında sevgi saygı nasıl olmasın? Halbuki âhiret saâdetinde aslâ darlık yok, bu sebeptendir ki âhiret yolcuları arasında nizâ' olmaz. Bilgileriyle riyâset umanlar Hak Teâlâ'nın :

« إِنَّمَا ٱلْمُؤْمِنُونَ إِخْوَةٌ »

«Mü'minler ancak kardeştir.» (49 - Hucurat: 10)

Âyet-i celîlesi gereğinin dışında kalıp :

« ٱلْأَخِلَّاءُ يَوْمَئِذٍ بَعْضُهُمْ لِبَعْضٍ عَدُوٌّ إِلَّا ٱلْمُتَّقِينَ »

«Buradaki dostlar, o gün, yek diğerine düşmândır, ancak müttekiler değil.» (43 - Zuhruf: 67)

Âyet-i celîlesi şümûlüne girerler.

2 — Ta'lim ve ifâdelerinde Sâhib-i şerî'at Peygamber Efendimize uymaktır. Öğretme karşılığı ücret istememeli, talebeden mükâfat ve hattâ teşekkür bile beklememelidir. Öğrettiğini ancak Allah için öğretmeli ve gâyesi Allahu Teâlâ'ya ulaşmak olmalıdır. Her nekadar öğrencilerin minnettar olmaları gerekirse de, kendisine böyle bir hak tanımamalı, belki kalblerine ilim tohumunu ekmekle Allah'a yaklaşmak için gönüllerini tamâmiyle kendisine bağladıklarından fazîlet ve minneti öğrencilerde bilmelidir. Onların bu hâli, ekip biçmek için tarlasını sana âriyet olarak veren kimseye benzer. Tohumu eken tarla sâhibinden daha kârlı olduğu gibi çocukların kalblerine ilim aşılıyanlar da onlardan daha kârlıdır. Hâl böyle iken daha öğre-

www.ihya.org

ticiliği nasıl minnet sayarsın; halbuki muallimin alacağı mükâfat öğrencinin sevâbından üstündür. Eğer öğrenci olmazsa sen bu mükâfatı alamazdın. Mükâfatını Allah'dan iste. Nitekim Allahu Teâlâ :

« وَيَا قَوْمِ لَا أَسْأَلُكُمْ عَلَيْهِ مَالاً إِنْ أَجْرِيَ إِلاَّ عَلَى اللهِ »

«De ki ben bunun (risaleti tebliğ) üzerine sizden ücret istemem; benim ecrim ancak Allah üzerinedir.» (11 - Hûd: 29)

Buyurmuştur. Çünkü mâl ve dünyâ varlıkları bedene hizmet eder. Beden de nefsin binitidir. Halbuki hizmet olunan ilimdir. Çünkü nefsin yüceliği ilim sâyesindedir. İlim ile mâl isteyen nâlinlerinin altını kendi yüzüyle temizleyen gibidir ki, hizmet olunanı hizmetçi, hizmetçiyi de hizmet olunanın yerine koymuş olur. Bu ise kafayı aşağı ayakları yukarı çevirmektir. Böylece bilgi ile dünyâlık sağlamak isteyenler kıyamet günü suçlular ile Allah huzûrunda başları eğik olan kimselerdir. Hülâsa gerçekte fazilet ve minnet muallim içindir.

Şimdi bak! Din idâresi nasıl kimseler eline geçti. Kendilerine dâimi bir gelir sağlamak ve bir mevki elde etmek için sultânların hizmetine koşar, paralar harcar ve her türlü zillete katlanırlar. Bunu yaparken de gâyelerinin Allah'a yaklaşmak olduğunu zannederler. Eğer böyle yapmasalar taraflarına bakan olmazdı. Bundan sonra da muallim öğrenciden her türlü yardımı, hattâ haklı haksız, dostuna dost, düşmânına düşmân olmağı, her hâlinde kendisine açık bir hizmetçi ve bütün işlerinde emrine âmâde bulunmasını ister. Eğer ilim tâlibi bunlardan birini yerine getirmezse onu yerer ve en büyük bir düşmân tanır. Bir âlim için en büyük alçaklık bu dereceye düşmesi bununla öğünmesi ve sonra utanmadan benim okutmaktaki gâyem, ilmi yaymakla, dine yardım ve Allah'a yaklaşmaktır, demesidir. Şu aldanmışların fenâ niyetlerine delâlet eden bu alâmetlere bak da ibret al.

3 — Muallim, talebeye nasihatte kusûr etmemeli, en ince teferruâtına kadar her şeyi olduğu gibi bildirmelidir. Meselâ: Henüz ehli olmadığı bir mevkie tâlip olmamak, ilimlerin zâhir mânâlarını anlamadan ince ve gizli mânâlariyle meşgûl olmamayı anlatmak... gibi. Sonra bilgi edinmekten gâye kemâle ermek ve bu sâyede Allah'a yaklaşmak olup, benlik, mücâdele ve mevki elde etmek olmadığını aşılamak ve imkân nisbetinde bu gibi hâllerin çirkin olduklarını talebenin kafasına yerleştirmek gibi. Fenâ kalbli bir âlimin düzelttiği, boz-

www.ihya.org

duğundan fazla olamaz. Eğer talebenin gâyesi ilmi yalnız dünyâlık ve enaniyet için elde etmek olup okuduğu ilimler, fıkıh ilminin furûdaki ihtilâflı mes'eleleri, kelâmdaki fırkaların mücâdeleleri, muâmelâtdaki fetvâ mes'eleleri ise, hemen talebeyi bu ilimlerden men'etmelidir. Zira bu saydığım bilgiler ne âhiret ilmi ne de: «Biz ilmi başka maksatla okuduk, fakat ilim Allah'dan başkası için olmağı kabûl etmedi.» denen ilimlerdendir. Böyle olan ilimler, tefsîr, hadîs ve ilk zâtların meşgûl oldukları âhiret ilmi, nefsin anlâkını bildiren ve ıslâh eden ilimlerdir. Bu ilimleri başka maksatla okumakta da beis yoktur. Gerçi bunları va'zetmek ve insânları ardına takmak için okur. Fakat bu ilimleri okurken veyâ okuduktan sonra düzelmek ihtimâli vardır. Çünkü bunlarda Allah'ın azâbından korkutan, dünyâyı küçültüp âhireti yücelten bilgileri öğrenmek vardır. Bu bilgilerin okuyanın niyetini düzeltme ihtimâli kuvvetlidir. Hattâ insânlara va'z ettiği mes'elelerden kendisi de ders alabilir ve insânların, kendisini beğenip mevkî kazanmağı sevmesi kuş tuzağının efrâdına atılan tânelere benzer. o tâneleri alacağım diye kafese düşen kuş gibi, bir vâiz de bu hakîkatleri başkasına anlatırken neticede kendisi de ayılabilir.

Allahu Teâlâ insânlara, neslin devâmı için şehvet verdi. İlmin yaşamasına sebep olsun diye de mâkam sevgisi verdi.

İşte bu nizâm şu saydığımız ilimlerde bulunur:

Yalnız kelâmdaki mücâdele fıkıh mes'elelerinin incelikleri ve bunlardaki muhâlefet ile uğraşmak gaflet, kalb kasveti sapıklıkta devâm ve mevkî arzûsundan başka bir şeyi sağlamaz. Ne ola ki Allahu Teâlâ'nın rahmeti ulaşa veyâ diğer dînî ilimlerden biri bunlara eklenc, bunun en büyük delîli tecrübe ve müşâhededir. Gez gör ve bugünkü âlimleri tetkik et bunu kolaylıkla anlarsın; Allah yardımcımız olsun.

Süfyân-ı Sevrî'yi (R.A.) mahzûn gören arkadaşları sebebini sorduklarında: «Biz insânlara ticâret vâsıtası olduk. Gelir biri bizden okur da gider, kadı, vâli veyâ ünlü bir kahraman olur. İşte üzüldüğüm cihet budur.» diye cevâb vermiştir.

4 — Muallimliğin ince husûsiyetlerinden biri sayılan bu vâzîfesi de doğrudan doğruya ve tahkîr mâhiyetinde olmayıp, îmâ ve şefkat yoluyla öğrenciyi kötü hûylardan men'etmektir. Çünkü kusûru açıkça söylemek hayâ perdesini yırtar, sâhibine fenâlık cesâreti verir ve kendisini bulunduğu hâlde israr etmeğe teşvîk eder. Bütün muallimlerin mürşidi olan Peygamber Efendimiz:

www.ihya.org

«لَوْ مُنِعَ النَّاسُ عَنْ فَتِّ الْبَعْرِ لَفَتُّوهُ وَقَالُوا مَا نُهِينَا عَنْهُ إِلاَّ وَفِيهِ شَيْءٌ»

«Eğer insânlar deve kığını parçalamaktan men'edilse, bunda mutlaka bir şey var deyip herkes onu kırmağa kalkışırdı.» (124)

Buyurdu. Âdem ve Havva kıssaları bunun açık delilidir. Zâten bu kıssanın bildirilmesi, kıssayı anlatmak için değil, ondan ibret almak içindir. Aynı zamânda imâ yoluyla ikaz, kâmil vicdânları, zekî zihinleri zekâlarından bir şey kaçırmamak hevesile, bu imâdan mânâlar çıkarmağa sevkeder de bunu anladığına sevinir ve icâbını yapar.

5 — İlmin bâzı şûbelerinde ihtisâsı olana yakışan, diğer ilimleri yermemektir. Meselâ lûgat ilmiyle uğraşanın fıkıh ilmini, fıkh okutanın hadîs ve tefsîri yermesi gibi. Bu ilimleri yermek için «onlar hep nakle dayanır, kocakarı işleridir. Çünkü kafayı çalıştıracak bir tarafları yok» derler. Bunun gibi kelâm okutanlar da, fıkıh ile uğraşmayı yerer de derler ki: «Fıkıh fürû' kelâm ise asıldır; kadınların aybaşı âdetlerini anlatan bir ilim ile, Rahmân'ın [Allahu Teâlâ] sıfatlarından bahseden ilim denk olur mu?» İşte bu görüş muallimlerin kaçınmaları gerekli, yerilen hûylarındandır. Uygun olan, bir ilmin hocası öğrencilerine, diğer ilimleri de öğrenmek için kolaylık göstermesidir. Eğer bir kaç fenni okutacaksa sıraya koymalı ve tertîbe riâyet etmelidir.

6 — Talebeye kâbiliyeti nisbetinde hitâb etmektir. Aklının kavrayamıyacağı ve nihâyet nefretle şaşırıp kalacağı incelikleri açmamalı ve Peygamber Efendimizin:

«نَحْنُ مَعَاشِرَ الْأَنْبِيَاءِ أُمِرْنَا أَنْ نُنَازِلَ النَّاسَ مَنَازِلَهُمْ وَنُكَلِّمَهُمْ عَلَى قَدْرِ عُقُولِهِمْ»

«Biz Peygamberler, herkese seviyesine göre muâmele yapmak ve anlayabileceği şekilde hitâb etmekle emr olunduk.» (125)

(124) Kaynağı bulunamamıştır.
(125) Ebû Dâvud, Hz. Âişe'den.

www.ihya.org

Düstûruna uymalıdır. Eğer anlayışı tamâm ise, o zamân her gerçeği açıklamalıdır.

Diğer bir hadîs'de Peygamber Efendimiz şöyle buyuruyorlar:

«مَا أَحَدٌ يُحَدِّثُ قَوْمًا بِحَدِيثٍ لَا تَبْلُغُهُ عُقُولُهُمْ إِلَّا كَانَ فِتْنَةً عَلَى بَعْضِهِمْ.

«İnsânlara akıl erdiremedikleri bir hadîs'i anlatmak bâzıları için fitne olur.»

Hazret-i Ali (R.A.) göğsüne işaret ederek: «Burada istediğin kadar bilgi var, anlayıp taşıyabilecek birisi bulunsa.» buyurmuştur. Hazret-i Ali doğru söyledi. İyilerin kalbleri, gizli şeylerin kabirleridir. Âlimin, her bildiğini herkese açıklaması doğru olamaz. Söylediğini anladığı hâlde ondan faydalanmağa selâhiyetli olmayan talebeler hakkında hüküm böyle olunca, söyleneni anlayamayan kimseler hakkında ise, elbette daha mühimdir. İsâ aleyhi's-selâm: «Cevher gibi kıymetli taşları, âdi hayvanların [domuzların] boynuna takmayın» buyurmuştur. Hikmetin kıymetli taşlardan daha üstün olduğunda şüphe yok, binâenaleyh hükmünü çirkin görüp ondan hoşlanmayanlar o âdi hayvanlar [domuz]'dan fenâdırlar. Bu sebepten şöyle denilmiştir: Herkesi kendi aklının ayâriyle ölç ve kendi bilgisinin terâzisiyle tart ki, sen ondan selâmet bulasın, o da senden istifâde etsin. Eğer böyle hareket etmezsen herkesin âyârı ayrı olduğundan dâimâ inkâr ile karşılaşırsın.

Âlim'in birine bir şey soruldu, cevâp vermedi. Sonra adam «Sen Peygamber Efendimizin:

«مَنْ كَتَمَ عِلْمًا نَافِعًا جَاءَ يَوْمَ الْقِيَامَةِ مُلْجَمًا بِلِجَامٍ مِنْ نَارٍ»

«Faydalı ilmi gizleyen, kıyâmet günü (boynuna) ateşten bir gem vurularak (mahşer yerine) gelir.»

Buyurduğunu duymadın mı?» Âlim: «Gemi bırak da git, eğer anlayan bir adam sorar da söylemezsem o zaman bana gem'i vurursun.» dedi. Zîra Allahû Teâlâ Kur'ân-ı Kerîm'inde:

www.ihya.org

«وَلَا تُؤْتُوا السُّفَهَاءَ أَمْوَالَكُمْ»

«Aklı olmayanlara mâlınızı vermeyin.» (4 - Nisâ: 5)

Buyurmuştur. Mâlda hüküm böyle olunca ilimde de yapılacak şeyin böyle olduğunda şübhe kalmaz. Selâhiyettar olmadığı için kendisine zarârı dokunacak, hâlini bozacak kimselere ilmi vermektense vermemek daha iyidir. Hakkı, sâhibine vermemek ne kadar zulüm ise hakkı olmadığı şeyi vermek de en az onun kadar zulümdür. Nitekim şâir meâlen şöyle diyor :

«Hayvânların boynuna inci takamam, incinin kıymetini bilmedikleri için onların önüne inci saçmak, çobanı zengin eder. Eğer Allahu Teâlâ lûtfeder de ilimde hikmete elverişli olanı bulursam sevgi ile ona öğretirim, aksi takdirde bildiğim bende kalır. Zira ehlinden ilmi saklamak zulüm olduğu gibi, ehli olmayana vermek de ilmi kaybetmek demektir.»

7 — Kâbiliyetsiz talebelere ancak anlayabileceklerini anlatmak ve burada senin anlıyamıyacağın daha nice mes'eleler var demekle kendisinden saklanmış incelikleri açıklamamak gerekir. Çünkü bu hâl onun anlayabileceği şeylerde de hevesini kırar, zihnini kurcalar. Herkes Allahu Teâlâ'nın kendisine verdiği akla râzı, hattâ aklı en zayıf ahmaklar akıllarını en ziyâde beğenen kimseler olduklarından, herkes kendisini ilmin inceliklerini anlamağa selâhiyettar zannederek hocasının kendisini kıskandığı kanâatına varır. Bunun içindir ki, avâm tabakasından, şerî'atın hükümlerini kabûl edip seleften anlatıldığı gibi, te'vîlsiz bir imâna sâhip ve hâli düzgün olan ve fazlasını anlamağa gücü yetmeyen kimseye (kelâm mes'elelerini açıp) i'tikadını sarsmak doğru olamaz. Belki en doğrusu onu kendi hâline bırakmaktır. Çünkü ona o ihtilâflar delilleriyle anlatılırsa avâmlıktan çıkar. Bununla berâber anlayamadığı için havâss zümresine de giremez. Bu sefer isyân ile kendi arasındaki perde kalkar ve iyi bir insân iken muannid bir şeytân olur da, hem kendisini hem de başkalarını sapıtır. Binâenaleyh avâm tabakasıyle bilginlerin ince gerçeklerine dalmak doğru olmaz. Şu doğrusu, onlara ibâdet kısımlarını bildirmek ve uğraştığı işin mâhiyetini ve bu husûsta emâneti nasıl koruyacağını öğrenmek ile iktifâ etmek, Kur'ân'ın haber verdiği gibi kendilerine Cennet hevesi ve Cehennem korkusu aşılamaktır. Onlara şübhe uyandıracak hiç bir açıklamada bulunmamalıdır. Çok kere kalbine takılır, onu çeviremez, fenâlığa yönelir ve helâk olur.

www.ihya.org

Hülâsa: Avâm tabakasına mübâhese kapısını açmak doğru değildir. Çünkü bu onları insânların maîşetine medâr olacak çalışmalarından alıkor.

8 — Hocanın bildiği ve öğrettiği ile amel etmesi lâzımdır. İşi, sözünü yalanlamamalıdır. Zira bir kimsedeki ilim, ancak basiret ehli tarafından anlaşılabilir. Amel ise gözle görülebilen bir hâl olduğundan insânların dikkatini daha çok çeker. Amel, bilgiden ayrılırsa kendisinden güven kaybolur. Kendisinin yediği şey: «Öldürücü zehirdir» diye insânları bundan men'etmek isteyen kimse ile, insânlar eğlenir ve o şeye hevesleri artarak derler ki, eğer bu, iyi ve tatlı bir şey olmasaydı bu adam böyle yapmazdı.

Mürşid nakış, öğrenci ise nakış yeridir. Nakış olmadan nakş edilemez. Diğer bir benzetme ile hoca ağaç, talebe ise gölge gibidir. Ağaç eğri olunca gölge doğru çıkar mı? Bu sebepten denmiştir ki:

«Sakın kendin yaptığın işten başkasını men'etme! Böyle yapmakla büyük hatâ işlemiş olursun.» Bu hâli zemm etmek üzere Allahu Teâlâ da Kur'ân-ı Kerîm'de:

« أَتَأْمُرُونَ النَّاسَ بِالْبِرِّ وَتَنْسَوْنَ أَنْفُسَكُمْ »

«Kendinizi unutur da başkalarına mı iyiliği emredersiniz?» (2-Bakara: 44)

Buyurmuştur. Bu sebeptendir ki âlimin günâhdaki cezâsı câhilin cezâsından daha çoktur. Çünkü âlimin sürçmesiyle âlem sürçer. «Fenâ bir âdeti icâd edene, kendi günâhı yazıldığı gibi, (örnek olduğu için) ona uyanların günâhı gibi de günâh yükletilir. Bu sebepten Hazret-i Ali (R.A.) buyuruyor ki: «Benim belimi kıran iki kişidir: Birincisi âşikâre isyân eden âlim, ikincisi, ibâdete sarılan câhildir.» Câhil, ibâdetiyle insânları sapıttığı gibi âlim de isyâniyle sapıtır. Her şeyi Allah bilir.

İLMİN ÂFETLERİ VE ÂHİRET ÂLİMLERİYLE FENÂ ÂLİMLERİN ALÂMETLERİ BEYÂNINDADIR

İlim ve âlimlerin fazîletlerini bildiren bâzı âyet ve hadisleri yukarıda zikr etmiştik.

Fenâ âlimler hakkında da, Kıyâmet gününde en ağır azâb'a uğrayacaklarını bildiren büyük korkutmalar vardır.

Mühim dâ'vâlardan birisi de dünyâ âlimleri, yâni gâyeleri yalnız dünyâlık, servet, rütbe ve mevki' elde etmek olan maddiyâtçılar ile, âhiret âlimlerini ayırmaktır. Peygamber Efendimizin şu mübârek sözleri, bunları ayırmaktadır :

« إِنَّ أَشَدَّ النَّاسِ عَذَابًا يَوْمَ الْقِيَامَةِ عَالِمٌ لَمْ يَنْفَعْهُ اللهُ بِعِلْمِهِ »

«Kıyâmet gününde en ağır azâbı görecek olan, Allahu Teâlâ'nın ilminden kendisini faydalandırmadığı âlimlerdir.» (126)

Yine Peygamber Efendimiz :

« لَا يَكُونُ الْمَرْءُ عَالِمًا حَتَّى يَكُونَ بِعِلْمِهِ عَامِلًا »

«Kul, bildiği ile amel etmedikçe âlim olamaz.» (127)

Buyurmuştur. Yine Peygamber Efendimiz bu mevzûda şöyle buyurmaktadır :

«اَلْعِلْمُ عِلْمَانِ : عِلْمٌ عَلَى اللِّسَانِ ، فَذَلِكَ حُجَّةُ اللهِ تَعَالَى عَلَى خَلْقِهِ ؛ وَعِلْمٌ فِي الْقَلْبِ فَذَلِكَ الْعِلْمُ النَّافِعُ »

«İlim ikidir. Biri dilde olandır ki bu, Allahu Teâlâ'nın yaratıklarına bir delildir; diğeri, kalb'de olan ilimdir. İşte faydası olan ilim de budur.» (128)

«يَكُونُ فِي آخِرِ الزَّمَانِ عُبَّادٌ جُهَّالٌ وَعُلَمَاءُ فُسَّاقٌ»

«Âhir zamânda câhil âbidler ve fâsik âlimler olur.» (129)

«لَا تَتَعَلَّمُوا الْعِلْمَ لِتُبَاهُوا بِهِ الْعُلَمَاءَ وَلِتُمَارُوا بِهِ السُّفَهَاءَ ، وَلِتَصْرِفُوا بِهِ وُجُوهَ النَّاسِ إِلَيْكُمْ ، فَمَنْ فَعَلَ ذَلِكَ فَهُوَ فِي النَّارِ»

«Âdi kimselerle mücâdele, âlimlere karşı üstünlük taslamak ve bir sûretle yalnız insânların teveccühüne mazhar olmak için okumayın! Zîra bu gâye için okuyanlar Cehennemdedir.» (130)

«مَنْ كَتَمَ عِلْمًا عِنْدَهُ أَلْجَمَهُ اللهُ بِلِجَامٍ مِنْ نَارٍ»

«Bilgisini gizleyene Allahu Teâlâ ateşten gem vurur.» (131)

«لَأَنَا مِنْ غَيْرِ الدَّجَّالِ أَخْوَفُ عَلَيْكُمْ مِنَ الدَّجَّالِ»
فقيل وما ذَلِكَ فقال مِنَ الْأَئِمَّةِ الْمُضِلِّينَ»

«Sizin için Deccâl'den ziyâde Deccâl olmayanlardan korkarım!

"Onlar kimdir? Kimleri kasdediyorsunuz?" Suâline cevâben: "Sapıtan imâmlardır." buyurmuştur.» (132)

« مَنِ ازْدَادَ عِلْمًا وَلَمْ يَزْدَدْ هُدًى لَمْ يَزْدَدْ مِنَ اللهِ إِلاَّ بُعْدًا »

«İlmi çoğaldığı hâlde ahlâkı düzelmeyen, Allah'a uzaklıktan başka bir şey elde edemez.» (133)

İsâ aleyhi's-selâm âlimlere hitâben: «Şu gece yürüyenlere [ibâdet edenlere] ne zamân (Allah'a) giden yol'u göstereceksiniz. Halbuki siz hâlâ şaşkınlar arasındasınız.» buyurmuştur.

Bu anlattıklarımız ve diğer rivâyetler ilmin büyük tehlikelerine delâlet etmektedir. Zira âlim, ya ebedî helâk veyâ ebedî saâdet ile karşı karşıyadır. Eğer ilim ile saâdeti bulamazsa selâmetten mahkûm olur.

Hazret-i Ömer (R.A.): «Bu ümmet hakkında en çok korktuğum, ilim sâhibi olan münâfıktır» buyurdu. «Bilgili münâfık nasıl olur?» suâline: «Lisânlariyle âlim, kalb ve ameileriyle câhil olmakla.» diye cevâb vermiştir.

Hasan (Allah rahmet etsin): «Hukemâ'nın yeniliklerini, âlimlerin ilmini toplayıp da, amel bâbında sözü işine uymayan sefîh kimselerden olma.» buyurmuştur. Ebû Hureyre'ye (R.A.) biri: «İlim öğrenmek isterim, fakat sonra kaybederim diye korkuyorum.» demesi üzerine Ebû Hureyre: «Asıl ilmi kaybetmek bu düşünce ile onu öğrenmemektir.» diye cevâp vermiştir. İbrâhim b. Uyeyne'ye «En çok pişmân olan kimdir?» diye sorulunca: «Dünyâ'ca yaptığı iyiliği takdîr edilmeyen, âhirette ise, âlim olduğu hâlde ameli son derece noksân olan kimsedir» diye cevâb vermiştir. Halîl b. Ahmed (Nahv âlimi): «İnsânlar dört kısımdır.» diyor.

1 — Anlar ve anladığını bilir (yâni bildiği ile amel eder); bu âlimdir, buna uyun.

2 — Anlar fakat anladığını bilmez. Bu gâfiidir. Bunu ikaz edin.

3 — Bilmez fakat bilmez olduğunu bilir (Buna cehl-i basît derler); bu yol arıyor, buna doğru yol'u gösterin.

4 — Anlamaz, fakat anlamaz olduğunu bilmez (Bilirim zanneder, buna cehl-i mürekkeb derler, tedâvi kabûl etmediği için); onu terk edin.

Süfyân-ı Sevrî (R.A.): «İlim, ameli da'vet eder; eğer amel geldiyse ne güzel, gelmezse ilim de göç eder.» buyurmuştur.

İbn Mübârek : «Âlim, okumağa devâm ettiği müddetçe âlimdir. Ne zamân âlim olduğunu zanneder ve ilmini arttırmaktan vaz geçerse işte o zamân câhil olur.» demiştir.

Fudayl ise şöyle diyor: «Ben üç kişiye acırım :

1— Bir kavim'in ulusu iken küçük düşenine,

2 — Zengin iken fakir olana,

3 — Dünyâ'nın elinde oyuncak olan âlime.»

Hasan : «Ulemâ'nın azâbı, kalblerinin ölümü iledir. Kalblerinin ölümü de âhiret ilmiyle dünyâlık istemektir.» Bu husûsta şâir şöyle diyor:

«Hidâyeti verip sapıklığı alana şaşarım. Bundan daha şaşılacak, dînini verip dünyâyı alandır. Bunlardan da daha şaşılacak şey, başkasının dünyâlığı için kendi dînini satandır.»

Peygamber Efendimiz bir hadîsinde :

« إِنَّ ٱلْعَالِمَ لَيُعَذَّبُ عَذَابًا يَطِيفُ بِهِ أَهْلُ ٱلنَّارِ ٱسْتِعْظَامًا لِشِدَّةِ عَذَابِهِ »

«Âlim, öyle azâba dûçar olur ki, azâbının şiddetinden Cehennem halkı onu ziyâret eder.» (134)

Buyurarak fâcir âlimi kasd etmiştir.

Usâme b. Zeyd (R.A.) diyor ki: «Resûlullah'ın şöyle dediğini işittim :

« يُؤْتَى بِٱلْعَالِمِ يَوْمَ ٱلْقِيَامَةِ فَيُلْقَى فِي ٱلنَّارِ فَتَنْدَلِقُ أَقْتَابُهُ فَيَدُورُ بِهَا كَمَا يَدُورُ ٱلْحِمَارُ بِٱلرَّحَى فَيَطِيفُ بِهِ أَهْلُ ٱلنَّارِ فَيَقُولُونَ مَالَكَ؟ فَيَقُولُ : كُنْتُ آمُرُ بِٱلْخَيْرِ وَلَا آتِيهِ ، وَأَنْهَى عَنِ ٱلشَّرِّ وَآتِيهِ »

«Kıyâmet günü âlimi götürürler; Cehennem'e atılır, bağırsakları çıkar ve değirmen çeviren merkep gibi onunla döner. Cehennem halkı ziyâretine gider ve :«Bu çektiğin nedir?» diye sorarlar. Âlim: «İyiliği

(134) Bu ifâde ile kaynağı bulunamamıştır.

www.ihya.org

emrettim, kendim yapmadım; fenâlıktan men' ettim, kendim yaptım (İşte cezâsını çekiyorum)» diye cevâb verir.» (135)

Âlim'in azâbının böyle kat kat fazla olmasının hikmeti, bilerek isyân etmesindendir. Bu sebebten Allahu Teâlâ şöyle buyuruyor:

« إِنَّ ٱلْمُنَافِقِينَ فِى ٱلدَّرْكِ ٱلْأَسْفَلِ مِنَ ٱلنَّارِ »

«Şüphe yok ki, münâfıklar Cehennem'in en alt tabakasındadır.» (4 - Nisâ : 145)

Çünkü onlar bildikten sonra inkâr ediyorlar. Yine bu sebebden Yahûdîleri de Hıristiyanlardan fenâ tanıyor. Halbuki onların çoğu Allahu Teâlâ'nın evlâdı var demediler. Allah, üç'ün üçüncüsüdür demediler. Ancak onlar Peygamberlerimizi bildikleri hâlde inkâr ettiler. Nitekim Kur'ân-ı Kerîm'de :

« يَعْرِفُونَهُ كَمَا يَعْرِفُونَ أَبْنَاءَهُمْ »

«Çocuklarını bildikleri gibi onun Peygamberliğini bilirlerdi.» (2 - Bakara : 146)

Buyuruluyor. Diğer âyet-i celîlede de şöyle buyurulmuştur:

« فَلَمَّا جَاءَهُمْ مَا عَرَفُوا كَفَرُوا بِهِ ، فَلَعْنَةُ ٱللَّهِ عَلَى ٱلْكَافِرِينَ »

«Bildikleri kendilerine geldiği zamân onu inkâr ettiler. Allah'ın lâ'neti kâfirler üzerinedir.» (2 - Bakara : 89)

Bel'am b. **Bâûr** kıssasında şöyle buyurulur:

« وَٱتْلُ عَلَيْهِمْ نَبَأَ ٱلَّذِى آتَيْنَاهُ آيَاتِنَا فَٱنسَلَخَ مِنْهَا فَأَتْبَعَهُ ٱلشَّيْطَانُ فَكَانَ مِنَ ٱلْغَاوِينَ »

« فَمَثَلُهُ كَمَثَلِ ٱلْكَلْبِ إِنْ تَحْمِلْ عَلَيْهِ يَلْهَثْ أَوْ تَتْرُكْهُ يَلْهَثْ »

(135) Buhârî ile Müslim.

www.ihya.org

«Onlara o herifin kıssasını da oku ki, ona âyetlerimizi sunmuştuk da o, onlardan sıyrıldı çıktı; derken Şeytan kendisini arkasına takdı da sapıklardan oldu. Eğer dileseydik, onu o âyetlerle yükseltirdik ve lâkin o, yere (alçaklığa) saplandı ve hevâsının ardına düştü, artık onun meseli şu köpeğin meseline benzer ki: Üzerine varsan dilini salar solur, bıraksan yine dilini salar solur.» (7 - A'râf: 175, 176)

İşte fâcir âlim de bunun gibidir. B e l ' a m ' a Allahu Teâlâ'nın kitâbından ilim verildiği hâlde şehvetlere daldı da köpeğe benzetildi. Yâni bu gibilere hikmet verilsin verilmesin, dâimâ şehvetlere susamıştır.

İ s â aleyhi's - selâm : «Fena âlim, suyun ağzındaki taş'a benzer. Kendisi suyu içmediği gibi bahçelere suyun akmasına da engel olur. Yine kötü âlim pislik üzerinde biten ot'a benzer: Dışarısı parlak, fakat içerisi pislik kokar. Yine fenâ âlim mezara benzer: Dışardan çiçekli türbe fakat içerisi kemiklerle doludur.»

Bütün bu rivâyetler, yalnız dünyâlık için bilgi edinenlerin câhillerden çok azâb göreceklerini açıkça ortaya koymaktadır. Kurtuluşa erecek ve umduğunu bulacaklar ise âhiret âlimleridir ki, bunların da alâmetleri vardır.

ÂHİRET ÂLİMLERİNİN ALÂMETLERİ

1 — İlmiyle dünyâlık istememek. Çünkü âlimlerin en küçük derecesi, Dünyânın (Allah yanında) hakîr, âdi ve lezzetlerinin geçici olduğunu, âhiret'in yüceliğini, devâmını, ni'metlerinin sâfiliğini ve mülkünün azametini, dünyâ ve âhiret'in, bir araya toplanması mümkün olmayan iki zıd olduklarını bilmektir. Bunlar birer kuma gibidir: Birini memnûn ederken diğerini küstürürsün. Terâzinin iki gözü gibidir: Birini ağdırırken diğerini yeğnikletirsin. Doğu ile Batı gibidir: Birine yaklaşırken diğerinden uzaklaşırsın. Birisi dolu diğeri boş iki bardak gibidir: Birinden öbürüne suyu aktarırken diğeri boşalacaktır. Bütün bunları bilmelidir.

Dünyânın âdiliğini, mihnet ve meşakkatini, lezzetlerinin kederlerle karışık olduğunu, sonra iyiliklerinin tez kaybolacağını bilemiyenler ahmaktır. Tecrübe ve müşâhedelerimiz işin iç yüzünün böyle olduğunu göstermektedir. (Elbette bunu anlamayanın aklı yoktur.) Aklı olmayan âlim olabilir mi? Âhiret'in devâmını ve yüceliğini bilmeyen ise kâfirdir. Îmânı olmayan âlim olabilir mi?

Dünyâ'nın âhiret'e zıd olduğunu ve bunları bir araya toplamaya çalışmanın boş bir şey olduğunu anlamayan ise, bütün Peygamberlerin şerî'atlerine câhil ve belki başından sonuna kadar Kur'ân'ın hü-

www.ihya.org

kümlerine kâfirdir. Şu düşük derecede bulunan kimse nasıl olur da âlimler zümresine katılabilir? Bütün bunları bildiği hâlde âhireti, Dünyâ üzerine tercîh etmeyen Şeytân'ın esiri olup şehveti kendisini öldüren, şekâveti kendisini yenen kimsedir; âlimler arasına nasıl girebilir?

Dâvûd aleyhi's-selâm'ın haberlerinde Allahu Teâlâ'dan hikâye olarak şöyle buyuruluyor: «Arzûlarını sevgim üzerine tercîh eden âlim'e vereceğim cezânın en küçüğü, bana yalvarmasının tadını ona harâm etmektir. Yâ Dâvûd, Dünyâ sevgisi kendisini mest eden âlim'i benden sorma, bu gibiler, bana muhabbetten insânlara mâni olurlar; kullarımın, bana gelen yollarını keserler. Yâ Dâvûd, beni arayan birini görürsen yâni bulursan ona hizmetçi ol. Yâ Dâvûd, bir kaçağı bana iâde eden zâtı, basîretli ve anlayışlı yazarım. Kimi anlayışlı yazarsam ona aslâ azâb etmem.»

Bu sebebten Hasan (R.A.) diyor ki: «Ulemânın cezâsı, kalblerinin ölmesidir. Kalblerinin ölmesi ise, âhiret ameliyle dünyâlık istemeleridir.» Yine bu sebebten Yahyâ b. Muâz da şöyle buyuruyor: «İlim ve hikmetin nûru, kendileriyle dünyâlığın istenmesi hâlinde kaybolur.»

Sa'd b. Müseyyeb (R.A.): «Âmirleriyle düşüp kalkan âlim, eşkıyâdır.» buyuruyor.

Hazret-i Ömer (R.A.): «Âlim'i dünyâ'ya meyleder gördünüz mü, din'iniz adına onu töhmetleyiniz. Çünkü herkes sevdiği şeye dalar.» buyurmuştur.

Mâlik b. Dinar diyor ki: «Bâzı eski kitâblarda okudum ki: Allahu Teâlâ buyuruyor: «Dünyâ'yı sevdiği vakit âlim'e vereceğim en küçük cezâ, kalbinden bana münâcât sevgisini çıkarmaktır.»

Birisi kardeşliğine yazdığı mektûbda: «Sen âlim oldun, sakın ilminin aydınlığını günâh karanlığı ile söndürme, sonra ilim sâhipleri ilmin ışığı ile yol alırken sen karanlıkta kalırsın.» diye yazmıştır.

Yahyâ b. Muâz er-Râzî, dünyâ âlimlerine şöyle hitâb ediyor: «Ey âlimler! Köşkleriniz Kayserlerin sarayları, evleriniz Kisrâ'nın evi, elbiseleriniz Vezir Tâhir'in elbiseleri, ayakkabılarınız Câlut'un ayakkabıları, binitleriniz Karun'un binitleri, kap-kacak, mefrûşâtınız Firavn'ın mefrûşâtı, yeyip içmeniz Câhiliyet devrinde olduğu gibi. Tuttuğunuz yol şeytânet yolu, nerde kaldı İslâmiyet?»

Şâir de şöyle diyor:

«Çoban, koyun'u kurttan korur, çoban kurd olursa koyun'un hâli ne olur?»

Diğer bir şâir de şunları söylüyor:

«Ey yemeğin tuzu demek olan memleket âlimleri! Her şeyi bozul-

www.ihya.org

maktan tuz korur, tuz bozulduğu zamân onu hangi şey düzeltebilir?»

Bâzı âriflere sordular : «Günâhdan zevk alan kimsenin Allahı bilmediğine hükmedebilir misiniz?» Cevâbında : «Dünyâyı âhiretten üstün tutanların, Allahu Teâlâ'yı (hakkıyle) bilmediklerinde aslâ şübhe etmem.» demişlerdir. Halbuki Dünyâyı tercih etmek, günâhtan tad almaktan çok daha ehvendir.

Âhiret âlimleri arasına girmek için yalnız serveti terk etmenin yeteceğini sanma. Zîra mevki' talebi mâlden fenâdır. Nitekim Bişr, bu gibiler hakkında: «Bize Dünyâ kapılarından bir kapı hadîs okudu,» demiştir. Yine buyurmuştur ki: «Bir kimse bize, hadîs anlat dediği zamân anla ki, bize kolaylık göster demek istiyor.» Bişr on küsûr zenbil dolusu kitâb gömmüştür. Yine Bişr : «Nefsim konuşmamı arzû ediyor. (Bunun için anlatmak istemiyorum.) Nefsimin bu isteğini yenebilsem o zamân anlatırdım.» demiştir. Yine Bişr ve başkaları şöyle diyorlar: «İsteğin olduğu vakit anlatma, isteksiz olduğun vakit anlat. Çünkü irşâd selâhiyeti ve ifâde rütbesinden alınan tad Dünyâdaki bütün zevklerin üstündedir. Bu husûsda şehvetine uyanlar, maddî insânlardır.» Bu sebebten Sevrî diyor ki: «Konuşmanın fitnesi servetten ve âilenin doğuracağı fitneden üstündür. Ne cesâretle sen konuşma fitnesinden kaçınmıyorsun. Halbuki Peygamberlerin Efendisine şöyle buyurulmuştur:

« وَلَوْلَا أَنْ ثَبَّتْنَاكَ لَقَدْ كِدْتَ تَرْكَنُ إِلَيْهِمْ شَيْئًا قَلِيلًا »

«Eğer biz sana sebât vermemiş olsaydık, sen onlara az bir şey meyl edeyazdındı.» (17 - İsrâ : 74)

Sehl diyor ki : «İlmin hepsi dünyâlıktır. Âhiret için olanı kendisiyle amel edilendir. Amelin hepsi havâdır. Ancak Allah rızâsı için olan başka.» Yine Sehl buyuruyor : «İnsânlar hep ölüdür, yalnız âlimler ölü değil; âlimler de sarhoştur, yalnız amel edenler müstesnâ; amel edenler de aldanmıştır, yalnız ihlâs ile amel edenler başka; ihlâs ile amel edenler de neticeyi bilinceye kadar korkudadır.»

Ebû Süleyman ed-Dârânî (R.A.) diyor ki : «Kişi hadîs araştırdığı, evlendiği veyâ geçim için yola çıktığı vakit Dünyâ'ya meyletmiştir.» Burada «Hadîs araştırma» ile, âhirete elverişli olmayan (Zayıf) hadîsleri ve isnâdlarını araştırmayı kasd etmiştir.

İsâ aleyhi's-selâm : «Varacağı yer âhiret iken Dünyâ'ya dönen kimse, nasıl âlimlerden olabilir? Amel için değil de yalnız başkasına anlatmak için ilim öğrenen, nasıl âlimlerden olabilir?» buyuruyor.

www.ihya.org

Sâlih b. Keysân el-Basri diyor ki: «Bir çok büyüklere yetiştim; onlar sünneti bildiği hâlde fenâlık edenlerden Allahu Teâlâ'ya sığınırlardı.»

Ebû Hureyre (R.A.) Peygamber Efendimizden şöyle rivâyet ediyor:

«مَنْ طَلَبَ عِلْمًا مِمَّا يُبْتَغَى بِهِ وَجْهُ اللهِ تَعَالَى لِيُصِيبَ بِهِ عَرَضًا مِنَ الدُّنْيَا لَمْ يَجِدْ عَرْفَ الْجَنَّةِ يَوْمَ الْقِيَامَةِ»

«Kendisiyle Allahu Teâlâ'nın rızâsı kazanılacak olan bir ilmi, dünyâlık için arayanlar kıyâmette cennet kokusunu alamazlar.» (136)

Allahu Teâlâ, fenâ âlimleri, ilim ile dünyâlık elde edenler diye vasıflandırdı. Âhiret âlimlerini de huşu' ve zühd ile vasıflandırmıştır. Dünyâ âlimleri hakkında şöyle buyuruluyor:

«وَإِذْ أَخَذَ اللهُ مِيثَاقَ الَّذِينَ أُوتُوا الْكِتَابَ لَتُبَيِّنُنَّهُ لِلنَّاسِ وَلَا تَكْتُمُونَهُ فَنَبَذُوهُ وَرَاءَ ظُهُورِهِمْ وَاشْتَرَوْا بِهِ ثَمَنًا قَلِيلًا»

«Vaktiyle Allah kendilerine kitâb verilen okur yazarların şöyle misâkını aldı: Celâlim hakkı için onu nâs'a anlatacaksınız, ketm etmiyeceksiniz, derken onlar onu omuzlarının arkasına attılar da mukaabilinde biraz para aldılar.» (3 - Âl-i İmrân : 187)

Âhiret âlimi hakkında da şöyle buyuruluyor:

«وَإِنَّ مِنْ أَهْلِ الْكِتَابِ لَمَنْ يُؤْمِنُ بِاللهِ وَمَا أُنْزِلَ إِلَيْكُمْ وَمَا أُنْزِلَ إِلَيْهِمْ خَاشِعِينَ لِلَّهِ لَا يَشْتَرُونَ بِآيَاتِ اللهِ ثَمَنًا قَلِيلًا أُولَئِكَ لَهُمْ أَجْرُهُمْ عِنْدَ رَبِّهِمْ»

«Şübhesiz ehl-i kitâb içinden kimi de vardır ki, Allah'a imân ettikleri gibi indirilene de imân ederler, Allah'ın âyâtını bir kaç paraya

satmazlar. İşte bunların, Rablarının indinde ecirleri vardır.» (3 - Âl-i İmrân : 199)

Selefden bâzı âlimler diyor ki : «Âlimler, Peygamberler arasında haşr olacaklar. Kadınlar ve bilgisiyle dünyâlık isteyen fakîhler ise, pâdişâhlar arasında haşr olacaklardır.»

Ebû'd-Derdâ (R.A.) Peygamber Efendimizden (S.A.) şöyle rivâyet etmiştir :

« أَوْحَى ٱللّٰهُ عَزَّ وَجَلَّ إِلَىٰ بَعْضِ ٱلْأَنْبِيَاءِ : قُلْ لِلَّذِينَ يَتَفَقَّهُونَ لِغَيْرِ ٱلدِّينِ ، وَيَتَعَلَّمُونَ لِغَيْرِ ٱلْعَمَلِ ، وَيَطْلُبُونَ ٱلدُّنْيَا بِعَمَلِ ٱلْآخِرَةِ ، يَلْبَسُونَ لِلنَّاسِ مُسُوكَ الكِبَاشِ وَقُلُوبُهُمْ كَقُلُوبِ ٱلذِّئَابِ أَلْسِنَتُهُمْ أَحْلَىٰ مِنَ ٱلْعَسَلِ ، وَقُلُوبُهُمْ أَمَرُّ مِنَ ٱلصَّبِرِ ، إِيَّايَ يُخَادِعُونَ ، وَبِي يَسْتَهْزِءُونَ : لَأَفْتَحَنَّ لَهُمْ فِتْنَةً تَذَرُ ٱلْحَلِيمَ حَيْرَانًا »

«Aziz ve Celîl olan Allahu Teâlâ Peygamberlerden birisine vahy ederek buyurdu ki: Din uğrunda olmayıp başka maksadlar için fakih olanlara, amel gâyesi olmayan ilim öğrencilerine, âhiret ilmiyle dünyâlık isteyenlere, dışardan koyun derisine bürünmüş içleri kurt gibi olanlara, dilleri baldan tatlı, fakat kalbleri sabır ot'undan acı olanlara, bana hile edip benimle eğlenenlere söyle; onlara. Onlar'a öyle bir belâ kapısı açarım ki, halîm insânları da hayrette bırakır.» (137)

Dehhâk, İbn Abbâs'dan (R.A.) rivâyet ederek diyor ki :

«Resûlu'llâh buyurdu ki :

«Bu ümmet'in âlimleri iki kişidir : Birincisi Allah ona ilim verdi, o da karşılığında para ve ücret almadan insanlara öğretti ve okuttu. İşte buna gökteki kuşlar, denizdeki balıklar, karadaki hayvanlar ve kirâmü'l-kâtibîn melekleri duâ ederler. Kıyâmet gününde Peygamberlere arkadaş olacak derecede yüce ve efendi oldukları hâlde Allah'ın huzûruna çıkarlar. İkincisi de, Allahu Teâlâ'nın kendisine ihsân ettiği ilim ile cimrilik edip onu Allahu Teâlâ'nın kullarına ücret mukaa-

bili okutan âlimdir. İşte bu da Kıyâmet gününde ağzına ateşten bir gem vurulmuş olduğu hâlde getirilir ve bir dellâl: «Bu adam falan oğlu falancadır. Allahu Teâlâ'nın Dünyâda kendisine verdiği ilmi başkalarından kıskandı, ancak para ve ücret karşılığı okuttu.» diye ünlenir ve insânlar hisâbtan kurtuluncaya kadar azâba dûçar olur.» (138)

Bundan daha fenâsı rivâyet edilen şu hikâyedir: «Mûsâ aleyhi's-selâm'a hizmet eden bir adam dâima: "Mûsâ Safiyyul'lah şöyle dedi, Mûsâ Neciyyu'llâh böyle buyurdu, Mûsâ Kelimu 'ilah böyle anlattı." diye bir çok servet elde etti. Bir ara Mûsâ aleyhi's-selâm bu adamı kaybetti, ne kadar aradı ise de izini bulamadı. Bir gün boğazından ip bağlı siyah bir domuz olduğu hâlde bir adam Mûsâ aleyhi's-selâm'a geldi. Hazret-i Mûsâ ondan da bu adamı sorunca: "Aradığın adam bu domuzdur." dedi. Mûsâ aleyhi's-selâm: "Yâ Rab, şunu insân kılığına bir çevir de domuz olmasının sebebini kendisinden sorayım." diye Allahu Teâlâ'dan dileyince, Allahu Teâlâ: "Yâ Mûsâ, Âdem'in ve Âdem'den sana kadar gelenlerin duâsını yapsan da bu dileğini kabûl etmem, ancak niçin sûretini çevirdiğimi sana haber vereyim: "O, dîn ile dünyâlık peşinde koştuğu için böyle oldu" buyurdu.»

Bundan daha fenâsı Muâz b. Cebel'in (R.A.) mevkûf ve merfû' olarak Resûlu'llah'dan rivâyet ettiği şu hadîsdir:

«Âlim'in fitnelerinden biri de, konuşmayı sükût etmekten fazla sevmesidir. Halbuki sözde, söyliyenin de emin olamıyacağı, süslemek ve ilâve etmek gibi hatâlar, sükûtta ise, selâmet ve ilim vardır. Âlimlerden öyleleri var ki, bilgilerini herkesten kıskanır, kimsenin bilgili olmasını istemez ve kimseye bir şey öğretmezler. İşte bu gibi âlimler Cehennem'in birinci tabakasındadır. Âlimlerden bâzıları da, Sultânlar gibi, bâzı sözleri dinlenmez veyâ bâzı hakları kaybolursa kızarlar. İşte bunlar da Cehennem'in ikinci katındadır. Bâzı âlimler ise, nükteli hikâyelerini ve özlü bilgilerini zenginlere ve büyüklere anlatır da, ona muhtâç olan fakirlere - tenezzül edip - anlatmazlar. Bunlar da Cehennem'in üçüncü tabakasındadır. Âlimlerin diğer bir kısmı da kendilerine müftü süsü vererek yanlış fetvâlar verirler. Halbuki Allahu Teâlâ bu gibi uydurma fetvâlara buğz eder. Bunların da varacağı Cehennem'in dördüncü tabakasıdır. Diğer bir kısım âlimler, bilgilerini çoğaltmak için Yahûdî ve Hıristiyanların sözlerini de kendi sözlerine katarlar. Bunlar da Cehennem'in beşinci tabakasındadır. Âlimlerden öyleleri de vardır ki, bilgilerini, insânlar arasında üstünlük, hazâkat ve bir ün vesilesi sayarlar. Bunların da varacağı Cehennem'in altıncı tabakası-

dır. Âlimlerin diğer bir kısmı da, benlik ve kibr'e bürünür, va'zlarında sert davranır, yapılan va'zları dinlemekten çekinirler. Bunlar da Cehennem'in yedinci tabakasındadır. Kardeşim, o hâlde sükûtu tercîh et ki, Şeytân'a sükût ile galebe çalarsın. Boş yere gülmekten, lüzûmsuz yere gitmekten sakın.» (139)

Diğer bir hadîsde de şöyle buyuruluyor :

« إِنَّ ٱلْعَبْدَ لَيُنْشَرُ لَهُ مِنَ ٱلثَّنَاءِ مَا يَمْلَأُ مَا بَيْنَ ٱلْمَشْرِقِ وَٱلْمَغْرِبِ ، وَمَا يَزِنُ عِنْدَ ٱللّٰهِ جَنَاحَ بَعُوضَةٍ »

«Bâzı kimselerin medh u senâsı, Şark ile Garbı doldurduğu hâlde Allah katında sivrisineğin kanadı kadar değer taşımaz.» (140)

Rivâyet olundu ki : Bir adam, meclisinden ayrıldıktan sonra Hasan-ı Basri'ye Horasan'dan içerisinde beş bin dirhem bulunan bir kese ile ince kumaştan on takım elbise takdim edip «Bu nafaka, bu da giyecektir» deyince, Hasan : «Allah sana âfiyet versin, nafaka ve elbiseni al; benim bunlara ihtiyâcım yoktur. Bu gibi meclislerde (ilim kürsüsünde) oturup da insânlardan bu gibi şeyleri kabûl edenler kıyâmet günü (bu yaptıklarından) hiç bir kârları olmadığı hâlde Allahu Teâlâ'nın karşısına çıkarlar» cevâbını verdi.

Câbir'den (R.A.) mevkûf merfû' olarak Hazret-i Peygamber'in şöyle dediği rivâyet ediliyor:

«Her âlim'in meclisinde oturmayın; meclisine gireceğiniz âlim, sizi fenâ olan beş hasletten, iyi olan beş haslete da'vet eden âlim olsun. Onlar da: Şübhe'den yakîn'e, riyâdan ihlâs'a, Dünyâ'ya rağbetten zühd'e, benlikten alçak gönüllülüğe, düşmânlıktan nasîhate, ve dostluğa da'vettir. Allahu Teâlâ buyuruyor: -Kârûn- bütün ziynetleriyle kavmine çıktı. - O'nun bu ihtişâmını görüp - dünyâlık isteyenler "Ne olurdu Karûn'a verilen - mâl - gibi bize de verileydi. O'nun büyük hıssası vardır" derler. - Buna karşılık - ilim sâhibleri, "Veyl size, îmân edenlere Allahu Teâlâ'nın vereceği mükâfatlar daha hayırlıdır" derler.»

Allahu Teâlâ ilim ehlini, **«Âhireti Dünyâya tercîh edenler»** diye tâ'rîf etmiştir.

Âhiret âlimlerinin alâmetlerinden birisi de, işinin sözüne uymasıdır. Kendisi yapmadığı şeyi başkasına buyurmamalıdır.

Peygamber Efendimiz bir hadisinde şöyle buyuruyor :

«مَرَرْتُ لَيْلَةَ أُسْرِيَ بِي بِأَقْوَامٍ تُقْرَضُ شِفَاهُهُمْ بِمَقَارِيضَ مِنْ نَارٍ، فَقُلْتُ: مَنْ أَنْتُمْ؟ فَقَالُوا: كُنَّا نَأْمُرُ بِالْخَيْرِ وَلَا نَأْتِيهِ وَنَنْهَى عَنِ الشَّرِّ وَنَأْتِيهِ»

Çünkü onlar için ayıb saydıklarını sen yaptın,
Bütün gayretinle onları men' etmeğe çalıştığın fenâlıkları,
Ömrüme yemîn olsun ki, hep irtikâb ettin onları,
Ayıbladığın Dünyâ'ya çokları heves eder,
Halbuki senin ona hevesin hepsinden beter.»

Diğer bir şâir de şöyle diyor.

«Sakın irtikâb ettiğin fenâlıktan başkalarını men' etmeğe kalkışma; böyle yapmak senin için büyük ayıb olur.»

İbrâhim b. Edhem: «Mekkede bir taş gördüm, üzerinde, "Beni çevir, benden ibret al." diye yazılı idi. Taş'ı çevirdim ve arkasında "Bildiğinle amel etmediğin hâlde bilmediğini benden nasıl istiyorsun." diye yazılı olduğunu gördüm.» diyor. İbnu's-Semmâk: «Allahu Teâlâ'yı çok hâtırlatanlar var ki, kendileri gâfil; Allah ile çok korkutanlar var ki, kendileri, Allah'a karşı cür'etkâr; Allah'a çok yaklaştıranlar var ki, kendileri Allah'tan uzak; pek çok Allah'a dâ'vet edenler var ki, kendileri Allahu Teâlâ'dan kaçar; çok Kur'ân okuyanlar var ki, Allahu Teâlâ'nın âyetlerinden sıyrılmışlardır. (Bunlardan kendilerine hisse ayırmaz ve ibret almazlar.)» buyurmuştur.

İbrâhim b. Edhem: «Sözümüzü açık söyledik, hatâya düşmedik, fakat amelimizde hatâ ettik, güzelleştirmedik.» buyurmuştur.

Evzâ'î: «Gösteriş geldiği zaman huşû' gider.» demiştir.

Mekhûl, Abdu'r-Rahman b. Ganem'den rivâyet ederek şöyle anlatıyor: Abdu'r-Rahmân diyor ki: «Sahâbe'den on kişi bana şöyle anlattı: Kuba mescidinde ilim müzâkere ederken, Resûlu'llâh çıkageldi ve buyurdu ki:

«تَعَلَّمُوا مَاشِئْتُمْ أَنْ تَعْلَمُوا فَلَنْ يَأْجُرَكُمُ اللهُ حَتَّى تَعْمَلُوا»

«İstediğiniz kadar okuyun, bildiğinizle amel etmedikçe, Allahu Teâlâ size mükâfât vermez.» (143)

İsâ aleyhi's - selâm : «İlmi ile amel etmeyenler, gizli zinâ edip de âşikâre doğurmak sûretiyle rezîl olan kadınlara benzerler. İlmiyle amel etmeyenleri Kıyâmet gününde bütün yaratıkların huzûrunda Allahu Teâlâ rezil eder.» buyurmuştur.

Muâz (R.A.) : «Âlim'in sürçmesinden kaçının; çünkü âlimin insânlar yanında büyük bir mevki'i var, onu örnek tanır, bu hatâsında da ona uyarlar, (ve hepsi hatâya düşerler.)» demiştir.

Ömer (R.A.) : «Âlim, hatâya düştüğü zamân, âlemden bir cemâat da onunla hatâya düşer.» buyurmuştur. Yine Ömer (R.A.) «Zamânın bozulması üç sebeb iledir. Bunlardan biri de âlimin hâtâsıdır.» buyurmuştur.

İbn Mes'ûd (R.A.) buyuruyor ki: «Bir zamân gelecek insânlarda samîmiyyet kalmıyacak, îmân'ın verdiği zevk bozulacak; işte o zamân okutan da okuyan da ilimden fayda görmiyecek ve âlimlerin kalbleri tuzlu, çorak yer gibi olacaktır. Yağan yağmur damlalarının böyle bir yere fayda vermiyeceği gibi (Âlimlerin gönlünde de ilim damlaları bir zevk uyandırmıyacaktır.) Bu da âlimlerin gönüllerinin Dünyâ sevgisine meylettiği ve Dünyâyı âhiret üzerine tercîh ettikleri zamândır. İşte bu zamân Allahu Teâlâ hikmetin kaynaklarını onlara kapatır ve gönüllerinde hidâyet ışıklarını söndürür. O zamânın âlimleriyle görüştüğün takdirde dilleriyle Allah'dan korktuklarını ifâde ederken işlerinde fenâlıklar görülür. O günlerde diller zengin, fakat gönüller fakîrdir. İbâdete lâyık ancak kendisi olan Allahu Teâlâ'ya yemîn ederim ki, bunun sebebi, okutanların da okuyanların da gâyelerinin Allah rızâsı olmadığındandır.»

Tevrât ve İncil'de şöyle yazar : «Bildiğiniz ile amel etmedikçe, amel etmiyeceğiniz ilmi aramayın.» Huzeyfe (R.A.) : «Öyle bir zamânda bulunuyorsunuz ki, sizden biriniz bildiğinin onda dokuzu ile amel edip birini terk ederse helâke gider. Öyle bir zamân gelecek ki, o zamân bildiğinin yalnız onda biriyle amel eden kurtulacaktır. Çünkü o zamân, amel edenler çok azalacaktır.» buyurdu.

Bilmiş ol ki, âlim, kadı gibidir. Kadılar hakkında Peygamber Efendimiz şöyle buyurmuştur :

«اَلْقُضَاةُ ثَلَاثَةٌ : قَاضٍ قَضَى بِالْحَقِّ وَهُوَ يَعْلَمُ فَذَلِكَ، فِي الْجَنَّةِ،
وَقَاضٍ قَضَى بِالْجَوْرِ وَهُوَ يَعْلَمُ أَوْ لَا يَعْلَمُ فَهُوَ فِي النَّارِ،
وَقَاضٍ قَضَى بِغَيْرِ مَا أَمَرَ اللهُ بِهِ فَهُوَ فِي النَّارِ»

www.ihya.org

«Kadılar üç kısımdır. Birincisi bilerek adâletle hükmedendir. Bu kadı Cennetliktir. İkincisi, bilerek veyâ bilmeyerek zulm ile hükmedendir, bu da Cehennemliktir. Üçüncüsü Allahu Teâlâ'nın emriyle değil de başka şey ile hükmedendir; bunun da yeri Cehennemdir.» (144)

Kâ'b (Allah ona rahmet etsin) : «Âhır zamânda öyle âlimler olacak ki, insânları zühd'e dâvet edecek, fakat kendilerinde zühd lâmına bir şey olmıyacaktır; insânları korkutacak fakat kendilerinde korkudan eser kalmıyacaktır; insânları büyüklere gönül vermekten men'edecek, fakat kendileri büyüklerden ayrılmıyacaklardır; dilleriyle Dünyâyı yerecek, fakat zenginlere yaklaşıp, fukaradan yüz çevirecekler-dir; kadınların erkeklerine muhâlefeti gibi, ilimlerine muhâlefet edecekler, dostlarını başkaları ile görseler, onlara kızacaklardır. İşte bunlar, zâlimler ve Allahu Teâlâ'nın düşmânlarıdır.» diyor.

Peygamber Efendimiz:

— Muhakkak şeytan, çok [illegible] bir, ilim ile meşgûl etmek sûretiyle amelden alıkor, buyurunca.

— Bu, nasıl olur? diye sorulur. Peygamber Efendimiz de cevâbında :

— Şeytan : İlim öğren, öğrenmeden amele lüzûm yok, der ve dâimâ ilmi teşvik eder, ameli sona bırakıtırır, derken adam amel etmeden ölür gider, buyurmuştur.

Seriyyü's-Sakatî diyor ki: «İlm-i zâhire harîs olduğu hâlde onu terk ederek ibâdet için uzlete çekilen bir zât'ı, bunun sebebini sordum. Cevâbında : Rüyâmda biri, 'Allah seni zâyi' etsin, ne zamâna kadar bu ilmi zâyi' edeceksin? dedi. Ben de kendisine: "Nasıl zâyi' etmek, kaybetmek? Mütemâdiyen okuyup ezberlemekteyim." diye cevâp verdiğimde, adam : "İlmi korumak, onunla amel etmektir." deyince ben de okumayı bıraktım ve amel'e başladım, diye cevâb verdi.»

İbn Mes'ûd (R.A.) «İlim, çok şeyler bilip rivâyet etmek değil, Allah'tan korkmaktır.» demiştir. Hasan-ı Basrî (R.A.): «İstediğiniz kadar okuyun, Allah'a yemin ederim ki, amel etmedikçe size ecir yoktur. Ahmakların gâyeleri rivâyet, âlimlerin gâyeleri ise dirâyettir. Yâni bildiklerine riâyet etmektir.» buyurmuştur.

Mâlik (R.A.) : «Niyyet sâhih olursa, ilmi öğrenmek de güzel, yaymak da güzeldir. Fakat sen günlük yaşayışında sana lâzım olanlara bak ve onlar üzerine hiç bir şeyi tercih etme» buyurmuştur.

İbn Mes'ûd (R.A.) : «Kur'ân, kendisiyle amel olunmak için nâzil olduğu hâlde siz onun okunmasını amel saydınız. İleride bir takım insânlar gelecek ki, onu süngü gibi dosdoğru çıkaracaklar, yâni

harflerin mahreçlerine son derece riâyet edecekler, güzel okuyacaklar; fakat onlar sizden hayırlı değillerdir.» buyurmuştur.

Bildiği ile amel etmeyen âlim (kullanmadığı hâlde) derdine derman olacak ilâçların adlarını sayan hastaya, veyahûd bulamadığı hâlde tatlı yemekleri sayıp duran aç kimseye benzer. Bu gibiler için Allahu Teâlâ:

«وَلَكُمُ الْوَيْلُ مِمَّا تَصِفُونَ»

«Vasıflandırdığınız şeylerden dolayı sizin için veyl vardır.»

buyurmuştur. Haberde geldi ki :

«مِمَّا أَخَافُ عَلَى أُمَّتِي زَلَّةُ عَالِمٍ وَجِدَالُ مُنَافِقٍ فِي الْقُرْءَانِ»

«Ümmetim için korktuğum şeylerden biri, âlimin hatâsı ve münâfığın Kur'ân üzerinde mücâdelesidir.» (145)

Âhiret âlimlerinin alâmetlerinden biri de dedikodusu, mücâdelesi çok, faydası az olan ilimlerden kaçınıp, tâati teşvik eden ve âhirette kârı olan ilimleri öğrenmektir. Ameli teşvik eden ilimlerden yüz çevirip, mücâdele ilimleriyle uğraşan, dar vakitte mütehassıs tabîbi bulan hastanın, kendi hastalığını bırakıp da tabâbetin inceliklerinden ve ilâçların hassalarından bâzı şeyler sormakla tabîbi meşgûl etmesine benzer. Bu ise sırf ahmaklıktır. Rivâyet olundu ki:

«Resûlu'llâh'a biri gelerek: «Ey Allah'ın Resûlü, bana garîb ilimlerden öğret.» dedi. Peygamber Efendimiz de:

— İlm'in esâsından ne biliyorsun? Diye sordu. Adamcağız:
— İlm'in esâsı nedir? Diye sorunca, Peygamber Efendimiz:
— Allahu Teâlâ'yı biliyor musun? Diye sordu. Adam:
— Biliyorum, dedi. Resûlu'llâh:
— O hâlde Allah'a karşı ne kulluk ettin? Adam :
— Eh, Allah'ın dilediğini, dedi. Resûlu'llâh:
— Ölümü bildin mi? Adam:
— Bildim, Resûlu'llâh:
— Ölüm için ne hazırladın? Adam:
— Eh Allah ne diledi ise. Resûlu'llâh:

— O hâlde git bunları takviye et de ondan sonra gel; ben de sana ilmin garîb kısımlarını öğreteyim, buyurdu.» (146)

Âlimin öğrendiği şeyler, Şakîk-i Belhî'nin tilmîzi Hâtem el-Asamm'dan rivâyet edilen cinsden olmalıdır. Şakîk, Hâtem'e sordu:

— Kaç senedir benim yanımdasın? Hâtem:

— Otuz üç senedir. Şakîk:

— Bu müddet zarfında benden ne öğrendin? Hâtem:

— Sekiz mes'ele öğrendim. Şâkîk:

— İnnâ li'llâhi ve innâ ileyhi râci'ûn! Ömrüm seninle geçtiği hâlde benden ancak sekiz mes'ele mi öğrenebildin? Hâtem:

— Evet hocam, ben yalan konuşmayı sevmem, ancak sekiz şey öğrenebildim. Şakîk:

— Bu öğrendiğin sekiz şey nedir? Söyle dinleyelim. Hâtem:

1 — Baktım ki, herkesin ayrı ayrı bir dostu var. Fakat bütün dostlar, nihâyet mezar başından geri döndüğü için ben, hiç birine güvenmedim, ancak mezarımda da bana arkadaş olacak iyi amelleri kendime dost seçtim. Şakîk:

— Çok güzel. İkincisini söyle bakalım. Hâtem:

2 — Allahu Teâlâ'nın:

«وَأَمَّا مَنْ خَافَ مَقَامَ رَبِّهِ وَنَهَى النَّفْسَ عَنِ الْهَوَى فَإِنَّ الْجَنَّةَ هِيَ الْمَأْوَى»

«Allah'ın azametinden korkup nefsini, arzû ve isteklerinden alıkoyanın varacağı yer Cennettir.» (79-Nâzi'at: 40, 41) meâlindeki âyet-i kerîmesini düşündüm, hak olduğunu bildim ve nefsimin behîmî arzûlarını yenmeğe çalıştım ve bu sûretle Allahu Teâlâ'ya itâate devâm ettim.

3 — Baktım ki, herkes elindeki kıymetli sermâyesini koruyor, kasalarda saklıyor, kaybolmaması için her çâreye baş vuruyor. Halbuki Allahu Teâlâ'nın:

«مَا عِنْدَكُمْ يَنْفَدُ وَمَا عِنْدَ اللهِ بَاقٍ»

(146) İbn Sinni rivâyet etmiştir.

www.ihya.org

«Sizin elinizde olan her şey tükenecek, ancak Allah katında olan bâkîdir.»

âyet-i celîlesini düşündüm ve ben de kaybolmaması için kıymetli kabûl ettiğim bütün varlığımı Allah'a emânet ettim; O'nun rızâsı uğrunda harcadım.

4 — Baktım ki, insânların her biri mâl, haseb, şeref ve neseb aramaktadır. Anladım ki bunlar bir şey değil. Allahu Teâlâ'nın:

« إِنَّ أَكْرَمَكُمْ عِنْدَ اللهِ أَتْقَاكُمْ »

«Allah katında en keremliniz, en çok muttakî olanınızdır.» (49 - Hucûrât : 13)

âyet-i celîlesine baktım da, Allah katında kerîm olmak için malı, mansabı değil, takvâyı seçtim.

5 — Baktım ki, insânlar mütemâdiyen birbirine saldırıyor, yekdiğerini tel'în edip duruyorlar. Sebebini, hased denilen çekememezlikte buldum; sonra Allahu Teâlâ'nın:

« نَحْنُ قَسَمْنَا بَيْنَهُمْ مَعِيشَتَهُمْ فِي الْحَيَاةِ الدُّنْيَا »

«Biz, onların dünyâ hayâtındaki geçimlerini taksîm ettik.»

âyet-i celîlesini düşündüm ve anladım ki bu taksîmât, Allahu Teâlâ'nın taksîmidir, bunda kimsenin te'sîri yoktur. Ben de Allah'ın taksîmine râzı oldum, hased hastalığını attım ve kimseye düşmânlık etmedim.

6 — İnsânların birbirine düşmân olup birbirlerini öldürdüklerini gördüm. Allahu Teâlâ'nın:

« إِنَّ الشَّيْطَانَ لَكُمْ عَدُوٌّ فَاتَّخِذُوهُ عَدُوًّا »

«Asıl düşmânınız şeytandır. Onu düşmân tanıyın.»

âyet-i celîlesini düşündüm ve asıl düşmanın Şeytân olduğunu anlayınca, yalnız onu düşmân tanıdım ve başka kimseye adâvette bulunmadım.

7 — Baktım ki, insânlar şu bir lokma ekmek için helâl - harâm demeden her türlü zillete katlanıyorlar. Allahu Teâlâ'nın :

www.ihya.org

«وَمَا مِنْ دَابَّةٍ فِي ٱلْأَرْضِ إِلَّا عَلَى ٱللَّهِ رِزْقُهَا»

«Bütün yaratıkların rızkı Allah üzerindedir.» (11 - Hûd : 6) âyet-i kerîmesini düşündüm. Benim de bu cânlı varlıklardan biri olmam hasebiyle, rızkıma Allahu Teâlâ'nın kefîl olduğunu anladım; isteklerime bakmadan, Allahu Teâlâ'nın bende olan hakkı ile meşgûl oldum.

8 — Baktım ki, insânlardan bir kısmı servetine, ticâretine; bir kısmı sıhhatine olmak üzere, kendileri gibi bir yaratık'a tevekkül etmekte [güvenmekte] ve ona bel bağlamaktadır. Allahu Teâlâ'nın:

«وَمَنْ يَتَوَكَّلْ عَلَى ٱللَّهِ فَهُوَ حَسْبُهُ»

«Allah'a tevekkül edene [güvenene] Allah yeter.» (65 - Talâk : 3) meâlindeki âyet-i celîlesini düşündüm ve ben de (fâni olan başka şeylere değil) ancak Hazret-i Allah'a tevekkül ettim ve O'na bağlandım. O da bana yeter. İşte senden öğrendiklerim bunlardır. Dedi. Bunun üzerine Şakîk :

— Hâtem, Allah seni muvaffak etsin; doğrusu ben, **Tevrât, İncîl, Zebûr** ve **Kur'ân-ı Azîmi** tedkîk ettim, bütün dîni işleri ve hayır çeşitlerini şu sekiz mes'ele üzerinde devreder gördüm. Şu sekiz esâsa riâyet eden dört kitâb'ın hükmüyle amel etmiş olur. Dedi.

İlmin bu nev'iyle meşgûl olup bunu anlayanlar ancak âhiret âlimleridir. Dünyâ âlimleri ise, güçleri yettiği kadar mâl ve mansab elde etmekle meşgûl olur da, Allahu Teâlâ'nın Peygamberleri vâsıtasiyle tebliğ ettiği âhiret ilimlerini ihmâl ederler. Dahhâk b. Muzâhim: «Ben onlara (o âhiret âlimlerine) yetiştim. Onlar birbirlerinden ancak takvâ ve verâ'ı öğrenirlerdi. Şimdiki âlimler ise kelâm mücâdelelerini öğrenmekle meşgûl olurlar.» demiştir.

Âhiret âlimlerinin âlâmetlerinden biri de, yemek, içmek, giymek, ev ve ev düzeninde isrâf'a varmamak, hepsinde iktisâda riâyet ederek eskilere benzemek ve hepsinde aza kanâat etmektir. Bütün bunlarda iktisâda riâyet ettikçe Allahu Teâlâ'ya yakınlığı artar ve âhiret âlimleri arasında mevkî'i yükselir.

Hâtem el - Asamm'ın ashâbından olan Ebû Abdi'llah el - Havvâs'dan rivâyet edilen şu hikâye buna şehâdet etmektedir.

www.ihya.org

Ebû Abdi'llah el - Havvâs diyor ki: «Aramızda Hâtem olduğu hâlde sırtlarında yalnız yün cübbeleri bulunan azıksız, dağarcıksız 320 kişi ile hacca gitmek üzere yola çıktık ve Rey şehrine uğradık. Burada misâfirperver, fakîrleri sever, tüccârdan bir zâta misâfir kaldık. Bizi ağırladı. Sabâh olunca Hâtem'e:

— Burada hasta bir fakîh var, onu ziyârete gideceğim, arzû ederseniz siz de teşrîf edebilirsiniz, dedi. Hâtem:

— Hastayı ziyâret sevâb, fakîhin yüzüne bakmak ise ibâdettir, siz kabûl ettikten sonra ben de gelirim, dedi. Hasta olan zât da Rey Kadısı Muhammed b. Mukatil idi. Evin önüne geldiğimizde baktık ki, mükemmel bir konak. Bunu gören Hâtem hayret ederek: «Âlim bir zâta mütevazi' bir ev kifâyet ederdi.» diye kendi kendine söylendi. İçeri alındılar. Mefrûşâtla süslenmiş geniş bir sofayı gören Hâtem'in hayreti biraz daha arttı. Nihâyet yatak odasına kabûl edildiklerinde, Hâtem baktı ki hasta, yumuşak bir döşek üzerinde yatıyor, başı ucunda hizmetçisi elinde yelpazeyi sallıyor. Tâcir, hastanın başı ucunda oturdu, hâl ve hâtırını sordu. Hâtem ise ayakta bekliyordu. Hasta kendisine oturmasını işâret etti. Hâtem kabûl etmedi. «O hâlde bir isteğiniz mi var?» diye hasta kendisinden sorunca, Hâtem:

— Evet sizden bir suâlim var, dedi. Hasta:

— Sor bakalım, deyince, Hâtem:

— Yatak içinde otur, ondan sonra soracağım, dedi. Hasta da oturdu. Hâtem:

— Kimden okudun? diye hastaya sordu. Hasta:

— Büyük âlimlerden, onlar da Resûlu'llâh'ın ashâbı'ndan.

— Onlar kimden aldı?

— Resûlu'llâh'dan.

— Ya Resûlu'llâh kimden aldı?

— O da Cebrâil'den, O da Hazret-i Allah'dan, dedi. Hâtem:

— Cebrâil aleyhi's - selâm vâsıtasiyle, Allahu Teâlâ'dan Peygamber'e ondan ashâbına, âlimlere ve onlardan da sana gelen ilimlerde evi daha büyük ve içerisi daha süslü evi olanın Allah katındaki kıymeti daha üstündür diye bir şey duydun mu? Diye sordu. Hasta:

— Hayır, dedi. Hâtem:

— Ya, nasıl öğrendin? Hasta:

— Dünyâ'dan yüz çevirip âhiret'e teveccüh eden, yoksullara yardım edip âhireti için hazırlanan kimsenin, Allah katında mevkî'inin daha üstün olduğunu öğrendim. Hâtem:

www.ihya.org

— O hâlde sen kime uydun? Peygambere (S.A.V.), Ashâbı'na (R.A.), ve sâlihlere mi, yoksa Firavn'a ve tuğla-kireç ile ilk inşâatı yapan Nemrûd'a mı? Ey fenâ âlimler! İşte dünyâ düşkünü câhiller sizin gibileri görür de «Âlimler böyle olunca biz niçin daha ileri gitmeyelim, derler» dedi ve Mukatil'in hastalığına hastalık katarak huzûrundan çıktı. Rey halkı Mukatil ile Hâtem arasında geçen bu mâcerayı duyup Hâtem'e: «Kazvin'deki Tanâfisîler'in bundan da daha muhteşem yaşayışları vardır» dediler. Hâtem de Kazvîn'e müteveccihen yola çıktı. (Kadı Muhammed Ahdeb-et-Tanâfisî'nin) huzûruna girdi. Kadı'ya:

— Ben acemi bir kimseyim. Allah sana rahmet etsin, nasıl abdest alacağımı bana öğretir misin? Dedi. Kadı memnûniyetle kabûl ederek hizmetçisine su getirtti ve a'zâsını üçer kerre yıkamak sûretiyle abdestini aldı ve:

— İşte böyle abdest alırsın, dedi. Hâtem:

— Dur, müsâade et, gözünün önünde ben de bir abdest alayım, deyince Tanâfisî kalktı. Hâtem, abdest almak için oturdu. Hâtem, abdest a'zâlarını üçer kerre yıkayacak yerde dört kerre yıkadı. Bunu gören Tanâfisî:

— İsrâf ettin, dedi. Hâtem:

— Niçin? Diye sorunca, Kadı:

— Üç kerre yıkayacak yerde dört kerre yıkadın, dedi.

Hâtem:

— Sübhâna'llah, şaşılacak şey, sen bütün bu tantana ve debdebenle isrâf etmiyorsun da ben bir fazla su dökmekle mi isrâf ettim, deyince, Tanâfisî, Hâtem'in maksadını anladı ve (teessüründen) kırk gün evinde kapandı kaldı.

Hâtem, Bağdâd'a geldiği zamân halk başına toplandı ve kendisine:

— Ya Ebâ Abdi'r-Rahmân, sen lisânı peltek bir Acem olduğun hâlde nasıl olur da seninle her konuşanı ilzâm edersin, dediler. Hâtem:

— Evet, bende üç haslet var, bunlar sâyesinde hasımlarıma üstün gelirim: Hasmım doğruyu bulunca sevinirim, hatâya düşünce mahcûb olurum, hasmımı techîlden çekinirim, dedi. Ahmed b. Hanbel bunu duyunca: «Bu, akıllı bir insâna benziyor, ziyâretine gidelim.» dedi. Vaktâ ki yanına girdiler, Ahmed b. Hanbel:

— Yâ Ebâ Abdir'-Rahmân, Dünyâdan nasıl selâmet bulabiliriz? Diye sordu.

Hâtem:

— Şu dört haslete sâhib olmadan dünyâda huzûr ve selâmet bulamazsın: «İnsânların kusûrlarını bağışlarsın, onlara karşı kusûr et-

mezsin, elinden gelen ikrâmı onlara yaparsın, onlardan bir şey beklemezsin. İşte ancak böylelikle selâmeti bulursun.» Dedi. Sonra yoluna devâm ederek Medîneye gitti. Medîne halkı kendisini karşıladı. Hâtem Medînelilere :

— Burası hangi şehirdir? Diye sorunca, Medîneliler :

— Burası Resûlu'llah'ın bulunduğu Medîne şehridir, dediler. Hâtem :

— Resûlu'llah'ın köşkünü bana gösterir misiniz, orada teberrüken namâz kılmak istiyorum, dedi. Medîneliler :

— Resûlu'llah'ın köşkü yoktu, O'nun sâde zemîn kat bir meskeni vardı, dediler. Hâtem :

— O hâlde Ashâbının köşklerini bana gösterin, dedi. Medîneliler:

— Onların da evleri zemîn katlardan ibârettir, köşkleri yok, dediler. Hâtem :

— O hâlde burası Resûlu'llah'ın değil, Fir'avn'ın şehridir desenize, deyince, (Canları sıkılan Medîneliler) Hâtem'i Vâli'nin huzûruna çıkardılar ve Vâli'ye : «Bu Acem Medîneye Fir'avn'ın şehri» diyor, diye şikâyet ettiler. Vâli bunun sebebini sorunca, Hâtem :

— Acele etme; ben garîb bir Acem'im. Bu şehre girince "burası kimin şehridir" diye sordum, onlar da: "Resulullah'ın Medîne'si" olduğunu haber verince, ben de : Resûlu'llah'ın köşkünü sordum, dedi ve bütün konuştuklarını anlattıktan sonra Allahu Teâlâ'nın :

« لَقَدْ كَانَ لَكُمْ فِي رَسُولِ ٱللَّهِ أُسْوَةٌ حَسَنَةٌ »

«Şüphesiz, Resûlu'llah'ta sizin için güzel örnekler var.» (33 - Ahzâb: 21)

âyetini okudu ve : «Siz kimi örnek aldınız? Resûlu'llah'ı mı? Yoksa ilk tuğla kireç inşâatı yapanlardan Fir'avn'ı mı?» diyerek onları ilzâm etti. Onlar da Hâtem'i serbest bıraktılar.»

İşte Hâtem'in (R.A.) hikâyesi bu. İleride sırası geldikçe selefin ahlâkı ve mütevâzi' hâlleriyle (isrâf'a varan) süs ve ziyneti terk ettiklerine dâir tafsilât verilecektir.

ŞÜBHELİ ŞEYLERE DÜŞMEK KORKUSU İLE MÜBÂHDAN ÇEKİNMEK

Doğrusu şu ki: Mübâh ile süslenmek yasak değildir; fakat onunla fazla meşgûl olmak, onu tabîat hâline getirir ve bir daha ayrılması güç olur. Halbuki süsü, ziyneti devâm ettirmek, günâhı irtikâb ettiren

www.ihya.org

müdâhene'yi, insânların oturup kalkmalarındaki âdetlerine riâyeti, onları taklîd ve benzeri hatâlı şeylere baş vurmağı gerektirir. En doğrusu bu gibi hatâlı şeylere baş vurmağı gerektiren süslerden çekinmektir. Çünkü dünyâlığa böyle dalıp da süs ve zîynetiyle uğraşanlar elbette kendilerini dünyânın pençesine kaptırmış olur. Eğer Dünyâ'ya dalmakla beràber ondan kurtuluş mümkün olsaydı, Resûlu'llah buna daha lâyık olacağından terk-i dünyâ'da mübâlâğa etmezdi. Hattâ sırtındaki damgalı işlemeli (mutarraz) elbiseyi, hutbe okurken (kendini meşgûl eden) parmağındaki altun yüzüğü çıkarıp atmıştır. Daha bir çokları var ki bunlar da sırası geldikçe anlatılacaktır.

HAKÎKÎ ÂLİMLERİN İNSÂFI

Rivâyet olundu ki: Yahyâ b. Yezîd en-Nevfelî, Mâlik b. Enes'e (R.A.) şöyle bir mektûb yazdı: «Rahmân ve Rahîm olan Allah adıyle başlar, ilk ve son gelenlerin efendisi Muhammed'e salât u selâm ederim. Yahyâ b. Yezîd b. Abdi'l-Melik'den, Mâlik b. Enes'e. Ammâ ba'du: Öğrendim ki, insânlar her taraftan sana gelip sözünü kabûl ve seni imâm tanıdıkları hâlde, sen ince kumaşlar giyer, yufka ekmekleri yer, yumuşak döşekler üzerinde oturur, kapına da bekçi diker ve müsâadesiz yanına kimse almazsın. Ya Mâlik, Allah'tan kork, tevâzû göster. Bu mektûbu sana nasîhat olsun diye yazıyorum. Allahu Teâlâ'dan başka kimse bunu bilmez. Sana selâm.»

Mâlik'in cevâbi mektûbu:

«Rahmân ve Rahîm olan Allah adıyle başlar, Hazret-i Muhammed, âl ve ashâb'ına salât u selâm ederim. Mâlik b. Enes'den Yahyâ b. Yezîd'e. Ammâ ba'du: Mektûbunu aldım, bunu Allahu Teâlâ'ya karşı edebli olmak için şefkatle yazılmış bir nasîhat mektûbu olarak kabûl ettim. Allah takvânızı arttırsın, verdiğiniz bu hayır öğüd ile sizi mükâfatlandırsın. Rızâsına ulaşmak için Allah'tan tevfîk dilerim. Zîra kuvvet ve kudret ancak yüce Allah'ındır. Mektûbunda yazdığın gibi yufka yiyor, ince giyiyor, yumuşak minderde oturuyor ve kapımda nöbetçi tutuyorum; hepsinden Allahu Teâlâ'ya tevbe ederim. Allahu Teâlâ Kur'ân-ı Kerîm'de:

«قُلْ مَنْ حَرَّمَ زِينَةَ ٱللَّهِ ٱلَّتِىٓ أَخْرَجَ لِعِبَادِهِۦ وَٱلطَّيِّبَٰتِ مِنَ ٱلرِّزْقِ»

«Söyle, Allah'ın kulları için çıkardığı ziyneti ve rızkın temizlerini kim harâm edebilir?»

www.ihya.org

buyuruyor. (Böylece, bunların mübah olduğuna işâret etmek istedikten sonra) bu, böyle olmakla berâber ben iyi bilirim ki bunların hepsini terk etmek, içlerine girmekten daha iyidir. Mektûb'dan bizi unutma, biz de sizi unutmayız, sana selâm.»

İşte İ m â m M â l i k 'in insâfı... Bütün bunların mübâh olmasiyle fetvâ verdikten sonra hepsini terk etmenin hayırlı olduğunu söyledi ki, ikisinde de haklıdır. Taklîd ve ikiyüzlülük yapıp çerçevesini aşmayacak ve mekrûhlara taşmıyacak şekilde mübâh'ın sınırlarını bilmeğe gücü yeteni ve imâmlık mevkî'ine yükselen M â l i k gibi bir zâtın bu öğütleri kabûldeki semâhatini düşünün... Halbuki başkalarının, mübâh'ı ayırmağa da gücü yetmez. O hâlde mübâh'dan istifâdeye meyl etmek büyük bir tehlike ve mübâh'a dalmak, havf ve haşyetten uzaklaşmaktır. Halbuki âlimlerin hassesi haşyet, haşyetin husûsiyeti de tehlike'den sakınmaktır.

SULTÂNLAR İLE DÜŞÜP KALKMAKTAN KAÇINMAK

Âhiret âlimlerinin alâmetlerinden biri de, pâdişahlardan uzaklaşmaktır. Ayrı kalmağa imkân bulduğu müddetçe onlara yaklaşmamalıdır. Hattâ yaklaşsalar bile âlimin, onlardan uzaklaşması lâzımdır. Zira Dünyâ, tatlı bir yeşilliktir, yuları sultânların elindedir. Sultânlar, zâlim oldukları hâlde, onlarla buluşan âlimler, sultânların gönüllerini hoş etmek ve rızâlarını kazanmak külfetine katlanmak zorundadırlar. Halbuki dindâr kimselere gerekli olan, onların zulümlerini kabûl etmemek, zulümlerini açıklamakla onları zulümden vaz geçirmek için tazyik etmek ve bu nevî ef'âl ve davranışlarını kötülemektir. Onlarla düşüp kalkan, ya Allahu Teâlâ'nın kendisine verdiği ni'meti küçümseyerek onların süs ve ziynetlerine meyleder veyâ zulümlerini reddetmeyip sükûtu kabûl ederek ikiyüzlü olur. Yâhut onların ef'âl ve ahvâlini öğecek ve gönüllerini hoş edecek uydurma sözler arar ki buna, bühtân ve iftirâ denir. Yâhut da dünyâlıklarından faydalanmak ister. Bu da sırf harâm'dır. Helâl ve harâm bahsinde, câizeler, hediye ve ücretler gibi, sultânlardan alınması câiz olanlar anlatılacaktır. Hülâsa: Sultânlarla düşüp kalkmak, fenâlık kapısını açmak demektir. Halbuki âhiret âlimlerinin yolu ihtiyâtı tercîhtir.

Peygamber Efendimiz:

«مَنْ بَدَا جَفَا وَمَنِ اتَّبَعَ الصَّيْدَ غَفَلَ، وَمَنْ أَتَى السُّلْطَانَ افْتُتِنَ»

www.ihya.org

«Çölde yaşayan kaba ve haşîn olur; av ardına düşen şaşar; Sultân kapısına giden fitneye düşer.» (147)
buyurmuştur. Diğer bir hadîs'de de :

«سَيَكُونُ عَلَيْكُمْ أُمَرَاءُ تَعْرِفُونَ مِنْهُمْ وَتُنْكِرُونَ، فَمَنْ أَنْكَرَ فَقَدْ بَرِئَ، وَمَنْ كَرِهَ فَقَدْ سَلِمَ، وَلَكِنْ مَنْ رَضِيَ وَتَابَعَ أَبْعَدَهُ اللهُ تَعَالَى»

«İleride bir takım âmirler başınıza gelecektir ki, bâzı emirlerini kabûl edecek bâzılarını inkâr edeceksiniz. İnkâr edenler berâet edecek, sevmiyenler selâmete erecek; fakat kabûl edip onlara uyanları Allah rahmetinden mahrûm kılacaktır.» (148)

S ü f y â n - ı S e v r i : «Cehennem'de bir dere var, orada yalnız, melikleri ziyâret eden okuyucular bulunacaktır.» dedi. H u z e y f e : «Fitne yerlerinden sakının.» deyince «Neresidir?» sorusuna cevâben «Ümerâ kapıları» demiş ve «Sizden biriniz onların yanına girer, söylediği yalanı tasdik eder ve onda olmayan şeyleri onun hakkında söyler.» demiştir. Enes (R.A.)'in rivâyet ettiğine göre Peygamber Efendimiz : «Sultânlar arasına girmedikçe, âlimler, Allahu Teâlâ'nın kulları üzerine Peygamberlerin eminleridir. Sultânlar meclisine girdiklerinde Peygamberlere karşı hıyânet ederler. Onlardan sakının ve onlara yanaşmayın.» buyurmuştur.

A' m e ş'e «Çok talebe okutmakla ilmi ihyâ ettin.» dediklerinde. «Acele etmeyin, çünkü talebenin üçte biri tâm âlim olmadan ölür, diğer üçte biri de sultân kapılarına hücûm eder ki onlar, insânların fenâlarındandır. Geride kalan üçte birinin de pek azı kendini kurtarabilir.» demiştir. Bunun için S a'd b. M ü s e y y e b (R.A.) : «Pâdişah kapûsunda akşâmlayan âlimden sakının. Çünkü o, haydut-tur.» buyurmuştur. E v z â ' i «Allahu Teâlâ'nın çok buğz ettiği, âmil'i [vâliyi] ziyâret eden âlimdir» buyurmuştur. Peygamber Efendimiz de :

(147) Ebû Dâvûd ve Tirmizi, İbn Abbas'dan.
(148) Müslim, Ümmü Seleme'den.

«شِرَارُ ٱلْعُلَمَاءِ ٱلَّذِينَ يَأْتُونَ ٱلْأُمَرَاءَ ، وَخِيَارُ ٱلْأُمَرَاءِ ٱلَّذِينَ يَأْتُونَ ٱلْعُلَمَاءَ»

«Âlimlerin fenâsı, emirler'in ayağına gidenler, emirler'in iyisi, âlimleri ziyâret edenlerdir.» buyurmuştur.

M e k h ú l - i D ı m e ş k i (R.A.) : «Kur'ân okuyup dînde fakîh olduktan sonra, bir şey alırım ümidiyle pâdişahlar sohbetine gidip onlara yaltaklık edenler, attıkları adımlar kadar Cehennem deryâsının derinliklerine dalmış olurlar.» demiştir.

S e m n ú n : «Meclisinden arandığı zamân: «Pâdişah'ın yanındadır.» diye cevâb verilmiş olması kadar, âlim için çirkin bir şey olamaz.» dedikten sonra: «Dünyâ'yı seven âlimi gördüğünüz zamân, dîniniz nâmına onu suçlandırın denildiğini işittim» demiştir. «Ben bunu kendimde tecrübe ettim. Sizin de bildiğiniz gibi kendisine karşı dâimâ şiddet gösterdiğim ve arzûlarıma muhâlefet ettiğim hâlde her ne zamân Sultân'ın yanına gitdimse kendimde ona karşı bir temâyül duydum ve değil yemeğini, bir yudum suyunu dahî içmediğim hâlde: "Keşke yanına gitmeseydim" dedim.» Sonra devâm ederek «Şimdiki âlimler, İsrâil oğullarındaki âlimlerden fenâdır. Sultânlara, arzûlarına muvâfık fetvâlar verirler. Eğer (böyle yapmayıp) Sultânlar'ın görünüşte aleyhlerine, fakat hakîkatte azâbdan kurtulmalarına medâr olan fetvâları vereydiler, Sultânlar onlara kızar ve huzûrlarına kabûl etmezlerdi. Fakat Rabblerinin katında kurtuluş vesîlesi olurdu.» demiştir.

H a s a n - ı B a s r î : «Sizden evvel, Resûlu'llah'ın sohbetinde bulunmuş ilk müslümânlardan bir zât vardı. (A b d u l l a h b. M ü b â r e k diyor ki: H a s a n - ı B a s r î'nin kasdettiği zât Cennet ile müjdelenmiş S a ' d b. E b î V a k k a s'dır.) Bu zât rüesâya yaklaşmaz ve onlardan dâima kaçardı. Oğulları kendisine :

— İlk müslümân ve üstün sahâbelik bakımından seviyyenizde olmayanlar rüesânın sohbetine gidiyor da sen niye gitmiyorsun? Deyince, oğullarına :

— İnsânların sardıkları (leş'e) benim de konmamı mı istiyorsunuz? Vallahi gücüm yeterse onlara hiç karışmam. Dedi. Oğulları :

— İşte biz de böyle yoksulluk içinde kıvranırız, dediler. Sa'd :

— Oğullarım, yağlı ve şişman bir münâfık olarak ölmektense, zayıf bir mü'min olarak ölmek, benim için daha makbûldür, cevâbını verdi. H a s a n - ı B a s r î devâm ederek dedi ki : «Vallahi oğul-

larına galebe çaldı. Çünkü iyi biliyordu ki, toprak, eti, yağı yer fakat îmânı yiyemez.» Burada, Sultânların, sohbetine devâm edenlerin elbette nifaktan kendilerini kurtaramıyacağına işâret vardır. Nifak ise îmân'ın zıddıdır.

Ebû-Zer, Seleme'ye: «Ya Selemе, Sultân kapılarında sürünme, çünkü onların dînine olan zararı maddî menfaatlerinden fazladır. Pâdişahlar meclisine katılmak, âlimler için büyük fitne ve Şeytan'ın âlimler aleyhine açtığı korkunç bir yoldur. Bilhâssa güzel ifâdeye sâhip, sözünde halâvet olanlar için çok tehlikelidir. Çünkü «onların arasına girer ve va'z edersen, onları zulümden alıkoyar ve İslâm şiârını onlarda yerleştirirsin» diye Şeytan seni dâimâ teşvik eder durur. Böylece onların yanına girmeği dînî bir vazîfe bilirsin. Sonra yanlarına girdin mi başlar kendi ilmini ortaya koymağa ve yaltaklık ederek pâdişahları öğmekte mübâlâğa etmeğe. İşte dînî yıkmak buradadır» dedi.

Denildi ki: «Âlimler, bildikleri zamân amel ederler, Allah için meşgûl olurlar, Allah için meşgûl olunca insânî vasıflardan ayrılır, melekî hasletlere bürünürler. Bu dereceye yükselenler sevilir ve aranırlar, arandıklarında da kaçarlar.»

Ömer b. Abdi'l-Azîz (R.A.), Hasan-ı Basrî'ye yazdığı mektûbta: «Bundan sonra Allahu Teâlâ'nın emirlerine sarılmakta bana yardımcı olabilecek kimseleri bana bildir.» dedi. Hasan-ı Basrî: «Dîn adamları sana gelmez, Dünyâ adamlarını da sen istemezsin. Sen kendine arkadaş olmak için şerefli insânları ara, çünkü onlar şereflerini hıyânet pisliğiyle lekelemek istemezler.» diye cevâp verdi.

Bu konuşulan, zamânın en iyi devlet reisi ve en zâhid bir adamı olan Ömer b. Abdi'l-Azîz gibi bir zât hakkındadır. Dîn adamlarının bundan da kaçınması şart olduğuna göre, başka pâdişahları arayıp onların aralarına girmek nasıl doğru olur? Halbuki Hasan-ı Basrî, Sevrî, İbn Mübârek, Fudayl, İbrâhîm b. Edhem, Yûsuf b. Esbat gibi eski büyük ve kâmil âlimler, Mekke, Şâm ve diğer memleket âlimlerini dünyâ'ya meylettiklerinden veyâ pâdişahlar arasına girdiklerinden dolayı zemmederlerdi.

FETVÂDAN KAÇINMAK

Âhiret âlimlerinde aranan diğer husûsiyetlerden biri de, soruldukta fetvâ vermekte acele etmemek, ağır almak ve kurtuluş yolunu aramak için çekingen davranmaktır. Eğer sorulan suâli, Kur'ân veyâ Hadîs'in sarahatinden, icmâ' veyâ açık kıyâs'dan biliyorsa cevâ-

www.ihya.org

bını verir, yok eğer şübhe ettiği bir şeyden sorulmuşsa : «Bilmem» der. Eğer kendi ictihâd ve tahmini ile zannettiği bir şeyden soruluyorsa ihtiyâtî tedbir olarak, var ise daha iyi bilene havâle eder. Akıllılık, bu anlattığımızdır. Çünkü ictihâd tehlikesini yüklenmek büyük iştir. Haber'de şöyle gelmiştir :

«اَلْعِلْمُ ثَلَاثَةٌ : كِتَابٌ نَاطِقٌ ، وَسُنَّةٌ قَائِمَةٌ ، وَلَا أَدْرِى»

«İlim üçtür : Konuşan kitâb, yerleşen sünnet, üçüncüsü de bilmem demektir.» (149)

Ş a ' b î diyor ki : «Bilmem demek, ilmin yarısıdır. Bilmediğinde Allah için sükût edenin alacağı mükâfat, konuşandan az değildir. Zira nefsine en ağır gelen cehâleti kabûl etmektir.» Sahâbenin (R.A.) ve ilk âlimlerin davranışı böyle idi. A b d u l l a h b. Ö m e r'den fetvâ istendiği zamân : «İnsânların işlerini boynuna alan, şu emir'e git de bu mes'eleyi onun boynuna geçir.» derdi. İ b n M e s ' ü d (R.A.) : «İnsânların her suâlini cevâplandıran, ahmaktır.» derdi. Yine İ b n **M e s ' ü d (R.A.) : «Âlimin** kalkanı [korunma silâhı] «bilmem» dir. Eğer kalkanı kullanmakta hatâ ederse, hasmının silâhına hedef olur» demiştir. İ b r â h î m b. E d h e m diyor ki :

«Şeytan'ın en çok gücüne giden şey, âlim'in bâzı mes'elelerde konuşup bâzılarında sükût etmesidir. Şeytân der ki : «Şuna bakın, bunun bu sükûtu yok mu, konuşmasından benim için, çok daha fenâdır.»

Bâzıları **abdâl** denilen zümreyi şöyle anlatır : Yemeleri çok şiddetli ihtiyâç ânında, uyumaları yine şiddetli galebe ânında, konuşmaları ise zarûret hâlindedir. Yâni iyice acıkmadan yemez, uykuları gelmeden uyumaz, mecbûriyet olmadıkça konuşmaz, ve sorulmadan cevâb vermezler. Soruldukta başka cevâb verecek varsa sükût ederler, o da yoksa o zamân cevâb verirler. Sorulmadan söze başlamayı, sözde, gizli şehvet sayarlardı.

H a z r e t - i A l i ile A b d u l l a h (b. A b b a s) (R.A.), insânlara sözlerini dinleten birine rastladılar. (Biraz dinledikten sonra) «Bu adam, diliyle kendini tanıtmak istiyor.» dediler. Bâzıları da : «Hakiki âlime bir mes'ele soruldukta (cevâbın çetinliğini düşünerek) dişi (yeni çekilen) adamın vaziyetini alır.» demişlerdir. İ b n Ö m e r (R.A.) (leh'te fetvâ isteyenlere) «Üzerimizden geçip cehennem'e gitmek için bizi köprü yapmak mı istiyorsunuz?» derdi. E b û H a f s - ı N î s â b û r î : Hakiki âlim, suâli cevâplandırırken, kı-

yâmette "bu cevâbı nereden buldun" diye sorulacağından korkan zât tır.» demiştir. İbrâhîm-i Teymî kendisine bir mes'ele sorulduğu zamân ağlar ve: «Başkâsını bulamadınız da bana mı muhtâç oldunuz?» derdi. Ebû'l-Âliye, er-Riyâhî, İbrâhîm b. Edhem ve Süfyân-ı Sevrî, ancak iki-üç kişi veyâ sayıları bunu geçmeyen kimselerle konuşurlar ve cemâat çoğalınca dağılırlardı. Bizzât Peygamberimiz bile: «Bilmem» demiştir.

«مَا أَدْرِي أَعُزَيْرٌ نَبِيٌّ أَمْ لَا، وَمَا أَدْرِي أَتُبَّعٌ مَلْعُونٌ أَمْ لَا، وَمَا أَدْرِي ذُو الْقَرْنَيْنِ نَبِيٌّ أَمْ لَا و لماسئل رسول الله صلى الله عليه وسلم عن خَيْرِ الْبِقَاعِ فِي الْأَرْضِ وَشَرِّهَا، قَالَ: لَا أَدْرِي، حَتَّى نَزَلَ عَلَيْهِ جِبْرِيلُ عَلَيْهِ السَّلَامُ، فَسَأَلَهُ فَقَالَ: لَا أَدْرِي، إِلَى أَنْ أَعْلَمَهُ اللهُ عَزَّ وَجَلَّ أَنَّ خَيْرَ الْبِقَاعِ الْمَسَاجِدُ، وَشَرَّهَا الْأَسْوَاقُ»

«Uzeyr'in Peygamber olup olmadığını bilemiyorum, Tübbe'nin mel'ûn olup olmadığını bilemiyorum, Zû'l-Karneyn'in Peygamber olup olmadığını bilemiyorum, buyurdu. Yine bunun gibi: «Oturulacak yerlerin en iyisi ve en fenâsı nerelerdir?» diye soruldukta: «Cebrâil gelinceye kadar Lâedri [bilmem]» diye buyurdu. Cebrâil'e sorunca: o da: Lâedrî [bilmem] dedi. Tâ ki Allahu Teâlâ: "Durulacak yerlerin en iyisi câmiler, en fenâsı sokaklar" olduğunu bildirinceye kadar.» (150)

İbn Ömer (R.A.) on mes'eleden sorulsa dokuz'una sükût eder de ancak birine cevâb verirdi. İbn Abbâs dokuzuna cevâb verir yalnız birinde sükût ederdi. (Hatâya düşmemek için) fakîh lerin: «Bilmem» dedikleri, «Bilirim» dediklerinden çok fazla idi Süfyân-ı Sevrî, Mâlik b. Enes, Ahmed b. Hanbel, Fudayl b. İyâz, Bişr b. Hâris bunlardandır. Abdurrahmân b. Ebî Leylâ diyor ki: «Bu mescid'de (Medîne mescidi) Resûl-i Ekrem'in Ashâbından 120 tânesine yetiştim. Hepsi de kendilerine bir mes'ele soruldukta veyâ bir fetvâ istendikte, bunu başkalarına havâle eder ve cevâb vermek istemezdi. Hattâ birine bir şey soruldukta, onu diğerine

havâle eder. havâleden havâleye tekrâr kendine gelirdi, kimse cevâb vermek istemezdi.»

Rivâyet olundu ki, Ashâb-ı Suffa'dan (151) birine pişmiş koyun kellesi hediye edildi. Son derece darda olduğu hâlde onu yine aç olan diğer arkadaşına, o da diğerine, derken dönüp dolaşıp en evvel verilene geldi. Çünkü en açı o, idi. (Sahâvetin bu derecesine «İsâr» denir. Yâni kendisi muhtâç iken, daha muhtâç olanı tercih etmek demektir.)

Bir de şimdiki âlimlere bak da, işlerin nasıl tamâmen tersine döndüğünü gör. Çünkü şimdi kaçınılması gereken aranıyor, aranması gerekenden kaçınılıyor. Fetvâ vermekten kaçınmanın güzelliğine Peygamber Efendimize müsned olarak bâzı kimselerden rivâyet edilen şu hadîs şehâdet etmektedir: «İnsânlara ancak üç kimse fetvâ verir: Emîr, me'mûr [fetvâ vermekle vazîfelendirilen kimseler], mütekellef [bunların hâricinde kalan kıssacılar.]» Diğer bâzıları, diyorlar ki: Sahâbe-i kirâm dört şeyden kaçınırlardı:

1 — İmâmlıktan.
2 — Vasîlikten.
3 — Emânetçilikten.
4 — Fetvâ vermekten.

Diğer bâzıları «Sahâbelerden fetvâ vermekte acele edenler, ilimleri az olanlar, fetvâ'dan en çok kaçınanlar, ilimleri en çok olup şüphe'den kaçınanlar idi» diye rivâyet etmişlerdir.

Sahâbe-i kirâm ve Tâbi'în beş şey ile uğraşırlardı: Kur'ân okumak, câmi' ve cemâate gitmek, mescidleri imâret, Allahu Teâlâ'yı zikr, ma'rûfu emir, münkeri nehy. Bu da Peygamberimizin şu hadîsine dayanır:

«كُلُّ كَلَامِ ٱبْنِ آدَمَ عَلَيْهِ لَا لَهُ إِلَّا ثَلَاثَةً : أَمْرٌ بِمَعْرُوفٍ أَوْ نَهْيٌ عَنْ مُنْكَرٍ، أَوْ ذِكْرُ ٱللهِ تَعَالَى»

«Âdem oğlunun her sözü kendi aleyhinedir. Ancak emr-i ma'rûf, nehy-i münker ve bir de Allahu Teâlâ'yı zikretmek müstesnâdır.» (152)

(151) Bunlar, bâzan azalıp bâzan çoğalan ve dünyâ ile alâkalarını kesmiş sayılan Sahâbe'nin fakîrlerinden bir cemâattir. Mescid'in sofa'sında otururlar, âdeta bir medrese hayâtı yaşarlardı. Peygamberimizden hadîs öğrenirlerdi. Peygamberimize sadaka gelince tamâmen bunlara gönderir, hediye gelince bir kısmını kendine ayırırdı. Hazret-i Ömer, «Artık vazîfeniz bitti» diyerek bunları dağıtmıştır.

Allahu Teâlâ âyet-i celîle'de:

«لَا خَيْرَ فِي كَثِيرٍ مِنْ نَجْوَاهُمْ إِلَّا مَنْ أَمَرَ بِصَدَقَةٍ أَوْ مَعْرُوفٍ أَوْ إِصْلَاحٍ بَيْنَ النَّاسِ»

«Onların çok sözlerinde hayır yok, ancak sadakayı emreden, ve yâ ma'rûfu emreden veyâ insânlar arasında arabulucuk yapanın konuşmalarında hayır vardır.» (4 - Nisâ: 114) buyurmuştur.

Bir zât (Nasr b. Ali el-Cuhzumî) Kûfe'li, müctehid fetvâcılardan birini (Halil b. Ahmed'i) rüyâsında gördü ve: «İctihâd ve fetvâlarından ne fayda gördün.» diye sordu. O zât suratını ekşiterek yönünü çevirdi ve: «Onlardan bir kâr görmedik» dedi.

İbn Hassîn: «Fetvâcılardan biri öyle mühim mes'elelere tek başına cevâp vermeğe kalkışırdı ki, eğer o mes'ele Ömer b. Hattâb (R.A.)'dan sorulaydı, Bedir'de bulunan bütün zâtları bir araya toplamadan ona cevâb vermezdi.» demiştir.

Sükût, ilim sâhiplerinin husûsiyetidir. Nitekim Peygamber Efendimiz:

«إِذَا رَأَيْتُمُ الرَّجُلَ قَدْ أُوتِيَ صَمْتًا وَزُهْدًا فَاقْتَرِبُوا مِنْهُ فَإِنَّهُ يُلَقَّنُ الْحِكْمَةَ»

«Zühd ve sükût sâhibini bulduğunuzda ona yaklaşın. Çünkü o, hikmet sâhibidir.» (153) Buyurmuştur.

Denildi ki: Âlimler iki kısımdır.

1) Helâl ve harâmı ayıran avâm âlimleri. Bunlar sultânların âlimleridir. (Diğer nüshâda «SALÂTİN» yerine «ESÂTİN» vardır. Buna göre mescidlerin direk âlimleri, yâni kürsü hocaları demek olur.)

2) Tevhîd ve kalb işlerini bilen havass âlimleri. Bunlar da insânlardan ayrılmış, tek başına zâviye [bucak] âlimleridir.

Denildi ki: Ahmed b. Hanbel gibiler, Dicle nehrine

benzer. Herkes ondan avuç avuç alabilir. Ama Bişr b. Hâris gibiler de üzeri kapalı, tatlı kuyu suyuna benzer. Oradan toplu hâlde değil, teker teker su alınır. Onlar: «Falan zât âlim, falan konuşur, falan daha çok konuşur, falan çok amel eder» diye âlimleri tasnif ederlerdi. Ebû Süleyman Dârânî: «Ma'rifet, konuşmaktan daha çok sükûtta bulunur.» demiştir. Yine denildi ki: İlim olan yerde söz azalır, lâfı uzatanın ilmi az olur.

Selman, Peygamberin kendisine kardeşlik ettiği Ebû'd-Derdâ'ya yazdığı bir mektûbta: «Hastaları tedâvi için tabâbete başladığını öğrendim. Gerçek tabîb isen öğüdüne devâm et. Çünkü söz'ün şifâdır. Yok eğer uydurma tabîb isen Allah'tan kork, Müslümânların kanına girme.» demiştir. Ebû'd-Derdâ, bu mektûbtan sonra sorulan suâllere cevâb vermekten kaçınırdı. Enes (R.A.) bir mes'ele kendisinden sorulduğu zamân «Büyüğümüz Hasan-ı Basrî'ye sorun.» derdi. İbn Abbâs, kendisinden sorulunca, Zeyd'in oğlu Hâris'e İbn Ömer (R.A.) ise Sa'd b. Müseyyeb'e havâle ederdi.

Hikâye olundu ki: «Hasan-ı Basrî'nin meclisinde Ashabdan bir zât yirmi kadar Hadis okudu. Hadisler'in şerhi kendisinden istenince: «Ben ancak bildiğimi okurum, başka bir şey anlamam.» demesi üzerine, Hasan-ı Basrî, yirmi Hadîs'in teker teker îzâhını yaptı. Herkes onun bu ilmî îzâhına ve Hadisleri birden ezberlemesine hayran olduğu gibi, Sahâbî, bir parça kum alıp oradakilere attı ve: «Aranızda böyle bir dehâ var iken benden mi soruyorsunuz?» dedi.»

Âhiret âlimlerinin alâmetlerinden biri de, en çok ehemmiyet verdikleri ilm-i bâtın [Allah bilgisi, mârifet], kalb murâkabesi, âhiret yolu ve bu yolun yolcusu olmak için gerekli bilgiler ve bu bilgilerin gelişmesi için ciddî mücâhede ve murâkabe olmalıdır. Zira mücâhede, müşâhedeye ulaştırır. İlimlerin inceliklerinden kalbe hikmet nûrları dökülür. Kitâblar ve kitâblarla öğrenilen ilimler bunu sağlayamaz. Ölçü ve tartıya sığmayan hikmet kapûsu kalbde, mücâhede, murâkabe (Şerî'at kanûnları gereğince) zâhirî ve bâtınî amelleri îfa, temiz düşünce ve huzûr-u kalb ile tenhâlarda Allah'ı zikretmek ve maddiyât ile alâkasını kesip bütün varlığı ile Allah'a bağlanmak ile açılır. İşte Keşf'in kaynağı, ilhâm'ın anahtarı budur. Çok talebeler var, uzun zamân okudukları hâlde duyduğundan fazla bir kelime konuşmağa muktedir olamaz. Çok mühim ilimleri öğrenmekle kalıp, ameli arttırıp kalbi murâkabe edenler var ki, akıl sâhiblerini hayrete düşürecek şekilde, hikmet'in incelikleriyle Allahu Teâlâ gönüllerini açar. Bu sebebdendir ki Peygamber Efendimiz:

www.ihya.org

«مَنْ عَمِلَ بِمَا عَلِمَ وَرَّثَهُ اللهُ عِلْمَ مَالَمْ يَعْلَمْ»

«Bildiği ile amel edene, Allahu Teâlâ bilmediğini de bildirir.» (154) Buyurmuştur.

Geçmiş Peygamberlere inen kitâbların bâzısında şöyle yazar: «İlim, gökdedir, kim indirecek onu? Yerin altındadır, kim çıkaracak onu? Denizlerin ardındadır, kim getirecek onu? demeyin, ilim, sizin kalbinizdedir. Benim mâ'nevî huzûrumda melekler gibi terbiyeli, sıddîklar gibi ahlâklı olun ki, sizi kaplayacak şekilde, kalbinizdeki ilim parlasın.» Abdullah Tüsterî: «Âlimler, âbidler ve zâhidler kalbleri kapalı olduğu hâlde dünyâ'dan göçer, kalbi açılanlar ancak sıddîklar ve şehîdlerdir.» dedikten sonra Allahu Teâlâ'nın:

«وَعِنْدَهُ مَفَاتِحُ الْغَيْبِ لَا يَعْلَمُهَا إِلَّا هُوَ»

«Gayb'ın anahtarları ondadır, gaybı ancak o bilir.» (6 - En'am: 59)

Âyet-i celîlesini okumuştur. Eğer bâtın ilmi ile nûrlanmış kalblerin anlayışı ilm-i zâhir'e hâkim olmasaydı Peygamber Efendimiz:

«اِسْتَفْتِ قَلْبَكَ وَإِنْ أَفْتَوْكَ وَأَفْتَوْكَ وَأَفْتَوْكَ»

«Sana müftüler, her ne kadar fetvâ verseler de sen yine kalbine danış.» buyurmazdı.

Bir kudsî Hadis'de Peygamber Efendimiz:

«لَا يَزَالُ الْعَبْدُ يَتَقَرَّبُ إِلَيَّ بِالنَّوَافِلِ حَتَّى أُحِبَّهُ ، فَإِذَا أَحْبَبْتُهُ كُنْتُ سَمْعَهُ الَّذِي يَسْمَعُ بِهِ»

«Kulum, nâfile ibâdetlerle, ben onu sevinciye kadar bana yakla-

www.ihya.org

şır ve hattâ sevgime mazhar olur. Ben de onunla görür, kulumu sevdiğim zamân onun gözü olurum.» (155)

Buyurmuştur. Tefsîr kitâblarının anlayamadıkları, büyük müfessirlerin bilemedikleri Kur'ân'ın nice ince mânâları var ki onlar, zikr ve fikir ile uğraşan kalblere doğar. Kendini murâkabe eden mürîd'e bu mânâlar ilham olunup da, bunları müfessirlere sundukları zamân, (insâflı) müfessirler onları beğenirler ve temiz kalb'in vâridâtı ve Allahu Teâlâ'ya teveccüh eden himmetlerinin karşılığı olarak, Allahu Teâlâ'nın onlara bir lûtfu olduğunu anlarlar. Mükâşefe ilimlerinde, muâmele ilminin inceliklerinde ve kalbe geçen inceliklerde de hâl böyledir. Bu ilimlerin her biri, derinliklerine inilemiyen birer deryâdır. Herkes, ancak kendisine rızk edilen miktâr ve Rabbinin tevfik ettiği güzel amel nisbetinde bu ilimlere dalabilir. Hazret-i Ali, uzun bir hadîs'inde, bu gibi âhiret ilimlerini tavsif ederken şöyle buyuruyor :

«Kalbler, kaplardır; kapların iyisi, iyiliklere kap olandır.»

«İnsânlar üç'e ayrılır. Allah'ı bilenler, kurtuluş için okuyanlar, üçüncü kısmı da değersiz, âdi kimselerdir. Her haykıranın ardına takılır, her rüzgâr ile eğilir, ilim nûru ile aydınlanmaz, sağlam dala yapışmazlar. İlim, mâldan hayırlıdır. Çünkü ilim seni korur, mâlı sen korursun, ilim, okutmakla artar, mâl, harcamakla tükenir. Hayâtta iyi ameller kazanmak, ilim sâyesinde olduğu gibi, öldükten sonra da iyi hâtıraları yaşamak, yine ilim sâyesinde mümkündür. İlim hâkim, mâl, mahkûmunaleyhdir. Mâlın menfa'ati, kişinin ölümü ile çok olur. Haznedarlar ölür hazineleri ortada kalır. Fakat âlimler, dünyâ durdukça yaşarlar.» Sonra uzun bir nefes aldı ve: «Dikkat et, eğer ehlini bulsaydım, benim göğsümde geniş ilim vardır. Ne yazık ki istekliler ya îtimatsız kimselerdir. Dini, dünyâ menfaatine âlet eder ve ilâhî ni'metler ile Allah'ın velîlerine, öğrendiği delîller ile de onun kullarına karşı üstünlük taslamak ister. Veyâ hakîkat ehline uyar fakat (hakîkati teşhîsten âciz olduğu için) ilk nazarda kalbine şüphe tohumu ekilir. hangi taraftan olacağını seçemeyecek derecede basîret sâhibi olmayan, dünyâ lezzetlerine düşkün şehvetlerinin peşinden akıp giden, yâhut da bunlar, daha ziyâde dünyâlık peşinde, mal yığmak hevesine uyan kimselerdir. Bunlar daha ziyâde kırlardaki hayvânlara benzerler. Allah'ım, işte böyle hâmillerinin ölmesiyle ilim de sönüp gidecektir. Yine de yeryüzü, ilâhî hükümlerini koruyanlardan boş kalmaz. Bunlar, ya herkesin görebileceği şekilde âşikâre bulunurlar, veyâ Allahu Teâlâ'nın hüccetlerini korumak için gizli kalmağı tercih ederler. (İbn Kayyım : «Bu cümlenin aslı yok, yalancı râfizîlerin uydurma ve eklemesidir»

(155) Buhârî ile Müslim, Ebû Hureyre'den.

der.) Çünkü Hilye'de bu cümle yoktur. Çünkü ilâhî hüccetler gizlilik ile korunmaz. Bunlar nerede bulunur. Çünkü bunların sayıları az, kıymetleri ise yüksektir. Zâtları gizli fakat, hâtıraları gönüllerdedir. Allahu Teâlâ, hüccetlerini onlarla korur. Hattâ onlar kendilerinden sonra gelenlere, bu hüccetleri emânet eder ve kalblerine yerleştirirler. İlim, olduğu gibi onlara gider. Rûh-i yakîn'e ulaşırlar, mülâyim kimselerin sert gördükleri dâhi onlar için yumuşak olur. Gâfillerin vahşî gördükleri şeylerle ünsiyet ederler. Rûhları âli makamlarla alâkalı olan bedenleriyle dünyâ'ya sâhip olurlar. İşte bunlar, yeryüzünde Allah'ın dostları ve âmilleri olup i'timâdına mazhar olmuşturlar. Dînine dâvet ederler.» Sonra ağlayarak: «Benim heves ettiğim işte bunlardır» dedi. Bu son anlattığı âhiret âlimlerinin evsâfıdır. Bunun ekserisi amel ve mücâhede ile elde edilir.

Âhiret âlimlerinin âlâmetlerinden biri de Yakîni kuvvetlendirmeğe ehemmiyet vermesidir. Dîn sermâyesinin başı «Yakîn» dir. Peygamber Efendimiz:

«اَلْيَقِينُ الْإِيمَانُ كُلُّهُ»

«Yakîn, îmân'ın bütünüdür.» (156) Buyurmuştur.

Yakîn ilminin evveliyâtını öğrenmek lâzımdır, ki ondan sonra insâna Yakîn'in yolu açılır. Bu sebebden Peygamber Efendimiz:

«تَعَلَّمُوا الْيَقِينَ»

«Yakîni öğrenin.» (157) Buyurmuştur.

Yâni yakîn sâhipleriyle buluşun, onlardan yakîni öğrenin de, hâl ve gidişlerinde onlara uyun ki, onların yakîni kuvvetlendiği gibi sizin de kuvvetlensin. Yakîn'in azı, amelin çoğundan iyidir. Peygamber Efendimiz'e, yakîni kuvvetli günâhı çok, yakînî az ameli çok olan iki kişiden sorduklarında:

«مَا مِنْ آدَمِيٍّ إِلَّا وَلَهُ ذُنُوبٌ»

«Günâhsız insân yoktur.»

(156) Beyhakî, İbn Mes'ûd'dan.
(157) Ebû Nuaym.

www.ihya.org

Buyurmuştur. Fakat yaradılışta aklı olup yakini olan kişiye günâh zarar vermez. Çünkü her günâhın akabinde tevbe eder, istiğfâr eder günâhları mahv olarak yalnız kendini cennete götürecek fazileti kalır. Bunun için Peygamber Efendimiz diğer hadis'inde :

« إِنَّ مِنْ أَقَلِّ مَا أُوتِيتُمُ ٱلْيَقِينَ وَعَزِيمَةَ ٱلصَّبْرِ وَمَنْ أُعْطِيَ حَظَّهُ مِنْهُمَا لَمْ يُبَالِ مَا فَاتَهُ مِنْ قِيَامِ ٱللَّيْلِ وَصِيَامِ ٱلنَّهَارِ »

«En az sâhibi bulunduğunuz yakin, ve sabr u azimettir. Bunlardan nasîbini alan için geçmişte tutamadığı oruçlar, kalkamadığı geceler için üzüntü yoktur.»

Lokman'ın oğluna olan tavsiyesinde : «Oğlum, amel ancak yakîn ile yapılır, herkes yakîni nisbetinde amel eder. Amel noksânlığı, yakîn noksânlığından gelir.» demiştir.

Yahyâ b. Muâz er-Râzî : «Tevhîd'in nûru, müşriklerin iyiliklerini yakan şirk ateşinden kuvvetlidir.» dedi ve bu nûr ile «Yâkîn» i murâd etti. Kur'ân-ı Kerîm bir çok âyetlerde yakîn sâhiplerini zikretti ve bununla yakinin ebedî saâdetlere vâsıta olduğuna işâret etti.

YAKÎN'İN MÂNÂSI

Şâyet, anlaşılmayan ve bilinmeyen bir şeyi aramak mümkün değil, bunun için yakîn'in mânâsını, kuvvet ve za'fını evvelâ bildir, ondan sonra aramasiyle meşgûl olayım diye aklından geçirirsen deriz ki:

Bilmiş ol ki, yakîn, iki fırkanın ayrı ayrı mânâlarda kullandıkları bir kaç mânâya gelen bir lâfz'dır.

Nazariyeciler ile kelâmcılar, yakîni şüphe etmemek mânâsında kullanırlar. Zîra nefsin bir şey' tasdîk etmeğe temâyülünün dört makaamı vardır.

KELÂMCILAR VE NAZARİYECİLERE GÖRE YAKÎNİN TARİFİ

1 — Tasdîk ile tekzîbin denk olmasıdır. Buna «ŞEK» derler. Meselâ ahvâline vâkıf olmadığın bir adamın azâb görüp görmiyeceği senden soruldukta, hiç bir tarafına hüküm veremiyeceğin gibi senin için azâb görmesi de görmemesi de mümkündür. Tercîh sebebi olmadığı için buna «ŞEK» denir.

www.ihya.org

2 — Her ikisini de mümkün görmekle berâber, nefsinin bir tarafa meyletmesidir. Meselâ: Her hâliyle iyi tanıdığın bir insan için, bu adam bu hâliyle ölürse azâb görür mü? Diye senden sorulduk-ta - kendisinde salâh alâmetleri görüldüğü için - nefsin, daha çok o adamın mu'azzeb olmayacağına meyleder. Bununla berâber gizli bir hatâsından dolayı azâb göreceğini de düşünürsün. Senin bu düşüncen, o meyline müsâvîdir, fakat onu tercîh etmeni önlemez. Buna da «ZAN» derler.

3 — Hâtırına aksi gelmemek ve gelse de kabûl etmemek üzere, insânın bir şey'i tasdîk'a meyl etmesi ve tasdîk tarafının nefse galebe çalmasıdır. Fakat bu kanâati, kat'î mâlûmâtına dayanmaz. Ancak, bu adam, (birinci ve ikinci kısım olan) şek ile cevâz cihetlerini iyice düşünürse cevâza meyleder ve onu kabûl ederdi. İşte buna da «Yakîne karîb itikat» denir. Yalnız dinlemek sûretiyle kafalarında yerleşen şer'î hükümlerdeki avâmın i'tikadı böyledir. Bu i'tikad kendilerinde o derece yerleşir ki, her mezheb mensûbları, mezheblerinin doğruluğuna ve imâmlarının hakîkati bulduğuna kat'î sûrette inanırlar ve eğer bir tânesine: «İmâm'ının hatâ etmesi mümkündür.» denilse aslâ kabûl etmez.

4 — Hadd-i zâtında şüphesi olmıyan ve kendisinde şüphe edilmiyecek şekilde, sağlam delîlden hâsıl olan mârifettir. Şüphe ve şüphe imkânı karışmıyan i'tikaada kelâm âlimleri ve nazariyecilere göre «yakîn» adı verilir.

Bunun misâli: Aklı başında bir kimseye: «Bu varlıklar arasında kadîm olanı var mıdır?» dendiği zamân, der'akab bunu reddeder ve kabûl edemez. Çünkü kadîm, göz ile görülmez. Zîra, varlıkları göz ile görülen güneş ve ay gibi değildir. Kadîm ve ezelî olan bir şey'in varlığını bilmek, iki sayısının bir sayısından çok olduğunu bilmek gibi zarurî, yâni hiç delîl aramadan ilk nazarda bilinenler gibi değil; belki, sonradan îcad edilen bir şey'in kendi başına olamıyacağını bilmek gibi de değildir. Çünkü bu da zarûridir. (Yâni her akıl sâhibi sonradan meydâna gelen şey'in kendi başına olamıyacağını ve bunun bir mûcidi olduğunu, delîl'e lüzûm göstermeden hemen anlar.) Birdenbire bir kadîmin varlığını kabûl etmekte, aklın tereddüdü tabiîdir. Bundan sonra, bu kadîm'in varlığını bir kısım insanlar kitâblarda okur, ağızlardan dinler, kat'î bir şekilde kabûl eder ve inancında devâm ederler. Bu inanış, avâm'ın inanışıdır. İnsânlardan bâzıları da delîl ile kadîmi bulur. Şöyle ki: Eğer mevcûd bir kadîm olmasa, bütün varlıkların hâdis yâni sonradan var olması lâzım gelir. Eğer bunu böyle kabûl edersek, ya bütün mevcûdât'ın hepsi veyâ bâzısı sebebsiz hâdis olmak lâzım gelir ki, bu muhâldir. Yâni böyle şey ola-

www.ihya.org

maz. Muhâl'e giden her şey muhâldir. O hâlde aklın bir kadîmi kabûl etmesi zarûrîdir. Zira bu mes'ele üç şıkda mütâlâa edilebilir.

1 — Mevcûdât'ın hepsi kadîm,

2 — Hepsi hâdis,

3 — Bâzısı kadîm, bâzısı hâdis.

Eğer hepsi kadîm dersen aranılan bulundu. Çünkü kadîm vardır. Fakat bâzısının hâdis olduğunu yok olmasından anlıyoruz (ki bu dâvâ çürüktür). Eğer hepsi hâdis dersen yukardaki muhâliyet lâzımdır. O hâlde ya üçüncü şık, veya birinci şık tezâhür etmiş oldu. Bu şekilde elde edilen mâlûmata «Yakîn» derler. İsterse delil ile elde edilsin, yukarıda verdiğimiz misâl gibi, isterse havas-sı hamse [beş duygumuz] ile bilinsin: Güneşi, ayı görmemiz gibi. İsterse akıl ile idrâk edilsin [anlaşılsın], sebebsiz bir şeyin var olamıyacağı gibi. İsterse tevâtür eden haber ile bilinsin «Mekke»nin varlığını bilmek gibi. İsterse tecrübe ile bilinsin SEKOMONYA'nın müshil olduğunu bilmek gibi. İsterse delil ile olsun, yukarda anlattığımız gibi. Bunlar'a göre bir şey'e «Yakîn» adını vermenin şartı, ona şüphenin karışmamasıdır. Bunlara göre şüphe karışmayan her ilm'e, «Yakîn» adı verilir. Bu târife göre «Yakîn» za'iflikle vasıflanmaz. Çünkü şüphe ile zayıflığın farkı yoktur.

FAKÎH VE SÛFÎLERE GÖRE, YAKÎN

İkinci târif, fakîhlerin, mutasavvıfenin bâzı âlimlerin târifidir. Bunlara göre yakîn'de, yukarıda anlatılan, cevâz ve şüpheye aslâ iltifât edilemez. Belki aklında ancak o cihet bulunacak, diğerleri aslâ hâtırına gelmiyecektir. Hattâ bunlara göre, vukû'u muhakkak olan ölümde bile: «Falanca'nın ölüme yakîni zayıftır, hadd-i zâtinde verilmemesi de mümkün görülen rızkın verileceğine, falanca'nın yakîni kuvvetlidir.» denebilir. (Yâni «Yakîn», kuvvet ve za'f ile vasıflanır.) Ne zaman ki, gönlü bir şey'i tasdîk'e meyleder ve bu meyl, diğer cepheleri atarak kalbinde kuvvetlenir ve kalbi tamâmen kuşatırsa, işte o zamân «Yakîn» adını alır. Şüphe yok ki, ölüm'ün mutlaka geleceğine, ve bunda aslâ şek olmadığına insânlar hemfikirdir. Fakat kimi ona iltifât etmez, onun için hazırlanmaz, sanki buna inanmamış gibi olur. Kiminin de bu inancı kalbini sarar, bütün gayretini ölüm için hazırlanmağa bağlar ve başka işlere zamân ayırmaz. İşte buna da «Kuvvetli Yakîn» adı verilir. Bu sebebten bâzı ârifler: «Kendisinde yakîn bulunmıyan şüpheye, kendisinde şüphe olmayan yakînlerden en çok benzeyen ölümdür.» dediler. (Yâni vukû'u muhakkak ve mutlak olan ölüm için insânların hazırlanmaması, onu şüpheli gibi gösteriyor. Ve şüpheli olan şeylere benzetiyor.)

www.ihya.org

İşte bu târife göre «Yakîn», za'f ve kuvvet ile vasıflanabiliyor.

Biz: «Âhiret âlimlerinin nişânı, yakînlerini kuvvetlendirmeğe gayret etmeleridir.» dediğimizde, evvelâ şekki atıp sonra kalbi kaplayıp kalbi iyice hâkimiyyetine alan bir yakîn elde etmek mânâsını kasd ediyoruz.

Bu izâhı anladıkdan sonra, bizim «Yakîn»; kuvveti, za'fı, çokluğu - azlığı, gizliliği - âşikârlığı bakımından üç'e ayrılır, dediğimiz zamân kuvvet ve za'f'ın ayrılması ikinci (Mutasavvıfe'nin) târifine göre olduğunu bilirsin. Bu da, cevâz şekk'e i'tibâr etmeden yalnız o cebhe'nin, kalbi, tamâmen kaplaması bakımındandır. Bu mânâda yakîn'in kuvvet ve za'fı sonsuzdur. Ve insânların ölüm için hazırlanmaktaki ayrılıkları, yakîn'in bu mânâdaki farklı oluşundan meydâna gelir. Ama birinci târife göre, yakîn'in, gizlilik ve aşikârelik bakımından farkı inkâr edilemez. İmdi (birinci târif'in ikinci makaamı olan) cevâz'ın kendisine ârız olması bakımından ortaya çıkan gizlilik ve aşikâreliği, yine tasavvuf târifine göre inkâr edilemez. (Birinci târif'in üçüncü makamına göre) şekk'in (şübhe) izâlesi bakımından da gizlilik ve açıklığın inkârına yol yoktur. Çünkü iki tarafı da tevâtür'e dayandığı ve hiç birinde şüphe etmediğin hâlde «Mekke» ile «Fedik» in, «M ü s a» aleyhi's-selâm ile «Y ü ş a'» nın varlığı arasındaki ilminde fark bulur ve birincileri daha vâzıh bilirsin. Yine bunun gibi, delîller ile uğraşan nazariyecilerde de bu fark vardır. Şüpheyi kaldırmakta ikisi de bir olmakla berâber bir delil ile isbât ettiği, bir kaç delil ile isbât ettiği kadar aşikâre değildir. Bu böyle olmakla berâber, ilmi, kitâb ve işitmekle elde eden bâzı kelâmcılar, aradaki farkı düşünmek için nefsine baş vurmadan bunu inkâra kalkışırlar.

Azlık ve çoklukla ayrılığa gelince: Bu da yakîn ile alâkalı şeylerin çokluğu ve azlığı iledir. Meselâ: Falan adam, falancadan daha âlimdir, yâni ilmi daha çoktur, denildiği gibi, bunun için yâni ilmi çok olduğu için bâzı âlimlerin şer'i hükümlerin hepsinde yakîni daha kuvvetli, bir kısmının da bâzı hükümlerde yakini daha kuvvetli olur.

YAKÎN'İN ARANACAĞI YERLER

Eğer, evet, şüpheyi atmak ve kalbi kaplaması bakımından yakîn'in kuvvet, za'f, azlık - çokluk, gizlilik ve açıklığını anladın. Fakat yakîn'in taallûkunu, yolları ve aranacağı yerleri bilmiyoruz. Bunları bilmeden yakîn'i arayamayız dersen:

Bilmiş ol ki, Peygamberlerin getirdikleri her şey, yakîn'in mecrâlarıdır. Zîra yakîn, (sâhibinden şek ve şüpheyi kaldıran) husûsi bir ilimdir. Taallûk ettikleri de şerî'at'ın getirdiği ilimlerdir ki, bunları

www.ihya.org

saymak mümkün değil, ancak asılları sayılan, bâzı mühimlerine işâret edeyim:

1 — **Tevhîd** : Yâni her şey'i, Allah'dan bilmek. Diğer vâsıtalara **değer** vermeyip bütün bunları Allahu Teâlâ'nın emrinde musahhar ve hükümsüz tanımaktır. İşte böyle bir inancı olan «yakîn» sâhibidir. Eğer îmân ile berâber kalbinden şüphe imkânı kaybolursa iki mânânın biriyle yakîn sâhibi olur. Eğer îmân ile berâber, vâsıtalara kızmak, teşekkür etmek gibi hâlleri kaldıracak ve vâsıtaları teşekkür ve gazabda, hiç bir dahli olmadan, kalem ve el seviyesine indirecek şekilde kalbin de kuvvetlenirse, ikinci mânâda «Yakîn» sâhibi olur. Bu makaam: Yakîn'in en şerefli makaamı, birinci yakîn'ın semeresi, rûhu ve faydasıdır.

Kalemi kâtibin emrinde bildiği gibi; Güneş, Ay, yıldız, ot, canlıcansız herşey, Allahu Teâlâ'nın emrinde olup, hepsinin kaynağı kudret-i ezeliyye olduğunu hakkıyle bildiği zamân (Yakîn'in dokuz makaamından üç'ü olan) **Tevekkül, Rızâ, Teslîm** kendisini kaplar, **Gazab, Hıkd, Hased** ve kötü huylardan emîn olur. İşte yakîn yollarının biri budur.

Yakîn'in faydalarından biri: Allahu Teâlâ'nın:

« وَمَا مِنْ دَابَّةٍ فِي الْأَرْضِ إِلَّا عَلَى اللهِ رِزْقُهَا »

«Yer yüzündeki bütün yürüyen canlı varlıkların rızkı, Allah üzerinedir.» (11 - Hûd : 6) Buyurduğu, rızka kefîl olduğuna tevekkül [güven] ve kendisi için takdîr edilenin kendisine geleceğine yakîn, bunlardan doğar. Bunlar, kalbinde ne kadar kuvvetlenirse, rızk'ını o nisbette güzel yollardan arar, hırsı, tama'ı azalır ve kaybettiğine üzülmez. Bu yakîn'in sağladığı iyi neticelerden biri de tâ'at ve 'ibâdet ile güzel ahlâkdır.

«Zerre kadar iyilik eden mükâfatını, zerre kadar fenâlık edenler cezâsını göreceğini.» kalbine yerleştirmek de bu yakîn'in alâmetlerindendir. Bu da sevâb ve azâb'a yakîn'i ifâde eder. Tokluğu ekmekde bildiği gibi; sevâbı tâ'atte, helâki zehirde, zehirli yılanlarda bildiği gibi; azâbı günâhda bilir de, açlığını gidermek için ekmeğini elde etmeğe ve onu korumağa çalışdığı gibi, tâ'at ve ibâdet'in de azını çoğunu korur ve onu elde etmeğe gayret eder. Zehir'in azından çoğundan kaçındığı gibi, günâhın da küçüğünden büyüğünden, azından ve çoğundan kaçınır.

Birinci mânâda yakîn, bütün mü'minlerde bulunur. Fakat ikinci mânâdaki yakîn, ancak mukarreblerde [Allah'a yakın olanlarda]

www.ihya.org

bulunur. Bu yakîn'in faydası: Harekât, sekenât ve hâtıralarında kendisini doğru murâkabe etmek, tekvâda ileri gitmek ve her türlü fenâlıktan sakınmaktır. Yakîn, ne kadar kuvvetli olursa, fenâlıktan kaçınmak iyiliğe baş vurmak o nisbette çok olur. Her hâlini Allahu Teâlânın bildiğini, gönlünden geçenleri, gizli hâtıra ve düşüncelerini müşâhede ettiğini bilmek de bu yakîndendir. Birinci mânâsiyle, yâni şüphe etmemek bakımından, her mü'minde bu yakîn vardır. Ama ikinci mânâsiyle, ki asıl aranan da budur. Bu mânâda yakîn sâhibi pek azdır; ancak sıddîklarda bulunur. Bunun da neticesi: Kendisinin Pâdişah hûzurunda takındığı tavır gibi, tenhâ yerlerde de (Allah huzûrunda olduğunu düşünerek ona göre) terbiyesini takınmasıdır. Hakîkaten, bu gibi yakîn sâhipleri tenhâlarda da edeb'e riâyet eder ve her nevi kötü hareketlerden çekinir. Bâtınî düşünceleri, zâhirî hareketlerine uyar; içi-dışı bir olur. Zâhirini insânlar gördüğü gibi, kalbini de Allahu Teâlâ'nın gördüğünü bildiği zamân, Allahu Teâlâ'nın bakdığı kalbini, insânların gördüğü dış görünüşünden daha iyi temizler ve süsler. Yakîn'in bu makaamı, **Hayâ** [utanma], **Havf** [korku], **İnkisar** [kırıklık], **Zillet** [kendini küçük görme], **İstikâne** [alçak gönüllülük], **Huzu'**, **Tevazu'** ve benzeri iyi hûyları doğurur. Bu iyi hûylar da, üstün tâ'atler yapmağı te'min ederler.

Hülâsa: Bütün bu mânâlarıyle yakîn, büyük bir ağaç gibidir. Kalbdeki bu ahlâklar da, o ağacın dalları, bu ahlâklardan meydâna gelen tâat ve ibâdet de, o dalların meyveleri gibidir. Yakîn, bunların aslı ve esâsıdır. Onun burada saydığımızdan çok fazla kapuları ve yolları vardır. İnşallah, **«Rub'-ı Münciyât»** yâni 4 üncü ciltte tafsilâtıyla anlatılacaktır. Yakîn'in mânâsından şimdilik bu kadarı kâfidir.

Âhiret âlimlerinde aranan alâmetlerden biri de: Dâima mahzûn, münkesir, baş önc eğik olmak ve sükût etmektir. Allahu Teâlâ'dan korktuğunu kıyâfetinde, elbisesinde, ahlâkında, işinde, duruşunda, konuşmasında, ve sükûtünde belli etmelidir. Ona her bakan Allahu Teâlâ'yı hatırlamalı, görünüşü, ilmine şehâdet etmeli. Merd insanın yüz'ü, âyînesidir. Âhiret âlimleri vakar, zillet ve alçak gönüllülükleriyle sîmâlarından bilinirler. Denildi ki: Allahu Teâlâ'nın kullarına giydirdiği elbisenin en güzeli, ağır başlılık içinde tevâzu' elbisesidir. Bu, Enbiyâ kisvesi, sâlihler, sıddîklar ve âlimler sîmâsıdır.

Ama yığın yığın sözler, ağızı yayarak konuşmalar, bol bol gülüşmeler, konuşma ve harekette aceleler, hepsi küfran-i ni'met, ve Allah'ın azâbından emîn olmaktan ileri gelir. Bu gibi hareketler, Allah'ı bilen âlimlerin değil, dünyâ'ya bağlanan gâfillerin âdetidir. Çünkü Abdullah Tüsteri'nin (R.A.) dediği gibi âlimler üç kısımdır.

www.ihya.org

1 — Allahu Teâlâ'nın emirlerine âlim, eyyâmına âlim değil; bunlar, helâl-harâm müftüleridir, ki bu ilim, haşyet denen iç korkusunu sağlamaz.

2 — Emrini, eyyâmını bilmez, yalnız Allah'ı bilir. Bunlar da umûm müslümânlardır.

3 — Allahu Teâlâ'yı da, emrini de, eyyâmını da bilir ki, sıddîklardır. Haşyet ve huşu' ancak onlarda tecelli eder. Tüsterî: «Eyyâm» demekle, geçmiş ve gelecek insânlara Allahu Teâlâ'nın verdiği gizli ni'metlerini ve 'ukûbetlerini kasdetmiştir. Kim bunları anlarsa, korkusu çoğalır, huşû'u belli eder.

Hazret-i Ömer (R.A.): «İlim öğrenin, ilimle berâber ağır başlılığı, yumuşaklığı da öğrenin, hocalarınıza karşı alçak gönüllü olun, sizden öğrenenler de size böyle olsun. Sakın, âlimlerin kibirlilerinden olmayın, çünkü böyle olursanız, ilminiz, cehlinize üstün gelemez.» Denildi ki; Allahu Teâlâ kime ilim verirse ilmin yanında hilm'i tevâzu'u, ve güzel huyu da ona verir. İşte faydalı ilim de böyle olanıdır. Eserde: Vârid oldu ki, «Kime, ilim, zühd, tevâzu' ve güzel ahlâk verildi ise o kimse müttekîler'in imâmıdır.» Hadîs'de şöyle buyuruluyor:

«إِنَّ مِنْ خِيَارِ أُمَّتِي قَوْمًا يَضْحَكُونَ جَهْرًا مِنْ سَعَةِ رَحْمَةِ ٱللهِ ، وَيَبْكُونَ سِرًّا مِنْ خَوْفِ عَذَابِهِ . أَبْدَانُهُمْ فِي ٱلْأَرْضِ وَقُلُوبُهُمْ فِي ٱلسَّمَاءِ ، أَرْوَاحُهُمْ فِي ٱلدُّنْيَا وَعُقُولُهُمْ فِي ٱلْآخِرَةِ . يَتَمَشَّوْنَ بِٱلسَّكِينَةِ . وَيَتَقَرَّبُونَ بِٱلْوَسِيلَةِ »

«Ümmet'imin iyilerinden bir cemâ'at var ki, ilâhî rahmet'in genişliğinden açıkda gülerler, azâbının korkusundan da gizli yerlerde ağlarlar, bedenleri yerde, gönülleri göklerdedir, rûhları dünyâ'da akılları ise âhirettedir, yürümeleri vakar ile buluşmaları ise sebebledir.» (158)

Hasan: «Hilm ilm'in veziri, rıfk babası, tevazu' ise gömleğidir.» demiştir.

(158) Hakîm ve Beyhakî, 'Iyad b. Süleyman'dan.

Bişr b. Hâris: «İlmiyle riyâset isteyen, Allahu Teâlâ'ya düşmânlıkla yaklaşır. Yerde ve gökde sevilmez.» demiştir. İsrâiliyyâtta denilmiştir ki: «Bir hakîm [Feylesof] hikmet'e dâir üçyüz altmış eser yazdı da ancak hakîm unvânını aldı. Allahu Teâlâ o zamânın Peygamberine vahy etti: «O adam'a söyle, yer yüzünü, boş sözlerle doldurdu. Bunlardan hiç biriyle benim rızâmı düşünmedi. Ben onun bu hezeyânlarının hiç birini kabûl etmem.» Bu haberi alan hakîm yaptığına pişmân oldu ve bu işi terk etti. İnsânlar arasına girdi, sokaklarda yürüdü ve tevâzu' göstermeğe başladı. Bunun üzerine Allahu Teâlâ Peygamberine, «Şimdi rızâmı kazanmıştır.» diye, haber verdi.»

Evza'î (R.A.), Bilâl b. Sa'd'den rivâyet ederek Bilâl'in şöyle dediğini bildiriyor:

«Sizden biriniz Şartî'lere bakar ve Allahu Teâlâ'ya sığınır, buna karşılık riyâseti seven, bunun için elden gelen gayreti sarfeden dünyâ âlimlerine bakar, ona hiç kızmaz. Halbuki o, şartîden de daha çok ve asıl kızılacak olan bu gibi âlimlerdir. Rivâyet olundu ki:

«Peygamber Efendimize:

— Hangi amel daha efdâldir? Diye soruldu. Peygamber Efendimiz:

— Harâmdan kaçınmak. Harâmdan uzaklaşdıkça, zikru'llah'ın tadını ağzında bulur. Allahı çok anarsın.

— Hangi arkadaş daha hayırlıdır? Peygamber Efendimiz:

— Unuttuğunda Allah'ı hâtırlatan, Allah'ı andığında sana yardımcı olandır.

— Fenâ arkadaş hangisidir? Peygamberimiz:

— Unuttuğun zamân Allah'ı hatırlatmayıp, hatırladığında da sana yardımcı olmayanlardır.

— İnsanların en âlimi kimdir? Peygamber Efendimiz:

— Allahu Teâlâ'dan en çok korkanıdır.

— En hayırlımızın kim olduğunu bize bildir ki onunla düşüp kalkalım. Peygamber Efendimiz:

— Görüldüğünde Allah'ı hatırlatan kimsedir.

— İnsânların en fenâsı kimdir? Peygamber Efendimiz:

— Allah'ım, sen mağfiret eyle. Onlar ısrârla:

— Kimdir? Diye sorunca, Peygamber Efendimiz:

— Hâli bozulan âlimlerdir, buyurmuştur.» (159)

Yine Peygamber Efendimiz şöyle buyurmuştur:

« إِنَّ أَكْثَرَ النَّاسِ أَمَانًا يَوْمَ الْقِيَامَةِ أَكْثَرُهُمْ فِكْرًا فِي الدُّنْيَا ، وَأَكْثَرَ النَّاسِ ضِحْكًا فِي الآخِرَةِ أَكْثَرُهُمْ بُكَاءً فِي الدُّنْيَا ، وَأَشَدَّ النَّاسِ فَرَحًا فِي الآخِرَةِ أَطْوَلُهُمْ حُزْنًا فِي الدُّنْيَا »

«Şüphesiz, âhirette en çok huzûr içinde olan, dünyâ'da en çok düşünendir; âhirette en çok gülen, dünyâ'da en çok ağlayandır. Âhirette en çok sevinçli olan, dünyâ'da en çok mahzûn olandır.» (160)

Hazret-i Ali (R.A.) hutbesinde: «Nefsim rehin, ben de kefîliyim. Kavm'ın zirâati takvâya zarar vermez. Aslı bozuk olan, hidâyete susamaz. İnsânların en câhili, kendini bilmeyendir. Şüphesiz Allahu Teâlâ'nın en çok buğz ettiği, şuradan buradan mâlûmât edinip, onunla fitne karanlıklarına dalan kimsedir. Ancak, insânlardan kendisine benzeyen ayak takımları ona âlim der. Halbuki bir gün bile sâlim olarak ilimle yaşamamıştır. İlmin kifâyet eden azı, azdıran çoğundan hayırlıdır. Tâ ki böyle lüzûmsuz fazla ilim edindiği zamân, başkalarının tereddüt ettikleri mes'eleleri çözmek için ilim kürsüsüne otururlar. İhtilâflı mes'elelerde, doğru mu, yanlış mı anlamadan kendi çürük fikirlerini öne sürerler ki, bu fikirlerin sağlamlığı örümcek yuvasını ileri geçmez. Binmesi câhilâne, düşmesi ise âmiyânedir. Kibrinden bilmediği mes'elelerde: «Allah bilir.» demez ki selâmete ersin. İlme, ciddî şekilde sarılıp ondan faydalanmak istemez. Yanlış hükümleriyle, dâvâları da kendisinden şikâyetçidir. Hükümlerinde, hârâmı helâl yapar. Vallahi suya varmadan geri döner. Kendisine verilen işlerin ehli değil. İşte bu gibiler ikabı ve ömür boyunca feryad ü figân ile ağlamağı hak eden kimselerdir.»

Hazret-i Ali: İlim meclisinde ciddî davranın, ilmi şakaya almayın, çünkü ilim değerini kaybeder.

Bâzı selef diyorlar ki: «Âlim, her gülmesinde ilim'den bir parçasını atmış olur.» Denildi ki: Muallimde üç haslet toplanırsa, öğrenciye âit bütün ni'metleri tamâmlamış olur. Bunlar da: Öğretmede sabır, öğrenciye karşı tevâzu', bir de güzel ahlâktır. Öğrencide de üç haslet bulundu mu, muallim'in aradığı bütün ni'metleri tamâmlamış olur. Akıl, terbiye ve iyi anlayıştır.

Hülâsa: Âhiret âlimleri, Kur'ân'ın gösterdiği ahlâktan ayrıl-

mazlar. Çünkü onlar Kur'ânı, riyâset için değil, hükmü ile amel etmek için okurlar.

İbn Ömer (R.A.) : «Bir zamânda yaşadık ki, kimimiz Kur'ân inmeden îman etti. Sonra sûreler indi, helâl - harâm, emr ve nehyini öğrendiler. Bunlar'ın anlayamadığı hiç bir şey olmazdı. Halbuki bir takım kimseler gördüm ki, îman etmeden evvel kendisine Kur'ân geldiği hâlde Fâtiha'dan sonuna kadar okur da emr'inden nehy'inden bir şey anlamadığı gibi, üzerinde de durmaz, hurmanın yaramayanı gibi onu karıştırır durur.» Demiştir. (Bunu Hâkim rivâyet etti ve Buhârî ile Müslim'in şartı üzerine sahîhtir dedi.) Diğer bir haberde aynı meâlde şöyle buyuruyor:

«Biz Peygamber'e Kur'ân gelmeden îmân ettik. Bir takım kimseler gelecek ki îmân etmeden Kur'ân kendilerine verilecektir. Onlar, harflerine riâyet edecek fakat çerçevesini aşacak, hükmünü çiğneyeceklerdir. "Biz okuyucuyuz, bizden daha iyi okuyan kimdir? Biz âlimiz bizden âlimi kimdir?" derler. İşte Kur'ândan hisseleri ancak budur.» Diğer bir ifâdede ise: «İşte bunlar, bu ümmetin fenâlarıdır.»

Denildi ki : «Âhiret âlimlerinin alâmetlerinden olan beş Ahlâk Kur'ân-ı Kerîm'in beş âyetinden alınmıştır. Onlar da: Haşyet [Korku], Huşû' [Kalbî ve bedenî tevâzu], Tevâzu' [alçak gönüllülük], güzel ahlâk ve âhireti dünyâ'ya tercih ki, buna Zühd denir.

Haşyet'in alındığı âyet :

«إِنَّمَا يَخْشَى ٱللَّهَ مِنْ عِبَادِهِ ٱلْعُلَمَاءُ»

«Allah'tan korkan, ancak âlimlerdir.» (35 - Fâtır : 28)

Huşû'un alındığı âyet :

«خَاشِعِينَ لِلَّهِ لَا يَشْتَرُونَ بِآيَاتِ ٱللَّهِ ثَمَنًا قَلِيلًا»

«Allah için korkarlar da, Allah âyetlerinden az olsun para almazlar.» (3 - Âl-i İmrân : 199)

Tevâzû'un alındığı âyet :

www.ihya.org

« وَٱخْفِضْ جَنَاحَكَ لِلْمُؤْمِنِينَ »

«Mü'minler için kanadlarını alçalt.» (15 - Hicr : 88)

Güzel Ahlâk :

« فَبِمَا رَحْمَةٍ مِنَ ٱللَّهِ لِنْتَ لَهُمْ »

«Allah'ın rahmeti ile onlar için mülâyim davran.» (3 - Âl-i İmrân: 159)

Zühd'ün alındığı âyet :

« وَقَالَ ٱلَّذِينَ أُوتُوا ٱلْعِلْمَ وَيْلَكُمْ ثَوَابُ ٱللَّهِ خَيْرٌ لِمَنْ آمَنَ وَعَمِلَ صَالِحًا »

«İlim kendilerine verilenler dediler ki, veyl size, imân edip sâlih ameller işleyenlere Allah'ın vereceği sevâp daha hayırlıdır.» (28 - Kasas: 80)

Vaktâ ki Peygamber Efendimiz :

« فَمَنْ يُرِدِ ٱللَّهُ أَنْ يَهْدِيَهُ يَشْرَحْ صَدْرَهُ لِلْإِسْلَامِ »

«Allah, hidâyetini dilediği kimsenin göğsünü İslâm için genişlendirir.»

Âyet-i celîlesini okudu, kendilerine :

— Bu şerh-i sadr [göğüs genişliği] nedir? Diye sordular. Peygamber Efendimiz :

«Nûr, kalbe akıtıldığı zamân göğüs açılır ve genişler.» buyurdu.

— Bunun bir alâmeti var mıdır? Diye sormaları üzerine, Peygamber Efendimiz:

«Evet vardır. O da aldatıcı olan dünyâdan uzaklaşıp, ebedî olan âhiret'e teveccüh ve gelmeden önce ölüm'e hazırlanmaktır.» buyurdu.

www.ihya.org

Âhiret âlimlerinin alâmetlerinden biri de, ameli bozan, kalb'in huzûrunu kaçıran, vesveseyi hazırlayan ve fenâlığı harekete getiren şeyler üzerinde durmaları ve bunları dikkatle araştırmalarıdır. Çünkü Dîn'in aslı, fenâlıktan korunmaktır. Bu sebebden denildi ki:

«Fenâlığı, fenâlık yapmak için değil, fenâlıkdan korunmak için öğrendim. Fenâlığı bilmeyenlerin çoğu, bilmeyerek kendisini fenâlığâ kaptırır.»

Aynı zamânda işlediğimiz ameller yakîndir [yâni kolay elde edilirler.] Bunların en üstünü Kalb ve dil ile Allahu Teâlâ'yı anmaktır. İşte asıl hüner bunları bozan ve karıştıran şeyleri bilmek (ve onlardan sakınmak) tır. Bu işâret ettiklerimizin dalları çok, yolları ise uzun olmakla hepsine de ehemmiyetle ihtiyâç vardır. Çünkü âhiret yolculuğunda umûmun karşılaştığı şeylerdir.

Dünyâ âlimleri ise: Hüküm ve fetvâlarında garib ve lüzûmsuz şeyleri ararlar da kendilerine ömürlerinde bir def'a bile lâzım olmayacak - olsa da onlar için değil, belki gelecek nesiller için olacak - lüzûmsuz şeylerle yorulur dururlar. Halbûki böyle bir şey olsa da onu çözecek nice kimseler vardır. Şâyân-ı hayrettir ki, gece gündüz tekerrür edip duran hâtıralarında, vesvese ve amellerinde kendilerine lâzım olan mühim tarafı ihmâl ederler. Allahu Teâlâ'nın rızâsına, halkın teveccühünü ve dünyâ kodamanlarının kendisine muhakkik ve müdekkik demelerini tercîh ederek, kendisine ehemmiyetle lâzım olan şey'i başkasına pek ender lâzım olacak şey ile değiştirmek kadar, saâdetten uzak ne olabilir?.. Bu gibi âlimlerin cezâsı, Dünyâ'da halk tarafından hüsn-ü kabûl görmemek, zamânın nöbet nöbet gelen musîbetleri ile kederlenmektir. Âhirette ise, hakîkî âlimlerin alacakları büyük mükâfatları ve kendilerinin müflis olduğunu görmekle hasret çekmektir ki, bundan büyük hüsrân olmaz.

Sözü, en çok Peygamberler sözüne, hidâyeti, en çok Sahâbe hidâyetine benzeyen ve bunda herkesin ittifak ettiği, Hasan-ı Basrî'nin (Allah rahmet etsin) en çok anlattığı ve üzerinde durduğu kalbe gelen hâtıralar, amellerin fesâdı, nefsin vesvesesi ve nefsânî şehvetlerin gizli ve kapalı tarafları idi.

Hasan-ı Basrî'ye, «Ya Ebâ Sa'îd, bu senin dediklerini kimseden duymuyoruz, bunları nereden öğrendin?» diye sorduklarında: «Huzeyfetü'l - Yemânî'den» derdi. Huzeyfe'ye de aynı şekilde, «Sahâbenin hiç birinden duymadıklarımızı senden dinliyoruz, bunları nereden öğrendin?» diye sorduklarında Huzeyfe: «Resûlu'llah'tan öğrendim, Resûlu'llah bunları yalnız bana öğretti.» diyerek şöyle devâm etti:

www.ihya.org

«İnsânlar, şöyle böyle amel edenlere ne gibi mükâfatlar var diye dâima hayırdan ve amellerin fazîletlerinden sorarlar, hayrı ilk öğrenen ben olmadığımı bildiğim için, ben de "falan falan şey'i ifsâd eden nedir?" diye amellerin âfetlerinden ve fenâlığa düşmemek için fenâlıktan sorardım. Çünkü bilirim ki, fenâlığı bilmeyen iyiliği de bilemez. Bunun için Peygamber Efendimiz de bunları bana öğretti.»

Nifâk'ın sebebini ve nifâk ilmini, fitnelerin inceliklerini en iyi şekilde bilen yine Huzeyfe idi. Hattâ Ömer, Osmân ve diğer büyük Sahâbe (R.A.) fitnelerden kendisine sorarlardı. Münâfıkları öğrenmek isterlerdi. O da: «Şu kadarı kaldı.» der, fakat isimlerini söylemezdi. Hazret-i Ömer, kendisi için Huzeyfe'ye: «Bende nifâk alâmeti var mı?» diye sordu; Huzeyfe : «Sende nifâkdan eser yok.» dedi. Hattâ Hazret-i Ömer cenâzelerde bakardı, Huzeyfe'yi görmeyince, namâzı kılmazdı. Huzeyfe'ye «Sır sâhibi» derlerdi.

Hülâsa: Kalbin makaam ve hâllerine dikkat etmek, onları ıslah etmek, âhiret âlimlerinin âdetleridir. Çünkü Civâr-ı ilâhîye yükselecek olan kalbdir. Bu kalb ilmi, garib kaldı ve hattâ kayboldu. Bir âlim, kalb ilminden bahsetse, dinleyiciler: «Bu ne anlaşılmaz ve garîb şeyler diyor.» diye şaşarlar ve kendisi için: «İşte bu yaldızlı va'z ediyor ve lâf satıyor, nerde o mücâdele inceliklerini ortaya koyan vâizler.» derler. Abdü'l-vâhid b. Zeyd şu şiirini ne güzel söyledi:

«Yollar çok fakat hak yolları birdir. Hakîkî yol'a girenler ise az kimselerdir. Onlar da bilinmez ve maksadları anlaşılmaz; ağır ağır gâyelerine doğru ilerlemektedirler. İnsânlar kendilerinden istenilen şeyde gâfiller, hak yolunda ise çokları uykudadırlar.»

Hülâsa, insanların çoğu tabi'atlerine muvâfık ve kolay tarafa meyl ederler. Hak, acı, ona vâkıf olmak zor. Onu anlamak çetin, yolu ise sarptır. Bilhassa kalbin vasıflarını bilmek ve kötü hûylardan kalbi temizlemek zordur. Çünkü bu dâima rûhu çekmekle kaabildir. Sâhibi ise, şifâ ümîdiyle acılığına dayanarak ilâcı içen kimseye, ölümünde melek'in müjdesi ile iftâr etmek için ömrünü oruc ile geçiren kimseye benzer. Bunun için denildi ki: Basra'da yüz yirmi vâiz varken bunlardan yalnız üç tanesi yakîn ilminden, kalbin hâllerinden ve iç sıfatlardan bahsederdi. Bunlar da: Abdullah Tüsterî, Subayhî ve Abdurrahîm idi. Ötekilerin dersine kalabalık cemâ'at devâm ettiği hâlde bunların dersine pek az kimseler gelirdi; on kişiyi geçmezdi. Çünkü kıymetli şey'in kadrini muâyyen kimseler bilir. Zîra kıymetli şeyler, ancak muâyyen kimselere yaraşır. Herkese verilen şey'in kıymeti de azdır.

www.ihya.org

Âhiret âlimlerinin alâmetlerinden biri de, ilim öğrenirken tevekkül [güven] ve kalbinin açıklığı ile, herşeye basiretle müdrik olması, körükörüne başkalarını taklîd etmemesidir. Emrinde, nehyinde taklîd edilecek olan ancak Sâhib-i Şeri'at Peygamber Efendimizdir. Sahâbe'yi taklîd ise, onların işleri Peygamberlerden duyduklarına delâlet etmesi bakımındandır. Peygamberimizin söz ve işini kabûl ederek taklîd ettiğimiz zamân, lâyık olan söz ve işlerindeki incelikleri de öğrenmeğe heves etmektir. Mukallid, Peygamberimiz yapdı diye bu işi yapıyor. Şüphesiz Peygamberin her yaptığında bir hikmet var. O hâlde işinde ve sözündeki sırrı ve hikmeti de araştırmak lâzımdır. Yalnız söylenen ve yapılanı öğrenmekle iktifâ eden kimse, âlim değil, ilmin kabıdır. Bu sebebten hikmet ve sırları idrâk etmeden ezberleyen kimseye âlim değil: «İlmin kabıdır.» denir. Kimin kalb gözünden perde kalkar ve ilâhî nûr ile aydınlanırsa, diğer ferdleri taklîd etmez, kendisi taklîd edilir ve kendisi metbû' olur. Bu sebebten İbn Abbâs (R.A.):

«Resûlul'llah'tan başka herkesin ilminden alınanı da olur, atılanı da olur.» buyurmuştur.

İbn Abbâs, Zeyd b. Sâbit'den fıkıh, Übey b. Kâ'b'dan da kırâat ilmi öğrendi. Sonra her ikisine bâzı husûslarda muhâlefet etti. Nitekim bâzı geçmiş âlimler: «Resûlu'llah (S.A.V.) den bize geleni göz ve baş üstüne kabûl ederiz. Sahâbe'den gelenden aldığımız da olur, attığımız da olur. Tâbi'îne gelince: Onlar da insân, biz de insânız.» derlerdi.

Sahâbe'nin fazîleti, Peygamber Efendimizin ef'âl ve ahvâlini gördüklerinden ve karînelerle anlaşılacak şeylere gönül verdiklerindendir. Bunların bu hâli, ibâre ve rivâyete girmeyecek şekilde kendilerini doğruya ulaştırdı. Çünkü kendilerini bir çok hatâlardan koruyacak nûr-ı nübüvvet onlara ifâze edilmiştir.

Başkalarından duyulan şeylere istinâd, makbûl olmayan bir taklîd sayıldığına göre, kitâblara ve eserlere istinâd da makbûl olmaktan çok uzaktır. Çünkü Sahâbe ve ilk Tâbi'în devirlerinde kitâb denen bir şey yoktu. Bunlar ancak Hicrî 120 yılından, Sahâbe'nin, hepsi Tâbi'în'in büyüklerinden olan Sa'îd b. Müseyyeb, Hasan-ı Basrî ve diğerlerinin ölümünden sonradır. Evvelkiler, Kur'ân-ı Kerîm'i okutmağa, mânâsını düşünmeğe, tefekkür ve tezekküre mâni' olur korkusu ile, kitâbların ve hattâ Hadîs'lerin yazılmasını hoş görmezlerdi. Ve: «Bizim ezberlediğimiz gibi siz de ezberleyin.» derlerdi. Bunun için Hazret-i Ebû-Bekir ve Sahâbe'nin bir kısmı, İnsânlar Kur'ân'ı ezberlemez eldeki mushaflara bağlanır korkusu ile Kur'ân-ı Kerîm'in bir araya toplanmasını muvâfık gör-

www.ihya.org

medi ve «Peygamber'in yapmadığını biz nasıl yaparız. Kur'ân'ı olduğu gibi bırakalım, okumak ve okutmak sûretiyle ağızdan ağıza intikal etsin» dediler. Tâ ki Ömer ve diğer Sahâbîler (R.A.) İnsânların tembelleşmesinden ve Kur'ân'ın müteşâbihâtını okumakta veyâ bir kelimesinde ihtilâf vukû'unda baş vurulacak bir asıl bulunmamasından endîşe ederek Kur'ân'ın yazılmasına işâret etmeleri ile Hazret-i Ebû-Bekir'in bunu kabûl etmesi üzerine Kur'ân âyetleri bir Mushaf'da toplanmıştır. Ahmed b. Hanbel de, Mâlik'in Muvatta' kitâbını yazmasını muvâfık bulmaz ve: «Sahâbe'nin yapmadığını yaptı.» derdi.

İSLÂM'DA İLK YAZILAN KİTÂBLAR

Denildi ki: İslâm'da ilk kitâb yazan İbn Cureyh'dir; eseri Hadîs [Âsâr] ile alâkalıdır. (146 Hicrî yılında vefât etmiştir). Mekke'de de Mücâhid, Atâ ve İbn Abbâs'ın ashâbından rivâyet ettiği tefsîr mevzû'undaki (Hurûfu't-tefâsir) eseri yazmıştır. Ma'mer b. Râşid San'ânî ise Yemen'de Peygamberimizin sünenî hakkında kitâb vücûda getirmiştir. Daha sonra Medîne'de Mâlik b. Enes Muvatta' adlı eserini, Süfyân-ı Sevrî de Câmi' adlı eserini tasnîf etmiştir.

KELÂM'A DÂİR İLK YAZILAN KİTÂBLAR

Sonra dördüncü asır'da kelâm'a dâir eserler yazılmağa başlandı. Dedi-kodular ve makaaleleri ibtâle daldılar. Daha sonra insânlar bunlara, kıssalara ve bunlardan va'z etmeğe heves etti. Bundan sonra «Yakîn» ilmi kaybolmağa başladı. Kalb ilmi, nefsin sıfatları, Şeytan'ın hile yollarını aramak ilimleri garîb kaldı. Yine az kimseler müstesnâ çokları bu ilimlerden yüz çevirdi; kelâm mücâdelelerine «İlim», kafiyeli konuşup yaldızlı cümlelerle sözlerini süsleyenlere de «Âlim» denilmeğe başlandı. Bunun başlıca sebebi, dinleyen cemâatin, hakîkati seçebilecek liyâkatta olmayıp, Sahâbe'nin ilim ve ahlâkını bilemediklerinden aralarındaki farkı anlıyamadıklarıdır. Bu sûretle bu gibilere «Âlim» dendi de, selefden halefe bu isim intikal ettî. Âhiret ilmi dürüldü. İlim ile kelâm [lâfcılık] arasında fark kalmadı. Havaslardan başkası lâf satmak ile ilmi ayıramaz hâle geldi. Ancak «Havass» olanlardır ki, hangisi daha âlimdir diye kendilerine soruldukta «Falanca âlim, falanca da lâfcı» diyebilirler ve lâfcılık ile ilmi birbirinden ayırabilirlerdi. İşte böylece geçmiş asırda dîn, zayıflamağa

www.ihya.org

başladı. «Ya bu zamân hakkındaki kanâatın nedir?» diye sorarsan derim ki, iş öyle bir raddeye geldi ki, bu gibi hatâları düzeltmek isteyenlere mecnûn diyecek kadar ileri gittiler. Bu zâmanda en doğrusu insânın sükût edip kendi nefsiyle meşgûl olmasıdır.

Âhiret âlimlerinin alâmetlerinden biri de, halkın ittifâkı ile olsa bile ihdâs edilen şeylere kıymet vermeksizin onlardan kaçınmaktır. Sahâbe'nin hâli, ahlâk ve ilimler üzerinde olmalıdır. Onların bütün gayretleri ders okutmak, kitâb yazmak, mübâhase etmek, Kadılık, Vâlilik, vakıf mütevelliliği, vasîlik, yetim malı yemek, Pâdişahlar arasına karışmak ve onlarla hüsn-ü muâşeret miydi? Yoksa: Allahu Teâlâ'dan korkup, kendilerine acımak, Allah'ın nîmetlerini tefekkür, nefs ile mücâhede, iç ve dış mürâkabe, günâhların küçük ve büyüğünden kaçınmak, nefsin gizli şehvetlerini, Şeytân'ın hîlelerini ve benzerî bâtın ilimlerini aramak mıydı? İşte hakîkî müslümânın vazîfesi, Sahâbe-i kirâmın hâlleriyle hâllenmek onların yaptıklarına muttalî olmaktır.

SAHÎH İLM'İN ÖLÇÜSÜ

Hakikaten bilmiş ol ki, zamânın en büyük âlimi ve en çok Allahu Teâlâ'ya yakın olanı, her hâliyle sahâbîlere en çok benzeyen, selef'in yolunu en çok bilen ve dînî hükümleri onlardan alandır. Bunun için Hazret-i Ali'ye (R.A.) «Falancaya muhâlefet ettin» denildiğinde: «En hayırlımız, bu dînde bize uyandır.» demiştir. Resûlu'llah'ın asrındaki insânlara uymakta, kendi asrındakilerden çekinmek aslâ doğru olamaz. Ne yazık ki, insânların tabîatları ona meylettiği için fazîleti kendi zamânlarında görürler de davranışlarının kendilerini cennetten uzaklaştırmakta olduğunu bir türlü i'tiraf edemezler. Aksine olarak: «Cennete gidecek yol budur.» derler.

Hasan-ı Basrî diyor ki: «İslâm'da ihdâs yolunu tutan iki nevi kimse vardır:

1 — Fenâ düşünceli bir insân olduğu hâlde, kendisi gibi düşünenlerin Cennete gireceğini sanan kimse ile,

2 — Dünyâ'da nâm u nîmete nâil olmuş iken, taptığı dünyâlık, râzı olduğu dünyâlık, aradığı yine dünyâlık olan kimsedir. İkisini de tersleyin. Çünkü varacakları yer Cehennemdir. Biri de var ki, kendini dünyâlığa dâvet eden bir zengin ile, nefsin arzûlarına dâvet eden bir şehvet esîri aralarında bulunduğu hâlde, Allahu Teâlâ kendisini her ikisinin şerrinden korur da eski iyilere meyleder, onların işlerini araştırır ve onlara uyar. İşte bu adam büyük mükâfata hazır-

lanmıştır. Binâenaleyh siz de bunun gibi olmağa çalışın.» buyurmuştur.

İbn Mes'ûd'dan mevkûf ve müsned olarak şöyle rivâyet edilmiştir. Diyor ki :

«Onlar ancak ikidir. Biri kelâm, diğeri hedy [yol]dur. En güzel söz, Allah kelâmı, en güzel yol da Peygamber yoludur. Aman, sonradan ihdâs edilen şeylere yaklaşmayın; çünkü fenâ şeyler, sonradan ihdâs edilenlerdir. Muhdes her şey bid'at, ve her bid'at de sapıklıktır. Zamân, size uzun gelmesin - Tûl-i emel beslemeyin - ki kalbiniz katılaşır. İyi biliniz ki, her gelecek yakîndir. Agâh olunuz ki, yakîn olmayan gelmeyecek olandır.»

Peygamber Efendimiz (S.A.V.) bir hutbesinde :

«طُوبَىٰ لِمَنْ شَغَلَهُ عَيْبُهُ عَنْ عُيُوبِ النَّاسِ وَأَنْفَقَ مِنْ مَالٍ اكْتَسَبَهُ مِنْ غَيْرِ مَعْصِيَةٍ ، وَخَالَطَ أَهْلَ الْفِقْهِ وَالْحِكَمِ ، وَجَانَبَ أَهْلَ الزَّلَلِ وَالْمَعْصِيَةِ ، طُوبَىٰ لِمَنْ ذَلَّ فِي نَفْسِهِ وَحَسُنَتْ خَلِيقَتُهُ ، وَصَلَحَتْ سَرِيرَتُهُ ، وَعَزَلَ عَنِ النَّاسِ شَرَّهُ ، طُوبَىٰ لِمَنْ عَمِلَ بِعِلْمِهِ وَأَنْفَقَ الْفَضْلَ مِنْ مَالِهِ وَأَمْسَكَ الْفَضْلَ مِنْ قَوْلِهِ ، وَوَسِعَتْهُ السُّنَّةُ وَلَمْ يَعْدُهَا إِلَىٰ بِدْعَةٍ ؛

«Kendi kusûrları ile meşgûl olup başkasının kusûrlarını araştırmayana, helâl kazancından infâk edene, hikmet ve fıkıh adamları ile buluşup isyân ve zelle edenlerden uzaklaşana müjde olsun. Kendini zelil görüp ahlâkı güzel olana, içi güzel olup insânlara fenâlığı dokunmayana müjde olsun. İlmiyle amel edene, mâlının fazlasını verip sözünün fazlasını saklayana, sünnete sarılıp bid'ate sapmayana müjde olsun.» (161) buyurmuştur. İbn Mes'ûd (R.A.) :

«Âhır zamânda iyi hâl ve güzel hûy çok amelden daha hayırlıdır» derdi. Yine İbn Mes'ûd: «Sizin zamânınızda hayırlınız yakîn ile işe sarılanınızdır. Bir zamân gelecek onların hayırlıları, şüphelerin çoğal-

www.ihya.org

masından, hiç bir tarafı tercih edemeyip duraklayan kimselerdir.» Buyurmuştur. İbn Mes'ûd çok doğru söyledi. Zîra bu zamânda duraklamadan ekseriyete tâbî olan ve onların daldığı bataklığa dalan onlar gibi helâke gider.

Huzeyfe (R.A.) : «Bundan daha garîbi, şimdi kabûl ettiğiniz selefin inkâr ettikleri, sizin de fenâ görüp reddettiklerinizi gelecek nesillerin hoş görüp kabûl etmesidir. Hakkı bildiğiniz müddetçe hayır üzerindesiniz. Aranızda âlimlerle istihzâ edilmemektedir.» buyuruyor. Huzeyfe hakîkaten doğru söylemiştir. Bu zamânların bir çok iyi görülen ma'rûfları, Sahâbe devrinin münkerâtındandır. Meselâ: Zamânımızda açık ma'rûflardan biri, câmi'leri süslemek, nakışlamak ve inşâsında, döşemesinde, kubbesinde külliyetli miktarda para sarf etmektir. Halbuki Sâhabe devrinde câmi'leri tefrîş ve tezyin bid'at sayılırdı. Bu, Haccâc-ı Zâlim'in icâdlarındandır. İlk müslümânlar kendileri ile toprak arasında pek az perde bulundururlardı.

Yine bunun gibi mücâdele ve münâzara ilimlerinin inceliklerîyle uğraşmak bu zamânın en büyük ilimlerinden ve Allah'a en çok yakınlık sağlayan vâsıtalarından olduğu zannedilirken onların zamânında yasak olan ilimlerdendir. Bunlardan biri de, Ezân ve Kur'ân'da telhîn [Sesi alçaltıp yükseltmeler]'dir.

Diğer biri de temizlikte ifrât, tahârette vesvesedir. Yediği lokmanın helâl veya harâm olmasına bakmadığı hâlde, giydiği elbisenin temiz olup olmadığı hakkında binbir dereden su getirmeğe çalışmaktır.

İbn Mes'ûd (R.A.) çok doğru söyledi: «Siz arzûlarınızın ilme tâbi olduğu bir zamânda bulunuyorsunuz. Bir zamân gelecek ilim, arzûya uyacaktır.» Ahmed b. Hanbel: «İlmi bıraktılar da garîb şeylere baş vurdular. Bu gibilerde ilim pek çok azalmıştır. Allah yardımcımız olsun.» demiştir. Mâlik b. Enes: «Geçmiş zamânda insânlar bugünkülerin sorduğu şeyleri sormağa ihtiyâç duymazlardı. Âlimler de: "Bu helâl, şu harâm." demezlerdi. Belki bu, müstehâb, bu mekrûh derlerdi. Yâni helâl ile harâmı herkes bilir ve mûcibini yapardı, aranan müstehâb ve kerâhat idi. Hocalar onlardan bahsederlerdi.» buyurmuştur. Hişâm b. Urve : «Bunlara kendi icâdlarından sormayın. Çünkü onlara cevâblar da hazırlamışlardır. Onlara sünnetten sorun, ne yazık ki ondan bir şey bilmezler.» demiştir. Ebû Süleymân Dârânî (R.A.) : «Bir kimsenin içine bir iyilik doğduğu zamân onu hemen yapmasın. Şerî'ate muvâfık olup olmadığını arasın, muvâfık ise Allahu Teâlâ'ya hamd ederek yapsın,» buyurmuştur. Böyle söylemesindeki hikmet, muhtelif bid'atlerin ortalığı kaplamış olmasıdır. Allahu Teâlâ'nın koruduklarından başka bütün gönülle-

www.ihya.org

rî kapladı. Böyle her hatıra geleni yapmak, kalblerin berraklığını bulandırır ve bu karışıklık sebebiyle bâtıl, hak gibi görünebilir. Bunun için haberlerin şehâdetini aramakla ihtiyâtlı davranmalıdır. Bu sebebten bayram namâzı kılınan musalla'da Mervân minber ihdâs ettiğinde Ebû Sâîd-i Hudrî, Mervân'a:

— Bu bid'at nedir? Diye sordu. Mervân:

— O, bid'at değildir. Bu, senin bildiklerinden çok hayırlıdır. İnsanlar çoğaldı, onlara sesimi duyurmak için bunu yaptırdım, dedi. Ebû Saîd-i Hudrî:

— Allah'a yemin ederim ki, senin yaptığın benim bildiğimden daha hayırlı değildir. Vallahi senin ardında bir daha namâz kılmam, dedi.

Bunu kabûl etmemesinin sebebi şudur: Peygamber Efendimiz bayram namâzı, yağmur duâsı ve İstiska hutbelerinde bir yay veyâ bir değneğe dayanırdı. Minber'e çıkmazdı.

Meşhûr hadîsde de:

«مَنْ أَحْدَثَ فِي دِينِنَا مَا لَيْسَ مِنْهُ فَهُوَ رَدٌّ»

«Dînimizde olmayan bir şey'i icâd eden merdûddur.» (162)

buyurulmuştur. Yâni aslında dînden olmayıp sonradan dîn nâmına icâd edilen her şey merdûddur.

Diğer bir hadisde de Peygamber Efendimiz:

«مَنْ غَشَّ أُمَّتِي فَعَلَيْهِ لَعْنَةُ اللهِ وَالْمَلَائِكَةِ وَالنَّاسِ أَجْمَعِينَ قِيلَ يَا رَسُولَ اللهِ: وما غش أمتك؟ قَالَ أَنْ يَبْتَدِعَ بِدْعَةً يَحْمِلُ النَّاسَ عَلَيْهَا»

«Allah'ın, Meleklerin ve bütün insânların lâ'neti, ümmetimi gaşyeden [gölgeleyen] kimsenin üzerine olsun. «Ümmeti'nin gaşyi nedir?» diye soranlara cevâben: «Dînde olmayan bir şey'i icâd edip insânları oraya sürüklemektir.» buyurdu.» (163)

Başka bir hadisde ise:

«إِنَّ لِلّٰهِ عَزَّ وَجَلَّ مَلَكًا يُنَادِي كُلَّ يَوْمٍ: مَنْ خَالَفَ سُنَّةَ رَسُولِ اللّٰهِ صلى الله عليه وسلم لَمْ تَنَلْهُ شَفَاعَتُهُ»

«Allahu Teâlâ'nın yarattığı bir melek her gün şöyle nidâ eder: «Sünnetinden ayrılan kimseye Resûlu'llah'ın şefâati ulaşmaz.» (164) buyurmuştur.

Herhangi bir günâhı işleyene nisbetle sünnete uymayan bir şey icâd etmekle dine saldıran kimse, Pâdişah'ın bâzı emirlerine itâat etmeyene nisbetle, hükümet'e karşı inkılâp yapmak isteyen gibidir. Şüphesiz hatâ afv edilir, fakat inkılâb yapmak isteyen afv edilmez. (Bunun gibi Allahu Teâlâ'nın emirlerinin bâzılarına isyân eden afv edilir, fakat bid'at çıkarıp dîn'in safvetini karıştırmak isteyen afv edilmez.)

Bâzı âlimler: «Selefin anlattıklarına susmak cefâdır, onların sükût ettikleri yerde konuşmak ise boşuna yorgunluktur.» derler. Başka biri: «Hak, ağırdır. Onu geçen zâlim; ona ulaşmayan âcizdir; ona râzı olana yeter.» demiştir.

Peygamber Efendimiz:

«عَلَيْكُمْ بِالنَّمَطِ الْأَوْسَطِ الَّذِي يَرْجِعُ إِلَيْهِ الْعَالِي وَيَرْتَفِعُ إِلَيْهِ التَّالِي»

«Dâima orta derecede bulunmağa gayret edin, ki ilerleyenler de oraya dönecek, geri kalanlar da oraya yükselecektir.» (165) buyurmuştur.

İbn Abbâs: «Ehlinin gönlünde sapıklığın da kendine göre bir tadı vardır.» diyor. Nitekim Hak Teâlâ:

«وَذَرِ الَّذِينَ اتَّخَذُوا دِينَهُمْ لَعِبًا وَلَهْوًا»

«Dînlerini oyuncak ve eğlence tanıyanları bırak.» buyurmuştur. Diğer bir âyet-i celîlede buyuruluyor ki:

« أَفَمَنْ زُيِّنَ لَهُ سُوءُ عَمَلِهِ فَرَآهُ حَسَنًا »

«Kötü işi kendisine güzel gösterilip de onu güzel gören kimse kötülüğü hiç işlemeyene benzer mi?» (35 - Fâtır : 8)

Sahâbe devrinden sonra ihdâs edilip zarûret ve ihtiyâcı aşan her şey oyun ve eğlencedir.

Hikâye olundu ki, mel'ûn İblis, Sahâbe devrindeki insânları aldatmak için ordusunu dağıttı. Bir şey yapamadan geri döndüler.

— Ne oldunuz? Diye sorunca :

— Böyle acâib insânlar görmedik, ne kadar uğraştıksa da bunları aldatamadık, ancak yorulduğumuzla kaldık, dediler. Şeytân :

— Siz onları aslâ aldatamazsınız. Çünkü onlar, Peygamberleri ile buluştu ve Kur'ân'ın inmesine şâhid oldular. Fakat onlardan sonra gelecekiere te'sîr edebilirsiniz, dedi.

Tâbi'in devrinde yine aynı maksatla maiyyetini dağıttı; onlar da başları eğik olarak geri döndüler de :

— Böyle acâib insânlar görmedik. Arasıra aldatabildiğimiz oldu ise de akşâmleyin bir tevbe etmekle bütün hatâlarını Allah iyiliğe kalbetti [çevirdi], dediler. İblîs :

— Size, bunlardan da kâr yok. Çünkü bunlar, Peygamberlerinin sünnetine tâbi olan [uyan] hakîkî tevhîd sâhibi insânlardır. Fakat sizi memnûn edecek nesil bunlardan sonra gelecek olanlardır. Onlar sizin elinizde oyuncak olurlar. Şehvetlerinin azgınlığı ile onları dilediğiniz yöne çekersiniz. Tevbe etmezler, etseler de (Şart'a riâyet etmedikleri ve samimî tevbe yapmadıkları için) tevbeleri kabûl olmaz ki, günâhları sevâba dönsün.

Hakîkaten Tâbi'in devrinden sonra, birtakım insânlar geldi ki şehvetleri kendilerini kapladı da, bid'atlerini kendilerine güzel gösterdi; onları helâl tanıttı ve onları dîn olarak kabûllendiler. Allahdan mağfiret dilemeyip Allah'a tevbe etmediler. Allahu Teâlâ da onlara düşmânları musallat etti. Düşmânları onları diledikleri tarafa çevirdi.

Eğer : «Bu hikâyeyi anlatan Şeytanı ne gördü, ne de Şeytan ile konuştu. O hâlde bu hikâyeyi nereden bildi?» dersen :

Bilmiş ol ki, ma'neviyât sâhipleri görülmeyen gizlilikleri keşf edebilirler. Bu keşf, bâzan vahy'in bir kolu olan ilhâm, bâzan da menam [Sadık bir rüyâ ile], bâzan da ayân, yâni rüyâ ile olduğu gibi açık göz ile keşf tarîkiyle olur. İnsân ma'nen bir âlem'e yükselir, orada eşyânın hakîkatini görür ve mânâlarını anlar. Doğru rüyâ, nübüvvet'in

www.ihya.org

kırk altı cüz'ünden bir cüz'ü olduğu gibi, bu da en yüksek olan nübüvvetin derecelerindendir.

Sakın, anlıyamıyorum diye bu ilmi inkâra kalkışma. Akli ilimleri kavradığını zannederek çizmeden yukarı çıkan âlimlerin helâk noktası burasıdır. Allahu Teâlâ'nın dostları'nın bu hâllerini inkâr eden ilim'den, cehâlet çok daha iyidir. (Çünkü câhiller, anlamadıklarını bildikleri için, işi Allah'a havâle ederler.) Kaynak bir olduğu için, velileri ve kerâmetlerini inkâr, peygamberleri ve mu'cizeleri inkâr demektir. Peygamberleri inkâr ise tamâmen dîn'den çıkmaktır. Bâzı ârifler:

«Son zamânda iyi insânların gözden saklanmaları, zamânın âlimlerini görmeğe dayanamadıklarındandır. Çünkü câhiller nazarında âlim bilinen ve kendilerini de âlim tanıyan bu zümre, onların nazarında câhildirler. En büyük günâh, cehâletini bilmemek, şunun bunun kusûrlarına bakmak, gâfillerin sözünü ve Dünyâ'ya dalan âlimi dinlemektir. Dünyâya dalan âlimleri dinlemek doğru değildir. Belki her söylediği reddedilmelidir. Çünkü herkes sevdiği şeye dalar ve sevmediğini reddeder. (Bu âlimin de anlatacağı sevdiği şeylerdir.)» diyorlar. Nitekim Hak Teâlâ:

«وَلَا تُطِعْ مَنْ أَغْفَلْنَا قَلْبَهُ عَنْ ذِكْرِنَا وَاتَّبَعَ هَوَاهُ وَكَانَ أَمْرُهُ فُرُطًا»

«Kalbini zikrimizde gâfil bırakdığımız, keyfinin ardına düşen ve işi haddini aşmak olan kimseye itâat etme.» (18 - Kehf: 28) buyurmuştur.

Kusurlu olan câhiller, kendilerini bilir zanneden bu gibi âlimlerden çok iyidirler. Çünkü avâm tabakası kusûrlu olduğunu kabûl ederek tevbe eder ve Allahu Teâlâ'dan mağfiret diler. Fakat bu gibi kendisini âlim sanan ve dîn yolundan ayrılıp dünyâlık elde edecek ilimlerle uğraşan câhil (bunu bir şey zanneder de) ölünceye kadar dâvâsında ısrâr eder; tevbe etmez ve bu hâliyle gider.

Bu hâl, Allahu Teâlâ'nın korudukları müstesnâ, umûmu kapladığı ve düzelmelerinden ümît kesildiği zamân, dindârlar için selâmet ve ihtiyât, bunlardan ayrılıp tenhâya çekilmektir. İnşallah, Uzlet bâbında bunu açıklayacağız. Bu sebebten Yûsuf b. Esbât, Huzeyfetu'l-Mer'âşi'ye yazdığı bir mektûbta:

«Günâha girmeden Allah'ı anacak veyâ isyân etmeden ilim müzâkere edecek kimseyi bulamıyan adam'a ne dersin? Zîra ehlini bulamıyor.» dedi. Çok doğru söylemiştir. Çünkü insânlar arasına karış-

www.ihya.org

makla ya gıybet edeceksin, ya dinleyeceksin, yâhut göreceğin bir fenâlığa sükût edeceksin. Bütün bunlar dini bakımdan fenâ şeylerdir. Evet insânın en güzel hâli ilim öğrenmek veyâ öğretmektir. Fakat eğer okutan kimse, okutmasında gösterişten, riyâset istemek ve maddî varlık sağlamak hevesinden kendini kurtaramadığını anlarsa, okuyan talebenin de ilmini dünyâlıkta ve şer'de kullanacağını, kendisinin de yol kesene silâh satan gibi fenâlığın sebeblerini hazırlamak sûretiyle yardımcısı olacağını da bilmiş olur. İlim, kılıç gibidir. (Kılıç, dış düşmânlarla muhârebe âleti, ilim ise iç düşmânlarla muhârebe âletidir.) İyiliğe hizmeti, silâh'ın muhârebedeki hizmeti gibidir. Silâh'ın fenâlık yapacaklara satılması câiz olmadığı gibi, ilmin de fenâ niyetli kimselere verilmesi muvâfık değildir.

İşte buraya kadar saydıklarımız, her biri geçmiş âlimlerin ef'âl ve ahvâlini içine alan âhiret âlimlerinin on iki alâmetidir. Sen şu iki yoldan birini seç:

1 — Bütün bu hasletleri bir araya toplamak,

2 — Veyâ bunları kabûl etmekle kusûrlu olduğunu i'tiraf etmek.

Sakın, dünyâ âletini dîn ile değiştiren ve iyi amellerde tembel davrananları gerçek âlimlerden sayan üçüncülerden olma ki, cehâlet ve inkârınla Allah'ın rahmetinden mahrûmiyet ile helâke düşenlerden olmayasın.

Şeytânın kendilerini aldatamayıp, dünyâ ziynetleri kendilerine zarar vermeyen kullardan olmamızı Allah'dan dileriz.

YEDİNCİ BÂB

AKIL, AKL'IN ŞEREFİ, TA'RİFİ VE KISIMLARI BEYÂNINDADIR

AKLIN ŞEREFİ

Bilmiş ol ki, aklın üstünlüğü meydanda olduğu için şerefini isbât edecek delilleri aramağa lüzûm yoktur. Bilhâssa buraya kadar şerefini anlattığımız ilmin kaynağı, doğum yeri ve kökü akıl olduğuna göre aklın şerefi de meydana çıkmıştır. Akla nisbetle ilim, ağaca nisbetle meyve, güneşe nisbetle nûr ve göze nisbetle görmek gibidir.

Dünyâ ve âhiret saâdetine vesîle olan akıl nasıl şerefli olmasın? Veyâ aklın şerefinde nasıl şübhe edilsin? İdrâkinde kusûru olan hayvân bile akla kıymet verir. Hattâ en büyük, en yırtıcı ve en korkunç hayvânlar bile, insânın akliyle düşünebileceği hîleler sebebiyle kendisine gâlib geleceğini bildiği için, insânı heybetli görür, ondan çekinir ve ona itâat eder. Bunun için Peygamber Efendimiz:

«اَلشَّيْخُ فِي قَوْمِهِ كَالنَّبِيِّ فِي أُمَّتِهِ»

«Cemâati arasında âlim, ümmeti arasında peygamber gibidir.» (166) buyurmuştur. (Yâni onun ilim ve irfânından istifâde edilir ve ona hürmet edilir.) Bu onun malının, yaşının veyâ kuvvetinin çokluğundan değil, belki aklının meyvesi olan tecrübesinin çokluğundandır. Bu sebebdendir ki, Arabın ayak takımı, ilm u irfândan mahrûm Türk, Kürd ve diğer kabîleler cehâletleri sebebiyle hayvânlara benzedikleri hâlde, fıtrî olarak büyüklerine hürmet ederler. Yine aklın üstün değerindendir ki: Peygamber Efendimize sû-i kasd için yoluna çıkan inâdcılar, onun parlak simâsına bakıp nübüvvet ve akıl nû-

runu gördüklerinde kendilerini korku ve heybet bürüdü de kötülükten vazgeçtiler.

Aklın şerefi açıktır. Bilinmesi için delile ihtiyâç yok. Ancak biz, aklın şerefine dâir vârid olan âyet ve hadisleri zikredeceğiz. Allahu Teâlâ akla, nûr adını verir.

« اَللّٰهُ نُورُ السَّمٰوَاتِ وَالْأَرْضِ مَثَلُ نُورِهِ كَمِشْكَاةٍ »

«Allah, yer ile gök'ün nûrudur, nûrunun temsili sanki bir mişkât.» (24 - Nûr : 35)

Akıldan elde edilen ilme ise, rûh, vahy, hayât adını vermiştir:

« وَكَذٰلِكَ أَوْحَيْنَا إِلَيْكَ رُوحًا مِنْ أَمْرِنَا »

«İşte biz, sana da (Habîbim) böylece emrimizden bir rûh vahyettik.» (42 - Şûrâ : 52)

« أَوَمَنْ كَانَ مَيْتًا فَأَحْيَيْنَاهُ وَجَعَلْنَا لَهُ نُورًا يَمْشِي بِهِ فِي النَّاسِ »

«Hem bir adam ölü iken biz onu diriltmişiz ve kendisine bir nûr vermişiz, insânlar içinde onunla yürüyor.» (6 - En'âm : 122)

Hak Teâlâ, nûr ile zulmeti, aydınlık ile karanlığı zikretti yerde aydınlıktan ilmi, karanlıktan cehâleti murâd etti. Nitekim Allahu Teâlâ buyuruyor:

« يُخْرِجُهُمْ مِنَ الظُّلُمَاتِ إِلَى النُّورِ »

«Onları karanlıktan aydınlığa çıkarır.» (2 - Bakara: 257)

Peygamber Efendimiz de bir hadis'inde :

«Ey insânlar, Rabbinizi biliniz ve anlayınız. Emir olunduğunuzu ve kendisinden nehiy olunduğunuzu anlayacak, olgun akıl tavsiye ediniz. Rabbinizin huzûrunda sizi kurtaracak olan, aklımızdır. Bilmiş olunuz ki, ne kadar çirkin suratlı, değersiz, ayak takımı pejmürde olursa olsun, akıllı kimse, Allah'a itâat edendir. Buna mukaabil câhil ve ahmak, ne kadar hüsn ve cemâl sâhibi hâtırlı yüksek mevki' sâhibi, şık kıyâfetli, hüsn-ü beyâna sâhip olursa olsun, Allah'a, isyân edendir.

www.ihya.org

Allah katında mahmûd ve diğer vahşi hayvânlar kendisine isyân eden insânlardan daha akıllıdır. Sakın, maddecilerin size göstereceklerî saygıya kıymet vermeyin. Zira onlar, hüsranda, zarardadırlar.» buyurmuştur.

Yine bir hadisde deniliyor ki:

«أَوَّلُ مَا خَلَقَ ٱللهُ ٱلْعَقْلَ فَقَالَ لَهُ أَقْبِلْ فَأَقْبَلَ، ثُمَّ قَالَ لَهُ أَدْبِرْ فَأَدْبَرَ، ثُمَّ قَالَ ٱللهُ عَزَّ وَجَلَّ: وَعِزَّتِي وَجَلَالِي مَا خَلَقْتُ خَلْقًا أَكْرَمَ عَلَيَّ مِنْكَ، بِكَ آخُذُ، وَبِكَ أُعْطِي، وَبِكَ أُثِيبُ، وَبِكَ أُعَاقِبُ»

«Allahu Teâlâ'nın ilk yarattığı akıldır. Allahu Teâlâ akla: «Dön bu yana» diye emretti, akıl döndü. «Dön o yana» diye emretti, yine döndü. - Allahu Teâlâ'nın her emrine inkıyâd etti. - Sonra Allahu Teâlâ «İzzet ve celâlim [ululuğum] hakkı için nazarımda senden kıymetli bir şey yaratmadım. Seninle alır, seninle veririm. Seninle mükâfatlandırır, seninle cezâlandırırım.» buyurmuştur.» (167)

Eğer, «Bu akıl arez ise (bizâtihî kaaim olamıyacağına göre) cisimden evvel nasıl yaratıldı, cevher ise mekânsız bizâtihi nasıl kaaim oluyor?» dersen:

Bilmiş ol ki, bu mükâşefe ilmi ile alâkalıdır. Bunu muâmele ilmi bahsinde anlatmak muvâfık düşmez. Halbuki biz burada muâmele ilmini anlatmaktayız. Hazret-i Enes'den (R.A.) rivâyet olundu ki:

Bir cemâat Peygamberimizin huzûrunda bir adamı aşırı derecede öğdüler. Peygamber Efendimiz:

— Bu adamın aklı nasıldır? Diye sorunca:

— Yâ Resûlallah, biz sana bu adamın son derece ibâdetinden ve muhtelif hayır işlerinden haber veriyoruz. Siz, hâlâ aklından mı soruyorsunuz? Dediler. Peygamber Efendimiz:

— İnsân, ahmaklığı ile berâber günâhkârlardan daha büyük hatâlara düşer. İnsânların yarın Allah katında yüksek derecelere yükselmeleri, akılları nisbetindedir, buyurdu.

Hazret-i Ömer'den (R.A.) rivâyet edildiğine göre Peygamber Efendimiz şöyle buyuruyorlar:

«مَا اكْتَسَبَ رَجُلٌ مِثْلَ فَضْلِ عَقْلٍ يَهْدِي صَاحِبَهُ إِلَى هُدًى وَيَرُدُّهُ عَنْ رَدًى، وَمَا تَمَّ إِيمَانُ عَبْدٍ وَلَا اسْتَقَامَ دِينُهُ حَتَّى يَكْمُلَ عَقْلُهُ»

«İnsânın, akıl gibi yüksek iktisâbı olamaz. Akıl, sâhibini iyiliğe ulaştırır, fenâlıktan alıkor. Aklı kemâle ermedikçe insânın dini müstakim ve imânı tamâm olmaz.» (168)

Yine bir Hadîs-i şerîfte :

«إِنَّ الرَّجُلَ لَيُدْرِكُ بِحُسْنِ خُلُقِهِ دَرَجَةَ الصَّائِمِ الْقَائِمِ، وَلَا يَتِمُّ لِرَجُلٍ حُسْنُ خُلُقِهِ حَتَّى يَتِمَّ عَقْلُهُ فَعِنْدَ ذَلِكَ تَمَّ إِيمَانُهُ وَأَطَاعَ رَبَّهُ وَعَصَى عَدُوَّهُ إِبْلِيسَ»

«İnsân, güzel ahlâkiyle, gündüz oruç tutup gece ibâdet edenler seviyesine ulaşır. Fakat aklı tamâm olmadıkça ahlâkı da güzelleşmez. Aklı olgunlaşınca imânı da kemâle erer; Rabbine itâat ve düşmanı olan Şeytan'a isyân eder.» (169) buyurmuştur.

Ebû Sa'îd-i Hudrî 'nin rivâyet ettiğine göre Peygamber Efendimiz:

«Her şeyin bir direği var, mü'minin direği efendisi aklıdır. İbâdeti de aklı nisbetindedir. Cehennemde :

وَقَالُوا لَوْ كُنَّا نَسْمَعُ أَوْ نَعْقِلُ مَا كُنَّا فِي أَصْحَابِ السَّعِيرِ

«Eğer duyup akıl edeydik biz de cehennemlikler arasında olmazdık.» (67 - Mülk : 10) dediklerini duymadın mı?» buyurmuştur.

Hazret-i Ömer'e (R.A.) Temîm ed-Dârî : «Bizce efendilik, akıldır.» deyince, Ömer, kendisini tasdik eder ve: «Ben sana sorduğum gibi Resûlullah'a da sormuştum. Resûlullah da aynı cevâbı verdi.» dedi. Sonra devâm ederek: «Peygamber Efendimiz de buyurdu ki: Ben de Cebrâil aleyhi's-selâm'a: "Efendilik nedir?,, diye sorduğumda o da bana: "Akıldır." dedi.» Berâ b. Âzib diyor ki: «Bir gün Resûlullah'a çok şeylerden sordular. Peygamber Efendimiz: "Ey insânlar, her şey'in bir biniti var, kişinin biniti de akıldır. Delîl ile, en güzel yol ve bilgiye ulaşanınız, en üstün akla sâhip olanınızdır." buyurdu.»

Ebû Hüreyre'den (R.A.) rivâyet edildiğine göre, Peygamber Efendimiz Uhud'dan dönüşünde bir çok kimselerin, «Falan falandan daha cesûr, falan başkalarının geçirmediği imtihânları geçirmiş (başına bir çok felâketler gelmiş)» ve bunun gibi sözler konuştuklarını duydu. Bunun üzerine :

— Siz, bunların ahvâlini bilemezsiniz, dedi. Sahâbe-i Kirâm:

— Yâ Resûlallah, niçin bilemeyiz? diye sorunca Peygamber Efendimiz :

— Onların muhârebeleri, Allahu Teâlâ'nın onlara taksîm ettiği akılları nisbetindedir. Zaferleri de niyyetleri de akılları derecesindedir. Herkes bu derecelere göre mevki kazanır ve kıyâmet gününde de niyyetleri ve akılları seviyesinde mevki'leri ihrâz ederler, cevâbını verdi.

Berâ' b. Âzib'den rivâyet edildiğine göre Peygamber Efendimiz şöyle buyuruyor:

«Allahu Teâlâ'ya itâat etmekte, melekler akılları ile cehd ü gayret ettiler. Âdem oğullarından mü'min olanlar da akılları nisbetinde gayret göstermişlerdir. Azîz ve celîl olan Allahu Teâlâ'ya en çok amel eden en çok aklı olandır.»

Hazret-i Âişe'den rivâyet edildiğine göre, bir gün kendisi Hazret-i Peygambere:

— Yâ Resûlallah, insânlar dünyâda ne ile üstünlük kazanırlar? Diye sordu. Peygamber Efendimiz :

— Akıl ile, deyince, Âişe :

— Herkesin kıymeti ameliyle ölçülmez mi? Dedi. Peygamber Efendimiz:

— Yâ Âişe, onlar akıllarından fazla bir şey yapabilir mi? Allahu Teâlâ'nın verdiği akıl nisbetinde amel ederler. Ondan sonra amellerine göre de mükâfatlanırlar, cevâbını verdi.

İbn Abbâs'dan (R.A.) rivâyete göre Peygamber Efendimiz şöyle buyuruyorlar :

www.ihya.org

«Her şeyin bir âleti, bir hazırlık ve isti'dâdı var: Mü'minin âleti aklıdır. Her şeyin bir biniti var: Kişinin biniti aklıdır. Her şeyin bir direği var: Dinin direği akıldır. Her kavmin bir dayanağı var: İbâdetin dayanağı akıldır. Her kavmi bir çağıran var: Abidleri ibâdete da'vet eden de akıldır. Her tâcirin bir sermâyesi var: Müctehidlerin sermâyesi akıldır. Her âilenin bir idârecisi var: Sıddîklar evinin bakıcısı akıldır. Her harâbenin bir tâmircisi var: Âhireti i'mâr eden akıldır. Herkesin kendisini andıracak olan ardından bir geleni var: Sıddîkleri andıracak olan akıllarıdır. Her yolcunun bir çadırı var: Müminin çadırı aklıdır.»

Yine Peygamber Efendimiz buyurmuşlardır ki:

« إِنَّ أَحَبَّ ٱلْمُؤْمِنِينَ إِلَى ٱللهِ عَزَّ وَجَلَّ مَنْ نَصَبَ فِي طَاعَةِ ٱللهِ عَزَّ وَجَلَّ وَنَصَحَ لِعِبَادِهِ وَكَمَلَ عَقْلُهُ وَنَصَحَ نَفْسَهُ فَأَبْصَرَ، وَعَمِلَ بِهِ أَيَّامَ حَيَاتِهِ فَأَفْلَحَ وَأَنْجَحَ »

«Allah - Azze ve celle - katında en makbûl mü'min, Allahu Teâlâ'ya ibâdete kendisini hasreden, kullarına öğüd veren, aklı kemâle eren, ayıblarını görüp kendisine öğüt veren ve hayâtı boyunca bununla amel edendir. İşte necât bulan ve zafere ulaşan budur.» (170)

Diğer bir hadîs-i şerîf:

« أَتَمُّكُمْ عَقْلاً أَشَدُّكُمْ لِلّٰهِ تَعَالَى خَوْفًا وَأَحْسَنُكُمْ فِيمَا أَمَرَكُمْ بِهِ وَنَهَى عَنْهُ نَظَرًا، وَإِنْ كَانَ أَقَلَّكُمْ تَطَوُّعًا »

«En akıllınız, Allah'dan en çok korkanınızdır. En güzeliniz, Allahu Teâlâ'nın emir ve yasaklarına riâyet edeninizdir. Her ne kadar en az nâfile ibâdet edeninizden biri olsa bile.» (171)

AKLIN HAKİKATİ VE KISIMLARI

Bilmiş ol ki, insânlar, aklın ta'rîf ve hakîkatinde ihtilâfa düştüler ve çokları akıl kelimesinin müşterek bir çok mânâlara geldiğini

www.ihya.org

unuttular. Bu mevzûda perdeyi kaldıracak en doğru yol «Ayn» kelimesinin bir çok mânâları olduğu gibi, «Akıl»ın da dört mânâda kullanıldığını ve bu gibi müşterek mânâlarda kullanılan kelimelerin bütün mânâsını bir araya toplayan bir ta'rîf ile ta'rîf edilmesi istenmediğini, belki her mânânın ayrı ayrı ta'rîf edildiğini bilmektir. Bu mânâları îzâh edelim:

1 — İnsânların diğer cânlı hayvânlardan ayrılmasını sağlayan haslete akıl derler ki, insânlar yaratılıştaki bu akıl ile nazarî ilimler öğrenmeğe isti'dâd kazanırlar, bir çok gizli hüner ve san'atları elde ederler.

Hars b. Esed-i Muhâsibi de aklı ta'rîf ederken: «Nazarî ilimler kendisiyle anlaşılan bir garîze - tabîattır. Allahu Teâlâ'nın kalbe akıttığı bir nûrdur ki, insân onunla eşyâyı anlamağa isti'dâd kazanır.» derken bunu kasdetmiştir.

Muhâsibi'nin bu ta'rîfini inkâr edip, akıl yalnız zârûrî ilimlerden ibârettir diyen insâflı davranmamıştır. Çünkü zarûrî ilimler ilimlerden gaflet eden veyâ uykuda olduğu için zârûrî ilimler kendisinde bulunmayan kimseler, bu tabîata sâhip olduklarından, yine akıllıdırlar. Cismin, kendisiyle ihtiyârî hareket edip hâsselerini [duygu organlarını] kullanabileceği hayâtı, bir garîza olduğu gibi akıl da bâzı hayvanların kendisiyle nazarî ilimler edinmeğe hazırlandığı bir garîza'dır. Eğer bu ta'rife bakarak, insân ile merkeb arasında fark olmaması lâzım gelir dersen bil ki: İnsân ile merkebdeki aklın farkı yoktur, denilebilir. Ancak âdet-i ilâhiyye olarak insânda akıl ile ilim halk edilir de diğer hayvanlar ve canlı varlıklarda halk edilmez. Bundan da hayvan ile nebâtların hayât bakımından eşit olması lâzım geldiği ileri sürülürse, denilir ki: Evet, aralarında fark yoktur. O kadar ki Allahu Teâlâ âdeti gereğince merkeb'de husûsî hareketler yaratır ve böylelikle onu ayırmış olur. Şöyle ki: Eğer merkeb, cansız cemâd farz edilseydi ondan meydana gelen bütün hareketleri Allahu Teâlâ'nın yarattığına hükm etmek vâcib olurdu ve yine merkeb'in cemâdat'dan hareketteki farkı hayât iledir demek borç olduğu gibi, insânın da hayvândan ayrıldığı nazarî ilimleri idrâk için garîzasında olan akıl iledir denir.

Akıl, kendisine has vasıf ile şekil ve renkleri göstermekte diğer cisimlerden ayrılan ayna ile sırrı gibidir. Göz de böyledir. Görmeğe isti'dâdı olan hey'et ve sıfatları ile cephe [alın]'den ayrılır.

Akıl garîzasını ilimlere nisbet etmek, gözü görmeğe nisbet etmek gibidir. İlimlerin inkişâfını sağlamakta Kur'ân ve şerî'at'ın akla nisbeti, güneş ışığının göze nisbeti gibidir. İşte bu garîzayı böyle anlamak gerekir.

www.ihya.org

2 — Küçük bir çocuğun, câiz olan şeyleri câiz, muhâl olan şeyleri de muhâl kabûl etmesi: İkinin birden çok olduğunu, bir adam'ın bir ânda iki yerde bulunamıyacağını bilmesi gibi zarûri ilimlerdir. Bâzı kelâmcıların, aklı «Mümkün olan şeylerin var olabileceğini, mümkün olmayanların olamıyacaklarını anlamak, gibi zarûrî ilimler.» diye ta'rif etmelerindeki gâyeleri de budur. Bu târif de doğrudur. Zîra bu ilimler, insânlarda mevcûttur. Bunlara akıl adı verilmesi meydândadır. Çürük olan, diğer garîzaları inkâr edip yalnız bu ilimleri kabûl etmektir.

3 — **Tecrübelerden elde edilen ilim** akıldır. Kim, tecrübelerden anlar ve tecrübeler kendini olgunlaştırırsa ona akıllı; kim, tecrübelerden bir şey anlamazsa, ona ahmak ve câhil denir. Bu da akıl adı verilen ilimlerin başka bir çeşitidir ki, buna tecrübe derler.

4 — O garîza'nın bir dereceye yükselmesidir ki, bütün bu işlerin netîcesini anlar ve âkıbeti tehlikeli olan bu gibi muvakkat lezzetlere dâvet eden şehvetini yener. Bu kuvvet kimde bulunursa, peşin şehvetinin arzûsuna uymayıp âkıbeti düşünerek hareket ettiği için «Akıllı» sıfatını alır denir. Bu da insânı, hayvândan ayıran bir hususiyettir. (Buna da akl-ı müstefâd denir.)

Aklın şu dört mânâsından birincisi asıl ve kökdür. İkincisi, onun en yakın bir dalıdır. Üçüncü mânâ, birinci ve ikinci mânâların dallarıdır. Çünkü tecrübe ilimleri tabiî ve garîzî kuvvetle elde edilir. Aklın son meyvesi demek olan dördüncüsü akıldan beklenen netîcedir. Birinci ve ikinciler tabiî, üçüncü ve dördüncüler ise kisbîdir. Bunun için Hazret-i Ali diyor ki :

«Biri tabiî diğeri kisbî olarak iki akıl buldum.
Görmeyen göze güneş ışığının kârı olmadığı gibi,
Fıtrî akıl olmadan, kisbî'nin kârı olmadığını bildim.»

Peygamber Efendimiz, aşağıdaki hadîsi ile birinciyi, yâni gârizî aklı murâd etmiştir:

«مَا خَلَقَ اللهُ عَزَّ وَجَلَّ خَلْقًا أَكْرَمَ عَلَيْهِ مِنَ الْعَقْلِ»

«Allahu Teâlâ akıldan daha kıymetli bir şey yaratmamıştır.» (172)

Yine Peygamber Efendimizin Hazret-i Ali'ye hitâben söylediği şu hadîs-i şerîfden murâdı da, dördüncü, yâni akl-ı müstefâddır :

(172) Tirmizî.

www.ihya.org

« إِذَا تَقَرَّبَ النَّاسُ بِأَبْوابِ الْبِرِّ وَالْأَعْمَالِ الصَّالِحَةِ فَتَقَرَّبْ أَنْتَ بِعَقْلِكَ »

«İnsânlar, güzel ameller ve iyilikleriyle Allahu Teâlâ'ya yaklaşıyorsa, sen de aklın ile yaklaş.» (173)

Hazret-i Peygamber'in şu hitâbından da murâdı aynıdır:

Rivâyet edildiğine göre Hazret-i Peygamber, Ebû'd-Derdâ'ya hitâben:

— Aklını arttır ki, Allah'a yaklaşasın, buyurdu. Ebû'd-Derdâ:

— Anam babam sana fedâ olsun, aklımı nasıl arttırabilirim yâ Resulallah, diye sorunca Peygamber Efendimiz:

— Allahu Teâlâ'nın yasak ettiği harâmlardan kaçın, farzları yerine getir ki, akıllı olasın. İyi ameller işle ki, Dünyâ'da yüksek mertebeye erip âhirette, azîz ve celîl olan Allahu Teâlâ'ya yaklaşmakla izzet bulasın, cevâbını verdi.

Sa'id b. Müseyyeb'den rivâyet edildiğine göre:

Hazret-i Ömer, Ubeyy b. Kâ'b ve Ebû Hüreyre Peygamber Efendimizin huzûruna girerek şöyle sordular:

— Yâ Resûlallah, insânların en âlimi kimdir? Peygamber Efendimiz:

— Akıllı olandır cevâbını verdi. Onlar:

— En çok ibâdet eden kimdir? Peygamber Efendimiz:

— En çok akıllı olan. Onlar:

— İnsânların en faziletlisi kimdir? Peygamber Efendimiz:

— En akıllı olan. Onlar:

— Yâ Resûlallah, akıllı kimse, mürüvvet sâhibi, cömerd, konuştuğunu bilen ve hatırı sayılan kimse değil midir? Diye sordular. Peygamber Efendimiz:

— Bütün bu saydıklarınız dünyâlık ve Dünyâ'ya âit şeylerdir. Âhiret ise muttakîlerindir, buyurdu.

Bir hadîs-i şerîfde Peygamber Efendimiz şöyle buyuruyorlar:

« إِنَّمَا الْعَاقِلُ مَنْ آمَنَ بِاللّٰهِ وَصَدَّقَ رُسُلَهُ وَعَمِلَ بِطَاعَتِهِ »

(173) Ebû Nuaym «Hilye»de.

www.ihya.org

«Akıllı, Allahu Teâlâ'ya îmân edip Peygamberine inanan ve emirlerini yerine getiren kimsedir.» (174)

«Akıl» kelimesi lûgat ve kullanılış bakımından o garîzanın adıdır. Zarûri ilimlere akıl ıtlakı, neticesi itibâriyledir. Çünkü şey, neticesiyle bilinir. İlme, haşyet; âlime de «Allah'dan haşyet duyan kimse» dendiği gibi. Halbuki haşyet ilmin ta'rîfi değil, belki ilmin meyvesi ve neticesidir. Bu bakımdan mecâz li-gayrihi gibi olmuş olur. Fakat gâye, lûgat mânâsında değil, maksad bu dört kısmın mevcudiyeti ve yalnız birinci kısmı alan garîza müstesnâ «akıl» kelimesinin hepsine birden şâmil olmasındandır. Sahîh olan, mevcûd olmasıdır. Hattâ diğer üç kısım da aslidir ve birinci kısım olan garîza'nın içindedir. Şu kadar ki hârice çıkmasını iktizâ eder sebeb bulunduğu zamân bu ilimlere dışarıdan bir şey katılmamış ve kendi içerisinde saklı imiş gibi onları vücûd çıkarır. Bunun benzeri, yer altındaki su'dur. Küçük bir kazı ile meydana çıkıp hâricden kendisine bir şey katılmadan bir araya toplanıp görüldüğü gibidir. Yine, bademde olan yağ, gül çiçeğinde olan gül suyu gibidir. Bu sebebden Hak Teâlâ şöyle buyuruyor:

وَإِذْ أَخَذَ رَبُّكَ مِنْ بَنِي آدَمَ مِنْ ظُهُورِهِمْ ذُرِّيَّتَهُمْ وَأَشْهَدَهُمْ
عَلَىٰ أَنْفُسِهِمْ أَلَسْتُ بِرَبِّكُمْ قَالُوا بَلَىٰ»

«Hem Rabbin : Beni Âdemden, beilerinden zürriyetlerini alıp da onları nefislerine karşı şâhid tutarak: «Rabbiniz değil miyim?» Diye şehâd ettiği zamân «Belâ» dediler.» (7 - A'raf : 172)

Bu ikrârdan gâye, dillerinin ikrârı değil, heykellerden soyulmuş nefislerinin, zâtlarının ikrârıdır. Çünkü şahısları ve dilleri bulunduğu zamân, dilleriyle ikrârlarında ikiye ayrıldılar. Bir kısmı diliyle de ikrâr etti, diğeri ise inkâr etti. Bunun için Allahu Teâlâ buyuruyor:

« وَلَئِنْ سَأَلْتَهُمْ مَنْ خَلَقَهُمْ لَيَقُولُنَّ اللَّهُ »

«Onlara, sizi kim yarattı diye sorarsanız, Allah yarattı derler.»

Yâni onların hâlleri düşünülürse bâtınları ve akılları buna şehâdet eder. Buna işâret etmek üzere Allahu Teâlâ buyuruyor ki:

(174) İbnü'l - Muhber.

www.ihya.org

« فِطْرَةَ اللهِ الَّتِي فَطَرَ النَّاسَ عَلَيْهَا »

«Allahu Teâlâ'nın insânları yarattığı fıtrattır.» (30 - Rûm: 30) Yâni her insân Allahu Teâlâ'ya îmân fıtratı ve belki her eşyâyı olduğu gibi anlamak isti'dâdı üzerine yaratıldı. Anlayış isti'dâdına yakın olduğu için bu hâl kendi içinde imiş gibidir.

İmânın yaradılışta insânlarda yerleşmiş bir tabiat olduğunu bildikten sonra, insânların bir kısmı bundan yüz çevirdi ve bu fıtratını unuttu. Diğer kısmı bir hâdiseye şâhid olup unuttuktan sonra yeniden hâtırlayan gibi aklını başına aldı, istikaametini o tarafa çevirdi ve fıtratını hâtırladı. Bunun için Allahu Teâlâ:

« لَعَلَّهُمْ يَتَذَكَّرُونَ »

«Umulur ki hâtırlarlar.» (2 - Bakara: 221) buyurmuştur. Diğer bir âyet-i celîlede de buyuruluyor ki:

« وَلِيَتَذَكَّرَ أُولُوا الْأَلْبَابِ »

«Akıl sâhipleri hatırlasınlar diye.»

« وَاذْكُرُوا نِعْمَةَ اللهِ عَلَيْكُمْ وَمِيثَاقَهُ الَّذِي وَاثَقَكُمْ بِهِ »

«Allahu Teâlâ'nın size olan ni'metlerini ve sizden aldığı sözü hâtırlayın.» (5 - Mâide: 7)

« وَلَقَدْ يَسَّرْنَا الْقُرْآنَ لِلذِّكْرِ فَهَلْ مِنْ مُدَّكِرٍ »

«Kur'ân'ı da müyesser kıldık düşünmek için. Fakat hani düşünen?» (54 - Kamer: 17)

Bu nev'e **«TEZEKKÜR»** [hâtırlama] adı verilmesi uzak bir mânâ değildir. Tezekkür iki çeşittir. Biri: Önceden hâtırında olan şeyi unuttuktan sonra hâtırlamak. Diğeri de, yaradılışta kendisinde mevcûd olan bir şeyi hâtırlamaktır. Bunlar **basîret nûru** [Kalb gözü] ile

www.ihya.org

görenler için açık gerçekler olmakla, keşf ve müşâhededen mahrûm, işitmek sûretiyle taklîdcilik kendilerinde revâç bulan kimseler için ağırdır. Bunun için onların bu gibi âyetlerde sürçtükleri, (ahd ü mîsak'da) nefsin ikrârı ve tezekkür'ün te'villerinde çeşitli yollara saptıkları, tenâkuz fikrine kapıldıkları, hadis ve âyetlerde tenâkuzlar tahayyül ettikleri görülür. Çok kerre bu hâl kendilerinde tabîatleşir, âyet ve hadîslere hakaaret gözü ile bakar ve gerçekten bunlarda tenâkuz olduğu kanâatine varırlar. Bu hâl, eve giren kör bir adamın, tâm yerine konmuş olan çanak ve çömleğe çarparak: «Bu kaplar niçin yerine konmamış?» dediğine benzer. Şüphesiz ona verilecek cevâp: «Kaplar yerindedir, fakat sen görmediğin için onlara çarptın.» sözüdür. Basîret gözü kapalı olanlar da aynı körler gibi belki de daha fenâdır. Çünkü beden binit, insânın rûhu ise, binicisidir. Elbetteki binicinin körlüğü binitin körlüğünden fenâdır.

Kalb gözü başdaki göze benzediği için Allahu Teâlâ:

« مَا كَذَبَ الْفُؤَادُ مَا رَأَى »

«Gözünün gördüğünü gönlü yalanlamadı.» (53 - Necm : 11) buyuruyor. Yâni: Umûr-i kudsiyye evvelâ kalb, sonra göz ile görülür. Yine Allahu Teâlâ:

« وَكَذَلِكَ نُرِي إِبْرَاهِيمَ مَلَكُوتَ السَّمَوَاتِ وَالْأَرْضِ »

«Bunun gibi İbrâhîm'e yer ve göklerin melekût - gizliliklerini gösteririz.» (6 - En'am : 75) buyurmuştur.

Şüphesiz bunlar, kalb gözü ile görülür ki, bu da görmek bakımından baştaki göze benzemektedir.

Körlük bakımından da, kalbin aynı göze benzediğini ve kapalı olan basîrete kör dendiğini beyân etmek üzere Allahu Teâlâ:

« فَإِنَّهَا لَا تَعْمَى الْأَبْصَارُ وَلَٰكِنْ تَعْمَى الْقُلُوبُ الَّتِي فِي الصُّدُورِ »

«Gözler kör olmaz. Göğüslerde olan kalbler kör olur.» (22 - Hacc :

www.ihya.org

46) buyurmuştur. Yine Allahu Teâlâ diğer Âyet-i celîlede:

«وَمَنْ كَانَ فِي هَٰذِهِ أَعْمَىٰ فَهُوَ فِي الْآخِرَةِ أَعْمَىٰ وَأَضَلُّ سَبِيلًا»

«Bu dünyâda kendi arzûlariyle hakîkati görmekten çekinen ma'nevî körler, âhirette de kör ve belki daha sapık yoldadırlar.» (17 - İsrâ : 72) buyurmuştur.

Peygamberlere gösterilen bu şeylerin bâzısı baş ve bâzısı da kalb gözü ile gösterilmiş ve hepsine birden görmek adı verilmiştir.

Hülâsa : Kimin basîret gözü açık değilse, dînin özüne eremez. Ancak kabuğu ile uğraşır.

İşte bu saydıklarımız aklın kısımlarıdır.

İNSANLARIN AKILCA FARKLARI

Akılların faklı olup olmadığına dâir insânlar ihtilâf etmiştir. Ma'nevî ilimden mahrûm olan bu gibilerin sözlerini buraya aktarmakla meşgûl olmakta bir mânâ yok. En doğrusu hemen hakîkî yolu açıklamağa çalışmaktır.

Bu husûsta açık gerçek şudur ki :

Yukarıda anlattığımız aklın, dört aksâmından yalnız ikincisi olan zarûrî ilimlerden başka diğer üç kısmında insânlar arasında ayrılık vardır. İkinci mânâdaki, mümkün olan şeylerin olabileceğine, mümtenî olanların da olamıyacağına dâir olan ilm-i zarûriye delâlet eder. İki adedinin birden çok olduğunu bilen, bir cismin bir ânda iki yerde bulunamıyacağını bir şey'in hem hâdis, hem de kadîm olamıyacağını bilen akıl sâhibi kat'î olarak aklın anlayacağı buna mümâsil diğer şeyleri de bilir. Bunda ayrılık yok. Fakat diğer üç kısımda ayrılık vardır.

Dördüncü kısım olan, şehvetlere galebe çalmaktaki akl-i müstefâdda insânların bir olmadığı, hattâ bir insânın bile her hâlinde aynı derecede olmadığı meydândadır. Bu fark bâzan şehvetlerin muhtelif olmasından ileri gelir. Meselâ insân, aklıyle bâzı şehvetlerini terke muktedir olduğu hâlde, bâzılarını yenemez. Bu da dâimâ bir şekilde olmaz. Şöyle ki: Gençlik zamânında şehvetine hüküm edemez. Fakat yaşlanıp aklı başına gelince bu cepheden kendisine mâlik olur. Buna karşılık yaşlandıkça kendisinde gösteriş, mâkam sevgisi kuvvetlenir. Bu sefer de bunların önüne geçemez. Bu ayrılık, bâzan şehvetin fenâlığını anlatan bilgilerdeki ayrılıktan olur. Bunun için, tabîb bir çok zararlı maddelerden kendini korur, fakat aynı akılda olup bu gibi şey-

www.ihya.org

lerin zararını kabûl ettiği hâlde tabîb olmayan bir diğeri bu zararlı şeylerden kendini çekemez. Bilgi çoğaldıkça korku artar, böylelikle arzûları yenmekte korku, aklın yardımcısı olur. Maddî hayâtta böyle olduğu gibi ma'nevî cephede de böyledir. Hatâların zararlarını daha kuvvetli bilen bir âlim, kendini bir câhilden daha iyi korur. Fakat biz, âlim derken maddiyât için okumuş, cübbeler giymiş, makâm işgâl etmiş cedel ehlini değil, Allah için okuyan hakîkî âlimi kasdediyoruz.

Eğer, ayrılığın sebebi şehvet ise, aklın ayrılığına gitmez. Yâni akılların tefâvütünden değildir. Eğer ayrılığın sebebi ilim cihetinden ise, biz ilmin bu kısmına akıl ismi verdik. Çünkü burada ilim, akıl garîzasını kuvvetlendirir. Buradaki ayrılık ismin mânâsında olur. Bu ayrılık bâzan yaradılışta olur. Yaradılışta aklı kuvvetli olan, nefsin arzûlarından kendini daha iyi korur.

Üçüncü kısım olan tecrübe ilmine gelince: Buradaki ayrılığı kimse inkâr edemez. Bunlar, bâzan tesâdüf, bâzan da sür'at-i intikal ile ayrılırlar. Bunun da sebebi, yaradılıştaki ayrılık, veyâ tecrübe azlığıdır.

Asıl olan birinci kısım, yâni yaradılıştaki akla gelince: Buradaki ayrılığı inkâra yol yoktur. Çünkü o, rûh üzerinde parlayan bir nûr ve sabâhında doğan bir güneştir. Parlama zamânı erginlik çağıdır. Bu akıl, kırkına varıncaya kadar durmadan artar ve olgunlaşır. Bu, sabâh güneşine benzer. İlk önce gâyet hafîftir, sonra güneşin gözü görülünce olgunlaşır ve çoğalır. Basîret nûrunun azlığı ve çokluğu baş gözündeki ziyânın azlığı ve çokluğu gibidir. Farklılık, gözü bozuk olup dâimâ göz yaşı akan ile gözü sağlam olan arasında açıkça görülmektedir. Belki Allahu Teâlâ'nın sünneti, her şeyi tedricen kemâle erdirmekle câridir. Hattâ şehvet bile erginliğe erer ermez bütün ağırlığı ile gencin sırtına yüklenmez; âhestelikle olgunlaşır. Diğer yemek, his, hayâl ve düşünce kuvvetleri de böyledir. Yaradılışta ayrılık olmadığını iddiâ edenlerin akıllarından şüphe edilir. Kim, Peygamber'in aklı ile, çöl bedevisinin aklını bir tutarsa o, bedeviden de düşüktür.

Yaradılıştaki aklın birbirinden farklı olduğu nasıl inkâr edilir? Halbuki öyle olmasa insânlar ilimleri idrâkte ayrılmaz, bir kısmı uzun emekten sonra bir şey öğrenebilen «AHMAK», bir kısmı «ZEKİ», bir kısmı da bütün işlerin hakîkat ve gizliliklerine ta'lîmsiz, terbiyesiz ve duygusuz vâkıf olan «KÂMİL» insân olmak üzere üçe ayrılmazlardı. Nitekim Allahu Teâlâ buyuruyor ki :

«يَكَادُ زَيْتُهَا يُضِيءُ وَلَوْ لَمْ تَمْسَسْهُ نَارٌ، نُورٌ عَلَى نُورٍ»

www.ihya.org

«Yağı, hemen hemen ateş dokunmasa bile ziyâ verir, nûr üzerine nûr.» (24 - Nûr : 35)

Bunlar Peygamberlerdir. Vahy ve melcksiz dahi, kapalı ve bilinmeyen işler gönüllerinde açılır ki, buna ilhâm derler. Bunun bir benzeri olarak Peygamber Efendimiz bir Hadîs-i şerîfte şöyle buyuruyor:

«إِنَّ رُوحَ الْقُدُسِ نَفَثَ فِي رُوْعِي: أَحْبِبْ مَنْ أَحْبَبْتَ فَإِنَّكَ مُفَارِقُهُ : وَعِشْ مَاشِئْتَ فَإِنَّكَ مَيِّتٌ ، وَاعْمَلْ مَاشِئْتَ فَإِنَّكَ مَجْزِيٌّ بِهِ»

«Cebrâil veyâ doğrudan Hazret-i Allah kalbime şöyle ilka etti: Dilediğini sev, neticede ayrılacaksın. İstediğin kadar yaşa, sonunda ölecksin. Dilediğin şekilde amel et, karşılığını bulacaksın.» (175)

Meleklerin Peygamberlere bildirdiği bu yol, kulak ile işitilen Vahy-i sarîh'den ayrı bir yoldur. Bunun için Peygamber Efendimiz bunu üflemek ve nefes mânâsında olan «NEFES» ve «RÛ'» kelimeleriyle tâbir etmiştir.

Vahyin yolları çoktur. Bu kısım mükâşefe ilmine âit olduğu için Muâmele ilminde bunun üzerinde çok durmağa gelmez.

Vahyin derecelerini bilmek için vahye mahzar olmak gerektiğini sanma. Zira sıhhatli olmayan bir tabîb de hasta adama hastalığını, derecelerini, söylediğini yapmayan bir âlim de fenâ bir insâna adâlet ve iyiliklerin derecelerini anlatabilir. Bunun gibi vahyin derecelerini anlatabilmek için vahye mazhar olmak şart değildir. İlim başka, bilinen şeylerin varlığı da başka bir şeydir. Peygamberlik ve veliliği bilen kimsenin Peygamber veyâ velî olması, takvâ ve zühdü bilen herkesin de muttakî olması lâzım gelmez.

İnsânlar, kendi kendine anlayabilmek, ta'lîm ve terbiye ile öğrenmek, ta'lîm ve terbiye dahi kendisine fayda vermemek bakımından yeryüzü gibidir. Bir kısım toprak kendiliğinden suyu çıkarır ve akıtır, bir kısım toprak kuyu kazmakla suyu çıkarır, diğer bir kısmı da ne kadar kazarsan kaz su çıkarmaz kuru topraktır. Bu, toprağın cevherindeki farklılıktandır. İnsânlardaki farklılık ise, akıllarındaki farktandır.

(175) Şirâzî Sehl b. Sa'd'dan.

Akılların bir olmadığını ifâde eden naklî delillerden bir tânesi Abdullah b. Selâm'ın rivâyet ettiği, Arş'ın büyüklüğünü anlatan uzun hadis'in son kısmıdır. Burada Peygamber Efendimiz nakl buyuruyorlar ki :

«يَا رَبَّنَا هَلْ خَلَقْتَ شَيْئًا أَعْظَمَ مِنَ الْعَرْشِ؟ قَالَ نَعَمْ : الْعَقْلُ، قَالُوا وَمَا بَلَغَ مِنْ قَدْرِهِ ؟ قَالَ هَيْهَاتَ لَا يُحَاطُ بِعِلْمِهِ ، هَلْ لَكُمْ عِلْمٌ بِعَدَدِ الرَّمْلِ؟ قَالُوا : لَا . قَالَ اللهُ عَزَّ وَجَلَّ فَإِنِّي خَلَقْتُ الْعَقْلَ أَصْنَافًا شَتَّى كَعَدَدِ الرَّمْلِ ، فَمِنَ النَّاسِ مَنْ أُعْطِيَ حَبَّةً ، وَمِنْهُمْ مَنْ أُعْطِيَ حَبَّتَيْنِ ، وَمِنْهُمْ مَنْ أُعْطِيَ الثَّلَاثَ وَالْأَرْبَعَ ، وَمِنْهُمْ مَنْ أُعْطِيَ فَرَقًا ، وَمِنْهُمْ مَنْ أُعْطِيَ وَسْقًا ، وَمِنْهُمْ مَنْ أُعْطِيَ أَكْثَرَ مِنْ ذٰلِكَ»

«Melekler dediler :

— Yâ Rab, Arş'dan büyük bir şey yarattın mı? Allahu Teâlâ :
— Evet, aklı yarattım, buyurdu. Melekler :
— Yâ Rab, ne kadar büyüktür? Allahu Teâlâ :
— Kumların sayısını bilir misiniz? Melekler :
— Hayır, yâ Rab, Allahu Teâlâ :
— İşte aklın da büyüklüğünü bilemezsiniz. Ben, aklı kum sayıları gibi sınıflara ayırdım. Kimisine bir tâne, kimisine iki tâne, kimisine üç tâne, dört tâne, bâzısına bir farak, bâzısına vesk (176) diğer bâzılarına da daha çok verilmiştir, buyurdu.» (177)

Eğer, bâzı mutasavvıfenin aklı ve aklî ilimleri kötülemelerinin sebebi nedir diye sorarsan :

Bilmiş ol ki, bunun sebebi, insânların aklı ve aklî ilimleri birbirlerini ilzâm için mücâdelelerde kullanmaları ve akıl ve ma'kûl isimlerini, mücâdele ve münâzaraya nakletmeleridir. Halbuki münâzara, söz san'atıdır. Sûfilerin onlara: «Siz bu lâfızda yanıldınız, kelâm san'atı başka, aklî ilimler başkadır.» deyip mes'eleyi anlatmağa gücleri

(176) Bunlar eski ölçeklerdendir.

yetmedi. Çünkü eskiden yeniye, onlara böyle intikal ettiği için, onların kalbinden bunu çıkarmak imkânı yoktu. Bu sebebten sûfîler, akıl ve ma'kûlü kötülemek zorunda kaldılar. Amma zemm ettikleri, o mânâlar daki akıl ve ma'kûldür.

Kalbe konan ve Allahu Teâlâ ile Resûlü bilmeğe yarayan akıl nûrunu yenmek asla düşünülemez. Bizzat Allahu Teâlâ'nın medhettiği bu akıl yerilirse öğülecek başka ne kalır?

Eğer öğülen Peygamber'in getirdiği şerî'at ise, bunun doğruluğu ne ile bilinmiştir? Eğer yerilen, kötülenen akıl ile bilindi ise böyle akıl ile bilinen de mezmûmdur.

Şerî'at'ın doğruluğu akıl ile değil, îmân nûru ve yakîn gözü ile bilindi diyenin sözünde kıymet yoktur. Zîra biz, akıl demekle onların, yakîn gözü ve îmân nûru dedikleri şeyi kasd ediyoruz. Bu, eşyanın hakîkatini idrâk için insânı, diğer canlılardan ayıran bir iç duygu hasletidir.

Bu sürçmelerin çoğu, hakîkati sözlerde arayan halkın cehâletindendir. Lâfzların delâlet ettiği şeylerde insânlar hatâya düştükleri için onlar da hatâya düştüler.

Aklın şerefini îzâh etmek husûsunda, bu kadarı kâfîdir. Her şeyi olduğu gibi bilen, ancak Allahu Teâlâ'dır.

BİRİNCİ BÂB

İLMİN, TA'LİM VE TA'ALLÜM'ÜN FAZİLETİYLE BUNLARIN AKLÎ VE NAKLÎ DELİLLERİ BEYÂNINDADIR.

İLMİN FAZİLETİ

KUR'ÂN-I KERİM'DEN DELİLLER :

«شَهِدَ اللّٰهُ أَنَّهُ لاَ إِلٰهَ إِلاَّ هُوَ وَالْمَلاَئِكَةُ وَأُولُوا الْعِلْمِ قَائِماً بِالْقِسْطِ»

«Allah, şu hakıykatı : Kendinden başka hiç bir Tanrı olmadığını, adâleti ayakta tutarak (delilleriyle, âyetleriyle) açıkladı. Melekler (bunu ikrâr etti, hakiki) ilim saahibleri (nebiler, âlimler) de (böylece inandı.)» (3 - Âl-i 'İmrân : 18)

Bak! Allahu Teâlâ nasıl kendi zâtiyle başladığı şehâdette, ikinci derecede melekleri, üçüncü derecede de ilim ehlini zikretmiştir. Allahu Teâlâ'nın ilme verdiği kıymeti anlatmağa yalnız bu âyet bile kâfidir.

«يَرْفَعِ اللّٰهُ الَّذِينَ آمَنُوا مِنْكُمْ وَالَّذِينَ أُوتُوا الْعِلْمَ دَرَجَاتٍ»

«Allah içinizden îmân edenleri yüceltir; bunlardan kendilerine ilim verilmiş olanları ise, kat kat derecelerle yükseltir.» (58 - Mücâdele : 11)

Bu âyetin tefsirinde İbn Abbâs (R.A.) Hazretleri buyuruyor ki: «Âlimler ile câhiller arasında yedi yüz derece fark vardır. Her derecenin arası da beş yüz senelik yol kadardır.»

«قُلْ هَلْ يَسْتَوِي الَّذِينَ يَعْلَمُونَ وَالَّذِينَ لاَ يَعْلَمُونَ»

«De ki, hiç bilenlerle bilmeyenler bir olur mu?» (39 - Zümer : 9)

www.ihya.org

«إِنَّمَا يَخْشَى ٱللَّهَ مِنْ عِبَادِهِ ٱلْعُلَمَاءُ»

«Kulları arasında Allahu Teâlâdan - en çok - korkanlar âlimlerdir.» (35 - Fâtır : 28)

«قُلْ كَفَى بِاللهِ شَهِيدًا بَيْنِي وَبَيْنَكُمْ وَمَنْ عِنْدَهُ عِلْمُ الْكِتَابِ»

«De ki, benimle sizin aranızda Allah ve bir de nezdinizde kitâb bilgisi bulunanların şahâdeti kâfidir.» (13 - Ra'd : 43)

«قَالَ الَّذِي عِنْدَهُ عِلْمٌ مِنَ الْكِتَابِ أَنَا آتِيكَ بِهِ»

«Nezdinde kitâbdan ilmî olan, dedi ki: Onu (Belkis'in tahtını) sen gözünü kırpmadan sana getiririm.» (27 - Neml : 40)

Bu âyet-i celîlede, bu mühim işin ilim sâyesinde başarıldığına tenbîh vardır.

«وَقَالَ الَّذِينَ أُوتُوا الْعِلْمَ وَيْلَكُمْ ثَوَابُ اللهِ خَيْرٌ لِمَنْ آمَنَ وَعَمِلَ صَالِحًا»

«Kendilerine ilim verilenler, yazık size dediler, inanıp iyi işler yapanlar için Allahu Teâlâ'nın sevâbı daha hayırlıdır.» (28 - Kasas : 80)

Bu âyet-i celîlede de âhiretin derecesinin, ilim ile anlaşılabileceğine tenbîh vardır.

«وَتِلْكَ الْأَمْثَالُ نَضْرِبُهَا لِلنَّاسِ وَمَا يَعْقِلُهَا إِلَّا الْعَالِمُونَ»

«İşte misâller! Biz onları insânlar için irâd ediyoruz. Âlim olanlardan başkası, onları anlamaz.» (29 - Ankebût : 43)

www.ihya.org

«وَلَوْ رَدُّوهُ إِلَى الرَّسُولِ وَإِلَىٰ أُولِي الْأَمْرِ مِنْهُمْ لَعَلِمَهُ الَّذِينَ يَسْتَنْبِطُونَهُ مِنْهُمْ»

«Eğer onu (o hükmü) Peygamberlere ve kendi aralarındaki ulü'l-emirlerine (âlimlerine) havâle etselerdi (Peygamber bileceği gibi) onlardan o hükmü oradan çıkarabilenler de bilirlerdi.» (4-Nisâ: 83)

Hak Teâlâ hâdiselerdeki hükmünü anlamayı âlimlerin çalışıp çıkarmasına havâle buyurmakla, onları peygamberler seviyesine yükseltmiştir.

«يَا بَنِي آدَمَ قَدْ أَنْزَلْنَا عَلَيْكُمْ لِبَاسًا يُوَارِي سَوْآتِكُمْ وَرِيشًا وَلِبَاسُ التَّقْوَىٰ»

«Ey Âdem oğulları size, (şeytanın açmak istediği) çirkin yerlerinizi örtecek bir libâs, bir de giyib süsleneceğiniz bir libâs indirdik. Takvaa libâsı ise, o, daha hayırlıdır» (7-A'râf: 26)

Âyet-i celîlede «libas» kelimesinden murâd i l i m'dir. (Çünkü ilim, cehâlet ayıplarını örter.) «Riş» ise y a k î n ve «libâsu't-takvâ» h a y â'dır.

«وَلَقَدْ جِئْنَاهُمْ بِكِتَابٍ فَصَّلْنَاهُ عَلَىٰ عِلْمٍ»

«Hakîkaten biz onlara öyle bir kitâb gönderdik ki, inanacak herhangi biri insân topluluğuna, doğru yolu göstermek ve rahmet olmak için, tam bir ilim üzere onu kısım kısım ayırdık.» (7-A'raf: 52)

«فَلَنَقُصَّنَّ عَلَيْهِمْ بِعِلْمٍ»

«Behemehal onlara her şeyi bilerek haber vereceğiz.» (7-A'raf: 7)

www.ihya.org

«إِنَّمَا يَخْشَى اللَّهَ مِنْ عِبَادِهِ الْعُلَمَاءُ»

«Kulları arasında Allahu Teâlâdan - en çok - korkanlar âlimlerdir.» (35 - Fâtır : 28)

«قُلْ كَفَى بِاللَّهِ شَهِيدًا بَيْنِي وَبَيْنَكُمْ وَمَنْ عِنْدَهُ عِلْمُ الْكِتَابِ»

«De ki, benimle sizin aranızda Allah ve bir de nezdinizde kitâb bilgisi bulunanların şahâdeti kâfidir.» (13 - Ra'd : 43)

«قَالَ الَّذِي عِنْدَهُ عِلْمٌ مِنَ الْكِتَابِ أَنَا آتِيكَ بِهِ»

«Nezdinde kitâbdan ilmi olan, dedi ki: Onu (Belkis'in tahtını) sen gözünü kırpmadan sana getiririm.» (27 - Neml : 40)

Bu âyet-i celîlede, bu mühim işin ilim sâyesinde başarıldığına tenbîh vardır.

«وَقَالَ الَّذِينَ أُوتُوا الْعِلْمَ وَيْلَكُمْ ثَوَابُ اللَّهِ خَيْرٌ لِمَنْ آمَنَ وَعَمِلَ صَالِحًا»

«Kendilerine ilim verilenler, yazık size dediler, inanıp iyi işler yapanlar için Allahu Teâlâ'nın sevâbı daha hayırlıdır.» (28 - Kasas : 80)

Bu âyet-i celîlede de âhiretin derecesinin, ilim ile anlaşılabileceğine tenbîh vardır.

«وَتِلْكَ الْأَمْثَالُ نَضْرِبُهَا لِلنَّاسِ وَمَا يَعْقِلُهَا إِلَّا الْعَالِمُونَ»

«İşte misâller! Biz onları insânlar için irâd ediyoruz. Âlim olanlardan başkası, onları anlamaz.» (29 - Ankebût : 43)

www.ihya.org

«إِنَّ الْحِكْمَةَ تَزِيدُ الشَّرِيفَ شَرَفاً، وَتَرْفَعُ الْمَمْلُوكَ حَتَّى يُدْرِكَ مَدَارِكَ الْمُلُوكِ»

«Muhakkak hikmet, şerefli adamın şerefini arttırır, köleleri demelikler seviyesine yükseltir.» (7)

Peygamber Efendimiz (S.A.) bu hadîsi ile, ilmin dünyâdaki ehemmiyetini anlattı. Âhiret, ebedî ve daha hayırlı olduğuna göre, ilmin oradaki faydasının daha üstün olacağı aşikârdır.

«خَصْلَتَانِ لاَ يَكُونَانِ فِي مُنَافِقٍ: حُسْنُ سَمْتٍ وَفِقْهٌ فِي الدِّينِ»

«İki haslet var ki, bunlar münâfıkta bulunmaz: Güzel sîret ve ahlâk ile, dîn ilmi.» (8)

İçi dışına, sözü işine uymıyan bu zamânın bâzı dîn âlimlerine bakıp bu hadîsin doğruluğundan sakın şüphe etme. Çünkü Peygamber Efendimizin (S.A.) dîn âlimi buyurduğu kimselerden kasdı, senin zannettiğin ibâdet ve muâmele âlimi değildir. Bu ilim, ilerde açıklanacaktır. Bunun en ednâ [düşük] derecesi, âhiretin dünyâdan hayırlı olduğunu bilmektir. Bunu böyle bilip hakikaten inanan kimse, n i f â k, r i y â ve benzerî fenâ hâllerden uzaklaşır.

Yine Peygamber Efendimiz (S.A.) buyuruyorlar:

«أَفْضَلُ النَّاسِ الْمُؤْمِنُ الْعَالِمُ الَّذِي إِنِ احْتِيجَ إِلَيْهِ نَفَعَ، وَإِنِ اسْتُغْنِيَ عَنْهُ أَغْنَى نَفْسَهُ»

«İnsânların en efdali, bir mü'min âlimdir ki, gerektiği zamân yardım eder, gerekmediği zamân da kendi kendine kalır.» (9)

«İmân çıplaktır, elbisesi takvâ, süsü utanmak, meyvesi ise ilimdir.» (10)

«أَقْرَبُ النَّاسِ مِنْ دَرَجَةِ النُّبُوَّةِ أَهْلُ الْعِلْمِ وَالْجِهَادِ أَمَّا أَهْلُ الْعِلْمِ فَدَلُّوا النَّاسَ عَلَى مَا جَاءَتْ بِهِ الرُّسُلُ، وَأَمَّا أَهْلُ الْجِهَادِ فَجَاهَدُوا بِأَسْيَافِهِمْ عَلَى مَا جَاءَتْ بِهِ الرُّسُلُ»

«Peygamberlik derecesine insânların en yakını, âlim ve mücâhidlerdir. Âlimler, peygamberlerinin buyruklarına insânları irşâd ederler. Mücâhidler ise, Peygamberlerin buyruğu üzere, silâhlariyle harbederler.» (11)

«İnsânlar, altun, gümüş mâdenleri gibi - ayrı ayrı değer taşıyan - mâdenlerdir. Müslümân olmadan hâtırı sayılanlar, bilgin müslümân olunca - İslâmiyette de - hâtırlıdırlar.» (13)

Yine buyuruyorlar :

«Beni, Allahu Teâlâ'ya biraz daha yaklaştıracak yeni ilim edinemediğim günün doğmasında, benim için hayır yoktur.» (20)

Âlimin, ibâdet edenden daha kıymetli olduğunu anlatmak üzere de şöyle buyuruyorlar :

«فَضْلُ الْعَالِمِ عَلَى الْعَابِدِ كَفَضْلِي عَلَى أَدْنَى رَجُلٍ مِنْ أَصْحَابِي»

«Âlimin âbid'e nisbetle değeri, ashâbımdan - derece bakımından - en küçüğü üzerine olan faziletim gibidir.» (21)

Bakınız Hazret-i Peygamber (S.A.), ilmi, nasıl Peygamberlik derecesine yükseltmiş ve tamâmen ilimsiz ibâdet olamıyacağı gibi, her ne kadar devâm ettiği ibâdette azıcık ilmi varsa da, bilgiden soyulmuş amelin derecesini de, nasıl düşürmüş oldu.

«فَضْلُ الْعَالِمِ عَلَى الْعَابِدِ كَفَضْلِ الْقَمَرِ لَيْلَةَ الْبَدْرِ عَلَى سَائِرِ الْكَوَاكِبِ»

— Ey Allah'ın Resûlü, biz amelden soruyoruz, siz ilimden cevâb veriyorsunuz, deyince, Peygamber Efendimiz (S.A.) :

— İyi biliniz ki, Allahu Teâlâ'yı bilerek yapılan az amel fayda verir. Fakat cehâletle yapılan amel, çok da olsa fayda sağlamaz. Buyurmuşlardır.» (29)

İSLÂM BÜYÜKLERİNİN SÖZLERİNE GELİNCE :

Hazret-i Ali (R.A.) **Kümeyl'e** hitap ederek: «Ey Kümeyl, ilim mâldan hayırlıdır. Çünkü malı sen koruyacaksın, fakat ilim seni korur. İlim hâkim, mâl mahkûmdur. Mâl sarf etmekle azalır, ilim sarfiyatla çoğalır.» buyurmuştur. Yine Hazret-i Ali (R.A.) : «Bir âlim, gündüzleri oruçlu olduğu hâlde harb eden, geceleri de ibâdetle geçiren mücâhid âbid'den daha üstündür. Bir âlimin ölümü ile İslâm âleminde açılan boşluğu, onun gibi yetişecek bir âlimden başkası dolduramaz.» demiştir. Yine Hazret-i Ali (R.A.) bir manzûmesinde şöyle buyuruyor :

(29) İbn Abdülberr, Enes'den.
(30) Taberânî, Ebû Mûsâ'dan.

«Övünmek ancak ehl-i ilme mahsûstur. Çünkü onlar doğru yolda oldukları gibi arzû edenlere de doğru yolu gösterirler.

Herkesin derecesi bilgisi ile ölçülür. Câhiller ise, âlimlere düşmândırlar.

Âlim ol ki, ölmeyesin. Çünkü insânlar ölür, fakat âlimler diridirler.»

Ebû'l - Esved: «İlimden daha değerli bir şey olamaz; çünkü sultânlar insânlara hükm ederken, âlimler sultânlara da hâkimdir.» diyor.

İbn Abbâs (R.A.) : «Süleymân Aleyhisselâm mâl, ilim ve hükümdârlık arasında muhayyer iken ilm'i tercîh etti ve bu sâyede diğer ikisine de mâlik oldu.» buyuruyor.

İbn Mübârek'e sordular :

«— Kâmil insânlar kimdir? İbn Mübârek :

— Âlimlerdir, dedi. Yine sordular :

— Melikler kimlerdir? İbn Mübârek :

— Zâhidler [Dünyâyı terk edip Allah için çalışanlar]'dır, dedi.

— Alçak seviyeli insânlar kimlerdir? diye sorulunca İbn Mübârek:

— Dîn kisvesi altında dünyâ menfaati sağlıyanlardır,» diye cevâb vermiş ve âlimden başkasını kâmil insân saymamıştır. Çünkü insânın diğer cânlı mahlûklardan ayrılığı, ilmi sâyesindedir. İnsân hangi husûsiyetle diğerlerinden ayrılırsa, kemâlî de o sâyededir. Şüphesiz, insânın diğer mahlûkattan imtiyâzlı olması, güç ve kuvvetiyle değildir! Çünkü deve kendisinden kuvvetlidir. Vücûd iriliğiyle de değildir. Çünkü fil insânların hepsinden büyüktür. Yiğitlikle de değil; zîra arslan herkesden yüreklidir. Çok yemesiyle de değil! Çünkü öküzün karnı daha büyüktür. Bunun gibi cinsî münâsebet bakımından da değil. Çünkü bu husûsta da, en küçük mahlûkattan olan serçe kuşu, insanlardan daha kudretlidir. Şu hâlde insân, ancak ilim için [Allah'ı bilmek için] yaratılmıştır.

Diğer bâzıları: «Câhillerin kazançları ile âlimlerin zararlarının ne olduğunu bilemedim» demişlerdir. Hattâ bu husûsta Peygamber Efendimiz (S.A.) de şöyle buyuruyorlar :

«مَنْ أُوتِيَ الْقُرْآنَ فَرَأَى أَنَّ أَحَدًا أُوتِيَ خَيْرًا مِنْهُ فَقَدْ حَقَّرَ مَا عَظَّمَهُ اللهُ تَعَالَى.»

«Kur'ân'ı okuyup anlıyan kimse buna karşılık başkasındaki varlığı daha üstün görürse; Allahu Teâlâ'nın büyüttüğünü küçültmüş olur.»

Feth-i Mûsılî: «Yemek içmekten kesilen hasta misâli, gibi, ilim ve hikmetten mahrûm kalb de ölüme mahkûmdur» diyor. Bu söz doğrudur; çünkü vücûdun gıdâsı yemek içmek olduğu gibi, kalbin gıdâsı da ilim ve hikmettir. Kalb de bunlarla yaşar. İlimsiz kalb ölüme mahkûmdur. Fakat aşırı korku, yaranın acısını duyurmadığı gibi, aşırı dünyâ sevgisi de bu hissi ibtâl etmiştir. Ölüm, dünyâ telâşesini kaldırınca, ayılan sarhoş veyâ korkuyu atan insânın sızılarını acı acı duyması gibi, bu hastalık da, bütün çıplaklığıyle ortaya çıkar, insân helâk olduğunu anlar, tahassür içinde kalır. Fakat ne fayda? Nitekim **«İnsânlar uykudadır; ölünce uyanırlar»** buyurulmuş, fakat bu son nedâmetin fayda vermiyeceği de anlatılmıştır. Perdenin aradan kaldırılacağı büyük günden Allah'a sığınırız.

Hasan-ı Basrî: «Âlimlerin mürekkebi şehidlerin kanıyle tartılır ve ağır gelir.» demiştir. İbn Mes'ud (R.A.): «İlim yok olmadan okuyun; ilmin yokluğu, âlimlerin vefâtıyladır. Varlığım kudretinde olan Allahu Teâlâ'ya yemin ederim ki, Allah uğrunda ölen hakîkî şehidler, âlimlere verilen yüksek dereceleri görünce, âlim olmak için tekrâr dünyâya gelmeği arzû edeceklerdir. Doğrusu şu ki, kimse âlim olarak doğmamıştır. İlim, çalışıp öğrenmekle elde edilir» buyuruyor.

İbn Abbas (R.A.): «Benim için gecenin, azıcık bir vaktini ilme ayırmak, bütün geceyi ibâdetle geçirmekten daha sevimlidir.» demiştir.

Hasan-ı Basri: «Allahu Teâlâ'nın,

«رَبَّنَا آتِنَا فِي الدُّنْيَا حَسَنَةً وَفِي الْآخِرَةِ حَسَنَةً.»

«Ey Rabbimiz, bize dünyâda da hasene ver, âhirette de hasene ver.» (2 - Bakara: 201) âyet-i celîlesinde zikredilen dünyâdaki haseneden murâd, ilim ve ibâdet, âhiretteki hasene'den murâd da Cennettir» buyurmuştur.

Hakîmin [olgun kişi] birisine: «Neyi sermâye edinelim?» diye sormuşlar. Cevâbında: «Gemi battığı zamân sizinle kalabilecek sermâyeyi seçin.» demiştir. Gemi'nin batması insânın ölümüyle te'vîl edildiğine göre, kendisiyle kalacak sermâyesinin de, ilim olduğu anlaşılır.

Diğer bâzıları: «Hikmete uyan kimseye insânlar uyar ve onu öncü kabûl ederler. Hikmet sâhibleri, dâimâ tâzim ve hürmet görür.» demişlerdir.

www.ihya.org

İmâm Şâfiî: (Allah ona rahmet etsin) şöyle buyurmuştur: «İlmin husûsiyetindendir ki, az da olsa ondan payı olan sevinir, olmıyanlar da dâimâ mahzûn kalır.»

Hazret-i Ömer (R.A.): « Ey insânlar! İlim öğrenin, Allahu Teâlâ hüsn-i niyyetle okuyanlara yücelik hil'ati giydirir. Hatâları varsa, bu hil'atı geri almamak için, kendisine üç def'a hitâb eder. Bu hatâlar ölünceye kadar devâm etse de, yine böyle olur.» demiştir.

Ahnef (Allah rahmet etsin): «Âlimler efendi olmaya lâyık kimselerdir. İlimsiz ululuğun sonu zillettir.» demiştir.

Sâlim b. Cad: «Ben köle idim. Beni üçyüz dirheme satın alan bir zât âzâd edince, kendime iş aradım ve okumağı tercîh ettim. İlim sâyesindedir ki, aradan çok zamân geçmeden, beni ziyâretc gelen pâdişâhı kabûl etmedim.» demiştir.

Zubeyr b. Ebûbekir: «Babam Irak'da bana yazdığı bir mektûbda şöyle diyordu: Oku. Çünkü ilim, fakirliğinde servet, zenginliğinde ziynettir» demiştir.

Hz. Lokman da, oğluna aynı tavsiyelerde bulunmuş ve demiştir ki: «Oğlum! Âlimler meclisine devâm et. Bahar yağmuru ile yeri yeşillendiren Allah, hikmet nûru ile de, mü'minlerin kalbini aydınlatır.»

Diğer bâzıları: «Âlimin ölümüne, denizde balıklar ve havada kuşlara varıncaya kadar her şey ağlar. Dâimâ sîması canlandırılır ve hâtıraları anılır» demişlerdir.

Zuhrî: «İlim lâfzı müzekkerdir. Onu hakîki yiğitler sever» demiştir.

«Okusunlar da diğerleri (muhârebeden) döndüklerinde onları korkutsunlar. Umulur ki, çekinirler.» (9 - Tevbe : 122)

Burada «inzâr» kelimesinden ta'lîm ve irşâd murâd edilmiştir.

«وَإِذْ أَخَذَ اللَّهُ مِيثَاقَ الَّذِينَ أُوتُوا الْكِتَابَ لَتُبَيِّنُنَّهُ لِلنَّاسِ وَلَا تَكْتُمُونَهُ»

«Şu günü hâtırla ki: Allah, Kitâb verilenlerden şöyle bir söz almıştı. Elbette onu insânlara anlatacak ve gizlemiyeceksiniz.» (3 - Âl-i İmrân : 187)

Bu âyet okutmayı farz kılar.

«وَإِنَّ فَرِيقًا مِنْهُمْ لَيَكْتُمُونَ الْحَقَّ وَهُمْ يَعْلَمُونَ»

«Şüphesiz, onlardan bir kısmı bilerek hakk'ı gizlerler.» (2 - Bakara : 146)

Bu âyet-i celîle hakk ilmi gizlemenin haram olduğunu beyân etmektedir. Nitekim lüzûmunda bildiğine şâhidlik yapmıyanlar hakkında da şöyle buyuruluyor :

www.ihya.org

«وَمَنْ يَكْتُمْهَا فَإِنَّهُ آثِمٌ قَلْبُهُ»

«Bildiğini gizleyenin kalbi muhakkak ki günâhkârdır.» (2 - Bakara : 283)

Peygamber Efendimiz de bu husûsta şöyle buyuruyorlar :

«مَا آتَى اللهُ عَالِماً عِلْماً إِلاَّ وَ أَخَذَ عَلَيْهِ مِنَ الْمِيثَاقِ مَا أَخَذَ عَلَى النَّبِيِّينَ أَنْ يُبَيِّنُوهُ لِلنَّاسِ وَلاَ يَكْتُمُوهُ»

«Allahu Teâlâ ilim verdiği âlimlerden de peygamberlerden aldığı misâk [söz] gibi, ilimlerini saklamayıp insânlara açıklamaları için, söz almıştır.» (40)

«وَمَنْ أَحْسَنُ قَوْلاً مِمَّنْ دَعَا إِلَى اللهِ وَ عَمِلَ صَالِحًا»

«Ben müslümânım deyip iyi ameller işleyerek Allah'a da'vet edenden daha güzel sözlü kimdir?» (41 - Fussılet : 33)

«اُدْعُ إِلَى سَبِيلِ رَبِّكَ بِالْحِكْمَةِ وَ الْمَوْعِظَةِ الْحَسَنَةِ»

«(İnsânları) Rabbinin yoluna hikmetle, güzel öğütle dâvet et!» (16 - Nahl : 125)

«وَيُعَلِّمُهُمُ الْكِتَابَ وَالْحِكْمَةَ»

«Ve onlara kitâb ve hikmeti öğretecek...» (3 - Âl-i İmrân : 48)

HADÎSLER :

«لَأَنْ يَهْدِيَ اللهُ بِكَ رَجُلاً وَاحِدًا خَيْرٌ لَكَ مِنَ الدُّنْيَا وَمَا فِيهَا»

«Senin yüzünden Allahu Teâlâ'nın bir kişiyi hidayete erdirmesi, senin için bütün varlığı ile dünyâdan hayırlıdır.» (41)

«مَنْ تَعَلَّمَ بَابًا مِنَ الْعِلْمِ لِيُعَلِّمَ النَّاسَ أُعْطِيَ ثَوَابَ سَبْعِينَ صِدِّيقًا»

«İnsânlara öğretmek için ilimden bir mes'ele öğrenen kimseye, yetmiş sıddîk sevâbı verilir.» (42)

İsâ Aleyhisselâm da şöyle buyurmuştur:

«مَنْ عَلِمَ وَعَمِلَ وَعَلَّمَ فَذٰلِكَ يُدْعَى عَظِيمًا فِي مَلَكُوتِ السَّمٰوَاتِ»

«Kim ki öğrenir, öğrendiği ile amel eder ve öğretirse, semâvatta [göklerde] tâzimle anılır.»

«إِذَا كَانَ يَوْمُ الْقِيٰمَةِ يَقُولُ اللهُ سُبْحَانَهُ لِلْعَابِدِينَ وَالْمُجَاهِدِينَ: ادْخُلُوا الْجَنَّةَ، فَيَقُولُ الْعُلَمَاءُ: بِفَضْلِ عِلْمِنَا تَعَبَّدُوا وَجَاهَدُوا، فَيَقُولُ اللهُ عَزَّ وَجَلَّ: أَنْتُمْ عِنْدِي كَبَعْضِ مَلَائِكَتِي، إِشْفَعُوا تُشَفَّعُوا فَيَشْفَعُونَ ثُمَّ يَدْخُلُونَ الْجَنَّةَ»

«Kıyâmet günü, Allahu Teâlâ âbid ve mücâhidlere:
— Girin cennete der.
Âlimler :
— Bizim öğretmemiz sâyesinde ibâdet ve mücâhede ettiler, deyince Hak Teâlâ :

şefâatiniz makbûldür buyurur. Onlar da şefâat edince Cennete girerler.» (43)

Bu şefâat hakkı, her âlime değil, bildiğini öğreten âlimlere mahsûsdur.

«إِنَّ اللهَ عَزَّ وَجَلَّ لاَ يَنْتَزِعُ الْعِلْمَ اِنْتِزَاعاً مِنَ النَّاسِ بَعْدَ أَنْ يُؤْتِيَهُمْ إِيَّاهُ وَلٰكِنْ يَذْهَبُ بِذَهَابِ الْعُلَمَاءِ فَكُلَّمَا ذَهَبَ عَالِمٌ ذَهَبَ بِمَا مَعَهُ مِنَ الْعِلْمِ حَتَّى إِذَا لَمْ يُبْقِ إِلاَّ رُؤَسَاءَ جُهَّالاً إِنْ سُئِلُوا أَفْتَوْا بِغَيْرِ عِلْمٍ فَيَضِلُّونَ وَيُضِلُّونَ»

«Muhakkak ki, Allahu Teâlâ verdiği ilmi insânlardan çekip almaz. Ancak âlimlerin ölmesiyle ilimler de gider. Hattâ din makaamları câhil başların elinde kalır. Kendilerine başvuruldukta yanlış fetvâlar vermekle kendileri sapıttıkları gibi insânları da şaşırtırlar.» (44)

«مَنْ عَلِمَ عِلْماً فَكَتَمَهُ أَلْجَمَهُ اللهُ يَوْمَ الْقِيَامَةِ بِلِجَامٍ مِنَ النَّارِ»

«Öğrendiği ilmi saklıyan âlimi, Allahu Teâlâ kıyâmet günü, ateşten gem vurmakla cezâlandırır.» (45)

«نِعْمَ الْعَطِيَّةُ وَنِعْمَ الْهَدِيَّةُ كَلِمَةُ حِكْمَةٍ تَسْمَعُهَا فَتَطْوِيَ عَلَيْهَا ثُمَّ تَحْمِلُهَا إِلَى أَخٍ لَكَ مُسْلِمٍ تُعَلِّمُهُ إِيَّاهَا تَعْدِلُ عِبَادَةَ سَنَةٍ»

Diğer bâzıları : «Âlim, Allah ile kul arasındadır; bu keyfiyete dikkat etsin.» demişlerdir.

Süfyân-ı Sevrî, Askalân şehrine gitti; orada bir müddet beklediği hâlde, kendisine bir şey soran olmayınca: «Bu diyârda ilim ölmüştür, artık benim beklememe lüzûm yok. vâsıta te'min edin gideyim.» dedi. Şübhesiz böyle demesi, öğreticiliğin üstün değerine ve faziletine hevesi ve ilmin devâmını sağlamak arzûsundandı.

Atâ (R.A.): «Sâid İbn Müseyyeb'i ziyâret ettim ve kendisini ağlar gördüm. Sebebini sorduğumda, kendisinden bir şey sorulmadığı için ağladığını söyledi.» demiştir.

Yine bâzı zevât : «Âlimler zamânın ışıklarıdır. Her âlim kendi asrını aydınlatır ve zamânının insânları onların ışığından aydınlanırlar.» demişlerdir.

Hasan-ı Basrî (Allah rahmet etsin) : «Âlimler olmasa insânların diğer cânlı varlıklardan farkı kalmazdı. Çünkü onların okutmasiyle insânlar insânlık seviyyesine ulaşırlar.» buyurmuştur.

Ikrime : «Bu ilmin bir kıymeti var, deyince; nedir? diye soranlara: Onun kadrini anlayıp koruyacak bir ehline vermektir.» buyurmuştur.

Yahyâ b. Muâz: «Âlimler, Muhammed Aleyhisselâm ümmetine anne ve babalarından da şefkatlidirler. Çünkü anne ve babaları onları dünyâ ateşinden, Âlimler ise, âhiret ateşinden korurlar.» buyurmuştur.

Denildi ki : **«İlim edinmek için riâyet edilecek usûller şunlardır: Sükût edib dinlemek, ezberlemek, bildiğini tatbik etmek ve sonra da başkalarına öğretmektir.»**

Yine denildi ki: **«Bilmeyene öğret, bilenden öğren ki, bildiğini korumuş ve bilmediğini öğrenmiş olasın.»**

Muâz b. Cebel: Okuyup okutanlar hakkında şunları söylemiştir : «Okuyun öğrenin, zira Allah için ilim edinmek Allah'a karşı ta'zim ve ibâdettir. Müzâkeresi tesbih, mübâhasesi mücâhededir. Bilmiyene öğretmek sadaka, liyâkatlisine bolca okutmak Allah'a yakınlıktır. İlim, yalnız ve kimsesiz yerlerde sıkıntıyı gideren bir arkadaş, doğru yola kılavuz, zorlukta kolaylık ve sabır merci'idir. İlim dostlar yanında vezîr, yabancılara yakınlıktır. Cennet yoluna ışık tutar. İlim sâyesinde Allahu Teâlâ bir kısım insânları yükseltir, iyi işlerinde izlerinden gidilen rehber ve öncü yapar. İyilikleri anılır, eserleri kalır. Melekler onları sever ve kanatlarını üzerlerine gererler. Yaş ve kurudan her ne varsa, denizdeki balıklar, karadaki canlı varlıklar ay

ve yıldızlara varıncaya kadar her şey, âlimler için Allahu Teâlâ'dan mağfiret dilerler. Çünkü ilim, kalb gözünü açar, karanlıkta gözlere ışık saçar, zayıflıkta bedene kuvvet verir, insânı yüksek mertebelere ve ebrâr derecesine ulaştırır. İlmi tefekkür, gündüz orucuna ve gece ibâdetine denktir. Allahu Teâlâ'ya İtâat, ibâdet, tevhîd, saygı, şübheli şeylerden korunmak, sıla-yı rahm'de bulunmak ilim ile olur. Helâl ve harâm ilim ile bilinir. İlim öncüdür; amel ise ondan sonra gelir. İyilere ilhâm olur; fenâlar ondan mahrûm olur.» Allahu Teâlâdan hüsn-ü tevfîk dileriz.

AKLÎ DELİLLER :

Bu bahiste açıklanmak istenen, ilmin fazîlet ve nefâsetidir. Faziletin ne demek olduğunu bilmiyen ve faziletten gâyenin ne olduğunu anlamıyanların, ilimde veyâ ilimden gayri şeylerde bir haslet olarak bulunduğunu idrâk etmelerine imkân yoktur. Şüphesiz ki, hikmetin ne demek olduğunu bilmeden, falan adam hakîmdir veyâ değildir demek, saçmalamaktan başka bir şey olamaz. O hâlde, biz de faziletin ne olduğunu anlıyalım.

Fazîlet, «fazl» kökünden gelir; ziyâdelik, artma ve çoğalma mânâsına, fazlalık demektir. Bir hükümde ortak olan iki şeyden birisine hâs bir ziyâdelik olursa, işte bunun diğerine fazileti var denir ki, bu ziyâdelik onun kemâli olur. Meselâ: At, merkebten efdaldir, denildiği zamân, bunların yük taşımakta ortak oldukları, fakat atın daha ağır yük taşımakta, düşmâna saldırmakta, koşup kaçmakta ve güzellikte merkepten üstün ve kemâlli olduğu anlaşılır. Hattâ attan büyük bir merkeb kabûl edilse, yine bir değer taşımaz. Çünkü bu ziyâdelik vücûd bakımındandır ki, bir kemâl sayılamaz. Hayvân cismiyle değil, vasıflarıyla değerlenir. Bu îzâhatı anladınsa, atta diğer hayvânlara nisbetle fazîlet olduğu gibi, diğer sıfatlara nisbetle de, ilmin bir fazîlet olduğunu anlayacağından şübhe edilmez. Atın hızlı gitmesi bir kemâl değil, belki atta ayrı bir husûsiyet ve üstünlüktür. Amma ilim, zâtında hiç bir şeye nisbet edilmeksizin mutlak bir fazîlet ve kemâldir. Çünkü ilim, Allahu Teâlâ'nın kemâl sıfatı, melek ve peygamberlerin şerefi ve mutlak bir fazîlettir. Akıllı atın, ahmak attan daha hayırlı olması keyfiyeti, hiç bir şeye izâfe edilmeksizin ale'l-ıtlak onun fazileti olması gibi.

İyi bil ki, rağbet bulan ve nefîs olan her şey üç sebebden biriyle rağbet görür ve beğenilir :

1 — Başka şeyi için, 2 — Zâtı için, 3 — Hem zâtı ve hem de başka şey için.

Elbette zâtı için rağbet gören, başkası için rağbet bulandan efdal ve şereflidir. Başkası için sevilen altun ve gümüştür. Bunlar, hadd-i

www.ihya.org

zâtında insânın hiç bir ihtiyâcını gideremiyen birer mâden parçasıdır. Eğer ticâret vâsıtası olmasalardı, çakıl taşlarından farklı sayılmazlardı.

Zâtı bakımından heves edilen, Allahu Teâlâ'nın cemâline bakmanın lezzetiyle âhiret saâdetine ulaşmaktır.

Hem zâtı ve hem de dolayısiyle istenip heves edilen, meselâ vücûd sağlığı gibi... İnsânın, ayaklarının sıhhatli olmasını istemesi, zâtı bakımından olur. Acı ve sancı duymaması gibi. Başka şey için olur. Arzû ettiği yere yürüyüp gidebilmesi gibi...

Bu îtibarla ilme baktığın zamân onu, kendi zâtında tatlı bulursun ve ilim de zâtı için istenilir. Üstelik ilim âhiret saâdetine vesîle ve Allah'a yaklaştıran bir vâsıta olması bakımından da gayri için sevilir. İnsân oğlunun en büyük rütbesi ve arzû ettiği şey de, bu saâdet ve bu saâdete ulaştıran vâsıtadır. Bu da ilim ve ilme dayanan ameldir. Amel de ilimsiz olamıyacağına göre, dünyâ ve âhiret saâdetinin aslı ve bütün ibâdetlerin efdali ilimdir. Nasıl olmasın ki, her şeyin kıymeti neticesiyle ölçülür. İlmin neticesi ise, yüksek makamlara ermek, melekleşmek ve Allahu Teâlâ'ya yaklaşmaktır. Buraya kadar anlattıklarımız, ilmin âhirete âit olan faydalarıdır.

Dünyâlığa gelince: İzzet ve vakar, melikler [hükümdârlar]'e söz geçirme ve tab'an hürmeti celb etme gibi hasletleri vardır. Türklerin en akılsızları ve Arabların eclafı bile, âlimlerine hürmeti tabiî bulurlar. Çünkü tecrübeleriyle onların daha bilgili olduklarını anlıyorlar. Yalnız insânlarda değil, hayvânlarda da, bu hassa mevcûttur. Hayvân da üstünlüğü takdîr eder ve bu anlayışladır ki, kendisinden üstün olan insâna 'itâat eder. Bütün bu saydıklarımız mutlak ilmin faziletidir. Halbuki ileride beyân edileceği üzere, ilimler de kısımlara ayrılır ve faziletleri îtibâriyle de ayrı kıymet taşırlar.

Bu îzâhatımızla, ilim öğretme ve öğrenmenin fazileti açıklanmış oldu. İlim her şeyden üstün olunca, elbette onu öğrenmeğe çalışmak da en üstün şeyi istemektir, öğretmek ise, en üstün faydayı sağlamaktır.

Bunun beyânı şöyledir: İnsânların maksadı, din ve dünyâlıkta toplanır. Dîn'in nizâmı ise, dünyânın nizâmına bağlıdır. Çünkü dünyâ âhiretin tarlasıdır. Dünyâ; kendisini ebedî bir vatan tanıyanları değil, bir köprü ve bir misâfirhâne kabûl edenleri, Allah'a ulaştıran bir vâsıtadır. Dünyânın nizâm ve imâreti ise, insânların çalışmalarına bağlıdır.

İnsânların iş, san'at ve meslekleri ise üç kısımda toplanabilir:

www.ihya.org

Birincisi : Yaşayabilmek için zarûrî olan işlerdir ki, bunlar da dörttür :

1 — Yiyecek te'mini için rençberlik,

2 — Giyecek te'mini için dokumacılık,

3 — Mesken te'mini için inşâat,

4 — Cemiyetin sevgi, saygı, yardımlaşma ve berâberliğini sağlamak için siyâset.

İkincisi : Bunlara yardımcı olup, yapılmalarına imkân veren işlerdir ki, bunlar da ikiye ayrılır:

1 — Rençberlik ve san'at için âlet hâzırlıyan demircilik işi.

2 — Dokumacılığa hizmet eden, hallaçlık ve eğirme işi gibi..

Üçüncüsü : Bütün bu işleri tamamlayıp süsleyen işlerdir. Bunlar da (rençberlikten alınan mahsûlü öğütüp) pişirmek, (giyim eşyasını) dikmek, boyamak ve yıkamak gibi işlerdir.

Bütün bunlar dünyâ hayâtına nisbetle, bir şahsın uzuvları mesâbesindedir ki, bunlar da üçe ayrılır:

1 — Kalb, ciğer ve beyin gibi asıl uzuvlar.

2 — Bu asıl uzuvlara hizmet eden mide, damar, şerayin, sinir ve veridler.

3 — Bu asılları tamâmlayıp süsleyen şeyler ki; deri, tırnak parmak ve kaş gibi...

Bu saydığımız san'atların en şereflisi asılları olup, asıllarının da en şereflisi siyâsettir. Bunun içindir ki, bu siyâset san'atı, menşeinde diğer san'atların aramadığı kemâlâtı ister. Yine bunun içindir ki, bu san'atın sâhibi, diğer san'atları kendine hizmet ettirir.

Beşeriyeti islâh ile dünyâ ve âhirette selâmete ulaştıracak doğru yolu gösteren siyâset, dört mertebedir :

Birinci ve en üstün mertebe: Peygamberlerin siyâseti, sevk ve idâresi olup; avâm ve havass, bütün insânların zâhir ve bâtınlarına hükmetmeleridir.

İkinci mertebe : Halife, melik ve sultânların siyâseti ve her sınıf insânlara hükmetmeleridir. Fakat bunlar yalnız zâhire hükmeder, bâtına te'sîr edemezler.

Üçüncü mertebe : Allahu Teâlâ'yı ve dînini bilen, peygamberlerin vârisi olan âlimlerin siyâsetidir ki, bunlar hiç bir sınıfın zâhiri işlerine karışmayıp kimseyi zecr ve men'edemiyecekleri gibi, umûm insânlar da kendilerinden istifâde edemez. Ancak münevver tabakanın bâtınına hitâb edebilirler.

www.ihya.org

Dördüncü mertebe: Vâizler'in siyâsetidir. Bunlar da ancak insânların avâm kısımlarının bâtınına hitâb ederler.

Siyâsetin şu dört mertebesinde nübüvvetten sonra en şereflisi, insânları, helâke sürükleyen, kötü hûylardan arıtıp saâdete ulaştıracak güzel hûylar ile süsleyen şeyin, ilmin en büyük faydası olduğunda şübhe yoktur. İşte ilim öğretmekten gâye de budur.

İlmin diğer san'atlardan üstün olduğunu söyledik. Bunun îzâhı şöyledir: San'atın değeri üç şey ile bilinir:

Birincisi: O san'atı bilmeye vesile olan garîza ve mizâca mürâcaat etmekle. Akli ve müsbet ilimlerin, lûgat ilmine olan üstünlüğü gibi. Çünkü müsbet ilimleri bildiren akıldır. Lûgatı öğreten ise işitme hassasıdır. Akl'ın işitmeden üstün olduğu aşikârdır.

İkincisi: Umumî faydalarını düşünmek ile, rençberliğin kuyumculuğa üstünlüğünü düşünmek gibi...

Üçüncüsü: Üzerinde işlenen madde ile kuyumculuğun debbağlığa üstünlüğü gibi. Birisinde altun, diğerinde ise, ölü hayvan derisi üzerinde iş görülüyor.

Şübhe yok ki, âhiret yolunu aydınlatan dini ilimler, tam akıl ve keskin zekâ ile elde edilir.

İleride açıklanacağı gibi, akıl, insân oğlunun en üstün vasfıdır. Çünkü Allahu Teâlâ'nın emânetleri, akıl sâyesinde kabûl edilir ve yine akıl sâyesindedir ki insân, Allahu Teâlâ'nın rızâsına mazhar olur.

İlmin umûmî faydalarına gelince; bunda hiç şüphe edilmez. Çünkü netîcesi ebedî saâdettir.

Mahallinin şerefine gelince: (Bu da gizli değildir.) Nasıl gizli olsun ki, ilim öğretenler insânların kalbleri ve akılları üzerinde tasarruf ederler. Yeryüzündeki en üstün yaratık insân, insânın en değerli cüz'ü ise kalbidir. İlim öğreten, kalbi olgunlaştırmak, temizlemek, cilâlandırmak ve rızâyı ilâhiye yaklaştırmakla meşgûldür. Binâenaleyh her cihetten, ilim efdaldir, şereflidir.

Hülâsa ilim öğretmek, bir bakımdan Allah için ibâdet, başka bir bakımdan Allahu Teâlâ'ya vekâlettir. Hem de en büyük vekâlet. Çünkü Allahu Teâlâ, en hâs sıfâtı olan ilmi, âlim'in kalbine yerleştirdi. Âlim, Allahu Teâlâ'nın en değerli cevherlerinin hazînedârı gibidir. Bundan, bütün muhtâçlara infakda izinlidir. Cennet-i me'vâ'ya ulaştırmakta ve Allahu Teâlâ'ya yaklaştırmakta, Allahu Teâlâ ile kulları arasında vâsıta olmaktan daha üstün rütbe olabilir mi? Allah kendi lütûf ve keremiyle bizleri de bu gibi kullarından eylesin.

Habîbine ve bütün hayırlı kullarına salât ve selâm olsun.

İKİNCİ BÂB

BU BÂB MAHMÛD VE MEZMÛM [ÖĞÜLEN VE YERİLEN] İLİMLERİN AKSÂM VE AHKÂMI BEYÂNINDADIR. BURADA FARZ-I AYN VE FARZ-I KİFÂYE OLAN İLİMLER İLE, KELÂM VE FIKIH İLMİNİN, NE DERECEYE KADAR DİN İLMİNDEN SAYILACAĞI VE AHİRET İLMİNİN FAZİLETİ ANLATILACAKTIR.

FARZ-I AYN OLAN İLİMLERİN BEYÂNI

Resûlullah (S.A.V.) buyurdu ki:

«طَلَبُ الْعِلْمِ فَرِيضَةٌ عَلَى كُلِّ مُسْلِمٍ»

«İlim öğrenmek her müslümâna farzdır.» (56)

Diğer bir hadîsde de:

«أُطْلُبُوا الْعِلْمَ وَلَوْ بِالصِّينِ»

«İlim, Çinde bile olsa öğreniniz.» (57) buyuruluyor.

Her müslümânın bilmesi farz olan ilmin hangisi olduğu husûsunda insânlar ihtilâfa düşmüş ve bu husûsda yirmiyi aşan fikir öne sürülmüştür. Tafsilâta girmeden bunları şöyle hülâsa edebiliriz. Her fırka kendi mevzûunun öğrenilmesini farz-ı ayn kabûl etmiştir. Kelâmcılara göre bilinmesi farz-ı ayn olan, **kelâm ilmi**'dir. Çünkü Allahu Teâlâ'nın varlığı, birliği, zâtı ve sıfatları kelâm sâyesinde bilinir. Fakihlere göre: **Fıkıh ilmi**'dir. Çünkü ibâdet ve muâmelenin helâl ve harâm kısımlariyle, mutlak helâl ve harâm fıkıh ilmiyle

öğrenilir. Bu ilimlerin gâyeleri de ender tesâdüf edilecek ince mes'eleler değil, belki ferdlerin muhtâç olduğu günlük mes'elelerin hallidir. Tefsîr ve hadîs âlimleri :Bu ilimden maksad **Kur'ân ve Hadîs** olduğunu söylerler. Çünkü diğer ilimler bunlar sâyesinde elde edilir. Sofiyye ise **tasavvuf ilmi**'ni öne sürerler ki, bunlar da kollara ayrılır. Bir kısmı, bu ilimden gâye, insanın kendi hâlini ve Allah katındaki makaamını bilmesidir, derler. Diğer bir kısmı da ihlâs ve nefsin âfetlerini bilmek, Şeytan'ın vesvesesi ile meleğin ilhâmını ayırabilmektir derler.

Diğer bâzılarına göre de, ilm-i bâtın'dır. Bu ilim de erbâbına farzdır der ve bu sûretle hadisi umûmu şümûlünden çıkarmış olurlar. Bunun gibi Ebû Tâlib-i Mekkî de: «Mebâni-i İslâm hadisinin tazammun ettiği ilimdir» der. Bu («Mebâni-i İslâm» hadisi.)

«بُنِيَ الْإِسْلَامُ عَلَى خَمْسٍ : شَهَادَةِ أَنْ لَا إِلٰهَ إِلَّا اللهُ .»

«İslâm dini beş esâs üzerine kurulmuştur: Allahu Teâlâ'nın varlığına, birliğine şehâdet getirmek...» (58a)

diye başlayan hadîsdir. Çünkü farz olan bu beş şeydir. Elbette bunların farz olma keyfiyyetiyle tatbîk şekillerini de bilmek farzdır.

Bu husûsda, şüpheyi kaldıracak son sözün, bizim anlatacağımız olacağı kanâatindeyiz. O da **Mukaddime**'de anlattığımız gibi, ilmin: **Muâmele** ve **Mükâşefe ilmi** olarak ikiye ayrılması ve burada aranan ilm'in ise muâmele ilmi olmasıdır.

Âkil ve bâliğ kulların yapmakla mükellef oldukları üç şey vardır:

1 — İ'tikad [inanmak].
2 — Fiil [İnandıklarını yapmak.]
3 — Terk [Yasak edilenleri yapmamak].

Yaş haddinin tamâmlanması veyâ rüyâlanmakla erginleşen akıllı kimselere evvelâ farz olan şey, anlıyarak şehâdet getirmek, yâni Allah'ın birliğini ve Peygamberin risâletini tasdik etmektir. Bu şehâdet, taklid ile de mümkündür. Bunun için delil aramağa, kıyâs ve kaziyyeler tertibe lüzûm yoktur. Gâye, şek ve şüpheden uzak, kat'î bir inançtır. Böyle bir inanç bulundu mu maksad hâsıl olur. Bizzât Peygamber Efendimiz, Arab câhillerinin tasdik ve ikrâriyle iktifâ eder,

www.ihya.org

ayrıca kendilerine delil öğretmezdi. Binâenaleyh inanarak ve anlıyarak şehâdet getiren, ilk vazifesini yapmış ve o ân için başka bir farzı kalmamıştır. Şâyet o ânda ölse, itâat etmiş bir mü'min olarak ölür.

Bundan sonra gelen mükellefiyetler, ayrı ve başka sebeblere dayanır, ki bunlar herkes hakkında zarûri değildir. Hattâ çok kimseler bâzı mükellefiyetler hâricinde kalırlar.

Bu mükellefiyetleri icâb ettiren sebebler **fiil, terk ve i'tikad** ile alâkalıdır:

Fiil ile alâkalı mükellefiyetler:

Kuşluk vakti, îmân etmiş bulunan bir müslümânın öğleye kadar yaşamasiyle kendisine yeni bir farzın düşmesi gibi. O da öğle vaktinin girmesiyle, şartı olan temizlik ile beräber, namâzı bilmesidir. Hiç bir arıza ve engeli yok iken, tam öğle vaktini bekledikten sonra, namâz'ın şart ve rükünlerini vakit çıkıncaya kadar öğrenemiyecekse, vakit girmeden hazırlanması farzdır, denirse de; farz olan amelin şartı olan bilginin farz olması, o amelin farz olmasından sonradır da denebilir. Buna göre de namâz bilgilerini namâz vakti girmeden öğrenmekle mükellef değildir. Diğer vakit namâzları da bunun gibidir.

Eğer Ramazana kadar yaşarsa, kendisine yeni bir farz daha düşer. O da oruç ile alâkalı hükümlerdir. Oruç vaktinin imsâktan akşama kadar olduğunu, farz olan niyet ile yemek içmek ve temâsdan çekinmek olduğunu ve bu hâlin Şevvâl ayına kadar devâm ettiğini bilmektir.

Sonradan zenginleşir veyâ zengin olarak ergin olursa, kendisine yeni bir farz daha düşüyor. O da ne kadar zekât vereceği ve bunun hemen değil, artıcı olan malın, bir sene elinde kaldıktan sonra verileceği gibi hükümlerini bilmesidir. Hattâ her çeşit mal'ın değil, ancak kendi elindeki mal cinsinin zekâtını öğrenmekle mükelleftir. Eğer yalnız devesi varsa, deve zekâtını bilmek yeter. Diğer mallarda da hüküm böyledir.

(Hac farizasına gelince); bu fevrî yâni acele olmadığı için hac mevsiminde hemen hac mes'elelerini öğrenmekte acele lâzım değildir. (58b)

(58b) Şâfi'î ve Hanbelîlere ve bizim imâmlardan Muhammed'e göre, hüküm böyle olmakla beräber, İmâm-ı a'zam, İmâm-ı Mâlik ve bir sözünde Ebû Yûsuf «fevrî yâni zengin olduğu senenin hac mevsiminde hac etmek borçtur, tehiri günâhtır. Ancak hayâtında hac etmek mümkün olursa tehir mes'uliyeti kalkar. Şüphesiz mâzeret hâlleri müstesnâdır.» buyuruyorlar.

www.ihya.org

Fakat İslâm ulemâsına yakışan, azık ve binit gibi gerekli imkânlara sâhib olana, haccın te'hirî olarak farz olduğunu bildirmektir. Hattâ çok kerre hemen hac etmek isterse o vakit hac keyfiyetini de hemen öğrenmek farzdır. Öğrenilmesi farz olan, haccın erkân ve vecîbeleridir. Sünnetlerini öğrenmek farz değil; sünnetler nâfile ibâdet olduğundan öğrenilmeleri de farz değil, nâfile'dir. O ânda asıl haccın kendisine farz olduğunu ona duyurmamanın harâm olup olmadığına dâir söz, fakîhlere âittir; bizi alâkadar etmez. Yapılması gereken diğer farz-ı ayn'larda da hüküm böyledir.

Terk edilmesi farz olan şeyleri öğrenmeğe gelince :

Bunları da hâle nazaran öğrenmek elzemdir. Bu da şahsın vaziyetine göre değişir. Çünkü: Bir dilsizin «şu sözü söylemek yasaktır» bir körün «şuna bakmak harâmdır», bir Bedevî'nin «şu yerlerde oturmak memnû'dur» diye öğrenmeleri farz değildir. Şu hâlde yapılması gereken şeyleri öğrenmenin farz olması da şahsiyyet itibâriyledir. İnsânın yapamıyacağı yasaklardan değil, yapması mümkün olan yasaklardan îkaz edilmesi lâzımdır. Meselâ: Bulunduğu muhîtte müslümânlar arasında ipek giyen, başkasının malını zorla alan veyâ nâmusa tecâvüz edenler varsa, bunların harâm olduklarını öğretmek lâzımdır. Şu ânda değil, fakat ileride yapmak ihtimâli olan kimse de aynı hükümdedir. Hattâ bulunduğu muhîtte içki ve domuz eti kullanılıyorsa onun da bu yasağı yapmasını göz önünde tutarak bunların harâm olduklarını öğretmek farzdır. Öğretilmesi farz olan her şeyi öğrenmek de farzdır.

İ'tikad ve kalb işlerine gelince :

İçinde doğacak şübheleri giderecek kadar ilim edinmesi farzdır. Eğer şehâdet kelimesinin mânâsında şübhe ederse, bu şübheyi izâle edecek kadar ilim öğrenmesi farzdır. Eğer kendisinde böyle bir şüphe uyanmaz ve kendisi de henüz Allahu Teâlâ'nın kıdemini ve âhirette görüleceğini ve Allahu Teâlâ'nın, hâdisâta mahal olmadığını ve bunlara benzer i'tikad mes'elelerini öğrenmeden ölürse, mü'min olarak öldüğünde icmâ vardır. Fakat insanın kalbine doğacak bu gibi hâtıralar, bâzan kendi tabiatı ve düşüncesinden, bâzan da başkalarından duymakladır. Eğer erginlik çağında, çocuk böyle kelâm münâkaşalarının alıp yürüdüğü bir muhîtte ise, lâyık olan kendisini bu felsefeden korumak ve evvelâ yalnız hakk'ı öğretmektir. Çünkü: Boş bir cevher olan o çocuğun kalb ve beynine evvelâ o şüphe uyandıracak şeyler doldurulursa bunları atmak farz olur. Halbuki bu da bâzan çok güç olur. Nasıl ki tefeciliğin çoğaldığı bir memlekette alış - veriş eden bir müslümânın, kazancının helâl olabilmesi için, meşrû' kazanç yollarını

www.ihya.org

öğrenmesi ve tefecilikten çekinmesi kendisine farz ise, farz-ı ayn olan ilimler için de vaziyet böyledir. Bunun mânâsı, olan işin keyfiyyetini bilmektir. Kim farz olan ilmi ve farz olduğu vakti bilirse, farz-ı ayn olan ilmi de bilmiş olur.

Sofiyyenin, farz-ı ayn hakkında: «Meleğin ilhâmiyle Şeytanın vesvesesini ayırmaktır» demeleri de doğrudur. Fakat bu, herkes hakkında değil, ihtiyâcı olana, gönlünde böyle şeyler doğan kimseye mahsûstur. Vaktâ ki insan oğlu çok kerre kendini gösteriş, çekememezlik ve benzeri kötü arzûlardan koruyamaz oldu ise, insânı perişan eden bu hâllerden de korunacak kadar bilgi edinmesi farzdır. Bu ilim kendisine nasıl farz olmasın! Zîra Peygamber Efendimiz bir hadîsi şerîfinde şöyle buyuruyor:

«ثَلَاثٌ مُهْلِكَاتٌ: شُحٌّ مُطَاعٌ، وَهَوًى مُتَّبَعٌ وَإِعْجَابُ الْمَرْءِ بِنَفْسِهِ»

«Üç şey insanı helâk eder: Son derece cimrilik, tamâmen arzûlarına uymak ve kişinin kendini beğenmesi.» (59)

Halbuki bunlardan kimse kendini kolay kolay kurtaramaz. Ileride anlatacağımız kibir ve benzeri gibi diğer kalbî hastalıklar, Hadîs-i Şerîfde açıklanan bu üç esâsa bağlıdır. Bu hastalıkları tedâvi, sâhiplerine farz-ı ayndır. Bunları tedâvi için de mâhiyyet, menşe' ve alâmetlerini bilip teşhislerini koyup tedâvi çârelerine baş vurmak gerekir. Çünkü: Fenâlığı bilmeyen, fenâlığa düşebilir. İlâç demek hastalığı zıddiyle tedâvi demektir. Teşhîsi konulmayıp ilâcı bilinmeyen hastalık elbette tedâvi edilemez.

Bu mühlikât arasında saydıklarımızın çoğunu bilmek farz-ı ayn iken ne yazık ki topyekûn insânlar lüzûmsuz şeylerle vakit geçirir de bunları ihmâl ederler.

Müslümân çocuğuna inanması için, şehâdet kelimesinden sonra bunun tamâmından sayılan: Öldükten sonra dirilmeği, hisab'ı, mizan'ı, cennet ve cehennemi de öğretmek lâzımdır. Bu gencin, Peygamber'in Allah tarafından gönderilmiş bir resûl olduğuna inandıktan sonra, tebliğ ettiği risâletin de ne demek olduğunu anlaması lâzımdır. O da Allah ve Resûlüne itâat edenin cennet'e, bunları tanımayıp isyân edenin ise cehennem'e gideceğini bilmektir.

(59) Bezzâr ve Taberânî, Enes'den.

www.ihya.org

Şu söylediklerimize dikkat edersen doğru yolun bu olduğunda şüphen kalmaz. Yine anlarsın ki insân oğlu gece ve gündüz her hâlü kârında, ibâdet ve muâmelesinde kendisini alâkadar eden yeni bir hâdiseyle karşı karşıyadır. Her karşılaştığı ve karşılaşacağı vak'alar için de yeni bilgi edinmesi, sorup öğrenmesi lâzımdır.

Peygamber Efendimizin: **«İlim öğrenmek her Müslümâna farzdır»** buyurduğu hadisindeki **«El - ilmu»** kelimesindeki lâm-ı ta'rifinde ifâde ettiği gibi, öğrenilmesi farz olan ilimden gâyesinin müslümânlar üzerine farz olan amel ilmi olduğu anlaşıldığı gibi, bizim beyânâtımızla da bunların farz olma zamânı açıklanmış oldu. Her şeyi olduğu gibi bilen ancak Allahu Teâlâ'dır.

FARZ-I KİFÂYE OLAN İLİMLER

Bilmiş ol ki, ilimlerin kısımlarını, şerhetmeden, farz olanları ile olmayanlarını ayırmak mümkün olmaz. İlimler, esâs itibariyle ikiye ayrılır:

1 — ŞER'İ İLİMLER: Yâni, hisâb gibi akıl ile, tabâbet gibi tecrübe ile, lûgat gibi işitmekle bilinmeyip ancak Peygamberlerden öğrenilen ilimler.

2 — ŞER'İ OLMAYAN İLİMLER: Yâni diğer vâsıtalar ile elde edilen ilimler. Bunlar da **mahmûd, mezmûm** ve **mübâh** olmak üzere üçe ayrılır.

Mahmûd olanlar, dünyâ işlerini düzene koyacak, insânların sıhhatini koruyacak ve ihtiyâçlarını cevâplandıracak tıb ve hisâb ilmi gibi ilimlerdir, ki bunlar da **farz-ı kifâye** ve **fazilet** olmak üzere iki kısma ayrılır.

Farz-ı kifâye olanlar: Dünyâ işlerini tanzim için lâzımdırlar. Tıbâbet gibi ki, insân oğlunun sıhhatli olarak yaşayabilmesi için zarûridir.

Hesâb gibi ki, bu ilim de, alış - veriş, mirâs, vasiyet ve bütün muâmelâtta zarûridir.

Şu ilimleri bir beldede bilen bulunmazsa halk zorlukla karşılaşır ve hepsi birden mes'ûl olur. Fakat ihtiyaç nisbetinde bir veyâ bir kaç bilenin bulunması kâfidir. (Artık hepsinin muhâsib veyâ tabib olmasına lüzûm kalmaz) ve bu sûretle diğerleri de bu vecibeden kurtulmuş olur.

Tıb ve hisâbın farz-ı kifâyeden olduklarına dâir beyânâtımıza şaşmayın. Hakikat şu ki: Bütün san'atların asılları aynı hükümde

www.ihya.org

olup farz-ı kifâyedirler. Rençberlik, dokumacılık, siyâset, dikicilik, tabâbet vesâire gibi... Çünkü: Bir memleketin tabibi olmazsa hastalık çoğalır, insânlar işinden gücünden kalır, tâkattan kesilir ve nihâyet ölüme mahkûm olur. Derdi veren Allah dermânını da yarattı. Kullarına, o devâyı bulacak kabiliyeti bahşetti ve faydalanmaları için sebebini de izhâr ettir. Körü körüne ihmâl neticesi ölüme mahkûm olmak doğru olmaz.

Öğrenilmesi farz olmayarak fazilet sayılan ilimlere gelince:

Bunlar da saydığımız bu ilimlerin, çok ender lâzım olacak en ince teferruâtına inmektir. Elbette ki bu da, lâzım olan kısımları anlamayı kolaylaştırması bakımından bir fazilet ve üstünlüktür.

Mezmûm (olup yerilen) ilimlere gelince:

Bunlar dinde yeri olmayıp, hiç bir fayda sağlamıyan, sihr, tılsımât, şu'beze, telbisât gibi ilimlerdir.

Mübâh, (yâni ne yasak ve ne de öğrenilmesi mecbûrî) **olan ilimlere gelince:** Çok ileri gitmemek şartiyle, eğlence olmayan şiirleri öğrenmek, eski târihlerle meşgûl olmak, bunlara misâl olarak zikr edilebilir.

Anlatmak istediğimiz şer'i ilimlerin hepsi **makbûl**'dür. Ancak, hakikatte şer'i olmayan bâzı bilgiler de araya karışırsa **mezmûm** olur.

Bunların şer'i ilimlerden olduğu zannedilmiş olmasına binâen, dinî ilimler de **makbûl** ve **mezmûm** olmak üzere ikiye ayrılır.

ŞER'İ İLİMLERİN KISIMLARI

Makbûl olan şer'i ilimler: **Usûl, fürû', mukaddimât** ve **mütemmimât** olmak üzere dörde ayrılır:

BİRİNCİ KISIM — (Asıl olan ilimler) : **Kitâb, Sünnet, İcmâ' ve Sahâbenin yolu**'dur. Kitâb ve sünnet asıl olmakla berâber, sünnete delâleti bakımından ümmetin ittifakı [icmâ'] da üçüncü derecede bir asıldır. Ashâb-ı kirâm, vahye şâhid oldukları gibi sonradan gelenlerin bilmediği bir çok şeylere yetişmişlerdir. Bâzan görünüşün anlattıklarını yazılar anlatamaz. Bu sebeblerden âlimler onlara uymağı ve izlerinden gitmeği uygun buldular. Bunun da muâyyen yolları ve husûsî şartları var ki, burada onlarla meşgûl olmak uygun düşmez. (60)

(60) Burada kıyâs-ı fukahâ'dan bahsedilmiyor. Çünkü: Kıyas, bu üç tânenin fer'î ve usûl âlimlerinin vazifesidir; aynı zamânda Hanefî'lere göre, kıyâs, hükmü isbât edemez, belki izhâr eder.

www.ihya.org

İKİNCİ KISIM — Fürû' adını taşır ki, bu da bu asıllardan çıkarılan ilimlerdir. Fakat bunların anlaşılması sözün gelişigüzel mânâsından değil, belki akl-ı selîmin tenbihiyle genişleyen keskin zekânın konuşulan sözlerden, o sözle alâkalı başka mânâlar çıkarmasiyledir. Nitekim Peygamber Efendimizin şu hadisinden çıkarılan mânâ gibi:

«لاَ يَقْضِي الْقَاضِي وَهُوَ غَضْبَانُ»

«Kadı, gadablı iken hüküm vermez.» (61)

Gadab kelimesinin asıl mânâsı, hışım iken, bundan def'-i tabiî ihtiyâcı, açlık ve hastalığı varken hüküm vermez mânâsını anlamışlardır.

Bu fürû' ilmi de ikiye ayrılır :

1— Dünyâ işlerinin tanzîmi ile alâkalı ilimler : Bunları fıkıh kitâbları anlatır ve bunlarla meşgûl olanlara **«fakih»** adı verilir. Bunlar dünyâ âlimleridir.

2 — Âhiret işlerinin tanzimi ile alâkalı ilimler : Bunlar da kalb'-in, iyi ahlâk kötü ahlâk ve Allahu Teâlâ katında sevilen ve sevilmeyen hâllerini bildiren ilimlerdir. Kitâbımızın son kısmı bunu anlatır. Âdet ve ibâdette kalbden a'zalara sirayet eden hâlleri de bu kitâbın birinci bâbı içine alır.

ÜÇÜNCÜ KISIM — İlimlere mukaddime olup âdetâ ilimleri elde etmeğe birer âlet kabilindendir. Lûgat ve nahv ilmi gibi. Bunlar hadd-i zâtında dini ilimlerden değildir. Ancak Kur'ân ve Hadîs dinî ilimlerin anlaşılmalarında lâzımdırlar. Çünkü : Kitâb ve Hadîs Arab lisânı üzerine olduğundan, dînimizi anlayabilmek için bu ilimlere muhtâcız. Bunun gibi yazı öğrenmek de lâzımdır. Şu kadar ki lisân kadar zarûrî değildir. Çünkü : Peygamber Efendimiz de ümmî idi [okuryazar değildi]. Hattâ her söylenen ezberlenip unutulmasaydı yazı ihtiyâcı da azalmış olurdu. Fakat bu mümkün olamadığından yazı da zarûrî bir ihtiyâçtır.

DÖRDÜNCÜ KISIM — Bu saydığımız üç kısmı tamâmlayan ilimlerdir ki, bunlar da biri Kur'ân, diğeri Hadîs ile alâkalı olmak üzere ikiye ayrılır :

Kur'ân-ı Kerîm ile alâkalı tamâmlayıcı ilimler üçe ayrılır :

1 — Kur'ân-ı Kerîm'in okuma şeklini, harflerin okunuş ve çıkış yerlerini bildiren ilim [Kırâat ve Maharicu'l - Hurûf].

(61) Buhârî ile Müslim, Hz. Ebû Bekir'den.

www.ihya.org

2 — Kur'ân-ı Kerîm'in mânâsını anlamakla alâkalı ilimler. Tefsîr gibi. Tefsîr işi de menkûle dayanır. Yalnız Arab lisânını bilmek yetmez.

3— Kur'ân-ı Kerîm'in ahkâmiyle alâkalı ilimler. Bunlar: **Nâsih** [Kur'ân-ı Kerîm âyetlerinin eski hükmünü kaldıran yeni hüküm], **mensûh** [Kaldırılan hüküm], **âmm** [Çok mânâsı olan], **hâs** [Tek mânâsı olan], **nass** [Konuşma san'atiyle sözün mânâsı çok açık olan], **zâhir** [Düşünmeden anlaşılan] gibi husûslar ve bunların bâzılariyle amel edip bâzılariyle amel etmemek keyfiyyeti beyânında olan ilimlerdir. Bunları anlatan ilme **«Usûl-i fıkh»** denir ki, bu sünnete de şâmildir.

Hadîs ve haberleri tamâmlayan ilimler: Hadîs âlimlerini isimleriyle, soylariyle, sahâbenin isim ve sıfatlariyle, râvilerde doğruluğu ve zayıfı kuvvetliden ayırmak için, râvilerin hâlini ve hattâ mürsel hadîsi müsnedden ayırmak için yaşlarını bildiren ilimdir.

İşte bu saydıklarımızın hepsi mahmûd ve öğrenilmesi farz-ı kifâyeden olan dînî ilimlerdir.

Eğer **«Fıkh'ı** niçin dünyâ ilmine, fakîhleri de dünyâ âlimleri meyânına kattın?» dersen, bil ki; Allahu Teâlâ, Âdemi topraktan çıkardı Neslini de çamur suyundan ve atılan bir parça sudan yarattı ve onları babanın belinden ananın rahmine, oradan da dünyâya çıkardı; sonra kabre, sonra da huzûruna, sonra yâ cennete veyâ cehenneme attı. İşte başlangıçları, işte neticeleri ve varacakları yerler. Dünyâyı da, azık olmağa yarayacak kısmını almak için, âhiret kazancı olarak yarattı. Eğer insân dünyâdan dürüst bir şekilde faydalansa, dedikodu ve husûmetler ortadan kalkar ve kendiliğinden fıkh ilmi de düşerdi. Lâkin dünyâya tama' ile sarılmaları, düşmânlığı doğurduğundan, onları idâre edecek hükûmete ihtiyâç hâsıl oldu. Hükûmet reisi de bu husûsda kanunlara muhtaç oldu. İşte **«fakîh»** bu siyâset kanunlarını yapan ve halk arasındaki çekişmeleri kaldırmanın yolunu bilen aracı bir kimsedir. Fakîhler, milleti idâre eden hükûmet adamlarının hocaları ve çekişmelerde halkı idâre etmenin doğru yollarını gösteren kimselerdir. Ömrüme yemin ederim ki! Fıkıh ilmi [Hukuk] dünyâ ile alâkalı olduğu kadar din ile de alâkalıdır. Lâkin din ile alâkası, dünyâ vasıtasıyladır. Zira **«Dünyâ, âhiretin tarlasıdır.»** Din, dünyâ ile tamamlanır. Din ile sultanlık [devlet idâresi] arkadaştır, ikizdir. Dîn asıl [kök]'dır, pâdişah [hükûmet] onu korur. Kökü olmayan yıkılmağa mahkûm olduğu gibi korunmayan temeller de yıkılır, yok olur. Mülkün tamâmlanması ve korunması hükûmetle mümkündür. Husûmetlerde mülkü korumak ve nizâmı kurmak da fıkıhla halledilir.

Halkı, siyâsetle idâre, bizzât dînden olmayıp, ancak dîn'in kendi-

www.ihya.org

siyle tamâmlanabileceği şeylere yardımcı olduğu gibi, idâre ve nizâm yollarını bildiren fakîh de bunun gibidir.

Nitekim hacca gidenler haydutlardan korunmak için muhâfıza muhtâçtır; (muhâfız olmadan bu farizeyi yapamaz.) Fakat bunun hacc ile münâsebeti çok uzaktır. Çünkü : Hacc başka, bu yola girmek başka, haccı tamâmlayacak olan yolda muhâfaza ve korunmanın kanun ve hîlelerini bilmek başka bir şeydir. İşte fakîhler de hacc yolculuğuna çıkan zâtların emniyetle yolculuklarını te'mîn için korunma çârelerini bildiren kimselere benzerler. Onun hacc ile alâkası ne derece ise, fakîhlerin de dîn ile alâkası o nisbettedir ki, dördüncü derecede kalıyor. Bu dâvamıza Peygamber Efendimizin şu hadisi açıkça şâhittir :

«لَا يُفْتِي النَّاسَ إِلَّا ثَلَاثَةٌ : أَمِيرٌ أَوْ مَأْمُورٌ أَوْ مُتَكَلِّفٌ»

«İnsânlara ancak üç kimse fetvâ verebilir. Emir, me'mûr ve mütekellef.» (62)

«Emir», imâm ve hükümdârdır. «Me'mûr» onun nâibidir «Mütekellef» ise, ihtiyâç olmadığı hâlde, kendi kendine yorulup taklid yolu ile fetvâyâ kalkışan kimsedir.

Halbuki Sahâbe-i kirâm, âhiret ve Kur'ân'dan sorulduklarında hemen cevâb verdikleri hâlde, fetvâ vermekten kaçınır ve fetvâ işini yekdiğerine havâle ederlerdi. Hadîs'deki «Mütekellef» yerine bâzı rivâyette «El - murâi» yazılmıştır. Çünkü : Fetvâ için tâyin edilmediği halde kendi kendine taklid ile fetvâya atılan kimsenin gâyesi mâl ve mevki talebinden başka bir şey olmadığı için riyânın tâm kendisidir.

Eğer : «Senin bu söylediklerin, dünyâ nizâmı için olan cezâlarda, diyet, kısâs ve dâvalarda haklıyı haksızdan ayırmak gibi kısımlarda doğrudur. Fakat ibâdetten olan namâz ve oruç mes'eleleriyle muâmelâttan olan helâl ve harâmı ta'yin etmekte doğru olamaz. «Çünkü : Bunlar tamâmen dînî'dir.» dersen cevâben deriz ki: «Bir fakîhin âhiret amellerine en yakın olarak mevzû-ı bahs ettiği şeyler İslâmiyet, namâz, zekât, helâl - haram olmak üzere üç'dür. Düşünürsen bunlarda da fakîhin görüşleri dünyâdan öteye geçemez. Bunların da dünyâyı alâkadar eden işler olduğunu anladıktan sonra artık diğerlerinde şübhe kalmaz.

(Şimdi bu üç şeyi teker teker ele alarak dünyevî olduklarını açıklayalım :)

Fakîhler, İslâmiyetin sıhhat, fesad ve şartlarından bahsederler;

ancak insanın sözüne, diline bakar, ona göre hüküm verirler. Kalb ise fakîhin idâre ve tahakkümü hâricinde kalır. Çünkü: Bizzât Peygamber Efendimiz kılıç kuşanan kumandan ve başkanları [Erbâbu's-süyûf ve's-saltana'yı] kalbe müdâhaleden men' etmiştir. Nitekim kelime-i şehâdet söyleyen kimseyi öldürene:

— Kelime-i şehâdet getirdiği hâlde niçin öldürdün? diye sorunca:

— Yâ Resûlallah, korkudan söyledi, yoksa kalbinden inanmadı, diye özür beyân etmesi üzerine Peygamber Efendimiz:

«هَلاَّ شَقَقْتَ عَنْ قَلْبِهِ»

«Kalbini yardın da baktın mı?» (63) dedi.

(Yâni: «Kalbi, senin vazîfen değil, diline bak.» diye kalbi aramadan men' ettiler.) Belki fakîh, kılıç altında şehâdet getirenin İslâmiyetinin doğruluğuna hükmeder. Bununla berâber iyi bilir ki, İslâmiyet onun kalbine işlememiş, cehâlet ve şaşkınlık perdesini kaldırmamış, niyyetine düzeltmemiştir. Ancak kılıcın sâhibine işâret ediyor, çünkü bir yandan malına el atılırken, öte yandan da kılıç boynuna inmek üzeredir. İşte yalnız diliyle getirdiği şehâdet, boynunu ve malını kurtarmış oluyor; bu ise dünyâlıktır. Bu sebepten Peygamber Efendimiz şöyle buyuruyorlar:

«أُمِرْتُ أَنْ أُقَاتِلَ النَّاسَ حَتَّى يَقُولُوا لاَ إِلَهَ إِلاَّ اللهُ فَإِذَا قَالُوهَا فَقَدْ عَصَمُوا مِنِّي دِمَائَهُمْ وَأَمْوَالَهُمْ»

«Ben insânlarla «Lâilâhe illallah» deyinceğe kadar harb etmekle emrolundum. Bunu dediler mi cân ve mâllarını benden korumuş olurlar.» (64)

Peygamber Efendimiz, şehâdetin faydasını, bunu ikrâr edenlerin mâl ve cânlarının korunmasiyle beyân buyurdu. Âhirette ise malın fayda vermiyeceği meydândadır. Âhirette ancak kalbin ihlâsı ve nûru fayda verir ki, bu da fıkh ile alâkalı değildir. Eğer bir fıkh âlimi bundan bahsetmek isterse, kendi ihtisâsı hâricinde kalan, tabâbet ve kelâmdan bahsetmesine benzer.

Namâza gelince: Bir fakîh namâz kılan kimse, her ne kadar Allah huzûrunda olduğunu unutur ve zihni ile çarşıdaki işlerini ayarlamak ile meşgûl olursa da Allah rızâsı için tekbir alıp zâhirî şart ve erkânına riâyet ederek kılanın namâzının sıhhati ile fetvâ verir. Halbuki kalbe nüfûz etmeyen şehâdetin Allah indinde kıymeti olmadığı gibi bu namâzın da âhirette bir faydası yoktur. Fakîh: «Bu namâz sahîhdir.» derken, evet Hak Teâlâ'nın emrine uydu ve bu sâyede ta'zîrden kendini kurtardı demek ister.

Huşû-i bâtınî ve namâza kalıbıyla girdiği gibi kalbiyle girme keyfiyyeti ki asıl âhiret ameli budur. Zâhirî ameller ancak bununla fayda verir; fakîh ise buna karışmaz, çünkü mevzûu dışındadır.

Zekâta gelince: Fakîh, zenginin, vermekten yüz çevirdiği vakitte pâdişahın zenginden cebren alacağı miktârı, zenginin ödeyip ödemediğine bakar. Zengin, bu muâyyen miktârı verdiği vakit, fakîh de zengin için: «Berâet-i zimmet etmiştir» der.

Hikâye edildi ki: Kadı İmâm Ebû Yûsuf, zekât borcunu düşürmek için sene tamâmlanacağı sırada malını âilesine hibe eder, sonra da âilesi kendisine hibe eder ve bu sûretle mâl, bir sene bir elde kalmazmış. Bu hâl, İmâm-ı A'zam'a duyuruldu; İmâm-ı A'zam da: «Evet, bu onun fıkh bilgisindendir.» dedi. Evet bu, dünyâ fıkhından olduğu tasdîk edildi. Fakat bu âlimin âhirette zararı, her cinâyetten üstündür; çünkü bu gibi ilimler zararlı ilimlerdir.

Helâl ve harâma gelince: Evet harâmdan kaçınmak dindârlıktır. Lâkin bunun da dört derecesi vardır:

1 — Şehâdeti kabûl olacak derecede vera'dır ki, bu kadarından çekinmezse velîlik ve mahkemelerde şâhidlik hakkını kaybeder. Bu da açık olan harâmlardan sakınmaktır.

2 — Sâlihlerin vera'ıdır ki, bu da helâl ve harâm olması ihtimâli dâhilinde bulunan şüpheli şeylerden korunmaktır.

Nitekim bu husûsda Peygamber Efendimiz:

«دَعْ مَا يَرِيبُكَ إِلَى مَا لَا يَرِيبُكَ»

«Sana kuşku veren ve seni şüpheye düşüren şeyleri bırak da, şüphe vermiyen şeyleri yap.» (65)
buyurmuşlardır. Ayrıca:

(65) Tirmizi, Hasan b. Ali'den.

www.ihya.org

«أَلْإِثْمُ حَزَّازُ الْقُلُوبِ»

«Günâh, kalb'in titremesidir. (Yâni; herhangi bir işi yaparken) kalb'in huzûr içinde olmalıdır. Eğer kalb'in çarpıyorsa o iş makbûl değildir.» (66) buyurmuşlardır.

3 — Muttakilerin vera'ıdır ki, bu da harâma sebep olması ihtimâli olan helâlı terk etmektir. Nitekim Peygamber Efendimiz bir hadîs-i şerîfinde :

«لاَ يَكُونُ الرَّجُلُ مِنَ الْمُتَّقِينَ حَتَّى يَدَعَ مَالاَ بَأْسَ بِهِ مَخَافَةَ مِمَّا بِهِ بَأْسٌ»

«Kişi, zararlı şeylere düşmek korkusundan, zararsız gibi görülen şeyleri terk etmedikçe muttakilerden olamaz.» (67)

buyurmuşlardır. Meselâ : Gıybete düşmek korkusuyle insânların vaziyetinden bahsetmemek, şehvetinin galeyanı sebebiyle bâzı yanlış yollara sapmak ihtimâlini göz önüne alarak, esâsında helâl olan, cânının her arzû ettiği şeyi yemekten çekinmek gibi.

4 — Sıddîklar vera'ıdır. Bu da her ne kadar kendini harâma düşürmeyecekse de, Allah'a yakınlığı artmayacak şekilde ömründen bir cüz'ünün boşa geçeceği korkusundan, bütün mevcûdiyetiyle Allah'a teveccüh edip her şeyden yüz çevirmektir.

İşte vera'nın şu dört derecesi de - yalnız birinci derece hariç - fakîhlerin mesleği dışında kalır. Birinci derece ise, maddî hayâtta şehâdetinin makbûl olup olmıyacağı keyfiyetidir ki bu, âhiretteki mes'ûliyyetten insânı korumaz. Nitekim Peygamber Efendimizin Vâbise'ye olan şu sözü bunu te'yid eder :

«اِسْتَفْتِ قَلْبَكَ وَإِنْ أَفْتَوْكَ وَإِنْ أَفْتَوْكَ وَإِنْ أَفْتَوْكَ»

«Sana her ne kadar fetvâ verseler bile, sen kalbine danış. Yâni :

(66) Beyhaki, İbn Mes'ûd'den.

www.ihya.org

Müftüler sana her ne kadar cevâz fetvâsı verseler de, sen kalbine bak, eğer kalbin huzûr bulmadı ve tatmîn edilmediyse vaz geç, o işi yapma.» (68)

Halbuki fakîhler kalbin titremesinden ve kalb ile amel keyfiyyetinden bahsetmezler; belki adâlette aranan miktâr ile kifâyet ederler.

Anlaşıldı ki, fakîhin bütün hükümleri, âhiret yolu kendisiyle düzenlenecek olan dünyâ ile alâkalıdır. Eğer bu arada bilmünâsebe kalbe müteâllik bir şey söylerse bu söz bi'l-asâle değil, belki bi't-tebâiyyedir. Nitekim bâzan da mevzû arasına tabâbet, hisâb, ilm-i nücûm ve kelâmdan bâzı sözler karıştığı olur. Yine hikmetin nahiv ve şiire karışması gibi...

Süfyân-ı Sevrî, Ulûm-i zâhirede bir imâm iken : «Bu ilm-i zâhirin, âhirette bir kârı yok.» derdi. Halbuki şeref, gereğiyle amel edilen ilimde olduğunda ittifak vardır. Bu ilmin, zihâr [hanımını annesine benzetmekteki hüküm], li'ân [şâhitsiz zinâda karı kocanın karşılıklı lânetleşmesindeki hüküm], selem [ticârî muâmeledeki hüküm], icâre [kirâdaki hüküm] ve sarf [borçların ödeme mahallini gösteren hüküm] ilimleri ‹ ›:uğu nasıl zannedilir? (Zâten fakîhin meşgûl olduğu bunlardır.) Allah'a yakınlık için bunlarla meşgûl olmak ahmaklıktan başka bir şey değildir. Amel, kalb ve âzalar ile yapılandır. Şeref de bundadır.

Eğer : «Sen tabâbet ile fıkhı bir tutuyorsun, halbuki tıb sıhhat-i bedeni iltizam edinmesi bakımından tamâmen dünyevîdir; fıkh ise dünyevî olmakla beràber, Allah'ın emrine, nehyine uyulması bakımından dini tanzim eder; aralarındaki fark bârizdir. Senin bunları müsâvî tutman Müslümânların icmâ'ına aykırıdır» dersen, bilmiş ol ki : Aralarında fark vardır ve beyânâtımızından da anlaşılacağı veçhile müsâvat lâzım gelmez; belki fıkh üç yönden şereflidir.

1 — Fıkh, Peygamber'den öğrenilmesi bakımından Şer'î ilimdir. Halbuki tıb şer'î ilimlerden değildir.

2 — Hasta olsun sağlam olsun, âhiret yolcularından hiç biri fıkh dan müstağni kalamaz. Fakat tıbba, nisbeten ekalliyeti teşkil eden hastalar muhtâçtır.

3 — Fıkıh ilmi, âhiret ilminin komşusudur. Çünkü a'zâlar ile amel keyfiyyetinden bahseder ki, bunların menşei kalb ve kalbin hâlleridir. Amellerin güzelleri âhirette makbûl olan güzel hûydan meydâna gelir. Kötü işler de fenâ hûydan meydâna gelir. A'zâların kalb ile olan alâkası gizli değildir; amma, sağlamlık, hastalık kalbin vasıflarından

www.ihya.org

değil, bedenin vasfı olan mizac bozukluğundandır ki, kalb ile alâkası yoktur. Fıkıh ilmi tabâbete nisbetle şereflidir; âhiret ilmi de fıkha nisbetle şerefli ve üstündür.

AHİRET YOLU İLMİNİN KISIMLARI

Son haddine kadar tafsili mümkün olmamakla beraber, eğer âhiret ilminin bir nebze tafsilini bilmek istersen âgâh ol ki: Âhiret yolunu gösteren ilim, mükâşefe ve muâmele olmak üzere ikiye ayrılır.

BİRİNCİ KISIM : Mükâşefe ilmi adını alır ki, buna İlm-i Bâtın da denir. İlimlerin gâyesi de budur. Hattâ bâzı ârifler; «Bu ilimden nasibi olmayanın son nefesinden korkulur.» demişlerdir. En az hisse de bu ilm-i bâtını tereddütsüz kabûl edip, ehline havâle etmektir.

Başka birisi : «İki haslet sâhibine bu ilimden bir şey açılmaz. O iki haslet de bid'at [Dine müteallik, sonradan icad edilen şeyleri benimsemek] ve kibir'dir.» demiştir.

Yine denildi ki : «Bâzan diğer ilimler ile de tahakkuk eden bu ilim, kendisinde dünyâ sevgisi olup şehvetinin peşinden gidenlerde bulunamaz.» Bu ilmi inkâr edenin en küçük cezâsı zevkinden mahrûm olmaktır.

«Sen kaybettiğinin kaybına râzı ol! Bu kayıb öyle bir azabtır ki, cezâsı içindedir.»

İşte bu Mükâşefe ilmi, sıddîk ve mukarreblerin ilmidir. Bu ilim kötü hûylardan arınılıp temizlendiği vakitte, kalbe tecelli eden bir nûrdan ibârettir. Bu sâyede bir çok şeyleri görür, adlarını duyar mücmel ve kapalı olarak bunları mâ'nâlandırmağa çalışır; derken kendisine geniş ufuklar açılır; Hattâ Allahu Teâlânın, zât, sıfat ve ef'al'i hakkında hakiki mârifet sâhibi olur. Dünyâ ve âhireti yaratmakta ve dünyâyı âhiret üzerine takdîmdeki hikmetini anlar. Nübüvvet ve Peygamberliğin, vahy, melek ve şeytanın ne demek olduğunu öğrenir Peygamberlere vahyin vâsıl oluş keyfiyetini, Şeytânın insâna düşmânlık şeklini meleklerin Peygamberlere görünüş keyfiyyetini, yer gök hazinelerini ve bunların sâhibini anlar. Bundan sonra da kalbi, melek ve şeytanın kalbe hücûmlarını, melek'in ilhâmiyle, şeytânın vesvesesi arasındaki farkı, âhireti, cennet ve cehennemi, kabir azâbını, sırat, mîzan ve hisâb'ı bilir ve Hak Teâlâ'nın :

«اِقْرَأْ كِتَابَكَ كَفَىٰ بِنَفْسِكَ الْيَوْمَ عَلَيْكَ حَسِيبًا»

«Oku kitâbını ! Bugün sana karşı, iyi hesâb görücü olarak kendi nefsin yeter.» (17 - İsrâ : 14)

www.ihya.org

«وَ إِنَّ الدَّارَ الْآخِرَةَ لَهِيَ الْحَيَوَانُ لَوْ كَانُوا يَعْلَمُونَ»

«Eğer bilseler, yaşayış şüphesiz âhiret yaşayışıdır.» (29 - Ankebût : 64)

meâlindeki âyetlerin mânâsını, anlar. Ayrıca Allah'a mülâki olup cemâl-i bâ-kemâlini müşâhede etmenin, Allah'a yakınlık ve civârına ermenin, mele'-i a'lâya yükselip, melâike ve Peygamberlere arkadaş olmakla mes'ûd olmanın, ehl-i cennetin bâzılarının bâzılarını, semâdaki yıldızlar gibi yüksekte görmekle aralarındaki derece farkını, - tafsilinde söz uzayacak - bunlara benzer her şeyin ne demek olduğunu anlar. Çünkü bu sayılanlara, esâs itibâriyle inanmakta ittifak edenlerin anlamalarında derece farkı vardır.

Bâzıları, Allahu Teâlânın cennette hâzırladığı, gözlerin görmediği, kulakların duymadığı, hâtır ve hayâle gelmiyen şeyler temsili olup hadd-i zâtında cennette insânlar ile esmâ ve sıfattan başka bir şey olmadığını sandılar. Diğer bâzıları da bir kısmının, tâm lâfızlarının mânâsında hakîkatlar olup, diğerlerinin temsili olduğunu kabûl ettiler. Bunun gibi bâzı kimseler, Allah'ı bilmenin son haddi, O'nu bilmekten âciz olduğunu i'tiraf etmektir zannettiler. Buna mukaabil bâzıları da Allahu Teâlâ'yı bilmek bâbında bir çok şeyler iddiâ ettiler. Diğer bir çokları da Allahu Teâlâ'yı ma'rifetin haddi, herkesin anlayıp bileceği gibidir, dediler. O da «Allah vardır, birdir», «**Alim**'dir» [Her şeyi olduğu ve olacağı gibi bilir, ilmi değişmez], «**Kadir**'dir» [Her şeye gücü yeter], «**Semi**'dir» [Her şeyi duyar, işitir], «**Basır**'dır» [Her şeyi görür], «**Mütekellim**'dir» [Konuşur] gibi Allah hakkında inanılması gereken şeylere inanmaktan ibârettir, dediler.

İşte bizim ilm-i mükâşefeden gâyemiz, Allahu Teâlâ'nın sıfat ve ef'âlini bilmeğe perde olan bu gibi kir ve paslardan kalb âyînesini temizleyip cilâlandırma keyfiyyetini bildirmektir.

Kalbin bu paslardan temizlenmesi de, şehevî ve behîmî arzûlarını terkederek, bütün hâlleriyle bize misâl olan Peygamberlerin izinden yürümekle mümkündür. Kalb'in cilâlanması ve Hakka yönelmesi nisbetinde bu ilmin nûrları kalb'de parlamağa başlar. Buna da ancak ileride açıklıyacağımız riyâzetle ve öğrenip öğretmekle erişilir. İşte bu, kitâb sahîfelerinde yazılmıyan ve ehlinden başkasiyle konuşulmıyan bir ilimdir. Ehli de gizli ve müzâkere yoluyla buna iştirak edendir.

Peygamberimizin şu hadîsden murâdı da bu **ilm-i hafi** [gizli ilim] dir.

www.ihya.org

«إِنَّ مِنَ الْعِلْمِ كَهَيْئَةِ الْمَكْنُونِ لاَ يَعْلَمُهُ إِلاَّ أَهْلُ الْمَعْرِفَةِ بِاللهِ تَعَالَى فَإِذَا نَطَقُوا بِهِ لَمْ يَجْهَلْهُ إِلاَّ أَهْلُ الْإِغْتِرَارِ بِاللهِ تَعَالَى. فَلاَ تَحْقِرُوا عَالِمًا آتَاهُ اللهُ تَعَالَى عِلْمًا مِنْهُ فَإِنَّ اللهَ عَزَّ وَجَلَّ لَمْ يَحْقِرْهُ إِذْ آتَاهُ إِيَّاهُ»

«İlimlerden gizli gibi tutulan bâzıları vardır ki, onları ancak ârif-i bi'llâh olanlar anlar. Bu ilimden bahsettikleri vakit onları, ancak kendini beğenen gürûh techil eder. Sakın Hak Teâlâ'nın kendi fazlından ilim verdiği âlimleri tahkîr etmeyin. Çünkü Hak Teâlâ onlara o ilmi verirken tahkir etmedi.» (69)

İKİNCİ KISIM : Kalb'in ahvâlini bildiren, **muâmele ilmi**'dir.

Kalb'in **mahmûd** [öğülen] hâlleri: **Sabr, şükr, havf** [korku], **recâ** [ümît], **rızâ, zühd** [dünya ile alâkasını kesme], **takvâ, kanâat, cömertlik** ile bütün nimetleri Allah'dan bilip ona bağlanmak, iyilik, hüsn-i zan, güzel ahlâk, iyi geçim, doğruluk ve ihlâs hâlleridir. Bu hâllerin hudûd ve hakîkatlerini, bunlara sâhib olmanın sebeblerini, semere ve alâmetlerini bilmekle, zayıflayanları takviye edip kaybolanları iâdeye, yarayan ilim, âhiret ilmidir.

Kalb'in **mezmûm** hâlleri : Fakîrlikten korkmak, kaderine küsmek, **gıll** [hâinlik], **hıkd** [kin], **hased, gışş** [yaramazlık], benlik ve övülme isteği, dünyâlık için uzun yaşama arzûsu, **kibir, riyâ, unf** [lüzûmsuz hiddet], **buğz u adâvet, tama', cimrilik, rağbet, bezah** [büyüklenmek], **eşer ve batar** [son derece neş'e ve kibir], zenginlere saygı gösterip yoksullar ile eğlenmek, **fahr, heylâ ve tenâfüs** [kendini beğenmek, benlik], **mubâhât** [varlığıyle öğünmek], hakkı kabûl etmemek, lüzûmsuz şeyler ile uğraşmak, çok konuşmayı sevmek, gösteriş için süslenmek, **müdâhene, ucûb**, kendi noksânlarını görmeyip başkalarında kusûr aramak, âhiret düşüncesi ve Allah korkusunu gönlünden çıkarmak, şahsı için intikam güderken hak ve hakîkate aldırış etmemek, husûmet beslediği kimseye dost görünmek, Allah'ın azâbından korkmamak, ameline güvenmek, **mekr, hiyânet ve hud'a, tûl-i emel, kasvet ve fezâzet** [merhametsiz ve katı yürekli olmak], varlıkta sevinmek, yoklukta üzülmek, insânlar ile ünsiyet edip yalnızlıkta mahzûn ol-

mak, cefâ [haksızlık], tiş [kısa görüşlülük], acelecilik, hayâsızlık ve merhametsizlik hâlleridir. İşte bu saydıklarımız ve benzerleri, fenâlık tohumunu ekip kötü amel mahsûlünü yetiştiren, kalbin mezmûm hasletlerindendir.

Bunların mukaabili iyi hûylar olup Allah'a kulluk ve yakınlığın kaynağıdırlar.

Bu kötü hûyların mâhiyet ve hudûdlarını, sebeb ve alâmetlerini ve tedâvi çârelerini bilmek, âhiret ilmidir. Âhiret ulemâsına göre bunları öğrenmek her mükellefe farz-ı ayn'dır. Zâhiri amellere riâyet etmiyen, fakihlerin fetvâsı gereğince pâdişahların kılıcıyle helâk olacakları gibi âhiret ilmine kıymet vermiyenler de kıyâmet günü mülkün gerçek sâhibi, Allahu Teâlâ'nın kahr u galebesiyle helâk olacaklardır.

Fakîhlerin farz-ı ayn dedikleri, dünyâ işlerini tanzîm içindir. Bizim farz-ı ayn dediğimiz âhireti düzeltmek içindir.

Herhangi bir fakîh'e bu anlattıklarımızdan birini, meselâ tevekkül'den, ihlâsdan veyâ riyâdan kaçınma çârelerinden sorsan durur ve cevâp veremez. Halbuki bunları da bilmek farz-ı ayn olup ihmâl edilmesi âhirette helâki mûcibtir.

Eğer fakîh'e, li'ân [yâni bir koca karısının, zinâ ettiğini iddiâ edip şâhid bulamadığı ve kadın da inkâr ettiği vakit karı koca arasındaki lânetleşme hükmü]'dan, zihâr [erkek şehvet hissiyle âilesini annesine benzetirse buna terettüp eden hüküm]'dan, sebk [müsabaka]'den, remy [atış] gibi şeylerden sorsan, cildler dolusu cevâplar verir ki ömür boyunca hiç biri lâzım olmaz; olsa da her yerde onu bilen bulunur. Geceli gündüzlü bu gibi şeyleri okumak, ezberlemek ve okutmakla uğraşır durur da mühim olan kısımları ihmâl eder. Kendisine bu yaptığın doğru değil denilse, hayır bu farz-ı kifâye olan ilimlerdendir der; hem kendisini hem de başkalarını şaşırtmış olur.

Aklı başında olan hemen anlar ki, bu fakîhin gâyesi farz-ı kifâyedeki emrin gereğini yerine getirmek olsa, evvelâ farz-ı ayn'ı ifa eder.

Belki kendi yaptıklarından daha mühim olan farz-ı kifâyeleri öne alırdı. Nice memleketler var ki tabibleri hâlâ zimmî [gayr-i müslim]'lerdendir. Halbuki fıkhın tıb ile alâkalı husûslarında bunların şâhidlikleri makbûl değildir. Buna rağmen müslümânlardan kimse bununla meşgûl olmaz. Fıkıh ilminde ve bilhâssa hilâfiyyat ve cedel ile uğraşırlar. Memleket bu gibi vak'alara fetvâ veren fakîhler ile dolu.

Ne olaydı bileydim, nasıl olur da dîn fakîhleri bir çoklarının bildikleri farz-ı kifâye ile uğraşır durur da, hiç ele alınmıyan farz-ı kifâyeleri ihmâl ederler? Bunun sebebi ancak, tıb ilmi ile, vakıflar mütevelliliğini almanın, vasî olmanın, yetim malı yeme'nin, kadılığı ve

www.ihya.org

hâkimliği iltizâmın, emsâline üstünlüğün ve hasımları ilzâm'ın kolay olamıyacağıdır. Yazıklar olsun, fenâ âlimlerin gerçeği gizlemeleriyle din ilmi mahvoldu. Yardımcımız ancak Allahu Teâlâ'dır. Rahmânı kızdırıp, şeytânı güldüren bu aldanmadan korunmak için O'na sığınırız.

Zâhir âlimlerinden vera' sâhipleri [harâmdan çekinenleri], bâtın âlimlerinin ve bâsiret sâhiplerinin üstünlüğünü itiraf ederler. İmâm Şâfiî (R.A.), Şeybân-ı Râî'nin önünde, mektebe giden bir çocuk gibi diz çöker ve yapacağı işleri kendisinden sorardı. Kendisine «Senin gibi bir zât böyle bir bedevi'den bilgi alır mı?» diye sorulduğunda: «Bu adam bizim bilmediğimizi bilir.» cevâbını verirdi.

Ahmed b. Hanbel ile Yahyâ b. Main, Ma'rûf-i Kerhî'ye baş vurur, ondan sorarlardı. Nasıl sormasınlar ki: Aleyhi's-salâtü ve's-selâm Efendimiz hazretlerine: «Kur'ân ve sünnette bulmadığınız bir vak'a ile karşılaştığımızda ne yapalım?» diye sormaları üzerine:

«سَلُوا الصَّالِحِينَ وَاجْعَلُوهُ شُورَى بَيْنَهُمْ»

«Onu sâlih kimselerden sorun ve onların istişâresine arz edin.» (69 a) buyurmuştur.

Bu sebebden denildi ki: Zâhirî ilimlerde âlim olanlar mülkün ve yeryüzünün süsü, bâtın âlimleri ise, göklerin ve görünmeyen âlemin [melekûtün] ziynetidirler. Cüneyd-i Bağdadî diyor ki: «Hocam Seriyyüssakatî, yanından ayrıldığım vakit kimlerle oturduğumu bana sordu. Ben de: «Muhâsibî ile otururum» dedim. Seriyy: «Evet onunla otur, onun edeb ve ilminden al fakat kelâm hakkındaki sözlerine bakma, onu kelâmcılara havâle et» demiştir. Sonra yönümü dönünce şöyle dediğini duydum: «Allah seni önce hadisde (ve diğer ilimlerde) âlim ve sonra sûfî kılsın, evvelâ sûfî sonra âlim yapmasın.» Bu sözü ile, hadis ilmini okuduktan sonra tasavvuf ile uğraşanın felâh bulacağına, ilimsiz tasavvufa giren kimsenin helâk olacağına işâret etmiştir.»

Eğer, ilmin tasnifinde, bu meyânda kelâm ile felsefeyi ve bunların da makbûl veyâ mezmûm oluşlarını niçin açıklamadın diye sorarsan: Bilmiş ol ki, kelâm ilminin içine aldığı faydalı deliller, Kur'ân ile hadis'de mevcûttur. Bunların dışında kalanlar, ya yerilen çekiştirmelerdir, ki ileride açıklanacağı gibi bunlar bid'at'tır veyâ muşâgabe, mezhepler arasında yekdiğerini nakzeden, aktarma lâflar ve kaba gürültülerden ibârettir. Bunların çoğu da tab'ı selîm'in sevme-

diği, kulakların duymak istemediği hezeyanlardır. Diğer bir kısmı da din ile alâkası olmayan şeylerdir. Halbuki Sahâbe ve Tâbi'in devrinde bunların hiç biri yoktu. Bunlar ile uğraşmak tamâmen bid'at'tır. Lâkin şimdi hüküm değişti. Çünkü Kur'ân ve hadîs'in iktizâ ettiği hükümlerden alıkoyan bid'ad'ler çoğaldı. Bu gibi eserler yazıp şüpheler uyandıran cemâatler türedi. Bunun için kaçınılması gereken bu yasağa, zarûri bir hüküm ile ruhsat verildi.

Hattâ haddini aşmamak şartiyle, insânları şaşırtmaya kalkışan bid'adcileri ilzâm edebilecek kadar kelâm ilmi öğrenmek, farz-ı kifâyeden olan ilimler arasına girmiştir. Bunun derecesini, inşâllah gelecek bâbda açıklayacağız.

Felsefeye gelince : Felsefe müstakil bir ilim olmayıp dört cüz'den meydâna gelmiştir.

Birincisi : Hendese ve hisâb'dır. Bu ilimlerden, yalnız ifrâta kaçarak, bunlar ile mezmûm ilimlere geçenler men'edilir. Çünkü, bu ilimler ile uğraşanların bâzıları bunlardan bid'adlere sapmışlardır. Bu sebeble, itikaadı zayıf olanları bu ilimlerden korumak, ırmak kenarında dolaşan çocuğu suya düşmekten korumak, veyâ eskileri için de makbûl olmamakla berâber, İslâmiyete yeni intisâb edenleri kâfirler ile ihtilâttan korumak gibidir.

İkincisi : Mantık'tır. Bu ilimde delil ile ta'riften ve bunların şartlarından bahsedilir ki, bunlar da, kelâm ilmi içindedir.

Üçüncüsü : İlâhiyât'tır. Allahu Teâlâ'nın zât ve sıfatlarından bahseder ki, kelâm ilmi içindedir. Çünkü felâsife bu husûsda, başka bir ilim ile kelâmcılardan ayrılmış değildir. Belki ayrılıkları bâzısı küfrü ve bâzısı bid'ati mûcib olan mezheplerindedir. Nitekim İ'tizâl [mu'tezilecilik] başlı başına bir ilim olmadığı, mensûbları yine kelâmcılardan olduğu hâlde bâtıl mezhepleriyle ayrıldıkları gibi felsefeciler de kelâmcılardan böyle ayrılmıştır.

Dördüncüsü : Tabî'iyyât [Fizik]'tır. Bunların bâzısı, gerçek din ve şerî'at mânâsına uymayan câhilâne şeylerdir. İlim değildirler ki, ilmin kısımlarından sayılsınlar. Diğer bâzıları da maddenin husûsiyet, evsâf ve değişikliklerinden bahseder ki, bir nevi tabâbete benzer, şu kadar farkla ki, tabib hastalık ve sağlığı bakımından insân bedenine bakar. Tabî'atçılar ise, değişikliği ve hareketi bakımından bütün cisimlere bakar. Fakat tabâbet, fizik'ten üstündür. Çünkü tabâbete ihtiyaç zarûri, fizik'e ise zarûri değildir.

İşte yaptığımız şu açıklamadan anlaşıldı ki bid'atçilerin, avâmı aldatmasından avâmın kalbini korumak için kelâm ilmi de farz-ı kifâye olan ilimlerden olmuştur. Demek ki, kelâm ilminin doğuşu bid'atlerin ihdâsı sebebiyledir. Nitekim Arabların zulüm ve haydutluğu se-

www.ihya.org

bebiyle hacc yolunda hacıların muhâfız bulundurmaları gibi. Eğer Arablar bu çirkin hûylarından vaz geçseler, hacıların muhâfız bulundurmalarına lüzûm kalmazdı. Bunun gibi bid'at sâhipleri de boş sözlerinden vaz geçselerdi Sahâbeler (R.A.) devrindekinden fazlasına, yâni Kur'ân ve hadîs dururken kelâm ilmine ihtiyâç olmazdı.

Kelâmcı bilmelidir ki, dindeki yeri hac yolundaki muhâfızlık gibidir. Eğer bu muhâfız yalnız koruyuculukla kalır, hac yoluna girmezse, hacılardan sayılamıyacağı gibi, kelâmcı da yalnız münâzara ve müdâfaa ile kalıp âhiret yoluna girmedikçe ve kalbini düzeltmedikçe aslâ din alimleri safında yer alamaz. Kelâmcı'nın dindeki yeri, avam tabakasının da ortak oldukları inançtan başka bir şey değildir. Bu ise, dilin ve kalb'in zâhir amellerindendir. Avam tabakasından ayrılması ancak mücâdele, muhâfaza san'atiyledir. Fakat Allahu Teâlâ'nın zât, sıfat ve ef'âliyle, mükâşefe ilminde açıkladığımız bilgiler kelâm ilmi vâsıtasiyle elde edilemez. Belki kelâm ilminin bunlara perde ve mâni' olmasından korkulur. Bu ilimlere sâhib olmak, Allahu Teâlâ'nın, hidâyete mukaddime kıldığı mücâhede ile mümkündür. Nitekim âyet-i celîlede şöyle buyurulmuştur :

« وَالَّذِينَ جَاهَدُوا فِينَا لَنَهْدِيَنَّهُمْ سُبُلَنَا و إِنَّ اللهَ لَمَعَ الْمُحْسِنِينَ »

«Bizim uğrumuzda mücâhede edenlere, gelince, elbette biz onlara yollarımızı gösteririz ve şübhesiz Allah, muhsinlerle berâberdir.» (29 - Ankebût : 69)

Eğer : «Bu izâhatın ile, avâm'ın akîdesini bid'atçilerin şüphelerinden koruyan kelâmcıları, hacıların mâllarını Arab yağmacılarından koruyan muhâfızların seviyesine, fakihleri de mazlûmu zâlimden koruyan pâdişahlar kaanunu muhâfızlığının derecesine indirdin. Bu iki rütbe de dîn ilmine nisbetle çok düşük rütbelerdir. Halbuki bu ümmetin ün almış faziletli âlimleri, fakîhler ve kelâmcılardır. Allahu Teâlâ katında en değerli yaratıklar da bunlardır. Dini ilimlere nisbetle çok düşük olan bu derekeye onları düşürmek doğru olur mu?» dersen:

Bilmiş ol ki! Hakîkatı insânlarda arayan, dalâlet çölünde şaşırır. **Eğer hakîkat yolcusu isen Hakk'ı bil ki, ehlini bilesin.** Eğer yalnız insânlar arasında ün alan fazilet derecelerine bakar ve bununla kifâyet edersen, Sahâbeyi ve onların üstün mevki'lerini unutma. Bu andığımız kimseler de onların üstünlüğünde reybirliğine varmış müttefiktirler. O Sahâbeler ki, derecelerine değil, ayak tozlarına bile erişilmez. Böyle iken bunların fazî'eti kelâm ve fıkh ile değil, belki âhiret yolunu gösteren ilimleriyledir. Resûllerin Efendisi yüce Peygamberi-

www.ihya.org

mizin de şehâdet ettiği gibi, Hz. Ebû Bekir (R.A.)'in fazileti fazla namâz kılması, fazla oruç tutması, çok rivâyet edip çok fetvâ vermesi, veyâ kelâmcılığı ile değil, ancak kalbine yerleştirilen bir sırr iledir. Sen de bu sırrı ara. Çünkü değer taşıyan kıymetli cevher budur. Görünüşe aldanarak tafsîli uzun olan bâzı sebebler ile insânların saygı gösterdiği kimselere boş ver. Peygamber Efendimiz (S.A.) aralarından ayrıldığı, Allahu Teâlâ'yı bilen binlerce Sahâbe'yi (Allah onlardan râzı olsun) öğmüştür. Halbuki onlardan ancak bir tânesi kelâm san'atını bilmiş ve hemen on küsûrdan başkası fetvâ bile vermemiştir.

Abdullah b. Ömer hazretleri de bunlardan birisidir. Kendisinden fetvâ isteyene «İnsânların sevk ü idâresini uhdesine alan pâdişâha git ve bunu da onun boynuna geçir» derdi. Böyle demekle, fetvâ işinin vâli ve sultânlara âit olduğuna işâret etmiştir.

Hazret-i Ömer (R.A.) vefât ettiği zamân, Abdullah b. Mes'ûd hazretleri: «İlm'in onda dokuza gitti.» dedi; bunun üzerine: «Aramızda hâlen büyük Sahâbiler varken niçin böyle söylersin.» dediler. Abdullah b. Mes'ûd da : «Ben hüküm ve fetvâ ilimlerini değil, ma'rifet-i ilâhiyyeyi kasd ediyorum.» diye cevâb verdi.

Görüyorsun, kelâm ve cedel'den hiç bahsetmemiştir. Ya sana ne oldu da Hazret-i Ömer'in vefâtı ile onda dokuzu giden ilmi öğrenmeğe heves etmiyorsun. Halbuki Hazret-i Ömer, kelâm ve cedel kapısını kapamış, Kur'ân'da muâreze eden âyetlerden sorduğu için Dabî'a'yı kırbaç ile döğüp sürgün etmiş ve ihtilâttan men'etmiştir.

«Âlimlerin meşhûrları, fakihler ile kelâmcılardır.» sözüne gelince: Bilmiş ol ki Allah katında fazilet sâhibi olmakla, insânlar arasında ün almak ayrı şeylerdir. Meselâ: Hazret-i Ebû Bekir (R.A.)'in insânlar arasındaki şöhreti, hilâfetiyle, fazileti ise, kalbinde yerleştirdiği ve büyüttüğü sırr iledir. Hazret-i Ömer (R.A.)'in insânlar arasındaki şöhreti adâletiyle ise de, fazileti, kendisiyle berâber onda dokuzu giden, Allah bilgisiyle, riyâsetinde halka şefkat ve adâletiyle, Allah rızâsını aramasındadır. Bu da içinde saklı olan bir sırr'dır. Diğer görülen işlerine gelince: Bunlar, şöhret ve nâm almağı seven, mevki' kazanmak için gösteriş yapmak isteyenlerde de görülebilir ve böylelikle şöhret, tehlikeli şeyde, fazilet ise, (Allahu Teâlâ'dan başka kimsenin bilemiyeceği gizlilik içindedir. Fakîhler ile kelâmcılar, halife, kadı ve diğer âlimler gibidir. Bunlar bir kaç kısma ayrılmıştır. Bir kısmı gösteriş ve âlâyiş aramayıp, ilim ve fetvâsiyle ancak Allah rızâsını ve Peygamberinin sünnetine uymağı ister. Bunlar, Allahu Teâlâ'nın kendilerinden râzı olduğu kimselerdir. Allah katındaki fazîletleri de ilimleriyle amel ettikleri, fetvâlarıyla Allahu Teâlâ'nın

www.ihya.org

rızâsını istedikleri içindir. Her ilim ameldir; çünkü kazanılmış bir işdir. Ama her amel, ilim değildir. Tabîb bile, bilgisiyle Allah'a yaklaşır ve bu sâyede sevâb kazanır; bu yakınlık din bilgisiyle değil, belki meslekî bilgisiyle çalışmalarında Allah rızâsını gâye edinmesiyledir. Sultân da Allah için, insânların idâresini deruhte ettiği için Allah'ın rızâsına nâil olur ve sevâp kazanır. Bu onun din ilmini tekeffül ettiği için değil, ilminin gereğiyle Allah için amel ettiğindendir.

Allahu Teâlâ'ya yaklaşmanın üç yolu vardır.

1) Yalnız ilim ile. Bu da mükâşefe ilmi'dir.

2) Yalnız amel ile, bu da sultânların adâletle insânları sevk ve idâre etmesiyledir.

3) İlim ve amel ile. Bu da âhiret ilmini bilip işlemekledir. Zira bunun sâhibi hem âlim ve hem de âmildir.

Kıyâmet günü hangi fırkaya katılacağını düşün! Mükâşefe erbâbı olan âlim-bi'llah arasında mı, yoksa Allah için amel edenlerle mi, yoksa her ikisiyle misin? Nasibini her iki fırkadan da almağa çalış. Çünkü bu kuru bir nâm almak için olan taklidcilikten çok daha mühimdir. Nitekim şâir söylüyor:

«Gördüğünü al, duyduğun dedi - kodulardan vaz geç, güneş parlarken zuhalden ne beklersin?».

Şimdi sana geçmiş fakîhlerin öyle güzel ahlâklarından bahsedeceğiz ki, mezheplerini taklid edenlerin onlara nasıl zulüm ettiklerini ve kıyâmet günü en büyük hasımlarının onlar olacağını anlamış olacaksın.

Çünkü o imâmlar, ilimleriyle, ancak Allah rızâsını kasd etmişlerdir. Âhiret âlimlerinin alâmeti bâbında açıklanacağı gibi, onların âhiret âlimi oldukları, hâllerinden belli idi. Onlar, yalnız fıkh âlimi değil, kalb ilmi ve kalb murâkabesile de uğraşırlardı. Fakat her biri tek başına bir fakîh olan Sahâbe-i kirâmı fıkha dâir eser yazmaktan alıkoyan mâni'ler imâmların da kalbe dâir eser yazmalarına engel olmuştur. Bu mâni'ler ma'lûm olduklarından açıklanmalarına lüzûm yoktur.

Şimdi biz İslâm fakîhlerinin hâllerini açıklıyacağız. Fakat, sözlerimizden de anlaşılacağı gibi, gâyemiz onlara çatmak değil, görünüşde onların mezheplerini taklid ettikleri hâlde, amel ve ahlâklariyle onlara muhâlefet edenlerin vaziyetini açıklamaktır.

Fıkh ilminin reisi olup pek çok etbâı bulunan, mezhep âlimleri, beştir. Bunlar: **Şâfi'î, Mâlik, Ahmed b. Hanbel, Ebû Hanîfe** ve **Süfyân-i Sevrî**'dirler. (Allah rahmet etsin). Bunların her biri âbid, zâhid, âhiret âlimi ve dünyâca halkın

www.ihya.org

muhtâç olduğu fıkh âlimi idi. Bu fıkh ilmi ile de, ancak Allah rızasını dileyen kimseler idi.

Zamânın fakihleri şu beş hasletten, yalnız fıkhın teferru'âtında mübâlâğa ederek paçaları sıvamakla onlara uydular. Çünkü diğer dört haslet, yalnız âhirete yarar, bu bir haslet ise hem dünyâ ve hem âhirete yarar. Eğer bununla âhiret kasd edilirse, dünyâlığa olan kârı azalır. İşte zamânın fakîhleri şu beş hasletten yalnız fıkh'ın teferruâtıyle meşgûl oldular; bununla berâber o imâmlara benzediklerini iddiâ ettiler, nerde muhâfız bekçiler, nerde muhâfız melekler?.., İşte aradaki fark.

O imâmların fıkh'daki bilgileri apaçık meydândadır. Biz diğer dört hasletlerine delâlet eden hâllerini anlatalım:

İMÂM ŞÂFİ'Î

Şu rivâyet İmâm Şâfi'î (Allah rahmet etsin)'nin âbid olduğuna bir delildir: Merhûm, geceyi üçe taksim eder, bir kısmını ilim, diğer kısmını ibâdet ve diğer kısmını da uyku ile geçirirdi. Rebî'î diyor ki: «Hepsi namâzda olmak şartiyle İmâm Şafi'î Ramazan-ı şerîfde altmış hatim indirirdi. Buveytî onun talebelerinden idi. Hocası Şâfi'î'ye uyarak o da Ramazan-i şerîfte her gün bir hatim indirirdi.» Hüseyn-i Kirabisi diyor ki: «Bir çok geceler İmâm Şâfi'î ile bir arada bulundum, gecenin üçte ikisini namâz ile geçirirdi ve elli âyeti geçmezdi, elli âyeti geçince yüz âyete çıkardı. Rahmet âyeti gelince, kendisine ve bütün müslümânlara rahmet dilerdi. Azâb âyeti gelince kendisi ve bütün müslümânlar için kurtuluş dilerdi, korku ve ümit kendisinde toplanmıştı.» Gecenin üçte ikisini namâz ile geçirdiği hâlde elli âyetten yukarı geçmemesi, Kur'ân-ı Azîm'in inceliklerini bilmesinin ve bunları düşünmesinin bir delilidir. İmâm Şâfi'î (R.A.) buyurur ki: «On altı senedir doyasıya yemek yemedim, çünkü doyasıya yemek yemek, bedene ağırlık verir, kalbi katılaştırır, zekâyı kaybettirir, uykuyu çeker ve sâhibini ibâdetten alıkor.» Tokluğun âfetlerini anlatan hikmetine, sonra ibâdetteki cehd ü gayretine bak ki, bunun için yemeği azaltmıştır. Nitekim «İbâdetin başı az yemektir.» denilmiştir. İmâm Şafi'î diyor: «Ne yalan ne de doğru ömrümde bir defa Allah'a yemîn etmedim.» Bu, onun Allah'a saygısının ve Allahu Teâlâ'nın yüceliğine ve kudretine olan bilgisinin açık bir delilidir. Bir def'a kendisine bir mes'ele soruldu; sükût etti. «Niçin sustun?» suâline cevâp olarak: «Fazîletin sükûtta mı, cevâpta mı, nerede olduğunu anlayıncaya kadar sükûtu tercîh ettim.» dedi. Fakîhlere en ziyâde musallat olan ve zaptedilmekte en çok isyân eden «DİL» olduğu hâlde, bak ki dilini nasıl murâkabe altına almıştır. Bundan an-

laşılıyor ki, İmâm Şâfi'i'nin konuşması da, sükûtu da ancak sevâp kazanmak için idi. Ahmed b. Yahya b. Vezir diyor ki: «Mısır'ın Kandiller Çarşısında İmâm Şâfi'i ile gezerken, biri âlimin biri hakkında lüzumsuz sözler sarfediyordu. Bunu gören Şâfi'i bize dönerek: «Bu gibi herze sözlerden dilinizi koruduğunuz gibi, kulağınızı da koruyun; çünkü dinleyici, söyleyicinin ortağıdır. Fenâ insânlar kendi içlerindeki kötü şeyleri sizin gönüllerinize aktarmak isterler. Fenâ insânların sözlerini dinleyenler günâhkâr olduğu gibi, dinlemeyip reddedenler saâdete ererler.» dedi.»

İmâm Şâfi'i diyor ki: «Hakimin biri, diğerine yazdığı mektûbda: "Bilgini isyân ile kirletme, sonra bilginler, ilmin aydınlığıyla yollarına devâm ederken, sen isyânının karanlığı içinde kalırsın." demektedir.»

İmâm Şâfi'i: «Kalbinde, Allah sevgisiyle, dünyâ sevgisini toplayabildiğini iddiâ eden yalancıdır.» (Çünkü bir gönülde iki aşk olamaz.) buyuruyor. **Humeydî** naklediyor: «İmâm Şâfi'i bâzı vâlilerle Yemen'e ve oradan da on bin dirhem harçlık ile Mekke'ye gitti. Şehir dışında kendisine bir çadır kurdular. Ziyâretine gelenlere, parayı tamâmen dağıtmadan oradan ayrılmadı. Bir def'a da hamâmcıya büyük bahşişler vermiştir. Düşen kamçısını kendisine verene de elli dînar vermişti.» Bütün bunlar onun cömertliğini gösterir ki, buna benzer daha nice cömertlikleri vardır. Zühd'ün başı da cömertliktir. Çünkü bir şeyi seven ondan ayrılmaz, malını infâk eden, dünyâlığı küçümseyen kimsedir. İşte zühd'ün gerçek mânâsı da budur.

İmâm Şâfi'i'nin kuvvetli zühdüne, Allah'dan son derece korktuğuna ve bütün meşgalesinin âhiret olduğuna, şu rivâyet çok açık bir delildir: «Bir gün **Süfyân b. Uyeyne**, rakik bir hadis rivâyet ederken, dayanamıyan Şâfi'i bayıldı. Bunu görenler, Uyeyne'ye, Şâfi'i öldü dediler. Uyeyne: «Eğer öldü ise, zamânın en faziletli insânı ölmüştür.» dedi» Bir de **Abdullah b. Muhammed el-Belva**'dan şu rivâyet nakl olunuyor: «Nebâte'nin oğlu Ömer ile âbid ve zâhidlerden bahsederken, Ömer bana, "Muhammed b. İdris-i Şâfi'i kadar (R.A.) şüpheli şeylerden kaçınan ve fasih konuşan bir insân görmedim." dedi..»

Yine bir gün ben, Şâfi'i ve Lebil'in oğlu Hâris Safa tepesine çıkmış, duruyorduk. Sâlih el-Murâ'nın talebesi olan Hâris, yanık sadâsı ile Kur'ân-ı Kerîm'den:

«هَذَا يَوْمُ لَا يَنْطِقُونَ. وَلَا يُؤْذَنُ لَهُمْ فَيَعْتَذِرُونَ»

«Bugün nutukları tutulacağı gündür. İzin de verilmez ki, özür dileyeler.» (77 - Mürselât: 35 - 36)

www.ihya.org

Âyet-i celîlesini okuyunca İmâm Şâfi'î'ye baktım; rengi soldu, tüyleri diken diken oldu, dehşetli bir sarsıntı ile bayılarak yere düştü. Ayılınca :

«— Allahım, yalancılardan ve gâfillerin yüz çevirmesinden sana sığınırım. Allahım, âriflerin gönlü sana eğilir, isteklilerin boynu sana karşı zelil olur. Ey rabbim, cömertliğini bana bağışla, settâr isminle benim kusûrlarımı ört, lutfu kereminle kusûrlarımı afv et.» dedi ve gitti. Biz de Mekke'den ayrıldık. Bağdâd'a geldiğim zamân İmâm Şâfi'î de Irak'da, yâni o şehirde idi. Bir gün Dicle kenarında abdest almak için oturmuştum, bir adam yanıma geldi ve dedi ki: «Ey genç, abdestini güzel al ki, Allahu Teâlâ da sana dünyâ ve âhirette güzel muâmele etsin.» Döndüm baktım, ardında kalabalık olan bir zât gidiyor; acele abdest aldım ve onu tâkîb ettim. Bana dönerek: «Bir dileğin mi var?» diye sordu. Ben: «Evet, bildiklerinden bana da öğretmeni istiyorum.» dedim. O da: «Bilmiş ol ki, Allah'a sadâkatle kulluk edenler necât bulur. Dininden korkan yâni: Son nefesde îmânsızlık korkusunu saklayan selâmet bulur. Bu gün dünyânın lezzetlerine gönül vermeyen, yarın Allah'dan alacağı büyük mükâfatlarla huzûra erecektir. Daha ister misin?» dedi.

«— Evet» diye istek gösterince :

«— Kendisinde üç haslet bulunan îmânını olgunlaştırmıştır.

1 — **Emr-i ma'rûf** : Allahu Teâlâ'nın emirlerini başkalarına ulaştıran ve kendisi de kabûl eden,

2 — **Nehy-i münker** : Allahu Teâlâ'nın yasaklarından başkalarını men'eden ve kendisi de çekinen,

3 — Allahu Teâlâ'nın çizdiği çerçeve dışına çıkmayıp bunları koruyan.» diye devâm etti ve:

«— Daha söyliyeyim mi?» diye sorunca:

«— Evet,» dedim.

«— Dünyâdan yüz çevir, âhirete dön, her işinde Allah'a bağlan ki necât bulasın.» dedi ve ayrıldı. Kendisini tanıyamamıştım; kim olduğunu sordum, İmâm Şâfi'î'dir dediler.»

(Kur'ân-ı Kerîm'in ilâhî beyânları karşısında) İmâm Şâfi'î'nin nasıl bayılıp düştüğüne ve bu va'z u nasihatine dikkat edersen, Allahu Teâlâ'dan ne derece korktuğunu ve nasıl bir zâhid olduğunu kolaylıkla anlarsın. Bu derece zühd ve korku, ancak Allahu Teâlâ'nın azametini bilmek ile mümkündür. Nitekim: «Kulları içinde Allah'dan en çok korkanlar, âlimlerdir» buyurulmuştur. İmâm Şâfi'î bu korkuyu, selem, icâre ve benzeri fıkh mes'elelerinden değil, belki bütün bil-

www.ihya.org

gilerin kaynağı olan Kur'ân ve Hadîs'deki âhiret ilminden almıştır. Çünkü bütün ahkâm Kur'ân'dadır.

Kalbin sırlarına ve âhiret ilimlerine vâkıf olduğu da, kendisinden rivâyet edilen şu hikmetli sözlerinden kolaylıkla anlaşılır:

Kendisine riyâ'dan soranlara hemen şu cevâbı verdi : «Riyâ, âlimlerin basireti [Kalb gözü] önüne, hevâ-i nefsin diktiği bir fitnedir. Âlimler nefislerinin arzûsuna uyarak ona meyl ederse, amelleri mahv olur.»

Yine buyuruyor ki : «Amelinde UCB'a düşmekten korkarsan, amelin ile kimin rızâsı, hangi nimetlere heves edip hangi azâbdan kaçtığını, hangi âfiyete teşekkür edip ve hangi belâyı hâtırlamakta olduğunu düşün. Bunlardan yalnız birini gözönünde bulundursan bile, amelini beğenecek tarafın kalmaz. (Çünkü onlara nisbetle senin amelin yok demektir.)» Bakınız, kalbin büyük hastalıklarından olan riyâ ile ucb'u ve ucb'un tedâvi çârelerini nasıl açıkladı.

Yine Şâfi'î Hazretleri : «Nefsini korumayan kimseye ameli fayda vermez.» buyurmuştur. Yine (Allah rahmet etsin) : «Bilerek Allahu Teâlâ'ya kulluk edenin sırrı uyanır, sır [gizlilik] rûhdan ilerdedir; yâni ibâdetinin ma'nevi zevkini duyar.» buyurmuştur. «Her insânın dostu ve düşmânı vardır. Bunun için (yâni dostunun mes'ûd, düşmânının rezîl olması için) Allah'a kulluk et.» sözü de onundur.

Sâlih ve harâmdan kaçınan bir zât olan Abdü'l-Azîz oğlu Abdü'l-Kahir, İmâm Şâfi'î'ye vera'dan sorardı. Kendisi vera' ehli olduğundan İmâm Şâfi'î (R.A.) ona iltifât eder, sözlerini cevâplandırırdı.

Bir gün İmâm Şâfi'î'ye (âriflerin üç makaamı olan) sabır, mihnet ve temkin'den hangisinin daha makbûl olduğu soruldu. Şâfi'î: «Temkîn, Peygamberler derecesidir; önce mihnet, sonra sabır ve daha sonra da temkîn gelir. Baksana, Allahu Teâlâ, İbrâhim aleyhi's-selâmı evvelâ imtihân etti, sonra temkîn verdi. Mûsâ aleyhi's-selâmı da evvelâ imtihân etti sonra temkîn, tahammül verdi. Eyyûb aleyhi's-selâmı imtihân etti, sonra temkîn verdi. Süleymân aleyhi's-selâmı evvelâ imtihân etti, sonra temkîn ve büyük mülk verdi.

Binâenaleyh temkîn, derecelerin en üstünüdür. Nitekim Allahu Teâlâ :

«وَكَذَٰلِكَ مَكَّنَّا لِيُوسُفَ فِي الْأَرْضِ»

«Ve işte bu sûretle Yusuf'u o arzda temkîn ettik.» (12 - Yûsuf: 21)

buyurmuştur. Eyyûb aleyhi's-selâma da büyük imtihân geçirdikten sonra kudret verildi. Nitekim :

www.ihya.org

« آتَيْنَاهُ أَهْلَهُ وَمِثْلَهُمْ مَعَهُمْ »

«Ve ona (Eyyûb aleyhi's-selâm'a) bütün ehlini ve beraberlerinde daha bir mislini bahşettik.» (21 - Enbiyâ : 84)
buyurmuştur. İmâm Şâfi'î (R.A.)'nin bu açıklaması, Kur'ân'ın gizliliklerinde mütebahhir olduğuna ve Allahu Teâlâ'ya yönelen Peygamberler ve velîlerin derecelerini bildiğine açıkça delâlet eder ki, bütün bunlar âhiret bilgileridir.

İmâm Şâfi'î'ye (R.A.) «İnsân ne zamân âlim olabilir?» diye sormuşlar. Cevâbında : «Okuduğu her fenni iyice anladıktan sonra, diğerine geçmek ve orada da eksiklerini tamâmlamak sûretiyle.» demiştir.

Yunan hakimlerinden Câlinus'a : «Bir hastalığa niçin muhtelif ilâçlar tavsiye ediyorsun?» diye sormuşlar. Câlinus: «Gerçekte hastalığın ilâcı birdir, fakat diğer ilâçların ona katılması o ilâcın zararlı te'sirlerini azaltmak içindir. Tek ilâç, kendisindeki kuvvetle bâzan aksi te'sir ederek hastayı öldürebilir. Fakat diğer ilâçlar onun bu kuvvetini azaltır ve yalnız şifâ verici hassası kalır.» demiştir. Bunun gibi tek cepheli bilgi, insânı ifrât'a sevkedebilir; fakat diğer ilimler de ona karışınca i'tidâle döner. İşte bunlar ve daha bir çok meziyetleri, İmâm Şâfi'î'nin âhiret bilgisi ve Allahu Teâlâ'yı ma'rifetteki üstün mevki'ine delâlet etmektedir.

Fıkh ve fıkhdaki mücâdelesinde gâyesi, yalnız Allah rızâsı olduğuna şu rivâyet açıkça şehâdet eder : «Hastalığı sırasında kendisini ziyâret eden Rebi'i'ye: «Gâyem, bana nisbet edilmeden, bildiğimi insânlara duyurmak idi» demiştir.» İlmin ve ilim ile ün almanın âfetlerini bildiğine ve yalnız Allah rızâsını niyyet ederek kalbinde bu gibi ün almağa aslâ iltifât etmediğine bak. İmâm Şâfi'î diyor ki: «Münâzara ettiğim hiç bir kimsenin hatâya düşmesini aslâ istemedim.» Yine buyuruyor: «Her kim ile konuştumsa onun muvaffak olmasını, kuvvetlenmesini, yardım görmesini ve Allahu Teâlâ'nın onu koruyup muhâfaza etmesini istedim.» Yine buyuruyor ki: «İnsânlar ile münâkaşamda, Hakkın benim veyâ onların lisânından çıkmasını hiç nazar-ı i'tibara almadım.» (Yâni: Hak bulunsun da, ister hasmın ağzından çıksın, ister benim ağzımdan.) Yine buyuruyor ki: «Ortaya koyduğum gerçekleri kabûl eden kimseye karşı saygı ve sevgiden başka bir şey düşünmedim, buna karşı gerçeği kuvvetlendiren delîllerimi kabûl etmeyip mükâbere [bilerek inad] edenler de gözümden düştü ve onları kalbimden sildim.» Bütün bunlar İmâm Şâfi'î'nin fıkh ilmindeki münâzaralarında gâyesinin Allah rızâsı olduğunu açıkça göstermektedir.

www.ihya.org

Görüyorsunuz, sonra gelenler şu beş hasletten yalnız fıkhda ona uymakla kaldı. Asıl gâye olan ihlâsda ayrıldılar. Bunun için Ebû Sevr (Allah rahmet etsin.) : «Ne ben ve ne de gören gözler Şâfi'î gibisini görür.» demiştir.

Ahmed b. Hanbel (Allah ondan râzı olsun); «Kırk senedir kıldığım namâzlarda, Şâfi'î'ye duâ ederim.» demiştir. Duâ edenin insâfına ve duâ olunanın yüksek derecesine bak; bir de bu asırdaki emsâl ve akrân âlimlerin birbirlerine karşı olan husûmet ve düşmânlığına bakınız da âlim aralarındaki farkı bulunuz. Böylelikle, şimdiki fakîhlerin onlara uydukları hakkındaki iddiâlarında ne derece hatâlı olduklarını anlamış olasınız.

Ahmed b. Hanbel'in İmâm Şâfi'î'ye sık sık dua ettiğini gören oğlu: «Şâfi'î kimdir ki, ona bu kadar duâ ediyorsun?» diye sormuş. Ahmed: «Oğlum, Şâfi'î, dünyâya nisbetle güneş, insânlara nisbetle âfiyet gibidir.» demiştir. Şimdi düşün, bakalım bu zâtların yerini tutacak kimse var mıdır?

İmâm Ahmed diyor : «Divit'ine sarılan herkesin İmâm Şâfi'î'ye bir minneti vardır.»

Yahyâ b. Sâ'îd el-Kattan : «Kırk senedir kıldığım her namâzda, Allahu Teâlâ'nın kendisine bahşettiği ilim ve doğru yola tevfîk etmesi bakımından Şâfi'î'ye duâ ederim.» demiştir.

Şâfi'î Hazretlerinin sayılamıyacak kadar hasletleri vardır. Biz bu kadarla kalalım. Bu yazdıklarımın çoğu, Nasr b. İbrâhim el-Makdisî'nin, İmâm Şâfi'î hakkından yazdığı **Menâkıb kitâbından** alınmıştır. Allah ondan ve bütün müslümânlardan râzı olsun.

İMÂM MÂLİK

İmâm Mâlik de (R.A.) yukarıda açıklanan beş hasletle süslenmiştir.

Kendisine :

— İlim talebine ne dersin? diye sorulunca :

— Çok güzeldir, fakat öğreneceğin, günlük yaşayışında sana lâzım olan ilim olsun, demiştir.

Dini bilgilere o kadar ehemmiyet verir ve saygı gösterirdi ki, bir hadîs rivâyet edeceği zamân hemen abdest alır, sakalını tarar, koku sürünür, vakar içinde diz üstü oturur ve ondan sonra hadisi rivâyet

www.ihya.org

ederdi. «Niçin böyle yapıyorsunuz?» diye kendisine sorulunca : «Peygamber Efendimizin mübârek ağzından çıkan değerli sözlere saygı göstermek için.» diye cevâp verirdi.

İmâm Mâlik buyuruyor ki : «İlim, fazla okuyup rivâyet etmek değildir; belki Allahu Teâlâ'nın dilediği kimseye verdiği bir nûr'dur.» İlme olan bu saygı ve hürmeti Allahu Teâlâ'nın yüceliğini kuvvetle bildiğine bir delîldir.

İlmiyle Allahu Teâlâ'nın rızâsını kasdettiğine şu sözü açıkça delâlet eder : «Dinde mücâdele [Din mes'elelerinde münâkaşa ve adâvet] hiç bir değer taşımaz. (Mezmûm bir haslettir.)»

Yine fazîletine, İmâm Şâfi'î'nin şu sözü de delâlet etmektedir : «Ben Mâlik hazretlerine kırk sekiz mes'eleden sorulup da otuz iki tânesine "bilmiyorum" diye cevâb vermiş olduğunu biliyorum.» İlmiyle, gâyesi Allah rızâsı olmayıp benlik olanlar "bilemiyorum" diyecek kadar semâhat ve tevâzu' gösteremez. Bu sebebden yine İmâm Şâfi'î : «Âlimler arasında İmâm Mâlik, parlak bir yıldız gibidir. Mâlik kadar minnetdârı olduğum kimse yoktur.» demiştir.

Rivâyet olundu ki : (Halîfe) Mansûr, cebren karıyı boşamaktan bir şey lâzım gelmediğine dâir, hadîs rivâyetinden Mâlik hazretlerini men' etmişti. Sonra, bu mes'eleyi soran bir adamı gizlice kendisine gönderdi, o da halk huzûrunda : «Cebren karısını boşayanın karısı boş olmaz.» dedi. Bunun üzerine Halîfe, kendisini kamçı ile döğdüğü hâlde yine rivâyetinden vaz geçmemiştir. Yine Mâlik: «Kişi rivâyet ettiği hadîsde yalancı olmaz, doğruyu söylerse, ihtiyârlığında hastalanmaz, aklı kaybolmaz, hâsseleri bozulmaz, ateh getirmez.» demiştir.

Zühd ve takvâsına gelince : Emîrü'l-mü'minîn Mehdî, Mâlik'e sordu : «Eviniz var mı?» Mâlik : «Yok amma sana Rebî'a b. Ebî Abdi'r-rahmân'dan duyduğum bir hadîsi haber vereyim: «Kişinin nesebi [aslı] evidir.» Aynı şeyi Hârûnü'r-Reşîd de kendisine sordu. Ona da yok deyince, Hârûnü'r-Reşîd ev almak için kendisine üç bin dînar verdi. Parayı aldı, fakat kırk parasını harcamadı. Reşîd, Hicazdan Irak'a dönmek istediği sırada, Mâlik (R.A.)'e: «Benimle gelmeni arzû ediyorum, çünkü Hazret-i Osman (R.A.) insânları Kur'ân'a dâ'vet ettiği gibi, ben de islâmları Muvatta' [İmâm Mâlik'in topladığı hadîs kitâbıdır.] kitâbına dâvet etmek azmindeyim.» Mâlik dedi ki: «İnsânları Muvatta' kitâbına dâ'vete imkân yok; zîra Peygamber Aleyhi's-selâmın ashâbı, kendisinden sonra her tarafa dağıldılar ve hadîs okuttular. Her şehirde diğerinde olmayan

www.ihya.org

nice hadisler duyulmuştur. Halbuki Peygamber Efendimiz de bir mübârek hadisinde: «Ümmetimin ihtilâfı rahmettir.» buyurdular. Sizinle gelmeme de imkân yok. Zira yine Peygamber Efendimiz bir hadisinde:

«اَلْمَدِينَةُ خَيْرٌ لَهُمْ لَوْ كَانُوا يَعْلَمُونَ»

«Eğer bilseler, Medine onlar için daha hayırlıdır.» (70)

Diğer bir hadisinde de :

«اَلْمَدِينَةُ تَنْفِي خَبَثَهَا كَمَا يَنْفِي الْكِيرُ خَبَثَ الْحَدِيدِ»

«Körük, demirin cürûfunu ayırdığı gibi, Medine de yaramaz adamlarını nefyeder.» (71)

buyurmuştur. İşte bunlar da verdiğin paralardır, isterseniz alın, isterseniz bırakın. Yâni siz bana yaptığınız ikrâm karşılığı Medine'den ayrılmamı teklif ediyorsunuz, halbuki ben, dünyâyı, Resûlullah'ın şehri olan Medîne üzerine tercih etmem.»

İşte İmâm Mâlik'in dünyâ'da zühdü böyle idi. Vaktâ ki ilmi etrâfa ün saldı ve her taraftan bol hediyeler gelmeğe başladı, bunları tamâmen hayır işlere taksîm ederdi. Bu derece cömertliği, zühdünün ve dünyâya meyli olmadığının açık delilidir. Esâsen zühd, fakirlik demek değil, kalbin mal'a meyletmemesi demektir. Nitekim Süleymân (A.S.) büyük bir varlık içinde yine zâhidlerden idi. İmâm Şâfi'i'den rivâyet edilen şu vak'a da onun dünyâya kıymet vermediğinin açık bir misâlidir. İmâm Şâfi'i (R.A.) diyor ki : «Mâlik'in kapısında Horasan atlarının, Mısır katırlarının en güzellerini görünce : Mâlik'e: "Bunlar ne güzel" dedim. Mâlik : "Benden sana hediye olsun" dedi. Ben de: "Bir tânesini olsun kendine binek olarak bırak" dedim Mâlik : «Resûlullah'ın bulunduğu beldenin topraklarını ben atımın tırnağına nasıl çiğnetirim.» dedi. Mâlik'in, bütün hayvânları birden Şâfi'i'ye hediye edişindeki cömertliği ile Peygamber Efendimiz'in medfûn bulunduğu Medine'ye olan saygısına bakın ki (saygıdan hayvâna binmemiştir.)

Dünyâlığa kıymet vermeyip bilgisiyle Allah rızâsını kasdettiğine, kendisinden rivâyet edilen şu hikâye açıkça delâlet eder : Buyuruyor

ki: «Hârûnü'r-Reşîd'in huzûruna çıktım. Hârûnü'r-Reşîd: "Yâ Ebâ Abdullah [Mâlik'in künyesi], buraya gelip çocuklarımıza, **Muvatta'** okutsan iyi olurdu" dedi. Ben de: "Allahu Teâlâ Emîrimizi yüceltsin, bu ilim [hadis] sizden yâni **Kureyş**'den çıktı. Eğer siz bunu yüceltirseniz o yücelir, eğer kıymet vermezseniz o da düşer; ilim kimsenin ayağına gitmez, ilmin olduğu yere gidilir" dedim. Bunun üzerine Hârûnü'r-Reşîd: "Doğru diyorsun" dedikten sonra, çocuklarına: "Siz de câmi'e gidin ve diğer kimselerle bir arada dinleyin" diye emretmiştir.»

İMÂM A'ZAM EBÛ HANÎFE

Ebû Hanîfe de aynı şekilde âbid, zâhid, Allahu Teâlâ'yı bilen ve ondan korkan ve Allah rızâsını dileyen bir zât idi.

Âbid olduğu İbn Mübârek'in şu rivâyetiyle bilinir: İbn Mübârek diyor ki: «Ebû Hanîfe'nin mürû'eti [her iyiliğe istî'dâdı] ve çok gece namâzı var idi. Hammâd b. Süleymân: «Geceyi tamâmen namâz ile geçirirdi.» diyor. (Bu, hayâtının sonlarında idi.)» Diğer bir rivâyette, gecenin yarısını ibâdetle geçirirdi, deniliyor. (Bu, ilk zamânlarında idi). Bir gün sokakta giderken birisinin, İmâm'ı göstererek: «Şu zât, geceyi baştan sona ibâdetle geçirir» dediğini duyduktan sonra bütün geceyi ibâdetle geçirdi ve ben: «Yapmadığım ibâdetle vasıflandırıldığımdan Allah'tan utanırım.» dedi.

Zühd'üne gelince: Rebî b. Âsım'dan rivâyet edildi ki: «(Kûfe Vâlisi) Yezid b. Ömer b. Hubeyre, beytü'l-mâli kendisine teslîm etmek üzere beni Ebû Hanîfe'ye gönderdi. Ben de Ebû Hanîfe'yi getirdim, bu vazîfeyi kabûl etmediğinden yirmi kamçı kendisine vurdu.» Bakınız nasıl, kamçıları yemek pahasına da olsa riyâseti kabûl etmedi. Hakem b. Hişâm es-Sakafî diyor ki: «Ebû Hanîfe'nin çok i'timada şâyân bir zât olduğunu duyan Vâli kendisine: "Hazîne vekili olacaksın, kabûl etmezsen sırtına kamçı vurulacak" dedi. Ebû Hanîfe ise onların azâbını Allahu Teâlâ'nın azâbı üzerine tercîh ederek bu vazîfeyi kabûl etmedi.» Yine rivâyet olundu ki; İbn Mübârek'in yanında Ebû Hanîfe'den (bir bakıma aleyhinde) söz açıldı; İbn Mübârek: «Bütün varlığıyla dünyâ kendisine arzedildiği hâlde ondan kaçan bir zât'ın aleyhinde nasıl konuşuyorsunuz? dedi. Şücâ'ın oğlu Muhammed'in bâzı arkadaşlarından rivâyet ettiğine göre, Emîrü'l-mü'minîn Ebû Ca'fer Mansur'un onbin dirhem hediye göndereceği Ebû Hanîfe'ye haber verildi. Ebû Hanîfe buna râzı olmadı. Hediyenin gele-

www.ihya.org

ceği gün, sabâh namâzını kıldıktan sonra başını örttü ve kimse ile konuşmadı. Kahtabe'nin oğlu Hasan'ın adamı hediye ile yanına geldi; fakat Ebû Hanîfe onunla konuşmadı. Yanındakiler: «Bunun hâli budur, arasıra konuşur» dediler. Bunun üzerine gelen adam «Ne yapalım?» diye sorunca, «Şu beze bağlayın da köşeye koyun.» dediler. Sonra Ebû Hanîfe oğluna şöyle vasiyyet etti: «Oğlum, ben öldüğüm vakit beni defnettikten sonra şu deriyi Kahtaba'nın oğlu Hasan'a götür, ve: «Bu, Ebû Hanîfe'ye bıraktığın emânettir, de!» (Oğlu da vasiyyetini yerine getirdiği vakit) Hasan: «Allah babana rahmet etsin, dini üzerine çok titiz idi.» dedi.

Yine rivâyet olundu ki: «Halîfe tarafından Bağdâd'ın baş kadılığına dâ'vet edildiğinde: «Ben kadılığa selâhiyetli değilim, senin de bu vazîfeyi bana vermen doğru olamaz.» dedi. «Niçin böyle dedin?» diye kendisine sorulunca: «Eğer doğru bir adam isem bu vazîfe bana yaramaz, eğer yalancı isem, yalancılar kadı olamaz.» diye cevâp verdi.»

Âhiret yoluna, din ilmine ve Allahu Teâlâ'yı ma'rifetteki ilmine gelince: «Dünyâlıktan yüz çevirmesi ve Allahu Teâlâ'dan son derece korkusu bunun açık delîlidir. İbn Cureyh: «Ebû Hanîfe Nu'mân b. Sâbit'in Allahu Teâlâ'dan son derece korktuğunu sizin Kûfe'lilerden öğrendim.» dedi. Şureyk-i Naha'î de: «Ebû Hanîfe, dâimî düşünce ve uzun sükût sâhibi, insânlarla az konuşan bir zât idi.» dedi. Bu hasletler, bâtınî bilgisinin ve dînde mühim mes'elelerle uğraşmasının en açık delîlidir. Kim ki sükûtu iltizâm eder, dünyâya meyletmezse ilmin bütününe sâhip demektir. İşte bu saydıklarımız üç İmâm'ın bir nebze terceme-i hâlidir.

İMÂM AHMED VE İMÂM SEVRİ

Ahmed b. Hanbel ile Süfyân-ı Sevrî'ye (Allah onlara rahmet etsin) gelince: Bunlara uyanlar az, hele Süfyân-ı Sevri'nin tâbi'leri daha azdır. Fakat bunların harâm'dan kaçınmaları, dünyâya arka dönmeleri, vera' ve zühd'leri daha meşhûrdur. Bu kitâb onların işleri ve sözleriyle dolu olduğundan burada tafsilâta girişmeğe lüzûm yoktur. Sen bu anda şu üç imâm'ın ahlâk ve ahvâline bak ve düşün ki bu sözler, bu işler, bu hâl ve dünyâdan i'raz etmek ve yalnız Allah'a yönelmek sâde fıkh'ın fürû'dan olan selem, icâre, zihâr, ilâ, li'ân gibi mes'eleleriyle mümkün müdür? Yoksa başka bir ilim böyle bir netîce verebilir mi? Bir bunlara bak da «Biz bunlara uyduk» diyen âlimlerin yalancı veyâ doğru sözlü olup olmadıklarını düşün.

MAKBÛL OLMADIĞI HÂLDE AVÂMIN MAKBÛL SAYDIĞI İLİMLER HAKKINDADIR. AYRICA BÂZI İLİMLERİN HANGİ CİHETTEN MEZMÛM OLDUKLARI İLE, FIKH, İLİM, TEVHİD, TEZKİR VE HİKMET GİBİ BÂZI İLİM ADLARININ MÂNÂCA NASIL DEĞİŞTİRİLDİĞİNİ VE ŞER'Î İLİMLERDEN NE MAKBÛL VE NE KADARININ MEZMÛM OLDUĞU BEYÂNINDADIR.

MEZMÛM İLİMLERİN YERİLMESİNİN SEBEBİ

«Eşyâyı olduğu gibi bilmek ve tanımak olduğuna ve bu da aynı zamânda Allahu Teâlâ'nın sıfatlarından bulunduğuna göre, nasıl olur da ilim mezmûm olur» dersen bilmiş ol ki, ilim bizâtihi mezmûm değil, belki üç sebebden biriyle insânlar hakkında mezmûmdur. Bunları açıklayalım :

1 — Sâhibini veyâ başkasını zararlandırması bakımından mezmûm olur. Sihir ve Tılsımat ilimleri gibi. Sihir vâki'dir. Kur'ân bunu haber vermiştir; hattâ çok samimî olan karı - koca arasını açmak için bir vâsıta olarak ona baş vurulur. Peygamberimize bile sihir yapılmış ve kendisi hastalanmıştır. Cebrâil aleyhi's-selâm'ın haber vermesi üzerine kuyu dibinde taş altındaki sihir vâsıtası çıkarılmıştır. (Buhârî ile Müslim, Hz. Âişe'den rivâyet etmişlerdir.)

Sihir, yıldızların doğuş yerlerini hesâb ederek maddelerdeki hassaları bilmekle istifâde edilen bir nevi' ilimdir. O maddelerden, sihir edilecek adam'ın heykeli yapılır, yıldızların doğumunun muâyyen sâati beklenir, şerî'ate uymayan fâhiş ve küfür sözler söylenerek Şeytan'dan yardım istenir ve bütün bunlardan âdet-i ilâhî gereğince sihir yapılan kişide acâib hâller görülür. İlim olmaları bakımından bunları öğrenmek fenâ değilse de, bunlar insânları zararlandırmaktan başka bir şeye yaramazlar. Fenâlığa yol açan her şey, fenâ olduğu için bu ilim de mezmûmdur. Hattâ, iyi bir adam'ı öldürmek isteyen bir zâlim'e, bulunduğu yeri göstermek, bildiği şey'i olduğu gibi ifâde etmek

www.ihya.org

bakımından bir ilimdir, fakat zarar doğurduğu için mezmûmdur. Burada yalan söylemek vâcibdir.

2 — Çok kere sâhibine zararı dokunması bakımından mezmûm olur. İlm-i Nücûm gibi. Bu ilim de zâti bakımından mezmûm değildir. Çünkü bu iki kısımdır. Bir bölümü hisâbdır. Kur'ân-ı Kerîm, güneş ve ayın hisâb ile seyrettiğini nâtıktır :

«اَلشَّمْسُ وَالْقَمَرُ بِحُسْبَانٍ»

«Güneş ve Ay hisâb iledir.» (55 - Rahman : 5)

Yine Cenâb-ı Hak buyuruyor :

«وَالْقَمَرَ قَدَّرْنَاهُ مَنَازِلَ حَتَّى عَادَ كَالْعُرْجُونِ الْقَدِيمِ.»

«Ay'a da menziller takdîr ettik. Nihâyet o eski hurma salkımının eğri çöpü gibi bir hâle dönmüştür.» (36 - Yâsîn : 39)

Bir kısmı da ahkâm'dır. Bunun hülâsası: Hâdiselere sebeblerle delîl bulmaktır. Bu ise, tabîb'in nabız yoklamasından, hastalığa delîl bulmasına benzer ki, Allahu Teâlâ'nın yaratıklar üzerindeki âdetini bilmek demektir. Fakat Şerî'at bunu da yermiştir. Nitekim Peygamber Efendimiz :

«إِذَا ذُكِرَ الْقَدَرُ فَأَمْسِكُوا، وَإِذَا ذُكِرَتِ النُّجُومُ فَأَمْسِكُوا. وَإِذَا ذُكِرَ أَصْحَابِي فَأَمْسِكُوا»

«Kader'den bahsedilince sükût edin, yıldızlardan bahsedilince sükût edin, Eshâb'dan bahsedilince sükût edin.»

buyurdular. Yine Peygamber Efendimiz :

«أَخَافُ عَلَى أُمَّتِي بَعْدِي ثَلَاثًا : حَيْفُ الْأَئِمَّةِ، وَالْإِيمَانُ بِالنُّجُومِ. وَالتَّكْذِيبُ بِالْقَدَرِ»

www.ihya.org

«Benden sonra ümmetim için üç şeyden korkarım: İmâmların zulmünden, nücûma inanmaktan, kaderi yalanlamaktan.» (72)

diye buyurdular. Ömer b. Hattâb (R.A.): «İlm-i nücûmdan, kara ve denizde şaşmayacak ve yolu bulacak kadarını öğrenin; fazlasından vaz geçin.» buyurmuştur. Hazret-i Ömer'in bu ilimden men'etmesi üç cihettendir:

Evvelâ: Bu ilmin çok insânlara zararlı olması bakımındandır. Çünkü onlara, yıldızların seyri akabinde bu işler oluyor dendiği vakit, yıldızların, bu işlerde müessir birer ilâh olduğunu zannederler. Onları, içlerinden büyütür, onlara gönül verir, hayrı şerri onlardan bilir ve Allah'ı unuturlar. Çünkü imânı zayıf kimseler vâsıtalara bakar. Halbuki gerçek âlim, Ay, Güneş ve Yıldızlar'ın Allahu Teâlâ'nın emrinde musahhar olduklarını bilir. (Akîdesi) zayıf kimselerin Güneş'in doğması akabinde Güneş ışığına bakmaları, kâğıt üzerinde duran ve akıllı diye farzedilen bir karıncaya benzer. Karınca kâğıt üzerinde yazılan kara yazıları görünce «bunları kalem yazıyor» der; çünkü başını kaldırıp yukardaki parmakları, el'i ve bunları harekete getiren irâdeyi, sonra yazıcı bir insânı, sonra el, kudret ve irâdeyi yaratan bir yaratıcıyı göremez. İnsânların çoğu da en aşağı ve en yakın sebebi görebilir. Daha yukarı gidip sebeblerin yaratıcısını görmekten âcizdir. İşte ilm-i nücûm'un yasak olmasının bir sebebi budur.

Sâniyen: Yıldız'dan çıkarılan ahkâmın, bütün insânların ne kat'î ve ne de şüpheli olarak anlıyacakları şekilde sırf tahminden ibâret olması sebebiyledir. Bununla hüküm, cehâletle hükümdür. Binaenaleyh yerilmiş olması ilim değil, cehil olması bakımındandır. Bu ilim, İdris aleyhi's-selâmın mu'cizesi idi. (Ölümünden sonra) bu ilim de kesadlaştı ve bitti. Müneccimlerin verdiği bâzı hâberlerin zuhûru tesâdüfîdir; çünkü müneccim bâzı sebeblere âgâh olabilirse de, bu sebeblerin akabinde olacak işler daha nice şartlara bağlıdır ki, bunların içyüzünü anlamak insânların gücü dışındadır. Eğer Allahu Teâlâ diğer sebebleri de takdîr etmişse isâbet etmiş olur ve dediği çıkar. Eğer takdîr etmemişse müneccim de hatâya düşer. Bu, şöyle demek olur: İnsânoğlu havanın karardığını, yüksek dağlardan bulutların sarktığını görünce bu dış görünüşe uyarak yağmur'un yağacağını tahmîn edebilir; fakat çok kere tahmîni hilâfına güneş kızdırır, bulutlar dağılır, kaybolur gider. Bâzı kere de bir tarafta güneş parlar, diğer tarafta yağmur yağar. Demek ki yağmurun yağması için yalnız bulut kâfi değil, daha birçok sebepler var. Fakat bunları biz anlıya-

(72) İbn Abdülberr, Ebû Mihcen'den.

www.ihya.org

mayız. Bunun gibi gemiciler, rüzgârlardan edindikleri kanâata göre selâmette olduklarını zannederler; halbuki kendilerinin bilemediği o rüzgârların daha nice gizli sebebleri vardır. Bâzan tahminlerinde isâbet eder selâmeti bulur ve bâzân da hatâya düşerler. Bu sebebdendir ki, bâzı kere imânı kuvvetli olanlar da nücûm ilminden men'edilirler.

Sâlisen: Bu ilimde belli başlı bir fayda olmaması sebebiyledir. Zira bunu bilmek ne onu düzeltebilir ve ne de mukadderatı değiştirebilir. Bu, boşu boşuna en kıymetli sermâye olan insân ömrünü tüketmektir. Kıymetli ömür sermâyesini isrâf ise en büyük zarardır.

«مَرَّ رسولُ اللهِ صلى الله عليه وسلم بِرَجُلٍ والنَّاسُ مُجتَمِعُونَ عَلَيْهِ فَقَالَ «مَا هَذَا» ؟ فَقَالُوا : رَجُلٌ عَلَّامَةٌ ، فَقَالَ «بِمَاذَا» قَالُوا بِالشِّعْرِ وَأَنْسَابِ الْعَرَبِ ، فَقَالَ : «عِلْمٌ لَا يَنْفَعُ وَجَهْلٌ لَا يَضُرُّ»

«Peygamber Efendimiz bir adamın başına büyük kalabalığın toplandığını görünce :

— Nedir o? diye sordu. Onlar da :

— Allâme, dediler.

Peygamber Efendimiz :

— Ne bilir? deyince.

— Şiir ve Arab soylarını, cevâbını verdiklerinde :

— Cehlinde bir zarar olmadığı gibi bilinmesinde de bir kârı olmayan bir ilimdir, diye buyurmuşlardır.» (73)

Diğer bir hadîs-i şerîfde şöyle buyurulmuştur :

«إِنَّمَا الْعِلْمُ آيَةٌ مُحْكَمَةٌ أَوْ سُنَّةٌ قَائِمَةٌ أَوْ فَرِيضَةٌ عَادِلَةٌ»

«İlim, âyet-i muhkeme veyâ sünnet-i kaaime veyâ âdil bir farîzadır.» (74)

Anlaşılıyor ki yıldız ve benzeri ilimlere dalmak faydasızdır, cehâlete dalmak ve tehlikeli işe atılmaktır. Zira mukadder âkıbete herkes

uğrayacak ve kaçınmak mümkün olamıyacaktır. Tabâbet bunun aksinedir. Çünkü ona ihtiyâç olduğu gibi bir çok delilleri de bilinir. Hattâ rüyâ ta'biri de bunun gibi değildir. Her ne kadar tâbir tahminî ise de, Peygamberliğin kırk altı cüz'ünden bir cüz' olması bakımından bir değer taşır ve bâzıları da bunu bilebilir. (75)

3 — Kişinin müstakillen anlayıp istifâde edemiyeceği ilimler ile uğraşmasının kendi hakkında mezmûm olmasıdır. İlimlerin zâhir ve kolay anlaşılan kısımlarını öğrenmeden, ince ve çetin kısımlariyle uğraşmak ve esrâr-ı ilâhiyyeden bahsetmek gibi. Gerçi kelâmcılar ve feylesoflar ilâhî sırlardan bahsettiler; fakat tamâmen mâhiyyetini anlayamadılar; bu husûsta istiklâliyet kazanamadılar. Bu gibi esrârı ancak Peygamberler ve Veliler anlar. Binâenaleyh gerekli olan, insânları bundan men'edip şerî'ate havâle etmektir. Orada inananları iknâ edecek deliller vardır. Çok kimseler var ki daldıkları ilimlerden zarar görmüşlerdir. O ilimleri okumasalar dindeki mevkileri daha güzel olacaktı. Kuş eti ve bâzı tatlıların memedeki çocuğa dokunması gibi, bâzı ilimlerin de bâzı kimselere zararlı olduğu inkâr edilemez.

Çok kimseler var ki, bâzı hâllerde cehâlet onlar için daha faydalıdır. Adamın birisi âilesinin çocuk doğurmadığından tabîbe şikâyet etti. Tabîb, hanımın nabzına baktı ve «Doğurmadığı iyi, çünkü bu hanım kırk güne kadar ölecek» dedi. Bunu duyan hanımı dehşetli korku sardı, kederlendi; malını böldü, vasiyyetini yaptı; kırk gün yemez içmez, mâtem içinde bir hayât geçirdi. Kırk gün geçip de ölmeyince kocası tabîbi haberdar etti. Tabîb de:

— Şimdi münâsebette bulunun, çocuk doğurur, dedi. Adam:

— Nasıl olur? deyince, tabîb:

— Hanım çok şişman olduğu için yağ rahmin kapısını kapatmıştı. Bildim ki bunu ölüm korkusundan başka bir şey zayıflatmaz, ben de kendisini ölümle korkuttum. Şimdi zayıfladı, yağ eridi, çocuğun doğmasına mâni kalmadı, dedi. İşte şu kıssa bâzı ilimleri bilmenin (bâzı kimseler hakkında) zararlı olduğu husûsunda seni îkaz eder ve sana Peygamber Efendimizin:

«تَعَوَّذْ بِاللّٰهِ مِنْ عِلْمٍ لَا يَنْفَعُ»

«Faydası olmayan bilgiden Allah'a sığınırız.» (76)

(75) Bu husûsda Peygamberimizin hadisi olmakla berâber, esâsen 23 senelik peygamberlik devresinin ilk altı ayı rüyâ ile geçmiştir. İşte bu, nübüvvetin kırk altıda biri olur.

Meâlindeki hadisinin mânâsını da anlatmış olur. Şu hikâyeden ders al ve şerî'atın yasak ettiği bilgilerle uğraşma, sahâbe'ye (R.A.) sünnete uymakla kal: selâmet ordadır. Tehlike ise, bu gibi umûr-ı garîbe ile uğraşmaktadır. «Eşyâyı, olduğu gibi anlamak için çalışıyorum; bundan ne zarar var» diye akıl, mantık ve delillerine güvenerek böbürlenme. İyi bil ki (bâzı ilimlerin ileride) sana getireceği zarar, kârından çoktur. Çok şey var ki, onları bilmekliğin, eğer Allahu Teâlâ'nın lûtfu yetişmezse, seni âhirette helâk edecek zararlara yol açar. Yine bilmiş ol ki, ilâçlardaki hassaları yalnız tabîbler bildiği gibi, kalblerin tabîbleri de peygamberler ve âhiret hayâtının sebeblerine vâkıf olan âlimlerdir. Sakın, kendi aklınla onlara itirâza kalkışma; helâk olursun. Akla göre parmakta çıkan bir yaranın parmakta tedâvisi gerekirse, tabîb başka yerden tedâvisini emreder ki, akıl bunu aslâ kabûl etmez. Çünkü damarların, bedendeki köklerini, dallarını, dolaştıkları ve toplandıkları yerleri bilmez. Âhiret yolunda şerî'at'ın sünnet ve âdâbının inceliklerinde ve insânların, bilmesiyle mükellef oldukları inançlarında da öyle lâtif incelikler var ki, bunları şümûliyle anlamak, aklın kuvvet ve ihâtası dışında kalır. Nitekim kıymetli taşlarda bir takım acâib hassalar vardır ki, hikmet sâhibleri bile bunlardaki husûsiyetleri çözmekten âcizdir. Hattâ mıknatıs'ın demiri (çektiğini biliyor, fakat) hangi kuvvetle çektiğini bilemiyorlar. Kalbi temizleyip cilâlandırmak sûretiyle islâh ederek fazîlet duygularını tattırıp insânı Allah'a yaklaştırmaları bakımından dinî inanç ve şer'î hükümlerdeki acâib ve garîb hâller, ilâçlar ve taşlarda olan hassalardan daha çok ve daha büyüktür. Tecrübe, bir vesîle olduğu hâlde, ilâçlardaki hassaları tamâmiyle idrâk edemiyen akıllar, tecrübe ile bir gûnâ alâkası bulunmayan âhiret yaşayışındaki faydalı şeyleri elbette tamâmiyle anlıyamazlar. Tecrübe buna yol bulurdu eğer ölülerden bâzıları geri dönüp de kendilerini Allahu Teâlâ'ya yaklaştırıcı iyi amellerin, uzaklaştırıcı fenâ amellerin ve makbûl inancın neler olduğunu haber vereydi ki, buna aslâ ümîd ve imkân yok. Aklın menfaatinden, seni, Peygamberin doğruluğuna ulaştıracak ve sözlerindeki işâretleri anlatacak kadarı yeter; lüzûmsuz şeylerle aklını yorma, Peygamberin gösterdiği yola gir. Selâmet, ancak oradadır ve's-selâm. Bu sebebdendir ki, Peygamber Efendimiz:

«إِنَّ مِنَ الْعِلْمِ جَهْلاً . وَإِنَّ مِنَ الْقَوْلِ عِيًّا»

«Gerçekten bilgi'nin bâzısı cehâlet, sözün bâzısı da yorgunluktur.» Diğer rivâyete göre: "ağırlıktır."» (77)

(77) Ebû Dâvud, Bureyde'den.

buyurmuşlardır. Şüphesiz ilim cehl olmaz; bâzan cehâlet gibi zararlı olur. Yine Peygamber Efendimiz şöyle buyurmuşlardır:

«قَلِيلٌ مِنَ التَّوْفِيقِ خَيْرٌ مِنْ كَثِيرٍ مِنَ الْعِلْمِ»

«Az muvaffakıyyet çok bilgiden hayırlıdır.» (78)

İsâ aleyhi's-selâm da «Ağaçlar çok ama hepsi meyve vermez. meyveler çok ama hepsi tatlı olmaz, ilimler çok ama hepsi faydalı olmaz» buyurmuşlardır.

LÂFIZLARIYLA DELÂLET ETTİKLERİ MÂNÂ DEGIŞTIRILEN İLİMLERİN AÇIKLANMASI

Bilmiş ol ki, mezmûm ilimlerin şeri'at ilimleriyle karıştırılmalarının kaynağı, fenâ maksatlarla, onların öğülen adlarını tahrîf edip, birinci asırdaki iyi insânların murâd ettikleri mânâların hilâfına nakletmektir. Bunlar da **fıkh, ilim, tevhîd, tezkîr** ve **hikmet olmak** üzere öğülen beş isimdir. Bunlar ile bezenenler, dinde rütbe sâhibi kimselerdir. Ne yazık ki, bu lâfızlar şimdi verilen mânâlarda nakledilmiş ve bu isimlerin onlara verilmesi şöhret bulduğu için, gönüller bunların mânâlariyle vasıflanan kimseleri yermekten nefret etmektedir.

BİRİNCİ LÂFZ: **Fıkh**'dır. Bu sözü, başka mânâya aktarmadı ve değiştirmediler. Yalnız bu kelimeyi fürû'-ı fıkhın fetvâlardaki garîb mes'elelerini bilmeğe, illetlerinin inceliklerini anlamağa, bu husûsda sözü uzatmağa ve bunlarla alâkalı makaaleleri ezberlemeğe isim vermekle husûsileştirdiler. Kim ki, fürû'-ı fıkhın inceliklerini bilir ve onlarla fazla meşgûl olursa, ona daha fakîhdir derler. Halbuki birinci asırda âhiret yolu ve nefsin âfetlerinin incelikleri bilgileriyle amelleri bozan şeyleri bilmeğe, dünyâlığa kıymet vermeyip, âhiret nimetlerine bağlanmağa ve kalbini Allah korkusunun kaplamasına birden **«Fıkh ilmi»** denirdi. Nitekim Hak Teâlâ'nın şu âyet-i celîlesi bunu açıkça göstermektedir:

«لِيَتَفَقَّهُوا فِي الدِّينِ وَلِيُنْذِرُوا قَوْمَهُمْ إِذَا رَجَعُوا إِلَيْهِمْ»

«Dînde fakîh olup, kavm u kabileleri döndüğü zamân onları korkutmaları için.» (9 - Tevbe : 122)

Korkutmak kendisiyle mümkün olan, işte bu **fıkh**'dır : Yoksa **talâk**, itak, li'ân, selem ve icâre mes'elelerini bilmek değildir. Çünkü bu mes'eleler ile ne inzâr ve ne de korkutma olur. Belki, yalnız bunlarla uğraşmak, kalbin korkusunu azaltır ve kalbi karartır. Nitekim bunlarla uğraşanlarda görüldüğü gibi. Bu gibiler hakkında Allahu Teâlâ şöyle buyurmuştur :

«لَهُمْ قُلُوبٌ لَا يَفْقَهُونَ بِهَا»

«Onlar için kalbler var ki, o kalblerle anlamazlar.» (7 - A'râf : 179)

Buradaki **«fıkh»** kelimesinden, **«Fetvâları anlamazlar»** değil, îmânın ne demek olduğunu anlamazlar mânâsı murâd edilmiştir. Ömrüme yemin ederim ki, **fıkh** ve **fehm** kelimeleri'nin ikisi de lûgatte bir mânâdadır. Arablar arasında eski ve yeni şivelerde ikisi de bir mânâda konuşulur. Allahu Teâlâ buyuruyor :

«... لَأَنْتُمْ أَشَدُّ رَهْبَةً فِي صُدُورِهِمْ مِنَ اللَّهِ»

«Onlar, inanınız ki Allahtan daha çok sizden korkuyorlar. Bu ise anlayışlı bir kavim olmadıklarındandır.» (59 - Haşr : 13)

Allahu Teâlâ'dan korkularının azlığı ve insânların saldırışını büyütmeleri fıkıh azlıklarına havâle ediliyor. Bak bakalım bunların fakîh olmamaları, fetvâların çeşitlerini bilmedikleri için mi, yoksa bizim anlattığımızı bilmedikleri için midir? Peygamber Efendimiz kendisini ziyârete gelen bir cemâat hakkında fıkıh mes'elelerini değil, îmân, amel ve ahlâk esâslarını öğrenmelerini ve iyi hasletlerini anlatmaları üzerine :

«عُلَمَاءُ حُكَمَاءُ فُقَهَاءُ»

«Âlimdirler, hakîmdirler, fakîhdirler.» (79)

buyurmuştur. (Halbuki bunların hiç biri diğer mânâda fıkıh mes'elelerini bilmezlerdi.) Zühri Kabilesinden İbrâhim'in oğlu Sâd'a (R.A.) «Hangi şehir halkı daha fakîhdir?» «Allahu Teâlâ'dan daha çok korkan» diye cevâp vermekle fıkhın netîcesine işâret etmiştir. Çünkü ilmin bâtınî meyvesi fetvâ ve hükümler değil, takvâ'dır. Peygamber Efendimiz bir hadîsinde şöyle buyurmuşlardır:

«أَلَا أُنَبِّئُكُمْ بِالْفَقِيهِ كُلِّ الْفَقِيهِ؟ قالوا بلى. قَالَ: مَنْ لم يُقْنِطِ النَّاسَ مِنْ رَحْمَةِ اللهِ. وَلَمْ يُؤَمِّنْهُمْ مِنْ مَكْرِ اللهِ وَلَمْ يُؤْيِسْهُمْ مِنْ رَوْحِ اللهِ وَلَمْ يَدَعِ الْقُرْءَانَ رَغْبَةً عَنْهُ إِلَى مَاسِوَاهُ»

«Hazret-i Peygamber "Ey ümmetim, size gerçek fakîh kim olduğunu bildireyim mi?" diye sorunca, bildir yâ Resûlallâh cevâbını alması üzerine şöyle buyurdu: Allahu Teâlâ'nın rahmetinden ümîd kestirmeyip gazabından emin kılmayanlar, başkasına meyletmek üzere, Kur'ânı terketmeyen kimselerdir.» (80)

«لَأَنْ أَقْعُدَ مَعَ قَوْمٍ يَذْكُرُونَ اللهَ تَعَالَى مِنْ غُدْوَةٍ إِلَى طُلُوعِ الشَّمْسِ أَحَبُّ إِلَيَّ مِنْ أَنْ أَعْتِقَ أَرْبَعَ رِقَابٍ»

«Sabâhın ilk vaktinden, gün doğuşuna kadar Allahu Teâlâ'yı zikredenlerle bir arada bulunmak benim için, dört köle âzâd etmekten daha sevimlidir.» buyurduğunu rivâyet etmiştir. (81)

Bu mübârek sözünü rivâyet ettiği zamân Zeyd'er-Rakkaşî ve Ziyâd en-Nümeyrî'ye dönerek: «Zikir toplulukları sizin bu topluluğunuz gibi, durmadan hadîsler okuyup va'zetmek şeklinde değildir. Biz otururduk, îmânı müzâkere eder, Kur'ânı düşünür ve dînde fakîh olmağa çalışır, Allahu Teâlâ'nın bize verdiğini tefekkuh ederek anlayarak sayardık ve Kur'ân-ı Kerîm'in mânâlarını düşünmeyi fıkıh sayardık» dedi ve Kur'ân'ın mânâlarını düşünmek ile Allahu Teâlâ'nın verdiği nimetleri anlayarak saymayı «Fıkıh» diye adlandırdı. Peygamber Efendimiz buyurmuştur:

(80) Ebû Bekir b. Lâl «Mekârim-i Ahlâk»da.
(81) Ebû Dâvud rivâyet etmiştir.

«لَا يَفْقَهُ الْعَبْدُ كُلَّ الْفِقْهِ حَتَّى يَمْقُتَ النَّاسَ فِي ذَاتِ اللهِ وَحَتَّى يَرَى لِلْقُرْآنِ وُجُوهاً كَثِيرَةً»

«Allah için insânlara husûmet etmeyip, Kur'ân'ın bir çok vecihleri olduğunu kabûl etmedikçe, kişi tâm mânâsiyle fakih olamaz.» (82)

Yine bunun gibi Ebû'd - Derdâ'ya mevkûfen bu hadise şu ilâve vardır :

«ثُمَّ يُقْبِلُ عَلَى نَفْسِهِ فَيَكُونُ لَهَا أَشَدَّ مَقْتاً»

«Sonra kendine döner de Zât-i Bârî hakkında nefsini herkesden daha çok levm eder.»

Ferkad es-Senci Hasan-ı Basrîye bir şey sordu ve cevâbını aldıktan sonra, «Fakihler, niçin senin fetvâlarına itiraz ediyorlar?» diye sordu. Hasan:

— Annen seni kaybetsin ey Ferkadcik, sen şu gözlerinle fakih mi gördün? Fakîh dediğin dünyâya arka verip âhirete yönelen, dinini koruyan, kusûrlarını görebilen, Allahu Teâlâ'ya karşı ibâdete devâm eden, her türlü şübhelerden, müslümânların (ve hattâ bütün insânların) ırzına göz dikmekten kendini koruyacak derecede hazer eden, sakınan, insânların malına tamah etmeyen ve halka nasihatte bulunan kimsedir, dedi ve böylece fakihi anlatırken fıkhın fürû'larına dâir fetvâlar veren kimselerden hiç bahsetmedi. Bununla berâber fıkıh ilminin zâhirî hükümlerde fetvâ ile alâkası olmadığını demek istemedim. Fetvâ ile de alâkası vardır. Fakat fetvâ ile alâkası umûm ve şümûl tarikiyle veyâhut âhiret ilmine tâbi olması bakımındandır. Hattâ eskiler, bu fıkıh ilmine daha ziyâde âhiret ilmi derlerdi. Bu ilmi yalnız fetvâya tahsisden doğan karışıklık sebebiyle âhiret ilmi ve kalb'in hâlleri ihmâl edildi. (Çünkü bu, kolay) fakat bâtın ilmi ise gizli, anlaşılması güç ve gereğini işlemek zordur. Bâtın ilmi ile kadılık ve reislik gibi dünyâ mevki'i, mansab ve servetlerine ulaşmak zordur. Şerî'atte makbûl olan «fıkıh» ilminin ismi vâsıtasiyle, Şeytan da bu ilmi onlara güzel göstermeğe yol buldu.

İKİNCİ LÂFZ: İlim, lâfzıdır. Aslında, Allahu Teâlâ'nın zâtını âyetlerini ve yaratıklarına olan muâmelesini bilmeğe, ilim denirdi. Hattâ Hazret-i Ömer'in (R.A.) ölümünde İbn Mes'ûd (R.A.): «İlmin onda dokuzu öldü.» dediği vakit ilim kelimesini «El-ilmu» şeklinde L [Lâm] ile ma'rife olarak getirdi ve bu ilmi de Allahu Teâlâ'yı bilmek ile açıkladı. Halbuki onlar bu kelimeyi de husûsî mânâda kullanmakla değiştirdiler. Çok kere ilim kelimesini fıkıh ve diğer mes'elelerde karşılıklı münâzara mânâsında kullandılar da, bu gibilere: Hakiki âlim, fuhûl-i ulemâ [âlimlerin üstünü] dediler. Bu gibi mücâdeleye giremiyenler ise gerçek bilginlerden sayılmayıp alelâde bilginler meyânında kaldı. İşte bu da ilim kelimesinde değişiklik ve onu husûsî mânâda kullanmaktır. Halbuki Kur'ân ve hadîsde fazîletlerinden bahsedilen bilgi ve bilginler Allahu Teâlâ'nın zâtını, ahkâm, ef'âl ve sıfatlarını bildiren ilim ve âlimlerdir. Şimdi şeri'at ilimlerini lâyıkiyle kavramamış, ancak mantık yoluyla mücâdeleye girip hasmını ilzâma kalkışan kimselere bu isim verildi. Tefsîr, hadîs ve mezhep ilimlerinde câhil olduğu hâlde, bu gibiler üstün bilgin mânâsında «âlimlerin erkeği» diye sayıldı ve bu hâl pek çok ilim tâlibinin helâkine sebeb oldu.

ÜÇÜNCÜ LÂFZ: «Tevhîd» dir. (Tevhîd, aslında bütün kemâl sıfatlariyle Allahu Teâlâ'nın birliğini bilmek iken) şimdi kelâm ilminden ve mücâdele yollarını bilmekten, hasmın delîllerini çürütmeyi iyice anlamaktan, bir çok şüpheler ortaya koyacak soruları, çenelerini eğe - büke cevâplandıracak kudrette olmaktan ve hasmı ilzâm için delîller tertîp etmekten ibâret olduğunu sandılar. Hattâ bunlarla uğraşanlardan bir kısmı (Mu'tezile) kendilerine «Adl ve tevhid ehli» ünvânını verdiler. Kelâmcılara da «Tevhîd bilginleri» adını verdiler. Halbuki asr-ı evvelde [Sahâbe ve Tâbi'in devrinde] kelâm ilminin bütün husûsiyetlerinden hiç biri bilinmiyordu. Hattâ böyle mücâdele mevzûu açmak isteyenler şiddetle reddedilirdi. Ama Allahu Teâlâ'nın birliğini ifâde eden ve ilk duyuşda kolaylıkla anlaşılan Kur'ân âyetleri ise hepsinin malûmu idi. Kur'ân-ı Kerîmi bilmek, her şey bilmek demekti. Birinci asırdakilere göre: Tevhid, ekseri kelâmcıların anlayamıyacağı ve şâyet anlayan olursa onunla vasıflanamıyacağı başka bir mânâda idi. O da: Vâsıta ve sebeblere yönelmiyecek şekilde her şeyi Allahu Teâlâ'dan bilmektir. Ehl-i tevhîd hayrı da şerri de ancak Allahu Teâlâ'dan bilir. Bu öyle yüce bir makaamdır ki, bunun meyvelerinden birisi de ileride husûsî bâbında açıklanacak olan «tevekkül»dür. Bunun neticelerinden birisi de insânlardan şikâyette bulunmamak, onlara kızmamak ve her işde Allahu Teâlâ'ya teslim olup

www.ihya.org

hükmüne rızâ göstermektir. Bu mânâda tevhîd'in bir meyvesi, Ebû Bekir'in (R.A.) hastalığı sırasında «tabîb getirelim» diyenlere :

— Beni hastalandıran tabîbdir, diye verdiği cevâpta görülür. Diğer bir zât da (yine Ebû Bekir'dir) hastalanınca :

— Tabîb hastalığına ne dedi? sorusuna cevâp olarak :

— Dilediğimi yaparım, dediğini söyledi. Bütün bunların delilleri tevhîd ve tevekkül bahislerinde gelecektir.

Tevhîd, iç içe iki perdesi olan kıymetli bir cevherdir. İnsânlar özü tamâmen unuttular da dışındaki kabuğa ve kabuğu korumağa tevhîd ismini verdiler. Birincisi yâni dış kabuk veyâ perde: Dil ile LÂ - İLÂHE İLLÂ'LLAH demektir ki buna, Hıristiyanların tasrîh ettikleri teslîsi bozan tevhîd adı verilir. Fakat bu tevhîd, içi dışına uymayan münâfıkdan da duyulabilir. İkinci perde : Dil'in söylediği bu tevhîd'i kalbin inkâr etmemesi, belki bunu, inanıp tasdîk etmesidir. Bu ise **avâm** tabakasının tevhîdidir. İşte kelâmcılar, tevhîd cevherinin bu iç kabuğunu bid'adcilerin karıştırmasından koruyabilirler. Üçüncüsü ki özdür, vâsıta ve sebeblere iltifâttan insânı alıkoyacak şekilde her şeyi Allahu Teâlâ'dan bilmek ve ibâdetini yalnız ona tahsîs edip başkasına kulluk etmemektir. Hevâ ve hevesinin ardından sürüklenenler nefislerini ma'bûd tanıdıklarından bu tevhîd dışında kalırlar. Nitekim Allahu Teâlâ bu gibiler hakkında:

«أَفَرَأَيْتَ مَنِ اتَّخَذَ إِلٰهَهُ هَوَاهُ»

«Nefislerini ilâh tanıyanları görür müsün?» (45 Câsiye : 23) buyurmuştur. Peygamber Efendimiz de bu gibiler hakkında :

«أَبْغَضُ إِلٰهٍ عُبِدَ فِي الْأَرْضِ عِنْدَ اللّٰهِ تَعَالَى هُوَ الْهَوَى»

«Yeryüzünde tapılan tanrılardan, Allahu Teâlâ'nın en çok buğz ettiği hevâ-i nefs'dir.» (83)

buyurmuştur. Gerçek şu ki: İyi düşünen kimse, put'a tapan kişinin de hevâ-i nefsine tapmış olduğunu anlar. Çünkü gönül ata dînine meyleder işte o kişi de nefsinin meyline uymuş olur. Zâten «HEVÂ» kelimesinin bir mânâsı da, nefsin alışkın olduğu şeylere doğru eğilmesidir. İnsânlara kızmak ve insânlara yönelmek de bu tevhîd dışında kalır. Çünkü her şeyin Allahu Teâlâ'dan olduğunu bilen kimse, başkasına ne kızar, ne de bir şey umarak iltifât eder. İşte tevhîd bu ma-

kaamdan ibârettir. Bu makaam da sıddîkler makaamıdır. Düşün de bak, şimdi tevhîd'i nasıl değiştirdi ve hangi kabuğu ile iktifâ ettiler de, öğülme mânâsından iflâs etmiş olan tevhîd'in öğülen ismine dayanarak nasıl bunu öğülme ve üstünlük vesîlesi tanıdılar. Bu hâl sabâhleyin erkenden abdest alarak kıbleye dönüp: «Yüzümü, yerleri, gökler yaratan Allah'a yönelttim.» dediği hâlde kalbi Allahu Teâlâ'ya yönelmiyen kimsenin her gün yalan söylemesiyle namâza başlamasıncaki iflâs eden hâline benzer. Eğer: «Yüzümü Allah'a yönelttim» dediğinde «yüz» kelimesinden gerçek yüz'ünü murâd ediyorsa çok fenâ çünkü yüzünü Allahu Teâlâ'ya değil, diğer yönlerden alarak Kâ'be'ye çevirmiştir. Kâ'be ise, yerleri, gökleri yaratan'ın yönü değil ki, onya dönen Allahu Teâlâ'ya yönelmiş olsun. Allahu Teâlâ, yönden ve mekân'dan münezzehdir.

Eger kalbini Allahu Teâlâ'ya çevirdiğini kasdediyorsa - ki zâten aranan ve kendisiyle ibâdet yapılmak istenen de kalb'dir - bunu böyle söyleken kalbi başka yönlerde, maddî ihtiyâçları ve sebebleri çoğaltarak mâl ve mevki' edinmek için hileler peşinde ve tamâmiyle bunlara yönelmiş bir şekilde ise, yerleri, gökleri yaratan Allahu Teâlâ'ya nasıl ve ne zaman yönelmiş oluyor? Halbuki: «Yüzümü, yerleri ve gökler yaratan Allahu Teâlâ'ya yönelttim» cümlesi tevhîd'in gerçekliğinde haber veren bir cümledir. Tevhîd eden, ancak biri görür ve ancak bire (Allah'a) yönelir ki, bu da Allahu Teâlâ'nın:

«قُلِ ٱللَّهُ ثُمَّ ذَرْهُمْ فِي خَوْضِهِمْ يَلْعَبُونَ»

«Allah'ı de de, onları bırak kendi bâtıl sözlerinde eğlensinler.» (6 - En'âm: 91

fermân-ı celîlesine uymak demektir; yalnız dil ile konuşmak demek değildir. Dil, kâbe tercümândır. Bâzan doğru ve bâzan da yalancı olur. Allahu Teâlâ'nın nazargâhı, dil'in tercümânı olduğu kalb'dir. Tevhîd'in kökü ve kaynağı da bu kalb'dir.

DÖRDÜNCÜ ÂFZ: Zikr ve tezkir'dir. Zikr hakkında Allahu Teâlâ:

«وَ ذَكِّرْ فَإِنَّ ٱلذِّكْرَىٰ تَنفَعُ ٱلْمُؤْمِنِينَ»

«Hâtırlat, hâtırlamak mü'minlere fayda verir.» (51 - Zâriyat: 55) buyurmuştur. Zikr meclislerini öğen bir çok hadisler vardır. Nitekim bir hadîs'inde eygamber Efendimiz şöyle buyurur:

www.ihya.org

«إِذَا مَرَرْتُمْ بِرِيَاضِ ٱلْجَنَّةِ فَٱرْتَعُوا. قِيلَ: وَمَا رِيَاضُ ٱلْجَنَّةِ؟ قَالَ مَجَالِسُ ٱلذِّكْرِ»

«—Cennet bahçelerine uğradığınızda faydalanın - çiçek'erini koklayın - buyurunca sordular :
— Cennet bahçeleri hangileridir,
— Zikr meclisleri, buyurdular.» (84)

Diğer bir hadîs-i şerîfde şöyle buyuruluyor:

«إِنَّ لِلّٰهِ تَعَالَى مَلَائِكَةً سَيَّاحِينَ فِي ٱلدُّنْيَا سِوَى مَلَائِكَةِ ٱلْخَلْقِ إِذَا رَأَوْا مَجَالِسَ ٱلذِّكْرِ يُنَادِي بَعْضُهُمْ بَعْضًا أَلَا هَلُمُّوا إِلَى بُغْيَتِكُمْ فَيَأْتُونَهُمْ وَيَحُفُّونَ بِهِمْ وَيَسْتَمِعُونَ، أَلَا فَٱذْكُرُوا ٱللّٰهَ وَذَكِّرُوا أَنْفُسَكُمْ»

«Gerçek, Allahu Teâlâ'nın, insânlar için yarattığı meleklerden başka, bir de seyahat eden melekleri vardır. Zikr meclislerini buldukları vakit arkadaşlarını: "Geliniz, aradığınız burada" diye çağırırlar, toplanır, onları kuşatır ve dinlerler. Ey - ümmetim - Allah'ı anın ve nefsinize hâtırlatın.» (85)

İşte şu zikri zamâne vâizlerinin çoğu, gördüğünü gibi, kısas, eş'âr, şath ve tâmât olmak üzere dört şeye çevirdiler ve onlara devâm ettiler.

Kıssalar ve hikâyeler, bid'attir. Önce gelen âlimler kıssaları dinlemekten men'ederek, Hazret-i Peygamber, Ebû Bekir ve Ömer devrinde olmadığını, sonradan fitnenin zuhûriyle kıssaların da şâyi' olduğunu söylemişlerdir.

Rivâyet olundu ki, birgün İbn Ömer ('A.) mescidden çıktı ve : «Beni mescidden çıkaran şu hikâyeci konuştur; eğer o olmasaydı ben de çıkmazdım.» dedi.

(Şam Müftüsü) Zamre, Sufyân-ı Sevrî'ye:

— Hikâyeleri dinleyelim mi? diye sorunca Sufyân:

— Bid'atlere (Yönünüzü değil) arkanızı çevirin, diye cevâp verdi

(Horasanlı) İbn Avn diyor ki: «İbn Sîrîn'i ziyâret ettim. İbn Sîrîn:

— Bu gün ne haber var, diye bana sordu. Ben de:

— Pâdişah, hikâyecilerin hikâye anlatmalarını yasak etti, dedim. İbn Sîrîn:

— Doğru harekette bulundu, dedi.»

A'meş, Basra câmi'lerinden birine girdi. Orada bir hikâyeci:

— A'meş bize böyle anlattı, diyerek hikâyesine devâm ediyordu. A'meş bunu görünce dinleyiciler arasına girdi ve koltuklarını yolmağa başladı. Bunu gören hikâyeci:

— Ey ihtiyar, (İlim meclisinde bu hareketten) utanmıyor musun? deyince, A'meş:

— Neye utanayım, ben temizlik yapmakla sünneti işliyorum, sen ise yalan konuşuyorsun, işte A'meş dediğin benim, ben sana ne zamân böyle bir şey anlattım, dedi. Ahmed (b. Hanbel): «En çok yalan söyleyenler, kıssacılar ile fazla soru soranlardır» demiştir.

Hazret-i Ali (R.A.), hikâyecileri Basra câmi'lerinden çıkarmış, fakat Hasan-ı Basrî'yi dinleyince, ona birşey dememiştir. Çünkü Hasan-ı Basrî, âhiret ilmini, ölümü düşünmeği, kendi kusûrlarını düzeltmeği, amellerin âfetlerini, Şeytan'ın vesvesesini ve ondan korunma çârelerini anlatıyor, Allahu Teâlâ'nın nimetlerini ve bu nimetlerin şükrünü edâdaki kusûrları hâtırlatıyor, Dünyâ'nın âdiliğini, ayıplarını, devâmı olamıyacağını, vefâsızlığını, âhiret'in tehlike ve çetinliklerini açıklıyordu ki, işte şer'an öğülen ve Ebû Zerr'in rivâyetiyle teşvik edilen va'z da budur.

Şöyle ki, Peygamber Efendimiz:

«حُضُورُ مَجْلِسِ ذِكْرٍ أَفْضَلُ مِنْ صَلَاةِ أَلْفِ رَكْعَةٍ. وَحُضُورُ مَجْلِسِ عِلْمٍ أَفْضَلُ مِنْ عِيَادَةِ أَلْفِ مَرِيضٍ. وَحُضُورُ مَجْلِسِ عِلْمٍ أَفْضَلُ مِنْ شُهُودِ أَلْفِ جَنَازَةٍ. فقيل: يَا رَسُولَ اللهِ: وَمِنْ قِرَاءَةِ ٱلْقُرْءَانِ؟ قال: وهل تَنْفَعُ قِرَاءَةُ ٱلْقُرْءَانِ إِلَّا بِٱلْعِلْمِ؟»

www.ihya.org

«"Zikr ve ilim meclisinde bulunmak, bin rek'at namâzdan, bin hastayı ziyâretten ve bin cenâzeyi teşyî'den efdaldir." buyurunca :

— "Yâ Resûla'llah, Kur'ân okumaktan da üstün müdür?" diye soruldukta :

— "Kur'ân ancak ilim ile fayda verir." buyurmuştur.» (86)

Atâ (R.A.) : «Bir zikr meclisi, yetmiş eğlence meclisinin günâhını bağışlatır.» buyurmuştur. İçi berbat dışı yaldızlı olan kimseler bu gibi hadîsleri kendilerini tezkiyeye mesned ederek va'z ve tezkîr adını kendi hurâfelerine [boş sözlerine] verdiler. Böylece öğülen zikrin yolunu unuttular da ziyâde ve noksân ile birbirini tutmayan kıssalar ile uğraşarak Kur'ân'daki kıssalardan ayrıldılar. Hikâyelerin faydalısı olmakla berâber, doğru da olsa bâzılarının zararı vardır. Hikâyeciliği şi'âr edinenler, doğruyu, yalanı, kâr ve zararı birbirine katarlar. Bu sebepten hikâyecilik yasak edilmiştir. Bunun için **Ahmed b. Hanbel** (R.A.) : «Doğru da söylese, hikâyeciye ihtiyaç yok» demiştir.

Kıssacı doğruyu söyler ve kıssaları din ile alâkalı, Peygamberlere âit kıssalardan olursa bu gibi kıssaları anlatmakta beis yoktur. Hikâyeci yalandan, bâzı büyüklerin zelle ve ihmâlini andıran, avâmın, mâhiyetini, kavrayamıyacağı hikâyelerden son derece çekinmelidir. Çünkü avâm tabakası bu gibi hikâyelerden cesâret alarak «Ne yapalım, ben kusûrlu isem benden çok büyük olan şu zâtlar bu şeyhler de şöyle böyle hatâlar işlemiştir. Binâen_aleyh hepimiz kusûrluyuz» demekle kendisini ma'zûr göstermeğe çalışır ve bu gibi hikâyeler onları isyâna teşvik eder. Şu iki mahzûrdan, yâni yalandan ve anlaşılması güç olan hikâyelerden kaçınmak şartiyle kıssa anlatmakta beis yoktur. Zâten bu mahzûrlar kalkınca kıssalar da, sahih kitâblarda ve Kur'ân'da bulunan makbûl kıssalardan olur.

Bâzı kimseler yalan da olsa halkı hakka da'vettir zanniyle, ibâdeti teşvik eden zayıf hikâyeleri anlatmayı tecviz ederler. Halbuki bu, Şeytân'ın fitnesidir. Zîra doğrunun sâhası yalandan geniştir. Allahu Teâlâ'nın, Kur'ân-ı Kerîm'de ve Peygamber Efendimizin mübârek hadîs'lerinde anlattıkları kıssaların, va'zlarda uydurmalara ihtiyâcı yoktur. Nasıl ihtiyâcı olsun ki, va'zlarda yapmacık cümleler ve uydurmacık kelimelerle kafiyeli konuşmalar bile yasak edilmiştir. **Sa'd b. Ebî Vakkas**'ın kafiyeli konuşan oğlu **Ömer**, bir ihtiyâcı için kendisine geldiği vakit : «Senin böyle konuşman beni kızdırdı. Tevbe etmedikçe dileğini aslâ yerine getirmem.» dedi.

(86) Birinci Bâb'da geçmiştir.

www.ihya.org

Üç kelimede secî' yapan İbn Revâha'ya Peygamber Efendimiz:

«إِيَّاكَ وَالسَّجْعَ يَا ابْنَ رَوَاحَةَ»

«Sakın secî'li konuşma ey Revâhe oğlu.» (87)
demiştir:

Kaçınılması gereken secî' iki kelimeden fazla olanıdır. Bunun için (Haml b. Nâbiga) düşük çocuğun diyeti ile alâkalı olarak: «Yemeyen, içmeyen, ağlamayan ve sesi çıkmayan için nasıl diyet verelim? Bu hederdir.» deyince ve bu ibâredeki kelimeleri secî'li olarak ifâde edince, Peygamber Efendimiz:

«أَسَجْعٌ كَسَجْعِ الْأَعْرَابِ!»

«A'rab'ın secî'li konuşması gibi var mı?.» (88)
buyurdular.

Şi'rlere gelince: Bunların da va'zlarda çok söylenmesi uygun değildir. Allahu Teâlâ buyuruyor:

«وَالشُّعَرَاءُ يَتَّبِعُهُمُ الْغَاوُونَ. أَلَمْ تَرَ أَنَّهُمْ فِي كُلِّ وَادٍ يَهِيمُونَ»

«Şâirler, bunların arkasına da çapkınlar, sapkınlar düşer. Görmez misin bunlar her vâdide hayran olurlar?.» (26 - Şu'arâ: 224 - 225)

Yine Allahu Teâlâ buyuruyor:

«وَمَا عَلَّمْنَاهُ الشِّعْرَ وَمَا يَنْبَغِي لَهُ»

«Ve ona (Peygamber'e) şiir öğretmedik ve ona yakışmaz!» (36- Yâsîn: 69)

Vâizlerin okuduğu şi'rlerin, çoğu aşkı, ma'şûkun cemâlini visâl'in huzûrunu ve ayrılığın acısını anlatan şeylerden ibârettir. Halbuki dinleyenlerin çoğu, gönülleri güzel sûretlere meyyâl avâm tabakası

(87) Bu ifade ile bulunamamıştır.
(88) Müslim, Mugîre'den.

www.ihya.org

insanlardır. Bu gibi şi'rler, ancak onların gönüllerdeki aşklarını harekete geçirir, şehvetleri tutuşur, coşar ve kaynaşırlar. Bu gibi şi'rlerin çoğu belki hepsi, dini ifsâd eder. Yakışık alan, bu gibi şi'rleri değil, belki da'vâsına delil olacak, nasihat ve hikmet olan şi'rleri okumaktır. Nitekim Peygamber Efendimiz:

«إِنَّ مِنَ الشِّعْرِ لَحِكْمَةً»

«Gerçekten, şi'rlerden bâzıları hikmettir.» (89)

buyurmuştur.

Eğer dinleyicilerin hepsi, Allah sevgisine dalmış havas tabakası olup meclisde başkası bulunmazsa o zamân, dış görünüşü insânlara, (Gerçekde ise Allah'a) işâret eden beyitleri okumakda beis yoktur. Çünkü her dinleyici, duydukların: gönlünün isteğine göre anlar. Semâ' bahsinde bunun hakikati anlatılacaktır. Bunun içindir ki, Cüneyd, dâima on kişi civârındaki topluluğa hitâb ederdi. Cemâati yirmiyi bulsa, daha fazla konuşmazdı. Bu sebepten bir kere olsun cemâati yirmiyi bulmamıştır.

(Basra'lı) İbn Sâlim'in evi önüne kalabalık bir cemâat toplandı. «Bunlar senin adamlarındır, konuşmanı istiyorlar, konuş.» dediler. İbn Sâlim: «Bunlar benim adamlarım değil, meclisin adamlarıdır, benim dostlarım havâsstandır.» dedi.

Şath'a gelince, şath kelimesinden, bâzı sôfiyyenin icâd ettiği iki sınıf kelâmı kasd ediyoruz.

1 — Allahu Teâlâ'ya olan aşklarını ifâde eden lüzûmsuz sözler ve zâhiri amellerden müstağnî kılan vuslât iddiâlarıdır. Hattâ bâzıları Allahu Teâlâ ile birleşip aralarından perdenin kalktığı, Allahu Teâlâ'yı gördüklerini ve ilâhî hitâb'a mazhar olduklarını iddiâ edecek kadar ileri gitmişlerdir. Onlar: «Bize Allah tarafından böyle söylendi, biz de böyle dedik» demekle kendilerini bu gibi sözleri yüzünden i'dam edilen Hüseyn b. Hallâc-ı Mansur'a benzetmek istediler ve onun «Ene'l-hak» sözü ile Bâyezîd-i Bistâmî'nin «Subhânî, Subhânî» (kendimi tesbih ederim, kendimi tesbih ederim) demesini de delil gösterdiler. Bu nevi' sözlerin avâm üzerinde büyük zararları vardır. Hattâ bu sebepten bir çok çiftçiler rençberlikden ayrıldı ve bu gibi da'vâlar ile meşgûl oldular. Çünkü insân tabiati bu gibi sözlerden zevk alır.

(89) Buhâri, Ubeyy b. Kâb'dan.

www.ihya.org

Bu iddiâlarda, amelsiz yüksek makam ve hâllere ulaşmak sûretiyle nefsi tezkiye var. Ahmaklar bu gibi iddiâlardan çekinmez. Bu gibi muzahraf sürçmeleri söylemekten de kaçınmaz. Bu sözleri reddedildiği vakit de «Bize karşı inkâr'ın kaynağı, ilim ve cedeldir; ilim perde, cedel ise benlik işidir. Bizim sözlerimiz ise hak nûrunun tecellîsiyle içden doğan sözlerdir» demekten çekinmezler.

Bu ve benzeri sözler her tarafı istilâ etti ve avâm tabakasına çok büyük zararları dokundu. Hattâ bu gibi sözleri konuşanları öldürmek, Allahu Teâlâ'nın dininde on kişiyi yaşatmaktan daha efdaldir.

Ebû Yezîd-i Bistâmî'ye gelince: Evvelâ ona izâfe edilen bu gibi rivâyetler doğru değildir. Eğer hakîkaten kendisinden böyle bir şeyler duyulmuşsa belki bunları Allahu Teâlâ'dan hikâye yoluyla söylüyor. Bunları kendine mal etmek doğru olamaz. Nitekim:

«إِنَّنِي أَنَا اللهُ لَا إِلٰهَ إِلَّا أَنَا فَاعْبُدْنِي»

«Gerçek ibâdete lâyık Allah, benim, bana ibâdet edin.» (20 - Tâhâ: 14)

âyet-i celîlesini onun ağzından duyduğumuzda bunu kendine mâl etmek doğru olamıyacağı gibi.

2 — **Şath**'ın ikinci mânâsı, anlaşılmayan kelimelerden meydâna gelen ve hiç bir kârı olmayan üstü kapalı korkunç bir takım ibârelerdir. Bunun iki sebebi var: Ya akli muvâzenesinin bozulması ve hayâlinin karışmasından ağzından çıkanı kulağının duymaması sebebiyle ne dediğini kendisinin de bilmemesidir ki, çokları böyledir. Veyâhud bir şeyler anlayıp cehâleti sebebiyle anladığını kalıplandırıp ifâde edecek kelimeler bulamadığındandır. Bu gibi sözlerde bir fayda yoktur. Çünkü bu sözler, kalbi bulandırır, aklı şaşırtır, zihinleri hayrete düşürür veyâ dinleyenleri murâd olunmayan mânâları anlamağa sevk eder de herkes kendi kabiliyyetine göre te'vîllerde bulunur. Halbuki Peygamber Efendimiz şöyle buyurmuşlardır:

«مَا حَدَّثَ أَحَدُكُمْ قَوْمًا بِحَدِيثٍ لَا يَفْقَهُونَهُ إِلَّا كَانَ فِتْنَةً عَلَيْهِمْ»

«Sizden biriniz bir cemâate, anlayamayacağı şekilde hitâb ederse, o söz cemâatte fitne uyandırır.» (90)

(90) Ukayli «Zuafâ»da.

www.ihya.org

Yine Peygamber Efendimiz şöyle buyuruyorlar:

«كَلِّمُوا النَّاسَ بِمَا يَعْرِفُونَ وَدَعُوا مَا يُنْكِرُونَ، أَتُرِيدُونَ أَنْ يُكَذَّبَ اللهُ وَرَسُولُهُ؟»

«İnsânlara, anladıklarını söyleyin, anlamadıklarını terk edin, Allah ve Resûlünün yalanlamasını mı istersiniz?» (91)

İşte anladığını anlatamıyanların hâli budur : Anlamadan Konuşmak ise aslâ câiz **değildir. İsâ** (aleyhi's-selâm): «Hikmeti ehli olmayana vermeyin, hikmete zulm edersiniz; ehlinden esirgemeyin, ehline zulmedersiniz. İlâcı yara üzerine koyan tabib gibi olunuz.» buyurmuştur. Diğer bir ifâde ile hikmeti ehli olmayana vermek cehâlet; ehline vermemek ise zulümdür. Hikmet'in hakkı olduğu gibi ehli de vardır. Her hakk sâhibine hakkını veriniz.

Tâmmât denen lüzûmsuz sözlere, şath bahsinde anlatılanlar katıldığı gibi ayrıca muâyyen bir mânâsı da vardır. O da şer'î sözleri, anlaşılan mânâlarından alıp da hiç bir faydası olmayan anlaşılmaz mânâlara nakletmektir. Bâtınî'lerin te'vîl âdetleri gibi. Bunun da İslâm dininde harâm ve zararı çok büyüktür. Çünkü Sâhib-i Şerî'atten bir haber olmaksızın ve akıl delâletinin icab ettirdiği bir zarûret bulunmadan, lâfızların mânâlarını değiştirmek sözlere olan i'timâdı çürütür, Allahu Teâlâ ve Peygamber (S.A.) kelâmının değeri kaybolur. (Çünkü kulluğumuzu, bu emirlerin zâhir mânâlarına göre ayarlıyoruz). Bunların iddiâsına göre, anlaşılan mânâya güvenmemek gerekir. Bâtın mânâ için bir kaide yoktur. Herkesin uydurmasına göre ayrı ayrı tevcihlere gidilebilir. İşte bu da İslâm dinine büyük zararı olan bid'atlerdendir. Bunun sâliklerinin gâyesi, insân tabiatı garabete meylettiği ve bundan lezzet aldığı için, garîb şeyler ortaya koymakla zâhirini te'vîl ederek, şerî'ati yıkmak ve insânları kendi bâtın ve bâtıl inançlarına çevirmektir. Nitekim bâtıniyyeyi red için tasnîf edilen «MUSTAZHARİYYE» adındaki eserimizde bunu anlattık.

Bu tâmmât ehlinin Kur'ân'ı te'villerinden bâzı örnekler:

«اذْهَبْ إِلَىٰ فِرْعَوْنَ إِنَّهُ طَغَىٰ»

«Fir'avn'a git; o, azdı.» (20 - Tâhâ: 24).

(91) Buhârî, Ali'den.

www.ihya.org

Bunlar diyorlar ki, «FİR'AVN» kelimesinden gâye, kalb'dir. Çünkü insân üzerine tuğyan eden kalb'dir.

«وَأَنْ أَلْقِ عَصَاكَ»

«Ve asânı [değneğini] at, bırak.» (28 - Kasas : 31)

Buna da yaptıkları te'vîl «Allahu Teâlâ'dan başka dayandığın her şey'i bırak» şeklindedir.

Hadîsleri te'villerinden bâzı örnekler :

«تَسَحَّرُوا فَإِنَّ فِي السُّحُورِ بَرَكَةً»

«Ramazan'da gece yemeğine kalkınız, çünkü onda bereket vardır.» (92)

Onlara göre: «Geceleri tevbe edin.» mânâsındadır. Buna benzer bir çok te'vîlleri var. Hattâ Kur'ân'ı baştan sonuna kadar te'vîl etmişler ve zâhir mânâsından, İbn Abbâs'dan ve diğer âlimlerden rivâyet edilen mânâlardan ayrılmışlardır. Bu te'villerin bâzılarının bâtıl olduğu kat'î olarak anlaşılır. **«Fir'avn»** kelimesine «kalb» mânâsı vermek gibi. Çünkü Fir'avn'ın görülen bir insân olup Mûsa'nın (A.S.) kendisini da'vet ettiği, târîhin şehâdetiyle bize kadar gelen bir gerçektir. Ebû Cehl ve Ebû Leheb de bunun gibi. Bunlar göz ile görülemeyen, Şeytân veyâ meleklerden değiller ki te'vîl yolları aransın. «SÜHÛR» kelimesini istiğfâr ile te'vîl etmek de bunun gibidir. Çünkü bizzât Peygamberimiz gece yemeği yer ve: «Yeyiniz» buyururdu.

Nitekim diğer bir hadis'i şerîfde de şöyle buyuruluyor:

«هَلُمُّوا إِلَى الْغَدَاءِ الْمُبَارَكِ»

«Mübârek gıdâya [gece yemeğine] buyurun.» (93)

İşte bu te'villerin bâtıl oldukları tevâtür ve hiss ile bilinir. Diğer bâzılarının butlânı da zann-i gâlib ile bilinir ki, bunlar hâsseler ile anlaşılı olmayan şeylerdir. Bütün bu gibi te'villerin hepsi harâm ve sapıklık ve insânların dînini ifsâd etmektir. Bu gibi bâtıl te'viller ne

(92) Buhârî ile Müslim, Enes'den

(93) Ebû Dâvud, Nesel, İbn Hibbân, İrbaz b. Sariye'den.

www.ihya.org

Sahâbe ve ne de Tâbiinden ve ne de insânlara vâz u nasihate düşkün olan Hasan-ı Basri gibi zevâttan rivâyet edilmiştir. Tamâmen uydurmadırlar. Eğer bu gibi te'viller câiz olsaydı, o zamân Peygamber Efendimizin şu hadîs-i şerifinin bir mânâsı kalmazdı:

«مَنْ فَسَّرَ ٱلْقُرْءَانَ بِرَأْيِهِ فَلْيَتَبَوَّأْ مَقْعَدَهُ مِنَ ٱلنَّارِ»

«Kur'ân-ı Kerim'i kendi arzûsuna göre tefsîr eden Cehennemdeki yerine hazırlansın.» (94)

Bu hadîs'den, Kur'ân'ın, düşünce ve istinbat ile tefsîrini yapmamak gerektiği mânâsını anlamak doğru olmaz. Çünkü öyle âyetler var ki, bunlar hakkında Sahâbe ve müfessirlerden beş, altı ve hattâ yedi'ye kadar mânâlar rivâyet edilmiştir ve bütün bu mânâların hepsi de Peygamber'den duyulmadığı bilinen bir gerçektir. Hattâ bu mânâlar te'lif edilemiyecek şekilde ayrı ayrı da olabilir. Şüphesiz bunlar iyi anlayış ve uzun düşüncenin mahsûlüdür. Bu sebebdendir ki Peygamber Efendimiz, (Abdullah) b. Abbas (R.A.) hazretleri için:

«ٱللَّهُمَّ فَقِّهْهُ فِي ٱلدِّينِ وَعَلِّمْهُ ٱلتَّأْوِيلَ»

«Allah'ım, sen o'nu dinde anlayışlı kıl ve te'vîli o'na öğret.» (95) diye duâ etmiştir.

Yaratıkları, yaradan'a dâvet ediyorum zanniyle, bilerek lâfızları murâd olmayan bu gibi te'villere çevirmeği uygun gören ehl-i tâmmât, hadd-i zâtinde doğru olan bir sözü, Peygamberimiz söylemediği hâlde söyledi deyip ona isnâd edenlere benzerler. Doğru olan her mes'eleye bir hadîs uyduran gibi, bu ise zulüm ve sapıklık, üstelik Peygamber Efendimizin:

«مَنْ كَذَبَ عَلَيَّ مُتَعَمِّدًا فَلْيَتَبَوَّأْ مَقْعَدَهُ مِنَ ٱلنَّارِ»

«Bir kimse, benim söylemediğimi, kasden, söyledi diye bana isnâd ederse Cehennemdeki yerine hâzırlansın.» (96)

hadîsindeki hâle düşmektir. Hattâ bu te'villerin fenâlığı, bu gibi isnâdlardan, daha çok ve daha büyüktür. Çünkü bu gibi te'viller, elfâza olan i'timâdı sarsar ve Kur'ân-ı Kerîm'den istifâde yollarını tamâmen keser.

Verilen bu izâhattan, Şeytân'ın insânları öğülen bilgilerden yerilen bilgilere nasıl yönelttiğini öğrenmiş oldun. Bütün bunlar, fenâ bilginlerin ilimlerin adlarını kendi arzûlarına göre tefsir edip karıştırmalarındandır. İlk asırda bu isimlerden maksadın hangi ilimler olduğunu aramadan ve bilmeden meşhûr isimlere güvenerek bu zümreye uymak, şeref ve hikmeti, mesleği değil de, sâdece adı hakîm olan bir kimseden beklemek gibidir. Bu asırda tabîb'e de, şâir'e de, müneccime de hakîm denmektedir. Bu da, lâfızların değişmesini unutmaktandır.

BEŞİNCİ LÂFZ : «Hikmet» sözüdür.

Tabîb'e, şâir'e, müneccim'e ve hattâ çok daha düşük kimselere de «hakîm» ismi verilmektedir. Halbuki hikmet, Allahu Teâlâ'nın öğdüğü şeydir. Nitekim Kur'ân-ı Kerîm'de buyuruluyor:

«يُؤْتِي ٱلْحِكْمَةَ مَنْ يَشَاءُ وَمَنْ يُؤْتَ ٱلْحِكْمَةَ فَقَدْ أُوتِيَ خَيْرًا كَثِيرًا»

«Hikmet'i dilediğine verir; hikmet kendisine verilen çok hayır elde etmiştir.» (2 - Bakara: 269)

Peygamber Efendimiz bir hadîs'inde şöyle buyuruyor:

«كَلِمَةٌ مِنَ ٱلْحِكْمَةِ يَتَعَلَّمُهَا ٱلرَّجُلُ خَيْرٌ لَهُ مِنَ ٱلدُّنْيَا وَمَا فِيهَا»

«Hikmetten bir kelime öğrenmek, bütün varlığıyle dünyâ'dan hayırlıdır.» (97)

Düşün bak, birinci asırda hikmet ne idi ve şimdi nereye nakledildi. Diğerlerini de buna benzet ve fenâ bilginlerin karıştırmalarından kendini koru. Bu gibi fenâ bilginlerin din'e olan zararları, Şeytânların zararlarından çoktur. Çünkü Şeytânlar (kendi başlarına bir şey yapamazlar.) bunların aracılığıyla Müslümânların îmanını alma-

(97) Yukarıda geçmiştir.

ğa çalışırlar. Bunun için Peygamber Efendimize, «insânların en fenâsı kimdir?» diye sorulduğu vakit cevâp vermek isıtemedi ve «Allahümme gafren» [Allah'ım, mağfiret et.] buyurdu. Tâ ki tekrâr tekrâr sordular :

«لما سئل رسول الله صلي الله عليه وسلم عن شر الخلق آبى وقال: «اَللّٰهُمَّ غَفْرًا» حتى كرروا عليه فقال: «هُمْ عُلَمَاءُ السُّوءِ»

«Onlar, fenâ âlimlerdir.» (98)

buyurdu.

İşte öğülen ve yerilen bilgileri ve birbirine karışmalarının sebeblerini öğrendin. Serbestsin istersen aklını başına alır, Sahâbe ve Tâbi'îne uyarsın, dilersen ucub ve kibir ipine sarılır da bu gibilerin peşinden gidersin.

Selef'in kabûl ettiği ilimlerin çoğu kayboldu. İnsânların daldıkları ilimler ise hep sonradan îcâd edilmiş şeylerdir. Elbette ki, Peygamber Efendimizin şu mübârek sözü doğrudur :

«بَدَأَ ٱلْإِسْلَامُ غَرِيبًا وَسَيَعُودُ غَرِيبًا كَمَا بَدَا فَطُوبَىٰ لِلْغُرَبَاءِ» فقيل: ومن الغرباء؟ قَالَ ٱلَّذِينَ يُصْلِحُونَ مَا أَفْسَدَهُ ٱلنَّاسُ مِنْ سُنَّتِي. وَٱلَّذِينَ يُحْيُونَ مَا أَمَاتُوهُ مِن سُنَّتِي»

«İslâm dini garîb olarak doğdu ve doğduğu gibi garîb olarak sönecektir. Garîblere müjde olsun. Garîbler kimdir? sorusuna cevâp olarak: «Benim sünnetimden insânların bozduğunu islâh edenler ve terk edilen sünnetleri yaşatanlardır.» (99)
demişlerdir.

Diğer bir rivâyete göre de :

«هُمُ ٱلْمُتَمَسِّكُونَ بِمَا أَنْتُمْ عَلَيْهِ ٱلْيَوْمَ»

(98) Dârimî.
(99) Müslim, Ebû Hureyre'den.

www.ihya.org

«Onlar şimdi sizin gittiğiniz yolda olan kimselerdir.» (100) diye cevâp vermişlerdir.

Diğer bir hadîs-i şerîfde de:

«اَلْغُرَبَاءُ نَاسٌ قَلِيلٌ صَالِحُونَ بَيْنَ نَاسٍ كَثِيرٍ مَنْ يُبْغِضُهُمْ فِي الْخَلْقِ اَكْثَرُ مِمَّنْ يُحِبُّهُمْ»

«Garîbler, çokluk arasında az olan ve iyi kimselerdir. Onları sevmeyenler, sevenlerden çoktur.» (101)

buyurmuşlardır. O ilimler o derece garîb kaldı ki onları anan kimseye düşmânlık ederler. Bu sebepten Sevrî (R.A.): «Bir âlimin etrâfında toplanmış çok dostu olduğunu gördün mü, bilmiş ol ki, o, sâfi değil, (riyâ ile) karışıktır. Çünkü eğer ilminin gereğiyle konuşsa, doğruyu söyleyeceği için çokları da kendisine husûmet besler, hepsi dostu olmazdı.» diyor.

MAKBÛL İLİMLERDEN ÖĞÜLEN [MAHMÛD] MİKDARININ AÇIKLANMASI

Bilmiş ol ki ilimler bu i'tibarla üç kısma ayrılır:

1 — Azı da, çoğu da yerilen,

2 — Azı da, çoğu da makbûl olan ve çoğaldıkça daha güzel ve fazîletli olan,

3 — Yetecek kadarı makbûl, fakat fazlası makbûl olmıyan ilimler.

Bu, tıpkı bedene ârız olan hâller gibidir.

Azı da, çoğu da makbûl olanı var: Sıhhat ve güzellik gibi.

Azı da, çoğu da makbûl değil: Çirkinlik ve kötü hûy gibi.

Yetecek kadar makbûl, fazlası ise makbûl değil: Mâl infâk etmek ve şecâat gibi. Mâl'ın az'ını vermek, iyi yerlere sarfetmek makbûl, hepsini harcamak, fenâ yerlere isrâf etmek mezmûm; orta derecede kendini koruyacak kadar şecâat makbûl, fakat haksız yerde şuna buna saldırmak ise tehevvür'dür, makbûl değildir.

İşte ilimler de bunun gibidir.

(100) Aslı bulunamamıştır.

(101) Ahmed, Abdullah b. Amr'dan.

www.ihya.org

1 — Azı da, çoğu da yerilen ilimler, ne dîn ne de dünyâ'ya kârı olan bilgilerdir. Bu gibi bilgilerin zararı, kârından çoktur. Sihir, tılsım ve nücûm ilmi gibi. Bunların bâzılarının hiç bir kârı yok, belki insânın en kıymetli sermâyesi olan ömrünü bunlara sarfetmekte zarar ve ziyânı vardır. Dünyâlık için faydalı olduğu sanılan diğer bâzılarının da zararı, kârından çoktur. Onun var olduğu zannedilen kârı, zararına nisbetle hiç bir değer taşımaz.

2 — Azı makbûl, çoğu daha makbûl olan ilimler ise: Allahu Teâlâ'nın zâtını, sıfatını, ef'âlini, yaratıklar üzerindeki âdetini ve evvelâ dünyâyı sonra âhireti sıralamaktaki hikmetini bilmektir.

Zira bu ilimler, hem zâtî bakımından ve hem de âhiret saâdetine yol olması bakımından aranılan bilgilerdir. Bu husûsda son haddine ulaşacağım diye çalışmak, Allahu Teâlâ'nın azametini idrâkteki kusûrdan neş'et eder. Çünkü, o, bir deryâdır ki onun derinliğini kimse ölçemez; ancak herkes kendi kudreti nisbetinde o deryânın etrâfında ve sâhilinde dolaşabilir. Onun kıyılarına dalabilenler, Allahu Teâlâ'nın ta'yîn ettiği derecelere göre Peygamberler, velîler ve ilmin inceliklerini anlamış gerçek bilginlerdir. İşte bu ilim, kitâpların satırlarına girmeyen gizli bir ilimdir. Bu ilmi elde etmeğe yardım eden, erbâbından öğrenmek ve âhiret bilginlerinin ahvâl ve vaziyetini tetkîk etmektir ki, bunların alâmetleri ilerde açıklanacaktır. Bu, sâlikin ilk hâlidir. Daha sonra mücâhede, riyâzet, kalbi tasfiye ve dünya alâkalarından temizleme, Peygamber ve velîlerin yolunu tutmak, bu ilmi elde etmeğe yardım eder. Bununla berâber muvaffakiyyet yine Allah'ın takdîri nisbetindedir. Fakat herhâlde mücâhede şarttır. Çünkü hidâyetin anahtarı mücâhededir ve bu kapıyı mücâhededen başka bir kuvvet açamaz.

3 — Yalnız muâyyen bir mikdârı öğülen ve fazlası makbûl olmayan ilimlere gelince : Bunlar da birinci bâbda açıklanan, farz-ı kifâye olan ilimlerdir. Bu ilimlerin her birinin iktisâr'ı, yâni en azı, iktisâdı, yâni orta derecesi, istikâ'sı, yâni ömür boyunca, ucu bucağı olmayan, sonu gelmeyen kısmı vardır.

Sen, ya kendini ıslâh edenlerden veyâ kendini ıslâh ettikten sonra başkasını düzeltenlerden ol, sakın kendini ıslâh etmeden başkası ile meşgûl olma. Eğer kendini düzeltmekle uğraşıyorsan, vazîyetin îcâbı sana farz olan ilimleri ve bununla alâkalı temizlik, namâz, oruç gibi zâhir amelleri öğren. Fakat en mühim olanı, ekseriyetin ihmâl ettiği, kalbin vasıflarını öğrenmek, onların öğülen ve yerilen kısımlarını bilmektir. Çünkü hiç kimse kalbin kötü vasıfları olan **hırs, hased, riyâ, kibir, ucb** ve benzerî fenâ hasletlerden sıyrılmış değildir. Bu hastalıkların hepsi öldürücüdür. Bunları ihmâl edip, zâhir ameller

www.ihya.org

ile uğraşmak, bedendeki yaraların içini temizlemeden dışını katran ile sıvamağa benzer. Sokak tabiblerinin yaranın dış kısmını katranlamayı tavsiyeleri gibi, mukallid âlimler de kalbi temizlemeği bırakıp zâhir amelleri tavsiye ederler. Âhiret bilginleri ise yarayı kökünden tedâvi için bâtın temizliğini emreder ve fenâlığı kökünden kesmek isterler. Çoklarının bâtın temizliğini bırakıp zâhir amele dönmelerinin sebebi, kalbin temizlenmesinin zor ve zâhir amellerin kolay olmasıdır. Nitekim (kökü ciğerlere dayanan) uyuzlu hâstanın acı ilâçları içmekten çekinip dış bedenini sıvamakla meşgûl olması gibi. Durmadan dışarıya ilâç sürmesine rağmen hastalık artar. (Kalbi düzeltmeden yapılan ameller de bunun gibidir.)

Eğer âhireti arayıp kurtuluşu arzû eder, ebedî helâkden kaçınmak istersen «Rub'-i Mühlikât» ta anlattığımız şekilde iç hastalıklarını ve tedâvi çârelerini bulmakla meşgûl ol ki, bu sâyede «Rub'-i Münciyât» ta anlattığımız makbûl makaamlara yükselesin. Toprak, çalı çırpıdan ve diken gibi şeylerden temizlenip düzenlendiği vakit yeşillikler ve güzel kokulu otlar yetiştirdiği gibi, kötü hûylardan temizlenen kalbin de iyi hûylarla dolacağında şüphe yoktur. Yabancı maddelerini temizlemediğin kıraç bir topraktan mahsûl alamıyacağından, emeğinin boşa gideceği gibi, kalbini temizlemeden boşuna farz-ı kifâyelerle uğraşma. Bilhassa halk içerisinde bu ilimlerle meşgûl olan varken! Zîra başkasının iyiliğine çalışırken kendini helâke sürükleyen akılsızdır. Bu davranış, kendini öldürmek için boynuna dolanmış yılan, koynuna girmiş akrep dururken, başkasının üzerine konan sineği kovalamak için yelpâze arayan kimsenin hâli gibi, en büyük bir ahmaklıktır.

Farz-ı kifâyeler ile meşgûl olmak için, önce kalb'i temizlemek, günâhların gizli ve âşikâresini terk etmek lâzımdır. Bunda tamâmen muvaffak olduktan sonra farz-ı kifâyelerle uğraş ve orada da ehemmi, mühim üzerine tercih etmek üzere, tertîbe riâyet et. Önce Kur'ân-ı Kerîm'i, sonra hadîs-i şerîfeleri sonra tefsîr ve sonra da Kur'ân-ı Kerîm'in nâsih ve mensûh, mefsûl ve mevsûl, ve müteşâbih gibi diğer ilimlerini öğren; Hadîs'de de aynı şekli tâkip et. Daha sonra da fürû' ile yâni mezheplerin amel bilgileriyle uğraş, hilâf ve cidâl ilimleriyle uğraşma. Sonra usûl-i fıkıh ile ve bunun gibi zamânın ve ömrün müsâadesi nisbetinde diğer ilimlerle meşgûl ol. Bütün derinliklerini, inceliklerini anlayacağım diye bir fen ile uğraşma. Çünkü ilimler çok, ömürler ise kısadır. Bu anlattığımız ilimler âlet ve mukaddimeler olup bizâtihî maksûd değil, belki vâsıtadırlar. Vâsıta ile uğraşırken gâyeyi unutmamak lâzımdır. dariyle kifâyet et. Nahv'den de kitâp ve sünneti anlayacak derecedeki bilgi ile iktifâ et ve iyi bil ki her ilmin, iktisâr, iktisâd ve istiksâ tarafları vardır. Diğerlerini de bunlara kıyâs edebilmen için biz **hadîs, tefsîr, fıkh** ve **kelâm**'da bu mertebelere işâret edelim.

Tefsîr'de iktisâr [kısaltma] Kur'ân'ın iki misli hacminde olandır. Alî el-Vahidî en-Nîsâbûrî'nin tefsîri gibi. Bu, veciz kitâptır. İktisâd, Kur'ân-ı Kerîm'in üç misli büyüklüğünde olanıdır. Yine aynı zât'ın **«El - Vasit»** adındaki tefsîri gibi. Bundan fazlası da ömür boyunca lâzım olmayacak uzaltmalardır. (Yine aynı zât'ın **«Basît»** adlı tefsîri gibi.)

Hadîs'de iktisâr: Hadîs ilmine vâkıf bir zât'ın düzeltmesiyle Buhârî ve Müslim'i okumak gibi.

Râvîlerin adlarını ezberlemeğe gelince: Senden evvelkilerin onları bilmesi senin için de kifâyet eder. Sana düşen, onların kitâplarına i'timad etmektir. Buhârî ile Müslim'i okuyacaksın derken bunları ezberleyeceksin demek istemedik; ancak gerektiğinde oradan bulup alabilecek derecesi yeter. İktisâd'ı ise, diğer sahih müsnedlerdeki hadîsleri de bunlar meyânına katmaktır. İstiksâ da, zayıf, kuvvetli, sahîh, sakîm bütün hadîsleri ayrı ayrı rivâyet yollariyle, râvîlerin ahvâlini, adlarını ve vasıflarını bilmek üzere öğrenmektir.

Fıkh'da iktisâr: **«Hulâsatü'l - muhtasar»** adlı eserde tertîp ettiğimiz Müzenî'nin fıkhını okumaktır. İktisâd, bunun üç misli büyüklüğünde bir fıkıh kitâbı okumaktır. Bu da **«El - Basît»**den telhîs ettiğimiz **«El-vasît mine'l-mezheb»** adlı eser gibi. İstiksâ ise **«El-Basît»** ve diğer uzun kitâplarda olduğu gibidir. (102)

Kelâm ilminin gâyesi : Ehl-i sünnet'in Selef-i sâlihînden rivâyet ettiği inanç esâslarını korumaktır. Bundan fazlası, eşyâ'nın hakîkatını, başka yollardan aramaktır. İktisâr derecede sünneti korumak, muhtasar bir kelâm kitâbını okumakla mümkündür. O da bu kitâpta bulunan **«Kavâ'idü'l- akaaid»** kısmı gibi. İktisâd derecesi de, yüz yaprak civârında olan bir kelâm kitâbı okumaktır. **«El - İktisâd fi'l - i'tikad»** adlı eserimiz gibi.

Kelâm ilminin iktisâd derecesine, bid'atciler ile münâzara etmek ve avâmı onların ifsâd etmesinden korumak için ihtiyâc vardır. Bu da ancak bid'atleri taassuba varmıyan avâma te'sîr eder. Yoksa isterse azcık olsun mücâdele usûlünü öğrenen bi'dat sâhiplerine bunun bir te'siri olmaz. Çünkü bu gibileri kelâm yoluyla ilzâm etsen bile onlar taassublarından ayrılmazlar. Ancak ilzâmını kendi acziyyetine verir ve «ben âciz kaldım, bunu ilzâm edecek başka çâreler var»

(102) İmâm-ı Gazâlî, Şâfi'î olduğu için, Şâfi'î fıkh kitâplarından örnekler vermiştir.

der ve senin cedel'deki kudretin sâyesinde üstün geldiğini zanneder. Ama, avâm kısmının bu gibi mücâdele ile hakîkatten uzaklaştırıldığı vakit taassubu kuvvetlenmeden, yine böyle bir mücâdele ile hakîkat yoluna getirilmesi mümkündür. Fakat taassubu kuvvetlenince artık onları ıslâh ümîdi tehlikeye düşer. Zîra taassub, inançları yerleştirmeğe sebeptir. Bu da fenâ alimlerin âfetlerindendir. Çünkü onlar, hakkı açıklamak için son derece taassub gösterir ve muhâlîflerine horluk ve hakâretle bakarlar. Bu da onları mislîyle mukaabeleye sevk eder ve boş dâ'vâlarını gerçekleştirmek için bütün imkânlarını seferber ederler; fakat eğer onlara tenhâlarda tatlılık ve yumuşaklıkla gidileydi ve taassub ve tahkîrden ârî da'vâlar nezâketle anlatılaydı dilekler yerini bulurdu. Ne yazık ki, rütbe ve mevki ancak muhît ile olur; muhît edinmek için de böyle (yaygara koparmak), hasımlara çatmak, taassub gösterip tel'în etmek ile mümkün olabileceğinden, bunlar da taassubu âdet edinip, âlet olarak kullandılar ve hareketlerine de dîni koruma ve müslümânları müdâfaa adını verdiler. Gerçek şu ki: Bu harekette olanları taklîd bile, insânları helâke sürükler ve bu gibi bid'atleri insânların gönüllerinde yerleştirir.

Şu son asırlarda mezhepler arasında türeyen hılâfiyât'a ve bu husûsda selef devrinde eşine rastlanmayan uzun yazılar, tasnîf ve mücâdelelere gelince: Öldürücü zehirden kaçar gibi bunlardan sakın ve bunların civârına bile yaklaşma. Çünkü bu ilim, tedâvisi olmayan fenâ bir hastalık gibidir. (Gurûr bahsinde) âfet ve tehlikelerini açıklayacağımız gibi bütün fakîhleri, taassubla beraber benlik ve öğünmeye sürükleyen bu ilimdir.

Onlar kendilerini kurtarmak için «İnsânlar bilmediği şeylerin düşmânıdır.» darb-ı meselini söylerlerse de sen buna kıymet verme. Bu husûsda öncekilerden daha çok tasnîf, tahkîk ve mücâdele ile açıklamalarda bulunmak sûretile kıymetli vakitlerini harcadıktan sonra Allahu Teâlâ'nın lutfiyle kusûrlarını görüp bütün bunları terkederek nefsini ıslâh ile uğraşan kimsenin şu nasîhatini dinle! Fetvâ şerî'atın direğidir, şerî'atın gizli illetleri ancak Hılâfiyat [Mezheblerin ayrılıkları mes'elelerini bilmek] ile bilinir, diyenlerin sözüne kıymet verme; zîra mezheplerin illetleri kendi mezhep kitâplarında yazılıdır. Ondan fazlası lüzûmsuz mücâdele ve münâkaşadır. İlk asırdaki büyükler ve Sahâbe, fetvâ'da bu sonrakilerden daha üstün oldukları hâlde, bu gibi mücâdeleleri bilmezlerdi. Mücâdelelerin kârı olmak şöyle dursun, belki fıkhın zevkini bozan zararlı bilgilerdir.

Fıkıh'dan gereği gibi zevk alan müftî'nin onun çok kerre mücâdele yoluyla ifâde edilemiyeceği merkezindedir. Mücâdeleyi şiâr edinen kimse, zekâsını hep bu yolda kullanır ve fıkhın zevkine varmaktan

tenbelleşir. Gerçekte, cedel'e girişenler, ün yapıp mevki isteyen kimselerdir. Buna bahâne olarak da, gâyesinin mezheplerin illetlerini arayıp onları açıklamak olduğunu gösterirler. Hâlbuki kıymetli ömür sermâyesi cedel yolunda giderken fıkıh ilminden mahrûm kalır. (Çünkü o fıkha değil mücâdelesine çalışıyor). Görünmeyen cin şeytanlarından korkma. (Zira sen onlara cephe almış hâldesin, düşmânlığınız âşikârdır. Onlar, Allah'ın yardımiyle sana bir şey yapamaz.) Fakat (görülen) insân şeytânlarından [fenâ âlimlerdir] kendini koru; çünkü onlar, insânları karanlığa sevketmekte ve aldatmakta, cin şeytânlarının pabuçlarını ellerine verecek kadar ileri gitmişlerdir.

Hülâsa: Akıllı kimseler için makbûl olan, bu âlemde tek başına Allah huzûrunda olduğunu, ölüm'ün, hisâbın ve Kitâbın, Cennet ve Cehennem'in önünde olduğunu düşünerek, bunlardan yarayışlı olanı alıp zararlı olanı atmaktır ve's-selâm.

Bâzı kâmil kimseler âlimin birini (öldükten sonra) rüyâlarında görmüş ve: «O mücâdele ettiğin ilimler ne oldu? Onlardan bir kâr gördün mü?» diye sormuşlar. O da avucunu açıp üflemiş, yâni onlar kül olup dağıldı gitti (hebâ'en mensûra oldu); ancak gece karanlığında Allah için kıldığım iki rek'at namâzdan fayda gördüm.» demiş. Peygamber Efendimiz bir hadîs-i şerîfinde:

DÖRDÜNCÜ BÂB

İNSÂNLARIN HILÂF İLMİNE YÖNELMESİNİN SEBEBİ İLE MÜNÂZARA VE CEDEL'İN ÂFETLERİNİN GENİŞ ŞEKİLDE AÇIKLANMASI VE BUNLARIN MÜBÂH OLMASININ ŞARTLARI BEYÂNINDADIR

Bilmiş ol ki, hilâfet vazîfesini Peygamberimizden sonra Hulefâ-i Râşidîn [Ebû Bekir, Ömer, Osmân ve Ali] (R.A.) der'uhde etmişlerdi. Bunlar, Allahu Teâlâ'yı bilen, ilâhî hükümlere vâkıf olan, gerçek imâmlar idi. İstişâresi gereken bâzı mes'eleler müstesnâ, hüküm ve fetvâlarında kimseye ihtiyâçları yoktur. Bunun için devirlerinde âlimler tamâmen âhiret ilmine hasr-ı nefs etmiş ve yalnız onunla meşgûl olmuşlardı.

Dünyâ işlerinden, insânları alâkadar eden hükümler ve fetvâlardan çekinir ve fetvâ vermemek için kendilerini müdâfaa ederlerdi. Sîret ve ahlâklarından rivâyet edildiği gibi bütün imkânlariyle Allahu Teâlâ'ya yönelmişlerdi.

Vaktâ ki hilâfet, fetvâya gücü yetmeyen ehliyetsiz ellere geçti, fakîhlerden yardım dilemek ve hükümlerinde fetvâ almak için, her hâllerinde onları berâberlerine almak zorunda kaldılar.

Tâbi'în [Peygamber Efendimizi görmeyip sahâbeye yetişen] bilginlerinden selefin yolunu tutan ve Sahâbe'nin usûlüne riâyet eden bir kısmı kalmıştı ki, onlara kadılık ve fetvâ için mürâcaat edildiği vakit kaçınır ve çekinirlerdi. Bu sebebden halifeler, vazîfe vermek için onları zorlamağa mecbûr oldular.

Pâdişahlar'ın âlimlere yönelmesini, âlimlerin ise bunlara iltifât etmediklerini gören zamânın insânları, padişahlar tarafından verilen mevki'leri elde etmek için ilim öğrenmeğe yöneldiler. Fetvâ ilmine çalıştılar ve kendilerini hükümdârlara takdîm ettiler; onlarla buluşmak için iltimâslar aradılar ve onlardan vazîfeler, hediyeler istediler. Kimisi umduğunu buldu, kimisi de bulamadı. Dileği yerine gelen isteme alçaklığından kendini kurtaramadı. İşte böylelikle fakîhler aranır hâlde iken, kendileri aramağa başladı. Pâdişahlardan çekinmekle, onlara yönelmekle, yüce iken küçük düştüler. Ancak her asırda Allahu Teâlâ'nın yardımına mazhar olan bilginler müstesnâdır.

www.ihya.org

Kazâ ve hükümlerde fetvâlara ihtiyâç, fazla olduğu için o asırda en çok fetvâ ve hüküm ilimlerine yöneldiler.

Sonraları İslâm akaaidine dâir bâzı sözleri işitip onları dinlemeğe meyleden âmirler ve başkanlar peydâ oldu. Pâdişahların bu temâyülünü görenler «Kelâm» ilmine daldılar. Bu bâbda bir çok eserler yazıp mücâdele usûllerini kurdular, makaalelerinde muhâlefet yollarını açtılar. Böyle yaparken, dîni koruyup sünneti müdâfaa ettiklerini ve bid'adcileri horluğa düşürmek istediklerini zan ve iddiâ ettiler. Nitekim onlardan önce fetvâlarla uğraşanların, güyâ insânlara acımak ve onlara öğüt vermek için gâyelerinin dîni korumak, Müslümânların dînî işlerini boyunlarına almak olduğunu sandıkları gibi.

Daha sonra bir sınıf ekâbir zuhûr etdi; bunlar da ma'mûreleri harâbeye çevirecek kadar açık husûmetlere ve kanlı mücâdelelere yol açtığı için, kelâm'da mücâdele kapısının açılmasını uygun bulmadılar da, fıkh'da mücâdeleye ve bilhâssa İmâm Şâfi'î ile İmâm-ı A'zam mezheplerinin hangisinin daha üstün olduğunu münâkaşaya meylettiler. Bunu görenler kelâm ve diğer ilimleri terkederek, İmâm Şâfi'î ve İmâm Ebû Hanîfe arasındaki ayrılıklar üzerinde durdular da, İmâm Mâlik, Süfyân-ı Sevrî ve Ahmed b. Hanbel ve diğerlerinin içtihâdlarını ihmâl ettiler. Böyle yaparken de, gâyelerinin şerî'at'ın inceliklerini açıklayıp mezheblerin illetlerini yerleştirmek ve fetvâ usûlünü genişletmek olduğunu sandılar. Bu husûsta bir çok garib mes'eleler bulup çıkardılar, kitâblar yazdılar, çeşit çeşit mücâdele yolları buldular ki, bu hâl şimdi de devâm etmektedir. Gelecek asırlarda ne olacağını ve Allahu Teâlâ'nın mukadderâtı neden ibâret olduğunu bilemeyiz.

İşte bilginleri, bu ilimlere sevk eden, büyüklerin bu ilimlere temâyüllerinden başka bir şey değildir. Eğer pâdişahlar ve ekâbir diğer İmâmlar'ın mezheblerine veyâ başka mezheblere meyletse onlar da ona yönelirlerdi ve gâyemiz Allahu Teâlâ'ya yaklaşmak için dîn ilmiyle uğraşmaktır der ve bunu müdâfaadan geri kalmazlardı.

BU GİBİ MÜNÂZARALARI ASHÂB'IN MEŞVERETİNE VE SELEF'İN KARŞILIKLI KONUŞMALARINA BENZETEREK ONLAR İLE KARIŞTIRMANIN AÇIKLAMASI

Bilmiş ol ki, bunlar, insânları bu yola çekerek: «Bizim mübâhaseden gâyemiz, gerçeği açığa çıkarmaktır. Zîra aranan gerçektir. İlimde, mânâyı bulmak için, düşüncenin ve fikirleri karşılaştırmanın fayda ve te'sîri büyüktür. İşte Sahâbe-i Kirâm'ın da (R.A.) âdetleri böyle idi.»

derler. Nitekim mîrasda, dede ile kardeş mes'elesi (106a), şarap içenleri had mes'elesi (106b), içtihâdında yanılan İmâm'a tazmînin borç olması, Ömer'den (R.A.) korkarak çocuğunu düşüren bir kadına Ömer'in diyet vermekle hükm olunması ve diğer ferâiz mes'eleleri ve benzerî mes'eleler ile Şâfi'î, Mâliki, Ahmed b. Hanbel, Muhammed b. Hasan, Ebû Yûsuf ve diğer âlimlerden (Allah onlara rahmet etsin) nakledilenler gibi.

Sana yapacağım şu açıklama ile, bu karıştırmalarını kolaylıkla anlayacaksın. Hakkı aramak için yardımlaşma, dinin icâbındandır. Fakat bunun sekiz şartı ve alâmeti vardır.

1 — Bu kabil araştırmalar farz-ı kifâye'den olduğu için, farz-ı ayn'ları bitirmeden bununla uğraşmamak. Üzerinde farz-ı ayn borçları dururken, hakkı aramak için farz-ı kifâye ile uğraşıyorum diyenler yalancıdır. Bu vaziyet, kumaş dokuyup dikmekle uğraşan bir beynamâzın, bunu yapmaktaki gâyem: «İnsânları çıplak namâz kılmaktan kurtarmaktır.» demesine benzer ki, bu da bâzan böyle olur ve vukuu' da mümkündür. Nitekim fakih'in, hilâf ilminde bahsedilen nâdir mes'elelerin vukuu'nun mümkün olduğunu zannetmesi gibi. Münâzara ile uğraşanlar ise kendilerine farz-ı ayn olan bir çok şeyleri ihmâl ederler. Bir kimse, derhâl iâdesi gereken bir emâneti varken onu ödemeden en büyük ibâdet olan namâz kılmağa başlasa bile, Allahu Teâlâ'ya âsî olur. Kişinin muti' sayılması için, vaktine, tertîbine ve şartına riâyet etmeden yalnız yaptığı işin ibâdet cinsinden olması kâfî değildir. (İbâdet olması için bütün bunlara riâyeti şarttır.)

2 — Bu münâzaradan daha mühim bir farz-ı kifâye olduğuna kani' olmayacak. Eğer bundan daha mühim bir farz-ı kifâyenin varlığı kanâatinde iken, hâlâ münâzara ile uğraşırsa (Mühimmi ehemm üzerine tercîh ettiği için) günâhkârdır. Bu, şurada taraflarına bakılmamış, susuzluktan ölüme mahkûm olanlara su bulmak imkânı varken, kan almak ilmiyle uğraşan kimsenin hâline benzer. Sanır ki, bu farz-ı kifâyedir. Eğer bir memlekette bu meslek erbâbı olmasa insânları ölüme mahkûm olur. Kendisine bu işi yapan daha bir çokları var dense, cevâbında: «Başka bilenlerin bulunması bunun farz-ı kifâyeliğini kaldırmaz.» der. İşte memlekette ihmâl edilmiş daha mühim farz-ı kifâyeler dururken, münâzara ile uğraşanların hâli, susuz-

(106a) Ebû Bekir (R.A.) vârislerden dede ile kardeş bulunduğunda, dede'yi baba yerine tuttu. İmâm-ı A'zam da bunu kabûl etti. Zeyd b. Sâbit, hangisi kârlı ise onu kabûl etti. Şâfi'î de, bununla fetvâ verdi.

(106b) Şarab içene 80 değnek vurulur. Buhâri'deki rivâyete göre bir kısmı bunu kabûl etti. 40 değnek de vurulur. Müslim'deki rivâyete göre diğer bir kısmı da bunu kabûl etti.

www.ihya.org

luktan ölüme mahkûm kimseler varken onlara bakmayıp kan almayı öğrenmeğe uğraşan kimsenin vaziyetine benzer.

Fetvâ'ya gelince : Müslümân memleketlerinde fetvâ verecek bir çok kimseler bulunduğu hâlde nice farz-ı kifâyeler vardır ki fakîhler, bunları ihmâl etmiş ve aslâ taraflarına bakmamışlardır. Bunların en mühimlerinden biri de tabâbettir. Öyle ki, çok memleketlerde şer'i hükümlerde sözüne itimâd edilir müslümân tabîb yoktur. Böyle iken fakîhlerden hiç biri bu mevzûyu ele almaz. (107)

Yine bunun gibi, emr-i mâ'rûf, nehy-i münker, farz-ı kifâye'den iken, münâzara eden kimsenin meclisinde, (erkeklere, giyilmesi yasak olan) ipek elbiseyi giyen (ve benzerî) yanlış hareketlerde bulunanlar varken bunlara aldırış etmez de, vukuu'u çok ender olan, olsa bile onu bilecek daha nice kimseler bulunan bu gibi farz-ı kifâye'ler ile Allahu Teâlâ'ya yaklaşacağını zanneder. E n e s (R.A.) rivâyet ederek der ki :

«قِيلَ يَا رَسُولَ ٱللّٰهِ مَتَى يُتْرَكُ ٱلْأَمْرُ بِٱلْمَعْرُوفِ وَٱلنَّهْيُ عَنِ ٱلْمُنْكَرِ؟ فَقَالَ عليه السَّلامُ : إِذَا ظَهَرَتِ ٱلْمُدَاهَنَةُ فِي خِيَارِكُمْ وَٱلْفَاحِشَةُ فِي شِرَارِكُمْ وَتَحَوَّلَ ٱلْمُلْكُ فِي صِغَارِكُمْ وَٱلْفِقْهُ فِي أَرَاذِلِكُمْ»

«Peygamber Efendimize : «Emr-i ma'rûf, nehy-i münker ne zamân terk edilir?» diye sorulmuş, cevâbında: «Hayırlı adamlarınızda gevşeklik, [müdâfaada çekimserlik] hâli görüldüğü, fenâ adamlarınızda fuhuş ve zinâ çoğaldığı, idârî işleriniz küçüklerin ve ayak takımının eline geçtiği, fıkıh ilmi de rezil kimselerin eline düştüğü zamân» buyurmuştur.» (108)

3 — Bu gibi münâzaraya girecek olan bizzât müctehid ve kendi re'yi ile fetvâ verebilecek seviyede olmalı; Şâfi'i, Hanefî gibi imâmların mezhebiyle münâzaraya girip işine geldiğini bir imâm'dan, işine geldiğini diğer imâm'dan almak sûretiyle olmamalı, Sahâbe ve İmâmların yaptığı gibi olmalıdır.

(107) Nitekim İmâm Şâfi'i (R.A.) : «Bu mühim işi gayr-i müslimlere bırakmakla müslümânlar, ilmin üçte birini kaybetmişlerdir» demiştir.

(108) İbn Mâce.

www.ihya.org

İctihâd mevkiine yükselemiyenler, bu asırda olanlar gibi, kendilerine sorulan mes'eleye, ancak bağlı bulundukları mezheb imâm'ından naklederek cevâp verirler. Eğer imâm'ının ictihâdını zayıf bulursa, onu terk etmesi câiz değildir. Binâenaleyh başkasının ictihâdiyle fetvâ veremeyeceğine, mezhebi de bilinmiş olduğuna göre, daha mücâdele etmesinde ne kâr var? Eğer bir mes'elede şüphe ederse uygun olan: «Ben bunu anlayamadım, belki bağlı bulunduğum mezheb imâmının bu bâbda bir cevâbı var, fakat ben bilemiyorum; çünkü ben başlı başına bir müctehid değilim.» demesi lâzımdır. Münâkaşası yapılan mes'elede mezheb imâm'ının iki sözü varsa bâzan bir tarafa meylederek benim nazarımda bu daha uygundur diyebilir. Halbuki şimdiki mübâhaseciler bu gibi mes'elelere aslâ yaklaşmaz da ayrılıkları kat'î olan mes'eleler üzerinde dururlar.

4 — Vuku' bulmuş veyâ yakında vukuu'u muhtemel olan mes'eleler münâkaşa edilmelidir. Zira Sahâbe-i Kirâm (R.A.) bütün meşveretlerini yeni olmuş veyâ yakında olması ihtimâli mevcûd bir hâdise için yaparlardı. Halbuki şimdiki mübâhaseciler, insânların muhtâç oldukları mes'eleler üzerine değil, belki gelişi-güzel mücâdele mevzuu olacak, davul sesi gibi her tarafa duyurup adam toplayacak lüzûmsuz mes'elelerin münâkaşasını yapar, sık sık görülen vak'alara hiç temâs etmezler, ve bunlar ihbârîdir; yâni «falanca rivâyet etti, falan kitâpta yazıyor, bunlar köşe bucak mes'eleleridir. Bu gibi toplulukta bunlar konuşulmağa değmeyen şeylerdir.» derler. Mübâhasedeki gâye, hakkı aramak olup hakikatı bulmakta selefden gelen haberlere dayanırken «Bu mes'ele ihbârîdir veyâ bu köşe bucak mes'elesidir, meclisde konuşmağa değmez» diyerek bu gibi mes'eleleri terk etmeleri cidden şâyân-ı hayrettir.

5 — Münâzaranın büyükler huzûrunda ve halk arasında olmaktan ziyâde, tenhâ yerlerde olmasını tercih etmektir. Zira tenhâ yer, aklı bir noktaya teksif eder. Zekâ ve düşünceyi toplamağa, gerçeği anlamağa daha elverişlidir. Halk arasında mübâhasede riyâ [gösteriş] tehlikesi ve haklı haksız, üstün gelme hırsı uyanır. Halbuki sen bilirsin ki, münâzaralarını meclislerde ve büyükler huzûrunda yapmak istemeleri Allah için değildir. Bunlar arkadaşı ile başbaşa kalınca hiç de konuşmaz; hattâ sorduğuna bile cevâp vermez. Ama büyüklerden biri gelse veyâ bir cemaat bulunsa hile bâbında hiç bir şey bırakmaz, söz ebesi olmak için her şeyi sayar döker.

6 — Münâzara edecek olan, gerçeği aramakta kaybını arayan kimse gibi olmalıdır. Kaybını kendisinde veyâ yardımcısında bulması arasında bir fark gözetmemelidir. Münâzara ettiği zâtı düşmân değil, yardımcı tanımalıdır. Kaybettiğini bulduran kimseye teşekkür ettiği

www.ihya.org

gibi, hatâsını bildiren ve gerçeği gösteren zât'a da aynı şekilde teşekkür etmeli, ona ikrâm etmeli ve kendisi de memnûn olmalıdır; onu kötülememelidir Sahâbe'nin (R.A.) müşâveresi böyle idi. Hattâ Hazret-i Ömer (R.A.) cemâat huzûrunda hutbe'de iken bir kadın sözünü red edip hatâsından dolayı kendisini ikaz edince, Hazret-i Ömer: «Bir erkek yanıldı, bir kadın doğruyu buldu.» diyerek memnûniyetini açıkladı (109).

Hazret-i Ali'den (R.A.) bir mes'ele soruldu. Hazret-i Ali (R.A.) cevâp verdi. Adam «Öyle değil, böyledir.» deyince: Hazret-i Ali: «Ben yanıldım, sen doğruyu buldun. Her âlimin üstünde âlim vardır.» buyurdu.

(Kûfe Valisi) Ebû Mûsâ'l-Eş'ari hazretlerine biri sordu:

— Muhârebede öldürüp netîcede ölen nerededir? Ebû Mûsâ:

— Cennettedir, demesi üzerine, bunu duyan İbn Mes'ûd Hazretleri:

— Belki Vâli suâli anlayamadı, bir daha git, diyerek adamı üç def'a Ebû Mûsâ'ya gönderdi. Üçünde de Ebû Mûsâ:

— Benim bildiğim bundan ibârettir, deyince, İbn Mes'ûd:

— Eğer Allah yolunda hakkı bularak öldürüldü ise cennetliktir. demesi üzerine, Ebû Mûsâ:

— Doğrusu budur. Bu âlim varken benden bir şey sormayın, dedi. İşte doğruyu arayanlar böyle insâflı olur.

Eğer bu mes'eleyi şimdiki bayağı bir fakih'e anlatsa İbn Mesûd'un sözünü kabûl etmez ve hemen i'tirâz ederek, İbn Mes'ûd'un: «Eğer hakkı bularak öldürdüyse» sözünü reddeder ve «Buna lüzum yok, çünkü bu herkesin bildiği bir şeydir.» derdi.

Bugünkü münâzaracıların vaziyetine dikkat edersen görürsün ki, hakîkat, hasmının sözünde tecelli edince yüzü kararır, rezil olur, bütün imkânlarıyle ona üstün gelme çâresini arar, kendisini ilzâm edeni, ömrü boyunca yerer ve kötüler. Sonradan da gûyâ gerçeği aramakta kendisini Sahâbe'ye benzetmekten de utanmaz.

7 — Münâzara ettiği yardımcısının (sûretâ, hasmı ise de, gâye gerçeği aramak olduğuna göre, aslında hasım sûretinde yardımcıdır.) başka delîle, bir şüpheden başka şüpheye geçmesine engel olmamak.

(109) Hazret-i Ömer, hutbesinde «Peygamber zamânında mihr [Nikâh paraları] 400 dirhemi geçmiyordu. Nedir siz arttırıp duruyorsunuz? Artan kısmını hazîne'ye alacağım.» deyince, Kureyş hanımlarından bir tânesi bu husûsda Âyet-i Kerîme'den delîl getirerek nikâh paralarının arttırılmasında bir mahzûr olmadığını söyleyip, Ömer'in sözünü reddetti. Bunun üzerine Hazret-i Ömer de: «Allah'ım, sen afv et, herkes Ömer'den fakîhdir.» diyerek yine aynı minberde sözünden döndü ve gerçeği kabûl etti.

www.ihya.org

Eskilerin mücâdelesi böyle (samimî) idi. Bunun gibi mücâdele arasındaki: «Bu söz beni ilzâm etmez, tenâkuz'a düştün.» gibi, lehine olsun, aleyhine olsun, bid'at sözleri çıkarıp atmalıdır. Çünkü gerçeğe dönmek dâima boş sözü nakzeder. Binaenaleyh evvelki sözünü bozuyor diye kabûl edilmemesi doğru olmaz. Halbuki şimdiki meclislerde cereyân eden münâzaralar hep bu gibi mübâhase ve mücâdeleler ile geçer. Hattâ delîl getiren bir aslî kaaidenin kendi kanâatınca bir illet ile ma'lûl olduğunu iddiâ eder. Hasmı «Bu kâidedeki hükmün bu illetle ma'lûl olduğuna delîlin nedir?» Diye sorunca: «Bu hüküm aslında şu illet ile ma'lûldür. İşte bu hükümden benim anladığım budur. Senin daha kuvvetli delîlin var ise anlat da onun üzerinde duralım» der ve «Bu mes'elede senin anlamadığın daha başka mânâlar var fakat anlatmam, çünkü anlatması bana düşmez» demekle taarruzunda direnir. «Mâdem ki bildiklerin var, onları söylemen lâzım.» der. i'tirâz eden anlatmamakta ısrâr eder ve: «Anlatmak bana düşmez» der. Münâzara meclisi, bu gibi boş sözlerle sona erer. Bu miskin bilmez ki, «Bilirim fakat söylemem veyâ söylemek benim borcum değil.» dediği, şerî'ata karşı sırf bir yalancılıktır. Zîra eğer bir şey bilmiyor ve yalnız hasmını ilzâm için böyle söylüyorsa, bu adam bilmediği hâlde «Bilirim» demekle fâsik ve yalancıdır. Allahu Teâlâ'ya âsî olup hışmına uğramıştır. Eğer gerçek biliyorsa, şer'î bir hükmü gizlemesi bakımından yine fâsiktir. Halbuki öğrenmek için dîn kardeşi kendisinden soruyor. Vereceği cevâp doğru ve sağlam ise, onu hemen kabûl edecek; zayıf ise, zayıflık cihetlerini anlatacak ve dîn kardeşini cehâlet karanlığından ilim aydınlığına ulaştıracak. Sorulduktan sonra, dînî bir mes'eleyi bildirmenin vâcib olduğunda ihtilâf yoktur. Onun: «Bunu söylemek benim borcum değil.» demesi lâf ile güreş tutmakta olduğunu ve hîle yolunda kendi arzû ve isteğiyle îcat ettiği cedel şerî'atinde lâzım değil demek istediğini gösterir. Yoksa Şerî'at-i Muhammediye göre, bildiğini bildirmesi lâzımdır. Söylememekle ya yalancı, veya fâsik mevkîine düşer.

Sahâbe'nin müşâveresiyle selefin fetvâ işlerini birbirlerine havâle etmelerine bak! Onlarda buna benzeyen bir şey var mı? Onlarda bir delîlden diğer delîl'e, kıyâs'dan hadîs'e, haberden âyet'e geçmek isteyene hiç müdâhale edilmiş midir? Belki bütün münâzaraları bu kabîldendir. Çünkü (gerçeği aramakta olan) onlar, hâtırlarına gelen her şeyi olduğu gibi söyler ve onun muhâkemesini yaparlardı.

8 — Münâzarayı, kendinden istifâde edilmesi umulan âlimlerle yapmalıdır. Halbuki (Bugünün münâzaracıları) gerçeğin, hasmının sözünde tecellî etmesi korkusuyla dâima kendilerinden küçükleriyle münâkaşa eder ve boş şeyleri onlara yutturmak isterler, ekâbir ve efâzıl ile mübâhaseden kaçınırlar.

www.ihya.org

Münâzara için şu sekiz şarttan başka daha nice ve ince şartlar varsa da bu sekiz şart, Allah için münâkaşa edenle, başka bir gâye uğrunda münâzara edenleri sana tanıtmak için kâfidir.

Kısaca bilmiş ol ki: En büyük düşmân'ı olup dâima kendisini helâke götürdüğü ve kalbini kapladığı hâlde, şeytân ile mücâdeleyi terk edip ictihâd mes'elelerinde başkasıyla mücâdele eden, ister isâbet etsin, ister isâbet edeniere mükâfatta ortak olsun, şeytânların eğlencesi ve hâlis insânlar için bir ibret levhası olurlar. Aşağıda sayacağımız âfetlerin karanlıklarına daldığı için, Şeytân da sevinmiş olur. Allah'dan yardım ve hidâyet dileriz.

MÜNÂZARANIN ZARARLARI VE MÜNÂZARADAN DOĞACAK KÖTÜ HÛYLARIN AÇIKLANMASI

İyi bil ki: Hasmına üstünlük ve onu susturmak, insânlar arasında yücelik ve fazîlet elde etmekle böbürlenmek ve bu sebeble insânları kendine çevirmek için yapılan münâkaşalar, Allah yanında bütün kötü hûyların kaynağı olup, buna karşılık Şeytân'ın hoşuna giden bir hâldir. Bu gibi mücâdelenin, diğer ahlâkî hastalıklardan olan kibir, ucb, hased, kendini tezkiye, makaam sevgisi ve benzerlerine nisbeti, şarap içmenin, zîna, kazf [Nâmuslu kadına iftirâ], adam öldürmek ve hırsızlık yapmağa olan nisbeti gibidir. İçki ile diğer (adam öldürme ve benzerî gibi) fenâlıklardan birini yapmaktan muhayyer olan bir kimse «İçki ehvendir» diye bunu tercîh ettikten sonra, sarhoşluğun te'siriyle diğer bütün fenâlıkları irtikâp ettiği gibi, münâzaralarda üstün gelmeği ve bununla övünmeği seven ve makaam âşıkı olan kimsedeki bu hâl, bütün fenâlıkları kendisinde toplar ve kendisini her türlü kötülüklere sürükler. Bu hûyların kötü oldukları Kur'ân-ı Kerîm ve Hadîs delilleriyle eserimizin «MÜHLİKÂT» bahsinde açıklanacaktır.

Fakat biz burada münâzaranın doğurduğu asıl fenâlıklara kısaca işâret edelim :

1 — **Hased** [Çekememezlik] : Münâzaranın doğurduğu hastalıklardan birincisi hased'dir. Hased hakkında Peygamber Efendimiz şöyle buyurmuşlardır:

«اَلْحَسَدُ يَأْكُلُ الْحَسَنَاتِ كَمَا تَأْكُلُ النَّارُ الْحَطَبَ»

«Ateş odun'u yaktığı gibi, hased de sevâpları mahveder.» (110)

(110) Ebû Dâvûd, Ebû Hureyre'den.

www.ihya.org

Halbuki münâzara eden kendisini hased'den aslâ kurtaramaz. Çünkü bu adam bâzan gâlib ve bâzan da mağlûb olur. Bâzan kendi sözü ve bâzan da hasmının sözü öğülür. Dünyâ'da bulunduğu müddetçe ya kendisi kuvvetli bilgi ve anlayışla öğülür, veyâ başkası daha iyi anlıyor ve daha güzel ifâde ediyor diye öğülür. Mutlaka bu nimetin başkasında kaybolmasını ve bütün insânların kendisine yönelmesini ister ve böylece kendisinden üstün olana hased eder. Halbuki hased, yakıcı bir ateştir. (Ateş, yakacak bir şey bulamazsa kendisini yakar tüketir). Hased hastalığına mübtelâ olan, dünyâ'da da azâbdadır. Âhiret azâbı ise daha büyük ve şiddetlidir. Bu sebebden İbn Abbas (R.A.) : «İlmi, bulduğunuz yerde alın, fakat fakihlerin birbiri hakkındaki sözlerini kabûl etmeyin; çünkü onlar, ağılda birbiriyle oynayan tekeler gibidir.» buyurmuştur.

2 — **Kibir ve böbürlenme, insânlara üstünlük taslama.** Peygamber Efendimiz bir hadisinde şöyle buyuruyorlar :

«مَنْ تَكَبَّرَ وَضَعَهُ ٱللّٰهُ وَمَنْ تَوَاضَعَ رَفَعَهُ ٱللّٰهُ»

«Kibir edeni, Allah alçaltır; alçak gönüllü olan'ı yükseltir.» (111)

Peygamber Efendimiz bir hadîs-i kudsî'de de, Allahu Teâlâ'nın şöyle buyurduğunu haber veriyor :

«ٱلْعَظَمَةُ إِزَارِي وَٱلْكِبْرِيَاءُ رِدَائِي، فَمَنْ نَازَعَنِي فِيهِمَا قَصَمْتُهُ»

«Ulu'luk, gömleğim, büyüklük cübbem'dir. -Bu iki vasıf yalnız bana mahsûstur.- Bunlarla benimle münâzara'ya kalkışanı helâk ederim.» (112)

Münâzara eden emsâl ve akrânına karşı kibir'den ve bulunduğu derecenin üstüne çıkmaktan kendini alamaz. Hattâ münâzaracılar döğüşmeğe kadar gider, ben baş tarafta, sen aşağı tarafta oturdun diye birbirlerine böbürlenirler. Sadre'ye geçmekten öğünür, geride kalmaktan canı sıkılır, dâima öne geçmeği isterler. Bunun için de «İlmin şerefini korumak istiyorum ve esâsen mü'min kendini zillete düşürmekten men edilmiştir.» diyerek ma'zeret beyân ederler ve :

(111) Hatîb, Ömer'den.
(112) Ebû Dâvud, İbn Mâce, İbn Hibban, Ebû Hureyre'den.

www.ihya.org

«أَنَّ ٱلْمُؤْمِنَ مَنْهِيٌّ عَنِ ٱلْإِذْلَالِ لِنَفْسِهِ»

«Mü'min kendini hakir düşürmekten nehy edilmiştir.» (113)

Hadisi ile Allahu Teâlâ ve Peygamber Efendimizin öğdüğü tevâzu'a zillet, yasak ettikleri kibr'e de izzet adını verirler. İnsânları azıtmak için isimleri değiştirir. Nitekim hikmet, ilim ve diğer kelimeleri değiştirdikleri gibi.

3 — **Hıkd** [Kin] : Münâzaracı, kincilikten kendisini kurtaramaz. Peygamber Efendimiz:

«اَلْمُؤْمِنَ لَيْسَ بِحَقُودٍ»

«Mü'min, kinci olmaz.» (114)

buyurmuşlar. Hıkd'i zemmeden bir çok rivâyetler vardır. Bir münâzaracı düşünemeyiz ki: Hasmının sözüne baş sallayıp kendi sözünde duraklayan ve hüsn-i kabûl göstermiyen kimseye kin tutmasın. Mutlaka ona kin tutar ve bu kini içinde büyütür. Son gayreti nifâkını gizlemektir. Fakat nasıl olsa bu nifâk sızarak hârice çıkar. Münâzara eden kendisini bu hastalıktan nasıl kurtarabilir? Çünkü bütün dinleyicilerin kendi sözünü üstün tutmasına ve her hâlinde beğenilmesine dinleyenlerin ittifakı düşünülemez. Hasmından, azıcık olsun sözüne kıymet vermemek hâlini görürse, ölünceye kadar çıkmayacak şekilde kalbine kin tohumu ekilir.

4 — **Gıybet** : Münâzara'nın âfetlerinden birisi de gıybet'tir. Allahu Teâlâ, gıybeti ölü etini yemeğe benzetmiştir. Münâzaracı devâmlı olarak ölü eti yer. Çünkü hasmının sözünü anlatmaktan ve onu kötülemekten kendini alamaz. En son koruma çâresi, onun hakkındaki hikâyelerinde yalan söylememektir. Fakat ifâdedeki noksânlarını, acizini ve fazîletinin noksân olduğunu mutlaka söyler. Zâten gıybet de budur. Eğer yalan söylerse o zamân iftirâ etmiş olur. Yine bunun gibi, kendi sözünü dinlemeyip hasmına meyleden ve hasmının sözünü tercîh edene de saldırmaktan kendini alamaz. Hattâ ona da anlayışsızlık, ahmaklık ve cehâlet nisbet etmekten geri kalmaz.

5 — **Tezkiye-i nefs** : Münâzara'nın âfetlerinden biri de kendini tezkiye ve öğmektir. Halbuki Allahu Teâlâ Kur'ân-ı Kerîm'de:

«فَلَا تُزَكُّوا أَنْفُسَكُمْ هُوَ أَعْلَمُ بِمَنِ اتَّقَى»

«Kendinizi tezkiye edip durmayın, muttakiler'in kim olduğunu O (Allah) bilir.» (53 - Necm : 32)

buyurmuştur. Hakîm'in birisine: «Doğru söz'ün çirkin'i hangisidir?» diye sormuşlar. Hakîm: «İnsânın kendini öğmesidir.» diye cevâp vermiştir. Halbuki münâzara eden: «Benim bilgim fazladır, hasmımı yenebilirim, fazilet bakımından dâima emsâlime üstünüm.» demekle kendini öğmekten kurtulamaz ve münâzara esnâsında bâzan öğünmek ve bâzan da sözünün revâç bulması için : «Bunları ben bilmez miyim, benim akli ve nakli ilimlerde ihtisâsım var, ben usûl bilirim, hadîs ezberimdedir.» gibi sözler söylemekten kendisini alamaz. Halbuki aşırı derecede benlik ve öğünmek şer'an ve aklen yerilen bir harekettir. (Bundan çekinmek lâzım gelir.)

6 — **Tecessüs** : Münâzara âfetlerinden birisi de tecessüs [casusluk] ve insânların gizli kusûrlarını aramaktır. Halbuki Allahu Teâlâ:

«وَلَا تَجَسَّسُوا»

«İnsanların kusûrlarını araştırmayın.» (49 - Hucûrât : 12)

buyurmuştur. Münâzara eden dâima akranının sürçmelerini ve hasmının kusûrlarını araştırır. Hattâ memleketine böyle bir münâzaracı'nın geldiğini duyduğu vakit onun bedeni ârızalarına, kelliğine, ala'lığına varıncaya kadar çocukluğundan i'tibâren bütün kusûrlarını ve gizli hâllerini bilecek adam arar. Lüzûmunda onu rezil etmek için bütün noksânlarını kendisine sermâye edinir. Sonra onun üstün geleceğini sezdiği vakit, eğer maskeli konuşanlardan ise, îmâ yolu ile kusûrlarına işâret eder. Bu buluşu zâhiren güzel görülür. Eğer dili uzun ve eğlence'den şeref duyan kimse ise, îmâ yolu ile değil, âşikâre onu terzil etmekten çekinmez. Nitekim kendilerini fuhûl-ı ulemâdan sayan büyük münâzaracıların bu yola başvurdukları hikâye edilmektedir.

7 — Münâzara âfetlerinden yedincisi de başkalarının kederlenmesine sevinmek, sevinçlerine üzülmektir. (Çünkü hasmı, üstün gelir sevinirse kendisi mükedder olur, hasmı mağlûp olursa kendisi sevi-

www.ihya.org

nır). Halbuki kendisi için sevdiğini, din kardeşi için sevmeyen kimse, mü'minlerin ahlâkından uzakta kalır. Faziletini açığa çıkarmakla emsâline karşı üstünlük isteyen kimseyi, hasmının sürçmesi elbette sevindirir ve aralarında, kumalar arasında olduğu gibi husûmet olur. Kumalardan biri, diğerini daha uzaktan görünce kalbi çarpıp benzi solduğu gibi, münâzaracılar da birbirini gördüğü vakit, gâlibiyet - mağlûbiyet korkusuyla âdeta azgın bir Şeytân veyâ saldıran yırtıcı bir hayvân görmüş gibi olurlar. Nerede din âlimlerinin buluştukları vakit yekdiğerinin istirahatini te'mine çalışmakla kurdukları ünsiyyet, nerede onlardan nakledilen, darlıkta ve genişlikteki yardımlaşma ve kardeşlik? Hattâ İmâm Şâfi'î (R.A.) : «İlim, fazîlet ve akıl sâhipleri arasında yakınlık ve dostluk vesilesidir.» buyurmuştur. O böyle derken ilimleri ile birbirine düşmân kesilenlerin, hiç çekinmeden onun mezhebinden olduklarını iddiâ etmelerine akıl erdiremem. Birbirine üstünlük iddiâsında bulunup dururken, aralarında ünsiyyet olduğunu düşünmek mümkün müdür? Nerde? Çok uzak. Bir şeyin fenâ olması için, seni iyilerin ahlâkından uzaklaştırıp kötülerin hûylariyle ahlâklandırması kâfidir.

8 — Münâzara âfetlerinden biri de münâfıklıktır. Münâfıklığın kötülüğünü anlatmak için şâhid dinletmeğe hiç de lüzûm yoktur. Münâzaracılar, nifâk'a mecbûrdur. Zîra münâzaracılar, hasımlariyle, hasımlarının dostları ve adamlariyle buluştukları vakit, dilleriyle onlara karşı saygı, samimiyyet ve dostluktan başka bir şey göstermezler. Halbuki bunun yalan ve nifâk işi olup samimî olmadığını hitâb eden ve muhâtab olan ve hattâ her duyan anlar. Onlar dil ile dost olurlarsa da kalb ile düşmandırlar. Bu çirkin vasıftan Allahu Teâlâ'ya sığınırız. Peygamber-i zîşan Efendimiz bir hadîs-i şerîfinde :

«إِذَا تَعَلَّمَ ٱلنَّاسُ ٱلْعِلْمَ وَتَرَكُوا ٱلْعَمَلَ وَتَحَابُّوا بِٱلْأَلْسُنِ وَتَبَاغَضُوا بِٱلْقُلُوبِ وَتَقَاطَعُوا فِي ٱلْأَرْحَامِ. لَعَنَهُمُ ٱللهُ عِنْدَ ذَلِكَ فَأَصَمَّهُمْ وَأَعْمَى أَبْصَارَهُمْ»

«İnsânlar ilim öğrenip ameli terk ettikleri, dil ile sevişip içden husûmet besledikleri ve sılâ-i rahmi terk ettikleri vakit, Allah onlara lânet eder; kulaklarını sağır, gözlerini de kör eder.» (115)

(115) Taberânî, Sehlân'dan.

www.ihya.org

buyurmuştur. Bu anlattığımızın doğruluğu, bu hâlleri müşâhede ile sâbit olmuştur.

9 — Münâzara âfetlerinden biri de hakk'ı kerîh görüp kabûl etmemek ve haksız olduğu hâlde mücâdeleye harîs olmaktır. Hattâ mücâdelecinin en hoşlanmadığı şey, hakikatı hasmının ifâde etmesidir. Hasmı doğruyu söylese de, bütün gayretleriyle inkâra kalkışır; onu çürütmek için her çeşit hileye ve her çâreye baş vurur. Böylece mücâdelecilik kendisinde o kadar tabîileşir ki duyduğu her söze, hattâ şerî'atin hükümlerine, Kur'ân'ın delîllerine bile i'tirâza kalkışarak onları da birbirine katar. Halbuki (Hakk'a şöyle dursun) bâtıl'a karşı da mücâdele mahzûrludur. Zîra, Peygamber Efendimiz, bâtıla karşı, hakk ile olsa da mücâdeleyi terk etmeği teşvîk etmek üzere şöyle buyurmuşlardır:

«مَنْ تَرَكَ ٱلْمِرَاءَ وَهُوَ مُبْطِلٌ بَنَى ٱللّٰهُ لَهُ بَيْتًا فِي رَبَضِ ٱلْجَنَّةِ ،
وَمَنْ تَرَكَ الْمِرَاءَ وَهُوَ مُحِقٌّ بَنَى ٱللّٰهُ لَهُ بَيْتًا فِي أَعْلَى الْجَنَّةِ »

«Haksız olduğunu anlayıp mücadeleden vaz geçen kimseye, Allahu Teâlâ Cennet'in kenar yerinde bir ev binâ eder. Kim ki haklı olduğu hâlde mücedeleyi terk ederse, Allahu Teâlâ ona Cennet'in en iyi yerinde bir binâ inşâ eder.» (116)

Allahu Teâlâ, kendisine yalan isnâd eden ile, hakk'ı tekzîb edeni bir tutmuştur. Nitekim Kur'ân-ı Kerîm'de:

«وَمَنْ أَظْلَمُ مِمَّنِ ٱفْتَرَى عَلَى ٱللّٰهِ كَذِبًا أَوْ كَذَّبَ بِٱلْحَقِّ لَمَّا جَاءَهُ »

«Allah'a yalan isnâd eden veyâ hakk'ı yalanlayandan daha zâlim kim olabilir?»

buyurmuştur. Diğer bir âyet-i celîlede ise:

«فَمَنْ أَظْلَمُ مِمَّنْ كَذَبَ عَلَى ٱللّٰهِ وَكَذَّبَ بِٱلصِّدْقِ إِذْ جَاءَهُ »

«Allah'a yalan isnâd edenden veya kendisine ulaşan doğru haberi yalanlayandan daha zâlim kim olabilir?» (39 - Zümer : 32)

Buyurmuştur.

10 — Âfetlerden biri de riyâ'dır. Riyâ, Hakk'ın rızâsını unutup halkın teveccühüne mazhar olmak ve gönüllerini kendisine çevirmek için çalışmaktır. İleride Riyâ kitâbında açıklanacağı gibi, riyâ, insânları en büyük günâhları irtikâba sevk eden fenâ bir hastalıktır. Münâzaracı'nın gâyesi, ün almak ve insânların övgüsüne mazhar olmaktan başka bir şey değildir.

Şu saydığımız on tânesi, münâzaracıların ahlâkî hastalıklarının büyüklerindendir. İnsânlar arasında değeri olmayanlar ve böyle maskelenmeyip daha ileri giderek birbirini döğecek, tâ'n edecek, yakasını yırtacak, sakalından tutacak, anasına sövecek, hocalarına küfredecek, açıkça her türlü fenâ sözleri söyleyecek kadar ileri gidenler müstesnâ, münâzaracıların ileri gelenleri şu on hastalıktan kendilerini aslâ kurtaramazlar. Aslında bâzıları açıkça kendisinden üstün veyâ düşük olan, memleketinden uzakta bulunan, geçim sebebleri ayrı ayrı olan kimselere karşı bu hastalıkların bir kısmından kurtulabilirler; fakat dereceleri bir olanlar, aslâ bu âfetlerden kendilerini alamazlar.

Şu saydığımız on fenâ hasletten, ayrıca on rezâlet doğar. Biz bunların tafsîli ile sözü uzatamayız. Ancak isimlerini saymakla kalalım. Unf, gazab, buğz, tama', mal ve mevki' sevgisi, hasımlarına üstünlük hırsı, mübahât [Başkasına karşı üstünlük], eşer [Aşırı küfrân-i ni'met - nankörlük], batar [Son derece sevinmek], servetlerinden dolayı zenginlere saygı, mevki' alma ümîdiyle pâdişahlara yaltaklık ve hazine'den yemek için onlara meyletmek, binek ve giyimde israf'a varacak şekilde süslenmek, kibr ederek insânları küçümsemek, lüzûmsuz şeyler ile uğraşmak, fazla konuşmak, merhamet ve sevgi'nin kalb'den çıkması ve gafletin kalbi kaplaması. Hattâ münâzaracılar öyle bir hâle düşer ki, ne kıldığını, ne de okuduğunu hâtırlar; kim'e karşı kıldığını bile hâtırlayamaz. Namâz'ın huzûr ve huşû'unu duymazlar. Bununla berâber ömürlerini güzel ibâre okumak, kafiyeli konuşmak, ender ve garîb rivâyet ve hikâyeleri ve buna benzer âhirette hiç kârı olmayacak münâzara ilimlerini öğrenmekle geçirirler. Münâzaracıların dereceleri var; her biri derecesine göre ayrılır. Buna rağmen en dindâr ve âlim münâzaracı da şu hastalıklardan kendisini koruyamaz. Son çâresi, bunları gizlemek ve nefis mücâhedesi yapmaktır.

Bilmiş ol ki, şu saydığımız rezâletler, nâm ve şöhret kazanmak isteyen, makaam'a ulaşmak, servet ve ululuk te'mîni için uğraşan vâizler, hattâ kadılık, evkâf idâreciliği, emsâline üstünlük isteyen fetvâcılar ve mezheb ilimleriyle uğraşanlar için de aynıdır.

Hülâsa : İlim ile Allah rızâsından başkasını isteyenler için hüküm aynıdır. İlim, âlimi başı - boş bırakmaz. Ya ebedî felâkete, veyâ ebedî saâdete ulaştırır. Bu sebebdendir ki Peygamber Efendimiz :

www.ihya.org

«أَشَدُّ النَّاسِ عَذَابًا يَوْمَ الْقِيَامَةِ عَالِمٌ لَا يَنْفَعُهُ اللهُ بِعِلْمِهِ»

«Kıyâmet gününde en ağır azâbı görecek olan, Allahu Teâlâ'nın ilminden kendisini faydalandırmadığı âlimlerdir.»

Buyurdu. Görülüyor ki (Kalb gözünü açmadığı için) ilimsiz amelin, kâr yerine kendisine en büyük zararı dokunmuştur. Başbaşa kalaydı - ilim, ne lehine ve ne de aleyhine olaydı - canına minnet, fakat nerede.. İlmin tehlikesi büyüktür. İlmin tâlibi ebedî mülk'ün ve dâimî ni'met'in tâlibidir. Ya bu mülk'e veyâ helâke kavuşur. Bu adam, dünyâ'da servet peşinde koşan'a benzer; eğer kazanamazsa kendisini zilletten kurtaracağını ümîd etmez, belki o dehşetli günde bütün gizli ahvâli açığa çıkacak ve rezîl olacaktır.

«Eğer makaam sevgisi olmasa ilimler de ortadan kalkardı. Binâenaleyh insânları ilm'e teşvîk bakımından münâzarada fayda var.» dersen, cevâben deriz ki: Evet, söylediğin **bir bakıma** doğrudur, fakat dâ'vaya medâr olmaz. Zîra çevgân, top, topaç, kuş oyunu ve benzeri oyunlar va'd edilmeyeydi çocuklar mektebe heves etmezdi. Bu böyle olmakla onları sevmek makbûldür denemediği gibi, riyâset sevgisi olmasa ilim kaybolurdu demek, riyâseti isteyen necât buldu mânâsına gelmez. Belki bunlar, Peygamber Efendimizin :

«إِنَّ اللهَ لَيُؤَيِّدُ هَذَا الدِّينَ بِأَقْوَامٍ لَا خَلَاقَ لَهُمْ»

«Allahu Teâlâ bu dini, dîn'de nasîbi olmayan bir takım kimselerle de te'yîd eder.» (117)

«إِنَّ اللهَ لَيُؤَيِّدُ هَذَا الدِّينَ بِالرَّجُلِ الْفَاجِرِ»

«Gerçekten, Allahu Teâlâ bu dini fâcir kimselerle de kuvvetlendirir.» (118) buyurduğu kimseler meyânına girer.

Riyâseti isteyen helâkdedir. Eğer riyâset sevgisini gizler ve zâhirde eski âlimler gibi görünür, dünyâ sevgisini terk'e dâvet ederse, başkaları onun sebebiyle düzelebilir ki, bu da kendisini yakıp, başkasına ışık veren lâmbaya benzer. Gayrin salâhı kendi helâkindedir.

Eğer insânları fenâlığa dâvet ediyorsa kendisini de, başkalarını da yakan ateş'e benzer.

Âlimler üçe ayrılır.

1 — Kendisini de, başkasını de helâk edenlerdir. Bunlar, açıkça dünyâlık isteyip insânları dünyâlığa teşvik eden âlimlerdir.

2 — Kendisini helâk edip başkasını kurtaranlardır. Bunlar görünüşte dünyâyı terk edip insânları âhiret'e dâvet ederlerse de gerçekte gâyeleri halkın teveccühüne mazhar olmakla mevki kazanmaktır.

3 — Kendisini de, başkalarını da mes'ûd eden âlimlerdir ki, bunlar zâhir ve bâtınlariyle insânları Allah'a dâvet edenlerdir. Bak bakalım, sen hangi kısımdansın? İlmin ve amelinle neyi kasd ediyorsun? Allah rızâsı için olmayanları, Allahu Teâlâ'nın kabûl edeceğini zannetme, Riyâ Kitabı'nda ve bütün «Mühlikât» bahsinde sana, şüpheni izâle edecek bilgiler, verilecektir inşâallah.

BEŞİNCİ BÂB

MUALLİM [HOCA] İLE TALEBE'NİN RİÂYET EDECEKLERİ EDEBLER BEYÂNINDADIR

TALEBENİN RİÂYET EDECEĞİ ÂDÂB

Öğrenci'nin riâyet edeceği bir çok âdâb ve vazîfeleri vardır ki bunlar, on kısımda toplanabilir.

1 — Her şeyden evvel, kalbini bütün fenâ hâllerden ve kötü vasıflardan temizlemektir. Çünkü ilim öğrenmek, kalbin ibâdeti, sırr'ın namâzı ve iç hâsselerin Allahu Teâlâ'ya yaklaşmasıdır. A'zâlar'ın vazîfesi olan namâz, a'zâları her türlü pislikten temizlemeden kabûl olmadığı gibi, bâtınî ibâdet ve kalbî ilim ile tezyîn de, ancak kalbi her türlü kötü sıfat ve vasıflardan ve fenâ hûylardan temizledikten sonra kabûl olur. Nitekim Peygamber Efendimiz :

« بُنِيَ ٱلدِّينُ عَلَى ٱلنَّظَافَةِ »

«Dîn, temizlik üzerine kurulmuştur.» (119) buyurdu.

Temizlik, zâhir ve bâtın temizliğidir. Allahu Teâlâ Kur'ân-ı Kerîm'de :

« إِنَّمَا ٱلْمُشْرِكُونَ نَجَسٌ »

«Müşrikler pisdir.» (9 - Tevbe : 28)

buyuruyor ve şu gerçeği ifâde ediyor ki, pislik ve temizlik yalnız dış'a bağlı değil, iç ile de alâkalıdır. Müşrik, yeni hamâmdan çıkmış ve temiz elbise giymiş olması bakımından temiz olabilir, fakat cevheri ve

(119) Bu ifâde ile bulunamamıştır.

www.ihya.org

ma'neviyâtı pistir. Pislik, nefret edilen ve kendisinden uzaklaşılan bir şey olduğuna göre iç pisliklerden kaçınmak daha mühimdir. Çünkü bâtın pisliği, burada pislik olmakla berâber, âhirette de insânı helâke götürür. Bunun için Peygamber Efendimiz bir hadîs-i şerîfde :

« لَا تَدْخُلُ ٱلْمَلَائِكَةُ بَيْتًا فِيهِ كَلْبٌ »

«Köpek bulunan eve melek girmez.» (120) buyurmuştur.

Kalb, meleklerin indiği ve eğlendiği bir evdir. Gazab, şehvet, kin, hased, kibir, ucb ve benzerî kötü hûylar üren köpeklerdir. Bu gibi köpeklerle dolu bir kalb'e melekler nasıl girsin? (Çünkü temiz olanlar, temiz yerde bulunur, pisliğe karışmazlar.) Allahu Teâlâ ilim nûrunu melekler vâsıtasiyle kalbe akıtır. Nitekim âyet-i celîlede :

« وَمَا كَانَ لِبَشَرٍ أَنْ يُكَلِّمَهُ ٱللَّهُ إِلَّا وَحْيًا أَوْ مِنْ وَرَاءِ حِجَابٍ
أَوْ يُرْسِلَ رَسُولًا فَيُوحِيَ بِإِذْنِهِ مَا يَشَاءُ »

«Ya bir vahiy ile, ya bir perde arkasından, yahud bir elçi gönderib de kendi izniyle dileyeceğini vahyetmesi olmadıkça Allahın hiçbir beşere kelâm söylemesi (vaakî) olmamışdır.» (42 - Şûrâ : 51) buyurulmuştur. Bunun gibi kalb'e gönderdiği ilmin rahmetlerine de müvekkel melekler vardır. Bunlar kötü sıfatlardan uzak, temiz ve mukaddes kimselerdir. Bunlar ancak temiz yerlere inerler. Kendilerinde olan rahmet hazineleriyle ancak iyi ve temiz yerleri ta'mir ederler. Bunu söylerken hadîs'deki **«Beyt»** kelimesinden murâd kalb, **«Kelb»** kelimesinden murâd gazab ve diğer kötü sıfatlardır demek istemiyorum. Ancak bu Hadîs'de buna da tenbîh ve işâret vardır derim. Zâhir mânâyı, bâtın mânâya değiştirmekle, sözü, asıl mânâsında kullandıktan sonra buna da tenbîh ediyor demek arasında büyük fark vardır. Bâtıniyye fırkasının ayrıldıkları bu inceliktedir. (Onlar, kelimeyi asıl mânâsından alır, başka mânâda kullanırlar.) Bizim anlattığımız iyi âlimlerin kabûl ettikleri i'tibar yoludur. İ'tibar, ibret almak demektir; yâni asıl mânâyı kabûl etmekle berâber ondan başka bir mânâ da çıkarmaktır. Nitekim başkası bir belâya uğradığı va-

kit, dünyâ'nın inkılâb ve değişiklik dünyâsı olduğu için, bu belânın kendisine de gelebileceğini düşünerek akıl sâhibinin ondan ibret alması gibi. Başkasından kendisine, kendisinden de dünyânın esâsına ibret alması öğülen bir ibretlikdir.

Sen de insânların inşâsı olan «Beyt» [Oda] kelimesinin mânâsından, Allahu Teâlâ'nın inşâsı olan kalbi i'tibar et. Sûreti için değil de ahlâkı olan yırtıcılık ve pisliği bakımından yerilen «kelb» kelimesinin mânâsından, bu sıfatlarda olan rûhu i'tibar et.

Bilmiş ol ki, gazab ile dolmuş, dünyâya dalmış ve dünyâlık peşinde koşan, insânların şeref ve haysiyyetleri ile oynıyan kalbler, sûrette kalb ise de mânâda kelptir. Halbuki basiret nûru, sûretleri değil, mânâları mülâhaza eder. Maddî âlemde sûretler, mânâlara gâlibdir. Mânâlar sûretlerin içindedir. Âhirette bunun aksine olarak, sûretler mânâlara tâbi' ve mânâlar galibdir. Bunun içindir ki, her insân, mânevî sûreti üzerine haşrolacaktır. Nitekim Peygamber Efendimiz şöyle buyuruyorlar:

«İnsânların şereflerini pâymâl etmeğe çalışanlar kelb sûretinde, mâl düşkünleri kurt sûretinde, benlikçiler kaplan sûretinde, riyâset âşıkları arslan sûretinde haşrolacaklardır.»

Bu husûsu ifâde eden daha bir çok haberler olduğu gibi, basar ve basîret sâhipleri de buna şehâdet etmiştir.

Eğer: «Seviyeleri çok düşük kimseler var ki, bir çok ilimler elde etmişlerdir.» dersen, cevâben deriz ki: Onların bilgisi âhirette faydası dokunacak, saâdeti sağlayacak gerçek ilim olmaktan çok uzaktır. Zîra âhirette kârı dokunacak ilmin belirtilerinden biri, isyânın öldürücü bir zehir olduğunun bilinmesidir. Öldürücü olduğunu bilen kimsenin zehir içtiğini hiç gördün mü? Böyle sûretâ âlim geçinenlerden duyduğun bir hadisi dilleriyle kabûl ederken kalblerinden tereddüd etmeleri, ilim nâmına bir şey değildir. Nitekim İbn Mes'ûd (R.A.): «İlim, fazla rivâyet etmek demek değil, belki Allahu Teâlâ'nın kalb'e ilka ettiği bir nûrdur.» buyurmuştur. Diğer bâzıları da: «İlim, haşyettir.» dediler. Zîra Allahu Teâlâ:

«إِنَّمَا يَخْشَى ٱللَّهَ مِنْ عِبَادِهِ ٱلْعُلَمَٰٓؤُا»

«Allahu Teâlâ'dan (en çok) korkanlar, âlimlerdir.» (35 - Fâtır: 28)

buyurmuştur. «İlim, haşyet [korku]'dir» diyen, ilmin en mühim husûsiyetine işâret etmiştir. Bu sebepten bâzı gerçek âlimler, başkalarının:

www.ihya.org

«Biz ilmi, başka gâye uğrunda okuduk, fakat ilim, başkası için olmaktan ibâ etti ve ancak Allah için olmağı kabûl etti.» sözlerinin mânâsı, «İlim, bizden yüz çevirdi, hakikati bize açıklanmadı, bizim elde edebildiğimiz, ancak elfaz ve zâhir mânâsı oldu, demektir.» dediler.

Eğer dersen ki: «Usûl ve fürû'da ün almış âlimlerin fuhûlinden sayılan nice muhakkik, fakih âlimler tanırım ki, kötü ahlâklarından temizlenmemişler, arınmamışlardır.» Cevâbında deriz ki: İlimlerin derecelerini ve âhiret ilmini bildikten sonra, bunların meşgûl oldukları, ilim olması bakımından faydası çok az olan şeyler olup, bu gibi ilimlerin kârının, -eğer Allah rızâsını niyyet edersen- daha ziyâde amel bakımından olabileceğini anlarsın. Bu cihete yukarıda işaret edildi. İnşâallah ileride daha geniş tafsilât verilecektir.

2 — Dünyâ ile alâkasını azaltıp yurdundan ve âilesinden uzaklaşmalıdır. Çünkü dünyâ alâkası ve âile gâilesi tahsil'e mâni'dir. Halbuki Allahu Teâlâ bir insânın içinde iki kalb yaratmamıştır (ki, iki tarafı idâre etsin). Ne zamân aklını başka tarafa bölersen gerçekleri anlaman azalır. Bu sebepten: «Bütün kuvvetini ilme bağlamadan, ilimden bir şey alamazsın.» denilmiştir. Sen bütün varlığını ilme bağladığın vakit onun bir cüz'ünü alman yine şüphelidir. Dağınık fikir, suyu bölünen bir dereye benzer ki, bir kısmını toprak içer diğer bir kısmı havaya karışır; derken bahçeyi sulamağa yetişmez, kurur gider.

3 — İlimle kibirlenip, hocaya ukalâlık etmemektir. Bilâkis bütün mevcûdiyetiyle her husûsda hocanın emrine girip onun bütün öğütlerini, câhil bir hastanın selâhiyyettâr tabîbi dinleyip kabûl etmesi gibi, dinlemeli ve kabûllenmelidir. Ve yakışan dâima hocasına karşı alçak gönüllü olup ona hizmeti bir şeref telâkki etmektir. Şa'bî diyor ki: «Bir cenâze namâzını kıldıktan sonra binmesi için, Zeyd b. Sâbit'e katırını yaklaştırdım. O sırada Abdullah b. Abbâs gelerek özengiyi tutmak istedi. Bunu gören Zeyd: "Ey Resûlu'llah'ın amcazâdesi, özengiyi bırak." dedi. İbn Abbâs: "Biz, âlimlere bu şekilde muâmele ile emrolunduk." dedi. Bunun üzerine Zeyd, İbn Abbâs'ın elini öptü ve: "Biz de, Resûl'ün ehl-i beytine böyle yapmakla emrolunduk." diye mukaabelede bulundu.»

Bir hadîs-i şerîfde Peygamber Efendimiz şöyle buyurmuşlardır.

«لَيْسَ مِنْ أَخْلَاقِ الْمُؤْمِنِ التَّمَلُّقُ إِلَّا فِي طَلَبِ الْعِلْمِ»

«Zillet, mü'minlerin ahlâkı değildir; ancak ilim talebinde olabilir.» (121)

(121) İbn Adiyy. Muâz'dan.

www.ihya.org

Hülâsa, talebelerin hocalarına karşı kibirlenmeleri doğru değildir. Hocaya karşı kibrin belirtilerinden biri de, istifâde için yalnız meşhûrları seçmektir. Bu, ahmaklığın tâ kendisidir. Zira ilim, kurtuluş ve saâdet'in sebebidir. Kendisine saldıran arslandan kaçıp sığınacak yer arayan kimse, sığınağı gösterenin ünlü veyâ ünsüz olmasına bakmaz. Halbuki Cehennem ateşinin, Allahu Teâlâ'yı bilmeyenlere saldırışı, her nevi yırtıcı hayvan'ın saldırışından fenâdır. Hikmet, mü'minin yitiğidir. Nerede eline geçerse onu ganîmet bilir; kim olursa olsun, kendisini o yitiğe ulaştıran'a teşekkürü, boynuna borç bilir. Bu sebebden denildi ki:

«Sel, yükseklere düşmân olduğu gibi, ilim de kibr eden öğrencilerin düşmânıdır.»

İlim, ancak tevâzu' göstermek ve dinlemek ile elde edilir. Allahû Teâlâ:

«إِنَّ فِي ذَٰلِكَ لَذِكْرَىٰ لِمَنْ كَانَ لَهُ قَلْبٌ أَوْ أَلْقَى السَّمْعَ وَهُوَ شَهِيدٌ»

«Doğrusu bunda düşüncesi olanlara yahut akılları başlarında olarak kulak verenlere büyük öğüt var.» (50- Kâf : 37)

buyurmuştur. Kalb sâhibi demek, yaratılışta bilgiye kabiliyetli ve anlayışlı olmak demektir. Bundan sonra yalnız anlayışlı olmak yetmez. Tâ ki içinden hâzırlanıp, kendisine söylenenlere karşı teşekkür ve tevâzu' göstererek cân kulağı ile dinlemedikçe.

Talebe, hocasına karşı, yağan bol yağmuru tamâmiyle içine alan yumuşak toprak gibi olmalı ve hocanın öğüdünü tamâmen kabûl etmelidir. Hocanın, kendisine öğrettiği her şeyi hemen kabûllenmeli, kendi kanâatini atmalıdır. Hocanın görünüşteki hatâsı, kendi doğrusundan daha kârlıdır. Zira tecrübe, kulaklara garîb gelen bir çok inceliklere insânı ulaştırır. Çok ateşli hastalar vardır ki, tabîb ona evvelâ yine hararetini daha da yükseltecek ilâç verir de sonra tedâvisine gider. Şüphesiz tabâbetten haberi olmayan buna şaşar. Fakat tabîbin gâyesi, onu ilâcın sadmesine dayanabilecek bir hâle getirmektir.

Allahu Teâlâ, Hızır ve Mûsâ (A.S.) kıssasiyle buna tenbîh ederek şöyle buyuruyor. Hızır (A.S.) dedi ki:

www.ihya.org

«إِنَّكَ لَنْ تَسْتَطِيعَ مَعِيَ صَبْرًا ، وَكَيْفَ تَصْبِرُ عَلَى مَالَمْ تُحِطْ بِهِ خُبْرًا»

«Şüphesiz sen benimle sabredemezsin. Havsalanın almadığı şeye nasıl sabredeceksin?.» (18 - Kehf : 67 - 68)

Sonra da kendisi açıklayıncaya kadar sâkit durmasını şart koşarak :

«فَإِنِ اتَّبَعْتَنِي فَلَا تَسْأَلْنِي عَنْ شَيْءٍ حَتَّى أُحْدِثَ لَكَ مِنْهُ ذِكْرًا»

«Eğer bana tâbi' olacaksan bana hiç bir şeyden sorma, tâ ben sana ondan bir söz açıncaya kadar.» (18 - Kehf : 70)

demiştir. Sonra ayrılmalarına sebep oluncaya kadar sabredemedi de durmadan tekrâr tekrâr sordu.

Hülâsa: Kendi görüşünü hocasının görüşü üzerine tercîh eden her talebe mahrûmiyet ve hüsrândadır.

Eğer dersen ki : Allahu Teâlâ :

«فَاسْأَلُوا أَهْلَ الذِّكْرِ إِنْ كُنْتُمْ لَا تَعْلَمُونَ»

«Eğer bilmezseniz, bilenlerden sorun.» (16 - Nahl : 43)

Buyurduğuna göre, soru sormak emr-i ilâhidir. (Buna göre hocaya suâl neden mahzûrlu olsun?) Bilmiş ol ki bu, doğrudur. **Fakat** hocanın izin verdiği kısımlarda sorulur. Henüz anlayamayacağın şeylerden değil; bu gibi mes'elelerden sormak iyi değildir. Bu sebebdendir ki, **Hızır** aleyhi's - selâm, **Mûsâ** aleyhi's - selâm'ı suâlden men'etmiştir. Yâni zamânı gelmeden suâl sorma. Hoca senin nereye kadar selâhiyetli olduğunu ve onların sana ne zamân açıklanacağını bilir. Henüz anlaşılamıyacak şekilde olan şeyden sorulmaz. **Hazret-i Ali** (R.A.) buyuruyor: «Kendisine fazla suâl sorulmamak, cevâbında inâd etmemek, yorulduğu vakit zorlamamak, kalkacağı zamân eteğine sarılmamak, gizli söylenenleri kendisine duyurmamak, yanında gıybet etmemek, sürçmesini beklememek, bir hatâsı olursa ma'zûr kabûl et-

www.ihya.org

mek, âlim'in hakkıdır.» Allah'ın emirlerine riâyet ettiği müddetçe, kendisine Allah için saygı gösterilmesi ve şahsının üstün tanınması, önünde oturulmaması ve ihtiyâcının halk tarafından giderilmesi, âlim'in hakkıdır.

4 — İlim tahsilinde bulunan kimse, ilm'e ilk girdiğinde ister dünyevî ister uhrevî olsun, insânların ihtilâflarına kulak asmamalıdır. Çünkü bu gibi ihtilâflar, aklını bocalatır, zihnini kurcalar, kanâatini şaşırtır, anlayışdan kendisini ümîdsizliğe düşürür. Bunun için yapacağı ilk iş, hocası'nın kabûl ettiği doğru yolu iyice anlamak ve ondan sonra diğer mezheb ve şüpheli şeyleri araştırmaktır. Eğer hocası müstakil bir mezheb'e bağlı olmayıp gelişi - güzel her mezheb'den ve aralarındaki ayrılıklardan bahsederse ondan vaz geçsin. Çünkü onun sapıtması düzeltmesinden çok olur. Zîra kör'ün, körleri idâre edip onlara yol göstermeğe selâhiyeti yoktur. Şahsiyeti böyle karışık olan kimseler, hayret körlüğünde ve cehâlet sahrâsında sayılırlar.

İlm'e yeni giren kimseyi şüpheli şeylerden men' etmek, yeni Müslümân olanı kâfirler arasına girmekten men' etmeğe benzer. Kuvvetli bir âlimi şüpheli şeylere bakmağa teşvik ise, kuvvetli bir Müslümânı (İslâmiyeti aşılamak için) kâfirler arasına girmeğe teşvike benzer. Bunun için korkakların düşmân saflarına saldırması men' edilir ve cesûr olanlar buna teşvik edilir. Bu inceliği anlayamadıklarından bâzı zayıf akıllılar, kuvvetli bilginlerden rivâyet edilen bâzı müsâmahalarda onlara uymanın câiz olduğunu zannettiler. Bilemediler ki kuvvetli âlimlerin vazîfeleri, zayıflarınkinden ayrıdır. İşte bundandır ki bâzıları: «Beni bidâyette gören sıddîk, sonraları gören ise zındik olur.» demiştir. Çünkü nihâyette farzlarından gayri ameller, zâhirden bâtına intikal eder. Görenler de tenbelleştiğini ve ihmâl ettiğini zannederler. Halbuki bu makaam, kalbini mâsivâdan çekip Allahu Teâlâ'ya rabt etmek ve devâmlı olarak amellerin efdâli olan Allah'ı tezkîr makaamıdır.

Zayıfların, kendilerini kuvvetlilerin dış görünüşlerine benzetmeleri boş bir şeydir. Bu bir bardağa bir parça pislik attıktan sonra: «Bütün pislikler denize atılırken ben şu küçük bardağa azıcık pislik attımsa ne lâzım gelir? Koca denize câiz olan, elbette bu bardağa da câizdir.» diye özür dilemeğe benzer. Deniz bütün azametiyle o necâseti suya çevirir ve o necâseti kaplamasiyle, necâset kendi sıfatını alır. Fakat az necâsetin bir bardak suya galebe çalarak suyu kendi vasfına çevirdiğini bilemez. İşte bu gibi sebeblerden, başkasına câiz görülmeyen çok şeyler, Peygamber Efendimize (S.A.) câiz görülmüştür.

www.ihya.org

« حَتَّى أُبِيحَ لَهُ تِسْعُ نِسْوَةٍ »

«Hattâ kendisine dokuz kadın mübâh oldu.» (122)

Çünkü kendisinde, çok da olsalar kadınları arasında adâlet edecek kuvvet vardı. Fakat başkaları bu adâlete güc getiremez; aralarında haksızlık eder de onların rızâsını ararken Allah'a isyân eder. Azâb meleklerini, kamçı vuran insânlara benzeten aldanmıştır.

5 — Talebe öğülen ilimlerin hiç bir fennini ve nev'ini terk etmemelidir. Hiç olmazsa gâye ve maksatlarını anlayacak kadar onlara bakmalı ve sonra imkân bulduğu takdirde onlardaki bilgilerini genişletmelidir. Aksi hâlde ehemmi, mühim üzerine tercîh etmeli, onunla meşgûl olmalı ve diğerlerinden lâzım olan kısmını almakla kifâyet etmelidir. Çünkü ilimler birbirine bağlı ve yardımcıdır. Aynı zamânda bu kadar bilgi ile o, ilm'e düşmânlık etmekten korunmuş olur. Çünkü insânlar bilmediklerinin düşmânıdır. Nitekim Allahu Teâlâ Kur'ân-ı Kerîm'de şöyle buyuruyor:

« وَإِذْ لَمْ يَهْتَدُوا بِهِ فَسَيَقُولُونَ هَذَا إِفْكٌ قَدِيمٌ »

«Muvaffak olamayınca da şöyle diyecekler: Bu eski bir yalan.» (46 - Ahkâf : 11)

Şâir de şöyle diyor :

«Acı bulur ağzında tadı olmayan hasta;
İçtiği suyu, âb-ı hayat olsa da tasda.»

İlimler derecelerine göre ya, kişiyi Allahu Teâlâ'ya ulaştırır, veyâ ulaştırmağa bir nevi yardımcı olur. Maksûd'a yakınlık ve uzaklığı bakımından ilimlerin muâyyen dereceleri vardır. İlim tahsîlinde olanlar, hudûd bekçileri gibi onun muhâfızlarıdır. Her biri için bir derece ve Allah rızâsını kasd ettiği takdîrde, derecesine göre âhirette mükâfat vardır.

6 — Gelişi - güzel bir fenne dalmayıp, ehemmi tercîh ederek tertibi gözetmelidir. Şu kısa ömür bütün ilimleri elde etmeğe yetmediğine göre, en doğrusu her fenden güzelini almak ve ondan bir koku ile iktifâ ederek bütün kuvvetini, ilimlerin en makbûlü olan âhiret ilmine bağlamaktır. Yâni muâmele ve mükâşefe kısımlarına çalışmalıdır. Muâmelenin netîcesi, mükâşefe, mükâşefenin gâyesi de Allahu Teâlâ'yı

(122) Buhârî ile Müslim, İbn Abbâs'dan.

www.ihya.org

bilmektir. «Allahu Teâlâ'yı bilmektir.» derken: Avam kısmının ağızdan aldığı veyâ verâset yoluyla sâhip olduğu i'tikadı veyâ hasımlarına karşı kelâmcıların takındıkları mücâdele yollarını değil, belki mücâhede ile bâtınını temizliyerek, hakkında Peygamberimizin: **«Eğer âlemlerin îmâniyle tartılaydı ağır gelirdi.»** buyurmak sûretiyle şehâdet ettiği Ebû Bekr' in îmâni seviyyesine yükselen kişinin kalbine Allahu Teâlâ'nın ilka etiği nûrun semeresi olan bir nevi' YAKİN'i kasd ediyorum.

Buna göre avâm'ın i'tikadı ile, bu i'tikaddan farkı olmıyan ancak söz san'atı ile KELÂM adını alan, kelâmcıların bu gibi tertîplerinden Hazret-i Ömer, Osmân, Ali ve diğer Sahâbe (R.A.) âciz değillerdi. Hattâ Ebû Bekir, göğsüne yerleştirilen sır ile onlara üstün idi (Fakat onlar bu gibi şeylerle uğraşmazlardı). Sâhib-i Şerî'at Peygamber aleyhi's-selâm'dan, bu (Ebû Bekr'in îmânı ağır gelir) gibi sözleri duyduğu hâlde, sonra rastgele duyduklarını küçümseyip beğenmiyen, «Bunlar sofiyye'nin uydurmaları ve ma'kûl olmayan boş sözleridir» diyenlere şaşarım. Sana yakışan bu makamda teennî ile hareket edip ağır davranmaktır. Çünkü burada sermâyeyi kaybetmek tehlikesi var, o hâlde fakîh ve kelâmcıların sermâyeleri hâricinde kalan ve Ebû Bekr'in üstün sayıldığı o sırrı öğren. Seni o sırra ulaştırabilecek olan senin ona olan hırsındır.

Hülâsa: İlimlerin en şereflisi ve gâyesi Allahu Teâlâ'yı bilmektir. Bu da dibi bulunmayan bir denizdir. İnsânlardan bu husûsda en üstün mertebeye yükselenler Peygamberler, sonra veliler ve sonra bunları ta'kîb edenlerdir.

Hikâye olundu ki, eski ma'bedlerin birinde ellerinde birer yazı bulunan iki hakîm'in heykelleri var. Birisinde şöyle yazar. «Her şeyi en güzel ve en mükemmel şekilde yapsan bile, Allahu Teâlâ'nın birliğine ve her şeyi yaratan olduğuna inanmadıktan sonra bir şey yaptığını sanma.» Diğerinde de : «Ben Allahu Teâlâ'yı bilmeden, içerdim fakat kanmazdım. Allahu Teâlâ'yı bildikten sonradır ki içmeden kandım.»

7 — (Tertîbe riâyet). Bir fenni bitirmeden ondan sonraki fenne geçmemek. Zîra ilimler zarûrî bir tertîb ve tasnîfe bağlıdır. Bâzıları, diğer bâzılarına yoldur. Onlardan geçilmeden diğerlerine geçilmez. Muvaffak olanlar tertîb'e riâyet edenlerdir. Nitekim Hak Teâlâ buyuruyor :

«اَلَّذِينَ آتَيْنَاهُمُ الْكِتَابَ يَتْلُونَهُ حَقَّ تِلَاوَتِهِ»

«Kendilerine kitâb verdiklerimiz, onu hakkıyle okurlar.» (2 - Bakara : 121)

www.ihya.org

Yâni ilim ve amel ile iyice anlayıp tatbîk etmeden başka fenne geçmezler. Okuyan kişinin, her okuduğu ilim'den gâyesi onun daha üstüne çıkmak olmalıdır. Mensûpları arasında ihtilâfın bulunmasını veyâ bâzılarının hatâsını veyâ ilminin gereğiyle amel etmediğini görerek herhangi bir ilm'in bozukluğuna hüküm vermemelidir.

Çok kimseler görürsün ki, «Bunların aslı olaydı erbâbı onları anlardı.» diyerek aklî ve fıkhî ilimlere i'tibar etmezler. Bu şüphelerin halli «Mi'yâru'l-ilm» adlı eserimizde geçmiştir. Diğer bir kısmını görürsün ki, bir tabîbin hatâya düşmesi sebebiyle topyekûn tıbbı inkâr ederler. Diğer bir zümreyi bulursun, bir müneccim'in dediği rastgeldi diye müneccimlerin doğruluğuna inanır. Diğer bir kısmı da, bir tahmîn doğru çıkmadı diye ilm-i nücûmu inkâr eder. Bunların hepsi de hatâdır ve herhangi bir şeyin doğru ve yanlışlığını (başkalarının cüz'î müşâhedeleriyle değil) kendi nefsinde bilmemektendir. Her ilmi herkes lâyıkiyle anlayamaz. Bunun için Hazret-i Ali buyurur ki: «Gerçeği bil ki ondan sonra ehlini bilmiş olasın.»

8 — İlimleri şereflendiren, değerlendiren sebebleri bilmektir.

İlimlerin değeri iki şey ile ölçülür:

Netîcesi'nin yüceliği,

Delîlinin kuvvet ve sağlamlığı.

Netîcesi ile ölçülere misâl din ve tıb ilimleridir. Dîn ilminin netîcesi, ebedî yaşayışı te'min, tıb ilminin netîcesi ise muvakkat yaşayışı sağlamaktır. Buna göre, din ilmi, tabâbetten üstündür.

Delîlinin kuvvet ve sağlamlığiyle ölçülenlere misâl hisab ve nücûm ilimleridir. Delil daha sağlam ve kuvvetli olduğu için, hisâb ilmi; nücûm ilminden daha şereflidir. Hisâb tıb ile ölçülürse, gâyesi bakımından tıb; delili bakımından ise, hisâb tıbdan şerefli gelir. Fakat netîceyi düşünmek daha doğrudur. Bu sebebdendir ki, her ne kadar çoğu tahmini ise de tıb ilmi, hisâbdan şereflidir.

Şu verdiğimiz izâhattan anlaşıldı ki, ilimlerin en yücesi Allahu Teâlâ'yı, Meleklerini, Kitâblarını ve Peygamberlerini bildiren ilimlerle bu ilimlere ulaştıran diğer ilimlerdir. Buna göre senin de rağbet ve hevesin bu ilimlere olmalıdır.

9 — Talebenin dokuzuncu vazîfesi de okumaktan gâyesinin bu ânda kalbini kötü huylardan arıtıp, faziletlerle süslemek, gelecekte ise mukarreb meleklerin civârına yükselmek ve Allahu Teâlâ'ya tekarrüb olmasıdır. Bilgisiyle riyâset, servet, makam, düşük adamlarla mücâdele ve emsâllerine üstünlük gâyesini gütmemelidir. Gâyesi Allah rızâsı olunca, buna en elverişli olan ilmi aramalıdır, ki bu da âhiret ilmidir. Bununla beräber mukaddimede farz-ı kifâye'den saydığımız, lûgat, nahv, fetvâ ve benzerî ilimleri de küçümsememelidir. Biz, âhiret ilmini fazla öğerken, sakın bu ilimleri küçümsediğimiz anlaşılmasın.

www.ihya.org

Bütün bu ilimlerin sâhipleri olan âlimler, düşmân karşısında muhâfız gözcü ve Allah yolunda mücâhede eden gâziler gibidir. Bunlardan bir kısmı bi'lfi'il düşmân ile döğüşür, diğer bir kısmı gözleyici ve yardımcı olur, diğer bir kısmı yiyecek içeceklerini sağlar, diğer bir kısmı da hayvânları korur, ki gâyeleri ganîmet olmayıp Allah rızâsı olduktan sonra hepsi mükâfat alır. Her bakımdan âlimler de bunlar gibidir. Allahu Teâlâ âlimleri öğerek şöyle buyuruyor :

« يَرْفَعِ ٱللَّهُ ٱلَّذِينَ آمَنُوا مِنكُمْ وَٱلَّذِينَ أُوتُوا ٱلْعِلْمَ دَرَجَاتٍ »

«Sizden îmân edenleri Allah yükseltir, ilim verilenleri ise, kat kat dereceler ile yükseltir.» (58 - Mücâdele : 11)

Diğer bir âyet-i celîlede de şöyle buyuruluyor :

« هُمْ دَرَجَاتٌ عِنْدَ ٱللَّهِ »

«Onlar (Allah rızâsına tâbi' olanlar) **ise Allah indinde derece derecedir.»** (3 - Âl-i İmrân: 163)

Fazîlet, aralarında nisbîdir. Pâdişahlara nibetle sarrafları küçümserken süpürgecilere nisbet edildiklerinde de küçümsenmeleri lâzım gelmez. Yüksek rütbeden düşen kimsenin kıymetinin tamâmen kaybolduğunu sanmamalı. Üstün rütbe, derecelerine göre, evvelâ Peygamberler, sonra veliler, sonra gerçek âlimlerde daha sonra da iyi kimseler içindir. Zerre kadar iyiliği olan mükâfatını, zerre kadar fenâlığı olan da karşılığını bulacaktır. Hangi ilim olursa olsun, kim ki ilmi ile Allahu Teâlâ'yı kasd ederse ilmin kârını bulur ve o ilim, sâhibini yükseltir.

10 — İlimlerin, gâyeye olan nisbetlerini öğrenip ona göre okuyacağını seçmektir. Yakın ve yüksekte olanı, uzakta olan üzerine ve ehemmi mühim üzerine tercîh gibi. **«Ehemm»** demek mutlak değil, yâni hadd-i zâtında ehemmiyetli olan demek değil, senin için ehemmiyetli olan demektir. Şüphesiz senin için ehemm olan, dünyâ ve âhiretini alâkadar edendir. Vaktâ ki Kur'ân'ın açıkladığı ve ayan mertebesine yükselecek derecede basîret nûru'na sâhip olanların şehâdet ettiği gibi, dünyâ ve âhiret'in ikisini bir arada toplamak senin için mümkün olamıyacak. Gerçekde ehemm olan ebedi kalacak olan âhiret ilmidir. O zamân dünyâ senin için bir misâfirhâne, bedenin merkep, ilimlerin de seni maksadına ulaştıran bir vâsıta, maksadın her ne ka-

dar kadrini bilenler az ise de, Allahu Teâlâ'ya ulaşmak olur. Nîmetlerin hepsi aradadır.

İLİMLERİN MERTEBELERİ

Allahu Teâlâ'ya mülâkatın saâdetine ve avâm tabakası ile kelâmcıların anladığı gibi değil de, Peygamberlerin anlayıp istedikleri gibi, zât'ın cemâline bakmak saâdetine nisbetle, ilimler üç mertebede düşünülür. Vereceğimiz şu misâl ile, bu dereceler daha kolay anlaşılır.

Köleye denildi : «Eğer hacc edersen hem âzâd, hem de pâdişah olacaksın, yok eğer hacc için hazırlandıktan sonra bir engel olur da hacc edemezsen kölelik bağından kendini kurtaracaksın, fakat pâdişah olmak saâdetine ulaşamıyacaksın.» Şimdi bu vâzîfeyi alan kölenin üç meşgalesi var :

1 — Azık, su ve binit gibi vâsıtaların tedâriki,

2 — Yola girmek ve konak konak mesâfeleri kat'ederek ana yurttan uzaklaşmak,

3 — Haccın erkâniyle meşgûl olmak ve vazîfeyi ifâ ederek ihrâm dan çıktıktan ve vedâ tavâfını yaptıktan sonra âzâd olup pâdişahlığa hak kazanmak. Sebeblerini hâzırlamağa başladığından tamâmlayıncaya, yola girdiğinden Kâbe'ye gidinceye, Kâbe'ye gittikten hacc vazîfelerini tamâmlayıncaya kadar her makamda bir çok menziller vardır. Haccın rükünlerini ifâya başlayanın pâdişahlığa olan yakınlığı daha yeni azık tedârik etmekte olan ile bir olmadığı gibi, yola çıkan ile de bir değil, belki her ikisinden de daha yakındır. İlimler de aynen bunun gibidir. Bir kısmı aynı azık ve vâsıta hazırlamaya benzer ki bunlar da tıb, fıkıh ve dünyâda bedenin düzelmesine yarayan diğer ilimler gibi. Diğer bir kısmı da, yola girip mesâfeleri aşmağa benzer. Bu da kalbi kötü hûylardan temizlemek ve Allahu Teâlâ'nın tevfîk ettiklerinden başkasının erişemediği yüksek makamlara erişmektir. İşte bu, tarîk'a sülûk [Bâtınî yola girmektir].

Kalbi temizlemenin ilmini öğrenmek, yolların istikâmet ve mesâfelerini öğrenmek kabilindendir. Yola girmeden yalnız yolları ve konak yerlerini bilmek bir kâr sağlamıyacağı gibi, ahlâk düzeltmeğe çalışmadan yalnız ahlâk ilimlerini bilmek de bir değer taşımaz. Bununla berâber bilgisiz bir işe başlamak da mümkün değildir.

Üçüncü kısım da bi'l-fi'il hac işini icrâ gibidir. Bu da Allahu Teâlâ'nın zâtını, sıfatlarını, ef'âlini ve meleklerini ve mükâşefe ilminin açıklamalarında anlattığımız ilimlerin hepsini bilmektir.

Ey âhiret yolcusu, işte kurtuluş ve ebedî saâdete ulaşmak buradadır. Yalnız kurtuluş ise : Gâyesi hakka, selâmete ulaşmak olan her doğru yola giren için mümkündür. Fakat saâdete ulaşmak ise ancak

www.ihya.org

Allahu Teâlâ'yı bilen âriflere mahsûstur. Civar-ı ilâhide ve Cennet-i Naîm'de huzûr'a kavuşup ebedî nimetlere ulaşan mukarrebler bunlardır. Bu zirveye ulaşmayan yolculara yine necât ve selâmet vardır; fakat evvelkiler gibi üstün derecede değildir. Nitekim Hak Teâlâ Kur'ân-ı Kerîm'de şöyle buyuruyor:

« فَأَمَّا إِنْ كَانَ مِنَ ٱلْمُقَرَّبِينَ فَرَوْحٌ وَرَيْحَانٌ وَجَنَّةُ نَعِيمٍ »

«Mukarreblerden olanlar için istirahat, temiz rızık ve ni'metlerle dolu Cennet vardır.» (56 - Vâkı'a : 88, 89)

Bu, üstün vasıflara ve olgunlara işârettir.

« وَأَمَّا إِنْ كَانَ مِنْ أَصْحَابِ ٱلْيَمِينِ فَسَلَامٌ لَكَ مِنْ أَصْحَابِ ٱلْيَمِينِ »

«Defterleri sağlarından verilen veyâ iyilik sâhibi olanlar'a: Ey yemin sâhipleri sizlere sağcılardan selâm.» (56 - Vâkı'a : 90, 91)

Bu da ikinci sınıfa girenlerin de selâmete ereceğini ifâde eder. Kim ki maksada yönelmez ve bütün mevcûdiyyetiyle buna sarılmaz veya bu yola ubûdiyyet için değil, peşin gâyeler için girerse, bu solculardan yâni günâhkârlardan, amel defteri solundan verileceklerden ve sapıklıkta olanlardandır. Bunlara kurulacak sofrada **«hamîm»** [yutulamıyacak sıcak su] vardır; girecekleri yer de Cehennemdir.

Bilmiş ol ki anlattığımız, hakiki âlimler için hakîkî yakîn'dır. Yâni onlar basîret nûru ile bunu görür ve bilirler ki, o basîret gözü, başımızdaki gözümüzden daha kuvvetlidir. Onlar, yalnız dinlemek sâyesinde tâbi' oldukları taklit mertebesinden bu makâm'a yükselmişlerdir. Bunların hâli, verilen haberi tasdîk ettikten sonra müşâhede ile gerçekleştiren kimsenin hâline benzer. Diğerleri ise, hükmü güzelce tasdik ve îmân ile kabûl etmiş, fakat görmekle hazzını alamamıştır. Saâdet, mükâşefe ilminden sonradır. Mükâşefe ilmi de âhiret yoluna giriş demek olan muâmele ilminden sonra gelir. Sıfatların merhâlelerini geçip, yerilen nitelikleri atmak yoluna girmek, sıfatlar ile alâkalı ilimleri bildikten sonradır. Bu kötü hûyların tedâvi yollarını bilmek ve bu yollara girmek, selâmet-i beden ilminden sonra gelir. Sıhhî sebeblerin müsâadesi ve beden'in selâmeti için, yiyecek, giyecek ve mesken gibi muhtâç olduğu şeyleri te'min etmek de bir araya gelmek ve yardımlaşma ile mümkündür. Bu da bir sultân'ın vücûduna

www.ihya.org

vâbestedir. Bu cemiyeti adâletle sevk u idâre edecek kânûnları hâzırlamak da fakîhlerin boynuna borçtur. Sağlık esbâb'ını te'min de tabîblerin vazîfesidir. İlimleri, beden ve din ilimleri olmak üzere ikiye bölen ve ilm-i edyân ile fıkhı kasd eden, bu sözü ile bâtınî ilimleri değil, zâhirî ilimleri kasd etmiştir. (Meşhûr olan mevzû hadîs'dir. Doğrusu İmâm Şâfi'î'nin sözü olduğudur.)

KALBE DÂİR BİR SÖZ

Eğer «niçin tıb ve fıkıh ilimlerini yolcunun binit ve azığına benzettin» dersen; bilmiş ol ki: Allahu Teâlâ'ya yakınlık için çalışan beden değil, kalb'dir. Kalb derken, yürek dediğimiz et parçasını kasdetmiyorum, belki benim mevzûum olan kalb, hâsselerin [beş duygumuz] onu anlayamıyacağı Allahu Teâlâ'nın sırlarından bir sır ve ilâhî bir letâfettir. Bâzan buna rûh-i insânî, bâzan «nefs-i mutmainne» denir Şerî'atte ise buna «kalb» denir. Çünkü, hissin idrâk edemediği bu şey sırrın ilk binitidir. Bunun vâsıtasiyle beden o lâtîfeye binit ve âlet oldu. O sırrın perdesini kaldırmak mükâşefe ilmine âittir. Halbuki mükâşefe ilmi bu husûsda bahil davranmış ve o sırrı açıklamasına müsâade edilmemiştir. Bu mevzû'da en son söylenebilecek: «O, şu görülen varlıklardan yüce, kıymetli bir cevher ve bir emr-i ilâhîdir.» demekten ibârettir. Nitekim Allahu Teâlâ Kur'ân-ı Kerîm'de :

«وَيَسْأَلُونَكَ عَنِ ٱلرُّوحِ قُلِ ٱلرُّوحُ مِنْ أَمْرِ رَبِّى»

«Sana rûhdan da sorarlar; de ki rûh, Rabbinin emri (cümlesi)ndendir.» (17 - İsrâ : 85)

Buyurmuştur. Gerçi bütün varlıklar, Allahu Teâlâ'ya nisbet edilir. Fakat bu rûh'un nisbeti, diğer a'zâların Allah'a nisbetinden daha şereflidir. «Halk» [yaratmak], emr [tedbîr ve idâre], hepsi Allah'ın dır. Ama tedbîr ve idâre demek olan emr daha yücedir.

Yer ve göklerin kabûl'e cesâret edemedikleri, Allahu Teâlâ'nın emânetini yüklenen ve bu sâyede yer ve göklerden üstün rütbeyi kazanan bu kıymetli cevher «Emr» âlemindendir. Bu sözümüzden de rûh'un kıdemi anlaşılmasın. Zîra rûh'un kıdemine kâil olan felâsife ve onlara uyanlar söylediklerini bilmeyen aldanmış kimselerdir. Bu mevzû, saded dışı olduğu için bu söz'ü burada keselim de dâvâmıza gelelim. Bütün bunlardan gâye, işte bu lâtîfedir ki, rabbinin emrinden olduğu için rabbine gitmeği kasd eder. Ondan geldi ona gider.

www.ihya.org

Beden ise onun biniti ve vâsıtasıdır. Allah yolunda o rûh'a beden, hacc yolunda hacı'ya deve veyâhûd bedenin muhtâç olduğu suyu taşıyan kova gibidir. (Yâni suyu kova taşıdığı gibi, rûhu da beden taşır.) Her ilim ki, gâyesi bedenin sağlığını korumaktır, o ilim bu binitin ihtiyaçlarını sağlar. Tıb ilminin böyle olduğunda şüphe yok. Çünkü tıb ilmine bedenin sağlığı için ihtiyâç vardır. Tek bir insân olsa da tabâbete muhtâçtır. Fakat fıkıh tıb'dan ayrılır, çünkü tek başına yaşıyan bir insân olsa fıkhın bir çok mes'elelerine ihtiyâcı olmazdı. Ne çâre ki, insân oğlu yalnız barınamıyacak bir hâlde yaradılmıştır.. Zîra tek başına yemek, giymek, mesken ve bunlar için âlât ve edevâtı sağlamasına imkân yoktur. Bu sebeple bir araya toplanmağa ve yardımlaşmağa muhtâctır. Nezamân ki, insânlar bir araya toplandı ve şehvetleri sebebiyle münâzaalar, kavgalar oldu, iç mizâçlarının bozulması ve bedenî hastalıkları kendi helâklerine sebeb olduğu gibi, hâriçten gelen dedikoduların te'sîri ile de birbirini öldürmeğe başladılar. İç bozuklukları tabâbet düzelttiği gibi, dış düzensizlikleri de adâlet ve siyâset düzeltir. İnsânların sağlıklarını bildiren ilme tıb, muâmele ve işlerinde de düzeni sağlayan ilme fıkıh adı verilir ki her ikisi de rûhun biniti olan bedeni korumak içindir. Kalbini ıslâh etmeden ahlâkını düzeltmeden yalnız tıb ve fıkıh ilimleriyle uğraşan kimse binitinin [devesinin] suyunu, yiyeceğini satın alıp da yalnız onlarla meşgûl olan ve hacc yoluna girmeyen kimsenin hâline benzer. Ömrünü, fıkıh mücâdeleleri arasında kelimeleri incelemek ile geçiren kimse, hacc için götüreceği su tulumunu sağlamlaştırmak için onu dikmeğe yarayan ipleri hâzırlamakla uğraşan kimseye benzer.

Bu gibi fıkıhcılar ile, mükâşefe ilmine îsâl eden ıslâh-ı kalb ile uğraşanlar arasındaki fark, yalnız deve, kova gibi şeyleri satın almak ile uğraşan kimse ile, hacc yoluna giren ve hattâ haccın bâzı erkânını îfâ eden kimse arasındaki fark gibidir.

İşte önce bunu düşün ve sonra da avâm ve havass'ın muhâlefetlerine rağmen çok gayretler neticesi bu mertebeye ulaşan kişinin nasîhatını kabûl et.

İlim tâliblerinin vazîfelerine dâir bu kadarı kâfidir.

İRŞÂD EDİCİ MUALLİMİN VAZİFELERİ

Bilmiş ol ki, servet kazanmakta olduğu gibi, ilimde de insânın dört hâli vardır. Mal sâhibinin, istifâde hâli var, bu hâli ile servet kazanır. Tutumluluğu hâli var, bununla zâtını ihtiyâcdan kurtarır, kendini bakması hâli var, bununla da kazancından faydalanmış

www.ihya.org

olur, başkalarına infâkı var, bununla da cömert ve fazîlet sâhibi olur ki, en şerefli hâli budur. İlim de, mâl gibi elde edilir. İlmi aramak ve kazanmak hâli var, ilme sâhip olma hâli var, bu sâyede başkasına sormaktan kurtarır, aydınlanma hâli var, ki bununla öğrendiklerini düşünür ve onlardan fâidelenir. Bir de başkasını öğretme hâli var, bu da en şereflisidir. Kim, öğrenir, öğrendiği ile amel eder ve başkalarını öğretirse, mânevî âlemde saygı ile anılır. Bunlar: Güneş gibidir, hem kendisi nûrludur ve hem de başkalarını aydınlatır, misk gibidir kendisi de güzel kokar başkalarına da güzel koku saçar. Bildiği ile amel etmeyenler: (Sahifeleri ilimle dolu) defter gibidir. Başkasına kârı var fakat kendisi bir şey' anlamaz. Bileği-taşı gibidir. Bıçağı biletir fakat kendisi kesmez. İğne gibidir. Başkasını giydirir fakat kendisi dâima çıplak durur, lâmba fitili gibidir başkasına ışık verir fakat kendisi yanar.

Nitekim ilminden istifâde etmeyip başkalarına faydası dokunan kimse hakkında şâir :

«O ancak lâmba fitilidir, kendisi yanarken başkasını aydınlatır.» demiştir.

(Kendisini ilimle kemâle eriştirdikten sonra) öğreticilikle meşgûl olmağa başlayınca büyük bir işi boynuna aldığını ve şerefli işe giriştiğini bilmeli ve bunun için de muallimliğe uygun olan edeb ve nezâkete riâyet etmelidir. Binâenaleyh muallimin riâyet edeceği yedi vazîfe vardır.

1 — Babanın evlâdına olan şefkati gibi, öğrencileri esirgemektir. Nitekim Peygamber Efendimiz bir mübârek sözünde şöyle buyuruyorlar.

«إِنَّمَا أَنَا لَكُمْ مِثْلُ ٱلْوَالِدِ لِوَلَدِهِ»

«Ben, sizin için, çocuğuna karşı bir baba gibiyim.» (123)

(Anne baba çocuğunu dünyâ ateşinden koruduğu gibi) Peygamber Efendimiz de ümmetini âhiret ateşinden korur. Âhiret ateşinden korumak ise, daha mühimdir. Bu sebeptendir ki, muallimin hakkı anne baba hakkından üstündür. Anne baba geçici olan şu hayâtın varlığına, muallim ise ebedî saâdetin te'minine vesîledir. Hoca olmayaydı babasından elde ettiği, ebedî yokluğa mahkûm idi. Âhirette ebedî hayâtı kazandıracak olan ancak muallimdir. Muallim demekle âhiret ilimlerini, veyâ dünyâlık için değil de âhiret için dünyâ ilim-

www.ihya.org

lerini öğreteni kasdediyorum. (Allah için insânlığa bir hizmet gâyesi olmayıp da beşeriyeti tahakküm altına almak ve) Dünyâlık için okutmak hem kendisini hem de okuyanı helâke sürüklemek demektir. Bu gibi ilimden Allah'a sığınırım.

Bir âilenin çocukları karşılıklı güven, sevgi ve saygı içinde maksada doğru ilerleyecekleri gibi, bir hocanın talebeleri de böyle karşılıklı sevgi ve saygı içinde olmalıdırlar. Eğer gâyeleri âhiret ise, zâten başka şekil olamaz. Eğer gâyeleri dünyâlık ise, aralarında kin ve çekememezlikten başka bir şey bulunmaz. Zîra gerçek âlimler ve âhiret çocukları dünyâ'dan Allah'a giden yolda Allah'a doğru yolculuk hâlindedirler, dünyâ'nın yıl ve ayları yol üzerindeki misâfirhâneler mesâbesindedir. Şehir ve köyler arası yolculukta arkadaşlık, dostluk ve sevgi vesîlesi olunca, ya Firdevs-i Â'lâ'ya [Cennetin en yüce katına] yolculuk edenler arasında sevgi saygı nasıl olmasın? Halbuki âhiret saâdetinde aslâ darlık yok, bu sebeptendir ki âhiret yolcuları arasında nizâ' olmaz. Bilgileriyle riyâset umanlar Hak Teâlâ'nın :

« إِنَّمَا ٱلْمُؤْمِنُونَ إِخْوَةٌ »

«Mü'minler ancak kardeştir.» (49 - Hucurat: 10)

Âyet-i celîlesi gereğinin dışında kalıp :

« ٱلْأَخِلَّاءُ يَوْمَئِذٍ بَعْضُهُمْ لِبَعْضٍ عَدُوٌّ إِلَّا ٱلْمُتَّقِينَ »

«Buradaki dostlar, o gün, yek diğerine düşmândır, ancak müttekiler değil.» (43 - Zuhruf: 67)

Âyet-i celîlesi şümûlüne girerler.

2 — Ta'lim ve ifâdelerinde Sâhib-i şerî'at Peygamber Efendimize uymaktır. Öğretme karşılığı ücret istememeli, talebeden mükâfat ve hattâ teşekkür bile beklememelidir. Öğrettiğini ancak Allah için öğretmeli ve gâyesi Allahu Teâlâ'ya ulaşmak olmalıdır. Her nekadar öğrencilerin minnettar olmaları gerekirse de, kendisine böyle bir hak tanımamalı, belki kalblerine ilim tohumunu ekmekle Allah'a yaklaşmak için gönüllerini tamâmiyle kendisine bağladıklarından fazîlet ve minneti öğrencilerde bilmelidir. Onların bu hâli, ekip biçmek için tarlasını sana âriyet olarak veren kimseye benzer. Tohumu eken tarla sâhibinden daha kârlı olduğu gibi çocukların kalblerine ilim aşılıyanlar da onlardan daha kârlıdır. Hâl böyle iken daha öğre-

www.ihya.org

ticiliği nasıl minnet sayarsın; halbuki muallimin alacağı mükâfat öğrencinin sevâbından üstündür. Eğer öğrenci olmazsa sen bu mükâfatı alamazdın. Mükâfatını Allah'dan iste. Nitekim Allahu Teâlâ :

« وَيَا قَوْمِ لَا أَسْأَلُكُمْ عَلَيْهِ مَالاً إِنْ أَجْرِيَ إِلاَّ عَلَى اللهِ »

«De ki ben bunun (risaleti tebliğ) üzerine sizden ücret istemem; benim ecrim ancak Allah üzerinedir.» (11 - Hûd: 29)

Buyurmuştur. Çünkü mâl ve dünyâ varlıkları bedene hizmet eder. Beden de nefsin binitidir. Halbuki hizmet olunan ilimdir. Çünkü nefsin yüceliği ilim sâyesindedir. İlim ile mâl isteyen nâlinlerinin altını kendi yüzüyle temizleyen gibidir ki, hizmet olunanı hizmetçi, hizmetçiyi de hizmet olunanın yerine koymuş olur. Bu ise kafayı aşağı ayakları yukarı çevirmektir. Böylece bilgi ile dünyâlık sağlamak isteyenler kıyamet günü suçlular ile Allah huzûrunda başları eğik olan kimselerdir. Hülâsa gerçekte fazilet ve minnet muallim içindir.

Şimdi bak! Din idâresi nasıl kimseler eline geçti. Kendilerine dâimi bir gelir sağlamak ve bir mevki elde etmek için sultânların hizmetine koşar, paralar harcar ve her türlü zillete katlanırlar. Bunu yaparken de gâyelerinin Allah'a yaklaşmak olduğunu zannederler. Eğer böyle yapmasalar taraflarına bakan olmazdı. Bundan sonra da muallim öğrenciden her türlü yardımı, hattâ haklı haksız, dostuna dost, düşmânına düşmân olmağı, her hâlinde kendisine açık bir hizmetçi ve bütün işlerinde emrine âmâde bulunmasını ister. Eğer ilim tâlibi bunlardan birini yerine getirmezse onu yerer ve en büyük bir düşmân tanır. Bir âlim için en büyük alçaklık bu dereceye düşmesi bununla öğünmesi ve sonra utanmadan benim okutmaktaki gâyem, ilmi yaymakla, dine yardım ve Allah'a yaklaşmaktır, demesidir. Şu aldanmışların fenâ niyetlerine delâlet eden bu alâmetlere bak da ibret al.

3 — Muallim, talebeye nasihatte kusûr etmemeli, en ince teferruâtına kadar her şeyi olduğu gibi bildirmelidir. Meselâ: Henüz ehli olmadığı bir mevkie tâlip olmamak, ilimlerin zâhir mânâlarını anlamadan ince ve gizli mânâlariyle meşgûl olmamayı anlatmak... gibi. Sonra bilgi edinmekten gâye kemâle ermek ve bu sâyede Allah'a yaklaşmak olup, benlik, mücâdele ve mevki elde etmek olmadığını aşılamak ve imkân nisbetinde bu gibi hâllerin çirkin olduklarını talebenin kafasına yerleştirmek gibi. Fenâ kalbli bir âlimin düzelttiği, boz-

www.ihya.org

duğundan fazla olamaz. Eğer talebenin gâyesi ilmi yalnız dünyâlık ve enaniyet için elde etmek olup okuduğu ilimler, fıkıh ilminin furûdaki ihtilâflı mes'eleleri, kelâmdaki fırkaların mücâdeleleri, muâmelâtdaki fetvâ mes'eleleri ise, hemen talebeyi bu ilimlerden men'etmelidir. Zira bu saydığım bilgiler ne âhiret ilmi ne de: «Biz ilmi başka maksatla okuduk, fakat ilim Allah'dan başkası için olmağı kabûl etmedi.» denen ilimlerdendir. Böyle olan ilimler, tefsîr, hadîs ve ilk zâtların meşgûl oldukları âhiret ilmi, nefsin anlâkını bildiren ve ıslâh eden ilimlerdir. Bu ilimleri başka maksatla okumakta da beis yoktur. Gerçi bunları va'zetmek ve insânları ardına takmak için okur. Fakat bu ilimleri okurken veyâ okuduktan sonra düzelmek ihtimâli vardır. Çünkü bunlarda Allah'ın azâbından korkutan, dünyâyı küçültüp âhireti yücelten bilgileri öğrenmek vardır. Bu bilgilerin okuyanın niyetini düzeltme ihtimâli kuvvetlidir. Hattâ insânlara va'z ettiği mes'elelerden kendisi de ders alabilir ve insânların, kendisini beğenip mevkî kazanmağı sevmesi kuş tuzağının efrâdına atılan tânelere benzer. o tâneleri alacağım diye kafese düşen kuş gibi, bir vâiz de bu hakîkatleri başkasına anlatırken neticede kendisi de ayılabilir.

Allahu Teâlâ insânlara, neslin devâmı için şehvet verdi. İlmin yaşamasına sebep olsun diye de mâkam sevgisi verdi.

İşte bu nizâm şu saydığımız ilimlerde bulunur:

Yalnız kelâmdaki mücâdele fıkıh mes'elelerinin incelikleri ve bunlardaki muhâlefet ile uğraşmak gaflet, kalb kasveti sapıklıkta devâm ve mevkî arzûsundan başka bir şeyi sağlamaz. Ne ola ki Allahu Teâlâ'nın rahmeti ulaşa veyâ diğer dînî ilimlerden biri bunlara eklenc, bunun en büyük delîli tecrübe ve müşâhededir. Gez gör ve bugünkü âlimleri tetkik et bunu kolaylıkla anlarsın; Allah yardımcımız olsun.

Süfyân-ı Sevrî'yi (R.A.) mahzûn gören arkadaşları sebebini sorduklarında: «Biz insânlara ticâret vâsıtası olduk. Gelir biri bizden okur da gider, kadı, vâli veyâ ünlü bir kahraman olur. İşte üzüldüğüm cihet budur.» diye cevâb vermiştir.

4 — Muallimliğin ince husûsiyetlerinden biri sayılan bu vâzîfesi de doğrudan doğruya ve tahkîr mâhiyetinde olmayıp, îmâ ve şefkat yoluyla öğrenciyi kötü hûylardan men'etmektir. Çünkü kusûru açıkça söylemek hayâ perdesini yırtar, sâhibine fenâlık cesâreti verir ve kendisini bulunduğu hâlde israr etmeğe teşvîk eder. Bütün muallimlerin mürşidi olan Peygamber Efendimiz:

www.ihya.org

«لَوْ مُنِعَ النَّاسُ عَنْ فَتِّ الْبَعْرِ لَفَتُّوهُ وَقَالُوا مَا نُهِينَا عَنْهُ إِلاَّ وَفِيهِ شَيْءٌ»

«Eğer insânlar deve kığını parçalamaktan men'edilse, bunda mutlaka bir şey var deyip herkes onu kırmağa kalkışırdı.» (124)

Buyurdu. Âdem ve Havva kıssaları bunun açık delilidir. Zâten bu kıssanın bildirilmesi, kıssayı anlatmak için değil, ondan ibret almak içindir. Aynı zamânda imâ yoluyla ikaz, kâmil vicdânları, zekî zihinleri zekâlarından bir şey kaçırmamak hevesile, bu imâdan mânâlar çıkarmağa sevkeder de bunu anladığına sevinir ve icâbını yapar.

5 — İlmin bâzı şûbelerinde ihtisâsı olana yakışan, diğer ilimleri yermemektir. Meselâ lûgat ilmiyle uğraşanın fıkıh ilmini, fıkh okutanın hadîs ve tefsîri yermesi gibi. Bu ilimleri yermek için «onlar hep nakle dayanır, kocakarı işleridir. Çünkü kafayı çalıştıracak bir tarafları yok» derler. Bunun gibi kelâm okutanlar da, fıkıh ile uğraşmayı yerer de derler ki: «Fıkıh fürû' kelâm ise asıldır; kadınların aybaşı âdetlerini anlatan bir ilim ile, Rahmân'ın [Allahu Teâlâ] sıfatlarından bahseden ilim denk olur mu?» İşte bu görüş muallimlerin kaçınmaları gerekli, yerilen hûylarındandır. Uygun olan, bir ilmin hocası öğrencilerine, diğer ilimleri de öğrenmek için kolaylık göstermesidir. Eğer bir kaç fenni okutacaksa sıraya koymalı ve tertîbe riâyet etmelidir.

6 — Talebeye kâbiliyeti nisbetinde hitâb etmektir. Aklının kavrayamıyacağı ve nihâyet nefretle şaşırıp kalacağı incelikleri açmamalı ve Peygamber Efendimizin:

«نَحْنُ مَعَاشِرَ الْأَنْبِيَاءِ أُمِرْنَا أَنْ نُنَازِلَ النَّاسَ مَنَازِلَهُمْ وَنُكَلِّمَهُمْ عَلَى قَدْرِ عُقُولِهِمْ»

«Biz Peygamberler, herkese seviyesine göre muâmele yapmak ve anlayabileceği şekilde hitâb etmekle emr olunduk.» (125)

www.ihya.org

Düstûruna uymalıdır. Eğer anlayışı tamâm ise, o zamân her gerçeği açıklamalıdır.

Diğer bir hadîs'de Peygamber Efendimiz şöyle buyuruyorlar:

«مَا أَحَدٌ يُحَدِّثُ قَوْمًا بِحَدِيثٍ لَا تَبْلُغُهُ عُقُولُهُمْ إِلَّا كَانَ فِتْنَةً عَلَى بَعْضِهِمْ.

«İnsânlara akıl erdiremedikleri bir hadîs'i anlatmak bâzıları için fitne olur.»

Hazret-i Ali (R.A.) göğsüne işaret ederek: «Burada istediğin kadar bilgi var, anlayıp taşıyabilecek birisi bulunsa.» buyurmuştur. Hazret-i Ali doğru söyledi. İyilerin kalbleri, gizli şeylerin kabirleridir. Âlimin, her bildiğini herkese açıklaması doğru olamaz. Söylediğini anladığı hâlde ondan faydalanmağa selâhiyetli olmayan talebeler hakkında hüküm böyle olunca, söyleneni anlayamayan kimseler hakkında ise, elbette daha mühimdir. İsâ aleyhi's-selâm: «Cevher gibi kıymetli taşları, âdi hayvanların [domuzların] boynuna takmayın» buyurmuştur. Hikmetin kıymetli taşlardan daha üstün olduğunda şüphe yok, binâenaleyh hükmünü çirkin görüp ondan hoşlanmayanlar o âdi hayvanlar [domuz]'dan fenâdırlar. Bu sebepten şöyle denilmiştir: Herkesi kendi aklının ayâriyle ölç ve kendi bilgisinin terâzisiyle tart ki, sen ondan selâmet bulasın, o da senden istifâde etsin. Eğer böyle hareket etmezsen herkesin âyârı ayrı olduğundan dâimâ inkâr ile karşılaşırsın.

Âlim'in birine bir şey soruldu, cevâp vermedi. Sonra adam «Sen Peygamber Efendimizin:

«مَنْ كَتَمَ عِلْمًا نَافِعًا جَاءَ يَوْمَ الْقِيَامَةِ مُلْجَمًا بِلِجَامٍ مِنْ نَارٍ»

«Faydalı ilmi gizleyen, kıyâmet günü (boynuna) ateşten bir gem vurularak (mahşer yerine) gelir.»

Buyurduğunu duymadın mı?» Âlim: «Gemi bırak da git, eğer anlayan bir adam sorar da söylemezsem o zaman bana gem'i vurursun.» dedi. Zîra Allahû Teâlâ Kur'ân-ı Kerîm'inde:

www.ihya.org

«وَلَا تُؤْتُوا السُّفَهَاءَ أَمْوَالَكُمْ»

«Aklı olmayanlara mâlınızı vermeyin.» (4 - Nisâ: 5)

Buyurmuştur. Mâlda hüküm böyle olunca ilimde de yapılacak şeyin böyle olduğunda şübhe kalmaz. Selâhiyettar olmadığı için kendisine zarârı dokunacak, hâlini bozacak kimselere ilmi vermektense vermemek daha iyidir. Hakkı, sâhibine vermemek ne kadar zulüm ise hakkı olmadığı şeyi vermek de en az onun kadar zulümdür. Nitekim şâir meâlen şöyle diyor :

«Hayvânların boynuna inci takamam, incinin kıymetini bilmedikleri için onların önüne inci saçmak, çobanı zengin eder. Eğer Allahu Teâlâ lûtfeder de ilimde hikmete elverişli olanı bulursam sevgi ile ona öğretirim, aksi takdirde bildiğim bende kalır. Zira ehlinden ilmi saklamak zulüm olduğu gibi, ehli olmayana vermek de ilmi kaybetmek demektir.»

7 — Kâbiliyetsiz talebelere ancak anlayabileceklerini anlatmak ve burada senin anlıyamıyacağın daha nice mes'eleler var demekle kendisinden saklanmış incelikleri açıklamamak gerekir. Çünkü bu hâl onun anlayabileceği şeylerde de hevesini kırar, zihnini kurcalar. Herkes Allahu Teâlâ'nın kendisine verdiği akla râzı, hattâ aklı en zayıf ahmaklar akıllarını en ziyâde beğenen kimseler olduklarından, herkes kendisini ilmin inceliklerini anlamağa selâhiyettar zannederek hocasının kendisini kıskandığı kanâatına varır. Bunun içindir ki, avâm tabakasından, şerî'atın hükümlerini kabûl edip seleften anlatıldığı gibi, te'vîlsiz bir imâna sâhip ve hâli düzgün olan ve fazlasını anlamağa gücü yetmeyen kimseye (kelâm mes'elelerini açıp) i'tikadını sarsmak doğru olamaz. Belki en doğrusu onu kendi hâline bırakmaktır. Çünkü ona o ihtilâflar delilleriyle anlatılırsa avâmlıktan çıkar. Bununla berâber anlayamadığı için havâss zümresine de giremez. Bu sefer isyân ile kendi arasındaki perde kalkar ve iyi bir insân iken muannid bir şeytân olur da, hem kendisini hem de başkalarını sapıtır. Binâenaleyh avâm tabakasıyle bilginlerin ince gerçeklerine dalmak doğru olmaz. Şu doğrusu, onlara ibâdet kısımlarını bildirmek ve uğraştığı işin mâhiyetini ve bu husûsta emâneti nasıl koruyacağını öğrenmek ile iktifâ etmek, Kur'ân'ın haber verdiği gibi kendilerine Cennet hevesi ve Cehennem korkusu aşılamaktır. Onlara şübhe uyandıracak hiç bir açıklamada bulunmamalıdır. Çok kere kalbine takılır, onu çeviremez, fenâlığa yönelir ve helâk olur.

www.ihya.org

Hülâsa: Avâm tabakasına mübâhese kapısını açmak doğru değildir. Çünkü bu onları insânların maîşetine medâr olacak çalışmalarından alıkor.

8 — Hocanın bildiği ve öğrettiği ile amel etmesi lâzımdır. İşi, sözünü yalanlamamalıdır. Zira bir kimsedeki ilim, ancak basiret ehli tarafından anlaşılabilir. Amel ise gözle görülebilen bir hâl olduğundan insânların dikkatini daha çok çeker. Amel, bilgiden ayrılırsa kendisinden güven kaybolur. Kendisinin yediği şey: «Öldürücü zehirdir» diye insânları bundan men'etmek isteyen kimse ile, insânlar eğlenir ve o şeye hevesleri artarak derler ki, eğer bu, iyi ve tatlı bir şey olmasaydı bu adam böyle yapmazdı.

Mürşid nakış, öğrenci ise nakış yeridir. Nakış olmadan nakş edilemez. Diğer bir benzetme ile hoca ağaç, talebe ise gölge gibidir. Ağaç eğri olunca gölge doğru çıkar mı? Bu sebepten denmiştir ki:

«Sakın kendin yaptığın işten başkasını men'etme! Böyle yapmakla büyük hatâ işlemiş olursun.» Bu hâli zemm etmek üzere Allahu Teâlâ da Kur'ân-ı Kerîm'de:

« أَتَأْمُرُونَ النَّاسَ بِالْبِرِّ وَتَنْسَوْنَ أَنْفُسَكُمْ »

«Kendinizi unutur da başkalarına mı iyiliği emredersiniz?» (2-Bakara: 44)

Buyurmuştur. Bu sebeptendir ki âlimin günâhdaki cezâsı câhilin cezâsından daha çoktur. Çünkü âlimin sürçmesiyle âlem sürçer. «Fenâ bir âdeti icâd edene, kendi günâhı yazıldığı gibi, (örnek olduğu için) ona uyanların günâhı gibi de günâh yükletilir. Bu sebepten Hazret-i Ali (R.A.) buyuruyor ki: «Benim belimi kıran iki kişidir: Birincisi âşikâre isyân eden âlim, ikincisi, ibâdete sarılan câhildir.» Câhil, ibâdetiyle insânları sapıttığı gibi âlim de isyâniyle sapıtır. Her şeyi Allah bilir.

İLMİN ÂFETLERİ VE ÂHİRET ÂLİMLERİYLE FENÂ ÂLİMLERİN ALÂMETLERİ BEYÂNINDADIR

İlim ve âlimlerin fazîletlerini bildiren bâzı âyet ve hadisleri yukarıda zikr etmiştik.

Fenâ âlimler hakkında da, Kıyâmet gününde en ağır azâb'a uğrayacaklarını bildiren büyük korkutmalar vardır.

Mühim dâ'vâlardan birisi de dünyâ âlimleri, yâni gâyeleri yalnız dünyâlık, servet, rütbe ve mevki' elde etmek olan maddiyâtçılar ile, âhiret âlimlerini ayırmaktır. Peygamber Efendimizin şu mübârek sözleri, bunları ayırmaktadır :

« إِنَّ أَشَدَّ النَّاسِ عَذَابًا يَوْمَ الْقِيَامَةِ عَالِمٌ لَمْ يَنْفَعْهُ اللهُ بِعِلْمِهِ »

«Kıyâmet gününde en ağır azâbı görecek olan, Allahu Teâlâ'nın ilminden kendisini faydalandırmadığı âlimlerdir.» (126)

Yine Peygamber Efendimiz :

« لَا يَكُونُ الْمَرْءُ عَالِمًا حَتَّى يَكُونَ بِعِلْمِهِ عَامِلًا »

«Kul, bildiği ile amel etmedikçe âlim olamaz.» (127)

Buyurmuştur. Yine Peygamber Efendimiz bu mevzûda şöyle buyurmaktadır :

"Onlar kimdir? Kimleri kasdediyorsunuz?" Suâline cevâben: "Sapıtan imâmlardır." buyurmuştur.» (132)

« مَنِ ازْدَادَ عِلْمًا وَلَمْ يَزْدَدْ هُدًى لَمْ يَزْدَدْ مِنَ اللهِ إِلاَّ بُعْدًا »

«İlmi çoğaldığı hâlde ahlâkı düzelmeyen, Allah'a uzaklıktan başka bir şey elde edemez.» (133)

İsâ aleyhi's-selâm âlimlere hitâben: «Şu gece yürüyenlere [ibâdet edenlere] ne zamân (Allah'a) giden yol'u göstereceksiniz. Halbuki siz hâlâ şaşkınlar arasındasınız.» buyurmuştur.

Bu anlattıklarımız ve diğer rivâyetler ilmin büyük tehlikelerine delâlet etmektedir. Zira âlim, ya ebedî helâk veyâ ebedî saâdet ile karşı karşıyadır. Eğer ilim ile saâdeti bulamazsa selâmetten mahkûm olur.

Hazret-i Ömer (R.A.): «Bu ümmet hakkında en çok korktuğum, ilim sâhibi olan münâfıktır» buyurdu. «Bilgili münâfık nasıl olur?» suâline: «Lisânlariyle âlim, kalb ve ameileriyle câhil olmakla.» diye cevâb vermiştir.

Hasan (Allah rahmet etsin): «Hukemâ'nın yeniliklerini, âlimlerin ilmini toplayıp da, amel bâbında sözü işine uymayan sefîh kimselerden olma.» buyurmuştur. Ebû Hureyre'ye (R.A.) biri: «İlim öğrenmek isterim, fakat sonra kaybederim diye korkuyorum.» demesi üzerine Ebû Hureyre: «Asıl ilmi kaybetmek bu düşünce ile onu öğrenmemektir.» diye cevâp vermiştir. İbrâhim b. Uyeyne'ye «En çok pişmân olan kimdir?» diye sorulunca: «Dünyâ'ca yaptığı iyiliği takdîr edilmeyen, âhirette ise, âlim olduğu hâlde ameli son derece noksân olan kimsedir» diye cevâb vermiştir. Halîl b. Ahmed (Nahv âlimi): «İnsânlar dört kısımdır.» diyor.

1 — Anlar ve anladığını bilir (yâni bildiği ile amel eder); bu âlimdir, buna uyun.

2 — Anlar fakat anladığını bilmez. Bu gâfiidir. Bunu ikaz edin.

3 — Bilmez fakat bilmez olduğunu bilir (Buna cehl-i basît derler); bu yol arıyor, buna doğru yol'u gösterin.

4 — Anlamaz, fakat anlamaz olduğunu bilmez (Bilirim zanneder, buna cehl-i mürekkeb derler, tedâvi kabûl etmediği için); onu terk edin.

Süfyân-ı Sevrî (R.A.): «İlim, ameli da'vet eder; eğer amel geldiyse ne güzel, gelmezse ilim de göç eder.» buyurmuştur.

İbn Mübârek : «Âlim, okumağa devâm ettiği müddetçe âlimdir. Ne zamân âlim olduğunu zanneder ve ilmini arttırmaktan vaz geçerse işte o zamân câhil olur.» demiştir.

Fudayl ise şöyle diyor: «Ben üç kişiye acırım :

1— Bir kavim'in ulusu iken küçük düşenine,

2 — Zengin iken fakir olana,

3 — Dünyâ'nın elinde oyuncak olan âlime.»

Hasan : «Ulemâ'nın azâbı, kalblerinin ölümü iledir. Kalblerinin ölümü de âhiret ilmiyle dünyâlık istemektir.» Bu husûsta şâir şöyle diyor:

«Hidâyeti verip sapıklığı alana şaşarım. Bundan daha şaşılacak, dînini verip dünyâyı alandır. Bunlardan da daha şaşılacak şey, başkasının dünyâlığı için kendi dînini satandır.»

Peygamber Efendimiz bir hadîsinde :

« إِنَّ ٱلْعَالِمَ لَيُعَذَّبُ عَذَابًا يَطِيفُ بِهِ أَهْلُ ٱلنَّارِ ٱسْتِعْظَامًا لِشِدَّةِ عَذَابِهِ »

«Âlim, öyle azâba dûçar olur ki, azâbının şiddetinden Cehennem halkı onu ziyâret eder.» (134)

Buyurarak fâcir âlimi kasd etmiştir.

Usâme b. Zeyd (R.A.) diyor ki: «Resûlullah'ın şöyle dediğini işittim :

« يُؤْتَى بِٱلْعَالِمِ يَوْمَ ٱلْقِيَامَةِ فَيُلْقَى فِي ٱلنَّارِ فَتَنْدَلِقُ أَقْتَابُهُ فَيَدُورُ بِهَا كَمَا يَدُورُ ٱلْحِمَارُ بِٱلرَّحَى فَيَطِيفُ بِهِ أَهْلُ ٱلنَّارِ فَيَقُولُونَ مَالَكَ؟ فَيَقُولُ : كُنْتُ آمُرُ بِٱلْخَيْرِ وَلَا آتِيهِ ، وَأَنْهَى عَنِ ٱلشَّرِّ وَآتِيهِ »

«Kıyâmet günü âlimi götürürler; Cehennem'e atılır, bağırsakları çıkar ve değirmen çeviren merkep gibi onunla döner. Cehennem halkı ziyâretine gider ve :«Bu çektiğin nedir?» diye sorarlar. Âlim: «İyiliği

(134) Bu ifâde ile kaynağı bulunamamıştır.

www.ihya.org

emrettim, kendim yapmadım; fenâlıktan men' ettim, kendim yaptım (İşte cezâsını çekiyorum)» diye cevâb verir.» (135)

Âlim'in azâbının böyle kat kat fazla olmasının hikmeti, bilerek isyân etmesindendir. Bu sebebten Allahu Teâlâ şöyle buyuruyor:

« إِنَّ ٱلْمُنَافِقِينَ فِى ٱلدَّرْكِ ٱلْأَسْفَلِ مِنَ ٱلنَّارِ »

«Şüphe yok ki, münâfıklar Cehennem'in en alt tabakasındadır.» (4 - Nisâ : 145)

Çünkü onlar bildikten sonra inkâr ediyorlar. Yine bu sebebden Yahûdîleri de Hıristiyanlardan fenâ tanıyor. Halbuki onların çoğu Allahu Teâlâ'nın evlâdı var demediler. Allah, üç'ün üçüncüsüdür demediler. Ancak onlar Peygamberlerimizi bildikleri hâlde inkâr ettiler. Nitekim Kur'ân-ı Kerîm'de :

« يَعْرِفُونَهُ كَمَا يَعْرِفُونَ أَبْنَاءَهُمْ »

«Çocuklarını bildikleri gibi onun Peygamberliğini bilirlerdi.» (2 - Bakara : 146)

Buyuruluyor. Diğer âyet-i celîlede de şöyle buyurulmuştur:

« فَلَمَّا جَاءَهُمْ مَا عَرَفُوا كَفَرُوا بِهِ ، فَلَعْنَةُ ٱللَّهِ عَلَى ٱلْكَافِرِينَ »

«Bildikleri kendilerine geldiği zamân onu inkâr ettiler. Allah'ın lâ'neti kâfirler üzerinedir.» (2 - Bakara : 89)

Bel'am b. **Bâûr** kıssasında şöyle buyurulur:

« وَٱتْلُ عَلَيْهِمْ نَبَأَ ٱلَّذِى آتَيْنَاهُ آيَاتِنَا فَٱنسَلَخَ مِنْهَا فَأَتْبَعَهُ ٱلشَّيْطَانُ فَكَانَ مِنَ ٱلْغَاوِينَ »

« فَمَثَلُهُ كَمَثَلِ ٱلْكَلْبِ إِنْ تَحْمِلْ عَلَيْهِ يَلْهَثْ أَوْ تَتْرُكْهُ يَلْهَثْ »

(135) Buhârî ile Müslim.

www.ihya.org

«Onlara o herifin kıssasını da oku ki, ona âyetlerimizi sunmuştuk da o, onlardan sıyrıldı çıktı; derken Şeytan kendisini arkasına takdı da sapıklardan oldu. Eğer dileseydik, onu o âyetlerle yükseltirdik ve lâkin o, yere (alçaklığa) saplandı ve hevâsının ardına düştü, artık onun meseli şu köpeğin meseline benzer ki: Üzerine varsan dilini salar solur, bıraksan yine dilini salar solur.» (7 - A'râf: 175, 176)

İşte fâcir âlim de bunun gibidir. B e l ' a m ' a Allahu Teâlâ'nın kitâbından ilim verildiği hâlde şehvetlere daldı da köpeğe benzetildi. Yâni bu gibilere hikmet verilsin verilmesin, dâimâ şehvetlere susamıştır.

İ s â aleyhi's - selâm : «Fena âlim, suyun ağzındaki taş'a benzer. Kendisi suyu içmediği gibi bahçelere suyun akmasına da engel olur. Yine kötü âlim pislik üzerinde biten ot'a benzer: Dışarısı parlak, fakat içerisi pislik kokar. Yine fenâ âlim mezara benzer: Dışardan çiçekli türbe fakat içerisi kemiklerle doludur.»

Bütün bu rivâyetler, yalnız dünyâlık için bilgi edinenlerin câhillerden çok azâb göreceklerini açıkça ortaya koymaktadır. Kurtuluşa erecek ve umduğunu bulacaklar ise âhiret âlimleridir ki, bunların da alâmetleri vardır.

ÂHİRET ÂLİMLERİNİN ALÂMETLERİ

1 — İlmiyle dünyâlık istememek. Çünkü âlimlerin en küçük derecesi, Dünyânın (Allah yanında) hakîr, âdi ve lezzetlerinin geçici olduğunu, âhiret'in yüceliğini, devâmını, ni'metlerinin sâfiliğini ve mülkünün azametini, dünyâ ve âhiret'in, bir araya toplanması mümkün olmayan iki zıd olduklarını bilmektir. Bunlar birer kuma gibidir: Birini memnûn ederken diğerini küstürürsün. Terâzinin iki gözü gibidir: Birini ağdırırken diğerini yeğnikletirsin. Doğu ile Batı gibidir: Birine yaklaşırken diğerinden uzaklaşırsın. Birisi dolu diğeri boş iki bardak gibidir: Birinden öbürüne suyu aktarırken diğeri boşalacaktır. Bütün bunları bilmelidir.

Dünyânın âdiliğini, mihnet ve meşakkatini, lezzetlerinin kederlerle karışık olduğunu, sonra iyiliklerinin tez kaybolacağını bilemiyenler ahmaktır. Tecrübe ve müşâhedelerimiz işin iç yüzünün böyle olduğunu göstermektedir. (Elbette bunu anlamayanın aklı yoktur.) Aklı olmayan âlim olabilir mi? Âhiret'in devâmını ve yüceliğini bilmeyen ise kâfirdir. Îmânı olmayan âlim olabilir mi?

Dünyâ'nın âhiret'e zıd olduğunu ve bunları bir araya toplamaya çalışmanın boş bir şey olduğunu anlamayan ise, bütün Peygamberlerin şerî'atlerine câhil ve belki başından sonuna kadar Kur'ân'ın hü-

www.ihya.org

kümlerine kâfirdir. Şu düşük derecede bulunan kimse nasıl olur da âlimler zümresine katılabilir? Bütün bunları bildiği hâlde âhireti, Dünyâ üzerine tercîh etmeyen Şeytân'ın esiri olup şehveti kendisini öldüren, şekâveti kendisini yenen kimsedir; âlimler arasına nasıl girebilir?

Dâvûd aleyhi's-selâm'ın haberlerinde Allahu Teâlâ'dan hikâye olarak şöyle buyuruluyor: «Arzûlarını sevgim üzerine tercîh eden âlim'e vereceğim cezânın en küçüğü, bana yalvarmasının tadını ona harâm etmektir. Yâ Dâvûd, Dünyâ sevgisi kendisini mest eden âlim'i benden sorma, bu gibiler, bana muhabbetten insânlara mâni olurlar; kullarımın, bana gelen yollarını keserler. Yâ Dâvûd, beni arayan birini görürsen yâni bulursan ona hizmetçi ol. Yâ Dâvûd, bir kaçağı bana iâde eden zâtı, basîretli ve anlayışlı yazarım. Kimi anlayışlı yazarsam ona aslâ azâb etmem.»

Bu sebebten Hasan (R.A.) diyor ki: «Ulemânın cezâsı, kalblerinin ölmesidir. Kalblerinin ölmesi ise, âhiret ameliyle dünyâlık istemeleridir.» Yine bu sebebten Yahyâ b. Muâz da şöyle buyuruyor: «İlim ve hikmetin nûru, kendileriyle dünyâlığın istenmesi hâlinde kaybolur.»

Sa'd b. Müseyyeb (R.A.): «Âmirleriyle düşüp kalkan âlim, eşkıyâdır.» buyuruyor.

Hazret-i Ömer (R.A.): «Âlim'i dünyâ'ya meyleder gördünüz mü, din'iniz adına onu töhmetleyiniz. Çünkü herkes sevdiği şeye dalar.» buyurmuştur.

Mâlik b. Dinar diyor ki: «Bâzı eski kitâblarda okudum ki: Allahu Teâlâ buyuruyor: «Dünyâ'yı sevdiği vakit âlim'e vereceğim en küçük cezâ, kalbinden bana münâcât sevgisini çıkarmaktır.»

Birisi kardeşliğine yazdığı mektûbda: «Sen âlim oldun, sakın ilminin aydınlığını günâh karanlığı ile söndürme, sonra ilim sâhipleri ilmin ışığı ile yol alırken sen karanlıkta kalırsın.» diye yazmıştır.

Yahyâ b. Muâz er-Râzî, dünyâ âlimlerine şöyle hitâb ediyor: «Ey âlimler! Köşkleriniz Kayserlerin sarayları, evleriniz Kisrâ'nın evi, elbiseleriniz Vezir Tâhir'in elbiseleri, ayakkabılarınız Câlut'un ayakkabıları, binitleriniz Karun'un binitleri, kap-kacak, mefrûşâtınız Firavn'ın mefrûşâtı, yeyip içmeniz Câhiliyet devrinde olduğu gibi. Tuttuğunuz yol şeytânet yolu, nerde kaldı İslâmiyet?»

Şâir de şöyle diyor:

«Çoban, koyun'u kurttan korur, çoban kurd olursa koyun'un hâli ne olur?»

Diğer bir şâir de şunları söylüyor:

«Ey yemeğin tuzu demek olan memleket âlimleri! Her şeyi bozul-

www.ihya.org

maktan tuz korur, tuz bozulduğu zamân onu hangi şey düzeltebilir?»

Bâzı âriflere sordular : «Günâhdan zevk alan kimsenin Allahı bilmediğine hükmedebilir misiniz?» Cevâbında : «Dünyâyı âhiretten üstün tutanların, Allahu Teâlâ'yı (hakkıyle) bilmediklerinde aslâ şübhe etmem.» demişlerdir. Halbuki Dünyâyı tercih etmek, günâhtan tad almaktan çok daha ehvendir.

Âhiret âlimleri arasına girmek için yalnız serveti terk etmenin yeteceğini sanma. Zîra mevki' talebi mâlden fenâdır. Nitekim Bişr, bu gibiler hakkında: «Bize Dünyâ kapılarından bir kapı hadîs okudu,» demiştir. Yine buyurmuştur ki: «Bir kimse bize, hadîs anlat dediği zamân anla ki, bize kolaylık göster demek istiyor.» Bişr on küsûr zenbil dolusu kitâb gömmüştür. Yine Bişr : «Nefsim konuşmamı arzû ediyor. (Bunun için anlatmak istemiyorum.) Nefsimin bu isteğini yenebilsem o zamân anlatırdım.» demiştir. Yine Bişr ve başkaları şöyle diyorlar: «İsteğin olduğu vakit anlatma, isteksiz olduğun vakit anlat. Çünkü irşâd selâhiyeti ve ifâde rütbesinden alınan tad Dünyâdaki bütün zevklerin üstündedir. Bu husûsda şehvetine uyanlar, maddî insânlardır.» Bu sebebten Sevrî diyor ki: «Konuşmanın fitnesi servetten ve âilenin doğuracağı fitneden üstündür. Ne cesâretle sen konuşma fitnesinden kaçınmıyorsun. Halbuki Peygamberlerin Efendisine şöyle buyurulmuştur:

« وَلَوْلَا أَنْ ثَبَّتْنَاكَ لَقَدْ كِدْتَ تَرْكَنُ إِلَيْهِمْ شَيْئًا قَلِيلًا »

«Eğer biz sana sebât vermemiş olsaydık, sen onlara az bir şey meyl edeyazdındı.» (17 - İsrâ : 74)

Sehl diyor ki : «İlmin hepsi dünyâlıktır. Âhiret için olanı kendisiyle amel edilendir. Amelin hepsi havâdır. Ancak Allah rızâsı için olan başka.» Yine Sehl buyuruyor : «İnsânlar hep ölüdür, yalnız âlimler ölü değil; âlimler de sarhoştur, yalnız amel edenler müstesnâ; amel edenler de aldanmıştır, yalnız ihlâs ile amel edenler başka; ihlâs ile amel edenler de neticeyi bilinceye kadar korkudadır.»

Ebû Süleyman ed-Dârânî (R.A.) diyor ki : «Kişi hadîs araştırdığı, evlendiği veyâ geçim için yola çıktığı vakit Dünyâ'ya meyletmiştir.» Burada «Hadîs araştırma» ile, âhirete elverişli olmayan (Zayıf) hadîsleri ve isnâdlarını araştırmayı kasd etmiştir.

İsâ aleyhi's-selâm : «Varacağı yer âhiret iken Dünyâ'ya dönen kimse, nasıl âlimlerden olabilir? Amel için değil de yalnız başkasına anlatmak için ilim öğrenen, nasıl âlimlerden olabilir?» buyuruyor.

Sâlih b. Keysân el-Basri diyor ki: «Bir çok büyüklere yetiştim; onlar sünneti bildiği hâlde fenâlık edenlerden Allahu Teâlâ'ya sığınırlardı.»

Ebû Hureyre (R.A.) Peygamber Efendimizden şöyle rivâyet ediyor:

«مَنْ طَلَبَ عِلْمًا مِمَّا يُبْتَغَى بِهِ وَجْهُ اللهِ تَعَالَى لِيُصِيبَ بِهِ عَرَضًا مِنَ الدُّنْيَا لَمْ يَجِدْ عَرْفَ الْجَنَّةِ يَوْمَ الْقِيَامَةِ»

«Kendisiyle Allahu Teâlâ'nın rızâsı kazanılacak olan bir ilmi, dünyâlık için arayanlar kıyâmette cennet kokusunu alamazlar.» (136)

Allahu Teâlâ, fenâ âlimleri, ilim ile dünyâlık elde edenler diye vasıflandırdı. Âhiret âlimlerini de huşu' ve zühd ile vasıflandırmıştır. Dünyâ âlimleri hakkında şöyle buyuruluyor:

«وَإِذْ أَخَذَ اللهُ مِيثَاقَ الَّذِينَ أُوتُوا الْكِتَابَ لَتُبَيِّنُنَّهُ لِلنَّاسِ وَلَا تَكْتُمُونَهُ فَنَبَذُوهُ وَرَاءَ ظُهُورِهِمْ وَاشْتَرَوْا بِهِ ثَمَنًا قَلِيلًا»

«Vaktiyle Allah kendilerine kitâb verilen okur yazarların şöyle misâkını aldı: Celâlim hakkı için onu nâs'a anlatacaksınız, ketm etmiyeceksiniz, derken onlar onu omuzlarının arkasına attılar da mukaabilinde biraz para aldılar.» (3 - Âl-i İmrân : 187)

Âhiret âlimi hakkında da şöyle buyuruluyor:

«وَإِنَّ مِنْ أَهْلِ الْكِتَابِ لَمَنْ يُؤْمِنُ بِاللهِ وَمَا أُنْزِلَ إِلَيْكُمْ وَمَا أُنْزِلَ إِلَيْهِمْ خَاشِعِينَ لِلَّهِ لَا يَشْتَرُونَ بِآيَاتِ اللهِ ثَمَنًا قَلِيلًا أُولَئِكَ لَهُمْ أَجْرُهُمْ عِنْدَ رَبِّهِمْ»

«Şübhesiz ehl-i kitâb içinden kimi de vardır ki, Allah'a imân ettikleri gibi indirilene de imân ederler, Allah'ın âyâtını bir kaç paraya

satmazlar. İşte bunların, Rablarının indinde ecirleri vardır.» (3 - Âl-i İmrân : 199)

Selefden bâzı âlimler diyor ki : «Âlimler, Peygamberler arasında haşr olacaklar. Kadınlar ve bilgisiyle dünyâlık isteyen fakîhler ise, pâdişâhlar arasında haşr olacaklardır.»

Ebû'd-Derdâ (R.A.) Peygamber Efendimizden (S.A.) şöyle rivâyet etmiştir :

« أَوْحَى ٱللّٰهُ عَزَّ وَجَلَّ إِلَىٰ بَعْضِ ٱلْأَنْبِيَاءِ : قُلْ لِلَّذِينَ يَتَفَقَّهُونَ لِغَيْرِ ٱلدِّينِ ، وَيَتَعَلَّمُونَ لِغَيْرِ ٱلْعَمَلِ ، وَيَطْلُبُونَ ٱلدُّنْيَا بِعَمَلِ ٱلْآخِرَةِ ، يَلْبَسُونَ لِلنَّاسِ مُسُوكَ الكِبَاشِ وَقُلُوبُهُمْ كَقُلُوبِ ٱلذِّئَابِ أَلْسِنَتُهُمْ أَحْلَىٰ مِنَ ٱلْعَسَلِ ، وَقُلُوبُهُمْ أَمَرُّ مِنَ ٱلصَّبِرِ ، إِيَّايَ يُخَادِعُونَ ، وَبِي يَسْتَهْزِءُونَ : لَأَفْتَحَنَّ لَهُمْ فِتْنَةً تَذَرُ ٱلْحَلِيمَ حَيْرَانًا »

«Aziz ve Celîl olan Allahu Teâlâ Peygamberlerden birisine vahy ederek buyurdu ki: Din uğrunda olmayıp başka maksadlar için fakih olanlara, amel gâyesi olmayan ilim öğrencilerine, âhiret ilmiyle dünyâlık isteyenlere, dışardan koyun derisine bürünmüş içleri kurt gibi olanlara, dilleri baldan tatlı, fakat kalbleri sabır ot'undan acı olanlara, bana hile edip benimle eğlenenlere söyle; onlara. Onlar'a öyle bir belâ kapısı açarım ki, halîm insânları da hayrette bırakır.» (137)

Dehhâk, İbn Abbâs'dan (R.A.) rivâyet ederek diyor ki :

«Resûlu'llâh buyurdu ki :

«Bu ümmet'in âlimleri iki kişidir : Birincisi Allah ona ilim verdi, o da karşılığında para ve ücret almadan insanlara öğretti ve okuttu. İşte buna gökteki kuşlar, denizdeki balıklar, karadaki hayvanlar ve kirâmü'l-kâtibîn melekleri duâ ederler. Kıyâmet gününde Peygamberlere arkadaş olacak derecede yüce ve efendi oldukları hâlde Allah'ın huzûruna çıkarlar. İkincisi de, Allahu Teâlâ'nın kendisine ihsân ettiği ilim ile cimrilik edip onu Allahu Teâlâ'nın kullarına ücret mukaa-

bili okutan âlimdir. İşte bu da Kıyâmet gününde ağzına ateşten bir gem vurulmuş olduğu hâlde getirilir ve bir dellâl: «Bu adam falan oğlu falancadır. Allahu Teâlâ'nın Dünyâda kendisine verdiği ilmi başkalarından kıskandı, ancak para ve ücret karşılığı okuttu.» diye ünlenir ve insânlar hisâbtan kurtuluncaya kadar azâba dûçar olur.» (138)

Bundan daha fenâsı rivâyet edilen şu hikâyedir: «Mûsâ aleyhi's-selâm'a hizmet eden bir adam dâima: "Mûsâ Safiyyul'lah şöyle dedi, Mûsâ Neciyyu'llâh böyle buyurdu, Mûsâ Kelimu 'ilah böyle anlattı." diye bir çok servet elde etti. Bir ara Mûsâ aleyhi's-selâm bu adamı kaybetti, ne kadar aradı ise de izini bulamadı. Bir gün boğazından ip bağlı siyah bir domuz olduğu hâlde bir adam Mûsâ aleyhi's-selâm'a geldi. Hazret-i Mûsâ ondan da bu adamı sorunca: "Aradığın adam bu domuzdur." dedi. Mûsâ aleyhi's-selâm: "Yâ Rab, şunu insân kılığına bir çevir de domuz olmasının sebebini kendisinden sorayım." diye Allahu Teâlâ'dan dileyince, Allahu Teâlâ: "Yâ Mûsâ, Âdem'in ve Âdem'den sana kadar gelenlerin duâsını yapsan da bu dileğini kabûl etmem, ancak niçin sûretini çevirdiğimi sana haber vereyim: "O, dîn ile dünyâlık peşinde koştuğu için böyle oldu" buyurdu.»

Bundan daha fenâsı Muâz b. Cebel'in (R.A.) mevkûf ve merfû' olarak Resûlu'llah'dan rivâyet ettiği şu hadîsdir:

«Âlim'in fitnelerinden biri de, konuşmayı sükût etmekten fazla sevmesidir. Halbuki sözde, söyliyenin de emin olamıyacağı, süslemek ve ilâve etmek gibi hatâlar, sükûtta ise, selâmet ve ilim vardır. Âlimlerden öyleleri var ki, bilgilerini herkesten kıskanır, kimsenin bilgili olmasını istemez ve kimseye bir şey öğretmezler. İşte bu gibi âlimler Cehennem'in birinci tabakasındadır. Âlimlerden bâzıları da, Sultânlar gibi, bâzı sözleri dinlenmez veyâ bâzı hakları kaybolursa kızarlar. İşte bunlar da Cehennem'in ikinci katındadır. Bâzı âlimler ise, nükteli hikâyelerini ve özlü bilgilerini zenginlere ve büyüklere anlatır da, ona muhtâç olan fakirlere - tenezzül edip - anlatmazlar. Bunlar da Cehennem'in üçüncü tabakasındadır. Âlimlerin diğer bir kısmı da kendilerine müftü süsü vererek yanlış fetvâlar verirler. Halbuki Allahu Teâlâ bu gibi uydurma fetvâlara buğz eder. Bunların da varacağı Cehennem'in dördüncü tabakasıdır. Diğer bir kısım âlimler, bilgilerini çoğaltmak için Yahûdî ve Hıristiyanların sözlerini de kendi sözlerine katarlar. Bunlar da Cehennem'in beşinci tabakasındadır. Âlimlerden öyleleri de vardır ki, bilgilerini, insânlar arasında üstünlük, hazâkat ve bir ün vesilesi sayarlar. Bunların da varacağı Cehennem'in altıncı tabakası-

dır. Âlimlerin diğer bir kısmı da, benlik ve kibr'e bürünür, va'zlarında sert davranır, yapılan va'zları dinlemekten çekinirler. Bunlar da Cehennem'in yedinci tabakasındadır. Kardeşim, o hâlde sükûtu tercîh et ki, Şeytân'a sükût ile galebe çalarsın. Boş yere gülmekten, lüzûmsuz yere gitmekten sakın.» (139)

Diğer bir hadîsde de şöyle buyuruluyor :

« إِنَّ ٱلْعَبْدَ لَيُنْشَرُ لَهُ مِنَ ٱلثَّنَاءِ مَا يَمْلَأُ مَا بَيْنَ ٱلْمَشْرِقِ وَٱلْمَغْرِبِ ، وَمَا يَزِنُ عِنْدَ ٱللّٰهِ جَنَاحَ بَعُوضَةٍ »

«Bâzı kimselerin medh u senâsı, Şark ile Garbı doldurduğu hâlde Allah katında sivrisineğin kanadı kadar değer taşımaz.» (140)

Rivâyet olundu ki : Bir adam, meclisinden ayrıldıktan sonra Hasan-ı Basri'ye Horasan'dan içerisinde beş bin dirhem bulunan bir kese ile ince kumaştan on takım elbise takdim edip «Bu nafaka, bu da giyecektir» deyince, Hasan : «Allah sana âfiyet versin, nafaka ve elbiseni al; benim bunlara ihtiyâcım yoktur. Bu gibi meclislerde (ilim kürsüsünde) oturup da insânlardan bu gibi şeyleri kabûl edenler kıyâmet günü (bu yaptıklarından) hiç bir kârları olmadığı hâlde Allahu Teâlâ'nın karşısına çıkarlar» cevâbını verdi.

Câbir'den (R.A.) mevkûf merfû' olarak Hazret-i Peygamber'in şöyle dediği rivâyet ediliyor:

«Her âlim'in meclisinde oturmayın; meclisine gireceğiniz âlim, sizi fenâ olan beş hasletten, iyi olan beş haslete da'vet eden âlim olsun. Onlar da: Şübhe'den yakîn'e, riyâdan ihlâs'a, Dünyâ'ya rağbetten zühd'e, benlikten alçak gönüllülüğe, düşmânlıktan nasîhate, ve dostluğa da'vettir. Allahu Teâlâ buyuruyor: -Kârûn- bütün ziynetleriyle kavmine çıktı. - O'nun bu ihtişâmını görüp - dünyâlık isteyenler "Ne olurdu Karûn'a verilen - mâl - gibi bize de verileydi. O'nun büyük hıssası vardır" derler. - Buna karşılık - ilim sâhibleri, "Veyl size, îmân edenlere Allahu Teâlâ'nın vereceği mükâfatlar daha hayırlıdır" derler.»

Allahu Teâlâ ilim ehlini, **«Âhireti Dünyâya tercîh edenler»** diye tâ'rîf etmiştir.

Âhiret âlimlerinin alâmetlerinden birisi de, işinin sözüne uymasıdır. Kendisi yapmadığı şeyi başkasına buyurmamalıdır.

Peygamber Efendimiz bir hadisinde şöyle buyuruyor :

«مَرَرْتُ لَيْلَةَ أُسْرِيَ بِي بِأَقْوَامٍ تُقْرَضُ شِفَاهُهُمْ بِمَقَارِيضَ مِنْ نَارٍ، فَقُلْتُ: مَنْ أَنْتُمْ؟ فَقَالُوا: كُنَّا نَأْمُرُ بِالْخَيْرِ وَلَا نَأْتِيهِ وَنَنْهَى عَنِ الشَّرِّ وَنَأْتِيهِ»

amel etmeyip helâk olan âlimdir.» demiştir. Mâlik b. Dînar (R.A.) da: «Âlim, bildiği ile amel etmediği zamân, yağmur damlasının yalçın kayadan kayması gibi va'z u nasîhati gönüllerden silinir gider.» demiştir. Şâir diyor :

«Ey insânlara va'z eden! Töhmet içinde sabâhladın,
Çünkü onlar için ayıb saydıklarını sen yaptın,
Bütün gayretinle onları men' etmeğe çalıştığın fenâlıkları,
Ömrüme yemîn olsun ki, hep irtikâb ettin onları,
Ayıbladığın Dünyâ'ya çokları heves eder,
Halbuki senin ona hevesin hepsinden beter.»

Diğer bir şâir de şöyle diyor.

«Sakın irtikâb ettiğin fenâlıktan başkalarını men' etmeğe kalkışma; böyle yapmak senin için büyük ayıb olur.»

İbrâhim b. Edhem: «Mekkede bir taş gördüm, üzerinde, "Beni çevir, benden ibret al." diye yazılı idi. Taş'ı çevirdim ve arkasında "Bildiğinle amel etmediğin hâlde bilmediğini benden nasıl istiyorsun." diye yazılı olduğunu gördüm.» diyor. İbnu's-Semmâk: «Allahu Teâlâ'yı çok hâtırlatanlar var ki, kendileri gâfil; Allah ile çok korkutanlar var ki, kendileri, Allah'a karşı cür'etkâr; Allah'a çok yaklaştıranlar var ki, kendileri Allah'tan uzak; pek çok Allah'a dâ'vet edenler var ki, kendileri Allahu Teâlâ'dan kaçar; çok Kur'ân okuyanlar var ki, Allahu Teâlâ'nın âyetlerinden sıyrılmışlardır. (Bunlardan kendilerine hisse ayırmaz ve ibret almazlar.)» buyurmuştur.

İbrâhim b. Edhem: «Sözümüzü açık söyledik, hatâya düşmedik, fakat amelimizde hatâ ettik, güzelleştirmedik.» buyurmuştur.

Evzâ'î: «Gösteriş geldiği zaman huşû' gider.» demiştir.

Mekhûl, Abdu'r-Rahman b. Ganem'den rivâyet ederek şöyle anlatıyor: Abdu'r-Rahmân diyor ki: «Sahâbe'den on kişi bana şöyle anlattı: Kuba mescidinde ilim müzâkere ederken, Resûlu'llâh çıkageldi ve buyurdu ki:

«تَعَلَّمُوا مَاشِئْتُمْ أَنْ تَعْلَمُوا فَلَنْ يَأْجُرَكُمُ اللهُ حَتَّى تَعْمَلُوا»

«İstediğiniz kadar okuyun, bildiğinizle amel etmedikçe, Allahu Teâlâ size mükâfât vermez.» (143)

(143) İbn Adiyy.

www.ihya.org

İsâ aleyhi's - selâm : «İlmi ile amel etmeyenler, gizli zinâ edip de âşikâre doğurmak sûretiyle rezîl olan kadınlara benzerler. İlmiyle amel etmeyenleri Kıyâmet gününde bütün yaratıkların huzûrunda Allahu Teâlâ rezil eder.» buyurmuştur.

Muâz (R.A.) : «Âlim'in sürçmesinden kaçının; çünkü âlimin insânlar yanında büyük bir mevki'i var, onu örnek tanır, bu hatâsında da ona uyarlar, (ve hepsi hatâya düşerler.)» demiştir.

Ömer (R.A.) : «Âlim, hatâya düştüğü zamân, âlemden bir cemâat da onunla hatâya düşer.» buyurmuştur. Yine Ömer (R.A.) «Zamânın bozulması üç sebeb iledir. Bunlardan biri de âlimin hâtâsıdır.» buyurmuştur.

İbn Mes'ûd (R.A.) buyuruyor ki: «Bir zamân gelecek insânlarda samîmiyyet kalmıyacak, îmân'ın verdiği zevk bozulacak; işte o zamân okutan da okuyan da ilimden fayda görmiyecek ve âlimlerin kalbleri tuzlu, çorak yer gibi olacaktır. Yağan yağmur damlalarının böyle bir yere fayda vermiyeceği gibi (Âlimlerin gönlünde de ilim damlaları bir zevk uyandırmıyacaktır.) Bu da âlimlerin gönüllerinin Dünyâ sevgisine meylettiği ve Dünyâyı âhiret üzerine tercîh ettikleri zamândır. İşte bu zamân Allahu Teâlâ hikmetin kaynaklarını onlara kapatır ve gönüllerinde hidâyet ışıklarını söndürür. O zamânın âlimleriyle görüştüğün takdirde dilleriyle Allah'dan korktuklarını ifâde ederken işlerinde fenâlıklar görülür. O günlerde diller zengin, fakat gönüller fakîrdir. İbâdete lâyık ancak kendisi olan Allahu Teâlâ'ya yemîn ederim ki, bunun sebebi, okutanların da okuyanların da gâyelerinin Allah rızâsı olmadığındandır.»

Tevrât ve İncil'de şöyle yazar : «Bildiğiniz ile amel etmedikçe, amel etmiyeceğiniz ilmi aramayın.» Huzeyfe (R.A.) : «Öyle bir zamânda bulunuyorsunuz ki, sizden biriniz bildiğinin onda dokuzu ile amel edip birini terk ederse helâke gider. Öyle bir zamân gelecek ki, o zamân bildiğinin yalnız onda biriyle amel eden kurtulacaktır. Çünkü o zamân, amel edenler çok azalacaktır.» buyurdu.

Bilmiş ol ki, âlim, kadı gibidir. Kadılar hakkında Peygamber Efendimiz şöyle buyurmuştur :

«اَلْقُضَاةُ ثَلَاثَةٌ : قَاضٍ قَضَى بِالْحَقِّ وَهُوَ يَعْلَمُ فَذَلِكَ، فِي الْجَنَّةِ،
وَقَاضٍ قَضَى بِالْجَوْرِ وَهُوَ يَعْلَمُ أَوْ لَا يَعْلَمُ فَهُوَ فِي النَّارِ،
وَقَاضٍ قَضَى بِغَيْرِ مَا أَمَرَ اللهُ بِهِ فَهُوَ فِي النَّارِ»

www.ihya.org

«Kadılar üç kısımdır. Birincisi bilerek adâletle hükmedendir. Bu kadı Cennetliktir. İkincisi, bilerek veyâ bilmeyerek zulm ile hükmedendir, bu da Cehennemliktir. Üçüncüsü Allahu Teâlâ'nın emriyle değil de başka şey ile hükmedendir; bunun da yeri Cehennemdir.» (144)

Kâ'b (Allah ona rahmet etsin) : «Âhır zamânda öyle âlimler olacak ki, insânları zühd'e dâvet edecek, fakat kendilerinde zühd lâmına bir şey olmıyacaktır; insânları korkutacak fakat kendilerinde korkudan eser kalmıyacaktır; insânları büyüklere gönül vermekten men'edecek, fakat kendileri büyüklerden ayrılmıyacaklardır; dilleriyle Dünyâyı yerecek, fakat zenginlere yaklaşıp, fukaradan yüz çevirecekler-dir; kadınların erkeklerine muhâlefeti gibi, ilimlerine muhâlefet edecekler, dostlarını başkaları ile görseler, onlara kızacaklardır. İşte bunlar, zâlimler ve Allahu Teâlâ'nın düşmânlarıdır.» diyor.

Peygamber Efendimiz:

— Muhakkak şeytan, çok [illegible] bir, ilim ile meşgûl etmek sûretiyle amelden alıkor, buyurunca.

— Bu, nasıl olur? diye sorulur. Peygamber Efendimiz de cevâbında :

— Şeytan : İlim öğren, öğrenmeden amele lüzûm yok, der ve dâimâ ilmi teşvik eder, ameli sona bırakıtırır, derken adam amel etmeden ölür gider, buyurmuştur.

Seriyyü's-Sakatî diyor ki: «İlm-i zâhire harîs olduğu hâlde onu terk ederek ibâdet için uzlete çekilen bir zât'ı, bunun sebebini sordum. Cevâbında : Rüyâmda biri, 'Allah seni zâyi' etsin, ne zamâna kadar bu ilmi zâyi' edeceksin? dedi. Ben de kendisine: "Nasıl zâyi' etmek, kaybetmek? Mütemâdiyen okuyup ezberlemekteyim." diye cevâp verdiğimde, adam : "İlmi korumak, onunla amel etmektir." deyince ben de okumayı bıraktım ve amel'e başladım, diye cevâb verdi.»

İbn Mes'ûd (R.A.) «İlim, çok şeyler bilip rivâyet etmek değil, Allah'tan korkmaktır.» demiştir. Hasan-ı Basrî (R.A.): «İstediğiniz kadar okuyun, Allah'a yemin ederim ki, amel etmedikçe size ecir yoktur. Ahmakların gâyeleri rivâyet, âlimlerin gâyeleri ise dirâyettir. Yâni bildiklerine riâyet etmektir.» buyurmuştur.

Mâlik (R.A.) : «Niyyet sâhih olursa, ilmi öğrenmek de güzel, yaymak da güzeldir. Fakat sen günlük yaşayışında sana lâzım olanlara bak ve onlar üzerine hiç bir şeyi tercih etme» buyurmuştur.

İbn Mes'ûd (R.A.) : «Kur'ân, kendisiyle amel olunmak için nâzil olduğu hâlde siz onun okunmasını amel saydınız. İleride bir takım insânlar gelecek ki, onu süngü gibi dosdoğru çıkaracaklar, yâni

harflerin mahreçlerine son derece riâyet edecekler, güzel okuyacaklar; fakat onlar sizden hayırlı değillerdir.» buyurmuştur.

Bildiği ile amel etmeyen âlim (kullanmadığı hâlde) derdine derman olacak ilâçların adlarını sayan hastaya, veyahûd bulamadığı hâlde tatlı yemekleri sayıp duran aç kimseye benzer. Bu gibiler için Allahu Teâlâ:

«وَلَكُمُ الْوَيْلُ مِمَّا تَصِفُونَ»

«Vasıflandırdığınız şeylerden dolayı sizin için veyl vardır.»

buyurmuştur. Haberde geldi ki :

«مِمَّا أَخَافُ عَلَى أُمَّتِي زَلَّةُ عَالِمٍ وَجِدَالُ مُنَافِقٍ فِي الْقُرْءَانِ»

«Ümmetim için korktuğum şeylerden biri, âlimin hatâsı ve münâfığın Kur'ân üzerinde mücâdelesidir.» (145)

Âhiret âlimlerinin alâmetlerinden biri de dedikodusu, mücâdelesi çok, faydası az olan ilimlerden kaçınıp, tâati teşvik eden ve âhirette kârı olan ilimleri öğrenmektir. Ameli teşvik eden ilimlerden yüz çevirip, mücâdele ilimleriyle uğraşan, dar vakitte mütehassıs tabîbi bulan hastanın, kendi hastalığını bırakıp da tabâbetin inceliklerinden ve ilâçların hassalarından bâzı şeyler sormakla tabîbi meşgûl etmesine benzer. Bu ise sırf ahmaklıktır. Rivâyet olundu ki:

«Resûlu'llâh'a biri gelerek: «Ey Allah'ın Resûlü, bana garîb ilimlerden öğret.» dedi. Peygamber Efendimiz de:

— İlm'in esâsından ne biliyorsun? Diye sordu. Adamcağız:
— İlm'in esâsı nedir? Diye sorunca, Peygamber Efendimiz:
— Allahu Teâlâ'yı biliyor musun? Diye sordu. Adam:
— Biliyorum, dedi. Resûlu'llâh:
— O hâlde Allah'a karşı ne kulluk ettin? Adam :
— Eh, Allah'ın dilediğini, dedi. Resûlu'llâh:
— Ölümü bildin mi? Adam:
— Bildim, Resûlu'llâh:
— Ölüm için ne hazırladın? Adam:
— Eh Allah ne diledi ise. Resûlu'llâh:

— O hâlde git bunları takviye et de ondan sonra gel; ben de sana ilmin garîb kısımlarını öğreteyim, buyurdu.» (146)

Âlimin öğrendiği şeyler, Şakîk-i Belhî'nin tilmîzi Hâtem el-Asamm'dan rivâyet edilen cinsden olmalıdır. Şakîk, Hâtem'e sordu:

— Kaç senedir benim yanımdasın? Hâtem:

— Otuz üç senedir. Şakîk:

— Bu müddet zarfında benden ne öğrendin? Hâtem:

— Sekiz mes'ele öğrendim. Şâkîk:

— İnnâ li'llâhi ve innâ ileyhi râci'ûn! Ömrüm seninle geçtiği hâlde benden ancak sekiz mes'ele mi öğrenebildin? Hâtem:

— Evet hocam, ben yalan konuşmayı sevmem, ancak sekiz şey öğrenebildim. Şakîk:

— Bu öğrendiğin sekiz şey nedir? Söyle dinleyelim. Hâtem:

1 — Baktım ki, herkesin ayrı ayrı bir dostu var. Fakat bütün dostlar, nihâyet mezar başından geri döndüğü için ben, hiç birine güvenmedim, ancak mezarımda da bana arkadaş olacak iyi amelleri kendime dost seçtim. Şakîk:

— Çok güzel. İkincisini söyle bakalım. Hâtem:

2 — Allahu Teâlâ'nın:

«وَأَمَّا مَنْ خَافَ مَقَامَ رَبِّهِ وَنَهَى النَّفْسَ عَنِ الْهَوَى فَإِنَّ الْجَنَّةَ هِيَ الْمَأْوَى»

«Allah'ın azametinden korkup nefsini, arzû ve isteklerinden alıkoyanın varacağı yer Cennettir.» (79-Nâzi'at: 40, 41) meâlindeki âyet-i kerîmesini düşündüm, hak olduğunu bildim ve nefsimin behîmî arzûlarını yenmeğe çalıştım ve bu sûretle Allahu Teâlâ'ya itâate devâm ettim.

3 — Baktım ki, herkes elindeki kıymetli sermâyesini koruyor, kasalarda saklıyor, kaybolmaması için her çâreye baş vuruyor. Halbuki Allahu Teâlâ'nın:

«مَا عِنْدَكُمْ يَنْفَدُ وَمَا عِنْدَ اللهِ بَاقٍ»

(146) İbn Sinni rivâyet etmiştir.

www.ihya.org

«Sizin elinizde olan her şey tükenecek, ancak Allah katında olan bâkîdir.»

âyet-i celîlesini düşündüm ve ben de kaybolmaması için kıymetli kabûl ettiğim bütün varlığımı Allah'a emânet ettim; O'nun rızâsı uğrunda harcadım.

4 — Baktım ki, insânların her biri mâl, haseb, şeref ve neseb aramaktadır. Anladım ki bunlar bir şey değil. Allahu Teâlâ'nın:

« إِنَّ أَكْرَمَكُمْ عِنْدَ اللهِ أَتْقَاكُمْ »

«Allah katında en keremliniz, en çok muttakî olanınızdır.» (49 - Hucûrât : 13)

âyet-i celîlesine baktım da, Allah katında kerîm olmak için malı, mansabı değil, takvâyı seçtim.

5 — Baktım ki, insânlar mütemâdiyen birbirine saldırıyor, yekdiğerini tel'în edip duruyorlar. Sebebini, hased denilen çekememezlikte buldum; sonra Allahu Teâlâ'nın:

« نَحْنُ قَسَمْنَا بَيْنَهُمْ مَعِيشَتَهُمْ فِي الْحَيَاةِ الدُّنْيَا »

«Biz, onların dünyâ hayâtındaki geçimlerini taksîm ettik.»

âyet-i celîlesini düşündüm ve anladım ki bu taksîmât, Allahu Teâlâ'nın taksîmidir, bunda kimsenin te'sîri yoktur. Ben de Allah'ın taksîmine râzı oldum, hased hastalığını attım ve kimseye düşmânlık etmedim.

6 — İnsânların birbirine düşmân olup birbirlerini öldürdüklerini gördüm. Allahu Teâlâ'nın:

« إِنَّ الشَّيْطَانَ لَكُمْ عَدُوٌّ فَاتَّخِذُوهُ عَدُوًّا »

«Asıl düşmânınız şeytandır. Onu düşmân tanıyın.»

âyet-i celîlesini düşündüm ve asıl düşmanın Şeytân olduğunu anlayınca, yalnız onu düşmân tanıdım ve başka kimseye adâvette bulunmadım.

7 — Baktım ki, insânlar şu bir lokma ekmek için helâl - harâm demeden her türlü zillete katlanıyorlar. Allahu Teâlâ'nın :

www.ihya.org

«وَمَا مِنْ دَابَّةٍ فِي ٱلْأَرْضِ إِلَّا عَلَى ٱللَّهِ رِزْقُهَا»

«Bütün yaratıkların rızkı Allah üzerindedir.» (11 - Hûd : 6) âyet-i kerîmesini düşündüm. Benim de bu cânlı varlıklardan biri olmam hasebiyle, rızkıma Allahu Teâlâ'nın kefîl olduğunu anladım; isteklerime bakmadan, Allahu Teâlâ'nın bende olan hakkı ile meşgûl oldum.

8 — Baktım ki, insânlardan bir kısmı servetine, ticâretine; bir kısmı sıhhatine olmak üzere, kendileri gibi bir yaratık'a tevekkül etmekte [güvenmekte] ve ona bel bağlamaktadır. Allahu Teâlâ'nın:

«وَمَنْ يَتَوَكَّلْ عَلَى ٱللَّهِ فَهُوَ حَسْبُهُ»

«Allah'a tevekkül edene [güvenene] Allah yeter.» (65 - Talâk : 3) meâlindeki âyet-i celîlesini düşündüm ve ben de (fâni olan başka şeylere değil) ancak Hazret-i Allah'a tevekkül ettim ve O'na bağlandım. O da bana yeter. İşte senden öğrendiklerim bunlardır. Dedi. Bunun üzerine Şakîk :

— Hâtem, Allah seni muvaffak etsin; doğrusu ben, **Tevrât, İncîl, Zebûr** ve **Kur'ân-ı Azîmi** tedkîk ettim, bütün dîni işleri ve hayır çeşitlerini şu sekiz mes'ele üzerinde devreder gördüm. Şu sekiz esâsa riâyet eden dört kitâb'ın hükmüyle amel etmiş olur. Dedi.

İlmin bu nev'iyle meşgûl olup bunu anlayanlar ancak âhiret âlimleridir. Dünyâ âlimleri ise, güçleri yettiği kadar mâl ve mansab elde etmekle meşgûl olur da, Allahu Teâlâ'nın Peygamberleri vâsıtasiyle tebliğ ettiği âhiret ilimlerini ihmâl ederler. Dahhâk b. Muzâhim: «Ben onlara (o âhiret âlimlerine) yetiştim. Onlar birbirlerinden ancak takvâ ve verâ'ı öğrenirlerdi. Şimdiki âlimler ise kelâm mücâdelelerini öğrenmekle meşgûl olurlar.» demiştir.

Âhiret âlimlerinin âlâmetlerinden biri de, yemek, içmek, giymek, ev ve ev düzeninde isrâf'a varmamak, hepsinde iktisâda riâyet ederek eskilere benzemek ve hepsinde aza kanâat etmektir. Bütün bunlarda iktisâda riâyet ettikçe Allahu Teâlâ'ya yakınlığı artar ve âhiret âlimleri arasında mevkî'i yükselir.

Hâtem el - Asamm'ın ashâbından olan Ebû Abdi'llah el - Havvâs'dan rivâyet edilen şu hikâye buna şehâdet etmektedir.

www.ihya.org

Ebû Abdi'llah el - Havvâs diyor ki: «Aramızda Hâtem olduğu hâlde sırtlarında yalnız yün cübbeleri bulunan azıksız, dağarcıksız 320 kişi ile hacca gitmek üzere yola çıktık ve Rey şehrine uğradık. Burada misâfirperver, fakîrleri sever, tüccârdan bir zâta misâfir kaldık. Bizi ağırladı. Sabâh olunca Hâtem'e:

— Burada hasta bir fakîh var, onu ziyârete gideceğim, arzû ederseniz siz de teşrîf edebilirsiniz, dedi. Hâtem:

— Hastayı ziyâret sevâb, fakîhin yüzüne bakmak ise ibâdettir, siz kabûl ettikten sonra ben de gelirim, dedi. Hasta olan zât da Rey Kadısı Muhammed b. Mukatil idi. Evin önüne geldiğimizde baktık ki, mükemmel bir konak. Bunu gören Hâtem hayret ederek: «Âlim bir zâta mütevazi' bir ev kifâyet ederdi.» diye kendi kendine söylendi. İçeri alındılar. Mefrûşâtla süslenmiş geniş bir sofayı gören Hâtem'in hayreti biraz daha arttı. Nihâyet yatak odasına kabûl edildiklerinde, Hâtem baktı ki hasta, yumuşak bir döşek üzerinde yatıyor, başı ucunda hizmetçisi elinde yelpazeyi sallıyor. Tâcir, hastanın başı ucunda oturdu, hâl ve hâtırını sordu. Hâtem ise ayakta bekliyordu. Hasta kendisine oturmasını işâret etti. Hâtem kabûl etmedi. «O hâlde bir isteğiniz mi var?» diye hasta kendisinden sorunca, Hâtem:

— Evet sizden bir suâlim var, dedi. Hasta:

— Sor bakalım, deyince, Hâtem:

— Yatak içinde otur, ondan sonra soracağım, dedi. Hasta da oturdu. Hâtem:

— Kimden okudun? diye hastaya sordu. Hasta:

— Büyük âlimlerden, onlar da Resûlu'llâh'ın ashâbı'ndan.

— Onlar kimden aldı?

— Resûlu'llâh'dan.

— Ya Resûlu'llâh kimden aldı?

— O da Cebrâil'den, O da Hazret-i Allah'dan, dedi. Hâtem:

— Cebrâil aleyhi's - selâm vâsıtasiyle, Allahu Teâlâ'dan Peygamber'e ondan ashâbına, âlimlere ve onlardan da sana gelen ilimlerde evi daha büyük ve içerisi daha süslü evi olanın Allah katındaki kıymeti daha üstündür diye bir şey duydun mu? Diye sordu. Hasta:

— Hayır, dedi. Hâtem:

— Ya, nasıl öğrendin? Hasta:

— Dünyâ'dan yüz çevirip âhiret'e teveccüh eden, yoksullara yardım edip âhireti için hazırlanan kimsenin, Allah katında mevkî'inin daha üstün olduğunu öğrendim. Hâtem:

www.ihya.org

— O hâlde sen kime uydun? Peygambere (S.A.V.), Ashâbı'na (R.A.), ve sâlihlere mi, yoksa Firavn'a ve tuğla-kireç ile ilk inşâatı yapan Nemrûd'a mı? Ey fenâ âlimler! İşte dünyâ düşkünü câhiller sizin gibileri görür de «Âlimler böyle olunca biz niçin daha ileri gitmeyelim, derler» dedi ve Mukatil'in hastalığına hastalık katarak huzûrundan çıktı. Rey halkı Mukatil ile Hâtem arasında geçen bu mâcerayı duyup Hâtem'e: «Kazvin'deki Tanâfisîler'in bundan da daha muhteşem yaşayışları vardır» dediler. Hâtem de Kazvîn'e müteveccihen yola çıktı. (Kadı Muhammed Ahdeb-et-Tanâfisî'nin) huzûruna girdi. Kadı'ya:

— Ben acemi bir kimseyim. Allah sana rahmet etsin, nasıl abdest alacağımı bana öğretir misin? Dedi. Kadı memnûniyetle kabûl ederek hizmetçisine su getirtti ve a'zâsını üçer kerre yıkamak sûretiyle abdestini aldı ve:

— İşte böyle abdest alırsın, dedi. Hâtem:

— Dur, müsâade et, gözünün önünde ben de bir abdest alayım, deyince Tanâfisî kalktı. Hâtem, abdest almak için oturdu. Hâtem, abdest a'zâlarını üçer kerre yıkayacak yerde dört kerre yıkadı. Bunu gören Tanâfisî:

— İsrâf ettin, dedi. Hâtem:

— Niçin? Diye sorunca, Kadı:

— Üç kerre yıkayacak yerde dört kerre yıkadın, dedi.

Hâtem:

— Sübhâna'llah, şaşılacak şey, sen bütün bu tantana ve debdebenle isrâf etmiyorsun da ben bir fazla su dökmekle mi isrâf ettim, deyince, Tanâfisî, Hâtem'in maksadını anladı ve (teessüründen) kırk gün evinde kapandı kaldı.

Hâtem, Bağdâd'a geldiği zamân halk başına toplandı ve kendisine:

— Ya Ebâ Abdi'r-Rahmân, sen lisânı peltek bir Acem olduğun hâlde nasıl olur da seninle her konuşanı ilzâm edersin, dediler. Hâtem:

— Evet, bende üç haslet var, bunlar sâyesinde hasımlarıma üstün gelirim: Hasmım doğruyu bulunca sevinirim, hatâya düşünce mahcûb olurum, hasmımı techîlden çekinirim, dedi. Ahmed b. Hanbel bunu duyunca: «Bu, akıllı bir insâna benziyor, ziyâretine gidelim.» dedi. Vaktâ ki yanına girdiler, Ahmed b. Hanbel:

— Yâ Ebâ Abdir'-Rahmân, Dünyâdan nasıl selâmet bulabiliriz? Diye sordu.

Hâtem:

— Şu dört haslete sâhib olmadan dünyâda huzûr ve selâmet bulamazsın: «İnsânların kusûrlarını bağışlarsın, onlara karşı kusûr et-

www.ihya.org

mezsin, elinden gelen ikrâmı onlara yaparsın, onlardan bir şey beklemezsin. İşte ancak böylelikle selâmeti bulursun.» Dedi. Sonra yoluna devâm ederek Medîneye gitti. Medîne halkı kendisini karşıladı. Hâtem Medînelilere :

— Burası hangi şehirdir? Diye sorunca, Medîneliler :

— Burası Resûlu'llah'ın bulunduğu Medîne şehridir, dediler. Hâtem :

— Resûlu'llah'ın köşkünü bana gösterir misiniz, orada teberrüken namâz kılmak istiyorum, dedi. Medîneliler :

— Resûlu'llah'ın köşkü yoktu, O'nun sâde zemîn kat bir meskeni vardı, dediler. Hâtem :

— O hâlde Ashâbının köşklerini bana gösterin, dedi. Medîneliler:

— Onların da evleri zemîn katlardan ibârettir, köşkleri yok, dediler. Hâtem :

— O hâlde burası Resûlu'llah'ın değil, Fir'avn'ın şehridir desenize, deyince, (Canları sıkılan Medîneliler) Hâtem'i Vâli'nin huzûruna çıkardılar ve Vâli'ye : «Bu Acem Medîneye Fir'avn'ın şehri» diyor, diye şikâyet ettiler. Vâli bunun sebebini sorunca, Hâtem :

— Acele etme; ben garîb bir Acem'im. Bu şehre girince "burası kimin şehridir" diye sordum, onlar da: "Resulullah'ın Medîne'si" olduğunu haber verince, ben de : Resûlu'llah'ın köşkünü sordum, dedi ve bütün konuştuklarını anlattıktan sonra Allahu Teâlâ'nın :

« لَقَدْ كَانَ لَكُمْ فِي رَسُولِ ٱللَّهِ أُسْوَةٌ حَسَنَةٌ »

«Şüphesiz, Resûlu'llah'ta sizin için güzel örnekler var.» (33 - Ahzâb: 21)

âyetini okudu ve : «Siz kimi örnek aldınız? Resûlu'llah'ı mı? Yoksa ilk tuğla kireç inşâatı yapanlardan Fir'avn'ı mı?» diyerek onları ilzâm etti. Onlar da Hâtem'i serbest bıraktılar.»

İşte Hâtem'in (R.A.) hikâyesi bu. İleride sırası geldikçe selefin ahlâkı ve mütevâzi' hâlleriyle (isrâf'a varan) süs ve ziyneti terk ettiklerine dâir tafsilât verilecektir.

ŞÜBHELİ ŞEYLERE DÜŞMEK KORKUSU İLE MÜBÂHDAN ÇEKİNMEK

Doğrusu şu ki: Mübâh ile süslenmek yasak değildir; fakat onunla fazla meşgûl olmak, onu tabîat hâline getirir ve bir daha ayrılması güç olur. Halbuki süsü, ziyneti devâm ettirmek, günâhı irtikâb ettiren

www.ihya.org

müdâhene'yi, insânların oturup kalkmalarındaki âdetlerine riâyeti, onları taklîd ve benzeri hatâlı şeylere baş vurmağı gerektirir. En doğrusu bu gibi hatâlı şeylere baş vurmağı gerektiren süslerden çekinmektir. Çünkü dünyâlığa böyle dalıp da süs ve zîynetiyle uğraşanlar elbette kendilerini dünyânın pençesine kaptırmış olur. Eğer Dünyâ'ya dalmakla beràber ondan kurtuluş mümkün olsaydı, Resûlu'llah buna daha lâyık olacağından terk-i dünyâ'da mübâlâğa etmezdi. Hattâ sırtındaki damgalı işlemeli (mutarraz) elbiseyi, hutbe okurken (kendini meşgûl eden) parmağındaki altun yüzüğü çıkarıp atmıştır. Daha bir çokları var ki bunlar da sırası geldikçe anlatılacaktır.

HAKÎKÎ ÂLİMLERİN İNSÂFI

Rivâyet olundu ki: Yahyâ b. Yezîd en-Nevfelî, Mâlik b. Enes'e (R.A.) şöyle bir mektûb yazdı: «Rahmân ve Rahîm olan Allah adıyle başlar, ilk ve son gelenlerin efendisi Muhammed'e salât u selâm ederim. Yahyâ b. Yezîd b. Abdi'l-Melik'den, Mâlik b. Enes'e. Ammâ ba'du: Öğrendim ki, insânlar her taraftan sana gelip sözünü kabûl ve seni imâm tanıdıkları hâlde, sen ince kumaşlar giyer, yufka ekmekleri yer, yumuşak döşekler üzerinde oturur, kapına da bekçi diker ve müsâadesiz yanına kimse almazsın. Ya Mâlik, Allah'tan kork, tevâzû göster. Bu mektûbu sana nasîhat olsun diye yazıyorum. Allahu Teâlâ'dan başka kimse bunu bilmez. Sana selâm.»

Mâlik'in cevâbi mektûbu:

«Rahmân ve Rahîm olan Allah adıyle başlar, Hazret-i Muhammed, âl ve ashâb'ına salât u selâm ederim. Mâlik b. Enes'den Yahyâ b. Yezîd'e. Ammâ ba'du: Mektûbunu aldım, bunu Allahu Teâlâ'ya karşı edebli olmak için şefkatle yazılmış bir nasîhat mektûbu olarak kabûl ettim. Allah takvânızı arttırsın, verdiğiniz bu hayır öğüd ile sizi mükâfatlandırsın. Rızâsına ulaşmak için Allah'tan tevfîk dilerim. Zîra kuvvet ve kudret ancak yüce Allah'ındır. Mektûbunda yazdığın gibi yufka yiyor, ince giyiyor, yumuşak minderde oturuyor ve kapımda nöbetçi tutuyorum; hepsinden Allahu Teâlâ'ya tevbe ederim. Allahu Teâlâ Kur'ân-ı Kerîm'de:

«قُلْ مَنْ حَرَّمَ زِينَةَ ٱللَّهِ ٱلَّتِىٓ أَخْرَجَ لِعِبَادِهِۦ وَٱلطَّيِّبَٰتِ مِنَ ٱلرِّزْقِ»

«Söyle, Allah'ın kulları için çıkardığı ziyneti ve rızkın temizlerini kim harâm edebilir?»

www.ihya.org

buyuruyor. (Böylece, bunların mübah olduğuna işâret etmek istedikten sonra) bu, böyle olmakla berâber ben iyi bilirim ki bunların hepsini terk etmek, içlerine girmekten daha iyidir. Mektûb'dan bizi unutma, biz de sizi unutmayız, sana selâm.»

İşte İ m â m M â l i k 'in insâfı... Bütün bunların mübâh olmasiyle fetvâ verdikten sonra hepsini terk etmenin hayırlı olduğunu söyledi ki, ikisinde de haklıdır. Taklîd ve ikiyüzlülük yapıp çerçevesini aşmayacak ve mekrûhlara taşmıyacak şekilde mübâh'ın sınırlarını bilmeğe gücü yeteni ve imâmlık mevkî'ine yükselen M â l i k gibi bir zâtın bu öğütleri kabûldeki semâhatini düşünün... Halbuki başkalarının, mübâh'ı ayırmağa da gücü yetmez. O hâlde mübâh'dan istifâdeye meyl etmek büyük bir tehlike ve mübâh'a dalmak, havf ve haşyetten uzaklaşmaktır. Halbuki âlimlerin hassesi haşyet, haşyetin husûsiyeti de tehlike'den sakınmaktır.

SULTÂNLAR İLE DÜŞÜP KALKMAKTAN KAÇINMAK

Âhiret âlimlerinin alâmetlerinden biri de, pâdişahlardan uzaklaşmaktır. Ayrı kalmağa imkân bulduğu müddetçe onlara yaklaşmamalıdır. Hattâ yaklaşsalar bile âlimin, onlardan uzaklaşması lâzımdır. Zira Dünyâ, tatlı bir yeşilliktir, yuları sultânların elindedir. Sultânlar, zâlim oldukları hâlde, onlarla buluşan âlimler, sultânların gönüllerini hoş etmek ve rızâlarını kazanmak külfetine katlanmak zorundadırlar. Halbuki dindâr kimselere gerekli olan, onların zulümlerini kabûl etmemek, zulümlerini açıklamakla onları zulümden vaz geçirmek için tazyik etmek ve bu nevî ef'âl ve davranışlarını kötülemektir. Onlarla düşüp kalkan, ya Allahu Teâlâ'nın kendisine verdiği ni'meti küçümseyerek onların süs ve ziynetlerine meyleder veyâ zulümlerini reddetmeyip sükûtu kabûl ederek ikiyüzlü olur. Yâhut onların ef'âl ve ahvâlini öğecek ve gönüllerini hoş edecek uydurma sözler arar ki buna, bühtân ve iftirâ denir. Yâhut da dünyâlıklarından faydalanmak ister. Bu da sırf harâm'dır. Helâl ve harâm bahsinde, câizeler, hediye ve ücretler gibi, sultânlardan alınması câiz olanlar anlatılacaktır. Hülâsa: Sultânlarla düşüp kalkmak, fenâlık kapısını açmak demektir. Halbuki âhiret âlimlerinin yolu ihtiyâtı tercîhtir.

Peygamber Efendimiz:

«مَنْ بَدَا جَفَا وَمَنِ اتَّبَعَ الصَّيْدَ غَفَلَ، وَمَنْ أَتَى السُّلْطَانَ افْتُتِنَ»

«Çölde yaşayan kaba ve haşîn olur; av ardına düşen şaşar; Sultân kapısına giden fitneye düşer.» (147)
buyurmuştur. Diğer bir hadîs'de de :

«سَيَكُونُ عَلَيْكُمْ أُمَرَاءُ تَعْرِفُونَ مِنْهُمْ وَتُنْكِرُونَ، فَمَنْ أَنْكَرَ فَقَدْ بَرِئَ، وَمَنْ كَرِهَ فَقَدْ سَلِمَ، وَلَكِنْ مَنْ رَضِيَ وَتَابَعَ أَبْعَدَهُ اللهُ تَعَالَى»

«İleride bir takım âmirler başınıza gelecektir ki, bâzı emirlerini kabûl edecek bâzılarını inkâr edeceksiniz. İnkâr edenler berâet edecek, sevmiyenler selâmete erecek; fakat kabûl edip onlara uyanları Allah rahmetinden mahrûm kılacaktır.» (148)

S ü f y â n - ı S e v r i : «Cehennem'de bir dere var, orada yalnız, melikleri ziyâret eden okuyucular bulunacaktır.» dedi. H u z e y f e : «Fitne yerlerinden sakının.» deyince «Neresidir?» sorusuna cevâben «Ümerâ kapıları» demiş ve «Sizden biriniz onların yanına girer, söylediği yalanı tasdik eder ve onda olmayan şeyleri onun hakkında söyler.» demiştir. Enes (R.A.)'in rivâyet ettiğine göre Peygamber Efendimiz : «Sultânlar arasına girmedikçe, âlimler, Allahu Teâlâ'nın kulları üzerine Peygamberlerin eminleridir. Sultânlar meclisine girdiklerinde Peygamberlere karşı hıyânet ederler. Onlardan sakının ve onlara yanaşmayın.» buyurmuştur.

A' m e ş'e «Çok talebe okutmakla ilmi ihyâ ettin.» dediklerinde. «Acele etmeyin, çünkü talebenin üçte biri tâm âlim olmadan ölür, diğer üçte biri de sultân kapılarına hücûm eder ki onlar, insânların fenâlarındandır. Geride kalan üçte birinin de pek azı kendini kurtarabilir.» demiştir. Bunun için S a'd b. M ü s e y y e b (R.A.) : «Pâdişah kapûsunda akşâmlayan âlimden sakının. Çünkü o, haydut-tur.» buyurmuştur. E v z â ' i «Allahu Teâlâ'nın çok buğz ettiği, âmil'i [vâliyi] ziyâret eden âlimdir» buyurmuştur. Peygamber Efendimiz de :

S e m n ú n : «Meclisinden arandığı zamân: «Pâdişah'ın yanındadır.» diye cevâb verilmiş olması kadar, âlim için çirkin bir şey olamaz.» dedikten sonra: «Dünyâ'yı seven âlimi gördüğünüz zamân, dîniniz nâmına onu suçlandırın denildiğini işittim» demiştir. «Ben bunu kendimde tecrübe ettim. Sizin de bildiğiniz gibi kendisine karşı dâimâ şiddet gösterdiğim ve arzûlarıma muhâlefet ettiğim hâlde her ne zamân Sultân'ın yanına gitdimse kendimde ona karşı bir temâyül duydum ve değil yemeğini, bir yudum suyunu dahî içmediğim hâlde: "Keşke yanına gitmeseydim" dedim.» Sonra devâm ederek «Şimdiki âlimler, İsrâil oğullarındaki âlimlerden fenâdır. — Oğullarım, yağlı ve şişman bir münâfık olarak ölmektense, zayıf bir mü'min olarak ölmek, benim için daha makbûldür, cevâbını verdi. H a s a n - ı B a s r î devâm ederek dedi ki : «Vallahi oğul-

larına galebe çaldı. Çünkü iyi biliyordu ki, toprak, eti, yağı yer fakat îmânı yiyemez.» Burada, Sultânların, sohbetine devâm edenlerin elbette nifaktan kendilerini kurtaramıyacağına işâret vardır. Nifak ise îmân'ın zıddıdır.

Ebû-Zer, Seleme'ye: «Ya Selemе, Sultân kapılarında sürünme, çünkü onların dînine olan zararı maddî menfaatlerinden fazladır. Pâdişahlar meclisine katılmak, âlimler için büyük fitne ve Şeytan'ın âlimler aleyhine açtığı korkunç bir yoldur. Bilhâssa güzel ifâdeye sâhip, sözünde halâvet olanlar için çok tehlikelidir. Çünkü «onların arasına girer ve va'z edersen, onları zulümden alıkoyar ve İslâm şiârını onlarda yerleştirirsin» diye Şeytan seni dâimâ teşvik eder durur. Böylece onların yanına girmeği dînî bir vazîfe bilirsin. Sonra yanlarına girdin mi başlar kendi ilmini ortaya koymağa ve yaltaklık ederek pâdişahları öğmekte mübâlâğa etmeğe. İşte dînî yıkmak buradadır» dedi.

Denildi ki: «Âlimler, bildikleri zamân amel ederler, Allah için meşgûl olurlar, Allah için meşgûl olunca insânî vasıflardan ayrılır, melekî hasletlere bürünürler. Bu dereceye yükselenler sevilir ve aranırlar, arandıklarında da kaçarlar.»

Ömer b. Abdi'l-Azîz (R.A.), Hasan-ı Basrî'ye yazdığı mektûbta: «Bundan sonra Allahu Teâlâ'nın emirlerine sarılmakta bana yardımcı olabilecek kimseleri bana bildir.» dedi. Hasan-ı Basrî: «Dîn adamları sana gelmez, Dünyâ adamlarını da sen istemezsin. Sen kendine arkadaş olmak için şerefli insânları ara, çünkü onlar şereflerini hıyânet pisliğiyle lekelemek istemezler.» diye cevâp verdi.

Bu konuşulan, zamânın en iyi devlet reisi ve en zâhid bir adamı olan Ömer b. Abdi'l-Azîz gibi bir zât hakkındadır. Dîn adamlarının bundan da kaçınması şart olduğuna göre, başka pâdişahları arayıp onların aralarına girmek nasıl doğru olur? Halbuki Hasan-ı Basrî, Sevrî, İbn Mübârek, Fudayl, İbrâhîm b. Edhem, Yûsuf b. Esbat gibi eski büyük ve kâmil âlimler, Mekke, Şâm ve diğer memleket âlimlerini dünyâ'ya meylettiklerinden veyâ pâdişahlar arasına girdiklerinden dolayı zemmederlerdi.

FETVÂDAN KAÇINMAK

Âhiret âlimlerinde aranan diğer husûsiyetlerden biri de, soruldukta fetvâ vermekte acele etmemek, ağır almak ve kurtuluş yolunu aramak için çekingen davranmaktır. Eğer sorulan suâli, Kur'ân veyâ Hadîs'in sarahatinden, icmâ' veyâ açık kıyâs'dan biliyorsa cevâ-

bını verir, yok eğer şübhe ettiği bir şeyden sorulmuşsa : «Bilmem» der. Eğer kendi ictihâd ve tahmini ile zannettiği bir şeyden soruluyorsa ihtiyâtî tedbir olarak, var ise daha iyi bilene havâle eder. Akıllılık, bu anlattığımızdır. Çünkü ictihâd tehlikesini yüklenmek büyük iştir. Haber'de şöyle gelmiştir :

«اَلْعِلْمُ ثَلَاثَةٌ : كِتَابٌ نَاطِقٌ ، وَسُنَّةٌ قَائِمَةٌ ، وَلَا أَدْرِى»

«İlim üçtür : Konuşan kitâb, yerleşen sünnet, üçüncüsü de bilmem demektir.» (149)

Ş a ' b î diyor ki : «Bilmem demek, ilmin yarısıdır. Bilmediğinde Allah için sükût edenin alacağı mükâfat, konuşandan az değildir. Zira nefsine en ağır gelen cehâleti kabûl etmektir.» Sahâbenin (R.A.) ve ilk âlimlerin davranışı böyle idi. A b d u l l a h b. Ö m e r'den fetvâ istendiği zamân : «İnsânların işlerini boynuna alan, şu emir'e git de bu mes'eleyi onun boynuna geçir.» derdi. İ b n M e s ' ü d (R.A.) : «İnsânların her suâlini cevâplandıran, ahmaktır.» derdi. Yine İ b n **M e s ' ü d (R.A.) : «Âlimin** kalkanı [korunma silâhı] «bilmem» dir. Eğer kalkanı kullanmakta hatâ ederse, hasmının silâhına hedef olur» demiştir. İ b r â h î m b. E d h e m diyor ki :

«Şeytan'ın en çok gücüne giden şey, âlim'in bâzı mes'elelerde konuşup bâzılarında sükût etmesidir. Şeytân der ki : «Şuna bakın, bunun bu sükûtu yok mu, konuşmasından benim için, çok daha fenâdır.»

Bâzıları **abdâl** denilen zümreyi şöyle anlatır : Yemeleri çok şiddetli ihtiyâç ânında, uyumaları yine şiddetli galebe ânında, konuşmaları ise zarûret hâlindedir. Yâni iyice acıkmadan yemez, uykuları gelmeden uyumaz, mecbûriyet olmadıkça konuşmaz, ve sorulmadan cevâb vermezler. Soruldukta başka cevâb verecek varsa sükût ederler, o da yoksa o zamân cevâb verirler. Sorulmadan söze başlamayı, sözde, gizli şehvet sayarlardı.

H a z r e t - i A l i ile A b d u l l a h (b. A b b a s) (R.A.), insânlara sözlerini dinleten birine rastladılar. (Biraz dinledikten sonra) «Bu adam, diliyle kendini tanıtmak istiyor.» dediler. Bâzıları da : «Hakiki âlime bir mes'ele soruldukta (cevâbın çetinliğini düşünerek) dişi (yeni çekilen) adamın vaziyetini alır.» demişlerdir. İ b n Ö m e r (R.A.) (leh'te fetvâ isteyenlere) «Üzerimizden geçip cehennem'e gitmek için bizi köprü yapmak mı istiyorsunuz?» derdi. E b û H a f s - ı N î s â b û r î : Hakiki âlim, suâli cevâplandırırken, kı-

yâmette "bu cevâbı nereden buldun" diye sorulacağından korkan zât tır.» demiştir. İbrâhîm-i Teymî kendisine bir mes'ele sorulduğu zamân ağlar ve: «Başkâsını bulamadınız da bana mı muhtâç oldunuz?» derdi. Ebû'l-Âliye, er-Riyâhî, İbrâhîm b. Edhem ve Süfyân-ı Sevrî, ancak iki-üç kişi veyâ sayıları bunu geçmeyen kimselerle konuşurlar ve cemâat çoğalınca dağılırlardı. Bizzât Peygamberimiz bile: «Bilmem» demiştir.

«مَا أَدْرِي أَعُزَيْرٌ نَبِيٌّ أَمْ لَا، وَمَا أَدْرِي أَتُبَّعٌ مَلْعُونٌ أَمْ لَا، وَمَا أَدْرِي ذُو الْقَرْنَيْنِ نَبِيٌّ أَمْ لَا و لماسئل رسول الله صلى الله عليه وسلم عن خَيْرِ الْبِقَاعِ فِي الْأَرْضِ وَشَرِّهَا، قَالَ: لَا أَدْرِي، حَتَّى نَزَلَ عَلَيْهِ جِبْرِيلُ عَلَيْهِ السَّلَامُ، فَسَأَلَهُ فَقَالَ: لَا أَدْرِي، إِلَى أَنْ أَعْلَمَهُ اللهُ عَزَّ وَجَلَّ أَنَّ خَيْرَ الْبِقَاعِ الْمَسَاجِدُ، وَشَرَّهَا الْأَسْوَاقُ»

«Uzeyr'in Peygamber olup olmadığını bilemiyorum, Tübbe'nin mel'ûn olup olmadığını bilemiyorum, Zû'l-Karneyn'in Peygamber olup olmadığını bilemiyorum, buyurdu. Yine bunun gibi: «Oturulacak yerlerin en iyisi ve en fenâsı nerelerdir?» diye soruldukta: «Cebrâil gelinceye kadar Lâedri [bilmem]» diye buyurdu. Cebrâil'e sorunca: o da: Lâedrî [bilmem] dedi. Tâ ki Allahu Teâlâ: "Durulacak yerlerin en iyisi câmiler, en fenâsı sokaklar" olduğunu bildirinceye kadar.» (150)

İbn Ömer (R.A.) on mes'eleden sorulsa dokuz'una sükût eder de ancak birine cevâb verirdi. İbn Abbâs dokuzuna cevâb verir yalnız birinde sükût ederdi. (Hatâya düşmemek için) fakîh lerin: «Bilmem» dedikleri, «Bilirim» dediklerinden çok fazla idi Süfyân-ı Sevrî, Mâlik b. Enes, Ahmed b. Hanbel, Fudayl b. İyâz, Bişr b. Hâris bunlardandır. Abdurrahmân b. Ebî Leylâ diyor ki: «Bu mescid'de (Medîne mescidi) Resûl-i Ekrem'in Ashâbından 120 tânesine yetiştim. Hepsi de kendilerine bir mes'ele soruldukta veyâ bir fetvâ istendikte, bunu başkalarına havâle eder ve cevâb vermek istemezdi. Hattâ birine bir şey soruldukta, onu diğerine

havâle eder. havâleden havâleye tekrâr kendine gelirdi, kimse cevâb vermek istemezdi.»

Rivâyet olundu ki, Ashâb-ı Suffa'dan (151) birine pişmiş koyun kellesi hediye edildi. Son derece darda olduğu hâlde onu yine aç olan diğer arkadaşına, o da diğerine, derken dönüp dolaşıp en evvel verilene geldi. Çünkü en açı o, idi. (Sahâvetin bu derecesine «İsâr» denir. Yâni kendisi muhtâç iken, daha muhtâç olanı tercih etmek demektir.)

Bir de şimdiki âlimlere bak da, işlerin nasıl tamâmen tersine döndüğünü gör. Çünkü şimdi kaçınılması gereken aranıyor, aranması gerekenden kaçınılıyor. Fetvâ vermekten kaçınmanın güzelliğine Peygamber Efendimize müsned olarak bâzı kimselerden rivâyet edilen şu hadîs şehâdet etmektedir: «İnsânlara ancak üç kimse fetvâ verir: Emîr, me'mûr [fetvâ vermekle vazîfelendirilen kimseler], mütekellef [bunların hâricinde kalan kıssacılar.]» Diğer bâzıları, diyorlar ki: Sahâbe-i kirâm dört şeyden kaçınırlardı:

1 — İmâmlıktan.
2 — Vasîlikten.
3 — Emânetçilikten.
4 — Fetvâ vermekten.

Diğer bâzıları «Sahâbelerden fetvâ vermekte acele edenler, ilimleri az olanlar, fetvâ'dan en çok kaçınanlar, ilimleri en çok olup şüphe'den kaçınanlar idi» diye rivâyet etmişlerdir.

Sahâbe-i kirâm ve Tâbi'în beş şey ile uğraşırlardı: Kur'ân okumak, câmi' ve cemâate gitmek, mescidleri imâret, Allahu Teâlâ'yı zikr, ma'rûfu emir, münkeri nehy. Bu da Peygamberimizin şu hadîsine dayanır:

«كُلُّ كَلَامِ ٱبْنِ آدَمَ عَلَيْهِ لَا لَهُ إِلَّا ثَلَاثَةً : أَمْرٌ بِمَعْرُوفٍ أَوْ نَهْيٌ عَنْ مُنْكَرٍ، أَوْ ذِكْرُ ٱللهِ تَعَالَى»

«Âdem oğlunun her sözü kendi aleyhinedir. Ancak emr-i ma'rûf, nehy-i münker ve bir de Allahu Teâlâ'yı zikretmek müstesnâdır.» (152)

(151) Bunlar, bâzan azalıp bâzan çoğalan ve dünyâ ile alâkalarını kesmiş sayılan Sahâbe'nin fakîrlerinden bir cemâattir. Mescid'in sofa'sında otururlar, âdeta bir medrese hayâtı yaşarlardı. Peygamberimizden hadîs öğrenirlerdi. Peygamberimize sadaka gelince tamâmen bunlara gönderir, hediye gelince bir kısmını kendine ayırırdı. Hazret-i Ömer, «Artık vazîfeniz bitti» diyerek bunları dağıtmıştır.

Allahu Teâlâ âyet-i celîle'de:

«لَا خَيْرَ فِي كَثِيرٍ مِنْ نَجْوَاهُمْ إِلَّا مَنْ أَمَرَ بِصَدَقَةٍ أَوْ مَعْرُوفٍ أَوْ إِصْلَاحٍ بَيْنَ النَّاسِ»

«Onların çok sözlerinde hayır yok, ancak sadakayı emreden, ve yâ ma'rûfu emreden veyâ insânlar arasında arabulucuk yapanın konuşmalarında hayır vardır.» (4 - Nisâ: 114) buyurmuştur.

Bir zât (Nasr b. Ali el-Cuhzumî) Kûfe'li, müctehid fetvâcılardan birini (Halil b. Ahmed'i) rüyâsında gördü ve: «İctihâd ve fetvâlarından ne fayda gördün.» diye sordu. O zât suratını ekşiterek yönünü çevirdi ve: «Onlardan bir kâr görmedik» dedi.

İbn Hassîn: «Fetvâcılardan biri öyle mühim mes'elelere tek başına cevâp vermeğe kalkışırdı ki, eğer o mes'ele Ömer b. Hattâb (R.A.)'dan sorulaydı, Bedir'de bulunan bütün zâtları bir araya toplamadan ona cevâb vermezdi.» demiştir.

Sükût, ilim sâhiplerinin husûsiyetidir. Nitekim Peygamber Efendimiz:

«إِذَا رَأَيْتُمُ الرَّجُلَ قَدْ أُوتِيَ صَمْتًا وَزُهْدًا فَاقْتَرِبُوا مِنْهُ فَإِنَّهُ يُلَقَّنُ الْحِكْمَةَ»

«Zühd ve sükût sâhibini bulduğunuzda ona yaklaşın. Çünkü o, hikmet sâhibidir.» (153) Buyurmuştur.

Denildi ki: Âlimler iki kısımdır.

1) Helâl ve harâmı ayıran avâm âlimleri. Bunlar sultânların âlimleridir. (Diğer nüshâda «SALÂTİN» yerine «ESÂTİN» vardır. Buna göre mescidlerin direk âlimleri, yâni kürsü hocaları demek olur.)

2) Tevhîd ve kalb işlerini bilen havass âlimleri. Bunlar da insânlardan ayrılmış, tek başına zâviye [bucak] âlimleridir.

Denildi ki: Ahmed b. Hanbel gibiler, Dicle nehrine

benzer. Herkes ondan avuç avuç alabilir. Ama Bişr b. Hâris gibiler de üzeri kapalı, tatlı kuyu suyuna benzer. Oradan toplu hâlde değil, teker teker su alınır. Onlar: «Falan zât âlim, falan konuşur, falan daha çok konuşur, falan çok amel eder» diye âlimleri tasnif ederlerdi. Ebû Süleyman Dârânî: «Ma'rifet, konuşmaktan daha çok sükûtta bulunur.» demiştir. Yine denildi ki: İlim olan yerde söz azalır, lâfı uzatanın ilmi az olur.

Selman, Peygamberin kendisine kardeşlik ettiği Ebû'd-Derdâ'ya yazdığı bir mektûbta: «Hastaları tedâvi için tabâbete başladığını öğrendim. Gerçek tabîb isen öğüdüne devâm et. Çünkü söz'ün şifâdır. Yok eğer uydurma tabîb isen Allah'tan kork, Müslümânların kanına girme.» demiştir. Ebû'd-Derdâ, bu mektûbtan sonra sorulan suâllere cevâb vermekten kaçınırdı. Enes (R.A.) bir mes'ele kendisinden sorulduğu zamân «Büyüğümüz Hasan-ı Basrî'ye sorun.» derdi. İbn Abbâs, kendisinden sorulunca, Zeyd'in oğlu Hâris'e İbn Ömer (R.A.) ise Sa'd b. Müseyyeb'e havâle ederdi.

Hikâye olundu ki: «Hasan-ı Basrî'nin meclisinde Ashabdan bir zât yirmi kadar Hadis okudu. Hadisler'in şerhi kendisinden istenince: «Ben ancak bildiğimi okurum, başka bir şey anlamam.» demesi üzerine, Hasan-ı Basrî, yirmi Hadîs'in teker teker îzâhını yaptı. Herkes onun bu ilmî îzâhına ve Hadisleri birden ezberlemesine hayran olduğu gibi, Sahâbî, bir parça kum alıp oradakilere attı ve: «Aranızda böyle bir dehâ var iken benden mi soruyorsunuz?» dedi.»

Âhiret âlimlerinin alâmetlerinden biri de, en çok ehemmiyet verdikleri ilm-i bâtın [Allah bilgisi, mârifet], kalb murâkabesi, âhiret yolu ve bu yolun yolcusu olmak için gerekli bilgiler ve bu bilgilerin gelişmesi için ciddî mücâhede ve murâkabe olmalıdır. Zira mücâhede, müşâhedeye ulaştırır. İlimlerin inceliklerinden kalbe hikmet nûrları dökülür. Kitâblar ve kitâblarla öğrenilen ilimler bunu sağlayamaz. Ölçü ve tartıya sığmayan hikmet kapûsu kalbde, mücâhede, murâkabe (Şerî'at kanûnları gereğince) zâhirî ve bâtınî amelleri îfa, temiz düşünce ve huzûr-u kalb ile tenhâlarda Allah'ı zikretmek ve maddiyât ile alâkasını kesip bütün varlığı ile Allah'a bağlanmak ile açılır. İşte Keşf'in kaynağı, ilhâm'ın anahtarı budur. Çok talebeler var, uzun zamân okudukları hâlde duyduğundan fazla bir kelime konuşmağa muktedir olamaz. Çok mühim ilimleri öğrenmekle kalıp, ameli arttırıp kalbi murâkabe edenler var ki, akıl sâhiblerini hayrete düşürecek şekilde, hikmet'in incelikleriyle Allahu Teâlâ gönüllerini açar. Bu sebebdendir ki Peygamber Efendimiz:

www.ihya.org

«مَنْ عَمِلَ بِمَا عَلِمَ وَرَّثَهُ اللهُ عِلْمَ مَالَمْ يَعْلَمْ»

«Bildiği ile amel edene, Allahu Teâlâ bilmediğini de bildirir.» (154) Buyurmuştur.

Geçmiş Peygamberlere inen kitâbların bâzısında şöyle yazar: «İlim, gökdedir, kim indirecek onu? Yerin altındadır, kim çıkaracak onu? Denizlerin ardındadır, kim getirecek onu? demeyin, ilim, sizin kalbinizdedir. Benim mâ'nevî huzûrumda melekler gibi terbiyeli, sıddîklar gibi ahlâklı olun ki, sizi kaplayacak şekilde, kalbinizdeki ilim parlasın.» Abdullah Tüsterî: «Âlimler, âbidler ve zâhidler kalbleri kapalı olduğu hâlde dünyâ'dan göçer, kalbi açılanlar ancak sıddîklar ve şehîdlerdir.» dedikten sonra Allahu Teâlâ'nın:

«وَعِنْدَهُ مَفَاتِحُ الْغَيْبِ لَا يَعْلَمُهَا إِلَّا هُوَ»

«Gayb'ın anahtarları ondadır, gaybı ancak o bilir.» (6 - En'am: 59)

Âyet-i celîlesini okumuştur. Eğer bâtın ilmi ile nûrlanmış kalblerin anlayışı ilm-i zâhir'e hâkim olmasaydı Peygamber Efendimiz:

«اِسْتَفْتِ قَلْبَكَ وَإِنْ أَفْتَوْكَ وَأَفْتَوْكَ وَأَفْتَوْكَ»

«Sana müftüler, her ne kadar fetvâ verseler de sen yine kalbine danış.» buyurmazdı.

Bir kudsî Hadis'de Peygamber Efendimiz:

«لَا يَزَالُ الْعَبْدُ يَتَقَرَّبُ إِلَيَّ بِالنَّوَافِلِ حَتَّى أُحِبَّهُ ، فَإِذَا أَحْبَبْتُهُ كُنْتُ سَمْعَهُ الَّذِي يَسْمَعُ بِهِ»

«Kulum, nâfile ibâdetlerle, ben onu sevinciye kadar bana yakla-

www.ihya.org

şır ve hattâ sevgime mazhar olur. Ben de onunla görür, kulumu sevdiğim zamân onun gözü olurum.» (155)

Buyurmuştur. Tefsîr kitâblarının anlayamadıkları, büyük müfessirlerin bilemedikleri Kur'ân'ın nice ince mânâları var ki onlar, zikr ve fikir ile uğraşan kalblere doğar. Kendini murâkabe eden mürîd'e bu mânâlar ilham olunup da, bunları müfessirlere sundukları zamân, (insâflı) müfessirler onları beğenirler ve temiz kalb'in vâridâtı ve Allahu Teâlâ'ya teveccüh eden himmetlerinin karşılığı olarak, Allahu Teâlâ'nın onlara bir lûtfu olduğunu anlarlar. Mükâşefe ilimlerinde, muâmele ilminin inceliklerinde ve kalbe geçen inceliklerde de hâl böyledir. Bu ilimlerin her biri, derinliklerine inilemiyen birer deryâdır. Herkes, ancak kendisine rızk edilen miktâr ve Rabbinin tevfik ettiği güzel amel nisbetinde bu ilimlere dalabilir. Hazret-i Ali, uzun bir hadîs'inde, bu gibi âhiret ilimlerini tavsif ederken şöyle buyuruyor :

«Kalbler, kaplardır; kapların iyisi, iyiliklere kap olandır.»

«İnsânlar üç'e ayrılır. Allah'ı bilenler, kurtuluş için okuyanlar, üçüncü kısmı da değersiz, âdi kimselerdir. Her haykıranın ardına takılır, her rüzgâr ile eğilir, ilim nûru ile aydınlanmaz, sağlam dala yapışmazlar. İlim, mâldan hayırlıdır. Çünkü ilim seni korur, mâlı sen korursun, ilim, okutmakla artar, mâl, harcamakla tükenir. Hayâtta iyi ameller kazanmak, ilim sâyesinde olduğu gibi, öldükten sonra da iyi hâtıraları yaşamak, yine ilim sâyesinde mümkündür. İlim hâkim, mâl, mahkûmunaleyhdir. Mâlın menfa'ati, kişinin ölümü ile çok olur. Haznedarlar ölür hazineleri ortada kalır. Fakat âlimler, dünyâ durdukça yaşarlar.» Sonra uzun bir nefes aldı ve: «Dikkat et, eğer ehlini bulsaydım, benim göğsümde geniş ilim vardır. Ne yazık ki istekliler ya îtimatsız kimselerdir. Dini, dünyâ menfaatine âlet eder ve ilâhî ni'metler ile Allah'ın velîlerine, öğrendiği delîller ile de onun kullarına karşı üstünlük taslamak ister. Veyâ hakîkat ehline uyar fakat (hakîkati teşhîsten âciz olduğu için) ilk nazarda kalbine şüphe tohumu ekilir. hangi taraftan olacağını seçemeyecek derecede basîret sâhibi olmayan, dünyâ lezzetlerine düşkün şehvetlerinin peşinden akıp giden, yâhut da bunlar, daha ziyâde dünyâlık peşinde, mal yığmak hevesine uyan kimselerdir. Bunlar daha ziyâde kırlardaki hayvânlara benzerler. Allah'ım, işte böyle hâmillerinin ölmesiyle ilim de sönüp gidecektir. Yine de yeryüzü, ilâhî hükümlerini koruyanlardan boş kalmaz. Bunlar, ya herkesin görebileceği şekilde âşikâre bulunurlar, veyâ Allahu Teâlâ'nın hüccetlerini korumak için gizli kalmağı tercih ederler. (İbn Kayyım : «Bu cümlenin aslı yok, yalancı râfizîlerin uydurma ve eklemesidir»

(155) Buhârî ile Müslim, Ebû Hureyre'den.

www.ihya.org

der.) Çünkü Hilye'de bu cümle yoktur. Çünkü ilâhî hüccetler gizlilik ile korunmaz. Bunlar nerede bulunur. Çünkü bunların sayıları az, kıymetleri ise yüksektir. Zâtları gizli fakat, hâtıraları gönüllerdedir. Allahu Teâlâ, hüccetlerini onlarla korur. Hattâ onlar kendilerinden sonra gelenlere, bu hüccetleri emânet eder ve kalblerine yerleştirirler. İlim, olduğu gibi onlara gider. Rûh-i yakîn'e ulaşırlar, mülâyim kimselerin sert gördükleri dâhi onlar için yumuşak olur. Gâfillerin vahşî gördükleri şeylerle ünsiyet ederler. Rûhları âli makamlarla alâkalı olan bedenleriyle dünyâ'ya sâhip olurlar. İşte bunlar, yeryüzünde Allah'ın dostları ve âmilleri olup i'timâdına mazhar olmuşturlar. Dînine dâvet ederler.» Sonra ağlayarak: «Benim heves ettiğim işte bunlardır» dedi. Bu son anlattığı âhiret âlimlerinin evsâfıdır. Bunun ekserisi amel ve mücâhede ile elde edilir.

Âhiret âlimlerinin âlâmetlerinden biri de Yakîni kuvvetlendirmeğe ehemmiyet vermesidir. Dîn sermâyesinin başı «Yakîn» dir. Peygamber Efendimiz:

«اَلْيَقِينُ الْإِيمَانُ كُلُّهُ»

«Yakîn, îmân'ın bütünüdür.» (156) Buyurmuştur.

Yakîn ilminin evveliyâtını öğrenmek lâzımdır, ki ondan sonra insâna Yakîn'in yolu açılır. Bu sebebden Peygamber Efendimiz:

«تَعَلَّمُوا الْيَقِينَ»

«Yakîni öğrenin.» (157) Buyurmuştur.

Yâni yakîn sâhipleriyle buluşun, onlardan yakîni öğrenin de, hâl ve gidişlerinde onlara uyun ki, onların yakîni kuvvetlendiği gibi sizin de kuvvetlensin. Yakîn'in azı, amelin çoğundan iyidir. Peygamber Efendimiz'e, yakîni kuvvetli günâhı çok, yakînî az ameli çok olan iki kişiden sorduklarında:

«مَا مِنْ آدَمِيٍّ إِلَّا وَلَهُ ذُنُوبٌ»

«Günâhsız insân yoktur.»

(156) Beyhakî, İbn Mes'ûd'dan.
(157) Ebû Nuaym.

www.ihya.org

Buyurmuştur. Fakat yaradılışta aklı olup yakini olan kişiye günâh zarar vermez. Çünkü her günâhın akabinde tevbe eder, istiğfâr eder günâhları mahv olarak yalnız kendini cennete götürecek fazileti kalır. Bunun için Peygamber Efendimiz diğer hadis'inde :

« إِنَّ مِنْ أَقَلِّ مَا أُوتِيتُمُ ٱلْيَقِينَ وَعَزِيمَةَ ٱلصَّبْرِ وَمَنْ أُعْطِيَ حَظَّهُ مِنْهُمَا لَمْ يُبَالِ مَا فَاتَهُ مِنْ قِيَامِ ٱللَّيْلِ وَصِيَامِ ٱلنَّهَارِ »

«En az sâhibi bulunduğunuz yakin, ve sabr u azimettir. Bunlardan nasîbini alan için geçmişte tutamadığı oruçlar, kalkamadığı geceler için üzüntü yoktur.»

Lokman'ın oğluna olan tavsiyesinde : «Oğlum, amel ancak yakîn ile yapılır, herkes yakîni nisbetinde amel eder. Amel noksânlığı, yakîn noksânlığından gelir.» demiştir.

Yahyâ b. Muâz er-Râzî : «Tevhîd'in nûru, müşriklerin iyiliklerini yakan şirk ateşinden kuvvetlidir.» dedi ve bu nûr ile «Yâkîn» i murâd etti. Kur'ân-ı Kerîm bir çok âyetlerde yakîn sâhiplerini zikretti ve bununla yakinin ebedî saâdetlere vâsıta olduğuna işâret etti.

YAKÎN'İN MÂNÂSI

Şâyet, anlaşılmayan ve bilinmeyen bir şeyi aramak mümkün değil, bunun için yakîn'in mânâsını, kuvvet ve za'fını evvelâ bildir, ondan sonra aramasiyle meşgûl olayım diye aklından geçirirsen deriz ki:

Bilmiş ol ki, yakîn, iki fırkanın ayrı ayrı mânâlarda kullandıkları bir kaç mânâya gelen bir lâfz'dır.

Nazariyeciler ile kelâmcılar, yakîni şüphe etmemek mânâsında kullanırlar. Zîra nefsin bir şey' tasdîk etmeğe temâyülünün dört makaamı vardır.

KELÂMCILAR VE NAZARİYECİLERE GÖRE YAKÎNİN TARİFİ

1 — Tasdîk ile tekzîbin denk olmasıdır. Buna «ŞEK» derler. Meselâ ahvâline vâkıf olmadığın bir adamın azâb görüp görmiyeceği senden soruldukta, hiç bir tarafına hüküm veremiyeceğin gibi senin için azâb görmesi de görmemesi de mümkündür. Tercîh sebebi olmadığı için buna «ŞEK» denir.

www.ihya.org

2 — Her ikisini de mümkün görmekle berâber, nefsinin bir tarafa meyletmesidir. Meselâ: Her hâliyle iyi tanıdığın bir insan için, bu adam bu hâliyle ölürse azâb görür mü? Diye senden sorulduk-ta - kendisinde salâh alâmetleri görüldüğü için - nefsin, daha çok o adamın mu'azzeb olmayacağına meyleder. Bununla berâber gizli bir hatâsından dolayı azâb göreceğini de düşünürsün. Senin bu düşüncen, o meyline müsâvîdir, fakat onu tercîh etmeni önlemez. Buna da «ZAN» derler.

3 — Hâtırına aksi gelmemek ve gelse de kabûl etmemek üzere, insânın bir şey'i tasdîk'a meyl etmesi ve tasdîk tarafının nefse galebe çalmasıdır. Fakat bu kanâati, kat'î mâlûmâtına dayanmaz. Ancak, bu adam, (birinci ve ikinci kısım olan) şek ile cevâz cihetlerini iyice düşünürse cevâza meyleder ve onu kabûl ederdi. İşte buna da «Yakîne karîb itikat» denir. Yalnız dinlemek sûretiyle kafalarında yerleşen şer'î hükümlerdeki avâmın i'tikadı böyledir. Bu i'tikad kendilerinde o derece yerleşir ki, her mezheb mensûbları, mezheblerinin doğruluğuna ve imâmlarının hakîkati bulduğuna kat'î sûrette inanırlar ve eğer bir tânesine: «İmâm'ının hatâ etmesi mümkündür.» denilse aslâ kabûl etmez.

4 — Hadd-i zâtında şüphesi olmıyan ve kendisinde şüphe edilmiyecek şekilde, sağlam delîlden hâsıl olan mârifettir. Şüphe ve şüphe imkânı karışmıyan i'tikaada kelâm âlimleri ve nazariyecilere göre «yakîn» adı verilir.

Bunun misâli: Aklı başında bir kimseye: «Bu varlıklar arasında kadîm olanı var mıdır?» dendiği zamân, der'akab bunu reddeder ve kabûl edemez. Çünkü kadîm, göz ile görülmez. Zîra, varlıkları göz ile görülen güneş ve ay gibi değildir. Kadîm ve ezelî olan bir şey'in varlığını bilmek, iki sayısının bir sayısından çok olduğunu bilmek gibi zarurî, yâni hiç delîl aramadan ilk nazarda bilinenler gibi değil; belki, sonradan îcad edilen bir şey'in kendi başına olamıyacağını bilmek gibi de değildir. Çünkü bu da zarûridir. (Yâni her akıl sâhibi sonradan meydâna gelen şey'in kendi başına olamıyacağını ve bunun bir mûcidi olduğunu, delîl'e lüzûm göstermeden hemen anlar.) Birdenbire bir kadîmin varlığını kabûl etmekte, aklın tereddüdü tabiîdir. Bundan sonra, bu kadîm'in varlığını bir kısım insanlar kitâblarda okur, ağızlardan dinler, kat'î bir şekilde kabûl eder ve inancında devâm ederler. Bu inanış, avâm'ın inanışıdır. İnsânlardan bâzıları da delîl ile kadîmi bulur. Şöyle ki: Eğer mevcûd bir kadîm olmasa, bütün varlıkların hâdis yâni sonradan var olması lâzım gelir. Eğer bunu böyle kabûl edersek, ya bütün mevcûdât'ın hepsi veyâ bâzısı sebebsiz hâdis olmak lâzım gelir ki, bu muhâldir. Yâni böyle şey ola-

www.ihya.org

maz. Muhâl'e giden her şey muhâldir. O hâlde aklın bir kadîmi kabûl etmesi zarûrîdir. Zira bu mes'ele üç şıkda mütâlâa edilebilir.

1 — Mevcûdât'ın hepsi kadîm,

2 — Hepsi hâdis,

3 — Bâzısı kadîm, bâzısı hâdis.

Eğer hepsi kadîm dersen aranılan bulundu. Çünkü kadîm vardır. Fakat bâzısının hâdis olduğunu yok olmasından anlıyoruz (ki bu dâvâ çürüktür). Eğer hepsi hâdis dersen yukardaki muhâliyet lâzımdır. O hâlde ya üçüncü şık, veya birinci şık tezâhür etmiş oldu. Bu şekilde elde edilen mâlûmata «Yakîn» derler. İsterse delil ile elde edilsin, yukarıda verdiğimiz misâl gibi, isterse havas-sı hamse [beş duygumuz] ile bilinsin: Güneşi, ayı görmemiz gibi. İsterse akıl ile idrâk edilsin [anlaşılsın], sebebsiz bir şeyin var olamıyacağı gibi. İsterse tevâtür eden haber ile bilinsin «Mekke»nin varlığını bilmek gibi. İsterse tecrübe ile bilinsin SEKOMONYA'nın müshil olduğunu bilmek gibi. İsterse delil ile olsun, yukarda anlattığımız gibi. Bunlar'a göre bir şey'e «Yakîn» adını vermenin şartı, ona şüphenin karışmamasıdır. Bunlara göre şüphe karışmayan her ilm'e, «Yakîn» adı verilir. Bu târife göre «Yakîn» za'iflikle vasıflanmaz. Çünkü şüphe ile zayıflığın farkı yoktur.

FAKÎH VE SÛFÎLERE GÖRE, YAKÎN

İkinci târif, fakîhlerin, mutasavvıfenin bâzı âlimlerin târifidir. Bunlara göre yakîn'de, yukarıda anlatılan, cevâz ve şüpheye aslâ iltifât edilemez. Belki aklında ancak o cihet bulunacak, diğerleri aslâ hâtırına gelmiyecektir. Hattâ bunlara göre, vukû'u muhakkak olan ölümde bile: «Falanca'nın ölüme yakîni zayıftır, hadd-i zâtinde verilmemesi de mümkün görülen rızkın verileceğine, falanca'nın yakîni kuvvetlidir.» denebilir. (Yâni «Yakîn», kuvvet ve za'f ile vasıflanır.) Ne zaman ki, gönlü bir şey'i tasdîk'e meyleder ve bu meyl, diğer cepheleri atarak kalbinde kuvvetlenir ve kalbi tamâmen kuşatırsa, işte o zamân «Yakîn» adını alır. Şüphe yok ki, ölüm'ün mutlaka geleceğine, ve bunda aslâ şek olmadığına insânlar hemfikirdir. Fakat kimi ona iltifât etmez, onun için hazırlanmaz, sanki buna inanmamış gibi olur. Kiminin de bu inancı kalbini sarar, bütün gayretini ölüm için hazırlanmağa bağlar ve başka işlere zamân ayırmaz. İşte buna da «Kuvvetli Yakîn» adı verilir. Bu sebebten bâzı ârifler: «Kendisinde yakîn bulunmıyan şüpheye, kendisinde şüphe olmayan yakînlerden en çok benzeyen ölümdür.» dediler. (Yâni vukû'u muhakkak ve mutlak olan ölüm için insânların hazırlanmaması, onu şüpheli gibi gösteriyor. Ve şüpheli olan şeylere benzetiyor.)

www.ihya.org

İşte bu târife göre «Yakîn», za'f ve kuvvet ile vasıflanabiliyor.

Biz: «Âhiret âlimlerinin nişânı, yakînlerini kuvvetlendirmeğe gayret etmeleridir.» dediğimizde, evvelâ şekki atıp sonra kalbi kaplayıp kalbi iyice hâkimiyyetine alan bir yakîn elde etmek mânâsını kasd ediyoruz.

Bu izâhı anladıkdan sonra, bizim «Yakîn»; kuvveti, za'fı, çokluğu - azlığı, gizliliği - âşikârlığı bakımından üç'e ayrılır, dediğimiz zamân kuvvet ve za'f'ın ayrılması ikinci (Mutasavvıfe'nin) târifine göre olduğunu bilirsin. Bu da, cevâz şekk'e i'tibâr etmeden yalnız o cebhe'nin, kalbi, tamâmen kaplaması bakımındandır. Bu mânâda yakîn'in kuvvet ve za'fı sonsuzdur. Ve insânların ölüm için hazırlanmaktaki ayrılıkları, yakîn'in bu mânâdaki farklı oluşundan meydâna gelir. Ama birinci târife göre, yakîn'in, gizlilik ve aşikârelik bakımından farkı inkâr edilemez. İmdi (birinci târif'in ikinci makaamı olan) cevâz'ın kendisine ârız olması bakımından ortaya çıkan gizlilik ve aşikâreliği, yine tasavvuf târifine göre inkâr edilemez. (Birinci târif'in üçüncü makamına göre) şekk'in (şübhe) izâlesi bakımından da gizlilik ve açıklığın inkârına yol yoktur. Çünkü iki tarafı da tevâtür'e dayandığı ve hiç birinde şüphe etmediğin hâlde «Mekke» ile «Fedik» in, «M ü s a» aleyhi's-selâm ile «Y ü ş a'» nın varlığı arasındaki ilminde fark bulur ve birincileri daha vâzıh bilirsin. Yine bunun gibi, delîller ile uğraşan nazariyecilerde de bu fark vardır. Şüpheyi kaldırmakta ikisi de bir olmakla berâber bir delil ile isbât ettiği, bir kaç delil ile isbât ettiği kadar aşikâre değildir. Bu böyle olmakla berâber, ilmi, kitâb ve işitmekle elde eden bâzı kelâmcılar, aradaki farkı düşünmek için nefsine baş vurmadan bunu inkâra kalkışırlar.

Azlık ve çoklukla ayrılığa gelince: Bu da yakîn ile alâkalı şeylerin çokluğu ve azlığı iledir. Meselâ: Falan adam, falancadan daha âlimdir, yâni ilmi daha çoktur, denildiği gibi, bunun için yâni ilmi çok olduğu için bâzı âlimlerin şer'i hükümlerin hepsinde yakîni daha kuvvetli, bir kısmının da bâzı hükümlerde yakini daha kuvvetli olur.

YAKÎN'İN ARANACAĞI YERLER

Eğer, evet, şüpheyi atmak ve kalbi kaplaması bakımından yakîn'in kuvvet, za'f, azlık - çokluk, gizlilik ve açıklığını anladın. Fakat yakîn'in taallûkunu, yolları ve aranacağı yerleri bilmiyoruz. Bunları bilmeden yakîn'i arayamayız dersen:

Bilmiş ol ki, Peygamberlerin getirdikleri her şey, yakîn'in mecrâlarıdır. Zîra yakîn, (sâhibinden şek ve şüpheyi kaldıran) husûsi bir ilimdir. Taallûk ettikleri de şerî'at'ın getirdiği ilimlerdir ki, bunları

www.ihya.org

saymak mümkün değil, ancak asılları sayılan, bâzı mühimlerine işâret edeyim:

1 — **Tevhîd** : Yâni her şey'i, Allah'dan bilmek. Diğer vâsıtalara **değer** vermeyip bütün bunları Allahu Teâlâ'nın emrinde musahhar ve hükümsüz tanımaktır. İşte böyle bir inancı olan «yakîn» sâhibidir. Eğer îmân ile berâber kalbinden şüphe imkânı kaybolursa iki mânânın biriyle yakîn sâhibi olur. Eğer îmân ile berâber, vâsıtalara kızmak, teşekkür etmek gibi hâlleri kaldıracak ve vâsıtaları teşekkür ve gazabda, hiç bir dahli olmadan, kalem ve el seviyesine indirecek şekilde kalbin de kuvvetlenirse, ikinci mânâda «Yakîn» sâhibi olur. Bu makaam: Yakîn'in en şerefli makaamı, birinci yakîn'ın semeresi, rûhu ve faydasıdır.

Kalemi kâtibin emrinde bildiği gibi; Güneş, Ay, yıldız, ot, canlıcansız herşey, Allahu Teâlâ'nın emrinde olup, hepsinin kaynağı kudret-i ezeliyye olduğunu hakkıyle bildiği zamân (Yakîn'in dokuz makaamından üç'ü olan) **Tevekkül, Rızâ, Teslîm** kendisini kaplar, **Gazab, Hıkd, Hased** ve kötü huylardan emîn olur. İşte yakîn yollarının biri budur.

Yakîn'in faydalarından biri: Allahu Teâlâ'nın:

« وَمَا مِنْ دَابَّةٍ فِي الْأَرْضِ إِلَّا عَلَى اللهِ رِزْقُهَا »

«Yer yüzündeki bütün yürüyen canlı varlıkların rızkı, Allah üzerinedir.» (11 - Hûd : 6) Buyurduğu, rızka kefîl olduğuna tevekkül [güven] ve kendisi için takdîr edilenin kendisine geleceğine yakîn, bunlardan doğar. Bunlar, kalbinde ne kadar kuvvetlenirse, rızk'ını o nisbette güzel yollardan arar, hırsı, tama'ı azalır ve kaybettiğine üzülmez. Bu yakîn'in sağladığı iyi neticelerden biri de tâ'at ve 'ibâdet ile güzel ahlâkdır.

«Zerre kadar iyilik eden mükâfatını, zerre kadar fenâlık edenler cezâsını göreceğini.» kalbine yerleştirmek de bu yakîn'in alâmetlerindendir. Bu da sevâb ve azâb'a yakîn'i ifâde eder. Tokluğu ekmekde bildiği gibi; sevâbı tâ'atte, helâki zehirde, zehirli yılanlarda bildiği gibi; azâbı günâhda bilir de, açlığını gidermek için ekmeğini elde etmeğe ve onu korumağa çalışdığı gibi, tâ'at ve ibâdet'in de azını çoğunu korur ve onu elde etmeğe gayret eder. Zehir'in azından çoğundan kaçındığı gibi, günâhın da küçüğünden büyüğünden, azından ve çoğundan kaçınır.

Birinci mânâda yakîn, bütün mü'minlerde bulunur. Fakat ikinci mânâdaki yakîn, ancak mukarreblerde [Allah'a yakın olanlarda]

www.ihya.org

bulunur. Bu yakîn'in faydası: Harekât, sekenât ve hâtıralarında kendisini doğru murâkabe etmek, tekvâda ileri gitmek ve her türlü fenâlıktan sakınmaktır. Yakîn, ne kadar kuvvetli olursa, fenâlıktan kaçınmak iyiliğe baş vurmak o nisbette çok olur. Her hâlini Allahu Teâlânın bildiğini, gönlünden geçenleri, gizli hâtıra ve düşüncelerini müşâhede ettiğini bilmek de bu yakîndendir. Birinci mânâsiyle, yâni şüphe etmemek bakımından, her mü'minde bu yakîn vardır. Ama ikinci mânâsiyle, ki asıl aranan da budur. Bu mânâda yakîn sâhibi pek azdır; ancak sıddîklarda bulunur. Bunun da neticesi: Kendisinin Pâdişah hûzurunda takındığı tavır gibi, tenhâ yerlerde de (Allah huzûrunda olduğunu düşünerek ona göre) terbiyesini takınmasıdır. Hakîkaten, bu gibi yakîn sâhipleri tenhâlarda da edeb'e riâyet eder ve her nevi kötü hareketlerden çekinir. Bâtınî düşünceleri, zâhirî hareketlerine uyar; içi-dışı bir olur. Zâhirini insânlar gördüğü gibi, kalbini de Allahu Teâlâ'nın gördüğünü bildiği zamân, Allahu Teâlâ'nın bakdığı kalbini, insânların gördüğü dış görünüşünden daha iyi temizler ve süsler. Yakîn'in bu makaamı, **Hayâ** [utanma], **Havf** [korku], **İnkisar** [kırıklık], **Zillet** [kendini küçük görme], **İstikâne** [alçak gönüllülük], **Huzu'**, **Tevazu'** ve benzeri iyi hûyları doğurur. Bu iyi hûylar da, üstün tâ'atler yapmağı te'min ederler.

Hülâsa: Bütün bu mânâlarıyle yakîn, büyük bir ağaç gibidir. Kalbdeki bu ahlâklar da, o ağacın dalları, bu ahlâklardan meydâna gelen tâat ve ibâdet de, o dalların meyveleri gibidir. Yakîn, bunların aslı ve esâsıdır. Onun burada saydığımızdan çok fazla kapuları ve yolları vardır. İnşallah, **«Rub'-ı Münciyât»** yâni 4 üncü ciltte tafsilâtıyla anlatılacaktır. Yakîn'in mânâsından şimdilik bu kadarı kâfidir.

Âhiret âlimlerinde aranan alâmetlerden biri de: Dâima mahzûn, münkesir, baş önc eğik olmak ve sükût etmektir. Allahu Teâlâ'dan korktuğunu kıyâfetinde, elbisesinde, ahlâkında, işinde, duruşunda, konuşmasında, ve sükûtünde belli etmelidir. Ona her bakan Allahu Teâlâ'yı hatırlamalı, görünüşü, ilmine şehâdet etmeli. Merd insanın yüz'ü, âyînesidir. Âhiret âlimleri vakar, zillet ve alçak gönüllülükleriyle sîmâlarından bilinirler. Denildi ki: Allahu Teâlâ'nın kullarına giydirdiği elbisenin en güzeli, ağır başlılık içinde tevâzu' elbisesidir. Bu, Enbiyâ kisvesi, sâlihler, sıddîklar ve âlimler sîmâsıdır.

Ama yığın yığın sözler, ağızı yayarak konuşmalar, bol bol gülüşmeler, konuşma ve harekette aceleler, hepsi küfran-i ni'met, ve Allah'ın azâbından emîn olmaktan ileri gelir. Bu gibi hareketler, Allah'ı bilen âlimlerin değil, dünyâ'ya bağlanan gâfillerin âdetidir. Çünkü Abdullah Tüsteri'nin (R.A.) dediği gibi âlimler üç kısımdır.

www.ihya.org

1 — Allahu Teâlâ'nın emirlerine âlim, eyyâmına âlim değil; bunlar, helâl-harâm müftüleridir, ki bu ilim, haşyet denen iç korkusunu sağlamaz.

2 — Emrini, eyyâmını bilmez, yalnız Allah'ı bilir. Bunlar da umûm müslümânlardır.

3 — Allahu Teâlâ'yı da, emrini de, eyyâmını da bilir ki, sıddîklardır. Haşyet ve huşu' ancak onlarda tecelli eder. Tüsterî: «Eyyâm» demekle, geçmiş ve gelecek insânlara Allahu Teâlâ'nın verdiği gizli ni'metlerini ve 'ukûbetlerini kasdetmiştir. Kim bunları anlarsa, korkusu çoğalır, huşû'u belli eder.

Hazret-i Ömer (R.A.): «İlim öğrenin, ilimle berâber ağır başlılığı, yumuşaklığı da öğrenin, hocalarınıza karşı alçak gönüllü olun, sizden öğrenenler de size böyle olsun. Sakın, âlimlerin kibirlilerinden olmayın, çünkü böyle olursanız, ilminiz, cehlinize üstün gelemez.» Denildi ki; Allahu Teâlâ kime ilim verirse ilmin yanında hilm'i tevâzu'u, ve güzel huyu da ona verir. İşte faydalı ilim de böyle olanıdır. Eserde: Vârid oldu ki, «Kime, ilim, zühd, tevâzu' ve güzel ahlâk verildi ise o kimse müttekîler'in imâmıdır.» Hadîs'de şöyle buyuruluyor:

«إِنَّ مِنْ خِيَارِ أُمَّتِي قَوْمًا يَضْحَكُونَ جَهْرًا مِنْ سَعَةِ رَحْمَةِ ٱللهِ ، وَيَبْكُونَ سِرًّا مِنْ خَوْفِ عَذَابِهِ . أَبْدَانُهُمْ فِي ٱلْأَرْضِ وَقُلُوبُهُمْ فِي ٱلسَّمَاءِ ، أَرْوَاحُهُمْ فِي ٱلدُّنْيَا وَعُقُولُهُمْ فِي ٱلْآخِرَةِ . يَتَمَشَّوْنَ بِٱلسَّكِينَةِ . وَيَتَقَرَّبُونَ بِٱلْوَسِيلَةِ »

«Ümmet'imin iyilerinden bir cemâ'at var ki, ilâhî rahmet'in genişliğinden açıkda gülerler, azâbının korkusundan da gizli yerlerde ağlarlar, bedenleri yerde, gönülleri göklerdedir, rûhları dünyâ'da akılları ise âhirettedir, yürümeleri vakar ile buluşmaları ise sebebledir.» (158)

Hasan: «Hilm ilm'in veziri, rıfk babası, tevazu' ise gömleğidir.» demiştir.

(158) Hakîm ve Beyhakî, 'Iyad b. Süleyman'dan.

Bişr b. Hâris: «İlmiyle riyâset isteyen, Allahu Teâlâ'ya düşmânlıkla yaklaşır. Yerde ve gökde sevilmez.» demiştir. İsrâiliyyâtta denilmiştir ki: «Bir hakîm [Feylesof] hikmet'e dâir üçyüz altmış eser yazdı da ancak hakîm unvânını aldı. Allahu Teâlâ o zamânın Peygamberine vahy etti: «O adam'a söyle, yer yüzünü, boş sözlerle doldurdu. Bunlardan hiç biriyle benim rızâmı düşünmedi. Ben onun bu hezeyânlarının hiç birini kabûl etmem.» Bu haberi alan hakîm yaptığına pişmân oldu ve bu işi terk etti. İnsânlar arasına girdi, sokaklarda yürüdü ve tevâzu' göstermeğe başladı. Bunun üzerine Allahu Teâlâ Peygamberine, «Şimdi rızâmı kazanmıştır.» diye, haber verdi.»

Evza'î (R.A.), Bilâl b. Sa'd'den rivâyet ederek Bilâl'in şöyle dediğini bildiriyor:

«Sizden biriniz Şartî'lere bakar ve Allahu Teâlâ'ya sığınır, buna karşılık riyâseti seven, bunun için elden gelen gayreti sarfeden dünyâ âlimlerine bakar, ona hiç kızmaz. Halbuki o, şartîden de daha çok ve asıl kızılacak olan bu gibi âlimlerdir. Rivâyet olundu ki:

«Peygamber Efendimize:

— Hangi amel daha efdâldir? Diye soruldu. Peygamber Efendimiz:

— Harâmdan kaçınmak. Harâmdan uzaklaşdıkça, zikru'llah'ın tadını ağzında bulur. Allahı çok anarsın.

— Hangi arkadaş daha hayırlıdır? Peygamber Efendimiz:

— Unuttuğunda Allah'ı hâtırlatan, Allah'ı andığında sana yardımcı olandır.

— Fenâ arkadaş hangisidir? Peygamberimiz:

— Unuttuğun zamân Allah'ı hatırlatmayıp, hatırladığında da sana yardımcı olmayanlardır.

— İnsanların en âlimi kimdir? Peygamber Efendimiz:

— Allahu Teâlâ'dan en çok korkanıdır.

— En hayırlımızın kim olduğunu bize bildir ki onunla düşüp kalkalım. Peygamber Efendimiz:

— Görüldüğünde Allah'ı hatırlatan kimsedir.

— İnsânların en fenâsı kimdir? Peygamber Efendimiz:

— Allah'ım, sen mağfiret eyle. Onlar ısrârla:

— Kimdir? Diye sorunca, Peygamber Efendimiz:

— Hâli bozulan âlimlerdir, buyurmuştur.» (159)

Yine Peygamber Efendimiz şöyle buyurmuştur:

Hazret-i Ali (R.A.) hutbesinde: «Nefsim rehin, ben de kefîliyim. Kavm'ın zirâati takvâya zarar vermez. Aslı bozuk olan, hidâyete susamaz. İnsânların en câhili, kendini bilmeyendir. Şüphesiz Allahu Teâlâ'nın en çok buğz ettiği, şuradan buradan mâlûmât edinip, onunla fitne karanlıklarına dalan kimsedir. Ancak, insânlardan kendisine benzeyen ayak takımları ona âlim der. Halbuki bir gün bile sâlim olarak ilimle yaşamamıştır. İlmin kifâyet eden azı, azdıran çoğundan hayırlıdır. Tâ ki böyle lüzûmsuz fazla ilim edindiği zamân, başkalarının tereddüt ettikleri mes'eleleri çözmek için ilim kürsüsüne otururlar. İhtilâflı mes'elelerde, doğru mu, yanlış mı anlamadan kendi çürük fikirlerini öne sürerler ki, bu fikirlerin sağlamlığı örümcek yuvasını ileri geçmez. Binmesi câhilâne, düşmesi ise âmiyânedir. Kibrinden bilmediği mes'elelerde: «Allah bilir.» demez ki selâmete ersin. İlme, ciddî şekilde sarılıp ondan faydalanmak istemez. Yanlış hükümleriyle, dâvâları da kendisinden şikâyetçidir. Hükümlerinde, hârâmı helâl yapar. Vallahi suya varmadan geri döner. Kendisine verilen işlerin ehli değil. İşte bu gibiler ikabı ve ömür boyunca feryad ü figân ile ağlamağı hak eden kimselerdir.»

Hazret-i Ali: İlim meclisinde ciddî davranın, ilmi şakaya almayın, çünkü ilim değerini kaybeder.

Bâzı selef diyorlar ki: «Âlim, her gülmesinde ilim'den bir parçasını atmış olur.» Denildi ki: Muallimde üç haslet toplanırsa, öğrenciye âit bütün ni'metleri tamâmlamış olur. Bunlar da: Öğretmede sabır, öğrenciye karşı tevâzu', bir de güzel ahlâktır. Öğrencide de üç haslet bulundu mu, muallim'in aradığı bütün ni'metleri tamâmlamış olur. Akıl, terbiye ve iyi anlayıştır.

mazlar. Çünkü onlar Kur'ânı, riyâset için değil, hükmü ile amel etmek için okurlar.

İbn Ömer (R.A.) : «Bir zamânda yaşadık ki, kimimiz Kur'ân inmeden îman etti. Sonra sûreler indi, helâl - harâm, emr ve nehyini öğrendiler. Bunlar'ın anlayamadığı hiç bir şey olmazdı. Halbuki bir takım kimseler gördüm ki, îman etmeden evvel kendisine Kur'ân geldiği hâlde Fâtiha'dan sonuna kadar okur da emr'inden nehy'inden bir şey anlamadığı gibi, üzerinde de durmaz, hurmanın yaramayanı gibi onu karıştırır durur.» Demiştir. (Bunu Hâkim rivâyet etti ve Buhârî ile Müslim'in şartı üzerine sahîhtir dedi.) Diğer bir haberde aynı meâlde şöyle buyuruyor:

«Biz Peygamber'e Kur'ân gelmeden îmân ettik. Bir takım kimseler gelecek ki îmân etmeden Kur'ân kendilerine verilecektir. Onlar, harflerine riâyet edecek fakat çerçevesini aşacak, hükmünü çiğneyeceklerdir. "Biz okuyucuyuz, bizden daha iyi okuyan kimdir? Biz âlimiz bizden âlimi kimdir?" derler. İşte Kur'ândan hisseleri ancak budur.» Diğer bir ifâdede ise: «İşte bunlar, bu ümmetin fenâlarıdır.»

Denildi ki : «Âhiret âlimlerinin alâmetlerinden olan beş Ahlâk Kur'ân-ı Kerîm'in beş âyetinden alınmıştır. Onlar da: Haşyet [Korku], Huşû' [Kalbî ve bedenî tevâzu], Tevâzu' [alçak gönüllülük], güzel ahlâk ve âhireti dünyâ'ya tercih ki, buna Zühd denir.

«Allah, hidâyetini dilediği kimsenin göğsünü İslâm için genişlendirir.»

Âyet-i celîlesini okudu, kendilerine :

— Bu şerh-i sadr [göğüs genişliği] nedir? Diye sordular. Peygamber Efendimiz :

«Nûr, kalbe akıtıldığı zamân göğüs açılır ve genişler.» buyurdu.

— Bunun bir alâmeti var mıdır? Diye sormaları üzerine, Peygamber Efendimiz:

«Evet vardır. O da aldatıcı olan dünyâdan uzaklaşıp, ebedî olan âhiret'e teveccüh ve gelmeden önce ölüm'e hazırlanmaktır.» buyurdu.

Âhiret âlimlerinin alâmetlerinden biri de, ameli bozan, kalb'in huzûrunu kaçıran, vesveseyi hazırlayan ve fenâlığı harekete getiren şeyler üzerinde durmaları ve bunları dikkatle araştırmalarıdır. Çünkü Dîn'in aslı, fenâlıktan korunmaktır. Bu sebebden denildi ki:

«Fenâlığı, fenâlık yapmak için değil, fenâlıkdan korunmak için öğrendim. Fenâlığı bilmeyenlerin çoğu, bilmeyerek kendisini fenâlığâ kaptırır.»

Aynı zamânda işlediğimiz ameller yakîndir [yâni kolay elde edilirler.] Bunların en üstünü Kalb ve dil ile Allahu Teâlâ'yı anmaktır. İşte asıl hüner bunları bozan ve karıştıran şeyleri bilmek (ve onlardan sakınmak) tır. Bu işâret ettiklerimizin dalları çok, yolları ise uzun olmakla hepsine de ehemmiyetle ihtiyâç vardır. Çünkü âhiret yolculuğunda umûmun karşılaştığı şeylerdir.

Dünyâ âlimleri ise: Hüküm ve fetvâlarında garib ve lüzûmsuz şeyleri ararlar da kendilerine ömürlerinde bir def'a bile lâzım olmayacak - olsa da onlar için değil, belki gelecek nesiller için olacak - lüzûmsuz şeylerle yorulur dururlar. Halbûki böyle bir şey olsa da onu çözecek nice kimseler vardır. Şâyân-ı hayrettir ki, gece gündüz tekerrür edip duran hâtıralarında, vesvese ve amellerinde kendilerine lâzım olan mühim tarafı ihmâl ederler. Allahu Teâlâ'nın rızâsına, halkın teveccühünü ve dünyâ kodamanlarının kendisine muhakkik ve müdekkik demelerini tercîh ederek, kendisine ehemmiyetle lâzım olan şey'i başkasına pek ender lâzım olacak şey ile değiştirmek kadar, saâdetten uzak ne olabilir?.. Bu gibi âlimlerin cezâsı, Dünyâ'da halk tarafından hüsn-ü kabûl görmemek, zamânın nöbet nöbet gelen musîbetleri ile kederlenmektir. Âhirette ise, hakîkî âlimlerin alacakları büyük mükâfatları ve kendilerinin müflis olduğunu görmekle hasret çekmektir ki, bundan büyük hüsrân olmaz.

Sözü, en çok Peygamberler sözüne, hidâyeti, en çok Sahâbe hidâyetine benzeyen ve bunda herkesin ittifak ettiği, Hasan-ı Basrî'nin (Allah rahmet etsin) en çok anlattığı ve üzerinde durduğu kalbe gelen hâtıralar, amellerin fesâdı, nefsin vesvesesi ve nefsânî şehvetlerin gizli ve kapalı tarafları idi.

Hasan-ı Basrî'ye, «Ya Ebâ Sa'îd, bu senin dediklerini kimseden duymuyoruz, bunları nereden öğrendin?» diye sorduklarında: «Huzeyfetü'l - Yemânî'den» derdi. Huzeyfe'ye de aynı şekilde, «Sahâbenin hiç birinden duymadıklarımızı senden dinliyoruz, bunları nereden öğrendin?» diye sorduklarında Huzeyfe: «Resûlu'llah'tan öğrendim, Resûlu'llah bunları yalnız bana öğretti.» diyerek şöyle devâm etti:

www.ihya.org

«İnsânlar, şöyle böyle amel edenlere ne gibi mükâfatlar var diye dâima hayırdan ve amellerin fazîletlerinden sorarlar, hayrı ilk öğrenen ben olmadığımı bildiğim için, ben de "falan falan şey'i ifsâd eden nedir?" diye amellerin âfetlerinden ve fenâlığa düşmemek için fenâlıktan sorardım. Çünkü bilirim ki, fenâlığı bilmeyen iyiliği de bilemez. Bunun için Peygamber Efendimiz de bunları bana öğretti.»

Nifâk'ın sebebini ve nifâk ilmini, fitnelerin inceliklerini en iyi şekilde bilen yine Huzeyfe idi. Hattâ Ömer, Osmân ve diğer büyük Sahâbe (R.A.) fitnelerden kendisine sorarlardı. Münâfıkları öğrenmek isterlerdi. O da: «Şu kadarı kaldı.» der, fakat isimlerini söylemezdi. Hazret-i Ömer, kendisi için Huzeyfe'ye: «Bende nifâk alâmeti var mı?» diye sordu; Huzeyfe : «Sende nifâkdan eser yok.» dedi. Hattâ Hazret-i Ömer cenâzelerde bakardı, Huzeyfe'yi görmeyince, namâzı kılmazdı. Huzeyfe'ye «Sır sâhibi» derlerdi.

Hülâsa: Kalbin makaam ve hâllerine dikkat etmek, onları ıslah etmek, âhiret âlimlerinin âdetleridir. Çünkü Civâr-ı ilâhîye yükselecek olan kalbdir. Bu kalb ilmi, garib kaldı ve hattâ kayboldu. Bir âlim, kalb ilminden bahsetse, dinleyiciler: «Bu ne anlaşılmaz ve garîb şeyler diyor.» diye şaşarlar ve kendisi için: «İşte bu yaldızlı va'z ediyor ve lâf satıyor, nerde o mücâdele inceliklerini ortaya koyan vâizler.» derler. Abdü'l-vâhid b. Zeyd şu şiirini ne güzel söyledi:

«Yollar çok fakat hak yolları birdir. Hakîkî yol'a girenler ise az kimselerdir. Onlar da bilinmez ve maksadları anlaşılmaz; ağır ağır gâyelerine doğru ilerlemektedirler. İnsânlar kendilerinden istenilen şeyde gâfiller, hak yolunda ise çokları uykudadırlar.»

Hülâsa, insanların çoğu tabi'atlerine muvâfık ve kolay tarafa meyl ederler. Hak, acı, ona vâkıf olmak zor. Onu anlamak çetin, yolu ise sarptır. Bilhassa kalbin vasıflarını bilmek ve kötü hûylardan kalbi temizlemek zordur. Çünkü bu dâima rûhu çekmekle kaabildir. Sâhibi ise, şifâ ümîdiyle acılığına dayanarak ilâcı içen kimseye, ölümünde melek'in müjdesi ile iftâr etmek için ömrünü oruc ile geçiren kimseye benzer. Bunun için denildi ki: Basra'da yüz yirmi vâiz varken bunlardan yalnız üç tanesi yakîn ilminden, kalbin hâllerinden ve iç sıfatlardan bahsederdi. Bunlar da: Abdullah Tüsterî, Subayhî ve Abdurrahîm idi. Ötekilerin dersine kalabalık cemâ'at devâm ettiği hâlde bunların dersine pek az kimseler gelirdi; on kişiyi geçmezdi. Çünkü kıymetli şey'in kadrini muâyyen kimseler bilir. Zîra kıymetli şeyler, ancak muâyyen kimselere yaraşır. Herkese verilen şey'in kıymeti de azdır.

www.ihya.org

Âhiret âlimlerinin alâmetlerinden biri de, ilim öğrenirken tevekkül [güven] ve kalbinin açıklığı ile, herşeye basiretle müdrik olması, körükörüne başkalarını taklîd etmemesidir. Emrinde, nehyinde taklîd edilecek olan ancak Sâhib-i Şeri'at Peygamber Efendimizdir. Sahâbe'yi taklîd ise, onların işleri Peygamberlerden duyduklarına delâlet etmesi bakımındandır. Peygamberimizin söz ve işini kabûl ederek taklîd ettiğimiz zamân, lâyık olan söz ve işlerindeki incelikleri de öğrenmeğe heves etmektir. Mukallid, Peygamberimiz yapdı diye bu işi yapıyor. Şüphesiz Peygamberin her yaptığında bir hikmet var. O hâlde işinde ve sözündeki sırrı ve hikmeti de araştırmak lâzımdır. Yalnız söylenen ve yapılanı öğrenmekle iktifâ eden kimse, âlim değil, ilmin kabıdır. Bu sebebten hikmet ve sırları idrâk etmeden ezberleyen kimseye âlim değil: «İlmin kabıdır.» denir. Kimin kalb gözünden perde kalkar ve ilâhî nûr ile aydınlanırsa, diğer ferdleri taklîd etmez, kendisi taklîd edilir ve kendisi metbû' olur. Bu sebebten İbn Abbâs (R.A.):

«Resûlul'llah'tan başka herkesin ilminden alınanı da olur, atılanı da olur.» buyurmuştur.

İbn Abbâs, Zeyd b. Sâbit'den fıkıh, Übey b. Kâ'b'dan da kırâat ilmi öğrendi. Sonra her ikisine bâzı husûslarda muhâlefet etti. Nitekim bâzı geçmiş âlimler: «Resûlu'llah (S.A.V.) den bize geleni göz ve baş üstüne kabûl ederiz. Sahâbe'den gelenden aldığımız da olur, attığımız da olur. Tâbi'îne gelince: Onlar da insân, biz de insânız.» derlerdi.

Sahâbe'nin fazîleti, Peygamber Efendimizin ef'âl ve ahvâlini gördüklerinden ve karînelerle anlaşılacak şeylere gönül verdiklerindendir. Bunların bu hâli, ibâre ve rivâyete girmeyecek şekilde kendilerini doğruya ulaştırdı. Çünkü kendilerini bir çok hatâlardan koruyacak nûr-ı nübüvvet onlara ifâze edilmiştir.

Başkalarından duyulan şeylere istinâd, makbûl olmayan bir taklîd sayıldığına göre, kitâblara ve eserlere istinâd da makbûl olmaktan çok uzaktır. Çünkü Sahâbe ve ilk Tâbi'în devirlerinde kitâb denen bir şey yoktu. Bunlar ancak Hicrî 120 yılından, Sahâbe'nin, hepsi Tâbi'în'in büyüklerinden olan Sa'îd b. Müseyyeb, Hasan-ı Basrî ve diğerlerinin ölümünden sonradır. Evvelkiler, Kur'ân-ı Kerîm'i okutmağa, mânâsını düşünmeğe, tefekkür ve tezekküre mâni' olur korkusu ile, kitâbların ve hattâ Hadîs'lerin yazılmasını hoş görmezlerdi. Ve: «Bizim ezberlediğimiz gibi siz de ezberleyin.» derlerdi. Bunun için Hazret-i Ebû-Bekir ve Sahâbe'nin bir kısmı, İnsânlar Kur'ân'ı ezberlemez eldeki mushaflara bağlanır korkusu ile Kur'ân-ı Kerîm'in bir araya toplanmasını muvâfık gör-

www.ihya.org

medi ve «Peygamber'in yapmadığını biz nasıl yaparız. Kur'ân'ı olduğu gibi bırakalım, okumak ve okutmak sûretiyle ağızdan ağıza intikal etsin» dediler. Tâ ki Ömer ve diğer Sahâbîler (R.A.) İnsânların tembelleşmesinden ve Kur'ân'ın müteşâbihâtını okumakta veyâ bir kelimesinde ihtilâf vukû'unda baş vurulacak bir asıl bulunmamasından endîşe ederek Kur'ân'ın yazılmasına işâret etmeleri ile Hazret-i Ebû-Bekir'in bunu kabûl etmesi üzerine Kur'ân âyetleri bir Mushaf'da toplanmıştır. Ahmed b. Hanbel de, Mâlik'in Muvatta' kitâbını yazmasını muvâfık bulmaz ve: «Sahâbe'nin yapmadığını yaptı.» derdi.

İSLÂM'DA İLK YAZILAN KİTÂBLAR

Denildi ki: İslâm'da ilk kitâb yazan İbn Cureyh'dir; eseri Hadîs [Âsâr] ile alâkalıdır. (146 Hicrî yılında vefât etmiştir). Mekke'de de Mücâhid, Atâ ve İbn Abbâs'ın ashâbından rivâyet ettiği tefsîr mevzû'undaki (Hurûfu't-tefâsir) eseri yazmıştır. Ma'mer b. Râşid San'ânî ise Yemen'de Peygamberimizin sünenî hakkında kitâb vücûda getirmiştir. Daha sonra Medîne'de Mâlik b. Enes Muvatta' adlı eserini, Süfyân-ı Sevrî de Câmi' adlı eserini tasnîf etmiştir.

KELÂM'A DÂİR İLK YAZILAN KİTÂBLAR

Sonra dördüncü asır'da kelâm'a dâir eserler yazılmağa başlandı. Dedi-kodular ve makaaleleri ibtâle daldılar. Daha sonra insânlar bunlara, kıssalara ve bunlardan va'z etmeğe heves etti. Bundan sonra «Yakîn» ilmi kaybolmağa başladı. Kalb ilmi, nefsin sıfatları, Şeytan'ın hile yollarını aramak ilimleri garîb kaldı. Yine az kimseler müstesnâ çokları bu ilimlerden yüz çevirdi; kelâm mücâdelelerine «İlim», kafiyeli konuşup yaldızlı cümlelerle sözlerini süsleyenlere de «Âlim» denilmeğe başlandı. Bunun başlıca sebebi, dinleyen cemâatin, hakîkati seçebilecek liyâkatta olmayıp, Sahâbe'nin ilim ve ahlâkını bilemediklerinden aralarındaki farkı anlıyamadıklarıdır. Bu sûretle bu gibilere «Âlim» dendi de, selefden halefe bu isim intikal ettî. Âhiret ilmi dürüldü. İlim ile kelâm [lâfcılık] arasında fark kalmadı. Havaslardan başkası lâf satmak ile ilmi ayıramaz hâle geldi. Ancak «Havass» olanlardır ki, hangisi daha âlimdir diye kendilerine soruldukta «Falanca âlim, falanca da lâfcı» diyebilirler ve lâfcılık ile ilmi birbirinden ayırabilirlerdi. İşte böylece geçmiş asırda dîn, zayıflamağa

www.ihya.org

başladı. «Ya bu zamân hakkındaki kanâatın nedir?» diye sorarsan derim ki, iş öyle bir raddeye geldi ki, bu gibi hatâları düzeltmek isteyenlere mecnûn diyecek kadar ileri gittiler. Bu zâmanda en doğrusu insânın sükût edip kendi nefsiyle meşgûl olmasıdır.

Âhiret âlimlerinin alâmetlerinden biri de, halkın ittifâkı ile olsa bile ihdâs edilen şeylere kıymet vermeksizin onlardan kaçınmaktır. Sahâbe'nin hâli, ahlâk ve ilimler üzerinde olmalıdır. Onların bütün gayretleri ders okutmak, kitâb yazmak, mübâhase etmek, Kadılık, Vâlilik, vakıf mütevelliliği, vasîlik, yetim malı yemek, Pâdişahlar arasına karışmak ve onlarla hüsn-ü muâşeret miydi? Yoksa: Allahu Teâlâ'dan korkup, kendilerine acımak, Allah'ın nîmetlerini tefekkür, nefs ile mücâhede, iç ve dış mürâkabe, günâhların küçük ve büyüğünden kaçınmak, nefsin gizli şehvetlerini, Şeytân'ın hîlelerini ve benzerî bâtın ilimlerini aramak mıydı? İşte hakîkî müslümânın vazîfesi, Sahâbe-i kirâmın hâlleriyle hâllenmek onların yaptıklarına muttalî olmaktır.

SAHÎH İLM'İN ÖLÇÜSÜ

Hakikaten bilmiş ol ki, zamânın en büyük âlimi ve en çok Allahu Teâlâ'ya yakın olanı, her hâliyle sahâbîlere en çok benzeyen, selef'in yolunu en çok bilen ve dînî hükümleri onlardan alandır. Bunun için Hazret-i Ali'ye (R.A.) «Falancaya muhâlefet ettin» denildiğinde: «En hayırlımız, bu dînde bize uyandır.» demiştir. Resûlu'llah'ın asrındaki insânlara uymakta, kendi asrındakilerden çekinmek aslâ doğru olamaz. Ne yazık ki, insânların tabîatları ona meylettiği için fazîleti kendi zamânlarında görürler de davranışlarının kendilerini cennetten uzaklaştırmakta olduğunu bir türlü i'tiraf edemezler. Aksine olarak: «Cennete gidecek yol budur.» derler.

Hasan-ı Basrî diyor ki: «İslâm'da ihdâs yolunu tutan iki nevi kimse vardır:

1 — Fenâ düşünceli bir insân olduğu hâlde, kendisi gibi düşünenlerin Cennete gireceğini sanan kimse ile,

2 — Dünyâ'da nâm u nîmete nâil olmuş iken, taptığı dünyâlık, râzı olduğu dünyâlık, aradığı yine dünyâlık olan kimsedir. İkisini de tersleyin. Çünkü varacakları yer Cehennemdir. Biri de var ki, kendini dünyâlığa dâvet eden bir zengin ile, nefsin arzûlarına dâvet eden bir şehvet esîri aralarında bulunduğu hâlde, Allahu Teâlâ kendisini her ikisinin şerrinden korur da eski iyilere meyleder, onların işlerini araştırır ve onlara uyar. İşte bu adam büyük mükâfata hazır-

www.ihya.org

lanmıştır. Binâenaleyh siz de bunun gibi olmağa çalışın.» buyurmuştur.

İbn Mes'ûd'dan mevkûf ve müsned olarak şöyle rivâyet edilmiştir. Diyor ki :

«Onlar ancak ikidir. Biri kelâm, diğeri hedy [yol]dur. En güzel söz, Allah kelâmı, en güzel yol da Peygamber yoludur. Aman, sonradan ihdâs edilen şeylere yaklaşmayın; çünkü fenâ şeyler, sonradan ihdâs edilenlerdir. Muhdes her şey bid'at, ve her bid'at de sapıklıktır. Zamân, size uzun gelmesin - Tûl-i emel beslemeyin - ki kalbiniz katılaşır. İyi biliniz ki, her gelecek yakîndir. Agâh olunuz ki, yakîn olmayan gelmeyecek olandır.»

Peygamber Efendimiz (S.A.V.) bir hutbesinde :

«طُوبَىٰ لِمَنْ شَغَلَهُ عَيْبُهُ عَنْ عُيُوبِ النَّاسِ وَأَنْفَقَ مِنْ مَالٍ اكْتَسَبَهُ مِنْ غَيْرِ مَعْصِيَةٍ ، وَخَالَطَ أَهْلَ الْفِقْهِ وَالْحِكَمِ ، وَجَانَبَ أَهْلَ الزَّلَلِ وَالْمَعْصِيَةِ ، طُوبَىٰ لِمَنْ ذَلَّ فِي نَفْسِهِ وَحَسُنَتْ خَلِيقَتُهُ ، وَصَلَحَتْ سَرِيرَتُهُ ، وَعَزَلَ عَنِ النَّاسِ شَرَّهُ ، طُوبَىٰ لِمَنْ عَمِلَ بِعِلْمِهِ وَأَنْفَقَ الْفَضْلَ مِنْ مَالِهِ وَأَمْسَكَ الْفَضْلَ مِنْ قَوْلِهِ ، وَوَسِعَتْهُ السُّنَّةُ وَلَمْ يَعْدُهَا إِلَىٰ بِدْعَةٍ ؛

«Kendi kusûrları ile meşgûl olup başkasının kusûrlarını araştırmayana, helâl kazancından infâk edene, hikmet ve fıkıh adamları ile buluşup isyân ve zelle edenlerden uzaklaşana müjde olsun. Kendini zelil görüp ahlâkı güzel olana, içi güzel olup insânlara fenâlığı dokunmayana müjde olsun. İlmiyle amel edene, mâlının fazlasını verip sözünün fazlasını saklayana, sünnete sarılıp bid'ate sapmayana müjde olsun.» (161) buyurmuştur. İbn Mes'ûd (R.A.) :

«Âhır zamânda iyi hâl ve güzel hûy çok amelden daha hayırlıdır» derdi. Yine İbn Mes'ûd: «Sizin zamânınızda hayırlınız yakîn ile işe sarılanınızdır. Bir zamân gelecek onların hayırlıları, şüphelerin çoğal-

www.ihya.org

masından, hiç bir tarafı tercih edemeyip duraklayan kimselerdir.» Buyurmuştur. İbn Mes'ûd çok doğru söyledi. Zîra bu zamânda duraklamadan ekseriyete tâbî olan ve onların daldığı bataklığa dalan onlar gibi helâke gider.

Huzeyfe (R.A.) : «Bundan daha garîbi, şimdi kabûl ettiğiniz selefin inkâr ettikleri, sizin de fenâ görüp reddettiklerinizi gelecek nesillerin hoş görüp kabûl etmesidir. Hakkı bildiğiniz müddetçe hayır üzerindesiniz. Aranızda âlimlerle istihzâ edilmemektedir.» buyuruyor. Huzeyfe hakîkaten doğru söylemiştir. Bu zamânların bir çok iyi görülen ma'rûfları, Sahâbe devrinin münkerâtındandır. Meselâ: Zamânımızda açık ma'rûflardan biri, câmi'leri süslemek, nakışlamak ve inşâsında, döşemesinde, kubbesinde külliyetli miktarda para sarf etmektir. Halbuki Sâhabe devrinde câmi'leri tefrîş ve tezyin bid'at sayılırdı. Bu, Haccâc-ı Zâlim'in icâdlarındandır. İlk müslümânlar kendileri ile toprak arasında pek az perde bulundururlardı.

Yine bunun gibi mücâdele ve münâzara ilimlerinin inceliklerîyle uğraşmak bu zamânın en büyük ilimlerinden ve Allah'a en çok yakınlık sağlayan vâsıtalarından olduğu zannedilirken onların zamânında yasak olan ilimlerdendir. Bunlardan biri de, Ezân ve Kur'ân'da telhîn [Sesi alçaltıp yükseltmeler]'dir.

Diğer biri de temizlikte ifrât, tahârette vesvesedir. Yediği lokmanın helâl veya harâm olmasına bakmadığı hâlde, giydiği elbisenin temiz olup olmadığı hakkında binbir dereden su getirmeğe çalışmaktır.

İbn Mes'ûd (R.A.) çok doğru söyledi: «Siz arzûlarınızın ilme tâbi olduğu bir zamânda bulunuyorsunuz. Bir zamân gelecek ilim, arzûya uyacaktır.» Ahmed b. Hanbel: «İlmi bıraktılar da garîb şeylere baş vurdular. Bu gibilerde ilim pek çok azalmıştır. Allah yardımcımız olsun.» demiştir. Mâlik b. Enes: «Geçmiş zamânda insânlar bugünkülerin sorduğu şeyleri sormağa ihtiyâç duymazlardı. Âlimler de: "Bu helâl, şu harâm." demezlerdi. Belki bu, müstehâb, bu mekrûh derlerdi. Yâni helâl ile harâmı herkes bilir ve mûcibini yapardı, aranan müstehâb ve kerâhat idi. Hocalar onlardan bahsederlerdi.» buyurmuştur. Hişâm b. Urve : «Bunlara kendi icâdlarından sormayın. Çünkü onlara cevâblar da hazırlamışlardır. Onlara sünnetten sorun, ne yazık ki ondan bir şey bilmezler.» demiştir. Ebû Süleymân Dârânî (R.A.) : «Bir kimsenin içine bir iyilik doğduğu zamân onu hemen yapmasın. Şerî'ate muvâfık olup olmadığını arasın, muvâfık ise Allahu Teâlâ'ya hamd ederek yapsın,» buyurmuştur. Böyle söylemesindeki hikmet, muhtelif bid'atlerin ortalığı kaplamış olmasıdır. Allahu Teâlâ'nın koruduklarından başka bütün gönülle-

www.ihya.org

rî kapladı. Böyle her hatıra geleni yapmak, kalblerin berraklığını bulandırır ve bu karışıklık sebebiyle bâtıl, hak gibi görünebilir. Bunun için haberlerin şehâdetini aramakla ihtiyâtlı davranmalıdır. Bu sebebten bayram namâzı kılınan musalla'da Mervân minber ihdâs ettiğinde Ebû Sâîd-i Hudrî, Mervân'a:

— Bu bid'at nedir? Diye sordu. Mervân:

— O, bid'at değildir. Bu, senin bildiklerinden çok hayırlıdır. İnsanlar çoğaldı, onlara sesimi duyurmak için bunu yaptırdım, dedi. Ebû Saîd-i Hudrî:

— Allah'a yemin ederim ki, senin yaptığın benim bildiğimden daha hayırlı değildir. Vallahi senin ardında bir daha namâz kılmam, dedi.

Bunu kabûl etmemesinin sebebi şudur: Peygamber Efendimiz bayram namâzı, yağmur duâsı ve İstiska hutbelerinde bir yay veyâ bir değneğe dayanırdı. Minber'e çıkmazdı.

Meşhûr hadîsde de:

«مَنْ أَحْدَثَ فِي دِينِنَا مَا لَيْسَ مِنْهُ فَهُوَ رَدٌّ»

«Dînimizde olmayan bir şey'i icâd eden merdûddur.» (162)

buyurulmuştur. Yâni aslında dînden olmayıp sonradan dîn nâmına icâd edilen her şey merdûddur.

Diğer bir hadisde de Peygamber Efendimiz:

«مَنْ غَشَّ أُمَّتِي فَعَلَيْهِ لَعْنَةُ اللهِ وَالْمَلَائِكَةِ وَالنَّاسِ أَجْمَعِينَ قِيلَ يَا رَسُولَ اللهِ: وما غش أمتك؟ قَالَ أَنْ يَبْتَدِعَ بِدْعَةً يَحْمِلُ النَّاسَ عَلَيْهَا»

«Allah'ın, Meleklerin ve bütün insânların lâ'neti, ümmetimi gaşyeden [gölgeleyen] kimsenin üzerine olsun. «Ümmeti'nin gaşyi nedir?» diye soranlara cevâben: «Dînde olmayan bir şey'i icâd edip insânları oraya sürüklemektir.» buyurdu.» (163)

Başka bir hadisde ise:

«إِنَّ لِلّٰهِ عَزَّ وَجَلَّ مَلَكًا يُنَادِي كُلَّ يَوْمٍ: مَنْ خَالَفَ سُنَّةَ رَسُولِ اللّٰهِ صلى الله عليه وسلم لَمْ تَنَلْهُ شَفَاعَتُهُ»

«Allahu Teâlâ'nın yarattığı bir melek her gün şöyle nidâ eder: «Sünnetinden ayrılan kimseye Resûlu'llah'ın şefâati ulaşmaz.» (164) buyurmuştur.

Herhangi bir günâhı işleyene nisbetle sünnete uymayan bir şey icâd etmekle dine saldıran kimse, Pâdişah'ın bâzı emirlerine itâat etmeyene nisbetle, hükümet'e karşı inkılâp yapmak isteyen gibidir. Şüphesiz hatâ afv edilir, fakat inkılâb yapmak isteyen afv edilmez. (Bunun gibi Allahu Teâlâ'nın emirlerinin bâzılarına isyân eden afv edilir, fakat bid'at çıkarıp dîn'in safvetini karıştırmak isteyen afv edilmez.)

Bâzı âlimler: «Selefin anlattıklarına susmak cefâdır, onların sükût ettikleri yerde konuşmak ise boşuna yorgunluktur.» derler. Başka biri: «Hak, ağırdır. Onu geçen zâlim; ona ulaşmayan âcizdir; ona râzı olana yeter.» demiştir.

Peygamber Efendimiz:

«عَلَيْكُمْ بِالنَّمَطِ الْأَوْسَطِ الَّذِي يَرْجِعُ إِلَيْهِ الْعَالِي وَيَرْتَفِعُ إِلَيْهِ التَّالِي»

«Dâima orta derecede bulunmağa gayret edin, ki ilerleyenler de oraya dönecek, geri kalanlar da oraya yükselecektir.» (165) buyurmuştur.

İbn Abbâs: «Ehlinin gönlünde sapıklığın da kendine göre bir tadı vardır.» diyor. Nitekim Hak Teâlâ:

«وَذَرِ الَّذِينَ اتَّخَذُوا دِينَهُمْ لَعِبًا وَلَهْوًا»

«Dînlerini oyuncak ve eğlence tanıyanları bırak.» buyurmuştur. Diğer bir âyet-i celîlede buyuruluyor ki:

« أَفَمَنْ زُيِّنَ لَهُ سُوءُ عَمَلِهِ فَرَآهُ حَسَنًا »

«Kötü işi kendisine güzel gösterilip de onu güzel gören kimse kötülüğü hiç işlemeyene benzer mi?» (35 - Fâtır : 8)

Sahâbe devrinden sonra ihdâs edilip zarûret ve ihtiyâcı aşan her şey oyun ve eğlencedir.

Hikâye olundu ki, mel'ûn İblis, Sahâbe devrindeki insânları aldatmak için ordusunu dağıttı. Bir şey yapamadan geri döndüler.

— Ne oldunuz? Diye sorunca :

— Böyle acâib insânlar görmedik, ne kadar uğraştıksa da bunları aldatamadık, ancak yorulduğumuzla kaldık, dediler. Şeytân :

— Siz onları aslâ aldatamazsınız. Çünkü onlar, Peygamberleri ile buluştu ve Kur'ân'ın inmesine şâhid oldular. Fakat onlardan sonra gelecekiere te'sîr edebilirsiniz, dedi.

Tâbi'in devrinde yine aynı maksatla maiyyetini dağıttı; onlar da başları eğik olarak geri döndüler de :

— Böyle acâib insânlar görmedik. Arasıra aldatabildiğimiz oldu ise de akşâmleyin bir tevbe etmekle bütün hatâlarını Allah iyiliğe kalbetti [çevirdi], dediler. İblîs :

— Size, bunlardan da kâr yok. Çünkü bunlar, Peygamberlerinin sünnetine tâbi olan [uyan] hakîkî tevhîd sâhibi insânlardır. Fakat sizi memnûn edecek nesil bunlardan sonra gelecek olanlardır. Onlar sizin elinizde oyuncak olurlar. Şehvetlerinin azgınlığı ile onları dilediğiniz yöne çekersiniz. Tevbe etmezler, etseler de (Şart'a riâyet etmedikleri ve samimî tevbe yapmadıkları için) tevbeleri kabûl olmaz ki, günâhları sevâba dönsün.

Hakîkaten Tâbi'in devrinden sonra, birtakım insânlar geldi ki şehvetleri kendilerini kapladı da, bid'atlerini kendilerine güzel gösterdi; onları helâl tanıttı ve onları dîn olarak kabûllendiler. Allahdan mağfiret dilemeyip Allah'a tevbe etmediler. Allahu Teâlâ da onlara düşmânları musallat etti. Düşmânları onları diledikleri tarafa çevirdi.

Eğer : «Bu hikâyeyi anlatan Şeytanı ne gördü, ne de Şeytan ile konuştu. O hâlde bu hikâyeyi nereden bildi?» dersen :

Bilmiş ol ki, ma'neviyât sâhipleri görülmeyen gizlilikleri keşf edebilirler. Bu keşf, bâzan vahy'in bir kolu olan ilhâm, bâzan da menam [Sadık bir rüyâ ile], bâzan da ayân, yâni rüyâ ile olduğu gibi açık göz ile keşf tarîkiyle olur. İnsân ma'nen bir âlem'e yükselir, orada eşyânın hakîkatini görür ve mânâlarını anlar. Doğru rüyâ, nübüvvet'in

kırk altı cüz'ünden bir cüz'ü olduğu gibi, bu da en yüksek olan nübüvvetin derecelerindendir.

Sakın, anlıyamıyorum diye bu ilmi inkâra kalkışma. Akli ilimleri kavradığını zannederek çizmeden yukarı çıkan âlimlerin helâk noktası burasıdır. Allahu Teâlâ'nın dostları'nın bu hâllerini inkâr eden ilim'den, cehâlet çok daha iyidir. (Çünkü câhiller, anlamadıklarını bildikleri için, işi Allah'a havâle ederler.) Kaynak bir olduğu için, velileri ve kerâmetlerini inkâr, peygamberleri ve mu'cizeleri inkâr demektir. Peygamberleri inkâr ise tamâmen dîn'den çıkmaktır. Bâzı ârifler:

«Son zamânda iyi insânların gözden saklanmaları, zamânın âlimlerini görmeğe dayanamadıklarındandır. Çünkü câhiller nazarında âlim bilinen ve kendilerini de âlim tanıyan bu zümre, onların nazarında câhildirler. En büyük günâh, cehâletini bilmemek, şunun bunun kusûrlarına bakmak, gâfillerin sözünü ve Dünyâ'ya dalan âlimi dinlemektir. Dünyâya dalan âlimleri dinlemek doğru değildir. Belki her söylediği reddedilmelidir. Çünkü herkes sevdiği şeye dalar ve sevmediğini reddeder. (Bu âlimin de anlatacağı sevdiği şeylerdir.)» diyorlar. Nitekim Hak Teâlâ:

«وَلَا تُطِعْ مَنْ أَغْفَلْنَا قَلْبَهُ عَنْ ذِكْرِنَا وَاتَّبَعَ هَوَاهُ وَكَانَ أَمْرُهُ فُرُطًا»

«Kalbini zikrimizde gâfil bırakdığımız, keyfinin ardına düşen ve işi haddini aşmak olan kimseye itâat etme.» (18 - Kehf: 28) buyurmuştur.

Kusurlu olan câhiller, kendilerini bilir zanneden bu gibi âlimlerden çok iyidirler. Çünkü avâm tabakası kusûrlu olduğunu kabûl ederek tevbe eder ve Allahu Teâlâ'dan mağfiret diler. Fakat bu gibi kendisini âlim sanan ve dîn yolundan ayrılıp dünyâlık elde edecek ilimlerle uğraşan câhil (bunu bir şey zanneder de) ölünceye kadar dâvâsında ısrâr eder; tevbe etmez ve bu hâliyle gider.

Bu hâl, Allahu Teâlâ'nın korudukları müstesnâ, umûmu kapladığı ve düzelmelerinden ümît kesildiği zamân, dindârlar için selâmet ve ihtiyât, bunlardan ayrılıp tenhâya çekilmektir. İnşallah, Uzlet bâbında bunu açıklayacağız. Bu sebebten Yûsuf b. Esbât, Huzeyfetu'l-Mer'âşi'ye yazdığı bir mektûbta:

«Günâha girmeden Allah'ı anacak veyâ isyân etmeden ilim müzâkere edecek kimseyi bulamıyan adam'a ne dersin? Zîra ehlini bulamıyor.» dedi. Çok doğru söylemiştir. Çünkü insânlar arasına karış-

www.ihya.org

makla ya gıybet edeceksin, ya dinleyeceksin, yâhut göreceğin bir fenâlığa sükût edeceksin. Bütün bunlar dini bakımdan fenâ şeylerdir. Evet insânın en güzel hâli ilim öğrenmek veyâ öğretmektir. Fakat eğer okutan kimse, okutmasında gösterişten, riyâset istemek ve maddî varlık sağlamak hevesinden kendini kurtaramadığını anlarsa, okuyan talebenin de ilmini dünyâlıkta ve şer'de kullanacağını, kendisinin de yol kesene silâh satan gibi fenâlığın sebeblerini hazırlamak sûretiyle yardımcısı olacağını da bilmiş olur. İlim, kılıç gibidir. (Kılıç, dış düşmânlarla muhârebe âleti, ilim ise iç düşmânlarla muhârebe âletidir.) İyiliğe hizmeti, silâh'ın muhârebedeki hizmeti gibidir. Silâh'ın fenâlık yapacaklara satılması câiz olmadığı gibi, ilmin de fenâ niyetli kimselere verilmesi muvâfık değildir.

İşte buraya kadar saydıklarımız, her biri geçmiş âlimlerin ef'âl ve ahvâlini içine alan âhiret âlimlerinin on iki alâmetidir. Sen şu iki yoldan birini seç:

1 — Bütün bu hasletleri bir araya toplamak,

2 — Veyâ bunları kabûl etmekle kusûrlu olduğunu i'tiraf etmek.

Sakın, dünyâ âletini dîn ile değiştiren ve iyi amellerde tembel davrananları gerçek âlimlerden sayan üçüncülerden olma ki, cehâlet ve inkârınla Allah'ın rahmetinden mahrûmiyet ile helâke düşenlerden olmayasın.

Şeytânın kendilerini aldatamayıp, dünyâ ziynetleri kendilerine zarar vermeyen kullardan olmamızı Allah'dan dileriz.

YEDİNCİ BÂB

AKIL, AKL'IN ŞEREFİ, TA'RİFİ VE KISIMLARI BEYÂNINDADIR

AKLIN ŞEREFİ

Bilmiş ol ki, aklın üstünlüğü meydanda olduğu için şerefini isbât edecek delilleri aramağa lüzûm yoktur. Bilhâssa buraya kadar şerefini anlattığımız ilmin kaynağı, doğum yeri ve kökü akıl olduğuna göre aklın şerefi de meydana çıkmıştır. Akla nisbetle ilim, ağaca nisbetle meyve, güneşe nisbetle nûr ve göze nisbetle görmek gibidir.

Dünyâ ve âhiret saâdetine vesîle olan akıl nasıl şerefli olmasın? Veyâ aklın şerefinde nasıl şübhe edilsin? İdrâkinde kusûru olan hayvân bile akla kıymet verir. Hattâ en büyük, en yırtıcı ve en korkunç hayvânlar bile, insânın akliyle düşünebileceği hîleler sebebiyle kendisine gâlib geleceğini bildiği için, insânı heybetli görür, ondan çekinir ve ona itâat eder. Bunun için Peygamber Efendimiz:

«اَلشَّيْخُ فِي قَوْمِهِ كَالنَّبِيِّ فِي أُمَّتِهِ»

«Cemâati arasında âlim, ümmeti arasında peygamber gibidir.» (166) buyurmuştur. (Yâni onun ilim ve irfânından istifâde edilir ve ona hürmet edilir.) Bu onun malının, yaşının veyâ kuvvetinin çokluğundan değil, belki aklının meyvesi olan tecrübesinin çokluğundandır. Bu sebebdendir ki, Arabın ayak takımı, ilm u irfândan mahrûm Türk, Kürd ve diğer kabîleler cehâletleri sebebiyle hayvânlara benzedikleri hâlde, fıtrî olarak büyüklerine hürmet ederler. Yine aklın üstün değerindendir ki: Peygamber Efendimize sû-i kasd için yoluna çıkan inâdcılar, onun parlak simâsına bakıp nübüvvet ve akıl nû-

runu gördüklerinde kendilerini korku ve heybet bürüdü de kötülükten vazgeçtiler.

Aklın şerefi açıktır. Bilinmesi için delile ihtiyâç yok. Ancak biz, aklın şerefine dâir vârid olan âyet ve hadisleri zikredeceğiz. Allahu Teâlâ akla, nûr adını verir.

« اَللّٰهُ نُورُ السَّمٰوَاتِ وَالْأَرْضِ مَثَلُ نُورِهِ كَمِشْكَاةٍ »

«Allah, yer ile gök'ün nûrudur, nûrunun temsili sanki bir mişkât.» (24 - Nûr : 35)

Akıldan elde edilen ilme ise, rûh, vahy, hayât adını vermiştir:

« وَكَذٰلِكَ أَوْحَيْنَا إِلَيْكَ رُوحًا مِنْ أَمْرِنَا »

«İşte biz, sana da (Habîbim) böylece emrimizden bir rûh vahyettik.» (42 - Şûrâ : 52)

« أَوَمَنْ كَانَ مَيْتًا فَأَحْيَيْنَاهُ وَجَعَلْنَا لَهُ نُورًا يَمْشِي بِهِ فِي النَّاسِ »

«Hem bir adam ölü iken biz onu diriltmişiz ve kendisine bir nûr vermişiz, insânlar içinde onunla yürüyor.» (6 - En'âm : 122)

Hak Teâlâ, nûr ile zulmeti, aydınlık ile karanlığı zikretti yerde aydınlıktan ilmi, karanlıktan cehâleti murâd etti. Nitekim Allahu Teâlâ buyuruyor:

« يُخْرِجُهُمْ مِنَ الظُّلُمَاتِ إِلَى النُّورِ »

«Onları karanlıktan aydınlığa çıkarır.» (2 - Bakara: 257)

Peygamber Efendimiz de bir hadis'inde :

«Ey insânlar, Rabbinizi biliniz ve anlayınız. Emir olunduğunuzu ve kendisinden nehiy olunduğunuzu anlayacak, olgun akıl tavsiye ediniz. Rabbinizin huzûrunda sizi kurtaracak olan, aklımızdır. Bilmiş olunuz ki, ne kadar çirkin suratlı, değersiz, ayak takımı pejmürde olursa olsun, akıllı kimse, Allah'a itâat edendir. Buna mukaabil câhil ve ahmak, ne kadar hüsn ve cemâl sâhibi hâtırlı yüksek mevki' sâhibi, şık kıyâfetli, hüsn-ü beyâna sâhip olursa olsun, Allah'a, isyân edendir.

www.ihya.org

Allah katında mahmûd ve diğer vahşi hayvânlar kendisine isyân eden insânlardan daha akıllıdır. Sakın, maddecilerin size göstereceklerî saygıya kıymet vermeyin. Zira onlar, hüsranda, zarardadırlar.» buyurmuştur.

Yine bir hadisde deniliyor ki:

«أَوَّلُ مَا خَلَقَ ٱللهُ ٱلْعَقْلَ فَقَالَ لَهُ أَقْبِلْ فَأَقْبَلَ، ثُمَّ قَالَ لَهُ أَدْبِرْ فَأَدْبَرَ، ثُمَّ قَالَ ٱللهُ عَزَّ وَجَلَّ: وَعِزَّتِي وَجَلَالِي مَا خَلَقْتُ خَلْقًا أَكْرَمَ عَلَيَّ مِنْكَ، بِكَ آخُذُ، وَبِكَ أُعْطِي، وَبِكَ أُثِيبُ، وَبِكَ أُعَاقِبُ»

«Allahu Teâlâ'nın ilk yarattığı akıldır. Allahu Teâlâ akla: «Dön bu yana» diye emretti, akıl döndü. «Dön o yana» diye emretti, yine döndü. - Allahu Teâlâ'nın her emrine inkıyâd etti. - Sonra Allahu Teâlâ «İzzet ve celâlim [ululuğum] hakkı için nazarımda senden kıymetli bir şey yaratmadım. Seninle alır, seninle veririm. Seninle mükâfatlandırır, seninle cezâlandırırım.» buyurmuştur.» (167)

Eğer, «Bu akıl arez ise (bizâtihî kaaim olamıyacağına göre) cisimden evvel nasıl yaratıldı, cevher ise mekânsız bizâtihi nasıl kaaim oluyor?» dersen:

Bilmiş ol ki, bu mükâşefe ilmi ile alâkalıdır. Bunu muâmele ilmi bahsinde anlatmak muvâfık düşmez. Halbuki biz burada muâmele ilmini anlatmaktayız. Hazret-i Enes'den (R.A.) rivâyet olundu ki:

Bir cemâat Peygamberimizin huzûrunda bir adamı aşırı derecede öğdüler. Peygamber Efendimiz:

— Bu adamın aklı nasıldır? Diye sorunca:

— Yâ Resûlallah, biz sana bu adamın son derece ibâdetinden ve muhtelif hayır işlerinden haber veriyoruz. Siz, hâlâ aklından mı soruyorsunuz? Dediler. Peygamber Efendimiz:

— İnsân, ahmaklığı ile berâber günâhkârlardan daha büyük hatâlara düşer. İnsânların yarın Allah katında yüksek derecelere yükselmeleri, akılları nisbetindedir, buyurdu.

Hazret-i Ömer'den (R.A.) rivâyet edildiğine göre Peygamber Efendimiz şöyle buyuruyorlar:

(167) Taberânî, Ebû Umâme'den.

«مَا اكْتَسَبَ رَجُلٌ مِثْلَ فَضْلِ عَقْلٍ يَهْدِي صَاحِبَهُ إِلَى هُدًى وَيَرُدُّهُ عَنْ رَدًى، وَمَا تَمَّ إِيمَانُ عَبْدٍ وَلَا اسْتَقَامَ دِينُهُ حَتَّى يَكْمُلَ عَقْلُهُ»

«İnsânın, akıl gibi yüksek iktisâbı olamaz. Akıl, sâhibini iyiliğe ulaştırır, fenâlıktan alıkor. Aklı kemâle ermedikçe insânın dini müstakim ve imânı tamâm olmaz.» (168)

Yine bir Hadîs-i şerîfte :

«إِنَّ الرَّجُلَ لَيُدْرِكُ بِحُسْنِ خُلُقِهِ دَرَجَةَ الصَّائِمِ الْقَائِمِ، وَلَا يَتِمُّ لِرَجُلٍ حُسْنُ خُلُقِهِ حَتَّى يَتِمَّ عَقْلُهُ فَعِنْدَ ذَلِكَ تَمَّ إِيمَانُهُ وَأَطَاعَ رَبَّهُ وَعَصَى عَدُوَّهُ إِبْلِيسَ»

«İnsân, güzel ahlâkiyle, gündüz oruç tutup gece ibâdet edenler seviyesine ulaşır. Fakat aklı tamâm olmadıkça ahlâkı da güzelleşmez. Aklı olgunlaşınca imânı da kemâle erer; Rabbine itâat ve düşmanı olan Şeytan'a isyân eder.» (169) buyurmuştur.

Ebû Sa'îd-i Hudrî 'nin rivâyet ettiğine göre Peygamber Efendimiz:

«Her şeyin bir direği var, mü'minin direği efendisi aklıdır. İbâdeti de aklı nisbetindedir. Cehennemde :

وَقَالُوا لَوْ كُنَّا نَسْمَعُ أَوْ نَعْقِلُ مَا كُنَّا فِي أَصْحَابِ السَّعِيرِ

«Eğer duyup akıl edeydik biz de cehennemlikler arasında olmazdık.» (67 - Mülk : 10) dediklerini duymadın mı?» buyurmuştur.

Hazret-i Ömer'e (R.A.) Temîm ed-Dârî : «Bizce efendilik, akıldır.» deyince, Ömer, kendisini tasdik eder ve: «Ben sana sorduğum gibi Resûlullah'a da sormuştum. Resûlullah da aynı cevâbı verdi.» dedi. Sonra devâm ederek: «Peygamber Efendimiz de buyurdu ki: Ben de Cebrâil aleyhi's-selâm'a: "Efendilik nedir?,, diye sorduğumda o da bana: "Akıldır." dedi.» Berâ b. Âzib diyor ki: «Bir gün Resûlullah'a çok şeylerden sordular. Peygamber Efendimiz: "Ey insânlar, her şey'in bir biniti var, kişinin biniti de akıldır. Delîl ile, en güzel yol ve bilgiye ulaşanınız, en üstün akla sâhip olanınızdır." buyurdu.»

Ebû Hüreyre'den (R.A.) rivâyet edildiğine göre, Peygamber Efendimiz Uhud'dan dönüşünde bir çok kimselerin, «Falan falandan daha cesûr, falan başkalarının geçirmediği imtihânları geçirmiş (başına bir çok felâketler gelmiş)» ve bunun gibi sözler konuştuklarını duydu. Bunun üzerine :

— Siz, bunların ahvâlini bilemezsiniz, dedi. Sahâbe-i Kirâm:

— Yâ Resûlallah, niçin bilemeyiz? diye sorunca Peygamber Efendimiz :

— Onların muhârebeleri, Allahu Teâlâ'nın onlara taksîm ettiği akılları nisbetindedir. Zaferleri de niyyetleri de akılları derecesindedir. Herkes bu derecelere göre mevki kazanır ve kıyâmet gününde de niyyetleri ve akılları seviyesinde mevki'leri ihrâz ederler, cevâbını verdi.

Berâ' b. Âzib'den rivâyet edildiğine göre Peygamber Efendimiz şöyle buyuruyor:

«Allahu Teâlâ'ya itâat etmekte, melekler akılları ile cehd ü gayret ettiler. Âdem oğullarından mü'min olanlar da akılları nisbetinde gayret göstermişlerdir. Azîz ve celîl olan Allahu Teâlâ'ya en çok amel eden en çok aklı olandır.»

Hazret-i Âişe'den rivâyet edildiğine göre, bir gün kendisi Hazret-i Peygambere:

— Yâ Resûlallah, insânlar dünyâda ne ile üstünlük kazanırlar? Diye sordu. Peygamber Efendimiz :

— Akıl ile, deyince, Âişe :

— Herkesin kıymeti ameliyle ölçülmez mi? Dedi. Peygamber Efendimiz:

— Yâ Âişe, onlar akıllarından fazla bir şey yapabilir mi? Allahu Teâlâ'nın verdiği akıl nisbetinde amel ederler. Ondan sonra amellerine göre de mükâfatlanırlar, cevâbını verdi.

İbn Abbâs'dan (R.A.) rivâyete göre Peygamber Efendimiz şöyle buyuruyorlar :

www.ihya.org

«Her şeyin bir âleti, bir hazırlık ve isti'dâdı var: Mü'minin âleti aklıdır. Her şeyin bir biniti var: Kişinin biniti aklıdır. Her şeyin bir direği var: Dinin direği akıldır. Her kavmin bir dayanağı var: İbâdetin dayanağı akıldır. Her kavmi bir çağıran var: Abidleri ibâdete da'vet eden de akıldır. Her tâcirin bir sermâyesi var: Müctehidlerin sermâyesi akıldır. Her âilenin bir idârecisi var: Sıddîklar evinin bakıcısı akıldır. Her harâbenin bir tâmircisi var: Âhireti i'mâr eden akıldır. Herkesin kendisini andıracak olan ardından bir geleni var: Sıddîkleri andıracak olan akıllarıdır. Her yolcunun bir çadırı var: Müminin çadırı aklıdır.»

Yine Peygamber Efendimiz buyurmuşlardır ki:

« إِنَّ أَحَبَّ ٱلْمُؤْمِنِينَ إِلَى ٱللهِ عَزَّ وَجَلَّ مَنْ نَصَبَ فِي طَاعَةِ ٱللهِ عَزَّ وَجَلَّ وَنَصَحَ لِعِبَادِهِ وَكَمَلَ عَقْلُهُ وَنَصَحَ نَفْسَهُ فَأَبْصَرَ، وَعَمِلَ بِهِ أَيَّامَ حَيَاتِهِ فَأَفْلَحَ وَأَنْجَحَ »

«Allah - Azze ve celle - katında en makbûl mü'min, Allahu Teâlâ'ya ibâdete kendisini hasreden, kullarına öğüd veren, aklı kemâle eren, ayıblarını görüp kendisine öğüt veren ve hayâtı boyunca bununla amel edendir. İşte necât bulan ve zafere ulaşan budur.» (170)

Diğer bir hadîs-i şerîf:

« أَتَمُّكُمْ عَقْلاً أَشَدُّكُمْ لِلّٰهِ تَعَالَى خَوْفًا وَأَحْسَنُكُمْ فِيمَا أَمَرَكُمْ بِهِ وَنَهَى عَنْهُ نَظَرًا، وَإِنْ كَانَ أَقَلَّكُمْ تَطَوُّعًا »

«En akıllınız, Allah'dan en çok korkanınızdır. En güzeliniz, Allahu Teâlâ'nın emir ve yasaklarına riâyet edeninizdir. Her ne kadar en az nâfile ibâdet edeninizden biri olsa bile.» (171)

AKLIN HAKİKATİ VE KISIMLARI

Bilmiş ol ki, insânlar, aklın ta'rîf ve hakîkatinde ihtilâfa düştüler ve çokları akıl kelimesinin müşterek bir çok mânâlara geldiğini

(171) İbnü'l - Muhber Ebû Katâde'den.

www.ihya.org

unuttular. Bu mevzûda perdeyi kaldıracak en doğru yol «Ayn» kelimesinin bir çok mânâları olduğu gibi, «Akıl»ın da dört mânâda kullanıldığını ve bu gibi müşterek mânâlarda kullanılan kelimelerin bütün mânâsını bir araya toplayan bir ta'rîf ile ta'rîf edilmesi istenmediğini, belki her mânânın ayrı ayrı ta'rîf edildiğini bilmektir. Bu mânâları îzâh edelim:

1 — İnsânların diğer cânlı hayvânlardan ayrılmasını sağlayan haslete akıl derler ki, insânlar yaratılıştaki bu akıl ile nazarî ilimler öğrenmeğe isti'dâd kazanırlar, bir çok gizli hüner ve san'atları elde ederler.

Hars b. Esed-i Muhâsibi de aklı ta'rîf ederken: «Nazarî ilimler kendisiyle anlaşılan bir garîze - tabîattır. Allahu Teâlâ'nın kalbe akıttığı bir nûrdur ki, insân onunla eşyâyı anlamağa isti'dâd kazanır.» derken bunu kasdetmiştir.

Muhâsibi'nin bu ta'rîfini inkâr edip, akıl yalnız zârûrî ilimlerden ibârettir diyen insâflı davranmamıştır. Çünkü zarûrî ilimler ilimlerden gaflet eden veyâ uykuda olduğu için zârûrî ilimler kendisinde bulunmayan kimseler, bu tabîata sâhip olduklarından, yine akıllıdırlar. Cismin, kendisiyle ihtiyârî hareket edip hâsselerini [duygu organlarını] kullanabileceği hayâtı, bir garîza olduğu gibi akıl da bâzı hayvanların kendisiyle nazarî ilimler edinmeğe hazırlandığı bir garîza'dır. Eğer bu ta'rife bakarak, insân ile merkeb arasında fark olmaması lâzım gelir dersen bil ki: İnsân ile merkebdeki aklın farkı yoktur, denilebilir. Ancak âdet-i ilâhiyye olarak insânda akıl ile ilim halk edilir de diğer hayvanlar ve canlı varlıklarda halk edilmez. Bundan da hayvan ile nebâtların hayât bakımından eşit olması lâzım geldiği ileri sürülürse, denilir ki: Evet, aralarında fark yoktur. O kadar ki Allahu Teâlâ âdeti gereğince merkeb'de husûsî hareketler yaratır ve böylelikle onu ayırmış olur. Şöyle ki: Eğer merkeb, cansız cemâd farz edilseydi ondan meydana gelen bütün hareketleri Allahu Teâlâ'nın yarattığına hükm etmek vâcib olurdu ve yine merkeb'in cemâdat'dan hareketteki farkı hayât iledir demek borç olduğu gibi, insânın da hayvândan ayrıldığı nazarî ilimleri idrâk için garîzasında olan akıl iledir denir.

Akıl, kendisine has vasıf ile şekil ve renkleri göstermekte diğer cisimlerden ayrılan ayna ile sırrı gibidir. Göz de böyledir. Görmeğe isti'dâdı olan hey'et ve sıfatları ile cephe [alın]'den ayrılır.

Akıl garîzasını ilimlere nisbet etmek, gözü görmeğe nisbet etmek gibidir. İlimlerin inkişâfını sağlamakta Kur'ân ve şerî'at'ın akla nisbeti, güneş ışığının göze nisbeti gibidir. İşte bu garîzayı böyle anlamak gerekir.

www.ihya.org

2 — Küçük bir çocuğun, câiz olan şeyleri câiz, muhâl olan şeyleri de muhâl kabûl etmesi: İkinin birden çok olduğunu, bir adam'ın bir ânda iki yerde bulunamıyacağını bilmesi gibi zarûri ilimlerdir. Bâzı kelâmcıların, aklı «Mümkün olan şeylerin var olabileceğini, mümkün olmayanların olamıyacaklarını anlamak, gibi zarûrî ilimler.» diye ta'rif etmelerindeki gâyeleri de budur. Bu târif de doğrudur. Zîra bu ilimler, insânlarda mevcûttur. Bunlara akıl adı verilmesi meydândadır. Çürük olan, diğer garîzaları inkâr edip yalnız bu ilimleri kabûl etmektir.

3 — **Tecrübelerden elde edilen ilim** akıldır. Kim, tecrübelerden anlar ve tecrübeler kendini olgunlaştırırsa ona akıllı; kim, tecrübelerden bir şey anlamazsa, ona ahmak ve câhil denir. Bu da akıl adı verilen ilimlerin başka bir çeşitidir ki, buna tecrübe derler.

4 — O garîza'nın bir dereceye yükselmesidir ki, bütün bu işlerin netîcesini anlar ve âkıbeti tehlikeli olan bu gibi muvakkat lezzetlere dâvet eden şehvetini yener. Bu kuvvet kimde bulunursa, peşin şehvetinin arzûsuna uymayıp âkıbeti düşünerek hareket ettiği için «Akıllı» sıfatını alır denir. Bu da insânı, hayvândan ayıran bir hususiyettir. (Buna da akl-ı müstefâd denir.)

Aklın şu dört mânâsından birincisi asıl ve kökdür. İkincisi, onun en yakın bir dalıdır. Üçüncü mânâ, birinci ve ikinci mânâların dallarıdır. Çünkü tecrübe ilimleri tabiî ve garîzî kuvvetle elde edilir. Aklın son meyvesi demek olan dördüncüsü akıldan beklenen netîcedir. Birinci ve ikinciler tabiî, üçüncü ve dördüncüler ise kisbîdir. Bunun için Hazret-i Ali diyor ki :

«Biri tabiî diğeri kisbî olarak iki akıl buldum.
Görmeyen göze güneş ışığının kârı olmadığı gibi,
Fıtrî akıl olmadan, kisbî'nin kârı olmadığını bildim.»

Peygamber Efendimiz, aşağıdaki hadîsi ile birinciyi, yâni gârizî aklı murâd etmiştir:

«مَا خَلَقَ اللهُ عَزَّ وَجَلَّ خَلْقًا أَكْرَمَ عَلَيْهِ مِنَ الْعَقْلِ»

«Allahu Teâlâ akıldan daha kıymetli bir şey yaratmamıştır.» (172)

Yine Peygamber Efendimizin Hazret-i Ali'ye hitâben söylediği şu hadîs-i şerîfden murâdı da, dördüncü, yâni akl-ı müstefâddır :

(172) Tirmizî.

www.ihya.org

« إِذَا تَقَرَّبَ النَّاسُ بِأَبْوابِ الْبِرِّ وَالْأَعْمَالِ الصَّالِحَةِ فَتَقَرَّبْ أَنْتَ بِعَقْلِكَ »

«İnsânlar, güzel ameller ve iyilikleriyle Allahu Teâlâ'ya yaklaşıyorsa, sen de aklın ile yaklaş.» (173)

Hazret-i Peygamber'in şu hitâbından da murâdı aynıdır:

Rivâyet edildiğine göre Hazret-i Peygamber, Ebû'd-Derdâ'ya hitâben:

— Aklını arttır ki, Allah'a yaklaşasın, buyurdu. Ebû'd-Derdâ:

— Anam babam sana fedâ olsun, aklımı nasıl arttırabilirim yâ Resulallah, diye sorunca Peygamber Efendimiz:

— Allahu Teâlâ'nın yasak ettiği harâmlardan kaçın, farzları yerine getir ki, akıllı olasın. İyi ameller işle ki, Dünyâ'da yüksek mertebeye erip âhirette, azîz ve celîl olan Allahu Teâlâ'ya yaklaşmakla izzet bulasın, cevâbını verdi.

Sa'id b. Müseyyeb'den rivâyet edildiğine göre:

Hazret-i Ömer, Ubeyy b. Kâ'b ve Ebû Hüreyre Peygamber Efendimizin huzûruna girerek şöyle sordular:

— Yâ Resûlallah, insânların en âlimi kimdir? Peygamber Efendimiz:

— Akıllı olandır cevâbını verdi. Onlar:

— En çok ibâdet eden kimdir? Peygamber Efendimiz:

— En çok akıllı olan. Onlar:

— İnsânların en faziletlisi kimdir? Peygamber Efendimiz:

— En akıllı olan. Onlar:

— Yâ Resûlallah, akıllı kimse, mürüvvet sâhibi, cömerd, konuştuğunu bilen ve hatırı sayılan kimse değil midir? Diye sordular. Peygamber Efendimiz:

— Bütün bu saydıklarınız dünyâlık ve Dünyâ'ya âit şeylerdir. Âhiret ise muttakîlerindir, buyurdu.

Bir hadîs-i şerîfde Peygamber Efendimiz şöyle buyuruyorlar:

« إِنَّمَا الْعَاقِلُ مَنْ آمَنَ بِاللّٰهِ وَصَدَّقَ رُسُلَهُ وَعَمِلَ بِطَاعَتِهِ »

(173) Ebû Nuaym «Hilye»de.

www.ihya.org

«Akıllı, Allahu Teâlâ'ya îmân edip Peygamberine inanan ve emirlerini yerine getiren kimsedir.» (174)

«Akıl» kelimesi lûgat ve kullanılış bakımından o garîzanın adıdır. Zarûri ilimlere akıl ıtlakı, neticesi itibâriyledir. Çünkü şey, neticesiyle bilinir. İlme, haşyet; âlime de «Allah'dan haşyet duyan kimse» dendiği gibi. Halbuki haşyet ilmin ta'rîfi değil, belki ilmin meyvesi ve neticesidir. Bu bakımdan mecâz li-gayrihi gibi olmuş olur. Fakat gâye, lûgat mânâsında değil, maksad bu dört kısmın mevcudiyeti ve yalnız birinci kısmı alan garîza müstesnâ «akıl» kelimesinin hepsine birden şâmil olmasındandır. Sahîh olan, mevcûd olmasıdır. Hattâ diğer üç kısım da aslidir ve birinci kısım olan garîza'nın içindedir. Şu kadar ki hârice çıkmasını iktizâ eder sebeb bulunduğu zamân bu ilimlere dışarıdan bir şey katılmamış ve kendi içerisinde saklı imiş gibi onları vücûd çıkarır. Bunun benzeri, yer altındaki su'dur. Küçük bir kazı ile meydana çıkıp hâricden kendisine bir şey katılmadan bir araya toplanıp görüldüğü gibidir. Yine, bademde olan yağ, gül çiçeğinde olan gül suyu gibidir. Bu sebebden Hak Teâlâ şöyle buyuruyor:

وَإِذْ أَخَذَ رَبُّكَ مِنْ بَنِي آدَمَ مِنْ ظُهُورِهِمْ ذُرِّيَّتَهُمْ وَأَشْهَدَهُمْ
عَلَىٰ أَنْفُسِهِمْ أَلَسْتُ بِرَبِّكُمْ قَالُوا بَلَىٰ»

«Hem Rabbin : Beni Âdemden, beilerinden zürriyetlerini alıp da onları nefislerine karşı şâhid tutarak: «Rabbiniz değil miyim?» Diye şehâd ettiği zamân «Belâ» dediler.» (7 - A'raf : 172)

Bu ikrârdan gâye, dillerinin ikrârı değil, heykellerden soyulmuş nefislerinin, zâtlarının ikrârıdır. Çünkü şahısları ve dilleri bulunduğu zamân, dilleriyle ikrârlarında ikiye ayrıldılar. Bir kısmı diliyle de ikrâr etti, diğeri ise inkâr etti. Bunun için Allahu Teâlâ buyuruyor:

« وَلَئِنْ سَأَلْتَهُمْ مَنْ خَلَقَهُمْ لَيَقُولُنَّ اللَّهُ »

«Onlara, sizi kim yarattı diye sorarsanız, Allah yarattı derler.»

Yâni onların hâlleri düşünülürse bâtınları ve akılları buna şehâdet eder. Buna işâret etmek üzere Allahu Teâlâ buyuruyor ki:

(174) İbnü'l - Muhber.

www.ihya.org

« فِطْرَةَ اللهِ الَّتِي فَطَرَ النَّاسَ عَلَيْهَا »

«Allahu Teâlâ'nın insânları yarattığı fıtrattır.» (30 - Rûm: 30) Yâni her insân Allahu Teâlâ'ya îmân fıtratı ve belki her eşyâyı olduğu gibi anlamak isti'dâdı üzerine yaratıldı. Anlayış isti'dâdına yakın olduğu için bu hâl kendi içinde imiş gibidir.

İmânın yaradılışta insânlarda yerleşmiş bir tabiat olduğunu bildikten sonra, insânların bir kısmı bundan yüz çevirdi ve bu fıtratını unuttu. Diğer kısmı bir hâdiseye şâhid olup unuttuktan sonra yeniden hâtırlayan gibi aklını başına aldı, istikaametini o tarafa çevirdi ve fıtratını hâtırladı. Bunun için Allahu Teâlâ:

« لَعَلَّهُمْ يَتَذَكَّرُونَ »

«Umulur ki hâtırlarlar.» (2 - Bakara: 221) buyurmuştur. Diğer bir âyet-i celîlede de buyuruluyor ki:

« وَلِيَتَذَكَّرَ أُولُوا الْأَلْبَابِ »

«Akıl sâhipleri hatırlasınlar diye.»

« وَاذْكُرُوا نِعْمَةَ اللهِ عَلَيْكُمْ وَمِيثَاقَهُ الَّذِي وَاثَقَكُمْ بِهِ »

«Allahu Teâlâ'nın size olan ni'metlerini ve sizden aldığı sözü hâtırlayın.» (5 - Mâide: 7)

« وَلَقَدْ يَسَّرْنَا الْقُرْآنَ لِلذِّكْرِ فَهَلْ مِنْ مُدَّكِرٍ »

«Kur'ân'ı da müyesser kıldık düşünmek için. Fakat hani düşünen?» (54 - Kamer: 17)

Bu nev'e **«TEZEKKÜR»** [hâtırlama] adı verilmesi uzak bir mânâ değildir. Tezekkür iki çeşittir. Biri: Önceden hâtırında olan şeyi unuttuktan sonra hâtırlamak. Diğeri de, yaradılışta kendisinde mevcûd olan bir şeyi hâtırlamaktır. Bunlar **basîret nûru** [Kalb gözü] ile

www.ihya.org

görenler için açık gerçekler olmakla, keşf ve müşâhededen mahrûm, işitmek sûretiyle taklîdcilik kendilerinde revâç bulan kimseler için ağırdır. Bunun için onların bu gibi âyetlerde sürçtükleri, (ahd ü mîsak'da) nefsin ikrârı ve tezekkür'ün te'villerinde çeşitli yollara saptıkları, tenâkuz fikrine kapıldıkları, hadis ve âyetlerde tenâkuzlar tahayyül ettikleri görülür. Çok kerre bu hâl kendilerinde tabîatleşir, âyet ve hadîslere hakaaret gözü ile bakar ve gerçekten bunlarda tenâkuz olduğu kanâatine varırlar. Bu hâl, eve giren kör bir adamın, tâm yerine konmuş olan çanak ve çömleğe çarparak: «Bu kaplar niçin yerine konmamış?» dediğine benzer. Şüphesiz ona verilecek cevâp: «Kaplar yerindedir, fakat sen görmediğin için onlara çarptın.» sözüdür. Basîret gözü kapalı olanlar da aynı körler gibi belki de daha fenâdır. Çünkü beden binit, insânın rûhu ise, binicisidir. Elbetteki binicinin körlüğü binitin körlüğünden fenâdır.

Kalb gözü başdaki göze benzediği için Allahu Teâlâ:

« مَا كَذَبَ الْفُؤَادُ مَا رَأَى »

«Gözünün gördüğünü gönlü yalanlamadı.» (53 - Necm : 11) buyuruyor. Yâni: Umûr-i kudsiyye evvelâ kalb, sonra göz ile görülür. Yine Allahu Teâlâ:

« وَكَذَلِكَ نُرِي إِبْرَاهِيمَ مَلَكُوتَ السَّمَوَاتِ وَالْأَرْضِ »

«Bunun gibi İbrâhîm'e yer ve göklerin melekût - gizliliklerini gösteririz.» (6 - En'am : 75) buyurmuştur.

Şüphesiz bunlar, kalb gözü ile görülür ki, bu da görmek bakımından baştaki göze benzemektedir.

Körlük bakımından da, kalbin aynı göze benzediğini ve kapalı olan basîrete kör dendiğini beyân etmek üzere Allahu Teâlâ:

« فَإِنَّهَا لَا تَعْمَى الْأَبْصَارُ وَلَٰكِنْ تَعْمَى الْقُلُوبُ الَّتِي فِي الصُّدُورِ »

«Gözler kör olmaz. Göğüslerde olan kalbler kör olur.» (22 - Hacc :

www.ihya.org

46) buyurmuştur. Yine Allahu Teâlâ diğer Âyet-i celîlede:

«وَمَنْ كَانَ فِي هَٰذِهِ أَعْمَىٰ فَهُوَ فِي الْآخِرَةِ أَعْمَىٰ وَأَضَلُّ سَبِيلًا»

«Bu dünyâda kendi arzûlariyle hakîkati görmekten çekinen ma'nevî körler, âhirette de kör ve belki daha sapık yoldadırlar.» (17 - İsrâ : 72) buyurmuştur.

Peygamberlere gösterilen bu şeylerin bâzısı baş ve bâzısı da kalb gözü ile gösterilmiş ve hepsine birden görmek adı verilmiştir.

Hülâsa : Kimin basîret gözü açık değilse, dînin özüne eremez. Ancak kabuğu ile uğraşır.

İşte bu saydıklarımız aklın kısımlarıdır.

İNSANLARIN AKILCA FARKLARI

Akılların faklı olup olmadığına dâir insânlar ihtilâf etmiştir. Ma'nevî ilimden mahrûm olan bu gibilerin sözlerini buraya aktarmakla meşgûl olmakta bir mânâ yok. En doğrusu hemen hakîkî yolu açıklamağa çalışmaktır.

Bu husûsta açık gerçek şudur ki :

Yukarıda anlattığımız aklın, dört aksâmından yalnız ikincisi olan zarûrî ilimlerden başka diğer üç kısmında insânlar arasında ayrılık vardır. İkinci mânâdaki, mümkün olan şeylerin olabileceğine, mümtenî olanların da olamıyacağına dâir olan ilm-i zarûriye delâlet eder. İki adedinin birden çok olduğunu bilen, bir cismin bir ânda iki yerde bulunamıyacağını bir şey'in hem hâdis, hem de kadîm olamıyacağını bilen akıl sâhibi kat'î olarak aklın anlayacağı buna mümâsil diğer şeyleri de bilir. Bunda ayrılık yok. Fakat diğer üç kısımda ayrılık vardır.

Dördüncü kısım olan, şehvetlere galebe çalmaktaki akl-i müstefâdda insânların bir olmadığı, hattâ bir insânın bile her hâlinde aynı derecede olmadığı meydândadır. Bu fark bâzan şehvetlerin muhtelif olmasından ileri gelir. Meselâ insân, aklıyle bâzı şehvetlerini terke muktedir olduğu hâlde, bâzılarını yenemez. Bu da dâimâ bir şekilde olmaz. Şöyle ki: Gençlik zamânında şehvetine hüküm edemez. Fakat yaşlanıp aklı başına gelince bu cepheden kendisine mâlik olur. Buna karşılık yaşlandıkça kendisinde gösteriş, mâkam sevgisi kuvvetlenir. Bu sefer de bunların önüne geçemez. Bu ayrılık, bâzan şehvetin fenâlığını anlatan bilgilerdeki ayrılıktan olur. Bunun için, tabîb bir çok zararlı maddelerden kendini korur, fakat aynı akılda olup bu gibi şey-

www.ihya.org

lerin zararını kabûl ettiği hâlde tabîb olmayan bir diğeri bu zararlı şeylerden kendini çekemez. Bilgi çoğaldıkça korku artar, böylelikle arzûları yenmekte korku, aklın yardımcısı olur. Maddî hayâtta böyle olduğu gibi ma'nevî cephede de böyledir. Hatâların zararlarını daha kuvvetli bilen bir âlim, kendini bir câhilden daha iyi korur. Fakat biz, âlim derken maddiyât için okumuş, cübbeler giymiş, makâm işgâl etmiş cedel ehlini değil, Allah için okuyan hakîkî âlimi kasdediyoruz.

Eğer, ayrılığın sebebi şehvet ise, aklın ayrılığına gitmez. Yâni akılların tefâvütünden değildir. Eğer ayrılığın sebebi ilim cihetinden ise, biz ilmin bu kısmına akıl ismi verdik. Çünkü burada ilim, akıl garîzasını kuvvetlendirir. Buradaki ayrılık ismin mânâsında olur. Bu ayrılık bâzan yaradılışta olur. Yaradılışta aklı kuvvetli olan, nefsin arzûlarından kendini daha iyi korur.

Üçüncü kısım olan tecrübe ilmine gelince: Buradaki ayrılığı kimse inkâr edemez. Bunlar, bâzan tesâdüf, bâzan da sür'at-i intikal ile ayrılırlar. Bunun da sebebi, yaradılıştaki ayrılık, veyâ tecrübe azlığıdır.

Asıl olan birinci kısım, yâni yaradılıştaki akla gelince: Buradaki ayrılığı inkâra yol yoktur. Çünkü o, rûh üzerinde parlayan bir nûr ve sabâhında doğan bir güneştir. Parlama zamânı erginlik çağıdır. Bu akıl, kırkına varıncaya kadar durmadan artar ve olgunlaşır. Bu, sabâh güneşine benzer. İlk önce gâyet hafîftir, sonra güneşin gözü görülünce olgunlaşır ve çoğalır. Basîret nûrunun azlığı ve çokluğu baş gözündeki ziyânın azlığı ve çokluğu gibidir. Farklılık, gözü bozuk olup dâimâ göz yaşı akan ile gözü sağlam olan arasında açıkça görülmektedir. Belki Allahu Teâlâ'nın sünneti, her şeyi tedricen kemâle erdirmekle câridir. Hattâ şehvet bile erginliğe erer ermez bütün ağırlığı ile gencin sırtına yüklenmez; âhestelikle olgunlaşır. Diğer yemek, his, hayâl ve düşünce kuvvetleri de böyledir. Yaradılışta ayrılık olmadığını iddiâ edenlerin akıllarından şüphe edilir. Kim, Peygamber'in aklı ile, çöl bedevisinin aklını bir tutarsa o, bedeviden de düşüktür.

Yaradılıştaki aklın birbirinden farklı olduğu nasıl inkâr edilir? Halbuki öyle olmasa insânlar ilimleri idrâkte ayrılmaz, bir kısmı uzun emekten sonra bir şey öğrenebilen «AHMAK», bir kısmı «ZEKİ», bir kısmı da bütün işlerin hakîkat ve gizliliklerine ta'lîmsiz, terbiyesiz ve duygusuz vâkıf olan «KÂMİL» insân olmak üzere üçe ayrılmazlardı. Nitekim Allahu Teâlâ buyuruyor ki :

«يَكَادُ زَيْتُهَا يُضِيءُ وَلَوْ لَمْ تَمْسَسْهُ نَارٌ، نُورٌ عَلَى نُورٍ»

www.ihya.org

«Yağı, hemen hemen ateş dokunmasa bile ziyâ verir, nûr üzerine nûr.» (24 - Nûr : 35)

Bunlar Peygamberlerdir. Vahy ve melcksiz dahi, kapalı ve bilinmeyen işler gönüllerinde açılır ki, buna ilhâm derler. Bunun bir benzeri olarak Peygamber Efendimiz bir Hadîs-i şerîfte şöyle buyuruyor:

«إِنَّ رُوحَ الْقُدُسِ نَفَثَ فِي رُوْعِي: أَحْبِبْ مَنْ أَحْبَبْتَ فَإِنَّكَ مُفَارِقُهُ : وَعِشْ مَاشِئْتَ فَإِنَّكَ مَيِّتٌ ، وَاعْمَلْ مَاشِئْتَ فَإِنَّكَ مَجْزِيٌّ بِهِ»

«Cebrâil veyâ doğrudan Hazret-i Allah kalbime şöyle ilka etti: Dilediğini sev, neticede ayrılacaksın. İstediğin kadar yaşa, sonunda ölecksin. Dilediğin şekilde amel et, karşılığını bulacaksın.» (175)

Meleklerin Peygamberlere bildirdiği bu yol, kulak ile işitilen Vahy-i sarîh'den ayrı bir yoldur. Bunun için Peygamber Efendimiz bunu üflemek ve nefes mânâsında olan «NEFES» ve «RÛ'» kelimeleriyle tâbir etmiştir.

Vahyin yolları çoktur. Bu kısım mükâşefe ilmine âit olduğu için Muâmele ilminde bunun üzerinde çok durmağa gelmez.

Vahyin derecelerini bilmek için vahye mahzar olmak gerektiğini sanma. Zira sıhhatli olmayan bir tabîb de hasta adama hastalığını, derecelerini, söylediğini yapmayan bir âlim de fenâ bir insâna adâlet ve iyiliklerin derecelerini anlatabilir. Bunun gibi vahyin derecelerini anlatabilmek için vahye mazhar olmak şart değildir. İlim başka, bilinen şeylerin varlığı da başka bir şeydir. Peygamberlik ve veliliği bilen kimsenin Peygamber veyâ velî olması, takvâ ve zühdü bilen herkesin de muttakî olması lâzım gelmez.

İnsânlar, kendi kendine anlayabilmek, ta'lîm ve terbiye ile öğrenmek, ta'lîm ve terbiye dahi kendisine fayda vermemek bakımından yeryüzü gibidir. Bir kısım toprak kendiliğinden suyu çıkarır ve akıtır, bir kısım toprak kuyu kazmakla suyu çıkarır, diğer bir kısmı da ne kadar kazarsan kaz su çıkarmaz kuru topraktır. Bu, toprağın cevherindeki farklılıktandır. İnsânlardaki farklılık ise, akıllarındaki farktandır.

(175) Şirâzî Sehl b. Sa'd'dan.

Akılların bir olmadığını ifâde eden naklî delillerden bir tânesi Abdullah b. Selâm'ın rivâyet ettiği, Arş'ın büyüklüğünü anlatan uzun hadis'in son kısmıdır. Burada Peygamber Efendimiz nakl buyuruyorlar ki :

«يَا رَبَّنَا هَلْ خَلَقْتَ شَيْئًا أَعْظَمَ مِنَ الْعَرْشِ؟ قَالَ نَعَمْ : الْعَقْلُ، قَالُوا وَمَا بَلَغَ مِنْ قَدْرِهِ ؟ قَالَ هَيْهَاتَ لَا يُحَاطُ بِعِلْمِهِ ، هَلْ لَكُمْ عِلْمٌ بِعَدَدِ الرَّمْلِ؟ قَالُوا : لَا . قَالَ اللهُ عَزَّ وَجَلَّ فَإِنِّي خَلَقْتُ الْعَقْلَ أَصْنَافًا شَتَّى كَعَدَدِ الرَّمْلِ ، فَمِنَ النَّاسِ مَنْ أُعْطِيَ حَبَّةً ، وَمِنْهُمْ مَنْ أُعْطِيَ حَبَّتَيْنِ ، وَمِنْهُمْ مَنْ أُعْطِيَ الثَّلَاثَ وَالْأَرْبَعَ ، وَمِنْهُمْ مَنْ أُعْطِيَ فَرَقًا ، وَمِنْهُمْ مَنْ أُعْطِيَ وَسْقًا ، وَمِنْهُمْ مَنْ أُعْطِيَ أَكْثَرَ مِنْ ذٰلِكَ»

«Melekler dediler :

— Yâ Rab, Arş'dan büyük bir şey yarattın mı? Allahu Teâlâ :
— Evet, aklı yarattım, buyurdu. Melekler :
— Yâ Rab, ne kadar büyüktür? Allahu Teâlâ :
— Kumların sayısını bilir misiniz? Melekler :
— Hayır, yâ Rab, Allahu Teâlâ :
— İşte aklın da büyüklüğünü bilemezsiniz. Ben, aklı kum sayıları gibi sınıflara ayırdım. Kimisine bir tâne, kimisine iki tâne, kimisine üç tâne, dört tâne, bâzısına bir farak, bâzısına vesk (176) diğer bâzılarına da daha çok verilmiştir, buyurdu.» (177)

Eğer, bâzı mutasavvıfenin aklı ve aklî ilimleri kötülemelerinin sebebi nedir diye sorarsan :

Bilmiş ol ki, bunun sebebi, insânların aklı ve aklî ilimleri birbirlerini ilzâm için mücâdelelerde kullanmaları ve akıl ve ma'kûl isimlerini, mücâdele ve münâzaraya nakletmeleridir. Halbuki münâzara, söz san'atıdır. Sûfilerin onlara: «Siz bu lâfızda yanıldınız, kelâm san'atı başka, aklî ilimler başkadır.» deyip mes'eleyi anlatmağa gücleri

(176) Bunlar eski ölçeklerdendir.
(177) İbnü'l - Muhber, Enes'den.

www.ihya.org

yetmedi. Çünkü eskiden yeniye, onlara böyle intikal ettiği için, onların kalbinden bunu çıkarmak imkânı yoktu. Bu sebebten sûfîler, akıl ve ma'kûlü kötülemek zorunda kaldılar. Amma zemm ettikleri, o mânâlar daki akıl ve ma'kûldür.

Kalbe konan ve Allahu Teâlâ ile Resûlü bilmeğe yarayan akıl nûrunu yenmek asla düşünülemez. Bizzat Allahu Teâlâ'nın medhettiği bu akıl yerilirse öğülecek başka ne kalır?

Eğer öğülen Peygamber'in getirdiği şerî'at ise, bunun doğruluğu ne ile bilinmiştir? Eğer yerilen, kötülenen akıl ile bilindi ise böyle akıl ile bilinen de mezmûmdur.

Şerî'at'ın doğruluğu akıl ile değil, îmân nûru ve yakîn gözü ile bilindi diyenin sözünde kıymet yoktur. Zîra biz, akıl demekle onların, yakîn gözü ve îmân nûru dedikleri şeyi kasd ediyoruz. Bu, eşyanın hakîkatini idrâk için insânı, diğer canlılardan ayıran bir iç duygu hasletidir.

Bu sürçmelerin çoğu, hakîkati sözlerde arayan halkın cehâletindendir. Lâfzların delâlet ettiği şeylerde insânlar hatâya düştükleri için onlar da hatâya düştüler.

Aklın şerefini îzâh etmek husûsunda, bu kadarı kâfîdir. Her şeyi olduğu gibi bilen, ancak Allahu Teâlâ'dır.

كلمة الناشر

بسم الله الرحمن الرحيم

الحمد لله الذى فطرنا على حب دينه والتمسك بأهدابه ، والصلاة والسلام على سيدنا محمد الذى جاهد لنشر تعاليم الاسلام وآدابه ، وعلى آله وصحبه الذين اهتدوا بهديه ، ففازوا برضوان الله وثوابه .

أما بعـد :

فقد كان لتعريب الثقافة اليونانية وغيرها من الثقافات الأعجمية ، تنفيذاً لرغبة الخليفة العباسي ـ المأمون ـ أثره الرجعى فى الحركة الفكرية ، استفحل أمره ، وزاد خطره فى أواخر القرن الثالث الهجرى ، ثم أخذ يزحف بماديته على ما أوجده الاسلام من خلق روحى فاضل وآداب اجتماعية سامية . وما فتح القرن الخامس صفحاته ، حتى كادت موجة المادية الملحدة تأتى على بنيان الدين الاسلامى من القواعد . ففي هذا القرن تمكن بعض أعداء الحنيفية السمحة ، من نفث سمومهم فى تيارات الأفكار العامة ، بما أخذوا ينشرونه من رسائل خاطئة أثيمة مهدوا لها تمهيداً باطنيا وضعت أسسه بتفكير هادىء خبيث أضلوا به كثيراً من القائمين بالشئون العامية ، وأوجدوا فى الأوساط المثقفة نوعا من الجدل السفسطائى صرف غالبية أولى العلم والرأى عن سبيل الهدى ، وكاد يودى بمجموع الأمة الاسلامية فى مهاوى الهلاك .

فى هذا الظرف العصيب ، وفى وسط تلك الزوبعة المادية القاتلة ، وقف حجة الاسلام الإمام الغزالى يناضل عن تعاليم الاسلام الحقة ، فأخذ فى تأليف الرسائل القيمة التى تبين للناس ما فى الاسلام من تعاليم اجتماعية فاضلة وفلسفة روحية عالية ، فحال بتآليفه هذه دون وقوع الكارثة .

وإن من أنفس ما أخرجته قريحة الامام الغزالى ، كتاب إحياء علوم الدين . وهذا الكتاب العظيم قد تناولته المطابع بشتى أنواع الطبع ، إلا أنها لم تعطه فيما نعتقد ما يليق به من الإجادة والإتقان ، وغاية ما ترمى إليه لجنتنا (نشر الثقافة الاسلامية) فى هـذا الظرف الذى يشبه فى كثير من الوجوه ، ظرف تأليف كتاب الإحياء ، أن تخرج هـذا السفر الجليل فى ثوب يتفق ومكانته ، إجادة وعناية ، وأن تسهل سبيل الحصول عليه .

ونرى ونحن نقدم الجزء الأول منه ، أننا لسنا فى حاجة إلى بيان أفضلية محاولتنا هذه ، إذ فى متناول الناس جميعاً وفى مقدورهم أن يصدروا حكمهم ، وعملنا بين أيديهم .

إننا نعتقد أنه ليس أقوى فى صد هذا التيار الجارف المتحلل من الفضائل وسمو الآداب ، من إبراز ما أنتجته قرائح فلاسفة الاسلام فى الصدر الأول . فان على هـذه الفلسفة الرشيدة أسّس علماء الغرب وحكماؤه ، واستمدوا العون فى وضع قواعد رقيهم المادى وغير المادى .

فلقد كان للحروب الصليبية أثرها الفعال فى بدء نهوض الغرب ؛ فانها وإن كانت قد انتهت بفشلهم الحربى ، ورجعت جيوشهم مدحورة بعد فوز جيوش المسلمين بقيادة صلاح الدين ، إلا أنه كان لاختلاط الغربيين بأهل المشرق من المسلمين ، ووقوفهم على أسباب رقيهم ، الأثر الأول فى نهوضهم ، ثم فى غلبتهم علينا حتى الآن . وإن من الثابت الذى لاشك فيه أن ما أخذه علماء الغرب المرافقون للحملة الصليبية عند أوبتهم إلى الغرب من كتب علمية وفلسفية ، نقلوها إلى كثير من لغاتهم ، وانكبوا عليها بعـد ذلك دراسة وتمحيصا ، أحدث فى الغرب رجة عظيمة فعلت فعلها فى تنوير الأذهان ، ودفعت بشعوبه إلى أوج الغلبة والسلطان .

وإن المسلمين فى جميع أقطار العالم ، لأحق بدراسة حكمة حكمائهم وبحوث علمائهم . وإنهم لأجدر من غيرهم بالأخذ بأسباب النهوض من مصادره الأولى ، وهى مصادر إسلامية ساميـة المقام عالية القـدر . وإن كتاب إحياء علوم الدين لمن أول هـــذه المصادر الجديرة بالدراسة والتقدير

وإن اللجنة لتتقدم بالشكر الجزيل ، لحضرة صاحب الفضيلة الأستاذ الجليل ، العالم العـامل ، والباحث المحقق السيد محمد الخضر حسين عضو مجمع اللغة العربية الملكي المصرى ، ورئيس جمعيـة الهداية الاسلامية ، والمدرس بكلية أصول الدين ، على تفضله بترجمة حياة حجة الاسلام الامام الغزالى بقلمه البليغ ، وعلى معاونته اللجنة بصائب رأيه وغزير علمه .

هو أبو حامد محمد بن محمد بن محمد بن أحمد الغزالى

وُلد فى طوس سنة ٤٤٥ ، وتلقي العلم فى بداية أمره على الأستاذ أحمد بن محمد الراذكانى، ورحل إلى جرجان فأخذ عن الأستاذ أبى نصر الاسماعيلي ، وعاد إلي طوس فمكث بها نحو ثلاث سنين ، وسافر إلى نيسابور ، فاختلف إلى دروس إمام الحرمين أبى المعالى عبد الملك ابن أبى محمد الجوينى ، وصرف همته فى طلب العلم ، فظهر نبوغه فى أقرب وقت ، وصار من الأعلام المشار اليهم بالبنان فى حياة أستاذه إمام الحرمين ، ولم يزل ملازما له إلى أن توفى سنة ٤٧٨ ، وخرج أبو حامد من نيسابور إلي « العسكر » حيث يقيم الوزير نظام الملك ، فعرف الوزير قدره ، وأقبل عليه باحتفاء ، وصار فيمن يحضر مجالس الوزير من أفاضل العلماء ، وظهر علمه وعلا ذكره ، فولاه التدريس بمدرسته النظامية ببغداد سنة ٤٨٤ ، فانتقل إلى بغداد ، وأقبل على التدريس ، فامتلأت قلوب أهل العراق بالاعجاب به ، وسمت عندهم مكانته ؛ وصار بعد إمامة خراسان إمام العراق ، ولم يكن منه إلا أن نبذ الدنيا وراء ظهره ، ولاذ بالزهد سنة ٤٨٨ ، فرحل من بغداد إلى الحجاز ،فأدي فريضة الحج ، وتوجه إلى الشام ، فأقام بدمشق مدة ، وانتقل منها إلى بيت المقدس ،وبقى فى تلك الديار نحو عشر سنين ألف فيها كتباً قيمة . منها كتاب « إحياء علوم الدين » ثم قصد مصر ، وأقام بالاسكندرية حيناً يقصد فيما يقال الركوب فى البحر إلى بلاد المغرب للاجتماع بأمير المسلمين يوسف بن تاشفين، ولما بلغته وفاته عدل عن السفر ، ورجع إلي بغداد ، وألقي بها دروساً ، ثم انتقل إلى خراسان ، وتولي التدريس بالمدرسة النظامية فى نيسابور ، وعاد بعدُ إلى بلده طوس ، واتخذ خانقاه للصوفية ، ومدرسة لطلاب العلم ، وكان يقضى أوقاته فى تلاوة القرآن ، ومجالسة أهل التقوي ، والجلوس للتدريس، إلى أن توفى سنة ٥٠٥ خمس وخمسمائة ، ودفن بظاهر الطابران (إحدي بلدتى طوس)

ولم يسلم الغزالى فى حياته مما يبتلى به أكثر الراسخين في العلم من مناوأة جاهل لا يقدر الرسوخ فى العلم قدره ، وسعاية زائغ عن الرشد يحرق فؤادَه دعوةٌ إلى الحق خالصة القصد، قوية الحجة مثل دعوة الغزالى ، وقد أشار الحافظ ابن عساكر في كتاب (تبيين كذب المفترى) إلى ما كان الغزالى يقاسيه من مناوأة الخصوم ، والسعى به إلى الملوك ؛ وأن الله حفظه وصانه عن أن تنوشه أيدى النكبات ، أو ينهتك ستر دينه بشىء من الزلات .

وقد أطنب الكاتبون فى الثناء على أبى حامد ، وبسطوا الحديث عن حياته العامية ، وأكتفى هنا بثناء أبى بكر بن العربى عليه فى كتاب «قانون التأويل» إذ يقول : « ورد علينا (أي فى بغداد) ذانشمند (يعنى الغزالى) فنزل برباط أبى سعد بإزاء المدرسة النظامية ، معرضاً عن الدنيا ، مقبلا على الله تعالى ، فمشينا اليه ، وعرضنا أمنيتنا عليه، وقلت له: أنت ضالتنا التى كنا ننشد ، وإمامنا الذي به نسترشد ، فلقينا لقاء المعرفة ، وشاهدنا منه ما كان فوق الصفة ، وتحققنا أن الذى نقل الينا من أن « الخبر على الغائب فوق المشاهدة » ليس على العموم ، ولو رآه على بن العباس لما قال :

إذا ما مدحت امرءاً غائباً فلا تغل فى مدحه واقصد
فانك إن تغل ، تغل الظنو ن فيه إلى الأمد الأبعد
فيصغر من حيث عظمته لفضل المغيب على المشهد

وذكر فى كتاب القواصم والعواصم بعد الحديث عن مسألة كشف الغيوب ، فقال : « فاوضت فيها أبا حامد الغزالى حين لقائى له بمدرسة السلام فى جمادى الآخرة سنة تسعين وأربعمائة ، وقد كان راضَ نفسه بالطريقة الصوفية من سنة ست وثمانين إلي ذلك الوقت نحواً من خمسة أعوام ، وتجرد لها ، واصطحب مع العزلة ، ونبذ كل فرقة ، فتفرغ لى بسبب بيناه فى ترتيب الرحلة ، فقرأت عليه جملة من كتبه ، وسمعت كتابه الذى سماه الاحياء لعلوم الدين ، فسألت سؤال المسترشد عن عقيدته ، المستكشف عن طريقته ، لأقف من سر تلك الرموز التى أومأ اليها فى كتبه علي موقف تام المعرفة ، وطفق يجاوبنى مجاوبة الفاهم لطريق التسديد للمريد ، لعظيم مرتبته ، وسمو منزلته ، وما ثبت له فى النفوس من تكرمة ، فقال لى من لفظه ، وكتبه لى بخطه : إن القلب إذا تطهر عن علاقة البدن المحسوس ، وتجرد

للمعقول ، انكشفت له الحقائق ، وهذه أمور لا تدرك إلا بالتجربة لها عند أربابها ، بالسكون معهم والصحبة لهم » الخ ص ٢٠

للغزالي مؤلفات كثيرة ، ومن أنفس ما خطته يده كتاب الاحياء ، وقد ألف الغزالى هذا الكتاب بعد أن درس الفلسفة ، واستقصى ما عند أهلها ، وبعد أن أقبل بهمة على طريق الصوفية ، فطالع كتبهم ، مثل قوت القلوب لأبى طالب المكى ، وكتب الحارث المحاسبي ، والمتفرقات المنثورة عن الجنيد والشبلي وأبى يزيد البسطامي ، وظهر عنده أن لا مطمع فى سعادة الآخرة إلا بالتقوى ، وكف النفس عن الهوى ، ثم واظب على العزلة والخلوة

فلا عجب أن يبلغ كتاب الاحياء فى الغوص على أسرار الشريعة ، والبحث عن دقائق علم الأخلاق وأحوال النفس ، غاية بعيدة ، فكتاب الاحياء من صنع عقل نشأ فى قوة ، ورسخ فى علوم الشريعة ، وخاض فى العلوم العقلية ، فوقف على كبيرها وصغيرها ، وفرق بين سليمها ومعيبها ، وخلص بعد هذا من كدور الهوى وظلمات الحرص على عرض الدنيا

وقد كان الناقدون لكتاب الاحياء يعيبونه بما احتواه من بعض الأحاديث الضعيفة أو الموضوعة ، وربما اعتذروا عن مؤلفه بأنه لم يكن طويل الباع فى علم الحديث ، بل نقلوا عنه أنه كان يقول عن نفسه : « أنا مزجي البضاعة فى علم الحديث »

وقد قام باصلاح هذا النقص الحافظ العراقي ، زين الدين عبد الرحيم ، فألف فى تخريج أحاديثه كتابا فى مجلدين ، ثم اختصره فى مجلد سماه « المغنى عن حمل الأسفار فى الأسفار »

وإذا وجد العلماء فى كتاب الاحياء مآخذ معدودةً ، فانه من صنع بشر غير معصوم من الزلل ، وكفى كتاب الاحياء فضلا وسموّ منزلة أن تكون درر فوائده فوق ما يتناوله العد ، وأن يظفر منه طلاب العلم وعشاق الفضيلة بما لا يظفرون به من كتاب غيره (وَمَنْ يُؤْتَ الْحِكْمَةَ فَقَدْ أُوتِيَ خَيْراً كَثِيراً)

محمد الخضر حسين

الحافظ العراقي*

هو زين الدين أبو الفضل عبد الرحيم بن الحسين بن عبد الرحمن بن أبى بكر بن ابراهيم العراقي . أصل أبيه من العراق العربى ثم رحل إلى مصر

ولد الحافظ العراقي بمصر فى جمادى الأولى سنة ٧٢٥ ، وتوفى والده وهو فى الثالثة من عمره ، فنشأ يتيماً ، وحفظ القرءان وهو فى الثامنة . ثم اشتغل بعلم القراءات فبلغ فيه شأواً بعيداً ؛ غير أن بعض شيوخ عصره نصح له بالاشتغال بعلم الحديث لعظم نفعه وجليل فائدته ، ولما رآه فيه من فرط الذكاء وصفاء الذهن وبعد الهمة فى طلب العلم . فأقبل على علم الحديث وأخذ عن أئمته فى عصره ، وظهرت فيه مواهبه وبدا فضله ، وفتح الله عليه بشئ كثير ، فكان موضع إعجاب شيوخه وثنائهم حتى لقبوه بحافظ الوقت

وللحافظ العراقي رحلات متعددة فى طلب الحديث والزيادة فى فنونه ، علي سنن المتقدمين ، فقد رحل إلى دمشق وغيرها من بلاد الشام ، ولقى كبار المحدثين وسمع عليهم وقرأ ، ورحل الى مكة والمدينة وأخذ عن شيوخهما ، وتولى القضاء بالمدينة ثلاث سنين

ومن جليل مآثره إحياؤه سنة الاملاء فى عصره بعد أن درست ، قال تلميذه الحافظ ابن حجر :

« شرع (أى العراقي) فى إملاء الحديث من سنة ٧٩٦ فأحيا الله به السنة بعد أن كانت داثرة ، فأملى أكثر من أربعمائة مجلس غالبها من حفظه متقنة مهذبة محررة كثيرة الفوائد الحديثية » . وقال السيوطى فى التدريب : « كان الاملاء درس بعد موت ابن الصلاح الى أواخر أيام الحافظ العراقى ، فافتتحه سنة ٧٩٦ ، ولهذا سمي بمجدد المائة الثامنة ... الخ » وكتب عنه وأخذ العلماء وثقات الحفاظ حتى بعض شيوخه .

ولم يكن العراق مع تفرغه لعلم الحديث وبلوغه الغاية فيه ، قليل الحظ من غيره من العلوم ؛ فقد كان عالماً فى فقه الشافعي ، وكان حظه من علم الأصول كبيراً ، أخذه عن جمال الدين عبد الرحيم الاسنوى الذي كان يقول فيه : إن ذهنه لا يقبل الخطأ .

كان الحافظ العراق عالماً عاملا مواظباً على قيام الليل وصيام الأيام البيض من كل شهر ، كثير الحياء شديد التواضع سليم الصدر قوي الايمان ، يعظم الحق ولا يهاب فيه أحداً ، وكان حسن الخلق والخلق ، صالحا ورعا عفيفا

أما مؤلفاته فتبلغ بضعة وعشرين لم تطبع كلها . ومن مؤلفاته النفيسة كتاب (المغنى عن حمل الأسفار فى الأسفار في تخريج مافى الاحياء من الأخبار) عزا فيه أحاديث الاحياء إلى مخرجيها ، مع الاشارة الي درجتها وما قيل فيها . شرع فيه سنة ٧٤٥ وانتهى منه فى سنة ٧٥١ ، فجلى به جيد الاحياء ، ويسر السبيل إلى كنوزه

توفى فى شعبان سنة ٨٠٦ وله احدى وثمانون سنة

مقدمة

أحمد الله أوّلاً ، حمداً كثيراً متواليًا ، وإن كان يتضاءل دون حق جلاله حمد الحامدين . وأصلي وأسلم على رسله ثانياً، صلاة تستغرق مع سيد البشر سائرَ المرسلين . وأستخيره تعالي ثالثاً فيما انبعث له عزمى من تحرير كتاب فى إحياء علوم الدين . وأنتدب لقطع تعجبك رابعاً أيها العاذل المتغالي فى العذل من بين زمرة الجاحدين، المسرف فى التقريع والإنكار من بين طبقات المنكرين الغافلين

فلقد حلّ عن لسانى عقدة الصمت ، وطوقنى عهدة الكلام وقلادة النطق، ما أنت مثابر عليه من العمي عن جلية الحق ، مع اللجاج فى نصرة الباطل وتحسين الجهل ، والتشغيب على من آثر النزوع قليلا عن مراسم الخلق ، ومال ميلا يسيراً عن ملازمة الرسم ، إلي العمل بمقتضى العلم ، طمعاً فى نيل ما تعبّده الله تعالي به من تزكية النفس وإصلاح القلب ، وتداركا لبعض مافرط من إضاعة العمر يأساً من تمام التلافى والجبر ، وانحيازاً عن غمار من قال فيهم

بسم الله الرحمن الرحيم

الحمد لله الذى أحيا علوم الدين فأينعت بعد اضمحلالها ، وأعيا فهوم الملحدين عن دركها فرجعت بكلالها . أحمده وأستكين له من مظالم أنقضت الظهور بأثقالها ، وأعبده وأستعين به لعظام الأمور وعضالها . وأشهد أن لاإله إلا الله وحده لا شريك له شهادة وافية بحصول الدرجات وظلالها ، واقية من حلول الدركات وأهوالها . وأشهد أن محمداً عبده ورسوله الذى أطلع به فجر الايمان من ظلمة القلوب وضلالها ، وأسمع به وقر الآذان وجلا به رين القلوب بصقالها . صلى الله عليه وعلى آله وصحبه وسلم صلاة لا قاطع لاتصالها .

(وبعد) فلما وفق الله تعالى لاكمال الكلام على أحاديث إحياء علوم الدين فى سنة إحدى وخمسين «*» تعذر الوقوف على بعض أحاديثه ، فأخرت تبييضه الى سنة ستين ، فظفرت بكثير مما عزب عنى علمه ، ثم شرعت فى تبييضه فى مصنف متوسط حجمه ، وأنا مع ذلك متباطئ فى إكماله غير متعرض لتركه وإهماله . إلى أن ظفرت بأكثر ما كنت لم أقف عليه ، وتكرر السؤال من جماعة فى إكماله، فأجبت وبادرت إليه ، ولكنى اختصرته فى غاية الاختصار ، ليسهل تحصيله وحمله فى الأسفار . فاقتصرت فيه علي ذكر طرف الحديث وصحابيه ومخرجه وبيان

«*» أى بعد السبعمائة ، وكان رحمه الله إذ ذاك فى السابعة والعشرين من عمره. اهـ مصححه

صاحب الشرع صلوات الله عليه وسلامه[1]: « أَشَدُّ النَّاسِ عَذَابًا يَوْمَ القِيَامَةِ عَالِمٌ لَمْ يَنْفَعْهُ اللهُ سُبْحَانَهُ بِعِلْمِهِ »

ولعمرى إنه لا سبب لإصرارك على التكبر إلا الداء الذى عم الجم الغفير ؛ بل شمل الجماهير ، من القصور عن ملاحظة ذروة هذا الأمر ، والجهل بأن الأمر إدّ ، والخطب جد ، والآخرة مقبلة، والدنيا مدبرة، والأجل قريب ، والسفر بعيد ، والزاد طفيف والخطر عظيم ، والطريق سد ، وما سوى الخالص لوجه الله من العلم والعمل عند الناقد البصير رد ، وسلوك طريق الآخرة مع كثرة الغوائل من غير دليل ولا رفيق متعب ومكد

فأدلة الطريق هم العلماء الذين هم ورثة الأنبياء ؛ وقد شغر منهم الزمان ولم يبق إلا المترسمون ، وقد استحوذ على أكثرهم الشيطان ، واستغواهم الطغيان ، وأصبح كل واحد بعاجل حظه مشغوفا ؛ فصار يرى المعروف منكراً والمنكر معروفا، حتى ظل علم الدين مندرساً، ومنار الهدى فى أقطار الأرض منطمساً . ولقد خيلوا إلى الخلق أن لا علم إلا فتوى حكومة تستعين به القضاة على فصل الخصام ، عند تهاوش الطغام ؛ أو جدل يتدرع به طالب المباهاة إلى الغلبة والإفحام؛ أو سجع مزخرف يتوسل به الواعظ إلى استدراج العوام ؛ إذ لم يروا ما سوى هذه الثلاثة مصيدة للحرام ، وشبكة للحطام

فأما علم طريق الآخرة وما درج عليه السلف الصالح ، مما سماه الله سبحانه فى كتابه فقهاً

صحته أو حسنه أو ضعف مخرجه ، فان ذلك هو المقصود الأعظم عند أبناء الآخرة ، بل وعند كثير من المحدثين عند المذاكرة والمناظرة ، وأبين ما ليس له أصل فى كتب الأصول . والله أسأل أن ينفع به إنه خير مسئول .

فان كان الحديث فى الصحيحين أو أحدهما اكتفيت بعزوه اليه ، وإلا عزوته إلى من خرجه من بقية الستة ، وحيث كان فى أحد الستة لم أعزه إلى غيرها إلا لغرض صحيح ، بأن يكون فى كتاب التزم مخرجه الصحة ، أو يكون أقرب إلى لفظه فى الاحياء . وحيث كرر المصنف ذكر الحديث فان كان فى باب واحد منه اكتفيت بذكره أول مرة ، وربما ذكرته فيه ثانياً وثالثا لغرض أو لذهول عن كونه تقدم ، وإن كرره فى باب آخر ذكرته ونبهت على أنه قد تقدم ، وربما لم أنبه على تقدمه لذهول عنه . وحيث عزوت الحديث لمن خرجه من الأئمة فلا أريد ذلك اللفظ بعينه ، بل قد يكون بلفظه ، وقد يكون بمعناه أو باختلاف على قاعدة المستخرجات . وحيث لم أجد ذلك الحديث ذكرت ما يغنى عنه غالباً ، وربما لم أذكره .

وسميته « المغنى عن حمل الأسفار فى الأسفار ، فى تخريج ما فى الاحياء من الأخبار » جعله الله خالصاً لوجهه الكريم ، ووسيلة إلى النعيم المقيم .

أحاديث الخطبة

(١) حديث أشد الناس عذاباً يوم القيامة عالم لم ينفعه الله بعلمه : الطبرانى فى الصغير والبيهقى فى شعب الايمان من حديث أبى هريرة باسناد ضعيف

وحكمة، وعلما وضياء ونوراً، وهداية ورشداً، فقد أصبح من بين الخلق مطويا؛ وصار نسياً منسياً

ولما كان هذا ثلما فى الدين ملمًّا، وخطباً مدلهما، رأيت الاشتغال بتحرير هذا الكتاب مهما، إحياءً لعلوم الدين، وكشفاً عن مناهج الأئمة المتقدمين، وإيضاحا لمناهي العلوم النافعة عند النبيين والسلف الصالحين

وقد أسسته على أربعة أرباع، وهى : ربع العبادات، وربع العادات، وربع المهلكات، وربع المنجيات. وصدّرت الجملة بكتاب العلم لأنه غاية المهم، لأكشف أولاً عن العلم الذى تعبد الله على لسان رسوله صلي الله عليه وسلم الأعيان بطلبه، إذ قال رسول الله صلي الله عليه وسلم[1] طَلَبُ العِلْمِ فَرِيضَةٌ عَلَى كُلِّ مُسْلِمٍ» وأميز فيه العلم النافع من الضار، إذ قال صلى الله عليه وسلم: «نَعُوذُ بِاللهِ مِنْ عِلْمٍ لا يَنْفَعُ» وأحقق ميل أهل العصر عن شاكلة الصواب، وانخداعهم بلامع السراب، واقتناعهم من العلوم بالقشر عن اللباب

ويشتمل ربع العبادات على عشرة كتب :

كتاب العلم، وكتاب قواعد العقائد، وكتاب أسرار الطهارة، وكتاب أسرار الصلاة وكتاب أسرار الزكاة، وكتاب أسرار الصيام، وكتاب أسرار الحج، وكتاب آداب تلاوة القرءان، وكتاب الأذكار والدعوات، وكتاب ترتيب الأوراد فى الأوقات

وأما ربع العادات فيشتمل على عشرة كتب :

كتاب آداب الأكل، وكتاب آداب النكاح، وكتاب أحكام الكسب، وكتاب الحلال والحرام، وكتاب آداب الصحبة والمعاشرة مع أصناف الخلق، وكتاب العزلة، وكتاب آداب السفر، وكتاب السماع والوجد، وكتاب الأمر بالمعروف والنهي عن المنكر، وكتاب آداب المعيشة وأخلاق النبوة

وأما ربع المهلكات فيشتمل علي عشرة كتب :

كتاب شرح عجائب القلب، وكتاب رياضة النفس؛ وكتاب آفات الشهوتين: شهوة البطن؛ وشهوة الفرج، وكتاب آفات اللسان، وكتاب آفات الغضب والحقد، والحسد

(١) حديث طلب العلم فريضة على كل مسلم : ابن ماجه من حديث أنس وضعفه احمد والبيهقي وغيرهما

(٢) حديث نعوذ بالله من علم لاينفع : ابن ماجه من حديث جابر باسناد حسن

Lajna - 4

وكتاب ذم الدنيا ، وكتاب ذم المال والبخل ، وكتاب ذم الجاه والرياء ، وكتاب ذم الكبر ، والعجب ، وكتاب ذم الغرور

وأما ربع المنجيات ، فيشتمل علي عشرة كتب :

كتاب التوبة ، وكتاب الصبر والشكر ، وكتاب الخوف والرجاء ، وكتاب الفقر والزهد ، وكتاب التوحيد والتوكل ، وكتاب المحبة والشوق والأنس والرضا ، وكتاب النية والصدق والإخلاص ، وكتاب المراقبة والمحاسبة ، وكتاب التفكر ، وكتاب ذكر الموت

فأما ربع العبادات فأذكر فيه من خفايا آدابها ، ودقائق سننها ، وأسرار معانيها ، مايضطر العالم العامل اليه ، بل لا يكون من علماء الآخرة من لايطلع عليه . وأكثر ذلك مما أهمل فى فن الفقهيات

وأما ربع العادات ، فأذكر فيه أسرار المعاملات الجارية بين الخلق ، وأغوارها ، ودقائق سننها ، وخفايا الورع فى مجاريها ، وهى مما لا يستغنى عنها متدين

وأما ربع المهلكات ، فأذكر فيه كل خلق مذموم ورد القرءان بإماطتِه وتزكية النفس عنه وتطهير القلب منه ، وأذكر من كل واحد من تلك الأخلاق حده وحقيقته ، ثم أذكر سببه الذى منه يتولد ، ثم الآفات التى عليها تترتب ، ثم العلامات التي بها تتعرف ، ثم طرق المعالجة التى بها منها يتخلص . كل ذلك مقرونًا بشواهد الآيات والأخبار والآثار

وأما ربع المنجيات ، فأذكر فيه كل خلق محمود وخصلة مرغوب فيها من خصال المقربين والصديقين ، التي بها يتقرب العبد من رب العالمين ، وأذكر فى كل خصلة حدها وحقيقتها ، وسببها الذي به تجتلب ، وثمرتها التى منها تستفاد ، وعلامتها التى بها تتعرف ، وفضيلتها التي لأجلها فيها يرغب ، مع ماورد فيها من شواهد الشرع والعقل

ولقد صنف الناس فى بعض هذه المعانى كتباً ، ولكن يتميز هذا الكتاب عنها بخمسة أمور : (الأول) حل ما عقدوه وكشف ما أجملوه . (الثانى) ترتيب ما بددوه ونظم ما فرقوه (الثالث) إيجاز ما طولوه وضبط ماقرروه . (الرابع) حذف ما كرروه وإثبات ما حرروه (الخامس) تحقيق أمور غامضة اعتاصت علي الأفهام لم يتعرض لها فى الكتب أصلا ؛ إذ الكل وإن تواردوا علي منهج واحد فلا مستنكر أن يتفرد كل واحد من السالكين بالتنبيه لأمر يخصه ويغفل عنه رفقاؤه ، أو لا يغفل عن التنبيه ولكن يسهو عن إيراده فى الكتب

Lajna - 5

أو لايسهو ولكن يصرفه عن كشف الغطاء عنه صارف .فهذه خواص هذا الكتاب، مع كونه حاوياً لمجامع هذه العلوم

وإنما حملني علي تأسيس هذا الكتاب على أربعة أرباع أمران:

(أحدهما وهو الباعث الأصلي) : أن هذا الترتيب فى التحقيق والتفهيم كالضرورى ؛ لأن العلم الذى يُتوجّه به إلى الآخرة ينقسم إلى علم المعاملة ، وعلم المكاشفة ، وأعني بعلم المكاشفة ما يطلب منه كشف المعلوم فقط ، وأعنى بعلم المعاملة ما يطلب منه مع الكشف العمل به . والمقصود من هذا الكتاب علم المعاملة فقط دون علم المكاشفة التي لا رخصة فى إيداعها الكتب ، وإن كانت هى غاية مقصد الطالبين، ومطمح نظر الصديقين ،وعلم المعاملة طريق اليه ؛ ولكن لم يتكلم الأنبياء صلوات الله عليهم مع الخلق إلا فى علم الطريق والارشاد اليه. وأما علم المكاشفة فلم يتكلموا فيه إلا بالرمز والايماء على سبيل التمثيل والاجمال ، علما منهم بقصور أفهام الخلق عن الاحتمال ، والعلماء ورثة الأنبياء ، فما لهم سبيل إلى العدول عن نهج التأسى والاقتداء

ثم إن علم المعاملة ينقسم إلى علم ظاهر ، أعنى العلم بأعمال الجوارح ، وإلى علم باطن، أعنى العلم بأعمال القلوب . والجارى على الجوارح إما عادة وإما عبادة ، والوارد على القلوب التى هى بحكم الاحتجاب عن الحواس من عالم الملكوت إما محمود وإما مذموم . فبالواجب انقسم هذا العلم إلى شطرين : ظاهر ، وباطن ، والشطر الظاهر المتعلق بالجوارح انقسم إلى عادة وعبادة، والشطر الباطن المتعلق بأحوال القلب وأخلاق النفس انقسم إلى مذموم ومحمود ، فكان المجموع أربعة أقسام ، ولا يشذ نظر فى علم المعاملة عن هذه الأقسام

(الباعث الثانى) : أنى رأيت الرغبة من طلبة العلم صادقة فى الفقه الذى صلح عند من لا يخاف الله سبحانه وتعالى ، المتدرع به إلى المباهاة والاستظهار بجاهه ومنزلته فى المنافسات . وهو مرتب علي أربعة أرباع ، والمتزى بزى المحبوب محبوب ، فلم أبعد أن يكون تصوير الكتاب بصورة الفقه تلطفاً في استدراج القلوب . ولهذا تلطف بعض من رام استمالة قلوب الرؤساء إلى الطب ، فوضعه على هيئة تقويم النجوم ، موضوعا فى الجداول والرقوم ، وسماه تقويم الصحة ، ليكون أنسهم بذلك الجنس جاذباً لهم إلى المطالعة ، والتلطف فى اجتذاب القلوب إلى العلم الذى يفيد حياة الأبد ،أهم من التلطف فى اجتذابها إلى الطب الذى لا يفيد إلا صحة الجسد

Lajna - 6

فثمرة هذا العلم طب القلوب والأرواح، المتوصل به إلى حياة تدوم أبد الآباد، فأين منه الطب الذى يعالج به الأجساد، وهي معرضة بالضرورة للفساد فى أقرب الآماد ؟ فنسأل الله سبحانه التوفيق للرشاد والسداد، إنه كريم جواد .

كتاب العلم

وفيه سبعة أبواب

(الباب الأول) فى فضل العلم والتعليم والتعلم . (الباب الثانى) فى فرض العين وفرض الكفاية من العلوم ، وبيان حد الفقه والكلام من علم الدين ، وبيان علم الآخرة وعلم الدنيا (الباب الثالث) فيما تعده العامة من علوم الدين وليس منها ، وفيه بيان جنس العلم المذموم وقدره (الباب الرابع) فى آفات المناظرة وسبب اشتغال الناس بالخلاف والجدل . (الباب الخامس) فى آداب المعلم والمتعلم. (الباب السادس) في آفات العلم والعلماء، والعلامات الفارقة بين علماء الدنيا والآخرة . (الباب السابع) في العقل وفضله وأقسامه وما جاء فيه من الأخبار

الباب الأول

فى فضل العلم والتعليم والتعلم وشواهده من النقل والعقل

فضيلة العلم

شواهدها من القرءان قوله عز وجل: (شَهِدَ ٱللَّهُ أَنَّهُ لَا إِلَٰهَ إِلَّا هُوَ وَٱلْمَلَائِكَةُ وَأُولُوا ٱلْعِلْمِ قَائِمًا بِٱلْقِسْطِ) . فانظر كيف بدأ سبحانه وتعالى بنفسه ، وثنّى بالملائكة ، وثلّث بأهل العلم . وناهيك بهذا شرفا وفضلا ، وجلاء ونبلا . وقال الله تعالى (يَرْفَعِ ٱللَّهُ ٱلَّذِينَ آمَنُوا مِنكُمْ وَٱلَّذِينَ أُوتُوا ٱلْعِلْمَ دَرَجَاتٍ) . قال ابن عباس رضى الله عنهما: «للعلماء درجات فوق المؤمنين بسبعمائة درجة، ما بين الدرجتين مسيرة خمسمائة عام» . وقال عز وجل: (قُلْ هَلْ يَسْتَوِي ٱلَّذِينَ يَعْلَمُونَ وَٱلَّذِينَ لَا يَعْلَمُونَ). وقال تعالى: (إِنَّمَا يَخْشَى ٱللَّهَ مِنْ عِبَادِهِ ٱلْعُلَمَاءُ) . وقال تعالى: (قُلْ كَفَىٰ بِٱللَّهِ شَهِيدًا بَيْنِي وَبَيْنَكُمْ وَمَنْ عِندَهُ عِلْمُ ٱلْكِتَابِ). وقال تعالى: (قَالَ ٱلَّذِي عِندَهُ عِلْمٌ مِّنَ ٱلْكِتَابِ أَنَا آتِيكَ بِهِ) تنبيهاً على أنه اقتدر بقوة العلم . وقال عز وجل: (وَقَالَ ٱلَّذِينَ أُوتُوا ٱلْعِلْمَ وَيْلَكُمْ ثَوَابُ ٱللَّهِ خَيْرٌ لِّمَنْ آمَنَ وَعَمِلَ صَالِحًا) بيّن أن عظم

Lajna - 9

قدر الآخرة يعلم بالعلم . وقال تعالى: (وَتِلْكَ الْأَمْثَالُ نَضْرِبُهَا لِلنَّاسِ وَمَا يَعْقِلُهَا إِلَّا الْعَالِمُونَ) وقال تعالى : (وَلَوْ رَدُّوهُ إِلَى الرَّسُولِ وَإِلَىٰ أُولِي الْأَمْرِ مِنْهُمْ لَعَلِمَهُ الَّذِينَ يَسْتَنْبِطُونَهُ مِنْهُمْ) ردّ حكمه فى الوقائع إلى استنباطهم ، وألحق رتبتهم برتبة الأنبياء فى كشف حكم الله

وقيل فى قوله تعالى(يَا بَنِي آدَمَ قَدْ أَنْزَلْنَا عَلَيْكُمْ لِبَاسًا يُوَارِي سَوْءَاتِكُمْ) يعنى العلم (وَرِيشًا) يعنى اليقين (وَلِبَاسُ التَّقْوَىٰ) يعنى الحياء

وقال عزوجل: (وَلَقَدْ جِئْنَاهُمْ بِكِتَابٍ فَصَّلْنَاهُ عَلَىٰ عِلْمٍ) . وقال تعالى:(فَلَنَقُصَّنَّ عَلَيْهِمْ بِعِلْمٍ) . وقال عزوجل: (بَلْ هُوَ آيَاتٌ بَيِّنَاتٌ فِي صُدُورِ الَّذِينَ أُوتُوا الْعِلْمَ) . وقال تعالى:(خَلَقَ الْإِنْسَانَ عَلَّمَهُ الْبَيَانَ) . وإنما ذكر ذلك فى معرض الامتنان

(وأما الأخبار) فقال رسول الله صلى الله عليه وسلم [1] « مَنْ يُرِدِ اللهُ بِهِ خَيْراً يُفَقِّهْهُ فِي الدِّينِ وَيُلْهِمْهُ رُشْدَهُ » . وقال صلى الله عليه وسلم [2] « الْعُلَمَاءُ وَرَثَةُ الْأَنْبِيَاءِ » . ومعلوم أنه لا رتبة فوق النبوة ، ولا شرف فوق شرف الوراثة لتلك الرتبة . وقال صلى الله عليه وسلم [3] « يَسْتَغْفِرُ لِلْعَالِمِ مَا فِي السَّمَوَاتِ وَالْأَرْضِ » . وأيّ منصب يزيد على منصب من تشتغل ملائكة السموات والأرض بالاستغفار له ، فهو مشغول بنفسه وهم مشغولون بالاستغفار له . وقال صلى الله عليه وسلم [4] « إِنَّ الْحِكْمَةَ تَزِيدُ الشَّرِيفَ شَرَفًا، وَتَرْفَعُ الْمَمْلُوكَ حَتَّى يُدْرِكَ مَدَارِكَ الْمُلُوكِ » . وقد نبه بهذا على ثمرته فى الدنيا ، ومعلوم أن الآخرة خير وأبقى

وقال صلى الله عليه وسلم [5] « خَصْلَتَانِ لَا يَكُونَانِ فِي مُنَافِقٍ : حُسْنُ سَمْتٍ ، وَفِقْهٌ فِي الدِّينِ » . ولا تشكنّ فى الحديث لنفاق بعض فقهاء الزمان، فانه ما أراد به الفقه الذى ظننته ،

وسيأتى معنى الفقه . وأدنى درجات الفقيه أن يعلم أن الآخرة خير من الدنيا ، وهذه المعرفة إذا صدقت وغلبت عليه برىء بها من النفاق والرياء . وقال صلى الله عليه وسلم[١] « أَفْضَلُ النَّاسِ الْمُؤْمِنُ الْعَالِمُ الَّذِي إِنِ احْتِيجَ إِلَيْهِ نَفَعَ ، وَإِنِ اسْتُغْنِيَ عَنْهُ أَغْنَى نَفْسَهُ » . وقال صلى الله عليه وسلم[٢] « الْإِيمَانُ عُرْيَانٌ وَلِبَاسُهُ التَّقْوَى وَزِينَتُهُ الْحَيَاءُ وَثَمَرَتُهُ الْعِلْمُ » . وقال صلى الله عليه وسلم[٣] « أَقْرَبُ النَّاسِ مِنْ دَرَجَةِ النُّبُوَّةِ أَهْلُ الْعِلْمِ وَالْجِهَادِ ، أَمَّا أَهْلُ الْعِلْمِ فَدَلُّوا النَّاسَ عَلَى مَا جَاءَتْ بِهِ الرُّسُلُ ، وَأَمَّا أَهْلُ الْجِهَادِ فَجَاهَدُوا بِأَسْيَافِهِمْ عَلَى مَا جَاءَتْ بِهِ الرُّسُلُ » . وقال صلى الله عليه وسلم[٤] « لَمَوْتُ قَبِيلَةٍ أَيْسَرُ مِنْ مَوْتِ عَالِمٍ » . وقال عليه الصلاة والسلام[٥] « النَّاسُ مَعَادِنُ كَمَعَادِنِ الذَّهَبِ وَالْفِضَّةِ فَخِيَارُهُمْ فِي الْجَاهِلِيَّةِ خِيَارُهُمْ فِي الْإِسْلَامِ إِذَا فَقِهُوا » . وقال صلى الله عليه وسلم[٦] « يُوزَنُ يَوْمَ الْقِيَامَةِ مِدَادُ الْعُلَمَاءِ بِدَمِ الشُّهَدَاءِ »

وقال صلى الله عليه وسلم[٧] « مَنْ حَفِظَ عَلَى أُمَّتِي أَرْبَعِينَ حَدِيثًا مِنَ السُّنَّةِ حَتَّى يُؤَدِّيَهَا إِلَيْهِمْ كُنْتُ لَهُ شَفِيعًا وَشَهِيدًا يَوْمَ الْقِيَامَةِ » . وقال صلى الله عليه وسلم[٨] « مَنْ حَمَلَ مِنْ أُمَّتِي أَرْبَعِينَ حَدِيثًا لَقِيَ اللَّهَ عَزَّ وَجَلَّ يَوْمَ الْقِيَامَةِ فَقِيهًا عَالِمًا » . وقال صلى الله عليه وسلم[٩] « مَنْ تَفَقَّهَ فِي دِينِ اللَّهِ عَزَّ وَجَلَّ كَفَاهُ اللَّهُ تَعَالَى مَا أَهَمَّهُ وَرَزَقَهُ مِنْ حَيْثُ لَا يَحْتَسِبُ » . وقال صلى الله

عليه وسلم[١] « أَوْحَى ٱللهُ عَزَّ وَجَلَّ إِلَى إِبْرَاهِيمَ عَلَيْهِ ٱلسَّلَامُ : يَا إِبْرَاهِيمُ إِنِّي عَلِيمٌ أُحِبُّ كُلَّ عَلِيمٍ ». وقال صلى الله عليه وسلم[٢] «ٱلْعَالِمُ أَمِينُ ٱللهِ سُبْحَانَهُ فِي ٱلْأَرْضِ»

وقال صلى الله عليه وسلم[٣] « صِنْفَانِ مِنْ أُمَّتِي إِذَا صَلَحُوا صَلَحَ ٱلنَّاسُ ، وَإِذَا فَسَدُوا فَسَدَ ٱلنَّاسُ : ٱلْأُمَرَاءُ وَٱلْفُقَهَاءُ » . وقال عليه السلام[٤] « إِذَا أَتَى عَلَيَّ يَوْمٌ لَا أَزْدَادُ فِيهِ عِلْمًا يُقَرِّبُنِي إِلَى ٱللهِ عَزَّ وَجَلَّ فَلَا بُورِكَ لِي فِي طُلُوعِ شَمْسِ ذَلِكَ ٱلْيَوْمِ ». وقال صلى الله عليه وسلم في تفضيل العلم على العبادة والشهادة[٥] «فَضْلُ ٱلْعَالِمِ عَلَى ٱلْعَابِدِ كَفَضْلِي عَلَى أَدْنَى رَجُلٍ مِنْ أَصْحَابِي». فانظر كيف جعل العلم مقارنا لدرجة النبوة ، وكيف حط رتبة العمل المجرد عن العلم، وإن كان العابد لايخلو عن علم بالعبادة التي يواظب عليها، ولولاه لم تكن عبادة

وقال صلى الله عليه وسلم[٦] « فَضْلُ ٱلْعَالِمِ عَلَى ٱلْعَابِدِ كَفَضْلِ ٱلْقَمَرِ لَيْلَةَ ٱلْبَدْرِ عَلَى سَائِرِ ٱلْكَوَاكِبِ » وقال صلى الله عليه وسلم[٧] « يَشْفَعُ يَوْمَ ٱلْقِيَامَةِ ثَلَاثَةٌ : ٱلْأَنْبِيَاءُ ثُمَّ ٱلْعُلَمَاءُ ثُمَّ ٱلشُّهَدَاءُ » فأعظم بمرتبة هي تلو النبوة وفوق الشهادة مع ماورد في فضل الشهادة . وقال صلى الله عليه وسلم[٨] « مَا عُبِدَ ٱللهُ تَعَالَى بِشَيْءٍ أَفْضَلَ مِنْ فِقْهٍ فِي ٱلدِّينِ ، وَلَفَقِيهٌ وَاحِدٌ أَشَدُّ عَلَى ٱلشَّيْطَانِ مِنْ أَلْفِ عَابِدٍ ، وَلِكُلِّ شَيْءٍ عِمَادٌ وَعِمَادُ هَذَا ٱلدِّينِ ٱلْفِقْهُ » . وقال صلى الله عليه

النفقة والعلم يزكو بالانفاق . وقال علىّ أيضاً رضى الله عنه : العالم أفضل من الصائم القائم المجاهد ، واذا مات العالم ثلم فى الإسلام ثلمة لايسدها إلا خلف منه . وقال رضى الله تعالى عنه نظما:

ما الفخر إلا لأهل العلم إنهم ... على الهدي لمن استهدى أدلاء
وقدر كل امرىء ما كان يحسنه ... والجاهلون لأهل العلم أعداء
ففز بعلم تعش حياً به أبدا ... الناس موتى وأهل العلم أحياء

وقال أبو الأسود : ليس شىء أعزّ من العلم : الملوكُ حكام على الناس، والعلماء حكام على الملوك . وقال ابن عباس رضى الله عنهما : خُيِّر سليمان بن داود عليهما السلام بين العلم والمال والملك ، فاختار العلم ، فأعطى المال والملك معه . وسئل ابن المبارك مَن الناسُ ؟ فقال: العلماء، قيل : فمن الملوك ؟ قال : الزهاد ، قيل فمن السِّفْلة ؟ قال: الذين يأكلون الدنيا بالدين . ولم يجعل غير العالم من الناس لأن الخاصية التى يتميز بها الناس عن سائر البهائم هو العلم . فالانسان إنسان بما هو شريف لأجله ، وليس ذلك بقوة شخصه فإن الجمل أقوى منه ، ولا بعظَمه فإن الفيل أعظم منه ، ولا بشجاعته فإن السبع أشجع منه ، ولا بأكله فإن الثور أوسع بطنا منه ، ولا ليجامع فان أخس العصافير أقوي على السفاد منه ، بل لم يخلق إلا للعلم . وقال بعض العلماء : ليت شعري أيّ شىء أدرك مَن فاته العلم ، وأىّ شىء فاته مَن أدرك العلم !

وقال عليه الصلاة والسلام: «مَنْ أُوتِيَ الْقُرْءانَ فَرَأَى أَنَّ أَحَداً أُوتِيَ خَيْراً مِنْهُ فَقَدْ حَقَّرَ مَاعَظَّمَ اللهُ تَعَالَى» . وقال فتح الموصلى رحمه الله : أليس للمريض إذا منع الطعام والشراب يموت؟ قالوا بلى، قال : كذلك القلب إذا منع عنه الحكمة والعلم ثلاثة أيام يموت . ولقد صدق ، فإن غذاء القلب العلم والحكمة وبهما حياته، كما أن غذاء الجسد الطعام ، ومن فقد العلم فقلبه مريض، وموته لازم ،ولكنه لايشعر به ،إذ حب الدنيا وشغله بها أبطل إحساسه ، كما أن غلبة الخوف قد تبطل ألم الجراح فى الحال وإن كان واقعا ، فاذا حط الموت عنه أعباء الدنيا أحس بهلاكه ، وتحسر تحسراً عظيما ثم لاينفعه ، وذلك كإحساس الآمن من خوفه ، والمفيق من سكره ، بما أصابه من الجراحات فى حالة السكر أو الخوف ، فنعوذ بالله من يوم كشف الغطاء ، فان الناس نيام فاذا ماتوا انتبهوا

وقال الحسن رحمه الله : يوزن مداد العلماء بدم الشهداء فيرجح مداد العلماء بدم الشهداء .
وقال ابن مسعود رضى الله عنه : عليكم بالعلم قبل أن يرفع ، ورفعه موتُ رواته ، فوالذي نفسى بيده ليودّن رجال قتلوا فى سبيل الله شهداء أن يبعثهم الله علماء لما يرون من كرامتهم ، فان أحداً لم يولد عالما وإنما العلم بالتعلم . وقال ابن عباس رضى الله عنهما : تذاكُرُ العلم بعض ليلة أحب إلىّ من إحيائها . وكذلك عن أبى هريرة رضى الله عنه وأحمد بن حنبل رحمه الله . وقال الحسن فى قوله تعالى : (رَبَّنَا آتِنَا فِي الدُّنْيَا حَسَنَةً وَفِي الْآخِرَةِ حَسَنَةً) : إن الحسنة فى الدنيا هى العلم والعبادة ، وفى الآخرة هى الجنة . وقيل لبعض الحكماء : أىّ الأشياء تقتنى؟ قال : الأشياء التى إذا غرقت سفينتك سبحت معك ، يعنى العلم ، وقيل أراد بغرق السفينة هلاك بدنه بالموت . وقال بعضهم : من اتخذ الحكمة لجاما اتخذه الناس إماما ، ومن عُرف بالحكمة لاحظته العيون بالوقار

وقال الشافعى رحمة الله عليه : من شرف العلم أن كل من نسب اليه ولو فى شىء حقير فرح ، ومن رفع عنه حزن . وقال عمر رضى الله عنه : يأيها الناس عليكم بالعلم فان لله سبحانه رداء يحبه ؛ فمن طلب بابا من العلم رداه الله عز وجل بردائه ؛ فان أذنب ذنبا استعتبه ثلاث مرات لئلا يسلبه رداءه ذلك وإن تطاول به ذلك الذنب حتى يموت . وقال الأحنف رحمه الله : كاد العلماء أن يكونوا أربابا ؛ وكل عز لم يوطَّد بعلم فإلى ذل مصيره . وقال سالم بن أبى الجعد : اشترانى مولاى بثلثمائة درهم وأعتقنى ، فقلت بأى شىء أحترف ؟ فاحترفت بالعلم ، فما تمت لى سنة حتى أتانى أمير المدينة زائراً فلم آذن له

وقال الزبير بن أبى بكر : كتب إلىّ أبى بالعراق : عليك بالعلم فانك إن افتقرت كان لك مالا ؛ وإن استغنيت كان لك جمالا . وحكي ذلك فى وصايا لقمان لابنه ؛ قال : يا بنى جالس العلماء وزاحمهم بركبتيك ؛ فان الله سبحانه يحيي القلوب بنور الحكمة كما يحيي الأرض بوابل السماء . وقال بعض الحكماء : إذا مات العالم بكاه الحوت فى الماء والطير فى الهواء ، ويفقد وجهه ولا ينسى ذكره . وقال الزهري رحمه الله : العلم ذكَر ولا يحبه إلا ذُكران الرجال

جَهْلِهِ وَلَا لِلْعَالِمِ أَنْ يَسْكُتَ عَلَى عِلْمِهِ » . وفى حديث أبى ذر رضى الله عنه[1] « حُضُورُ مَجْلِسِ عَالِمٍ أَفْضَلُ مِنْ صَلَاةِ أَلْفِ رَكْعَةٍ ، وَعِيَادَةِ أَلْفِ مَرِيضٍ ، وَشُهُودِ أَلْفِ جِنَازَةٍ » فقيل يارسول الله : ومن قراءة القرءان ؟ فقال صلى الله عليه وسلم : « وَهَلْ يَنْفَعُ الْقُرْءَانُ إِلَّا بِالْعِلْمِ ؟ » وقال عليه الصلاة والسلام[2] : « مَنْ جَاءَهُ الْمَوْتُ وَهُوَ يَطْلُبُ الْعِلْمَ لِيُحْيِيَ بِهِ الْإِسْلَامَ فَبَيْنَهُ وَبَيْنَ الْأَنْبِيَاءِ فِي الْجَنَّةِ دَرَجَةٌ وَاحِدَةٌ »

(وأما الآثار) فقال ابن عباس رضى الله عنهما: ذللتُ طالبا فعززتُ مطلوبا . وكذلك قال ابن أبى مليكة رحمه الله : ما رأيت مثل ابن عباس : إذا رأيته رأيت أحسن الناس وجها ؛ وإذا تكلم فأعرب الناس لسانا ؛ وإذا أفتى فأكثر الناس علما . وقال ابن المبارك رحمه الله : عجبت لمن لم يطلب العلم كيف تدعوه نفسه إلى مكرمة ! وقال بعض الحكماء : إنى لا أرحم رجالا كرحمتى لأحد رجلين : رجل يطلب العلم ولا يفهم ؛ ورجل يفهم العلم ولا يطلبه . وقال أبو الدرداء رضى الله عنه: لأن أتعلم مسألة أحب إلىّ من قيام ليلة . وقال أيضا : العالم والمتعلم شريكان فى الخير ؛ وسائر الناس همج لاخير فيهم . وقال أيضا : كن عالما أومتعلما أومستمعا ، ولا تكن الرابع فتهلك

وقال عطاء : مجلس علم يكفر سبعين مجلسا من مجالس اللهو . وقال عمر رضى الله عنه : موت ألف عابد قائم الليل صائم النهار أهونُ من موت عالم بصير بحلال الله وحرامه . وقال الشافعى رضى الله عنه : طلب العلم أفضل من النافلة . وقال ابن عبد الحكم رحمه الله: كنت عند مالك أقرأ عليه العلم فدخل الظهر ، فجمعت الكتب لأصلى ، فقال: ياهذا ماالذى قمت اليه بأفضل مما كنت فيه إذا صحت النية . وقال أبو الدرداء رضى الله عنه : من رأى أن الغدوّ إلى طلب العلم ليس بجهاد فقد نقص فى رأيه وعقله

لِلنَّاسِ وَلَا تَكْتُمُونَهُ) وهو إيجاب للتعليم . وقوله تعالى: (وَإِنَّ فَرِيقًا مِنْهُمْ لَيَكْتُمُونَ الْحَقَّ وَهُمْ يَعْلَمُونَ) وهو تحريم للكتمان، كما قال تعالى في الشهادة : (وَمَنْ يَكْتُمْهَا فَإِنَّهُ آثِمٌ قَلْبُهُ) وقال صلى الله عليه وسلم (١) « مَا آتَى اللهُ عَالِمًا عِلْمًا إِلَّا وَأَخَذَ عَلَيْهِ مِنَ الْمِيثَاقِ مَا أَخَذَ عَلَى النَّبِيِّينَ أَنْ يُبَيِّنُوهُ لِلنَّاسِ وَلَا يَكْتُمُوهُ » . وقال تعالى: (وَمَنْ أَحْسَنُ قَوْلًا مِمَّنْ دَعَا إِلَى اللهِ وَعَمِلَ صَالِحًا) . وقال تعالى: (ادْعُ إِلَى سَبِيلِ رَبِّكَ بِالْحِكْمَةِ وَالْمَوْعِظَةِ الْحَسَنَةِ) . وقال تعالى: (وَيُعَلِّمُهُمُ الْكِتَابَ وَالْحِكْمَةَ)

(وأما الأخبار) فقوله صلى الله عليه وسلم لما بعث معاذاً رضى الله عنه إلى اليمن (٢) « لَأَنْ يَهْدِيَ اللهُ بِكَ رَجُلًا وَاحِدًا خَيْرٌ لَكَ مِنَ الدُّنْيَا وَمَا فِيهَا » . وقال صلى الله عليه وسلم (٣) « مَنْ تَعَلَّمَ بَابًا مِنَ الْعِلْمِ لِيُعَلِّمَ النَّاسَ أُعْطِيَ ثَوَابَ سَبْعِينَ صِدِّيقًا » وقال عيسى صلى الله عليه وسلم: « مَنْ عَلِمَ وَعَمِلَ وَعَلَّمَ فَذَلِكَ يُدْعَى عَظِيمًا فِي مَلَكُوتِ السَّمَوَاتِ » . وقال رسول الله صلى الله عليه وسلم (٤) « إِذَا كَانَ يَوْمُ الْقِيَامَةِ يَقُولُ اللهُ سُبْحَانَهُ لِلْعَابِدِينَ وَالْمُجَاهِدِينَ : ادْخُلُوا الْجَنَّةَ ، فَيَقُولُ الْعُلَمَاءُ : بِفَضْلِ عِلْمِنَا تَعَبَّدُوا وَجَاهَدُوا ، فَيَقُولُ اللهُ عَزَّ وَجَلَّ : أَنْتُمْ عِنْدِي كَبَعْضِ مَلَائِكَتِي ، اشْفَعُوا تُشَفَّعُوا ، فَيَشْفَعُونَ ثُمَّ يَدْخُلُونَ الْجَنَّةَ » . وهذا إنما يكون بالعلم المتعدى بالتعليم ، لا العلم اللازم الذى لا يتعدى

وقال صلى الله عليه وسلم (٥) « إِنَّ اللهَ عَزَّ وَجَلَّ لَا يَنْتَزِعُ الْعِلْمَ انْتِزَاعًا مِنَ النَّاسِ بَعْدَ أَنْ يُؤْتِيَهُمْ إِيَّاهُ وَلَكِنْ يَذْهَبُ بِذَهَابِ الْعُلَمَاءِ ، فَكُلَّمَا ذَهَبَ عَالِمٌ ذَهَبَ بِمَا مَعَهُ مِنَ الْعِلْمِ

وقال صلى الله عليه وسلم (١) « مَثَلُ مَا بَعَثَنِي اللهُ عَزَّ وَجَلَّ بِهِ مِنَ الْهُدَى وَالْعِلْمِ كَمَثَلِ الْغَيْثِ الْكَثِيرِ أَصَابَ أَرْضًا فَكَانَتْ مِنْهَا بُقْعَةٌ قَبِلَتِ الْمَاءَ فَأَنْبَتَتِ الْكَلَأَ وَالْعُشْبَ الْكَثِيرَ، وَكَانَتْ مِنْهَا بُقْعَةٌ أَمْسَكَتِ الْمَاءَ فَنَفَعَ اللهُ عَزَّ وَجَلَّ بِهَا النَّاسَ فَشَرِبُوا مِنْهَا وَسَقَوْا وَزَرَعُوا، وَكَانَتْ مِنْهَا طَائِفَةٌ قِيعَانٌ لَا تُمْسِكُ مَاءً وَلَا تُنْبِتُ كَلَأً » . فالأول ذكره مثلا للمنتفع بعلمه، والثانى ذكره مثلا للنافع، والثالث للمحروم منهما .

وقال صلى الله عليه وسلم (٢) « إِذَا مَاتَ ابْنُ آدَمَ انْقَطَعَ عَمَلُهُ إِلَّا مِنْ ثَلَاثٍ: عِلْمٍ يُنْتَفَعُ بِهِ » الحديث . وقال صلى الله عليه وسلم (٣) « الدَّالُّ عَلَى الْخَيْرِ كَفَاعِلِهِ » . وقال صلى الله عليه وسلم (٤): « لَا حَسَدَ إِلَّا فِي اثْنَتَيْنِ: رَجُلٍ آتَاهُ اللهُ عَزَّ وَجَلَّ حِكْمَةً فَهُوَ يَقْضِي بِهَا وَيُعَلِّمُهَا النَّاسَ، وَرَجُلٍ آتَاهُ اللهُ مَالًا فَسَلَّطَهُ عَلَى هَلَكَتِهِ فِي الْخَيْرِ » . وقال صلى الله عليه وسلم: عَلَى خُلَفَائِي رَحْمَةُ اللهِ، قيل: وَمَنْ خُلَفَاؤُكَ؟ قال: الَّذِينَ يُحْيُونَ سُنَّتِي وَيُعَلِّمُونَهَا عِبَادَ اللهِ »

(وأما الآثار) فقد قال عمر رضى الله عنه: من حدّث حديثاً فعمل به فله مثل أجر من عمل ذلك العمل . وقال ابن عباس رضى الله عنهما: مُعلّم الناس الخيرَ يستغفر له كلُّ شىء حتى الحوتُ فى البحر . وقال بعض العلماء: العالم يدخل فيما بين الله وبين خلقه، فلينظر كيف يدخل . وروى أن سفيان الثورى رحمه الله قدم عسقلان فمكث لا يسأله إنسان، فقال: اكروا لى لأخرج من هذا البلد، هذا بلد يموت فيه العلم! وإنما قال ذلك حرصاً على فضيلة التعليم واستبقاء العلم به . وقال عطاء رضى الله عنه: دخلت على سعيد بن المسيّب وهو يبكى فقلت: ما يبكيك؟ قال: ليس أحد يسألنى عن شىء!

وقال بعضهم . العلماء سُرج الازمنة ، كل واحد مصباح زمانه يستضىء به أهل عصره. وقال الحسن رحمه الله : لولا العلماء لصار الناس مثل البهائم . أى أنهم بالتعليم يخرجون الناس من حدّ البهيمية الى حدّ الانسانية . وقال عِكْرِمة : إن لهذا العلم ثمناً . قيل : وما هو ؟ قال : أن تضعه فيمن يُحسن حمله ولا يضيعه . وقال يحيى بن معاذ : العلماء أرحم بأمة محمد صلى الله عليه وسلم من آبائهم وأمهاتهم ؛ قيل : وكيف ذلك ؟ قال : لأن آباءهم وأمهاتهم يحفظونهم من نار الدنيا وهم يحفظونهم من نار الآخرة .

وقيل : أول العلم الصمت ؛ ثم الاستماع ؛ ثم الحفظ ؛ ثم العمل ؛ ثم نشره . وقيل : علّم علمك من يجهل ، وتعلّم ممن يعلم ما تجهل ؛ فانك إذا فعلت ذلك علمت ما جهلت ، وحفظت ما علمت .

وقال معاذ بن جبل فى التعليم والتعلم ورأيته أيضاً مرفوعا : (١) تعلّموا العلم فان تعلّمه لله خشية ، وطلبه عبادة ، ومدارسته تسبيح ، والبحث عنه جهاد ، وتعليمه من لا يعلمه صدقة ، وبذله لأهله قربة ، وهو الأنيس فى الوحدة ، والصاحب فى الخلوة ، والدليل على الدِّين ؛ والمصبر على السراء والضراء ، والوزير عند الإخلاء ، والقريب عند الغرباء ، ومنار سبيل الجنة ، يرفع الله به أقواماً فيجعلهم فى الخير قادة سادة هُداة يقتدَى بهم ، أدلة فى الخير تُقتَصُّ آثارهم وترمق أفعالهم ، وترغب الملائكة فى خُلتهم وبأجنحتها تمسحهم ، وكل رطب ويابس لهم يستغفر حتى حيتان البحر وهوامه ، وسباع البر وأنعامه ، والسماء ونجومها ، لأن العلم حياة القلوب من العمى ، ونور الأبصار من الظلَم ، وقوة الأبدان من الضعف ، يبلغ به العبد منازل الأبرار والدرجات العلى ، والتفكر فيه يعدل بالصيام ، ومدارسته بالقيام ، به يطاع الله عز وجل ، وبه يعبد ، وبه يوحد ، وبه يمجد ، وبه يتورّع ، وبه توصل الأرحام . وبه يعرف الحلال والحرام ، وهو إمام والعمل تابعه ، يُلهَمُه السعداء ، ويحرمه الأشقياء . نسأل الله تعالى حسن التوفيق

(١) حديث معاذ تعلموا العلم فان تعلمه لله خشية وطلبه عبادة ـ الحديث بطوله : أبو الشيخ وابن حبان فى كتاب الثواب وابن عبد البر وقال ليس له اسناد قوى

Lajna - 21

فى الشواهد العقلية :

إعلم أن المطلوب من هذا الباب معرفة فضيلة العلم و نفاسته ، ومالم تفهم الفضيلة فى نفسها ولم يتحقق المراد منها لم يمكن أن تعلم وجودها صفة للعلم أو لغيره من الخصال ، فلقد ضل عن الطريق من طمع أن يعرف أن زيداً حكيم أم لا وهو بعدُ لم يفهم معنى الحكمة وحقيقتها والفضيلة مأخوذة من الفضل وهو الزيادة ، فاذا تشارك شيئان فى أمر واختص أحدهما بمزيد يقال: فَضَله وله الفضل عليه، مهما كانت زيادته فيما هو كمال ذلك الشيء ، كما يقال الفرس أفضل من الحمار بمعنى أنه يشاركه فى قوة الحمل ويزيد عليه بقوة الكر والفر وشدة العدو وحسن الصورة ، فلو فرض حمار اختص بسلعة زائدة لم يقل إنه أفضل ، لأن تلك زيادة فى الجسم ونقصان فى المعنى ، وليست من الكمال فى شيء ، والحيوان مطلوب لمعناه وصفاته لا لجسمه . فاذا فهمت هذا لم يخف عليك أن العلم فضيلة إن أخذته بالاضافة إلي سائر الأوصاف، كما أن للفرس فضيلة إن أخذته بالاضافة إلى سائر الحيوانات ، بل شدة العَدْو فضيلة فى الفرس وليست فضيلة على الاطلاق ، والعلم فضيلة فى ذاته وعلى الاطلاق من غير إضافة ، فانه وصف كمال الله سبحانه ، وبه شرف الملائكة والأنبياء ، بل الكيس من الخيل خير من البليد ، فهى فضيلة على الاطلاق من غير إضافة .

واعلم أن الشيء النفيس المرغوب فيه ينقسم الى مايطلب لغيره، وإلى مايطلب لذاته ، وإلى مايطلب لغيره ولذاته جميعا . فما يطلب لذاته أشرف وأفضل مما يطلب لغيره ، والمطلوب لغيره الدراهم والدنانير، فانهما حجران لا منفعة لهما ، ولولا أن الله سبحانه وتعالى يسّر قضاء الحاجات بهما لكانا والحصباء بمثابة واحدة . والذى يطلب لذاته فالسعادة فى الآخرة ، ولذة النظر لوجه الله تعالى . والذى يطلب لذاته ولغيره فكسلامة البدن ، فان سلامة الرجل مثلا مطلوبة من حيث إنها سلامة للبدن عن الألم ، ومطلوبة للمشي بها ، والتوصل الى المآرب والحاجات

وبهذا الاعتبار إذا نظرت إلي العلم رأيته لذيذاً فى نفسه ، فيكون مطلوبا لذاته ، ووجدته وسيلة الى دار الآخرة وسعادتها ، وذريعة الى القرب من الله تعالى ، ولا يتوصل إليه إلا به . وأعظم الأشياء رتبة فى حق الآدمي السعادة الأبدية ، وأفضل الأشياء ماهو وسيلة اليها ،

Lajna - 22

ولن يتوصل اليها إلا بالعلم والعمل ، ولا يتوصل إلى العمل إلا بالعلم بكيفية العمل . فأصل السعادة فى الدنيا والآخرة هو العلم ، فهو إذن أفضل الأعمال ، وكيف لا وقد تعرف فضيلة الشيء أيضاً بشرف ثمرته ، وقد عرفت أن ثمرة العلم القرب من رب العالمين ، والالتحاق بأفق الملائكة ومقارنة الملأ الأعلى . هذا فى الآخرة

وأما فى الدنيا فالعز والوقار ، ونفوذ الحكم على الملوك ، ولزوم الاحترام فى الطباع ، حتى إن أغبياء الترك وأجلاف العرب يصادفون طباعهم مجبولة على التوقير لشيوخهم لاختصاصهم بمزيد علم مستفاد من التجربة ، بل البهيمة بطبعها توقر الانسان لشعورها بتمييز الانسان بكمال مجاوز لدرجتها .

هذه فضيلة العلم مطلقاً . ثم تختلف العلوم كما سيأتى بيانه وتتفاوت لامحالة فضائلها بتفاوتها

وأما فضيلة التعليم والتعلم فظاهرة مما ذكرناه ، فان العلم إذا كان أفضل الأمور كان تعلمه طلباً للأفضل ، فكان تعليمه إفادة للأفضل . وبيانه : أن مقاصد الخلق مجموعة فى الدين والدنيا ولا نظام للدين إلا بنظام الدنيا ، فان الدنيا مزرعة الآخرة ، وهى الآلة الموصلة إلى الله عز وجل لمن اتخذها آلة ومنزلا ، لا لمن يتخذها مستقراً ووطنا ، وليس ينتظم أمر الدنيا إلا بأعمال الآدميين ، وأعمالهم وحرفهم وصناعاتهم تنحصر فى ثلاثة أقسام :

(أحدها) أصول لا قوام للعالم دونها وهى أربعة : الزراعة وهى لِلْمَطْعَم ، والحياكة وهى للملبَس ، والبناء وهو للمسكَن ، والسياسة وهى للتأليف والاجتماع ، والتعاونِ على أسباب المعيشة وضبطها .

(الثانى) ماهى مهيئة لكل واحدة من هذه الصناعات وخادمة لها كالحدادة ، فانها تخدم الزراعة ، وجملة من الصناعات باعداد آلاتها كالحلاجة والغزل ، فانها تخدم الحياكة بإعداد عملها

(الثالث) ماهى متممة للأصول ومزينة : كالطحن والخبز للزراعة ، وكالقصارة والخياطة للحياكة ، وذلك بالاضافة الى قوام أمر العالم الأرضي مثل أجزاء الشخص بالاضافة الى جملته ، فانها ثلاثة أضرب أيضا : إما أصول كالقلب والكبد والدماغ ، وإما خادمة لها كالمعدة والعروق والشرايين والأعصاب والأوردة ، وإما مكملة لها ومزينة كالأظفار والأصابع والحاجبين

وأشرف هذه الصناعات أصولها ، وأشرف أصولها السياسة بالتأليف والاستصلاح ،

Lajna - 23

ولذلك تستدعى هـذه الصناعة من الكمال فيمن يتكفل بها مالا يستدعيه سائر الصناعات . ولذلك يستخدم لا محالة صاحب هذه الصناعة سائر الصناع .

والسياسة فى استصلاح الخلق وإرشادهم إلى الطريق المستقيم المنجى فى الدنيا والآخرة على أربع مراتب : الأولى وهى العليا : سياسة الأنبياء عليهم السلام ، وحكمهم على الخاصة والعامة جميعاً فى ظاهرهم وباطنهم . والثانيـة : الخلفاء والملوك والسلاطين ، وحكمهم على الخاصة والعامة جميعاً ، ولكن على ظاهرهم لا على باطنهم . والثالثة : العلماء بالله عز وجل وبدينه الذين هم ورثة الأنبياء ، وحكمهم على باطن الخاصة فقط ، ولا يرتفع فهم العامة على الاستفادة منهم ، ولا تنتهى قوتهم إلى التصرف فى ظواهرهم بالالزام والمنع والشرع . والرابعة : الوعاظ ، وحكمهم على بواطن العوام فقط . فأشرف هذه الصناعات الأربع بعد النبوة : إفادة العلم ، وتهذيب نفوس الناس عن الأخلاق المذمومة المهلكة ، وإرشادهم إلى الأخلاق المحمودة المسعدة ، وهو المراد بالتعليم

وإنما قلنا إن هـذا أفضل من سائر الحرف والصناعات ، لأن شرف الصناعة يعرف بثلاثة أمور : إما بالالتفات الى الغريزة التى بها يتوصل إلى معرفتها كفضل العلوم العقلية على اللغوية ، إذ تدرك الحكمة بالعقل ، واللغة بالسمع ، والعقل أشرف من السمع ؛ وإما بالنظر الى عموم النفع : كفضل الزراعة على الصياغة ؛ وإما بملاحظة المحل الذى فيه التصرف : كفضل الصياغة على الدباغة ، إذ محل أحدهما الذهب ، ومحل الآخر جلد الميتة .

وليس يخفى أن العلوم الدينية وهى فقه طريق الآخرة إنما تدرك بكمال العقل وصفاء الذكاء ، والعقل أشرف صفات الانسان كما سيأتى بيانه ، إذ به تقبل أمانةُ الله ، وبه يتوصل إلى جوار الله سبحانه

وأما عموم النفع فلا يستراب فيه ، فإن نفعه وثمرته سعادة الآخرة

وأما شرف المحل فكيف يخفى والمعلم متصرف فى قلوب البشر ونفوسهم ، وأشرف موجود على الأرض جنس الانس ، وأشرف جزء من جواهر الانسان قلبه ، والمعلم مشتغل بتكميله وتجليته وتطهيره وسياقته إلى القرب من الله عزّ وجل

فتعليم العلم من وجهٍ عبادةٌ لله تعالى ، ومن وجه خلافة لله تعالى ، وهو من أجل خلافة الله ،

Lajna - 24

فان الله تعالى قد فتح على قلب العالم العلمَ الذى هو أخص صفاته ، فهو كالخازن لأنفس خزائنه ، ثم هو مأذون له فى الإنفاق منه على كل محتاج اليه . فأى رتبة أجلّ من كون العبد واسطة بين ربه سبحانه وبين خلقه فى تقريبهم إلى الله زلفى ، وسياقتهم إلى جنة المأوى؟ جعلنا الله منهم بكرمه ! وصلى الله على كل عبد مصطفى .

الباب الثانى

فى العلم المحمود والمذموم وأقسامهما وأحكامهما ، وفيه بيان ما هو فرض عين وما هو فرض كفاية وبيان أن موقع الكلام والفقه من علم الدين إلى أى حد هو وتفضيل علم الآخرة

بيان العلم الذى هو فرض عين

قال رسول الله صلى الله عليه وسلم : « طَلَبُ ٱلْعِلْمِ فَرِيضَةٌ عَلَى كُلِّ مُسْلِمٍ » وقال أيضاً صلى الله عليه وسلم : « اطْلُبُوا ٱلْعِلْمَ وَلَوْ بِٱلصِّينِ * »

واختلف الناس فى العلم الذى هو فرض على كل مسلم ، فتفرقوا فيه أكثر من عشرين فرقة ، ولا نطيل بنقل التفصيل ، ولكن حاصله أن كل فريق نزّل الوجوب على العلم الذى هو بصدده ، فقال : المتكلمون: هو علم الكلام ، إذ به يدرك التوحيدُ ، ويعلم به ذات الله سبحانه وصفاته . وقال الفقهاء : هو علم الفقه إذ به تعرف العبادات والحلال والحرام وما يحرم من المعاملات وما يحلّ ، وعَنَوْا به ما يحتاج إليه الآحاد ، دون الوقائع النادرة . وقال المفسرون والمحدثون : هو علم الكتاب والسنة إذ بهما يتوصل إلى العلوم كلها . وقال المتصوفة : المراد به هذا العلم : فقال بعضهم : هو علم العبد بحاله ، ومقامه من الله عز وجل ، وقال بعضهم : هو العلم بالاخلاص وآفات النفوس وتمييز لَمَّة الملك من لمة الشيطان. وقال بعضهم : هو علم الباطن وذلك يجب على أقوام مخصوصين هم أهل ذلك ، وصرفوا اللفظ عن عمومه . وقال أبو طالب المكى : هو العلم بما يتضمنه الحديث الذى فيه مبانى الاسلام ، وهو قوله صلى الله عليه وسلم[1] « بُنِيَ ٱلْإِسْلَامُ عَلَى خَمْسٍ : شَهَادَةِ أَنْ لَا إِلَهَ إِلَّا ٱللهُ » إلى آخر الحديث ، لأن الواجب هذه الخمس ، فيجب العلم بكيفية العمل فيها ، وبكيفية الوجوب .

(١) حديث بنى الاسلام على خمس: متفق عليه من حديث ابن عمر * راجع تخريجه فى ص ١٥

Lajna - 25

والذى ينبغي أن يقطع به المحصل ولا يستريب فيه ما سنذكره ، وهو : أن العلم كما قدّمناه فى خطبة الكتاب ينقسم إلي علم معاملة وعلم مكاشفة ، وليس المراد بهذا العلم إلا علم المعاملة

والمعاملة التى كلف العبد العاقل البالغ العملَ بها ثلاثة : اعتقاد ، وفعل ، وترك . فاذا بلغ الرجل العاقل بالاحتلام أو السن ضحوة نهار مثلا ، فأول واجب عليه تعلّم كلمتى الشهادة وفهم معناهما ، وهو قول : لا إله إلا الله محمد رسول الله . وليس يجب عليه أن يحصّل كشف ذلك لنفسه بالنظر والبحث وتحرير الأدلّة ، بل يكفيه أن يصدق به ويعتقده جزما من غير اختلاج ريب واضطراب نفس ، وذلك قد يحصل بمجرد التقليد والسماع من غير بحث ولا برهان ، إذ اكتفى رسول الله صلى الله عليه وسلم[1] من أجلاف العرب بالتصديق والاقرار من غير تعلم دليل ، فاذا فعل ذلك فقد أدّى واجب الوقت ، وكان العلم الذي هو فرض عين عليه في الوقت تعلم الكلمتين وفهمهما ، وليس يلزمه أمر وراء هذا فى الوقت ، بدليل أنه لو مات عقيب ذلك مات مطيعا لله عز وجل غير عاص له

وإنما يجب غير ذلك بعوارض تعرض ، وليس ذلك ضروريا فى حق كل شخص ، بل يتصوّر الانفكاك عنها ، وتلك العوارض إما أن تكون فى الفعل ، وإما فى الترك ، وإما فى الاعتقاد .

أما الفعل فبأن يعيش من ضحوة نهاره الى وقت الظهر ، فيتجدد عليه بدخول وقت الظهر تعلم الطهارة والصلاة ، فان كان صحيحا وكان بحيث لو صبر الى وقت زوال الشمس لم يتمكن من تمام التعلم والعمل فى الوقت بل يخرج الوقت لو اشتغل بالتعلم ، فلا يبعد أن يقال الظاهر بقاؤه ، فيجب عليه تقديم التعلم على الوقت ، ويحتمل أن يقال وجوب العلم الذى هو شرط العمل بعد وجوب العمل ، فلا يجب قبل الزوال ، وهكذا في بقية الصلوات .

فان عاش الى رمضان تجدد بسببه وجوب تعلم الصوم ، وهو يعلم أن وقته من الصبح الى

﴿ الباب الثانى ﴾

(١) حديث اكتفى رسول الله صلي الله عليه وسلم من أجلاف العرب بالتصديق والاقرار من غير تعلم دليل مشهور فى كتب السير والحديث ، فعند مسلم قصة ضمام بن ثعلبة

غروب الشمس ، وأن الواجب فيه النية والامساك عن الأكل والشرب والوقاع ، وأن ذلك يتمادى إلى رؤية الهلال أو شاهدين .

فان تجدد له مال أو كان له مال عند بلوغه ، لزمه تعلم مايجب عليه من الزكاة ، ولكن لايلزمه فى الحال ، إنما يلزمه عندتمام الحول من وقت الاسلام ، فان لم يملك الا الابل لم يلزمه إلا تعلم زكاة الابل ، وكذلك فى سائر الأصناف .

فاذا دخل فى أشهر الحج فلا يلزمه المبادرة الى علم الحج ، مع أن فعله على التراخى ، فلا يكون تعلمه على الفور ، ولكن ينبغى لعلماء الاسلام أن ينبهوه على أن الحج فرض على التراخى على كل من ملك الزاد والراحلة اذا كان هو مالكا ، حتى ربما يرى الحزم لنفسه فى المبادرة ، فعند ذلك اذا عزم عليه لزمه تعلم كيفية الحج ، ولم يلزمه إلا تعلم أركانه وواجباته دون نوافله ؛ فانّ فعلَ ذلك نفل ، فعلمه أيضا نفل ، فلا يكون تعلمه فرض عين . وفى تحريم السكوت على التنبيه على وجوب أصل الحج فى الحال نظر يليق بالفقه ، وهكذا التدريج فى علم سائر الأفعال التى هى فرض عين .

وأما التروك فيجب تعلم علم ذلك بحسب مايتجدد من الحال ، وذلك يختلف بحال الشخص اذ لايجب على الأبكم تعلم مايحرم من الكلام ، ولا على الأعمى تعلم مايحرم من النظر ، ولا على البدوى تعلم مايحرم الجلوس فيه من المساكن ، فذلك أيضا واجب بحسب مايقتضيه الحال ، فما يعلم أنه ينفك عنه لايجب تعلمه ، وما هو ملابس له يجب تنبيهه عليه ، كما لو كان عند الاسلام لابسا للحرير أو جالسا فى الغصب أو ناظرا الى غير ذى محرم ، فيجب تعريفه بذلك ، وما ليس ملابسا له ولكنه بصدد التعرض له على القرب كالأكل والشرب فيجب تعليمه ، حتى اذا كان فى بلد يتعاطى فيه شرب الخمر وأكل لحم الخنزير فيجب تعليمه ذلك وتنبيهه عليه ، وما وجب تعليمه وجب عليه تعلمه .

وأما الاعتقادات وأعمال القلوب فيجب علمها بحسب الخواطر ، فان خطر له شك فى المعانى التى تدل عليها كلمتا الشهادة فيجب عليه تعلم مايتوصل به الى إزالة الشك ، فان لم يخطر له ذلك ومات قبل أن يعتقد أن كلام الله سبحانه قديم ، وأنه مرئى ، وأنه ليس محلا للحوادث ، الى غير ذلك مما يذكر فى المعتقدات ، فقد مات على الاسلام إجماعا . ولكن هذه الخواطر الموجبة للاعتقادات بعضها يخطر بالطبع ، وبعضها يخطر بالسماع من أهل البلد ،

Lajna - 27

فان كان فى بلد شاع فيه الكلام وتناطق الناس بالبدع ، فينبغى أن يصان فى أول بلوغه عنها بتلقين الحق ، فانه لو ألقى اليه الباطل لوجبت إزالته عن قلبه ، وربما عسر ذلك ، كما أنه لو كان هـذا المسلم تاجرا وقد شاع فى البلد معاملة الربا ، وجب عليه تعلم الحذر من الربا . وهذا هو الحق في العلم الذى هو فرض عين . ومعناه العلم بكيفية العمل الواجب ؛ فمن علم العلم الواجب ووقت وجوبه فقد علم العلم الذى هو فرض عين

وما ذكره الصوفية من فهم خواطر العدو ولمّة الملك حق أيضا ، ولكن فى حق من يتصدى له ، فاذا كان الغالب أن الانسان لاينفك عن دواعى الشر والرياء والحسد، فيلزمه أن يتعلم من علم ربع المهلكات مايرى نفسه محتاجا اليه ؛ وكيف لايجب عليه وقد قال رسول الله صلى الله عليه وسلم : (١) « ثَلَاثٌ مُهْلِكَاتٌ : شُحٌّ مُطَاعٌ ، وهَوًى مُتَّبَعٌ ، وَإِعْجَابُ الْمَرْءِ بِنَفْسِهِ » . ولا ينفك عنها بشر . وبقيـة ماسنذكره من مذمومات أحوال القلب كالكبر والعجب وأخواتهما تتبع هذه الثلاث المهلكات ، وإزالتها فرض عين . ولا يمكن إزالتها إلا بمعرفة حدودها ومعرفة أسبابها ، ومعرفة علاماتها ومعرفة علاجها ، فان من لايعرف الشر يقع فيه ، والعلاج هو مقابلة السبب بضده ، وكيف يمكن دون معرفة السبب والمسبب ؟ وأكثر ماذكرناه في ربع المهلكات من فروض الأعيان ، وقد تركها الناس كافة اشتغالا بما لايعنى .

ومما ينبغى أن يبادر فى إلقائه اليه اذا لم يكن قد انتقل عن ملة الي ملة أخرى : الإيمان بالجنة والنار ، والحشر والنشر ، حتى يؤمن به ويصدق ، وهو من تتمة كلمتى الشهادة ، فانه بعد التصديق بكونه عليه السلام رسولا ينبغى أن يفهم الرسالة التى هو مبلغها ، وهو أن من أطاع الله ورسوله فله الجنة ومن عصاهما فله النار . فاذا انتبهت لهذا التدريج علمت أن المذهب الحق هو هذا ، وتحققت أن كل عبد هو فى مجارى أحواله فى يومه وليلته لايخلو من وقائع فى عباداته ومعاملاته عن تجدّد لوازم عليه ، فيلزمه السؤال عن كل مايقع له من النوادر ، ويلزمه المبادرة الى تعلم مايتوقع وقوعه على القرب غالبا . فاذا تبين أنه عليه الصلاة والسلام إنما أراد بالعلم المعرّف بالألف واللام فى قوله صلى الله عليه وسلم : « طلبُ الْعِلْمِ فريضةٌ على كلِّ مُسْلِمٍ »

علم العمل الذي هو مشهور الوجوب على المسلمين لاغير . فقد اتضح وجه التدريج ووقت وجوبه ، والله أعلم

بيان العلم الذى هو فرض كفاية

اعلم أن الفرض لايتميز عن غيره إلا بذكر أقسام العلوم ، والعلومُ بالاضافة الى الفرض الذي نحن بصدده تنقسم إلى شرعية وغير شرعية ، وأعنى بالشرعية مااستفيد من الأنبياء صلوات الله عليهم وسلامه ، ولا يرشد العقل اليه مثل الحساب ، ولا التجربة مثل الطب ، ولا السماع مثل اللغة . فالعلوم التى ليست بشرعية تنقسم الى ماهو محمود والى ماهو مذموم والى ماهو مباح . فالمحمود مايرتبط به مصالح أمور الدنيا كالطب والحساب ، وذلك ينقسم الى ماهو فرض كفاية ، والى ماهو فضيلة وليس بفريضة

أما فرض الكفاية فهو كل علم لايستغني عنه فى قوام أمور الدنيا: كالطب، إذ هو ضرورى فى حاجة بقاء الأبدان ، وكالحساب فانه ضرورى فى المعاملات وقسمة الوصايا والمواريث وغيرهما . وهذه هى العلوم التى لو خلا البلد عمن يقوم بها حرج أهلُ البلد ، واذا قام بها واحد كفي وسقط الفرض عن الآخرين ، فلا يتعجب من قولنا إن الطب والحساب من فروض الكفايات، فان أصول الصناعات أيضا من فروض الكفايات: كالفلاحة والحياكة والسياسة بل الحجامة والخياطة ، فانه لو خلا البلد من الحجّام تسارع الهلاك اليهم ، وحرجوا بتعريضهم أنفسهم للهلاك ، فان الذى أنزل الداء أنزل الدواء وأرشد الى استعماله ، وأعدّ الأسباب لتعاطيه، فلا يجوز التعرض للهلاك باهماله

وأما مايعد فضيلة لافريضة فالتعمق فى دقائق الحساب وحقائق الطب وغير ذلك مما يستغني عنه ، ولكنه يفيد زيادة قوة فى القدر المحتاج اليه

وأما المذموم منه فعلم السحر والطلسمات ، وعلم الشعبذة والتلبيسات

وأما المباح منه فالعلم بالأشعار التى لا سخف فيها ، وتواريخ الأخبار وما يجرى مجراه

وأما العلوم الشرعية وهى المقصودة بالبيان ، فهى محمودة كلها ، ولكن قد يلتبس بها مايظن

Lajna - 29

أنها شرعية وتكون مذمومة ؛ فتنقسم الي المحمودة والمذمومة أما المحمودة فلها أصول وفروع ومقدّمات ومتممات ، وهى أربعة أضرب :

الضرب الأول : الأصول ـ وهى أربعة : كتاب الله عز وجل ، وسنة رسوله عليه السلام ، وإجماع الأمة ، وآثار الصحابة . والاجماع أصل من حيث إنه يدل على السنة ، فهو أصل فى الدرجة الثالثة ، وكذا الأثر ، فانه يدل على السنة ، لأن الصحابة رضى الله عنهم قد شاهدوا الوحى والتنزيل ، وأدركوا بقرائن الأحوال ما غاب عن غيرهم عيانه ، وربما لاتحيط العبارات بما أدرك بالقرائن ، فمن هذا الوجه رأى العلماء الاقتداء بهم والتمسك بآثارهم ، وذلك بشرط مخصوص على وجه مخصوص عند من يراه ، ولا يليق بيانه بهذا الفن

الضرب الثانى : الفروع ـ وهو ما فهم من هذه الأصول لا بموجب ألفاظها بل بمعان تنبه لها العقول فاتسع بسببها الفهم حتي فهم من اللفظ الملفوظ به غيره ، كما فهم من قوله عليه السلام :(١) « لَا يَقْضِي الْقَاضِي وَهُوَ غَضْبَانُ » أنه لايقضى إذا كان حاقنا أو جائعا أو متألما بعرض . وهذا على ضربين : أحدهما يتعلق بمصالح الدنيا ويحويه كتب الفقه ، والمتكفل به الفقهاء وهم علماء الدنيا . والثانى ما يتعلق بمصالح الآخرة وهو علم أحوال القلب وأخلاقه المحمودة والمذمومة ، وما هو مرضى عند الله تعالى ، وما هو مكروه ، وهو الذى يحويه الشطر الأخير من هذا الكتاب ، أعنى جملة كتاب إحياء علوم الدين ، ومنه العلم بما يترشح من القلب على الجوارح فى عباداتها وعاداتها ، وهو الذى يحويه الشطر الأول من هذا الكتاب

والضرب الثالث : المقدمات ـ وهي التى تجرى منه مجرى الآلات : كعلم اللغة والنحو ، فانهما آلة لعلم كتاب الله تعالى وسنة نبيه صلى الله عليه وسلم ، وليست اللغة والنحو من العلوم الشرعية فى أنفسهما ، ولكن يلزم الخوض فيهما بسبب الشرع ، إذ جاءت هذه الشريعة بلغة العرب ، وكل شريعة لاتظهر إلا بلغة فيصير تعلم تلك اللغة آلة . ومن الآلات علم كتابة الخط ، إلا أن ذلك ليس ضروريا ، إذ كان رسول الله صلي الله عليه وسلم (١) أميًّا . ولو تصور

(٢) حديث كان رسول الله صلى الله عليه وسلم أمياً أى لايحسن الكتابة : ابن مردويه فى التفسير من حديث عبد الله بن عمر مرفوعا أنا محمد النبي الأمي وفيه ابن لهيعة ، ولابن حبان والدارقطني والحاكم والبيهقي وصححه من حديث ابن مسعود قولوا اللهم صل على محمد النبي الأمي ، وللبخاري من حديث البراء : وأخذ الكتاب وليس يحسن يكتب

Lajna - 30

استقلال الحفظ بجميع مايسمع لاستغنى عن الكتابة ، ولكنه صار بحكم العجز فى الغالب ضروريا

الضرب الرابع : المتممات ـ وذلك فى علم القرءان ، فإنه ينقسم الى مايتعلق باللفظ كتعلم القراءات ومخارج الحروف ، والي مايتعلق بالمعنى كالتفسير فان اعتماده أيضا على النقل، إذ اللغة بمجردها لاتستقل به ، والى مايتعلق بأحكامه كمعرفة الناسخ والمنسوخ ، والعام والخاص ، والنص والظاهر، وكيفية استعمال البعض منه مع البعض، وهو العلم الذي يسمى أصول الفقه ، ويتناول السنة أيضا .

وأما المتممات فى الآثار والأخبار ، فالعلم بالرجال وأسمائهم وأنسابهم ، وأسماء الصحابة وصفاتهم ، والعلمُ بالعدالة فى الرواة . والعلم بأحوالهم ليميز الضعيف عن القوى ، والعلم بأعمارهم ليميز المرسل عن المسند ، وكذلك مايتعلق به. فهذه هي العلوم الشرعية، وكلها محمودة بل كلها من فروض الكفايات .

فان قلت : لم ألحقت الفقه بعلم الدنيا وألحقت الفقهاء بعلماء الدنيا ؟ فاعلم أن الله عز وجل أخرج آدم عليه السلام من التراب ، وأخرج ذريته من سلالة من طين ومن ماء دافق ، فأخرجهم من الأصلاب إلى الأرحام ، ومنها إلى الدنيا ، ثم إلى القبر ، ثم إلى العرض ، ثم إلى الجنة أو إلى النار ، فهذا مبدؤهم وهذا غايتهم ، وهذه منازلهم . وخلق الدنيا زاداً للمعاد ليتناول منها مايصلح للتزود ، فلو تناولوها بالعدل لانقطعت الخصومات وتعطل الفقهاء، ولكنهم تناولوها بالشهوات فتولدت منها الخصومات ، فمسّت الحاجة إلى سلطان يسوسهم ، واحتاج السلطان إلى قانون يسوسهم به . فالفقيه هو العالم بقانون السياسة وطريق التوسط بين الخلق إذا تنازعوا بحكم الشهوات ، فكان الفقيه معلم السلطان ومرشده إلى طريق سياسة الخلق وضبطهم ، لينتظم باستقامتهم أمورهم فى الدنيا . ولعمرى إنه متعلق أيضاً بالدين ، ولكن لا بنفسه بل بواسطة الدنيا ، فان الدنيا مزرعة الآخرة ، ولا يتم الدين إلا بالدنيا ،والملك والدين توأمان . فالدين أصل والسلطان حارس ، ومالا أصل له فمهدوم ، ومالا حارس له فضائع ، ولا يتم الملك والضبط إلا بالسلطان ، وطريق الضبط فى فصل الحكومات بالفقه

وكما أن سياسة الخلق بالسلطنة ليس من علم الدين فى الدرجة الأولى، بل هو معين على مالا يتم الدين إلا به ، فكذلك معرفة طريق السياسة . فمعلوم أن الحج لا يتم إلا ببذرقة تحرس

Lajna - 31

من العرب فى الطريق ، ولكن الحج شيء وسلوك الطريق إلى الحج شيء ثان ، والقيام بالحراسة التى لايتم الحج إلا بها شيء ثالث ، ومعرفة طرق الحراسة وحيلها وقوانينها شيء رابع . وحاصل فن الفقه معرفة طرق السياسة والحراسة . ويدل على ذلك ما روى مسنداً [1] «لا يُفْتِي النَّاسَ إلاَّ ثَلاثَةٌ : أَمِيرٌ أَوْ مَأْمُورٌ أَوْ مُتَكَلِّفٌ» . فالأمير هو الامام وقد كانوا هم المفتين ، والمأمور نائبه ، والمتكلف غيرهما ، وهو الذى يتقلد تلك العهدة من غير حاجة . وقد كان الصحابة رضى الله عنهم يحترزون عن الفتوى حتي كان يحيل كل واحد منهم على صاحبه ، وكانوا لايحترزون إذا سئلوا عن علم القرآن وطريق الآخرة . وفى بعض الروايات بدل المتكلف المرائى ، فان من تقلد خطر الفتوى وهو غير متعين للحاجة فلا يقصد به إلا طلب الجاه والمال .

فان قلت : هذا إن استقام لك فى أحكام الجراحات والحدود والغرامات وفصل الخصومات فلا يستقيم فيما يشتمل عليه ربع العبادات من الصيام والصلاة ، ولا فيما يشتمل عليه ربع العادات من المعاملات من بيان الحلال والحرام . فاعلم أن أقرب مايتكلم الفقيه فيه من الأعمال التي هى أعمال الآخرة ثلاثة : الاسلام ، والصلاة ، والزكاة ، والحلال والحرام . فاذا تأملت منتهي نظر الفقيه فيها ، علمت أنه لا يجاوز حدود الدنيا إلى الآخرة . وإذا عرفت هذا فى هذه الثلاثة فهو فى غيرها أظهر .

أما الإسلام فيتكلم الفقيه فيما يصح منه وفيما يفسد ، وفى شروطه ، وليس يلتفت فيه إلا الى اللسان ، وأما القلب فخارج عن ولاية الفقيه لعزل رسول الله صلى الله عليه وسلم أرباب السيوف والسلطنة عنه حيث قال : [2] «هَلَّا شَقَقْتَ عَنْ قَلْبِهِ» للذى قتل من تكلم بكلمة الاسلام معتذرا بأنه قال ذلك من خوف السيف ، بل يحكم الفقيه بصحة الاسلام تحت ظلال السيوف ؛ مع أنه يعلم أن السيف لم يكشف له عن نيته ، ولم يدفع عن قلبه غشاوة الجهل والحيرة ، ولكنه مشير على صاحب السيف ، فان السيف ممتد إلى رقبته ، واليد ممتدة إلى ماله ، وهذه الكلمة باللسان تعصم رقبته وماله مادامت له رقبة ومال ، وذلك فى الدنيا ، ولذلك

(١) حديث لايفتى الناس إلا ثلاثة ـ الحديث : ابن ماجة من رواية عمرو بن شعيب عن أبيه عن جده بلفظ : لايقص على الناس ، وإسناده حسن

(٢) حديث هلا شققت عن قلبه : مسلم من حديث أسامة بن زيد

Lajna - 32

قال صلى الله عليه وسلم :[١] « أُمِرْتُ أَنْ أُقَاتِلَ النَّاسَ حَتَّى يَقُولُوا لَا إِلَهَ إِلَّا اللهُ فَإِذَا قَالُوهَا فَقَدْ عَصَمُوا مِنِّي دِمَاءَهُمْ وَأَمْوَالَهُمْ » جعل أثر ذلك في الدم والمال . وأما الآخرة فلا تنفع فيها الأموال ، بل أنوار القلوب وأسرارها وإخلاصها ؛ وليس ذلك من فن الفقه ، وإن خاض الفقيه فيه كان كما لو خاض فى الكلام والطب وكان خارجا عن فنه

وأما الصلاة فالفقيه يفتى بالصحة اذا أتى بصورة الأعمال مع ظاهر الشروط ، وإن كان غافلا فى جميع صلاته من أولها الى آخرها ، مشغولا بالتفكر فى حساب معاملاته فى السوق إلا عند التكبير ، وهذه الصلاة لا تنفع فى الآخرة ، كما أن القول باللسان فى الاسلام لا ينفع ، ولكن الفقيه يفتي بالصحة ، أى أن مافعله حصل به امتثال صيغة الأمر وانقطع به عنه القتل والتعزير . فأما الخشوع وإحضار القلب الذى هو عمل الآخرة وبه ينفع العمل الظاهر لا يتعرض له الفقيه ، ولو تعرض له لكان خارجا عن فنه

وأما الزكاة فالفقيه ينظر الى مايقطع به مطالبة السلطان حتي اذا امتنع عن أدائها فأخذها السلطان قهراً حكم بأنه برئت ذمته . وحكى أن أبا يوسف القاضى كان يهب ماله لزوجته آخر الحول ويستوهب مالها إسقاطا للزكاة ، فحكى ذلك لأبى حنيفة رحمه الله ، فقال : ذلك من فقهه ، وصدق فان ذلك من فقه الدنيا ؛ ولكن مضرّته فى الآخرة أعظم من كل جناية ، ومثل هذا هو العلم الضار

وأما الحلال والحرام فالورع عن الحرام من الدين ، ولكن الورع له أربع مراتب :

الأولى ـ الورع الذى يشترط فى عدالة الشهادة ، وهو الذى يخرج بتركه الانسانُ عن أهلية الشهادة والقضاء والولاية ، وهو الاحتراز عن الحرام الظاهر

الثانية ـ ورع الصالحين ، وهو التوقي من الشبهات التى يتقابل فيها الاحتمالات ، قال صلى الله عليه وسلم :[٢] « دَعْ مَا يَرِيبُكَ إِلَى مَا لَا يَرِيبُكَ » وقال صلى الله عليه وسلم :[٣] « الْإِثْمُ حَزَّازُ الْقُلُوبِ »

(١) حديث أمرت أن أقاتل الناس حتى يقولوا لا إله إلا الله ـ الحديث : متفق عليه من حديث أبى هريرة وعمر وابن عمر

(٢) حديث دع مايريبك إلى مالا يريبك : الترمذي وصححه والنسائي وابن حبان من حديث الحسن بن علي

(٣) حديث الاثم حزاز القلوب : البيهقى فى شعب الايمان من حديث ابن مسعود ورواه العبدلي فى مسنده موقوفا عليه

Lajna - 33

الثالثة ـ ورع المتقين ، وهو ترك الحلال المحض الذى يخاف منه أداؤه الى الحرام ؛ قال صلى الله عليه وسلم[1] « لَا يَكُونُ الرَّجُلُ مِنَ الْمُتَّقِينَ حَتَّى يَدَعَ مَالَا بَأْسَ بِهِ مَخَافَةَ مَا بِهِ بَأْسٌ » وذلك مثل التورع عن التحدث بأحوال الناس خيفة من الانجرار الى الغيبة ، والتورع عن أكل الشهوات خيفة من هيجات النشاط والبطر المؤدى الى مقارفة المحظورات

الرابعة ـ ورع الصديقين ، وهو الإعراض عما سوى الله تعالى خوفا من صرف ساعة من العمر الى مالا يفيد زيادة قرب عند الله عز وجل ؛ وإن كان يعلم ويتحقق أنه لا يفضى إلى حرام

فهذه الدرجات كلها خارجة عن نظر الفقيه ، إلا الدرجة الأولى ، وهو ورع الشهود والقضاة وما يقدح فى العدالة ، والقيام بذلك لا ينفي الاثم فى الآخرة ، قال رسول الله صلى الله عليه وسلم[2] « لِوَابِصَةَ اسْتَفْتِ قَلْبَكَ وَإِنْ أَفْتَوْكَ وَإِنْ أَفْتَوْكَ وَإِنْ أَفْتَوْكَ » . والفقيه لا يتكلم فى حزازات القلوب وكيفية العمل بها ، بل فيما يقدح فى العدالة فقط ، فاذاً جميع نظر الفقيه مرتبط بالدنيا التى بها صلاح طريق الآخرة ، فان تكلم فى شىء من صفات القلب وأحكام الآخرة فذلك يدخل فى كلامه على سبيل التطفل ، كما قد يدخل في كلامه شىء من الطب والحساب والنجوم وعلم الكلام ، وكما تدخل الحكمة فى النحو والشعر . وكان سفيان الثوري وهو إمام فى علم الظاهر يقول : إن طلب هذا ليس من زاد الآخرة . كيف وقد اتفقوا على أن الشرف فى العلم العمل به ، فكيف يظن أنه علم الظهار واللعان والسلم والإجارة والصرف ؟ ومن تعلم هذه الأمور ليتقرب بها الى الله تعالى فهو مجنون ، وإنما العمل بالقلب والجوارح فى الطاعات ، والشرف هو تلك الأعمال

فان قلت : لم سويت بين الفقه والطب إذ الطب أيضاً يتعلق بالدنيا وهو صحة الجسد ، وذلك يتعلق به أيضاً صلاح الدين ، وهذه التسوية تخالف إجماع المسلمين ؟ فاعلم أن التسوية غير لازمة بل بينهما فرق ، وأن الفقه أشرف منه من ثلاثة اوجه : (أحدها) أنه علم شرعي

(١) حديث لا يكون الرجل من المتقين حتى يدع مالا بأس به ـ الحديث : الترمذى وحسنه وابن ماجه والحاكم وصححه من حديث عطية السعدى

(٢) حديث استفت قلبك وإن أفتوك : أحمد من حديث وابصة

Lajna - 34

إذ هو مستفاد من النبوة ، بخلاف الطب فانه ليس من علم الشرع . و(الثانى) أنه لا يستغني عنه أحد من سالكى طريق الآخرة ألبتة لا الصحيح ولا المريض؛ وأما الطب فلا يحتاج إليه إلا المرضى وهم الأقلون . و(الثالث) أن علم الفقه مجاور لعلم طريق الآخرة لأنه نظر فى أعمال الجوارح، ومصدر أعمال الجوارح ومنشؤها صفات القلوب ، فالمحمود من الأعمال يصدر عن الأخلاق المحمودة المنجية فى الآخرة ، والمذموم يصدر من المذموم، وليس يخفى اتصال الجوارح بالقلب. وأما الصحة والمرض فمنشؤهما صفاء فى المزاج والأخلاط ، وذلك من أوصاف البدن لا من أوصاف القلب ، فهما أضيف الفقه إلي الطب ظهر شرفه ، وإذا أضيف علم طريق الآخرة إلى الفقه ظهر أيضاً شرف علم طريق الآخرة

فإن قلت : فصّل لى علم طريق الآخرة تفصيلا يشير الى تراجمه وإن لم يمكن استقصاء تفاصيله ، فاعلم أنه قسمان : علم مكاشفة وعلم معاملة .

فالقسم الأول علم المكاشفة وهو علم الباطن، وذلك غاية العلوم، فقد قال بعض العارفين : من لم يكن له نصيب من هذا العلم أخاف عليه سوء الخاتمة . وأدنى نصيب منه التصديق به وتسليمه لأهله . وقال آخر: من كان فيه خصلتان لم يفتح له بشىء من هذا العلم : بدعة أو كبر . وقيل : من كان محباً للدنيا أو مصرًّا على هوى لم يتحقق به ؛ وقد يتحقق بسائر العلوم ، وأقل عقوبة من ينكره أنه لا يذوق منه شيئا ؛ وينشد على قوله :

وارض لمن غاب عنك غيبته * فذاك ذنب عقابه فيه

وهو علم الصديقين والمقربين ؛ أعنى علم المكاشفة . فهو عبارة عن نور يظهر فى القلب عند تطهيره وتزكيته من صفاته المذمومة ؛ وينكشف من ذلك النور أمور كثيرة كان يسمع من قبل أسماءها فيتوهم لها معانى مجملة غير متضحة ؛ فتتضح إذ ذاك حتى تحصل المعرفة الحقيقية بذات الله سبحانه وبصفاته الباقيات التامات ، وبأفعاله وبحكمه فى خلق الدنيا والآخرة، ووجه ترتيبه للآخرة على الدنيا والمعرفة بمعنى النبوة والنبي ، وبمعنى الوحى ومعنى الشيطان ، ومعنى لفظ الملائكة والشياطين ، وكيفية معاداة الشياطين للانسان ، وكيفية ظهور الملك للأنبياء ، وكيفية وصول الوحى اليهم ، والمعرفة بملكوت السموات والأرض ، ومعرفة القلب ، وكيفية تصادم جنود الملائكة والشياطين فيه ، ومعرفة الفرق بين لمّة الملك ولمة الشيطان ، ومعرفة الآخرة والجنة والنار ، وعذاب القبر ، والصراط ، والميزان والحساب ، ومعنى قوله تعالى :

Lajna - 35

(اقْرَأْ كِتَابَكَ كَفَىٰ بِنَفْسِكَ الْيَوْمَ عَلَيْكَ حَسِيباً) ومعنى قوله تعالى : (وَإِنَّ الدَّارَ الْآخِرَةَ لَهِيَ الْحَيَوَانُ لَوْ كَانُوا يَعْلَمُونَ) ومعنى لقاء الله عز وجل والنظر إلى وجهه الكريم ، ومعنى القرب منه والنزول فى جواره ، ومعني حصول السعادة بمرافقة الملأ الأعلى ومقارنة الملائكة والنبيين ، ومعني تفاوت درجات أهل الجنان حتى يري بعضهم البعض كما يري الكوكب الدرى فى جوف السماء ، إلى غير ذلك مما يطول تفصيله ، إذ للناس فى معانى هذه الأمور بعد التصديق بأصولها مقامات شتى ، فبعضهم يرى أن جميع ذلك أمثلة وأن الذى أعده الله لعباده الصالحين مالا عين رأت ولا أذن سمعت ولا خطر على قلب بشر ، وأنه ليس مع الخلق من الجنة إلا الصفات والأسماء . وبعضهم يرى أن بعضها أمثلة وبعضها يوافق حقائقها المفهومة من ألفاظها ، وكذا يرى بعضهم أن منتهى معرفة الله عز وجل الاعتراف بالعجز عن معرفته . وبعضهم يدعى أمورا عظيمة فى المعرفة بالله عزّ وجل . وبعضهم يقول : حدّ معرفة الله عزّ وجل ما انتهى اليه اعتقاد جميع العوام ، وهو أنه موجود عالم قادر سميع بصير متكلم . فنعنى بعلم المكاشفة أن يرتفع الغطاء حتى تتضح له جلية الحق فى هذه الأمور اتضاحا يجرى مجرى العيان الذى لا يشك فيه . وهذا ممكن فى جوهر الانسان لولا أن مرآة القلب قد تراكم صدؤها وخبثها بقاذورات الدنيا ، وإنما نعنى بعلم طريق الآخرة العلمَ بكيفية تصقيل هذه المرآة عن هذه الخبائث التي هى الحجاب عن الله سبحانه وتعالى وعن معرفة صفاته وأفعاله ، وإنما تصفيتها وتطهيرها بالكف عن الشهوات ، والاقتداء بالأنبياء صلوات الله عليهم فى جميع أحوالهم ، فبقدر ماينجلى من القلب ويحاذى به شطر الحق يتلألأ فيه حقائقه ، ولا سبيل اليه إلا بالرياضة التى يأتى تفصيلها فى موضعها ، وبالعلم والتعليم . وهذه هى العلوم التى لا تسطر فى الكتب ولا يتحدث بها من أنعم الله عليه بشىء منها إلا مع أهله ، وهو المشارك فيه ، على سبيل المذاكرة وبطريق الإسرار . وهذا هو العلم الخفي الذى أراده صلى الله عليه وسلم بقوله : (١) « إِنَّ مِنَ الْعِلْمِ كَهَيْئَةِ الْمَكْنُونِ لَا يَعْلَمُهُ إِلَّا أَهْلُ الْمَعْرِفَةِ بِاللهِ تَعَالَى ، فَإِذَا نَطَقُوا بِهِ لَمْ يَجْهَلْهُ إِلَّا أَهْلُ الاغْتِرَارِ بِاللهِ تَعَالَى ، فَلَا تَحْقِرُوا عَالِمًا آتَاهُ اللهُ تَعَالَى عِلْمًا مِنْهُ فَإِنَّ اللهَ عَزَّ وَجَلَّ لَمْ يَحْقِرْهُ إِذْ آتَاهُ إِيَّاهُ »

(١) حديث من العلم كهيئة المكنون ـ الحديث : أبو عبد الرحمن السلمى فى الأربعين له فى التصوف من حديث أبي هريرة باسناد ضعيف .

Lajna - 36

وأما القسم الثانى وهو علم المعاملة فهو علم أحوال القلب .

أما ما يحمد منها فكالصبر والشكر ، والخوف والرجاء ، والرضا والزهد والتقوى والقناعة والسخاء ، ومعرفة المنة لله تعالى فى جميع الأحوال ، والاحسان وحسن الظن ، وحسن الخلق وحسن المعاشرة ، والصدق والاخلاص . فمعرفة حقائق هذه الأحوال وحدودها وأسبابها التى بها تكتسب ، وثمرتها وعلاماتها ومعالجة ماضعف منها حتى يقوى ، وما زال حتى يعود ، من علم الآخرة

وأما مايذم فخوف الفقر ، وسخط المقدور ، والغل والحقد ، والحسد والغش ، وطلب العلوّ وحب الثناء ، وحب طول البقاء فى الدنيا للتمتع ، والكبرُ والرياء ، والغضب والأنفة ، والعداوة والبغضاء ، والطمع والبخل ، والرغبة والبذَخ ، والأشر والبطر ، وتعظيم الأغنياء والاستهانة بالفقراء ، والفخر والخيلاء والتنافس ، والمباهاة ، والاستكبار عن الحق والخوض فيما لايعنى ، وحب كثرة الكلام ، والصلف والتزين للخلق ، والمداهنة والعجب ، والاشتغال عن عيوب النفس بعيوب الناس ، وزوال الحزن من القلب ، وخروج الخشية منه ، وشدة الانتصار للنفس إذا نالها الذل ، وضعف الانتصار للحق ، واتخاذ إخوان العلانية على عداوة السر ، والأمن من مكر الله سبحانه فى سلب ماأعطى ، والاتكال على الطاعة ، والمكر والخيانة والمخادعة ، وطول الأمل والقسوة والفظاظة ، والفرح بالدنيا والأسف على فواتها ، والأنس بالمخلوقين والوحشة لفراقهم ، والجفاء والطيش والعجلة ، وقلة الحياء وقلة الرحمة . فهذه وأمثالها من صفات القلب مغارس الفواحش ، ومنابت الأعمال المحظورة .

وأضدادها وهى الأخلاق المحمودة منبع الطاعات والقربات ؛ فالعلم بحدود هذه الأمور وحقائقها وأسبابها وثمراتها وعلاجها هو علم الآخرة ، وهو فرض عين فى فتوى علماء الآخرة . فالمعرض عنها هالك بسطوة ملك الملوك فى الآخرة ؛ كما أن المعرض عن الأعمال الظاهرة هالك بسيف سلاطين الدنيا بحكم فتوى فقهاء الدنيا . فنظر الفقهاء فى فروض العين ، بالاضافة الى صلاح الدنيا ؛ وهذا بالاضافة الى صلاح الآخرة . ولو سئل فقيه عن معنى من هذه المعانى حتى عن الاخلاص مثلا أو عن التوكل أو عن وجه الاحتراز عن الرياء لتوقف فيه ، مع أنه فرض عينه الذي فى اهماله هلاكه فى الآخرة . ولو سألته عن اللعان والظهار والسبق والرمى لسرد عليك

مجلدات من التفريعات الدقيقة التى تنقضى الدهور ولا يحتاج إلى شىء منها ، وإن احتيج لم تخل البلد عمن يقوم بها ويكيفيه مؤنة التعب فيها، فلا يزال يتعب فيها ليلا ونهارا ، وفى حفظه ودرسه ويغفل عما هو مهم نفسه فى الدين، وإذا روجع فيه قال اشتغلت به لأنه علم الدين وفرض الكفاية ، ويلبّس على نفسه وعلى غيره فى تعلمه ، والفطن يعلم أنه لو كان غرضه أداء حق الأمر فى فرض الكفاية لقدّم عليه فرض العين ، بل قدم عليه كثيرا من فروض الكفايات؛ فكم من بلدة ليس فيها طبيب إلا من أهل الذمة ، ولا يجوز قبول شهادتهم فيما يتعلق بالأطباء من أحكام الفقه ثم لا نرى أحداً يشتغل به، ويتهاترون على علم الفقه لاسيما الخلافيات والجدليات والبلد مشحون من الفقهاء بمن يشتغل بالفتوى والجواب عن الوقائع .

فليت شعرى كيف يرخص فقهاء الدين فى الاشتغال بفرض كفاية قد قام به جماعة ، وإهمال مالا قائم به ؟ هل لهذا سبب إلا أن الطب ليس يتيسر الوصول به إلى تولى الأوقاف والوصايا وحيازة مال الأيتام وتقلد القضاء والحكومة والتقدم به على الأقران والتسلط به على الأعداء ، هيهات هيهات ! قد اندرس علم الدين بتلبيس علماء السوء ، فالله تعالى المستعان ، واليه الملاذ فى أن يعيذنا من هذا الغرور الذى يسخط الرحمن ، ويضحك الشيطان !

وقد كان أهل الورع من علماء الظاهر مقرين بفضل علماء الباطن وأرباب القلوب ، كان الامام الشافعى رضى الله عنه يجلس بين يدى شيبان الراعى كما يقعد الصبى فى المكتب ويسأله كيف يفعل كذا وكذا ؛ فيقال له: مثلك يسأل هذا البدوى؟ فيقول : إن هذا وفق لما أغفلناه . وكان أحمد بن حنبل رضى الله عنه ويحيى بن معين يختلفان إلى معروف الكرخى ولم يكن فى علم الظاهر بمنزلتهما وكانا يسألانه . وكيف وقد قال رسول الله صلى الله عليه وسلم[1] لما قيل له : كيف نفعل إذا جاءنا أمر لم نجده فى كتاب ولا سنة ؟ فقال صلى الله عليه وسلم: « سَلُوا الصَّالِحِينَ وَاجْعَلُوهُ شُورَى بَيْنَهُمْ ». ولذلك قيل: علماء الظاهر زينة الأرض والملك؛ وعلماء الباطن زينة السماء والملكوت . وقال الجنيد رحمه الله: قال لى السرى شيخى يوما : اذا قمت من عندى فمن تجالس ؟ قلت المحاسبى فقال : نعم خذ من علمه وأدبه ودع عنك تشقيقه الكلام وردّه على المتكلمين ، ثم لما

(١) حديث قيل له كيف نفعل اذا جاء أمر لم نجده فى كتاب الله ولا سنة رسوله ـ الحديث : الطبرانى من حديث ابن عباس فيه عبد الله بن كيسان ضعفه الجمهور

Lajna - 38

وليت سمعته يقول : جعلك الله صاحب حديث صوفيا ، ولا جعلك صوفيا صاحب حديث . أشار إلى أن من حصّل الحديث والعلم ثم تصوف أفلح ، ومن تصوف قبل العلم خاطر بنفسه .

فان قلت : فلم لم تورد فى أقسام العلوم الكلام والفلسفة وتبين أنهما مذمومان أو محمودان ؟ فاعلم أن حاصل مايشتمل عليه علم الكلام من الأدلة التى ينتفع بها فالقرءان والأخبار مشتملة عليه، وما خرج عنهما فهو إما مجادلة مذمومة وهى من البدع كما سيأتى بيانه، وإما مشاغبة بالتعلق بمناقضات الفرق لها، وتطويل بنقل المقالات التى أكثرها تُرَّهات وهذيانات تزدريها الطباع، وتمجها الأسماع ، وبعضها خوض فيما لا يتعلق بالدين ولم يكن شىء منه مألوفا فى العصر الأول ، وكان الخوض فيه بالكلية من البدع ، ولكن تغير الآن حكمه إذ حدثت البدع الصارفة عن مقتضى القرءان والسنة ، ونبغت جماعة لفقوا لها شبها ورتبوا فيها كلاما مؤلفا ، فصار ذلك المحذور بحكم الضرورة مأذونا فيه ، بل صار من فروض الكفايات ، وهو القدر الذي يقابل به المبتدع إذا قصد الدعوة إلى البدعة ، وذلك إلى حد محدود سنذكره فى الباب الذى يلى هذا ، إن شاء الله تعالى .

وأما الفلسفة فليست علماً برأسها بل هى أربعة أجزاء :

(أحدها) الهندسة والحساب وهما مباحان كما سبق، ولا يُمنع عنهما إلا من يُخاف عليه أن يتجاوز بهما إلى علوم مذمومة، فان أكثر الممارسين لهما قد خرجوا منهما إلى البدع ، فيصان الضعيف عنهما لا لعينهما، كما يصان الصبي عن شاطىء النهر خيفة عليه من الوقوع فى النهر ، وكما يصان حديث العهد بالاسلام عن مخالطة الكفار خوفا عليه، مع أن القوى لا يندب إلى مخالطتهم .

(الثانى) المنطق، وهو بحث عن وجه الدليل وشروطه، ووجه الحد وشروطه، وهما داخلان فى علم الكلام

و(الثالث) الإلهيات ، وهو بحث عن ذات الله سبحانه وتعالى وصفاته ، وهو داخل فى الكلام أيضاً . والفلاسفة لم ينفردوا فيها بنمط آخر من العلم ، بل انفردوا بمذاهب بعضها كفر وبعضها بدعة . وكما أن الاعتزال ليس علماً برأسه بل أصحابه طائفة من المتكلمين ، وأهل البحث والنظر انفردوا بمذاهب باطلة ، فكذلك الفلاسفة

و(الرابع) الطبيعيات، وبعضها مخالف للشرع والدين الحق، فهو جهل وليس بعلم حتى يورَد

Lajna - 39

فى أقسام العلوم ، وبعضها بحث عن صفات الأجسام وخواصها وكيفية استحالتها وتغيرها ، وهو شبيه بنظر الأطباء ، إلا أن الطبيب ينظر فى بدن الانسان على الخصوص من حيث يمرض ويصح ، وهم ينظرون فى جميع الأجسام من حيث تتغير وتتحرك . ولكن للطب فضل عليه وهو أنه محتاج اليه ، وأما علومهم فى الطبيعيات فلا حاجة اليها . فاذاً الكلام صار من جملة الصناعات الواجبة على الكفاية حراسة لقلوب العوام عن تخييلات المبتدعة ، وإنما حدث ذلك بحدوث البدع ، كما حدثت حاجة الانسان إلى استئجار البذرقة فى طريق الحج بحدوث ظلم العرب وقطعهم الطريق ، ولو ترك العرب عدوانهم لم يكن استئجار الحراس من شروط طريق الحج ، فلذلك لو ترك المبتدع هذيانه لما افتقر الى الزيادة على ماعهد فى عصر الصحابة رضى الله عنهم ..

فليعلم المتكلم حدّه من الدين ، وأن موقعه منه موقع الحارس فى طريق الحج ، فاذا تجرّد الحارس للحراسة لم يكن من جملة الحاج ، والمتكلم اذا تجرّد للمناظرة والمدافعة ولم يسلك طريق الآخرة ، ولم يشتغل بتعهد القلب وصلاحه لم يكن من جملة علماء الدين أصلا ، وليس عند المتكلم من الدين إلا العقيدة التى يشاركه فيها سائر العوام ، وهى من جملة أعمال ظاهر القلب واللسان ، وإنما يتميز عن العامي بصنعة المجادلة والحراسة ، فأما معرفة الله تعالى وصفاته وأفعاله وجميع ما أشرنا اليه فى علم المكاشفة فلا يحصل من علم الكلام ، بل يكاد أن يكون الكلام حجابا عليه ومانعا عنه ، وإنما الوصول اليه بالمجاهدة التى جعلها الله سبحانه مقدمة للهداية حيث قال تعالى : (وَالَّذِينَ جَاهَدُوا فِينَا لَنَهْدِيَنَّهُمْ سُبُلَنَا وَإِنَّ اللَّهَ لَمَعَ الْمُحْسِنِينَ)

فان قلت : فقد رددت حدّ المتكلم إلى حراسة عقيدة العوام عن تشويش المبتدعة ، كما أن حدّ البذرقة حراسة أقمشة الحجيج عن نهب العرب ، ورددت حدّ الفقيه إلى حفظ القانون الذى به يكف السلطان شرّ بعض أهل العدوان عن بعض ، وهاتان رتبتان نازلتان بالاضافة إلى علم الدين ، وعلماء الأمّة المشهورون بالفضل هم الفقهاء والمتكلمون ، وهم أفضل الخلق عند الله تعالى ، فكيف تنزل درجاتهم إلى هذه المنزلة السافلة بالاضافة إلى علم الدين ؟

فاعلم أن من عرف الحقّ بالرجال ، حار فى متاهات الضلال ، فاعرف الحقّ تعرف أهله إن كنت سالكا طريق الحق ، وإن قنعت بالتقليد والنظر إلى ما اشتهر من درجات الفضل بين

الناسَ فلا تغفل عن الصحابة وعلو منصبهم ، فقد أجمع الذين عرّضت بذكرهم على تقدمهم ، وأنهم لايدرك فى الدين شأوهم ولا يشق غبارهم ، ولم يكن تقدّمهم بالكلام والفقه ، بل بعلم الآخرة وسلوك طريقها . وما فَضَل أبو بكر[1] رضى الله عنه الناسَ بكثرة صيام ولا صلاة ولا بكثرة رواية ولا فتوى ولا كلام ولكن بشيء وقر فى صدره ، كما شهد له سيد المرسلين صلى الله عليه وسلم . فليكن حرصك فى طلب ذلك السرّ ، فهو الجوهر النفيس والدّر المكنون ، ودع عنك ماتطابق أكثر الناس عليه وعلى تفخيمه وتعظيمه لأسباب ودواع يطول تفصيلها ، فلقد قبض رسول الله صلى الله عليه وسلم عن آلاف من الصحابة رضى الله عنهم كلهم علماء بالله أثنى عليهم رسول الله صلى الله عليه وسلم ، ولم يكن فيهم أحد يحسن صنعة الكلام ، ولا نصب نفسه للفتيا منهم أحد ، إلا بضعة عشر رجلا . ولقد كان ابن عمر رضي الله عنهما منهم ، وكان إذا سئل عن الفتيا يقول للسائل : اذهب إلى فلان الأمير الذى تقلد أمور الناس وضعْها فى عنقه . إشارة الى أن الفتيا فى القضايا والأحكام من توابع الولاية والسلطنة . ولما مات عمر رضى الله عنه قال ابن مسعود : مات تسعة أعشار العلم ، فقيل له : أتقول ذلك وفينا جلة الصحابة ؟ فقال : لم أرد علم الفتيا والأحكام إنما أريد العلم بالله تعالى ؛ أفترى أنه أراد صنعة الكلام والجدل ؟ فما بالك لاتحرص على معرفة ذلك العلم الذي مات بموت عمر تسعة أعشاره ؟ وهو الذى سد باب الكلام والجدل ، وضرب ضبيعا بالدرّة لما أورد عليه سؤالا فى تعارض آيتين فى كتاب الله ، وهجره وأمر الناس بهجره .

وأما قولك : إن المشهورين من العلماء هم الفقهاء والمتكلمون ، فاعلم أن ما يُنال به الفضل عند الله شيء ، وما ينال به الشهرة عند الناس شيء آخر ، فلقد كان شهرة أبى بكر الصديق رضى الله عنه بالخلافة ، وكان فضله بالسر الذى وقر فى قلبه . وكان شهرة عمر رضى الله عنه بالسياسة ، وكان فضله بالعلم بالله الذى مات تسعة أعشاره بموته ؛ وبقصده التقرّب إلى الله عز وجل فى ولايته ، وعدله وشفقته على خلقه ، وهو أمر باطن فى سره . فأما سائر أفعاله الظاهرة فيتصور صدورها من طالب الجاه والاسم والسمعة والراغب فى الشهرة ، فتكون الشهرة فيما هو المهلك ، والفضل فيما هو سرّ لايطلع عليه أحد . فالفقهاء والمتكلمون مثل الخلفاء والقضاة والعلماء ،

وقد انقسموا : فمنهم من أراد الله سبحانه بعلمه وفتواه وذبه عن سنة نبيه ، ولم يطلب به رياء ولا سمعة ، فأولئك أهل رضوان الله تعالى ، وفضلهم عند الله لعملهم بعلمهم ، ولإرادتهم وجه الله سبحانه بفتواهم ونظرهم ، فان كل علم عمل ، فانه فعل مكتسب ، وليس كل عمل علماً ، والطبيب يقدر على التقرب إلى الله تعالى بعلمه فيكون مثابا على علمه من حيث إنه عامل لله سبحانه وتعالى به ، والسلطان يتوسط بين الخلق لله فيكون مرضياً عند الله سبحانه ومثابا ، لا من حيث إنه متكفل بعلم الدين ، بل من حيث هو متقلد بعمل يقصد به التقرب إلى الله عزّ وجل بعلمه

وأقسام مايتقرب به الى الله تعالى ثلاثة : علم مجرد وهو علم المكاشفة، وعمل مجرد وهو كعدل السلطان مثلا وضبطه للناس ، ومركب من عمل وعلم وهو علم طريق الآخرة ، فانّ صاحبه من العلماء والعمال جميعا . فانظر إلى نفسك أتكون يوم القيامة فى حزب علماء الله ، أو عمال الله تعالى ، أو فى حزبيهما فتضرب بسهمك مع كل فريق منهما ؛ فهذا أهم عليك من التقليد لمجرد الاشتهار كما قيل:

خذ ماتراه ودع شيئا سمعت به * فى طلعة الشمس مايغنيك عن زحل

على أنا سننقل من سيرة فقهاء السلف ماتعلم به أن الذين انتحلوا مذاهبهم ظلموهم ؛ وأنهم من أشدّ خصمائهم يوم القيامة ، فانهم ماقصدوا بالعلم إلا وجه الله تعالى؛ وقد شوهد من أحوالهم ماهو من علامات علماء الآخرة كما سيأتى بيانه فى باب علامات علماء الآخرة ، فانهم ما كانوا متجرّدين لعلم الفقه ، بل كانوا مشتغلين بعلم القلوب ومراقبين لها، ولكن صرفهم عن التدريس والتصنيف فيه ماصرف الصحابة عن التصنيف والتدريس فى الفقه مع أنهم كانوا فقهاء مستقلين بعلم الفتوى ، والصوارف والدواعى متيقنة ، ولا حاجة الى ذكرها

ونحن الآن نذكر من أحوال فقهاء الاسلام ماتعلم به أن ماذكرناه ليس طعنا فيهم ، بل هو طعن فيمن أظهر الاقتداء بهم منتحلا مذاهبهم وهو مخالف لهم فى أعمالهم وسيرهم .

فالفقهاء الذين هم زعماء الفقه وقادة الخلق، أعنى الذين كثر أتباعهم فى المذاهب ، خمسة : الشافعى ، ومالك ، وأحمد بن حنبل ، وأبو حنيفة ، وسفيان الثورى رحمهم الله تعالى . وكل واحد منهم كان عابدا ، وزاهدا ، وعالما بعلوم الآخرة ، وفقيها فى مصالح الخلق فى الدنيا، ومريدا بفقهه وجه الله تعالى . فهذه خمس خصال اتبعهم فقهاء العصر من جملتها على خصلة واحدة ، وهى التشمير والمبالغة

Lajna - 42

في تفاريع الفقه ، لأن الخصال الأربع لاتصلح إلا للآخرة ، وهذه الخصلة الواحدة تصلح للدنيا والآخرة ، إن أريد بها الآخرة قلّ صلاحها للدنيا، شمروا لها وادّعوا بها مشابهة أولئك الأئمة ، وهيهات أن تقاس الملائكة بالحدّادين

فلنورد الآن من أحوالهم مايدل على هذه الخصال الأربع ، فان معرفتهم بالفقه ظاهرة :

أما الامام الشافعي رحمه الله تعالى فيدل على أنه كان عابدا ماروى أنه كان يقسم الليل ثلاثة أجزاء : ثُلثاً للعلم ، وثلثا للعبادة ، وثلثا للنوم . قال الربيع : كان الشافعي رحمه الله يختم القرءان في رمضان ستين مرة كل ذلك في الصلاة . وكان البويطي أحد أصحابه يختم القرءان في رمضان في كل يوم مرة . وقال الحسن الكرابيسي : بتُّ مع الشافعي غير ليلة فكان يصلي نحوا من ثلث الليل فما رأيته يزيد على خمسين آية ، فاذا أكثر فمائة آية ، وكان لايمرّ بآية رحمة إلا سأل الله تعالى لنفسه ولجميع المسلمين والمؤمنين ، ولا يمرّ بآية عذاب إلا تعوّذ فيها وسأل النجاة لنفسه وللمؤمنين ؛ وكأنما جمع له الرجاء والخوف معا . فانظر كيف يدل اقتصاره على خمسين آية على تبحره في أسرار القرءان وتدبره فيها . وقال الشافعي رحمه الله: ماشبعت منذ ست عشرة سنة ، لأن الشبع يثقل البدن ، ويقسي القلب، ويزيل الفطنة ، ويجلب النوم ، ويضعف صاحبه عن العبادة . فانظر إلى حكمته في ذكر آفات الشبع ، ثم في جدّه في العبادة إذ طرح الشبع لأجلها ، ورأس التعبد تقليل الطعام . وقال الشافعي رحمه الله : ماحلفت بالله تعالى لاصادقا ولا كاذبا قط . فانظر إلى حرمته وتوقيره لله تعالى ، ودلالة ذلك على علمه بجلال الله سبحانه

وسئل الشافعي رضي الله عنه عن مسألة فسكت ، فقيل له : ألا تجيب رحمك الله ! فقال : حتى أدرى الفضل في سكوتي أوفي جوابي . فانظر في مراقبته للسانه مع أنه أشدّ الأعضاء تسلطا على الفقهاء ، وأعصاها عن الضبط والقهر . وبه يستبين أنه كان لايتكلم ولا يسكت إلا لنيل الفضل وطلب الثواب . وقال أحمد بن يحيي بن الوزير : خرج الشافعي رحمه الله تعالى يوما من سوق القناديل فتبعناه فاذا رجل يسفه على رجل من أهل العلم ، فالتفت الشافعي الينا وقال : نزهوا أسماعكم عن استماع الخنا كما تنزهون ألسنتكم عن النطق به ، فان المستمع شريك القائل، وإن السفيه لينظر إلى أخبث شيء في إنائه فيحرص أن يفرغه في أوعيتكم ، ولو ردّت كلمة السفيه لسعد رادّها كما شقي بها قائلها . وقال الشافعي رضي الله عنه : كتب حكيم إلى حكيم : قد

Lajna - 43

أوتيت علما فلا تدنس علمك بظلمة الذنوب فتبقى فى الظلمة يوم يسعى أهل العلم بنور علمهم

وأما زهده رضى الله عنه فقد قال الشافعى رحمه الله : من ادّعى أنه جمع بين حب الدنيا وحب خالقها فى قلبه فقد كذب . وقال الحميدى : خرج الشافعى رحمه الله إلى اليمن مع بعض الولاة فانصرف إلى مكة بعشرة آلاف درهم ، فضرب له خباء فى موضع خارجا من مكة فكان الناس يأتونه ، فما برح من موضعه ذلك حتى فرّقها كلها . وخرج من الحمام مرة فأعطى الحمامى مالا كثيرا . وسقط سوطه من يده مرة فرفعه إنسان اليه فأعطاه جزاء عليه خمسين دينارا . وسخاوة الشافعى رحمه الله أشهر من أن تحكى ، ورأس الزهد السخاء ، لأن من أحبّ شيئا أمسكه ولم يفارقه ، فلا يفارق المال إلا من صغرت الدنيا فى عينه ، وهو معنى الزهد .

ويدل على قوة زهده وشدة خوفه من الله تعالى واشتغال همته بالآخرة ما رُوى أنه رَوى سفيان بن عيينة حديثا فى الرقائق فغشى على الشافعى ، فقيل له : قد مات ، فقال : إن مات فقد مات أفضل زمانه . وما رَوى عبد الله بن محمد البلوى قال : كنت أنا وعمر بن نباتة جلوسا نتذاكر العبّاد والزهاد ، فقال لى عمر : ما رأيت أورع ولا أفصح من محمد بن ادريس الشافعى رضى الله عنه : خرجت أنا وهو والحارث بن لبيد إلى الصفا ، وكان الحارث تلميذا لصالح المرى فافتتح يقرأ وكان حسن الصوت ، فقرأ هذه الآية : (هَذَا يَوْمُ لَا يَنْطِقُونَ ، وَلَا يُؤْذَنُ لَهُمْ فَيَعْتَذِرُونَ) فرأيت الشافعى رحمه الله وقد تغير لونه ، واقشعر جلده ، واضطرب اضطرابا شديدا ، وخرّ مغشيا عليه ، فلما أفاق جعل يقول : أعوذ بك من مقام الكاذبين ، وإعراض الغافلين ، اللهم لك خضعت قلوب العارفين ، وذلت لك رقاب المشتاقين ، إلهى هب لى جودك وجَلّلنى بسترك ، واعف عن تقصيرى بكرم وجهك ! قال ثم مشى وانصرفنا ، فلما دخلت بغداد وكان هو بالعراق فقعدت على الشط أتوضأ للصلاة إذ مر بى رجل فقال لى : ياغلام أحسن وضوءك أحسن الله إليك فى الدنيا والآخرة . فالتفتّ فاذا أنا برجل يتبعه جماعة فأسرعت فى وضوئى وجعلت أقفو أثره ، فالتفت إلىّ فقال : هل لك من حاجة ؟ فقلت : نعم تعلمنى مما علمك الله شيئا . فقال لي : اعلم أن من صَدَق الله نجا ، ومن أشفق على دينه سلم من الردى ، ومن زهد فى الدنيا قرّت عيناه بما يراه من ثواب الله تعالى غدا ، أفلا أزيدك ؟ قلت نعم . قال : من كان فيه ثلاث خصال فقد استكمل الإيمان : من أمر بالمعروف وائتمر ، ونهى عن المنكر وانتهى ، وحافظ

على حدود الله تعالي . ألا أزيدك ؟ قلت : بلى . فقال : كن فى الدنيا زاهدا وفى الآخرة راغبا ، واصدق الله تعالى في جميع أمورك تنج مع الناجين . ثم مضى ، فسألت من هذا ؟ فقالوا : هو الشافعى . فانظر إلى سقوطه مغشيا عليه ، ثم إلى وعظه ، كيف يدل ذلك على زهده وغاية خوفه ؛ ولايحصل هذا الخوف والزهد إلا من معرفة الله عز وجل، فانه (إِنَّمَا يَخْشَى اللَّهَ مِنْ عِبَادِهِ الْعُلَمَاءُ) . ولم يستفد الشافعى رحمه الله هذا الخوف والزهد من علم كتاب السَّلَم والاجارة وسائر كتب الفقه ؛ بل هو من علوم الآخرة المستخرجة من القرءان والأخبار ؛ إذ حكم الأولين والآخرين مودعة فيهما .

وأما كونه عالما بأسرار القلب وعلوم الآخرة فتعرفه من الحكم المأثورة عنه : روى أنه سئل عن الرياء فقال على البديهة : الرياء فتنة عقدها الهوى حيال أبصار قلوب العلماء فنظروا اليها بسوء اختيار النفوس فأحبطت أعمالهم . وقال الشافعى رحمه الله تعالى : إذا أنت خفت على عملك العجب فانظر رضا من تطلب ، وفى أى ثواب ترغب ، ومن أى عقاب ترهب ، وأى عافية تشكر ، وأى بلاء تذكر ، فانك إذا تفكرت فى واحدة من هذه الخصال صغر فى عينك عملك . فانظر كيف ذكر حقيقة الرياء وعلاج العجب وهما من كبار آفات القلب . وقال الشافعى رضى الله عنه : من لم يصن نفسه لم ينفعه علمه . وقال رحمه الله : من أطاع الله تعالى بالعلم نفعه سرّه . وقال : ما من أحد إلا له محب ومبغض ، فاذا كان كذلك فكن مع أهل طاعة الله عز وجل . وروى أن عبد القاهر بن عبد العزيز كان رجلا صالحا ورعا ، وكان يسأل الشافعى رضى الله عنه عن مسائل فى الورع ، والشافعى رحمه الله يُقبل عليه لورعه

وقال للشافعى يوما : أيها أفضل : الصبر ، أو المحنة ، أو التمكين ؟ فقال الشافعى رحمه الله : التمكين درجة الأنبياء ولا يكون التمكين إلا بعد المحنة ، فاذا امتحن صبر ، وإذا صبر مكن ، ألا تري أن الله عز وجل امتحن ابراهيم عليه السلام ثم مكّنه ، وامتحن موسى عليه السلام ثم مكّنه ، وامتحن أيوب عليه السلام ثم مكنه ، وامتحن سليمان عليه السلام ثم مكنه وآتاه ملكا ؟ والتمكين أفضل الدرجات ، قال الله عز وجل : (وَكَذَلِكَ مَكَّنَّا لِيُوسُفَ فِي الْأَرْضِ) وأيوب عليه السلام بعد المحنة العظيمة مكّن ، قال الله تعالي : (وَآتَيْنَاهُ أَهْلَهُ وَمِثْلَهُمْ مَعَهُمْ) الآية ، فهذا الكلام من الشافعي رحمه الله يدل على تبحره فى أسرار القرآن ، واطلاعه على مقامات

السائرين إلى الله تعالى من الأنبياء والأولياء ، وكل ذلك من علوم الآخرة

وقيل للشافعي رحمه الله : متى يكون الرجل عالما ؟ قال : إذا تحقق في علم فعلمه وتعرض لسائر العلوم فنظر فيما فاته ، فعند ذلك يكون عالما ، فانه قيل لجالينوس : إنك تأمر للداء الواحد بالأدوية الكثيرة المجمعة ، فقال : إنما المقصود منها واحد ، وإنما يجعل معه غيره لتسكن حدّته لأن الإفراد قاتل . فهذا وأمثاله مما لايحصى يدل على علوّ رتبته في معرفة الله تعالى وعلوم الآخرة .

وأما إرادته بالفقه والمناظرة فيه وجهَ الله تعالى ، فيدل عليه ماروى عنه انه قال : وددتُ أن الناس انتفعوا بهذا العلم وما نسب إليّ شيء منه . فانظر كيف اطلع على آفة العلم وطلب الاسم له ، وكيف كان منزّه القلب عن الالتفات اليه ، بمجرد النية فيه لوجه الله تعالى ! وقال الشافعي رضي الله عنه : ماناظرت أحدا قط فأحببت أن يخطىء . وقال : ما كلمت أحدا قط إلا أحببت أن يوفق ويسدّد ويعان ويكون عليه رعاية من الله تعالى وحفظ ، وما كلمت أحدا قط وأنا أبالي أن يبين الله الحق على لساني أو على لسانه . وقال : ماأوردت الحق والحجة على أحد فقبلها مني إلا هبته واعتقدت محبته ، ولا كابرني أحد على الحق ودافع الحجة إلا سقط من عيني ورفضته . فهذه العلامات هي التي تدل على إرادة الله تعالى بالفقه والمناظرة . فانظر كيف تابعه الناس من جملة هذه الخصال الخمس على خصلة واحدة فقط ، ثم كيف خالفوه فيها أيضا ! ولهذا قال أبو ثور رحمه الله : مارأيت ولا رأى الراءون مثل الشافعي رحمه الله تعالى .

وقال أحمد بن حنبل رضي الله عنه : ماصليت صلاة منذ أربعين سنة إلا وأنا أدعو للشافعي رحمه الله تعالى . فانظر إلى إنصاف الداعي ، وإلى درجة المدعوّ له ، وقس به الأقران والأمثال من العلماء في هذه الأعصار وما بينهم من المشاحنة والبغضاء لتعلم تقصيرهم في دعوى الاقتداء بهؤلاء . ولكثرة دعائه له قال له ابنه : أي رجل كان الشافعي حتى تدعو له كل هذا الدعاء؟ فقال احمد : يا بني كان الشافعي رحمه الله تعالى كالشمس للدنيا ، وكالعافية للناس . فانظر هل لهذين من خلف ؟ وكان أحمد رحمه الله يقول : مامس أحد بيد محبرة إلا وللشافعي رحمه الله في عنقه منة .

وقال يحيى بن سعيد القطان : ماصليت صلاة منذ أربعين سنة إلا وأنا أدعو فيها للشافعي لما فتح الله عز وجل عليه من العلم ، ووفقه للسداد فيه .

ولنقتصر على هذه النبذة من أحواله ، فان ذلك خارج عن الحصر . وأكثر هذه المناقب نقلناه من الكتاب الذى صنفه الشيخ نصر بن ابراهيم المقدسى رحمه الله تعالى فى مناقب الشافعى رضى الله عنه وعن جميع المسلمين .

وأما الامام مالك رضى الله عنه فإنه كان أيضاً متحليا بهذه الخصال الخمس، فإنه قيل له: ماتقول يامالك فى طلب العلم ؟ فقال : حسن جميل ولكن انظر إلى الذى يلزمك من حين تصبح إلى حين تمسى فالزمه . وكان رحمه الله تعالى فى تعظيم علم الدين مبالغا، حتى كان اذا أراد أن يحدّث توضأ وجلس على صدر فراشه وسرّح لحيته واستعمل الطيب وتمكن من الجلوس على وقار وهيبة ثم حدّث . فقيل له في ذلك ، فقال : أحبّ أن أعظم حديث رسول الله صلى الله عليه وسلم . وقال مالك : العلم نور يجعله الله حيث يشاء وليس بكثرة الرواية . وهذا الاحترام والتوقير يدل على قوّة معرفته بجلال الله تعالى .

وأما إرادته وجهَ الله تعالى بالعلم فيدل عليه قوله : « الجدال فى الدين ليس بشىء » . ويدل عليه قول الشافعى رحمه الله : إنى شهدت مالكا وقد سئل عن ثمان وأربعين مسألة فقال فى اثنتين وثلاثين منها : لاأدرى . ومن يرد غير وجه الله تعالي بعلمه فلا تسمح نفسه بأن يقر على نفسه بأنه لايدرى . ولذلك قال الشافعي رضى الله عنه : إذا ذكر العلماء فمالك النجم الثاقب، وما أحد أمنّ عليّ من مالك . وروى أن أبا جعفر المنصور منعه من رواية الحديث فى طلاق المكره ثم دسّ عليه من يسأله، فروَى على ملأ من الناس : « ليس على مستكره طلاق » فضربه بالسياط ، ولم يترك رواية الحديث . وقال مالك رحمه الله : ما كان رجل صادقا فى حديثه ولا يكذب إلا متع بعقله ولم يصبه مع الهرم آفة ولا خرف .

وأما زهده فى الدنيا فيدل عليه ماروى أن المهدى أمير المؤمنين سأله فقال له : هل لك من دار ؟ فقال لا ولكن أحدّثك : سمعت ربيعة بن أبى عبد الرحمن يقول : نسب المرء داره . وسأله الرشيد : هل لك دار ؟ فقال : لا ، فأعطاه ثلاثة آلاف دينار وقال اشتر بها دارا ، فأخذها ولم ينفقها ، فلما أراد الرشيد الشخوص قال لمالك رحمه الله : ينبغى أن تخرج معنا فانى عزمت على أن أحمل الناس على الموطأ كما حمل عثمان رضى الله عنه الناس على القرءان ، فقال له : أما حمل الناس على الموطأ فليس اليه سبيل لأن أصحاب رسول الله صلى الله عليه وسلم افترقوا بعده في الأمصار فحدثوا فعند كل أهل مصر علم ، وقد قال صلى الله عليه وسلم

Lajna - 47

« اخْتِلَافُ أُمَّتِي رَحْمَةٌ »[1]: وأما الخروج معك فلا سبيل اليه ، قال رسول الله صلى الله عليه وسلم :[2] « الْمَدِينَةُ خَيْرٌ لَهُمْ لَوْ كَانُوا يَعْلَمُونَ » وقال عليه الصلاة والسلام :[3] « الْمَدِينَةُ تَنْفِي خَبَثَهَا كَمَا يَنْفِي الْكِيرُ خَبَثَ الْحَدِيدِ » وهذه دنانيركم كما هي إن شئتم فخذوها وإن شئتم فدعوها . يعني أنك إنما تكلفني مفارقة المدينة لما اصطنعته إليّ ، فلا أوثر الدنيا على مدينة رسول الله صلى الله عليه وسلم . فهكذا كان زهد مالك في الدنيا . ولما حملت اليه الأموال الكثيرة من أطراف الدنيا لانتشار علمه وأصحابه كان يفرّقها في وجوه الخير ، ودل سخاؤه على زهده وقلة حبه للدنيا ، وليس الزهد فقد المال ، وإنما الزهد فراغ القلب عنه . ولقد كان سليمان عليه السلام في ملكه من الزهاد . ويدل على احتقاره للدنيا ماروى عن الشافعي رحمه الله أنه قال : رأيت على باب مالك كراعا من أفراس خراسان ويقال مصر مارأيت أحسن منه ، فقلت لمالك رحمه الله : ماأحسنه ! فقال : هو هدية مني اليك ياأبا عبدالله ، فقلت دع لنفسك منها دابة تركبها ، فقال إني أستحيي من الله تعالى أن أطأ تربة فيها نبيّ الله صلى الله عليه وسلم بحافر دابة . فانظر إلى سخائه إذ وهب جميع ذلك دفعة واحدة ، وإلى توقيره لتربة المدينة

ويدل على إرادته بالعلم وجه الله تعالى واستحقاره للدنيا ماروى عنه أنه قال : دخلت على هرون الرشيد فقال لي : ياأبا عبدالله ينبغي أن تختلف الينا حتى يسمع صبياننا منك الموطأ . قال فقلت: أعز الله مولانا الأمير: إن هذا العلم منكم خرج ، فان أنتم أعززتموه عزّ ، وإن أنتم أذللتموه ذلّ ، والعلم يؤتى ولا يأتي . فقال صدقت ، اخرجوا إلى المسجد حتى تسمعوا مع الناس

وأما أبو حنيفة رحمه الله تعالى لقد كان أيضا عابدا ، زاهدا ، عارفا بالله تعالى ، خائفا منه ، مريدا وجه الله تعالى بعلمه

فأما كونه عابدا فيعرف بما روى عن ابن المبارك أنه قال : كان أبو حنيفة رحمه الله له مروءة وكثرة صلاة . وروى حماد بن أبي سليمان أنه كان يحيي الليل كله . وروى أنه كان يحيي نصف الليل فمر يوما في طريق فأشار اليه إنسان وهو يمشي ، فقال لآخر : هذا هو الذي يحيي الليل

وأما زهـده فقد روى عن الربيع بن عاصم قال : أرسلني يزيد بن عمر بن هبيرة فقدمت بأبي حنيفة عليه ، فأراده أن يكون حاكما على بيت المال فأبى . فضربه عشرين سوطا . فانظر كيف هرب من الولاية واحتمل العذاب . قال الحكم بن هشام الثقفي : حدثت بالشام حديثاً في أبي حنيفة أنه كان من أعظم الناس أمانة ، وأراده السلطان على أن يتولى مفاتيح خزائنه أو يضرب ظهره فاختار عذابهم له على عذاب الله تعالى . وروى أنه ذُكر أبو حنيفة عند ابن المبارك فقال : أتذكرون رجلا عرضت عليه الدنيا بحذافيرها ففرّ منها ! وروى عن محمد بن شجاع عن بعض أصحابه أنه قيل لأبي حنيفة : قد أمر لك أمير المؤمنين أبو جعفر المنصور بعشرة آلاف درهم ، قال : فما رضى أبو حنيفة، قال: فلما كان اليوم الذى توقع أن يؤتي بالمال فيه صلى الصبح ثم تغشي بثوبه فلم يتكلم ، فجاء رسول الحسن بن قحطبة بالمال فدخل عليه فلم يكلمه، فقال بعض من حضر : مايكلمنا إلا بالكلمة بعد الكلمة ، أى هذه عادته ، فقال ضعوا المال في هذا الجراب في زاوية البيت،ثم أوصى أبو حنيفة بعد ذلك بمتاع بيته ؛ وقال لابنه : إذامت ودفنتموني فخذ هذه البدرة واذهب بها إلى الحسن بن قحطبة فقل له : خذ وديعتك التى أودعتها أبا حنيفة . قال ابنه : ففعلت ذلك ، فقال الحسن : رحمة الله على أبيك فلقد كان شحيحا على دينه . وروى أنه دعى إلى ولاية القضاء فقال: أنا لاأصلح لهذا ، فقيل له : لم ؟ فقال: إن كنت صادقا فما أصلح لها ، وإن كنت كاذباً فالكاذب لا يصلح للقضاء .

وأما علمـه بطريق الآخرة وطريق أمور الدين ومعرفته بالله عزّ وجل ، فيدل عليه شدة خوفه من الله تعالى وزهده في الدنيا . وقد قال ابن جريج : قد بلغني عن كوفيّكم هذا النعمان ابن ثابت أنه شديد الخوف لله تعالى . وقال شريك النخعي :كان أبو حنيفة طويل الصمت دائم الفكر ، قليل المحادثة للناس . فهذا من أوضح الأمارات على العلم الباطني، والاشتغال بمهمات الدين ، فمن أوتى الصمت والزهد فقد أوتى العلم كله . فهذه نبذة من أحوال الأئمة الثلاثة

وأما الامام أحمد بن حنبل وسفيان الثورى رحمهما الله تعالى فأتباعهما أقلّ من أتباع هؤلاء، وسفيان أقلّ أتباعا من أحمد ، ولكن اشتهارهما بالورع والزهد أظهر . وجميع هذا الكتاب

Lajna - 49

مشحون بحكايات أفعالهما وأقوالهما ، فلا حاجة إلى التفصيل الآن ، فانظر الآن فى سير هؤلاء الأئمة الثلاثة . وتأمّل أن هذه الأحوال والأقوال والأفعال فى الإعراض عن الدنيا والتجرد لله عز وجل هل يثمرها مجرد العلم بفروع الفقه ، من معرفة السلم والإجارة والظهار والإيلاء واللعان ، أو يثمرها علم آخر أعلى وأشرف منه ؟ وانظر إلى الذين ادّعوا الاقتداء بهؤلاء أصدقوا فى دعواهم أم لا ؟

بيان علة ذم العلم المذموم

لعلك تقول : العلم هو معرفة الشيء على ماهو به وهو من صفات الله تعالى فكيف يكون الشيء علما ويكون مع كونه علما مذموما ؟ فاعلم أن العلم لايذم لعينه وإنما يذم فى حق العباد لأحد أسباب ثلاثة :

الأول ـ أن يكون مؤدّيا إلى ضرر مّا إما لصاحبه أو لغيره كما يذم علم السحر والطلسمات ، وهو حقّ ، إذ شهد القرءان له ، وأنه سبب يتوصل به إلى التفرقة بين الزوجين . وقد «سُحر[1] رسولُ الله صلى الله عليه وسلم ومرض بسببه حتى أخبره جبريل عليه السلام بذلك ، وأُخرج السحرُ من تحت حَجَر في قعر بئر » وهو نوع يستفاد من العلم بخواص الجواهر وبأمور حسابية فى مطالع النجوم ، فيتخذ من تلك الجواهر هيكل على صورة الشخص المسحور ، ويرصد

به وقت مخصوص من المطالع ، وتقرن به كلمات يتلفظ بها من الكفر والفحش المخالف للشرع ، ويتوصل بسببها إلى الاستعانة بالشياطين ، ويحصل من مجموع ذلك ، بحكم إجراء الله تعالى العادة ، أحوال غريبة فى الشخص المسحور . ومعرفة هذه الأسباب من حيث إنها معرفة ليست بمذمومة ، ولكنها ليست تصلح إلا للإضرار بالخلق ، والوسيلة إلى الشرّ شرّ ، فكان ذلك هو السبب فى كونه علما مذموما ، بل من اتبع وليا من أولياء الله ليقتله وقد اختفى منه فى موضع حريز إذا سأل الظالم عن محله لم يجز تنبيهه عليه ، بل وجب الكذب فيه ، وذكر موضعه إرشاد وإفادةُ علم بالشىء على ماهو عليه ، ولكنه مذموم لأدائه إلى الضرر

الثانى ـ أن يكون مضراً بصاحبه في غالب الأمر كعلم النجوم ، فانه فى نفسه غير مذموم لذاته ، إذ هو قسمان : قسم حسابى ، وقد نطق القرءان بأن مسير الشمس والقمر محسوب ، إذ قال عزّ وجل: (الشَّمْسُ وَالْقَمَرُ بِحُسْبَانٍ) وقال عزّ وجل : (وَالْقَمَرَ قَدَّرْنَاهُ مَنَازِلَ حَتَّى عَادَ كَالْعُرْجُونِ الْقَدِيمِ) . والثانى الأحكام ، وحاصله يرجع إلى الاستدلال على الحوادث بالأسباب ، وهو يضاهي استدلال الطبيب بالنبض على ماسيحدث من المرض ، وهو معرفة لمجارى سنة الله تعالى وعادته فى خلقه ، ولكن قد ذمّه الشرع ، قال صلى الله عليه وسلم [1] « إِذَا ذُكِرَ الْقَدَرُ فَأَمْسِكُوا ، وَإِذَا ذُكِرَتِ النُّجُومُ فَأَمْسِكُوا ، وَإِذَا ذُكِرَ أَصْحَابِي فَأَمْسِكُوا » . وقال صلى الله عليه وسلم [2] « أَخَافُ عَلَى أُمَّتِي بَعْدِي ثَلَاثًا : حَيْفُ الْأَئِمَّةِ ، وَالْإِيمَانُ بِالنُّجُومِ ، وَالتَّكْذِيبُ بِالْقَدَرِ » وقال عمر بن الخطاب رضى الله عنه : تعلموا من النجوم ماتهتدون به فى البرّ والبحر ثم أمسكوا . وإنما زجر عنه من ثلاثة أوجه : (أحدها) أنه مضر بأكثر الخلق ، فانه إذا ألقي اليهم أن هذه الآثار تحدث عقيب سير الكواكب وقع فى نفوسهم أن الكواكب هى المؤثرة ، وأنها الآلهة المدبرة ، لأنها جواهر شريفة سماوية ، ويعظم وقعها فى القلوب ، فيبقى القلب ملتفتا اليها ، ويرى الخير والشرّ محذورا أو مرجوّا من جهتها ، وينمحى ذكر الله سبحانه عن القلب . فان الضعيف يقصر نظره على الوسائط ، والعالم الراسخ هو الذي يطلع على أن الشمس والقمر والنجوم مسخرات بأمره سبحانه وتعالى . ومثال نظر الضعيف الى

حصول ضوء الشمس عقيب طلوع الشمس مثال النملة لو خلق لها عقل وكانت على سطح قرطاس وهى تنظر إلى سواد الخط يتجدد ،فتعتقد أنه فعل القلم ولا تترقى فى نظرها إلى مشاهدة الأصابع ، ثم منها إلى اليد ،ثم منها إلى الارادة المحركة لليد ، ثم منها إلى الكاتب القادر المريد ، ثم منه إلى خالق اليد والقدرة والإرادة ، فأكثر نظر الخلق مقصور على الأسباب القريبة السافلة، مقطوع من الترقي إلى مسبب الأسباب . فهذا أحد أسباب النهى عن النجوم . و (ثانيها) أن أحكام النجوم تخمين محض ليس يدرك فى حق آحاد الأشخاص لا يقينا ولا ظنا ، فالحكم به حكم بجهل ، فيكون ذمه على هذا من حيث إنه جهل لا من حيث إنه علم ، فلقد كان ذلك معجزة لأدريس عليه السلام فيما يحكى ، وقد اندرس وانمحى ذلك العلم وانمحق ، وما يتفق من إصابة المنجم على ندور فهو اتفاق، لأنه قد يطلع على بعض الأسباب ولا يحصل المسبب عقيبها إلا بعد شروط كثيرة ليس فى قدرة البشر الاطلاع على حقائقها ،فان اتفق أن قدر الله تعالى بقية الأسباب وقعت الإصابة ، وإن لم يقدر أخطأ ، ويكون ذلك كتخمين الانسان فى أن السماء تمطر اليوم مهما رأى الغيم يجتمع وينبعث من الجبال فيتحرك ظنه بذلك ، وربما يحمى النهار بالشمس ويذهب الغيم ، وربما يكون بخلافه ، ومجرد الغيم ليس كافيا فى مجيء المطر ، وبقية الأسباب لا تدرى، وكذلك تخمين الملاّح أن السفينة تسلم اعتمادا على ما ألفه من العادة فى الرياح ، ولتلك الرياح أسباب خفية هو لا يطلع عليها ، فتارة يصيب فى تخمينه وتارة يخطىء ، ولهذه العلة يمنع القوى عن النجوم أيضا . و (ثالثها) أنه لا فائدة فيه، فأقل أحواله أنه خوض فى فضول لا يغنى، وتضييع العمر الذى هو أنفس بضاعة الانسان فى غير فائدة ، وذلك غاية الخسران ، فقد « مرّ (١) رسول الله صلى الله عليه وسلم برجل والناس مجتمعون عليه فقال : ماهذا ؟ فقالوا : رجل علامة، فقال بماذا ؟ قالوا بالشعر وأنساب العرب ، فقال : عِلْمٌ لَا يَنْفَعُ وَجَهْلٌ لَا يَضُرُّ » . وقال صلى الله عليه وسلم (١) « إِنَّمَا الْعِلْمُ آيَةٌ مُحْكَمَةٌ أَوْ سُنَّةٌ قَائِمَةٌ أَوْ فَرِيضَةٌ عَادِلَةٌ » . فاذاً الخوض فى النجوم وما يشبهه اقتحام خطر ، وخوض فى جهالة من غير فائدة ، فان ما قدر كائن والاحتراز منه غير ممكن ، بخلاف الطب فان الحاجة ماسة اليه ، وأكثر أدلته بما يطلع عليه ،

السبب الثالث ـ الخوض فى علم لايستفيد الخائض فيه فائدة علم ، فهو مذموم فى حقه كتعلم دقيق العلوم قبل جليلها ، وخفيها قبل جليها، وكالبحث عن الأسرار الإلهية ، إذ تطلع الفلاسفة والمتكلمون اليها ولم يستقلوا بها ، ولم يستقل بها وبالوقوف على طرق بعضها إلا الأنبياء والأولياء ، فيجب كف الناس عن البحث عنها ، وردهم إلى مانطق به الشرع ، ففى ذلك مقنع للموفق ، فكم من شخص خاض فى العلوم واستضرّ بها ، ولو لم يخض فيها لكان حاله أحسن فى الدين مما صار اليه . ولا ينكر كون العلم ضارا لبعض الناس كما يضر لحم الطير وأنواع الحلوى اللطيفة بالصبي الرضيع ، بل رب شخص ينفعه الجهل ببعض الأمور ، فلقد حكي أن بعض الناس شكا إلى طبيب عقم امرأته وأنها لاتلد فجس الطبيب نبضها وقال : لا حاجة لكِ إلى دواء الولادة فإنك ستموتين إلى أربعين يوما وقد دل النبض عليه ، فاستشعرت المرأة الخوف العظيم وتنغص عليها عيشها ؛ وأخرجت أموالها وفرقتها ؛ وأوصت ، وبقيت لاتأكل ولا تشرب حتى انقضت المدة ؛ فلم تمت ، فجاء زوجها إلى الطبيب وقال له لم تمت ؛ فقال الطبيب : قد علمت ذلك فجامعها الآن فانها تلد . فقال : كيف ذاك ؟ قال رأيتها سمينة وقد انعقد الشحم على فم رحمها فعلمت أنها لاتهزل إلا بخوف الموت ؛ فخوفتها بذلك حتى هزلت وزال المانع من الولادة . فهذا ينبهك على استشعار خطر بعض العلوم . ويفهمك معنى قوله صلى الله عليه وسلم : (١) « نَعُوذُ بِاللهِ مِنْ عِلْمٍ لَا يَنْفَعُ » . فاعتبر بهذه الحكاية ولا تكن بحاثا عن علوم ذمها الشرع وزجر عنها ، ولازم الاقتداء بالصحابة رضى الله عنهم ، واقتصر على اتباع السنة ، فالسلامة فى الاتباع ، والخطر فى البحث عن الأشياء والاستقلال ، ولا تكثر اللجج برأيك ومعقولك، ودليلك وبرهانك ، وزعمك أنى أبحث عن الأشياء لأعرفها على ماهى عليه ، فأى ضرر فى التفكر فى العلم، فان ما يعود عليك من ضرره أكثر ، وكم من شيء تطّلع عليه فيضرك اطلاعك عليه ضرراً يكاد يهلكك فى الآخرة إن لم يتداركك الله برحمته

واعلم أنه كما يطلع الطبيب الحاذق على أسرار فى المعالجات يستبعدها من لا يعرفها ، فكذلك الأنبياء أطباء القلوب والعلماء بأسباب الحياة الأخروية ، فلا تتحكم على سنتهم بعقولك

فتهلك ، فكم من شخص يصيبه عارض فى أصبعه فيقتضى عقله أن يطليه حتى ينبهه الطبيب الحاذق أن علاجه أن يطلى الكف من الجانب الآخر من البدن ، فيستبعد ذلك غاية الاستبعاد من حيث لا يعلم كيفية انشعاب الأعصاب ومنابتها ووجه التفافها على البدن ، فهكذا الأمر فى طريق الآخرة ، وفى دقائق سنن الشرع وآدابه . وفى عقائده التى تعبّد الناس بها أسرار ولطائف ليست فى سعة العقل وقوته الإحاطة بها ، كما أن فى خواص الأحجار أموراً عجائبَ غاب عن أهل الصنعة علمها ، حتى لم يقدر أحد على أن يعرف السبب الذى به يجذب المغناطيس الحديد . فالعجائب والغرائب فى العقائد والأعمال وإفادتها لصفاء القلوب ونقائها وطهارتها وتزكيتها وإصلاحها للترقي إلى جوار الله تعالى وتعرضها لنفحات فضله ، أكثر وأعظم مما فى الأدوية والعقاقير . وكما أن العقول تقصر عن إدراك منافع الأدوية مع أن التجربة سبيل اليها فالعقول تقصر عن إدراك ماينفع فى حياة الآخرة مع أن التجربة غير متطرقة اليها ، وإنما كانت التجربة تتطرق اليها لو رجع الينا بعض الأموات فأخبرنا عن الأعمال المقبولة النافعة المقربة إلى الله تعالى زلفى ، وعن الأعمال المبعدة عنه ، وكذا عن العقائد ، وذلك مما لا يطمع فيه ، فيكفيك من منفعة العقل أن يهديك إلى صدق النبي صلى الله عليه وسلم ، ويفهمك موارد إشاراته ، فاعزل العقل بعد ذلك عن التصرف ، ولازم الاتباع فلا تسلم إلا به والسلام ، ولذلك قال صلى الله عليه وسلم[1] « إِنَّ مِنَ الْعِلْمِ جَهْلًا ، وَإِنَّ مِنَ الْقَوْلِ عِيًّا » ومعلوم أن العلم لا يكون جهلا ولكنه يؤثر تأثير الجهل فى الإضرار . وقال أيضا صلى الله عليه وسلم[2] « قَلِيلٌ مِنَ التَّوْفِيقِ خَيْرٌ مِنْ كَثِيرٍ مِنَ الْعِلْمِ » وقال عيسى عليه السلام : « ما أكثر الشجر وليس كلها بمثمر ، وما أكثر الثمر وليس كلها بطيب ، وما أكثر العلوم وليس كلها بنافع !

ألفاظ : الفقه، و العلم،والتوحيد، والتذكير والحكمة، فهذه أسام محمودة ، والمتصفون بها أرباب المناصب فى الدين ، ولكنها نقلت الآن إلى معان مذمومة ، فصارت القلوب تنفر عن مذمة من يتصف بمعانيها لشيوع إطلاق هذه الأسامى عليهم .

اللفظ الأول : الفقه ـ فقد تصرفوا فيه بالتخصيص لابالنقل والتحويل ، إذ خصصوه بمعرفة الفروع الغريبة فى الفتاوى ، والوقوف على دقائق عللها ، واستكثار الكلام فيها، وحفظ المقالات المتعلقة بها ، فمن كان أشد تعمقا فيها وأكثر اشتغالا بها يقال هو الأفقه . ولقد كان اسم الفقه فى العصر الأول مطلقا على علم طريق الآخرة، ومعرفة دقائق آفات النفوس ومفسدات الأعمال ، وقوة الإحاطة بحقارة الدنيا ، وشدة التطلع إلى نعيم الآخرة ، واستيلاء الخوف على القلب . ويدلك عليه قوله عز وجل : (لِيَتَفَقَّهُوا فِى الدِّينِ وَلِيُنْذِرُوا قَوْمَهُمْ إِذَا رَجَعُوا إِلَيْهِمْ) . وما يحصل به الإنذار والتخويف هو هذا الفقه دون تفريعات الطلاق والعتاق واللعان والسلم والاجارة ، فذلك لايحصل به إنذار ولا تخويف، بل التجرد له على الدوام يقسى القلب وينزع الخشية منه كما نشاهد الآن من المتجردين له . وقال تعالى : (لَهُمْ قُلُوبٌ لَا يَفْقَهُونَ بِهَا) وأراد به معانى الايمان دون الفتاوى . ولعمرى إن الفقه والفهم فى اللغة اسمان بمعنى واحد ، وإنما يتكلم فى عادة الاستعمال به قديما وحديثا، قال تعالى: (لَأَنْتُمْ أَشَدُّ رَهْبَةً فِى صُدُورِهِمْ مِنَ اللَّهِ) الآية ، فأحال قلة خوفهم من الله واستعظامهم سطوة الخلق على قلة الفقه . فانظر إن كان ذلك نتيجة عدم الحفظ لتفريعات الفتاوى ، أو هو نتيجة عدم ماذكرناه من العلوم ، وقال صلى الله عليه وسلم[1] « عُلَمَاءُ حُكَمَاءُ فُقَهَاءُ » للذين وفدوا عليه. وسئل سعد بن ابراهيم الزهرى رحمه الله: أىّ أهل المدينة أفقه ؟ فقال : أتقاهم لله تعالى ، فكأنه أشار إلى ثمرة الفقه ، والتقوى ثمرة العلم الباطنى دون الفتاوى والأقضية . وقال صلى الله عليه وسلم :[2] « أَلَا أُنَبِّئُكُمْ بِالْفَقِيهِ كُلِّ الْفَقِيهِ ؟ قالوا بلى، قَالَ : مَنْ لم يُقْنِطِ النَّاسَ مِنْ رَحْمَةِ اللَّهِ، وَلَمْ يُؤَمِّنْهُمْ مِنْ مَكْرِ اللَّهِ وَلَمْ يُؤْيِسْهُمْ مِنْ رَوْحِ اللَّهِ وَلَمْ يَدَعِ الْقُرْآنَ رَغْبَةً عَنْهُ إِلَى مَاسِوَاهُ » ولما روى أنس بن مالك قوله صلى الله عليه

وسلم :[1] (لأن أقعد مع قوم يذكرون الله تعالى من غدوة إلى طلوع الشمس أحب إلى من أن أعتق أربع رقاب) قال فالتفت إلى زيد الرقاشي وزياد النميري وقال : لم تكن مجالس الذكر مثل مجالسكم هذه يقص أحدكم وعظه على أصحابه ويسرد الحديث سردا ، إنما كنا نقعد فنذكر الايمان ، ونتدبر القرءان ونتفقه فى الدين ، ونعد نعم الله علينا تفقها ، فسمى تدبر القرءان وعد النعم تفقها . قال صلى الله عليه وسلم :[2] « لا يفقه العبد كل الفقه حتى يمقت الناس فى ذات الله وحتى يرى للقرءان وجوها كثيرة » وروى أيضا موقوفا على أبى الدرداء رضى الله عنه مع قوله (ثم يقبل على نفسه فيكون لها أشد مقتا) وقد سأل فرقد السنجي الحسن عن الشيء فأجابه فقال : إن الفقهاء يخالفونك ، فقال الحسن رحمه الله : ثكلتك أمك فريقد ، وهل رأيت فقيها بعينك ! إنما الفقيه الزاهد فى الدنيا الراغب فى الآخرة ، البصير بدينه ، المداوم على عبادة ربه ، الورع الكاف نفسه عن أعراض المسلمين ، العفيف عن أموالهم ، الناصح لجماعتهم ، ولم يقل فى جميع ذلك : الحافظ لفروع الفتاوى . ولست أقول إن اسم الفقه لم يكن متناولا للفتاوى فى الأحكام الظاهرة ، ولكن كان بطريق العموم والشمول ، أو بطريق الاستتباع ، فكان إطلاقهم له على علم الآخرة أكثر . فبان من هذا التخصيص تلبيس بعث الناس على التجرد له والاعراض عن علم الآخرة وأحكام القلوب ، ووجدوا على ذلك معينا من الطبع ، فان علم الباطن غامض ، والعمل به عسير ، والتوصل به إلى طلب الولاية والقضاء والجاه والمال متعذر ، فوجد الشيطان مجالا لتحسين ذلك فى القلوب بواسطة تخصيص اسم الفقه الذى هو اسم محمود فى الشرع .

اللفظ الثانى : العلم — وقد كان يطلق ذلك على العلم بالله تعالى وبآياته وبأفعاله فى عباده وخلقه ، حتى إنه لما مات عمر رضى الله عنه قال ابن مسعود رحمه الله : لقد مات تسعة أعشار العلم ، فعرفه بالألف واللام ، ثم فسره بالعلم بالله سبحانه وتعالى . وقد تصرفوا فيه أيضا بالتخصيص حتى شهروه فى الأكثر بمن يشتغل بالمناظرة مع الخصوم فى المسائل الفقهية وغيرها ، فيقال : هو العالم على الحقيقة ، وهو الفحل فى العلم . ومن لا يمارس ذلك ولا يشتغل به يعد من جملة الضعفاء ، ولا يعدونه فى زمرة أهل العلم . وهذا أيضا تصرف بالتخصيص ، ولكن ما ورد

من فضائل العلم والعلماء أكثره فى العلماء بالله تعالى وبأحكامه وبأفعاله وصفاته . وقد صار الآن مطلقا على من لا يحيط من علوم الشرع بشىء سوى رسوم جدلية فى مسائل خلافية ، فيعد بذلك من فحول العلماء ، مع جهله بالتفسير والأخبار وعلم المذهب وغيره ، وصار ذلك سببا مهلكا لخلق كثير من أهل الطلب للعلم .

اللفظ الثالث : التوحيد — وقد جعل الآن عبارة عن صناعة الكلام ، ومعرفة طريق المجادلة ، والاحاطة بطرق مناقضات الخصوم ، والقدرة على التشدق فيها بتكثير الأسئلة وإثارة الشبهات ، وتأليف الالزامات ، حتى لقب طوائف منهم أنفسهم بأهل العدل والتوحيد ، وسمى المتكلمون ، العلماء بالتوحيد ، مع أن جميع ماهو خاصة هذه الصناعة لم يكن يعرف منها شىء فى العصر الأول ، بل كان يشتد منهم النكير على من كان يفتح بابا من الجدل والمماراة ، فأما مايشتمل عليه القرءان من الأدلة الظاهرة التى تسبق الأذهان إلى قبولها فى أول السماع ، فلقد كان ذلك معلوما للكل . وكان العلم بالقرءان هو العلم كله ؛ وكان التوحيد عندهم عبارة عن أمر آخر لا يفهمه أكثر المتكلمين ، وإن فهموه لم يتصفوا به ، وهو أن يرى الأمور كلها من الله عز وجل رؤية تقطع التفاته عن الأسباب والوسائط ، فلا يرى الخير والشر كله إلا منه جل جلاله . فهذا مقام شريف إحدى ثمراته التوكل كما سيأتى بيانه فى كتاب التوكل . ومن ثمراته أيضا ترك شكاية الخلق ، وترك الغضب عليهم ، والرضا والتسليم لحكم الله تعالى . وكانت إحدى ثمراته قول أبى بكر الصديق رضى الله عنه لما قيل له فى مرضه : أنطلب لك طبيبا ؟ فقال : الطبيب أمرضنى . وقال آخر لما مرض فقيل له : ماذا قال لك الطبيب فى مرضك ؟ فقال : قال لى : إنى فعال لما أريد . وسيأتى في كتاب التوكل وكتاب التوحيد شواهد ذلك .

والتوحيد: جوهر نفيس، وله قشران : أحدهما أبعد عن اللب من الآخر ، فخصص الناس الاسم بالقشر وبصنعة الحراسة للقشر ، وأهملوا اللب بالكلية . فالقشر الأول : هو أن تقول بلسانك : لا إله إلا الله . وهذا يسمى توحيدا مناقضا للتثليث الذى صرح به النصارى ، ولكنه قد يصدر من المنافق الذى يخالف سره جهره . والقشر الثانى : أن لا يكون فى القلب مخالفة وإنكار لمفهوم هذا القول ، بل يشتمل ظاهر القلب على اعتقاده ، وكذلك التصديق به ، وهو توحيد عوام الخلق . والمتكلمون كما سبق حراس هذا القشر عن تشويش المبتدعة . والثالث وهو اللباب : أن يرى الأمور كلها من الله تعالى رؤية تقطع التفاته عن الوسائط ، وأن يعبده

عبادة يفرده بها فلا يعبد غيره ، ويخرج عن هذا التوحيد أتباع الهوى ، فكل متبع هواه فقد اتخذ هواه معبوده . قال الله تعالى : (أَفَرَأَيْتَ مَنِ اتَّخَذَ إِلَٰهَهُ هَوَاهُ) وقال صلى الله عليه وسلم : « أَبْغَضُ إِلَٰهٍ عُبِدَ فِي الْأَرْضِ عِنْدَ اللهِ تَعَالَى هُوَ الْهَوَى [1] » . وعلى التحقيق : من تأمل عرف أن عابد الصنم ليس يعبد الصنم وإنما يعبد هواه ، إذ نفسه مائلة إلى دين آبائه ، فيتبع ذلك الميل ، وميل النفس إلى المألوفات أحد المعانى التى يعبر عنها بالهواء . ويخرج من هذا التوحيد التسخط على الخلق والالتفات اليهم ، فان من يرى الكل من الله عز وجل كيف يتسخط على غيره ! فلقد كان التوحيد عبارة عن هذا المقام ، وهو مقام الصديقين . فانظر إلى ماذا حول وبأى قشر قنع منه ، وكيف اتخذوا هذا معتصما فى التمدح والتفاخر بما اسمه محمود مع الإفلاس عن المعنى الذى يستحق الحمد الحقيق ؟ وذلك كإفلاس من يصبح بكرة ويتوجه إلى القبلة ويقول : وجهتُ وَجهىَ للذى فطر السموات والأرضَ حنيفا ، وهو أول كذب يفاتح الله به كل يوم إن لم يكن وَجْه قلبه متوجها إلى الله تعالى على الخصوص ، فانه إن أراد بالوجه وجه الظاهر فما وجّهه إلا إلى الكعبة ، وما صرفه إلا عن سائر الجهات ؛ والكعبة ليست جهة للذى فطر السموات والأرض حتى يكون المتوجه اليها متوجها اليه ، تعالى عن أن تحده الجهات والأقطار ؛ وإن أراد به وجه القلب ، وهو المطلوب المتعبد به فكيف يصدق فى قوله ، وقلبهُ متردّد فى أوطاره وحاجاته الدنيوية ، ومتصرف فى طلب الحيل فى جمع الأموال والجاه واستكثار الأسباب ، ومتوجه بالكلية اليها ، فمتى وجّه وجهه للذى فطر السموات والأرض ؟ وهذه الكلمة خبر عن حقيقة التوحيد ، فالموحد هو الذى لا يرى إلا الواحد ، ولا يوجه وجهه إلا اليه ، وهو امتثال قوله تعالى : (قُلِ اللهُ ثُمَّ ذَرْهُمْ فِي خَوْضِهِمْ يَلْعَبُونَ) وليس المراد به القول باللسان فانما اللسان ترجمان يصدق مرة ويكذب أخرى ، وإنما موقع نظر الله تعالى المترجم عنه هو القلب ، وهو معدن التوحيد ومنبعه

اللفظ الرابع : الذكر والتذكير ـ فقد قال الله تعالى : (وَذَكِّرْ فَإِنَّ الذِّكْرَىٰ تَنْفَعُ الْمُؤْمِنِينَ) . وقد ورد فى الثناء على مجالس الذكر أخبار كثيرة ، كقوله صلى الله عليه وسلم [2] « إِذَا مَرَرْتُمْ

بِرِيَاضِ الْجَنَّةِ فَارْتَعُوا، قيل: وَمَا رِيَاضُ الْجَنَّةِ؟ قَالَ مَجَالِسُ الذِّكْرِ » وفى الحديث[1] « إِنَّ لِلَّهِ تَعَالَى مَلَائِكَةً سَيَّاحِينَ فِى الدُّنْيَا سِوَى مَلَائِكَةِ الْخَلْقِ إِذَا رَأَوْا مَجَالِسَ الذِّكْرِ يُنَادِي بَعْضُهُمْ بَعْضًا أَلَا هَلُمُّوا إِلَى بُغْيَتِكُمْ فَيَأْتُونَهُمْ وَيَحُفُّونَ بِهِمْ وَيَسْتَمِعُونَ، أَلَا فَاذْكُرُوا اللَّهَ وَذَكِّرُوا أَنْفُسَكُمْ » فنقل ذلك إلى ماترى أكثر الوعاظ فى هذا الزمان، يواظبون عليه، وهو القصص والأشعار والشطح والطامات، أما القصص فهى بدعة؛ وقد ورد نهى السلف عن الجلوس إلى القُصَّاصِ، وقالوا:[2] لم يكن ذلك فى زمن رسول الله صلي الله عليه وسلم ولا فى زمن أبى بكر ولا عمر رضى الله عنهما حتى ظهرت الفتنة وظهر القصاص.

وروى أن ابن عمر رضى الله عنهما خرج من المسجد فقال: ما أخرجني إلا القاصُّ ولولاه لما خرجت. وقال ضمرة: قلت لسفيان الثورى: نستقبل القاص بوجوهنا؟ فقال: وَلُّوا البدعَ ظهورَكم. وقال ابن عون: دخلت على ابن سيرين فقال: ما كان اليوم من خبر؟ فقلت: نهى الأمير القصاص أن يقصوا، فقال: وُفِّقَ للصواب. ودخل الأعمش جامع البصرة فرأى قاصاً يقص ويقول: حدثنا الأعمش، فتوسط الحلقة وجعل ينتف شعر إبطه، فقال القاص: ياشيخ ألا تستحي! فقال: لم؟ أنا فى سنة وأنت فى كذب، أنا الأعمش وما حدثتك! وقال أحمد: أكثر الناس كذبا القُصَّاص والسُّؤَّال.

وأخرج علىّ رضى الله عنه القصاصَ من مسجد جامع البصرة فلما سمع كلام الحسن البصرى لم يخرجه، إذ كان يتكلم فى علم الآخرة، والتفكير بالموت، والتنبيه على عيوب النفس وآفات الأعمال وخواطر الشيطان ووجه الحذر منها، ويذكّر بآلاء الله ونعمائه، وتقصير العبد فى شكره، ويعرّف حقارة الدنيا وعيوبها وتصرمها ونكث عهدها، وخطر الآخرة وأهوالها. فهذا هو التذكير المحمود شرعا الذى روى الحث عليه فى حديث أبى ذر رضى الله عنه حيث قال:[3] « حُضُورُ مَجْلِسِ ذِكْرٍ أَفْضَلُ مِنْ صَلَاةِ أَلْفِ رَكْعَةٍ، وَحُضُورُ مَجْلِسِ عِلْمٍ أَفْضَلُ مِنْ عِيَادَةِ

أَلْفِ مَرِيضٍ ، وَحُضُورُ مَجْلِسِ عِلْمٍ أَفْضَلُ مِنْ شُهُودِ أَلْفِ جَنَازَةٍ . فقيل : يَا رَسُولَ اللهِ : وَمِنْ قِرَاءَةِ الْقُرْءَانِ ؟ قال : وهل تَنْفَعُ قِرَاءَةُ الْقُرْءَانِ إِلاَّ بِالْعِلْمِ ؟ » وقال عطاء رحمه الله : مجلسُ ذكـر يكفّر سبعين مجلساً من مجـالس اللهو . فقد اتخذ المذخرفون هذه الأحاديث حجة على تزكية أنفسهم ، ونقلوا اسم التذكير إلى خرافاتهم ، وذهلوا عن طريق الذكر المحمود ، واشتغلوا بالقصص التى تتطرق اليهـا الاختلافات والزيادة والنقص ، وتخرج عن القصص الواردة فى القرءان وتزيد عليها ، فان من القصص ماينفع سماعه، ومنها مايضر وإن كان صدقا . ومن فتح ذلك الباب على نفسه اختلط عليه الصدق بالكذب ، والنافع بالضار ، فمن هذا نهى عنه . ولذلك قال أحمد بن حنبل رحمه الله : ما أحوج الناس إلى قاص صادق !

فان كانت القصة من قصص الأنبياء عليهم السلام فيما يتعلق بأمور دينهم، وكان القاص صادقا صحيح الرواية ، فلست أرى به بأسا . فليحذر الكذب وحكايات أحوال تومئ إلى هفوات أو مساهلات يقصر فهم العوام عن درك معانيها، أو عن كونها هفوة نادرة مردفة بتكفيرات متداركة بحسنات تغطى عليها ، فان العـامى يعتصم بذلك فى مسـاهلاته وهفواته ويمهد لنفسه عذراً فيه ، ويحتج بأنه حكى كيت وكيت عن بعض المشـايخ وبعض الأكابر ، فكلنـا بصدد المعاصى ، فلاغرو إن عصيت الله تعالى فقد عصاه من هو أكبر منى ، ويفيده ذلك جراءة على الله تعالى من حيث لايدرى . فبعد الاحتراز عن هذين المحذورين فلا بأس به ، وعند ذلك يرجع إلى القصص المحمودة ، وإلى ما يشتمل عليه القرءان ، ويصح فى الكتب الصحيحة من الأخبار

ومن الناس من يستجيز وضع الحكايات المرغبة فى الطاعات ، ويزعم أن قصده فيها دعوة الخلق إلى الحق ، فهذه من نزغات الشيطان ، فان فى الصدق مندوحة عن الكذب ، وفيما ذكر الله تعـالى ورسوله صلى الله عليه وسلم غنية عن الاختراع فى الوعظ ، كيف وقد كره تكلف السجع وعد ذلك من التصنع ؟ قال سعد بن أبى وقاص رضى الله عنه لابنه عمر وقد سمعه يسجع : هذا الذى يبغّضك إلىّ ، لا قضيت حاجتك أبدا حتى تتوب ! وقد كان جاءه فى حاجة . وقد قال صلى الله عليه وسلم لعبدالله بن رواحة فى سجع من ثلاث كلمات[1] : « إِيَّاكَ وَالسَّجْعَ يَاابْنَ رَوَاحَةَ »

(١) حديث اياك والسجع يا ابن رواحة لم أجده هكذا ولأحمد وأبى يعلى وابن السنى وأبى نعيم فى كتاب الرياضة من حديث عائشة باسناد صحيح أنها قالت للسائب إياك والسجع فان النبي صلى الله عليه وسلم وأصحابه كانوا لايسجعون ، ولابن حبان: واجتنب السجع ، وفى البخارى نحوه من قول ابن عباس

فكان السجع المحذور المتكلف مازاد على كلمتين ، ولذلك لما قال الرجل فى دية الجنين : كيف ندى من لا شرب ولا أكل ، ولا صاح ولا استهل ، ومثل ذلك يطل ؟ فقال النبي صلى الله عليه وسلم [1] « أَسَجْعٌ كَسَجْعِ الْأَعْرَابِ ! »

وأما الأشعار فتكثيرها فى المواعظ مذموم ، قال الله تعالى : (وَالشُّعَرَاءُ يَتَّبِعُهُمُ الْغَاوُونَ . أَلَمْ تَرَ أَنَّهُمْ فِي كُلِّ وَادٍ يَهِيمُونَ) وقال تعالى : (وَمَا عَلَّمْنَاهُ الشِّعْرَ وَمَا يَنْبَغِي لَهُ) وأكثر ماعتاده الوعاظ من الأشعار مايتعلق بالتواصف بالعشق وجمال المعشوق ، وروح الوصال وألم الفراق ، والمجلس لايحوى إلا أجلاف العوام ، وبواطنهم مشحونة بالشهوات ، وقلوبهم غير منفكة عن الالتفات إلى الصور المليحة ، فلا تحرك الأشعار من قلوبهم إلا ماهو مستكن فيها ، فتشتعل فيها نيران الشهوات ، فيزعقون ويتواجدون ، وأكثر ذلك أو كله يرجع إلى نوع فساد ، فلا ينبغى أن يستعمل من الشعر إلا مافيه موعظة أو حكمة على سبيل استشهاد واستئناس . وقد قال صلى الله عليه وسلم : [2] « إِنَّ مِنَ الشِّعْرِ لَحِكْمَةً » ولو حوى المجلس الخواص الذين وقع الاطلاع على استغراق قلوبهم بحب الله تعالى ولم يكن معهم غيرهم ، فان أولئك لايضر معهم الشعر الذى يشير ظاهره إلى الخلق ، فان المستمع ينزل كل مايسمعه على مايستولى على قلبه كما سيأتى تحقيق ذلك فى كتاب السماع ، ولذلك كان الجنيد رحمه الله يتكلم على بضعة عشر رجلا ، فان كثروا لم يتكلم ، وما تم أهل مجلسه قط عشرين . وحضر جماعة باب دار ابن سالم فقيل له : تكلم فقد حضر أصحابك ، فقال : لا ماهؤلاء أصحابى إنما هم أصحاب المجلس إن أصحابى هم الخواص .

وأما الشطح فنعنى به صنفين من الكلام أحدثه بعض الصوفية :

أحدهما ـ الدعاوى الطويلة العريضة فى العشق مع الله تعالى ، والوصال المغنى عن الأعمال الظاهرة ، حتى ينتهى قوم إلى دعوى الاتحاد وارتفاع الحجاب ، والمشاهدة بالرؤية والمشافهة بالخطاب ، فيقولون : قيل لنا كذا وقلنا كذا ، ويتشبهون فيه بالحسين بن منصور الحلاج الذى صلب لأجل إطلاقه كلمات من هذا الجنس ، ويستشهدون بقوله : أنا الحق . وبما حكى عن أبى

(٢) حديث إن من الشعر لحكمة : البخارى من حديث أبي بن كعب

يزيد البسطامي أنه قال : سبحاني سبحاني ؛ وهذا فن من الكلام عظيم ضرره في العوام ؛ حتى ترك جماعة من أهل الفلاحة فلاحتهم ، وأظهروا مثل هذه الدعاوى ، فان هذا الكلام يستلذه الطبع ، إذ فيه البطالة من الأعمال مع تزكية النفس بدرك المقامات والأحوال ، فلا تعجز الأغبياء عن دعوى ذلك لأنفسهم ، ولا عن تلقف كلمات مخبطة مزخرفة ، ومهما أنكر عليهم ذلك لم يعجزوا عن أن يقولوا : هذا إنكار مصدره العلم والجدل ، والعلم حجاب ، والجدل عمل النفس . وهذا الحديث لا يلوح إلا من الباطن بمكاشفة نور الحق. فهذا ومثله مما قد استطار في البلاد شرره وعظم في العوام ضرره حتى من نطق بشيء منه فقتله أفضل في دين الله من إحياء عشرة . وأما أبو يزيد البسطامي رحمه الله ، فلا يصح عنه مايحكى ، وإن سمع ذلك منه فلعله كان يحكيه عن الله عز وجل في كلام يردده في نفسه ، كما لو سمع وهو يقول : إني أنا الله لا إله إلا أنا فاعبدني ، فانه ما كان ينبغي أن يفهم منه ذلك إلا على سبيل الحكاية .

الصنف الثاني من الشطح : كلمات غير مفهومة لها ظواهر رائقة ، وفيها عبارات هائلة وليس وراءها طائل ، وذلك إما أن تكون غير مفهومة عند قائلها بل يصدرها عن خبط في عقله وتشويش في خياله لقلة إحاطته بمعنى كلام قرع سمعه، وهذا هو الأكثر. وإما أن تكون مفهومة له ولكنه لا يقدر على تفهيمها وإيرادها بعبارة تدل على ضميره ، لقلة ممارسته للعلم وعدم تعلمه طريق التعبير عن المعاني بالألفاظ الرشيقة ، ولا فائدة لهذا الجنس من الكلام إلا أنه يشوش القلوب ويدهش العقول ، ويحير الأذهان ، أو يحمل على أن يفهم منها معاني ما أريدت بها ، ويكون فهم كل واحد على مقتضى هواه وطبعه . وقد قال صلى الله عليه وسلم [1] « مَاحَدَّثَ أَحَدُكُمْ قَوْمًا بِحَدِيثٍ لَايَفْقَهُونَهُ إِلاَّ كَانَ فِتْنَةً عَلَيْهِمْ » . وقال صلى الله عليه وسلم [2] « كَلِّمُوا النَّاسَ بِمَا يَعْرِفُونَ وَدَعُوا مَا يُنْكِرُونَ ، أَتُرِيدُونَ أَنْ يُكَذَّبَ اللهُ وَرَسُولُهُ ؟ » وهذا فيما يفهمه صاحبه ولا يبلغه عقل المستمع ، فكيف فيما لا يفهمه قائله ؟ فان كان يفهمه القائل دون المستمع فلا يحل ذكره . وقال عيسى عليه السلام لا تضعوا الحكمة عند غير أهلها فتظلموها ، ولا تمنعوها أهلها

فتظلموهم ، كونوا كالطبيب الرفيق يضع الدواء فى موضع الداء . وفى لفظ آخر : من وضع الحكمة فى غير أهلها فقد جهل ، ومن منعها أهلها فقد ظلم ، إن للحكمة حقا ، وإن لها أهلا ، فأعط كل ذى حق حقه .

وأما الطامات، فيدخلها ماذكرناه فى الشطح ، وأمر آخر يخصها وهو صرف ألفاظ الشرع عن ظواهرها المفهومة إلى أمور باطنة لايسبق منها إلى الأفهام فائدة: كدأب الباطنية فى التأويلات، فهذا أيضا حرام وضرره عظيم ، فان الألفاظ إذا صرفت عن مقتضى ظواهرها بغير اعتصام فيه بنقل عن صاحب الشرع ، ومن غير ضرورة تدعو اليه من دليل العقل ، اقتضى ذلك بطلان الثقة بالألفاظ ، وسقط به منفعة كلام الله تعالى وكلام رسوله صلى الله عليه و سلم ، فان مايسبق منه إلى الفهم لايوثق به ، والباطن لاضبط له، بل تتعارض فيه الخواطر ، ويمكن تنزيله على وجوه شتى ؛ وهذا أيضا من البدع الشائعة العظيمة الضرر، وإنما قصد أصحابها الإغراب ، لأن النفوس مائلة إلى الغريب ومستلذة له . وبهذا الطريق توصل الباطنية إلى هدم جميع الشريعة بتأويل ظواهرها ، وتنزيلها على رأيهم ، كما حكيناه من مذاهبهم فى كتاب المستظهرى المصنف فى الرد على الباطنية

ومثال تأويل أهل الطامات قول بعضهم فى تأويل قوله تعالى : (اذْهَبْ إِلَىٰ فِرْعَوْنَ إِنَّهُ طَغَىٰ) : إنه إشارة إلى قلبه ، وقال هو المراد بفرعون، وهو الطاغى على كل إنسان، وفى قوله تعالى : (وَأَنْ أَلْقِ عَصَاكَ) أى كل مايتوكأ عليه ويعتمده مما سوى الله عز وجل ؛ فينبغى أن يلقيه ، وفى قوله صلى الله عليه وسلم :[1] « تَسَحَّرُوا فَإِنَّ فِي السُّحُورِ بَرَكَةً » أراد به الاستغفار فى الأسحار . وأمثال ذلك، حتى يحرفون القرءان من أوله إلى آخره عن ظاهره ، وعن تفسيره المنقول عن ابن عباس وسائر العلماء . وبعض هذه التأويلات يعلم بطلانها قطعا ، كتنزيل فرعون على القلب ، فان فرعون شخص محسوس تواتر الينا النقل بوجوده ودعوة موسى له ، وكأبى جهل وأبى لهب وغيرهما من الكفار ، وليس من جنس الشياطين والملائكة مما لم يدرك بالحس حتى يتطرق التأويل الى ألفاظه . وكذا حمل السحور على الاستغفار ، فانه كان

صلى الله عليه وسلم: (١) « يَتَنَاوَلُ الطَّعَامَ، وَيَقُولُ: تَسَحَّرُوا » (٢) وَ« هَلُمُّوا إِلَى الْغَذَاءِ الْمُبَارَكِ » . فهذه أمور يدرك بالتواتر والحس بطلانها نقلا ، وبعضها يعلم بغالب الظن ، وذلك فى أمور لا يتعلق بها الاحساس . فكل ذلك حرام وضلالة ، وإفساد للدين على الخلق، ولم ينقل شيء من ذلك عن الصحابة ولا عن التابعين ولا عن الحسن البصرى مع إكبابه على دعوة الخلق ووعظهم، فلا يظهر لقوله صلى الله عليه وسلم (٣) « مَنْ فَسَّرَ الْقُرْءَانَ بِرَأْيِهِ فَلْيَتَبَوَّأْ مَقْعَدَهُ مِنَ النَّارِ » معنى إلا هذا النمط ، وهو أن يكون غرضه ورأيه تقرير أمر وتحقيقه ، فيستجر شهادة القرءان اليه ، ويحمله عليه من غير أن يشهد لتنزيله عليه دلالة لفظية لغوية أو نقلية .

ولا ينبغى أن يفهم منه أنه يجب أن لا يفسر القرءان بالاستنباط والفكر، فان من الآيات ما نقل فيها عن الصحابة والمفسرين خمسة معان وستة وسبعة ، ويعلم أن جميعها غير مسموع من النبي صلى الله عليه وسلم ، فانها قد تكون متنافية لا تقبل الجمع ، فيكون ذلك مستنبطا بحسن الفهم وطول الفكر . ولهذا قال صلى الله عليه وسلم لابن عباس رضى الله عنه (٤) « اللَّهُمَّ فَقِّهْهُ فِي الدِّينِ وَعَلِّمْهُ التَّأْوِيلَ » ومن يستجيز من أهل الطامات مثل هذه التأويلات مع علمه بأنها غير مرادة بالألفاظ ويزعم أنه يقصد بها دعوة الخلق الى الخالق، يضاهى من يستجيز الاختراع والوضع على رسول الله صلى الله عليه وسلم لما هو فى نفسه حق ولكن لم ينطق به الشرع : كمن يضع فى كل مسألة يراها حقاً حديثا عن النبي صلى الله عليه وسلم ، فذلك ظلم وضلال ، ودخول فى الوعيد المفهوم من قوله صلى الله عليه وسلم (٥) « مَنْ كَذَبَ عَلَيَّ مُتَعَمِّدًا فَلْيَتَبَوَّأْ مَقْعَدَهُ مِن

النَّارِ » بل الشر فى تأويل هـذه الألفاظ أطم وأعظم ، لأنها مبطلة للثقة بالألفاظ ، وقاطعة طريق الاستفادة والفهم من القرءان بالكلية . فقد عرفت كيف صرف الشيطان دواعى الخلق عن العلوم المحمودة إلى المذمومة . فكل ذلك من تلبيس علماء السوء بتبديل الأسامى، فان اتبعت هؤلاء اعتمادا على الاسم المشهور من غير التفات الى ماعرف فى العصر الأول ، كنت كمن طلب الشرف بالحكمة باتباع من يسمى حكيما ، فان اسم الحكيم صار يطلق على الطبيب والشاعر والمنجم فى هذا العصر ، وذلك بالغفلة عن تبديل الألفاظ

اللفظ الخامس : وهو الحكمة ـ فان اسم الحكيم صار يطلق على الطبيب والشاعر والمنجم ، حتى على الذى يدحرج القرعة على أكف السوادية فى شوارع الطرق . والحكمة هى التى أثنى الله عز وجل عليها فقال تعالى : (يُؤْتِى الْحِكْمَةَ مَنْ يَشَاءُ وَمَنْ يُؤْتَ الْحِكْمَةَ فَقَدْ أُوتِيَ خَيْرًا كَثِيرًا) . وقال صلي الله عليه وسلم[1] « كَلِمَةٌ مِنَ الْحِكْمَةِ يَتَعَلَّمُهَا الرَّجُلُ خَيْرٌ لَهُ مِنَ الدُّنْيَا وَمَا فِيهَا » فانظر ما الذى كانت الحكمة عبارة عنه ، وإلى ماذا نقل ، وقس به من بقية الألفاظ ، واحترز عن الاغترار بتلبيسات علماء السوء ، فان شرهم على الدين أعظم من شر الشياطين ، إذ الشيطان بواسطتهم يتدرج إلى انتزاع الدين من قلوب الخلق . ولهذا[2] لما سئل رسول الله صلي الله عليه وسلم عن شر الخلق أبى وقال: « اللَّهُمَّ غَفْرًا » حتى كرروا عليه فقال : « هُمْ عُلَمَاءُ السُّوءِ » فقد عرفت العلم المحمود والمذموم ومثار الالتباس، واليك الخيرة فى أن تنظر لنفسك ، فتقتدى بالسلف ، أو تتدلى بحبل الغرور وتتشبه بالخلف، فكل ماارتضاه السلف من العلوم قد اندرس ،وما أكب الناس عليه فأكثره مبتدع ومحدث ، وقد صح قول رسول الله صلى الله عليه وسلم[3] « بَدَأَ الإِسْلَامُ غَرِيبًا وَسَيَعُودُ غَرِيبًا كَمَا بَدَأَ فَطُوبَى لِلْغُرَبَاءِ » فقيل : ومن الغرباء؟ قَالَ الَّذِينَ يُصْلِحُونَ مَا أَفْسَدَهُ النَّاسُ مِنْ سُنَّتِي . وَالَّذِينَ يُحْيُونَ مَا أَمَاتُوهُ مِنْ سُنَّتِي »

وفى خبر آخر [١] « هُمُ الْمُتَمَسِّكُونَ بِمَا أَنْتُمْ عَلَيْهِ الْيَوْمَ » وفى حديث آخر [٢] « الْغُرَبَاءُ نَاسٌ قَلِيلٌ صَالِحُونَ بَيْنَ نَاسٍ كَثِيرٍ مَنْ يُبْغِضُهُمْ فِى الْخَلْقِ أَكْثَرُ مِمَّنْ يُحِبُّهُمْ » . وقد صارت تلك العلوم غريبة بحيث يمقت ذاكرها . ولذلك قال الثورى رحمه الله : إذا رأيت العالم كثير الأصدقاء فاعلم أنه مخلط ، لأنه إن نطق بالحق أبغضوه

بيان القدر المحمود من العلوم المحمودة

اعلم أن العلم بهذا الاعتبار ثلاثة أقسام : قسم هو مذموم قليله وكثيره ، وقسم هو محمود قليله وكثيره ، وكلما كان أكثر كان أحسن وأفضل، وقسم يحمد منه مقدار الكفاية ولا يحمد الفاضل عليه ، والاستقصاء فيه ، وهو مثل أحوال البدن ، فان منها مايحمد قليله وكثيره كالصحة والجمال ، ومنها مايذم قليله وكثيره كالقبح وسوء الخلق ، ومنها مايحمد الاقتصاد فيه كبذل المال فان التبذير لايحمد فيه وهو بذل، وكالشجاعة فان التهور لايحمد فيها وإن كان من جنس الشجاعة ، فكذلك العلم

فالقسم المذموم منه قليله وكثيره هو مالافائدة فيه فى دين ولا دنيا ، إذ فيه ضرر يغلب نفعه : كعلم السحر والطلّسمات والنجوم ، فبعضه لافائدة فيه أصلا، وصرف العمر الذى هو أنفس مايملكه الانسان اليه إضاعة ، وإضاعة النفيس مذمومة ، ومنه مافيه ضرر يزيد على مايظن أنه يحصل به من قضاء وطر فى الدنيا ، فان ذلك لايعتد به بالاضافة إلى الضرر الحاصل عنه

وأما القسم المحمود إلى أقصى غايات الاستقصاء ، فهو العلم بالله تعالى وبصفاته وأفعاله وسنته فى خلقه وحكمته فى ترتيب الآخرة على الدنيا ، فان هذا علم مطلوب لذاته ، وللتوصل به إلى سعادة الآخرة ، وبذل المقدور فيه إلى أقصى الجهد قصور عن حد الواجب ، فانه البحر الذى لايدرك غوره ، وإنما يحوم الحائمون على سواحله وأطرافه بقدر مايسّر لهم ، وما خاض أطرافه إلا الأنبياء والأولياء والراسخون فى العلم على اختلاف درجاتهم ، بحسب اختلاف قوتهم وتفاوت

تقدير الله تعالى فى حقهم، وهذا هو العلم المكنون الذى لايسطر فى الكتب . ويعين على التنبه له التعلم ومشاهدة أحوال علماء الآخرة كما سيأتى علامتهم ، هذا فى أول الأمر . ويعين عليه في الآخرة المجاهدة والرياضة ، وتصفية القلب وتفريغه عن علائق الدنيا ، والتشبه فيها بالأنبياء والأولياء ، ليتضح منه لكل ساع إلى طلبه بقدر الرزق لا بقدر الجهد ، ولكن لا غنى فيه عن الاجتهاد ، فالمجاهدة مفتاح الهداية لامفتاح لها سواها

وأما العلوم التى لايحمد منها إلا مقدار مخصوص ، فهى العلوم التى أوردناها فى فروض الكفايات ، فان فى كل علم منها اقتصارا وهو الأقل، واقتصادا وهو الوسط ، واستقصاء وراء ذلك الاقتصاد لامرد له إلى آخر العمر . فكن أحد رجلين : إما مشغولا بنفسك ، وإما متفرغا لغيرك بعد الفراغ من نفسك ، وإياك أن تشتغل بما يصلح غيرك قبل إصلاح نفسك، فان كنت المشغول بنفسك فلا تشتغل إلا بالعلم الذى هو فرض عليك بحسب مايقتضيه حالك ، ومايتعلق منه بالأعمال الظاهرة : من تعلم الصلاة ، والطهارة ، والصوم ، وإنما الأهم الذى أهمله الكل علم صفات القلب وما يحمد منها وما يذم ، إذ لاينفك بشر عن الصفات المذمومة : مثل الحرص والحسد ، والرياء ، والكبر ، والعجب وأخواتها ؛ وجميع ذلك مهلكات، وإهمالها من الواجبات مع أن الاشتغال بالأعمال الظاهرة يضاهى الاشتغال بطلاء ظاهر البدن عند التأذى بالجرب والدماميل ، والتهاون باخراج المادة بالفصد والإسهال . وحشوية العلماء يشيرون بالأعمال الظاهرة كما يشير الطرقية من الأطباء بطلاء ظاهر البدن، وعلماء الآخرة لايشيرون إلا بتطهير الباطن وقطع مواد الشر : بافساد منابتها ، وقلع مغارسها من القلب . وإنما فزع الأكثرون إلى الأعمال الظاهرة عن تطهير القلوب لسهولة أعمال الجوارح ، واستصعاب أعمال القلوب ، كما يفزع إلى طلاء الظاهر من يستصعب شرب الأدوية المرة ، فلا يزال يتعب فى الطلاء ويزيد فى المواد ، وتتضاعف به الأمراض

فان كنت مريداً للآخرة وطالبا للنجاة وهاربا من الهلاك الأبدى ، فاشتغل بعلم العلل الباطنة وعلاجها ، على مافصلناه فى ربع المهلكات . ثم ينجرّ بك ذلك إلى المقامات المحمودة المذكورة فى ربع المنجيات لامحالة . فان القلب إذا فرغ من المذموم امتلأ بالمحمود ، والأرض إذا نقيت من الحشيش نبت فيها أصناف الزرع والرياحين، وإن لم تفرّغ من ذلك لم تنبت ذاك ، فلا تشتغل بفروض الكفاية ، لاسيما وفى زمرة الخلق من قد قام بها ، فان مهلك نفسه فيما به

Lajna - 67

صلاح غيره سفيه . فما أشد حماقة من دخلت الأفاعي والعقارب تحت ثيابه وهمت بقتله وهو يطلب مذبّة يدفع بها الذباب عن غيره ممن لايغنيه ولا ينجيه مما يلاقيه من تلك الحيات والعقارب إذا همت به !

وإن تفرغت من نفسك وتطهيرها ، وقدرت على ترك ظاهر الأثم وباطنه ، وصار ذلك ديدنا لك وعادة متيسرة فيك ، وما أبعد ذلك منك ، فاشتغل بفروض الكفايات ، وراع التدريج فيها : فابتدىء بكتاب الله تعالى ، ثم بسنة رسوله صلى الله عليه وسلم ، ثم بعلم التفسير وسائر علوم القرءان : من علم الناسخ والمنسوخ ، والمفصول والموصول ، والمحكم والمتشابه ، وكذلك فى السنة . ثم اشتغل بالفروع وهو علم المذهب من علم الفقه دون الخلاف ، ثم بأصول الفقه ، وهكذا إلى بقية العلوم على مايتسع له العمر ويساعد فيه الوقت . ولا تستغرق عمرك فى فن واحد منها طلبا للاستقصاء ، فان العلم كثير ، والعمر قصير . وهذه العلوم آلات ومقدمات وليست مطلوبة لعينها بل لغيرها ، وكل مايطلب لغيره فلا ينبغى أن ينسى فيه المطلوب ويستكثر منه ، فاقتصر من شائع علم اللغة على ماتفهم منه كلام العرب وتنطق به ، ومن غريبه على غريب القرءان وغريب الحديث ، ودع التعمق فيه . واقتصر من النحو على مايتعلق بالكتاب والسنة ، فما من علم إلا وله اقتصار واقتصاد واستقصاء .

ونحن نشير اليها فى الحديث والتفسير والفقه والكلام لتقيس بها غيرها .

فالاقتصار فى التفسير مايبلغ ضعف القرءان فى المقدار ، كما صنفه على الواحدى النيسابورى وهو الوجيز ، والاقتصاد مايبلغ ثلاثة أضعاف القرءان كما صنفه من الوسيط فيه ، وما وراء ذلك استقصاء مستغنى عنه ، فلا مرد له الى انتهاء العمر .

وأما الحديث فالاقتصار فيه تحصيل مافى الصحيحين بتصحيح نسخة على رجل خبير بعلم متن الحديث .

وأما حفظ أسامى الرجال فقد كفيت فيه بما تحمّله عنك من قبلك ، ولك أن تعول على كتبهم ، وليس يلزمك حفظ متون الصحيحين ، ولكن تحصله تحصيلا تقدر منه على طلب ماتحتاج اليه عند الحاجة . وأما الاقتصاد فيه فأن تضيف اليهما ماخرج عنهما مما ورد فى المسندات الصحيحة . وأما الاستقصاء فما وراء ذلك إلى استيعاب كل ما نقل من الضعيف والقوى والصحيح

Lajna - 68

والسقيم مع معرفة الطرق الكثيرة فى النقل ، ومعرفة أحوال الرجال وأسمائهم وأوصافهم .

وأما الفقه فالاقتصار فيه على مايحويه مختصر المزنى رحمه الله ، وهو الذى رتبناه فى خلاصة المختصر . والاقتصاد فيه مايبلغ ثلاثة أمثاله ، وهو القدر الذى أوردناه فى الوسيط من المذهب ، والاستقصاء ما أوردناه فى البسيط ، الى ماوراء ذلك من المطولات

وأما الكلام فمقصوده حماية المعتقدات التى نقلها أهل السنة من السلف الصالح لاغير ، وما وراء ذلك طلب لكشف حقائق الأمور من غير طريقتها . ومقصود حفظ السنة تحصيل رتبة الاقتصار منه بمعتقد مختصر ، وهو القدر الذى أوردناه فى كتاب قواعد العقائد من جملة هذا الكتاب ، والاقتصاد فيه مايبلغ قدر مائة ورقة ، وهو الذى أوردناه فى كتاب الاقتصاد فى الاعتقاد ، ويحتاج اليه لمناظرة مبتدع ومعارضة بدعته بما يفسدها وينزعها عن قلب العامي ، وذلك لاينفع إلا مع العوام قبل اشتداد تعصبهم . وأما المبتدع بعد أن يعلم من الجدل ولو شيئاً يسيراً فقلما ينفع معه الكلام ، فانك إن أفحمته لم يترك مذهبه ، وأحال بالقصور على نفسه ، وقدّر أن عند غيره جوابا ما وهو عاجز عنه ، وإنما أنت ملبس عليه بقوة المجادلة . وأما العامي إذا صُرف عن الحق بنوع جدل يمكن أن يرد اليه بمثله قبل أن يشتدّ التعصب للأهواء . فاذا اشتد تعصبهم وقع اليأس منهم ، إذ التعصب سبب يرسخ العقائد فى النفوس ، وهو من آفات العلماء السوء ، فانهم يبالغون فى التعصب للحق ، وينظرون إلى المخالفين بعين الازدراء والاستحقار ، فتنبعث منهم الدعوي بالمكافأة والمقابلة والمعاملة وتتوافر بواعثهم على طلب نصرة الباطل ، ويقوى غرضهم فى التمسك بما نسبوا اليه ، ولو جاءوا من جانب اللطف والرحمة والنصح فى الخلوة لا فى معرض التعصب والتحقير لأنجحوا فيه . ولكن لما كان الجاه لايقوم إلا بالاستتباع ولا يستميل الأتباع مثل التعصب واللعن والشتم للخصوم ، اتخذوا التعصب عادتهم وآلتهم وسموه ذباً عن الدين ونضالا عن المسلمين ، وفيه على التحقيق هلاك الخلق ورسوخ البدعة فى النفوس

وأما الخلافيات التى أحدثت فى هذه الأعصار المتأخرة ، وأبدع فيها من التحريرات والتصنيفات والمجادلات مالم يعهد مثلها فى السلف ، فإياك وأن تحوم حولها ، واجتنبها

Lajna - 69

اجتناب السم القاتل، فانها الداء العضال ، وهو الذى رد الفقهاء كلهم الى طلب المنافسة والمباهاة على ماسيأتيك تفصيل غوائلها وآفاتها . وهذا الكلام ربما يسمع من قائله ، فيقال : الناس أعداء ماجهلوا . فلا تستنّ ذلك، فعلى الخبير سقطت ؛ فاقبل هذه النصيحة ممن ضيع العمر فيه زمانا ، وزاد فيه على الأولين تصنيفا وتحقيقا وجدلا وبيانا ، ثم ألهمه الله رشده وأطلعه على عيبه ، فهجره واشتغل بنفسه ؛ فلا يغرنك قول من يقول : الفتوى عماد الشرع ، ولا يعرف علله إلا بعلم الخلاف ، فان علل المذهب مذكورة فى المذهب ، والزيادة عليها مجادلات لم يعرفها الأولون ولا الصحابة ، وكانوا أعلم بعلل الفتاوى من غيرهم ، بل هى مع أنها غير مفيدة فى علم المذهب ضارة مفسدة لذوق الفقه ؛ فان الذى يشهد له حدس المفتى إذا صح ذوقه فى الفقه لايمكن تمشيته على شروط الجدل فى أكثر الأمر . فمن ألف طبعه رسوم الجدل أذعن ذهنه لمقتضيات الجدل وجبن عن الإذعان لذوق الفقه ، وإنما يشتغل به من يشتغل لطلب الصيت والجاه ، ويتعلل بأنه يطلب علل المذهب ، وقد ينقضى عليه العمر ولا تنصرف همته إلى علم المذهب . فكن من شياطين الجن فى أمان ، واحترز من شياطين الانس ، فانهم أراحوا شياطين الجن من التعب فى الإغواء والإضلال

وبالجملة فالمرضىّ عند العقلاء أن تقدر نفسك فى العالَم وحدك مع الله ، و بين يديك الموت والعرض والحساب والجنة والنار، وتأمل فيما يعنيك مما بين يديك ، ودع عنك ماسواه، والسلام

فى سبب إقبال الخلق على علم الخلاف

وتفصيل آفات المناظرة والجدل وشروط إباحتها

اعلم أن الخلافة بعد رسول الله صلى الله عليه وسلم تولاها الخلفاء الراشدون المهديون ، وكانوا أئمة علماء بالله تعالى ، فقهاء فى أحكامه ، وكانوا مستقلين بالفتاوى فى الأقضية ، فكانوا لا يستعينون بالفقهاء إلا نادرا ، فى وقائع لا يستغنى فيها عن المشاورة ، فتفرغ العلماء لعلم الآخرة وتجردوا لها ، وكانوا يتدافعون الفتاوى وما يتعلق بأحكام الخلق من الدنيا ، وأقبلوا على الله تعالى بكنه اجتهادهم ، كما نقل من سيرهم . فلما أفضت الخلافة بعدهم إلى أقوام تولوها بغير استحقاق ولا استقلال بعلم الفتاوى والأحكام ، اضطروا إلى الاستعانة بالفقهاء ، وإلى استصحابهم فى جميع أحوالهم لاستفتائهم فى مجارى أحكامهم .

وكان قد بقى من علماء التابعين من هو مستمر على الطراز الأول ، وملازم صفو الدين ، ومواظب على سمت علماء السلف ، فكانوا إذا طُلبوا هربوا وأعرضوا ، فاضطر الخلفاء إلى الإلحاح فى طلبهم لتولية القضاء والحكومات

فرأى أهل تلك الأعصار عز العلماء وإقبال الأئمة والولاة عليهم مع إعراضهم عنهم ، فاشرأبوا لطلب العلم توصلا إلى نيل العز ودرك الجاه من قبل الولاة ، فأكبوا على علم الفتاوى وعرضوا أنفسهم على الولاة ، وتعرفوا اليهم ، وطلبوا الولايات والصلات منهم ، فمنهم من

حرم ومنهم من أنجح ، والمنجح لم يخل من ذل الطلب ومهانة الابتذال ، فأصبح الفقهاء بعد أن كانوا مطلوبين طالبين ، وبعد أن كانوا أعزة بالإعراض عن السلاطين أذلة بالإقبال عليهم، إلا من وفقه الله تعالى فى كل عصر من علماء دين الله . وقد كان أكثر الاقبال فى تلك الأعصار على علم الفتاوى والأقضية لشدّة الحاجة اليها فى الولايات والحكومات ، ثم ظهر بعدهم من الصدور والأمراء من يسمع مقالات الناس فى قواعد العقائد ، ومالت نفسه إلى سماع الحجج فيها ، فعامت رغبته إلى المناظرة والمجادلة فى الكلام ،فأكب الناس على علم الكلام ، وأكثروا فيه التصانيف، ورتبوا فيه طرق المجادلات، واستخرجوا فنون المناقضات فى المقالات، وزعموا أن غرضهم الذب عن دين الله والنضال عن السنة وقمع المبتدعة ، كما زعم من قبلهم أن غرضهم بالاشتغال بالفتاوى الدين وتقلد أحكام المسلمين ،إشفاقا على خلق الله ونصيحة لهم، ثم ظهر بعد ذلك من الصدور من لم يستصوب الخوض فى الكلام وفتح باب المناظرة فيه، لما كان قد تولد من فتح بابه من التعصبات الفاحشة والخصومات الفاشية المفضية إلى إهراق الدماء وتخريب البلاد ، ومالت نفسه إلى المناظرة فى الفقه ، وبيان الأولى من مذهب الشافعى وأبى حنيفة رضى الله عنهما على الخصوص ، فترك الناس الكلام وفنون العلم ، وانثالوا على المسائل الخلافية بين الشافعى وأبى حنيفة على الخصوص ، وتساهلوا فى الخلاف مع مالك وسفيان وأحمد رحمهم الله تعالى وغيرهم ، وزعموا أن غرضهم استنباط دقائق الشرع وتقرير علل المذهب وتمهيد أصول الفتاوى ، وأكثروا فيها التصانيف والاستنباطات، ورتبوا فيها أنواع المجادلات والتصنيفات، وهم مستمرون عليه إلى الآن ، ولسنا ندرى ما الذى يحدث الله فيما بعدنا من الأعصار .فهذا هو الباعث على الاكباب على الخلافيات والمناظرات لاغير ، ولو مالت نفوس أرباب الدنيا إلى الخلاف مع إمام آخر من الأئمة أو الى علم آخر من العلوم لمالوا أيضا معهم ، ولم يسكتوا عن التعلل بأن مااشتغلوا به هو علم الدين ، وأن لامطلب لهم سوى التقرب إلى رب العالمين .

بيان التلبيس فى تشبيه هذه المناظرات

بمشاورات الصحابة ومفاوضات السلف

اعلم أن هؤلاء قد يستدرجون الناس الى ذلك بأن غرضنا من المناظرات المباحثة عن الحق ليتضح ، فان الحق مطلوب والتعاون على النظر فى العلم وتوارد الخواطر مفيد ومؤثر ، هكذا

Lajna - 72

كان عادة الصحابة رضى الله عنهم فى مشاوراتهم : كتشاورهم فى مسألة الجد والإخوة ، وحدّ شرب الخمر ، ووجوب الغرم على الامام إذا أخطأ ، كما نقل من إجهاض المرأة جنينها خوفا من عمر رضى الله عنه ، وكما نقل من مسائل الفرائض وغيرها ، وما نقل عن الشافعى وأحمد ومحمد ابن الحسن ومالك وأبى يوسف وغيرهم من العلماء ، رحمهم الله تعالى

ويطلعك على هذا التلبيس ماأذكره، وهو أن التعاون على طلب الحق من الدين ، ولكن له شروط وعلامات ثمان :

الأول — أن لايشتغل به وهو من فروض الكفايات من لم يتفرغ من فروض الأعيان. ومن عليه فرض عين فاشتغل بفرض كفاية وزعم أن مقصده الحق فهو كذاب ، ومثاله من يترك الصلاة فى نفسه ويتجرد فى تحصيل الثياب ونسجها ويقول : غرضى أستر عورة من يصلى عريانا ولا يجد ثوبا ، فان ذلك ربما يتفق ، ووقوعه ممكن ، كما يزعم الفقيه أن وقوع النوادر التى عنها البحث فى الخلاف ممكن ، والمشتغلون بالمناظرة مهملون لأمور هى فرض عين بالاتفاق . ومن توجه عليه ردّ وديعة فى الحال فقام وأحرم بالصلاة التى هى أقرب القربات الى الله تعالى عصى به ، فلا يكفى فى كون الشخص مطيعا كون فعله من جنس الطاعات مالم يراع فيه الوقت والشرط والترتيب .

الثانى — أن لا يرى فرض كفاية أهم من المناظرة ، فان رأى ماهو أهم وفعل غيره عصى بفعله، وكان مثاله مثال من يرى جماعة من العطاش أشرفوا على الهلاك وقد أهملهم الناس وهو قادر على إحيائهم بأن يسقيهم الماء ، فاشتغل بتعلم الحجامة وزعم أنه من فروض الكفايات ، ولو خلا البلد عنها لهلك الناس، وإذا قيل له فى البلد جماعة من الحجامين وفيهم غنية ، فيقول : هذا لايخرج هذا الفعل عن كونه فرض كفاية . فحال من يفعل هذا ويهمل الاشتغال بالواقعة الملمة بجماعة العطاش من المسلمين كحال المشتغل بالمناظرة وفى البلد فروض كفايات مهملة لاقائم بها . فأما الفتوى فقد قام بها جماعة ولا يخلو بلد من جملة الفروض المهملة ولا يلتفت الفقهاء اليها ، وأقربها الطب ، إذ لايوجد فى أكثر البلاد طبيب مسلم يجوز اعتماد شهادته فيما يعول فيه على قول الطبيب شرعا ، ولا يرغب أحد من الفقهاء فى الاشتغال به . وكذا الأمر بالمعروف والنهى عن المنكر ، فهو من فروض الكفايات ، وربما يكون المناظر فى مجلس مناظرته مشاهدا للحرير ملبوسا ومفروشا وهو ساكت ، ويناظر فى مسألة لايتفق وقوعها قط ، وإن وقعت قام بها

Lajna - 73

جماعة من الفقهاء ، ثم يزعم أنه يريد أن يتقرب إلى الله تعالى بفروض الكفايات، وقد روى أنس رضى الله عنه أنه « قِيلَ يَارَسُولَ اللهِ (١) مَتَى يُتْرَكُ الأَمْرُ بِالْمَعْرُوفِ وَالنَّهْيُ عَنِ الْمُنْكَرِ ؟ فقال عليه السّلامُ : إِذَا ظَهَرَتِ الْمُدَاهَنَةُ فِي خِيَارِكُمْ وَالْفَاحِشَةُ فِي شِرَارِكُمْ وَتَحَوَّلَ الْمُلْكُ فِي صِغَارِكُمْ وَالْفِقْهُ فِي أَرَاذِلِكُمْ »

الثالث — أن يكون المناظر مجتهدا يفتى برأيه لا بمذهب الشافعى وأبى حنيفة وغيرهما ، حتى إذا ظهر له الحق من مذهب أبى حنيفة ترك مايوافق رأى الشافعى وأفتى بما ظهر له ، كما كان يفعله الصحابة رضى الله عنهم والأئمة ، فأما من ليس له رتبة الاجتهاد وهو حكم كل أهل العصر وإنما يفتى فيما يُسأل عنه ناقلا عن مذهب صاحبه فلو ظهر له ضعف مذهبه لم يجز له أن يتركه ، فأى فائدة له فى المناظرة ومذهبه معلوم وليس له الفتوى بغيره ، وما يشكل عليه يلزمه أن يقول لعل عند صاحب مذهبي جوابا عن هذا فانى لست مستقلا بالاجتهاد فى أصل الشرع ؟ ولو كانت مباحثته عن المسائل التى فيها وجهان أوقولان لصاحبه لكان أشبه به، فانه ربما يفتى بأحدهما فيستفيد من البحث ميلا إلى أحد الجانبين ولا يرى المناظرات جارية فيها قط ، بل ربما ترك المسألة التى فيها وجهان أو قولان وطلب مسألة يكون الخلاف فيها مبتوتا

الرابع ـ أن لا يناظر إلا فى مسألة واقعة أو قريبة الوقوع غالباً ، فان الصحابة رضى الله عنهم ما تشاوروا إلا فيما تجدد من الوقائع ، أو ما يغلب وقوعه كالفرائض ، ولا نرى المناظرين يهتمون بانتقاد المسائل التى تعم البلوى بالفتوى فيها ، بل يطلبون الطبوليات التى تسمع فيتسع مجال الجدل فيها كيفما كان الأمر . وربما يتركون ما يكثر وقوعه ويقولون هذه مسألة خبرية أو هى من الزوايا وليست من الطبوليات ، فمن العجائب أن يكون المطلب هو الحق ثم يتركون المسألة لأنها خبرية ومدرك الحق فيها هو الأخبار . أو لأنها ليست من الطبول فلا نطول فيها الكلام ، والمقصود فى الحق أن يقصر الكلام ويبلغ الغاية على القرب لا أن يطول

الخامس ـ أن تكون المناظرة فى الخلوة أحب اليه وأهم من المحافل وبين أظهر الأكابر

﴿ الباب الرابع ﴾

(١) حديث أنس قيل يارسول الله متى يترك الأمر بالمعروف والنهى عن المنكر : ابن ماجه بإسناد حسن

Lajna - 74

والسلاطين . فان الخلوة أجمع للفهم ، وأحرى بصفاء الذهن والفكر ودرك الحق ، وفى حضور الجمع ما يحرك دواعى الرياء ويوجب الحرص على نصرة كل واحد نفسه محقاً كان أو مبطلا ، وأنت تعلم أن حرصهم على المحافل والمجامع ليس لله ، وأن الواحد منهم يخلو بصاحبه مدة طويلة فلا يكلمه ، وربما يقترح عليه فلا يجيب ، وإذا ظهر مقدم أو انتظم مجمع لم يغادر فى قوس الاحتيال منزعا حتى يكون هو المتخصص بالكلام .

السادس ـ أن يكون فى طلب الحق كناشد ضالة لا يفرق بين أن تظهر الضالة على يده أو على يد من يعاونه ، ويرى رفيقه معينا لا خصما ، ويشكره إذا عرفه الخطأ وأظهر له الحق ، كما لو أخذ طريقا فى طلب ضالته فنبهه صاحبه على ضالته فى طريق آخر ، فانه كان يشكره ولا يذمه ويكرمه ويفرح به ، فهكذا كانت مشاورات الصحابة رضى الله عنهم ، حتى إن امرأة ردت على عمر رضى الله عنه ونبهته على الحق وهو فى خطبته على ملأ من الناس ، فقال : أصابت امرأة وأخطأ رجل . وسأل رجل عليا رضى الله عنه فأجابه فقال : ليس كذلك ياأمير المؤمنين ولكن كذا وكذا ، فقال : أصبتَ وأخطأتُ وفوق كل ذى علم عليم . واستدرك ابن مسعود على أبى موسى الأشعرى رضى الله عنهما فقال أبو موسى : لا تسألونى عن شىء وهذا الحبر بين أظهركم ، وذلك لما سئل أبو موسى عن رجل قاتل فى سبيل الله فقتل ، فقال : هو فى الجنة ، وكان أمير الكوفة ، فقام ابن مسعود فقال أعده على الأمير فلعله لم يفهم ، فأعادوا عليه ، فأعاد الجواب ، فقال ابن مسعود : وأنا أقول : إن قتل فأصاب الحق فهو فى الجنة ، فقال أبو موسى : الحق ما قال . وهكذا يكون إنصاف طالب الحق . ولو ذكر مثل هذا الآن لأقل فقيه لأنكره واستبعده وقال لا يحتاج إلى أن يقال أصاب الحق ، فان ذلك معلوم لكل أحد . فانظر إلى مناظرى زمانك اليوم كيف يسودّ وجه أحدهم إذا اتضح الحق على لسان خصمه ، وكيف يخجل به ، وكيف يجتهد فى مجاحدته بأقصى قدرته ، وكيف يذم من أخمه طول عمره ، ثم لا يستحيى من تشبيه نفسه بالصحابة رضى الله عنهم فى تعاونهم على النظر فى الحق !

السابع ـ أن لا يمنع معينه فى النظر من الانتقال من دليل إلى دليل ، ومن إشكال إلى إشكال ، فهكذا كانت مناظرات السلف ، ويُخرج من كلامه جميع دقائق الجدل المبتدعة فيما له وعليه ، كقوله : هذا لا يلزمنى ذكره ، وهذا يناقض كلامك الأول فلا يقبل منك ، فان الرجوع إلى الحق مناقض للباطل ، ويجب قبوله . وأنت ترى أن جميع المجالس تنقضى فى المدافعات والمجادلات حتى يقيس

Lajna - 75

المستدل على أصل بعلّة يظنها فيقال له : ماالدليل على أن الحكم فى الأصل معلل بهذه العلة ؟ فيقول: هذا ماظهر لى فان ظهر لك ماهو أوضح منه وأولى فاذكره حتى أنظر فيه ، فيصر المعترض ويقول : فيه معان سوى ماذكرته وقدعرفتها ولاأذكرها إذ لايلزمني ذكرها؛ ويقول المستدل: عليك إيراد ماتدعيه وراء هذا ، ويصر المعترض على أنه لايلزمه ، ويتوخى مجالس المناظرة بهذا الجنس من السؤال وأمثاله، ولايعرف هذا المسكين أن قوله إنى أعرفه ولاأذكره إذ لايلزمنى، كذب على الشرع ، فانه إن كان لايعرف معناه وإنما يدعيه ليعجز خصمه فهو فاسق كذاب عصى الله تعالى وتعرض لسخطه بدعواه معرفة هو خال عنها ، وإن كان صادقا فقدفسق بإخفائه ماعرفه من أمر الشرع وقد سأله أخوه المسلم ليفهمه وينظر فيه، فان كان قويا رجع اليه، وإن كان ضعيفا أظهر له ضعفه وأخرجه عن ظلمة الجهل إلى نور العلم . ولا خلاف أن إظهار ماعلم من علوم الدين بعد السؤال عنه واجب لازم . فمعنى قوله : لايلزمنى ، أى فى شرع الجدل الذى أبدعناه بحكم التشهى والرغبة فى طريق الاحتيال والمصارعة بالكلام لايلزمنى ، وإلا فهو لازم بالشرع ، فانه بامتناعه عن الذكر إما كاذب وإما فاسق .

فتفحّص عن مشاورات الصحابة ومفاوضات السلف رضى الله عنهم : هل سمعت فيها مايضاهى هذا الجنس ؟ وهل منع أحدمن الانتقال من دليل إلى دليل ومن قياس إلى أثر ومن خبر إلى آية ؟ بل جميع مناظراتهم من هذا الجنس ، إذ كانوا يذكرون كل مايخطر لهم كما يخطر ، وكانوا ينظرون فيه

الثامن — أن يناظر من يتوقع الاستفادة منه ممن هو مشتغل بالعلم ، والغالب أنهم يحترزون من مناظرة الفحول والأكابر خوفا من ظهور الحق على ألسنتهم ، فيرغبون فيمن دونهم طمعا فى ترويج الباطل عليهم

ووراء هذه شروط دقيقة كثيرة ؛ ولكن فى هذه الشروط الثمانية مايهديك إلى من يناظر لله ومن يناظر لعلة

واعلم بالجملة أن من لايناظر الشيطان وهو مستول على قلبه وهو أعدى عدوّ له ولا يزال يدعوه إلى هلاكه ، ثم يشتغل بمناظرة غيره فى المسائل التى المجتهد فيها مصيب أو مساهم للمصيب فى الأجر ، فهو ضحكة للشيطان ، وعبرة للمخلصين . ولذلك شمت الشيطان به لما غمسه فيه من ظلمات الآفات التى نعددها ونذكر تفاصيلها . فنسأل الله حسن العون والتوفيق

بيان آفات المناظرة وما يتولد منها

من مهلكات الأخلاق

اعلم وتحقق أن المناظرة الموضوعة لقصد الغلبة والإفحام، وإظهار الفضل والشرف والتشدق عند الناس، وقصد المباهاة والمماراة واستمالة وجوه الناس، هى منبع جميع الأخلاق المذمومة عند الله، المحمودة عند عدو الله إبليس، ونسبتُها إلى الفواحش الباطنة من الكبر والعجب والحسد والمنافسة وتزكية النفس وحب الجاه وغيرها كنسبة شرب الخمر إلى الفواحش الظاهرة: من الزنا، والقذف والقتل والسرقة، وكما أن الذى خُيِّر بين الشرب وسائر الفواحش استصغر الشرب فأقدم عليه، فدعاه ذلك إلى ارتكاب بقية الفواحش فى سكره، فكذلك من غلب عليه حب الافحام والغلبة فى المناظرة وطلب الجاه والمباهاة، دعاه ذلك إلى إضمار الخبائث كلها فى النفس، وهيج فيه جميع الأخلاق المذمومة. وهذه الأخلاق ستأتى أدلة مذمتها من الأخبار والآيات فى ربع المهلكات، ولكنا نشير الآن إلى مجامع ماتهيجه المناظرة:

فمنها الحسد، وقد قال رسول الله صلى الله عليه وسلم[1] «اَلْحَسَدُ يَأْكُلُ الْحَسَنَاتِ كَمَا تَأْكُلُ النَّارُ الْحَطَبَ». ولا ينفك المناظر عن الحسد، فانه تارة يغلب وتارة يغلب، وتارة يحمد كلامه وأخرى يحمد كلام غيره؛ فما دام يبقى فى الدنيا واحد يذكر بقوة العلم والنظر، أو يظن أنه أحسن منه كلاما وأقوى نظرا، فلا بد أن يحسده ويحب زوال النعم عنه، وانصراف القلوب والوجوه عنه اليه. والحسد نار محرقة، فمن بلى به فهو فى العذاب فى الدنيا، ولعذاب الآخرة أشد وأعظم، ولذلك قال ابن عباس رضى الله عنهما: خذوا العلم حيث وجدتموه؛ ولا تقبلوا قول الفقهاء بعضهم على بعض فانهم يتغايرون كما تتغاير التيوس فى الزريبة

ومنها التكبر والترفع على الناس، فقد قال صلى الله عليه وسلم[2] «مَنْ تَكَبَّرَ وَضَعَهُ اللهُ

(١) حديث الحسد يأكل الحسنات كما تأكل النار الحطب: أبو داود من حديث أبى هريرة، وقال البخارى لا يصح، وهو عند ابن ماجه من حديث أنس باسناد ضعيف، وفى تاريخ بغداد باسناد حسن

وَمَنْ تَوَاضَعَ رَفَعَهُ ٱللهُ » . وقال صلى الله عليه وسلم حكاية عن الله تعالى [١] « ٱلْعَظَمَةُ إِزَارِي وَٱلْكِبْرِيَاءُ رِدَائِي ، فَمَنْ نَازَعَنِي فِيهِمَا قَصَمْتُهُ » . ولا ينفك المناظر عن التكبر على الأقران والأمثال ، والترفع إلى فوق قدره ، حتى إنهم ليتقاتلون على مجلس من المجالس يتنافسون فيه فى الارتفاع والانخفاض ، والقرب من وسادة الصدر والبعد منها ، والتقدم فى الدخول عند مضايق الطرق . وربما يتعلل الغبي والمكار الخداع منهم بأنه يبغى صيانة عز العلم ، [٢] وَ « أَنَّ ٱلْمُؤْمِنَ مَنْهِيٌّ عَنِ ٱلْإِذْلَالِ لِنَفْسِهِ » فيعبر عن التواضع الذى أثنى الله عليه وسائر أنبيائه بالذل ، وعن التكبر الممقوت عند الله بعز الدين ، تحريفا للاسم ، وإضلالا للخلق به ، كما فعل فى اسم الحكمة والعلم وغيرهما .

ومنها الحقد ، فلا يكاد المناظر يخلو عنه . وقد قال صلى الله عليه وسلم [٣] « ٱلْمُؤْمِنَ لَيْسَ بِحَقُودٍ » . وورد فى ذم الحقد مالا يخفى ، ولا نرى مناظرا يقدر على أن لا يضمر حقدا على من يحرك رأسه من كلام خصمه ، ويتوقف فى كلامه فلا يقابله بحسن الإصغاء ، بل يضطر إذا شاهد ذلك إلى إضمار الحقد وتربيته فى نفسه ، وغاية تماسكه الإخفاء بالنفاق ، ويترشح منه إلى الظاهر لامحالة فى غالب الأمر . وكيف ينفك عن هذا ، ولا يتصور اتفاق جميع المستمعين على ترجيح كلامه ، واستحسان جميع أحواله فى إيراده وإصداره ؟ بل لو صدر من خصمه أدنى سبب فيه قلة مبالاة بكلامه انغرس فى صدره حقد لا يقلعه مدى الدهر إلى آخر العمر

ومنها الغيبة ، وقد شبهها الله بأكل الميتة ، ولا يزال المناظر مثابرا على أكل الميتة ، فانه لاينفك عن حكاية كلام خصمه ومذمته . وغاية تحفظه أن يصدق فيما يحكيه عليه ولا يكذب فى الحكاية عنه ، فيحكى عنه لامحالة مايدل على قصور كلامه وعجزه ونقصان فضله ، وهو الغيبة . فأما الكذب فبهتان ، وكذلك لايقدر على أن يحفظ لسانه عن التعرض لعرض من يعرض عن كلامه ويصغى إلى خصمه ويقبل عليه ، حتى ينسبه إلى الجهل والحماقة وقلة الفهم والبلادة .

(٣) حديث المؤمن ليس بحقود : لم أقف له على أصل

ومنها تزكية النفس ، قال الله تعالى: (فَلَا تُزَكُّوا أَنْفُسَكُمْ هُوَ أَعْلَمُ بِمَنِ اتَّقَىٰ) . وقيل لحكيم : ما الصدق القبيح ؟ فقال : ثناء المرء على نفسه . ولا يخلو المناظر من الثناء على نفسه بالقوة والغلبة ، والتقدم بالفضل على الأقران . ولا ينفك فى أثناء المناظرة عن قوله : لست ممن يخفى عليه أمثال هذه الأمور ، وأنا المتفنن فى العلوم ، والمستقل بالأصول وحفظ الأحاديث ، وغير ذلك مما يتمدح به تارة على سبيل الصلف ، وتارة للحاجة إلى ترويج كلامه . ومعلوم أن الصلف والتمدح مذمومان شرعا وعقلا .

ومنها التجسس وتتبع عورات الناس ، وقد قال تعالى : (وَلَا تَجَسَّسُوا) . والمناظر لا ينفك عن طلب عثرات أقرانه وتتبع عورات خصومه ، حتى إنه ليخبر بورود مناظر إلى بلده فيطلب من يخبر بواطن أحواله ، ويستخرج بالسؤال مقابحه حتى يعدها ذخيرة لنفسه فى إفضاحه وتخجيله إذا مست إليه حاجة ، حتى إنه ليستكشف عن أحوال صباه وعن عيوب بدنه فعساه يعثر على هفوة أو على عيب به من قرع أو غيره ، ثم إذا أحس بأدنى غلبة من جهته عرّض به إن كان متماسكا ، ويستحسن ذلك منه ، ويعد من لطائف التسبب ، ولا يمتنع عن الإفصاح به إن كان متبجحا بالسفاهة والاستهزاء ، كما حكى عن قوم من أكابر المناظرين المعدودين من فحولهم .

ومنها الفرح لمساءة الناس والغم لمسارّهم ، ومن لا يحب لأخيه المسلم ما يحب لنفسه فهو بعيد من أخلاق المؤمنين ، فكل من طلب المباهاة باظهار الفضل يسره لا محالة ما يسوء أقرانه وأشكاله الذين يسامونه فى الفضل ، ويكون التباغض بينهم كما بين الضرائر ، فكما أن إحدى الضرائر إذا رأت صاحبتها من بعيد ارتعدت فرائصها واصفر لونها ، فهكذا ترى المناظر إذا رأى مناظرا تغير لونه واضطرب عليه فكره ، فكأنه يشاهد شيطانا ماردا أو سبعا ضاريا ! فأين الاستئناس والاسترواح الذى كان يجرى بين علماء الدين عند اللقاء ، وما نقل عنهم من المؤاخاة والتناصر والتساهم فى السراء والضراء ، حتى قال الشافعى رضى الله عنه : العلم بين أهل الفضل والعقل رحم متصل . فلا أدرى كيف يدعى الاقتداء بمذهبه جماعة صار العلم بينهم عداوة قاطعة ، فهل يتصوّر أن ينسب الأنس بينهم مع طلب الغلبة والمباهاة ؟ هيهات هيهات ! وناهيك بالشر شرا أن يُلزمك أخلاقَ المنافقين ، ويبرئك عن أخلاق المؤمنين والمتقين

ومنها النفاق ، فلا يحتاج إلى ذكر الشواهد فى ذمه ، وهم مضطرون اليه ، فانهم يلقون

Lajna - 79

الخصوم ومحبيهم وأشياعهم ولا يجدون بدّا من التودد اليهم باللسان وإظهار الشوق والاعتداد بمكانهم وأحوالهم ، ويعلم ذلك المخاطب والمخاطبَ وكل من يسمع منهم أن ذلك كذب وزور ونفاق وفجور ، فانهم متوددون بالألسنة متباغضون بالقلوب . نعوذ بالله العظيم منه ! فقد قال صلى الله عليه وسلم (١) « إِذَا تَعَلَّمَ النَّاسُ الْعِلْمَ وَتَرَكُوا الْعَمَلَ وَتَحَابُّوا بِالْأَلْسُنِ وَتَبَاغَضُوا بِالْقُلُوبِ وَتَقَاطَعُوا فِي الْأَرْحَامِ، لَعَنَهُمُ اللهُ عِنْدَ ذَلِكَ فَأَصَمَّهُمْ وَأَعْمَى أَبْصَارَهُمْ » رواه الحسن، وقد صح ذلك بمشاهدة هذه الحالة

ومنها الاستكبار عن الحق وكراهته والحرص على المماراة فيه ، حتى إن أبغض شيء إلى المناظر أن يظهر على لسان خصمه الحق، ومهما ظهر تشمر لجحده وإنكاره بأقصى جهده، وبذل غاية إمكانه في المخادعة والمكر والحيلة لدفعه، حتى تصير المماراة فيه عادة طبيعية ، فلا يسمع كلاما إلا وينبعث من طبعه داعية الاعتراض عليه، حتى يغلب ذلك على قلبه في أدلة القرءان وألفاظ الشرع، فيضرب البعض منها بالبعض . والمراء في مقابلة الباطل محذور ، إذ ندب رسول الله صلى الله عليه وسلم إلى ترك المراء بالحق على الباطل ، قال صلى الله عليه وسلم (٢) « مَنْ تَرَكَ الْمِرَاءَ وَهُوَ مُبْطِلٌ بَنَى اللهُ لَهُ بَيْتًا فِي رَبَضِ الْجَنَّةِ ، وَمَنْ تَرَكَ الْمِرَاءَ وَهُوَ مُحِقٌّ بَنَى اللهُ لَهُ بَيْتًا فِي أَعْلَى الْجَنَّةِ ». وقد سوى الله تعالى بين من افترى على الله كذبا وبين مَن كذّب بالحق ؛ فقال تعالى: (وَمَنْ أَظْلَمُ مِمَّنِ افْتَرَى عَلَى اللهِ كَذِبًا أَوْ كَذَّبَ بِالْحَقِّ لَمَّا جَاءَهُ) وقال تعالى : (فَمَنْ أَظْلَمُ مِمَّنْ كَذَبَ عَلَى اللهِ وَكَذَّبَ بِالصِّدْقِ إِذْ جَاءَهُ)

ومنها الرياء وملاحظة الخلق ، والجهد في استمالة قلوبهم وصرف وجوههم . والرياء هو الداء العضال الذي يدعو إلى أكبر الكبائر، كما سيأتي في كتاب الرياء ، والمناظر لا يقصد إلا الظهور عند الخلق ، وانطلاق ألسنتهم بالثناء عليه

(١) حديث إذا تعلم الناس العلم وتركوا العمل وتحابوا بالألسن وتباغضوا بالقلوب ـ الحديث : الطبراني من حديث سلمان باسناد ضعيف

فهذه عشر خصال من أمهات الفواحش الباطنة ، سوى ما يتفق لغير المتماسكين منهم : من الخصام المؤدى الى الضرب واللكم واللطم، وتمزيق الثياب ، والأخذ باللحى ، وسب الوالدين وشتم الأستاذين ، والقذف الصريح ، فان أولئك ليسوا معدودين فى زمرة الناس المعتبرين ؛ وإنما الأكابر والعقلاء منهم هم الذين لاينفكون عن هذه الخصال العشر . نعم قد يسلم بعضهم من بعضها ، مع من هو ظاهر الانحطاط عنه ، أو ظاهر الارتفاع عليه ، أو هو بعيد عن بلده وأسباب معيشته ، ولا ينفك أحد منهم عنه مع أشكاله المقارنين له فى الدرجة

ثم يتشعب من كل واحدة من هذه الخصال العشر عشر أخرى من الرذائل، لم نطوّل بذكرها وتفصيل آحادها : مثل الأنفة ، والغضب ، والبغضاء ، والطمع ، وحب طلب المال والجاه ، للتمكن من الغلبة ، والمباهاة ، والأشر ، والبطر ، وتعظيم الأغنياء والسلاطين ، والتردد اليهم ، والأخذ من حرامهم ، والتجمل بالخيول والمراكب والثياب المحظورة ، والاستحقار للناس بالفخر والخيلاء ، والخوض فيما لا يعنى ، وكثرة الكلام ، وخروج الخشية والخوف والرحمة من القلب ، واستيلاء الغفلة عليه حتى لايدرى المصلى منهم فى صلاته ما صلى ، وما الذى يقرأ ومن الذى يناجيه ، ولا يحس بالخشوع من قلبه مع استغراق العمر فى العلوم التى تعين فى المناظرة مع أنها لاتنفع فى الآخرة : من تحسين العبارة ، وتسجيع اللفظ ، وحفظ النوادر ، إلى غير ذلك من أمور لاتحصى . والمناظرون يتفاوتون فيها على حسب درجاتهم ، ولهم درجات شتى ، ولا ينفك أعظمهم دينا وأكثرهم عقلا عن جمل من مواد هذه الأخلاق ، وإنما غايته إخفاؤها ومجاهدة النفس بها .

واعلم أن هذه الرذائل لازمة للمشتغل بالتذكير والوعظ أيضاً إذا كان قصده طلب القبول وإقامة الجاه ونيل الثروة والعزة ، وهى لازمة أيضا للمشتغل بعلم المذهب والفتاوى إذا كان قصده طلب القضاء وولاية الأوقاف والتقدم على الأقران

وبالجملة هى لازمة لكل من يطلب بالعلم غير ثواب الله تعالى فى الآخرة . فالعلم لايهمل العالم بل يهلكه هلاك الأبد ، أو يحييه حياة الأبد . ولذلك قال صلى الله عليه وسلم : « أَشَدُّ النَّاسِ عَذَاباً يَوْمَ الْقِيَامَةِ عَالِمٌ لَا يَنْفَعُهُ اللهُ بِعِلْمِهِ » فلقد ضره مع أنه لم ينفعه ، وليته نجا منه رأساً برأس ؛ وهيهات هيهات ! فخطر العلم عظيم ، وطالبه طالب الملك المؤبد والنعيم السرمد ، فلا

ينفك عن المُلك أو الهُلك ، وهو كطالب الملك فى الدنيا ، فان لم يتفق له الإصابة فى الأموال لم يطمع فى السلامة من الإذلال ، بل لابد من لزوم أفضح الأحوال

فان قلت : فى الرخصة فى المناظرة فائدة وهى ترغيب الناس فى طلب العلم ، إذ لولا حب الرياسة لاندرست العلوم . فقد صدقتَ فيما ذكرتَه من وجه ، ولكنه غير مفيد ، إذ لولا الوعد بالكرة والصولجان واللعب بالعصافير ما رغب الصبيان فى المكتب ، وذلك لا يدل على أن الرغبة فيه محمودة ، ولولا حب الرياسة لاندرس العلم ، ولا يدل ذلك على أن طالب الرياسة ناج ، بل هو من الذين قال صلى الله عليه وسلم فيهم [1] « إِنَّ ٱللهَ لَيُؤَيِّدُ هَذَا ٱلدِّينَ بِأَقْوَامٍ لَا خَلَاقَ لَهُمْ » . وقال صلى الله عليه وسلم [2] « إِنَّ ٱللهَ لَيُؤَيِّدُ هَذَا ٱلدِّينَ بِالرَّجُلِ ٱلْفَاجِرِ » . فطالب الرياسة فى نفسه هالك ، وقد يصلح بسببه غيره إن كان يدعو إلى ترك الدنيا ، وذلك فيمن كان ظاهر حاله فى ظاهر الأمر ظاهرَ حال علماء السلف ، ولكنه يضمر قصد الجاه . فمثاله مثال الشمع الذى يحترق فى نفسه ويستضىء به غيره ؛ فصلاح غيره فى هلاكه . فأما إذا كان يدعو إلى طلب الدنيا فمثاله مثال النار المحرقة التى تأكل نفسها وغيرها

فالعلماء ثلاثة : إما مهلك نفسه وغيره ، وهم المصرحون بطلب الدنيا والمقبلون عليها ؛ وإما مسعد نفسه وغيره ، وهم الداعون الخلق إلى الله سبحانه ظاهرا وباطنا ؛ وإما مهلك نفسه مسعد غيره ، وهو الذى يدعو إلى الآخرة وقد رفض الدنيا فى ظاهره وقصدُه فى الباطن قبول الخلق وإقامة الجاه . فانظر من أى الأقسام أنت ، ومن الذى اشتغلت بالاعتداد له ؛ فلا تظنن أن الله تعالى يقبل غير الخالص لوجهه تعالى من العلم والعمل . وسيأتيك فى كتاب الرياء بل فى جميع ربع المهلكات ماينفى عنك الريبة فيه ، إن شاء الله تعالى

الباب الخامس

فى آداب المتعلم والمعلم

أما المتعلم فآدابه ووظائفه الظاهرة كثيرة ، ولكن تنظم تفاريقها عشر جمل :

الوظيفة الأولى ـ تقديم طهارة النفس عن رذائل الأخلاق ومذموم الأوصاف ؛ إذ العلم عبادة القلب ، وصلاة السر ، وقربة الباطن إلى الله تعالى . وكما لا تصح الصلاة التى هى وظيفة الجوارح الظاهرة إلا بتطهير الظاهر عن الأحداث والأخباث ، فكذلك لا تصح عبادة الباطن وعمارة القلب بالعلم إلا بعد طهارته عن خبائث الأخلاق وأنجاس الأوصاف . قال صلى الله عليه وسلم [1] « بُنِيَ الدِّينُ عَلَى النَّظَافَةِ » وهو كذلك باطنا وظاهرا ؛ قال الله تعالى : (إِنَّمَا الْمُشْرِكُونَ نَجَسٌ) تنبيها للعقول على أن الطهارة والنجاسة غير مقصورة على الظواهر المدركة بالحس ، فالمشرك قد يكون نظيف الثوب مغسول البدن ولكنه نجس الجوهر ، أى باطنه ملطخ بالخبائث . والنجاسة عبارة عما يجتنب ويطلب البعد منه ، وخبائث صفات الباطن أهم بالاجتناب ، فانها مع خبثها فى الحال مهلكات فى المآل ؛ ولذلك قال صلى الله عليه وسلم : « لَا تَدْخُلُ [1] الْمَلَائِكَةُ بَيْتًا فِيهِ كَلْبٌ » والقلب بيت هو منزل الملائكة ومهبط أثرهم ومحل استقرارهم ؛ والصفات الرديئة مثل الغضب والشهوة والحقد ، والحسد والكبر والعجب ، وأخواتها ، كلاب نابحة ؛ فأنّى تدخله الملائكة وهو مشحون بالكلاب ، ونور العلم لا يقذفه الله تعالى فى القلب إلا بواسطة الملائكة ؟ (وَمَا كَانَ لِبَشَرٍ أَنْ يُكَلِّمَهُ اللهُ إِلَّا وَحْيًا أَوْ مِنْ وَرَاءِ حِجَابٍ أَوْ يُرْسِلَ رَسُولًا فَيُوحِيَ بِإِذْنِهِ مَا يَشَاءُ) وهكذا ما يرسل من رحمة العلوم إلى

(٢) حديث لا تدخل الملائكة بيتا فيه كلب : متفق عليه من حديث أبي طلحة الانصارى

Lajna - 83

القلوب إنما تتولاها الملائكة الموكلون بها ، وهم المقدسون للطهرون المبرءون من الصفات المذمومات، فلا يلاحظون إلا طيبا ،ولا يعمرون بما عندهم من خزائن رحمة الله إلا طيبا طاهرا . ولست أقول: المراد بلفظ البيت هو القلب ، وبالكلب هو الغضب والصفات المذمومة، ولكنى أقول: هو تنبيه عليه. وفرق بين تعبير الظواهر إلى البواطن وبين التنبيه للبواطن من ذكر الظواهر مع تقرير الظواهر. ففارق الباطنية بهذه الدقيقة، فان هذه طريق الاعتبار، وهو مسلك العلماء والأبرار، إذ معنى الاعتبار أن يعبر ماذكر إلى غيره فلا يقتصر عليه، كما يرى العاقل مصيبة لغيره فيكون فيها له عبرة : بأن يعبر منها الى التنبه لكونه أيضا عرضة للمصائب؛ وكون الدنيا بصدد الانقلاب؛ فعبوره من غيره إلى نفسه ومن نفسه إلى أصل الدنيا عبرة محمودة . فاعبر أنت أيضا من البيت الذى هو بناء الخلق ، الى القلب الذى هو بيت من بناء الله تعالى ؛ ومن الكلب الذى ذم لصفته لا لصورته وهو مافيه من سبعية ونجاسة ، الى الروح الكلبية وهى السبعية

واعلم أن القلب المشحون بالغضب والشره الى الدنيا والتكلب عليها والحرص على التمزيق لأعراض الناس ، كلب في المعنى ، وقلب فى الصورة ، فنور البصيرة يلاحظ المعانى لا الصور ؛ والصور فى هذا العالم غالبة على المعانى ، والمعانى باطنة فيها ، وفى الآخرة تتبع الصورُ المعانى ، وتغلب المعانى، فلذلك يحشر كل شخص على صورته المعنوية، فيحشر الممزق[1] لأعراض الناس كلبا ضاريا، والشره إلى أموالهم ذئبا عاديا ، والمتكبر عليهم فى صورة نمر، وطالب الرياسة فى صورة أسد . وقد وردت بذلك الأخبار ، وشهد به الاعتبار عند ذوى البصائر والأبصار

فان قلت : كم من طالب ردىء الأخلاق حصل العلوم . فهيهات ماأبعده عن العلم الحقيقى النافع فى الآخرة الجالب للسعادة ! فان من أوائل ذلك العلم أن يظهر له أن المعاصى سموم قاتلة مهلكة . وهل رأيت من يتناول سما مع علمه بكونه سما قاتلا ؟ إنما الذى تسمعه من المترسمين حديث يلفقونه بألسنتهم مرة ، ويرددونه بقلوبهم أخرى ، وليس ذلك من العلم فى شىء ، قال ابن مسعود رضى الله عنه : ليس العلم بكثرة الرواية إنما العلم نور يقذف فى القلب. وقال بعضهم:

إنما العلم الخشية لقوله تعالى: (إِنَّمَا يَخْشَى اللَّهَ مِنْ عِبَادِهِ الْعُلَمَاءُ) . وكأنه أشار إلى أخص ثمرات العلم . ولذلك قال بعض المحققين : معنى قولهم : تعلمنا العلم لغير الله فأبى العلم أن يكون إلا لله ، أن العلم أبى وامتنع علينا فلم تنكشف لنا حقيقته ، وإنما حصل لنا حديثه وألفاظه

فان قلت : إنى أرى جماعة من العلماء الفقهاء المحققين برّزوا فى الفروع والأصول، وعُدوا من جملة الفحول ، وأخلاقهم ذميمة لم يتطهروا منها . فيقال : إذا عرفت مراتب العلوم وعرفت علم الآخرة استبان لك أن ما اشتغلوا به قليل الغَناء من حيث كونه علما ، وإنما غناؤه من حيث كونه عملا لله تعالى اذا قصد به التقرب الى الله تعالى . وقد سبقت الى هذا إشارة ، وسيأتيك فيه مزيد بيان وإيضاح ، إن شاء الله تعالى

الوظيفة الثانية — أن يقلل علائقه من الاشتغال بالدنيا ، ويبعد عن الأهل والوطن ، فان العلائق شاغلة وصارفة ، وما جعل الله لرجل من قلبين فى جوفه ، ومهما توزعت الفكرة قصرت عن درك الحقائق ، ولذلك قيل : العلم لايعطيك بعضه حتى تعطيه كلك . فاذا أعطيته كلك فأنت من عطائه إياك بعضه على خطر . والفكرة المتوزعة على أمور متفرقة كجدول تفرق ماؤه فنشفت الأرض بعضه، واختطف الهواء بعضه، فلا يبقى منه مايجتمع ويبلغ المزدرع

الوظيفة الثالثة — أن لا يتكبر على العلم ولا يتأمر على المعلم ، بل يلقى اليه زمام أمره بالكلية فى كل تفصيل ، ويذعن لنصيحته إذعان المريض الجاهل للطبيب المشفق الحاذق . وينبغى أن يتواضع لمعلمه ويطلب الثواب والشرف بخدمته ، قال الشعبي : صلى زيد بن ثابت على جنازة فقربت اليه بغلته ليركبها ، فجاء ابن عباس [1] فأخذ بركابه ، فقال زيد : خلّ عنه ياابن عم رسول الله صلى الله عليه وسلم ، فقال ابن عباس : هكذا أمرنا أن نفعل بالعلماء والكبراء ، فقبّل زيد بن ثابت يده وقال : هكذا أمرنا أن نفعل بأهل بيت نبينا صلى الله عليه وسلم. وقال صلى الله عليه وسلم [2] « لَيْسَ مِنْ أَخْلَاقِ الْمُؤْمِنِ التَّمَلُّقُ إِلَّا فِي طَلَبِ الْعِلْمِ » . فلا ينبغى لطالب العلم أن يتكبر على المعلم ، ومن تكبره على المعلم أن يستنكف عن الاستفادة

إلا من المرموقين المشهورين، وهو عين الحماقة . فان العلم سبب النجاة والسعادة . ومن يطلب مهربا من سبع ضار يفترسه لم يفرق بين أن يرشده الى الهرب مشهور أو خامل ، وضراوة سباع النار بالجهال بالله تعالى أشد من ضراوة كل سبع . فالحكمة ضالة المؤمن يغتنمها حيث يظفر بها ، ويتقلد المنة لمن ساقها اليه كائنا من كان ، فلذلك قيل :

العلم حرب للفتى المتعالى كالسيل حرب للمكان العالى

فلا ينال العلم إلا بالتواضع وإلقاء السمع . قال الله تعالى : (إِنَّ فِي ذَٰلِكَ لَذِكْرَىٰ لِمَن كَانَ لَهُ قَلْبٌ أَوْ أَلْقَى السَّمْعَ وَهُوَ شَهِيدٌ) . ومعنى كونه ذا قلب أن يكون قابلا للعلم فهماً ثم لاتعينه القدرة على الفهم حتى يلقى السمع وهو شهيد حاضر القلب ، ليستقبل كل ماألقى اليه بحسن الاصغاء والضراعة والشكر والفرح وقبول المنة . فليكن المتعلم لمعلمه كأرض دمثة نالت مطرا غزيرا فشربت جميع أجزائها ، وأذعنت بالكلية لقبوله . ومهما أشار عليه المعلم بطريق فى التعلم فليقلده وليدع رأيه ،فان خطأ مرشده أنفع له من صوابه فى نفسه ،إذ التجربة تطلع على دقائق يستغرب سماعها مع أنه يعظم نفعها ، فكم من مريض محرور يعالجه الطبيب فى بعض أوقاته بالحرارة ليزيد فى قوته إلى حد يحتمل صدمة العلاج، فيعجب منه من لاخبرة له به. وقد نبه الله تعالى بقصة الخضر وموسى عليهما السلام حيث قال الخضر : (إِنَّكَ لَن تَسْتَطِيعَ مَعِيَ صَبْرًا ، وَكَيْفَ تَصْبِرُ عَلَىٰ مَا لَمْ تُحِطْ بِهِ خُبْرًا) ثم شرط عليه السكوت والتسليم فقال : (فَإِنِ اتَّبَعْتَنِي فَلَا تَسْأَلْنِي عَن شَيْءٍ حَتَّىٰ أُحْدِثَ لَكَ مِنْهُ ذِكْرًا) ثم لم يصبر ولم يزل فى مراودته إلى أن كان ذلك سبب الفراق بينهما . وبالجملة كل متعلم استبق لنفسه رأيا واختيارا دون اختيار المعلم فاحكم عليه بالإخفاق والخسران . فان قلت : فقد قال الله تعالى : (فَاسْأَلُوا أَهْلَ الذِّكْرِ إِن كُنتُمْ لَا تَعْلَمُونَ) فالسؤال مأمور به

فاعلم أنه كذلك ، ولكن فيما يأذن المعلم فى السؤال عنه ، فان السؤال عما لم تبلغ مرتبتك الى فهمه مذموم ، ولذلك منع الخضر موسى عليه السلام من السؤال ، أى دع السؤال قبل أوانه فالمعلم أعلم بما أنت أهل له ، وبأوان الكشف ، ومالم يدخل أوان الكشف فى كل درجة من مراقى الدرجات لايدخل أوان السؤال عنه . وقد قال على رضى الله عنه : إن من حق العالم

Lajna - 86

أن لا تكثر عليه بالسؤال ، ولا تعنته فى الجواب ، ولا تلح عليه إذا كسل ، ولا تأخذ بثوبه إذا نهض ، ولا تفشى له سرا ، ولا تغتابن أحدا عنده ، ولا تطلبن عثرته ، وإن زل قبلت معذرته، وعليك أن توقره وتعظمه لله تعالى مادام يحفظ أمر الله تعالى ، ولا تجلس أمامه ، وإن كانت له حاجة سبقت القوم إلى خدمته

الوظيفة الرابعة — أن يحترز الخائض فى العلم فى مبدأ الأمر عن الاصغاء إلى اختلاف الناس ، سواء كان ماخاض فيه من علوم الدنيا أو علوم الآخرة ، فان ذلك يدهش عقله ويحير ذهنه ، ويفتر رأيه ويؤيسه عن الادراك والاطلاع ، بل ينبغى أن يتقن أولا الطريق الحميدة الواحدة المرضية عند أستاذه ، ثم بعد ذلك يصغى الى المذاهب والشبه ، وإن لم يكن أستاذه مستقلا باختيار رأى واحد وإنما عادته نقل المذاهب وما قيل فيها ، فليحذر منه ، فان إضلاله أكثر من إرشاده ، فلا يصلح الأعمى لقود العميان وإرشادهم ، ومن هذا حاله يعد فى عمى الحيرة وتيه الجهل . ومنع المبتدئ عن الشبه يضاهى منع الحديث العهد بالاسلام عن مخالطة الكفار ، وندب القوى إلى النظر فى الاختلافات يضاهي حث القوى على مخالطة الكفار . ولهذا يمنع الجبان عن التهجم على صف الكفار ، ويندب الشجاع له . ومن الغفلة عن هذه الدقيقة ظن بعض الضعفاء أن الاقتداء بالأقوياء فيما ينقل عنهم من المساهلات جائز ، ولم يدر أن وظائف الأقوياء تخالف وظائف الضعفاء . وفى ذلك قال بعضهم : من رآنى فى البداية صار صديقا ، ومن رآنى فى النهاية صار زنديقا ، إذ النهاية ترد الأعمال إلى الباطن ، وتسكن الجوارح إلا عن رواتب الفرائض ، فيتراءى للناظرين أنها بطالة وكسل وإهمال ، وهيهات . فذلك مرابطة القلب فى عين الشهود والحضور ، وملازمة الذكر الذى هو أفضل الأعمال على الدوام . وتشبه الضعيف بالقوى فيما يرى من ظاهره أنه هفوة يضاهى اعتذار من يلقى نجاسة يسيرة فى كوز ماء ، ويتعلل بأن أضعاف هذه النجاسة قد يلقى فى البحر والبحر أعظم من الكوز ، فما جاز للبحر فهو للكوز أجوز . ولا يدرى المسكين أن البحر بقوته يحيل النجاسة ماء فتنقلب عين النجاسة باستيلائه إلى صفته ، والقليل من النجاسة يغلب على الكوز ويحيله إلى صفته . ولمثل هذا جوز للنبي صلى الله عليه وسلم مالم يجوز لغيره[1] «حَتَّى أُبِيحَ لَهُ تِسْعُ نِسْوَةٍ»

(١) حديث أبيح له صلى الله عليه وسلم تسع نسوة ، وهو معروف . وفى الصحيحين من حديث ابن عباس : كان عند النبي صلى الله عليه وسلم تسع — الحديث

إذ كان له من القوة مايتعدى منه صفة العدل إلى نسائه وإن كثرن . وأما غيره فلا يقدر على بعض العدل بل يتعدى مابينهن من الضرار اليه ، حتى ينجر إلى معصية الله تعالى فى طلبه رضاهن، فما أفلح من قاس الملائكة بالحدادين

الوظيفة الخامسة — أن لايدع طالب العلم فنًّا من العلوم المحمودة ولا نوعا من أنواعه إلا وينظر فيه نظرا يطلع به على مقصده وغايته ، ثم إن ساعده العمر طلب التبحر فيه ، وإلا اشتغل بالأهم منه واستوفاه، وتطرف من البقية ، فان العلوم متعاونة ، وبعضها مرتبط ببعض، ويستفيد منه فى الحال الانفكاك عن عداوة ذلك العلم بسبب جهله ، فان الناس أعداء ماجهلوا ؛ قال تعالى« وَإِذْ لَمْ يَهْتَدُوا بِهِ فَسَيَقُولُونَ هَذَا إِفْكٌ قَدِيمٌ » . قال الشاعر :

ومن يك ذا فم مر مريض * يجدْ مُرا به الماء الزلالا

فالعلوم على درجاتها إما سالكة بالعبد إلى الله تعالى، أو معينة على السلوك نوعا من الإعانة. ولها منازل مرتبة فى القرب والبعد من المقصود ، والقُوام بها حفظة كحفاظ الرباطات والثغور ، ولكل واحد رتبة ، وله بحسب درجته أجر فى الآخرة اذا قصد به وجه الله تعالى

الوظيفة السادسة — أن لايخوض فى فن من فنون العلم دفعة ، بل يراعى الترتيب، ويبتدىء بالأهم ، فان العمر اذا كان لايتسع لجميع العلوم غالبا فالحزم أن يأخذ من كل شىء أحسنه، ويكتفى منه بشمه ، ويصرف جمام قوته فى الميسور من علمه الى استكمال العلم الذى هو أشرف العلوم وهو علم الآخرة ، أعنى قسمى المعاملة والمكاشفة ، فغاية المعاملة المكاشفة ، وغاية المكاشفة معرفة الله تعالى . ولست أعنى به الاعتقاد الذى يتلقفه العامى وراثة أو تلقفا ، ولا طريق تحرير الكلام والمجادلة فى تحصين الكلام عن مراوغات الخصوم كما هو غاية المتكلم ، بل ذلك نوع يقين هو ثمرة نور يقذفه الله تعالى فى قلب عبد طهّر بالمجاهدة باطنه عن الخبائث حتى ينتهى إلى رتبة إيمان أبى بكر رضى الله عنه[1] الذي« لَوْ وُزِنَ بِإِيمَانِ الْعَالَمِينَ لَرَجَحَ » كما شهد له به سيد البشر صلى الله عليه وسلم ، فما عندى أن مايعتقده العامى ويرتبه المتكلم الذى لايزيد على العامى إلا فى صنعة الكلام ، ولأجله سميت صناعته كلاما ، وكان يعجز عنه عمر وعثمان وعلى

وسائر الصحابة رضى الله عنهم ، حتى كان يفضلهم أبو بكر بالسر الذى وقر فى صدره . والعجب ممن يسمع مثل هذه الأقوال من صاحب الشرع صلوات الله وسلامه عليه ثم يزدرى مايسمعه على وفقه ، ويزعم أنه من ترهات الصوفية ، وأن ذلك غير معقول ، فينبغى أن تتئد فى هذا فعنده ضيعت رأس المال ، فكن حريصا على معرفة ذلك السر الخارج عن بضاعة الفقهاء والمتكلمين ، ولا يرشدك اليه إلا حرصك فى الطلب

وعلى الجملة فأشرف العلوم وغايتها معرفة الله عز وجل ، وهو بحر لايدرك منتهى غوره . وأقصى درجات البشر فيه رتبة الأنبياء ، ثم الأولياء ، ثم الذين يلونهم . وقد روى أنه رئى صورة حكيمين من الحكماء المتقدمين فى مسجد وفى يد أحدهما رقعة فيها : إن أحسنت كل شىء فلا تظنن أنك أحسنت شيئا حتى تعرف الله تعالى وتعلم أنه مسبب الأسباب وموجد الأشياء ، وفى يد الآخر : كنت قبل أن أعرف الله تعالى أشرب وأظمأ حتى إذا عرفته رويت بلا شرب .

الوظيفة السابعة — أن لايخوض فى فن حتى يستوفى الفن الذى قبله ، فان العلوم مرتبة ترتيبا ضروريا ، وبعضها طريق إلى بعض ، والموفق من راعى ذلك الترتيب والتدريج ، قال الله تعالى : (ٱلَّذِينَ آتَيْنَاهُمُ ٱلْكِتَابَ يَتْلُونَهُ حَقَّ تِلَاوَتِهِ) أى لايجاوزون فناحتى يحكموه علما وعملا . وليكن قصده فى كل علم يتحراه الترقى إلى ماهو فوقه ، فينبغى أن لايحكم على علم بالفساد لوقوع الخلف بين أصحابه فيه ، ولا بخطأ واحد أو آحاد فيه ، ولا بمخالفتهم موجب علمهم بالعمل ، فترى جماعة تركوا النظر فى العقليات والفقهيات متعللين فيها بأنها لو كان لها أصل لأدركه أربابها ، وقد مضى كشف هذه الشبه فى كتاب معيار العلم . وترى طائفة يعتقدون بطلان الطب لخطأ شاهدوه من طبيب ، وطائفة اعتقدوا صحة النجوم لصواب اتفق لواحد ، وطائفة اعتقدوا بطلانه لخطأ اتفق لآخر ، والكل خطأ ، بل ينبغى أن يعرف الشىء فى نفسه . فلا كل علم يستقل بالإحاطة به كل شخص . ولذلك قال على رضى الله عنه : لاتعرف الحق بالرجال اعرف الحق تعرف أهله

الوظيفة الثامنة ـ أن يعرف السبب الذى به يدرك أشرف العلوم ، وأن ذلك يراد به شيئان : أحدهما شرف الثمرة ، والثانى وثاقة الدليل وقوته ، وذلك كعلم الدين وعلم الطب ، فان ثمرة أحدهما الحياة الأبدية ، وثمرة الآخر الحياة الفانية ، فيكون علم الدين أشرف . ومثل علم الحساب وعلم النجوم ، فان علم الحساب أشرف لوثاقة أدلته وقوتها ، وإنْ نسب الحساب إلى الطب كان

Lajna - 89

الطب أشرف باعتبار ثمرته ، والحساب أشرف باعتبار أدلته ، وملاحظة الثمرة أولى ، ولذلك كان الطب أشرف وإن كان أكثره بالتخمين . وبهذا تبين أن أشرف العلوم العلم بالله عز وجل وملائكته وكتبه ورسله ، والعلم بالطريق الموصل إلى هذه العلوم . فإياك وأن ترغب إلا فيه ، وأن تحرص إلا عليه

الوظيفة التاسعة ـ أن يكون قصد المتعلم فى الحال تحلية باطنه وتجميله بالفضيلة ، وفى المآل القرب من الله سبحانه والترقى إلى جوار الملأ الأعلى من الملائكة والمقربين ، ولا يقصد به الرياسة والمال والجاه ومماراة السفهاء ومباهاة الأقران ، وإذا كان هذا مقصده طلب لا محالة الأقرب إلى مقصوده وهو علم الآخرة . ومع هذا فلا ينبغى له أن ينظر بعين الحقارة إلى سائر العلوم ، أعنى علم الفتاوى وعلم النحو واللغة المتعلقين بالكتاب والسنة ، وغير ذلك مما أوردناه فى المقدمات والمتممات من ضروب العلوم التى هى فرض كفاية . ولا تفهمن من غلوّنا فى الثناء على علم الآخرة تهجين هذه العلوم ، فالمتكفلون بالعلوم كالمتكفلين بالثغور والمرابطين بها والغزاة المجاهدين فى سبيل الله ، فمنهم المقاتل ، ومنهم الرِّدْء ، ومنهم الذى يسقيهم الماء ، ومنهم الذى يحفظ دوابهم ويتعهدهم . ولا ينفك أحد منهم عن أجر إذا كان قصده إعلاء كلمة الله تعالى دون حيازة الغنائم ، فكذلك العلماء ، قال الله تعالى : (يَرْفَعِ ٱللَّهُ ٱلَّذِينَ آمَنُوا مِنكُمْ وَٱلَّذِينَ أُوتُوا ٱلْعِلْمَ دَرَجَاتٍ) . وقال تعالى : (هُمْ دَرَجَاتٌ عِندَ ٱللَّهِ) . والفضيلة نسبية ، واستحقارنا للصيارفة عند قياسهم بالملوك لايدل على حقارتهم اذا قيسوا بالكناسين . فلا تظنن أن ما نزل عن الرتبة القصوى ساقط القدر ، بل الرتبة العليا للأنبياء ، ثم الأولياء ، ثم العلماء الراسخين فى العلم ، ثم للصالحين على تفاوت درجاتهم . وبالجملة من يعملْ مثقال ذرة خيراً يَرهُ ، ومَنْ يعملْ مثقال ذرة شراً يره ، ومن قصد الله تعالى بالعلم أىّ علم كان ، نفعه ، ورفعه لامحالة

الوظيفة العاشرة — أن يعلم نسبة العلوم إلى المقصد ، كيما يؤثر الرفيع القريب على البعيد ، والمهم على غيره . ومعنى المهم مايهمك ، ولا يهمك إلا شأنك فى الدنيا والآخرة . وإذا لم يمكنك الجمع بين ملاذ الدنيا ونعيم الآخرة كما نطق به القرءان وشهد له من نور البصائر مايجرى مجرى العيان ، فالأهم مايبقى أبد الآباد ؛ وعند ذلك تصير الدنيا منزلا ، والبدن مركبا ، والأعمال سعيا إلى المقصد . ولا مقصد إلا لقاء الله تعالى ، ففيه النعيم كله ، وإن كان لا يَعرف فى هذا العالم قدره

Lajna - 90

إلا الأقلون . والعلوم بالاضافة إلى سادة لقاء الله سبحانه والنظر إلى وجهه الكريم، أعنى النظر الذى طلبه الأنبياء وفهموه دون مايسبق إلى فهم العوام والمتكلمين، على ثلاث مراتب ، تفهمها بالموازنة بمثال: وهو أن العبد الذى علق عتقه وتمكينه من الملك بالحج وقيل له : إن حججت وأتممت وصلت إلى العتق والملك جميعا ، وإن ابتدأت بطريق الحج والاستعداد له وعاقك فى الطريق مانع ضرورى فلك العتق والخلاص من شقاء الرق فقط دون سعادة الملك، فله ثلاثة أصناف من الشغل : (الأول) تهيئة الأسباب بشراء الناقة وخرز الراوية وإعداد الزاد والراحلة. و(الثانى) السلوك ومفارقة الوطن بالتوجه إلى الكعبة منزلا بعد منزل . و(الثالث) الاشتغال بأعمال الحج ركنا بعد ركن ، ثم بعد الفراغ والنزوع عن هيئة الإحرام وطواف الوداع استحق التعرض للملك والسلطنة . وله فى كل مقام منازل ، من أول إعداد الأسباب إلى آخره ، ومن أول سلوك البوادى إلى آخره ، ومن أول أركان الحج الى آخره . وليس قرب من ابتدأ بأركان الحج من السعادة كقرب من هو بعد فى إعداد الزاد والراحلة ، ولا كقرب من ابتدأ بالسلوك ، بل هو أقرب منه . فالعلوم أيضاً ثلاثة أقسام : قسم يجرى مجرى إعداد الزاد والراحلة وشراء الناقة ، وهو علم الطب والفقه وما يتعلق بمصالح البدن فى الدنيا . وقسم يجرى مجرى سلوك البوادى وقطع العقبات، وهو تطهير الباطن عن كدورات الصفات وطلوع تلك العقبات الشامخة التى عجز عنها الأولون والآخرون إلا الموفقين ، فهذا سلوك الطريق ، وتحصيل علمه كتحصيل علم جهات الطريق ومنازله . وكما لايغنى علم المنازل وطرق البوادى دون سلوكها ، كذلك لايغنى علم تهذيب الأخلاق دون مباشرة التهذيب ، ولكن المباشرة دون العلم غير ممكن . وقسم ثالث يجرى مجرى نفس الحج وأركانه ، وهو العلم بالله تعالى وصفاته وملائكته وأفعاله وجميع ماذكرناه فى تراجم علم المكاشفة ، وهاهنا نجاة وفوز بالسعادة ، والنجاة حاصلة لكل سالك للطريق إذا كان غرضه المقصد الحق وهو السلامة . وأما الفوز بالسعادة فلا يناله إلا العارفون بالله تعالى ، وهم المقربون المنعمون فى جوار الله تعالى بالرَّوْح والريحان وجنة النعيم . وأما الممنوعون دون ذروة الكمال فلهم النجاة والسلامة ، كما قال الله عز وجل : (فَأَمَّا إِنْ كَانَ مِنَ الْمُقَرَّبِينَ فَرَوْحٌ وَرَيْحَانٌ وَجَنَّةُ نَعِيمٍ ، وَأَمَّا إِنْ كَانَ مِنْ أَصْحَابِ الْيَمِينِ فَسَلَامٌ لَكَ مِنْ أَصْحَابِ الْيَمِينِ) . وكل من لم يتوجه إلى المقصد ولم ينتهض له ، أو انتهض إلى جهته

Lajna - 91

لا على قصد الامتثال والعبودية بل لغرض عاجل، فهو من أصحاب الشمال، ومن الضالين، فله نُزُل من حميم وتصلية جحيم

واعلم أن هذا هو حق اليقين عند العلماء الراسخين، أعنى أنهم أدركوه بمشاهدة من الباطن هى أقوى وأجلى من مشاهدة الأبصار، وترقوا فيه عن حد التقليد لمجرد السماع، وحالهم حال من أخبر فصدّق، ثم شاهد فحقق، وحال غيرهم حال من قبل بحسن التصديق والايمان ولم يحظ بالمشاهدة والعيان. فالسعادة وراء علم المكاشفة، وعلم المكاشفة وراء علم المعاملة التى هى سلوك طريق الآخرة. وقطع عقبات الصفات وسلوك طريق محو الصفات المذمومة وراء علم الصفات. وعلم طريق المعالجة وكيفية السلوك فى ذلك وراء علم سلامة البدن: ومساعدة أسباب الصحة وسلامة البدن بالاجتماع والتظاهر والتعاون الذى يتوصل به إلى الملبس والمطعم والمسكن، وهو منوط بالسلطان، وقانونه فى ضبط الناس على منهج العدل والسياسة فى ناصية الفقيه. وأما أسباب الصحة ففى ناصية الطبيب. ومن قال: العلم علمان: علم الأبدان وعلم الأديان، وأشار به الى الفقه، أراد به العلوم الظاهرة الشائعة لا العلوم العزيزة الباطنة

فان قلت: لم شبهت علم الطب والفقه باعداد الزاد والراحلة؟

فاعلم أن الساعى إلى الله تعالى لينال قربه هو القلب دون البدن، ولست أعنى بالقلب اللحم المحسوس، بل هو سر من أسرار الله عز وجل لا يدركه الحس، ولطيفة من لطائفه تارة يعبر عنه بالروح، وتارة بالنفس المطمئنة. والشرع يعبر عنه بالقلب لأنه المطية الأولى لذلك السر، وبواسطته صار جميع البدن مطية وآلة لتلك اللطيفة. وكشف الغطاء عن ذلك السر من علم المكاشفة، وهو مضنون به بل لا رخصة فى ذكره. وغاية المأذون فيه أن يقال: هو جوهر نفيس ودر عزيز أشرف من هذه الأجرام المرئية، وإنما هو أمر إلهى، كما قال تعالى: « وَيَسْأَلُونَكَ عَنِ الرُّوحِ قُلِ الرُّوحُ مِنْ أَمْرِ رَبِّى » وكل المخلوقات منسوبة إلى الله تعالى، ولكن نسبته أشرف من نسبة سائر أعضاء البدن، فلله الخلق والأمر جميعا، والأمر أعلى من الخلق، وهذه الجوهرة النفيسة الحاملة لأمانة الله تعالى المتقدمة بهذه الرتبة على السموات والأرضين والجبال إذ أبين أن يحملنها وأشفقن منها، من عالم الأمر. ولا يفهم من هذا أنه تعريض بقدمها، فان القائل بقدم الأرواح مغرور جاهل لا يدرى ما يقول. فلنقبض عنان البيان عن هذا الفن، فهو وراء ما نحن

بصدده . والمقصود أن هذه اللطيفة هى الساعية إلى قرب الرب لأنها من أمر الرب ، فمنه مصدرها، واليه مرجعها. وأما البدن فمطيتها التى تركبها وتسعى بواسطتها. فالبدن لها فى طريق الله تعالى كالناقة للبدن فى طريق الحج ، وكالراوية الخازنة للماء الذى يفتقر اليه البدن ، فكل علم مقصده مصلحة البدن فهو من جملة مصالح المطية ، ولا يخفى أن الطب كذلك، فانه قد يحتاج اليه فى حفظ الصحة على البدن ، ولو كان الانسان وحده لاحتاج اليه ،والفقه يفارقه فى أنه لو كان الانسان وحده ربما كان يستغنى عنه، ولكنه خلق على وجه لا يمكنه أن يعيش وحده ،إذ لا يستقل بالسعى وحده فى تحصيل طعامه ، بالحراثة والزرع والخبز والطبخ، وفى تحصيل الملبس والمسكن، وفى إعداد آلات ذلك كله ، فاضطر إلى المخالطة والاستعانة ، ومهما اختلط الناس وثارت شهواتهم تجاذبوا أسباب الشهوات ، وتنازعوا وتقاتلوا ، وحصل من قتالهم هلاكهم بسبب التنافس من خارج ، كما يحصل هلاكهم بسبب تضاد الأخلاط من داخل ، وبالطب يحفظ الاعتدال فى الأخلاط المتنازعة من داخل ، وبالسياسة والعدل يحفظ الاعتدال فى التنافس من خارج ، وعلم طريق اعتدال الأخلاط طب ، وعلم طريق اعتدال أحوال الناس فى المعاملات والأفعال فقه ، وكل ذلك لحفظ البدن الذى هو مطية . فالمتجرد لعلم الفقه أو الطب اذا لم يجاهد نفسه ولا يصلح قلبه كالمتجرد لشراء الناقة وعلفها وشراء الراوية وخرزها اذا لم يسلك بادية الحج ، والمستغرق عمره فى دقائق الكلمات التى تجرى فى مجادلات الفقه كالمستغرق عمره فى دقائق الأسباب التى بها تستحكم الخيوط التى تخرز بها الراوية للحج . ونسبة هؤلاء من السالكين لطريق إصلاح القلب الموصل إلى علم المكاشفة كنسبة أولئك الى سالكى طريق الحج أو ملابسى أركانه . فتأمل هذا أولاً ، واقبل النصيحة مجّانا ممن قام عليه ذلك غالبا ولم يصل اليه إلا بعد جهد جهيد ، وجراءة تامة على مباينة الخلق العامة والخاصة ، فى النزوع من تقليدهم بمجرد الشهوة . فهذا القدر كاف فى وظائف المتعلم

بيان وظائف المرشد المعلم

اعلم أن للانسان فى علمه أربعة أحوال، كحاله فى اقتناء الأموال : اذ لصاحب المال حال استفادة فيكون مكتسبا ، وحال ادخار لما اكتسبه فيكون به غنيا عن السؤال ، وحال إنفاق على نفسه

Lajna - 93

فيكون منتفعا ، وحال بذل لغيره فيكون به سخيا متفضلا ، وهو أشرف أحواله . فكذلك العلم يقتنى كما يقتنى المال ، فله حال طلب واكتساب ، وحال تحصيل يغنى عن السؤال ، وحال استبصار وهو التفكر فى المحصّل والتمتع به ، وحال تبصير وهو أشرف الأحوال . فمن علم وعمل وعلّم فهو الذى يدعى عظيما فى ملكوت السموات ، فانه كالشمس تضىء لغيرها وهى مضيئة فى نفسها ، وكالمسك الذى يطيّب غيره وهو طيب . والذى يعلم ولا يعمل به كالدفتر الذى يفيد غيره وهو خال عن العلم ، وكالمسن الذى يشحذ غيره ولا يقطع ، والإبرة التى تكسو غيرها وهى عارية ، وذبالة المصباح تضىء لغيرها وهى تحترق ، كما قيل :

ماهو إلا ذبالة وقدت * تضىء للناس وهى تحترق

ومهما اشتغل بالتعليم فقد تقلد أمرا عظيما وخطرا جسيما ، فليحفظ آدابه ووظائفه

الوظيفة الأولى ـ الشفقة على المتعلمين ، وأن يجريهم مُجرى بنيه ، قال رسول الله صلى الله عليه وسلم (١) « إِنَّمَا أَنَا لَكُمْ مِثْلُ الْوَالِدِ لِوَلَدِهِ » بأن يقصد إنقاذهم من نار الآخرة ، وهو أهم من إنقاذ الوالدين ولدهما من نار الدنيا ، ولذلك صار حق المعلم أعظم من حق الوالدين ، فان الوالد سبب الوجود الحاضر والحياة الفانية ، والمعلم سبب الحياة الباقية ، ولولا المعلم لانساق ماحصل من جهة الأب إلى الهلاك الدائم ، وإنما المعلم هو المفيد للحياة الأخروية الدائمة ، أعنى معلم علوم الآخرة ، أو علوم الدنيا على قصد الآخرة لا على قصد الدنيا ، فأما التعليم على قصد الدنيا فهو هلاك وإهلاك ، نعوذ بالله منه . وكما أن حق أبناء الرجل الواحد أن يتحابوا ويتعاونوا على المقاصد كلها ، فكذلك حق تلامذة الرجل الواحد التحاب والتوادد ، ولا يكون إلا كذلك إن كان مقصدهم الآخرة ، ولا يكون إلا التحاسد والتباغض إن كان مقصدهم الدنيا ، فان العلماء وأبناء الآخرة مسافرون الى الله تعالى ، وسالكون اليه الطريق من الدنيا ، وسنوها وشهورها منازل الطريق ، والترافق فى الطريق بين المسافرين الى الأمصار سبب التواد والتحاب ، فكيف السفر الى الفردوس الأعلى والترافق فى طريقه ولا ضيق فى سعادة الآخرة ؟ فلذلك لايكون بين أبناء الآخرة تنازع ، ولا سعة فى سعادات الدنيا ، فلذلك لاينفك عن ضيق التزاحم .

(١) حديث إنما أنا لكم مثل الوالد لولده : أبو داود والنسائى وابن ماجه وابن حبان من حديث أبى هريرة

Lajna - 94

والعادلون الى طلب الرياسة بالعلوم خارجون عن موجب قوله تعالى : (إِنَّمَا الْمُؤْمِنُونَ إِخْوَةٌ) وداخلون فى مقتضى قوله تعالى : (الْأَخِلَّاءُ يَوْمَئِذٍ بَعْضُهُمْ لِبَعْضٍ عَدُوٌّ إِلَّا الْمُتَّقِينَ)

الوظيفة الثانية ـ أن يقتدى بصاحب الشرع صلوات الله عليه وسلامه ، فلا يطلب على إفادة العلم أجرا ، ولا يقصد به جزاء ولا شكراً ، بل يعلّم لوجه الله تعالى وطلبا للتقرب اليه ؛ ولا يرى لنفسه منّة عليهم وإن كانت المنة لازمة عليهم ، بل يرى الفضل لهم إذ هذبوا قلوبهم لأن تتقرب إلى الله تعالى بزراعة العلوم فيها ، كالذى يعيرك الأرض لتزرع فيها لنفسك زراعة فمنفعتك بها تزيد على منفعة صاحب الأرض ، فكيف تقلده منة وثوابك فى التعليم أكثر من ثواب المتعلم عند الله تعالى ، ولولا المتعلم مانلت هذا الثواب ؟ فلا تطلب الأجر إلا من الله تعالى ، كما قال عز وجل : (وَيَاقَوْمِ لَا أَسْأَلُكُمْ عَلَيْهِ مَالًا إِنْ أَجْرِيَ إِلَّا عَلَى اللَّهِ) فان المال وما فى الدنيا خادم البدن ، والبدن مركب النفس ومطيتها ، والمخدوم هو العلم ، إذ به شرف النفس ؛ فمن طلب بالعلم المال كان كمن مسح أسفل مداسه بوجهه لينظفه ، فجعل المخدوم خادما والخادم مخدوما ، وذلك هو الانتكاس على أم الراس . ومثله هو الذى يقوم فى العرض الأكبر مع المجرمين ناكسى رءوسهم عند ربهم . وعلى الجملة فالفضل والمنة للمعلم . فانظر كيف انتهى أمر الدين إلى قوم يزعمون أن مقصودهم التقرب إلى الله تعالى بما هم فيه من علم الفقه والكلام والتدريس فيهما وفى غيرهما ، فانهم يبذلون المال والجاه ويتحملون أصناف الذل فى خدمة السلاطين لاستطلاق الجرايات ، ولو تركوا ذلك لتركوا ولم يختلف اليهم ، ثم يتوقع المعلم من المتعلم أن يقوم له فى كل نائبة ، وينصر وليه ، ويعادى عدوه ، وينتهض جهارا له فى حاجاته ، ومسخرا بين يديه فى أوطاره ، فان قصّر فى حقه ثار عليه وصار من أعدى أعدائه ، فأخسِسْ بعالم يرضى لنفسه بهذه المنزلة ثم يفرح بها ، ثم لا يستحيي من أن يقول : غرضى من التدريس نشر العلم تقربا الى الله تعالى ونصرة لدينه ! فانظر إلى الأمارات حتى ترى ضروب الاغترارات .

الوظيفة الثالثة ـ أن لا يدع من نصح المتعلم شيئا ، وذلك بأن يمنعه من التصدى لرتبة قبل استحقاقها ، والتشاغل بعلم خفى قبل الفراغ من الجلى ، ثم ينبهه على أن الغرض بطلب العلوم القرب إلى الله تعالى دون الرياسة والمباهاة والمنافسة ، ويقدم تقبيح ذلك فى نفسه بأقصى

Lajna - 95

مايمكن، فليس مايصلحه العالم الفاجر بأكثر مما يفسده ، فانْ علم من باطنه أنه لايطلب العلم إلا للدنيا نظر الى العلم الذى يطلبه : فان كان هو علم الخلاف فى الفقه والجدل فى الكلام والفتاوى فى الخصومات والأحكام ، فيمنعه من ذلك ، فان هذه العلوم ليست من علوم الآخرة ولا من العلوم التى قيل فيها : تعلمنا العلم لغير الله فأبى العلم أن يكون إلا لله ، وإنما ذلك علم التفسير وعلم الحديث ، وما كان الأولون يشتغلون به من علم الآخرة ومعرفة أخلاق النفس وكيفية تهذيبها ، فاذا تعلمه الطالب وقصد به الدنيا فلا بأس أن يتركه ، فانه يثمر له طمعا فى الوعظ والاستتباع ، ولكن قد يتنبه فى أثناء الأمر أو آخره ، إذ فيه العلوم المخوفة من الله تعالى المحقرة للدنيا المعظمة للآخرة ، وذلك يوشك أن يؤدى الى الصواب فى الآخرة حتى يتعظ بما يعظ به غيره ، ويجرى حُب القبول والجاه مجرى الحب الذى ينثر حوالى الفخ ليقتنص به الطير ، وقد فعل الله ذلك بعباده ، إذ جعل الشهوة ليصل الخلق بها الى بقاء النسل ، وخلق أيضا حب الجاه ليكون سببا لإحياء العلوم . وهذا متوقع فى هذه العلوم

فأما الخلافيات المحضة ومجادلات الكلام ومعرفة التفاريع الغريبة فلا يزيد التجرد لها مع الإعراض عن غيرها إلا قسوة فى القلب ، وغفلة عن الله تعالى ، وتماديا فى الضلال ، وطلبا للجاه ، إلا من تداركه الله تعالى برحمته ، أو مزج به غيره من العلوم الدينية ، ولا برهان على هذا كالتجربة والمشاهدة . فانظر واعتبر ، واستبصر لتشاهد تحقيق ذلك فى العباد والبلاد ، والله المستعان . وقد رئى سفيان الثورى رحمه الله حزينا ، فقيل له : مالك ؟ فقال : صرنا متجراً لأبناء الدنيا ، يلزمنا أحدهم حتى إذا تعلم جعل قاضيا أو عاملا أو قهرمانا

الوظيفة الرابعة وهى من دقائق صناعة التعليم ـ أن يزجر المتعلم عن سوء الأخلاق بطريق التعريض ماأمكن ، ولا يصرح ، وبطريق الرحمة لا بطريق التوبيخ ، فان التصريح يهتك حجاب الهيبة ، ويورث الجرأة على الهجوم بالخلاف ، ويهيج الحرص على الإصرار ، إذ قال صلى الله عليه وسلم وهو مرشد كل معلم [1] « لَوْ مُنِعَ النَّاسُ عَنْ فَتِّ الْبَعْرِ لَفَتُّوهُ وَقَالُوا فَانْهِينَا عَنْهُ إِلاَّ وَفِيهِ شَيْءٌ » ! وينبهك على هذا قصة آدم وحواء عليهما السلام وما نهيا عنه ، فما ذكرت القصة معك لتكون سمرا ، بل لتتنبه بها على سبيل العبرة ، ولأن التعريض أيضا يميل

Lajna - 96

النفوس الفاضلة والأذهان الذكية إلى استنباط معانيه ، فيفيد فرح التفطن لمعناه رغبة فى العلم به ليعلم أن ذلك مما لا يعزب عن فطنته

الوظيفة الخامسة ـ أن المتكفل ببعض العلوم ينبغى أن لا يقبّح فى نفس المتعلم العلوم التى وراءه كمعلم اللغة إذ عادته تقبيح علم الفقه ، ومعلم الفقه عادته تقبيح علم الحديث والتفسير وأن ذلك نقل محض وسماع وهو شأن العجائز ، ولا نظر للعقل فيه ، ومعلم الكلام ينفّر عن الفقه ويقول : ذلك فروع وهو كلام فى حيض النسوان ، فأين ذلك من الكلام فى صفة الرحمن . فهذه أخلاق مذمومة للمعلمين ينبغى أن تجتنب ، بل المتكفل بعلم واحد ينبغى أن يوسع على المتعلم طريق التعلم فى غيره ؛ وإن كان متكفلا بعلوم فينبغى أن يراعى التدريج فى ترقية المتعلم من رتبة إلى رتبة

الوظيفة السادسة ـ أن يقتصر بالمتعلم على قدر فهمه ، فلا يلقى اليه ما لا يبلغه عقله ، فينفره أو يخبط عليه عقله ، اقتداء فى ذلك بسيد البشر صلى الله عليه وسلم حيث قال :[1] « نَحْنُ مَعَاشِرَ الْأَنْبِيَاءِ أُمِرْنَا أَنْ نُنْزِلَ النَّاسَ مَنَازِلَهُمْ وَنُكَلِّمَهُمْ عَلَى قَدْرِ عُقُولِهِمْ » . فليبثّ اليه الحقيقة إذا علم أنه يستقل بفهمها . وقال صلى الله عليه وسلم : « مَا أَحَدٌ يُحَدِّثُ قَوْمًا بِحَدِيثٍ لَا تَبْلُغُهُ عُقُولُهُمْ إِلَّا كَانَ فِتْنَةً عَلَى بَعْضِهِمْ » . وقال على رضى الله عنه وأشار إلى صدره : إن هاهنا لعلوما جمّة لو وجدت لها حملة . وصدق رضى الله عنه ، فقلوب الأبرار قبور الأسرار ، فلا ينبغى أن يفشى العالم كل ما يعلم إلى كل أحد . هذا إذا كان يفهمه المتعلم ولم يكن أهلا للانتفاع به ، فكيف فيما لا يفهمه ؟ وقال عيسى عليه السلام : لا تعلقوا الجواهر فى أعناق الخنازير ، فان الحكمة خير من الجوهر ، ومن كرهها فهو شر من الخنازير . ولذلك قيل : زِنْ لكل عبد بمعيار عقله ، وزن له بميزان فهمه حتى تسلم منه وينتفع بك ، وإلا وقع الإنكار لتفاوت المعيار . وسئل بعض العلماء عن شىء فلم يجب ، فقال السائل : أما سمعت رسول الله صلى الله عليه وسلم[2] قال : « مَنْ كَتَمَ عِلْمًا نَافِعًا جَاءَ يَوْمَ الْقِيَامَةِ مُلْجَمًا بِلِجَامٍ مِنْ نَارٍ » !

(١) حديث نحن معاشر الانبياء أمرنا أن ننزل الناس منازلهم ـ الحديث : رويناه فى جزء من حديث أبى بكر ابن الشخير من حديث عمر أخصر منه ، وعند أبى داود من حديث عائشة : انزلوا الناس منازلهم

(٢) حديث من كتم علما نافعا جاء يوم القيامة ملجما بلجام من نار : ابن ماجه من حديث أبى سعيد بإسناد ضعيف ، وتقدم حديث أبى هريرة بنحوه

فقال : اترك اللجام واذهب فإن جاء من يفقه وكتمته فليلجمني، فقد قال الله تعالى : (وَلَا تُؤْتُوا السُّفَهَاءَ أَمْوَالَكُمُ) تنبيها على أن حفظ العلم ممن يفسده ويضره أولى ، وليس الظلم فى إعطاء غير المستحق بأقل من الظلم فى منع المستحق :

أأنثر درّاً بين سارحة النَّعم فأصبح مخزونا براعية الغنم
لأنهم أمسوا بجهل لقدره فلا أنا أضحى أن أطوقه البَهم
فان لَطف الله اللطيف بلطفه وصادفتُ أهلا للعلوم وللحكم
نشرت مفيدا واستفدت مودة وإلا فمخزون لدىّ ومكتتم
فمن منح الجهال علما أضاعه ومن منع المستوجبين فقد ظلم

الوظيفة السابعة — أن المتعلم القاصر ينبغى أن يلقى اليه الجلى اللائق به ، ولا يذكر له أن وراء هذا تدقيقا وهو يدخره عنه ، فان ذلك يفتر رغبته فى الجلىّ ، ويشوّش عليه قلبه ، ويوهم اليه البخل به عنه ، إذ يظن كل أحد أنه أهل لكل علم دقيق ، فما من أحد إلا وهو راض عن الله سبحانه فى كمال عقله ، وأشدهم حماقة وأضعفهم عقلا هو أفرحهم بكمال عقله . وبهذا يعلم أن من تقيد من العوام بقيد الشرع ، ورسخ فى نفسه العقائد المأثورة عن السلف من غير تشبيه ومن غير تأويل ، وحسن مع ذلك سريرته ، ولم يحتمل عقله أكثر من ذلك ، فلا ينبغى أن يشوّش عليه اعتقاده ، بل ينبغي أن يخلى وحرفته ، فانه لو ذكر له تأويلات الظاهر انحلّ عنه قيد العوام ولم يتيسر قيده بقيد الخواص ، فيرتفع عنه السد الذى بينه وبين المعاصى ، وينقلب شيطانا مريدا يهلك نفسه وغيره ، بل لا ينبغى أن يخاض مع العوام فى حقائق العلوم الدقيقة ، بل يقتصر معهم على تعليم العبادات ، وتعليم الأمانة فى الصناعات التى هم بصددها ، ويملأ قلوبهم من الرغبة والرهبة فى الجنة والنار ، كما نطق به القرءان ، ولا يحرك عليهم شبهة ، فانه ربما تعلقت الشبهة بقلبه ويعسر عليه حلها فيشقى ويهلك . وبالجملة لا ينبغى أن يفتح للعوام باب البحث ، فانه يعطل عليهم صناعاتهم التى بها قوام الخلق ، ودوام عيش الخواص

الوظيفة الثامنة — أن يكون المعلم عاملا بعلمه ، فلا يكذب قوله فعله ، لأن العلم يدرك بالبصائر والعمل يدرك بالأبصار ، وأرباب الأبصار أكثر ، فاذا خالف العمل العلم منع الرشد ، وكل من تناول شيئا وقال للناس لا تتناولوه فانه سم مهلك ، سخر الناس به واتهموه ، وزاد

حرصهم على مانهوا عنه ، فيقولون : لولا أنه أطيب الأشياء وألذها لما كان يستأثر به . ومَثل المعلم المرشد من المسترشدين مثل النقش من الطين والظل من العود ، فكيف ينتقش الطين بمالا نقش فيه ، ومتى استوى الظل والعود أعوج ؟! ولذلك قيل فى المعنى :

لاتنهَ عن خُلق وتأتىَ مثله عار عليك إذا فعلت عظيم

وقال الله تعالى : (أَتَأْمُرُونَ النَّاسَ بِالْبِرِّ وَتَنْسَوْنَ أَنْفُسَكُمْ) . ولذلك كان وزر العالم فى معاصيه أكبر من وزر الجاهل، إذ يزل بزلته عالَم كثير، ويقتدون به، و«مَنْ سَنَّ سُنَّةً سَيِّئَةً فَعَلَيْهِ وِزْرُهَا وَوِزْرُ مَنْ عَمِلَ بِهَا» ، ولذلك قال على رضى الله عنه : قَصَم ظهرى رجلان : عالمٌ متهتك ، وجاهل متنسّك ، فالجاهل يغر الناس بتنسكه ، والعالم يغرهم بتهتكه . والله أعلم

الباب السادس

فى آفات العلم

وبيان علامات علماء الآخرة والعلماء السوء

قد ذكرنا ماورد من فضائل العلم والعلماء ، وقد ورد فى العلماء السوء تشديدات عظيمة دلت على أنهم أشدّ الخلق عذابا يوم القيامة ، فمن المهمات العظيمة معرفة العلامات الفارقة بين علماء الدنيا وعلماء الآخرة ، ونعنى بعلماء الدنيا علماء السوء الذين قصْدهم من العلم التنعم بالدنيا والتوصل إلى الجاه والمنزلة عند أهلها ، قال صلى الله عليه وسلم: « إِنَّ أَشَدَّ النَّاسِ عَذَابًا يَوْمَ الْقِيَامَةِ عَالِمٌ لَمْ يَنْفَعْهُ اللهُ بِعِلْمِهِ » . وعنه صلى الله عليه وسلم أنه قال [1] « لَا يَكُونُ الْمَرْءُ عَالِمًا حَتَّى يَكُونَ بِعِلْمِهِ عَامِلًا » . وقال صلى الله عليه وسلم [2] «الْعِلْمُ عِلْمَانِ : عِلْمٌ عَلَى اللِّسَانِ، فَذَلِكَ حُجَّةُ

اللهُ تَعَالَى عَلَى خَلْقِهِ ؛ وَعِلْمٌ فِي الْقَلْبِ فَذَلِكَ الْعِلْمُ النَّافِعُ » . وقال صلى الله عليه وسلم[1] « يَكُونُ فِي آخِرِ الزَّمَانِ عُبَّادٌ جُهَّالٌ وَعُلَمَاءُ فُسَّاقٌ » وقال صلى الله عليه وسلم[2] « لَا تَتَعَلَّمُوا الْعِلْمَ لِتُبَاهُوا بِهِ الْعُلَمَاءَ وَلِتُمَارُوا بِهِ السُّفَهَاءَ، وَلِتَصْرِفُوا بِهِ وُجُوهَ النَّاسِ إِلَيْكُمْ، فَمَنْ فَعَلَ ذَلِكَ فَهُوَ فِي النَّارِ » . وقال صلى الله عليه وسلم: « مَنْ كَتَمَ عِلْمًا عِنْدَهُ أَلْجَمَهُ اللهُ بِلِجَامٍ مِنْ نَارٍ » . وقال صلى الله عليه وسلم[3] « لَأَنَا مِنْ غَيْرِ الدَّجَّالِ أَخْوَفُ عَلَيْكُمْ مِنَ الدَّجَّالِ » فقيل: وماذلك؟ فقال: « مِنَ الْأَئِمَّةِ الْمُضِلِّينَ » . وقال صلى الله عليه وسلم[4] « مَنِ ازْدَادَ عِلْمًا وَلَمْ يَزْدَدْ هُدًى لَمْ يَزْدَدْ مِنَ اللهِ إِلَّا بُعْدًا » . وقال عيسى عليه السلام: إلى متى تصفون الطريق للمُدْلِجين وأنتم مقيمون مع المتحيرين !

فهذا وغيره من الأخبار يدل على عظيم خطر العلم ، فان العالم إما متعرض لهلاك الأبد ، أو لسعادة الأبد ، وإنه بالخوض فى العلم قد حُرم السلامة إن لم يدرك السعادة

وأما الآثار ، فقد قال عمر رضى الله عنه : إن أخوف ماأخاف على هذه الأمة المنافق العليم. قالوا : وكيف يكون منافقا عليما ؟ قال : عليم اللسان جاهل القلب والعمل . وقال الحسن رحمه الله : لاتكن ممن يجمع علم العلماء وطرائف الحكماء ، ويجرى فى العمل مجرى السفهاء . وقال رجل لأبى هريرة رضى الله عنه : أريد أن أتعلم العلم وأخاف أن أضيعه ، فقال : كفى بترك العلم إضاعة له . وقيل لابراهيم بن عيينة : أى الناس أطول تدما ؟ قال : أما فى عاجل الدنيا فصانع المعروف إلى من لايشكره ، وأما عند الموت فعالم مفرّط . وقال الخليل بن أحمد : الرجال

حتى قال : (فَمَثَلُهُ كَمَثَلِ ٱلْكَلْبِ إِنْ تَحْمِلْ عَلَيْهِ يَلْهَثْ أَوْ تَتْرُكْهُ يَلْهَثْ) فكذلك العالم الفاجر فمن بلعام أوتى كتاب الله تعالى فأخلد إلى الشهوات ، فشبه بالكلب ، أى سواء أوتى الحكمة أو لم يؤت فهو يلهث إلى الشهوات

وقال عيسى عليه السلام : مثل علماء السوء كمثل صخرة وقعت على فم النهر لاهى تشرب الماء ولا هى تترك الماء يخلص الى الزرع . ومثل علماء السوء مثل قناة الخش ظاهرها جص وباطنها نتن ، ومثل القبور ظاهرها عامر وباطنها عظام الموتى

فهذه الأخبار والآثار تبين أن العالم الذى هو من أبناء الدنيا أخس حالا وأشد عذابا من الجاهل ؛ وأن الفائزين المقربين هم علماء الآخرة ، ولهم علامات :

فمنها أن لايطلب الدنيا بعلمه ، فان أقل درجات العالم أن يدرك حقارة الدنيا وخستها وكدورتها وانصرامها ، وعظم الآخرة ودوامها وصفاء نعيمها وجلالة ملكها ، ويعلم أنهما متضادتان ، وأنهما كالضرتين مهما أرضيت إحداهما أسخطت الأخرى ، وأنهما ككفتى الميزان مهما رجحت إحداهما خفت الأخرى ، وأنهما كالمشرق والمغرب مهما قربت من أحدهما بعدت عن الآخر ، وأنهما كقدحين أحدهما مملوء والآخر فارغ ؛ فبقدر ماتصب منه فى الآخر حتى يمتلىء يفرغ الآخر ؛ فان من لايعرف حقارة الدنيا وكدورتها وامتزاج لذتها بألمها ثم انصرام مايصفو منها ، فهو فاسد العقل ، فان المشاهدة والتجربة ترشد إلى ذلك ، فكيف يكون من العلماء من لا عقل له ؟ ومن لايعلم عظم أمر الآخرة ودوامها فهو كافر مسلوب الايمان ، فكيف يكون من العلماء من لا إيمان له ؟ ومن لايعلم مضادة الدنيا للآخرة ، وأن الجمع بينهما طمع فى غير مطمع ، فهو جاهل بشرائع الأنبياء كلهم ، بل هو كافر بالقرءان كله من أوله الى آخره ، فكيف يعد من زمرة العلماء ؟ ومن علم هذا كله ثم لم يؤثر الآخرة على الدنيا فهو أسير الشيطان قد أهلكته شهوته وغلبت عليه شقوته ، فكيف يعد من حزب العلماء من هذه درجته؟

وفى أخبار داود عليه السلام حكاية عن الله تعالى : إن أدنى ماأصنع بالعالم اذا آثر شهوته على محبتى أن أحرمه لذيذ مناجاتى . ياداود لاتسأل عنى عالما قد أسكرته الدنيا فيصدك عن طريق محبتى ، أولئك قطاع الطريق على عبادي . ياداود اذا رأيت لى طالبا فكن له خادما .

يا داود من رد إلىّ هاربا كتبته جهبذا ، ومن كتبته جهبذا لم أعذبه أبداً ». ولذلك قال الحسن رحمه الله : عقوبة العلماء موت القلب ، وموت القلب طلب الدنيا بعمل الآخرة . ولذلك قال يحيى بن معاذ : إنما يذهب بهاء العلم والحكمة إذا طلب بهما الدنيا . وقال سعيد بن المسيّب رحمه الله : إذا رأيتم العالم يغشى الأمراء فهو لص . وقال عمر رضى الله عنه : إذا رأيتم العالم محبا للدنيا فاتهموه على دينكم ، فان كل محب يخوض فيما أحب . وقال مالك بن دينار رحمه الله : قرأت فى بعض الكتب السالفة أن الله تعالى يقول : إن أهون ماأصنع بالعالم إذا أحب الدنيا أن أخرج حلاوة مناجاتى من قلبه . وكتب رجل إلى أخ له : إنك قد أوتيت علما فلا تطفئن نور علمك بظلمة الذنوب فتبقى فى الظلمة يوم يسعى أهل العلم فى نور علمهم . وكان يحيى بن معاذ الرازى رحمه الله يقول لعلماء الدنيا : ياأصحاب العلم قصوركم قيصرية ، وبيوتكم كسروية وأثوابكم ظاهرية ، وأخفافكم جالوتية ، ومراكبكم قارونية ، وأوانيكم فرعونية ، ومآثمكم جاهلية ، ومذاهبكم شيطانية ، فأين الشريعة المحمدية ! قال الشاعر :

وراعى الشاة يحمى الذئب عنها فكيف إذا الرعاة لها ذئاب

وقال آخر :

يامعشر القراء ياملح البلد مايصلح الملح إذا الملح فسد !

وقيل لبعض العارفين : أترى ان من تكون المعاصى قرة عينه لايعرف الله ؟ فقال : لاأشك أن من تكون الدنيا عنده آثر من الآخرة أنه لايعرف الله تعالى . وهذا دون ذلك بكثير . ولاتظنن أن ترك المال يكفى فى اللحوق بعلماء الآخرة ، فان الجاه أضر من المال . ولذلك قال بشر : حدّثنا باب من أبواب الدنيا ، فاذا سمعت الرجل يقول حدثنا فانما يقول أوسعوا لى . ودفن بشر بن الحارث بضعة عشر مابين قمطرة وقوصرة من الكتب ، وكان يقول أنا أشتهى أن أحدث ، ولو ذهبت عنى شهوة الحديث لحدثت . وقال هو وغيره : إذا اشتهيت أن تحدث فاسكت ، فاذا لم تشته فحدث . وهذا لأن التلذذ بجاه الافادة ومنصب الارشاد أعظم لذة من كل تنعم فى الدنيا ، فمن أجاب شهوته فيه فهو من أبناء الدنيا . ولذلك قال الثورى : فتنة الحديث أشد من فتنة الأهل والمال والولد ، وكيف لاتخاف فتنته وقد قيل لسيد المرسلين صلى الله عليه وسلم : (وَلَوْلَا أَنْ ثَبَّتْنَاكَ لَقَدْ كِدْتَ تَرْكَنُ إِلَيْهِمْ شَيْئًا قَلِيلًا)

وقال سهل رحمه الله : العلم كله دنيا ، والآخرة منه العمل به ، والعمل كله هباء إلا الاخلاص : وقال الناس كلهم موتى إلا العلماء ، والعلماء سكارى إلا العاملين ، والعاملون كلهم مغرورون إلا المخلصين ، والمخلص على وجل حتى يدرى ماذا يختم له به. وقال أبو سليمان الدارانى رحمه الله : إذا طلب الرجل الحديث أو تزوّج أو سافر فى طلب المعاش فقد ركن إلى الدنيا. وإنما أراد به طلب الأسانيد العالية ، أو طلب الحديث الذي لايحتاج اليه فى طلب الآخرة . وقال عيسى عليه السلام : كيف يكون من أهل العلم مَن مسيره إلى آخرته وهو مقبل على طريق دنياه ؟ وكيف يكون من أهل العلم من يطلب الكلام ليخبر به لا ليعمل به؟ وقال صالح بن كيسان البصرى : أدركت الشيوخ وهم يتعوّذون بالله من الفاجر العالم بالسنة . وروى أبو هريرة رضى الله عنه قال: قال رسول الله صلى الله عليه وسلم (١) « مَنْ طَلَبَ عِلْمًا مِمَّا يُبْتَغَى بِهِ وَجْهُ اللهِ تَعَالَى لِيُصِيبَ بِهِ عَرَضًا مِنَ الدُّنْيَا لَمْ يَجِدْ عَرْفَ الْجَنَّةِ يَوْمَ الْقِيَامَةِ »

وقد وصف الله علماء السوء بأكل الدنيا بالعلم ، ووصف علماء الآخرة بالخشوع والزهد فقال عز وجل فى علماء الدنيا : (وَإِذْ أَخَذَ اللهُ مِيثَاقَ الَّذِينَ أُوتُوا الْكِتَابَ لَتُبَيِّنُنَّهُ لِلنَّاسِ وَلَا تَكْتُمُونَهُ فَنَبَذُوهُ وَرَاءَ ظُهُورِهِمْ وَاشْتَرَوْا بِهِ ثَمَنًا قَلِيلًا) وقال تعالى فى علماء الآخرة : (وَإِنَّ مِنْ أَهْلِ الْكِتَابِ لَمَنْ يُؤْمِنُ بِاللهِ وَمَا أُنْزِلَ إِلَيْكُمْ وَمَا أُنْزِلَ إِلَيْهِمْ خَاشِعِينَ لله لايَشْتَرُونَ بِآيَاتِ اللهِ ثَمَنًا قَلِيلًا أُولَئِكَ لَهُمْ أَجْرُهُمْ عِنْدَ رَبِّهِمْ) وقال بعض السلف : العلماء يحشرون فى زمرة الأنبياء ، والقضاة يحشرون فى زمرة السلاطين . وفى معنى القضاة كل فقيه قصده طلب الدنيا بعلمه

وروى أبو الدرداء رضى الله عنه عن النبي صلى الله عليه وسلم أنه قال (٢) « أَوْحَى اللهُ عَزَّ وَجَلَّ إِلَى بَعْضِ الْأَنْبِيَاءِ : قُلْ لِلَّذِينَ يَتَفَقَّهُونَ لِغَيْرِ الدِّينِ، وَيَتَعَلَّمُونَ لِغَيْرِ الْعَمَلِ،

وأشد من هذا ماروى أن رجلا كان يخدم موسى عليه السلام فجعل يقول : حدثنى موسى صفى الله ، حدثنى موسى نجىّ الله ، حدثنى موسى كليم الله ، حتى أثرى وكثر ماله ، ففقده موسى عليه السلام ، فجعل يسأل عنه ولا يحس له خبرا ، حتى جاءه رجل ذات يوم وفى يده خنزير وفى عنقه حبل أسود ، فقال له موسى عليه السلام : أتعرف فلانا ؟ قال : نعم ، هو هذا الخنزير ؛ فقال موسى : يا رب أسألك أن ترده إلى حاله حتى أسأله بم أصابه هذا؟ فأوحى الله عز وجل اليه : لو دعوتنى بالذى دعانى به آدم فمن دونه ما أجبتك فيه ، ولكن أخبرك لم صنعت هذا به : لأنه كان يطلب الدنيا بالدين

الفسقة من العلماء يبدأ بهم يوم القيامة قبل عبدة الأوثان . وقال أبو الدرداء رضى الله عنه: ويل لمن لا يعلم مرة ، وويل لمن يعلم ولا يعمل سبع مرات . وقال الشعبي : يطلع يوم القيامة قوم من أهل الجنة على قوم من أهل النار فيقولون لهم : ماأدخلكم النار وإنما أدخلنا الله الجنة بفضل تأديبكم وتعليمكم ؟ فيقولون: إنا كنا نأمر بالخير ولا نفعله ، وننهى عن الشر ونفعله . وقال حاتم الأصم رحمه الله : ليس فى القيامة أشد حسرة من رجل علّم الناس علما فعملوا به ولم يعمل هو به ففازوا بسببه وهلك هو . وقال مالك بن دينار : إن العالم إذا لم يعمل بعلمه زلّت موعظته عن القلوب كما يزل القَطْر عن الصفا . وأنشدوا :

عليه السلام : مثل الذى يتعلم العلم ولا يعمل به كمثل امرأة زنت فى السر فحملت فظهر حملها فافتضحت ؛ فكذلك من لا يعمل بعلمه يفضحه الله تعالى يوم القيامة على رءوس الأشهاد . وقال معاذ رحمه الله : احذروا زَلّة العالم لأن قدره عند الخلق عظيم فيتبعونه على زلته . وقال عمر رضي الله عنه : إذا زل العالم زل بزلته عالَم من الخلق . وقال عمر رضى الله عنه : ثلاث بهن ينهدم الزمان : إحداهن زلة العالم . وقال ابن مسعود : سيأتى على الناس زمان تملُح فيه عذوبة القلوب فلا ينتفع بالعلم يومئذ عالمه ولا متعلمه ، فتكون قلوب علمائهم مثل السباخ من ذوات الملح ينزل عليها قطر السماء فلا يوجد لها عذوبة، وذلك إذا مالت قلوب العلماء إلى حب الدنيا وإيثارها على الآخرة ، فعند ذلك يسلبها الله تعالى ينابيع الحكمة ، ويطفىء مصابيح الهدى من قلوبهم ، فيخبرك عالمهم حين تلقاه أنه يخشى الله بلسانه والفجور ظاهر فى عمله ، فما أخصب الألسن يومئذ وما أجدب القلوب ! فوالله الذى لا إله إلا هو ماذلك إلا لأن المعلمين علموا لغير الله تعالى ، والمتعلمين تعلموا لغير الله تعالى . وفى التوراة والانجيل مكتوب : لا تطلبوا علم مالم تعلموا حتى تعملوا بما علمتم وقال حذيفة رضى الله عنه : إنكم فى زمان من ترك فيه عُشر مايعلم هلك ، وسيأتى زمان من عمل فيه بعشر مايعلم نجا ، وذلك لكثرة البطالين

واعلم أن مثل العالم مثل القاضى ، وقد قال صلى الله عليه وسلم [1] «اَلْقُضَاةُ ثَلَاثَةٌ : قَاضٍ قَضَى بِالْحَقِّ وَهُوَ يَعْلَمُ فَذَلِكَ فِى الْجَنَّةِ ، وَقَاضٍ قَضَى بِالْجَوْرِ وَهُوَ يَعْلَمُ أَوْ لَا يَعْلَمُ فَهُوَ فِى النَّارِ ، وَقَاضٍ قَضَى بِغَيْرِ مَا أَمَرَ اللهُ بِهِ فَهُوَ فِى النَّارِ » . وقال كعب رحمه الله : يكون فى آخر الزمان علماء يزهّدون الناس فى الدنيا ولا يزهدون ، ويخوفون الناس ولا يخافون ، وينهون عن غشيان الولاة ويأتونهم ، ويؤثرون الدنيا على الآخرة ، يأكلون بألسنتهم ، يقربون الأغنياء دون الفقراء ، يتغايرون على العلم كما تتغاير النساء على الرجال ، يغضب أحدهم على جليسه إذا جالس غيره ، أولئك الجبارون أعداء الرحمن . وقال صلى الله عليه وسلم [2] «إِنَّ الشَّيْطَانَ رُبَّمَا يُسَوِّفُكُمْ بِالْعِلْمِ » فقيل يارسول الله وكيف ذلك ؟ قال صلى الله عليه وسلم :

وقال سَرِى السَّقَطى : اعتزل رجل للتعبد كان حريصا على طلب علم الظاهر ، فسألته فقال : رأيت فى النوم قائلا يقول لى إلى كم تضيع العلم ضيعك الله ! فقلت : إنى لأحفظه، فقال حفظ العلم العمل به . فتركت الطلب وأقبلت على العمل . وقال ابن مسعود رضى الله عنه : ليس العلم بكثرة الرواية إنما العلم الخشية . وقال الحسن : تعلموا ماشئتم أن تعلموا فوالله لايأجركم الله حتى تعملوا، فان السفهاء همتهم الرواية ، والعلماء همتهم الرعاية . وقال مالك رحمه الله : إن طلب العلم لحسن ، وإن نشره لحسن إذا صحت فيه النية ، ولكن انظر مايلزمك من حين تصبح إلى حين تمسى فلا تؤثرن عليه شيئا

وقال ابن مسعود رضى الله عنه: أنزل القرءان ليعمل به فاتخذتم دراسته عملا ، وسيأتى قوم يثقفونه مثل القناة ليسوا بخياركم ، والعالم الذى لا يعمل كالمريض الذى يصف الدواء ، وكالجائع الذى يصف لذائذ الأطعمة ولا يجدها وفى مثله قوله تعالى : (وَلَكُمُ الْوَيْلُ مِمَّا تَصِفُونَ) .

ومنها أن تكون عنايته بتحصيل العلم النافع فى الآخرة ، المرغب فى الطاعات ، مجتنبا للعلوم التى يقل نفعها ويكثر فيها الجدال والقيل والقال . فمثال من يعرض عن علم الأعمال ويشتغل بالجدال مثل رجل مريض به علل كثيرة وقد صادف طبيبا حاذقا فى وقت ضيق يخشى فواته ، فاشتغل بالسؤال عن خاصية العقاقير والأدوية وغرائب الطب ، وترك مهمه الذى هو مؤاخذ به ، وذلك محض السفه . وقد روى [2] « أَنَّ رَجُلًا جَاءَ رسولَ اللهِ صلى الله عليه وسلم فَقَالَ: عَلِّمْنِي مِنْ غَرَائِبِ الْعِلْمِ، فَقَالَ لَهُ : مَاصَنَعْتَ فِي رَأْسِ الْعِلْمِ؟

فَقَالَ : وَمَا رَأْسُ الْعِلْمِ ؟ قَالَ صلى الله عليه وسلم : هَلْ عَرَفْتَ الرَّبَّ تَعالى ؟ قَالَ نَعَمْ . قَال فَاصْنَعْتَ فى حَقِّهِ ؟ قَالَ : ماشَاءَ اللهُ . فَقَال صلى الله عليه وسلم : هَلْ عَرَفْتَ الْمَوْتَ ؟ قَالَ نَعَمْ . قَالَ فَمَا أَعْدَدْتَ لَهُ ؟ قَالَ : مَاشَاءَ الله . قَالَ صلى الله عليه وسلم : اذْهَبْ فَأَحْكِمْ مَاهُنَاكَ ثُمَّ تَعَال نُعَلِّمْكَ مِنْ غَرَائِبِ الْعِلْمِ»

بل ينبغى أن يكون المتعلم من جنس ما روى عن حاتم الأصم تلميذ شقيق البلخى رضى الله عنهما : أنه قال له شقيق : منذ كم صحبتنى ؟ قال حاتم : منذ ثلاث وثلاثين سنة . قال : فما تعلمت منى فى هذه المدة ؟ قال : ثمانى مسائل . قال شقيق له : إنّا لله وإنا اليهِ رَاجِعُونَ ، ذهب عمرى معك ولم تتعلم إلا ثمانى مسائل ! قال ياأستاذ لم أتعلم غيرها ، وإنى لا أحب أن أكذب. فقال : هات هذه الثمانى مسائل حتى أسمعها

قال حاتم : نظرت الى هذا الخلق فرأيت كل واحد يحب محبوبا فهو مع محبوبه الى القبر فاذا وصل الى القبر فارقه ، فجعلت الحسنات محبوبى ، فاذا دخلت القبر دخل محبوبى معى ، فقال أحسنت ياحاتم ، فما الثانية ؟

فقال : نظرت فى قول الله عز وجل : (وَأَمَّا مَنْ خَافَ مَقَامَ رَبِّهِ وَنَهَى النَّفْسَ عَنِ الْهَوَىٰ فَإِنَّ الْجَنَّةَ هِيَ الْمَأْوَىٰ) فعلمت أن قوله سبحانه هو الحق ، فأجهدت نفسى فى دفع الهوى حتى استقرت على طاعة الله تعالى

الثالثة : أنى نظرت الى هذا الخلق فرأيت كل من معه شىء له قيمة ومقدار رفعه وحفظه، ثم نظرت الى قول الله عز وجل : (مَا عِنْدَكُمْ يَنْفَدُ وَمَا عِنْدَ اللهِ بَاقٍ) فكلما وقع معى شىء له قيمة ومقدار وجهته الى الله ليبقى عنده محفوظا

الرابعة : أنى نظرت الى هذا الخلق فرأيت كل واحد منهم يرجع الى المال والى الحسب والشرف والنسب، فنظرت فيها فاذا هى لاشىء ، ثم نظرت الى قول الله تعالى : (إِنَّ أَكْرَمَكُمْ عِنْدَ اللهِ أَتْقَاكُمْ) فعملت فى التقوى حتى أكون عند الله كريما

الخامسة : أنى نظرت الى هـذا الخلق وهم يطعن بعضهم فى بعض ويلعن بعضهم بعضا ، وأصل هذا كله الحسد ، ثم نظرت الى قول الله عز وجل : (نَحْنُ قَسَمْنَا بَيْنَهُمْ مَعِيشَتَهُمْ فى

الْحَيَاةِ الدُّنْيَا) فتركت الحسدَ واجتنبت الخلق ، وعلمت أن القسمة من عند الله سبحانه، فتركت عداوة الخلق عنى

السادسة : نظرت الى هذا الخلق يبغى بعضهم على بعض ، ويقاتل بعضهم بعضا ، فرجعت إلى قول الله عزوجل (إِنَّ الشَّيْطَانَ لَكُمْ عَدُوٌّ فَاتَّخِذُوهُ عَدُوًّا) فعاديته وحده واجتهدت فى أخذ حذرى منه ، لأن الله تعالى شهد عليه أنه عدوٌ لى ، فتركت عداوة الخلق غيره

السابعة : نظرت الى هذا الخلق فرأيت كل واحد منهم يطلب هذه الكسرة فيذل فيها نفسه ويدخل فيما لايحل له ، ثم نظرت الى قوله تعالى : (وَمَا مِنْ دَابَّةٍ فِي الْأَرْضِ إِلَّا عَلَى اللهِ رِزْقُهَا) فعلمت أنى واحد من هذه الدواب التى على الله رزقها ، فاشتغلت بما لله تعالى علىّ ،وتركت مالى عنده

الثامنة : نظرت الى هذا الخلق فرأيتهم كلهم متوكلين على مخلوق : هذا على ضيعته ، وهذا على تجارته ، وهذا على صناعته ، وهذا على صحة بدنه ، وكل مخلوق متوكل على مخلوق مثله ، فرجعت الى قوله تعالى : (وَمَنْ يَتَوَكَّلْ عَلَى اللهِ فَهُوَ حَسْبُهُ) فتوكلت على الله عز وجل ، فهو حسبي .

قال شقيق : ياحاتم وفقك الله تعالى ، فانى نظرت فى علوم التوراة والانجيل والزبور والفرقان العظيم فوجدت جميع أنواع الخير والديانة ، وهى تدور على هذه الثمان مسائل ،فمن استعملها فقد استعمل الكتب الأربعة ..

فهذا الفن من العلم لا يهتم بادراكه والتفطن له إلا علماء الآخرة ، فأما علماء الدنيا فيشتغلون بما يتيسر به اكتساب المال والجاه ، ويهملون أمثال هذه العلوم التى بعث الله بها الأنبياء كلهم عليهم السلام . وقال الضحاك بن مزاحم : أدركتهم وما يتعلم بعضهم من بعض إلا الورع ، وهم اليوم ما يتعلمون إلا الكلام

وارتفع فى علماء الآخرة حزبه . ويشهدلذلك ماحكى عن أبى عبد الله الخوّاص ، وكان من أصحاب حاتم الأصم : قال : دخلت مع حاتم الى الرّى ومعنا ثلثمائة وعشرون رجلا نريد الحج وعليهم الزرمانقات وليس معهم جراب ولا طعام ، فدخلنا على رجل من التجار متقشف يحب المساكين ، فأضافنا تلك الليلة ، فلما كان من الغد ، قال لحاتم : ألك حاجة ؟ فاني أريد أن أعود فقيها لنا هو عليل . قال حاتم : عيادة المريض فيها فضل ، والنظر إلى الفقيه عبادة ، وأنا أيضا أجيء معك ، وكان العليل محمد بن مقاتل قاضى الرى ، فلما جئنا إلى الباب فاذا قصر مشرف حسن ، فبقى حاتم متفكراً يقول : باب عالم على هذه الحالة ! ثم أذن لهم فدخلوا ، فاذا دار حسناء قوراء ، واسعة نزهة ، واذا بزة وستور ، فبقى حاتم متفكرا ، ثم دخلوا الى المجلس الذى هو فيه ، واذا بفرش وطيئة وهو راقد عليها وعند رأسه غلام وبيده مذبة ، فقعد الزائر عند رأسه وسأل عن حاله وحاتم قائم ، فأومأ اليه ابن مقاتل أن اجلس ، فقال : لاأجلس ، فقال : لعل لك حاجة ، قال : نعم ، قال : وما هى ؟ قال : مسألة أسألك عنها ، قال : سل ، قال : قم فاستو جالسا حتى أسألك ، فاستوى جالسا ، قال حاتم : علمك هذا من أين أخذته ؟ فقال : من الثقات حدثونى به ، قال : عمن ؟ قال : عن أصحاب رسول الله صلى الله عليه وسلم ، قال وأصحاب رسول الله صلى الله عليه وسلم عمن ؟ قال : عن رسول الله صلى الله عليه وسلم ، قال ورسول الله صلى الله عليه وسلم عمن ؟ قال: عن جبرائيل عليه السلام عن الله عز وجل ، قال حاتم : ففيما أداه جبرائيل عليه السلام عن الله عز وجل الى رسول الله صلى الله عليه وسلم وأداه رسول الله صلى الله عليه وسلم إلى أصحابه، وأصحابه إلى الثقات، وأداه الثقات اليك: هل سمعت فيه من كان فى داره إشراف وكانت سعتها أكثر ، كان له عند الله عز جل المنزلة أكبر ؟ قال : لا ، قال : فكيف سمعت ؟ قال : سمعت أنه من زهد فى الدنيا ورغب فى الآخرة وأحب المساكين وقدّم لآخرته، كانت له عند الله المنزلة ، قال له حاتم : فأنت بمن اقتديت : أبالنبى صلى الله عليه وسلم وأصحابه رضى الله عنهم والصالحين رحمهم الله ، أم بفرعون ونمروذ أول من بنى بالجص والآجر ؟ ياعلماء السوء مثلكم يراه الجاهل المتكالب على الدنيا الراغب فيها فيقول : العالم على هذه الحالة ، أفلا أكون أناشراً منه ؟ وخرج من عنده فازداد ابن مقاتل مرضا ، وبلغ أهل الرّى ماجرى بينه وبين ابن مقاتل ، فقالوا له : إن الطنافسى بقزوين أكثر توسعا منه،

فسار حاتم متعمدا فدخل عليه ، فقال : رحمك الله أنا رجل أعجمى أحب أن تعلّمنى مبتدأ دينى ومفتاح صلاتى كيف أتوضأ للصلاة . قال نعم وكرامة ، ياغلام هات إناء فيه ماء ، فأُتى به فقعد الطنافسى فتوضأ ثلاثا ثلاثا ثم قال : هكذا فتوضأ ، فقال حاتم : مكانك حتى أتوضأ بين يديك فيكون أوكد لما أريد ، فقام الطنافسى وقعد حاتم فتوضأ ثم غسل ذراعيه أربعا أربعا ، فقال الطنافسى : باهذا أسرفت ، قال له حاتم : فبماذا ؟ قال : غسلت ذراعيك أربعا ، فقال حاتم : ياسبحان الله العظيم : أنا فى كف من ماء أسرفت وأنت فى جميع هذا كله لم تسرف ! فعلم الطنافسى أنه قصد ذلك دون التعلم ، فدخل منزله فلم يخرج إلى الناس أربعين يوما ، فلما دخل حاتم بغداد اجتمع اليه أهل بغداد فقالوا : ياأبا عبد الرحمن أنت رجل ألكن أعجمى وليس يكلمك أحد إلا قطعته ، قال : معى ثلاث خصال أظهر بهن على خصمى : أفرح إذا أصاب خصمى ، وأحزن إذا أخطأ ، وأحفظ نفسى أن لا أجهل عليه . فبلغ ذلك الامام أحمد بن حنبل فقال : سبحان الله ماأعقله ! قوموا بنا اليه ، فلما دخلوا عليه قال له : ياأبا عبد الرحمن ما السلامة من الدنيا ؟ قال : ياأبا عبدالله لا تسلم من الدنيا حتى يكون معك أربع خصال : تغفر للقوم جهلهم ، وتمنع جهلك منهم ، وتبذل لهم شيئك ، وتكون من شيئهم آيسا ، فاذا كنت هكذا سلمت

ثم سار إلى المدينة فاستقبله أهل المدينة ، فقال : ياقوم أية مدينة هذه ؟ قالوا مدينة رسول الله صلى الله عليه وسلم . قال : فأين قصر رسول الله صلى الله عليه وسلم حتى أصلى فيه ؟ قالوا : ما كان له قصر إنما كان له بيت لاطىء بالأرض ، قال : فأين قصور أصحابه رضى الله عنهم ؟ قالوا : ما كان لهم قصور إنما كان لهم بيوت لاطئة بالأرض ، قال حاتم : ياقوم فهذه مدينة فرعون ! فأخذوه وذهبوا به الى السلطان وقالوا : هذا العجمى يقول : هذه مدينة فرعون ، قال الوالى : ولم ذلك ؟ قال حاتم : لا تعجل علىّ أنا رجل أعجمى غريب دخلت البلد فقلت : مدينة من هذه ؟ فقالوا مدينة رسول الله صلى الله عليه وسلم ، فقلت فأين قصره ، وقص القصة ، ثم قال : وقد قال الله تعالى : (لَقَدْ كَانَ لَكُمْ فِى رَسُولِ اللهِ أُسْوَةٌ حَسَنَةٌ) فأنتم بمن تأسيتم ؟ أبرسول الله صلى الله عليه وسلم أم بفرعون أول من بنى بالجص والآجر ؟ فخلوا عنه وتركوه . فهذه حكاية حاتم الأصم رحمه الله تعالى ، وسيأتى من سيرة السلف فى البذاذة وترك التجمل مايشهد لذلك فى مواضعه

والتحقيق فيه : أن التزين بالمباح ليس بحرام ، ولكن الخوض فيه يوجب الأنس به حتى يشق تركه ، واستدامة الزينة لاتمكن إلا بمباشرة أسباب فى الغالب يلزم من مراعاتها ارتكاب المعاصى : من المداهنة ، ومراعاة الخلق ومراءاتهم ، وأمور أخر هى محظورة ؛ والحزم اجتناب ذلك ، لأن من خاض فى الدنيا لايسلم منها ألبتة ،ولو كانت السلامة مبذولة مع الخوض فيها لكان صلى الله عليه وسلم لايبالغ فى ترك الدنيا حتى [1] « نَزَعَ الْقَمِيصَ الْمُطَرَّزَ بِالْعَلَمِ » « وَنَزَعَ خَاتَمَ الذَّهَبِ [2] فِي أَثْنَاءِ الْخُطْبَةِ » إلى غير ذلك مما سيأتى بيانه

وقد حكى أن يحيى بن يزيد النوفلى كتب إلى مالك بن أنس رضى الله عنهما :

هذه النصيحة ، فتقوى أيضا نفسه على الوقوف على حدود المباح ، حتى لا يحمله ذلك على المراءاة والمداهنة ، والتجاوز الى المكروهات ، وأما غيره فلا يقدر عليه . فالتعريج على التنعم بالمباح خطر عظيم ، وهو بعيد من الخوف والخشية . وخاصية علماء الله تعالى الخشية . وخاصية الخشية التباعد من مظان الخطر

ومنها ـ أن يكون مستقصيا عن السلاطين ، فلا يدخل عليهم ألبتة مادام يجد الى الفرار عنهم سبيلا ، بل ينبغي أن يحترز عن مخالطتهم وإن جاءوا اليه ، فأن الدنيا حلوة خضرة ، وزمامها بأيدى السلاطين ، والمخالط لهم لا يخلو عن تكلف فى طلب مرضاتهم واستمالة قلوبهم ، مع أنهم ظلمة ، ويجب على كل متدين الإنكار عليهم ، وتضييق صدورهم باظهار ظلمهم وتقبيح فعلهم . فالداخل عليهم إما أن يلتفت إلى تجملهم فيزدرى نعمة الله عليه ، أو يسكت عن الانكار عليهم فيكون مداهنا لهم ، أو يتكلف فى كلامه كلاما لمرضاتهم وتحسين حالهم ، وذلك هو البهت الصريح ، أو أن يطمع فى أن ينال من دنياهم ، وذلك هو السحت . وسيأتى فى كتاب الحلال والحرام مايجوز أن يؤخذ من أموال السلاطين ومالا يجوز من الأدرار والجوائز وغيرها . وعلى الجملة فمخالطتهم مفتاح للشرور ، وعلماء الآخرة طريقهم الاحتياط

السَّلَاطِينَ ، فَإِذَا فَعَلُوا ذَلِكَ فَقَدْ خَانُوا الرُّسُلَ فَاحْذَرُوهُمْ وَاعْتَزِلُوهُمْ » رواه أنس

وقيل للأعمش: لقد أحييت العلم لكثرة من يأخذه عنك ، فقال : لا تعجلوا : ثلث يموتون قبل الادراك، وثلث يلزمون أبواب السلاطين فهم شر الخلق. والثلث الباقى لا يفلح منه إلا القليل . ولذلك قال سعيد بن المسيب رحمه الله : اذا رأيتم العالم يغشى الأمراء فاحترزوا منه فانه لص . وقال الأوزاعى : مامن شىء أبغض الى الله تعالى من عالم يزور عاملا . وقال رسول الله صلى الله عليه وسلم[1] « شِرَارُ الْعُلَمَاءِ الَّذِينَ يَأْتُونَ الأُمَرَاءَ ، وَخِيَارُ الأُمَرَاءِ الَّذِينَ يَأْتُونَ الْعُلَمَاءَ » .

وقال مكحول الدمشقى رحمه الله : من تعلم القرءان وتفقه فى الدين ثم صحب السلطان تملقا اليه وطمعا فيما لديه ، خاض فى بحر من نار جهنم بعدد خطاه . وقال سمنون : ماأسمج بالعالم أن يؤتى إلى مجلسه فلا يوجد فيسأل عنه فيقال : هو عند الأمير ! قال : وكنت أسمع أنه يقال: إذا رأيتم العالم يحب الدنيا فاتهموه على دينكم حتى جربت ذلك ، إذ ما دخلت قط على هذا السلطان إلا وحاسبت نفسى بعد الخروج فأرى عليها الدرك ، وأنتم ترون ما ألقاه به من الغلظة والفظاظة وكثرة المخالفة لهواه ، ولودِدت أن أنجو من الدخول عليه كفافا، مع أنى لا آخذ منه شيئا، ولا أشرب له شربة ماء ، ثم قال : وعلماء زماننا شر من علماء بنى اسرائيل : يخبرون السلطان بالرخص وبما يوافق هواه ، ولو أخبروه بالذى عليه وفيه نجاته لاستثقلهم وكره دخولهم عليه ، وكان ذلك نجاة لهم عند ربهم

وقال الحسن : كان فيمن كان قبلكم رجل له قَدَم فى الاسلام وصحبة لرسول الله صلى الله عليه وسلم . قال عبد الله بن المبارك ، عنى به سعد بن أبى وقاص رضى الله عنه ، قال : وكان لا يغشى السلاطين ، وينفر عنهم . فقال له بنوه: يأتى هؤلاء من ليس هو مثلك فى الصحبة والقدم فى الاسلام فلو أتيتهم ! فقال: يابَنِىَّ آتى جيفة قد أحاط بها قوم ، والله لئن استطعت لا أشاركهم فيها ! قالوا يا أبانا إذن نهلك هزالا ، قال: يابنى لأن أموت مؤمنا مهزولا أحب إلى من أن أموت منافقا سمينا ! قال الحسن : خصمهم والله ، إذ علم أن التراب يأكل اللحم والسمن، دون الايمان. وفى هذا إشارة إلى أن الداخل على السلطان لا يسلم من النفاق ألبتة ، وهو مضاد للايمان . وقال أبو ذر لسلمة : يا سلمة لا تغش أبواب السلاطين فانك لا تصيب شيئا من دنياهم إلا أصابوا من

دينك أفضل منه . وهذه فتنة عظيمة للعلماء ، وذريعة صعبة للشيطان عليهم، لاسيما من له لهجة مقبولة وكلام حلو ، إذ لا يزال الشيطان يلقى اليه أن فى وعظك لهم ودخولك عليهم ما يزجرهم عن الظلم ويقيم شعائر الشرع ، الى أن يخيل اليه أن الدخول عليه من الدين ، ثم اذا دخل لم يلبث أن يتلطف فى الكلام ويداهن ، ويخوض فى الثناء والإطراء ، وفيه هلاك الدين . وكان يقال : العلماء اذا علموا عملوا ، فاذا عملوا شغلوا ، فاذا شغلوا فقدوا ، فاذا فقدوا طلبوا ، فاذا طلبوا هربوا

وكتب عمر بن عبد العزيز رحمه الله الى الحسن :

أما بعد فأشر علىّ بأقوام أستعين بهم على أمر الله تعالى

فكتب اليه :

أما أهل الدين فلا يريدونك ، وأما أهل الدنيا فلن تريدهم ، ولكن عليك بالأشراف فانهم يصونون شرفهم أن يدنسوه بالخيانة

هذا فى عمر بن عبد العزيز رحمه الله ، وكان أزهد أهل زمانه ، فاذا كان شرط أهل الدين الهرب منه فكيف يستنسب طلب غيره ومخالطته . ولم يزل السلف العلماء مثل الحسن والثورى وابن المبارك والفضيل وابراهيم بن أدهم ويوسف بن أسباط يتكلمون فى علماء الدنيا من أهل مكة والشام وغيرهم ، إما لميلهم الى الدنيا ، وإما لمخالطتهم السلاطين

أشد على النفس . فهكذا كانت عادة الصحابة والسلف رضى الله عنهم

كان ابن عمر اذا سئل عن الفتيا قال : اذهب الى هذا الأمير الذى تقلد أمور الناس فضعها فى عنقه . وقال ابن مسعود رضى الله عنه : إن الذى يفتى الناس فى كل مايستفتونه لمجنون . وقال جُنة العالم لاأدرى ، فان أخطأها فقد أصيبت مقاتله . وقال ابراهيم بن أدهم رحمه الله : ليس شىء أشد على الشيطان من عالم يتكلم بعلم ويسكت بعلم ، يقول انظروا الى هذا سكوته أشد علىّ من كلامه . ووصف بعضهم الأبدال فقال : أكلهم فاقة ، ونومهم غلبة ، وكلامهم ضرورة ، أى لايتكلمون حتى يسألوا ، وإذا سئلوا ووجدوا من يكفيهم سكتوا ، فان اضطروا أجابوا . وكانوا يعدون الابتداء قبل السؤال من الشهوة الخفية للكلام .

ومرّ علىّ وعبد الله رضى الله عنهما برجل يتكلم على الناس ، فقال : هذا يقول اعرفونى . وقال بعضهم : إنما العالم الذى إذا سئل عن المسألة فكأنما يقلع ضرسه . وكان ابن عمر يقول : تريدون أن تجعلونا جسرا تعبرون علينا الى جهنم ؟ وقال أبو حفص النيسابورى : العالم هو الذى يخاف عند السؤال أن يقال له يوم القيامة : من أين أجبت ؟ وكان ابراهيم التيمى إذا سئل عن مسألة يبكى ويقول : لم تجدوا غيرى حتى احتجتم الىّ ؟ وكان أبو العالية الرياحى وابراهيم بن أدهم والثورى يتكلمون على الاثنين والثلاثة والنفر اليسير ، فاذا كثروا انصرفوا . وقال صلى الله عليه وسلم[1] مَا أَدْرِى أَعُزَيْرٌ نَبِيٌّ أَمْ لَا ، وَمَا أَدْرِى أَتُبَّعٌ مَلْعُونٌ أَمْ لَا ، وَمَا أَدْرِى ذُو الْقَرْنَيْنِ نَبِيٌّ أَمْ لَا »[2] «ولما سئل رسول الله صلى الله عليه وسلم عن خَيْرِ الْبِقَاعِ فِى الْأَرْضِ وَشَرِّهَا ، قَالَ : لَا أَدْرِى ، حَتَّى نَزَلَ عليه جِبْرِيلُ عَلَيْهِ السَّلَامُ ، فَسَأَلَهُ فَقَالَ : لَا أَدْرِى ، إِلَى أَنْ أَعْلَمَهُ اللهُ عَزَّوَجَلَّ أَنَّ خَيْرَ الْبِقَاعِ الْمَسَاجِدُ ، وَشَرَّهَا الْأَسْوَاقُ »

وكان ابن عمر رضى الله عنهما يُسأل عن عشر مسائل فيجيب عن واحدة ويسكت عن تسع . وكان ابن عباس رضى الله عنهما يجيب عن تسع ويسكت عن واحدة . وكان فى الفقهاء من يقول لاأدرى أكثر ممن يقول أدرى ، منهم سفيان الثورى ، ومالك بن أنس ، وأحمد بن حنبل

والفضيل بن عياض ، وبشر بن الحارث . وقال عبدالرحمن بن أبى ليلى : أدركت فى هذا المسجد مائة وعشرين من أصحاب رسول الله صلى الله عليه وسلم مامنهم أحد يُسأل عن حديث أوفتيا إلا ودّ أن أخاه كفاه ذلك . وفى لفظ آخر : كانت المسألة تعرض على أحدهم فيردها إلى الآخر ، ويردها الآخر إلى الآخر ، حتى تعود إلى الأول

وروى أن أصحاب الصُّفّة أُهدى إلى واحد منهم رأس مشوى وهو فى غاية الضر ، فأهداه إلى الآخر ، وأهداه الآخر إلى الآخر ، هكذا دار بينهم حتى رجع إلى الأول . فانظر الآن كيف انعكس أمر العلماء فصار المهروب منه مطلوبا والمطلوب مهروبا عنه . ويشهد لحسن الاحتراز من تقلد الفتاوى ماروى مسندا عن بعضهم أنه قال : لايفتى الناس إلا ثلاثة : أمير ، أو مأمور ، أو متكلف . وقال بعضهم : كان الصحابة يتدافعون أربعة أشياء : الامامة والوصية ، والوديعة ، والفتيا . وقال بعضهم : كان أسرعهم إلى الفتيا أقلهم علما ، وأشدهم دفعا لها أورعهم . وكان شغل الصحابة والتابعين رضى الله عنهم فى خمسة أشياء : قراءة القرءان ، وعمارة المساجد ، وذكر الله تعالى ، والأمر بالمعروف والنهى عن المنكر . وذلك لما سمعوه من قوله صلى الله عليه وسلم[1] «كُلُّ كَلَامِ ابْنِ آدَمَ عَلَيْهِ لَا لَهُ إِلَّا ثَلَاثَةً : أَمْرٌ بِمَعْرُوفٍ ، أَوْ نَهْيٌ عَنْ مُنْكَرٍ ، أَوْ ذِكْرُ اللهِ تَعَالَى»

وقال تعالى : (لَا خَيْرَ فِي كَثِيرٍ مِنْ نَجْوَاهُمْ إِلَّا مَنْ أَمَرَ بِصَدَقَةٍ أَوْ مَعْرُوفٍ أَوْ إِصْلَاحٍ بَيْنَ النَّاسِ) الآية . ورأى بعض العلماء بعض أصحاب الرأى من أهل الكوفة فى المنام فقال : مارأيت فيما كنت عليه من الفتيا والرأى ؟ فكره وجهه وأعرض عنه ، وقال : ماوجدناه شيئا ، وما حمدنا عاقبته . وقال ابن حصين : إن أحدهم ليفتى فى مسألة لو وردت على عمر بن الخطاب رضى الله عنه لجمع لها أهل بدر ! فلم يزل السكوت دأب أهل العلم إلا عند الضرورة . وفى الحديث « إِذَا رَأَيْتُمُ[2] الرَّجُلَ قَدْ أُوتِيَ صَمْتًا وَزُهْدًا فَاقْتَرِبُوا مِنْهُ فَإِنَّهُ يُلَقَّنُ الْحِكْمَةَ » .

وقيل : العالم إما عالم عامة وهو المفتى وهم أصحاب السلاطين ، أو عالم خاصة وهو العالم بالتوحيد وأعمال القلوب وهم أصحاب الزوايا المتفرقون المنفردون

وكان يقال : مثل أحمد بن حنبل مثل دِجلة : كل أحد يغترف منها ، ومثل بشر بن الحارث مثل بئر عذبة مغطاة لايقصدها إلا واحد بعد واحد . وكانوا يقولون : فلان عالم ، وفلان متكلم ، وفلان أكثر كلاما ، وفلان أكثر عملا . وقال أبو سليمان: المعرفة إلى السكوت أقرب منها الى الكلام . وقيل : إذا كثر العلم قلّ الكلام ، واذا كثر الكلام قلّ العلم . وكتب سلمان الى أبى الدرداء رضى الله عنهما وكان «قد آخى(٥) بَيْنَهُمَا رَسُولُ اللهِ صلى الله عليه وسلم» : ياأخى : بلغنى أنك قعدت طبيبا تداوى المرضى ، فانظر فان كنت طبيبا فتكلم فان كلامك شفاء وإن كنت متطببا فالله الله لاتقتل مسلما. فكان أبو الدرداء يتوقف بعد ذلك اذا سئل . وكان أنس رضى الله عنه إذا سئل يقول : سلوا مولانا الحسن . وكان ابن عباس رضى الله عنهما اذا سئل يقول : سلوا حارثة بن زيد . وكان ابن عمر رضى الله عنهما يقول : سلوا سعيد بن المسيب وحكى أنه روى صحابى فى حضرة الحسن عشرين حديثا فسئل عن تفسيرها فقال : ماعندى إلا ماروبت ، فأخذ الحسن فى تفسيرها حديثا حديثا فتعجبوا من حسن تفسيره وحفظه ، فأخذ الصحابى كفًّا من حصى ورماهم به وقال : تسألونى عن العلم وهذا الحبر بين أظهركم !

ومنها ـ أن يكون أكثر اهتمامه بعلم الباطن ومراقبة القلب ، ومعرفة طريق الآخرة وسلوكه ، وصدق الرجاء فى انكشاف ذلك ، من المجاهدة والمراقبة ، فان المجاهدة تفضى إلى المشاهدة ، ودقائق علوم القلوب تتفجر بها ينابيع الحكمة من القلب ، وأما الكتب والتعليم فلا تفى بذلك ، بل الحكمة الخارجة عن الحصر والعد إنما تنفتح بالمجاهدة والمراقبة ومباشرة الأعمال الظاهرة والباطنة، والجلوس مع الله عز وجل فى الخلوة مع حضور القلب بصافى الفكرة ، والانقطاع إلى الله تعالى عما سواه ، فذلك مفتاح الالهام ، ومنبع الكشف ، فكم من متعلم طال تعلمه ولم يقدر على مجاوزة مسموعه بكلمة . وكم من مقتصر على المهم فى التعلم ومتوفر على العمل ومراقبة القلب فتح الله له من لطائف الحكمة ما تحار فيه عقول ذوى الألباب !

Lajna - 121

ولذلك قال صلى الله عليه وسلم : (١) « مَنْ عَمِلَ بِمَا عَلِمَ وَرَّثَهُ اللهُ عِلْمَ مَالَمْ يَعْلَمْ »

وفى بعض الكتب السالفة : يابنى اسرائيل لا تقولوا : العلم فى السماء من ينزل به إلى الأرض، ولا فى تخوم الأرض من يصعد به، ولا من وراء البحار من يعبر يأتى به، العلم مجعول فى قلوبكم، تأدبوا بين يدىّ بآداب الروحانيين، وتخلقوا لى بأخلاق الصدّيقين أظهر العلم فى قلوبكم حتى يغطيكم ويغمركم . وقال سهل بن عبد الله التُسْتَرى رحمه الله : خرج العلماء والعباد والزهاد من الدنيا وقلوبهم مقفلة ، ولم تفتح إلا قلوب الصديقين والشهداء، ثم تلاقوله تعالى : (وَعِنْدَهُ مَفَاتِحُ الْغَيْبِ لَا يَعْلَمُهَا إِلَّا هُوَ) الآية . ولولا أن إدراك قلب من له قلب بالنور الباطن حاكم على علم الظاهر لما قال صلى الله عليه وسلم : « اسْتَفْتِ قَلْبَكَ وَإِنْ أَفْتَوْكَ وَأَفْتَوْكَ وَأَفْتَوْكَ » . وقال صلى الله عليه وسلم فيما يرويه عن ربه تعالى : (٢) « لَا يَزَالُ الْعَبْدُ يَتَقَرَّبُ إِلَىَّ بِالنَّوَافِلِ حَتَّى أُحِبَّهُ ، فَإِذَا أَحْبَبْتُهُ كُنْتُ سَمْعَهُ الَّذِى يَسْمَعُ بِهِ » الحديث. فكم من معان دقيقة من أسرار القرءان تخطر على قلب المتجردين للذكر والفكر تخلو عنها كتب التفاسير ولا يطلع عليها أفاضل المفسرين ، وإذا انكشف ذلك للمريد المراقب وعرض على المفسرين استحسنوه ، وعلموا أن ذلك من تنبيهات القلوب الزكية ، وألطاف الله تعالى بالهمم العالية المتوجهة اليه ، وكذلك فى علوم المكاشفة وأسرار علوم المعاملة ودقائق خواطر القلوب، فان كل علم من هذه العلوم بحر لا يدرك عمقه ، وإنما يخوضه كل طالب بقدر ما رزق منه ، وبحسب ما وفق له من حسن العمل

وفى وصف هؤلاء العلماء قال على رضى الله عنه فى حديث طويل : « القلوب أوعية وخيرها أوعاها للخير ، والناس ثلاثة : عالم ربانى ، ومتعلم على سبيل النجاة ، وهمج رعاع أتباع لكل ناعق ، يميلون مع كل ريح ، لم يستضيئوا بنور العلم ، ولم يلجأوا إلى ركن وثيق ، العلم خير من المال ، العلم يحرسك وأنت تحرس المال ، والعلم يزكو على الانفاق والمال ينقصه الانفاق ، والعلم دين يدان به ، تكتسب به الطاعة فى حياته، وجميل الأحدوثة بعد وفاته ، العلم حاكم والمال

محكوم عليه، ومنفعة المال تزول بزواله، مات خُزَّان الأموال وهم أحياء، والعلماء أحياء باقون ما بقي الدهر. ثم تنفس الصعداء، وقال: هاه! إن ها هنا علما جمًّا لو وجدت له حملة، بل أجد طالبًا غير مأمون يستعمل آلة الدين في طلب الدنيا، ويستطيل بنعم الله على أوليائه، ويستظهر بحجته على خلقه، أو منقادا لأهل الحق لكن ينزرع الشك في قلبه بأول عارض من شبهة، لا بصيرة له لا ذا ولا ذاك، أو منهوما باللذات سلس القياد في طلب الشهوات، أو مغرى بجمع الأموال والادخار منقادًا لهواه، أقرب شبها بهم الأنعام السائمة، اللهم هكذا يموت العلم إذا مات حاملوه، ثم لا تخلو الأرض من قائم لله بحجة، إما ظاهر مكشوف، وإما خائف مقهور، لكيلا تبطل حجج الله تعالى وبيناته؛ وكم وأين أولئك هم الأقلون عددًا، الأعظمون قدرا، أعيانهم مفقودة، وأمثالهم في القلوب موجودة، يحفظ الله تعالى بهم حججه حتى يودعوها من وراءهم، ويزرعوها في قلوب أشباههم، هجم بهم العلم على حقيقة الأمر فباشروا روح اليقين فاستلانوا ما استوعر منه المترفون، وأنسوا بما استوحش منه الغافلون، صحبوا الدنيا بأبدان أرواحها معلقة بالمحل الأعلى، أولئك أولياء الله عز وجل من خلقه، وأمناؤه وعماله في أرضه، والدعاة إلى دينه. ثم بكى وقال: واشوقاه إلى رؤيتهم!!»

فهذا الذي ذكره أخيرا هو وصف علماء الآخرة، وهو العلم الذي يستفاد أكثره من العمل والمواظبة على المجاهدة

ومنها ـ أن يكون شديد العناية بتقوية اليقين، فان اليقين هو رأس مال الدين، قال رسول الله صلى الله عليه وسلم [1] «اَلْيَقِينُ الإِيمَانُ كُلُّهُ» فلا بد من تعلم علم اليقين، أعني أوائله، ثم ينفتح للقلب طريقه، ولذلك قال صلى الله عليه وسلم [2] «تَعَلَّمُوا الْيَقِينَ» ومعناه جالسوا الموقنين واستمعوا منهم علم اليقين، وواظبوا على الاقتداء بهم ليقوى يقينكم كما قوى يقينهم، وقليل من اليقين خير من كثير من العمل. وقال صلى الله عليه وسلم لما قيل له: رجل حسن اليقين كثير الذنوب، ورجل مجتهد في العبادة قليل اليقين، فقال صلى الله عليه وسلم [3] «مَا مِنْ آدَمِيٍّ

إلاَّ وَلَهُ ذُنُوبٌ » ولكن من كان غريزته العقل وسجيته اليقين لم تضره الذنوب ، لأنه كلما أذنب تاب واستغفر وندم ، فتكفر ذنوبه ، ويبقى له فضل يدخل به الجنة ، ولذلك قال صلى الله عليه وسلم[1] «إِنَّ مِنْ أَقَلِّ مَاأُوتِيتُمُ الْيَقِينَ وَعَزِيمَةَ الصَّبْرِ وَمَنْ أُعْطِيَ حَظَّهُ مِنْهُمَا لَمْ يُبَالِ مَافَاتَهُ مِنْ قِيَامِ اللَّيْلِ وَصِيَامِ النَّهَارِ» . وفى وصية لقمان لابنه : يابنى لايستطاع العمل إلا باليقين، ولا يعمل المرء إلا بقدر يقينه ، ولا يقصر عامل حتى ينقص يقينه

وقال يحيى بن معاذ : إن للتوحيد نورا ، وللشرك نارا ، وإن نور التوحيد أحرقُ لسيئات الموحدين من نار الشرك لحسنات المشركين . وأراد به اليقين . وقد أشار الله تعالى فى القرءان إلى ذكر الموقنين فى مواضع دل بها على أن اليقين هو الرابطة للخيرات والسعادات

فان قلت : فامعنى اليقين ، وما معنى قوته وضعفه فلا بد من فهمه أولاً ثم الاشتغال بطلبه وتعلمه ، فان مالاتفهم صورته لايمكن طلبه ؟

فاعلم أن اليقين لفظ مشترك يطلقه فريقان لمعنيين مختلفين : أما النظّار والمتكلمون فيعبرون به عن عدم الشك ، إذ ميل النفس إلى التصديق بالشىء له أربع مقامات :

الأول ـ أن يعتدل التصديق والتكذيب ، ويعبر عنه بالشك ، كما إذا سئلت عن شخص معين أن الله تعالى يعاقبه أم لا وهو مجهول الحال عندك ، فان نفسك لاتميل إلى الحكم فيه باثبات ولا نفى ، بل يستوى عندك إمكان الأمرين ، فيسمى هذا شكا

الثانى ـ أن تميل نفسك إلى أحد الأمرين مع الشعور بامكان نقيضه ، ولكنه إمكان لايمنع ترجيح الأول، كما إذا سئلت عن رجل تعرفه بالصلاح والتقوى أنه بعينه لو مات على هذه الحالة هل يعاقب ؟ فان نفسك تميل إلى أنه لايعاقب أكثر من ميلها الى العقاب ، وذلك لظهور علامات الصلاح ، ومع هذا فأنت تجوّز اختفاء أمر موجب للعقاب فى باطنه وسريرته ،فهذا التجويز مساو لذلك الميل ، ولكنه غير دافع رجحانه . فهذه الحالة تسمى ظنا

الثالث ـ أن تميل النفس الى التصديق بشىء بحيث يغلب عليها ولايخطر بالبال غيره ، ولو خطر بالبال تأبى النفس عن قبوله ، ولكن ليس ذلك مع معرفة محققة ، إذ لو أحسن صاحب

(١) حديث من أولى ماأوتيتم اليقين وعزيمة الصبر ـ الحديث: لم أقف له على أصل وروى ابن عبد البر من حديث معاذ ماأنزل الله شيئا أقل من اليقين ولا قسم شيئا بين الناس أقل من الحلم ـ الحديث

Lajna - 124

هذا المقام التأمل والاصغاء الى التشكيك والتجويز اتسعت نفسه للتجويز، وهذا يسمى اعتقادا مقاربا لليقين ، وهو اعتقاد العوام فى الشرعيات كلها ، إذ رسخ فى نفوسهم بمجرد السماع ، حتى إن كل فرقة تثق بصحة مذهبها وإصابة إمامها ومتبوعها ، ولو ذكر لأحدهم إمكان خطأ إمامه نفر عن قبوله

الرابع ـ المعرفة الحقيقية الحاصلة بطريق البرهان الذى لايشك فيه ولا يتصوّر الشك فيه ، فاذا امتنع وجود الشك وإمكانه يسمى يقينا عند هؤلاء . ومثاله أنه إذا قيل للعاقل : هل فى الوجود شىء هو قديم؟ فلا يمكنه التصديق به بالبديهة ، لأن القديم غير محسوس، لا كالشمس والقمر ، فانه يصدق بوجودهما بالحس ، وليس العلم بوجود شىء قديم أزلى ضروريا مثل العلم بأن الاثنين أكثر من الواحد ، بل مثل العلم بأن حدوث حادث بلا سبب محال، فان هذا أيضا ضرورى ، فحق غريزة العقل أن تتوقف عن التصديق بوجود القديم على طريق الارتجال والبديهة . ثم من الناس من يسمع ذلك ويصدق بالسماع تصديقا جزما ويستمر عليه ، وذلك هو الاعتقاد ، وهو حال جميع العوام . ومن الناس من يصدّق به بالبرهان وهو أن يقال له : إن لم يكن فى الوجود قديم فالموجودات كلها حادثة ، فان كانت كلها حادثة فهى حادثة بلا سبب أو فيها حادث بلا سبب وذلك محال ، فالمؤدى الى المحال محال ، فيلزم فى العقل التصديق بوجود شىء قديم بالضرورة ، لأن الأقسام ثلاثة : وهى أن تكون الموجودات كلها قديمة ، أو كلها حادثة ، أو بعضها قديمة وبعضها حادثة ، فان كانت كلها قديمة فقد حصل المطلوب إذ ثبت على الجملة قديم ، وإن كان الكل حادثا فهو محال، إذ يؤدى الى حدوث بغير سبب ، فيثبت القسم الثالث أو الأول ، وكل علم حصل على هذا الوجه يسمى يقينا عند هؤلاء ، سواء حصل بنظر مثل ما ذكرناه أو حصل بحس أو بغريزة العقل ، كالعلم باستحالة حادث بلا سبب ، أو بتواتر كالعلم بوجود مكة ، أو بتجربة كالعلم بأن السقمونيا المطبوخ مسهل ، أو بدليل كما ذكرنا فشرط إطلاق هذا الاسم عندهم عدم الشك . فكل علم لاشك فيه يسمى يقينا عند هؤلاء، وعلى هذا لايوصف اليقين بالضعف ، إذ لا تفاوت فى نفى الشك .

الاصطلاح الثانى — اصطلاح الفقهاء والمتصوّفة وأكثر العلماء ، وهو أن لا يلتفت فيه الى اعتبار التجويز والشك ، بل الى استيلائه وغلبته على العقل ، حتى يقال : فلان ضعيف اليقين

Lajna - 125

بالموت مع أنه لاشك فيه ، ويقال: فلان قوى اليقين فى إتيـان الرزق مع أنه قد يجوز أنه لا يأتيه . فهما مالت النفس إلى التصديق بشىء وغلب ذلك على القلب واستولى حتى صار هو المتحكم والمتصرف فى النفس بالتجويز والمنع ، سمى ذلك يقينا .ولا شك فى أن الناس مشتركون فى القطع بالموت والانفكاك عن الشك فيه ، ولـكن فيهم من لايلتفت اليه ، ولا الى الاستعداد له ، وكأنه غير موقن به . ومنهم من استولى ذلك على قلبه حتى استغرق جميع همه بالاستعداد له ولم يغادر فيه متسعا لغيره، فيعبر عن مثل هذه الحالة بقوّة اليقين . ولذلك قال بعضهم : مارأيت يقينا لاشك فيه أشبه بشك لا يقين فيه من الموت . وعلى هذا الاصطلاح يوصف اليقين بالضعف والقوّة . ونحن إنما أردنا بقولنا : إن من شأن علمـاء الآخرة صرف العناية الى تقوية اليقين بالمعنيين جميعا ، وهو نفى الشك ، ثم تسليط اليقين على النفس حتى يكون هو الغالب المتحكم عليها المتصرف فيها

فاذا فهمت هذا علمت أن المراد من قولنا إن اليقين ينقسم ثلاثة أقسام، بالقوّة والضعف ، والـكثرة والقلة ، والخفاء والجلاء ، فأما بالقوّة والضعف فعلى الاصطلاح الثـانى ، وذلك فى الغلبة والاستيلاء على القلب ، ودرجات معانى اليقين فى القوّة والضعف لاتتناهى ، وتفاوت الخلق فى الاستعداد للموت بحسب تفاوت اليقين بهذه المعانى .وأما التفاوت بالخفاء والجلاء فى الاصطلاح الأول فلا ينكر أيضا ، أما فيما يتطرق اليه التجويز فلا ينكر، أعنى الاصطلاح الثانى ، وفيما انتفى الشك أيضـا عنه لاسبيل الى إنـكاره ، فانك تدرك تفرقة بين تصديقك بوجود مكة ووجود فَدَك مثلا ، وبين تصديقك بوجود موسى ووجود يوشع عليهما السلام مع أنك لاتشك فى الأمرين جميعا ،اذ مستندهما جميعا التواتر؛ ولـكن ترى أحدهما أجلى وأوضح فى قلبك من الثانى ، لأن السبب فى أحدهما أقوى وهو كثرة المخبرين ، وكذلك يدرك الناظر هذا فى النظريات المعروفة بالأدلة ، فانه ليس وضوح مالاح له بدليل واحد كوضوح مالاح له بالأدلة الـكثيرة مع تساويهما فى نفى الشك ، وهذا قد ينكره المتكلم الذى يأخذ العلم من الـكتب والسماع ولا يراجع نفسه فيما يدركه من تفاوت الأحوال. وأما القلة والـكثرة فذلك بكثرة متعلقات اليقين ، كما يقال : فلان أكثر علما من فلان ، أى معلوماته أكثر ، ولذلك قد يكون العالم قوى اليقين فى جميع ماورد الشرع به ، وقد يكون قوى اليقين فى بعضه

فان قلت : قد فهمت اليقين وقوته وضعفه ، وكثرته وقلته ، وجلاءه وخفاءه ، بمعنى نفى

Lajna - 126

الشك ، أو بمعنى الاستيلاء على القلب ، فما معنى متعلقات اليقين ومجاريه، وفيماذا يطلب اليقين، فانى مالم أعرف مايطلب فيه اليقين لم أقدر على طلبه ؟

فاعلم أن جميع ما ورد به الأنبياء صلوات الله وسلامه عليهم من أوله إلى آخره هو من مجارى اليقين، فان اليقين عبارة عن معرفة مخصوصة، ومتعلقه المعلومات التى وردت بها الشرائع، فلا مطمع فى إحصائها ، ولكنى أشير إلى بعضها وهى أمهاتها :

فمن ذلك التوحيد : وهو أن يرى الأشياء كلها من مسبب الأسباب، ولا يلتفت إلى الوسائط، بل يرى الوسائط مسخرة لاحكم لها ،فالمصدق بهذا موقن ، فان انتفى عن قلبه مع الايمان إمكان الشك فهو موقن بأحد المعنيين ، فان غلب على قلبه مع الايمان غلبة أزالت عنه الغضب على الوسائط والرضا عنهم والشكر لهم، ونزّل الوسائط فى قلبه منزلة القلم واليد فى حق المنعم بالتوقيع فانه لا يشكر القلم ولا اليد ولا يغضب عليهما، بل يراهما آلتين مسخرتين وواسطتين ، فقد صار موقنا بالمعنى الثانى، وهو الأشرف، وهو ثمرة اليقين الأول وروحه وفائدته . ومهما تحقق أن الشمس والقمر والنجوم والجماد والنبات والحيوان وكل مخلوق فهى مسخرات بأمره حسب تسخير القلم فى يد الكاتب ، وأن القدرة الأزلية هى المصدر للكل ، استولى على قلبه غلبة التوكل والرضا والتسليم ، وصار موقنا بريئا من الغضب والحقد والحسد وسوء الخلق . فهذا أحد أبواب اليقين

ومن ذلك الثقة بضمان الله سبحانه بالرزق فى قوله تعالى : (وَمَا مِنْ دَابَّةٍ فِى الْأَرْضِ إِلَّا عَلَى اللهِ رِزْقُهَا) ، واليقين بأن ذلك يأتيه ، وأن ما قدر له سيساق اليه . ومهما غلب ذلك على قلبه كان مجملا فى الطلب ، ولم يشتد حرصه وشرهه وتأسفه على مافاته ، وأثمر هذا اليقين أيضا جملة من الطاعات والأخلاق الحميدة

ومن ذلك أن يغلب على قلبه أن مَنْ يَعْمَلْ مِثْقَالَ ذَرَّةٍ خَيْرًا يَرَهُ ، وَمَنْ يَعْمَلْ مِثْقَالَ ذَرَّةٍ شَرًّا يَرَهُ ،وهو اليقين بالثواب والعقاب ، حتى يرى نسبة الطاعات الى الثواب كنسبة الخبز الى الشبع ، ونسبة المعاصى الى العقاب كنسبة السموم والأفاعى الى الهلاك ، فكما يحرص على التحصيل للخبز طلبا للشبع فيحفظ قليله وكثيره ، فكذلك يحرص على الطاعات كلها قليلها وكثيرها ،وكما يجتنب قليل السموم وكثيرها ، فكذلك يجتنب المعاصى قليلها وكثيرها وصغيرها وكبيرها . فاليقين بالمعنى الأول قد يوجد لعموم المؤمنين ، أما بالمعنى الثانى فيختص به المقربون.

Lajna - 127

وثمرة هذا اليقين صدق المراقبة فى الحركات والسكنات والخطرات، والمبالغة فى التقوى، والتحرز عن كل السيئات ، وكلما كان اليقين أغلب كان الاحتراز أشد والتشمير أبلغ

ومن ذلك اليقين بأن الله تعالى مطلع عليك فى كل حال ، ومشاهد لهواجس ضميرك وخفايا خواطرك وفكرك ، فهذا متيقن عند كل مؤمن بالمعنى الأول وهو عدم الشك ، وأما بالمعنى الثانى وهو المقصود فهو عزيز يختص به الصدّيقون . وثمرته أن يكون الانسان فى خلوته متأدبا فى جميع أحواله ، كالجالس بمشهد ملك معظم ينظر اليه ، فانه لا يزال مطرقا متأدبا فى جميع أعماله ، متماسكا محترزا عن كل حركة تخالف هيئة الأدب ، ويكون فى فكرته الباطنة كهو فى أعماله الظاهرة ، إذ يتحقق أن الله تعالى مطلع على سريرته كما يطلع الخلق على ظاهره ، فتكون مبالغته فى عمارة باطنه وتطهيره وتزيينه بعين الله تعالى الكائنة أشد من مبالغته فى تزيين ظاهره لسائر الناس ، وهذا المقام فى اليقين يورث الحياء والخوف والانكسار، والذل والاستكانة والخضوع ، وجملة من الأخلاق المحمودة . وهذه الأخلاق تورث أنواعا من الطاعات رفيعة ، فاليقين فى كل باب من هذه الأبواب مثل الشجرة . وهذه الأخلاق فى القلب مثل الأغصان المتفرعة منها . وهذه الأعمال والطاعات الصادرة من الأخلاق كالثمار وكالأنوار المتفرعة من الأغصان . فاليقين هو الأصل والأساس ، وله مجار وأبواب أكثر مما عددناه . وسيأتى ذلك فى ربع المنجيات ، إن شاء الله تعالى . وهذا القدر كاف فى معنى اللفظ الآن

ومنها ـ أن يكون حزينا منكسرا مطرقا صامتا ، يظهر أثر الخشية على هيئته وكسوته وسيرته وحركته وسكونه ونطقه وسكوته ، لا ينظر اليه ناظر إلا وكان نظره مذكرا لله تعالى ، وكانت صورته دليلا على عمله ، فالجواد عينه مرآته ، وعلماء الآخرة يعرفون بسيماهم فى السكينة والذلة والتواضع . وقد قيل : ما ألبس الله عبدا ألبسة أحسن من خشوع فى سكينة، فهى لبسة الأنبياء ، وسيما الصالحين والصديقين والعلماء

وأما التهافت فى الكلام والتشدّق ، والاستغراق فى الضحك والحدة فى الحركة والنطق فكل ذلك من آثار البطر ، والأمن والغفلة عن عظيم عقاب الله تعالى وشديد سخطه ، وهو دأب أبناء الدنيا الغافلين عن الله دون العلماء به . وهذا لأن العلماء ثلاثة كما قال سهل التُّسْتَرى رحمه الله : عالم بأمر الله تعالى لا بأيام الله ، وهم المفتون فى الحلال والحرام ، وهذا العلم لا يورث الخشية ؛ وعالم بالله تعالى لا بأمر الله ولا بأيام الله، وهم عموم المؤمنين؛ وعالم بالله تعالى وبأمر الله

Lajna - 128

تعالى وبأيام الله تعالى ، وهم الصديقون ، والخشية والخشوع إنما تغلب عليهم . وأراد بأيام الله أنواع عقوباته الغامضة ونعمه الباطنة التى أفاضها على القرون السالفة واللاحقة . فمن أحاط علمه بذلك عظم خوفه وظهر خشوعه

وقال عمر رضى الله عنه : تعلموا العلم ، وتعلموا للعلم السكينة والوقار والحلم ، وتواضعوا لمن تتعلمون منه ، وليتواضع لكم من يتعلم منكم ، ولا تكونوا من جبابرة العلماء : فلا يقوم علمكم بجهلكم . ويقال ما آتى الله عبدا علما إلا آتاه معه حلما وتواضعا وحسن خلق ورفقا ؛ فذلك هو العلم النافع . وفى الأثر : من آتاه الله علما وزهدا وتواضعا وحسن خلق فهو إمام المتقين . وفى الخبر [1] « إِنَّ مِنْ خِيَارِ أُمَّتِي قَوْمًا يَضْحَكُونَ جَهْرًا مِنْ سَعَةِ رَحْمَةِ اللهِ ، وَيَبْكُونَ سِرًّا مِنْ خَوْفِ عَذَابِهِ ، أَبْدَانُهُمْ فِي الأَرْضِ وَقُلُوبُهُمْ فِي السَّمَاءِ ، أَرْوَاحُهُمْ فِي الدُّنْيَا وَعُقُولُهُمْ فِي الآخِرَةِ ، يَتَمَشَّوْنَ بِالسَّكِينَةِ ، وَيَتَقَرَّبُونَ بِالوَسِيلَةِ » . وقال الحسن : الحلم وزير العلم ، والرفق أبوه ، والتواضع سرباله

وقال بشر بن الحارث : من طلب الرياسة بالعلم فتقرب إلى الله تعالى ببغضه فانه ممقوت فى السماء والأرض . ويروى فى الاسرائيليات أن حكيما صنف ثلاثمائة وستين مصنفا فى الحكمة حتى وصف بالحكيم ، فأوحى الله تعالى إلى نبيهم : قل لفلان ملأت الأرض نفاقا ولم تردنى من ذلك بشىء وإنى لا أقبل من نفاقك شيئا . فندم الرجل وترك ذلك وخالط العامة ومشى فى الأسواق ووا كل بنى إسرائيل وتواضع فى نفسه ، فأوحى الله تعالى إلى نبيهم : قل له : الآن وفقت لرضاى

وحكى الأزاعى رحمه الله عن بلال بن سعد أنه كان يقول : ينظر أحدكم إلى الشرطى فيستعيذ بالله منه ؛ وينظر إلى علماء الدنيا المتصنعين للخلق المتشوفين إلى الرياسة فلا يمقتهم وهم أحق بالمقت من ذلك الشرطى . وروى أنه [2] « قِيلَ : يَارَسُولَ اللهِ أَيُّ الأَعْمَالِ أَفْضَلُ ؟ قَالَ

اجْتِنَابُ الْمَحَارِمِ، وَلَا يَزَالُ فُوكَ رَطْبًا مِنْ ذِكْرِ اللهِ تَعَالَى . قيل : فَأَيُّ الْأَصْحَابِ خَيْرٌ ؟ قال صلى الله عليه وسلم : صَاحِبٌ إِنْ ذَكَرْتَ اللهَ أَعَانَكَ ، وَإِنْ نَسِيتَهُ ذَكَّرَكَ . قِيلَ : فَأَيُّ الْأَصْحَابِ شَرٌّ ؟ قال صلى الله عليه وسلم : صَاحِبٌ إِنْ نَسِيتَ لَمْ يُذَكِّرْكَ ، وَإِنْ ذَكَرْتَ لَمْ يُعِنْكَ . قيل : فَأَيُّ النَّاسِ أَعْلَمُ ؟ قال : أَشَدُّهُمْ لِلهِ خَشْيَةً . قيل : فَأَخْبِرْنَا بِخِيَارِنَا نُجَالِسْهُمْ . قال صلى الله عليه وسلم : الَّذِينَ إِذَا رُؤُوا ذُكِرَ اللهُ . قيل : فَأَيُّ النَّاسِ شَرٌّ ؟ قال : اللَّهُمَّ غَفْرًا . قَالُوا أَخْبِرْنَا يَارَسُولَ اللهِ ، قال : الْعُلَمَاءُ إِذَا فَسَدُوا »

وقال صلى الله عليه وسلم[1] « إِنَّ أَكْثَرَ النَّاسِ أَمَانًا يَوْمَ الْقِيَامَةِ أَكْثَرُهُمْ فِكْرًا فِي الدُّنْيَا ، وَأَكْثَرَ النَّاسِ ضِحْكًا فِي الْآخِرَةِ أَكْثَرُهُمْ بُكَاءً فِي الدُّنْيَا ، وَأَشَدُّ النَّاسِ فَرَحًا فِي الْآخِرَةِ أَطْوَلُهُمْ حُزْنًا فِي الدُّنْيَا »

وقال على رضى الله عنه فى خطبة له : ذمتى رهينة وأنا به زعيم ، إنه لا يهيج على التقوى زرع قوم ، ولا يظمأ على الهدى سبخ أصل ، وإن أجهل الناس من لا يعرف قدره ، وإن أبغض الخلق إلى الله تعالى رجل قمش علما أغار به فى أغباش الفتنة ، سمّاه أشباه له من الناس وأرذالهم عالما ، ولم يعش فى العلم يوما سالما ، بكّر واستكثر ، فما قل منه وكفى خير مما كثر وألهى ، حتى إذا ارتوى من ماء آجن ، وأكثر من غير طائل ، جلس للناس معلما لتخليص ما التبس على غيره ، فان نزلت به إحدى المهمات هيأ لها من رأيه حشو الرأى ، فهو من قطع الشبهات فى مثل نسج العنكبوت لا يدرى أخطأ أم أصاب ، ركّاب جهالات ، خباط عشوات ، لا يعتذر مما لا يعلم فيسلم ، ولا يعض على العلم بضرس قاطع فيغنم ، تبكى منه الدماء ، وتستحل بقضائه الفروج الحرام ، لا ملىء والله بإصدار ما ورد عليه ، ولا هو أهل لما فوض اليه ، أولئك الذين حلت عليهم المثلات ، وحقت عليهم النياحة والبكاء أيام حياة الدنيا . وقال على رضى الله عنه: إذا سمعتم العلم فاكظموا عليه ولا تخلطوه بهزل فتمجه القلوب

وقال بعض السلف : العالم إذا ضحك ضحكة مج من العلم مجة . وقيل : إذا جمع المعلم

ثلاثا تمت النعمة بها على المتعلم : الصبر ، والتواضع ، وحسن الخلق ، وإذا جمع المتعلم ثلاثا تمت النعمة بها على المعلم : العقل، والأدب، وحسن الفهم. وعلى الجملة فالأخلاق التى ورد بها القرءان لا ينفك عنها علماء الآخرة لأنهم يتعلمون القرءان للعمل لا للرياسة . وقال ابن عمر رضى الله عنهما[1] « لَقَدْ عِشْنَا بُرْهَةً مِنَ الدَّهْرِ وَإِنَّ أَحَدَنَا يُؤْتَى الإِيمَانَ قَبْلَ الْقُرْءَانِ، وَتَنْزِلُ السُّورَةُ فَيَتَعَلَّمُ حَلَالَهَا وَحَرَامَهَا وَأَوَامِرَهَا وَزَوَاجِرَهَا ، وَمَا يَنْبَغِي أَنْ يَقِفَ عِنْدَهُ مِنْهَا ، وَلَقَدْ رَأَيْتُ رِجَالاً يُؤْتَى أَحَدُهُمُ الْقُرْءَانَ قَبْلَ الإِيمَانِ فَيَقْرَأُ مَا بَيْنَ فَاتِحَةِ الْكِتَابِ إِلَى خَاتِمَتِهِ لَا يَدْرِي مَا آمِرُهُ وَمَا زَاجِرُهُ وَمَا يَنْبَغِي أَنْ يَقِفَ عِنْدَهُ ، يَنْثُرُهُ نَثْرَ الدَّقَلِ » وفى خبر آخر بمثل معناه[2] « كُنَّا أَصْحَابَ رَسُولِ اللهِ صلى الله عليه وسلم أُوتِينَا الإِيمَانَ قَبْلَ الْقُرْءَانِ ، وَسَيَأْتِي بَعْدَكُمْ قَوْمٌ يُؤْتَوْنَ الْقُرْءَانَ قَبْلَ الإِيمَانِ يُقِيمُونَ حُرُوفَهُ وَيُضَيِّعُونَ حُدُودَهُ وَحُقُوقَهُ يَقُولُونَ قَرَأْنَا فَمَنْ أَقْرَأُ مِنَّا وَعَلِمْنَا فَمَنْ أَعْلَمُ مِنَّا ؟ فَذَلِكَ حَظُّهُمْ » وفى لفظ آخر : « أُولَئِكَ شِرَارُ هَذِهِ الأُمَّةِ »

وقيل : خمس من الأخلاق هى من علامات علماء الآخرة مفهومة من خمس آيات من كتاب الله عز وجل: الخشية، والخشوع ، والتواضع ، وحسن الخلق ، وإيثار الآخرة على الدنيا، وهو الزهد، فأما الخشية فمن قوله تعالى: (إِنَّمَا يَخْشَى اللهَ مِنْ عِبَادِهِ الْعُلَمَاءُ) . وأما الخشوع فمن قوله تعالى: (خَاشِعِينَ لِلَّهِ لَا يَشْتَرُونَ بِآيَاتِ اللهِ ثَمَنًا قَلِيلًا) . وأما التواضع فمن قوله تعالى: (وَاخْفِضْ جَنَاحَكَ لِلْمُؤْمِنِينَ) . وأما حسن الخلق فمن قوله تعالى (فَبِمَا رَحْمَةٍ مِنَ اللهِ لِنْتَ لَهُمْ) وأما الزهد فمن قوله تعالى (وَقَالَ الَّذِينَ أُوتُوا الْعِلْمَ وَيْلَكُمْ ثَوَابُ اللهِ خَيْرٌ لِمَنْ آمَنَ وَعَمِلَ صَالِحًا) ولما تلا[3] رسول الله صلى الله عليه وسلم قوله تعالى : (فَمَنْ يُرِدِ اللهُ أَنْ يَهْدِيَهُ يَشْرَحْ

ومنها ـ أن يكون أكثر بحثه عن علم الأعمال وعما يفسدها ويشوش القلوب ويهيج الوسواس ويثير الشر ، فان أصل الدين التوقى من الشر ، ولذلك قيل :

عرفت الشر لا للشر لكن لتوقيه
ومن لا يعرف الشر من الناس يقع فيه

ولأن الأعمال الفعلية قريبة ، وأقصاها بل أعلاها المواظبة على ذكر الله تعالى بالقلب واللسان ، وإنما الشأن فى معرفة مايفسدها ويشوشها ، وهذا مما تكثر شعبه ويطول تفريعه ، وكل ذلك مما يغلب مسيس الحاجة اليه ، وتعم به البلوى فى سلوك طريق الآخرة

وأما علماء الدنيا فانهم يتبعون غرائب التفريعات فى الحكومات والأقضية ، ويتعبون فى وضع صور تنقضى الدهور ولا تقع أبدا ، وإن وقعت فانما تقع لغيرهم لا لهم ، وإذا وقعت كان فى القائمين بها كثرة ، ويتركون مايلازمهم ويتكرر عليهم آناء الليل وأطراف النهار ، فى خواطرهم ووساوسهم وأعمالهم . وما أبعد عن السعادة من باع مهم نفسه اللازم بمهم غيره النادر ، ايثارا للتقرب والقبول من الخلق على التقرب من الله سبحانه ، وشرهاً فى أن يسميه البطالون من أبناء الدنيا فاضلا محققا عالما بالدقائق ! وجزاؤه من الله أن لاينتفع فى الدنيا بقبول الخلق ، بل يتكدر عليه صفوه بنوائب الزمان ، ثم يرد القيامة مفلسا متحسرا على مايشاهده من ربح العاملين وفوز المقربين ، وذلك هو الخسران المبين

ولقد كان الحسن البصرى رحمه الله أشبه الناس كلاما بكلام الأنبياء عليهم الصلاة والسلام ، وأقربهم هديا من الصحابة رضى الله عنهم : اتفقت الكلمة فى حقه على ذلك ، وكان أكثر كلامه فى خواطر القلوب ، وفساد الأعمال ، ووساوس النفوس ، والصفات الخفية الغامضة ، من شهوات النفس . وقد قيل له : ياأبا سعيد إنك تتكلم بكلام لايسمع من غيرك فمن أين أخذته ؟ قال : من حذيفة بن اليمان . وقيل لحذيفة : نراك تتكلم بكلام لايسمع من غيرك من الصحابة فمن

Lajna - 132

أين أخذته ؟ قال: خصّني به رسول الله صلى الله عليه وسلم [١] « كَانَ النَّاسُ يَسْأَلُونَهُ عَنِ الْخَيْرِ وَكُنْتُ أَسْأَلُهُ عَنِ الشَّرِّ مَخَافَةَ أَنْ أَقَعَ فِيهِ وَعَلِمْتُ أَنَّ الْخَيْرَ لَا يَسْبِقُنِي عِلْمُهُ » . وقال مرة : « فَعَلِمْتُ أَنَّ مَنْ لَا يَعْرِفُ الشَّرَّ لَا يَعْرِفُ الْخَيْرَ » وفى لفظ آخر « كَانُوا يَقُولُونَ يَارَسُولَ اللهِ مَا لِمَنْ عَمِلَ كَذَا وَكَذَا ؟ يَسْأَلُونَهُ عَنْ فَضَائِلِ الْأَعْمَالِ ، وَكُنْتُ أَقُولُ يَارَسُولَ اللهِ : مَا يُفْسِدُ كَذَ وَكَذَا ؟ فَلَمَّا رَآنِي أَسْأَلُهُ عَنْ آفَاتِ الْأَعْمَالِ خَصَّنِي بِهَذَا الْعِلْمِ »

وكان حذيفة رضى الله عنه أيضا قد خص بعلم المنافقين ، وأفرد بمعرفة علم النفاق وأسبابه ودقائق الفتن ، فكان عمر وعثمان وأكابر الصحابة رضى الله عنهم يسألونه عن الفتن العامة والخاصة . وكان يسأل عن المنافقين فيخبر بعدد من بقى منهم، ولا يخبر بأسمائهم . وكان عمر رضى الله عنه يسأله عن نفسه : هل يعلم فيه شيئا من النفاق ؟ فبرأه من ذلك . وكان عمر رضى الله عنه اذا دُعى الى جنازة ليصلى عليها نظر : فان حضر حذيفة صلى عليها ، وإلا ترك . وكان يسمى صاحب السر

فالعناية بمقامات القلب وأحواله دأب علماء الآخرة ، لأن القلب هو الساعى إلى قرب الله تعالى . وقد صار هذا الفن غريبا مندرسا ، واذا تعرض العالم لشىء منه استغرب واستبعد ، وقيل هذا تزويق المذكرين ، فأين التحقيق ، ويرون أن التحقيق فى قادئق المجادلات . ولقد صدق من قال :

الطُّرْق شتىّ وطُرْق الحق مفردة ... والسالكون طريقَ الحق أفراد
لا يُعرفون ولا تُدرى مقاصدُهم ... فهم على مهل يمشون قُصاد
والناس فى غفلة عما يراد بهم ... فجلهم عن سبيل الحق رقاد

وعلى الجملة فلا يميل أكثر الخلق إلا إلى الأسهل والأوفق لطباعهم ، فان الحق مرّ ، والوقوف عليه صعب ، وإدراكه شديد ، وطريقه مستوعر ، ولا سيما معرفة صفات القلب وتطهيره عن الأخلاق المذمومة ، فان ذلك نزع للروح على الدوام ، وصاحبه ينزل منزلة الشارب

---

(١) حديث حذيفة كان الناس يسألون رسول الله صلى الله عليه وسلم عن الخير وكنت أساله عن الشر ـ الحديث : أخرجاه مختصرا

Lajna - 133

للدواء يصبر على مرارته رجاء الشفاء ، وينزل منزلة من جعل مدة العمر صومه ، فهو يقاسى الشدائد ليكون فطره عند الموت ، ومتى تكثر الرغبة فى هذا الطريق . ولذلك قيل : إنه كان فى البصرة مائة وعشرون متكلما فى الوعظ والتذكير، ولم يكن من يتكلم فى علم اليقين وأحوال القلوب وصفات الباطن إلا ثلاثة : منهم سهل التُستَرى ، والصبيحى ، وعبد الرحيم ، وكان يجلس إلى أولئك الخلقُ الكثير الذى لايحصى ، وإلى هؤلاء عدد يسير قلّما يجاوز العشرة ، لأن النفيس العزيز لايصلح إلا لأهل الخصوص ، وما يبذل للعموم فأمره قريب

ومنها ـ أن يكون اعتماده فى علومه على بصيرته وإدراكه بصفاء قلبه ، لا على الصحف والكتب ، ولا على تقليد ما يسمعه من غيره ، وإنما المقلّد صاحبُ الشرع صلوات الله عليه وسلامه فيما أمر به وقاله ؛ وإنما يقلد الصحابة رضى الله عنهم من حيث إن فعلهم يدل على سماعهم من رسول الله صلى الله عليه وسلم، ثم إذا قلد صاحب الشرع صلى الله عليه وسلم فى تلقى أقواله وأفعاله بالقبول فينبغى أن يكون حريصا على فهم أسراره ؛ فان المقلد إنما يفعل الفعل لأن صاحب الشرع صلى الله عليه وسلم فعلَه، وفعله لابد وأن يكون لسرّ فيه ، فينبغى أن يكون شديد البحث عن أسرار الأعمال والأقوال ، فانه إن اكتفى بحفظ مايقال كان وعاء للعلم ، ولا يكون عالما . ولذلك كان يقال : فلان من أوعية العلم ، فلا يسمى عالما اذا كان شأنه الحفظ من غير اطلاع على الحِكَم والأسرار ، ومن كشف عن قلبه الغطاء واستنار بنور الهداية صار فى نفسه متبوعا مقلَّدا ، فلاينبغى أن يقلد غيره . ولذلك قال ابن عباس رضى الله عنهما[1] «مَامِنْ أحَدٍ إلاَّ يُؤْخَذُ مِنْ عِلْمِهِ وَيُتْرَكُ إلاَّ رَسُولَ اللهِ صلى الله عليه وسلم » وقد كان تعلم من زيد بن ثابت الفقه ، وقرأ على أبىّ بن كعب ، ثم خالفهما فى الفقه والقراءة جميعا . وقال بعض السلف : ماجاءنا عن رسول الله صلى الله عليه وسلم قبلناه على الرأس والعين ، وما جاءنا عن الصحابة رضى الله عنهم فنأخذ منه ونترك ، وما جاءنا عن التابعين فهم رجال ونحن رجال

وإنما فضل الصحابة لمشاهدتهم قرائن أحوال رسول الله صلى الله عليه وسلم ، واعتلاق قلوبهم أمورا أدركت بالقرائن ، فسددهم ذلك الى الصواب من حيث لايدخل فى الرواية والعبارة

Lajna - 134

إذ فاض عليهم من نور النبوّة مايحرسهم فى الأكثر عن الخطأ . وإذا كان الاعتماد على المسموع من الغير تقليدا غير مرضىّ فالاعتماد على الكتب والتصانيف أبعد ، بل الكتب والتصانيف محدثة لم يكن شىء منها فى زمن الصحابة وصدر التابعين ، وإنما حدثت بعد سنة مائة وعشرين من الهجرة ، وبعد وفاة جميع الصحابة وجلة التابعين رضى الله عنهم ، وبعد وفاة سعيد بن المسيب والحسن وخيار التابعين ، بل كان الأولون يكرهون كَتْب الأحاديث وتصنيف الكتب ، لئلا يشتغل الناس بها عن الحفظ وعن القرءان وعن التدبر والتذكر ، وقالوا : احفظوا كما كنا نحفظ . ولذلك كره أبو بكر وجماعة من الصحابة رضى الله عنهم تصحيف القرءان فى مصحف ، وقالوا : كيف نفعل شيئا مافعله رسول الله صلى الله عليه وسلم ، وخافوا اتكال الناس على المصاحف ، وقالوا : نترك القرءان يتلقاه بعضهم من بعض بالتلقين والإقراء ليكون هذا شغلهم وهمهم ، حتى أشار عمر رضى الله عنه وبقية الصحابة بكَتْب القرءان ، خوفا من تخاذل الناس وتكاسلهم ، وحذرا من أن يقع نزاع فلا يوجد أصل يرجع اليه فى كلمة أو قراءة من المتشابهات ، فانشرح صدر أبى بكر رضى الله عنه لذلك ، فجمع القرءان فى مصحف واحد . وكان أحمد بن حنبل ينكر على مالك فى تصنيفه الموطأ ، ويقول : ابتدع مالم تفعله الصحابة رضى الله عنهم

وقيل : أول كتاب صنف فى الاسلام كتاب ابن جريج فى الآثار ، وحروف التفاسير عن مجاهد وعطاء وأصحاب ابن عباس رضى الله عنهم بمكة ، ثم كتاب معمر بن راشد الصنعانى باليمن ، جمع فيه سننا مأثورة نبوية ، ثم كتاب الموطأ بالمدينة لمالك بن أنس ، ثم جامع سفيان الثورى .

ثم فى القرن الرابع حدثت مصنفات الكلام ، وكثر الخوض فى الجدال ، والغوص فى إبطال المقالات ، ثم مال الناس اليه وإلى القصص والوعظ بها ، فأخذ علم اليقين فى الاندراس من ذلك الزمان ، فصار بعد ذلك يستغرب علم القلوب ، والتفتيش عن صفات النفس ومكايد الشيطان ، وأعرض عن ذلك إلا الأقلون ، فصار يسمى المجادل المتكلم عالما ، والقاص المزخرف كلامه بالعبارات المسجعة عالما ، وهذا لأن العوام هم المستمعون اليهم ، فكان لا يتميز لهم حقيقة العلم من غيره ، ولم تكن سيرة الصحابة رضى الله عنهم وعلومهم ظاهرةً عندهم حتى كانوا يعرفون بها مباينة هؤلاء لهم ، فاستمر عليهم اسم العلماء ، وتوارث اللقب خلف عن سلف ، وأصبح

Lajna - 135

علم الآخرة مطويا، وغاب عنهم الفرق بين العلم والكلام إلا عن الخواص منهم: كانوا إذا قيل لهم فلان أعلم أم فلان، يقولون: فلان أكثر علما، وفلان أكثر كلاما، فكان الخواص يدركون الفرق بين العلم وبين القدرة على الكلام. هكذا ضعف الدين فى قرون سالفة، فكيف الظن بزمانك هذا؟ وقد انتهى الأمر إلى أن مظهر الانكار يستهدف لنسبته إلى الجنون، فالأولى أن يشتغل الانسان بنفسه ويسكت

ومنها أن يكون شديد التوقى من محدثات الأمور وإن اتفق عليها الجمهور، فلا يغرنّه إطباق الخلق على ما أحدث بعد الصحابة رضى الله عنهم، وليكن حريصا على التفتيش عن أحوال الصحابة وسيرتهم وأعمالهم، وما كان فيه أكثر همهم: أكان فى التدريس والتصنيف والمناظرة والقضاء والولاية وتولى الأوقاف والوصايا وأكل مال الأيتام ومخالطة السلاطين ومجاملتهم فى العشرة، أم كان فى الخوف والحزن والتفكر والمجاهدة ومراقبة الظاهر والباطن واجتناب دقيق الإثم وجليله، والحرص على إدراك خفايا شهوات النفوس ومكايد الشيطان، إلى غير ذلك من علوم الباطن.

واعلم تحقيقا أن أعلم أهل الزمان وأقربهم إلى الحق أشبههم بالصحابة وأعرفهم بطريق السلف، فمنهم أخذ الدين، ولذلك قال على رضى الله عنه: خيرنا أتبعنا لهذا الدين لمّا قيل له: خالفت فلانا. فلا ينبغى أن يكترث بمخالفة أهل العصر فى موافقة أهل عصر رسول الله صلى الله عليه وسلم، فان الناس رأوا رأيا فيما هم فيه لميل طباعهم اليه، ولم تسمح نفوسهم بالاعتراف بأن ذلك سبب الحرمان من الجنة، فادّعوا أنه لا سبيل إلى الجنة سواه. ولذلك قال الحسن: محدثان أحدثا فى الاسلام: رجل ذو رأى سيء زعم أن الجنة لمن رأى مثل رأيه، ومترَفٌ يعبد الدنيا، لها يغضب ولها يرضى وإياها يطلب، فارفضوهما إلى النار، وإن رجلا أصبح فى هذه الدنيا بين مترف يدعوه إلى دنياه، وصاحب هوى يدعوه إلى هواه، وقد عصمه الله تعالى منهما، يحنّ إلى السلف الصالح يسأل عن أفعالهم ويقتفى آثارهم، متعرض لأجر عظيم، فكذلك كونوا

وقد روى عن ابن مسعود موقوفا ومسندا (١) أنه قال: « إِنَّمَا هُمَا اثْنَتَانِ: اَلْكَلَامُ

وفي خطبة رسول الله صلى الله عليه وسلم [1] « طُوبَى لِمَنْ شَغَلَهُ عَيْبُهُ عَنْ عُيُوبِ النَّاسِ وَأَنْفَقَ مِنْ مَالٍ اكْتَسَبَهُ مِنْ غَيْرِ مَعْصِيَةٍ ، وَخَالَطَ أَهْلَ الْفِقْهِ وَالْحِكَمِ ، وَجَانَبَ أَهْلَ الزَّلَلِ وَالْمَعْصِيَةِ ، طُوبَى لِمَنْ ذَلَّ فِي نَفْسِهِ وَحَسُنَتْ خَلِيقَتُهُ ، وَصَلَحَتْ سَرِيرَتُهُ ، وَعَزَلَ عَنِ النَّاسِ شَرَّهُ ، طُوبَى لِمَنْ عَمِلَ بِعِلْمِهِ وَأَنْفَقَ الْفَضْلَ مِنْ مَالِهِ وَأَمْسَكَ الْفَضْلَ مِنْ قَوْلِهِ ، وَوَسِعَتْهُ السُّنَّةُ وَلَمْ يَعْدُهَا إِلَى بِدْعَةٍ »

وكان ابن مسعود رضى الله عنه يقول : حُسن الهدى فى آخر الزمان خير من كثير من العمل ، وقال : أنتم فى زمان خيركم فيه المسارع فى الأمور ، وسيأتى بعدكم زمان يكون خيرهم فيه المتثبت المتوقف لكثرة الشبهات . وقد صدق ، فمن لم يتوقف فى هذا الزمان ووافق الجماهير فيما هم عليه وخاض فيما خاضوا فيه ، هلك كما هلكوا . وقال حذيفة رضى الله عنه : أعجب من هذا أن معروفكم اليوم منكر زمان قد مضى ، وأن منكركم اليوم معروف زمان قد أتى ، وإنكم لا تزالون بخير ما عرفتم الحق وكان العالم فيكم غير مستخف به . ولقد صدق ، فان أكثر معروفات هذه الأعصار منكرات فى عصر الصحابة رضى الله عنهم ، إذ من غرر المعروفات فى زماننا تزيين المساجد وتنجيدها ، وإنفاق الأموال العظيمة فى دقائق عماراتها ، وفرش البسط الرفيعة فيها

ولقد كان يعد فرش البوارى فى المسجد بدعة . وقيل إنه من محدثات الحجاج ، فقد كان الأولون قلما يجعلون بينهم وبين التراب حاجزا

وكذلك الاشتغال بدقائق الجدل والمناظرة من أجلّ علوم أهل الزمان ، ويزعمون أنه من أعظم القربات . وقد كان من المنكرات

ومن ذلك التلحين فى القرءان والأذان

ومن ذلك التعسف فى النظافة والوسوسة فى الطهارة ، وتقدير الأسباب البعيدة فى نجاسة الثياب ، مع التساهل فى حل الأطعمة وتحريمها ؛ إلى نظائر ذلك

ولقد صدق ابن مسعود رضى الله عنه حيث قال : أنتم اليوم فى زمانٍ الهوى فيه تابع للعلم ، وسيأتى عليكم زمان يكون العلم فيه تابعا للهوى . وقد كان أحمد بن حنبل يقول: تركوا العلم وأقبلوا على الغرائب ، ماأقل العلم فيهم ! والله المستعان . وقال مالك بن أنس رحمه الله : لم تكن الناس فيما مضى يسألون عن هذه الأمور كما يسأل الناس اليوم ، ولم يكن العلماء يقولون : حرام ولا حلال ، ولكن أدركتهم يقولون : مستحب ومكروه . ومعناه أنهم كانوا ينظرون فى دقائق الكراهة والاستحباب ، فأما الحرام فكان فحشه ظاهرا . وكان هشام بن عروة يقول : لا تسألوهم اليوم عما أحدثوه بأنفسهم فانهم قد أعدوا له جوابا ، ولكن سلوهم عن السنة فانهم لايعرفونها . وكان أبو سليمان الدارانى رحمه الله يقول : لاينبغى لمن ألهم شيئا من الخير أن يعمل به حتى يسمع به فى الأثر فيحمدالله تعالى إذ وافق مافى نفسه. وإنما قال هذا لأن ماقد أبدع من الآراء قد قرع الأسماع وعلق بالقلوب ، وربمايشوش صفاء القلب فيتخيل بسببه الباطل حقا . فيحتاط فيه بالاستظهار بشهادة الآثار . ولهذا لما أحدث مروان المنبر فى صلاة العيد عند المصلى قام اليه أبو سعيد الخدرى رضى الله عنه فقال: يامروان ماهذه البدعة ؟ فقال: إنها ليست ببدعة ، إنها خير مما تعلم ، إن الناس قد كثروا فاردت أن يبلغهم الصوت ، فقال أبو سعيد : والله لاتأتون بخير مما أعلم أبدا ، ووالله لاصليت وراءك اليوم ! وإنما أنكر ذلك عليه لأن رسول الله صلى الله عليه وسلم (١) « كَانَ يَتَوَكَّأُ فِي خُطْبَةِ ٱلْعِيدِ وَٱلِاسْتِسْقَاءِ عَلَى قَوْسٍ أَوْ عَصاً » لَا عَلَى ٱلْمِنْبَرِ

وفى الحديث المشهور[١] « مَنْ أَحْدَثَ فِي دِينِنَا مَالَيْسَ مِنْهُ فَهُوَ رَدٌّ » . وفى خبر آخر : « مَنْ[٢] غَشَّ أُمَّتِي فَعَلَيْهِ لَعْنَةُ اللهِ وَالْمَلَائِكَةِ وَالنَّاسِ أَجْمَعِينَ » قيل يارسول الله : وما غش أمتك ؟ قال « أَنْ يَبْتَدِعَ بِدْعَةً يَحْمِلُ النَّاسَ عَلَيْهَا » وقال صلى الله عليه وسلم[٣] « إِنَّ لِلَّهِ عَزَّ وَجَلَّ مَلَكًا يُنَادِي كُلَّ يَوْمٍ : مَنْ خَالَفَ سُنَّةَ رَسُولِ اللهِ صلى الله عليه وسلم لَمْ تَنَلْهُ شَفَاعَتُهُ » ومثال الجانى على الدين بابداع مايخالف السنة بالنسبة إلى من يذنب ذنبا مثال من عصى الملك فى قلب دولته بالنسبة إلى من خالف أمره فى خدمة معينة ،وذلك قد يغفر له؛ فأما قلب الدولة فلا . وقال بعض العلماء : ماتكلم فيه السلف فالسكوت عنه جفاء ، وماسكت عنه السلف فالكلام فيه تكلف . وقال غيره : الحق ثقيل من جاوزه ظلم ، ومن قصر عنه عجز، ومن وقف معه اكتفى . وقال صلى الله عليه وسلم[٤] « عَلَيْكُمْ بِالنَّمَطِ الْأَوْسَطِ الَّذِي يَرْجِعُ إِلَيْهِ الْعَالِي وَيَرْتَفِعُ إِلَيْهِ التَّالِي »

وقال ابن عباس رضى الله عنهما : الضلالة لها حلاوة فى قلوب أهلها ، قال الله تعالى : (وَذَرِ الَّذِينَ اتَّخَذُوا دِينَهُمْ لَعِبًا وَلَهْوًا) وقال تعالى: (أَفَمَنْ زُيِّنَ لَهُ سُوءُ عَمَلِهِ فَرَآهُ حَسَنًا) . فكل ما أحدث بعد الصحابة رضى الله عنهم مما جاوز قدر الضرورة والحاجة ،فهو من اللعب واللهو

وحكى عن إبليس لعنه الله أنه بث جنوده فى وقت الصحابة رضى الله عنهم فرجعوا اليه محسورين ، فقال : ما شأنكم ؟ قالوا : ما رأينا مثل هؤلاء : ما نصيب منهم شيئا وقد أتعبونا، فقال : إنكم لا تقدرون عليهم : قد صحبوا نبيهم ، وشهدوا تنزيل ربهم ، ولكن سيأتى بعدهم قوم تنالون منهم حاجتكم . فلما جاء التابعون بث جنوده فرجعوا اليه منكسين ، فقالوا : ما رأينا أعجب من هؤلاء :نصيب منهم الشيء بعد الشيء من الذنوب فاذا كان آخر النهار

أخذوا فى الاستغفار فيبدل الله سيئاتهم حسنات ، فقال : إنكم لن تنالوا من هؤلاء شيئا لصحة توحيدهم ، واتباعهم لسنة نبيهم ، ولكن سيأتى بعد هؤلاء قوم تقر أعينكم بهم ، تلعبون بهم لعبا ، وتقودونهم بأزمة أهوائهم كيف شئتم ، إن استغفروا لم يغفر لهم ، ولا يتوبون فيبدل الله سيئاتهم حسنات . قال : فجاء قوم بعد القرن الأول فبث فيهم الأهواء وزين لهم البدع ، فاستحلوها ، واتخذوها دينا ، لا يستغفرون الله منها ، ولا يتوبون عنها ، فسلط عليهم الأعداء ، وقادوهم أين شاءوا

فان قلت : من أين عرف قائل هذا ماقاله إبليس ولم يشاهد إبليس ولا حدثه بذلك؟

فاعلم أن أرباب القلوب يكاشفون بأسرار الملكوت ، تارة على سبيل الإلهام بأن يخطر لهم على سبيل الورود عليهم من حيث لا يعلمون ، وتارة على سبيل الرؤيا الصادقة ، وتارة فى اليقظة على سبيل كشف المعانى بمشاهدة الأمثلة كما يكون فى المنام ، وهذا أعلى الدرجات ، وهى من درجات النبوة العالية ، كما أن الرؤيا الصادقة جزء من ستة وأربعين جزءا من النبوة

فاياك أن يكون حظك من هذا العلم إنكار ماجاوز حد قصورك ، ففيه هلك المتحذلقون من العلماء ، الزاعمون أنهم أحاطوا بعلوم العقول . فالجهل خير من عقل يدعو إلى إنكار مثل هذه الأمور لأولياء الله تعالى . ومن أنكر ذلك للأولياء لزمه إنكار الأنبياء ، وكان خارجا عن الدين بالكلية . قال بعض العارفين : إنما انقطع الأبدال فى أطراف الأرض واستتروا عن أعين الجمهور ، لأنهم لا يطيقون النظر إلى علماء الوقت ، لأنهم عندهم جهال بالله تعالى ، وهم عند أنفسهم وعند الجاهلين علماء . قال سهل التستَرى رضى الله عنه : إن من أعظم المعاصى الجهل بالجهل ، والنظر إلى العامة ، واستماع كلام أهل الغفلة ، وكل عالم خاض فى الدنيا فلا ينبغى أن يصغى إلى قوله ، بل ينبغى أن يتهم فى كل مايقول ، لأن كل إنسان يخوض فيما أحب ، ويدفع مالا يوافق محبوبه . ولذلك قال الله عز وجل (وَلَا تُطِعْ مَنْ أَغْفَلْنَا قَلْبَهُ عَنْ ذِكْرِنَا وَاتَّبَعَ هَوَاهُ وَكَانَ أَمْرُهُ فُرُطًا) . والعوام العصاة أسعد حالا من الجهال بطريق الدين ، المعتقدين أنهم من العلماء ، لأن العامى العاصى معترف بتقصيره فيستغفر ويتوب ، وهذا الجاهل الظان أنه عالم فان ماهو مشتغل به من العلوم التى هى وسائله إلى الدنيا عن سلوك طريق الدين ، فلا يتوب ولا يستغفر ، بل لا يزال مستمرا عليه إلى الموت

وإذ غلب هذا على أكثر الناس إلا من عصمه الله تعالى ، وانقطع الطمع من إصلاحهم ، فالأسلم لذى الدين المحتاط العزلة والانفراد عنهم ، كما سيأتى فى كتاب العزلة بيانه ، إن شاء الله تعالى. ولذلك كتب يوسف بن أسباط الى حذيفة المَرْعَشى : ماظنك بمن بقى لايجد أحدا لايذكر الله تعالى معه إلا كان آثما أو كانت مذاكرته معصيةً ، وذلك أنه لايجد أهله ؟ ولقد صدق ، فان مخالطة الناس لاتنفك عن غيبة أو سماع غيبة ، أو سكوت على منكر . وإن أحسن أحواله أن يفيد علما أو يستفيده . ولو تأمل هذا المسكين وعلم أن إفادته لاتخلو عن شوائب الرياء وطلب الجمع والرياسة ، علم أن المستفيد إنما يريد أن يجعل ذلك آلة الى طلب الدنيا ، ووسيله الى الشر ، فيكون هو معينا له على ذلك ؛ وردءاً وظهيرا ومهيئا لأسبابه ، كالذى يبيع السيف من قطاع الطريق . فالعلم كالسيف ، وصلاحه للخير كصلاح السيف للغزو ، ولذلك لايرخص له فى البيع ممن يعلم بقرائن أحواله أنه يريد به الاستعانة على قطع الطريق

فهذه اثنتا عشرة علامة من علامات علماء الآخرة تجمع كل واحدة منها جملة من أخلاق علماء السلف . فكن أحد رجلين : إما متصفا بهذه الصفات ، أو معترفا بالتقصير مع الإقرار به. وإياك أن تكون الثالث فتلبس على نفسك بأن بدلت آلة الدنيا بالدين ، وتشبه سيرة البطالين بسيرة العلماء الراسخين ، وتلتحق بجهلك وإنكارك بزمرة الهالكين الآيسين . نعوذ بالله من خدع الشيطان ، فبها هلك الجمهور. فنسأل الله تعالى أن يجعلنا ممن لاتغره الحياة الدنيا ، ولا يغره بالله الغرور !

فى العقل وشرفه وحقيقته وأقسامه

بيان شرف العقل

اعلم أن هذا مما لايحتاج إلى تكلف فى إظهاره ، لاسيما وقد ظهر شرف العلم من قبل العقل. والعقل منبع العلم ومطلعه وأساسه ، والعلم يجرى منه مجرى الثمرة من الشجرة ، والنور من الشمس ، والرؤية من العين ، فكيف لايشرف ماهو وسيلة السعادة فى الدنيا والآخرة ؟

Lajna - 141

أو كيف يستراب فيه والبهيمة مع قصور تمييزها تحتشم العقل ، حتى إن أعظم البهائم بدنا وأشدها ضراوة وأفواها سطوة اذا رأى صورة الانسان احتشمه وهابه ، لشعوره باستيلائه عليه ، لما خص به من إدراك الحيل . ولذلك قال صلى الله عليه وسلم (١) « الشَّيْخُ فِي قَوْمِهِ كَالنَّبِيِّ فِي أُمَّتِهِ » وليس ذلك لكثرة ماله ، ولا لكبر شخصه ، ولا لزيادة قوته ، بل لزيادة تجربته التي هي ثمرة عقله ، ولذلك ترى الأتراك والأكراد وأجلاف العرب وسائر الخلق مع قرب منزلتهم من رتبة البهائم يوقرون المشايخ بالطبع ، ولذلك حين قصد كثير من المعاندين قتل رسول الله صلى الله عليه وسلم فلما وقعت أعينهم عليه واكتحلوا بغرته الكريمة ، هابوه ، وتراءى لهم ما كان يتلألأ على ديباجة وجهه من نور النبوة ، وإن كان ذلك باطنا في نفسه بطون العقل

فشرف العقل مدرك بالضرورة . وإنما القصد أن نورد ماوردت به الأخبار والآيات في ذكر شرفه ، وقد سماه الله نورا في قوله تعالى : (اللَّهُ نُورُ السَّمَاوَاتِ وَالْأَرْضِ مَثَلُ نُورِهِ كَمِشْكَاةٍ) . وسمى العلم المستفاد منه روحا ووحيا وحياة ، فقال تعالى : (وَكَذَلِكَ أَوْحَيْنَا إِلَيْكَ رُوحًا مِنْ أَمْرِنَا) . وقال سبحانه : (أَوَمَنْ كَانَ مَيْتًا فَأَحْيَيْنَاهُ وَجَعَلْنَا لَهُ نُورًا يَمْشِي بِهِ فِي النَّاسِ) . وحيث ذكر النور والظلمة أراد به العلم والجهل ، كقوله : (يُخْرِجُهُمْ مِنَ الظُّلُمَاتِ إِلَى النُّورِ) . وقال صلى الله عليه وسلم (٢) « يَا أَيُّهَا النَّاسُ اعْقِلُوا عَنْ رَبِّكُمْ وَتَوَاصَوْا بِالْعَقْلِ تَعْرِفُوا مَا أُمِرْتُمْ بِهِ وَمَا نُهِيتُمْ عَنْهُ ، وَاعْلَمُوا أَنَّهُ يُنْجِدُكُمْ عِنْدَ رَبِّكُمْ ، وَاعْلَمُوا أَنَّ الْعَاقِلَ مَنْ أَطَاعَ اللَّهَ وَإِنْ كَانَ دَمِيمَ الْمَنْظَرِ حَقِيرَ الْخَطَرِ دَنِيَّ الْمَنْزِلَةِ رَثَّ الْهَيْئَةِ ، وَإِنَّ الْجَاهِلَ مَنْ عَصَى اللَّهَ تَعَالَى وَإِنْ كَانَ جَمِيلَ الْمَنْظَرِ عَظِيمَ الْخَطَرِ شَرِيفَ الْمَنْزِلَةِ حَسَنَ الْهَيْئَةِ فَصِيحًا نَطُوقًا ، فَالْقِرَدَةُ وَالْخَنَازِيرُ أَعْقَلُ عِنْدَ اللَّهِ تَعَالَى مِمَّنْ عَصَاهُ ، وَلَا تَغْتَرَّ

بِتَعْظِيمِ أَهْلِ الدُّنْيَا إِيَّاكُمْ فَإِنَّهُمْ مِنَ الْخَاسِرِينَ » . وقال صلى الله عليه وسلم (١) « أَوَّلُ مَا خَلَقَ اللهُ الْعَقْلَ فَقَالَ لَهُ أَقْبِلْ فَأَقْبَلَ ، ثُمَّ قَالَ لَهُ أَدْبِرْ فَأَدْبَرَ ، ثُمَّ قَالَ اللهُ عَزَّ وَجَلَّ : وَعِزَّتِي وَجَلَالِي مَا خَلَقْتُ خَلْقًا أَكْرَمَ عَلَيَّ مِنْكَ ، بِكَ آخُذُ ، وَبِكَ أُعْطِي ، وَبِكَ أُثِيبُ ، وَبِكَ أُعَاقِبُ » .

فان قلت : فهذا العقل إن كان عرضا فكيف خلق قبل الأجسام ؟ وإن كان جوهرا فكيف يكون جوهر قائم بنفسه ولا يتحيز ؟

فاعلم أن هذا من علم المكاشفة ، فلا يليق ذكره بعلم المعاملة . وغرضنا الآن ذكر علوم المعاملة . وعن أنس رضي الله عنه (٢) قال « أَثْنَى قَوْمٌ عَلَى رَجُلٍ عِنْدَ النَّبِيِّ صلى الله عليه وسلم حَتَّى بَالَغُوا ، فقال صلى الله عليه وسلم : كَيْفَ عَقْلُ الرَّجُلِ ؟ فَقَالُوا : نُخْبِرُكَ عَنِ اجْتِهَادِهِ فِي الْعِبَادَةِ وَأَصْنَافِ الْخَيْرِ وَتَسْأَلُنَا عَنْ عَقْلِهِ ؟ فقال صلى الله عليه وسلم : إِنَّ الْأَحْمَقَ يُصِيبُ بِجَهْلِهِ أَكْثَرَ مِنْ فُجُورِ الْفَاجِرِ ، وَإِنَّمَا يَرْتَفِعُ الْعِبَادُ غَدًا فِي الدَّرَجَاتِ الزُّلْفَى مِنْ رَبِّهِمْ عَلَى قَدْرِ عُقُولِهِمْ » . وعن عمر رضي الله عنه قال : قال رسول الله صلى الله عليه وسلم (٣) « مَا اكْتَسَبَ رَجُلٌ مِثْلَ فَضْلِ عَقْلٍ يَهْدِي صَاحِبَهُ إِلَى هُدًى وَيَرُدُّهُ عَنْ رَدًى ، وَمَا تَمَّ إِيمَانُ عَبْدٍ وَلَا اسْتَقَامَ دِينُهُ حَتَّى يَكْمُلَ عَقْلُهُ » . وقال صلى الله عليه وسلم (٤) « إِنَّ الرَّجُلَ لَيُدْرِكُ بِحُسْنِ خُلُقِهِ دَرَجَةَ الصَّائِمِ الْقَائِمِ ، وَلَا يَتِمُّ لِرَجُلٍ حُسْنُ خُلُقِهِ حَتَّى يَتِمَّ عَقْلُهُ فَعِنْدَ ذَلِكَ تَمَّ إِيمَانُهُ وَأَطَاعَ رَبَّهُ وَعَصَى عَدُوَّهُ إِبْلِيسَ »

بيان حقيقة العقل وأقسامه

اعلم أن الناس اختلفوا فى حد العقل وحقيقته ، وذهل الأكثرون عن كون هذا الاسم مطلقا على معان مختلفة ، فصار ذلك سبب اختلافهم

والحق الكاشف للغطاء فيه : أن العقل اسم يطلق بالاشتراك على أربعة معان ، كما يطلق اسم العين مثلا على معان عدة ، وما يجرى هذا المجرى ، فلا ينبغى أن يطلب لجميع أقسامه حد واحد ، بل يفرد كل قسم بالكشف عنه

فالأول — الوصف الذى يفارق الانسان به سائر البهائم ، وهو الذى استعدّ به لقبول العلوم النظرية ، وتدبير الصناعات الخفية الفكرية ، وهو الذى أراده الحارث بن أسد المحاسبى حيث قال فى حد العقل : إنه غريزة يتهيأ بها إدراك العلوم النظرية ، وكأنه نور يقذف فى القلب به يستعد لادراك الأشياء . ولم ينصف من أنكر هذا ورد العقل الى مجرد العلوم الضرورية ، فان الغافل عن العلوم والنائم يسميان عاقلين باعتبار وجود هذه الغريزة فيهما مع فقد العلوم. وكما أن الحياة غريزة بها يتهيأ الجسم للحركات الاختيارية والادراكات الحسية ، فكذلك العقل غريزة بها تتهيأ بعض الحيوانات للعلوم النظرية .ولو جاز أن يسوى بين الانسان والحمار فى الغريزة والادراكات الحسية ، فيقال : لافرق بينهما إلا أن الله تعالى بحكم إجراء العادة يخلق فى الانسان علوما وليس يخلقها فى الحمار والبهائم ، لجاز أن يسوّى بين الحمار والجماد فى الحياه ،ويقال: لافرق إلا أن الله عز وجل يخلق فى الحمار حركاتٍ مخصوصةً بحكم إجراء العادة ، فانه لو قدر الحمار جمادا ميتا لوجب القول بأن كل حركة تشاهد منه فالله سبحانه وتعالى قادر على خلقها فيه على الترتيب المشاهد ، وكما وجب أن يقال : لم يكن مفارقته للجماد فى الحركات إلا بغريزة اختصت به عبر عنها بالحياة ، فكذا مفارقة الانسان البهيمة فى إدراك العلوم النظرية بغريزة يعبر عنها بالعقل ، وهو كالمرآة التى تفارق غيرها من الأجسام فى حكاية الصور والألوان بصفة اختصت بها وهى الصقالة ، وكذلك العين تفارق الجبهة فى صفات وهيئات بها استعدت للرؤية . فنسبة هذه الغريزة الى العلوم كنسبة العين الى الرؤية ، ونسبة القرءان والشرع إلى هذه الغريزة فى سياقها الى انكشاف العلوم لها كنسبة نور الشمس الى البصر، فهكذا ينبغى أن تفهم هذه الغريزة

Lajna - 146

الثانى ـ هى العلوم التى تخرج إلى الوجود فى ذات الطفل المميز بجواز الجائزات واستحالة المستحيلات : كالعلم بأن الاثنين أكثر من الواحد ، وأن الشخص الواحد لايكون فى مكانين فى وقت واحد ، وهو الذى عناه بعض المتكلمين حيث قال فى حد العقل : إنه بعض العلوم الضرورية كالعلم بجواز الجائزات واستحالة المستحيلات . وهو أيضا صحيح فى نفسه ، لأن هذه العلوم موجودة ، وتسميتها عقلا ظاهر ، وإنما الفاسد أن تنكر تلك الغريزة ويقال : لا موجود إلا هذه العلوم

الثالث ـ علوم تستفاد من التجارب بمجارى الأحوال ، فان من حنكته التجارب وهذبته المذاهب يقال إنه عاقل فى العادة ، ومن لايتصف بهذه الصفة فيقال إنه غبي غمر جاهل ، فهذا نوع آخر من العلوم يسمى عقلا

الرابع ـ أن تنتهى قوة تلك الغريزة إلى أن يعرف عواقب الأمور ، ويقمع الشهوة الداعية إلى اللذة العاجلة ويقهرها ، فاذا حصلت هذه القوة سمى صاحبها عاقلا ، من حيث إن إقدامه وإحجامه بحسب ما يقتضيه النظر فى العواقب لا بحكم الشهوة العاجلة ، وهذه أيضا من خواص الانسان التى بها يتميز عن سائر الحيوان . فالأول هو الأس والسنخ والمنبع ، والثانى هو الفرع الأقرب اليه ، والثالث فرع الأول والثانى ، إذ بقوة الغريزة والعلوم الضرورية تستفاد علوم التجارب ، والرابع هو الثمرة الأخيرة وهى الغاية القصوى ، فالأولان بالطبع ، والأخيران بالاكتساب ، ولذلك قال علىّ كرم الله وجهه :

رأيت العقل عقلين فمطبوع ومسموع
ولا ينفع مسموع إذا لم يك مطبوع
كما لاتنفع الشمس وضوء العين ممنوع

والأول هو المراد بقوله صلى الله عليه وسلم :[1] «مَاخَلَقَ اللهُ عَزَّ وَجَلَّ خَلْقًا أَكْرَمَ عَلَيْهِ مِنَ الْعَقْلِ» والأخير هو المراد بقوله صلى الله عليه وسلم[2] «إِذَا تَقَرَّبَ النَّاسُ بِأَبْوَابِ الْبِرِّ

(١) حديث ما خلق الله خلقا أكرم عليه من العقل : الترمذى الحكيم فى النوادر بسند ضعيف من رواية الحسن عن عدة من الصحابة

(٢) حديث اذا تقرب الناس بأنواع البر فتقرب أنت بعقلك : أبو نعيم فى الحلية من حديث على اذا اكتسب الناس من أنواع البر ليتقربوا بها الى ربنا عز وجل فاكتسب أنت من أنواع العقل تسبقهم بالزلفة والقرب . واسناده ضعيف

وَالأَعْمَالِ الصَّالِحَةِ فَتَقَرَّبْ أَنْتَ بِعَقْلِكَ » وهو المراد بقول رسول الله صلى الله عليه وسلم لأبى الدرداء رضى الله عنه[1] « أُزْدَدْ عَقْلًا تَزْدَدْ مِنْ رَبِّكَ قُرْبًا » فَقَالَ : بِأَبِي أَنْتَ وَأُمِّي وَكَيْفَ لِي بِذَلِكَ ؟ فقال : « اجْتَنِبْ مَحَارِمَ اللهِ تَعَالَى وَأَدِّ فَرَائِضَ اللهِ سُبْحَانَهُ تَكُنْ عَاقِلًا ، وَاعْمَلْ بِالصَّالِحَاتِ مِنَ الأَعْمَالِ تَزْدَدْ فِي عَاجِلِ الدُّنْيَا رِفْعَةً وَكَرَامَةً وَتَنَلْ فِي آجِلِ الْعُقْبَى بِهَا مِنْ رَبِّكَ عَزَّ وَجَلَّ الْقُرْبَ وَالْعِزَّ » وعن سعيد بن المسيب[2] « أَنَّ عُمَرَ وَأُبَيَّ بْنَ كَعْبٍ وَأَبَا هُرَيْرَةَ رَضِيَ اللهُ عَنْهُمْ دَخَلُوا عَلَى رَسُولِ اللهِ صلى الله عليه وسلم فَقَالُوا : يَارَسُولَ اللهِ مَنْ أَعْلَمُ النَّاسِ؟ فقال صلى الله عليه وسلم : الْعَاقِلُ . قَالُوا: فَمَنْ أَعْبَدُ النَّاسِ ؟ قَالَ : الْعَاقِلُ . قَالُوا : فَمَنْ أَفْضَلُ النَّاسِ؟ قَالَ: الْعَاقِلُ . قَالُوا : أَلَيْسَ الْعَاقِلُ مَنْ تَمَّتْ مُرُوءَتُهُ وَظَهَرَتْ فَصَاحَتُهُ وَجَادَتْ كَفُّهُ وَعَظُمَتْ مَنْزِلَتُهُ ؟ فقال صلى الله عليه وسلم « وَإِنْ كُلُّ ذَلِكَ لَمَّا مَتَاعُ الْحَيَاةِ الدُّنْيَا وَالآخِرَةُ عِنْدَ رَبِّكَ لِلْمُتَّقِينَ » إن العاقل هو المتقى وإن كان فى الدنيا خسيسا ذليلا ، قال صلى الله عليه وسلم فى حديث آخر[3] « إِنَّمَا الْعَاقِلُ مَنْ آمَنَ بِاللهِ وَصَدَّقَ رُسُلَهُ وَعَمِلَ بِطَاعَتِهِ » .

ويشبه أن يكون أصل الاسم فى أصل اللغة لتلك الغريزة وكذا فى الاستعمال، وإنما أطلق على العلوم من حيث إنها ثمرتها كما يعرف الشيء بثمرته ، فيقال : العلم هو الخشية ، والعالم من يخشى الله تعالى ،فان الخشية ثمرة العلم ، فتكون كالمجاز لغير تلك الغريزة ، ولكن ليس الغرض البحث عن اللغة . والمقصود أن هذه الأقسام الأربعة موجودة ، والاسم يطلق على جميعها ، ولا خلاف فى وجود جميعها إلا فى القسم الأول . والصحيح وجودها ،بل هى الأصل ،وهذه العلوم كأنها مضمنة فى تلك الغريزة بالفطرة ، ولكن تظهر فى الوجود إذا جرى سبب

يخرجها الى الوجود ، حتى كأن هذه العلوم ليست بشيء وارد عليها من خارج ، وكأنها مستكنة فيها فظهرت . ومثاله الماء فى الأرض ، فانه يظهر بحفر البئر ، ويجتمع ويتميز بالحس ، لا بأن يساق اليها شيء جديد . وكذلك الدهن فى اللوز ، وماء الورد فى الورد ، ولذلك قال تعالى : (وَإِذْ أَخَذَ رَبُّكَ مِنْ بَنِي آدَمَ مِنْ ظُهُورِهِمْ ذُرِّيَّتَهُمْ وَأَشْهَدَهُمْ عَلَى أَنفُسِهِمْ أَلَسْتُ بِرَبِّكُمْ قَالُوا بَلَى) فالمراد به إقرار نفوسهم لا إقرار الألسنة ، فانهم انقسموا فى إقرار الألسنة حيث وجدت الألسنة والأشخاص إلى مقرّ والى جاحد ، ولذلك قال تعالى : (وَلَئِنْ سَأَلْتَهُمْ مَنْ خَلَقَهُمْ لَيَقُولُنَّ اللَّهُ) معناه : إن اعتبرت أحوالهم شهدت بذلك نفوسهم وبواطنهم (فِطْرَةَ اللَّهِ الَّتِي فَطَرَ النَّاسَ عَلَيْهَا) أى كل آدمى فطر على الايمان بالله عز وجل ، بل على معرفة الأشياء على ما هى عليه ، أعنى أنها كالمضمنة فيها لقرب استعدادها للادراك

ثم لما كان الايمان مركوزا فى النفوس بالفطرة انقسم الناس إلى قسمين : إلى من أعرض فنسى وهم الكفار ، وإلى من أجال خاطره فتذكر فكان كمن حمل شهادة فنسيها بغفلة ثم تذكرها . ولذلك قال عز وجل : (لَعَلَّهُمْ يَتَذَكَّرُونَ)(وَلِيَتَذَكَّرَ أُولُو الْأَلْبَابِ)(وَاذْكُرُوا نِعْمَةَ اللَّهِ عَلَيْكُمْ وَمِيثَاقَهُ الَّذِي وَاثَقَكُمْ بِهِ) (وَلَقَدْ يَسَّرْنَا الْقُرْآنَ لِلذِّكْرِ فَهَلْ مِنْ مُدَّكِرٍ). وتسمية هذا النمط تذكرا ليس ببعيد ، فكأن التذكر ضربان : أحدهما أن يذكر صورة كانت حاضرة الوجود فى قلبه لكن غابت بعد الوجود ، والآخر أن يذكر صورة كانت مضمنة فيه بالفطرة . وهذه حقائق ظاهرة للناظر بنور البصيرة ، ثقيلة على من مستروحه السماع والتقليد دون الكشف والعيان ، ولذلك تراه يتخبط فى مثل هذه الآيات ، ويتعسف فى تأويل التذكر وإقرار النفوس أنواعا من التعسفات ، ويتخايل اليه فى الأخبار والآيات ضروب من المناقضات ، وربما يغلب ذلك عليه حتى ينظر اليها بعين الاستحقار ، ويعتقد فيها التهافت . ومثاله مثال الأعمى الذى يدخل دارا فيعثر فيها بالأوانى المصفوفة فى الدار فيقول : ما لهذه الأوانى لا ترفع من الطريق وترد إلى مواضعها ؟ فيقال له إنها فى مواضعها وإنما الخلل فى بصرك . فكذلك خلل البصيرة يجرى مجراه وأطمّ منه وأعظم ، إذ النفس كالفارس ، والبدن كالفرس ، وعمى الفارس أضر من عمى الفرس .

Lajna - 149

ولمشابهة بصيرة الباطن لبصيرة الظاهر قال الله تعالى : (مَا كَذَبَ الْفُؤَادُ مَا رَأَى) وقال تعالى :(وَكَذَلِكَ نُرِي إِبْرَاهِيمَ مَلَكُوتَ السَّمَوَاتِ وَالْأَرْضِ) الآية. وسمّى ضده عمى،فقال تعالى :(فَإِنَّهَا لَا تَعْمَى الْأَبْصَارُ وَلَكِنْ تَعْمَى الْقُلُوبُ الَّتِي فِي الصُّدُورِ) وقال تعالى :(وَمَنْ كَانَ فِي هَذِهِ أَعْمَى فَهُوَ فِي الْآخِرَةِ أَعْمَى وَأَضَلُّ سَبِيلًا). وهذه الأمور التى كشفت للأنبياء بعضها كان بالبصر وبعضها كان بالبصيرة ،وسمى الكل رؤية

وبالجملة من لم تكن بصيرته الباطنة ثاقبة ،لم يعلق به من الدين إلا قشوره ، وأمثلته دون لبابه وحقائقه . فهذه أقسام ما ينطلق اسم العقل عليها

بيان تفاوت النفوس فى العقل

قد اختلف الناس فى تفاوت العقل ، ولا معنى للاشتغال بنقل كلام من قلّ تحصيله ، بل الأولى والأهم المبادرة الى التصريح بالحق

والحق الصريح فيه أن يقال : إن التفاوت يتطرق الى الأقسام الأربعة سوى القسم الثانى وهو العلم الضرورى بجواز الجائزات واستحالة المستحيلات ، فان من عرف أن الاثنين أكثر من الواحد عرف أيضا استحالة كون الجسم فى مكانين ، وكون الشيء الواحد قديما حادثا ، وكذا سائر النظائر وكل مايدركه إدراكا محققا من غير شك . وأما الأقسام الثلاثة فالتفاوت يتطرق اليها

أما القسم الرابع وهو استيلاء القوّة على قمع الشهوات ، فلا يخفى تفاوت الناس فيه ، بل لايخفى تفاوت أحوال الشخص الواحد فيه ، وهذا التفاوت يكون تارة لتفاوت الشهوة ، إذ قد يقدر العاقل على ترك بعض الشهوات دون بعض ، ولكن غير مقصور عليه ، فان الشاب قد يعجز عن ترك الزنا ، واذا كبر وتم عقله قدر عليه ، وشهوة الرياء والرياسة تزداد قوّة بالكبر لا ضعفا ، وقد يكون سببه التفاوت فى العلم المعرف لغائلة تلك الشهوة ، ولهذا يقدر الطبيب على الاحتماء عن بعض الأطعمة المضرة ، وقد لا يقدر من يساويه فى العقل على ذلك إذا لم يكن

Lajna - 150

طبيبا وإن كان يعتقد على الجملة فيه مضرة ، ولكن اذا كان علم الطبيب أتم كان خوفه أشد ، فيكون الخوف جندا للعقل وعُدّة له فى قمع الشهوات وكسرها ، وكذلك يكون العالم أقدر على ترك المعاصى من الجاهل لقوّة علمه بضرر المعاصى، وأعنى به العالم الحقيق دون أرباب الطيالسة وأصحاب الهذيان . فان كان التفاوت من جهة الشهوة لم يرجع الى تفاوت العقل، وإن كان من جهة العلم فقد سمينا هذا الضرب من العلم عقلا أيضا ، فانه يقوى غريزة العقل ، فيكون التفاوت فيما رجعت التسمية اليه . وقد يكون بمجرد التفاوت فى غريزة العقل ، فانها اذا قويت كان قمعها للشهوة لامحالة أشد

وأما القسم الثالث وهو علوم التجارب، فتفاوت الناس فيها لا ينكر ، فانهم يتفاوتون بكثرة الإصابة وسرعة الإدراك ، ويكون سببه إما تفاوتا فى الغريزة ، وإما تفاوتا فى الممارسة. فأما الأول وهو الأصل أعنى الغريزة ، فالتفاوت فيه لاسبيل إلى جحده ، فانه مثل نور يشرق على النفس ويطلع صبحه . ومبادىء إشراقه عند سن التميز ، ثم لايزال ينمو ويزداد نموا خفى التدريج إلى أن يتكامل بقرب الأربعين سنة . ومثاله نور الصبح ، فان أوائله يخفى خفاء يشق إدراكه ، ثم يتدرج إلى الزيادة ، إلى أن يكمل بطلوع قرص الشمس

وتفاوت نور البصيرة كتفاوت نور البصر، والفرق مدرك بين الأعمش وبين حاد البصر، بل سنة الله عزوجل جارية فى جميع خلقه بالتدريج فى الإيجاد ، حتى إن غريزة الشهوة لاتظهر فى الصبي عند البلوغ دفعة وبغتة بل تظهر شيئا فشيئا على التدريج، وكذلك جميع القوى والصفات. ومن أنكر تفاوت الناس فى هذه الغريزة فكأنه منخلع عن ربقة العقل

ومن ظن أن عقل النبي صلى الله عليه وسلم مثل عقل آحاد السوادية وأجلاف البوادى فهو أخس فى نفسه من آحاد السوادية ، وكيف ينكر تفاوت الغريزة ولولاه لما اختلف الناس فى فهم العلوم ، ولما انقسموا الى بليد لايفهم بالتفهيم إلا بعد تعب طويل من المعلم ، والى ذكى يفهم بأدنى رمز وإشارة ، والى كامل تنبعث من نفسه حقائق الأمور بدون التعليم، كما قال تعالى : (يَكَادُ زَيْتُهَا يُضِيءُ وَلَوْ لَمْ تَمْسَسْهُ نَارٌ، نُورٌ عَلَى نُورٍ) وذلك مثل الأنبياء عليهم السلام، إذ يتضح لهم فى بواطنهم أمور غامضة من غير تعلم وسماع ، ويعبر عن ذلك بالالهام . وعن مثله

Lajna - 151

عبّر النبي صلى الله عليه وسلم حيث قال[١] «إِنَّ رُوحَ الْقُدُسِ نَفَثَ فِي رَوْعِي: أَحْبِبْ مَنْ أَحْبَبْتَ فَإِنَّكَ مُفَارِقُهُ، وَعِشْ مَا شِئْتَ فَإِنَّكَ مَيِّتٌ، وَاعْمَلْ مَا شِئْتَ فَإِنَّكَ مَجْزِيٌّ بِهِ». وهذا النمط من تعريف الملائكة للأنبياء يخالف الوحي الصريح الذي هو سماع الصوت بحاسة الأذن، ومشاهدة الملك بحاسة البصر، ولذلك أخبر عن هذا بالنفث في الروع. ودرجات الوحي كثيرة، والخوض فيها لا يليق بعلم المعاملة، بل هو من علم المكاشفة

ولا تظنن أن معرفة درجات الوحي تستدعي منصب الوحي، إذ لا يبعد أن يعرّف الطبيبُ المريضَ درجات الصحة، ويعلّم العالم الفاسقَ درجات العدالة وإن كان خاليا عنها، فالعلم شيء ووجود المعلوم شيء آخر، فلا كل من عرف النبوّة والولاية كان نبيا ولا وليا، ولا كل من عرف التقوى والورع ودقائقه كان تقيا

وانقسام الناس إلى من يتنبه من نفسه ويفهم، والى من لا يفهم إلا بتنبيه وتعليم، والى من لا ينفعه التعليم أيضا ولا التنبيه، كانقسام الأرض الى ما يجتمع فيه الماء فيقوى فيتفجر بنفسه عيونا، والى ما يحتاج الى الحفر ليخرج الى القنوات، والى ما لا ينفع فيه الحفر وهو اليابس، وذلك لاختلاف جواهر الأرض في صفاتها، فكذلك اختلاف النفوس في غريزة العقل. ويدل على تفاوت العقل من جهة النقل ما روى أن عبد الله بن سلام رضي الله عنه سأل النبي صلى الله عليه وسلم في حديث طويل في آخره وصف عظم العرش وأن الملائكة قالت[٢]: يَا رَبَّنَا هَلْ خَلَقْتَ شَيْئًا أَعْظَمَ مِنَ الْعَرْشِ؟ قَالَ نَعَمْ: الْعَقْلُ، قَالُوا وَمَا بَلَغَ مِنْ قَدْرِهِ؟ قَالَ هَيْهَاتَ لَا يُحَاطُ بِعِلْمِهِ، هَلْ لَكُمْ عِلْمٌ بِعَدَدِ الرَّمْلِ؟ قَالُوا: لَا، قَالَ اللهُ عَزَّ وَجَلَّ فَإِنِّي خَلَقْتُ الْعَقْلَ أَصْنَافًا شَتَّى كَعَدَدِ الرَّمْلِ، فَمِنَ النَّاسِ مَنْ أُعْطِيَ حَبَّةً، وَمِنْهُمْ مَنْ أُعْطِيَ حَبَّتَيْنِ، وَمِنْهُمْ مَنْ أُعْطِيَ الثَّلَاثَ وَالْأَرْبَعَ، وَمِنْهُمْ مَنْ أُعْطِيَ فَرَقًا، وَمِنْهُمْ مَنْ أُعْطِيَ وَسْقًا، وَمِنْهُمْ مَنْ أُعْطِيَ أَكْثَرَ مِنْ ذَلِكَ»

فإن قلت : فما بال أقوام من المتصوفة يذمون العقل والمعقول ؟

فاعلم أن السبب فيه أن الناس نقلوا اسم العقل والمعقول الى المجادلة والمناظرة بالمناقضات والإلزامات ، وهو صنعة الكلام ، فلم يقدروا على أن يقرروا عندهم أنكم أخطأتم فى التسمية ، إذ كان ذلك لا ينمحى عن قلوبهم بعد تداول الألسنة به ورسوخه فى القلوب ، فذموا العقل والمعقول ، وهو المسمى به عندهم . فأما نور البصيرة الباطنة التى بها يعرف الله تعالى ويعرف صدق رسله فكيف يتصور ذمه وقد أثنى الله تعالى عليه ؟ وإن ذم فما الذى بعده يحمد ؟ فان كان المحمود هو الشرع فبم علم صحة الشرع ؟ فان علم بالعقل المذموم الذى لا يوثق به فيكون الشرع أيضا مذموما . ولا يلتفت إلى من يقول: إنه يدرك بعين اليقين ونور الايمان لا بالعقل ، فانا نريد بالعقل ما يريده بعين اليقين ونور الايمان ، وهى الصفة الباطنة التى يتميز بها الآدمى عن البهائم حتى أدرك بها حقائق الأمور

وأكثر هذه التخبيطات إنما ثارت من جهل أقوام طلبوا الحقائق من الألفاظ فتخبطوا فيها لتخبط اصطلاحات الناس فى الألفاظ . فهذا القدر كاف فى بيان العقل . والله أعلم

كتاب قواعد العقائد

وفيه أربعة فصول

الفصل الأول

في ترجمة عقيدة أهل السنة في كلمتي الشهادة التي هي أحد مباني الإسلام

فنقول وبالله التوفيق :

الحمد لله المبدىء المعيد ، الفعال لما يريد ، ذي العرش المجيد ، والبطش الشديد ، الهادي صفوة العبيد ، الى المنهج الرشيد ، والمسلك السديد ، المنعم عليهم بعد شهادة التوحيد بحراسة عقائدهم عن ظلمات التشكيك والترديد ، السالك بهم الى اتباع رسوله المصطفى واقتفاء آثار صحبه الأكرمين المكرمين بالتأييد والتسديد ، المتجلي لهم في ذاته وأفعاله بمحاسن أوصافه التي لا يدركها إلا من ألقى السمع وهو شهيد ، المعرِّف إياهم أنه في ذاته واحد لا شريك له ، فرد لا مثيل له ، صمد لا ضد له ، منفرد لا ندّ له ، وأنه واحد قديم لا أول له ، أزلي لا بداية له ، مستمر الوجود لا آخر له ، أبديّ لا نهاية له ، قيوم لا انقطاع له ، دائم لا انصرام له ، لم يزل ولا يزال موصوفا بنعوت الجلال ، لا يقضي عليه بالانقضاء والانفصال ، بتصرم الآباد وانقراض الآجال ، بل هو الأول والآخر ، والظاهر والباطن ، وهو بكل شيء عليم

التنزيه :

وأنه ليس بجسم مصور ، ولا جوهر محدود مقدر ، وأنه لا يماثل الأجسام ، لا في التقدير ولا في قبول الانقسام ، وأنه ليس بجوهر ولا تحله الجواهر ، ولا بعرض ولا تحله الأعراض ، بل لا يماثل موجودا ولا يماثله موجود ، ليس كمثله شيء ولا هو مثل شيء ، وأنه لا يحده المقدار ، ولا تحويه الأقطار ، ولا تحيط به الجهات ، ولا تكتنفه الأرضون ولا السموات ، وأنه

مستو على العرش على الوجه الذي قاله ، وبالمعنى الذي أراده ، استواء منزها عن المماسة والاستقرار ، والتمكن والحلول والانتقال ، لا يحمله العرش بل العرش وحملته محمولون بلطف قدرته ، ومقهورون في قبضته ، وهو فوق العرش والسماء ، وفوق كل شيء إلى تخوم الثرى ، فوقية لا تزيده قربا إلى العرش والسماء ، كما لا تزيده بعدا عن الأرض والثرى ، بل هو رفيع الدرجات عن العرش والسماء ، كما أنه رفيع الدرجات عن الأرض والثرى ، وهو مع ذلك قريب من كل موجود ، وهو أقرب إلى العبد من حبل الوريد ، وهو على كل شيء شهيد ، إذ لا يماثل قربه قربَ الأجسام ، كما لا تماثل ذاته ذات الأجسام ، وأنه لا يحل في شيء ولا يحل فيه شيء ، تعالى عن أن يحويه مكان ، كما تقدس عن أن يحده زمان ، بل كان قبل أن خلق الزمان والمكان ، وهو الآن على ما عليه كان ، وأنه بائن عن خلقه بصفاته ، ليس في ذاته سواه ، ولا في سواه ذاته ، وأنه مقدس عن التغير والانتقال ، لا تحله الحوادث ، ولا تعتريه العوارض ، بل لا يزال في نعوت جلاله منزها عن الزوال ، وفي صفات كماله مستغنيا عن زيادة الاستكمال ، وأنه في ذاته معلوم الوجود بالعقول ، مرئيّ الذات بالأبصار ، نعمةً منه ولطفا بالأبرار في دار القرار ، وإتماماً منه للنعيم بالنظر إلى وجهه الكريم

الحياة والقدرة :

وأنه تعالى حي قادر ، جبار قاهر ، لا يعتريه قصور ولا عجز ، ولا تأخذه سنة ولا نوم ، ولا يعارضه فناء ولا موت ، وأنه ذو الملك والملكوت ، والعزة والجبروت ، له السلطان والقهر ، والخلق والأمر ، والسموات مطويات بيمينه ، والخلائق مقهورون في قبضته ، وأنه المنفرد بالخلق والاختراع ، المتوحد بالإيجاد والابداع ، خلق الخلق وأعمالهم ، وقدّر أرزاقهم وآجالهم ، لا يشذ عن قبضته مقدور ، ولا يعزب عن قدرته تصاريف الأمور ، لا تحصى مقدوراته ، ولا تتناهى معلوماته

العلم :

وأنه عالم بجميع المعلومات ، محيط بما يجري من تخوم الأرضين إلى أعلى السموات ، وأنه عالم لا يعزب عن علمه مثقال ذرة في الأرض ولا في السماء ، بل يعلم دبيب النملة السوداء ، على

Lajna - 156

الصخرة الصماء ، فى الليلة الظلماء ، ويدرك حركة الذرّ فى جوّ الهواء ، ويعلم السر وأخفى ، ويطلع على هواجس الضمائر ، وحركات الخواطر ، وخفيات السرائر ، بعلم قديم أزلى لم يزل موصوفا به فى أزل الآزال ، لا بعلم متجدد حاصل فى ذاته بالحلول والانتقال

الإرادة :

وأنه تعالى مريد للكائنات مدبر للحادثات ، فلا يجرى فى الملك والملكوت قليل أو كثير، صغير أو كبير، خير أو شر ،نفع أوضر، إيمان أو كفر، عرفان أو نكر، فوز أو خسران، زيادة أو نقصان ،طاعة أو عصيان ، إلا بقضائه وقدره ، وحكمته ومشيئته ، فما شاء كان ومالم يشأ لم يكن ، لايخرج عن مشيئته لفتة ناظر ، ولا فلتة خاطر ، بل هو المبدىء المعيد ، الفعال لما يريد ، لا رادّ لأمره ، ولا معقب لقضائه ، ولا مهرب لعبد عن معصيته إلا بتوفيقه ورحمته ، ولا قوّة له على طاعته إلا بمشيئته وإرادته ، فلو اجتمع الإنس والجن والملائكة والشياطين على أن يحركوا فى العالم ذرة أو يسكنوها دون إرادته ومشيئته لعجزوا عن ذلك ، وأن إرادته قائمة بذاته فى جملة صفاته ، لم يزل كذلك موصوفا بها ، مريداً فى أزله لوجود الأشياء فى أوقاتها التى قدّرها فوجدت فى أوقاتها كما أراده فى أزله من غير تقدّم ولا تأخر ، بل وقعت على وفق علمه وإراته من غير تبدل ولا تغير ، دبر الأمور لا بترتيب أفكار ، ولا تربص زمان ، فلذلك لم يشغله شان عن شان

السمع والبصر :

وأنه تعالى سميع بصير يسمع ويرى ، لايعزب عن سمعه مسموع وإن خفى ، ولايغيب عن رؤيته مرئىّ وإن دقّ ، ولا يحجب سمعه بُعد ، ولا يدفع رؤيته ظلام ، يرى من غير حدقة وأجفان ، ويسمع من غير أصمخة وآذان ، كما يعلم بغير قلب ، ويبطش بغير جارحة ، ويخلق بغير آلة ، إذ لاتشبه صفاته صفات الخلق ، كما لاتشبه ذاته ذوات الخلق .

الكلام :

وأنه تعالى متكلم آمرٌ ناهٍ ، واعدٌ متوعد ، بكلام أزلى قديم قائم بذاته ، لا يشبه كلام الخلق ، فليس بصوت يحدث من انسلال هواء أو اصطكاك أجرام ، ولا بحرف ينقطع

Lajna - 157

باطباق شفة أو تحريك لسان ، وأن القرءان والتوراة والانجيل والزبور كتبه المنزلة على رسله عليهم السلام ، وأن القرءان مقروء بالألسنة ، مكتوب فى المصاحف ، محفوظ فى القلوب ، وأنه مع ذلك قديم قائم بذات الله تعالى ، لا يقبل الانفصال والافتراق ، بالانتقال إلى القلوب والأوراق ، وأن موسى صلى الله عليه وسلم سمع كلام الله بغير صوت ولا حرف ، كما يرى الأبرار ذات الله تعالى فى الآخرة من غير جوهر ولا عرض ، وإذا كانت له هذه الصفات كان حياً ، عالما ، قادراً ، مريدا ، سميعا ، بصيراً ، متكلماً ، بالحياة ، والقدرة ، والعلم ، والارادة ، والسمع ، والبصر ، والكلام ، لا بمجرد الذات

الأفعال :

وأنه سبحانه وتعالى لاموجود سواه إلا وهو حادث بفعله ، وفائض من عدله ، على أحسن الوجوه وأكملها ، وأتمها وأعدلها ، وأنه حكيم فى أفعاله ، عادل فى أقضيته ، لا يقاس عدله بعدل العباد ، إذ العبد يتصوّر منه الظلم بتصرفه فى ملك غيره ، ولا يتصوّر الظلم من الله تعالى ، فانه لا يصادف لغيره ملكا حتى يكون تصرفه فيه ظلما ، فكل ما سواه من إنس وجن ، وملك وشيطان وسماء وأرض وحيوان ، ونبات وجماد وجوهر وعرض ، ومدرك ومحسوس حادث اخترعه بقدرته بعد العدم اختراعا ، وأنشأه إنشاء بعد أن لم يكن شيئا ، إذ كان فى الأزل موجوداً وحده ولم يكن معه غيره ، فأحدث الخلق بعد ذلك إظهاراً لقدرته ، وتحقيقا لما سبق من إرادته ، ولما حق فى الأزل من كلمته ، لا لافتقاره اليه وحاجته ، وأنه متفضل بالخلق والاختراع والتكليف لا عن وجوب ، ومتطول بالانعام والاصلاح لا عن لزوم ، فله الفضل والإحسان والنعمة والامتنان ، إذ كان قادراً على أن يصب على عباده أنواع العذاب ، ويبتليهم بضروب الآلام والأوصاب . ولو فعل ذلك لكان منه عدلا ، ولم يكن منه قبيحا ولا ظلما ، وأنه عز وجل يثيب عباده المؤمنين على الطاعات بحكم الكرم والوعد ، لا بحكم الاستحقاق واللزوم له ، إذ لا يجب عليه لأحد فعل ، ولا يتصور منه ظلم ، ولا يجب لأحد عليه حق ، وأن حقه فى الطاعات وجب على الخلق بإيجابه على ألسنة أنبيائه عليهم السلام لا بمجرد العقل ، ولكنه بعث الرسل وأظهر صدقهم بالمعجزات الظاهرة ، فبلغوا أمره ونهيه ووعده ووعيده ، فوجب على الخلق تصديقهم فيما جاءوا به

معنى الكلمة الثانية وهى الشهادة للرسل بالرسالة

وأنه بعث النبي الأمى القرشى محمداً صلى الله عليه وسلم برسالته إلى كافة العرب والعجم والجن والانس، فنسخ بشريعته الشرائع إلا ماقرره منها، وفضّله على سائر الأنبياء، وجعله سيد البشر، ومنع كمال الايمان بشهادة التوحيد، وهو قول لا إله إلا الله مالم تقترن بها شهادة الرسول وهو قولك. محمد رسول الله، وألزم الخلق تصديقه فى جميع ما أخبر عنه من أمور الدنيا والآخرة، وأنه لا يتقبل إيمان عبد حتى يؤمن بما أخبر به بعد الموت، وَأَوَّلُهُ سُؤَالُ (١) مُنْكَرٍ وَنَكِيرٍ وَهُمَا شَخْصَانِ مُهِيبَانِ هَائِلَانِ يُقْعِدَانِ الْعَبْدَ فِي قَبْرِهِ سَوِيًّا ذَا رُوحٍ وَجَسَدٍ فَيَسْأَلَانِهِ عَنِ التَّوْحِيدِ وَالرِّسَالَةِ، وَيَقُولَانِ لَهُ مَنْ رَبُّكَ وَمَا دِينُكَ وَمَنْ نَبِيُّكَ؟ وَهُمَا (٢) فَتَّانَا الْقَبْرِ (٣)، وَسُؤَالُهُمَا أَوَّلُ فِتْنَةٍ بَعْدَ الْمَوْتِ، وَأَنْ يُؤْمِنَ (٤) بِعَذَابِ الْقَبْرِ، وَأَنَّهُ حَقٌّ وَحُكْمُهُ عَدْلٌ عَلَى الْجِسْمِ وَالرُّوحِ عَلَى مَا يَشَاءُ (٥)، وَأَنْ يُؤْمِنَ بِالْمِيزَانِ ذِي الْكَفَّتَيْنِ وَاللِّسَانِ وَصِفَتُهُ فِي الْعِظَمِ أَنَّهُ مِثْلُ طَبَقَاتِ

ثم لا يزال ينكشف له معناه فى كبره شيئا فشيئا ، فابتداؤه الحفظ ثم الفهم ثم الاعتقاد والايقان والتصديق به ، وذلك مما يحصل فى الصبي بغير برهان . فمن فضل الله سبحانه على قلب الانسان أن شرحه فى أول نشوّه للايمان من غير حاجة إلى حجة وبرهان ، وكيف ينكر ذلك وجميع عقائد العوام مباديها التلقين المجرد والتقليد المحض ، نعم يكون الاعتقاد الحاصل بمجرد التقليد غير خال عن نوع من الضعف فى الابتداء ، على معنى أنه يقبل الازالة بنقيضه لو ألقى اليه ، فلابد من تقويته وإثباته فى نفس الصبي والعامى حتى يترسخ ولا يتزلزل ، وليس الطريق فى تقويته وإثباته أن يعلم صنعة الجدل والكلام ، بل يشتغل بتلاوة القرءان وتفسيره ، وقراءة الحديث ومعانيه ، ويشتغل بوظائف العبادات ، فلا يزال اعتقاده يزداد رسوخا بما يقرع سمعه من أدلة القرءان وحججه ، وبما يرد عليه من شواهد الأحاديث وفوائدها ، وبما يسطع عليه من أنوار العبادات ووظائفها ، وبما يسرى اليه من مشاهدة الصالحين ومجالستهم ، وسيماهم وسماعهم وهيآتهم فى الخضوع لله عز وجل والخوف منه والاستكانة له ، فيكون أول التلقين كإلقاء بذر فى الصدر ، وتكون هذه الأسباب كالسقى والتربية له حتى ينمو ذلك البذر ويقوى ويرتفع شجرة طيبة راسخة أصلها ثابت وفرعها فى السماء

وينبغى أن يحرس سمعه من الجدل والكلام غاية الحراسة ، فان ما يشوشه الجدل أكثر مما يمهده ، وما يفسده أكثر مما يصلحه ، بل تقويته بالجدل تضاهى ضرب الشجرة بالمدقة من الحديد رجاء تقويتها بأن تكثر أجزاؤها وربما يفتتها ذلك ويفسدها وهو الأغلب ، والمشاهدة تكفيك فى هذا بيانا ، فناهيك بالعيان برهانا

فقس عقيدة أهل الصلاح والتقى من عوام الناس بعقيدة المتكلمين والمجادلين ، فترى اعتقاد العامى فى الثبات كالطود الشامخ لا تحركه الدواهي والصواعق ، وعقيدة المتكلم الحارس اعتقاده بتقسيمات الجدل كخيط مرسل في الهواء تفيئه الرياح مرة هكذا ومرة هكذا ، الا من سمع منهم دليل الاعتقاد فتلقفه تقليداً ، كما تلقف نفس الاعتقاد تقليداً اذ لا فرق في التقلد بين تعلم الدليل أو تعلم المدلول ، فتلقين الدليل شيء والاستدلال بالنظر شيء آخر بعيد عنه

ثم الصبي اذا وقع نشوه على هذه العقيدة ان اشتغل بكسب الدنيا لم ينفتح له غيرها ، ولكنه يسلم فى الآخرة باعتقاد أهل الحق ، إذ لم يكلف الشرع أجلاف العرب أكثر من التصديق الجازم بظاهر هذه العقائد ، فأما البحث والتفتيش وتكلف نظم الأدلة فلم يكلفوه أصلا . وإن

أراد أن يكون من سالكى طريق الآخرة ، وساعده التوفيق حتي اشتغل بالعمل ، ولازم التقوى ونهى النفس عن الهوى ، واشتغل بالرياضة والمجاهدة ، انفتحت له أبواب من الهداية تكشف عن حقائق هذه العقيدة بنور إلهى يقذف فى قلبه بسبب المجاهدة تحقيقا لوعده عز وجل إذ قال : (وَالَّذِينَ جَاهَدُوا فِينَا لَنَهْدِيَنَّهُمْ سُبُلَنَا وَإِنَّ اللَّهَ لَمَعَ الْمُحْسِنِينَ) . وهو الجوهر النفيس الذى هو غاية إيمان الصدّيقين والمقربين ، واليه الاشارة بالسر الذى وقر فى صدر أبى بكر الصدّيق رضى الله عنه حيث فضَل به الخلق . وانكشاف ذلك السر بل تلك الأسرار له درجات بحسب درجات المجاهدة ودرجات الباطن ، فى النظافة والطهارة عما سوى الله تعالى، وفى الاستضاءة بنور اليقين ، وذلك كتفاوت الخلق فى أسرار الطب والفقه وسائر العلوم ، إذ يختلف ذلك باختلاف الاجتهاد واختلاف الفطرة فى الذكاء والفطنة وكما لا تنحصر تلك الدرجات فكذلك هذه

مسئلة

فان قلت : تعلُّم الجدل والكلام مذموم كتعلم النجوم أو هو مباح أومندوب اليه ؟

فاعلم أن للناس فى هذا غلوا وإسرافا فى أطراف : فمن قائل إنه بدعة وحرام ، وإن العبد إن لقى الله عز وجل بكل ذنب سوى الشرك خيرٌ له من أن يلقاه بالكلام . ومن قائل أنه واجب وفرض إما على الكفاية أو على الأعيان ، وإنه أفضل الأعمال وأعلى القربات ، فانه تحقيق لعلم التوحيد ، ونضال عن دين الله تعالي

والى التحريم ذهب الشافعى ومالك وأحمد بن حنبل وسفيان وجميع أهل الحديث من السلف . قال ابن عبد الاعلى رحمه الله : سمعت الشافعى رضى الله عنه يوم ناظر حفصا الفرد وكان من متكلمى المعتزلة يقول : لأن يلقى الله عز وجل العبد بكل ذنب ما خلا الشرك بالله خير له من أن يلقاه بشيء من علم الكلام . ولقد سمعت من حفص كلاما لا أقدر أن أحكيه . وقال أيضا : قد اطلعت من أهل الكلام على شيء ما ظننته قط ، ولأن يبتلى العبد بكل ما نهى الله عنه ما عدا الشرك خير له من أن ينظر فى الكلام . وحكى الكرابيسى أن الشافعي رضى الله عنه سئل عن شيء من الكلام فغضب وقال سل عن هذا حفصا الفرد وأصحابه أخزاهم الله . ولما مرض الشافعى رضى الله عنه دخل عليه حفص الفرد فقال له من أنا : فقال حفص الفرد:

Lajna - 164

لاحفظك الله ولارعاك حتى تتوب مما أنت فيه . وقال أيضا : لوعلم الناس مافى الكلام من الأهواء لفروا منه فرارهم من الأسد . وقال أيضا اذا سمعت الرجل يقول : الاسم هو المسمى أو غير المسمى فاشهد بأنه من أهل الكلام ولا دين له . قال الزعفرانى قال الشافعى حكمى فى أصحاب الكلام أن يضربوا بالجريد ويطاف بهم فى القبائل والعشائر ويقال هذا جزاء من ترك الكتاب والسنة وأخذ فى الكلام

وقال أحمد بن حنبل : لا يفلح صاحب الكلام أبداً ، ولا تكاد ترى أحداً نظر فى الكلام إلا وفى قلبه دغل . وبالغ فى ذمه حتى هجر الحارث المحاسبي مع زهده وورعه بسبب تصنيفه كتابا فى الرد على المبتدعة ، وقال له ويحك ألست تحكى بدعتهم أولاثم ترد عليهم ! ألست تحمل الناس بتصنيفك على مطالعة البدعة والتفكر فى تلك الشبهات فيدعوهم ذلك إلى الرأى والبحث !

وقال أحمد رحمه الله : علماء الكلام زنادقة

وقال مالك رحمه الله : أرأيت إن جاءه من هو أجدل منه أيدع دينه كل يوم لدين جديد ؟ يعنى أن أقوال المتجادلين تتفاوت . وقال مالك رحمه الله أيضا : لا تجوز شهادة أهل البدع والأهواء . فقال بعض أصحابه فى تأويله إنه أراد بأهل الأهواء أهل الكلام على أى مذهب كانوا

وقال أبو يوسف : من طلب العلم بالكلام تزندق

وقال الحسن : لاتجادلوا أهل الأهواء ولا تجالسوهم ولا تسمعوا منهم . وقد اتفق أهل الحديث من السلف على هذا . ولا ينحصر ما نقل عنهم من التشديدات فيه ، وقالوا : ماسكت عنه الصحابة مع أنهم أعرف بالحقائق وأفصح بترتيب الألفاظ من غيرهم إلا لعلمهم بما يتولد منه من الشر : ولذلك : قال النبي صلى الله عليه وسلم [1] « هَلَكَ ٱلْمُتَنَطِّعُونَ ، هَلَكَ ٱلْمُتَنَطِّعُونَ هَلَكَ ٱلْمُتَنَطِّعُونَ ؟ » أى المتعمقون فى البحث والاستقصاء

واحتجوا أيضا بأن ذلك لو كان من الدين لكان ذلك أهم ما يأمر به رسول الله صلى الله عليه وسلم ويعلم طريقه ويثنى عليه وعلى أربابه [2] فقد عَلَّمَهُمُ ٱلاسْتِنْجَاءَ [3] وَنَدَبَهُمْ إِلَى عِلْمِ

وأما الفرقة الأخرى فاحتجوا بأن قالوا : إن المحذور من الكلام إن كان هو لفظ الجوهر والعرض . وهذه الاصطلاحات الغريبة التى لم تعهدها الصحابة رضي الله عنهم فالأمر فيه قريب ، إذ ما من علم إلا وقد أحدث فيه اصطلاحات لأجل التفهيم كالحديث والتفسير والفقه ، ولو عرض عليهم عبارة النقض والكسر والتركيب والتعدية وفساد الوضع ، الى جميع الاسئلة التي تورد على القياس ، لما كانوا يفقهونه فاحداث عبارة للدلالة بها على مقصود صحيح كاحداث آنية على هيئة جديدة لاستعمالها فى مباح .

وإن كان المحذور هو المعنى فنحن لا نعنى به الا معرفة الدليل على حدوث العالم ووحدانية الخالق وصفاته كما جاء فى الشرع ، فمن أين تحرم معرفة الله تعالى بالدليل ؟

وإن كان المحذور هو التشعب والتعصب والعداوة والبغضاء وما يفضى اليه الكلام ، فذلك محرم ، ويجب الاحتراز عنه ، كما أن الكبر والعجب والرياء وطلب الرياسة مما يفضى اليه علم الحديث والتفسير والفقه ، وهو محرم يجب الاحتراز عنه ، ولكن لا يمنع من العلم لأجل أدائه اليه وكيف يكون ذكر الحجة والمطالبة بها والبحث عنها محظورا وقد قال الله تعالى (قُلْ هَاتُوا بُرْهَانَكُمْ) . وقال عز وجل : (لِيَهْلِكَ مَنْ هَلَكَ عَنْ بَيِّنَةٍ وَيَحْيَا مَنْ حَيَّ عَنْ بَيِّنَةٍ) . وقال تعالى : (قُلْ هَلْ عِنْدَكُمْ مِنْ سُلْطَانٍ بِهَذَا) ـ أى حجة وبرهان . وقال تعالى : (قُلْ فَلِلَّهِ ٱلْحُجَّةُ ٱلْبَالِغَةُ) ـ وقال تعالي : (أَلَمْ تَرَ إِلَى ٱلَّذِي حَاجَّ إِبْرَاهِيمَ فِي رَبِّهِ) إلى قوله : (فَبُهِتَ ٱلَّذِي كَفَرَ) اذ ذكر سبحانه احتجاج ابراهيم ومجادلته وافحامه خصمه فى معرض الثناء عليه . وقال عز وجل : (وَتِلْكَ حُجَّتُنَا آتَيْنَاهَا إِبْرَاهِيمَ عَلَى قَوْمِهِ) : وقال تعالى : (قَالُوا يَا نُوحُ قَدْ جَادَلْتَنَا فَأَكْثَرْتَ جِدَالَنَا) وقال تعالى فى قصة فرعون : (وَمَا رَبُّ ٱلْعَالَمِينَ) إلى قوله : (أَوَلَوْ جِئْتُكَ بِشَيْءٍ مُبِينٍ)

ولم تزل الرسل صلوات الله عليهم يحاجون المنكرين ويجادلونهم قال تعالى : (وَجَادِلْهُمْ بِالَّتِي هِيَ أَحْسَنُ) فالصحابة رضى الله عنهم أيضا كانوا يحاجون المنكرين ويجادلون ولكن عند الحاجة ، وكانت الحاجة اليه قليلة فى زمانهم

وأوّل من سنّ دعوة المبتدعة بالمجادلة الى الحق على بن أبى طالب رضى الله عنه ، اذ بعث ابن عباس رضى الله عنهما الى الخوارج فكلمهم فقال : ما تنقمون على إمامكم ؟ قالوا : قاتل ولم يسبُ ولم يغنم . فقال : ذلك فى قتال الكفار ، أرأيتم لو سبيت عائشة رضي الله عنها فى يوم الجمل فوقعت عائشة رضى الله عنها فى سهم أحدكم أكنتم تستحلون منها ما تستحلون من ملككم وهى أمكم فى نص الكتاب ؟ فقالوا : لا ، فرجع منهم الى الطاعة بمجادلته ألفان

وروى أن الحسن ناظر قَدَريا فرجع عن القدر . وناظر على بن أبى طالب كرم الله وجهه رجلا من القدرية . وناظر عبد الله بن مسعود رضى الله عنه يزيد بن عميرة فى الايمان ، قال عبد الله لو قلت إنى مؤمن لقلت إني فى الجنة ، فقال له يزيد بن عميرة : يا صاحب رسول الله هذه زلة منك ، وهل الايمان الا أن تؤمن بالله وملائكته وكتبه ورسله والبعث والميزان وتقيم الصلاة والصوم والزكاة ، ولنا ذنوب لو نعلم أنها تغفر لنا لعلمنا أننا من أهل الجنة ، فمن أجل ذلك نقول انا مؤمنون ولا نقول انا من أهل الجنة ، فقال ابن مسعود : صدقت والله إنها منى زلة ، فينبغى أن يقال كان خوضهم فيه قليلا لا كثيرا وقصيرا لا طويلا ، وعند الحاجة لا بطريق التنصيف والتدريس واتخاذه صناعة ، فيقال اما قلة خوضهم فيه فانه كان لقلة الحاجة اذ لم تكن البدعة تظهر فى ذلك الزمان

واما القصر فقد كان الغاية إفحام الخصم واعترافه وانكشاف الحق وازالة الشبهة ، فلو طال إشكال الخصم أو لجاجه لطال لا محالة إلزامهم ، وما كانوا يقدرون قدر الحاجة بميزان ولا مكيال بعد الشروع فيها

أيضا ، فإن جاز تصنيف الفقه ووضع الصور النادرة التى لا تتفق إلا على الندور إما ادخاراً ليوم وقوعها وإن كان نادراً ، أو تشحيذاً للخواطر ، فنحن أيضا نرتب طرق المجادلة لتوقع وقوع الحاجة بثوران شبهة ، أو هيجان مبتدع ، أو لتشحيذ الخاطر ، أو لادخار الحجة حتي لا يعجز عنها عند الحاجة على البديهة والارتجال ، كمن يعد السلاح قبل القتال ليوم القتال . فهذا ما يمكن أن يذكر للفريقين

فان قلت : فما المختار عندك فيه فاعلم أن الحق فيه أن إطلاق القول بذمه فى كل حال أو بحمده فى كل حال خطأ ، بل لا بد فيه من تفصيل . فاعلم أولا أن الشيء قد يحرم لذاته كالخمر والميتة وأعنى بقولى لذاته أن علة تحريمه وصف فى ذاته وهو الإسكار والموت . وهذا إذا سئلنا عنه أطلقنا القول بأنه حرام ، ولا يلتفت إلى إباحة الميتة عند الاضطرار ، وإباحة تجرع الخمر إذا غص الانسان بلقمة ولم يجد ما يسيغها سوى الخمر . وإلى مايحرم لغيره كالبيع على بيع أخيك المسلم فى وقت الخيار ، والبيع وقت النداء ، وكأكل الطين ، فانه يحرم لما فيه من الاضرار . وهذا ينقسم إلى مايضر قليله وكثيره ، فيطلق القول عليه بأنه حرام كالسم الذى يقتل قليله وكثيره ، وإلى ما يضر عند الكثرة فيطلق القول عليه بالاباحة كالعسل ، فان كثيره يضر بالمحرور ، وكأكل الطين وكان اطلاق التحريم على الطين والخمر ، والتحليل على العسل ، التفات الى أغلب الأحوال . فإنْ تصدّى شيء تقابلت فيه الاحوال فالأولى والأبعد عن الالتباس أن يفصّل

فنعود الى علم الكلام ونقول : إن فيه منفعة وفيه مضرة ، فهو باعتبار منفعته فى وقت الانتفاع حلال أو مندوب اليه أو واجب كما يقتضيه الحال ، وهو باعتبار مضرته فى وقت الاستضرار ومحله حرام . أما مضرته فإثارة الشبهات ، وتحريك العقائد ، وإزالتها عن الجزم والتصميم ، فذلك مما يحصل فى الابتداء ، ورجوعها بالدليل مشكوك فيه ، ويختلف فيه الاشخاص . فهذا ضرره فى الاعتقاد الحق

وله ضرر آخر فى تأكيد اعتقاد المبتدعة للبدعة ، وتثبيته فى صدورهم ، بحيث تنبعث دواعيهم ويشتد حرصهم على الأصرار عليه ، ولكن هذا الضرر بواسطة التعصب الذى يثور من الجدل ، ولذلك ترى المبتدع العامى يمكن أن يزول اعتقاده باللطف فى أسرع زمان ، إلا

Lajna - 168

اذا كان نشؤه فى بلد يظهر فيها الجدل والتعصب ،فانه لو اجتمع عليه الأوّلون والآخرون لم يقدروا على نزع البدعة من صدره ، بل الهوى والتعصب وبغض خصوم المجادلين وفرقة المخالفين يستولى على قلبه ويمنعه من ادراك الحق ، حتى لو قيل له : هل تريد أن يكشف الله تعالى لك الغطاء ويعرفك بالعيان أن الحق مع خصمك ، لكره ذلك خيفة من أن يفرح به خصمه.وهذا هو الداء العضال الذى استطار فى البلاد والعباد ، وهو نوع فساد أثاره المجادلون بالتعصب . فهذا ضرره

وأما منفعته ، فقد يظن أن فائدته كشف الحقائق ومعرفتها على ما هى عليه ، وهيهات ، فليس فى الكلام وفاء بهذا المطلب الشريف ، ولعل التخبيط والتضليل فيه أكثر من الكشف والتعريف ، وهذا اذا سمعته من محدّث أو حشوى ربما خطر ببالك أن الناس أعداء ماجهلوا . فأسمع هذا ممن خبر الكلام ثم قلاه بعد حقيقة الخبرة ، وبعد التغلل فيه الى منتهى درجة المتكلمين ، وجاوز ذلك الى التعمق فى علوم أخر تناسب نوع الكلام ، وتحقق أن الطريق الى حقائق المعرفة من هذا الوجه مسدود

ولعمرى لا ينفك الكلام عن كشف وتعريف وايضاح لبعض الأمور ، ولكن على الندور فى أمور جلية تكاد تفهم قبل التعمق فى صنعة الكلام ، بل منفعته شيء واحد ، وهو حراسة العقيدة التى ترجمناها على العوام ، وحفظها عن تشويشات المبتدعة بانواع الجدل ، فان العامى ضعيف يستفزه جدل المبتدع وإن كان فاسدا ، ومعارضة الفاسد بالفاسد تدفعه ، والناس متعبدون بهذه العقيدة التى قدمناها ، إذ ورد الشرع بها لما فيها من صلاح دينهم ودنياهم ، وأجمع السلف الصالح عليها ، والعلماء يتعبدون بحفظها على العوام من تلبيسات المبتدعة ، كما تعبد السلاطين بحفظ أموالهم عن تهجمات الظامة والغصاب . واذا وقعت الاحاطة بضرره ومنفعته فينبغى أن يكون كالطبيب الحاذق فى استعمال الدواء الخطر ، اذ لا يضعه إلا فى موضعه ، وذلك فى وقت الحاجة ، وعلى قدر الحاجة

وتفصيله أن العوام المشتغلين بالحرف والصناعات يجب أن يتركوا على سلامة عقائدهم التى اعتقدوها مهما تلقنوا الاعتقاد الحق الذى ذكرناه ، فان تعليمهم الكلام ضرر محض فى حقهم إذ ربما يثير لهم شكا ، ويزلزل عليهم الاعتقاد ، ولا يمكن القيام بعد ذلك بالاصلاح

Lajna - 169

وأما العامي المعتقد للبدعة فينبغي أن يدعى إلى الحق بالتلطف لا بالتعصب ، وبالكلام اللطيف المقنع للنفس المؤثر فى القلب القريب من سياق أدلة القرءان والحديث الممزوج بفن من الوعظ والتحذير ،فان ذلك أنفع من الجدل الموضوع على شرط المتكلمين، إذ العامى إذا سمع ذلك اعتقد أنه نوع صنعة من الجدل تعلمها المتكلم ليستدرج الناس إلى اعتقاده . فان عجز عن الجواب قدر أن المجادلين من أهل مذهبه أيضا يقدرون على دفعه . فالجدل مع هذا ومع الأول حرام ، وكذا من وقع فى شك ، إذ يجب إزالته باللطف والوعظ ، والأدلة القريبة المقبولة البعيدة عن تعمق الكلام

واستقصاء الجدل إنما ينفع فى موضع واحد وهو أن يفرض عامي اعتقد البدعة بنوع جدل سمعه فيقابل ذلك الجدل بمثله فيعود إلى اعتقاد الحق ، وذلك فيمن ظهر له من الأنس بالمجادلة ما يمنعه عن القناعة بالمواعظ والتحذيرات العامية ، فقد انتهى هذا إلى حالة لا يشفيه منها إلا دواء الجدل . فجاز أن يلقى اليه

واما فى بلاد تقل فيها البدعة ولا تختلف فيها المذاهب فيقتصر فيها على ترجمة الاعتقاد الذى ذكرناه ، ولا يتعرض للأدلة ، ويتربص وقوع شبهة فان وقعت ذكر بقدر الحاجة

فان كانت البدعة شائعة وكان يخاف على الصبيان أن يخدعوا ، فلا بأس أن يعلموا القدر الذى أودعناه كتاب الرسالة القدسية ليكون ذلك سبباً لدفع تأثير مجادلات المبتدعة إن وقعت إليهم . وهذا مقدار مختصر . وقد أودعناه هذا الكتاب لاختصاره

فان كان فيه ذكاء وتنبهَ بذكائه لموضع سؤال أو ثارت فى نفسه شبهة فقد بدت العلة المحذورة وظهر الداء فلا بأس أن يرقى منه إلى القدر الذى ذكرناه فى كتاب الاقتصاد فى الاعتقاد وهو قدر خمسين ورقة ، وليس فيه خروج عن النظر فى قواعد العقائد ، إلى غير ذلك من مباحث المتكلمين

فان أقنعه ذلك عنه ، وإن لم يقنعه ذلك فقد صارت العلة مزمنة ، والداء غالباً ، والمرض سارياً ، فليتلطف به الطبيب بقدر إمكانه ، وينتظر قضاء الله تعالى فيه ، إلى أن ينكشف له الحق بتنبيه من الله سبحانه ، أو يستمر على الشك والشبهة إلى ما قدر له

فالقدر الذى يحويه ذلك الكتاب وجنسه من المصنفات هو الذى يرجى نفعه

Lajna - 170

فأما الخارج منه فقسمان (أحدهما) بحث عن غير قواعد العقائد، كالبحث عن الاعتمادات وعن الأكوان، وعن الادراكات، وعن الخوض فى الرؤية: هل لها ضد يسمى المنع أو العمى؛ وإن كان فذلك واحد هو منع عن جميع مالا يرى، أو ثبت لكل مرئى يمكن رؤيته منع بحسب عدده، إلى غير ذلك من الترهات المضلات. والقسم الثانى: زيادة تقرير لتلك الأدلة فى غير تلك القواعد، وزيادة أسئلة وأجوبة، وذلك أيضاً استقصاء لا يزيد إلا ضلالا وجهلا فى حق من لم يقنعه ذلك القدر. فرب كلام يزيده الإطناب والتقرير عموصاً

ولو قال قائل: البحث عن حكم الادراكات والاعتمادات فيه فائدة تشحيذ الخواطر، والخاطر آلة الدين كالسيف آلة الجهاد، فلا بأس بتشحيذه، كان كقوله لعب الشطرنج يشحذ الخاطر فهو من الدين أيضا، وذلك هوس، فان الخاطر يتشحذ بسائر علوم الشرع ولا يخاف فيها مضرة فقد عرفت بهذا القدر المذموم والقدر المحمود من الكلام، والحال التى يذم فيها، والحال التى يحمد فيها، والشخص الذى ينتفع به، والشخص الذى لا ينتفع به

فان قلت مهما اعترفت بالحاجة اليه فى دفع المبتدعة، والآن قد ثارت البدع وعمت البلوى وأرهقت الحاجة، فلا بد أن يصير القيام بهذا العلم من فروض الكفايات كالقيام بحراسة الأموال وسائر الحقوق كالقضاء والولاية وغيرهما، وما لم يشتغل العلماء بنشر ذلك والتدريس فيه والبحث عنه لا يدوم، ولو ترك بالكلية لا ندرس، وليس فى مجرد الطباع كفاية لحل شبه المبتدعة مالم يتعلم، فينبغى أن يكون التدريس فيه والبحث عنه أيضا من فروض الكفايات، بخلاف زمن الصحابة رضى الله عنهم، فان الحاجة ما كانت ماسة اليه

فاعلم أن الحق أنه لا بد فى كل بلد من قائم بهذا العلم، مستقل بدفع شبه المبتدعة التى ثارت فى تلك البلدة، وذلك يدوم بالتعليم، ولكن ليس من الصواب تدريسه على العموم كتدريس الفقه والتفسير، فان هذا مثل الدواء والفقه مثل الغذاء، وضرر الغذاء لا يحذر، وضرر الدواء محذور لما ذكرنا فيه من أنواع الضرر

فالعالم ينبغى أن يخصص بتعليم هذا العلم من فيه ثلاث خصال

(احداها) التجرد للعلم والحرص عليه، فان المحترف يمنعه الشغل عن الاستتمام وإزالة الشكوك إذا عرضت.

Lajna - 171

(الثانية) الذكاء والفطنة والفصاحة ، فان البليد لا ينتفع بفهمه والقدم لا ينتفع بحجاجه فيخاف عليه من ضرر الكلام ولا يرجى فيه نفعه

(الثالثة) أن يكون فى طبعه الصلاح والديانة والتقوى ، ولا تكون الشهوات غالبة عليه ، فان الفاسق بادنى شبهة ينخلع عن الدين ، فان ذلك يحل عنه الحجر و يرفع السد الذى بينه وبين الملاذ ، فلا يحرص على إزالة الشبة بل يغتنمها ليتخلص من أعباء التكليف ، فيكون ما يفسده مثل هذا المتعلم أكثر مما يصلحه

واذا عرفت هذه الانقسامات اتضح لك أن هذه الحجة المحمودة فى الكلام إنما هي من جنس حجج القرءان من الكلمات اللطيفة المؤثرة فى القلوب ، المقنعة للنفوس ، دون التغلغل فى التقسيمات والتدقيقات التى لا يفهمها أكثر الناس ، واذا فهموها اعتقدوا أنها شعوذة وصناعة تعلمها صاحبها للتلبيس . فاذا قابله مثله فى الصنعة قاومه . وعرفت أن الشافعى وكافة السلف انما منعوا عن الخوض فيه والتجرد له لما فيه من الضرر الذى نبهنا عليه ، وأن ما نقل عن ابن عباس رضى الله عنهما من مناظرة الخوارج وما نقل عن علىّ رضى الله عنه من المناظرة فى القدَر وغيره ، كان من الكلام الجلى الظاهر وفى محل الحاجة ، وذلك محمود فى كل حال . نعم : قد تختلف الأعصار فى كثرة الحاجة وقلتها ، فلا يبعد أن يختلف الحكم لذلك . فهذا حكم العقيدة التى تعبد الخلق بها ، وحكم طريق النضال عنها وحفظها . فأما ازالة الشبهة وكشف الحقائق ومعرفة الأشياء على ماهى عليه ، وإدراك الأسرار التى يترجمها ظاهر ألفاظ هذه العقيدة ، فلا مفتح له الا المجاهد ، وقمع الشهوات والاقبال بالكلية على الله تعالى وملازمة الفكر الصافى عن شوائب المجادلات ، وهى رحمة من الله عز وجل تفيض على من يتعرض لنفحاتها بقدر الرزق وبحسب التعرض وبحسب قبول المحل وطهارة القلب ، وذلك البحر الذى لا يدرك غوره ولا يبلغ ساحله

فان قلت : هذا الكلام يشير إلى أن هذه العلوم لها ظواهر وأسرار ، وبعضها جلي يبدو أولا ، وبعضها خفى يتضح بالمجاهدة والرياضة والطلب الحثيث والفكر الصافى والسر الخالى عن كل شىء من أشغال الدنيا سوى المطلوب ، وهذا يكاد يكون مخالفا للشرع ، إذ

Lajna - 172

ليس للشرع ظاهر وباطن وسر وعلن ، بل الظاهر والباطن والسر والعلن واحد فيه

فاعلم أن انقسام هذه العلوم الى خفية وجلية لا ينكرها ذو بصيره ، وإنما ينكرها القاصرون الذين تلقفوا فى أوائل الصبا شيئا وجمدوا عليه ، فلم يكن لهم ترق الى شأو العلاء ، ومقامات العلماء والأولياء ، وذلك ظاهر من أدلة الشرع . قال صلى الله عليه وسلم (١) « إِنَّ لِلْقُرْءانِ ظَاهِراً وَبَاطِناً وَحَدًّا وَمَطْلَعاً » وقال علىّ رضى الله عنه وأشار الى صدره : ان ها هنا علوما جمة لو وجدت لها حملة . وقال صلى الله عليه وسلم (٢) « نَحْنُ مَعَاشِرَ الْأَنْبِيَاءِ أُمِرْنَا أَنْ نُكَلِّمَ النَّاسَ عَلَى قَدْرِ عُقُولِهِمْ » وقال صلى الله عليه وسلم (٣) « مَا حَدَّثَ أَحَدٌ قَوماً بِحَدِيثٍ لَمْ تَبْلُغْهُ عُقُولُهُمْ إِلاَّ كَانَ فِتْنَةً عَلَيْهِم » وقال الله تعالى : (وَتِلْكَ الْأَمْثَالُ نَضْرِبُهَا لِلنَّاسِ وَمَا يَعْقِلُهَا إِلاَّ الْعَالِمُونَ). وقال صلى الله عليه وسلم (٤) « إِنَّ مِنَ الْعِلْمِ كَهَيْئَةِ الْمَكْنُونِ لَا يَعْلَمُهُ إِلاَّ الْعَالِمُونَ بِاللهِ تَعَالَى » الحديث الى آخره كما أوردناه فى كتاب العلم . وقال صلى الله عليه وسلم (٥) « لَوْ تَعْلَمُونَ مَا أَعْلَمُ لَضَحِكْتُمْ قَلِيلًا وَلَبَكَيْتُمْ كَثِيراً » فليت شعرى إن لم يكن ذلك سرا منع من إفشائه لقصور الأفهام عن إدراكه أو لمعنى آخر ، فلم لم يذكره لهم، ولا شك أنهم كانوا يصدقونه لو ذكره لهم ؟

وقال ابن عباس رضى الله عنهما فى قوله عز وجل : (اللهُ الَّذِى خَلَقَ سَبْعَ سَمٰوَاتٍ وَمِنَ الْأَرْضِ مِثْلَهُنَّ يَتَنَزَّلُ الْأَمْرُ بَيْنَهُنَّ) : لو ذكرت تفسيره لرجمتمونى . وفى لفظ آخر لقلتم إنه كافر وقال أبو هريرة رضى الله عنه حفظت من رسول الله صلى الله عليه وسلم وعاءين أما أحدهما فبثثته وأما الآخر لو بثثته لقطع هذا الحلقوم . وقال صلى الله عليه وسلم (٦) « مَا

وقال سهل التسترى رضى الله عنه : للعالم ثلاثة علوم : علم ظاهر يبذله لأهل الظاهر ، وعلم باطن لايسعه إظهاره الا لأهله ، وعلم هو بينه وبين الله تعالى لا يظهره لأحد .. وقال بعض العارفين : إفشاء سر الربوبية كفر . وقال بعضهم : للربوبية سر لو أظهر لبطلت النبوّة ، وللنبوّة سر لو كشف لبطل العلم ، وللعلماء بالله سر لو أظهروه لبطلت الأحكام وهذا القائل إن لم يرد بذلك بطلان النبوّة فى حق الضعفاء لقصور فهمهم فما ذكره ليس بحق ، بل الصحيح أنه لا تناقض فيه ، وأن الكامل من لا يطفىء نور معرفته نور ورعه ، وملاك الورع النبوة

فان قلت : هذه الآيات والأخبار يتطرق اليها تأويلات ، فبين لنا كيفية اختلاف الظاهر والباطن ، فان الباطن إن كان مناقضا للظاهر ففيه إبطال الشرع ، وهو قول من قال إن الحقيقة خلاف الشريعة ، وهو كفر ، لان الشريعة عبارة عن الظاهر ، والحقيقة عبارة عن الباطن ، وإن كان لا يناقضه ولا يخالفه فهو هو ، فيزول به الانقسام ، ولا يكون للشرع سر لا يفشى ، بل يكون الخفى والجلى واحداً

فاعلم أن هذا السؤال يحرك خطبا عظيما ، وينجرّ الى علوم المكاشفة ويخرج عن مقصود علم المعاملة ، وهو غرض هذه الكتب ، فان العقائد التى ذكرناها من أعمال القلوب وقد تعبدنا بتلقينها بالقبول والتصديق بعقد القلب عليها ، لا بأن يتوصل الى أن ينكشف لنا حقائقها ، فان ذلك لم يكلف به كافة الخلق ، ولولا أنه من الأعمال لما أوردناه فى هذا الكتاب ، ولولا أنه عملُ ظاهر القلب لاعمل باطنه لما أوردناه فى الشطر الاول من الكتاب وانما الكشف الحقيق هو صفة سر القلب وباطنه ، ولكن اذا انجر الكلام الى تحريك خيال فى مناقضة الظاهر للباطن فلا بد من كلام وجيز فى حله :

فمن قال : إن الحقيقة تخالف الشريعة أو الباطن يناقض الظاهر ، فهو الى الكفر أقرب منه الى الايمان ، بل الأسرار التى يختص بها المقربون يدركها ، ولا يشاركهم الأكثرون فى

عملها ، ويمتنعون عن إفشائها اليهم ترجع الى خمسة أقسام

القسم الأوّل ـ أن يكون الشيء فى نفسه دقيقا تكلّ أكثر الافهام عن دركه ، فيختص بدركه الخواص ، وعليهم أن لا يفشوه الى غير أهله ، فيصير ذلك فتنة عليهم حيث تقصر أفهامهم عن الدرك . وإخفاءُ سر الروح [1] وَ« كَفُّ رَسُولِ اللهِ صلى الله عليه وسلم عَنْ بَيَانِهِ » من هذا القسم ، فان حقيقته مما تكل الأفهام عن دركه ، وتقصر الأوهام عن تصوّر كنهه

ولا تظنن أن ذلك لم يكن مكشوفا لرسول الله صلى الله عليه وسلم ، فان من لم يعرف الروح فكأنه لم يعرف نفسه ، ومن لم يعرف نفسه ، فكيف يعرف ربه سبحانه ؟ ولا يبعد أن يكون ذلك مكشوفا لبعض الأولياء والعلماء ، وان لم يكونوا أنبياء ، ولكنهم يتأدبون بآداب الشرع فيسكتون عما سكت عنه ، بل فى صفات الله عز وجل من الخفايا ما تقصر أفهام الجماهير عن دركه ، ولم يذكر رسول الله صلى الله عليه وسلم منها الا الظواهر للأفهام : من العلم ، والقدرة ، وغيرهما ، حتى فهمها الخلق بنوع مناسبة توهموها الى علمهم وقدرتهم ، اذ كان لهم من الأوصاف ما يسمى علما وقدرة ، فيتوهمون ذلك بنوع مقايسة ، ولو ذكر من صفاته ماليس للخلق مما يناسبه بعض المناسبة شيء لم يفهموه ، بل لذة الجماع اذا ذكرت للصبي أو العنين لم يفهمها الا بمناسبة الى لذة المطعوم الذى يدركه ، ولا يكون ذلك فهما على التحقيق . والمخالفة بين علم الله تعالى وقدرته وعلم الخلق وقدرتهم أكثر من المخالفة بين لذة الجماع والأكل

وبالجملة فلا يدرك الانسان الا نفسه وصفات نفسه مما هى حاضرة له فى الحال ، أو مما كانت له من قبل ، ثم بالمقايسة اليه يفهم ذلك لغيره ، ثم قد يصدق بأن بينهما تفاوتا فى الشرف والكمال ، فليس فى قوة البشر إلا أن يثبت لله تعالى ما هو ثابت لنفسه من الفعل والعلم والقدرة وغيرها من الصفات مع التصديق بان ذلك أكمل وأشرف ، فيكون معظم تحويمه على صفات نفسه لا على ما اختص الرب تعالى به من الجلال ، ولذلك قال صلي الله عليه وسلم [2] « لَا أُحْصِي ثَنَاءً عَلَيْكَ أَنْتَ كَمَا أَثْنَيْتَ عَلَى نَفْسِكَ » وليس المعنى أنى أعجز عن التعبير عما أدركته ، بل هو اعتراف بالقصور

عن إدراك كنه جلاله . ولذلك قال بعضهم : ما عرف الله بالحقيقة سوى الله عزوجل . وقال الصدّيق رضى الله عنه : الحمد لله الذى لم يجعل للخلق سبيلا الى معرفته إلا بالعجز عن معرفته ولنقبض عنان الكلام عن هذا النمط . ولنرجع الى الغرض وهو أن أحد الأقسام ما تكل الأفهام عن أدراكه ، ومن جملته الروح ، ومن جملته بعض صفات الله تعالى . ولعل الاشارة الى مثله فى قوله صلى الله عليه وسلم (١) «إِنَّ لِلَّهِ سُبْحَانَهُ سَبْعِينَ حِجَاباً مِنْ نُورٍ لَوْ كَشَفَهَا لَأَحْرَقَتْ سُبُحَاتُ وَجْهِهِ كُلَّ مَنْ أَدْرَكَهُ » بَصَرُهُ

القسم الثانى — من الخفيات التى تمتنع الأنبياء والصديقون عن ذكرها ما هو مفهوم فى نفسه لا يكل الفهم عنه ، ولكن ذكره يضر بأكثر المستمعين ، ولا يضر بالانبياء والصديقين . وسر القدر الذى منع أهل العلم من إفشائه من هذا القسم ، فلا يبعد أن يكون ذكر بعض الحقائق مضرا ببعض الخلق ، كما يضر نور الشمس بابصار الخفافيش ، وكما تضر رياح الورد بالجعل ، وكيف يبعد هذا وقولنا أن الكفر والزنا والمعاصى والشرور كله بقضاء الله تعالى وإرادته ومشيئته حق فى نفسه وقد أصر سماعه بقوم ، اذ أوهم ذلك عندهم أنه دلالة على السفه ، ونقيض الحكمة والرضا بالقبيح والظلم . وقد ألحد بن الراوندى وطائفة من المخذولين بمثل ذلك ، وكذلك سر القدر ، ولو أفشى لأوهم عند أكثر الخلق عجزا اذ تقصر أفهامهم عن ادراك ما يزيل ذلك الوهم عنهم . ولو قال قائل : ان القيامة لو ذكر ميقاتها وأنها بعد ألف سنة أو أكثر أو أقل لكان مفهوما ، ولكن لم يذكر لمصلحة العباد وخوفا من الضرر ، فلعل المدة اليها بعيدة فيطول الامد ، واذا استبطأت النفوس وقت العقاب قلّ اكتراثها ، ولعلها كانت قريبة فى علم الله سبحانه ، ولو ذكرت لعظم الخوف وأعرض الناس عن الأعمال وخربت الدنيا . فهذا المعنى لو اتجه وصح فيكون مثالا لهذا القسم

Lajna - 176

القسم الثالث ـ أن يكون الشيء بحيث لو ذكر صريحا لفهم ولم يكن فيه ضرر ، ولكن يكنى عنه على سبيل الاستعارة والرمز ، ليكون وقعه فى قلب المستمع أغلب ، وله مصلحة فى أن يعظم وقع ذلك الأمر فى قلبه ، كما لو قال قائل : رأيت فلانا يقلد الدر فى أعناق الخنازير ، فكني به عن افشاء العلم وبث الحكمة الى غير أهلها ، فالمستمع قد يسبق الى فهمه ظاهر اللفظ ، والمحقق اذا نظر وعلم أن ذلك الانسان لم يكن معه در ولا كان فى موضعه خنزير تفطن لدرك السر والباطن ، فيتفاوت الناس فى ذلك. ومن هذا قال الشاعر :

رجلان خياط وآخر حائك * متقابلان على السماك الأعزل

لازال ينسج ذاك خرقة مدبر * ويخيط صاحبه ثياب المقبل

فانه عبر عن سبب سماوى فى الاقبال والادبار برجلين صانعين . وهذا النوع يرجع إلى التعبير عن المعنى بالصورة التى تتضمن عين المعنى أو مثله ، ومنه قوله صلى الله عليه وسلم [1] إِنَّ ٱلْمَسْجِدَ لَيَنْزَوِي مِنَ النَّخَامَةِ كَمَا تَنْزَوِي ٱلْجِلْدَةُ عَلَى النَّارِ » وأنت ترى أن ساحة المسجد لا تنقبض بالنخامة . ومعناه أن روح المسجد كونه معظما ورمى النخامة فيه تحقير له ، فيضاد معنى المسجدية مضادة النار لاتصال أجزاء الجلدة . وكذلك قوله صلى الله عليه وسلم : [2] « أَمَا يَخْشَى ٱلَّذِي يَرْفَعُ رَأْسَهُ قَبْلَ ٱلْإِمَامِ أَنْ يُحَوِّلَ اللهُ رَأْسَهُ رَأْسَ حِمَارٍ !؟ » وذلك من حيث الصورة لم يكن قط ولا يكون ، ولكن من حيث المعني هو كائن ، إذ رأس الحمار لم يكن بحقيقته لكونه وشكله ، بل بخاصيته وهى البلادة والحمق . ومن رفع رأسه قبل الامام فقد صار رأسه رأس حمار فى معنى البلادة والحمق وهو المقصود ، دون الشكل الذى هو قالب المعنى ، اذ من غاية الحمق أن يجمع بين الاقتداء وبين التقدم فانهما متناقضان

وإنما يعرف أن هذا السر على خلاف الظاهر إما بدليل عقلى أو شرعى

أما العقلى فأن يكون حمله على الظاهر غير ممكن كقوله صلى الله عليه وسلم : [3] « قَلْبُ ٱلْمُؤْمِنِ بَيْنَ أُصْبُعَيْنِ مِنْ أَصَابِعِ الرَّحْمٰنِ » إذ لو فتشنا عن قلوب المؤمنين فلم نجد فيها أصابع

(٣) حديث قلب العبد بين أصبعين من أصابع الرحمن مسلم من حديث عبد الله بن عمرو

Lajna - 177

فعلم أنها كناية عن القدرة التى هى سر الأصابع وروحها الخفى ، وكنى بالأصابع عن القدرة لأن ذلك أعظم وقعا فى تفهم تمام الاقتدار . ومن هذا القبيل فى كنايته عن الاقتدار قوله تعالى : (إِنَّمَا قَوْلُنَا لِشَيْءٍ إِذَا أَرَدْنَاهُ أَنْ نَقُولَ لَهُ كُنْ فَيَكُونُ) فان ظاهره ممتنع؛ إذ قوله :(كن) إن كان خطابا للشىء قبل وجوده فهو محال ؛ إذ المعدوم لا يفهم الخطاب حتى يمتثل ، وإن كان بعد الوجود فهو مستغن عن التكوين ، ولكن لما كانت هذه الكناية أوقع فى النفوس فى تفهيم غاية الاقتدار عدل اليها

وأما المدرك بالشرع فهو أن يكون إجراؤه على الظاهر ممكنا ، ولكنه يروى أنه أريد به غير الظاهر كما ورد فى تفسير قوله تعالى : (أَنْزَلَ مِنَ السَّمَاءِ مَاءً فَسَالَتْ أَوْدِيَةٌ بِقَدَرِهَا) الآية ، وأن معنى الماء ها هنا هو القرءان ، ومعنى الأودية هى القلوب ، وأن بعضها احتملت شيئا كثيراً ، وبعضها قليلا ، وبعضها لم يحتمل ، والزبد مثل الكفر والنفاق ، فانه وإن ظهر وطفا على رأس الماء فانه لا يثبت ، والهداية التى تنفع الناس تمكث. وفى هذا القسم تعمق جماعة فأوّلوا ما ورد فى الآخرة من الميزان والصراط وغيرهما ، وهو بدعة ،إذ لم ينقل ذلك بطريق الرواية ، وإجراؤه على الظاهر غير محال ، فيجب إجراؤه على الظاهر

القسم الرابع ـ أن يدرك الانسان الشىء جملة ثم يدركه تفصيلا بالتحقيق والذوق بأن يصير حالا ملابسا له ، فيتفاوت العلمان ويكون الأول كالقشر ، والثانى كاللباب ، والأول كالظاهر ، والثانى كالباطن ، وذلك كما يتمثل للانسان فى عينه شخص فى الظلمة أو على البعد فيحصل له نوع علم ، فاذا رآه بالقرب أو بعد زوال الظلام أدرك تفرقة بينهما ، ولا يكون الأخير ضد الأول بل هو استكمال له . فكذلك العلم والايمان والتصديق ، إذ قد يصدق الانسان بوجود العشق والمرض والموت قبل وقوعه ، ولكن تحققه به عند الوقوع أكمل من تحققه قبل الوقوع ، بل للإنسان فى الشهوة والعشق وسائر الأحوال ثلاثة أحوال متفاوتة وإدراكات متباينة . (الأول) تصديقه بوجوده قبل وقوعه . (والثانى) عند وقوعه (والثالث) بعد تصرمه ، فان تحققك بالجوع بعد زواله يخالف التحقق به قبل الزوال . وكذلك من علوم الدين مايصير ذوقا فيكمل فيكون ذلك كالباطن بالإضافة إلى ماقبل ذلك، ففرق بين علم المريض بالصحة وبين علم الصحيح بها . فى هذه الأقسام الأربعة تتفاوت

الخلق ، وليس فى شىء منها باطن يناقض الظاهر ، بل يتممه ويكمله كما يتمم اللب القشر . والسلام

القسم الخامس — أن يعبر بلسان المقال عن لسان الحال ، فالقاصر الفهم يقف على الظاهر ويعتقده نطقا ، والبصير بالحقائق يدرك السر فيه . وهذا كقول القائل : قال الجدار للوتد : لم تشقني ؟ قال : سل من يدقني فلم يتركني ورائى الحجر الذى ورائى . فهذا تعبير عن لسان الحال بلسان المقال . ومن هذا قوله تعالى : (ثُمَّ اسْتَوَىٰ إِلَى السَّمَاءِ وَهِيَ دُخَانٌ فَقَالَ لَهَا وَلِلْأَرْضِ ائْتِيَا طَوْعًا أَوْ كَرْهًا قَالَتَا أَتَيْنَا طَائِعِينَ) . فالبليد يفتقر فى فهمه الى أن يقدر لهما حياة و عقلا ، وفهما للخطاب ، وخطابا هو صوت وحرف تسمعه السماء والأرض فتجيبان بحرف وصوت وتقولان : أتينا طائعين ، والبصير يعلم أن ذلك لسان الحال ، وأنه إنباء عن كونهما مسخرتين بالضرورة ومضطرتين الى التسخير . ومن هذا قوله تعالي : (وَإِنْ مِنْ شَيْءٍ إِلَّا يُسَبِّحُ بِحَمْدِهِ) فالبليد يفتقر فيه إلى أن يقدر للجمادات حياة وعقلا ونطقا بصوت وحرف حتى يقول سبحان الله ليتحقق تسبيحه ، والبصير يعلم أنه ما أريد به نطق اللسان ، بل كونه مسبحا بوجوده ، ومقدسا بذاته ، وشاهدا بوحدانية الله سبحانه ، كما يقال

وفى كل شىء له آية • تدل على أنه الواحد

وكما يقال : هذه الصنعة المحكمة تشهد لصانعها بحسن التدبير وكمال العلم ، لا بمعنى أنها تقول أشهد بالقول ، ولكن بالذات والحال . وكذلك : ما من شىء إلا وهو محتاج فى نفسه إلى موجد يوجده ويبقيه ويديم أوصافه ويردده فى أطواره : فهو بحاجته يشهد لخالقه بالتقديس ، يدرك شهادته ذوو البصائر دون الجامدين على الظواهر ، ولذلك قال تعالى : (وَلَٰكِنْ لَا تَفْقَهُونَ تَسْبِيحَهُمْ) . وأما القاصرون فلا يفقهون أصلا . وأما المقربون والعلماء الراسخون فلا يفقهون كنهه وكماله ، إذ لكل شىء شهادات شتى على تقديس الله سبحانه وتسبيحه ، ويدرك كل واحد بقدر عقله وبصيرته . وتعداد تلك الشهادات لا يليق بعلم المعاملة . فهذا الفن أيضا مما يتفاوت أرباب الظواهر وأرباب البصائر فى علمه ، وتظهر به مفارقة الباطن للظاهر

وفى هذا المقام لأرباب المقامات إسراف واقتصاد : فمن مسرف فى رفع الظواهر انتهى الى تغيير جميع الظواهر والبراهين أو أكثرها ، حتى حملوا قوله تعالى : (وَتُكَلِّمُنَا أَيْدِيهِمْ وَتَشْهَدُ أَرْجُلُهُمْ) وقوله تعالى : (وَقَالُوا لِجُلُودِهِمْ لِمَ شَهِدْتُمْ عَلَيْنَا قَالُوا أَنْطَقَنَا اللَّهُ الَّذِي أَنْطَقَ

كلَّ شَيْءٍ) وكذلك المخاطبات التي تجرى من منكر ونكير ، وفى الميزان والصراط والحساب ، ومناظرات أهل النار وأهل الجنة فى قولهم : (أَفِيضُوا عَلَيْنَا مِنَ الْمَاءِ أَوْ مِمَّا رَزَقَكُمُ اللهُ) زعموا أن ذلك كله بلسان الحال

وغلا آخرون فى حسم الباب ، منهم أحمد بن حنبل رضى الله عنه حتى منع تأويل قوله: (كُنْ فَيَكُونُ) وزعموا أن ذلك خطاب بحرف وصوت يوجد من الله تعالى فى كل لحظة بعدد كَوْن كل مكوّن ، حتى سمعت بعض أصحابه يقول : إنه حسم باب التأويل إلا لثلاثة ألفاظ : قوله صلى الله عليه وسلم (١) « اَلْحَجَرُ الْأَسْوَدُ يَمِينُ اللهِ فِي أَرْضِهِ » وقوله صلى الله عليه وسلم « قَلْبُ الْمُؤْمِنِ بَيْنَ أُصْبُعَيْنِ مِنْ أَصَابِعِ الرَّحْمٰنِ » وقوله صلى الله عليه وسلم (٢) إِنِّي لَأَجِدُ نَفَسَ الرَّحْمٰنِ مِنْ جَانِبِ الْيَمَنِ » ومال الى حسم الباب أرباب الظواهر

والظن بأحمد بن حنبل رضى الله عنه أنه علم أن الاستواء ليس هو الاستقرار ، والنزولَ ليس هو الانتقالَ ، ولكنه منع من التأويل حسما للباب ، ورعاية لصلاح الخلق ، فانه إذا فتح الباب اتسع الخرق ، وخرج الأمر عن الضبط ، وجاوز حد الاقتصاد ، إذ حد ما جاوز الاقتصاد لا ينضبط ، فلا بأس بهذا الزجر

ويشهد له سيرة السلف ، فانهم كانوا يقولون أمِرّوها كما جاءت ، حتى قال مالك رحمه الله لما سئل عن الاستواء : الاستواء معلوم والكيفية مجهولة والإيمان به واجب والسؤال عنه بدعة

وذهبت طائفة الى الاقتصاد ، وفتحوا باب التأويل فى كل ما يتعلق بصفات الله سبحانه ، وتركوا ما يتعلق بالآخرة على ظواهرها ، ومنعوا التأويل فيه وهم الأشعرية

وزاد المعتزلة عليهم حتى أوّلوا من صفاته تعالى الرؤية ، وأوّلوا كونه سميعا بصيرا ، وأوّلوا المعراج ، وزعموا أنه لم يكن بالجسد ، وأوّلوا عذاب القبر ، والميزان ، والصراط ، وجملة من أحكام الآخرة ، ولكن أقروا بحشر الأجساد ، وبالجنة واشتمالها على المأكولات والمشمومات والمنكوحات والملاذ المحسوسة ، وبالنار واشتمالها على جسم محسوس محرق يحرق الجلود ويذيب الشحوم

ومن ترقيهم الى هذا الحد زاد الفلاسفة فأولوا كل ما ورد فى الآخرة ، وردوه الى آلام عقلية وروحانية ، ولذات عقلية ، وأنكروا حشر الأجساد ، وقالوا ببقاء النفوس ، وأنها تكون إما معذبة وإما منعمة بعذاب ونعيم لا يدرك بالحس . وهؤلاء هم المسرفون

وحد الاقتصاد بين هذا الانحلال كله وبين جمود الحنابلة دقيق غامض لا يطلع عليه الا الموفقون الذين يدركون الأمور بنور إلهي لا بالسماع . ثم إذا انكشفت لهم أسرار الأمور على ما هى عليه نظروا الى السمع والألفاظ الواردة : فما وافق ما شاهدوه بنور اليقين قرروه ، وما خالف أولوه . فأما من يأخذ معرفة هذه الأمور من السمع المجرد ، فلا يستقر له فيها قدم ، ولا يتعين له موقف ، والأليق بالمقتصر على السمع المجرد مقام أحمد بن حنبل رحمه الله

والآن فكشف الغطاء عن حد الاقتصاد فى هذه الأمور داخل فى علم المكاشفة ، والقول فيه يطول ، فلا نخوض فيه . والعرض بيان موافقة الباطن الظاهر وأنه غير مخالف له . فقد انكشفت بهذه الأقسام الخمسة أمور كثيرة

وإذا رأينا أن نقتصر بكافة العوام على ترجمة العقيدة التي حررناها ، وأنهم لا يكلفون غير ذلك فى الدرجة الأولى إلا إذا كان خوف تشويش لشيوع البدعة فيرقى فى الدرجة الثانية إلى عقيدة فيها لوامع من الأدلة مختصرة من غير تعمق ، فلنورد فى هذا الكتاب تلك اللوامع ، ولنقتصر فيها على ما حررناه لأهل القدس ، وسميناه الرسالة القدسية فى قواعد العقائد ، وهى مودعة فى هذا الفصل الثالث من هذا الكتاب

فنقول :

بسم الله الرحمن الرحيم . الحمد لله الذى ميز عصابة السنة بأنوار اليقين ، وآثر رهط الحق بالهداية إلى دعائم الدين ، وجنبهم زيغ الزائغين وضلال الملحدين ، ووفقهم للاقتداء بسيد المرسلين ، وسدّدهم للتأسى بصحبه الأكرمين ، ويسر لهم اقتفاء آثار السلف الصالحين حتى اعتصموا من مقتضيات العقول بالحبل المتين ، ومن سير الأولين وعقائدهم بالمنهج المبين ، فجمعوا

بالقبول بين نتائج العقول وقضايا الشرع المنقول ، وتحققوا أن النطق بما تعبدوا به من قول لا إله إلا الله محمد رسول الله ليس له طائل ولا محصول ، إن لم تتحقق الإحاطة بما تدور عليه هذه الشهادة من الأقطاب والأصول ، وعرفوا أن كلمتي الشهادة على إيجازها تتضمن إثبات ذات الاله وإثبات صفاته وإثبات أفعاله وإثبات صدق الرسول ، وعلموا أن بناء الإيمان على هذه الأركان وهي أربعة ، ويدور كل ركن منها على عشرة أصول :

الركن الأول : في معرفة ذات الله تعالى ، ومداره على عشرة أصول ، وهي : العلم بوجود الله تعالى ، وقدمه ، وبقائه ، وأنه ليس بجوهر ، ولا جسم ولا عرض ، وأنه سبحانه ليس مختصا بجهة ولا مستقراً على مكان ، وأنه يرى ، وأنه واحد

الركن الثاني : في صفاته ، ويشتمل على عشرة أصول ، وهو : العلم بكونه حيا ، عالما ، قادراً ، مريداً ، سميعاً ، بصيراً ، متكلما ، منزها عن حلول الحوادث ، وأنه قديم الكلام ، والعلم ، والإرادة

الركن الثالث : في أفعاله تعالى ، ومداره على عشرة أصول ، وهي : أن أفعال العباد مخلوقة لله تعالى ، وأنها مكتسبة للعباد ، وأنها مرادة لله تعالى ، وأنه متفضل بالخلق والاختراع ، وأن له تعالى تكليفَ مالا يطاق ، وأن له إيلام البرىء ، ولا يجب عليه رعاية الأصلح ، وأنه لا واجب إلا بالشرع ، وأن بعثه الأنبياء جائز وأن نبوّة نبينا محمد صلى الله عليه وسلم ثابتة مؤيدة بالمعجزات

الركن الرابع : في السمعيات ، ومداره على عشرة أصول ، وهي : إثبات الحشر ، والنشر ، وسؤال منكر ونكير ، وعذاب القبر ، والميزان ، والصراط ، وخلق الجنة والنار ، وأحكام الإمامة ، وأن فضل الصحابة على حسب ترتيبهم ، وشروط الإمامة

Lajna - 182

فاما الركن الأوّل من أركان الايمان فى معرفة ذات الله سبحانه وتعالى وأن الله تعالى واحد ومداره على عشرة أصول

الأصل الأول : معرفة وجوده تعالى

وأوّل ما يستضاء به من الأنوار، ويسلك من طريق الاعتبار ، ما أرشد اليه القرءان ، فليس بعد بيان الله سبحانه بيان . وقد قال تعالى : (أَلَمْ نَجْعَلِ الْأَرْضَ مِهَاداً ، وَالْجِبَالَ أَوْتَاداً ، وَخَلَقْنَاكُمْ أَزْوَاجاً ، وَجَعَلْنَا نَوْمَكُمْ سُبَاتاً ، وَجَعَلْنَا اللَّيْلَ لِبَاساً ، وَجَعَلْنَا النَّهَارَ مَعَاشاً ، وَبَنَيْنَا فَوْقَكُمْ سَبْعاً شِدَاداً ، وَجَعَلْنَا سِرَاجاً وَهَّاجاً ، وَأَنْزَلْنَا مِنَ الْمُعْصِرَاتِ مَاءً ثَجَّاجاً ، لِنُخْرِجَ بِهِ حَبّاً وَنَبَاتاً ، وَجَنَّاتٍ أَلْفَافاً) وقال تعالى : (إِنَّ فِي خَلْقِ السَّمٰوَاتِ وَالْأَرْضِ وَاخْتِلَافِ اللَّيْلِ وَالنَّهَارِ وَالْفُلْكِ الَّتِي تَجْرِي فِي الْبَحْرِ بِمَا يَنْفَعُ النَّاسَ ، وَمَا أَنْزَلَ اللهُ مِنَ السَّمَاءِ مِنْ مَاءٍ فَأَحْيَا بِهِ الْأَرْضَ بَعْدَ مَوْتِهَا وَبَثَّ فِيهَا مِنْ كُلِّ دَابَّةٍ وَتَصْرِيفِ الرِّيَاحِ وَالسَّحَابِ الْمُسَخَّرِ بَيْنَ السَّمَاءِ وَالْأَرْضِ لَآيَاتٍ لِقَوْمٍ يَعْقِلُونَ) وقال تعالى : (أَلَمْ تَرَوْا كَيْفَ خَلَقَ اللهُ سَبْعَ سَمٰوَاتٍ طِبَاقاً وَجَعَلَ الْقَمَرَ فِيهِنَّ نُوراً وَجَعَلَ الشَّمْسَ سِرَاجاً ، وَاللهُ أَنْبَتَكُمْ مِنَ الْأَرْضِ نَبَاتاً ثُمَّ يُعِيدُكُمْ فِيهَا وَيُخْرِجُكُمْ إِخْرَاجاً) وقال تعالى : (أَفَرَأَيْتُمْ مَا تُمْنُونَ ، أَأَنْتُمْ تَخْلُقُونَهُ أَمْ نَحْنُ الْخَالِقُونَ) إلى قوله : (لِلْمُقْوِينَ) فليس يخفى على من معه أدنى مُسكة من عقل إذا تأمل بأدنى فكرة مضمون هذه الآيات ، وأدار نظره على عجائب خلق الله فى الأرض والسموات ، وبدائع فطرة الحيوان والنبات ، أن هذا الأمر العجيب والترتيب المحكم لا يستغنى عن صانع يدبره ، وفاعل يحكمه ويقدره ، بل تكاد فطرة النفوس تشهد بكونها مقهورة تحت تسخيره ، ومصرفة بمقتضى تدبيره ، ولذلك قال الله تعالى : (أَفِي اللهِ شَكٌّ فَاطِرِ السَّمٰوَاتِ وَالْأَرْضِ) . ولهذا بعث الأنبياء صلوات الله عليهم لدعوة الخلق الى التوحيد ليقولوا : لا إله إلا الله ، وما أمروا أن يقولوا : لنا إله وللعالم إله ، فإن ذلك كان مجبولا في فطرة عقولهم من مبدأ نشوهم وفى عنفوان شبابهم

Lajna - 183

ولذلك قال عز وجل : (وَلَئِنْ سَأَلْتَهُمْ مَنْ خَلَقَ السَّمٰوَاتِ وَالْأَرْضَ لَيَقُولُنَّ اللهُ) وقال تعالى : (فَأَقِمْ وَجْهَكَ لِلدِّينِ حَنِيفًا فطْرَةَ اللهِ الَّتِي فَطَرَ النَّاسَ عَلَيْهَا لَا تَبْدِيلَ لِخَلْقِ اللهِ ذٰلِكَ الدِّينُ الْقَيِّمُ) فاذاً فى فطرة الانسان وشواهد القرءان ما يغنى عن إقامة البرهان ، ولكنا على سبيل الاستظهار والاقتداء بالعلماء النظار نقول :

من بدائه العقول أن الحادث لا يستغنى فى حدوثه عن سبب يحدثه ، والعالم حادث ، فاذاً لا يستغنى فى حدوثه عن سبب . أما قولنا : إن الحادث لا يستغنى فى حدوثه عن سبب فجلي ، فان كل حادث مختص بوقت يجوز فى العقل تقدير تقديمه وتأخيره ، فاختصاصه بوقته دون ما قبله وما بعده يفتقر بالضرورة الى المخصص . وأما قولنا : العالم حادث ، فبرهانه أن أجسام العالم لاتخلو عن الحركة والسكون ، وهما حادثان ، وما لايخلو عن الحوادث فهو حادث ، ففى هذا البرهان ثلاث دعاوى :

الأولى : قولنا : إن الأجسام لاتخلو عن الحركة والسكون ، وهذه مدركة بالبديهة والاضطرار ، فلا يحتاج فيها إلى تأمل وافتكار ؛ فان من عقل جسما لا ساكنا ولا متحركا ، كان لمتن الجهل راكبا وعن نهج العقل ناكبا

الثانية : قولنا : إنهما حادثان . ويدل على ذلك تعاقبهما ووجود البعض منهما بعد البعض ، وذلك مشاهد فى جميع الأجسام ما شوهد منها وما لم يشاهد . فما من ساكن إلا والعقل قاض بجواز حركته ، وما من متحرك إلا والعقل قاض بجواز سكونه ، فالطارىء منهما حادث لطريانه ، والسابق حادث لعدمه ، لأنه لو ثبت قدمه لاستحال عدمه ، على ما سيأتى بيانه وبرهانه فى إثبات بقاء الصانع تعالى وتقدس

الثالثة : قولنا : مالا يخلو عن الحوادث فهو حادث . وبرهانه أنه لو لم يكن كذلك لكان قبل كل حادث حوادث لا أوّل لها ، ولو لم تنقض تلك الحوادث بجملتها لا تنتهى النوبة الى وجود الحادث الحاضر فى الحال ، وانقضاء مالا نهاية له محال ؛ ولأنه لو كان للفلك دورات لانهاية لها لكان لا يخلو عددها عن أن تكون شفعا أو وترا ، أو شفعا ووترا جميعا ، أولا شفعا ولا وترا ، ومحال أن تكون شفعا ووتراً جميعا ، أولا شفعا ولا وترا ؛ فان ذلك جمع بين النفى والاثبات ، إذ فى إثبات أحدهما نفى الآخر ، وفى نفي أحدهما إثبات الآخر ، ومحال

Lajna - 184

أن يكون شفعا ؛ لأن الشفع يصير وترا بزيادة واحد ، وكيف يعوز مالانهاية له واحد ؟! ومحال أن يكون وترا إذ الوتر يصير شفعا بواحد ، فكيف يعوزها واحد مع أنه لا نهاية لأعدادها ؟ ومحال أن يكون لاشفعا ولا وترا ، إذ له نهاية .فتحصل من هذا أن العالم لا يخلو عن الحوادث فهو إذا حادث . وإذا ثبت حدوثه كان افتقاره إلى المحدث من المدركات بالضرورة

الأصل الثانى

العلم بأن الله تعالى قديم لم يزل أزلى ليس لوجوده أول بل أول كل شيء وقبل كل ميت وحى

وبرهانه أنه لو كان حادثا ولم يكن قديما لافتقر هو أيضا إلى محدث ، وافتقر محدثه إلى محدث ، وتسلسل ذلك إلى ما لانهاية ، وما تسلسل لم يتحصل ، أو ينتهى إلى محدث قديم هو الأوّل ، وذلك هو المطلوب الذى سميناه صانع العالم ومبدئه وبارئه ومحدثه ومبدعه

الأصل الثالث

العلم بأنه تعالى مع كونه أزليا أبديا ليس لوجوده آخر ، فهو الأول والآخر ،والظاهر والباطن، لأن ما ثبت قدمه استحال عدمه

وبرهانه : أنه لو انعدم لكان لا يخلو إما أن ينعدم بنفسه أو بعدم يضاده ، ولو جاز أن ينعدم شيء يتصور دوامه بنفسه لجاز أن يوجد شيء يتصور عدمه بنفسه ، فكما يحتاج طريان الوجود إلى سبب فكذلك يحتاج طريان العدم إلى سبب ، وباطل أن ينعدم بعدم يضاده ، لأن ذلك المعدم لو كان قديما لما تصوّر الوجود معه ، وقد ظهر بالأصلين السابقين وجوده وقدمه ، فكيف كان وجوده فى القدم ومعه ضده ؟ فإن كان الضد المعدم حادثا كان محالا إذ ليس الحادث فى مضادته للقديم حتى يقطع وجوده بأولى من القديم فى مضادته للحادث حتى يدفع وجوده ، بل الدفع أهون من القطع ، والقديم أقوى وأولى من الحادث

الأصل الرابع

العلم بأنه تعالى ليس بجوهر يتحيز ، بل يتعالى ويتقدس عن مناسبة الحيز

وبرهانه أن كل جوهر متحيز فهو مختص بحيزه ، ولا يخلو من أن يكون ساكنا فيه أو متحركا عنه ، فلا يخلو عن الحركة أو السكون وهما حادثان ، وما يخلو عن الحوادث فهو حادث ، ولو تصوّر جوهر متحيز قديم لكان يعقل قدم جواهر العالم ، فان سماه مسمّى جوهراً

Lajna - 185

ولم يرد به المتحيز كان مخطئا من حيث اللفظ لا من حيث المعنى

الأصل الخامس

العلم بأنه تعالى ليس بجسم مؤلف من جواهر ، إذ الجسم عبارة عن المؤلف من الجواهر ، وإذا بطل كونه جوهراً مخصوصا بحيز بطل كونه جسما ، لأن كل جسم مختص بحيز ومركب من جوهر ، فالجوهر يستحيل خلوه عن الافتراق والاجتماع ، والحركة والسكون ، والهيئة والمقدار . وهذه سمات الحدوث ، ولو جاز أن يعتقد أن صانع العالم جسم ، لجاز أن يعتقد الالهية للشمس والقمر ، أو لشيء آخر من أقسام الأجسام . فان تجاسر متجاسر على تسميته تعالي جسما من غير إرادة التأليف من الجواهر ، كان ذلك غلطا في الاسم ، مع الإصابة في نفي معنى الجسم

الأصل السادس

العلم بأنه تعالى ليس بعرض قائم بجسم أو حال في محل ، لأن العرض مايحل في الجسم ، فكل جسم فهو حادث لا محالة ، ويكون محدثه موجوداً قبله ، فكيف يكون حالا في الجسم وقد كان موجوداً في الأزل وحده وما معه غيره ، ثم أحدث الأجسام والأعراض بعده ؟ ولأنه عالم قادر مريد خالق، كما سيأتي بيانه ، وهذه الأوصاف تستحيل على الأعراض ، بل لا تعقل إلا لموجود قائم بنفسه ، مستقل بذاته ، وقد تحصل من هذه الأصول أنه موجود قائم بنفسه ، ليس بجوهر ولا جسم ولا عرض ، وأن العالم كله جواهر وأعراض وأجسام ،فإذاً لا يشبه شيئا ولا يشبهه شيء ، بل هو الحي القيوم الذي ليس كمثله شيء . وأنى يشبه المخلوق خالقه ، والمقدور مقدره ، والمصور مصوره والأجسام والأعراض كلها من خلقه وصنعه ؟! فاستحال القضاء عليها بمماثلته ومشابهته.

الأصل السابع ـ العلم بأن الله تعالى منزه الذات عن الاختصاص بالجهات

فان الجهة إما فوق ، وإما أسفل ، وإما يمين ، وإما شمال : أو قدام ، أو خلف . وهذه الجهات هو الذي خلقها وأحدثها بواسطة خلق الإنسان ، إذ خلق له طرفين أحدهما يعتمد على الأرض ويسمى رجلا ، والآخر يقابله ويسمى رأسا . فحدث اسم الفوق لما يلي جهة الرأس ،

Lajna - 186

واسم السفل لما يلي جهة الرجل ، حتى إن النملة التي تدب منكسة تحت السقف تنقلب جهة الفوق في حقها تحتا ، وإن كان في حقنا فوقا . وخلق للإنسان اليدين وإحداهما أقوى من الأخرى في الغالب ، فحدث اسم اليمين للأقوى ، واسم الشمال لما يقابله ، وتسمى الجهة التي تلي اليمين يمينا ، والأخرى شمالا ، وخلق له جانبين يبصر من أحدهما ويتحرك اليه ، فحدث اسم القدام للجهة التي يتقدم اليها بالحركة ، واسم الخلف لما يقابلها : فالجهات حادثة بحدوث الإنسان ، ولو لم يخلق الإنسان بهذه الخلقة بل خلق مستديرا كالكرة ، لم يكن لهذه الجهات وجود ألبتة ، فكيف كان في الأزل مختصا بجهة والجهة حادثة ؟ أو كيف صار مختصا بجهة بعد أن لم يكن له : أبأن خلق العالم فوقه ، وتعالى عن أن يكون له فوق ، إذ تعالى أن يكون له رأس ، والفوق عبارة عما يكون جهة الرأس ، أو خلق العالم تحته ، فتعالى عن أن يكون له تحت إذ تعالى عن أن يكون له رجل ، والتحت عبارة عما يلي جهة الرجل ، وكل ذلك مما يستحيل في العقل ، ولأن المعقول من كونه مختصا بجهة أنه مختص بحيز اختصاص الجواهر ، أو مختص بالجواهر اختصاص العرض ، وقد ظهر استحالة كونه جوهراً أو عرضا ، فاستحال كونه مختصا بالجهة . وإن أريد بالجهة غير هذين المعنيين كان غلطا في الاسم مع المساعدة على المعنى ، ولأنه لو كان فوق العالم لكان محاذيا له ، وكل محاذ لجسم فإما أن يكون مثله أو أصغر منه أو أكبر ، وكل ذلك تقدير محوج بالضرورة إلى مقدر ، ويتعالى عنه الخالق الواحد المدبر . فأما رفع الأيدي عند السؤال إلى جهة السماء ، فهو لأنها قبلة الدعاء ، وفيه أيضا إشارة إلى ما هو وصف للمدعو من الجلال والكبرياء ، تنبيها بقصد جهة العلو على صفة المجد والعلاء ، فإنه تعالى فوق كل موجود بالقهر والاستيلاء

الأصل الثامن

العلم بأنه تعالى مستو على عرشه بالمعنى الذي أراد الله تعالى بالاستواء ، وهو الذي لا ينافي وصف الكبرياء ، ولا يتطرق اليه سمات الحدوث والفناء ، وهو الذي أريد بالاستواء إلى السماء حيث قال في القرءان : (ثُمَّ اسْتَوَىٰ إِلَى السَّمَاءِ وَهِيَ دُخَانٌ) وليس ذلك إلا بطريق القهر والاستيلاء ، كما قال الشاعر :

Lajna - 187

قد استوى بشر على العراق * من غير سيف ودم مهراق

واضطر أهل الحق الى هذا التأويل كما اضطر أهل الباطل الى تأويل قوله تعالى : (وَهُوَ مَعَكُمْ أَيْنَمَا كُنْتُمْ) إذ حمل ذلك بالاتفاق على الإحاطة والعلم ، وحمل قوله صلى الله عليه وسلم : « قَلْبُ الْمُؤْمِنِ بَيْنَ أُصْبُعَيْنِ مِنْ أَصَابِعِ الرَّحْمٰنِ » على القدرة والقهر ، وحمل قوله صلى الله عليه وسلم : « اَلْحَجَرُ الْأَسْوَدُ يَمِينُ اللهِ فِي أَرْضِهِ » على التشريف والإكرام ؛ لأنه لو ترك على ظاهره للزم منه المحال ، فكذا الاستواء لو ترك على الاستقرار والتمكن لزم منه كون المتمكن جسما مماسا للعرش ، إما مثله أو أكبر منه أو أصغر ، وذلك محال ، وما يؤدى الى المحال فهو محال

الأصل التاسع

العلم بأنه تعالى مع كونه منزها عن الصورة والمقدار مقدسا عن الجهات والأقطار ، مرئي بالأعين والأبصار فى الدار الآخرة دار القرار ، لقوله تعالى : (وُجُوهٌ يَوْمَئِذٍ نَاضِرَةٌ إِلَى رَبِّهَا نَاظِرَةٌ) ولا يرى فى الدنيا تصديقا لقوله عز وجل : (لَا تُدْرِكُهُ الْأَبْصَارُ وَهُوَ يُدْرِكُ الْأَبْصَارَ) ولقوله تعالى فى خطاب موسى عليه السلام : (لَنْ تَرَانِي) . وليت شعرى كيف عرف المعتزلى من صفات رب الأرباب ما جهله موسى عليه السلام ؟ ! وكيف سأل موسى عليه السلام الرؤية مع كونها محالا ؟! ولعل الجهل بذوى البدع والأهواء من الجهلة الأغبياء أولى من الجهل بالأنبياء صلوات الله عليهم !

وأما وجه إجراء آية الرؤية على الظاهر ، فهو أنه غير مؤد الى المحال ، فان الرؤية نوع كشف وعلم ، إلا أنه أتم وأوضح من العلم . فإذا جاز تعلق العلم به وليس فى جهة جاز تعلق الرؤية به وليس بجهة . وكما يجوز أن يرى الله تعالى الخلق وليس فى مقابلتهم ، جاز أن يراه الخلق من غير مقابلة ، وكما جاز أن يعلم من غير كيفية وصورة ، جاز أن يرى كذلك

الاصل العاشر

العلم بأن الله عز وجل واحد لا شريك له ، فرد لا ندّ له ، انفرد بالخلق والابداع واستبد بالإيجاد والاختراع ، لا مثل له يساهمه ويساويه ، ولا ضد له فينازعه ويناويه . وبرهانه قوله تعالى : (لَوْ كَانَ فِيهِمَا آلِهَةٌ إِلَّا اللهُ لَفَسَدَتَا) وبيانه : أنه لو كانا اثنين وأراد

Lajna - 188

أحدهما أمراً فالثانى إن كان مضطرا الى مساعدته كان هذا الثانى مقهورا عاجزا ولم يكن إلها قادراً ، وإن كان قادراً على مخالفته ومدافعته كان الثانى قويا قاهراً ، والأول ضعيفا قاصراً ولم يكن إلها قادراً

(الركن الثانى العلم بصفات الله تعالى ومداره على عشرة أصول)

الأصل الأول

العلم بأن صانع العالم قادر ، وأنه تعالى فى قوله : (وَهُوَ عَلَى كُلِّ شَيْءٍ قَدِيرٌ) صادق ، لأن العالم محكم فى صنعته ، مرتب فى خلقته ومن رأى ثوبا من ديباج حسن النسج والتأليف متناسب التطريز والتطريف ، ثم توهم صدور نسجه عن ميت لااستطاعة له ، أو عن إنسان لاقدرة له ، كان منخلعا عن غريزة العقل ، ومنخرطا فى سلك أهل الغباوة والجهل

الأصل الثانى

العلم بأنه تعالى عالم بجميع الموجودات ، ومحيط بكل المخلوقات ، لايعزب عن علمه مثقال ذرة فى الأرض ولا فى السماء ، صادق فى قوله : (وَهُوَ بِكُلِّ شَيْءٍ عَلِيمٌ) و مرشد إلى صدقه بقوله تعالى : (أَلَا يَعْلَمُ مَنْ خَلَقَ وَهُوَ اللَّطِيفُ الْخَبِيرُ) أرشدك إلى الاستدلال بالخلق علي العلم بأنك لاتستريب فى دلالة الخلق اللطيف ، والصنع المزين بالترتيب ولو فى الشيء الحقير الضعيف ، علي علم الصانع بكيفية الترتيب والترصيف ، فما ذكره الله سبحانه هو المنتهى فى الهداية والتعريف

الأصل الثالث

العلم بكونه عز وجل حيا ، فإن من ثبت علمه وقدرته ثبت بالضرورة حياته ، ولو تصوّر قادر وعالم فاعل مدبر دون أن يكون حيا لجاز أن يشك فى حياة الحيوانات عند ترددها فى الحركات والسكنات ، بل فى حياة أرباب الحرف والصناعات ، وذلك انغماس فى غمرة الجهالات والضلالات

الأصل الرابع

العلم بكونه تعالى مريدا لأفعاله ، فلا موجود إلاوهو مستند إلى مشيئته وصادر عن

Lajna - 189

إرادته ؛ فهو المبدىء المعيد ، والفعال لما يريد ، وكيف لا يكون مريدا وكل فعل صدر منه أمكن أن يصدر منه ضده ، ومالاضد له أمكن أن يصدر منه ذلك بعينه قبله أو بعده ؛ والقدرة تناسب الضدين والوقتين مناسبة واحدة ، فلابد من إرادة صارفة للقدرة إلى أحد المقدورين ، ولو أغنى العلم عن الإرادة فى تخصيص المعلوم حتى يقال إنما وجد فى الوقت الذى سبق العلم بوجوده ، لجاز أن يغنى عن القدرة حتى يقال : وجد بغير قدرة ، لأنه سبق العلم بوجوده فيه

الأصل الخامس

العلم بأنه تعالى سميع بصير لا يعزب عن رؤيته هواجس الضمير وخفايا الوهم والتفكير ، ولا يشذ عن سمعه صوت دبيب النملة السوداء فى الليلة الظلماء على الصخرة الصماء ، وكيف لا يكون سميعا بصيراً والسمع والبصر كمال لامحالة وليس بنقص ؟ فكيف يكون المخلوق أكمل من الخالق ، والمصنوع أسنى وأتم من الصانع ؟ وكيف تعتدل القسمة مهما وقع النقص فى جهته والكمال فى خلقه وصنعته ؟ أو كيف تستقيم حجة إبراهيم صلى الله عليه وسلم على أبيه إذ كان يعبد الأصنام جهلا وغيا ، فقال له : «لِمَ تَعْبُدُ مَالَا يَسْمَعُ وَلَا يُبْصِرُ وَلَا يُغْنِي عَنْكَ شَيْئًا» ولو انقلب ذلك عليه فى معبوده لأضحت حجته داحضة ودلالته ساقطة ، ولم يصدق قوله تعالى : (وَتِلْكَ حُجَّتُنَا آتَيْنَاهَا إِبْرَاهِيمَ عَلَى قَوْمِهِ) وكما عقل كونه فاعلا بلا جارحة ، وعالما بلا قلب ودماغ ، فليعقل كونه بصيرا بلا حدقة ، وسميعا بلا أذن ، إذ لا فرق بينهما

الاصل السادس

أنه سبحانه وتعالى متكلم بكلام ، وهو وصف قائم بذاته ليس بصوت ولا حرف ، بل لا يشبه كلامه كلام غيره ، كما لا يشبه وجوده وجود غيره . والكلام بالحقيقة كلام النفس ، وإنما الأصوات قطعت حروفا للدلالات كما يدل عليها تارة بالحركات والإشارات ، وكيف التبس هذا على طائفة من الأغبياء ولم يلتبس على جهلة الشعراء ، حيث قال قائلهم :

إن الكلام لفى الفؤاد وإنما * جعل اللسان على الفؤاد دليلا !

ومن لم يعقله عقله ولا نهاه نهاه عن أن يقول : لسانى حادث ولكن ما يحدث فيه تقدرنى الحادثة قديم ، فاقطع عن عقله طمعك ، وكف عن خطابه لسانك . ومن لم يفهم أن القديم عبارة عما ليس قبله شىء ، وأن الباء قبل السين فى قولك : بسم الله ، فلا يكون

Lajna - 190

السين المتأخر عن الباء قديما ، فنزه عن الالتفات اليه قلبك ، فلله سبحانه سر فى إبعاد بعض العباد ، ومن يضلل الله فما له من هاد ، ومن استبعد أن يسمع موسى عليه السلام فى الدنيا كلاما ليس بصوت ولا حرف فليستنكر أن يرى فى الآخرة موجوداً ليس بجسم ولا لون وإن عقل أن يرى ما ليس بلون ولا جسم ولا قدر ولا كمية وهو إلى الآن لم ير غيره ، فليعقل فى حاسة السمع ما عقله فى حاسة البصر . وإن عقل أن يكون له علم واحد هو علم بجميع الموجودات ، فليعقل صفة واحدة للذات هو كلام بجميع ما دل عليه بالعبارات . وإن عقل كون السموات السبع وكون الجنة والنار مكتوبة فى ورقة صغيرة ومحفوظة فى مقدار ذرة من القلب وأن كل ذلك مرئى فى مقدار عدسة من الحدقة من غير أن تحل ذات السموات والأرض والجنة والنار فى الحدقة والقلب والورقة ، فليعقل كون الكلام مقروءاً بالألسنة ، محفوظا فى القلوب ، مكتوبا فى المصاحف ، من غير حلول ذات الكلام فيها ؛ إذ لو حلت بكتاب الله ذات الكلام فى الورق لحل ذات الله تعالى بكتابة اسمه فى الورق ، وحلت ذات النار بكتابة اسمها فى الورق ، ولاحترق

الاصل السابع

أن الكلام القائم بنفسه قديم ، وكذا جميع صفاته ، إذ يستحيل أن يكون محلا للحوادث داخلا تحت التغير بل يجب للصفات من نعوت القدم مايجب للذات فلا تعتريه التغيرات ولا تحله الحادثات بل لم يزل فى قدمه موصوفا بمحامد الصفات ، ولا يزال فى أبده كذلك منزها عن تغير الحالات ، لأن ما كان محل الحوادث لا يخلو عنها ، وما لا يخلو عن الحوادث فهو حادث ، وإنما ثبت نعت الحدوث للأجسام من حيث تعرضها للتغير وتقلب الأوصاف ، فكيف يكون خالقها مشاركا لها فى قبول التغير ، وينبنى على هذا أن كلامه قديم قائم بذاته ، وإنما الحادث هى الأصوات الدالة عليه . وكما عقل قيام طلب التعلم وإرادته بذات الوالد للولد قبل أن يخلق ولده ، حتى إذا خلق ولده وعَقَل وخلق الله له علما متعلقا بما فى قلب أبيه من الطلب ، صار مأموراً بذلك الطلب الذى قام بذات أبيه ودام وجوده إلى وقت معرفة ولده له ، فليعقل قيام الطلب الذى دل عليه قوله عز وجل : (اُخْلَعْ نَعْلَيْكَ) بذات الله ، ومصير موسى عليه السلام مخاطبا به بعد وجوده ، إذ خلقت له معرفة بذلك الطلب ، وسمع لذلك الكلام القديم

Lajna - 191

الأصل الثامن

أن علمه قديم ، فلم يزل عالما بذاته وصفاته ، وما يحدثه من مخلوقاته ، ومهما حدثت المخلوقات لم يحدث له علم بها ، بل حصلت مكشوفة له بالعلم الأزلى ، إذلو خلق لنا علم بقدوم زيد عند طلوع الشمس ودام ذلك علم تقديرا حتى طلعت الشمس لكان قدوم زيد عند طلوع الشمس معلوما لنا بذلك العلم من غير تجدد علم آخر . فهكذا ينبغى أن يفهم قدم علم الله تعالى

الأصل التاسع

أن إرادته قديمة ، وهى فى القدم تعلقت بإحداث الحوادث فى أوقاتها اللائقة بها على وفق سبق العلم الأزلى ، إذلو كانت حادثة لصار محل الحوادث ، ولو حدثت فى غير ذاته لم يكن هو مريدا لها ، كما لا تكون أنت متحركا بحركة ليست فى ذاتك ، وكيفما قدرت فيفتقر حدوثها إلى إرادة أخرى ، وكذلك الارادة الأخرى تفتقر إلى أخرى ، ويتسلسل الأمر إلى غير نهاية . ولو جاز أن يحدث إرادة بغير إرادة لجاز أن يحدث العالم بغير إرادة

الأصل العاشر

أن الله تعالى عالم بعلم ، حى بحياة ، قادر بقدرة ، ومريد بارادة ، ومتكلم بكلام ، وسميع بسمع ، وبصير ببصر . وله هذه الأوصاف من هذه الصفات القديمة . وقول القائل : عالم بلا علم ، كقوله : غنىّ بلا مال وعلم بلا عالم وعالم بلا معلوم ، فان العلم والمعلوم والعالم متلازمة كالقتل والمقتول والقاتل . وكما لا يتصوّر قاتل بلا قتل ولا قتيل ولا يتصوّر قتيل بلا قاتل ولا قتل ، كذلك لا يتصوّر عالم بلا علم ، ولا علم بلا معلوم ، ولا معلوم بلا عالم . بل هذه الثلاثة متلازمة فى العقل لا ينفك بعض منها عن البعض : فمن جوز انفكاك العالم عن العلم فليجوّز انفكاكه عن المعلوم ، وانفكاك العلم عن العالم إذ لا فرق بين هذه الأوصاف

الركن الثالث : العلم بأفعال الله تعالى ، ومداره على عشرة أصول

الاصل الأول

العلم بأن كل حادث فى العالم فهو فعله وخلقه واختراعه ، لا خالق له سواه ولا محدث له إلا إياه ، خلق الخلق وصنعهم ، وأوجد قدرتهم وحركتهم ، فجميع أفعال عباده مخلوقة له ، ومتعلقة بقدرته ، تصديقا له فى قوله تعالى : (اللهُ خَالِقُ كُلِّ شَيْءٍ) وفى قوله تعالى : (وَاللهُ خَلَقَكُمْ وَمَا تَعْمَلُونَ) وفى قوله تعالى (وأَسِرُّوا قَوْلَكُمْ أَوِ اجْهَرُوا بِهِ إِنَّهُ عَلِيمٌ بِذَاتِ الصُّدُورِ. أَلَا يَعْلَمُ مَنْ خَلَقَ وَهُوَ اللَّطِيفُ الْخَبِيرُ) أمر العباد بالتحرز فى أقوالهم وأفعالهم وإسرارهم وإضمارهم ،لعلمه بموارد أفعالهم واستدل على العلم بالخلق ، وكيف لا يكون خالقا لفعل العبد وقدرته تامة لاقصور فيها ، وهى متعلقة بحركة أبدان العباد ، والحركات متماثلة ، وتعلق القدرة بها لذاتها ؟ فما الذى يقصر تعلقها عن بعض الحركات دون البعض مع تماثلها ؟ أو كيف يكون الحيوان مستبدا بالاختراع ويصدر من العنكبوت والنحل وسائر الحيوانات من لطائف الصناعات ما يتحير فيه عقول ذوى الألباب ؟ فكيف انفردت هى باختراعها دون رب الأرباب وهى غير عالمة بتفصيل ما يصدر منها من الاكتساب ؟ هيهات هيهات ! ذلت المخلوقات ، وتفرد بالملك والملكوت جبار الأرض والسموات

الأصل الثانى

أن انفراد الله سبحانه باختراع حركات العباد لا يخرجها عن كونها مقدورة للعباد على سبيل الاكتساب ، بل الله تعالى خلق القدرة والمقدور جميعا ، وخلق الاختيار والمختار جميعا . فأما القدرة فوصف للعبد وخلق للرب سبحانه وليست بكسب له . وأما الحركة فخلق للرب تعالى ووصف للعبد وكسب له ، فانها خلقت مقدورة بقدرة هى وصفه ، وكانت للحركة نسبة إلى صفة أخرى تسمى قدرة ، فتسمى باعتبار تلك النسبة كسبا ، وكيف تكون جبرا محضا وهو بالضرورة يدرك التفرقة بين الحركة المقدورة والرعدة الضرورية ؟ أو كيف يكون خلقا للعبد وهو لا يحيط علما بتفاصيل أجزاء الحركات المكتسبة وأعدادها ، وإذا بطل الطرفان لم يبق إلا الاقتصاد فى الاعتقاد ، وهو أنها مقدورة بقدرة الله تعالى اختراعا ، وبقدرة العبد على وجه آخر من التعلق يعبر عنه بالاكتساب ، وليس من ضرورة تعلق القدرة بالمقدور أن يكون بالاختراع فقط ، إذ

Lajna - 194

قدرة الله تعالى فى الأزل قد كانت متعلقة بالعالم ولم يكن الاختراع حاصلا بها ، وهى عند الاختراع متعلقة به نوعا آخر من التعلق . فبه يظهر أن تعلق القدرة ليس مخصوصا بحصول المقدور بها

الأصل الثالث

أن فعل العبد وإن كان كسبا للعبد فلا يخرج عن كونه مراداً لله سبحانه ، فلا يجرى فى الملك والملكوت طرفة عين ولا لفتة خاطر ولا فلتة ناظر إلا بقضاء الله وقدرته ، وبإرادته ومشيئته ، ومنه الشر والخير ، والنفع والضر ، والاسلام والكفر ، والعرفان والنكر ، والفوز والخسران ، والغواية والرشد ، والطاعة والعصيان ، والشرك والإيمان ، لا رادّ لقضائه ، ولا معقب لحكمه ، يضل من يشاء ويهدى من يشاء ، لا يسأل عما يفعل وهم يسألون . ويدل عليه من النقل قول الأمة قاطبة : ما شاء كان وما لم يشأ لم يكن ، وقول الله عز وجل : (أَنْ لَوْ يَشَاءُ اللهُ لَهَدَى النَّاسَ جَمِيعًا) وقوله تعالى : (وَلَوْ شِئْنَا لَآتَيْنَا كُلَّ نَفْسٍ هُدَاهَا)

ويدل عليه من جهة العقل أن المعاصى والجرائم إن كان الله يكرهها ولا يريدها وإنما هى جارية على وفق إرادة العدو إبليس لعنه الله مع أنه عدو لله سبحانه والجارى على وفق إرادة العدو أكثر من الجارى على وفق إرادته تعالى ، فليت شعرى ، كيف يستجيز المسلم أن يرد ملك الجبار ذى الجلال والاكرام إلى رتبة لو ردت اليها رياسة زعيم ضيعة لاستنكف منها ! إذ لو كان ما يستمر لعدو الزعيم فى القرية أكثر مما يستقيم له لاستنكف من زعامته وتبرأ عن ولايته ، والمعصية هى الغالبة على الخلق ، وكل ذلك جار عند المبتدعة على خلاف إرادة الحق تعالى . وهذا غاية الضعف والعجز ، تعالى رب الأرباب عن قول الظالمين علواً كبيراً .

ثم مهما ظهر أن أفعال العباد مخلوقة لله صح أنها مرادة له

فإن قيل : فكيف ينهى عما يريد ويأمر بما لا يريد ؟ قلنا الأمر غير الارادة ، ولذلك إذا ضرب السيد عبده فعاتبه السلطان عليه فاعتذر بتمرد عبده عليه فكذبه السلطان فأراد إظهار حجته بأن يأمر العبد بفعل ويخالفه بين يديه ، فقال له : أسرج هذه الدابة بمشهد من السلطان فهو يأمره بما لا يريد امتثاله ، ولو لم يكن آمراً لما كان عذره عند السلطان ممهدا ، ولو كان مريداً لامتثاله لكان مريداً لهلاك نفسه ، وهو محال

Lajna - 195

الأصل الرابع

أن الله تعالى متفضل بالخلق والاختراع ، ومتطوّل بتكليف العباد ، ولم يكن الخلق والتكليف واجبا عليه . وقالت المعتزلة : وجب عليه ذلك لما فيه من مصلحة العباد، وهو محال ، إذ هو الموجب والآمر والناهى ، وكيف يتهدف لإيجاب أو يتعرض للزوم وخطاب ؟ والمراد بالواجب أحد أمرين : إما الفعل الذى فى تركه ضرر. إما آجل كما يقال : يجب على العبد أن يطيع الله حتى لا يعذبه فى الآخرة بالنار ، أوضرر عاجل كما يقال : يجب على العطشان أن يشرب حتى لا يموت ، وإما أن يرادبه الذى يؤدى عدمه إلى محال ، كما يقال : وجود المعلوم واجب ، إذ عدمه يؤدى إلى محال وهو أن يصير العلم جهلا ، فان أراد الخصم بأن الخلق واجب على الله بالمعنى الأول فقد عرضه للضرر ، وأن أراد به المعنى الثانى فهو مسلّم ، إذ بعد سبق العلم لابد من وجود المعلوم . وإن أراد به معنى ثالثا فهو غير مفهوم . وقوله : يجب لمصلحة عباده ، كلام فاسد ، فانه اذا لم يتضرر بترك مصلحة العباد لم يكن للوجوب فى حقه معنى . ثم ان مصلحة العباد فى أن يخلقهم فى الجنة ، فأما أن يخلقهم فى دار البلايا ويعرضهم للخطايا ثم يهدفهم لخطر العقاب وهول العرض والحساب ، فما فى ذلك غبطة عند ذوى الألباب

الأصل الخامس

أنه يجوز على الله سبحانه أن يكلف الخلق مالا يطيقونه ، خلافا للمعتزلة ، ولو لم يجز ذلك لاستحال سؤال دفعه ، وقد سألوا ذلك فقالوا : « رَبَّنَا وَلَا تُحَمِّلْنَا مَا لَا طَاقَةَ لَنَا بِهِ » ولأن الله تعالى أخبر نبيه صلى الله عليه وسلم بأن أباجهل لا يصدّقه ثم أمره بأن يأمره بأن يصدّقه فى جميع أقواله ، وكان من جملة أقواله أنه لا يصدقه ، فكيف يصدقه فى أنه لا يصدقه ؟ وهل هذا الا محال وجوده ؟

الأصل السادس

أن لله عز وجل إيلامَ الخلق وتعذيبَهم من غير جرم سابق ، ومن غير ثواب لاحق ، خلافا للمعتزلة ، لأنه متصرف فى ملكه ، ولا يتصوّر أن يعدُوَ تصرفهُ ملكَه ، والظلم هو عبارة عن التصرف فى ملك الغير بغير إذنه ، وهو محال على الله تعالى ، فانه لا يصادف لغيره ملكا حتى يكون تصرفه فيه ظلما . ويدل على جواز ذلك وجوده ، فان ذبح البهائم إيلام لها ، وما صب عليها من أنواع العذاب من جهة الآدميين لم يتقدمها جريمة

Lajna - 196

فإن قيل : إن الله تعالى يحشرها ويجازيها على قدر ما قاسته من الآلام ، ويجب ذلك على الله سبحانه

فنقول : من زعم أنه يجب على الله إحياء كل نملة وُطئت ، وكل بقة عُركت حتى يثيبها على آلامها ، فقد خرج عن الشرع والعقل ، اذ يقال : وصف الثواب والحشر بكونه واجبا عليه إن كان المراد به أنه يتضرر بتركه ، فهو محال ، وإن أريد به غيره فقد سبق أنه غير مفهوم إذا خرج عن المعانى المذكورة للواجب

الأصل السابع

أنه تعالى يفعل بعباده ما يشاء ، فلا يجب عليه رعاية الأصلح لعباده لما ذكرناه من أنه لا يجب عليه سبحانه شيء ، بل لا يعقل فى حقه الوجوب ، فانه لا يسئل عما يفعل وهم يسئلون . وليت شعرى بما يجيب المعتزلى فى قوله : إن الاصلح واجب عليه فى مسألة نعرضها عليه ، وهو أن يفرض مناظرة فى الآخرة بين صبي وبين بالغ ماتا مسلمين فإن الله سبحانه يزيد فى درجات البالغ ويفضله عن الصبى لأنه تعب بالايمان والطاعات بعد البلوغ ، ويجب عليه ذلك عند المعتزلى ، فلو قال الصبي : يارب لم رفعت منزلته على ؟ فيقول : لأنه بلغ واجتهد فى الطاعات ويقول الصبي : أنت أمتنى فى الصبا فكان يجب عليك أن تديم حياتى حتى أبلغ فأجتهد فقد عدلت عن العدل فى التفضيل عليه بطول العمر له دونى فلم فضلته ؟ فيقول الله تعالى : لأنى علمت أنك لو بلغت لأشركت أو عصيت فكان الأصلح لك الموت فى الصبا . هذا عذر المعتزلى عن الله عز وجل ، وعند هذا ينادى الكفارُ من دركات لَظى ويقولون : يارب أما علمت أننا إذا بلغنا أشركنا فهلا أمتنا فى الصبا فانا رضينا بما دون منزلة الصبي المسلم : فبما ذا يجاب عن ذلك؟ وهل يجب عند هذا إلا القطع بأن الأمور الالهية تتعالى بحكم الجلال عن أن توزن بميزان أهل الاعتزال

فان قيل : مهما قدر على رعاية الأصلح للعباد ثم سلط عليهم أسباب العذاب كان ذلك قبيحا لا يليق بالحكمة

قلنا : القبيح مالا يوافق الغرض ، حتى إنه قد يكون الشيء قبيحا عند شخص حسنا عند غيره إذا وافق غرض أحدهما دون الآخر ، حتى يستقبح قتل الشخص أولياؤه ويستحسنه

Lajna - 197

أعداؤه ، فان أريد بالقبيح مالا يوافق غرض البارى سبحانه فهو محال ، إذ لا غرض له ، فلا يتصور منه قبيح ، كما لا يتصور منه ظلم ، إذ لا يتصور منه التصرف فى ملك الغير . وإن أريد بالقبيح مالا يوافق غرض الغير فلم قلتم إن ذلك عليه محال ؟ وهل هذا إلا مجرد تشهى يشهد بخلافه ما قد فرضناه من مخاصمة أهل النار ؟ ثم الحكيم معناه العالم بحقائق الأشياء القادر على فعلها على وفق إرادته ، وهذا من أين يوجب رعاية الأصلح ، وأما الحكيم منا يراعى الأصلح نظرا لنفسه ليستفيد به فى الدنيا ثناء وفى الآخرة ثوابا ، أو يدفع به عن نفسه آفة ، وكل ذلك على الله سبحانه وتعالى محال

الأصل الثامن

أن معرفة الله سبحانه وطاعته واجبة بإيجاب الله تعالى وشرعه ، لا بالعقل ، خلافاً للمعتزلة لأن العقل وإن أوجب الطاعة فلا يخلو إما أن يوجبها لغير فائدة وهو محال ، فان العقل لا يوجب العبث ، وإما أن يوجبها لفائدة وغرض ، وذلك لا يخلو إما أن يرجع إلى المعبود وذلك محال فى حقه تعالى ، فإنه يتقدس عن الأغراض والفوائد ، بل الكفر والإيمان والطاعة والعصيان فى حقه تعالى سيان . وإما أن يرجع ذلك إلى غرض العبد وهو أيضاً محال لأنه لا غرض له فى الحال ، بل يتعب به وينصرف عن الشهوات بسببه ، وليس فى المآل إلا الثواب والعقاب . ومن أين يعلم أن الله تعالى يثيب على المعصية والطاعة ولا يعاقب عليهما مع أن الطاعة والمعصية فى حقه يتساويان ، إذ ليس له إلى أحدهما ميل ولا به لأحدهما اختصاص وإنما عرف تمييز ذلك بالشرع ؟ ولقد ذل من أخذ هذا من المقايسة بين الخالق والمخلوق حيث يفرق بين الشكر والكفران لما له من الارتياح والاهتزاز والتلذذ بأحدهما دون الآخر

فإن قيل : فإذا لم يجب النظر والمعرفة إلا بالشرع والشرع لا يستقر ما لم ينظر المكلف فيه ، فإذا قال المكلف للنبى : إن العقل ليس يوجب على النظر والشرع لا يثبت عندى إلا بالنظر ، ولست أقدم على النظر ، أدى ذلك إلى إفحام الرسول صلى الله عليه وسلم

قلنا : هذا يضاهى قول القائل للواقف فى موضع من المواضع : إن وراءك سبعاً ضارياً فإن لم تبرح عن المكان قتلك ، وإن التفتّ وراءك ونظرت عرفت صدقى . فيقول الواقف :

Lajna - 198

لا يثبت صدقك ما لم ألتفت ورائى ، ولا ألتفت ورائى ولا أنظر ما لم يثبت صدقك . فيدل هذا على حماقة هذا القائل وتهدفه للهلاك ، ولا ضرر فيه على الهادى المرشد ، فكذلك النبي صلى الله عليه وسلم يقول إن وراءكم الموت ، ودونه السباع الضارية والنيران المحرقة إن لم تأخذوا منها حذركم وتعرفوا لى صدق بالالتفات إلى معجزتى وإلا هلكتم ، فمن التفت عرف واحترز ونجا ، ومن لم يلتفت وأصر هلك وتردى ، ولا ضرر عَلَيَّ إن هلك الناس كلهم أجمعون ، وإنما عَلَيَّ البلاغ المبين . فالشرع يعرف وجود السباع الضارية بعد الموت ، والعقل يفيد فهم كلامه والإحاطة بإمكان ما يقوله فى المستقبل ، والطبع يستحث على الحذر من الضرر ومعنى كون الشيء واجبا أن فى تركه ضرراً . ومعنى كون الشرع موجبا أنه معرف للضرر المتوقع ، فان العقل لا يهدى إلى التهدف للضرر بعد الموت عند اتباع الشهوات . فهذا معنى الشرع والعقل وتأثيرهما فى تقدير الواجب . ولولا خوف العقاب على ترك ما أمر به لم يكن الوجوب ثابتا ، إذ لا معني للواجب إلا ما يرتبط بتركه ضرر فى الآخرة

الأصل التاسع

أنه ليس يستحيل بعثة الأنبياء عليهم السلام ، خلافا للبراهمة حيث قالوا : لا فائدة فى بعثتهم إذ فى العقل مندوحة عنهم ، لأن العقل لايهدى إلى الأفعال المنجية فى الآخرة كما لا يهدى إلى الأدوية المفيدة للصحة ، فحاجة الخلق إلى الأنبياء كحاجتهم إلى الأطباء ، ولكن يعرف صدق الطبيب بالتجربة ، ويعرف صدق النبي بالمعجزة

الأصل العاشر

أن الله سبحانه قد أرسل محمدا صلى الله عليه وسلم خاتما للنبيين ، وناسخا لما قبله من شرائع اليهود والنصارى والصابئين ، وأيده بالمعجزات الظاهرة والآيات الباهرة[1] « كَانْشِقَاقِ ٱلْقَمَرِ » [2] « وتَسْبِيحِ ٱلْحَصَى » [3] « وَإِنْطَاقِ ٱلْعَجْمَاءِ وَمَا تَفَجَّرَ مِنْ بَيْنِ أَصَابِعِهِ مِنَ ٱلْمَاءِ »

(٣) حديث إنطاق العجماء أحمد والبيهقى باسناد صحيح من حديث يعلي بن مرة فى البعير الذى شكا الى النبي صلى الله عليه وسلم أهله وقد ورد فى كلام الضب والذئب والحرة أحاديث رواها البيهقى فى الدلائل

ومن آياته الظاهرة التى تحدّى بها مع كافة العرب القرءان العظيم ، فانهم مع تميزهم بالفصاحة والبلاغة تهدّفوا لسبيه ونهبه وقتله وإخراجه كما أخبر الله عز وجل عنهم ، ولم يقدروا على معارضته بمثل القرءان ، إذ لم يكن فى قدرة البشر الجمع بين جزالة القرءان ونظمه ، هذا مع ما فيه من أخبار الأولين ، مع كونه أمياً غير ممارس للكتب ، والإنباء عن الغيب فى أمور تحقق صدقه فيها فى الاستقبال ، كقوله تعالى : (لَتَدْخُلُنَّ ٱلْمَسْجِدَ ٱلْحَرَامَ إِنْ شَاءَ ٱللَّهُ آمِنِينَ مُحَلِّقِينَ رُءُوسَكُمْ وَمُقَصِّرِينَ) وكقوله تعالى : (أَلَمٓ غُلِبَتِ ٱلرُّومُ فِىٓ أَدْنَى ٱلْأَرْضِ وَهُم مِّنۢ بَعْدِ غَلَبِهِمْ سَيَغْلِبُونَ فِى بِضْعِ سِنِينَ)

ووجه دلالة المعجزة على صدق الرسل أن كل ما عجز عنه البشر لم يكن إلا فعلا لله تعالى ، فهما كان مقرونا بتحدى النبي صلى الله عليه وسلم ينزّل منزلة قوله : صدقت ، وذلك مثل القائم بين أيدى الملك المدعى على رعيته أنه رسول الملك اليهم ، فانه مهما قال للملك إن كنت صادقا فقم على سريرك ثلاثا واقعد على خلاف عادتك ففعل الملك ذلك ، حصل للحاضرين علم ضرورى بأن ذلك نازل منزلة قوله صدقت

الركن الرابع فى السمعيات وتصديقه صلى الله عليه وسلم فيما أخبر عنه ومداره على عشرة أصول

الأصل الأول

« ٱلْحَشْرُ وَٱلنَّشْرُ »[1] وقد ورد بهما الشرع ، وهو حق ، والتصديق بهما واجب لأنه فى العقل ممكن . ومعناه الاعادة بعد الافناء ، وذلك مقدور لله تعالى ، كابتداء الانشاء ، قال الله تعالى : (قَالَ مَن يُحْيِ ٱلْعِظَامَ وَهِىَ رَمِيمٌ . قُلْ يُحْيِيهَا ٱلَّذِىٓ أَنشَأَهَآ أَوَّلَ مَرَّةٍ) فاستدل بالابتداء على الاعادة . وقال عز وجل : (مَا خَلْقُكُمْ وَلَا بَعْثُكُمْ إِلَّا كَنَفْسٍ وَٰحِدَةٍ) والاعادة ابتداء ثان ، فهو ممكن كالابتداء الأول

Lajna - 200

الأصل الثانى

« سُؤَالُ مُنْكَرٍ وَنَكِيرٍ » [١] وقد وردت به الأخبار ، فيجب التصديق به ، لأنه ممكن ، إذ ليس يستدعى إلا إعادة الحياة إلى جزء من الأجزاء الذى به فهم الخطاب ، وذلك ممكن فى نفسه ، ولا يدفع ذلك ما يشاهد من سكون أجزاء الميت وعدم سماعنا للسؤال له ، فان النائم ساكن بظاهره ويدرك بباطنه من الآلام واللذات ما يحس بتأثيره عند التنبه ، وقد كان رسول الله صلى الله عليه وسلم [٢] « يَسْمَعُ كَلَامَ جِبْرِيلَ عَلَيْهِ السَّلَامُ وَيُشَاهِدُهُ وَمَنْ حَوْلَهُ لَا يَسْمَعُونَهُ وَلَا يَرَوْنَهُ وَلَا يُحِيطُونَ بِشَيْءٍ مِنْ عِلْمِهِ إِلَّا بِمَا شَاءَ » فاذا لم يخلق لهم السمع والرؤية لم يدركوه

الأصل الثالث

« عَذَابُ الْقَبْرِ » وقد ورد الشرع به قال الله تعالى [٣] (النَّارُ يُعْرَضُونَ عَلَيْهَا غُدُوًّا وَعَشِيًّا وَيَوْمَ تَقُومُ السَّاعَةُ أَدْخِلُوا آلَ فِرْعَوْنَ أَشَدَّ الْعَذَابِ) واشتهر عن رسول الله صلى الله عليه وسلم والسلف الصالح الاستعاذة من عذاب القبر ، وهو ممكن ، فيجب التصديق به ، ولا يمنع من التصديق به تفرق أجزاء الميت فى بطون السباع وحواصل الطيور ، فان المدرك لألم العذاب من الحيوان أجزاء مخصوصة يقدر الله تعالى على إعادة الادراك إليها

الأصل الرابع

الميزان ، وهو حق ، قال الله تعالى : (وَنَضَعُ الْمَوَازِينَ الْقِسْطَ لِيَوْمِ الْقِيَامَةِ) . وقال تعالى : (فَمَنْ ثَقُلَتْ مَوَازِينُهُ فَأُولَئِكَ هُمُ الْمُفْلِحُونَ . وَمَنْ خَفَّتْ مَوَازِينُهُ) الآية . ووجهه أن الله تعالى يحدث فى صحائف الأعمال وزنًا بحسب درجات الأعمال عند الله تعالى ، فتصير مقادير أعمال العباد معلومة للعباد ، حتى يظهر لهم العدل فى العقاب ، أو الفضل فى العفو وتضعيف الثواب

(٣) حديث استعاذ من عذاب القبر أخرجاه من حديث أبى هريرة وعائشة وقد تقدم

Lajna - 201

الأصل الخامس

الصراط ، وهو جسر ممدود على متن جهنم ، أرق من الشعرة وأحد من السيف ، قال الله تعالى : (فَاهْدُوهُمْ إِلَى صِرَاطِ الْجَحِيمِ ، وَقِفُوهُمْ إِنَّهُمْ مَسْؤُلُونَ) . وهذا ممكن ، فيجب التصديق به ، فان القادر على أن يطير الطير فى الهواء قادر على أن يسير الإنسان على الصراط

الأصل السادس

أن الجنة والنار مخلوقتان ، قال الله تعالى : (وَسَارِعُوا إِلَى مَغْفِرَةٍ مِنْ رَبِّكُمْ وَجَنَّةٍ عَرْضُهَا السَّمٰوَاتُ وَالْأَرْضُ أُعِدَّتْ لِلْمُتَّقِينَ) . فقوله تعالى :(أعدت) ، دليل علي أنها مخلوقة ، فيجب إجراؤه على الظاهر إذ لا استحالة فيه . ولا يقال : لا فائدة فى خلقها قبل يوم الجزاء لأن الله تعالى : « لَا يُسْأَلُ عَمَّا يَفْعَلُ وَهُمْ يُسْأَلُونَ »

الأصل السابع

أن الإمام الحق بعد رسول الله صلى الله عليه وسلم أبو بكر ، ثم عمر ، ثم عثمان ، ثم علي رضي الله عنهم ، ولم يكن نص رسول الله صلى الله عليه وسلم على إمام أصلا ، إذ لو كان لكان أولى بالظهور من نصبه آحاد الولاة والأمراء على الجنود فى البلاد ، ولم يخفَ ذلك ، فكيف خفي هذا ؟ وإن ظهر فكيف اندرس حتى لم ينقل إلينا ؟ فلم يكن أبو بكر إماماً إلا بالاختيار والبيعة . وأما تقدير النص على غيره فهو نسبة للصحابة كلهم إلى مخالفة رسول الله صلى الله عليه وسلم ، وخرق الإجماع ، وذلك مما لا يستجرىء على اختراعه إلا الروافض . واعتقاد أهل السنة تزكية جميع الصحابة والثناء عليهم كما أثنى الله سبحانه وتعالى ورسوله صلى الله عليه وسلم . وما جرى بين معاوية وعلى رضى الله عنهما كان مبنياً على الإجتهاد لامنازعة من معاوية فى الإمامة ، إذ ظن علي رضى الله عنه أن تسليم قتلة عثمان مع كثرة عشائرهم واختلاطهم بالعسكر يؤدى إلى اضطراب أمر الإمامة فى بدايتها ، فرأى التأخير أصوب ، وظن معاوية أن تأخير أمرهم مع عظم جنايتهم يوجب الإغراء بالأئمة ويعرّض الدماء للسفك . وقدقال أفاضل العلماء : كل مجتهد مصيب . وقال قائلون : المصيب واحد ، ولم يذهب إلى تخطئة على ذو تحصيل أصلا

الاصل الثامن

أن فضل الصحابة رضى الله عنهم على حسب ترتيبهم فى الخلافة ، إذ حقيقة الفضل ما هو فضل عند الله عز وجل ، وذلك لا يطلع عليه إلا رسول الله صلى الله عليه وسلم [١] وقد ورد فى الثناء على جميعهم آيات وأخبار كثيرة وإنما يدرك دقائق الفضل والترتيب فيه المشاهدون للوحى والتنزيل بقرائن الأحوال ودقائق التفصيل ، فلولا فهمهم ذلك لما رتبوا الأمر كذلك إذ كانوا لا تأخذهم فى الله لومة لائم ، ولا يصرفهم عن الحق صارف

الأصل التاسع

أن شرائط الامامة بعد الإسلام والتكليف خمسة : الذكورة ، والورع ، والعلم ، والكفاية ، ونسبة قريش ، لقوله صلى الله عليه وسلم [٢] « الأَئِمَّةُ مِنْ قُرَيْشٍ » وإذا اجتمع عدد من الموصوفين بهذه الصفات فالامام من انعقدت له البيعة أكثر الخلق ، والمخالف للأكثر باغ يجب رده إلى الانقياد إلى الحق

الاصل العاشر

أنه لو تعذر وجود الورع والعلم فيمن يتصدى للامامة وكان فى صرفه إثارة فتنة لا تطاق حكمنا بانعقاد إمامته لأنا بين أن نحرك فتنة بالاستبدال ، فما يلقى المسلمون فيه من الضرر يزيد على ما يفوتهم من نقصان هذه الشروط التى أثبتت لمزية المصلحة ، فلا يهدم أصل المصلحة شغفا بمزاياها ، كالذى يبنى قصرا ويهدم مصرا ، وبين أن نحكم بخلو البلاد عن الأمام وبفساد الأقضية وذلك محال ، ونحن نقضى بنفوذ قضاء أهل البغى فى بلادهم لمسيس حاجتهم ، فكيف لا نقضى بصحة الإمامة عند الحاجة والضرورة

فهذه الأركان الأربعة الحاوية للاصول الأربعين هى قواعد العقائد . فمن اعتقدها كان موافقا لأهل السنة ومباينا لرهط البدعة . فالله تعالى يسددنا بتوفيقه ، ويهدينا الى الحق وتحقيقه ، بمنه وسعة جوده وفضله وصلى الله على سيدنا محمد وعلى آله وكل عبد مصطفى

الفصل الرابع

من قواعد العقائد

فى الإيمان والإسلام وما بينهما من الاتصال والانفصال ، وما يتطرق إليه من الزيادة والنقصان ، ووجه استثناء السلف فيه ، وفيه ثلاثة مسائل

مسألة

اختلفوا فى أن الاسلام هو الايمان أو غيره ، وإن كان غيره فهل هو منفصل عنه يوجد دونه أو مرتبط به يلازمه ؟ فقيل : إنهما شىء واحد . وقيل : إنهما شيآن لايتواصلان . وقيل إنهما شيآن ولكن يرتبط أحدهما بالآخر . وقد أورد أبو طالب المكى فى هذا كلاما شديد الاضطراب كثير التطويل . فلنهجم الآن على التصريح بالحق من غير تعريج على نقل مالا تحصيل له . فنقول: فى هذا ثلاثة مباحث : بحث عن موجب اللفظين فى اللغة ، وبحث عن المراد بهما فى إطلاق الشرع ، وبحث عن حكمهما فى الدنيا والآخرة . والبحث الأول لغوى ، والثانى تفسيري ، والثالث فقهى شرعي

البحث الأول فى موجب اللغة

والحق فيه أن الإيمان عبارة عن التصديق قال الله تعالي : (وَمَا أَنْتَ بِمُؤْمِنٍ لَنَا) أي بمصدّق . والاسلام عبارة عن التسليم والاستسلام بالإذعان والانقياد وترك التمرد والاباء والعناد . وللتصديق محل خاص وهو القلب ، واللسان ترجمانه . وأما التسليم فإنه عام فى القلب واللسان والجوارح ؛ فأن كل تصديق بالقلب فهو تسليم وترك الاباء والجحود ، وكذلك الاعتراف باللسان ، وكذلك الطاعة والانقياد بالجوارح . فموجب اللغة أن الاسلام أعم ، والايمان أخص ، فكان الايمان عبارة عن أشرف أجزاء الاسلام ، فاذن كل تصديق تسليم وليس كل تسليم تصديقاً

البحث الثانى عن إطلاق الشرع

والحق فيه أن الشرع قد ورد باستعمالهما على سبيل الترادف والتوارد ، وورد على سبيل الاختلاف ، وورد على سبيل التداخل

Lajna - 204

أما الترادف فى قوله تعالي : (فَأَخْرَجْنَا مَنْ كَانَ فِيهَا مِنَ الْمُؤْمِنِينَ فَمَا وَجَدْنَا فِيهَا غَيْرَ بَيْتٍ مِنَ الْمُسْلِمِينَ) ولم يكن بالاتفاق إلا بيت واحد . وقال تعالي : (يَاقَوْمِ إِنْ كُنْتُمْ آمَنْتُمْ بِاللهِ فَعَلَيْهِ تَوَكَّلُوا إِنْ كُنْتُمْ مُسْلِمِينَ) . وقال صلى الله عليه وسلم : [1] « بُنِيَ الْإِسْلَامُ عَلَى خَمْسٍ » [2] وسئل رسول الله صلى الله عليه وسلم مرة عن الايمان فأجاب بهذه الخمس

وأما الاختلاف فقوله تعالى : (قَالَتِ الْأَعْرَابُ آمَنَّا قُلْ لَمْ تُؤْمِنُوا وَلَكِنْ قُولُوا أَسْلَمْنَا) ومعناه استسلمنا فى الظاهر فأراد بالايمان هاهنا التصديق فقط ، وبالاسلام الاستسلام ظاهرا باللسان والجوارح . وفى حديث جبرائيل عليه السلام [3] لَمَّا سَأَلَهُ عَنِ الْإِيمَانِ . فَقَالَ « أَنْ تُؤْمِنَ بِاللهِ وَمَلَائِكَتِهِ وَكُتُبِهِ وَرُسُلِهِ وَالْيَوْمِ الْآخِرِ وَبِالْبَعْثِ بَعْدَ الْمَوْتِ وَبِالْحِسَابِ وَبِالْقَدَرِ خَيْرِهِ وَشَرِّهِ » فقال : فَمَا الْإِسْلَامُ فأجاب بذكر الخصال الخمس فعبر بالاسلام عن تسليم الظاهر بالقول والعمل . وفى الحديث عن سعد أنه صلى الله عليه وسلم [4] « أَعْطَى رَجُلًا عَطَاءً وَلَمْ يُعْطِ الْآخَرَ فَقَالَ لَهُ سَعْدٌ : يَارَسُولَ اللهِ تَرَكْتَ فُلَانًا لَمْ تُعْطِهِ وَهُوَ مُؤْمِنٌ ، فقال صلى الله عليه وسلم : أَوْ مُسْلِمٌ ، فَأَعَادَ عليه فَأَعَادَ رسولُ اللهِ صلى الله عليه وسلم

وأما التداخل فما روى أيضاً أنه سئل [5] فقيل « أَيُّ الْأَعْمَالِ أَفْضَلُ ؟ فقال صلى الله عليه وسلم : « الْإِسْلَامُ » فقال : أَيُّ الْإِسْلَامِ أَفْضَلُ ؟ فقال صلى الله عليه وسلم : « الْإِيمَانُ » وهذا دليل على الاختلاف ، وعلى التداخل ، وهو أوفق الاستعمالات فى اللغة ، لأن الايمان عمل من

Lajna - 205

الاعمال وهو افضلها ، والاسلام هو تسليم إما بالقلب وإما باللسان وإما بالجوارح وأفضلها الذى بالقلب ، وهو التصديق الذي يسمى إيماناً . والاستعمال لهما على سبيل الاختلاف وعلى سبيل التداخل وعلى سبيل الترادف كله غير خارج عن طريق التجوز فى اللغة

أما الاختلاف فهو أن يجعل الايمان عبارة عن التصديق بالقلب فقط ، وهو موافق للغة . والاسلام عبارة عن التسليم ظاهرا ، وهو أيضا موافق للغة ، فان التسليم ببعض محالّ التسليم ينطلق عليه اسم التسليم فليس من شرط حصول الاسم عموم المعنى لكل محل يمكن أن يوجد المعنى فيه ، فان من لمس غيره ببعض بدنه يسمى لامسا وإن لم يستغرق جميع بدنه : فاطلاق اسم الاسلام على التسليم الظاهر عند عدم تسليم الباطن مطابق للسان وعلى هذا الوجه جرى قوله تعالى:(قَالَتِ ٱلْأَعْرَابُ آمَنَّا قُلْ لَمْ تُؤْمِنُوا وَلَـٰكِن قُولُوا أَسْلَمْنَا) . وقوله صلى الله عليه وسلم: فى حديث سعد « أَوْ مُسْلِمٌ » لأنه فضل أحدهما على الآخر ، ويريد بالاختلاف تفاضل المسمّيين

وأما التداخل فموافق أيضاً للغة فى خصوص الإيمان ، وهو أن يجعل الإسلام عبارة عن التسليم بالقلب والقول والعمل جميعاً ، والإيمان عبارة عن بعض ما دخل فى الاسلام وهو التصديق بالقلب وهو الذى عنيناه بالتداخل وهو موافق للغة فى خصوص الايمان وعموم الاسلام للكل . وعلى هذا خرج قوله : (الايمان) ، فى جواب قول السائل : أى الاسلام أفضل ؟ لأنه جعل الايمان خصوصاً من الاسلام فأدخله فيه

وأما استعماله فيه على سبيل الترادف بأن يجعل الاسلام عبارة على التسليم بالقلب والظاهر جميعاً فان كل ذلك تسليم ، وكذا الايمان ، ويكون التصرف فى الايمان على الخصوص بتعميمه وإدخال الظاهر فى معناه ، وهو جائز ، لأن تسليم الظاهر بالقول والعمل ثمرة تصديق الباطن ونتيجته . وقد يطلق إسم الشجر ويراد به الشجر مع ثمره على سبيل التسامح ، فيصير بهذا القدر من التعميم مرادفا لاسم الاسلام ومطابقا له ، فلا يزيد عليه ولا ينقص . وعليه خرج قوله : (فَمَا وَجَدْنَا فِيهَا غَيْرَ بَيْتٍ مِنَ ٱلْمُسْلِمِينَ)

البحث الثالث عن الحكم الشرعى

وللاسلام والايمان حكمان أخروى ودنيوى

Lajna - 206

أما الأخروى فهو الأخراج من النار ، ومنع التخليد ، إذ قال رسول الله صلى الله عليه وسلم [١] : « يَخْرُجُ مِنَ النَّارِ مَنْ كَانَ فِى قَلْبِهِ مِثْقَالُ ذَرَّةٍ مِنْ إِيمَانٍ » وقد اختلفوا فى أن هذا الحكم على ماذا يترتب ، وعبروا عنه بأن الايمان ماذا هو ؟ فمن قائل : إنه مجرد العقد ، ومن قائل يقول : إنه عقد بالقلب وشهادة اللسان ، ومن قائل : يزيد ثالثا وهو العمل بالاركان

ونحن نكشف الغطاء عنه ونقول : من جمع بين هذه الثلاثة فلاخلاف فى أن مستقره الجنة : وهذه درجة

والدرجة الثانية : أن يوجد اثنان وبعض الثالث ، وهو القول والعقد وبعض الأعمال ، ولكن ارتكب صاحبه كبيرة أو بعض الكبائر ، فعند هذا قالت المعتزلة : خرج بهذا عن الإيمان ولم يدخل فى الكفر ، بل اسمه فاسق ، وهو على منزلة بين المنزلتين ، وهو مخلد فى النار وهذا باطل كما سنذكره

الدرجة الثالثة : أن يوجد التصديق بالقلب والشهادة باللسان دون الأعمال بالجوارح . وقد اختلفوا فى حكمه ، فقال أبو طالب المكى : العمل بالجوارح من الايمان ولا يتم دونه ، وادعى الاجماع فيه ، واستدل بأدلة تشعر بنقيض غرضه ، كقوله تعالى : (الَّذِينَ آمَنُوا وَعَمِلُوا الصَّالِحَاتِ) إذ هذا يدل على أن العمل وراء الايمان لا من نفس الايمان ، وإلا يكون العمل فى حكم المعاد . والعجب أنه ادعى الاجماع فى هذا ، وهو مع ذلك ينقل قوله صلى الله عليه وسلم : [٢] « لَا يَكْفُرُ إِلَّا بَعْدَ جُحُودِهِ لِمَا أَقَرَّ بِهِ » وينكر على المعتزلة قولهم بالتخليد فى النار بسبب الكبائر . والقائل بهذا قائل بنفس مذهب المعتزلة إذ يقال له : من صدق بقلبه وشهد بلسانه ومات فى الحال ، فهل هو فى الجنة : فلا بد أن يقول نعم ، وفيه حكم بوجود الايمان دون العمل ، فنزيد ونقول : لو بقى حياً حتى دخل عليه وقت صلاة واحدة فتركها ثم مات ، أو زنى ثم مات

(١) حديث يخرج من النار من كان فى قلبه مثقال ذرة من الايمان أخرجاه من حديث أبى سعيد الخدرى فى الشفاعة وفيه اذهبوا فمن وجدتم فى قلبه مثقال ذرة من ايمان فأخرجوه ـ الحديث : ولهما من حديث أنس فيقال انطلق فأخرج منها من كان فى قلبه مثقال ذرة أو خردلة من إيمان وهو عندهما متصل بلفظ خير مكان ايمان

(٢) حديث لاتكفروا أحدا لا بجحوده بما أقر به الطبرانى فى الأوسط من حديث أبى سعيد لن يخرج أحد من الايمان الا بجحود ما دخل فيه واسناده ضعيف

Lajna - 207

فهل يخلد فى النار ؟ فان قال نعم فهو مراد المعتزلة ، وإن قال لا فهو تصريح بأن العمل ليس ركنا من نفس الايمان ولا شرطا فى وجوده ولا فى استحقاق الجنة به ، وإن قال : أردت به أن يعيش مدة طويلة ولا يصلى ولا يقدم على شىء من الأعمال الشرعية ، فنقول : فما ضبط تلك المدة ؟ وما عدد تلك الطاعات التى بتركها يبطل الايمان ؟ وما عدد الكبائر التى بارتكابها يبطل الايمان ؟ وهذا لا يمكن التحكم بتقديره ولم يصر إليه صائر أصلا

الدرجة الرابعة : أن يوجد التصديق بالقلب قبل أن ينطق باللسان أو يشتغل بالأعمال ومات ، فهل نقول : مات مؤمناً بينه وبين الله تعالى ؟ وهذا مما اختلف فيه . ومن شرط القول لتمام الإيمان يقول هذا مات قبل الايمان وهو فاسد ، إذ قال صلى الله عليه وسلم « يَخْرُجُ مِنَ النَّارِ مَنْ كَانَ فِي قَلْبِهِ مِثْقَالُ ذَرَّةٍ مِنَ الْإِيمَانِ » . وهذا قلبه طافح بالايمان ، فكيف يخلد فى النار ولم يشترط فى حديث جبريل عليه السلام للايمان إلا التصديق بالله تعالى وملائكته وكتبه واليوم الآخر ، كما سبق

الدرجة الخامسة : أن يصدّق بالقلب ويساعده من العمر مهلة النطق بكلمتى الشهادة وعلم وجوبها ولكنه لم ينطق بها ، فيحتمل أن يجعل امتناعه عن النطق كامتناعه عن الصلاة ونقول : هو مؤمن غير مخلد فى النار ، والايمان هو التصديق المحض ، واللسان ترجمان الايمان فلا بد أن يكون الايمان موجوداً بتمامه قبل اللسان حتى يترجمه اللسان ، وهذا هو الأظهر ، إذ لا مستند إلا اتباع موجب الألفاظ ووضع اللسان أن الايمان هو عبارة عن التصديق بالقلب. وقد قال صلى الله عليه وسلم : « يَخْرُجُ مِنَ النَّارِ مَنْ كَانَ فِي قَلْبِهِ مِثْقَالُ ذَرَّةٍ » ولا ينعدم الايمان من القلب بالسكوت عن النطق الواجب ، كما لا ينعدم بالسكوت عن الفعل الواجب. وقال قائلون : القول ركن إذ ليس كلمتا الشهادة إخباراً عن القلب بل هو إنشاء عقد آخر وابتداء شهادة والتزام ، والأول أظهر وقد غلا فى هذا طائفة المرجئة فقالوا : هذا لا يدخل النار أصلا ، وقالوا : إن المؤمن وإن عصى فلا يدخل النار . وسنبطل ذلك عليهم

الدرجة السادسة : أن يقول بلسانه : لا اله إلا الله محمد رسول الله ، ولكن لم يصدق بقلبه ؛ فلا نشك فى أن هذا فى حكم الآخرة من الكفار ، وأنه مخلد فى النار . ولا نشك فى أنه فى

Lajna - 208

حكم الدنيا الذى يتعلق بالأئمة والولاة ، من المسلمين ، لأن قلبه لا يطلع عليه وعلينا أن نظن به أنه ما قاله بلسانه إلا وهو منطو عليه فى قلبه ، وإنما نشك فى أمر ثالث وهو الحكم الدنيوى فيما بينه وبين الله تعالى ، وذلك بأن يموت له فى الحال قريب مسلم ثم يصدق بعد ذلك بقلبه ثم يستفتى ويقول : كنت غير مصدق بالقلب حالة الموت والميراث الآن فى يدى ، فهل يحل لى بينى وبين الله تعالى ؟ أو نكح مسلمة ثم صدق بقلبه هل تلزمه إعادة النكاح ؟ هذا محل نظر ، فيحتمل أن يقال : أحكام الدنيا منوطة بالقول الظاهر ظاهرا وباطنا ، ويحتمل أن يقال : تناط بالظاهر فى حق غيره ، لأن باطنه غير ظاهر لغيره ، وباطنه ظاهر له فى نفسه بينه وبين الله تعالى . والأظهر والعلم عند الله تعالى أنه لا يحل له ذلك الميراث ، ويلزمه إعادة النكاح . ولذلك كان حذيفة رضى الله عنه لا يحضر جنازة من يموت من المنافقين ، وعمر رضى الله عنه كان يراعى ذلك منه فلا يحضر إذا لم يحضر حذيفة رضى الله عنه ، والصلاة فعل ظاهر فى الدنيا وإن كان من من العبادات . والتوقى عن الحرام أيضا من جملة ما يجب لله كالصلاة ، لقوله صلى الله عليه وسلم : « طَلَبُ الْحَلَالِ فَرِيضَةٌ بَعْدَ الْفَرِيضَةِ » وليس هذا مناقضاً لقولنا أن الارث حكم الاسلام وهو الاستسلام ، بل الاستسلام التام هو ما يشمل الظاهر والباطن ، وهذه مباحث فقهية ظنية تبنى على ظواهر الألفاظ والعمومات والأقيسة ، فلا ينبغى أن يظن القاصر فى العلوم أن المطلوب فيه القطع من حيث جرت العادة بإيراده فى فن الكلام الذى يطلب فيه القطع ، فما أفلح من نظر إلى العادات والمراسم فى العلوم

فان قلت : فما شبهة المعتزلة والمرجئة ؟ وما حجة بطلان قولهم ؟ فأقول شبهتهم عمومات القرءان

أما المرجئة فقالوا : لا يدخل المؤمن النار وإن أتى بكل المعاصى لقوله عز وجل : (فَمَنْ يُؤْمِنْ بِرَبِّهِ فَلَا يَخَافُ بَخْساً وَلَا رَهَقاً) ولقوله عز وجل : (وَالَّذِينَ آمَنُوا بِاللهِ وَرُسُلِهِ أُولَئِكَ هُمُ الصِّدِّيقُونَ) الآية ولقوله تعالى : (كُلَّمَا أُلْقِيَ فِيهَا فَوْجٌ سَأَلَهُمْ خَزَنَتُهَا) إلى قوله : (فَكَذَّبْنَا وَقُلْنَا مَا نَزَّلَ اللهُ مِنْ شَيْءٍ) فقوله : « كُلَّمَا أُلْقِيَ فِيهَا فَوْجٌ » عام ، فينبغى أن يكون كل من ألقى فى النار مكذباً ، ولقوله تعالى : (لَا يَصْلَاهَا إِلَّا الْأَشْقَى الَّذِى كَذَّبَ وَتَوَلَّى) وهذا حصر

Lajna - 209

وإثبات ونفى ، ولقوله تعالى : (مَنْ جَاءَ بِالْحَسَنَةِ فَلَهُ خَيْرٌ مِنْهَا وَهُمْ مِنْ فَزَعٍ يَوْمَئِذٍ آمِنُونَ) فالايمان رأس الحسنات ، ولقوله تعالى : (وَاللَّهُ يُحِبُّ الْمُحْسِنِينَ) وقال تعالى : (إِنَّا لَا نُضِيعُ أَجْرَ مَنْ أَحْسَنَ عَمَلاً) ولا حجة لهم فى ذلك ، فانه حيث ذكر الايمان فى هذه الآيات أريد به الايمان مع العمل ، إذ بينا أن الايمان قد يطلق ويراد به الاسلام ، وهو الموافقة بالقلب والقول والعمل ودليل هذا التأويل أخبار كثيرة فى معاقبة العاصين ومقادير العقاب . وقوله صلى الله عليه وسلم « يَخْرُجُ مِنَ النَّارِ مَنْ كَانَ فِى قَلْبِهِ مِثْقَالُ ذَرَّةٍ مِنْ إِيمَانٍ » فكيف يخرج إذا لم يدخل ؟ ومن القرءان قوله تعالى : (إِنَّ اللَّهَ لَا يَغْفِرُ أَنْ يُشْرَكَ بِهِ وَيَغْفِرُ مَا دُونَ ذَلِكَ لِمَنْ يَشَاءُ) والاستثناء بالمشيئة يدل على الانقسام ، وقوله تعالى : (وَمَنْ يَعْصِ اللَّهَ وَرَسُولَهُ فَإِنَّ لَهُ نَارَ جَهَنَّمَ خَالِدِينَ فِيهَا) وتخصيصه بالكفر تحكم ، وقوله تعالى : (أَلَا إِنَّ الظَّالِمِينَ فِى عَذَابٍ مُقِيمٍ) . وقال تعالى : (وَمَنْ جَاءَ بِالسَّيِّئَةِ فَكُبَّتْ وُجُوهُهُمْ فِى النَّارِ) فهذه العمومات فى معارضة عموماتهم ، ولابد من تسليط التخصيص والتأويل على الجانبين؛ لأن الأخبار مصرحة بأن العصاة يعذبون [1] ، بل قوله تعالى : (وَإِنْ مِنْكُمْ إِلَّا وَارِدُهَا) كالصريح فى أن ذلك لا بد منه للكل إذ لايخلو مؤمن عن ذنب يرتكبه ، وقوله تعالى : (لَا يَصْلَاهَا إِلَّا الْأَشْقَى الَّذِى كَذَّبَ وَتَوَلَّى) أراد به من جماعة مخصوصين أو أراد بالأشقى شخصا معينا أيضا . وقوله تعالى : (كُلَّمَا أُلْقِىَ فِيهَا فَوْجٌ سَأَلَهُمْ خَزَنَتُهَا) أى فوج من الكفار . وتخصيص العمومات قريب . ومن هذه الآية وقع للأشعرى وطائفة من المتكلمين إنكار صيغ العموم ؛ وأن هذه الألفاظ يتوقف فيها إلى ظهور قرينة تدل على معناها

وأما المعتزلة فشبهتهم قوله تعالى : (وَإِنِّى لَغَفَّارٌ لِمَنْ تَابَ وَآمَنَ وَعَمِلَ صَالِحًا ثُمَّ اهْتَدَى) وقوله تعالى : (وَالْعَصْرِ إِنَّ الْإِنْسَانَ لَفِى خُسْرٍ إِلَّا الَّذِينَ آمَنُوا وَعَمِلُوا الصَّالِحَاتِ) وقوله تعالى : (وَإِنْ مِنْكُمْ إِلَّا وَارِدُهَا كَانَ عَلَى رَبِّكَ حَتْمًا مَقْضِيًّا) ثم قال : (ثُمَّ نُنَجِّى الَّذِينَ اتَّقَوْا) وقوله

(١) حديث تعذيب العصاة البخارى من حديث أنس « ليصيبن أقواما سفع من النار بذنوب أصابوها » الحديث ويأتى فى ذكر الموت عدة أحاديث

Lajna - 210

تعالى : (وَمَنْ يَعْصِ اللهَ وَرَسُولَهُ فَإِنَّ لَهُ نَارَ جَهَنَّمَ) . وكل آية ذكر الله عز وجل العمل الصالح فيها مقرونًا بالإيمان. وقوله تعالى: (وَمَنْ يَقْتُلْ مُؤْمِنًا مُتَعَمِّدًا فَجَزَاؤُهُ جَهَنَّمُ خَالِدًا فِيهَا) وهذه العمومات أيضًا مخصوصة ، بدليل قوله تعالى : (وَيَغْفِرُ مَا دُونَ ذَلِكَ لِمَنْ يَشَاءُ) فينبغي أن تبقى له مشيئة في مغفرة ما سوى الشرك . وكذلك قوله عليه السلام « يَخْرُجُ مِنَ النَّارِ مَنْ كَانَ فِي قَلْبِهِ مِثْقَالُ ذَرَّةٍ مِنْ إِيمَانٍ » وقوله تعالى : (إِنَّا لَا نُضِيعُ أَجْرَ مَنْ أَحْسَنَ عَمَلًا) وقوله تعالى : (إِنَّ اللهَ لَا يُضِيعُ أَجْرَ الْمُحْسِنِينَ) فكيف يضيع أجر أصل الايمان وجميع الطاعات بمعصية واحدة ؟ وقوله تعالى : (وَمَنْ يَقْتُلْ مُؤْمِنًا مُتَعَمِّدًا) أي لايمانه وقد ورد على مثل هذا السبب

فإن قلت : فقد مال الاختيار إلى أن الايمان حاصل دون العمل ، وقد اشتهر عن السلف قولهم : الايمان عقد وقول وعمل فما معناه ؟

قلنا : لا يبعد أن يعد العمل من الايمان لأنه مكمل له ومتمم ، كما يقال الرأس واليدان من الانسان ، ومعلوم أنه يخرج عن كونه إنسانًا بعدم الرأس ، ولا يخرج عنه بكونه مقطوع اليد . وكذلك يقال التسبيحات والتكبيرات من الصلاة وإن كانت لا تبطل بفقدها . فالتصديق بالقلب من الايمان كالرأس من وجود الانسان ، إذ ينعدم بعدمه . وبقية الطاعات كالأطراف بعضها أعلى من بعض . وقد قال صلى الله عليه وسلم : [1] « لَا يَزْنِي الزَّانِي حِينَ يَزْنِي وَهُوَ مُؤْمِنٌ » والصحابة رضي الله عنهم ما اعتقدوا مذهب المعتزلة في الخروج عن الايمان بالزنا ، ولكن معناه غير مؤمن حقا إيمانًا تامًا كاملًا ، كما يقال للعاجز المقطوع الأطراف : هذا ليس بإنسان أي ليس له الكمال الذي هو وراء حقيقة الانسانية

مسئلة

فان قلت : فقد اتفق السلف على أن الايمان يزيد وينقص : يزيد بالطاعة ، وينقص بالمعصية ، فاذا كان التصديق هو الايمان فلا يتصور فيه زيادة ولا نقصان

فاقول : السلف هم الشهود العدول وما لأحد عن قولهم عدول ، فما ذكروه حق ، وإنما

(١) حديث : لا يزني الزاني حين يزني وهو مؤمن : متفق عليه من حديث أبي هريرة

Lajna - 211

الشأن فى فهمه ، وفيه دليل على أن العمل ليس من أجزاء الايمان وأركان وجوده ، بل هو مزيد عليه يزيد به ، والزائد موجود ، والناقص موجود ، والشىء لا يزيد بذاته ، فلا يجوز أن يقال : الانسان يزيد برأسه ، بل يقال : يزيد بلحيته وسمنه ، ولا يجوز أن يقال : الصلاة تزيد بالركوع والسجود ، بل تزيد بالآداب والسنن . فهذا تصريح بان الإيمان له وجود ، ثم بعد الوجود يختلف حاله بالزيادة والنقصان

فان قلت : فالإشكال قائم فى أن التصديق كيف يزيد وينقص وهو خصلة واحدة ؟

فأقول : إذا تركنا المداهنة ولم نكترث بتشغيب من تشغب وكشفنا الغطاء ارتفع الأشكال

فنقول : الإيمان اسم مشترك يطلق من ثلاثة أوجه

الأول ــ أنه يطلق للتصديق بالقلب على سبيل الاعتقاد والتقليد من غير كشف وانشراح صدر ، وهو إيمان العوام ، بل إيمان الخلق كلهم إلا الخواص . وهذا الاعتقاد عقدة على القلب ، تارة تشتد وتقوى ، وتارة تضعف وتسترخى ، كالعقدة على الخيط مثلا ، ولا تستبعد هذا ، واعتبره باليهودى وصلابته فى عقيدته التى لا يمكن نزوعه عنها بتخويف وتحذير ، ولا بتخييل ووعظ ، ولا تحقيق وبرهان . وكذلك النصرانى والمبتدعة ، وفيهم من يمكن تشكيكه بأدنى كلام ، ويمكن استنزاله عن اعتقاده بأدنى استمالة أو تخويف ، مع أنه غير شاك فى عقده كالأول ولكنهما متفاوتان فى شدة التصميم . وهذا موجود فى الاعتقاد الحق أيضاً . والعمل يؤثر فى نماء هذا التصميم وزيادته ، كما يؤثر سقى الماء فى نماء الأشجار . ولذلك قال تعالى : (فَزَادَتْهُمْ إِيمَانًا) وقال تعالى : (لِيَزْدَادُوا إِيمَانًا مَعَ إِيمَانِهِمْ) . وقال صلى الله عليه وسلم : فيما يروى فى بعض الأخبار[1] « الْإِيمَانُ يَزِيدُ وَيَنْقُصُ » وذلك بتأثير الطاعات فى القلب ، وهذا لا يدركه إلا من راقب أحوال نفسه فى أوقات المواظبة على العبادة والتجرد لها بحضور القلب مع أوقات الفتور وإدراك التفاوت فى السكون إلى عقائد الإيمان فى هذه الأحوال حتى يزيد عقده استعصاء على من يريد حله بالتشكيك ، بل من يعتقد فى اليتيم معنى الرحمة إذا عمل

بموجب اعتقاده فمسح رأسه وتلطف به ، ادرك من باطنه تأكيد الرحمة وتضاعفها بسبب العمل . وكذلك معتقد التواضع إذا عمل بموجبه عملا مقبلا أو ساجدا لغيره أحس من قلبه بالتواضع عند إقدامه على الخدمة . وهكذا جميع صفات القلب تصدر منها أعمال الجوارح ، ثم يعود أثر الأعمال عليها فيؤكدها ويزيدها وسيأتى هذا فى ربع المنجيات والمهلكات عند بيان وجه تعلق الباطن بالظاهر ، والأعمال بالعقائد والقلوب ، فان ذلك من جنس تعلق الملك بالملكوت ، وأعنى بالملك عالم الشهادة المدرك بالحواس ، وبالملكوت عالم الغيب المدرك بنور البصيرة ، والقلب من عالم الملكوت ، والأعضاء وأعمالها من عالم الملك ولطف الارتباط ودقته بين العالمين انتهى الى حد ظن بعض الناس اتحاد أحدهما بالآخر ، وظن آخرون أنه لا عالم الا عالم الشهادة ، وهو هذه الأجسام المحسوسة . ومن أدرك الأمرين وأدرك تعددهما ثم ارتباطهما عبر عنه فقال :

رق الزجاج وراقت الخمر * وتشابها فتشاكل الأمر
فكأنما خمر ولا قدح * وكأنما قدح ولا خمر

ولنرجع إلى المقصود فان هذا العالم خارج عن علم المعاملة ، ولكن بين العالمين أيضاً اتصال وارتباط فلذلك ترى علوم المكاشفة تتسلق كل ساعة على علوم المعاملة إلى أن تنكشف عنها بالتكليف ، فهذا وجه زيادة الايمان بالطاعة بموجب هذا الاطلاق ، ولهذا قال على كرم الله وجهه : إن الايمان ليبدو لمعة بيضاء ، فاذا عمل العبد الصالحات نمت فزادت حتى يبيض القلب كله ، وإن النفاق ليبدو نكتة سوداء فاذا انتهك الحرمات نمت وزادت حتى يسود القلب كله فيطبع عليه فذلك هو الختم ، وتلا قوله تعالى : (كَلَّا بَلْ رَانَ عَلَى قُلُوبِهِمْ) الآية

الاطلاق الثانى ـ أن يراد به التصديق والعمل جميعا . كما قال صلى الله عليه وسلم :[1] « الْإِيمَانُ بِضْعٌ وَسَبْعُونَ بَاباً » وكما قال صلى الله عليه وسلم : « لَا يَزْنِي الزَّانِي حِينَ يَزْنِي هُوَ مُؤْمِنٌ » وإذا دخل العمل فى مقتضى لفظ الايمان لم تخف زيادته ونقصانه ، وهل يؤثر

ذلك فى زيادة الايمان الذى هو مجرد التصديق ؟ هذا فيه نظر . وقد أشرنا إلى أنه يؤثر فيه الاطلاق الثالث ـ أن يراد به التصديق اليقينى على سبيل الكشف وانشراح الصدر والمشاهدة بنور البصيرة . وهذا أبعد الأقسام عن قبول الزيادة ، ولكنى أقول : الأمر اليقيني الذى لا شك فيه تختلف طمأنينة النفس إليه ، فليس طمأنينة النفس إلى أن الاثنين أكثر من الواحد كطمأنينتها إلى أن العالم مصنوع حادث وإن كان لا شك فى واحد منهما ، فان اليقينيات تختلف فى درجات الايضاح ، ودرجات طمأنينة النفس اليها . وقد تعرضنا لهذا فى فصل اليقين من كتاب العلم فى باب علامات علماء الآخرة ، فلا حاجة إلى الاعادة . وقد ظهر فى جميع الاطلاقات أن ما قالوه من زيادة الايمان ونقصانه حق ، وكيف لا وفى الأخبار أنه يخرج من النار من كان فى قلبه مثقال ذرة من إيمان . وفى بعض المواضع فى خبر آخر[1] « مِثْقَالُ دِينَارٍ » فأى معنى لاختلاف مقاديره إن كان ما فى القلب لا يتفاوت ؟ !

مسألة

فان قلت : ما وجه قول السلف : أنا مؤمن إن شاء الله ، والاستثناء شك ، والشك فى الايمان كفر ، وقد كانوا كلهم يمتنعون عن جزم الجواب بالايمان ويحترزون عنه ، فقال سفيان الثورى رحمه الله : من قال أنا مؤمن عند الله فهو من الكذابين ، ومن قال أنا مؤمن حقا فهو بدعة ، فكيف يكون كاذبا وهو يعلم أنه مؤمن فى نفسه ، ومن كان مؤمناً فى نفسه كان مؤمناً عند الله ، كما أن من كان طويلا وسخيا فى نفسه وعلم ذلك كان كذلك عند الله ، وكذا من كان مسروراً أو حزينا أو سميعا أو بصيراً . ولو قيل للانسان . هل أنت حيوان لم يحسن أن يقول أنا حيوان إن شاء الله . ولما قال سفيان ذلك قيل له : فماذا نقول ؟ قال : قولوا آمنا بالله وما أنزل الينا ، وأى فرق بين أن يقول آمنا بالله وما أنزل إلينا وبين أن يقول أنا مؤمن ؟ وقيل للحسن : أمؤمن أنت ؟ فقال : إن شاء الله ، فقيل له : لم تستثنى يا أبا سعيد فى الايمان ؟ فقال : أخاف أن أقول نعم فيقول الله سبحانه كذبت يا حسن فتحق على الكلمة ، وكان يقول ما يؤمننى أن يكون الله سبحانه قد اطلع على فى بعض ما يكره فمقتنى وقال اذهب

لاقبلتُ لك عملا فأنا أعمل فى غير معمل . وقال ابراهيم بن أدهم . إذا قيل لك أمؤمن أنت؟ فقل لا إله إلا الله . وقال مرة . قل : أنا لا أشك فى الايمان وسؤالك إياى بدعة . وقيل لعلقمة : أمؤمن أنت ؟ قال أرجو إن شاء الله . وقال الثورى : نحن مؤمنون بالله وملائكته وكتبه ورسله ، وماندرى ما نحن عند الله تعالى ، فما معنى هذه الاستثناءات ؟

فالجواب أن هذا الاستثناء صحيح وله أربعة أوجه : وجهان مستندان إلى الشك لا فى أصل الايمان ولكن فى خاتمته أو كماله ، ووجهان لايستندان إلى الشك

الوجه الأول الذى لايستند إلى معارضة الشك : الاحتراز من الجزم خيفة ما فيه من تزكية النفس ، قال الله تعالى : (فَلَا تُزَكُّوا أَنْفُسَكُمْ) وقال : (أَلَمْ تَرَ إِلَى الَّذِينَ يُزَكُّونَ أَنْفُسَهُمْ) وقال تعالى : (انْظُرْ كَيْفَ يَفْتَرُونَ عَلَى اللهِ الْكَذِبَ) . وقيل لحكيم . ما الصدق القبيح ؟ فقال : ثناء المرء على نفسه . والايمان من أعلى صفات المجد ، والجزم به تزكية مطلقة ، وصيغة الاستثناء كأنها نقل من عرف التزكية كما يقال للانسان أنت طبيب أو فقيه أو مفسر ؟ فيقول نعم إن شاء الله ، لافى معرض التشكيك ، ولكن لاخراج نفسه عن تزكية نفسه . فالصيغة صيغة الترديد والتضعيف لنفس الخبر ، ومعناه التضعيف للازم من لوازم الخبر وهو التزكية وبهذا التأويل لو سئل عن وصف ذم لم يحسن الاستثناء

الوجه الثانى : التأدب بذكر الله تعالى فى كل حال ، وإحالة الأمور كلها إلى مشيئة الله سبحانه ، فقد أدب الله سبحانه نبيه صلى الله عليه وسلم فقال تعالى : (وَلَا تَقُولَنَّ لِشَيْءٍ إِنِّي فَاعِلٌ ذَلِكَ غَداً إِلَّا أَنْ يَشَاءَ اللهُ) ثم لم يقتصر على ذلك فيما لا يشك فيه ، بل قال تعالى : (لَتَدْخُلُنَّ الْمَسْجِدَ الْحَرَامَ إِنْ شَاءَ اللهُ آمِنِينَ مُحَلِّقِينَ رُءُوسَكُمْ وَمُقَصِّرِينَ) وكان الله سبحانه عالما بأنهم يدخلون لا محالة ، وأنه شاءه ، ولكن المقصود تعليمه ذلك ، فتأدب رسول الله صلى الله عليه وسلم فى كل ما كان يخبر عنه معلوما كان أو مشكوكا ، حتى قال صلى الله عليه وسلم لما دخل المقابر [1] « السَّلَامُ عَلَيْكُمْ دَارَ قَوْمٍ مُؤْمِنِينَ وَإِنَّا إِنْ شَاءَ اللهُ بِكُمْ لَاحِقُونَ » واللحوق بهم غير مشكوك فيه ، ولكن مقتضى الأدب ذكر الله تعالى ، وربط الأمور به ، وهذه الصيغة دالة عليه حتى صار بعرف الاستعمال عبارة عن إظهار الرغبة والتمنى . فاذا قيل لك : إن فلانا

يموت سريعا ، فتقول : إن شاء الله ، فيفهم منه رغبتك لا تشكيك . وإذا قيل لك : فلان سيزول مرضه ويصح ، فتقول : إن شاء الله ، بمعنى الرغبة ، فقد صارت الكلمة معدولة عن معنى التشكيك إلى معنى الرغبة ، وكذلك العدول إلى معنى التأدب لذكر الله تعالى كيف كان الأمر

الوجه الثالث

مستنده الشك ، ومعناه : أنا مؤمن حقا إن شاء الله ، إذ قال الله تعالى لقوم مخصوصين بأعيانهم: (أُولَئِكَ هُمُ الْمُؤْمِنُونَ حَقًّا *) فانقسموا إلى قسمين ، ويرجع هذا إلى الشك فى كمال الإيمان لا فى أصله ، وكل إنسان شاك فى كمال إيمانه ، وذلك ليس بكفر ، والشك فى كمال الإيمان حق من وجهين :

أحدهما من حيث إن النفاق يزيل كمال الايمان وهو خفى لا تتحقق البراءة منه

والثانى أنه يكمل بأعمال الطاعات ولا يدرى وجودُها على الكمال. أما العمل فقد قال الله تعالى: (إِنَّمَا الْمُؤْمِنُونَ الَّذِينَ آمَنُوا بِاللهِ وَرَسُولِهِ ثُمَّ لَمْ يَرْتَابُوا وَجَاهَدُوا بِأَمْوَالِهِمْ وَأَنْفُسِهِمْ فِي سَبِيلِ اللهِ أُولَئِكَ هُمُ الصَّادِقُونَ *) فيكون الشك فى هذا الصدق . وكذلك قال الله تعالى: (وَلَكِنَّ الْبِرَّ مَنْ آمَنَ بِاللهِ وَالْيَوْمِ الْآخِرِ وَالْمَلَائِكَةِ وَالْكِتَابِ وَالنَّبِيِّينَ *) فشرط عشرين وصفاً : كالوفاء بالعهد ، والصبر على الشدائد ، ثم قال تعالى : (أُولَئِكَ الَّذِينَ صَدَقُوا *) وقد قال تعالى : (يَرْفَعِ اللهُ الَّذِينَ آمَنُوا مِنْكُمْ وَالَّذِينَ أُوتُوا الْعِلْمَ دَرَجَاتٍ *) . وقال تعالى : (لَا يَسْتَوِي مِنْكُمْ مَنْ أَنْفَقَ مِنْ قَبْلِ الْفَتْحِ وَقَاتَلَ *) الآية . وقد قال تعالى : (هُمْ دَرَجَاتٌ عِنْدَ اللهِ *)

وقال صلى الله عليه وسلم : [1] « الْإِيمَانُ عُرْيَانٌ وَلِبَاسُهُ التَّقْوَى » الحديث . وقال صلى الله عليه وسلم : « الْإِيمَانُ بِضْعٌ وَسَبْعُونَ بَابًا أَدْنَاهَا إِمَاطَةُ الْأَذَى عَنِ الطَّرِيقِ » . فهذا ما يدل على ارتباط كمال الإيمان بالأعمال

وأما ارتباطه بالبراءة عن النفاق والشرك الخفي فقوله صلى الله عليه وسلم: (١) « أَرْبَعٌ مَنْ كُنَّ فِيهِ فَهُوَ مُنَافِقٌ خَالِصٌ وَإِنْ صَامَ وَصَلَّى وَزَعَمَ أَنَّهُ مُؤْمِنٌ: مَنْ إِذَا حَدَّثَ كَذَبَ، وَإِذَا وَعَدَ أَخْلَفَ وَإِذَا ائْتُمِنَ خَانَ، وَإِذَا خَاصَمَ فَجَرَ » وفي بعض الروايات « وَإِذَا عَاهَدَ غَدَرَ » وفي حديث أبي سعيد الخدري (٢) « الْقُلُوبُ أَرْبَعَةٌ : قَلْبٌ أَجْرَدُ وَفِيهِ سِرَاجٌ يُزْهِرُ فَذَلِكَ قَلْبُ الْمُؤْمِنِ ، وَقَلْبٌ مُصَفَّحٌ فِيهِ إِيمَانٌ وَنِفَاقٌ فَمَثَلُ الْإِيمَانِ فِيهِ كَمَثَلِ الْبَقْلَةِ يَمُدُّهَا الْمَاءُ الْعَذْبُ ، وَمَثَلُ النِّفَاقِ فِيهِ كَمَثَلِ الْقُرْحَةِ يَمُدُّهَا الْقَيْحُ وَالصَّدِيدُ ، فَأَيُّ الْمَادَّتَيْنِ غَلَبَ عَلَيْهِ حُكِمَ لَهُ بِهَا » وفي لفظ آخر « غَلَبَتْ عَلَيْهِ ذَهَبَتْ بِهِ » وقال عليه السلام : (٣) « أَكْثَرُ مُنَافِقِي هَذِهِ الْأُمَّةِ قُرَّاؤُهَا » وفي حديث (٤) « الشِّرْكُ أَخْفَى فِي أُمَّتِي مِنْ دَبِيبِ النَّمْلِ عَلَى الصَّفَا »

وقال حذيفة رضي الله عنه : (٥) « كَانَ الرَّجُلُ يَتَكَلَّمُ بِالْكَلِمَةِ عَلَى عَهْدِ رَسُولِ اللهِ صلى الله عليه وسلم يَصِيرُ بِهَا مُنَافِقًا إِلَى أَنْ يَمُوتَ ، وَإِنِّي لَأَسْمَعُهَا مِنْ أَحَدِكُمْ فِي الْيَوْمِ عَشْرَ مَرَّاتٍ »

وقال بعض العلماء : أقرب الناس من النفاق من يرى أنه بريء من النفاق . وقال حذيفة : « المنافقون اليوم أكثر منهم على عهد النبي صلى الله عليه وسلم ، فكانوا إذ ذاك يُخْفُونه وهم اليوم يُظْهِرونه » وهذا النفاق يضاد صدق الإيمان وكماله ، وهو خفيّ وأبعد الناس منه من يتخوفه ، وأقربهم منه من يرى أنه بريء منه ، فقد قيل للحسن البصري : يقولون أن لا نفاق اليوم ، فقال : يا أخي لو هلك المنافقون لاستوحشتم في الطريق . وقال هو أو غيره : لو نبت للمنافقين أذناب ما قدرنا أن نطأ على الأرض بأقدامنا

وقيل للحسن : إن قوماً يقولون إنا لا نخاف النفاق ، فقال : والله لأن أكون أعلم أني بريء من النفاق أحبُّ إليَّ من تلاع الأرض ذهباً . وقال الحسن : إن من النفاق اختلاف اللسان والقلب والسر والعلانية والمدخل والمخرج . وقال رجل لحذيفة رضي الله عنه : إني أخاف أن أكون منافقا ، فقال لو كنت منافقا ما خفت النفاق، إن المنافق قد أمن من النفاق . وقال ابن أبي مليكة : « أدركت ثلاثين ومائة . وفي رواية : خمسين ومائة من أصحاب النبي صلى الله عليه وسلم كلهم يخافون النفاق »

فَقَالَ : وَمَا يُؤْمِنُنِي وَالْقُلُوبُ بَيْنَ أُصْبُعَيْنِ مِنْ أَصَابِعِ الرَّحْمٰنِ يُقَلِّبُهَا كَيْفَ يَشَاءُ » وقد قال سبحانهُ : (وَبَدَا لَهُمْ مِنَ اللهِ مَا لَمْ يَكُونُوا يَحْتَسِبُونَ*) قيل فى التفسير: عملوا أعمالا ظنوا أنها حسنات فكانت فى كفة السيئات

وقال سَرِيّ السَّقَطِى : لو أن إنسانا دخل بستانا فيه من جميع الأشجار عليها من جميع الطيور فخاطبه كل طير منها بلغة فقال : السلام عليك يا ولى الله ، فسكنت نفسه إلى ذلك، كان أسيراً فى يديها

فهذه الأخبار والآثار تعرفك خطر الأمر بسبب دقائق النفاق والشرك الخفي ، وأنه لا يؤمَن منه ، حتى كان عمر بن الخطاب رضى الله عنه يسأل حذيفة عن نفسه وأنه هل ذُكر فى المنافقين ؟ وقال أبو سليمان الدارانى: سمعت من بعض الأُمراء شيئا فأردت أن أنكره فخفت أن يؤمر بقتلى ولم أخف من الموت ، ولكن خشيت أن يعرض لقلبي التزين للخلق عند خروج روحى فكففت . وهذا من النفاق الذى يضاد حقيقة الإيمان وصدقه وكماله وصفاءه لا أصله

فالنفاق نفاقان :

أحدهما يُخرج من الدين ، ويُلحق بالكافرين ، ويُسلك فى زمرة المخلدين فى النار

والثانى : يفضى بصاحبه إلى النار مدة ، أو ينقص من درجات عليين، ويحط من رتبة الصدِّيقين ، وذلك مشكوك فيه ، ولذلك حُسن الاستثناء فيه

وأصل هذا النفاق تفاوت بين السر والعلانية ، والأمن من مكر الله ، والعجب ، وأمور أُخر لا يخلو عنها إلا الصدِّيقون

الوجه الرابع

وهو أيضا مستند إلى الشك ، وذلك من خوف الخاتمة ، فانه لا يدرى أيسلم له الإيمان عند الموت أم لا ، فإن ختم له بالكفر حبط عمله السابق ، لأنه موقوف على سلامة الآخر، ولو سئل الصائم ضحوة النهار عن صحة صومه فقال أنا صائم قطعا ، فلو أفطر فى أثناء نهاره بعد

* الزمر : ٤٧

Lajna - 219

ذلك لتبين كذبه ، إذ كانت الصحة موقوفة على التمام الى غروب الشمس من آخر النهار ، وكما أن النهار ميقات تمام الصوم فالعمر ميقات تمام صحة الإيمان ، ووصفه بالصحة قبل آخره. بناء على الإستصحاب ، وهو مشكوك فيه ، والعاقبة مخوفة، ولاجلها كان بكاء أكثر الخائفين لأجل أنها ثمرة القضية السابقة والمشيئة الأزلية التى لا تظهر إلا بظهور المقضى به ، ولامطلع عليه لأحد من البشر ، فخوف الخاتمة كخوف السابقة . وربما يظهر فى الحال ما سبقت الكلمة بنقيضه ، فمن الذى يدرى أنه من الذين سبقت لهم من الله الحسنى ؟

وقيل فى معنى قوله تعالى: (وَجَاءَتْ سَكْرَةُ ٱلْمَوتِ بِٱلْحَقِّ *) أى بالسابقة ، يعنى أظهرتها. وقال بعض السلف : إنما يوزن من الأعمال خواتيمها . وكان أبو الدرداء رضى الله عنه يحلف بالله ما من أحد يأمن أن يسلب إيمانه إلا سُلبه

وقيل : من الذنوب ذنوب عقوبتها سوء الخاتمة نعوذ بالله من ذلك . وقيل : هى عقوبات دعوى الولاية والكرامة بالافتراء

وقال بعض العارفين : لو عرضت علىّ الشهادة عند باب الدار والموتُ على التوحيد عند باب الحجرة ، لاخترت الموت على التوحيد عند باب الحجرة ، لأنى لا أدرى ما يعرض لقلبى من التغيير عن التوحيد إلى باب الدار

وقال بعضهم : لو عرفت واحداً بالتوحيد خمسين سنة ثم حال بينى وبينه سارية ومات ، لم أحكم أنه مات على التوحيد

وفى الحديث (١) « مَنْ قَالَ أَنَا مُؤْمِنٌ فَهُوَ كَافِرٌ ، وَمَنْ قَالَ أَنَا عَالِمٌ فَهُوَ جَاهِلٌ ». وقيل فى قوله تعالى : (وَتَمَّتْ كَلِمَةُ رَبِّكَ صِدْقًا وَعَدْلاً *) صدقاً لمن مات على الإيمان ، وعدلاً لمن مات على الشرك . وقد قال تعالى : (وَلِلَّهِ عَاقِبَةُ ٱلْأُمُورِ *)

فمهما كان الشك بهذه المثابة كان الاستثناء واجباً لأن الإيمان عبارة عما يفيد الجنة ، كما أن الصوم عبارة عما يبرىء الذمة ، وما فسد قبل الغروب لا يبرىء الذمة ، فيخرج عن كونه صوماً ، فكذلك الإيمان ، بل لا يبعد أن يسأل عن الصوم الماضى الذى لا يشك فيه بعد الفراغ منه ، فيقال : أصمت بالأمس ؟ فيقول : نعم إن شاء الله تعالى . إذ الصوم الحقيق هو المقبول ، والمقبول غائب عنه لا يطلع عليه إلا الله تعالى . فمن هذا حسن الإستثناء فى جميع أعمال البر ، ويكون ذلك شكا فى القبول ، إذ يمنع من القبول بعد جريان ظاهر شروط الصحة أسباب خفية لا يطلع عليها إلا رب الأرباب جل جلاله . فيحسن الشك فيه

فهذه وجوه حسن الإستثناء فى الجواب عن الإيمان ، وهى آخر ما نختم به كتاب قواعد العقائد

والطهارة لها أربع مراتب

المرتبة الأولى : تطهير الظاهر عن الأحداث وعن الأخباث والفضلات

المرتبة الثانية : تطهير الجوارح عن الجرائم والآثام

المرتبة الثالثة : تطهير القلب عن الأخلاق المذمومة والرذائل الممقوتة

المرتبة الرابعة : تطهير السر عما سوى الله تعالى ، وهى طهارة الأنبياء صلوات الله عليهم والصديقين . والطهارة فى كل رتبة نصف العمل الذى فيها ، فإن الغاية القصوى فى عمل السر أن ينكشف له جلال الله تعالى وعظمته ، ولن تحل معرفة الله تعالى بالحقيقة فى السر مالم يرتحل ما سوى الله تعالى عنه ، ولذلك قال الله عزوجل (قُلِ اللهُ ثُمَّ ذَرْهُمْ فِى خَوْضِهِمْ يَلْعَبُونَ*) لأنهما لايجتمعان فى قلب، وَمَا جَعَلَ اللهُ لِرَجُلٍ مِنْ قَلْبَيْنِ فِى جَوْفِهِ . وأما عمل القلب فالغاية القصوى عمارته بالأخلاق المحمودة والعقائد المشروعة، ولن يتصف بها مالم ينظف عن نقائضها ، من العقائد الفاسدة والرذائل الممقوتة ، فتطهيره أحد الشطرين وهو الشطر الأول الذى هو شرط فى الثانى. فكان الطهور شطر الإيمان بهذا المعنى، وكذلك تطهير الجوارح عن المناهى أحد الشطرين وهو الشطر الأول الذى هو شرط فى الثانى، فتطهيره أحد الشطرين وهو الشطر الأول، وعمارتها بالطاعات الشطر الثانى ، فهذه مقامات الإيمان، ولكل مقام طبقة ، ولن ينال العبد الطبقة العالية إلا أن يجاوز الطبقة السافلة ، فلا يصل إلى طهارة السر عن الصفات المذمومة وعمارته بالمحمودة مالم يفرغ من طهارة القلب عن الخلق المذموم وعمارته بالخلق المحمود ، ولن يصل إلى ذلك من لم يفرغ عن طهارة الجوارح عن المناهى وعمارتها بالطاعات ، وكلما عز المطلوب وشرف صعب مسلكه وطال طريقه وكثرت عقباته، فلا تظن أن هذا الأمر يدرك بالمنى وينال بالهوينا ، نعم من عميت بصيرته عن تفاوت هذه الطبقات لم يفهم من مراتب الطهارة إلا الدرجة الأخيرة التى هى كالقشرة الأخيرة الظاهرة بالإضافة إلى اللب المطلوب ، فصار يمعن فيها ويستقصى فى مجاريها ، ويستوعب جميع أوقاته فى الاستنجاء ، وغسل الثياب ، وتنظيف الظاهر ، وطلب المياه الجارية الكثيرة ، ظنا منه بحكم

الوسوسة وتخيل العقل أن الطهارة المطلوبة الشريفة هي هذه فقط ، وجهالة بسيرة الأولين واستغراقهم جميع الهم والفكر فى تطهير القلب ، وتساهلهم فى أمر الظاهر ، حتى إن عمر رضى الله عنه مع علوّ منصبه توضأ من ماء فى جرة نصرانية ، وحتى إنهم ما كانوا يغسلون اليد من الدسومات والأطعمة، بل كانوا يمسحون أصابعهم بأخمص أقدامهم ، وعدوا الأشنان من البدع المحدثة ، ولقد كانوا يصلون على الأرض فى المساجد ويمشون حفاة فى الطرقات، ومن كان لا يجعل بينه وبين الأرض حاجزا فى مضجعه كان من أكابرهم ، وكانوا يقتصرون على الحجارة فى الاستنجاء ، وقال أبو هريرة وغيره من أهل الصفة [1] « كُنَّا نَأْكُلُ الشِّوَاءَ فَتَقَامُ الصَّلَاةُ فَنُدْخِلُ أَصَابِعَنَا فِي الْحَصَى ثُمَّ نَفْرُكُهَا بِالتُّرَابِ وَنُكَبِّرُ » وقال عمر رضى الله عنه [2] « مَا كُنَّا نَعْرِفُ الْأَشْنَانَ فِي عَصْرِ رَسُولِ اللهِ صلى الله عليه وسلم » وانما كانت مناديلنا بطون أرجلنا كنا إذا أكلنا الغمر مسحنا بها ، ويقال أول ما ظهر من البدع بعد رسول الله صلى الله عليه وسلم أربع : المناخل، والأشنان ، والموائد ، والشبع ، فكانت عنايتهم كلها بنظافة الباطن حتى قال بعضهم، الصلاة فى النعلين أفضل ، لأن رسول الله صلى الله عليه وسلم [3] « لَمَّا نَزَعَ نَعْلَيْهِ فِي صَلَاتِهِ بِإِخْبَارِ جِبْرَائِيلَ عليه السلامُ لَهُ أَنَّ بِهِمَا نَجَاسَةً » وخلع الناس نعالهم ، قال صلى الله عليه وسلم « لِمَ خَلَعْتُمْ نِعَالَكُمْ ؟ » وقال النخعى فى الذين يخلعون نعالهم : وددت لو أن محتاجا جاء اليها فأخذها ، منكرا لخلع النعال ، فكذا كان تساهلهم فى هذه الأمور ، بل كانوا يمشون فى طين الشوارع حفاة ، ويجلسون عليها ، ويصلون فى المساجد على الأرض ، ويأكلون من دقيق البر والشعير ، وهو يداس بالدواب وتبول عليه ولا يحترزون من عرق الابل والخيل مع كثرة تمرغها فى النجاسات ، ولم ينقل قط عن أحد منهم سؤال فى دقائق النجاسات ، فهكذا كان تساهلهم فيها ، وقد انتهت النوبة الآن إلى طائفة يسمون الرعونة نظافة ، فيقولون هى مبنى

الدين ، فأكثر أوقاتهم في تزيينهم الظواهر كفعل الماشطة بعروسها ، والباطن خراب مشحون بخبائث الكبر . والعجب . والجهل . والرياء . والنفاق ، ولا يستنكرون ذلك ولا يتعجبون منه ، ولو اقتصر مقتصر على الاستنجاء بالحجر ، أو مشى على الأرض حافيا ، أو صلى على الأرض أو على بواري المسجد من غير سجادة مفروشة ، أو مشى على الفرش من غير غلاف للقدم من أدم ، أو توضأ من آنية عجوز ، أو رجل غير متقشف أقاموا عليه القيامة وشدوا عليه النكير ، ولقبوه بالقذر ، وأخرجوه من زمرتهم ، واستنكفوا عن مؤاكلته ومخالطته ، فسموا البذاذة التي هي من الإيمان قذراة ، والرعونة نظافة ، فانظر كيف صار المنكر معروفا والمعروف منكرا وكيف اندرس من الدين رسمه كما اندرس حقيقته وعلمه

فإن قلت : أفتقول إن هذه العادات التي أحدثها الصوفية في هيآتهم ونظافتهم من المحظورات أو المنكرات ؟

فأقول : حاش لله أن أطلق القول فيه من غير تفصيل ، ولكني أقول : إن هذا التنظيف والتكلف وإعداد الأواني والآلات واستعمال غلاف القدم والإزار المقنع به لدفع الغبار وغير ذلك من هذه الأسباب ، إن وقع النظر إلى ذاتها على سبيل التجرد فهي من المباحات ، وقد يقترن بها أحوال ونيات تلحقها تارة بالمعروفات وتارة بالمنكرات

فأما كونها مباحة في نفسها فلا يخفى أن صاحبها متصرف بها في ماله وبدنه وثيابه ، فيفعل بها ما يريد إذا لم يكن فيه إضاعة وإسراف

وأما مصيرها منكراً ، فبأن يجعل ذلك أصل الدين ، ويفسر به قوله صلى الله عليه وسلم « بُنِيَ الدِّينُ عَلَى النَّظَافَةِ » حتى ينكر به على من يتساهل فيه تساهل الأولين ، أو يكون القصد به تزيين الظاهر للخلق ، وتحسين موقع نظرهم ، فإن ذلك هو الرياء المحظور ، فيصير منكرا بهذين الاعتبارين

وأما كونه معروفاً ، فبأن يكون القصد منه الخير دون التزين ، وأن لا ينكر على من ترك ذلك ، ولا يؤخر بسببه الصلاة عن أوائل الأوقات ، ولا يشتغل به عن عمل هو أفضل منه ، أو عن علم ، أو غيره ، فإذا لم يقترن به شيء من ذلك فهو مباح يمكن أن يجعل

قربة بالنية ، ولكن لا يتيسر ذلك إلا للبطالين الذين لو لم يشتغلوا بصرف الأوقات فيه لاشتغلوا بنوم أو حديث فيما لا يعنى ، فيصير شغلهم به أولى ، لأن الاشتغال بالطهارات يجدد ذكر الله تعالى وذكر العبادات ، فلا بأس به إذا لم يخرج إلى منكر أو اسراف

وأما أهل العلم والعمل فلا ينبغى أن يصرفوا من أوقاتهم اليه إلا قدر الحاجة ، فالزيادة عليه منكر فى حقهم ، وتضييع العمر الذى هو أنفس الجواهر وأعزها فى حق من قدر على الانتفاع به . ولا يتعجب من ذلك فان حسنات الأبرار سيآت المقربين . ولا ينبغى للبطال أن يترك النظافة وينكر على المتصوفة ويزعم أنه يتشبه بالصحابة ، إذ التشبه بهم فى أن لا يتفرغ إلا لما هو أهم منه ، كما قيل لداود الطائى : لم لا تسرح لحيتك ؟ قال : إنى إذاً لفارغ . فلهذا لا أرى للعالم ولا للمتعلم ولا للعامل أن يضيع وقته فى غسل الثياب احترازاً من أن يلبس الثياب المقصورة ، وتوهما بالقصار تقصيراً فى الغسل ، فقد كانوا فى العصر الأول يصلون فى الفراء المدبوغة ، ولم يعلم منهم من فرق بين المقصورة والمدبوغة فى الطهارة والنجاسة ، بل كانوا يجتنبون النجاسة إذا شاهدوها ، ولا يدققون نظرهم فى استنباط الاحتمالات الدقيقة ، بل كانوا يتأملون فى دقائق الرياء والظلم ، حتى قال سفيان الثورى لرفيق له كان يمشى معه فنظر إلى باب دار مرفوع معمور : لا تفعل ذلك فان الناس لو لم ينظروا اليه لكان صاحبه لا يتعاطى هذا الإسراف . فالناظر اليه مُعين له على الإسراف ، فكانوا يعدون جمام الذهن لاستنباط مثل هذه الدقائق لا فى احتمالات النجاسة ، فلو وجد العالم عاميا يتعاطى له غسل الثياب محتاطا فهو أفضل ، فانه بالإضافة إلى التساهل خير ، وذلك العامى ينتفع بتعاطيه ، إذ يشغل نفسه الأمارة بالسوء بعمل المباح فى نفسه ، فيمتنع عليه المعاصى فى تلك الحال . والنفس إن لم تشغل بشىء شغلت صاحبها وإذا قصد به التقرب إلى العالم صار ذلك عنده من أفضل القربات ، فوقت العالم أشرف من أن يصرفه إلى مثله فيبقى محفوظا عليه ، وأشرف وقت العامى أن يشتغل بمثله ، فيتوفر الخير عليه من الجوانب كلها وليتفطن بهذا المثل لنظائره من الأعمال ، وترتيب فضائلها ، ووجه

تقديم البعض منها على البعض ، فتدقيق الحساب فى حفظ لحظات العمر بصرفها إلى الأفضل أهم من التدقيق فى أمور الدنيا بحذافيرها

وإذا عرفت هذه المقدمة ، واستبنت أن الطهارة لها أربع مراتب ، فاعلم أنا فى هذا الكتاب لسنا نتكلم إلا فى المرتبة الرابعة وهى نظافة الظاهر ، لأنا فى الشطر الأول من الكتاب لا نتعرض قصدا إلا للظواهر

فنقول : طهارة الظاهر ثلاثة أقسام : طهارة عن الخبث ، وطهارة عن الحدث ، وطهارة عن فضلات البدن ، وهى التى تحصل بالقلم ، والاستحداد ، واستعمال النورة والختان وغيره

القسم الأول فى طهارة الخبث

والنظر فيه يتعلق بالمزال والمزال به والإزالة

الطرف الأول فى المزال

وهى النجاسة . والأعيان ثلاثة : جمادات ، وحيوانات ، وأجزاء حيوانات

أما الجمادات فطاهرة كلها إلا الخمر ، وكل منتبذ مسكر

والحيوانات طاهرة كلها إلا الكلب والخنزير وما تولد منهما أو من أحدهما ، فإذا ماتت فكلها نجسة إلا خمسة : الآدمى ، والسمك ، والجراد ، ودود التفاح ، وفى معناه كل ما يستحيل من الأطعمة ، وكل ما ليس له نفس سائلة كالذباب والخنفساء وغيرهما ، فلا ينجس الماء بوقوع شىء منها فيه

وأما أجزاء الحيوانات فقسمان : (أحدهما) ما يقطع منه ، وحكمه حكم الميت . والشعر لا ينجس بالجز والموت ، والعظم ينجس . (الثانى) الرطوبات الخارجة من باطنه ، فكل ما ليس مستحيلا ولا له مقر فهو طاهر : كالدمع والعرق ، واللعاب ، والمخاط ، وماله مقر وهو مستحيل فنجس إلا ما هو مادة الحيوان : كالمنى ، والبيض ، والقيح ، والدم ، والروث والبول نجس من الحيوانات كلها

Lajna - 228

ولا يعفى عن شيء من هذه النجاسات قليلها وكثيرها إلا عن خمسة :

(الأول) أثر النجو بعد الاستجمار بالأحجار يعفى عنه ما لم يعدُ المخرج

(الثانى) طين الشوارع وغبار الروث فى الطريق . يعفى عنه مع تيقن النجاسة بقدر ما يتعذر الاحتراز عنه ، وهو الذى لا ينسب المتلطخ به إلى تفريط أو سقطة

(الثالث) ما على أسفل الخف من نجاسة لا يخلو الطريق عنها ، فيعفى عنه بعد الدلك للحاجة

(الرابع) دم البراغيث ما قل منه أو كثر ، إلا إذا جاوز حد العادة ، سواء كان فى ثوبك أو فى ثوب غيرك فلبسته

(الخامس) دم البثرات وما ينفصل منها من قيح وصديد . ودلك ابن عمر رضى الله عنه بثرة على وجهه ، فخرج منها الدم وصلى ولم يغسل . وفى معناه ما يترشح من لطخات الدماميل التى تدوم غالبا ، وكذلك أثر الفصد إلا ما يقع نادرا من خُرَّاج أو غيره فيلحق بدم الاستحاضة ، ولا يكون فى معنى البثرات التى لا يخلو الإنسان عنها فى أحواله .

ومسامحة الشرع فى هذه النجاسات الخمس تعرفك أن أمر الطهارة على التساهل ، وما ابتدع فيها وسوسة لا أصل لها

الطرف الثانى فى المزال به

وهو إما جامد ، وإما مائع . أما الجامد فحجر الاستنجاء ، وهو مطهر تطهير تجفيف ، بشرط أن يكون صلباً طاهراً منشفاً غير محترم

وأما المائعات فلا تُزال النجاسات بشىء منها إلا الماء ، ولا كل ماء بل الطاهر الذى لم يتفاحش تغيره بمخالطة ما يستغنى عنه

ويخرج الماء عن الطهارة بأن يتغير بملاقاة النجاسة طعمه . أو لونه . أو ريحه ، فان لم يتغير وكان قريباً من مائتين وخمسين منًّا وهو خمسمائة رطل برطل العراق ، لم ينجس ، لقوله صلى الله عليه وسلم : (١) « إِذَا بَلَغَ ٱلْمَاءُ قُلَّتَيْنِ لَمْ يَحْمِلْ خَبَثاً » وإن كان دونه صار نجسا عند الشافعى رضى الله عنه . هذا فى الماء الراكد

(١) حديث إذا بلغ الماء قلتين لم يحمل خبثا أصحاب السنن وابن حبان والحاكم وصححه من حديث ابن عمر

Lajna - 229

وأما الماء الجارى إذا تغير بالنجاسة فالجرية المتغيرة نجسة دون ما فوقها وما تحتها ، لأن جريات الماء متفاصلات . وكذا النجاسة الجارية إذا جرت بمجرى الماء فالنجس موقعها من الماء ، وما عن يمينها وشمالها إذا تقاصر عن قلتين ، وإن كان جرى الماء أقوى من جرى النجاسة فما فوق النجاسة طاهر ، وما سفل عنها فنجس وإن تباعد وكثر ، إلا إذا اجتمع فى حوض قدر قلتين ، وإذا اجتمع قلتان من ماء نجس طهر ولا يعود نجسا بالتفريق . هذا هو مذهب الشافعى رضى الله عنه

وكنت أود أن يكون مذهبه كمذهب مالك رضى الله عنه ، فى أن الماء وإن قل لا ينجس إلا بالتغير ، إذ الحاجة ماسة إليه ، ومثار الوسواس اشتراط القلتين ، ولأجله شق على الناس ذلك . وهو لعمرى سبب المشقة ، ويعرفه من يجربه ويتأمله

ومما لا أشك فيه أن ذلك لو كان مشروطا لكان أولى المواضع بتعسر الطهارة مكة والمدينة ، إذ لا يكثر فيهما المياه الجارية ولا الراكدة الكثيرة . ومن أول عصر رسول الله صلى الله عليه وسلم إلى آخر عصر أصحابه لم تنقل واقعة فى الطهارة ، ولا سؤال عن كيفية حفظ الماء عن النجاسات ، وكانت أوانى مياههم يتعاطاها الصبيان والاماء الذين لا يحترزون عن النجاسات . وقد توضأ عمر رضى الله عنه بماء فى جرة نصرانية . وهذا كالصريح فى أنه لم يعول إلا على عدم تغير الماء ، وإلا فنجاسة النصرانية وإنائها غالبة تُعلم بظن قريب ، فإذا عسر القيام بهذا المذهب وعدم وقوع السؤال فى تلك الاعصار دليل أول ، وفعل عمر رضى الله عنه دليل ثان

والدليل الثالث[1] « إِصْغَاءُ رَسُولِ اللهِ صلى الله عليه وسلم الإِنَاءَ لِلْهِرَّةِ » وَعَدَمُ تَغْطِيَةِ الأَوَانِي مِنْهَا بعد أن يرى أنها تأكل الفأرة ، ولم يكن فى بلادهم حياض تلغ السنانير فيها وكانت لا تنزل الآبار .

والرابع : أن الشافعى رضى الله عنه نص على أن غسالة النجاسة طاهرة إذا لم تتغير ونجسة إن تغيرت . وأى فرق بين أن يلاقى الماء النجاسة بالورود عليها أو بورودها عليه ؟ وأى معنى لقول القائل : إن قوة الورود تدفع النجاسة مع أن الورود لم يمنع مخالطة النجاسة؟

---

(١) حديث اصغاء الاناء للهرة الطبرانى فى الأوسط والدارقطنى من حديث عائشة وروى أصحاب السنن ذلك من فعل أبى قتادة

Lajna - 230

وإن أحيل ذلك على الحاجة ، فالحاجة أيضا ماسة إلى هذا ، فلا فرق بين طرح الماء فى أجانة فيها ثوب نجس ، أو طرح الثوب النجس فى الأجانة فيها ماء ، وكل ذلك معتاد في غسل الثياب والأوانى

والخامس: أنهم كانوا يستنجون على أطراف المياه الجارية القليلة ، ولا خلاف فى مذهب الشافعى رضى الله عنه أنه إذا وقع بول فى ماء جار ولم يتغير أنه يجوز التوضؤ به وإن كان قليلا ، وأىّ فرق بين الجارى والراكد . وليت شعرى هل الحوالة على عدم التغير أولى أو على قوّة الماء بسبب الجريان ؟ ثم ماحدُّ تلك القوة : أتجرى فى المياه الجارية فى أنابيب الحمامات أم لا ؟ فإن لم تجر فما الفرق ، وإن جرت فما الفرق بين مايقع فيها وبين مايقع فى مجرى الماء من الأوانى على الأبدان وهى أيضا جارية ؟ ثم البول أشد اختلاطا بالماء الجارى من نجاسة جامدة ثابتة إذا قضى بأن مايجرى عليها وإن لم يتغير نجس إلى أن يجتمع فى مستنقع قلتان ، فأى فرق بين الجامد والمائع والماء واحد والاختلاط أشد من المجاورة ؟

والسادس : أنه إذا وقع رطل من البول فى قلتين ، ثم فرقتا فكل كوز يغترف منه طاهر ، ومعلوم أن البول منتشر فيه وهو قليل ، وليت شعرى : هل تعليل طهارته بعدم التغير أولى أو بقوة كثرة الماء بعد انقطاع الكثرة وزوالها مع تحقق بقاء أجزاء النجاسة فيها

والسابع : أن الحمامات لم تزل فى الأعصار الخالية يتوضأ فيها المتقشفون ويغمسون الأيدى والأوانى فى تلك الحياض مع قلة الماء ، ومع العلم بأن الأيدى النجسة والطاهرة كانت تتوارد عليها

فهذه الأمور مع الحاجة الشديدة تقوى فى النفس أنهم كانوا ينظرون إلى عدم التغير ، معوّلين على قوله صلى الله عليه وسلم [1] « خُلِقَ الْمَاءُ طَهُوراً لَا يُنَجِّسُهُ شَيْءٌ إِلَّا مَا غَيَّرَ طَعْمَهُ أَوْ لَوْنَهُ أَوْ رِيحَهُ » وهذا فيه تحقيق ، وهو أن طبع كل مائع أن يقلب إلى صفة نفسه كل مايقع فيه وكان مغلوبا من جهته ، فكما ترى الكلب يقع فى المملحة فيستحيل ملحا ، ويحكم بطهارته بصيرورته ملحا وزوال صفة الكلبية عنه ، فكذلك الخل يقع فى الماء ،

(١) حديث خلق الله الماء طهورا لاينجسه شيء إلا ما غير لونه أو طعمه أو ريحه هـ من حديث أبي أمامة باسناد ضعيف وقد رواه بدون الاستثناء د ن ت من حديث أبى سعيد وصححه د وغيره

Lajna - 231

وكذا اللبن يقع فيه وهو قليل فتبطل صفته ، ويتصوّر بصفة الماء وينطبع بطبعه ، إلا إذ كثر وغلب . وتعرف غلبته بغلبة طعمه أو لونه أو ريحه

فهذا المعيار وقد أشار الشرع إليه فى الماء القوى على إزالة النجاسة ، وهو جدير بأن يعول عليه ، فيندفع به الحرج ، ويظهر به معنى كونه ظهورا : إذ يغلب عليه فيطهره ، كما صار كذلك فيما بعد القلتين ، وفى الغسالة ، وفى الماء الجارى ، وفى إصغاء الإناء للهرة

ولا تظن ذلك عفوا إذ لو كان كذلك لكان كأثر الاستنجاء ودم البراغيث حتى يصير الماء الملاقى له نجسا ، ولا ينجس بالغسالة ، ولا بولوغ السنور في الماء القليل

وأما قوله صلى الله عليه وسلم «لَا يَحْمِلُ خَبَثًا » فهو فى نفسه مبهم ، فانه يحمل إذا تغير . فان قيل : أراد به إذا لم يتغير ، فيمكن أن يقال : إنه أراد به أنه فى الغالب لا يتغير بالنجاسات المعتادة . ثم هو تمسك بالمفهوم فيما إذا لم يبلغ قلتين ، وترك المفهوم بأقل من الأدلة التى ذكرناها ممكن . وقوله : « لا يحمل خبثا » ظاهره نفى الحمل أى يقلبه إلى صفة نفسه ، كما يقال للملحة لا تحمل كلبا ولا غيره أى ينقلب ، وذلك لأن الناس قد يستنجون فى المياه القليلة وفى الغدران ويغمسون الأوانى النجسة فيها ثم يترددون فى أنها تغيرت تغيرا مؤثرا أم لا . فتبين أنه إذا كان قلتين لا يتغير بهذه النجاسات المعتادة

فإن قلت : فقد قال النبي صلى الله عليه وسلم « لا يَحْمِلُ خَبَثًا » ومهما كثرت حملها ، فهذا ينقلب عليك فإنها مهما كثرت حملها حكما كما حملها حسا ، فلا بد من التخصيص بالنجاسات المعتادة على المذهبين جميعا

وعلى الجملة فميلى فى أمور النجاسات المعتادة إلى التساهل ، فهما من سبرة الأولين ، وحسما لمادة الوسواس ، وبذلك أفتيت بالطهارة فيما وقع الخلاف فيه فى مثل هذه المسائل

الطرف الثالث فى كيفية الازالة

والنجاسة إن كانت حكمية وهى التى ليس لها جرم محسوس ، فيكفى إجراء الماء على جميع مواردها . وإن كانت عينية فلابد من إزاله العين . وبقاء الطعم يدل على بقاء العين .

Lajna - 232

وكذا بقاء اللون إلا فيما يلتصق به فهو معفو عنه بعد الحت والقرص . وأما الرائحة فبقاؤها يدل على بقاء العين . ولا يعفى عنها إلا إذا كان الشيء له رائحة فائحة يعسر إزالتها . فالدلك والعصر مرات متواليات يقوم مقام الحت والقرص فى اللون . والمزيل للوسواس أن يعلم أن الأشياء خلقت طاهرة بيقين ، فما لا يشاهد عليه نجاسة ولا يعلمها يقينا يصلى معه ، ولا ينبغى أن يتوصل بالاستنباط إلى تقدير النجاسات

القسم الثانى فى طهارة الأحداث

كيفية الاستنجاء

ثم يستنجى لمقعدته بثلاثة أحجار ، فان أنقى بها كفى ، وإلا استعمل رابعا ، فان أنقى؟ استعمل خامسا ، لأن الإنقاء واجب والإيتار مستحب . قال عليه السلام [2] « مَنِ اسْتَجْمَرَ فَلْيُوتِرْ » ويأخذ الحجر بيساره ويضعه على مقدم المقعدة قبل موضع النجاسة وَيُمِرّه بالمسح ، والإدارة الى المؤخر ، ويأخذ الثانى ويضعه على المؤخر كذلك ويمره إلى المقدمة ، ويأخذ الثالث فيديره حول المسربة إدارة ، فإن عسرت الادارة ومسح من المقدمة إلى المؤخر أجزأه ، ثم يأخذ حجرا كبيرا بيمينه والقضيب بيساره ويمسح الحجر بقضيبه ويحرك اليسار فيمسح ثلاثا فى ثلاثة مواضع أو فى ثلاثة أحجار أو فى ثلاثة مواضع من جدار ، إلى أن لا يرى الرطوبة فى محل المسح ، فإن حصل ذلك بمرتين أتى بالثالثة ، ووجب ذلك إن أراد الاقتصار على الحجر ، وإن حصل بالرابعة استحب الخامسة للإيتار ، ثم ينتقل من ذلك الموضع إلى موضع آخر ، ويستنجى بالماء بأن يفيضه باليمنى على محل النجو ، ويدلك باليسرى حتى لا يبقى أثر يدركه الكف بحس اللمس ، ويترك الاستقصاء فيه بالتعرض للباطن فإن ذلك منبع الوسواس

وليعلم أن كل مالا يصل إليه الماء فهو باطن ، ولا يثبت حكم النجاسة للفضلات الباطنة ما لم تظهر ، وكل ماهو ظاهر وثبت له حكم النجاسة فحد ظهوره أن يصل الماء اليه فيزيله ، ولا معنى للوسواس

ويقول عند الفراغ من الاستنجاء : اللهم طهر قلبي من النفاق وحصن فرجي من الفواحش . ويدلك يده بحائط أو بالأرض إزاله للرائحة إن بقيت . والجمع بين الماء والحجر مستحب فقد روى أنه لما نزل قوله تعالى [1] (فِيهِ رِجَالٌ يُحِبُّونَ أَنْ يَتَطَهَّرُوا وَاللَّهُ يُحِبُّ الْمُطَّهِّرِينَ *) قال رسول الله صلى الله عليه وسلم لأهل قُباء « مَا هَذِهِ الطَّهَارَةُ الَّتِي أَثْنَى اللَّهُ بِهَا عَلَيْكُمْ ؟ قَالُوا : كُنَّا نَجْمَعُ بَيْنَ الْمَاءِ وَالْحَجَرِ »

كيفية الوضوء

إذا فرغ من الاستنجاء اشتغل بالوضوء ، فلم يُر رسول الله صلى الله عليه وسلم قط خارجا من الغائط إلا توضأ ، ويبتدئ بالسواك ، فقد قال رسول الله صلى الله عليه وسلم [2] « إِنَّ أَفْوَاهَكُمْ طُرُقُ الْقُرْآنِ فَطَيِّبُوهَا بِالسِّوَاكِ » فينبغى أن ينوى عند السواك تطهير فمه لقراءة القرءان وذكر الله تعالى فى الصلاة . وقال صلى الله عليه وسلم [3] « صَلَاةٌ عَلَى أَثَرِ سِوَاكٍ أَفْضَلُ مِنْ خَمْسٍ وَسَبْعِينَ صَلَاةً بِغَيْرِ سِوَاكٍ » . وقال صلى الله عليه وسلم [4] لَوْلَا أَنْ أَشُقَّ عَلَى أُمَّتِي لَأَمَرْتُهُمْ بِالسِّوَاكِ عِنْدَ كُلِّ صَلَاةٍ » . وقال صلى الله عليه وسلم [5] « مَالِي أَرَاكُمْ تَدْخُلُونَ عَلَيَّ قُلْحًا ؟ اسْتَاكُوا » أى صفرَ الأسنان « وكَانَ عَلَيْهِ السَّلَامُ [6] يَسْتَاكُ

ويجب إيصال الماء إلى منابت اللحية الخفيفة ، أعنى ما يقبل من الوجه ، وأما الكثيفة فلا . وحكم الْعَنْفَقَة حكم اللحية فى الكثافة والخفة ، ثم يفعل ذلك ثلاثا ، أو يفيض الماء على ظاهر مااسترسل من اللحية ، ويدخل الأصابع فى محاجر العينين وموضع الرمص ومجتمع الكحل وينقيهما [1] فقد رُوى أنه عليه السلام فَعَلَ ذَلِكَ . ويأمل عند ذلك خروج الخطايا من عينيه ، وكذلك عند كل عضو ، ويقول عنده : اللهم بيضْ وجهى بنورك يوم تبيض وجوه أوليائك ، ولا تسوّد وجهي بظلماتك يوم تسود وجوه أعدائك . ويخلل اللحية الكثيفة عند غسل الوجه فإنه مستحب ، ثم يغسل يديه إلى مرفقيه ثلاثا ، ويحرك الخاتم ، ويطيل الغُرة ويرفع الماء إلى أعلى العضد « فَإِنَّهُمْ يُحْشَرُونَ يَوْمَ الْقِيَامَةِ غُرًّا مُحَجَّلِينَ مِنْ آثَارِ الْوُضُوءِ » كذلك ورد الخبر ، قال عليه السلام [2] « مَنِ اسْتَطَاعَ أَنْ يُطِيلَ غُرَّتَهُ فَلْيَفْعَلْ » وروى « أَنَّ [3] الْحِلْيَةَ تَبْلُغُ مَوَاضِعَ الْوُضُوءِ » . ويبدأ باليمنى ويقول : اللهم أعطنى كتابى بيمينى وحاسبنى حسابا يسيرا ، ويقول عند غسل الشمال : اللهم إنى أعوذ

فهذه سنن الوضوء والغسل ، ذكرنا منها مالابد لسالك طريق الآخرة من علمه وعمله ، وما عداه من المسائل التي يحتاج اليها في عوارض الأحوال فليرجع فيها إلى كتب الفقه

والواجب من جملة ماذكرناه في الغسل أمران : النية ، واستيعاب البدن بالغسل

وفرض الوضوء : النية ، وغسل الوجه ؛ وغسل اليدين إلى المرفقين ، ومسح ماينطلق عليه الاسم من الرأس ، وغسل الرجلين إلى الكعبين ، والترتيب . وأما الموالاة فليست بواجبة

والغسل الواجب بأربعة : بخروج المني ، والتقاء الختانين ، والحيض ، والنفاس . وماعداه من الأغسال سنة : كغسل العيدين ، والجمعة ، والأعياد والإحرام ، والوقوف بعرفة ومزدلفة ، ولدخول مكة ، وثلاثة أغسال أيام التشريق ، ولطواف الوداع على قول ، والكافر إذا أسلم غير جنب ، والمجنون إذا أفاق ، ولمن غسل ميتا . فكل ذلك مستحب

كيفية التيمم

من تعذر عليه استعمال الماء لفقده بعد الطلب ، أو بمانع له عن الوضوء إليه من سبع أوحابس ، أو كان الماء الحاضر يحتاج إليه لعطشه أولعطش رفيقه ، أوكان ملكا لغيره ولم يبعه إلا بأكثر من ثمن المثل ، أو كان به جراحة أومرض وخاف من استعماله فساد العضو أوشدة الضنا ، فينبغي أن يصبر حتى يدخل عليه وقت الفريضة ، ثم يقصد صعيدا طيبا عليه تراب طاهر خالص لين بحيث يثور منه غبار ، ويضرب عليه كفيه ضاما بين أصابعه ، ويمسح بهما جميع وجهه مرة واحدة ، وينوى عند ذلك استباحة الصلاة

ولايكلف إيصال الغبار إلى ماتحت الشعور خفّت أو كثفت ، ويجتهد أن يستوعب بشرة وجهه بالغبار ، ويحصل ذلك بالضربة الواحدة ، فإنّ عرض الوجه لايزيد على عرض الكفين ، ويكفي في الاستيعاب غالب الظن ، ثم ينزع خاتمه ويضرب ضربة ثانية يفرج بين أصابعه ، ثم يلصق ظهور أصابع يده اليمنى ببطون أصابع يده اليسرى بحيث لايجاوز أطراف الأنامل من إحدى الجهتين عن المسبحة من الأخرى ، ثم يمر يده اليسرى من حيث وضعها على ظاهر ساعده الأيمن إلى المرفق ، ثم يقلب بطن كفه اليسري على باطن

Lajna - 243

ساعده الأيمن ويمرها إلى الكوع ، ويمر بطن إبهامه اليسرى على ظاهر إبهامه اليمنى ، ثم يفعل باليسري كذلك ، ثم يمسح كفيه ويخلل بين أصابعه

وغرض هذا التكليف تحصيل الاستيعاب إلى المرفقين بضربة واحدة ، فإن عسر عليه ذلك فلا بأس بأن يستوعب بضربتين وزيادة

وإذا صلى به الفرض فله أن يتنفل كيف شاء ، فإن جمع بين فريضتين فينبغى أن يعيد للتيمم للثانية ، وهكذا يفرد كل فريضة بتيمم . والله أعلم

القسم الثالث فى النظافة والتنظيف عن الفضلات الظاهرة

وهى نوعان : أوساخ وأجزاء ــ النوع الأول الأوساخ والرطوبات المترشحة وهى ثمانية

الأول : ما يجتمع فى شعر الرأس من الدرن والقمل ، فالتنظيف عنه مستحب بالغسل والترجيل والتدهين ، إزالة للشعث عنه . «وَكَانَ صلى الله عليه وسلم [1] يَدْهُنُ الشَّعْرَ وَيُرَجِّلُهُ غِبًّا » ويأمر به ويقول عليه السلام : [2] « ادْهِنُوا غِبًّا » وقال عليه الصلاه والسلام : [3] « مَنْ كَانَ لَهُ شَعْرَةٌ فَلْيُكْرِمْهَا » أى ليصنها عن الأوساخ . « وَدَخَلَ عَلَيْهِ رَجُلٌ [4] ثَائِرُ الرَّأْسِ أَشْعَثُ اللِّحْيَةِ فَقَالَ : أَمَا كَانَ لِهَذَا دُهْنٌ يُسَكِّنُ بِهِ شَعْرَهُ ؟ ثم قال : يَدْخُلُ أَحَدُكُمْ كَأَنَّهُ شَيْطَانٌ ؟ »

الثانى : ما يجتمع من الوسخ فى معاطف الأذن ، والمسح يزيل مايظهر منه وما يجتمع فى قعر الصماخ ، فينبغى أن ينظف برفق عند الخروج من الحمام ، فإن كثرة ذلك ربما تضر بالسمع

الرابع : مايجتمع على الأسنان وطرف اللسان من القَلَح ، فيزيله السواك والمضمضة ، وقد ذكرناهما

الخامس : مايجتمع فى اللحية من الوسخ والقمل إذا لم يتعهد . ويستحب إزالة ذلك بالغسل والتسريح بالمشط . وفى الخبر المشهور « أنه صلى الله عليه وسلم [1] كَانَ لَا يُفَارِقُهُ الْمُشْطُ وَالْمِدْرَى وَالْمِرْآةُ فِي سَفَرٍ وَلَا حَضَرٍ » وهى سنة العرب . وفى خبر غريب أنه صلى الله عليه وسلم [2] كان يسرح لحيته فى اليوم مرتين وكان صلى الله عليه وسلم [3] كث اللحية وكذلك كان أبو بكر وكان عثمان طويل اللحية رقيقها وكان علىّ عريض اللحية قد ملأت ما بين منكبيه وفى حديث أغرب منه قالت عائشة رضى الله عنها [4] « اجْتَمَعَ قَوْمٌ بِبَابِ رَسُولِ اللهِ صلى الله عليه وسلم فَخَرَجَ إِلَيْهِمْ فَرَأَيْتُهُ يَطْلَعُ فِي الْحِبِّ يُسَوِّي مِنْ رَأْسِهِ وَلِحْيَتِهِ ، فَقُلْتُ أَوَ تَفْعَلُ ذَلِكَ يَارَسُولَ اللهِ ؟ فَقَالَ نَعَمْ إِنَّ اللهَ يُحِبُّ مِنْ عَبْدِهِ أَنْ يَتَجَمَّلَ لِإِخْوَانِهِ إِذَا خَرَجَ إِلَيْهِمْ » . والجاهل ربما يظن أن ذلك من حب التزين للناس ، قياساً على أخلاق غيره ، وتشبيها للملائكة بالحدادين وهيهات ، فقد كان صلى الله عليه وسلم مأمورا بالدعوة ، وكان من وظائفه أن يسعى ، فى تعظيم أمر نفسه فى قلوبهم ، كيلا تزدريه نفوسهم ، ويحسن صورته فى أعينهم كيلا تستصغره أعينهم فينفرهم ذلك . ويتعلق المنافقون بذلك فى تنفيرهم وهذا القصد واجب على كل عالم تصدى لدعوة الخلق إلى الله عز وجل ، وهو أن

يراعي من ظاهره مالا يوجب نفرة الناس عنه . والاعتماد في مثل هذه الأمور على النية فإنها أعمال فى أنفسها تكتسب الأوصاف من المقصود . فالتزين على هذا القصد محبوب ، وترك الشعث فى اللحية اظهارا للزهد وقلة المبالاة بالنفس محذور ، وتركه شغلا بما هو أهم منه محبوب . وهذه أحوال باطنة بين العبد وبين الله عز وجل . والناقد بصير ، والناس بين رابح عليه بحال

وكم من جاهل يتعاطي هذه الأمور التفاتا إلى الخلق وهو يلبس على نفسه وعلى غيره ، ويزعم أن قصده الخير ، فترى جماعة من العلماء يلبسون الثياب الفاخرة ويزعمون أن قصدهم إرغام المبتدعة والمجادلين والتقرب إلى الله تعالى به . وهذا أمر ينكشف يَوْمَ تُبْلَى السَّرَائِرُ * ويوم يُبْعَثَرُ مافى القبور ، ويُحَصَّلُ مافى الصدور ، فعند ذلك تتميز السبيكة الخالصة من النبهرجة ، فنعوذ بالله من الخزى يوم العرض الأكبر

الثامن : الدرن الذى يجتمع على جميع البدن برشح العرق وغبار الطريق ، وذلك يزيله الحمام ، ولا بأس بدخول الحمام ، دخل أصحاب رسول الله صلى الله عليه وسلم حمامات الشام وقال بعضهم : نعم البيت بيت الحمام يطهر البدن ويذكر النار . روى ذلك عن أبى الدرداء وأبى أيوب الأنصارى رضى الله عنهما . وقال بعضهم : بئس البيت بيت الحمام يبدى العورة ويذهب الحياء . فهذا تعرض لآفته وذاك تعرض لفائدته . ولا بأس بطلب فائدته عند الاحتراز من آفته . ولكن على داخل الحمام وظائف من السنن والواجبات

فعليه واجبان فى عورته ، وواجبان فى عورة غيره . أما الواجبان فى عورته فهو أن يصونها عن نظر الغير ، ويصونها عن مس الغير ، فلا يتعاطى أمرها وإزالة وسخها إلا بيده ، ويمنع الدلاك من مس الفخذ وما بين السرة إلى العانة . وفى إباحة مس ماليس بسوأة لازالة الوسخ احتمال ، ولكن الأقيس التحريم إذ الحق مس السوأتين فى التحريم بالنظر ، فكذلك ينبغى أن تكون بقية العورة أعنى الفخذين

والواجبان فى عورة الغير أن يغض بصر نفسه عنها ، وأن ينهى عن كشفها ، لأن النهى عن المنكر واجب ، وعليه ذكر ذلك ، وليس عليه القبول ، ولا يسقط عنه وجوب الذكر إلا لخوف ضرب أو شتم أو ما يجرى عليه مما هو حرام فى نفسه ، فليس عليه أن

يستكثر حراما يرمى المستكثر حلبه إلى مباشره حرام آخر . فأما قوله . أعلم أن ذلك لا يفيد ولا يعمل به ، فهذا لا يكون عذراً بل لا بد من الذكر ، فلا يخلو قلب عن التأثر من سماع الإنكار ، واستشعار الاحتراز عند التعبير بالمعاصى ، وذلك يؤثر فى تقبيح الأمر فى عينه وتنفر نفسه عنه ، فلا يجوز تركه . ولمثل هذا صار الحزم ترك دخول الحمام فى هذه الأوقات ، إذ لا تخلو عن عورات مكشوفة لا سيما ما تحت السره إلى ما فوق العانة ، إذ الناس لا يعدونها عورة . وقد ألحقها الشرع بالعورة وجعلها كالحريم لها ، ولهذا يستحب تخلية الحمام . وقال بشر بن الحارث : ما أعنف رجلا لا يملك إلا درهما دفعه ليخلى له الحمام . ورؤى ابن عمر رضى الله عنهما فى الحمام ووجهه إلى الحائط وقد عصب عينيه بعصابة . وقال بعضهم : لا بأس بدخول الحمام ولكن بإزارين : إزار للعورة وإزار للرأس يتقنع به ويحفظ عينيه

وأما السنن فعشرة . فالأول النية ، وهو أن لا يدخل لعاجل دنيا ولا عابثا لأجل هوى . بل يقصد به النظف المحبوب تربنا للصلاة ، ثم يعطى الحمامى الأجرة قبل الدخول فان ما يستوفيه مجهول وكذا ما ينظره الحمامى ، فتسليم الأجرة قبل الدخول دفع للجهالة من أحد العوضين وتطييب لنفسه ، ثم يقدم رجله اليسرى عند الدخول ، ويقول : بسم الله الرحمن الرحيم . أعوذ بالله من الرجس النجس ، الخبيث المخبث ، الشيطان الرجيم ، ثم يدخل وقت الخلوة أو يتكلف تخلية الحمام ، فإنه إن لم يكن فى الحمام إلا أهل الدين والمحتاطين للعورات فالنظر إلى الأبدان مكشوفة فيه شائبة من قلة الحياء ، وهو مذكر للنظر فى العورات ، ثم لا يخلو الإنسان فى الحركات عن انكشاف العورات بانعطاف فى أطراف الإزار فيقع البصر على العورة من حيث لا يدرى ، ولأجله عصب ابن عمر رضى الله عنهما عينيه ، ويغسل الجناحين عند الدخول ، ولا يعجل بدخول البيت الحار حتى يعرق فى الأول ، وأن لا يكثر صب الماء بل يقتصر على قدر الحاجة فإنه المأذون فيه بقرينة الحال ، والزيادة عليه لو عامه الحمامى لكرهه لاسيما الماء الحار فله مؤنة وفيه تعب ، وأن يتذكر حر النار بحراره الحمام ، ويقدر نفسه محبوساً فى البيت الحار ساعة ، ويقيسه

إلى جهنم ، فإنه أشبه بيت بجهنم ، النار من تحت والظلام من فوق ، نعوذ بالله من ذلك ، بل العاقل لا يغفل عن ذكر الآخرة فى لحظة ، فإنها مصيره ومستقره ، فيكون له فى كل ما يراه من ماء أو نار أو غيرهما عبرة وموعظة ، فإن المرء ينظر بحسب همته

فإذا دخل بزاز ونجار وبناء وحائك دارا معمورة مفروشة فإذا تفقدتهم رأيت البزاز ينظر إلى الفرش يتأمل قيمتها ، والحائك ينظر إلى الثياب يتأمل نسجها ، والنجار ينظر إلى السقف يتأمل كيفية تركيبها ، والبناء ينظر إلى الحيطان يتأمل كيفية إحكامها واستقامتها ، فكذلك سالك طريق الآخرة لا يرى من الأشياء شيئاً إلا ويكون له موعظة وذكرى للآخرة بل لا ينظر إلى شيء إلا ويفتح الله عز وجل له طريق عبرة ، فإن نظر إلى سواد تذكر ظلمة اللحد ، وإن نظر إلى حية تذكر أفاعى جهنم ، وإن نظر إلى صورة قبيحة شنيعة تذكر منكراً ونكيراً والزبانية ، وإن سمع صوتاً هائلا تذكر نفخة الصور ، وإن رأى شيئاً حسناً تذكر نعيم الجنة ، وإن سمع كلمة رد أو قبول فى سوق أو دار تذكر ما ينكشف من آخر أمره بعد الحساب من الرد والقبول . وما أجدر أن يكون هذا هو الغالب على قلب العاقل ! إذ لا يصرفه عنه إلا مهمات الدنيا ، فإذا نسب مدة المقام فى الدنيا إلى مدة المقام فى الآخرة استحقرها إن لم يكن ممن أغفل قلبه وأعميت بصيرته

ومن السنن أن لا يسلم عند الدخول ، وإن سلم عليه لم يجب بلفظ السلام بل يسكت إن أجاب غيره ، وإن أحب قال : عافاك الله . ولا بأس بأن يصافح الداخل ويقول : عافاك الله لابتداء الكلام ، ثم لا يكثر الكلام فى الحمام ، ولا يقرأ القرءان إلا سراً . ولا بأس باظهار الاستعاذة من الشيطان ويكره دخول الحمام بين العشاءين وقريباً من الغروب ، فان ذلك وقت انتشار الشياطين

ولا بأس بأن يدلكه غيره ، فقد نقل ذلك عن يوسف بن أسباط : أوصى بأن يغسله إنسان لم يكن من أصحابه ، وقال إنه دلكنى فى الحمام مرة فأردت أن أكافئه بما يفرح به وإنه ليفرح بذلك . ويدل على جوازه ما روى بعض الصحابة « أَنَّ رَسُولَ اللهِ صلى الله عليه وسلم [1] نَزَلَ مَنْزِلاً فِي بَعْضِ أَسْفَارِهِ فَنَامَ عَلَى بَطْنِهِ وَعَبْدٌ أَسْوَدُ يَغْمِزُ ظَهْرَهُ ،

فقلت : ما هذا يا رسول الله ؟ فقال إن الناقة تقحمت بي »

ثم مهما فرغ من الحمام شكر الله عز وجل على هذه النعمة ، فقد قيل : الماء الحار في الشتاء من النعيم الذي يسأل عنه . وقال ابن عمر رضي الله عنهما : الحمام من النعيم الذي أحدثوه .

هذا من جهة الشرع

أما من جهة الطب فقد قيل : الحمام بعد النورة أمان من الجذام . وقيل : النورة في كل شهر مرة تطفىء المرة الصفراء وتنقي اللون وتزيد في الجماع . وقيل بولة في الحمام قائما في الشتاء أنفع من شربة دواء . وقيل : نومة في الصيف بعد الحمام تعدل شربة دواء . وغسل القدمين بماء بارد بعد الخروج من الحمام أمان من النقرس . ويكره صب الماء البارد على الرأس عند الخروج وكذا شربه . هذا حكم الرجال

وأما النساء فقد قال صلى الله عليه وسلم : [1] « لا يَحِلُّ لِلرَّجُلِ أَنْ يُدْخِلَ حَلِيلَتَهُ الْحَمَّامَ ، وَفِي الْبَيْتِ الْمُسْتَحَمُّ » والمشهور [2] « أَنَّهُ حَرَامٌ عَلَى الرِّجَالِ دُخُولُ الْحَمَّامِ إِلَّا بِمِئْزَرٍ وَحَرَامٌ عَلَى الْمَرْأَةِ دُخُولُ الْحَمَّامِ إِلَّا نُفَسَاءَ أَوْ مَرِيضَةً » ودخلت عائشة رضي الله عنها حماما من سقم بها فان دخلت لضرورة فلا تدخل إلا بمئزر سابغ . ويكره للرجل أن يعطيها أجرة الحمام ، فيكون معينا لها على المكروه

الأول : شعر الرأس ولا بأس بحلقه لمن أراد التنظيف ، ولا بأس بتركه لمن يدهنه ويرجله إلا إذا تركه قزعا أي قطعا ، وهو دأب أهل الشطارة ، أو أرسل الذوائب على هيئة أهل الشرف حيث صار ذلك شعارا لهم ، فإنه إذ لم يكن شريفا كان ذلك تلبيسا

الثانى : شعر الشارب . وقد قال صلى الله عليه وسلم (١) « قُصُّوا الشَّارِبَ » وفى لفظ آخر « جُزُّوا الشَّوارِبَ » وفى لفظ آخر « حُفُّوا الشَّوارِبَ وأعْفُوا اللِّحَى » أى اجعلوها حفاف الشفة أى حولها ، وحفاف الشيء حوله ، ومنه (وَتَرَى الْمَلَائِكَةَ حَافِّينَ مِنْ حَوْلِ الْعَرْشِ*) وفى لفظ آخر «احْفُوا» وهذا بشعر بالاستئصال . وقوله : حُفُّوا ، بدل على مادون ذلك : قال الله عز وجل . (إِنْ يَسْأَلْكُمُوهَا فَيُحْفِكُمْ تَبْخَلُوا *) أى يستقصى عليكم . وأما الحلق فلم يرد . والاحفاء القريب من الحلق نقل عن الصحابة : نظر بعض التابعين إلى رجل أحفى شاربه فقال : ذكرتنى أصحاب رسول الله صلى الله عليه وسلم . وقال المغيرة ابن شعبة « نَظَرَ إِلَيَّ رَسُولُ اللهِ صلى الله عليه وسلم (٢) وَقَدْ طَالَ شَارِبِي فَقَالَ تَعَالَ فَقُصَّهُ لِي عَلَى سِوَاكٍ »

ولا بأس بترك سباليه وهما طرفا الشارب، فعل ذلك عمر وغيره ، لأن ذلك لا يستر الفم ، ولا يبقى فيه غمر الطعام ، إذ لا يصل اليه . وقوله صلى الله عليه وسلم « اعْفُوا اللِّحَى » أى كثروها . وَفِي الْخَبَرِ « أَنَّ الْيَهُودَ (٣) يُعْفُونَ شَوَارِبَهُمْ وَيَقُصُّونَ لِحَاهُمْ فَخَالِفُوهُمْ » وكره بعض العلماء الحلق ورآه بدعه

الثالث : شعر الأبط . ويستحب نتفه فى كل أربعين يوما مرة ، وذلك سهل على من تعوّد نتفه فى الابتداء ، فأما من تعود الحلق فيكفيه الحلق ، إذ فى النتف تعذيب وإبلام ، والمقصود النظافة ، وأن لا يجتمع الوسخ فى خللها ، ويحصل ذلك بالحلق

الرابع : شعر العانة . ويستحب إزالة ذلك إما بالحلق أو بالنورة ؛ ولا ينبغى أن تتأخر عن أربعين يوماً

الخامس : الأظفار وتقليمها مستحب لشناعة صورتها إذا طالت ، ولما يجتمع فيها من الوسخ ، قال رسول الله صلى الله عليه وسلم [1] « يا أبا هريرة قلم أظفارك فإن الشيطان يقعد على ما طال منها » ولو كان تحت الظفر وسخ فلا يمنع ذلك صحة الوضوء ، لأنه لا يمنع وصول الماء ، ولأنه يتساهل فيه للحاجة ، لاسيما فى أظفار الرجل ، وفى الأوساخ التى تجتمع على البراجم وظهور الأرجل والأيدى من العرب وأهل السواد ، وكان رسول الله صلى الله عليه وسلم يأمرهم بالقلم ، وينكر عليهم ما يرى تحت أظفارهم من الأوساخ ، ولم يأمرهم بإعادة الصلاة ، ولو أمر به لكان فيه فائدة أخرى وهو التغليظ والزجر عن ذلك

ولم أر فى الكتب خبراً مرويا فى ترتيب قلم الأظفار ، ولكن سمعت أنه صلى الله عليه وسلم [2] بدأ بمسبحته اليمنى ، وختم بإبهامه اليمنى ، وابتدأ فى اليسرى بالخنصر إلى الإبهام . ولما تأملت فى هذا خطر لى من المعنى ما يدل على أن الرواية فيه صحيحة ، إذ مثل هذا المعنى لا ينكشف ابتداء إلا بنور النبوة ، وأما العالم ذو البصيرة فغايته أن يستنبطه من العقل بعد نقل الفعل إليه . فالذى لاح لى فيه ، والعلم عند الله سبحانه ، أنه لا بد من قلم أظفار اليد والرجل ، واليد أشرف من الرجل فيبدأ بها ، ثم اليمنى أشرف من اليسرى فيبدأ بها ، ثم على اليمنى خمسة أصابع ، والمسبحة أشرفها ، إذ هى المشيرة فى كلمتى الشهادة من جملة الأصابع ، ثم بعدها ينبغى أن يبتدئ بما على يمينها ، إذ الشرع يستحب إدارة الطهور وغيره على اليمنى ، وإن وضعت ظهر الكف على الأرض فالإبهام هو اليمين ، وإن وضعت بطن الكف فالوسطى هى اليمنى ، واليد إذا تركت بطبعها كان الكف مائلا إلى جهة الأرض ، إذ جهة حركة اليمين إلى اليسار ، واستتمام الحركة إلى اليسار يجعل ظهر الكف عاليا ، فما يقتضيه الطبع أولى ، ثم إذا وضعت الكف على الكف صارت الأصابع فى حكم حلقة دائرة ، فيقتضى ترتيب الدور الذهاب عن يمين المسبحة إلى أن يعود إلى المسبحة ، فتقع البداءة

(١) حديث يا أبا هريرة قلم ظفرك فان الشيطان يقعد على ما طال منها . الخطيب فى الجامع باسناد ضعيف من حديث جابر قصوا أظافيركم فان الشيطان يجرى ما بين اللحم والظفر

Lajna - 252

بخنصر اليسرى ، والختم بإبهامها ، ويبقى إبهام اليمنى فيختم به التقليم . وإنما قدرت الكف موضوعة على الكف حتى تصير الأصابع كأشخاص فى حلقة ليظهر ترتيبها ، وتقدير ذلك أولى من تقدير وضع الكف على ظهر الكف ، أو وضع ظهر الكف على ظهر الكف ، فإن ذلك لا يقتضيه الطبع . وأما أصابع الرجل فالأولى عندى أن لم يثبت فيها نقل ، أن يبدأ بخنصر اليمنى ، ويختم بخنصر اليسرى كما فى التخليل ، فإن المعانى التى ذكرناها فى اليد لا تتجه هاهنا إذ لا مسبحة فى الرجل ، وهذه الأصابع فى حكم صف واحد ثابت على الأرض ، فيبدأ من جانب اليمنى ، فإن تقديرها حلقة بوضع الأخمص على الأخمص يأباه الطبع بخلاف اليدين . وهذه الدقائق فى الترتيب تنكشف بنور النبوّة فى لحظة واحدة ، وإنما يطول التعب علينا . ثم لو سئلنا ابتداء عن الترتيب فى ذلك ربما لم يخطر لنا ، وإذا ذكرنا فعله صلى الله عليه وسلم وترتيبه ربما تيسر لنا بما عاينه صلى الله عليه وسلم بشهادة الحكم وتنبيهه على المعنى استنباط المعنى

ولا تظنن أن أفعاله صلى الله عليه وسلم فى جميع حركاته كانت خارجة عن وزن وقانون وترتيب ، بل جميع الأمور الاختيارية التى ذكرناها يتردد فيها الفاعل بين قسمين أو أقسام ، كأن لا يقدم على واحد معين بالاتفاق ، بل بمعنى يقتضى الاقدام والتقديم ، فان الاسترسال مهملا كما يتفق سجية البهائم ، وضبط الحركات بموازين المعانى سجية أولياء الله تعالى . وكلما كانت حركات الإنسان وخطراته إلى الضبط أقرب ، وعن الإهمال وتركه سدى أبعد ، كانت مرتبته إلى رتبة الأنبياء والأولياء أكثر ، وكان قربه من الله عز وجل أظهر ، إذ القريب من النبى صلى الله عليه وسلم هو القريب من الله عز وجل ، والقريب من الله لابد أن يكون قريبا ، فالقريب من القريب قريب بالإضافة إلى غيره . فنعوذ بالله أن يكون زمام حركاتنا وسكناتنا فى يد الشيطان بواسطة الهوى

واعتبر فى ضبط الحركات باكتحاله صلى الله عليه وسلم [1] « فَإِنَّهُ كَانَ يَكْتَحِلُ فِي عَيْنِهِ الْيُمْنَى ثَلَاثًا ، وَفِي الْيُسْرَى اثْنَيْنِ فَيَبْدَأُ بِالْيُمْنَى لِشَرَفِهَا » وتفاوته بين العينين لتكون الجملة وترا ، فإن للوتر فضلا عن الزوج ، فإن الله سبحانه وتر يحب الوتر ، فلا ينبغى أن يخلو

(١) حديث كان يكتحل فى عينه اليمنى ثلاثا وفى اليسرى اثنين الطبرانى من حديث ابن عمر باسناد ضعيف

Lajna - 253

فعل العبد من مناسبة لوصفه من أوصاف الله تعالى ، ولذلك استحب الإيتار فى الإستجمار ، وإنما لم يقتصر على الثلاث وهو وتر لأن اليسرى لايخصها إلا واحدة . والغالب أن الواحدة لاتستوعب أصول الأجفان بالكحل ، وإنما خصص اليمين بالثلاث لأن التفضيل لابد منه للإيتار واليمين أفضل فهى بالزيادة أحق

فإن قلت : فلم اقتصر على اثنين لليسرى وهى زوج ؟

فالجواب أن ذلك ضرورة ، إذ لو جعل لكل واحدة وترا كان المجموع زوجا ، إذ الوتر مع الوتر زوج ، ورعايته الإيتار فى مجموع الفعل وهو فى حكم الخصلة الواحدة أحب من رعايته فى الآحاد ، ولذلك أيضاً وجه ، « وهُوَ أَنْ يَكْتَحِلَ فِى كُلِّ وَاحِدَةٍ ثَلَاثًا » على قياس الوضوء ، وقد نقل ذلك فى الصحيح[1] وهو الأولى . ولو ذهبت أستقصى دقائق ماراعاه صلى الله عليه وسلم فى حركاته لطال الأمر ، فقس بما سمعته مالم تسمعه

واعلم أن العالم لا يكون وارثا للنبى صلى الله عليه وسلم إلا إذا اطلع على جميع معانى الشريعة ، حتى لا يكون بينه وبين النبى صلى الله عليه وسلم إلا درجة واحدة ، وهى درجة النبوة ، وهى الدرجة الفارقة بين الوارث والموروث ، إذ الموروث هو الذى حصل المال له واشتغل بتحصيله واقتدر عليه ، والوارث هو الذى لم يحصل ولم يقدر عليه ولكن انتقل اليه وتلقاه منه بعد حصوله له ، فأمثال هذه المعانى مع سهولة أمرها بالإضافة إلى الأغوار والأسرار لا يستقل بدركها ابتداء إلا الأنبياء ، ولايستقل باستنباطها تلقيا بعد تنبيه الأنبياء عليها إلا العلماء الذين هم ورثة الأنبياء عليهم السلام

السادس والسابع : زيادة السرة وقلفة الحشفة . أما السرة فتقطع فى أول الولادة ، وأما التطهير بالختان فعادة اليهود فى اليوم السابع من الولادة ومخالفتهم بالتأخير إلى أن يثغر الولد أحب وأبعد عن الخطر ، قال صلى الله عليهم وسلم[2] «الْخِتَانُ سُنَّةٌ لِلرِّجَالِ وَمَكْرُمَةٌ لِلنِّسَاءِ» وينبغى أن لا يبالغ فى خفض المرأة قال صلى الله عليه وسلم : لأم عطية وكانت تخفض «يَا أُمَّ

الثامنة : ما طال من اللحية . وإنما أخرناها لنلحق بها ما فى اللحية من السنن والبدع ، إذ هذا أقرب موضع يليق به ذكرها : وقد اختلفوا فيما طال منها : فقيل : ان قبض الرجل على لحيته وأخذ ما فضل عن القبضة فلا بأس ، فقد فعله ابن عمر وجماعة من التابعين ، واستحسنه الشعبى وابن سيرين ، وكرهه الحسن وقتادة ، وقالا : تركها عافية أحب ، لقوله صلى الله عليه وسلم « اعْفُوا اللِّحَى » والأمر فى هذا قريب إن لم ينته إلى تقصيص اللحية وتدويرها من الجوانب ، فإن الطول المفرط قد يشوه الخلقة ويطلق ألسنة المغتابين بالنبذ اليه ، فلا بأس بالاحتراز عنه على هذه النية : وقال النخعى : عجبت لرجل عاقل طويل اللحية كيف لا يأخذ من لحيته ويجعلها بين لحيتين ، فإن التوسط فى كل شىء حسن ، ولذلك قيل : كلما طالت اللحية تشمر العقل

فصل

وفى اللحية عشر خصال مكروهة ، وبعضها أشد كراهة من بعض . خضابها بالسواد ، وتبييضها بالكبريت ، ونتفها ، ونتف الشيب منها ، والنقصان منها ، والزيادة فيها ، وتشريجها تصنعا لأجل الرياء ، وتركها شعثة إظهارا للزهد ، والنظر إلى سوادها عجبا بالشباب ، وإلى بياضها تكبرا بعلو السن ، وخضابها بالحمرة والصفرة من غير نية تشبها بالصالحين

أما الأول وهو الخضاب بالسواد . فهو منهى عنه لقوله صلى الله عليه وسلم [٢] « خَيْرُ شَبَابِكُمْ مَنْ تَشَبَّهَ بِشُيُوخِكُمْ وَشَرُّ شُيُوخِكُمْ مَنْ تَشَبَّهَ بِشَبَابِكُمْ » والمراد بالتشبه بالشيوخ

فى الوقار لا فى تبييض الشعر [١] ونهى عن الخضاب بالسواد وقال : هو خضاب [٢] أهل النار وفى لفظ آخر الخضاب بالسواد خضاب الكفار، وتزوج رجل على عهد عمر رضى الله عنه وكان يخضب بالسواد ، فنصل خضابه وظهرت شيبته ، فرفعه أهل المرأة إلى عمر رضى الله عنه ، فرد نكاحه وأوجعه ضربا ، وقال : غررت القوم بالشباب ولبست عليهم شيبتك . ويقال : أول من خضب بالسواد فرعون لعنه الله . وعن ابن عباس رضى الله عنهما عن النبي صلى الله عليه وسلم أنه قال [٣] « يكون فى آخر الزمان قوم يخضبون بالسواد كحواصل الحمام لا يريحون رائحة الجنة »

الثانى: الخضاب بالصفرة والحمرة ، وهو جائز تلبيسا للشيب على الكفار فى الغزو والجهاد ، فإن لم يكن على هذه النية بل للتشبه بأهل الدين فهو مذموم وقد قال رسول الله صلى الله عليه وسلم [٤] « الصفرة خضاب المسلمين والحمرة خضاب المؤمنين » وكانوا يخضبون بالحناء للحمرة وبالخلوق والكتم للصفرة ، وخضب بعض العلماء بالسواد لأجل الغزو ، وذلك لا بأس به إذا صحت النية ولم يكن فيه هوى وشهوة

الثالث : تبييضها بالكبريت استعجالاً لإظهار علو السن ، توصلاً إلى التوقير وقبول الشهادة والتصديق بالرواية عن الشيوخ ، وترفعا عن الشباب ، وإظهاراً لكثرة العلم ، ظناً بأن كبرة الأيام تعطيه فضلاً ، وهيهات ، فلا يزيد كبر السن للجاهل إلا جهلا ، فالعلم ثمرة العقل ، وهى غريزة ، ولا يؤثر الشيب فيها ، ومن كانت غريزته الحمق فطول المدة يؤكد

حماقته ، وقد كان الشيوخ يقدمون الشباب بالعلم : كان عمر بن الخطاب رضى الله عنه يقدم ابن عباس وهو حديث السن على أكابر الصحابة ويسأله دونهم . وقال ابن عباس رضى الله عنهما ما آتى الله عز وجل عبدا علما إلا شابا والخير كله فى الشباب ، ثم تلا قوله عز وجل : (قَالُوا سَمِعْنَا فَتًى يَذْكُرُهُمْ يُقَالُ لَهُ إِبْرَاهِيمُ *) وقوله تعالى (إِنَّهُمْ فِتْيَةٌ آمَنُوا بِرَبِّهِمْ وَزِدْنَاهُمْ هُدًى *) وقوله تعالى : (وَآتَيْنَاهُ الْحُكْمَ صَبِيًّا *)

وكان أنس رضى الله عنه يقول:(١) « قُبِضَ رَسُولُ اللهِ صلى الله عليه وسلم وَلَيْسَ فى رَأْسِهِ وَلِحْيَتِهِ عِشْرُونَ شَعَرَةً بَيْضَاءَ . فَقِيلَ لَهُ يَاأَبَا حَمْزَةَ فَقَدْ أَسَنَّ ، فَقَالَ : لَمْ يَشِنْهُ اللهُ بِالشَّيْبِ ، فَقِيلَ : أَهُوَ شَيْنٌ ؟؟ فَقَالَ كُلُّكُمْ يَكْرَهُهُ » ويقال (٢) إِنَّ يَحْيَى بْنَ أَكْثَمَ وَلِيَ الْقَضَاءَ وَهُوَ ابْنُ إِحْدَى وَعِشْرِينَ سَنَةً فَقَالَ لَهُ رَجُلٌ فِى مَجْلِسِهِ يُرِيدُ أَنْ يُخْجِلَهُ بِصِغَرِ سِنِّهِ : كَمْ سِنُّ الْقَاضِى أَيَّدَهُ اللهُ ؟ فقال مِثْلُ سِنِّ عَتَّابِ بْنِ أَسِيدٍ حِينَ وَلَّاهُ رَسُولُ اللهِ صلى الله عليه وسلم إِمَارَةَ مَكَّةَ وَقَضَاءَهَا فَأَفْحَمَهُ »

• وروى عن مالك رحمه الله أنه قال : قرأت فى بعض الكتب لا تغرنكم اللحى فإن التيس له لحية . وقال أبو عمرو بن العلاء : إذا رأيت الرجل طويل القامة صغير الهامة عريض اللحية فاقض عليه بالحمق . ولو كان أمية بن عبد شمس . وقال أيوب السختيانى : أدركت الشيخ ابن ثمانين سنة يتبع الغلام يتعلم منه . وقال على بن الحسين : من سبق إليه العلم قبلك فهو إمامك فيه وإن كان أصغر سنا منك . وقيل لأبى عمرو بن العلاء : أيحسن من الشيخ أن يتعلم من الصغير ؟

(٢) حديث أن يحى بن أكثم ولى القضاء وهو ابن احدى وعشرين سنة فقيل له كم سن القاضى فقال مثل سن عتاب بن أسيد حين ولاه رسول الله صلى الله عليه وسلم امارة مكة وقضاءها يوم الفتح وأنا أكبر من معاذ بن جبل حين وجه به رسول الله صلى الله عليه وسلم قاضيا على أهل اليمن الخطيب فى التاريخ باسناد فيه نظر وما ذكره ابن أكثم صحيح بالنسبة الى عتاب بن أسيد فانه كان حين الولاية ابن عشرين سنة وأما بالنسبة الي معاذ فانما يتم له ذلك على قول يحى بن سعيد الانصاري ومالك وابن أبي حاتم انه كان حين مات ابن ثمان وعشرين سنة والمرجح أنه مات ابن ثلاثة وثلاثين سنة فى الطاعون سنة ثمانية عشر والله أعلم

فقال : إن كان الجهل يقبح به فالتعلم يحسن به . وقال يحيى بن معين لأحمد بن حنبل وقد رآه يمشي خلف بغلة الشافعي : يا أبا عبد الله تركت حديث سفيان بعلوه وتمشي خلف بغلة هذا الفتي وتسمع منه فقال له أحمد : لو عرفت لكنت تمشي من الجانب الآخر إن علم سفيان إن فاتني بعلو أدركته بنزول وإن عقل هذا الشاب إن فاتني لم أدركه بعلو ولا نزول

الرابع : نَتف بياضها استنكافا من الشيب . وقد « نَهى عَلَيْهِ السَّلَامُ[1] عَنْ نَتْفِ الشَّيْبِ وَقَالَ هُوَ نُورُ الْمُؤْمِنِ » وهو في معنى الخضاب بالسواد. وعلة الكراهية ماسبق، والشيب نور الله تعالى ، والرغبة عنه رغبة عن النور .

الخامس : نتفها أو نتف بعضها بحكم العبث والهوس ، وذلك مكروه ومشوه للخلقة ونتف الْفِنيكَيْنِ بدعة وهما جانبا العنفقة . شهد عند عمر بن عبد العزيز رجل كان ينتف فَنِيكَيْه ، فرد شهادته . ورد عمر بن الخطاب رضى الله عنه وابن أبي ليلى قاضي المدينة شهادة من كان ينتف لحيته . وأما نتفها في أول النبات تشبها بالمرد فمن المنكرات الكبار ، فإن اللحية زينة الرجال ، فإن لله سبحانه ملائكة يُقْسمون : والذى زين بنى آدم باللحى ، وهو من تمام الخلق ، وبها يتميز الرجال عن النساء . وقيل في غريب التأويل : اللحية هي المراد بقوله تعالى : (يَزِيدُ فِي الْخَلْقِ مَا يَشَاءُ *) قال أصحاب الأحنف بن قيس : وددنا أن نشترى للأحنف لحية ولو بعشرين ألفا . وقال شريح القاضي : وددت أن لى لحية ولو بعشرة آلاف . وكيف تكره اللحية وفيها تعظيم الرجل ، والنظر اليه بعين العلم والوقار والرفع في المجالس ، وإقبال الوجوه اليه ، والتقديم على الجماعة ، ووقاية العرض ، فان من يشتم يعرض باللحية إن كان للمشتوم لحية . وقد قيل : إن أهل الجنة مرد إلا هرون أخا موسى صلى الله عليهما وسلم ، فإن له لحية إلى سرته تخصيصا له وتفضيلا

السادس : تقصيصها كالتعبية طاقة على طاقة للتزين للنساء والتصنع . قال كعب : يكون في آخر الزمان أقوام يقصون لحاهم كذنب الحمامة ، ويعرقبون نعالهم كالمناجل ، أولئك لا خلاق لهم

السابع : الزيادة فيها وهو أن يزيد فى شعر العارضين من الصدغين ، وهو من شعر الرأس حتى يجاوز عظم اللحى وينتهى إلى نصف الخد ، وذلك يباين هيئة أهل الصلاح

الثامن : تسريحها لأجل الناس ، قال بشر : فى اللحية شركان : تسريحها لأجل الناس ، وتركها متفتلة لإظهار الزهد .

التاسع والعاشر : النظر فى سوادها وفى بياضها بعين العجب ، وذلك مذموم فى جميع أجزاء البدن ، بل فى جميع الأخلاق والأفعال على ما سيأتى بيانه

فهذا ما أردنا أن نذكره من أنواع التزين والنظافة ، وقد حصل من ثلاثة أحاديث من سنن الجسد اثنتا عشرة خصلة : خمس منها فى الرأس ، وهى [1] فرق شعر الرأس ، والمضمضة ، والاستنشاق [2] وقص الشارب ، والسواك ، وثلاثة فى اليد والرجل ، وهى : القلم ، وغسل البراجم [3] وتنظيف الرواجب . وأربعة فى الجسد ، وهى نتف الإبط ، والاستحداد ، والختان ، والاستنجاء بالماء ، فقد وردت الأخبار بمجموع ذلك . وإذا كان غرض هذا الكتاب التعرض للطهارة الظاهرة دون الباطنة فلنقتصر على هذا . وليتحقق أن فضلات الباطن وأوساخه التى يجب التنظيف منها أكثر من أن تحصى ، وسيأتى تفصيلها فى ربع المهلكات مع تعريف الطرق فى إزالتها وتطهير القلب منها ، إن شاء الله عز وجل

بسم الله الرحمن الرحيم

الحمد لله الذى غمر العباد بلطائفه ، وعمر قلوبهم بأنوار الدين ووظائفه ، الذى تنزل عن عرش الجلال إلى السماء الدنيا من درجات الرحمة إحدى عواطفه ، فارق الملوك مع التفرد بالجلال والكبرياء بترغيب الخلق فى السؤال والدعاء فقال : هَلْ مِنْ دَاعٍ فَأَسْتَجِيبَ لَهُ ؟ وَهَلْ مِنْ مُسْتَغْفِرٍ فَأَغْفِرَ لَهُ ، وباين السلاطين بفتح الباب ورفع الحجاب ، فرخص للعباد فى المناجاة بالصلوات كيفما تقلبت بهم الحالات فى الجماعات والخلوات ، ولم يقتصر على الرخصة بل تلطف بالترغيب والدعوة ، وغيره من ضعفاء الملوك لا يسمح بالخلوة إلا بعد تقديم الهدية والرشوة . فسبحانه ما أعظم شأنه وأقوى سلطانه ، وأتم لطفه وأعم إحسانه ! والصلاة على محمد نبيه المصطفى ، ووليه المجتبى ، وعلى آله وأصحابه مفاتيح الهدى ، ومصابيح الدجى ، وسلم تسليما

أما بعد : فان الصلاة عماد الدين ، وعصام اليقين ، ورأس القربات ، وغرة الطاعات . وقد استقصينا فى فن الفقه فى بسيط المذهب ووسيطه ووجيزه أصولها وفروعها ، صارفين جمام العناية إلى تفاريعها النادرة ووقائعها الشاذة ، لتكون خزانة للمفتى منها يستمد ، ومعولا له اليها يفزع ويرجع . ونحن الآن فى هذا الكتاب نقتصر على ما لا بد للمريد منه من أعمالها الظاهرة وأسرارها الباطنة ، وكاشفون من دقائق معانيها الخفية فى معانى الخشوع والإخلاص والنية ما لم تجر العادة بذكره فى فن الفقه ، ومرتبون الكتاب على سبعة أبواب : (الباب الأول) فى فضائل الصلاة . قال صلى الله عليه وسلم: (١) « صَلاةُ الْجَمَاعَةِ تَفضُلُ صَلاةَ الْفَذِّ بِسَبْعٍ وعِشْرِينَ دَرجَةً » وروى أبو هريرة « أَنَّهُ صلى الله عليه وسلم فَقَدَ نَاساً فِى بَعْضِ الصَّلَوَاتِ فَقَالَ (٢): لَقَدْ هَمَمْتُ أَنْ آمُرَ رَجُلاً يُصَلِّى بِالنَّاسِ ثُمَّ أُخَالِفَ إِلَى رِجَالٍ يَتَخَلَّفُونَ عَنْهَا فَأُحَرِّقَ بُيُوتَهُمْ » وفى رواية أخرى « ثُمَّ أُخَالِفَ إِلَى رِجَالٍ يَتَخَلَّفُونَ عَنْهَا فَآمُرَ بِهِمْ فَتُحَرَّقَ عَلَيْهِمْ بُيُوتُهُمْ بِحُزَمِ الْحَطَبِ وَلَوْ عَلِمَ أَحَدُهُمْ أَنَّهُ يَجِدُ عَظْماً سَمِيناً أَوْ مِرْمَاتَيْنِ لَشَهِدَهَا » يعنى صلاة العشاء . وقال عثمان رضى الله عنه مرفوعاً (٣) « مَنْ شَهِدَ الْعِشَاءَ فَكَأَنَّمَا قَامَ نِصْفَ لَيْلَةٍ ، وَمَنْ شَهِدَ الصُّبْحَ فَكَأَنَّمَا قَامَ لَيْلَةً » وقال صلى الله عليه وسلم : (٤) « مَنْ صَلَّى صَلاةً فِى جَمَاعَةٍ فَقَدْ مَلأَ نَحْرَهُ عِبَادَةً »

وقال سعيد ابن المسيّب : مَا أَذَّنَ مؤذن منذ عشرين سنة إلا وأنا فى المسجد . وقال محمد بن واسع : ما أشتهى من الدنيا إلا ثلاثة : أخاً إنه إن تعوّجت قوّمنى ، وقُوتاً من الرزق عفوا من غير تبعة ، وصلاةً فى جماعة يرفع عنى سهوها ويكتب لى فضلها . وروى أن أبا عبيدة بن الجراح أمَّ قوما مرة فلما انصرف قال : مازال الشيطان بى آنفا حتى أريت ان لى فضلا على غيرى ، لاأؤم أبدا . وقال الحسن : لاتصلوا خلف رجل لايختلف إلى العلماء وقال النخعى : مثل الذى يؤم الناس بغير علم مثل الذى يكيل الماء فى البحر لايدرى زيادته من نقصانه. وقال حاتم الأصم : فاتتنى الصلاة فى الجماعة فعزانى أبو إسحاق البخارى وحده، ولو مات لى ولد لعزانى أكثر من عشرة آلاف لأن مصيبة الدين أهون عند الناس من مصيبة الدنيا

وقال ابن عباس رضى الله عنهما : من سمع المنادى فلم يجب لم يرد خيرا ولم يرد به خير . وقال أبو هريرة رضى الله عنه : لأن تملأ أذن ابن آدم رصاصا مذابا خير له من أن يسمع النداء ثم لا يجيب . وروى أن ميمون بن مهران أتى المسجد فقيل له : إن الناس قد انصرفوا فقال : إنا لله وإنا إليه راجعون لفضل هذه الصلاة أحب إلى من ولايه العراق . وقال صلى الله عليه وسلم[1] « مَنْ صلَّى أَرْبَعِينَ يَوْماً الصَّلَوات فى جَماعَةٍ لاَ تَفُوتُهُ فِيهَا تَكْبِيرَةُ الإِحْرامِ كَتَبَ اللهُ لَهُ بَراءَتَيْنِ بَراءَةً مِنَ النِّفاقِ ، وَبَراءَةً مِنَ النَّارِ »

ويقال : إنه إذا كان يوم القيامة يحشر قوم وجوههم كالكوكب الدرى : فتقول لهم الملائكة : ما كانت أعمالكم ؟ فيقولون : كنا إذا سمعنا الأذان قمنا الى الطهارة لا يشغلنا غيرها ، ثم تحشر طائفة وجوههم كالأقمار فيقولون بعد السؤال : كنا نتوضأ قبل الوقت ، ثم تحشر طائفة وجوههم كالشمس فيقولون : كنا نسمع الأذان فى المسجد . وروى أن السلف كانوا يعزون أنفسهم ثلاثة أيام إذا فاتتهم التكبيرة الأولى ، ويعزون سبعا إذا فاتتهم الجماعة

مِنَ اللهِ إلاّ بُعْداً » والصلاة مناجاة فكيف تكون مع الغفلة . وقال بكر بن عبد الله : يا ابن آدم إذا شئت أن تدخل على مولاك بغير إذن وتكلمه بلا ترجمان دخلت . قيل : وكيف ذلك ؟ قال تسبغ وضوأك وتدخل محرابك فاذا أنت قد دخلت على مولاك بغير إذن فتكلمه بغير ترجمان . وعن عائشة رضى الله عنها قالت : « كَانَ رَسُولُ اللهِ صلى الله عليه وسلم (١) يُحَدِّثُنَا وَنُحَدِّثُهُ فَإِذَا حَضَرَتِ الصَّلَاةُ فَكَأَنَّهُ لَمْ يَعْرِفْنَا وَلَمْ نَعْرِفْهُ » لاشتغالاً بعظمة الله عز وجل

وكيف تصبر على ذلك؟ قال بلغنى أن الفساق يصبرون تحت أسواط السلطان ليقال فلان صبور ويفتخرون بذلك فأنا قائم بين يدى ربى أفأتحرك لذبابة

ويروى عن مسلم بن يسار أنه كان إذا أراد الصلاة قال لأهله : تحدثوا أنتم فانى لست أسمعكم. ويروى عنه أنه كان يصلى يوما فى جامع البصرة فسقطت ناحية من المسجد فاجتمع الناس لذلك فلم يشعر به حتى انصرف من الصلاة . وكان علىّ بن أبى طالب رضى الله عنه وكرم وجهه إذا حضر وقت الصلاة يتزلزل ويتلوّن وجهه . فقيل له : مالك ياأمير المؤمنين ؟ فيقول : جاء وقت أمانةٍ عرَضها الله على السموات والأرض والجبال فأَبَيْن أن يحملنها وأشفقن منها وحملتها . ويروى عن علىّ بن الحسين أنه كان إذا توضأ اصفر لونه فيقول له أهله : ماهذا الذى يعتريك عند الوضوء؟ فيقول : أتدرون بين يدى من أريد أن أقوم ؟

ويروى عن ابن عباس رضى الله عنهما أنه قال قال داود صلى الله عليه وسلم فى مناجاته : إلهى من يسكن بيتك وممن تتقبل الصلاة ؟ فاوحى الله إليه : باداود إنما يسكن بيتى وأقبل الصلاة منه مَن تواضع لعظمتى ، وقطع نهاره بذكرى ، وكف نفسَه عن الشهوات من أجلى، يطعم الجائع ، ويؤوى الغريب ، ويرحم المصاب ، فذلك الذى يضىء نوره فى السموات كالشمس ، إن دعانى لبّيته ، وإن سألنى أعطيته ، أجعل له فى الجهل حلما ، وفى الغفلة ذكرا، وفى الظلمة نورا ، وانما مثله فى الناس كالفردوس فى أعلى الجنان لاتيبس أنهارها ولاتتغير ثمارها

ويروى عن حاتم الأصم رضى الله عنه أنه سئل عن صلاته فقال : إذا حانت الصلاة أسبغت الوضوء وأتيت الموضع الذى أريد الصلاة فيه فأقعد فيه حتى تجتمع جوارحى ؛ ثم أقوم إلى صلاتى وأجعل الكعبة بين حاجبى والصراط تحت قدمى والجنة عن يمينى والنار عن شمالى وملك الموت ورائى أظنها آخر صلاتى ، ثم أقوم بين الرجاء والخوف ، وأكبر تكبيرا بتحقيق ، وأقرأ قراءة بترتيل ، وأركع ركوعا بتواضع ، وأسجد سجودا بتخشع ، وأقعد على الورك الأيسر ، وأفرش ظهر قدمها وأنصب القدم اليمنى على الابهام ، وأتبعها الأخلاص ، ثم لاأدرى أقبلت منى أم لا . وقال ابن عباس رضى الله عنهما : ركعتان مقتصدتان فى تفكر خير من قيام ليلة والقلب ساه

ويراعى فى ركبتيه ومعقد نطاقه الانتصاب . وأما رأسه إن شاء تركه على استواء القيام ، وإن شاء أطرق ، والإطراق أقرب للخشوع وأغض للبصر ، وليكن بصره محصوراً على مصلاه الذى يصلى عليه ، فإن لم يكن له مصلى فليقرب من جدار الحائط أوليخط خطا ، فان ذلك يقصر مسافة البصر ويمنع تفرّق الفكر ، وليحجر على بصره أن يجاوز أطراف المصلى وحدود الخط ، وليدم على هذا القيام كذلك إلى الركوع من غير التفات . هذا أدب القيام

فاذا استوى قيامه واستقباله وإطراقه كذلك فليقرأ قل أعوذ برب الناس تحصنا به من الشيطان ، ثم ليأت بالاقامة ، وان كان يرجو حضور من يقتدى به فليؤذن أوّلا ثم ليحضر النية ، وهو أن ينوى فى الظهر مثلا ويقول بقلبه : أؤدى فريضة الظهر لله ، ليميزها بقوله أؤدى عن القضاء ، وبالفريضة عن النفل ، وبالظهر عن العصر وغيره ، ولتكن معانى هذه الألفاظ حاضرة فى قلبه فإنه هو النية ، والألفاظ مذكرات وأسباب لحضورها ، ويجتهد أن يستديم ذلك إلى آخر التكبير حتى لا يعزب

بكفيه منكبيه ، وبإبهاميه شحمتى أذنيه ، وبرءوس أصابعه رءوس أذنيه ، ليكون جامعا بين الأخبار الواردة فيه ، ويكون مقبلا بكفيه وإبهاميه إلى القبلة ، ويبسط الأصابع ولا يقبضها ، ولا يتكلف فيها تفريجا ولا ضما ، بل يتركها على مقتضى طبعها ، إذ نقل فى الأثر النَّشْرُ والضَّمُّ (١) وهذا بينهما ، فهو أولى

وإذا استقرت اليدان فى مقرهما ابتدأ التكبير مع إرسالهما وإحضار النية . ثم يضع اليدين على ما فوق السرة وتحت الصدر ، ويضع اليمنى على اليسرى إكراما لليمنى : بأن تكون محمولة ، وينشر المسبحة والوسطى من اليمنى على طول الساعد ، ويقبض بالابهام والخنصر والبنصر على كوع اليسرى . وقد روى (٢) أَنَّ التَّكْبِيرَ مَعَ رَفْعِ الْيَدَيْنِ وَمَعَ (٣) اسْتِقْرَارِهِمَا وَمَعَ الْإِرْسَالِ (٤) فكل ذلك لا حرج فيه ، وأراه بالارسال أليق ، فانه كلمة العقد ، ووضع إحدى اليدين على الأخرى فى صورة العقد ، ومبدؤه الارسال وآخره الوضع . ومبدأ التكبير الألف وآخره الراء ، فيليق مراعاة التطابق بين الفعل والعقد . وأما رفع اليد فكالمقدمة لهذه البداية . ثم لا ينبغى أن يرفع يديه إلى قدام رفعا عند التكبير ولا يردهما إلى خلف منكبيه ، ولا ينفضهما عن يمين وشمال نفضا إذا فرغ من التكبير ، ويرسلهما إرسالا خفيفا رفيقا ، ويستأنف وضع اليمين على الشمال بعد الارسال . وفى بعض الروايات « أَنَّه صلى الله عليه وسلم (٥) كَانَ إِذَا كَبَّرَ أَرْسَلَ يَدَيْهِ وَإِذَا أَرَادَ أَنْ يَقْرَأَ وَضَعَ

الركوع ولواحقه

ثم يركع ويراعي فيه أموراً ، وهو أن يكبر للركوع ، وأن يرفع يديه مع تكبيرة الركوع ، وأن يمد التكبير مدا إلى الانتهاء إلى الركوع ، وأن يضع راحتيه على ركبتيه في الركوع وأصابعه منشورة موجهة نحو القبلة على طول الساق ، وأن ينصب ركبتيه ولا يثنيهما ، وأن يمد ظهره مستويا ، وأن يكون عنقه ورأسه مستويين مع ظهره كالصفيحة الواحدة ، لا يكون رأسه أخفض ولا أرفع ، وأن يجافي مرفقيه عن جنبيه ، وتضم المرأة مرفقيها إلى جنبيها ، وأن يقول : سبحان ربي العظيم ثلاثا ، والزيادة إلى السبعة وإلى العشر حسن إن لم يكن إماما ، ثم يرتفع من الركوع إلى القيام ، ويرفع يديه ويقول : سمع الله لمن حمده ، ويطمئن في الاعتدال ويقول : ربنا لك الحمد ملء السموات وملء الأرض وملء ما شئت من شيء بعد ، ولا يطول هذا القيام إلا في صلاة التسبيح والكسوف والصبح (١) « وَيَقْنُتُ فِي الصُّبْحِ » في الركعة الثانية بالكلمات المأثورة قبل السجود

ثم يرفع من السجود فيطمئن جالسا معتدلا ، فيرفع رأسه مكبرا ويجلس على رجله اليسرى ، وينصب قدمه اليمنى ، ويضع يديه على فخذيه والأصابع منشورة ولا يتكلف ضمها ولا تفريجها ، ويقول : رب اغفر لى وارحمنى وارزقنى واهدنى واجبرنى وعافنى واعف عنى . ولا يطول هذه الجلسة إلا فى سجود التسبيح ، ويأتى بالسجدة الثانية كذلك ، ويستوى منها جالسا جلسة خفيفة للاستراحة فى كل ركعة لا تشهد عقيبها ، ثم يقوم فيضع اليد على الأرض ، ولا يقدم إحدى رجليه فى حال الارتفاع ، ويمد التكبير حتى يستغرق ما بين وسط ارتفاعه من القعود إلى وسط ارتفاعه إلى القيام ، بحيث تكون الهاء من قوله : الله ، عند استوائه جالسا ، وكاف أكبر عند اعتماده على اليد للقيام ، وراء أكبر فى وسط ارتفاعه إلى القيام ، ويبتدئ فى وسط ارتفاعه إلى القيام حتى يقع التكبير فى وسط انتقاله ، ولا يخلو عنه إلا طرفاه ، وهو أقرب إلى التعميم ، ويصلى الركعة الثانية كالأولى ، ويعيد التعوذ كالابتداء

لكن يجلس في الأخير على وركه الأيسر ، لأنه ليس مستوفزا للقيام بل هو مستقر ، ويضجع رجله اليسرى خارجة من تحته ، وينصب اليمنى ، ويضع رأس الابهام إلى جهة القبلة إن لم يشق عليه ، ثم يقول : السلام عليكم ورحمة الله ، ويلتفت يمينا بحيث يرى خده الأيمن من وراءه من الجانب اليمين ، ويلتفت شمالا كذلك ، ويسلم تسليمة ثانية ، وينوى الخروج من الصلاة بالسلام ، وينوى بالسلام من على يمينه من الملائكة والمسلمين فى الأولى . وينوى مثل ذلك فى الثانية [1] ويجزم التسليم ولا يمده مدا ، فهو السنة . وهذه هيئة صلاة المنفرد . ويرفع صوته بالتكبيرات ، ولا يرفع صوته إلا بقدر مايسمع نفسه

[illegible] ويجعل يديه على الأرض كالكلب . وعند أهل الحديث : أن يجلس على ساقيه جاثيا وليس على الأرض منه إلا رءوس أصابع الرجلين والركبتين

وأما السدل. فمذهب أهل الحديث فيه : أن يلتحف بثوبه ويدخل يديه من داخل فيركع ويسجد كذلك . وكان هذا فعل اليهود فى صلاتهم فنهوا عن التشبه بهم ، والقميص فى معناه ، فلا ينبغى أن يركع ويسجد ويداه فى بدن القميص . وقيل معناه : أن يضع وسط الإزار على رأسه ويرسل طرفيه عن يمينه وشماله من غير أن يجعلهما على كتفيه والأول أقرب

وأما الكف . فهو أن يرفع ثيابه من بين يديه أو من خلفه إذا أراد السجود ، وقد يكون الكف فى شعر الرأس فلا يصلين وهو عاقص شعره ، والنهى للرجال . وفى الحديث[1] « أُمِرْتُ أَنْ أَسْجُدَ عَلَى سَبْعَةِ أَعْضَاءٍ وَلَا أَكُفَّ شَعْراً وَلَا ثَوْباً » وكره أحمد بن حنبل رضى الله عنه أن يأتزر فوق القميص فى الصلاة ورآه من الكف

وأما الإختصار. فإن يضع يديه على خاصرتيه

وأما الصلب . فأن يضع يديه على خاصرتيه فى القيام ويجافى بين عضديه فى القيام

وأما المواصلة فهى خمسة ، اثنان على الإمام : أن لا يصل قراءته بتكبيرة الإحرام ، ولا ركوعه بقراءته ؛ واثنان على المأموم : أن يصل تكبيرة الإحرام بتكبيرة الإمام ، ولا تسليمة بتسليمة ؛ وواحدة بينهما : أن لا يصل تسليمة الفرض بالتسليمة الثانية ، وليفصل بينهما

وأما الحاقن : فمن البول ، والحاقب : من الغائط ، والحاذق : صاحب الخف الضيق ، فإن كل ذلك يمنع من الخشوع ، وفى معناه الجائع والمهتم ، وفهم نهى الجائع من قوله صلى الله عليه وسلم[2] « إِذَا حَضَرَ الْعَشَاءُ وَأُقِيمَتِ الصَّلَاةُ فَابْدَءُوا بِالْعَشَاءِ » إلا أن يضيق الوقت أو يكون ساكن القلب . وفى الخبر[3] « لَا يَدْخُلَنَّ أَحَدُكُمُ الصَّلَاةَ وَهُوَ مُقْطِبٌ وَلَا

يصلين أحدكم وهو غضبان » وقال الحسن : كل صلاة لا يحضر فيها القلب فهي إلى العقوبة أسرع . وفي الحديث[1] «سَبْعَةُ أَشْيَاءَ فِي الصَّلاةِ مِنَ الشَّيْطَانِ : الرُّعَافُ وَالنُّعَاسُ وَالْوَسْوَسَةُ . وَالتَّثَاؤُبُ . وَالْحِكَاكُ وَالِالْتِفَاتُ وَالْعَبَثُ بِالشَّيْءِ » وزاد بعضهم السهو والشك . وقال بعض السلف : أربعة في الصلاة من الجفاء : الالتفات ، ومسح الوجه ، وتسوية الحصى وأن تصلي بطريق من يمر بين يديك ، ونهى أيضا عن أن يشبك أصابعه[2] أو يفرقع أصابعه[3] أو يستر وجهه[4] أو يضع إحدى كفيه على الأخرى ويدخلهما بين فخذيه[5] في الركوع . وقال بعض الصحابة رضي الله عنهم : كنا نفعل ذلك فنهينا عنه . ويكره أيضاً أن ينفخ في الأرض عند السجود للتنظيف ، وأن يسوي الحصى بيده فإنها أفعال مستغنى عنها ، ولا يرفع إحدى قدميه فيضعها على فخذه ، ولا يستند في قيامه إلى حائط ، فإن استند بحيث لو سل ذلك الحائط لسقط فالأظهر بطلان صلاته . والله أعلم

تمييز الفرائض والسنن

جملة ماذكرناه يشتمل على فرائض وسنن وآداب وهيآت مما ينبغي لمريد طريق الآخرة أن يراعي جميعها

فالفرض من جملتها اثنتا عشرة خصلة : النية ، والتكبير ، والقيام ، والفاتحة ، والانحناء في الركوع إلى أن تنال راحتاه ركبتيه ، مع الطمأنينة ، والاعتدال عنه قائما ، والسجود مع الطمأنينة ، ولا يجب وضع اليدين ، والاعتدال عنه قاعدا ، والجلوس للتشهد الأخير ، والتشهد الأخير ، والصلاة على النبي صلى الله عليه وسلم ، والسلام الأول ، فأمّا نية الخروج فلا تجب . وما عدا هذا فليس بواجب بل هي سنن وهيآت فيها وفي الفرائض

أما السنن فمن الأفعال أربعة . رفع اليدين في تكبيرة الاحرام ، وعند الهوىّ إلى الركوع ، وعند الارتفاع إلى القيام ، والجلسة للتشهد الأول ، فأما ماذكرناه من كيفية نشر الأصابع وحدّ رفعها فهي هيآت تابعة لهذه السنة ، والتورك ، والافتراش هيآت تابعة للجلسة ، والاطراق : وترك الالتفات هيآت للقيام وتحسين صورته ، وجلسة الاستراحة لم نعدّها من أصول السنة في الأفعال لأنها كالتحسين لهيئة الارتفاع من السجود إلى القيام لأنها ليست مقصودة في نفسها ، ولذلك لم تفرد بذكر

وأما السنن من الاذكار فدعاء الاستفتاح ، ثم التعوذ ، ثم قوله آمين فإنه سنة مؤكدة ، ثم قراءة السورة ، ثم تكبيرات الانتقالات ، ثم الذكر في الركوع والسجود والاعتدال عنهما ، ثم التشهد الأوّل ، والصلاة فيه على النبي صلى الله عليه وسلم . ثم الدعاء في آخر التشهد الاخير ، ثم التسليمة الثانية ، وهذه وإن جمعناها في اسم السنة فلها درجات متفاوتة إذ تجبر أربعة منها بسجود السهو

وأما من الأفعال فواحدة وهي الجلسة الأولى للتشهد الأوّل فانها مؤثرة في ترتيب نظم الصلاة في أعين الناظرين حتى يعرف بها أنها رباعية أم لا ، بخلاف رفع اليدين فإنه لا يؤثر في تغيير النظم ، فعبر عن ذلك بالبعض . وقيل الابعاض تجبر بالسجود

Lajna - 283

وأما الأذكار فكلها لاتقتضى سجود السهو إلا ثلاثة : القنوت ، والتشهد الأوّل ، والصلاة على النبي صلى الله عليه وسلم فيه ، بخلاف تكبيرات الانتقالات وأذكار الركوع والسجود والاعتدال عنهما ، لأن الركوع والسجود فى صورتهما مخالفان للعادة ويحصل بهما معنى العبادة مع السكوت عن الاذكار وعن تكبيرات الانتقالات ، فعدم تلك الأذكار لاتغير صورة العبادة

وأما الجلسة للتشهد الاول ففعل معتاد وما زيدت إلا للتشهد ، فتركها ظاهر التأثير . وأما دعاء الاستفتاح والسورة فتركهما لايؤثر مع أن القيام صار معمورا بالفاتحة ومميزا عن العادة بها . وكذلك الدعاء فى التشهد الأخير والقنوت أبعد مايجبر بالسجود ، ولكن شرع مدّ الاعتدال فى الصبح لأجله ، فكان كمد جلسة الاستراحة ، إذ صارت بالمد مع التشهد جلسة للتشهد الأوّل فبقى هذا قياما ممدودا معتادا ليس فيه ذكر واجب ، وفى الممدود احتراز عن غير الصبح ، وفى خلوه عن ذكر واجب احتراز عن أصل القيام فى الصلاة

فان قلت : تمييز السنن عن الفرائض معقول إذ تفوت الصحة بفوت الفرض دون السنة ويتوجه العقاب به دونها ، فأما تمييز سنة عن سنة والكل مأمور به على سبيل الاستحباب ولا عقاب فى ترك الكل والثواب موجود على الكل فما معناه ؟

فاعلم أن اشتراكهما فى الثواب والعقاب والاستحباب لايرفع تفاوتهما . ولنكشف ذلك لك بمثال ، وهو : أن الأنسان لايكون إنسانا موجودا كاملا إلا بمعنى باطن وأعضاء ظاهرة ، فالمعنى الباطن هو الحياة والروح ، والظاهر أجسام أعضائه ، ثم بعض تلك الأعضاء ينعدم الانسان بعدمها كالقلب والكبد والدماغ وكل عضو تفوت الحياة بفواته ، وبعضها لاتفوت بها الحياة ولكن يفوت بها مقاصد الحياة كالعين واليد والرجل واللسان ، وبعضها لايفوت بها الحياة ولا مقاصدها ولكن يفوت بها الحسن كالحاجبين واللحية والأهداب وحسن اللون ، وبعضها لايفوت بها أصل الجمال ولكن كماله كاستقواس الحاجبين وسواد شعر اللحية والأهداب وتناسب خلقة الأعضاء وامتزاج الحمرة بالبياض فى اللون . فهذه درجات متفاوته . فكذلك العبادة صورة صورها الشرع وتعبدنا باكتسابها .

Lajna - 284

فروحها وحياتها الباطنة الخشوع والنية وحضور القلب والاخلاص كما سيأتى ونحن الآن فى أجزائها الظاهرة ، فالركوع والسجود والقيام وسائر الأركان تجرى منها مجرى القلب والرأس والكبد ، إذ يفوت وجود الصلاة بفواتها ، والسنن التى ذكرناها من رفع اليدين ودعاء الإستفتاح والتشهد الأول تجرى منها مجرى اليدين والعينين والرجلين ولا تفوت الصحة بفواتها كما لا تفوت الحياة بفوات هذه الأعضاء ، ولكن يصير الشخص بسبب فواتها مشوه الخلقة مذموما غير مرغوب فيه ، فكذلك من اقتصر على أقل ما يجرى من الصلاة كان كمن أهدى إلى ملك من الملوك عبداً حيا مقطوع الأطراف

وأما الهيآت وهى ماوراء السنن فتجرى مجرى أسباب الحسن من الحاجبين واللحية والأهداب وحسن اللون

وأما وظائف الأذكار فى تلك السنن فهى مكملات للحسن كاستقواس الحاجبين واستدارة اللحية وغيرها ، فالصلاة عندك قربة وتحفة تتقرب بها إلى حضرة ملك الملوك كوصيفة يهديها طالب القربة من السلاطين اليهم ، وهذه التحفة تعرض على الله عز وجل ثم ترد عليك يوم العرض الاكبر ، فاليك الخيرة فى تحسين صورتها وتقبيحها ، فان أحسنت فلنفسك وان أسأت فعليها ، ولا ينبغى أن يكون حظك من ممارسة الفقه أن يتميز لك السنة عن الفرض فلا يعلق بفهمك من أوصاف السنة الا أنه يجوز تركها فتتركها ، فان ذلك يضاهى قول الطبيب : إن فقء العين لا يبطل وجود الانسان ولكن يخرجه عن أن يصدق رجاء المتقرب فى قبول السلطان إذا أخرجه فى معرض الهدية ، فهكذا ينبغى أن تفهم مراتب السنن والهيآت والآداب ، فكل صلاة لم يتم الانسان ركوعها وسجودها فهى الخصم الاول على صاحبها ، تقول ضيعك الله كما ضيعتنى . فطالع الاخبار التى أوردناها فى كمال أركان الصلاة ليظهر لك وقعها .

الباب الثالث

فى الشروط الباطنة من أعمال القلب

ولنذكر فى هذا الباب ارتباط الصلاة بالخشوع وحضور القلب ، ثم نذكر المعانى الباطنة وحدودها وأسبابها وعلاجها ، ثم لنذكر تفصيل ماينبغى أن يحضر فى كل ركن من أركان الصلاة لتكون صالحة لزاد الآخرة

بيان اشتراط الخشوع وحضور القلب

اعلم أن أدلة ذلك كثيرة ، فمن ذلك قوله تعالى (أَقِمِ الصَّلَاةَ لِذِكْرِى *) وظاهر الأمر الوجوب ، والغفلة تضاد الذكر ، فمن غفل فى جميع صلاته كيف يكون مقيما للصلاة لذكره ، وقوله تعالى (وَلَا تَكُنْ مِنَ الْغَافِلِينَ *) نهى ، وظاهره التحريم . وقوله عزوجل : (حَتَّى تَعْلَمُوا مَا تَقُولُونَ *) تعليل لنهي السكران وهو مطرد فى الغافل المستغرق الهم بالوسواس وأفكار الدنيا . وقوله صلى الله عليه وسلم « إِنَّمَا الصَّلَاةُ تَمَسْكُنٌ وَتَوَاضُعٌ » حصر بالالف واللام ، وكلمة إنما للتحقيق والتوكيد ، وقد فهم الفقهاء من قوله عليه السلام « إِنَّمَا الشُّفْعَةُ فِيمَا لَمْ يُقْسَمْ » الحصر والاثبات والنفى . وقوله صلى الله عليه وسلم : « مَنْ لَمْ تَنْهَهُ صَلَاتُهُ عَنِ الْفَحْشَاءِ وَالْمُنْكَرِ لَمْ يَزْدَدْ مِنَ اللهِ إِلَّا بُعْدًا » وصلاة الغافل لاتمنع من الفحشاء والمنكر

وقال صلى الله عليه وسلم : [1] « كَمْ مِنْ قَائِمٍ حَظُّهُ مِنْ صَلَاتِهِ التَّعَبُ وَالنَّصَبُ » وما أراد به إلا الغافل . وقال صلى الله عليه وسلم [2] « لَيْسَ لِلْعَبْدِ مِنْ صَلَاتِهِ إِلَّا مَا عَقَلَ مِنْهَا »

والتحقيق فيه أن المصلى [١] مُنَاجٍ رَبَّهُ عَزَّ وَجَلَّ كما ورد به الخبر ، والكلام مع الغفلة ليس بمناجاة ألبتة . وبيانه : أن الزكاة إن غفل الانسان عنها مثلا فهى فى نفسها مخالفة للشهوة شديدة على النفس وكذا الصوم قاهر للقوى كاسر لسطوة الهوى الذى هو آلة للشيطان عدو الله ، فلا يبعد أن يحصل منها مقصود مع الغفلة . وكذلك الحج أفعاله شاقة شديدة ، وفيه من المجاهدة ما يحصل به الإيلام ، كان القلب حاضراً مع أفعاله أو لم يكن

أما الصلاة فليس فيها إلا ذكر وقراءة وركوع وسجود وقيام وقعود . فأما الذكر فانه محاورة ومناجاة مع الله عز وجل ، فاما أن يكون المقصود منه كونه خطابا ومحاورة ، أو المقصود منه الحروف والأصوات امتحانا للسان بالعمل ، كما تمتحن المعدة والفرج بالإمساك فى الصوم ، وكما يمتحن البدن بمشاق الحج ، ويمتحن القلب بمشقة إخراج الزكاة واقتطاع المال المعشوق . ولا شك أن هذا القسم باطل ، فان تحريك اللسان بالهذيان ما أخفّه على الغافل ، فليس فيه امتحان من حيث إنه عمل ، بل المقصود الحروف من حيث إنه نطق ، ولا يكون نطقا إلا إذا أعرب عما فى الضمير ، ولا يكون معربا إلا بحضور القلب . فأى سؤال فى قوله : (اهْدِنَا الصِّرَاطَ الْمُسْتَقِيمَ *) إذا كان القلب غافلا ، وإذا لم يقصد كونه تضرعا ودعاء فأى مشقة فى تحريك اللسان به مع الغفلة ، لا سيما بعد الاعتياد هذا حكم الأذكار

بل أقول : لو حلف الانسان وقال لأشكرن فلانا وأثنى عليه وأسأله حاجة ، ثم جرت الألفاظ الدالة على هذه المعانى على لسانه فى النوم ، لم يبر فى يمينه ، ولو جرت على لسانه فى ظلمة وذلك الانسان حاضر وهو لا يعرف حضوره ولا يراه لا يصير باراً فى يمينه ، إذ لا يكون كلامه خطابا ونطقا معه ما لم يكن هو حاضراً فى قلبه ، فلو كانت تجرى هذه الكلمات على لسانه وهو حاضر إلا أنه فى بياض النهار غافل لكونه مستغرق الهم بفكر من الأفكار ولم يكن له قصد توجيه الخطاب اليه عند نطقه ، لم يصر باراً فى يمينه ، ولا شك فى أن المقصود من القراءة والأذكار الحمد والثناء والتضرع والدعاء ، والمخاطب هو الله عز وجل ، وقلبه بحجاب الغفلة محجوب عنه فلا يراه ولا يشاهده ، بل هو غافل عن المخاطب

ولسانه يتحرك بحكم العادة ، فما أبعد هذا عن المقصود بالصلاة التى شرعت لتصقيل القلب وتجديد ذكر الله عز وجل ورسوخ عقد الإيمان به : هذا حكم القراءة والذكر وبالجملة فهذه الخاصية لا سبيل إلى إنكارها فى النطق وتمييزها عن الفعل

وأما الركوع والسجود فالمقصود بهما التعظيم قطعا ، ولو جاز أن يكون معظما لله عز وجل بفعله وهو غافل عنه لجاز أن يكون معظما لصنم موضوع بين يديه وهو غافل عنه أو يكون معظما للحائط الذى بين يديه وهو غافل عنه ، وإذا خرج عن كونه تعظيما لم يبق إلا مجرد حركة الظهر والرأس ، وليس فيه من المشقة ما يقصد الامتحان به ثم يجعله عماد الدين والفاصل بين الكفر والإسلام ويقدم على الحج وسائر العبادات ، ويجب القتل بسبب تركه على الخصوص

وما أرى أن هذه العظمة كلها للصلاة من حيث أعمالها الظاهرة إلا أن يضاف اليها مقصود المناجاة ، فإن ذلك يتقدم على الصوم والزكاة والحج وغيره ، بل الضحايا والقرابين التى هى مجاهدة للنفس بتنقيص المال ، قال الله تعالى : (لَنْ يَنَالَ اللهَ لُحُومُهَا وَلَا دِمَاؤُهَا وَلَـٰكِنْ يَنَالُهُ التَّقْوَىٰ مِنْكُمْ *) أى الصفة التى استولت على القلب حتى حملته على امتثال الأوامر هى المطلوبة ، فكيف الأمر فى الصلاة ولا أرب فى أفعالها ؟ فهذا ما يدل من حيث المعنى على اشتراط حضور القلب

فإن قلت : إن حكمت ببطلان الصلاة وجعلت حضور القلب شرطا فى صحتها خالفت إجماع الفقهاء ؛ فإنهم لم يشترطوا إلا حضور القلب عند التكبير

فاعلم أنه قد تقدم فى كتاب العلم أن الفقهاء لا يتصرفون فى الباطن ولا يشقون عن القلوب ولا فى طريق الآخرة ، بل يبنون ظاهر أحكام الدين على ظاهر أعمال الجوارح ، وظاهر الأعمال كاف لسقوط القتل وتعزير السلطان ، فأما أنه ينفع فى الآخرة فليس هذا من حدود الفقه . على أنه لا يمكن أن يدعى الإجماع ، فقد نقل عن بشر بن الحارث فيما رواه عنه أبو طالب المكى عن سفيان الثورى أنه قال : من لم يخشع فسدت صلاته . وروى

* الحج : ٣٧

Lajna - 288

عن الحسن أنه قال : كل صلاة لا يحضر فيها القلب فهى إلى العقوبة أسرع . وعن معاذ ابن جبل : من عرف من على يمينه وشماله متعمداً وهو فى الصلاة فلا صلاة له

وروى أيضاً مسنداً قال رسول الله صلى الله عليه وسلم :[1] « إِنَّ الْعَبْدَ لَيُصَلِّى الصَّلَاةَ لَا يُكْتَبُ لَهُ سُدْسُهَا وَلَا عُشْرُهَا وَإِنَّمَا يُكْتَبُ لِلْعَبْدِ مِنْ صَلَاتِهِ مَا عَقَلَ مِنْهَا » وهذا لو نقل عن غيره لجعل مذهبا فكيف لا يتمسك به . وقال عبد الواحد بن زيد : أجمعت العلماء على أنه ليس للعبد من صلاته إلا ما عقل منها . فجعله إجماعا . وما نقل من هذا الجنس عن الفقهاء المتورعين وعن علماء الآخرة أكثر من أن يحصى . والحق الرجوع إلى أدلة الشرع ، والأخبار والآثار ظاهرة فى هذا الشرط ، إلا أن مقام الفتوى فى التكليف الظاهر يتقدر بقدر قصور الخلق ، فلا يمكن أن يشترط على الناس إحضار القلب فى جميع الصلاة ، فإن ذلك يعجز عنه كل البشر إلا الأقلين . وإذا لم يمكن اشتراط الاستيعاب للضرورة فلا مرد له ، إلا أن يشترط منه ما ينطلق عليه الاسم ولو فى اللحظة الواحدة ، وأولى اللحظات به لحظة التكبير ، فاقتصرنا على التكليف بذلك

ونحن مع ذلك نرجو أن لا يكون حال الغافل فى جميع صلاته مثل حال التارك بالكلية ، فإنه على الجملة أقدمَ على الفعل ظاهراً وأحضر القلب لحظة ، وكيف لا والذى صلى مع الحدث ناسيا صلاته باطلة عند الله تعالى ولكن له أجر مّا بحسب فعله وعلى قدر قصوره وعذره ، ومع هذا الرجاء فيخشى أن يكون حاله أشد من حال التارك وكيف لا والذى يحضر الخدمة ويتهاون بالحضرة ويتكلم بكلام الغافل المستحقر أشد حالا من الذى يعرض عن الخدمة . وإذا تعارض أسباب الخوف والرجاء وصار الأمر مخطراً فى نفسه فإليك الخيرة بعده فى الاحتياط والتساهل ، ومع هذا فلا مطمع فى مخالفة الفقهاء فيما أفتوا به من الصحة مع الغفلة ، فإن ذلك من ضرورة الفتوى كما سبق التنبيه عليه . ومن عرف سر الصلاة علم أن الغفلة تضادها ، ولكن قد ذكرنا فى باب الفرق بين العلم الباطن والظاهر فى كتاب قواعد العقائد أن قصور الخلق أحد الأسباب المانعة عن التصريح بكل ما ينكشف من أسرار الشرع

فلنقتصر على هـذا القدر من البحث ، فإن فيه مقنعا للمريد الطالب لطريق الآخرة وأما المجادل المشغب فلسنا نقصد مخاطبته الآن

وحاصل الكلام أن حضور القلب هو روح الصلاة ، وأن أقل ما يبقى به رمق الروح الحضور عند التكبير فالنقصان منه هلاك ، وبقدر الزيادة عليه تنبسط الروح فى أجزاء الصلاة ، وكم من حى لا حراك به قريب من ميت . فصلاة الغافل فى جميعها إلا عند التكبير كمثل حى لا حراك به . نسأل الله حسن العون

بيان المعانى الباطنة التى تتم بها حياة الصلاة

اعلم أن هذه المعانى تكثر العبارات عنها ، ولكن يجمعها ست جمل ، وهى : حضور القلب ، والتفهم ، والتعظيم ، والهيبة ، والرجاء ، والحياء . فلنذكر تفاصيلها ثم أسبابها ثم العلاج فى اكتسابها

أما التفاصيل فالأول حضور القلب ، ونعنى به أن يفرغ القلب عن غير ما هو ملابس له ومتكلم به ، فيكون العلم بالفعل والقول مقرونا بهما ، ولا يكون الفكر جائلا فى غيرهما ومهما انصرف الفكر عن غير ما هو فيه وكان فى قلبه ذكر لما هو فيه ولم يكن فيه غفلة عن كل شىء فقد حصل حضور القلب ، ولكن التفهم لمعنى الكلام أمر وراء حضور القلب ، فربما يكون القلب حاضراً مع اللفظ ولا يكون حاضراً مع معنى اللفظ ، فاشتمال القلب على العلم بمعنى اللفظ هو الذى أردناه بالتفهم . وهذا مقام يتفاوت الناس فيه ، إذ ليس يشترك الناس فى تفهم المعانى للقرءان والتسبيحات . وكم من معان لطيفة يفهمها المصلى فى أثناء الصلاة ولم يكن قد خطر بقلبه ذلك قبله . ومن هذا الوجه كانت الصلاة ناهية عن الفحشاء والمنكر ، فإنها تفهم أموراً تلك الأمور تمنع عن الفحشاء لا محالة

وأما التعظيم : فهو أمر وراء حضور القلب والفهم ، إذ الرجل يخاطب عبده بكلام هو حاضر القلب فيه ومتفهم لمعناه ولا يكون معظما له ، فالتعظيم زائد عليهما

وأما الهيبة : فزائدة على التعظيم ، بل هى عبارة عن خوف منشؤه التعظيم ، لأن من لا يخاف لا يسمى هائبا ، والمخافة من العقرب وسوء خلق العبد وما يجرى مجراه من

Lajna - 290

من الأسباب الخسيسة لا نسمى مهابة ، بل الخوف من السلطان المعظم يسمى مهابة ، والهيبة خوف مصدرها الاجلال

وأما الرجاء : فلا شك أنه زائد ، فكم من معظم ملكا من الملوك يهابه أو يخاف سطوته ولكن لا يرجو مثوبته ، والعبد ينبغى أن يكون راجيا بصلاته ثواب الله عز وجل ، كما أنه خائف بتقصيره عقاب الله عز وجل

وأما الحياء : فهو زائد على الجملة ، لأن مستنده استشعار تقصير وتوهم ذنب ، ويتصور التعظيم والخوف والرجاء من غير حياء حيث لا يكون توهم تقصير وارتكاب ذنب

وأما أسباب هذه المعانى الستة فاعلم أن حضور القلب سببه الهمة ، فإن قلبك تابع لهمتك فلا يحضر إلا فيما يهمك ، ومهما أهمك أمر حضر القلب فيه شاء أم أبى ، فهو مجبول على ذلك ومسخر فيه ، والقلب إذا لم يحضر فى الصلاة لم يكن متعطلا بل جائلا فيما الهمة مصروفة إليه من أمور الدنيا ، فلا حيلة ولا علاج لإحضار القلب إلا بصرف الهمة إلى الصلاة ، والهمة لا تنصرف إليها ما لم يتبين أن الغرض المطلوب منوط بها ، وذلك هو الإيمان والتصديق بأن الآخرة خير وأبقى ، وأن الصلاة وسيلة اليها ، فإذا أضيف هذا إلى حقيقة العلم بحقارة الدنيا ومهما تها حصل من مجموعها حضور القلب فى الصلاة ، وبمثل هذه العلة يحضر قلبك إذا حضرت بين يدى بعض الأكابر ممن لا يقدر على مضرتك ومنفعتك ، فإذا كان لا يحضر عند المناجاة مع ملك الملوك الذى بيده الملك والملكوت والنفع والضر فلا تظنن أن له سببا سوى ضعف الإيمان . فاجتهد الآن فى تقوية الإيمان ، وطريقه يستقصى فى غير هذا الموضع

وأما التفهم : فسببه بعد حضور القلب إدمان الفكر وصرف الذهن إلى إدراك المعنى . وعلاجه ما هو علاج إحضار القلب مع الإقبال على الفكر والتشمر لدفع الخواطر وعلاج دفع الخواطر الشاغلة قطع موادها ، أعنى النزوع عن تلك الأسباب التى تنجذب الخواطر اليها ، ومالم تنقطع تلك المواد لا تنصرف عنها الخواطر ، فمن أحب شيئا أكثر ذكره ، فذكر المحبوب يهجم على القلب بالضرورة ، فلذلك ترى أن من أحب غير الله لا تصفو له صلاة عن الخواطر

Lajna - 291

وأما التعظيم: فهى حالة للقلب تتولد من معرفتين إحداهما معرفة جلال الله عز وجل وعظمته وهو من أصول الإيمان ، فان من لا يعتقد عظمته لا تذعن النفس لتعظيمه . الثانية : معرفة حقارة النفس وخستها ، وكونها عبدا مسخرا مربوبا ، حتى يتولد من المعرفتين الاستكانة والانكسار والخشوع لله سبحانه ، فيعبر عنه بالتعظيم ، ومالم تمتزج معرفة حقارة النفس بمعرفة جلال الله لا تنتظم حالة التعظيم والخشوع ، فإن المستغنى عن غيره الآمن على نفسه يجوز أن يعرف من غيره صفات العظمة ولا يكون الخشوع والتعظيم حاله ، لأن القرينة الأخرى وهى معرفة حقارة النفس وحاجتها لم تقترن إليه

وأما الهيبة والخوف : فحالة للنفس تتولد من المعرفة بقدرة الله وسطوته ونفوذ مشيئته فيه مع قلة المبالاة به وأنه لو أهلك الأولين والآخرين لم ينقص من ملكه ذرة ، هذا مع مطالعة ما يجرى على الأنبياء والأولياء من المصائب وأنواع البلاء مع القدرة على الدفع على خلاف مايشاهد من ملوك الأرض . وبالجملة كلما زاد العلم بالله زادت الخشية والهيبة . وسيأتى أسباب ذلك فى كتاب الخوف من ربع المنجيات

وأما الرجاء فسببه معرفة لطف الله عز وجل وكرمه وعميم إنعامه ولطائف صنعه ومعرفة صدقه فى وعده الجنة بالصلاة فإذا حصل اليقين بوعده والمعرفة بلطفه انبعث من مجموعهما الرجاء لا محالة

وأما الحياء فباستشعاره التقصير فى العبادة وعلمه بالعجز عن القيام بعظيم حق الله عز وجل ويقوى ذلك بالمعرفة بعيوب النفس وآفاتها ، وقلة إخلاصها وخبث دَخْلتها ، وميلها إلى الحظ العاجل فى جميع أفعالها ، مع العلم بعظيم مايقتضيه جلال الله عز وجل والعلم بأنه مطلع على السر وخطرات القلب وإن دقت وخفيت ، وهذه المعارف إذا حصلت يقينا انبعث منها بالضرورة حالة تسمى الحياء . فهذه أسباب هذه الصفات وكل ماطلب تحصيله فعلاجه إحضار سببه ، فى معرفة السبب معرفة العلاج ، ورابطة جميع هذه الأسباب الإيمان واليقين : أعنى به هذه المعارف التى ذكرناها ، ومعنى كونها يقينا انتفاء الشك

Lajna - 292

واستيلاؤها على القلب كما سبق فى بيان اليقين من كتاب العلم ، وبقدر اليقين يخشع القلب، ولذلك قالت عائشة رضى الله عنها « كَانَ رَسُولُ اللهِ صلى الله عليه وسلم يُحَدِّثُنَا وَنُحَدِّثُهُ فإِذَا حَضَرَتِ الصَّلاةُ كَأَنَّهُ لَمْ يَعْرِفْنَا وَلَمْ نَعْرِفْهُ »

وقد روى أن الله سبحانه أوحى إلى موسى عليه السلام « يا موسى إذا ذكرتنى فاذكرنى وأنت تنتفض أعضاؤك ، وكن عند ذكرى خاشعا مطمئنا ، وإذا ذكرتنى فاجعل لسانك من وراء قلبك ، وإذا قمت بين يدىّ فقم قيام العبد الذليل وناجنى بقلب وجل ولسان صادق » وروى أن الله تعالى أوحى إليه : قل لعُصاة أمتك لا يذكرونى فإنى آليت على نفسى أن من ذكرنى ذكرته فإذا ذكرونى ذكرتهم باللعنة . هذا فى عاص غير غافل فى ذكره ، فكيف إذا اجتمعت الغفلة والعصيان . وباختلاف المعانى التى ذكرناها فى القلوب انقسم الناس إلى غافل يتمم صلاته ولم يحضر قلبه فى لحظة منها ، وإلى من يتمم ولم يغب قلبه فى لحظة ، بل ربما كان مستوعب الهم بها بحيث لا يحس بما يجرى بين يديه ولذلك لم يحس مسلم ابن يسار بسقوط الاسطوانة فى المسجد اجتمع الناس عليها . وبعضهم كان يحضر الجماعة مدة ولم يعرف قط من على يمينه ويساره ، ووجيب قلب إبراهيم صلوات الله عليه وسلامه كان يسمع على ميلين ، وجماعة كانت تصفر وجوههم وترتعد فرائصهم وكل ذلك غير مستبعد ، فان أضعافه مشاهد فى همم أهل الدنيا وخوف ملوك الدنيا مع عجزهم وضعفهم وخساسة الحظوظ الحاصلة منهم ، حتى يدخل الواحد على ملك أو وزير ويحدثه بمهمته ثم يخرج ولو سئل عمن حواليه أو عن ثوب الملك لكان لا يقدر على الإخبار عنه لاشتغال همه به عن ثوبه وعن الحاضرين حواليه ، ولكلّ درجات مما عملوا فحظ كل واحد من صلاته بقدر خوفه وخشوعه وتعظيمه ، فإن موقع نظر الله سبحانه القلوب دون ظاهر الحركات ، ولذلك قال بعض الصحابة رضى الله عنهم : يحشر الناس يوم القيامة على مثال هيئتهم فى الصلاة من الطمأنينة والهدوّ ، ومن وجود النعيم بها واللذة . ولقد صدق فإنه يحشر كل على ما مات عليه ، ويموت على ما عاش عليه ، ويراعى فى ذلك حال قلبه لا حال شخصه . فمن صفات القلوب تصاغ الصور فى الدار الآخرة ، ولا ينجو إلا من أتى الله بقلب سليم . نسأل الله حسن التوفيق بلطفه وكرمه

بيان الدواء النافع في حضور القلب

اعلم أن المؤمن لابد أن يكون معظما لله عز وجل وخائفا منه وراجيا له ومستحييا من تقصيره ، فلا ينفك عن هذه الأحوال بعد إيمانه وإن كانت قوتها بقدر قوة يقينه ، فانفكاكه عنها في الصلاة لا سبب له إلا تفرق الفكر وتقسم الخاطر وغيبة القلب عن المناجاة والغفلة عن الصلاة ، ولا يلهي عن الصلاة إلا الخواطر الواردة الشاغلة ، فالدواء في إحضار القلب هو دفع تلك الخواطر ، ولا يدفع الشيء إلا بدفع سببه ، فلنعلم سببه

وسبب موارد الخواطر إما أن يكون أمرا خارجا أو أمرا في ذاته باطنا ، أما الخارج فما يقرع السمع أو يظهر للبصر ، فإن ذلك قد يختطف الهم حتى يتبعه ويتصرف فيه ، ثم تنجر منه الفكرة إلى غيره ويتسلسل ، ويكون الإبصار سببا للافتكار ، ثم تصير بعض تلك الأفكار سبباً للبعض ، ومن قويت نيته وعلت همته لم يلهه ما جرى على حواسه ، ولكن الضعيف لابد وأن يتفرق به فكره . وعلاجه قطع هذه الأسباب بأن يغض بصره ، أو يصلي في بيت مظلم ، أو لا يترك بين يديه ما يشغل حسه ، ويقرب من حائط عند صلاته حتى لا تتسع مسافة بصره ، ويحترز من الصلاة على الشوارع ، وفي المواضع المنقوشة المصنوعة ، وعلى الفرش المصبوغة ، ولذلك كان المتعبدون يتعبدون في بيت صغير مظلم سمته قدر السجود ليكون ذلك أجمع للهم . والأقوياء منهم كانوا يحضرون المساجد ويغضون البصر ولا يجاوزون به موضع السجود ، ويرون كمال الصلاة في أن لا يعرفوا من على يمينهم وشمالهم . وكان ابن عمر رضي الله عنهما لا يدع في موضع الصلاة مصحفاً ولا سيفاً إلا نزعه ولا كتابا إلا محاه

وأما الأسباب الباطنة فهي أشد ، فإن من تشعبت به الهموم في أودية الدنيا لا ينحصر فكره في فن واحد ، بل لا يزال يطير من جانب إلى جانب ، وغض البصر لا يغنيه ، فإن ما وقع في القلب من قبل كاف للشغل . فهذا طريقه أن يرد النفس قهراً إلى فهم ما يقرؤه في الصلاة ويشغلها به عن غيره . ويعينه على ذلك أن يستعد له قبل التحريم بأن يجدد على نفسه ذكر الآخرة وموقف المناجاة وخطر المقام بين يدي الله سبحانه وهول المطلع

Lajna - 294

ويفرغ قلبه قبل التحريم بالصلاة عما يهمه ، فلا يترك لنفسه شغلا يلتفت إليه خاطره قال رسول الله صلى الله عليه وسلم لعثمان بن أبي شيبة : (١) « إِنِّي نَسِيتُ أَنْ أَقُولَ لَكَ أَنْ تُخَمِّرَ الْقِدْرَ الَّذِي فِي الْبَيْتِ فَإِنَّهُ لَا يَنْبَغِي أَنْ يَكُونَ فِي الْبَيْتِ شَيْءٌ يَشْغَلُ النَّاسَ عَنْ صَلَاتِهِمْ » فهذا طريق تسكين الأفكار فإن كان لا يسكن هائج أفكاره بهذا الدواء المسكن فلا ينجيه إلا المسهل الذي يقمع مادة الداء من أعماق العروق ، وهو أن ينظر في الأمور الصارفة الشاغلة له عن إحضار القلب ، ولا شك أنها تعود إلى مهماته ، وأنها إنما صارت مهمات لشهواته ، فيعاقب نفسه بالنزوع عن تلك الشهوات وقطع تلك العلائق ، فكل ما يشغله عن صلاته فهو ضد دينه ، وجند إبليس عدوه ، فإمساكه أضر عليه من إخراجه ، فيتخلص منه بإخراجه ، كما روي أنه صلى الله عليه وسلم لما لَبِسَ (٢) الْخَمِيصَةَ التي أتاه بها أبو جَهْمٍ وعليها عَلَم وصلى بها نزعها بعد صلاته وقال صلى الله عليه وسلم : « اذْهَبُوا بِهَا إِلَى أَبِي جَهْمٍ فَإِنَّهَا أَلْهَتْنِي آنِفًا عَنْ صَلَاتِي وَائْتُونِي بِأَنْبِجَانِيَّةِ أَبِي جَهْمٍ » وأمر رسول الله صلى الله عليه وسلم بتجديد شراك نعله ثم نظر اليه في صلاته إذ كان جديداً فأمر أن (٣) ينزع منها ويرد الشراك الْخَلَق . وكان صلى الله عليه وسلم : (٤) قَدِ احْتَذَى نَعْلًا فَأَعْجَبَهُ حُسْنُهَا فَسَجَدَ وقَالَ : « تَوَاضَعْتُ لِرَبِّي عَزَّ وَجَلَّ كَيْ لَا يَمْقُتَنِي » ثم خرج فدفعها إلى أول سائل لقيه ، ثم أمر علياً رضي الله عنه أن يشتري له نعلين سبتيتين جَرْدَاوَيْنِ فَلَبِسَهُمَا . وكان صلى الله عليه وسلم في يده خاتم من ذهب قبل التحريم وكان على المنبر فرماه (٥) وقال : « شَغَلَنِي هَذَا نَظْرَةً إِلَيْهِ وَنَظْرَةً إِلَيْكُمْ » .

وروى أن أبا طلحة [١] صلى فى حائط له فيه شجر فأعجبه دبسى طار فى الشجر يلتمس مخرجا فأتبعه ببصره ساعة ثم لم يدر كم صلى ، فذكر لرسول الله صلى الله عليه وسلم ما أصابه من الفتنة ، ثم قال : يارسول الله هو صدقة فضعه حيث شئت

وعن رجل آخر أنه صلى فى حائط له والنخل مطوقة بثمرها فنظر اليها فأعجبته ولم يدر كم صلى ، فذكر ذلك لعثمان رضى الله عنه وقال : هو صدقة فاجعله فى سبيل الله عز وجل ، فباعه عثمان بخمسين ألفاً ، فكانوا يفعلون ذلك قطعاً لمادة الفكر ، وكفارة لما جرى من نقصان الصلاة . وهذا هو الداء القامع لمادة العلة ، ولا يغنى غيره . فأما ما ذكرناه من التلطف بالتسكين ، والرد إلى فهم الذكر ، فذلك ينفع فى الشهوات الضعيفة ، والهمم التى لا تشغل إلا حواشى القلب . فأما الشهوة القوية المرهقة فلا ينفع فيها التسكين ، بل لا تزال تجاذبها وتجاذبك ثم تغلبك ، وتنقضى جميع صلاتك فى شغل المجاذبة . ومثاله رجل تحت شجرة أراد أن يصفو له فكره وكانت أصوات العصافير تشوش عليه ، فلم يزل يطيرها بخشبة فى يده ويعود إلى فكره ، فتعود العصافير ، فيعود إلى التنقير بالخشبة فقيل له إن هذا سير السوانى ، ولا ينقطع . فإن أردت الخلاص فاقطع الشجرة ، فكذلك شجرة الشهوات إذا تشعبت وتفرعت أغصانها انجذبت اليها الأفكار انجذاب العصافير إلى الأشجار ، وانجذاب الذباب إلى الأفذار ، والشغل يطول فى دفعها ، فإن الذباب كلما ذب آب ولأجله سمى ذبابا ، فكذلك الخواطر

وهذه الشهوات كثيرة ، وقلما يخلو العبد عنها ، ويجمعها أصل واحد وهو حب الدنيا وكذلك رأس كل خطيئة وأساس كل نقصان ومنبع كل فساد . ومن انطوى باطنه على حب الدنيا حتى مال إلى شىء منها لا ليتزود منها ولا ليستعين بها على الآخرة ، فلا يطمعن

فى أن تصفو له لذة المناجاة فى الصلاة فإن من فرح بالدنيا لا يفرح بالله سبحانه وبمناجاته . وهمة الرجل مع قرة عينه فإن كانت قرة عينه فى الدنيا انصرف لامحالة إليها همه، ولكن مع هذا فلا ينبغى أن يترك المجاهدة ، ورد القلب إلى الصلاة ، وتقليل الأسباب الشاغلة. فهذا هو الدواء المر ، ولمرارته استبشعته الطباع ، وبقيت العلة مزمنة ، وصار الداء عضالا ، حتى إن الأكابر اجتهدوا أن يصلوا ركعتين لايحدثوا أنفسهم فيها بأمور الدنيا فعجزوا عن ذلك، فاذاً لا مطمع فيه لأمثالنا ، وليته سلم لنا من الصلاة شطرها أو ثلثها من الوسواس لنكون ممن خلط عملاً صالحاً وآخر سيئاً

عند كل ركن وشرط من أعمال الصلاة

فنقول : حقك إن كنت من المريدين للآخرة أن لاتغفل أوّلا عن التنبيهات التى فى شروط الصلاة وأركانها

أما الشروط السوابق فهى : الأذان ، والطهارة ، وستر العورة ، واستقبال القبلة والانتصاب قائما ، والنية . فإذا سمعت نداء المؤذن فأحضر فى قلبك هول النداء يوم القيامة ، وتشمر بظاهرك وباطنك للإجابة والمسارعة ، فإن المسارعين إلى هذا النداء هم الذين ينادون باللطف يوم العرض الأكبر ، فاعرض قلبك على هذا النداء فإن وجدته مملوءا بالفرح والاستبشار ، مشحونا بالرغبة إلى الابتدار ، فاعلم أنه يأتيك النداء بالبشرى والفوز يوم القضاء . ولذلك قال صلى الله عليه وسلم: (١) « أَرِحْنَا يَا بِلَالُ » أى أرحنا بها وبالنداء اليها إذ كان قرة عينه فيها صلى الله عليه وسلم

وأما الطهارة: فإذا أتيت بها فى مكانك وهو ظرفك الأبعد، ثم فى ثيابك وهى غلافك الأقرب، ثم فى بشرتك وهو قشرك الأدنى، فلا تغفل عن لبك الذى هو ذاتك وهو قلبك، فاجتهد له تطهيرا بالتوبة والندم على مافرطت، وتصميم العزم على الترك فى المستقبل، فطهر بها باطنك فإنه موضع نظر معبودك

وأما ستر العورة: فاعلم أن معناه تغطية مقابح بدنك عن أبصار الخلق، فإن ظاهر بدنك موقع لنظر الخلق، فما بالك فى عورات باطنك وفضائح سرائرك التى لا يطلع عليها إلا ربك عز وجل؟ فأحضر تلك الفضائح ببالك، وطالب نفسك بسترها، وتحقق أنه لا يستر عن عين الله سبحانه ساتر، وإنما يكفرها الندم والحياء والخوف، فتستفيد بإحضارها فى قلبك انبعاث جنود الخوف والحياء من مكامنهما، فتذل بها نفسك، ويستكين تحت الخجلة قلبك، وتقوم بين يدى الله عز وجل قيام العبد المجرم المسىء الآبق الذى ندم فرجع إلى مولاه ناكساً رأسه من الحياء والخوف

وأما الاستقبال: فهو صرف ظاهر وجهك عن سائر الجهات إلى جهة بيت الله تعالى، أفترى أن صرف القلب عن سائر الأمور إلى أمر الله عز وجل ليس مطلوبا منك؟ هيهات! فلا مطلوب سواه، وإنما هذه الظواهر تحريكات للبواطن، وضبط للجوارح، وتسكين لها بالاثبات فى جهة واحدة حتى لا تبغى على القلب، فإنها إذا بغت وظلمت فى حركاتها والتفاتها إلى جهاتها، استتبعت القلب، وانقلبت به عن وجه الله عز وجل، فليكن وجه قلبك مع وجه بدنك، فاعلم أنه كما لا يتوجه الوجه إلى جهة البيت إلا بالانصراف عن غيرها، فلا ينصرف القلب إلى الله عز وجل إلا بالتفرغ عما سواه وقد قال صلى الله عليه وسلم (١) «إِذَا قَامَ الْعَبْدُ إِلَى صَلَاتِهِ فَكَانَ هَوَاهُ وَوَجْهُهُ وَقَلْبُهُ إِلَى اللهِ عَزَّ وَجَلَّ انْصَرَفَ كَيَوْمِ وَلَدَتْهُ أُمُّهُ»

أما الاعتدال قائما: فإنما هو مثول بالشخص والقلب بين يدى الله عز وجل، فليكن رأسك الذى هو أرفع أعضائك مطرقا مطأطئا متنكسا، وليكن وضع الرأس عن ارتفاعه

(١) حديث إذا قام العبد الى صلاته وكان وجهه وهواه الى الله انصرف كيوم ولدته أمه لم أجده

تنبيهاً على الزام القلب التواضع والتذلل والتبرى عن الترؤس والتكبر ، وليكن على ذكرك هاهنا خطر القيام بين يدى الله عز وجل فى هول المطلع عند العرض للسؤال . واعلم فى الحال أنك قائم بين يدى الله عز وجل وهو مطلع عليك ، فقم بين يديه قيامك بين يدى بعض ملوك الزمان إن كنت تعجز عن معرفة كنه جلاله ، بل قدر فى دوام قيامك فى صلاتك أنك ملحوظ ومر قوب بعين كالئة من رجل صالح من أهلك أو ممن ترغب فى أن يعرفك بالصلاح ، فإنه تهدأ عند ذلك أطرافك ، وتخشع جوارحك وتسكن جميع أجزائك خيفة أن ينسبك ذلك العاجز المسكين إلى قلة الخشوع . وإذا أحسست من نفسك بالتماسك عند ملاحظة عبد مسكين فعاتب نفسك وقل لها . إنك تدّعين معرفة الله وحبه أفلا تستحين من استجرائك عليه مع توفيرك عبدا من عباده ، أو تخشين الناس ولا تخشينه وهو أحق أن يخشى ؟ ! ولذلك لما قال [1] أبو هريرة : كيف الحياء من الله ؟ فقال صل الله عليه وسلم « تَسْتَحِى مِنْهُ كَمَا تَسْتَحِى مِنَ الرَّجُلِ الصَّالِحِ مِنْ قَوْمِكَ » وروى : مِنْ أَهْلِكَ

وأما النية : فاعزم على إجابة الله عز وجل فى امتثال أمره بالصلاة وإتمامها ، والكف عن نواقضها ومفسداتها ، وإخلاص جميع ذلك لوجه الله سبحانه رجاء لثوابه وخوفا من عقابه وطلبا للقربة منه ، متقلدا للمنة منه باذنه إياك فى المناجاة مع سوء أدبك وكثرة عصيانك . وعظّم فى نفسك قدر مناجاته ، وانظر من تناجى ، وكيف تناجى ، وبما ذا تناجى ؟ وعند هذا ينبغى أن يعرق جبينك من الخجل ، وترتعد فرائصك من الهيبة ، ويصفر وجهك من الخوف

وأما التكبير : فإذا نطق به لسانك فينبغى أن لا يكذبه قلبك فإن كان فى قلبك شىء هو أكبر من الله سبحانه فالله يشهد إنك لكاذب ، وإن كان الكلام صدقا كما شهد على المنافقين فى قولهم إنه صلى الله عليه وسلم رسول الله ، فان كان هواك أغلب عليك من أمر الله عز وجل

فأنت أطوع له منك لله تعالى، فقد اتخذته إلهك وكبرته ، فيوشك أن يكون قولك الله أكبر كلاماً باللسان المجرد وقد تخلف القلب عن مساعدته ، وما أعظم الخطر فى ذلك لولا التوبة والاستغفار وحسن الظن بكرم الله تعالى وعفوه

وأما دعاء الاستفتاح: فأول كلماته قولك : وجهت وجهى الذى فطر السموات والأرض وليس المراد بالوجه الوجه الظاهر ، فانك إنما وجهته إلى جهة القبلة ، والله سبحانه يتقدس عن أن تحده الجهات حتى تقبل بوجه بدنك عليه . وإنما وجه القلب هو الذى تتوجه به إلى فاطر السموات والأرض . فانظر اليه أمتوجه هو إلى أمانيه وهمه فى البيت والسوق متبع للشهوات ، أو مقبل على فاطر السموات . وإياك أن تكون أول مفاتحتك للمناجاة بالكذب والاختلاق ، ولن ينصرف الوجه إلى الله تعالى إلا بانصرافه عما سواه ، فاجتهد فى الحال فى صرفه اليه وإن عجزت عنه على الدوام فليكن قولك فى الحال صادقا . وإذا قلت : حنيفاً مسلماً ، فينبغى أن يخطر ببالك أن المسلم هو الذى سلم المسلمون من لسانه ويده ، فان لم تكن كذلك كنت كاذبا ، فاجتهد فى أن تعزم عليه فى الاستقبال وتندم على ماسبق من الأحوال . وإذا قلت : وما أنا من المشركين ، فأخطر ببالك الشرك الخفى ، فان قوله تعالى (فَمَنْ كَانَ يَرْجُو لِقَاءَ رَبِّهِ فَلْيَعْمَلْ عَمَلاً صَالِحًا وَلاَ يُشْرِكْ بِعِبَادَةِ رَبِّهِ أَحَدًا *) نزل فيمن يقصد بعبادته وجه الله وحمد الناس ، وكن حذرا مشفقا من هذا الشرك ، واستشعر الخجلة فى قلبك إن وصفت نفسك بأنك لست من المشركين من غير براءة عن هذا الشرك ، فان اسم الشرك يقع على القليل والكثير منه . وإذا قلت : محياى ومماتى لله . فاعلم أن هذا حال عبد مفقود لنفسه موجود لسيده ، وأنه إن صدر ممن رضاه وغضبُه وقيامه وقعوده ورغبته فى الحياة ورهبته من الموت لأمور الدنيا لم يكن ملائما للحال

وإذا قلت : أعوذ بالله من الشيطان الرجيم ، فاعلم أنه عدوك ومترصد لصرف قلبك عن الله عز وجل حسدا لك على مناجاتك مع الله عز وجل وسجودك له ، مع أنه لعن بسبب سجدة واحدة تركها ولم يوفق لها ، وأن استعاذتك بالله سبحانه منه بترك مايحبه وتبديله بما يحب الله عز وجل لايجرد قولك ، فان من قصده سبع أو عدو ليفترسه أو ليقتله فقال :

أعوذ منك بذلك الحصن الحصين وهو ثابت على مكانه فان ذلك لا ينفعه ، بل لا يعيذه إلا تبديل المكان ، فكذلك من يتبع الشهوات التى هى محاب الشيطان ومكاره الرحمن فلا يغنيه مجرد القول . فليقترن قوله بالعزم على التعوذ بحصن الله عز وجل عن شر الشيطان ، وحصنه لا إله إلا الله ، إذ قال عز وجل فيما أخبر عنه نبينا صلى الله عليه وسلم[1] « لَا إِلَٰهَ إِلَّا اللهُ حِصْنِي فَمَنْ دَخَلَ حِصْنِي أَمِنَ مِنْ عَذَابِي » والمتحصن به من لا معبود له سوى الله سبحانه ، فأما من اتخذ إلهه هواه فهو فى ميدان الشيطان لا فى حصن الله عز وجل

واعلم أن من مكايده أن يشغلك فى صلاتك بذكر الآخرة وتدبير فعل الخيرات ليمنعك عن فهم ما تقرأ ، فاعلم أن كل ما يشغلك عن فهم معانى قرائتك فهو وسواس ، فان حركة اللسان غير مقصودة بل المقصود معانيها

فأما القراءة فالناس فيها ثلاثة : رجل يتحرك لسانه وقلبه غافل ، ورجل يتحرك لسانه وقلبه يتبع اللسان فيفهم ويسمع منه كأنه يسمعه من غيره ، وهى درجات أصحاب اليمين ، ورجل يسبق قلبه إلى المعانى أولا ثم يخدم اللسان القلب فيترجمه ، ففرق بين أن يكون اللسان ترجمان القلب أو يكون معلم القلب ، والمقربون لسانهم ترجمان يتبع القلب ولا يتبعه القلب

وتفصيل ترجمة المعانى أنك إذا قلت : بسم الله الرحمن الرحيم فانو به التبرك لابتداء القراءة لكلام الله سبحانه . وافهم أن معناها أن الأمور كلها بالله سبحانه ، وأن المراد بالاسم هاهنا هو المسمى . وإذا كانت الأمور بالله سبحانه فلا جرم كان الحمد لله . ومعناه أن الشكر لله إذ النعم من الله . ومن يرى من غير الله نعمة أو يقصد غير الله سبحانه بشكر لا من حيث إنه مسخر من الله عز وجل ففى تسميته وتحميده نقصان بقدر التفاته إلى غير الله تعالى .

فإذا قلت : الرحمن الرحيم ، فأحضر فى قلبك جميع أنواع لطفه لتتضح لك رحمته فينبعث بها رجاؤك ، ثم استثر من قلبك التعظيم والخوف بقولك : مالك يوم الدين

أما العظمة فلأنه لامُلك إلا له . وأما الخوف فلهول يوم الجزاء والحساب الذى هو مالكه ، ثم جدد الاخلاص بقولك : إياك نعبد ، وجدد العجز والاحتياج والتبرى من الحول والقوة بقولك : وإياك نستعين ، وتحقق أنه ماتيسرت طاعتك إلا باعانته ، وأن له المنة إذ وفقك الله لطاعته ، واستخدمك لعبادته ، وجعلك أهلا لمناجاته ، ولو حرمك التوفيق لكنت من المطرودين مع الشيطان اللعين

ثم إذا فرغت من التعوذ ومن قولك : بسم الله الرحمن الرحيم ، ومن التحميد ، ومن إظهار الحاجة إلى الاعانة مطلقا ، فعين سؤالك ، ولا تطلب إلا أهم حاجاتك ، وقل : اهدنا الصراط المستقيم الذى يسوقنا إلى جوارك ، ويفضى بنا إلى مرضاتك ، وزده شرحا وتفصيلا وتأكيدا واستشهادا بالذين أفاض عليهم نعمة الهداية من النبيين والصديقين والشهداء والصالحين ، دون الذين غضب عليهم من الكفار والزائغين من اليهود والنصارى والصابئين ، ثم التمس الاجابة وقل : آمين

فإذا تلوت الفاتحة كذلك فيشبه أن تكون من الذين قال الله تعالى فيهم فيما أخبر عنه النبى صلى الله عليه وسلم (١) « قَسَمْتُ الصَّلاَةَ بَيْنِي وَبَيْنَ عَبْدِى نِصْفَيْنِ : نِصْفُهَا لِى وَنِصْفُهَا لِعَبْدِى وَلِعَبْدِى مَا سَأَلَ : يَقُولُ الْعَبْدُ : الْحَمْدُ لِلَّهِ رَبِّ الْعَالَمِينَ فَيَقُولُ اللهُ عَزَّ وَجَلَّ : حَمِدَنِى عَبْدِى وَأَثْنَى عَلَىَّ » وهو معنى قوله : سمع الله لمن حمده ـ الحديث الخ : فلو لم يكن لك من صلاتك حظ سوى ذكر الله لك فى جلاله وعظمته فناهيك بذلك غنيمة ، فكيف بما ترجوه من ثوابه وفضله ؟

وكذلك ينبغى أن تفهم مانقرؤه من السور كما سيأتى فى كتاب تلاوة القرآن ، فلا تغفل عن أمره ونهيه ، ووعده ووعيده ، ومواعظه وأخبار أنبيائه وذكر مننه وإحسانه ، ولكل واحد حق ، فالرجاء حق الوعد ، والخوف حق الوعيد ، والعزم حق الأمر والنهى ، والاتعاظ حق الموعظة ، والشكر حق ذكر المنة ، والاعتبار حق أخبار الأنبياء .

وروى أن زرارة بن أوفى لما انتهى إلى قوله تعالى : (فَإِذَا نُقِرَ فِي النَّاقُورِ *) خر ميتاً وكان ابراهيم النخعى إذا سمع قوله تعالى : (إِذَا السَّمَاءُ انْشَقَّتْ *) اضطرب حتى تضرب أوصاله . وقال عبد الله بن واقد : رأيت ابن عمر يصلى مغلوبا عليه . وحق له أن يحترق قلبه بوعد سيده ووعيده ، فانه عبد مذنب ذليل بين يدى جبار قاهر ، وتكون هذه المعانى بحسب درجات الفهم ، ويكون الفهم بحسب وفور العلم وصفاء القلب . ودرجات ذلك لا تنحصر . والصلاة مفتاح القلوب فيها تنكشف أسرار الكلمات . فهذا حق القراءة وهو حق الأذكار والتسبيحات أيضاً

ثم يراعى الهيبة فى القراءة ، فيرتل ولا يسرد ، فان ذلك أيسر للتأمل ، ويفرق بين نغماته فى آية الرحمة والعذاب ، والوعد والوعيد ، والتحميد والتعظيم والتمجيد . كان النخعى إذا مر بمثل قوله عز وجل : (مَا اتَّخَذَ اللهُ مِنْ وَلَدٍ وَمَا كَانَ مَعَهُ مِنْ إِلَهٍ *) يخفض صوته كالمستحى عن أن يذكره بكل شىء لا يليق به . وروى « أَنَّهُ يُقَالُ[1] لِقَارِىءِ الْقُرْآنِ اقْرَأْ وَارْقَ وَرَتِّلْ كَمَا كُنْتَ تُرَتِّلُ فِي الدُّنْيَا »

وأما دوام القيام فانه تنبيه على إقامة القلب مع الله عز وجل على نعت واحد من الحضور . قال صلى الله عليه وسلم : « إِنَّ اللهَ عَزَّ وَجَلَّ[2] مُقْبِلٌ عَلَى الْمُصَلِّي مَا لَمْ يَلْتَفِتْ » وكما تجب حراسة الرأس والعين عن الالتفات إلى الجهات ، فكذلك تجب حراسة السر عن الالتفات إلى غير الصلاة . فاذا التفت إلى غيره فذكره باطلاع الله عليه وبقبح التهاون بالمناجى عند غفلة المناجى ليعود إليه وألزم الخشوع للقلب بأن الخلاص عن الالتفات باطناً وظاهراً ثمرة الخشوع ، ومهما خشع الباطن خشع الظاهر . قال صلى الله عليه وسلم وقد رأى رجلا مصلياً يعبث بلحيته : « أَمَّا هَذَا لَوْ خَشَعَ قَلْبُهُ لَخَشَعَتْ جَوَارِحُهُ » فان الرعية بحكم الراعى . ولهذا ورد فى الدعاء[3] « اللَّهُمَّ أَصْلِحِ الرَّاعِيَ وَالرَّعِيَّةَ » وهو القلب والجوارح

وكان الصديق رضى الله عنه فى صلاته كأنه وتد . وابن الزبير رضى الله عنه كأنه عود وبعضهم كان يسكن فى ركوعه بحيث تقع العصافير عليه كأنه جماد . وكل ذلك يقتضيه الطبع بين يدى من يعظم من أبناء الدنيا ، فكيف لا يتقاضاه بين يدى ملك الملوك عند من يعرف ملك الملوك ؟ وكل من يطمئن بين يدى غير الله عز وجل خاشعا ، وتضطرب أطرافه بين يدى الله عابثاً ، فذلك لقصور معرفته عن جلال الله عز وجل ، وعن اطلاعه على سره وضميره . وقال عكرمة فى قوله عز وجل : (الَّذِى يَرَاكَ حِينَ تَقُومُ وَتَقَلُّبَكَ فِى السَّاجِدِينَ *) قال : قيامه وركوعه وسجوده وجلوسه

وأما الركوع والسجود : فينبغي أن تجدد عندهما ذكر كبرياء الله سبحانه ، وترفع يديك مستجيراً بعفو الله عز وجل من عقابه بتجديد نية ، ومتبعاً سنة نبيه صلى الله عليه وسلم ، ثم تستأنف له ذلاً وتواضعاً بركوعك ، وتجتهد فى ترقيق قلبك وتجديد خشوعك ، وتستشعر ذلك وعز مولاك واتضاعك وعلو ربك وتستعين على تقرير ذلك فى قلبك بلسانك ، فتسبح ربك وتشهد له بالعظمة ، وأنه أعظم من كل عظيم ، وتكرر ذلك على قلبك لتؤكده بالتكرار ، ثم ترتفع من ركوعك راجياً أنه راحم لك ومؤكداً للرجاء فى نفسك بقولك : سمع الله لمن حمده ، أى أجاب لمن شكره

ثم تردف ذلك بالشكر المتقاضى للمزيد فتقول : ربنا لك الحمد . وتكثر الحمد بقولك ملء السموات وملء الأرض . ثم تهوى إلى السجود وهو أعلى درجات الاستكانة ، فتمكن أعز أعضائك وهو الوجه ، من أذل الأشياء وهو التراب . وإن أمكنك أن لا تجعل بينهما حائلا فتسجد على الأرض فافعل ، فإنه أجلب للخشوع ، وأدل على الذل . وإذا وضعت نفسك موضع الذل فاعلم أنك وضعتها موضعها ، ورددت الفرع إلى أصله ، فإنك من التراب خلقت ، وإليه تعود ، فعند هذا جدد على قلبك عظمة الله وقل سبحان ربى الأعلى ، وأكده بالتكرار فإن السكرة الواحدة ضعيفة الأثر فإذا رق قلبك وظهر ذلك فلتصدق رجاءك فى رحمة الله فإن رحمته تتسارع إلى الضعف والذل ، لا إلى التكبر والبطر . فارفع رأسك مكبراً

وسائلاً حاجتك وقائلاً : رب اغفر و ارحم وتجاوز عما تعلم ، أو ما أردت من الدعاء . ثم أكد التواضع بالتكرار فعد إلى السجود ثانياً كذلك

وأما التشهد فاذا جلست له فاجلس متأدبا ، وصرح بأن جميع ما تدلى به من الصلوات والطيبات ، أى من الأخلاق الطاهرة لله . وكذلك الملك لله وهو معنى التحيات ، وأحضر فى قلبك النبي صلى الله عليه وسلم وشخصه الكريم ، وقل سلام عليك أيها النبي ورحمة الله وبركاته . وليصدق أملك فى أنه يبلغه ويرد عليك ما هو أوفى منه . ثم تسلم على نفسك وعلى جميع عباد الله الصالحين، ثم تأمل أن يرد الله سبحانه عليك سلاما وافيا بعدد عباده الصالحين ثم تشهد له تعالى بالوحدانية ، ولمحمد صلى الله عيه وسلم نبيه بالرسالة ، مجدداً عهد الله سبحانه باعادة كلمتى الشهادة ، ومستأنفاً للتحصن بها . ثم ادع فى آخر صلاتك بالدعاء المأثور مع التواضع والخشوع والضراعة والابتهال وصدق الرجاء بالإجابة ، وأشرك فى دعائك أبويك وسائر المؤمنين ، واقصد عند التسليم السلام على الملائكة والحاضرين ، وانو ختم الصلاة به ، واستشعر شكراً لله سبحانه على توفيقه لإتمام هذه الطاعة ، وتوهم أنك مودع لصلاتك هذه وأنك ربما لا تعيش لمثلها . وقال صلى الله عليه وسلم للذى أوصاه . « صَلِّ صَلاَةَ مُوَدِّعٍ » ثم أشعر قلبك الوجل والحياء من التقصير فى الصلاة ، وخف أن لا تقبل صلاتك ، وأن تكون ممقوتا بذنب ظاهر أو باطن ، فترد صلاتك فى وجهك وترجو مع ذلك أن يقبلها بكرمه وفضله ، كان يحيى بن وثاب إذا صلى مكث ما شاء الله تعرف عليه كآية الصلاة . وكان ابراهيم يمكث بعد الصلاة ساعة كأنه مريض

فهذا تفصيل صلاة الخاشعين ، الذين هم فى صلاتهم خاشعون ، والذين هم على صلاتهم يحافظون ، والذين هم على صلاتهم دائمون ، والذين هم يناجون الله على قدر استطاعتهم فى العبودية . فليعرض الانسان نفسه على هذه الصلاة ، فبالقدر الذى يسّر له منه ينبغى أن يفرح ، وعلى ما يفوته ينبغى أن يتحسر ، وفى مداواة ذلك ينبغى أن يجتهد

وأما صلاة الغافلين فهى مخطرة ، إلا أن يتغمده الله برحمته ، والرحمة واسعة ، والكرم فائض . فنسأل الله أن يتغمدنا برحمته ، ويغمرنا بمغفرته ، إذ لا وسيلة لنا إلا الإعتراف بالعجز عن القيام بطاعته .

Lajna - 305

واعلم أن تخليص الصلاة عن الآفات ، وإخلاصها لوجه الله عز وجل ، وأداءها بالشروط الباطنة التى ذكرناها من الخشوع والتعظيم والحياء سبب لحصول أنوار فى القلب تكون تلك الأنوار مفاتيح علوم المكاشفة . فأولياء الله المكاشفون بملكوت السموات والأرض وأسرار الربوبية إنما يكاشفون فى الصلاة ، لا سيما فى السجود إذ يتقرب العبد من ربه عز وجل بالسجود ، ولذلك قال تعالى : (وَاسْجُدْ وَاقْتَرِبْ *) وإنما تكون مكاشفة كل مصل على قدر صفاته عن كدورات الدنيا . ويختلف ذلك بالقوة والضعف والقلة والكثرة ، وبالجلاء والخفاء ، حتى ينكشف لبعضهم الشيء بعينه ، وينكشف لبعضهم الشيء بمثاله ، كما كشف لبعضهم الدنيا فى صورة جيفة ، والشيطان فى صورة كلب جاثم عليها يدعو اليها ، ويختلف أيضاً بما فيه المكاشفة ، فبعضهم ينكشف له من صفات الله تعالى وجلاله ولبعضهم من أفعاله ، ولبعضهم من دقائق علوم المعاملة ، ويكون لتعين تلك المعانى فى كل وقت أسباب خفية لاتحصى ، وأشدها مناسبة الهمة ، فانها إذا كانت مصروفة إلى شيء معين كان ذلك أولى بالانكشاف

ولما كانت هذه الأمور لا تتراءى إلا فى المرائى الصقيلة ، وكانت المرآة كلها صدئة ، فاحتجبت عنها الهداية لا لبخل من جهة المنعم بالهداية ، بل لخبث متراكم الصدأ على مصب الهداية تسارعت الألسنة إلى إنكار مثل ذلك ، إذ الطبع مجبول على إنكار غير الحاضر ولو كان للجبين عقل لأنكر إمكان وجود الإنسان فى متسع الهواء . ولو كان للطفل تمييز ما ربما أنكر ما يزعم العقلاء إدراكه من ملكوت السموات والأرض . وهكذا الإنسان فى كل طور يكاد ينكر ما بعده . ومن أنكر طور الولاية لزمه أن ينكر طور النبوّة ، وقد خلق الخلق أطوارا ، فلا ينبغى أن ينكر كل واحد ما وراء درجته . نعم لما طلبوا هذا من المجادلة والمباحثة المشوّشة ولم يطلبوها من تصفية القلوب عما سوى الله عز وجل ، فقدوه فأنكروه

ومن لم يكن من أهل المكاشفة فلا أقل من أن يؤمن بالغيب ويصدق به إلى أن

يشاهد بالتجربة ، ففي الخبر[1] «إِنَّ الْعَبْدَ إِذَا قَامَ فِي الصَّلَاةِ رَفَعَ اللهُ سُبْحَانَهُ الْحِجَابَ بَيْنَهُ وَبَيْنَ عَبْدِهِ وَوَاجَهَهُ بِوَجْهِهِ وَقَامَتِ الْمَلَائِكَةُ مِنْ لَدُنْ مَنْكِبَيْهِ إِلَى الْهَوَاءِ يُصَلُّونَ بِصَلَاتِهِ وَيُؤَمِّنُونَ عَلَى دُعَائِهِ ، وَإِنَّ الْمُصَلِّيَ لَيُنْثَرُ عَلَيْهِ الْبِرُّ مِنْ عَنَانِ السَّمَاءِ إِلَى مَفْرِقِ رَأْسِهِ وَيُنَادِي مُنَادٍ : لَوْ عَلِمَ هَذَا الْمُنَاجِي مَنْ يُنَاجِي مَا الْتَفَتَ ، وَإِنَّ أَبْوَابَ السَّمَاءِ تُفْتَحُ لِلْمُصَلِّينَ ، وَإِنَّ اللهَ عَزَّ وَجَلَّ يُبَاهِي مَلَائِكَتَهُ بِعَبْدِهِ الْمُصَلِّي » . ففتح أبواب السماء ، ومواجهة الله تعالى إياه بوجهه ، كناية عن الكشف الذى ذكرناه

وفى التوراة مكتوب : يابن آدم لا تعجز أن تقوم بين يدىّ مصليا باكيا ، فأنا الله الذى اقتربت من قلبك وبالغيب رأيت نورى . قال فكنا نرى أن تلك الرقة والبكاء والفتوح الذى يجده المصلى فى قلبه من دنوّ الرب سبحانه من القلب ، وإذا لم يكن هذا الدنو هو القرب بالمكان ، فلا معنى له إلا الدنو بالهداية والرحمة ، وكشف الحجاب

ويقال إن العبد إذا صلى ركعتين عجب منه عشرة صفوف من الملائكة ، كل صف منهم عشرة آلاف ، وباهى الله به مائة ألف ملك . وذلك أن العبد قد جمع فى الصلاة بين القيام والقعود والركوع والسجود ، وقد فرّق الله ذلك على أربعين ألف ملك ، فالقائمون لا يركعون إلى يوم القيامة ، والساجدون لا يرفعون إلى يوم القيامة ، وهكذا الراكعون والقاعدون : فان مارزق الله تعالى الملائكة من القرب والرتبة لازم لهم مستمر على حال واحد لا يزيد ولا ينقص ، ولذلك أخبر الله عنهم أنهم قالوا (وَمَا مِنَّا إِلَّا لَهُ مَقَامٌ مَعْلُومٌ *) وفارق الانسان الملائكة فى الترقى من درجة إلى درجة ، فانه لا يزال يتقرب إلى الله تعالى فيستفيد مزيد قربه ، وباب المزيد مسدود على الملائكة عليهم السلام ، وليس لكل واحد إلا رتبته التى هى وقف عليه ، وعبادته التى هو مشغول بها ، لا ينتقل إلى غيرها ، ولا يفتر عنها (فَلَا يَسْتَكْبِرُونَ عَنْ عِبَادَتِهِ وَلَا يَسْتَحْسِرُونَ ، يُسَبِّحُونَ اللَّيْلَ وَالنَّهَارَ لَا يَفْتُرُونَ *) مفتاح مزيد الدرجات هى الصلوات ، قال الله عز وجل (قَدْ أَفْلَحَ الْمُؤْمِنُونَ الَّذِينَ هُمْ

حكايات وأخبار فى صلاة الخاشعين

رضى الله عنهم

اعلم أن الخشوع ثمرة الإيمان ونتيجة اليقين الحاصل بجلال الله عز وجل ، ومن رزق ذلك فإنه يكون خاشعا فى الصلاة وفى غير الصلاة ، بل فى خلوته ، وفى بيت الماء عند قضاء الحاجة ، فان موجب الخشوع معرفة اطلاع الله تعالى على العبد ، ومعرفة جلاله ، ومعرفة تقصير العبد . فمن هذه المعارف يتولد الخشوع ، وليست مختصة بالصلاة . ولذلك روي عن بعضهم أنه لم يرفع رأسه إلى السماء أربعين سنة حياء من الله سبحانه وخشوعاله

وكان الربيع بن خيثم من شدة غضه لبصره وإطرافه يظن بعض الناس أنه أعمى . وكان يختلف إلى منزل ابن مسعود عشرين سنة ، فاذ ارأته جاريته قالت لابن مسعود : صديقك الأعمى قد جاء . فكان يضحك ابن مسعود من قولها . وكان إذا دق الباب تخرج الجارية إليه فتراه مطرقا غاضا بصره . وكان ابن مسعود إذا نظر إليه يقول «(وَبَشِّرِ الْمُخْبِتِينَ *) أما والله لورآك محمد صلى الله عليه وسلم لفرح بك » وفى لفظ آخر : لأحبك . وفى لفظ آخر : لضحك

ومشى ذات يوم مع ابن مسعود فى الحدادين فلما نظر إلى الأنوار تلفح وإلى النار تلتهب، صعق وسقط مغشيا عليه. وقعد ابن مسعود عند رأسه إلى وقت الصلاة فلم يفق، فحمله على ظهره إلى منزله، فلم يزل مغشيا عليه إلى مثل الساعة التى صعق فيها، فنالته خمس صلوات وابن مسعود عند رأسه يقول: هذا والله هو الخوف. وكان الربيع يقول: مادخلت فى صلاة قط فأهمنى فيها إلا ما أقول وما يقال لى

وكان عامر بن عبد الله من خاشعى المصلّين، وكان إذا صلّى ربما ضربت ابنته بالدف وتحدّث النساء بما يردن فى البيت، ولم يكن يسمع ذلك ولا يعقله. وقيل له ذات يوم: هل تحدثك نفسك فى الصلاة بشىء؟ قال نعم يوقفنى بين يدى الله عز وجل ومنصرفى إلى احدى الدارين. قيل: فهل تجد شيئا مما تجد من أمور الدنيا؟ فقال: لأن تختلف الأسنة فىّ أحب الىّ من أن أجد فى صلاتى ماتجدون. وكان يقول: لو كشف الغطاء ماازددت يقينا. وقد كان مسلم بن يسار منهم وقد نقلنا أنه لم يشعر بسقوط أسطوانة فى المسجد وهو فى الصلاة. وتأكل طرف من أطراف بعضهم واحتيج فيه إلى القطع فلم يمكن منه فقيل: إنه فى الصلاة لا يحس بما يجرى عليه فقطع وهو فى الصلاة

وقال بعضهم: الصلاة من الآخرة فإذا دخلت فيها خرجت من الدنيا. وقيل لآخر: هل تحدث نفسك بشىء من الدنيا فى الصلاة؟ فقال: لا فى الصلاة ولا فى غيرها. وسئل بعضهم هل تذكر فى الصلاة شيأ؟ فقال: وهل شىء أحب إلىّ من الصلاة فأذكره فيها. وكان أبو الدرداء رضى الله عنه يقول: من فقه الرجل أن يبدأ بحاجته قبل دخوله فى الصلاة ليدخل فى الصلاة وقلبه فارغ. كان بعضهم يخفف الصلاة خيفة الوسواس. وروى أن (١) عَمَّارَ بْنَ يَاسِرٍ صَلَّى صَلاتًا فَأَخَفَّهَا، فقيل له: خَفَّفْتَ ياأَبَا الْيَقْظَانِ. فقال: هل رأيتمونى نقصت من حدودها شيئا؟ قالوا لا قال: إنِّى بَادَرْتُ سَهْوَ الشيطان، إن رسول الله صلى الله عليه وسلم قال «إِنَّ الْعَبْدَ لَيُصَلِّى الصَّلاةَ لا يُكْتَبُ لَهُ نِصْفُهَا وَلا ثُلُثُهَا وَلا رُبُعُهَا وَلا خُمُسُهَا وَلا سُدُسُهَا وَلا عُشْرُهَا» وكان يقول: إنما يكتب للعبد من صلاته ماعقل منها

(١) حديث ان عمار بن ياسر صلى فأخفها فقيل له خففت ياأبا اليقظان. الحديث وفيه ان العبد ليصلى صلاة لا يكتب له نصفها ولا ثلثها الى آخره احمد باسناد صحيح وتقدم المرفوع عنه وهو عند د ن

ويقال إن طلحة والزبير وطائفة من الصحابة رضى الله عنهم كانوا أخف الناس صلاة ، وقالوا : نبادر بها وسوسة الشيطان

وروى أن عمر بن الخطاب رضى الله عنه قال على المنبر : إن الرجل ليشيب عارضاه فى الاسلام وما أكمل لله تعالى صلاة . قيل : وكيف ذلك ؟ قال : لا يتم خشوعها وتواضعها وإقباله على الله عز وجل فيها * وسئل أبو العالية عن قوله (الَّذِينَ هُمْ عَنْ صَلَاتِهِمْ سَاهُونَ *) قال هو الذى يسهو فى صلاته فلا يدرى على كم ينصرف : أعلى شفع أم على وتر ؟ وقال الحسن : هو الذى يسهو عن وقت الصلاة حتى تخرج . وقال بعضهم : هو الذى إن صلاها فى أوّل الوقت لم يفرح وإن أخرها عن الوقت لم يحزن ، فلا يرى تعجيلها خيرا ولا تأخيرها إثما

واعلم أن الصلاة قد يحسب بعضها ويكتب بعضها دون بعض كما دلت الأخبار عليه وإن كان الفقيه يقول ، إن الصلاة فى الصحة لا تتجزأ ، ولكن ذلك له معنى آخر ذكرناه ، وهذا المعنى دلت عليه الأحاديث ، إذ ورد[1] جَبْرُ نقصانِ الفرائضِ بالنَّوافِلِ . وفى الخبر قال عيسى عليه السلام يقول الله تعالى : بالفرائض نجانى عبدى ، وبالنَّوافل تقرب إلىّ عبدى

وقال النبى صلى الله عليه وسلم : [2] « قَالَ اللهُ تَعَالَى لَا يَنْجُو مِنِّى عَبْدِى إِلَّا بِأَدَاءِ مَا افْتَرَضْتُهُ عَلَيْهِ » وروى أن النبى صلى الله عليه وسلم [3] صَلَّى صَلَاتاً فَتَرَكَ مِنْ قِرَاءَتِهَا آيَةً ، فَلَمَّا انْفَتَلَ قَالَ : مَا ذَا قَرَأْتُ ؟ فسكت القوم ، فسأل أبى بن كعب رضى الله عنه فقال : قَرَأْتَ سُورَةَ كَذَا وَتَرَكْتَ آيَةَ كَذَا فَمَا نَدْرِى أَنُسِخَتْ أَمْ رُفِعَتْ ، فقال : أَنْتَ لَهَا يَا أُبَىُّ ، ثم أقبل على الآخرين فقال « مَا بَالُ أَقْوَامٍ يَحْضُرُونَ صَلَاتَهُمْ وَيُتِمُّونَ صُفُوفَهُمْ وَنَبِيُّهُمْ بَيْنَ

أَيْدِيهِمْ لَا يَدْرُونَ مَا يَتْلُوا عَلَيْهِمْ مِنْ كِتَابِ رَبِّهِمْ ، أَلَا إِنَّ بَنِي إِسْرَائِيلَ كَذَا فَعَلُوا فَأَوْحَى اللهُ عَزَّ وَجَلَّ إِلَى نَبِيِّهِمْ أَنْ قُلْ لِقَوْمِكَ : تُحْضِرُونِي أَبْدَانَكُمْ وَتُعْطُونِي أَلْسِنَتَكُمْ وَتَغِيبُونَ عَنِّي بِقُلُوبِكُمْ ، بَاطِلٌ مَا تَذْهَبُونَ إِلَيْهِ » وهذا يدل على أن استماع مايقرأ الامام وفهمه بدل عن قراءة السورة بنفسه

وقال بعضهم إن الرجل يسجد السجدة عنده أنه تقرب بها إلى الله عز وجل ولوقسمت ذنوبه فى سجدته على أهل مدينته لهلكوا ، قيل : وكيف يكون ذلك ؟ قال : يكون ساجدا عند الله وقلبه مصغ إلى هوى ، ومشاهد لباطل ، قد استولى عليه . فهذه صفة الخاشعين

فدلت هذه الحكايات والأخبار مع ماسبق على أن الأصل فى الصلاة الخشوع وحضور القلب ، وأن مجرد الحركات مع الغفلة قليل الجدوى فى المعاد . والله أعلم . نسأل الله حسن التوفيق

الباب الرابع

فى الإمامة والقدوة ، وفى أركان الصلاة وبعد السلام وعلى الإمام وظائف قبل الصلاة وفى القراءة

أما الوظائف التى هى قبل الصلاة فستة :

أولها : أن لا يتقدم للإمامة على قوم يكرهونه ، فإن اختلفوا كان النظر إلى الأكثرين ، فان كان الأفلون هم أهل الخير والدين فالنظر اليهم أولى . وفى الحديث : (١) « ثَلَاثَةٌ لَا تُجَاوِزُ صَلَاتُهُمْ رُءُوسَهُمْ : الْعَبْدُ الْآبِقُ وَامْرَأَةٌ زَوْجُهَا سَاخِطٌ عَلَيْهَا ، وَإِمَامُ أَمَّ قَوْمًا وَهُمْ لَهُ كَارِهُونَ » وكما ينهى عن تقدمه مع كراهتهم ، فكذلك ينهى عن التقدمة

* الباب الرابع *

(١) حديث ثلاثة لا تجاوز صلاتهم رؤسهم العبد الآبق . الحديث : ت من حديث أبى أمامة وقال حسن غريب وصححه هق

Lajna - 311

إن كان وراءه من هو أفقه منه ، إلا إذا امتنع من هو أولى منه فله التقدم فإن لم يكن شيء من ذلك فليتقدم مهما قدم وعرف من نفسه القيام بشروط الإمامة

ويكره عند ذلك المدافعة ، فقد قيل إن قوما تدافعوا الإمامة بعد إقامة الصلاة فخسف بهم وما روى من مدافعة الإمامة بين الصحابة رضى الله عنهم فسببه إيثارهم من رأوه أنه أولى بذلك ، أو خوفهم على أنفسهم السهو وخطر ضمان صلاتهم ، فإن الأئمة ضمناء . وكان من لم يتعود ذلك ربما يشتغل قلبه ويتشوش عليه الإخلاص فى صلاته حياء من المقتدين ، لاسيما فى جهره بالقراءة ، فكان لاحتراز من احترز أسباب من هذا الجنس

الثانية : إذا خير المرء بين الآذان والإمامة فينبغى أن يختار الإمامة ، فان لكل واحد منهما فضلا ، ولكن الجمع مكروه ، بل ينبغى أن يكون الإمام غير المؤذن . وإذا تعذر الجمع فالإمامة أولى . وقال قائلون : الأذان أولى لما نقلناه من فضيلة الأذان ، ولقوله صلى الله عليه وسلم : (١) « اَلْإِمَامُ ضَامِنٌ وَالْمُؤَذِّنُ مُؤْتَمَنٌ » فقالوا فيها خطر الضمان . وقال صلى الله عليه وسلم : (٢) « الْإِمَامُ أَمِينٌ فَإِذَا رَكَعَ فَارْكَعُوا وَإِذَا سَجَدَ فَاسْجُدُوا » وفى الحديث (٣) « فَإِنْ أَتَمَّ فَلَهُ وَلَهُمْ وَإِنْ نَقَصَ فَعَلَيْهِ لَا عَلَيْهِمْ » ولأنه صلى الله عليه وسلم قال : (٤) « اللَّهُمَّ أَرْشِدِ الْأَئِمَّةَ وَاغْفِرْ لِلْمُؤَذِّنِينَ » والمغفرة أولى بالطلب فأن الرشد يراد للمغفرة . وفى الخبر (٥) « مَنْ أَمَّ فِى مَسْجِدٍ سَبْعَ سِنِينَ وَجَبَتْ لَهُ الْجَنَّةُ بِلَا حِسَابٍ وَمَنْ أَذَّنَ أَرْبَعِينَ عَامًا دَخَلَ الْجَنَّةَ بِغَيْرِ حِسَابٍ » ولذلك نقل عن الصحابة رضى الله عنهم أنهم كانوا يتدافعون الإمامة

والصحيح أن الإمامة أفضل ، إذ واظب عليها رسول الله صلى الله عليه وسلم وأبو بكر وعمر رضى الله عنهما والأئمة بعدهم . نعم فيها خطر الضمان . والفضيلة مع الخطر ، كما أن رتبة الإمارة والخلافة أفضل ، لقوله صلى الله عليه وسلم [١] « لَيَوْمٌ مِنْ سُلْطَانٍ عَادِلٍ أَفْضَلُ مِنْ عِبَادَةِ سَبْعِينَ سَنَةً » ولكن فيها خطر ، ولذلك وجب تقديم الأفضل والأفقه ، فقد قال صلى الله عليه وسلم : [٢] « أَئِمَّتُكُمْ شُفَعَاؤُكُمْ » أو قال : « وَفْدُكُمْ إِلَى اللهِ » فان أردتم أن تزكوا صلاتكم فقدموا خياركم . وقال بعض السلف : ليس بعد الأنبياء أفضل من العلماء ، ولا بعد العلماء أفضل من الأئمة المصلين لأن هؤلاء قاموا بين يدى الله عز وجل وبين خلقه : هذا بالنبوة ، وهذا بالعلم ، وهذا بعماد الدين وهو الصلاة

وبهذه الحجة احتج الصحابة [٣] فى تقديم أبى بكر الصديق رضى الله عنه وعنهم للخلافة إذ قالوا : « نَظَرْنَا فَإِذَا الصَّلَاةُ عِمَادُ الدِّينِ فَاخْتَرْنَا لِدُنْيَانَا مَنْ رَضِيَهُ رَسُولُ اللهِ صلى الله عليه وسلم لِدِينِنَا » وما قدموا [٤] بِلَالاً احتجاجا بأنه رضيه للأذان . وما روى « أَنَّهُ قَالَ

لَهُ رَجُلٌ : يا رسول الله [١] دُلَّنِي على عَمَلٍ أَدْخُلُ بِهِ الْجَنَّةَ قال : كُنْ مُؤَذِّنًا قال : لَا أَسْتَطِيعُ ، قَالَ : كُنْ إِمَامًا ، قَالَ لَا أَسْتَطِيعُ ، فَقَالَ صَلِّ بِإِزَاءِ الْإِمَامِ » فلعله ظن أنه لا يرضى بإمامته ، إذ الأذان اليه والإمامة إلى الجماعة وتقديمهم له . ثم بعد ذلك توهم أنه ربما يقدر عليها

الثالثة : أن يراعى الإمام أوقات الصلوات فيصلى فى أوائلها ليدرك رِضْوَانَ اللهِ سُبْحَانَهُ [٢] فَفَضْلُ أَوَّلِ الْوَقْتِ عَلَى آخِرِهِ كَفَضْلِ الْآخِرَةِ عَلَى الدُّنْيَا . هكذا روى عن رسول الله صلى عليه وسلم . وفى الحديث : [٣] « إِنَّ الْعَبْدَ لَيُصَلِّي الصَّلَاةَ فِي آخِرِ وَقْتِهَا وَلَمْ تَفُتْهُ وَلَمَا فَاتَهُ مِنْ أَوَّلِ وَقْتِهَا خَيْرٌ لَهُ مِنَ الدُّنْيَا وَمَا فِيهَا

ولا ينبغى أن يؤخر الصلاة لانتظار كثرة الجماعة ، بل عليهم المبادرة لحيازة فضيلة أول الوقت ، فهى أفضل من كثرة الجماعة ، ومن تطويل السورة . وقد قيل : كانوا إذا حضر اثنان فى الجماعة لم ينتظروا الثالث ، وإذا حضر أربعة فى الجنازة لم ينتظروا الخامس . وقد [٤] تَأَخَّرَ رَسُولُ اللهِ صلى الله عليه وسلم عَنْ صَلَاةِ الْفَجْرِ وَكَانُوا فِي سَفَرٍ . وإنما تأخر للطهارة فلم ينتظر ، وقدم عبد الرحمن بن عوف فصلى بهم حتى فاتت رسول الله صلى الله عليه وسلم ركعة فقام يقضيها ، قال فأشفقنا من ذلك ، فقال رسول الله صلى الله عليه وسلم « قَدْ أَحْسَنْتُمْ هَكَذَا فَافْعَلُوا » وقد [٥] تَأَخَّرَ فِي صَلَاةِ الظُّهْرِ فَقَدَّمُوا أَبَا بَكْرٍ رَضِيَ

توفى أبو بكر جاء عمر فقال له مثل ماقال لأبى بكر فأبى عليه فقال عمر فمن يا بلال فقال الى سعد فانه قد أذن بقباء على عهد رسول الله صلى الله عليه وسلم فجعل عمر الأذان الى سعد وعقبة وفى أسناده جهالة

اللهُ عَنْهُ حَتَّى جَاءَ رَسُولُ اللهِ صلى الله عليه وسلم وَهُوَ فِي الصَّلَاةِ فَنَامَ إِلَى جَانِبِهِ

وليس على الإمام انتظار المؤذن ، وإنما على المؤذن انتظار الامام للاقامة ، فاذا حضر فلا ينتظر غيره

الرابعة : أن يؤم مخلصاً لله عز وجل ، ومؤديا أمانة الله تعالى فى طهارته وجميع شروط صلاته

أما الإخلاص فبأن لا يأخذ عليها أجرة ، فقد أمر رسول الله صلى الله عليه وسلم عثمان ابن أبى العاص الثقفى وقال : (١) « اتَّخِذْ مُؤَذِّنًا لَا يَأْخُذُ عَلَى الْأَذَانِ أَجْرًا » فالأذان طريق إلى الصلاة ، فهى أولى بأن لا يؤخذ عليها أجر ، فان أخذ رزقاً من مسجد قد وقف على من يقوم بامامته أو من السلطان أو آحاد الناس فلا يحكم بتحريمه ولكنه مكروه ، والكراهية فى الفرائض أشد منها فى التراويح ، وتكون أجرة له على مداومته على حضور الموضع ، ومراقبة مصالح المسجد فى إقامة الجماعة ، لا على نفس الصلاة

وأما الأمانة : فهى الطهارة باطناً عن الفسق والكبائر والإصرار على الصغائر . فالمترشح للإمامة ينبغى أن يحترز عن ذلك بجهده فانه كالوفد والشفيع للقوم ، فينبغى أن يكون خير القوم . وكذا الطهارة ظاهراً عن الحدث والخبث ، فانه لا يطلع عليه سواه فان تذكر فى أثناء صلاته حدثا أو خرج منه ريح فلا ينبغى أن يستحى ، بل يأخذ بيد من يقرب منه ويستخلفه ، فقد تذكر رسول الله صلى الله عليه وسلم (٢) الجنابة فى أثناء الصلاة فاستخلف واغتسل ثم رجع ودخل فى الصلاة .. وقال سفيان : صلِّ خلف كل بَر وفاجر إلا مُدمن خمر ، أو معلن بالفسوق ، أو عاق لوالديه أو صاحب بدعة ، أو عبد آبق

الخامسة : أن لا يكبر حتى تستوى الصفوف ، فليلتفت يميناً وشمالاً فان رأى خللاً أمر بالتسوية . قيل كانوا يتحاذون بالمناكب ويتضامون بالكعاب ، ولا يكبر حتى يفرغ

المؤذن من الاقامة ، والمؤذن يؤخر الاقامة عن الأذان بقدر استعداد الناس للصلاة ، ففى الخبر [١] « لِيَتَمَهَّلِ الْمُؤَذِّنُ بَيْنَ الْأَذَانِ وَالْإِقَامَةِ بِقَدْرِ مَا يَفْرُغُ الْآكِلُ مِنْ طَعَامِهِ وَالْمُعْتَصِرُ مِنَ اعْتِصَارِهِ » وذلك لأنه « نَهَى [٢] عَنْ مُدَافَعَةِ الْأَخْبَثَيْنِ » [٣] « وَأَمَرَ بِتَقْدِيمِ الْعَشَاءِ عَلَى الْعِشَاءِ » طلبا لفراغ القلب

السادسة : أن يرفع صوته بتكبيرة الاحرام وسائر التكبيرات ، ولا يرفع المأموم صوته إلا بقدر مايسمع نفسه ، وينوى الإمامة لينال الفضل ، فان لم ينو صحت صلاته وصلاة القوم إذا نووا الاقتداء ، ونالوا فضل القدوة ، وهو لاينال فضل الإمامة . وليؤخر المأموم تكبيره عن تكبيرة الامام ، فيبتدىء بعد فراغه . والله أعلم

وأما وظائف القراءة فثلاثة :

أولها : أن يسر بدعاء الاستفتاح والتعوذ كالمنفرد ، ويجهر بالفاتحة والسورة بعدها فى جميع الصبح واولي العشاء والمغرب ، وكذلك المنفرد . ويجهر بقوله : آمين فى الصلاة الجهرية ، وكذا المأموم ويقرن المأموم تأمينه بتأمين الإمام معا لاتعقيبا [٤] ، ويجهر ببسم الله الرحمن الرحيم والاخبار فيه متعارضة [٥] . واختيار الشافعى رضى الله عنه الجهر

الثانيه : أن يكون للأمام فى القيام ثلاث سكتات . هكذا رواه[١] سمُرة بن جُنْدُب وعِمران بن الحُصين عن رسول الله صلى الله عليه وسلم (أولاهن) إذا كبر وهى الطولى منهنّ مقدار مايقرأ مَن خلفه فاتحة الكتاب ، وذلك وقت قراءته لدعاء الاستفتاح ، فانه إن لم يسكت يفوتهم الاستماع ، فيكون عليه مانقص من صلاتهم ، فان لم يقرءوا الفاتحة فى سكوته واشتغلوا بغيرها فذلك عليه لاعليهم (السكة الثانية) إذا فرغ من الفاتحة ليتم من يقرأ الفاتحة فى السكتة الأولى فاتحته ، وهى كنصف السكتة الأولى (السكتة الثالثة) إذا فرغ من السورة قبل أن يركع ، وهى أخفها ، وذلك بقدر ماتنفصل القراءة عن التكبير ، فقد نهى عن الوصل فيه ، ولا يقرأ المأموم وراء الامام إلا الفاتحة ، فان لم يسكت الامام قرأ فاتحة الكتاب معه ، والمقصر هو الامام ، وإن لم يسمع المأموم فى الجهرية لبعده أو كان فى السرية فلا بأس بقراءته السورة

الوظيفة الثالثة : أن يقرأ فى الصبح سورتين من المثانى مادون المائة ، فان الاطالة فى قراءة الفجر والتغليس بها سنة ، ولا يضره الخروج منها مع الإسفار ، ولا بأس بأن يقرأ فى الثانية بأواخر السور نحو الثلاثين أو العشرين إلى أن يختمها ، لأن ذلك لا يتكرر على الأسماع كثيرا ، فيكون أبلغ فى الوعظ ، وأدعى إلى التفكر ، وإنما كره بعض العلماء قراءة بعض أول السورة وقطعها . وقد روى « أَنَّهُ صلى الله عليه وسلم[٢] قَرَأَ بَعْضَ سُورَةِ يُونُسَ

وأما وظائف الأركان فثلاثة :

أولها : أن يخفف الركوع والسجود ، فلا يزيد فى التسبيحات على ثلاث ، فقد روى عن أنس أنه قال [١] « مَا رَأَيْتُ أَخَفَّ صَلاَةً مِنْ رَسُولِ اللهِ صلى الله عليه وسلم فِى تَمَامٍ » نعم روى أيضا أن أنس بن مالك [٢] لما صلى خلف عمر بن عبد العزيز وكان أميراً بالمدينة قال « مَا صَلَّيْتُ وَرَاءَ أَحَدٍ أَشْبَهَ صَلاَةً بِصَلاَةِ رَسُولِ اللهِ صلى الله عليه وسلم مِنْ هَذَا الشَّابِّ. قَالَ : وَكُنَّا نُسَبِّحُ وَرَاءَهُ عَشْراً عَشْراً » وروى مجملا أنهم قالوا [٣] « كُنَّا نُسَبِّحُ وَرَاءَ رَسُولِ صلى الله عليه وسلم فِى الرُّكُوعِ وَالسُّجُودِ عَشْراً عَشْراً » وذلك حسن ، ولكن الثلاث إذا كثر الجمع أحسن ، فاذا لم يحضر إلا المتجردون للدين فلا بأس ، لعشر . هذا وجه الجمع بين الروايات . وينبغى أن يقول الامام عند رفع رأسه من الركوع : سمع الله لمن حمده

الثانية فى المأموم : ينبغى أن لا يساوى الامام فى الركوع والسجود بل يتأخر ، فلا يهوى للسجود الا إذا وصلت جبهة الامام إلى المسجد [٤] هكذا كان اقتداء الصحابة برسول الله صلى الله عليه وسلم ، ولا يهوى للركوع حتى يستوى الامام راكعا . وقد قيل : إن الناس يخرجون من الصلاة على ثلاثة أقسام : طائفة بخمس وعشرين صلاة وهم الذين يكبرون ويركعون بعد الامام ، وطائفة بصلاة واحدة وهم الذين يساوونه ، وطائفة بلا صلاة وهم الذين يسابقون الأمام . وقد اختلف فى أن الإمام فى الركوع هل ينتظر لحوق من يدخل لينال فضل الجماعة وإدراكهم لتلك الركعة : ولعل الأولى أن ذلك مع الاخلاص لا بأس به إذا لم يظهر تفاوت ظاهر للحاضرين ، فإن حقهم مرعى فى ترك التطويل عليهم

الثالثة : لا يزيد فى دعاء التشهد على مقدار التشهد حذرا من التطويل ، ولا يخص نفسه

فى الدعاء ، بل يأتى بصيغة الجمع فيقول : اللهم اغفر لنا ، ولا يقول : اغفر لى ، فقد كره للامام أن يخص نفسه . ولا بأس أن يستعيذ فى التشهد بالكلمات الخمس المأثورة عن رسول الله صلى الله عليه وسلم [1] فيقول : « نَعُوذُ بِكَ مِنْ عَذَابِ جَهَنَّمَ وَعَذَابِ الْقَبْرِ وَنَعُوذُ بِكَ مِنْ فِتْنَةِ الْمَحْيَا وَالْمَمَاتِ وَمِنْ فِتْنَةِ الْمَسِيحِ الدَّجَّالِ ، وَإِذَا أَرَدْتَ بِقَوْمٍ فِتْنَةً فَاقْبِضْنَا إِلَيْكَ غَيْرَ مَفْتُونِينَ » . وقيل سمى مسيحا لأنه يمسح الأرض بطولها . وقيل لأنه ممسوح العين أى مطموسها

وأما وظائف التحلل فثلاثة :

أولها : أن ينوى بالتسليمتين السلام على القوم والملائكة

الثانية : أن يثبت عقيب السلام [2] كذلك فعل رسول الله صلى الله عليه وسلم وأبو بكر وعمر رضى الله عنهما ، فيصلى النافلة فى موضع آخر ، فإن كان خلفه نسوة لم يقم حتى ينصرفن . وفى الخبر المشهور « أَنَّهُ صلى الله عليه وسلم [3] لَمْ يَكُنْ يَقْعُدُ إِلَّا قَدْرَ قَوْلِهِ : اللَّهُمَّ أَنْتَ السَّلَامُ وَمِنْكَ السَّلَامُ تَبَارَكْتَ يَا ذَا الْجَلَالِ وَالْإِكْرَامِ »

الثالثة : إذا وثب فينبغى أن يقبل بوجهه على الناس . ويكره للمأموم القيام قبل انفتال الإمام ، فقد روى عن طلحة والزبير رضى الله عنهما أنهما صليا خلف إمام فلما سلما قالا للامام : ما أحسن صلاتك وأتمها إلا شيئاً واحدا : إنك لما سلمت لم تنفتل بوجهك ، ثم قالا للناس : ما أحسن صلاتكم إلا أنكم انصرفتم قبل أن ينفتل إمامكم ! ثم ينصرف الامام حيث شاء من يمينه وشماله ، واليمين أحب . هذه وظيفة الصلوات

وأما الصبح فزيد فيها القنوت ، فيقول الامام : اللهم اهدنى ، ويؤمن المأموم . فإذا انتهى إلى قوله : إنك تقضى ولا يقضى عليك ، فلا يليق به التأمين، وهو ثناء فيقرأ معه فيقول مثل قوله أو يقول : بلى وأنا على ذلك من الشاهدين، أو صدقت وبررت ، وما أشبه ذلك وقد روى حديث[1] فى رفع اليدين فى القنوت، فإذا صح الحديث استحب ذلك وإن كان على خلاف الدعوات فى آخر التشهد ، اذ لا يرفع بسببها اليد ، بل التعويل على التوقيف ، وبينهما أيضا فرق ، وذلك أن للأيدى وظيفة فى التشهد وهو الوضع على الفخذين على هيئة مخصوصة ، ولا وظيفة لهما هاهنا ، فلا يبعد أن يكون رفع اليدين هو الوظيفة فى القنوت ، فانه لائق بالدعاء . والله أعلم

الْإِسْلَامَ وَرَاءَ ظَهْرِهِ » واختلف رجل إلى ابن عباس يسأله عن رجل مات لم يكن يشهد جمعة ولا جماعة ، فقال : في النار ، فلم يزل يتردد إليه شهراً يسأله عن ذلك وهو يقول : في النار

وفي الخبر[1] « إِنَّ أَهْلَ الْكِتَابَيْنِ أُعْطُوا يَوْمَ الْجُمُعَةِ فَاخْتَلَفُوا فِيهِ فَصُرِفُوا عَنْهُ وَهَدَانَا اللهُ تَعَالَى لَهُ ، وَأَخَّرَهُ لِهَذِهِ الْأُمَّةِ وَجَعَلَهُ عِيداً لَهُمْ فَهُمْ أَوْلَى النَّاسِ بِهِ سَبْقاً وَأَهْلُ الْكِتَابَيْنِ لَهُمْ تَبَعٌ » وفي حديث أنس عن النبي صلى الله عليه وسلم أنه قال : [2] « أَتَانِي جِبْرِيلُ عَلَيْهِ السَّلَامُ فِي كَفِّهِ مِرْآةٌ بَيْضَاءُ ، وَقَالَ هَذِهِ الْجُمُعَةُ يَفْرِضُهَا عَلَيْكَ رَبُّكَ لِتَكُونَ لَكَ عِيداً وَلِأُمَّتِكَ مِنْ بَعْدِكَ ، قُلْتُ فَمَا لَنَا فِيهَا ؟ قَالَ : لَكُمْ فِيهَا خَيْرُ سَاعَةٍ مَنْ دَعَا فِيهَا بِخَيْرٍ قُسِمَ لَهُ أَعْطَاهُ اللهُ سُبْحَانَهُ إِيَّاهُ أَوْ لَيْسَ لَهُ قَسْمٌ ذُخِرَ لَهُ مَا هُوَ أَعْظَمُ مِنْهُ ، أَوْ تَعَوَّذَ مِنْ شَرٍّ هُوَ مَكْتُوبٌ عَلَيْهِ إِلَّا أَعَاذَهُ اللهُ عَزَّ وَجَلَّ مِنْ أَعْظَمَ مِنْهُ وهو سَيِّدُ الأيامِ عِنْدَنَا وَنَحْنُ نَدْعُوهُ فِي الْآخِرَةِ يَوْمَ الْمَزِيدِ ، قُلْتُ : وَلِمَ ؟ قَالَ : إِنَّ رَبَّكَ عَزَّ وَجَلَّ اتَّخَذَ فِي الْجَنَّةِ وَادِياً أَفْيَحَ مِنَ الْمِسْكِ ، أَبْيَضَ ، فَإِذَا كَانَ يَوْمُ الْجُمُعَةِ نَزَلَ تَعَالَى مِنْ عِلِّيِّينَ عَلَى كُرْسِيِّهِ فَيَتَجَلَّى لَهُمْ حَتَّى يَنْظُرُوا إِلَى وَجْهِهِ الْكَرِيمِ »

وقال كعب إن الله عز وجل فضّل من البلدان مكة ومن الشهور رمضان ، ومن الأيام الجمعة ، ومن الليالى ليلة القدر . ويقال إن الطير والهوام يلقى بعضها بعضاً فى يوم الجمعة فتقول : سلام سلام ، يوم صالح . وقال صلى الله عليه وسلم :[٣] « مَنْ مَاتَ يَوْمَ الْجُمُعَةِ أَوْ لَيْلَةَ الْجُمُعَةِ كَتَبَ اللهُ لَهُ أَجْرَ شَهِيدٍ ، وَوُقِيَ فِتْنَةَ الْقَبْرِ »

بيان شروط الجمعة

اعلم أنها تشارك جميع الصلوات فى الشروط ، وتتميز عنها بستة شروط :

الأول: الوقت ، فان وقعت تسليمة الامام فى وقت العصر فاتت الجمعة ، وعليه أن يتمها ظهرا أربعا . والمسبوق إذا وقعت ركعته الأخيرة خارجا من الوقت ففيه خلاف

الثانى: المكان ، فلا تصح فى الصحارى والبرارى وبين الخيام ، بل لابد من بقعة جامعة لأبنية لاتنقل ، بجمع أربعين ممن تلزمهم الجمعة ، والقرية فيه كالبلد ، ولا يشترط فيه حضور السلطان ولا إذنه ، ولكن الأحب استئذانه

الثالث : العدد، فلا تنعقد بأقل من أربعين ذكورا ، مكلفين ، أحراراً ، مقيمين لا يظعنون عنها شتاء ولا صيفا ، فان انفضوا حتى نقص العدد إما فى الخطبة أو فى الصلاة ، لم تصح الجمعة ، بل لابد منهم من الأول إلى الآخر

Lajna - 323

الرابع : الجماعة ، فلو صلى أربعون فى قرية أو فى بلد متفرقين لم تصح جمعتهم ، ولكن المسبوق إذا أدرك الركعة الثانية جاز له الانفراد بالركعة الثانية ، وإن لم يدرك ركوع الركعة الثانية اقتدى ونوى الظهر ، وإذا سلم الامام تمها ظهرا

الخامس : أن لا تكون الجمعة مسبوقة بأخرى فى ذلك البلد ، فان تعذر اجتماعهم فى جامع واحد جاز فى جامعين وثلاثة وأربعة بقدر الحاجة ، وإن لم تكن حاجة فالصحيح الجمعة التى يقع بها التحريم أولا ، وإذا تحققت الحاجة فالأفضل الصلاة خلف الأفضل من الامامين ، فان تساويا فالمسجد الأقدم ، فان تساويا ففى الأقرب ، ولكثرة الناس أيضا فضل يراعى

السادس : الخطبتان ، فهما فريضتان ، والقيام فيهما فريضة ، والجلسة بينهما فريضة . وفى الأولى أربع فرائض : التحميد ، وأقله الحمد لله ، والثانية الصلاة على النبي صلى الله عليه وسلم ؛ والثالثة الوصية بتقوى الله سبحانه وتعالى ، والرابعة قراءة آية من القرءان ، وكذا فرائض الثانية أربعة ، إلا أنه يجب فيها الدعاء بدل القراءة ، واستماع الخطبتين واجب من الأربعين

وأما السنن :

فاذا زالت الشمس وأذن المؤذن وجلس الامام على المنبر انقطعت الصلاة سوى التحية ، والكلام لا ينقطع إلا بافتتاح الخطبة ، ويسلم الخطيب على الناس إذا أقبل عليهم بوجهه ويردون عليه السلام ، فاذا فرغ المؤذن قام مقبلا على الناس بوجهه لا يلتفت يمينا ولا شمالا ، ويشغل يديه بقائم السيف أو العنزة والمنبر ، كى لا يعبث بهما ، أو يضع إحداهما على الأخرى ، ويخطب خطبتين بينهما جلسة خفيفة ، ولا يستعمل غريب اللغة ، ولا يمطط ، ولا يتغنى ، وتكون الخطبة قصيرة بليغة جامعة . ويستحب أن يقرأ آية فى الثانية أيضا ، ولا يسلم من دخل والخطيب يخطب ، فان سلم لم يستحق جوابا ، والاشارة بالجواب حسن ، ولا يشمت العاطسين أيضا . هذه شروط الصحة

فأما شروط الوجوب فلا تجب الجمعة إلا على ذكر ، بالغ ، عاقل ، مسلم ، حر ، مقيم فى

Lajna - 324

قرية تشتمل على أربعين جامعين لهذه الصفات ، أو فى قرية من سواد البلد يبلغها نداء البلد من طرف يليها ، والأصوات ساكنة والمؤذن رفيع الصوت ، لقوله تعالى : (إِذَا نُودِيَ لِلصَّلَاةِ مِنْ يَوْمِ الْجُمُعَةِ فَاسْعَوْا إِلَى ذِكْرِ اللَّهِ وَذَرُوا الْبَيْعَ *) ويرخص لهؤلاء فى ترك الجمعة لعذر المطر والوحل والفزع والمرض والتمريض إذا لم يكن للمريض قيم غيره ، ثم يستحب لهم أعنى أصحاب الأعذار تأخير الظهر إلى أن يفرغ الناس من الجمعة ، فإن حضر الجمعة مريض أو مسافر أو عبد أو امرأة صحت جمعتهم وأجزأت عن الظهر . والله أعلم

بيان آداب الجمعة على ترتيب العادة

وهى عشرة جمل

الأول : أن يستعد لها يوم الخميس عزما عليها واستقبالا لفضلها ، فيشتغل بالدعاء والاستغفار والتسبيح بعد العصر يوم الخميس ، لأنها ساعة قوبلت بالساعة المبهمة فى يوم الجمعة . قال بعض السلف : إن لله عز وجل فضلا سوى أرزاق العباد لا يعطى من ذلك الفضل إلا من سأله عشية الخميس ويوم الجمعة . ويغسل فى هذا اليوم ثيابه ويبيضها ، ويعد الطيب إن لم يكن عنده ، ويفرغ قلبه من الأشغال التى تمنعه من البكور إلى الجمعة ، وينوى فى هذه الليلة صوم يوم الجمعة فان له فضلا ، وليكن مضموما إلى يوم الخميس أو السبت لا مفردا ، فانه مكروه . ويشتغل بإحياء هذه الليلة بالصلاة وختم القرءان ، فلها فضل كثير ، وينسحب عليها فضل يوم الجمعة ، ويجامع أهله فى هذه الليلة أو فى يوم الجمعة ، فقد استحب ذلك قوم حملوا عليه قوله صلى الله عليه وسلم [1] « رَحِمَ اللَّهُ مَنْ بَكَّرَ وَابْتَكَرَ وَغَسَّلَ وَاغْتَسَلَ » وهو حمل الأهل على الغسل . وقيل : معناه غسل ثيابه ، فروى بالتخفيف ، واغتسل لجسده . وبهذا تم آداب الاستقبال ، ويخرج من زمرة الغافلين الذين إذا أصبحوا قالوا : ماهذا اليوم ؟ قال بعض السلف : أو فى الناس نصيبا من الجمعة من انتظرها ورعاها من الأمس ، وأخفهم نصيبا من إذا أصبح يقول إيش اليوم ؟ وكان بعضهم يبيت ليلة الجمعة فى الجامع لأجلها

الثانى : إذا أصبح ابتدأ بالغسل بعد طلوع الفجر ، وإن كان لا يبكر فأقربه إلى الرواح أحب ، ليكون أقرب عهدا بالنظافة ، فالغسل مستحب استحبابا مؤكدا . وذهب بعض العلماء إلى وجوبه ، قال صلى الله عليه وسلم: (١) « غُسْلُ الْجُمُعَةِ وَاجِبٌ عَلَى كُلِّ مُحْتَلِمٍ » والمشهور من حديث نافع عن ابن عمر رضى الله عنهما (٢) « مَنْ أَتَى الْجُمُعَةَ فَلْيَغْتَسِلْ » وقال صلى الله عليه وسلم (٣) « مَنْ شَهِدَ الْجُمُعَةَ مِنَ الرِّجَالِ وَالنِّسَاءِ فَلْيَغْتَسِلْ » وكان أهل المدينة إذا تسابَّ المتسابان يقول أحدهما للآخر : لأنت أشر ممن لا يغتسل يوم الجمعة (٤) وقال عمر لعثمان رضى الله عنهما لما دخل وهو يخطب : أهذه الساعة ! منكرا عليه ترك البكور، فقال : ما زدت بعد أن سمعت الأذان على أن توضأت وخرجت ، فقال : والوضوء أيضاً وقد علمت أن رسول الله صلى الله عليه وسلم كان يأمرنا بالغسل !

وقد عرف جواز ترك الغسل بوضوء عثمان رضى الله عنه ، وبما روى أنه صلى الله عليه وسلم (٥) قال « مَنْ تَوَضَّأَ يَوْمَ الْجُمُعَةِ فَبِهَا وَنِعْمَتْ وَمَنِ اغْتَسَلَ فَالْغُسْلُ أَفْضَلُ » ومن اغتسل للجنابة فليفض الماء على بدنه مرة أخرى على نية غسل الجمعة ، فان اكتفى بغسل واحد أجزأه وحصل له الفضل إذا نوى كليهما ودخل غسل الجمعة فى غسل الجنابة . وقد دخل بعض الصحابة على ولده وقد اغتسل فقال له : ألجمعة ؟ فقال : بل عن الجنابة ، فقال أعد غسلا ثانياً ، وروى الحديث فى غسل الجمعة على كل محتلم ، وإنما أمره به لأنه لم يكن نواه . وكان لا يبعد أن يقال : المقصود النظافة وقد حصلت دون النية ، ولكن هذا ينقدح فى الوضوء أيضا ، وقد جعل فى الشرع قربة فلا بد من طلب فضلها . ومن اغتسل ثم أحدث توضأ ولم يبطل غسله ، والأحب أن يحترز عن ذلك .

الثالث : الزينة وهى مستحبة فى هذا اليوم ، وهى ثلاثة : الكسوة ، والنظافة ، وتطييب الرائحة

أما النظافة فبالسواك ، وحلق الشعر ، وقلم الظفر وقص الشارب ، وسائر ماسبق فى كتاب الطهارة . قال ابن مسعود : من قلم أظفاره يوم الجمعة أخرج الله عز وجل منه داء وأدخل فيه شفاء ، فان كان قد دخل الحمام فى الخميس أو الأربعاء فقد حصل المقصود ، فليتطيب فى هذا اليوم بأطيب طيب عنده ، ليغلب بها الروائح الكريهة ، ويوصل بها الروح والرائحة إلى مشام الحاضرين فى جواره .[1] وأحب طيب الرجال ماظهر ريحه وخفى لونه ، وطيب النساء ماظهر لونه وخفى ريحه . روى ذلك فى الأثر . وقال الشافعى رضى الله عنه : من نظف ثوبه قل همه ، ومن طاب ريحه زاد عقله

وأما الكسوة فأحبها البياض من الثياب ، إذ أحب الثياب إلى الله تعالى البيض ، ولا يلبس ما فيه شهرة ، ولبس السواد ليس من السنة ، ولا فيه فضل بل كره جماعة النظر اليه لأنه بدعة محدثه بعد رسول الله صلى الله عليه وسلم ، والعمامة مستحبة فى هذا اليوم[2] روى واثلة بن الأسقع أن رسول الله صلى الله عليه وسلم قال : « إِنَّ اللهَ وَمَلاَئِكَتَهُ يُصَلُّونَ عَلَى أَصْحَابِ الْعَمَائِمِ يَوْمَ الْجُمُعَةِ » فإن أكربه الحر فلا بأس بنزعها قبل الصلاة وبعدها ، ولكن لاينزع فى وقت السعى من المنزل إلى الجمعة ، ولا فى وقت الصلاة ، ولا عند صعود الامام المنبر ولا فى خطبته

الرابع : البكور إلى الجامع ، ويستحب أن يقصد الجامع من فرسخين ، وثلاث ، وليبكر . ويدخل وقت البكور بطلوع الفجر ، وفضل البكور عظيم . وينبغى أن يكون فى سعيه إلى الجمعة خاشعا متواضعا ناويا للاعتكاف فى المسجد إلى وقت الصلاة قاصداً للمبادرة إلى جواب نداء الله عز وجل إلى الجمعة إياه ، والمسارعة إلى مغفرته ورضوانه.

وقد قال صلى الله عليه وسلم : (١) « مَنْ رَاحَ إِلَى الْجُمُعَةِ فِي السَّاعَةِ الْأُولَى فَكَأَنَّمَا قَرَّبَ بَدَنَةً ، وَمَنْ رَاحَ فِي السَّاعَةِ الثَّانِيَةِ فَكَأَنَّمَا قَرَّبَ بَقَرَةً ، وَمَنْ رَاحَ فِي السَّاعَةِ الثَّالِثَةِ فَكَأَنَّمَا قَرَّبَ كَبْشاً أَقْرَنَ ، وَمَنْ رَاحَ فِي السَّاعَةِ الرَّابِعَةِ فَكَأَنَّمَا أَهْدَى دَجَاجَةً ، وَمَنْ رَاحَ فِي السَّاعَةِ الْخَامِسَةِ فَكَأَنَّمَا أَهْدَى بَيْضَةً ، فَإِذَا خَرَجَ الْإِمَامُ طُوِيَتِ الصُّحُفُ وَرُفِعَتِ الْأَقْلَامُ وَاجْتَمَعَتِ الْمَلَائِكَةُ عِنْدَ الْمِنْبَرِ يَسْتَمِعُونَ الذِّكْرَ ، فَمَنْ جَاءَ بَعْدَ ذَلِكَ فَإِنَّمَا جَاءَ لِحَقِّ الصَّلَاةِ لَيْسَ لَهُ مِنَ الْفَضْلِ شَيْءٌ » والساعة الأولى إلى طلوع الشمس ، والثانية إلى ارتفاعها ، والثالثة إلى انبساطها حين ترمض الأقدام ، والرابعة والخامسة بعد الضحى الأعلى إلى الزوال ، وفضلها قليل ، ووقت الزوال حق الصلاة ، ولا فضل فيه

وقال صلى الله عليه وسلم : (٢) « ثَلَاثٌ لَوْ يَعْلَمُ النَّاسُ مَا فِيهِنَّ لَرَكَضُوا رَكْضَ الْإِبِلِ فِي طَلَبِهِنَّ : الْأَذَانُ ، وَالصَّفُّ الْأَوَّلُ ، وَالْغُدُوُّ إِلَى الْجُمُعَةِ » وقال أحمد بن حنبل رضى الله عنه : أفضلهن الغدو إلى الجمعة . وفى الخبر: (٣) « إِذَا كَانَ يَوْمُ الْجُمُعَةِ قَعَدَتِ الْمَلَائِكَةُ عَلَى أَبْوَابِ الْمَسَاجِدِ بِأَيْدِيهِمْ صُحُفٌ مِنْ فِضَّةٍ وَأَقْلَامٌ مِنْ ذَهَبٍ يَكْتُبُونَ الْأَوَّلَ فَالْأَوَّلَ عَلَى مَرَاتِبِهِمْ » وجاء فى الخبر : (٤) « إِنَّ الْمَلَائِكَةَ يَتَفَقَّدُونَ الرَّجُلَ إِذَا تَأَخَّرَ عَنْ وَقْتِهِ

يَوْمَ الْجُمُعَةِ فَيَسْأَلُ بَعْضُهُمْ بَعْضاً عَنْهُ : مَا فَعَلَ فُلاَنٌ وَمَا الَّذِى أَخَّرَهُ عَنْ وَقْتِهِ ؟ فَيَقُولُونَ اللَّهُمَّ إِنْ كَانَ أَخَّرَهُ فَقْرٌ فَاغْنِهِ ، وَإِنْ كَانَ أَخَّرَهُ مَرَضٌ فَاشْفِهِ ، وَإِنْ كَانَ أَخَّرَهُ شُغْلٌ فَفَرِّغْهُ لِعِبَادَتِكَ ، وَإِنْ كَانَ أَخَّرَهُ لَهْوٌ فَأَقْبِلْ بِقَلْبِهِ إِلَى طَاعَتِكَ »

وكان يرى فى القرن الأول سحرا وبعد الفجر الطرقات مملوءة من الناس يمشون فى السرج ، ويزدحمون بها إلى الجامع كأيام العيد حتى اندرس ذلك . فقيل : أول بدعة حدثت فى الإسلام ترك البكور إلى الجامع ، وكيف لا يستحى المسلمون من اليهود والنصارى وهم يبكرون إلى البيع والكنائس يوم السبت والأحد ، وطلاب الدنيا كيف يبكرون إلى رحاب الأسواق للبيع والشراء والربح ، فلم لا يسابقهم طلاب الآخرة

ويقال إن الناس يكونون فى قربهم عند النظر إلى وجه الله سبحانه وتعالى على قدر بكورهم إلى الجمعة . ودخل ابن مسعود رضى الله عنه بكرة الجامع فرأى ثلاثة نفر قد سبقوه بالبكور ، فاغتم لذلك وجعل يقول فى نفسه معاتبا لها : رابع أربعة ، وما رابع أربعة من البكور ببعيد

الخامس : فى هيئة الدخول ، ينبغى أن لا يتخطى رقاب الناس ، ولا يمر بين أيديهم ، والبكور يسهل ذلك عليه ، فقد ورد وعيد شديد [1] فى تَخَطِّى الرِّقَابِ وهو أنه يُجْعَلُ جِسْراً يَوْمَ الْقِيَامَةِ يَتَخَطَّاهُ النَّاسُ [2] وروى ابن جريج مرسلا : « أَنَّ رَسُولَ اللهِ صلى الله عليه وسلم بَيْنَمَا هُوَ يَخْطُبُ يَوْمَ الْجُمُعَةِ إِذْ رَأَى رَجُلاً يَتَخَطَّى رِقَابَ النَّاسِ حَتَّى تَقَدَّمَ فَجَلَسَ فَلَمَّا قَضَى النَّبِيُّ صلى الله عليه وسلم صَلاَتَهُ عَارَضَ الرَّجُلَ حَتَّى لَقِيَهُ فَقَالَ : يَا فُلاَنُ مَامَنَعَكَ أَنْ تُجَمِّعَ الْيَوْمَ مَعَنَا ؟ قَالَ : يَا نَبِيَّ اللهِ قَدْ جَمَّعْتُ مَعَكُمْ . فَقَالَ النَّبِيُّ صلى الله عليه وسلم : أَلَمْ تَرَكَ تَتَخَطَّى رِقَابَ النَّاسِ ! ؟ » أشار به إلى أنه أحبط عمله

وفى حديث مسند أنه قال : (١) « مَا مَنَعَكَ أَنْ تُصَلِّيَ مَعَنَا ؟ قَالَ : أَوَلَمْ تَرَنِي يَا رَسُولَ اللهِ ؟ » فقال صلى الله عليه وسلم : رَأَيْتُكَ تَأَنَّيْتَ وَآذَيْتَ » : أى تأخرت عن البكور وآذيت الحضور . ومهما كان الصف الأول متروكا خاليا فله أن يتخطى رقاب الناس ، لأنهم ضيعوا حقهم وتركوا موضع الفضيلة . قال الحسن : تخطوا رقاب الناس الذين يقعدون على أبواب الجوامع يوم الجمعة فانه لا حرمة لهم . وإذا لم يكن فى المسجد إلا من يصلى فينبغى أن لا يسلم لأنه تكليف جواب فى غير محله

السادس : أن لا يمر بين يدى الناس ويجلس حيث هو إلى قرب اسطوانة أو حائط حتى لا يمرون بين يديه ، أعنى بين يدى المصلى ، فإن ذلك لا يقطع الصلاة ، ولكنه منهى عنه ، قال صلى الله عليه وسلم (٢) : « لَأَنْ يَقِفَ أَرْبَعِينَ عَاماً خَيْرٌ لَهُ مِنْ أَنْ يَمُرَّ بَيْنَ يَدَيِ الْمُصَلِّي » وقال صلى الله عليه وسلم : (٣) « لَأَنْ يَكُونَ الرَّجُلُ رَمَاداً رَمْدِيداً تَذْرُوهُ الرِّيَاحُ خَيْرٌ لَهُ مِنْ أَنْ يَمُرَّ بَيْنَ يَدَيِ الْمُصَلِّي » وقد روى فى حديث آخر فى المار والمصلى حيث صلى على الطريق أو قصر فى الدفع ، فقال : « لَوْ يَعْلَمُ الْمَارُّ بَيْنَ يَدَيِ الْمُصَلِّي وَالْمُصَلِّي مَا عَلَيْهِمَا فِي ذَلِكَ لَكَانَ أَنْ يَقِفَ أَرْبَعِينَ سَنَةً خَيْراً لَهُ مِنْ أَنْ يَمُرَّ بَيْنَ يَدَيْهِ » والإسطوانة والحائط والمصلى المفروش حد للمصلى ، فمن اجتاز به فينبغى أن يدفعه ، قال صلى الله عليه وسلم : (٤) « لِيَدْفَعْهُ فَإِنْ أَبَى فَلْيَدْفَعْهُ فَإِنْ أَبَى فَلْيُقَاتِلْهُ فَإِنَّهُ شَيْطَانٌ »

تعلق به الرجل فاستعدى عليه عند مروان ، فيخبره أن النبي صلى الله عليه وسلم أمره بذلك فإن لم يجد اسطوانة فلينصب بين يديه شيئا طوله قدر ذراع ليكون ذلك علامة لحده

السابع: أن يطلب الصف الأول فإن فضله كثير كما رويناه وفي الحديث: (١) « مَنْ غَسَّلَ وَاغْتَسَلَ وَبَكَّرَ وَابْتَكَرَ وَدَنَا مِنَ الْإِمَامِ وَاسْتَمَعَ كَانَ ذَلِكَ لَهُ كَفَّارَةً لِمَا بَيْنَ الْجُمُعَتَيْنِ وَزِيَادَةَ ثَلَاثَةِ أَيَّامٍ » وفي لفظ آخر: « غَفَرَ اللهُ لَهُ إِلَى الْجُمُعَةِ الْأُخْرَى » (٢)

وقد اشترط في بعضها: ولم يتخط رقاب الناس

ولا يغفل في طلب الصف الأول عن ثلاثة أمور:

أولها: أنه إذا كان يرى بقرب الخطيب منكرا يعجز عن تغييره من لبس حرير أو غيره من الإمام أو غيره، أو صلى في سلاح كثير ثقيل شاغل، أو سلاح مذهب أو غير ذلك مما يجب فيه الإنكار، فالتأخر له أسلم وأجمع للهم. فعل ذلك جماعة من العلماء طلبا للسلامة. قيل لبشر بن الحارث: نراك تبكر وتصلي في آخر الصفوف. فقال: إنما يراد قرب القلوب لا قرب الأجساد، وأشار به إلى أن ذلك أقرب لسلامة قلبه. ونظر سفيان الثوري إلى شعيب بن حرب عند المنبر يستمع إلى الخطبة من أبي جعفر المنصور، فلما فرغ من الصلاة قال: شغل قلبي قربك من هذا هل أمنت أن تسمع كلاما يجب عليك إنكاره فلا تقوم به ثم ذكر ما أحدثوا من لبس السواد فقال يا أبا عبد الله أليس في الخبر (٣) أُدْنُ وَاسْتَمِعْ؟ فقال ويحك ذاك للخلفاء الراشدين المهديين فأما هؤلاء فكلما بعدت عنهم ولم تنظر إليهم كان أقرب إلى الله عز وجل. وقال سعيد بن عامر: صليت إلى جنب أبي الدرداء فجعل يتأخر في الصفوف حتى كنا في آخر صف فلما صلينا قلت له: أليس يقال: خير الصفوف أولها؟

قال نعم [١] إلا أن : هذه الأمة : مرحومة منظور إليها من بين الأمم ، فإن الله تعالى إذا نظر إلى عبد فى الصلاة غفر له ولمن وراءه من الناس ، فانما تأخرت رجاء أن يغفر لى بواحد منهم ينظر الله إليه . وروى بعض الرواة أنه قال سمعت رسول الله صلى الله عليه وسلم قال ذلك . فمن تأخر على هذه النية إيثارا واظهارا لحسن الخلق فلا بأس . وعند هذا يقال : الأعمال بالنيات

ثانيها : إن لم تكن مقصورةٌ عند الخطيب مقتطعة عن المسجد للسلاطين فالصف الأوّل محبوب ، وإلا فقد كره بعض العلماء دخول المقصورة. كان الحسن وبكر المزنى لايصليان فى المقصورة ، ورأيا أنها قصرت على السلاطين ، وهى بدعة أحدثت بعد رسول الله صلى الله عليه وسلم فى المساجد ، والمسجد مطلق لجميع الناس ، وقد اقتطع ذلك على خلافه ، وصلى أنس بن مالك وعمران بن حصين فى المقصورة ولم يكرها ذلك لطلب القرب . ولعل الكراهية تختص بحالة التخصيص والمنع . فأما مجرد المقصورة إذا لم يكن منع فلا يوجب كراهة

وثالثها : أن المنبر يقطع بعض الصفوف ، وإنما الصف الأوّل الواحد المتصل الذى فى فناء المنبر ، وما على طرفيه مقطوع . وكان الثورى يقول : الصف الأوّل هو الخارج بين يدى المنبر . وهو متجه لأنه متصل ، ولأن الجالس فيه يقابل الخطيب ويسمع منه . ولا يبعد أن يقال الأقرب إلى القبلة هو الصف الأوّل ، ولا يراعى هذا المعنى . وتكره الصّلاة فى الأسواق والرحاب الخارجة عن المسجد . وكان بعض الصحابة يضرب الناس ويقيمهم من الرحاب

الثامن : أن يقطع الصّلاة عند خروج الأمام ، ويقطع الكلام أيضاً بل يشتغل بجواب المؤذن ، ثم باستماع الخطبة ، وقد جرت عادة بعض العوام بالسجود عند قيام المؤذنين ، ولم يثبت له أصل فى أثر ولا خبر ، ولكنه إن وافق سجود تلاوة فلا بأس بها للدعاء ، لأنه وقت فاضل ، ولا يحكم بتحريم هذا السجود فإنه لا سبب لتحريمه .

وقد روى عن على وعثمان رضى الله عنهما أنهما قالا: من استمع وأنصت فله أجران، ومن لم يستمع وأنصت فله أجر، ومن سمع ولغا فعليه وزران، ومن لم يستمع ولغا فعليه وزر واحد

وقال صلى الله عليه وسلم: (١) « مَنْ قَالَ لِصَاحِبِهِ وَالْإِمَامُ يَخْطُبُ أَنْصِتْ أَوْ مَهْ فقدْ لَغَا وَمَنْ لَغَا وَالْإِمَامُ يَخْطُبُ فَلَا جُمُعَةَ لَهُ » وهذا يدل على أن الإسكات ينبغى أن يكون بإشارة أو رمى حصاة لا بالنطق وفى حديث أبى ذر: (٢) « أَنَّهُ لَمَّا سَأَلَ أُبَيًّا وَالنَّبِيُّ صلى الله عليه وسلم يَخْطُبُ فَقَالَ مَتَى أُنْزِلَتْ هَذِهِ السُّورَةُ فَأَوْمَأَ إِلَيْهِ أَنِ اسْكُتْ، فَلَمَّا نَزَلَ رَسُولُ اللهِ صلى الله عليه وسلم قَالَ لَهُ أُبَيٌّ اذْهَبْ فَلَا جُمُعَةَ لَكَ، فَشَكَاهُ أَبُو ذَرٍّ إِلَى النَّبِيِّ صلى الله عليه وسلم، فَقَالَ: صَدَقَ أُبَيٌّ. وإن كان بعيداً من الإمام فلا ينبغى أن يتكلم فى العلم وغيره بل يسكت، لأن كل ذلك يتسلسل ويفضى إلى هينمة حتى ينتهى إلى المستمعين، ولا يجلس فى حلقة من يتكلم فمن عجز عن الاستماع بالبعد فلينصت فهو المستحب. وإذا كانت تكره الصلاة فى وقت خطبة الإمام فالكلام أولى بالكراهية وقال على كرم الله وجهه: تكره الصلاة فى أربع ساعات: بعد الفجر، وبعد العصر، ونصف النهار، والصلاة والإمام يخطب

التاسع: أن يراعى فى قدوة الجمعة ما ذكرناه فى غيرها، فاذا سمع قراءة الامام لم يقرأ سوى الفاتحة، فإذا فرغ من الجمعة قرأ الحمد لله سبع مرات قبل أن يتكلم، وقل هو الله أحد والمعوذتين سبعاً سبعاً. وروى بعض السلف أن من فعله عصم من الجمعة إلى الجمعة وكان حرزاً له من الشيطان

ويستحب أن يقول بعد الجمعة : اللهم يا غنى يا حميد يا مبدئ يا معيد يا رحيم يا ودود أغننى بحلالك عن حرامك وبفضلك عمن سواك . يقال من داوم على هذا الدعاء أغناه الله سبحانه عن خلقه ورزقه من حيث لا يحتسب . ثم يصلى بعد الجمعة ست ركعات ، فقد روى ابن عمر رضى الله عنهما : « أَنَّهُ صلى الله عليه وسلم [٣] كَانَ يُصَلِّى بَعْدَ الْجُمُعَةِ رَكْعَتَيْنِ » وروى أبو هريرة أربعاً [٤] وروى على وعبد الله بن عباس رضى الله عنهما ستا [٥] والكل صحيح فى أحوال مختلفة ، والأكمل أفضل

العاشر : أن يلازم المسجد حتى يصلى العصر ، فإن أقام إلى المغرب فهو الأفضل . يقال من صلى العصر فى الجامع كان له ثواب الحج ، ومن صلى المغرب فله ثواب حجة وعمرة ، فان لم يأمن التصنع ودخول الآفة عليه من نظر الخلق إلى اعتكافه أو خاف الخوض فيما لا يعنى . فالأفضل أن يرجع إلى بيته ذاكراً الله عز وجل ، مفكراً فى آلائه ، شاكراً لله تعالى على توفيقه ، خائفاً من تقصيره ، مراقباً لقلبه ولسانه إلى غروب الشمس ، حتى لا تفوته الساعة الشريفة . ولا ينبغى أن يتكلم فى الجامع وغيره من المساجد بحديث الدنيا ، قال صلى الله عليه وسلم : [٦] « يَأْتِى عَلَى النَّاسِ زَمَانٌ يَكُونُ حَدِيثُهُمْ فِى مَسَاجِدِهِمْ أَمْرُ دُنْيَاهُمْ لَيْسَ لِلَّهِ تَعَالَى فِيهِمْ حَاجَةٌ فَلَا تُجَالِسُوهُمْ »

حتى توافيه الساعة الشريفة وهو فى خير ، ولا ينبغى أن يحضر الحلق قبل الصَّلاة . وروى عبد الله بن عمر رضى الله عنهما « أَنَّ النَّبِيَّ صَلَّى اللهُ عَلَيْهِ وَسَلَّمْ [1] نَهَى عَنِ التَّحَلُّقِ يَوْمَ الْجُمُعَةِ قَبْلَ الصَّلَاةِ » إلا أن يكون عالما بالله ، يذكر بأيام الله ، ويفقه فى دين الله ، يتكلم فى الجامع بالغداة فيجلس إليه فيكون جامعاً بين البكور وبين الاستماع ، واستماع العلم النافع فى الآخرة أفضل من اشتغاله بالنوافل [2] فقد روى أبو ذر أن حضور مجلس علم أفضل من صلاة ألف ركعة ، قال أنس بن مالك فى قوله تعالى : (فَإِذَا قُضِيَتِ الصَّلَاةُ فَانْتَشِرُوا فِي الْأَرْضِ وَابْتَغُوا مِنْ فَضْلِ اللهِ *) : أما إنه ليس بطلب دنيا ، ولكن عيادة مريض وشهود جنازة ، وتعلم علم ، وزيارة أخ فى الله عز وجل

وقد سمى الله عز وجل العلم فضلا فى مواضع : قال تعالى : (وَعَلَّمَكَ مَا لَمْ تَكُنْ تَعْلَمُ وَكَانَ فَضْلُ اللهِ عَلَيْكَ عَظِيمًا *) وقال تعالى : (وَلَقَدْ آتَيْنَا دَاوُدَ مِنَّا فَضْلًا *) يعنى العلم . فتعلمُ العلم فى هذا اليوم وتعليمه من أفضل القربات ،

والصَّلاة أفضل من مجالس القُصَّاص ، إذ كانوا يرونه بدعة ، ويخرجون القصاص من الجامع . بكر ابن عمر رضى الله عنهما إلى مجلسه فى المسجد الجامع فاذا قاصٌّ يقص فى موضعه ، فقال : قم عن مجلسى ، فقال : لا أقوم وقد جلست وسبقتك اليه . فأرسل ابن عمر إلى صاحب الشرطة فأقامه . فلو كان ذلك من السنة لما جازت إقامته ، فقد قال صلى الله عليه وسلم: [3] « لَا يُقِيمَنَّ أَحَدُكُمْ أَخَاهُ مِنْ مَجْلِسِهِ ثُمَّ يَجْلِسُ فِيهِ وَلَكِنْ تَفَسَّحُوا وَتَوَسَّعُوا » وكان ابن عمر إذا قام الرجل له من مجلسه لم يجلس فيه حتى يعود إليه . وروى أن قاصًّا كان يجلس بفناء حجرة عائشة رضى الله عنها ، فأرسلت إلى ابن عمر أن هذا قد آذانى بقصصه وشغلنى عن سبحتى ، فضربه ابن عمر حتى كسر عصاه على ظهره ثم طرده

الثانى : أن يكون حسن المراقبة للساعة الشريفة ، ففى الخبر المشهور [١] « إِنَّ فِي الْجُمُعَةِ سَاعَةً لَا يُوَافِقُهَا عَبْدٌ مُسْلِمٌ يَسْأَلُ اللهَ عَزَّ وَجَلَّ فِيهَا شَيْئًا إِلَّا أَعْطَاهُ » وفى خبر آخر [٢] « لَا يُصَادِفُهَا عَبْدٌ يُصَلِّي » واختلف فيها فقيل إنها عند طلوع الشمس . وقيل عند الزوال . وقيل مع الأذان . وقيل إذا صعد الإمام المنبر وأخذ فى الخطبة . وقيل إذا قام الناس إلى الصلاة . وقيل آخر وقت العصر أعنى وقت الاختيار . وقيل قبل غروب الشمس [٣] . وكانت فاطمة رضى الله عنها تراعى ذلك الوقت وتأمر خادمتها أن تنظر إلى الشمس فتؤذنها بسقوطها ، فتأخذ فى الدعاء والاستغفار إلى أن تغرب الشمس ، وتخبر بأن تلك الساعة هى المنتظرة وتؤثره عن أبيها صلى الله عليه وسلم وعليها . وقال بعض العلماء هى مبهمة فى جميع اليوم مثل ليلة القدر ، حتى تتوفر الدواعى على مراقبتها . وقيل إنها تنتقل فى ساعات يوم الجمعة كتنقل ليلة القدر . وهذا هو الأشبه ، وله سر لا يليق بعلم المعاملة ذكره ، ولكن ينبغى أن يصدق بما قال صلى الله عليه وسلم [٤] « إِنَّ لِرَبِّكُمْ فِي أَيَّامِ دَهْرِكُمْ نَفَحَاتٍ أَلَا فَتَعَرَّضُوا لَهَا » ويوم الجمعة من جملة تلك الأيام ، فينبغى أن يكون العبد فى جميع نهاره متعرضا لها بإحضار القلب ، وملازمة الذكر ، والنزوع عن وساوس الدنيا ، فعساه يحظى بشىء من تلك النفحات

وقد قال كعب الأحبار : [٥] إنها فى آخر ساعة من يوم الجمعة ، وذلك عند الغروب ، فقال أبو هريرة : وكيف تكون آخر ساعة وقد سمعت رسول الله صلى الله عليه وسلم يقول : لا يوافقها عبد يصلى ولات حين صلاة ، فقال كعب : ألم يقل رسول الله صلى الله عليه وسلم

« مَنْ قَعَدَ يَنْتَظِرُ الصَّلَاةَ فَهُوَ فِي الصَّلَاةِ » قال بلى ، قال فذلك صلاة ، فسكت أبو هريرة . وكان كعب مائلاً إلى أنها رحمة من الله سبحانه للقائمين بحق هذا اليوم ، وأوان إرسالها عند الفراغ من تمام العمل . وبالجملة هذا وقت شريف مع وقت صعود الامام المنبر ، فليكثر الدعاء فيهما

الثالث : يستحب أن يكثر الصلاة على رسول الله صلى الله عليه وسلم فى هذا اليوم ، فقد قال صلى الله عليه وسلم : (١) « مَنْ صَلَّى عَلَيَّ فِي يَوْمِ الْجُمُعَةِ ثَمَانِينَ مَرَّةً غَفَرَ اللهُ لَهُ ذُنُوبَ ثَمَانِينَ سَنَةً . قِيلَ يَا رَسُولَ اللهِ كَيْفَ الصَّلَاةُ عَلَيْكَ ؟ قَالَ تَقُولُ : اللَّهُمَّ صَلِّ عَلَى مُحَمَّدٍ عَبْدِكَ وَنَبِيِّكَ وَرَسُولِكَ النَّبِيِّ الْأُمِّيِّ وَتَعْقِدُ وَاحِدَةً ، وَإِنْ قُلْتَ اللَّهُمَّ صَلِّ عَلَى مُحَمَّدٍ وَعَلَى آلِ مُحَمَّدٍ صَلَاةً تَكُونُ لَكَ رِضَاءً وَلِحَقِّهِ أَدَاءً وَأَعْطِهِ الْوَسِيلَةَ وَابْعَثْهُ الْمَقَامَ الْمَحْمُودَ الَّذِي وَعَدْتَهُ وَاجْزِهِ عَنَّا مَا هُوَ أَهْلُهُ وَاجْزِهِ أَفْضَلَ مَا جَازَيْتَ نَبِيًّا عَنْ أُمَّتِهِ ، وَصَلِّ عَلَيْهِ وَعَلَى جَمِيعِ إِخْوَانِهِ مِنَ النَّبِيِّينَ وَالصَّالِحِينَ يَا أَرْحَمَ الرَّاحِمِينَ » تقول هذا سبع مرات فقد قيل من قالها فى سبع جمع فى كل جمعة سبع مرات وجبت له شفاعته صلى الله عليه وسلم ، وإن أراد أن يزيد أتى بالصلاة المأثورة (٢) فقال « اللَّهُمَّ اجْعَلْ فَضَائِلَ صَلَوَاتِكَ وَنَوَامِيَ بَرَكَاتِكَ وَشَرَائِفَ زَكَوَاتِكَ وَرَأْفَتِكَ وَرَحْمَتِكَ وَتَحِيَّتِكَ عَلَى مُحَمَّدٍ سَيِّدِ الْمُرْسَلِينَ وَإِمَامِ الْمُتَّقِينَ وَخَاتَمِ النَّبِيِّينَ وَرَسُولِ رَبِّ الْعَالَمِينَ قَائِدِ الْخَيْرِ وَفَاتِحِ الْبِرِّ وَنَبِيِّ الرَّحْمَةِ وَسَيِّدِ الْأُمَّةِ اللَّهُمَّ ابْعَثْهُ مَقَامًا مَحْمُودًا تَزْلِفُ بِهِ قُرْبَهُ وَتُقِرُّ بِهِ عَيْنَهُ يَغْبِطُهُ بِهِ الْأَوَّلُونَ وَالْآخِرُونَ اللَّهُمَّ أَعْطِهِ الْفَضْلَ وَالْفَضِيلَةَ وَالشَّرَفَ وَالْوَسِيلَةَ وَالدَّرَجَةَ الرَّفِيعَةَ وَالْمَنْزِلَةَ الشَّامِخَةَ الْمُنِيفَةَ ، اللَّهُمَّ أَعْطِ مُحَمَّدًا

من قعد ينتظر الصلاة فهو فى صلاة قلت وقع فى الاحياء أن كعبا هو القائل أنها آخر ساعة وليس كذلك وانما هو عبد الله بن سلام وأما كعب فانما قال إنها فى كل سنة مرة ثم رجع والحديث رواه د ت ن حب من حديث أبى هريرة و هـ نحوه من حديث عبد الله بن سلام

سُؤْلَهُ وَبَلِّغْهُ مَأْمُولَهُ وَاجْعَلْهُ أَوَّلَ شَافِعٍ وَأَوَّلَ مُشَفَّعٍ ، اللَّهُمَّ عَظِّمْ بُرْهَانَهُ وَثَقِّلْ مِيزَانَهُ وَأَبْلِغْ حُجَّتَهُ وَارْفَعْ فِي أَعْلَى الْمُقَرَّبِينَ دَرَجَتَهُ ؛ اللَّهُمَّ احْشُرْنَا فِي زُمْرَتِهِ وَاجْعَلْنَا مِنْ أَهْلِ شَفَاعَتِهِ وَأَحْيِنَا عَلَى سُنَّتِهِ وَتَوَفَّنَا عَلَى مِلَّتِهِ وَأَوْرِدْنَا حَوْضَهُ وَاسْقِنَا بِكَأْسِهِ غَيْرَ خَزَايَا وَلَا نَادِمِينَ وَلَا شَاكِّينَ وَلَا مُبَدِّلِينَ وَلَا فَاتِنِينَ وَلَا مَفْتُونِينَ ، آمِينَ يَا رَبَّ الْعَالَمِينَ »

وعلى الجملة فكل ماأتى به من ألفاظ الصلاة ولو بالمشهورة فى التشهد كان مصليا ، وينبغى أن يضيف إليه الاستغفار ، فإن ذلك أيضاً مستحب فى هذا اليوم

الرابع : قراءة القرآن فليكثر منه ، وليقرأ سورة الكهف خاصة فقدروى عن ابن عباس وأبى هريرة رضى الله عنهما [1] « أَنَّ مَنْ قَرَأَ سُورَةَ الْكَهْفِ لَيْلَةَ الْجُمُعَةِ أَوْ يَوْمَ الْجُمُعَةِ أُعْطِيَ نُورًا مِنْ حَيْثُ يَقْرَؤُهَا إِلَى مَكَّةَ وَغُفِرَ لَهُ إِلَى يَوْمِ الْجُمُعَةِ الْأُخْرَى وَفَضْلَ ثَلَاثَةِ أَيَّامٍ وَصَلَّى عَلَيْهِ سَبْعُونَ أَلْفَ مَلَكٍ حَتَّى يُصْبِحَ وَعُوفِيَ مِنَ الدَّاءِ وَالدَّبِيلَةِ وَذَاتِ الْجَنْبِ وَالْبَرَصِ وَالْجُذَامِ وَفِتْنَةِ الدَّجَّالِ » ويستحب أن يختم القرءان فى يوم الجمعة وليلتها إن قدر، وليكن ختمه للقرءان فى ركعتى الفجر إن قرأ بالليل . أوفى ركعتى المغرب ، أو بين الأذان والإقامة للجمعة ، فله فضل عظيم . وكان العابدون يستحبون أن يقرءوا يوم الجمعة قُلْ هُوَ اللَّهُ أَحَدٌ ألف مرة ، ويقال إن من قرأها فى عشر ركعات أو عشرين فهو أفضل من ختمة ، وكانوا يصلون على النبي صلى الله عليه وسلم ألف مرة . وكانوا يقولون : سبحان الله والحمدلله ولا إله إلا الله والله أكبر ألف مرة ، وإن قرأ المسبعات الست فى يوم الجمعة أو ليلتها فحسن ، وليس يروى عن النبي صلى الله عليه وسلم أنه كان يقرأ سورا بأعيانها إلا فى يوم الجمعة وليلتها « كَانَ [2] يَقْرَأُ فِي صَلَاةِ الْمَغْرِبِ لَيْلَةَ الْجُمُعَةِ قُلْ يَا أَيُّهَا الْكَافِرُونَ ، وَقُلْ هُوَ اللَّهُ أَحَدٌ ، وَكَانَ يَقْرَأُ فِي صَلَاةِ الْعِشَاءِ الْآخِرَةِ لَيْلَةَ الْجُمُعَةِ سُورَةَ الْجُمُعَةِ وَالْمُنَافِقِينَ »

وروى « أَنَّهُ صَلَّى اللهُ عَلَيْهِ وَسَلَّمَ [١] كَانَ يَقْرَؤُهُمَا فِى رَكْعَتَيِ الْجُمُعَةِ وَكَانَ يَقْرَأُ فِى الصُّبْحِ يَوْمَ الْجُمُعَةِ سُورَةَ سَجْدَةِ لُقْمَانَ وَسُورَةَ هَلْ أَتَى عَلَى الْإِنْسَانِ »

الخامس : الصلوات يستحب إذا دخل الجامع أن لايجلس حتى يصلى أربع ركعات يقرأ فيهنّ [٢] قل هو الله أحد مائتى مرة فى كل ركعة خمسين مرة ، فقد نقل عن رسول الله صلى الله عليه وسلم أَنَّ مَنْ فَعَلَهُ لَمْ يَمُتْ حَتَّى يَرَى مَقْعَدَهُ مِنَ الْجَنَّةِ » أَوْ يرى لَهُ ، ولايدع ركعتى التحية وإن كان الإمام يخطب ، ولكن يخفف [٣] أَمَرَ رسولُ الله صلى الله عليه وسلم بذلك . وفى حديث غريب « أَنَّهُ صلى الله عليه وسلم [٤] سَكَتَ لِلدَّاخِلِ حَتَّى صَلَّاهُمَا » فَقَالَ الكوفيون إن سكت له الإمام صلاهما . ويستحب فى هذا اليوم أوفى ليلته أن يصلى أربع ركعات بأربع سور : الأنعام ، والكهف ، وطه ، ويس . فإن لم يحسن قرأ يس وسورة سجدة لقمان وسورة الدخان وسورة الملك ، ولايدع قراءة هذه الأربع سور فى ليلة الجمعة ، ففيها فضل كثير . ومن لايحسن القرءان قرأ مايحسن فهو له بمنزلة الختمة ، ويكثر من قراءة سورة الإخلاص . ويستحب أن يصلى صلاة التسبيح كما سيأتى فى باب التطوّعات كيفيتها [٥] لأَنَّهُ صلى الله عليه وسلم قال لعمه العباس « صَلِّهَا فِى كُلِّ جُمُعَةٍ » وكان ابن عباس رضى الله عنهما لايدع هذه الصلاة يوم الجمعة بعد الزوال ، وكان يخبر عن جلالة فضلها . والأحسن أن يجعل وقته إلى الزوال للصلاة ، وبعد الجمعة إلى العصر لاستماع العلم ، وبعد العصر إلى المغرب للتسبيح والاستغفار

السادس : الصدقة مستحبة فى هذا اليوم خاصة ، فإنها تتضاعف إلا على من سأل والإمام يخطب وكان يتكلم فى كلام الإمام ، فهذا مكروه . وقال صالح بن محمد : سأل مسكين يوم الجمعة والإمام يخطب وكان إلى جانب أبى ، فأعطى رجل أبى قطعة ليناوله إياها فلم يأخذها منه أبى . وقال ابن مسعود : إذا سأل رجل فى المسجد فقد استحق أن لا يعطى ، وإذا سأل على القرءان فلا تعطوه . ومن العلماء من كره الصدقة على السؤال فى الجامع الذين يتخطون رقاب الناس ، إلا أن يسأل قائماً أو قاعداً فى مكانه من غير تخط وقال كعب الأحبار : من شهد الجمعة ثم انصرف فتصدق بشيئين مختلفين من الصدقة ثم رجع فركع ركعتين يتم ركوعهما وسجودهما وخشوعهما ثم يقول : اللهم إنى أسألك باسمك بسم الله الرحمن الرحيم ، وباسمك الذى لا إله إلا الله هو الحى القيوم الذى لا تأخذه سنة ولا نوم ، لم يسأل الله تعالى شيئا إلا أعطاه . وقال بعض السلف : من أطعم مسكيناً يوم الجمعة ثم غدا وابتكر ولم يؤخذ أحداً ثم قال حين يسلم الإمام : بسم الله الرحمن الرحيم الحى القيوم أسألك أن تغفر لى وترحمنى وتعافينى من النار ثم دعا بما بدا له استجيب له

السابع : أن يجعل يوم الجمعة للآخرة فيكف فيه عن جميع أشغال الدنيا ، ويكثر فيه الأوراد ، ولا يبتدئ فيه السفر[1] فقد روى « أَنَّهُ مَنْ سَافَرَ فِى لَيْلَةِ الْجُمُعَةِ دَعَا عَلَيْهِ مَلَكَاهُ » وهو بعد طلوع الفجر حرام إلا إذا كانت الرفقة تفوت . وكره بعض السلف شراء الماء فى المسجد من السقاء ليشربه أو يسبله حتى لا يكون مبتاعا فى المسجد فان البيع والشراء فى المسجد مكروه ، وقالوا لا بأس لو أعطى القطعة خارج المسجد ثم شرب أو سبل فى المسجد

وبالجملة ينبغى أن يزيد فى الجمعة فى أوراده وأنواع خيراته ، فإن الله سبحانه إذا أحب عبداً استعمله فى الأوقات الفاضلة بفواضل الأعمال ، وإذا مقته استعمله فى الأوقات الفاضلة بسيئ الأعمال ، ليكون ذلك أوجع فى عتابه ، وأشد لمقته ، لحرمانه بركة الوقت ، وانتهاكه حرمة الوقت . ويستحب فى الجمعة دعوات وسيأتى ذكرها فى كتاب الدعوات إن شاء الله تعالى . وصلى الله على كل عبد مصطفى

الباب السادس

فى مسائل متفرقة تعم بها البلوى ويحتاج المريد إلى معرفتها

فأما المسائل التى تقع نادرة فقد استقصيناها فى كتب الفقه

مسألة :

الفعل القليل وإن كان لا يبطل الصَّلاة فهو مكروه إلا لحاجة ، وذلك فى دفع المار ، وقتل العقرب التى تخاف ويمكن قتلها بضربة أو بضربتين ، فإذا صارت ثلاثا فقد كثرت وبطلت الصَّلاة ، وكذلك القملة والبرغوث مهما تأذى بهما كان له دفعهما ، وكذلك حاجته إلى الحك الذى يشوش عليه الخشوع . كان معاذ يأخذ القملة والبرغوث فى الصَّلاة ، وابن عمر كان يقتل القملة فى الصَّلاة حتى يظهر الدم على يده . وقال النخعى . يأخذها ويوهنها ولا شىء عليه إن قتلها . وقال ابن المسيب يأخذها ويخدّرها ثم يطرحها . وقال مجاهد : الأحب إلىّ أن يدعها إلا أن تؤذيه فتشغله عن صلاته فيوهنها قدر ما لا تؤذى ثم يلقيها . وهذه رخصة ، وإلا فالكمال الاحتراز عن الفعل وإن قل ، ولذلك كان بعضهم لا يطرد الذباب ، وقال : لا أعود نفسى ذلك فيفسد علىّ صلاتى ، وقد سمعت أن الفساق بين يدى الملوك يصبرون على أذى كثير ولا يتحركون . ومهما تثاءب فلا بأس أن يضع يده على فيه وهو الأولى ، وإن عطس حمد الله عز وجل فى نفسه ولا يحرك لسانه ، وإن تجشأ فينبغى أن لا يرفع رأسه إلى السماء ، وإن سقط رداؤه فلا ينبغى أن يسويه ، وكذلك أطراف عمامته ، فكل ذلك مكروه إلا لضرورة

مسألة :

الصَّلاة فى النعلين جائزة وإن كان نزع النعلين سهلا وليست الرخصة فى الخف لعسر النزع بل هذه النجاسة معفو عنها وفى معناها المداس « صَلَّى رَسُولُ اللهِ صَلَّى اللهُ عَلَيْهِ وَسَلَّمَ (١) فِى نَعْلَيْهِ ثُمَّ نَزَعَ فَنَزَعَ النَّاسُ نِعَالَهُمْ ، فَقَالَ لِمَ خَلَعْتُمْ نِعَالَكُمْ ؟ قَالُوا : رَأَيْنَاكَ

خَلَعْتَ فَخَلَعْنَا ، فَقَالَ صلى اللهُ عَلَيْهِ وَسَلَّمَ : إِنَّ جِبْرَائِيلَ عَلَيْهِ السَّلَامُ أَتَانِي فَأَخْبَرَنِي أَنَّ بِهِمَا خَبَثًا ، فَإِذَا أَرَادَ أَحَدُكُمُ الْمَسْجِدَ فَلْيَقْلِبْ نَعْلَيْهِ وَلْيَنْظُرْ فِيهِمَا فَإِنْ رَأَى خَبَثًا فَلْيَمْسَحْهُ بِالْأَرْضِ وَلْيُصَلِّ فِيهِمَا » وقال بعضهم : الصَّلاة فى النعلين أفضل ، لأنه صلى الله عليه وسلم قال : لِمَ خَلَعْتُمْ نِعَالَكُمْ ؟ وهذه مبالغة ، فإنه صلى الله عليه وسلم سألهم ليبين لهم سبب خلعه إذ علم أنهم خلعوا على موافقته وقد روى عبد الله بن السائب[1] « أَنَّ النَّبِيَّ صَلَّى اللهُ عَلَيْهِ وَسَلَّمَ خَلَعَ نَعْلَيْهِ » فإذاً قدفعل كليهما ، فمن خلع فلا ينبغى أن يضعهما عن يمينه ويساره فيضيق الموضع ويقطع الصف ، بل يضعهما بين يديه ولا يتركهما وراءه فيكون قلبه ملتفتا اليهما . ولعل من رأى الصَّلاة فيهما أفضل راعى هذا المعنى وهو التفات القلب اليهما ، روى أبو هريرة رضى الله عنه أن النبي صلى الله عليه وسلم[2] قال : إِذَا صَلَّى أَحَدُكُمْ فَلْيَجْعَلْ نَعْلَيْهِ بَيْنَ رِجْلَيْهِ » وقال أبو هريرة لغيره اجعلهما بين رجليك ولا تؤذ بهما مسلما « وَوَضَعَهُمَا رَسُولُ اللهِ صَلَّى اللهُ عَلَيْهِ وَسَلَّمَ[3] عَلَى يَسَارِهِ وَكَانَ إِمَامًا » فللإمام أن يفعل ذلك ، إذ لا يقف أحد على يساره ، والأولى أن لا يضعهما بين قدميه فيشغلانه ولكن قدام قدميه ، ولعله المراد بالحديث . وقد قال جبير بن مطعم : وضع الرجل نعليه بين قدميه بدعة

مسألة :

إذا بزق فى صلاته لم تبطل صلاته لأنه فعل قليل ؛ وما لا يحصل به صوت لا يعد كلاما وليس على شكل حروف الكلام ، إلا أنه مكروه ؛ فينبغى أن يحترز منه ، إلا كما أذن رسول الله صلى الله عليه وسلم فيه : إذ روى بعض الصحابة « أَنَّ رَسُولَ اللهِ صَلَّى اللهُ عَلَيْهِ وَسَلَّمَ[4] رَأَى فِي الْقِبْلَةِ نُخَامَةً فَغَضِبَ غَضَبًا شَدِيدًا ثُمَّ حَكَّهَا بِعَرْجُونٍ كَانَ فِي يَدِهِ وَقَالَ ائْتُونِي بِعَبِيرٍ فَلَطَخَ أَثَرَهَا بِزَعْفَرَانٍ ثُمَّ الْتَفَتَ إِلَيْنَا وَقَالَ : أَيُّكُمْ يُحِبُّ أَنْ يُبْزَقَ فِي وَجْهِهِ ؟

مسألة :

لوقوف المقتدى سنة وفرض . أما السنة فأن يقف الواحد عن يمين الإمام متأخراً عنه قليلا ، والمرأة الواحدة تقف خلف الإمام ، فان وقفت بجنب الإمام لم يضر ذلك ، ولكن خالفت السنة ، فان كان معها رجل وقف الرجل عن يمين الإمام وهى خلف الرجل ، ولا يقف أحد خلف الصف منفرداً ، بل يدخل فى الصف ، أو يجرّ إلى نفسه واحداً من الصف ، فان وقف منفرداً صحت صلاته مع الكراهية

وأما الفرض فاتصال الصف ، وهو أن يكون بين المقتدى والإمام رابطة جامعة ، فإنهما فى جماعة ، فإن كانا فى مسجد كفى ذلك جامعاً لأنه بنى له ، فلا يحتاج إلى اتصال صف ، بل إلى أن يعرف أفعال الإمام ، صلى أبو هريرة رضى الله عنه على ظهر المسجد بصلاة الإمام . وإذا كان المأموم على فناء المسجد فى طريق أو صحراء مشتركة وليس بينهما اختلاف بناء مفرّق فيكفى القرب بقدر غلوة سهم ، وكفى بها رابطة ، إذ يصل فعل أحدهما إلى الآخر ، وإنما يشترط إذا وقف فى صحن دار على يمين المسجد أو يساره وبابها لا طىء فى المسجد ، فالشرط أن يمد صف المسجد فى دهليزها من غير انقطاع إلى الصحن ثم تصح صلاة من فى ذلك الصف ومن خلفه دون من تقدم عليه ، وهكذا حكم الأبنية المختلفة ، فأما البناء الواحد والعرصة الواحدة فكالصحراء

مسألة :

المسبوق إذا أدرك آخر صلاة الإمام فهو أوّل صلاته ، فليوافق الإمام وليبن عليه ، وليقنت فى الصبح فى آخر صلاة نفسه وإن قنت مع الإمام ، وإن أدرك مع الامام بعض القيام فلا يشتغل بالدعاء ، وليبدأ بالفاتحة وليخففها ، فان ركع الإمام قبل تمامها وقدر على لحوقه فى اعتداله من الركوع فليتم ، فان عجز وافق الإمام وركع وكان لبعض الفاتحة حكم جميعها فتسقط عنه بالسبق

Lajna - 343

وإن ركع الإمام وهو فى السورة فليقطعها ، وإن أدرك الإمام فى السجود أو التشهد كبّر للإحرام ثم جلس ولم يكبر ، بخلاف ما إذا أدركه فى الركوع فإنه يكبر ثانيا فى الهوى ، لأن ذلك انتقال محسوب له ، والتكبيرات للانتقالات الأصلية فى الصلاة لا للعوارض بسبب القدوة ، ولا يكون مدركا للركعة مالم يطمئن راكعاً فى الركوع والامام بعد فى حدّ الراكعين ، فإن لم يتم طمأنينته إلا بعد مجاوزة الامام حدّ الراكعين فاتته تلك الركعة

مسألة :

من فاتته صلاة الظهر إلى وقت العصر فليصل الظهر أوّلا ثم العصر ، فان ابتدأ بالعصر أجزأه ، ولكن ترك الأولى واقتحم شبهة الخلاف ، فان وجد إماماً فليصل العصر ثم ليصل الظهر بعده ، فإن الجماعة بالأداء أوّلى ، فان صلى منفردا فى أوّل الوقت ثم أدرك جماعة صلى فى الجماعة ونوى صلاة الوقت ، والله يحتسب أيهما شاء ، فان نوى فائتة أو تطوّعا جاز ، وان كان قد صلى فى الجماعة فأدرك جماعة أخرى فلينو الفائتة أو النافلة ، فإعادة المؤداة بالجماعة مرة أخرى لا وجه له ، وإنما احتمل ذلك لدرك فضيلة الجماعة

مسألة :

مسألة :

الوسوسة فى نية الصلاة : سببها خبل فى العقل أو جهل بالشرع ، لأن امتثال أمر الله عز وجل مثل امتثال أمر غيره ، وتعظيمه كتعظيم غيره فى حق القصد ، ومن دخل عليه عالم فقام له فلو قال نويت أن أنتصب قائما تعظيما لدخول زيد الفاضل لأجل فضله متصلا بدخوله مقبلا عليه بوجهى ، كان سفها فى عقله ، بل كما يراه ويعلم فضله تنبعث داعية التعظيم فتقيمه ويكون معظما ، إلا إذا قام لشغل آخر أو فى غفلة . واشتراط كون الصلاة ظهرا أداء فرضا فى كونه امتثالا كاشتراط كون القيام مقرونا بالدخول مع الاقبال بالوجه على الداخل ، وانتفاء باعث آخر سواه وقصد التعظيم به ليكون تعظيما ، فانه لوقام مدبرا عنه أو صبر فقام بعد ذلك بمدة لم يكون معظما . ثم هذه الصفات لابد وأن تكون معلومة ، وأن تكون مقصودة ، ثم لايطول حضورها فى النفس فى لحظة واحدة ، وإنما يطول نظم الألفاظ الدالة عليها ، إما تلفظا باللسان ، وإما تفكراً بالقلب ، فمن لم يفهم نية الصلاة على هذا الوجه فكأنه لم يفهم النية ، فليس فيه إلا أنك دعيت إلى أن تصلى فى وقت فأجبت وقمت ، فالوسوسة محض الجهل ، فان هذه القصود وهذه العلوم تجتمع فى النفس فى حالة واحدة ، ولاتكون مفصلة الآحاد فى الذهن بحيث تطالعها النفس وتتأملها ، وفرق بين حضور الشىء فى النفس وبين تفصيله بالفكر ، والحضور مضاد للعزوب والغفلة وإن لم يكن مفصلا ، فان من علم الحادث مثلا فيعامه بعلم واحد فى حالة واحدة ، وهذا العلم يتضمن علوما هى حاضرة وإن لم تكن مفصلة ، فان من علم الحادث فقد علم الموجود والمعدوم والتقدّم والتأخر والزمان ، وأن التقدم للعدم ، وأن التأخر للوجود . فهذه العلوم منطوية تحت العلم بالحادث ، بدليل أن العالم بالحادث إذا لم يعلم غيره لوقيل له : هل علمت التقدم فقط أو التأخر أو العدم أو تقدم العدم أو تأخر الوجود أو الزمان المنقسم إلى المتقدم والمتأخر فقال ما عرفته قط ، كان كاذبا ، وكان قوله مناقضاً لقوله : إنى أعلم الحادث

Lajna - 345

ومن الجهل بهذه الدقيقة يثور الوسواس ، فان الموسوس يكلف نفسه أن يحضر فى قلبه الظهرية والأدائية والفرضية فى حالة واحدة مفصلة بألفاظها وهو يطالعها ، وذلك محال، ولو كلف نفسه ذلك فى القيام لأجل العالم لتعذر عليه ، فبهذه المعرفة يندفع الوسواس ، وهو أن يعلم أن امتثال أمر الله سبحانه فى النية كامتثال أمر غيره

ثم أزيد عليه على سبيل التسهيل والترخص وأقول : لولم يفهم الموسوس النية إلا باحضار هذه الأمور مفصلة ، ولم يمثل فى نفسه الامتثال دفعة واحدة ، وأحضر جملة ذلك فى أثناء التكبير من أوله إلى آخره بحيث لا يفرغ من التكبير الا وقد حصلت النية ، كفاه ذلك ولا نكلفه أن يقرن الجميع بأوّل التكبير أو آخره ، فان ذلك تكليف شطط ، ولو كان مأموراً به لوقع للأوّلين سؤال عنه ، ولوسوس واحد من الصحابة فى النية ، فعدم وقوع ذلك دليل على أن الأمر على التساهل ، فكيفما تيسرت النية للموسوس ينبغى أن يقنع به حتى يتعوّد ذلك وتفارقه الوسوسة ، ولا يطالب نفسه بتحقيق ذلك ، فان التحقيق يزيد فى الوسوسة . وقد ذكرنا فى الفتاوى وجوهاً من التحقيق فى تحقيق العلوم والقصود المتعلقة بالنية تفتقر العلماء إلى معرفتها ، أما العامة فربما ضرها سماعها ويهيج عليها الوسواس ، فلذلك تركناها

مسألة :

ينبغى أن لا يتقدّم المأموم على الامام فى الركوع والسجود والرفع منهما ولا فى سائر الأعمال ، ولا ينبغى أن يساويه بل يتبعه ويقفو أثره ، فهذا معنى الاقتداء ، فإن ساواه عمدا لم تبطل صلاته كما لو وقف بجنبه غير متأخر عنه ، فان تقدم عليه ففى بطلان صلاته خلاف ، ولا يبعد أن يقضى بالبطلان تشبيها بما لو تقدم فى الموقف على الإمام ، بل هذا أولى ، لأن الجماعة اقتداء فى الفعل لا فى الموقف ، فالتبعية فى الفعل أهمّ ، وإنما شرط ترك التقدم فى الموقف تسهيلاً للمتابعة فى الفعل ، وتحصيلا لصورة التبعية ، إذ اللائق بالمقتدى به أن يتقدم ، فالتقدم عليه فى الفعل لا وجه له إلا أن يكون سهواً ، ولذلك شدد رسول الله

صلى الله عليه وسلم النكير فيه فقال[1] « أما يَخْشَى الَّذِى يَرْفَعُ رَأْسَهُ قَبْلَ الْإِمَامِ أَنْ يُحَوِّلَ اللهُ رَأْسَهُ رَأْسَ حِمَارٍ » وأما التأخر عنه بركن واحد فلا يبطل الصلاة ، وذلك بأن يعتدل الامام عن ركوعه وهو بعد لم يركع ، ولكن التأخر إلى هذا الحد مكروه ، فان وضع الإمام جبهته على الأرض وهو بعد لم ينته إلى حد الراكعين بطلت صلاته ، وكذا إن وضع الامام جبهته للسجود الثانى وهو بعد لم يسجد السجود الأوّل

مسألة :

حق على من حضر الصّلاة إذا رأى من غيره إساءة فى صلاته أن يغيره وينكر عليه ، وإن صدر من جاهل رفق بالجاهل وعلمه ، فمن ذلك الأمر بتسوية الصفوف ومنع المنفرد الوقوف خارج الصف ، والانكار على من يرفع رأسه قبل الإمام ، إلى غير ذلك من الأمور فقد قال صلى الله عليه وسلم[2] « وَيْلٌ لِلْعَالِمِ مِنَ الْجَاهِلِ حَيْثُ لَا يُعَلِّمُهُ » وقال ابن مسعود رضى الله عنه : من رأى من يسىء صلاته فلم ينهه فهو شريكه فى وزرها . وعن بلال بن سعد أنه قال الخطيئة إذا أخفيت لم تضر إلا صاحبها ، فإذا أظهرت فلم تغير أضرت بالعامة . وجاء[3] فى الحديث « أَنَّ بِلَالًا كَانَ يُسَوِّى الصُّفُوفَ وَيَضْرِبُ عَرَاقِيبَهُمْ بِالدِّرَّةِ » وعن عمر رضى الله عنه قال : تفقدوا اخوانكم فى الصلاة فإذا فقدتموهم ، فان كانوا مرضى فعودوهم ، وإن كانوا أصحاء فعاتبوهم . والعتاب إنكار على من ترك الجماعة ، ولا ينبغى أن يتساهل فيه . وقد كان الأولون يبالغون فيه حتى كان بعضهم يحمل الجنازة إلى بعض من تخلف عن الجماعة إشارة إلى أن الميت هو الذى يتأخر عن الجماعة دون الحى . ومن دخل المسجد ينبغى أن يقصد بين الصف ، ولذلك تزاحم الناس عليه فى زمن رسول الله صلى الله عليه وسلم[4] حتى قيل له . تعطلت الميسرة فقال صلى الله عليه وسلم « مَنْ عَمَّرَ مَيْسَرَةَ الْمَسْجِدِ كَانَ لَهُ كِفْلَانِ مِنَ الْأَجْرِ » ومهما وجد غلاما فى الصف ولم يجد لنفسه مكانا فله أن يخرجه إلى خلف ويدخل فيه ، أعنى إذا لم يكن بالغا . وهذا ما أردنا أن نذكره من المسائل التى تعم بها البلوى . وسيأتى أحكام الصلوات المتفرقة فى كتاب الأوراد إن شاء الله تعالى

الباب السابع

في النوافل من الصلوات

اعلم أن ما عدا الفرائض من الصلوات ينقسم إلى ثلاثة أقسام : سنن ، ومستحبات ، وتطوعات . ونعني بالسنن ما نقل عن رسول الله صلى الله عليه وسلم المواظبة عليه : كالرواتب عقيب الصلوات ، وصلاة الضحى ، والوتر ، والتهجد ، وغيرها ، لأن السنة عبارة عن الطريق المسلوكة ، ونعني بالمستحبات ما ورد الخبر بفضله ولم ينقل المواظبة عليه كما سننقله في صلوات الأيام والليالي في الأسبوع ، وكالصلاة عند الخروج من المنزل والدخول فيه ، وأمثاله . ونعني بالتطوعات ما وراء ذلك مما لم يرد في عينه أثر ولكنه تطوع به العبد من حيث رغب في مناجاة الله عز وجل بالصلاة التي ورد الشرع بفضلها مطلقاً فكأنه متبرع به ، إذ لم يندب إلى تلك الصلاة بعينها وإن ندب إلى الصلاة مطلقاً . والتطوع عبارة عن التبرع . وسميت الأقسام الثلاثة نوافل من حيث إن النفل هو الزيادة وجملتها زائدة على الفرائض . فلفظ النافلة والسنة والمستحب والتطوع أردنا الاصطلاح عليه لتعريف هذه المقاصد ، ولا حرج على من يغير هذا الاصطلاح ، فلا مشاحة في الألفاظ بعد فهم المقاصد . وكل قسم من هذه الأقسام تتفاوت درجاته في الفضل بحسب ما ورد فيها من الأخبار والآثار المعرّفة لفضلها ، وبحسب طول مواظبة رسول الله صلى الله عليه وسلم عليها ، وبحسب صحة الأخبار الواردة فيها واشتهارها ، ولذلك يقال سنن الجماعات أفضل من سنن الانفراد ، وأفضل سنن الجماعات صلاة العيد ، ثم الكسوف ، ثم الاستسقاء وأفضل سنن الانفراد الوتر ، ثم ركعتا الفجر ، ثم ما بعدهما من الرواتب على تفاوتها

واعلم أن النوافل باعتبار الإضافة إلى متعلقاتها تنقسم إلى ما يتعلق بأسباب كالكسوف والاستسقاء ، وإلى ما يتعلق بأوقات ، والمتعلق بالأوقات ينقسم إلى ما يتكرر بتكرر اليوم والليلة ، أو بتكرر الأسبوع ، أو بتكرر السنة . فالجملة أربعة أقسام

Lajna - 348

القسم الأول

ما يتكرر بتكرر الأيام والليالى وهى ثمانية : خمسة هى رواتب الصلوات الخمس ، وثلاثة وراءها وهى صلاة الضحى وإحياء ما بين العشاءين والتهجد

الأولى : راتبة الصبح ، وهى ركعتان : قال رسول الله صلى الله عليه سلم : [1] « رَكْعَتَا ٱلْفَجْرِ خَيْرٌ مِنَ الدُّنْيَا وَمَا فِيهَا » . ويدخل وقتها بطلوع الفجر الصادق ، وهو المستطير دون المستطيل ، وإدراك ذلك بالمشاهدة عسير فى أوله ، إلا أن يتعلم منازل القمر ، أو يعلم اقتران طلوعه بالكواكب الظاهرة للبصر ، فيستدل بالكواكب عليه ، ويعرف بالقمر فى ليلتين من الشهر ، فان القمر يطلع مع الفجر ليلة ست وعشرين ، ويطلع الصبح مع غروب القمر ليلة اثنى عشر من الشهر . هذا هو الغالب . ويتطرق اليه تفاوت فى بعض البروج . وشرح ذلك يطول . وتعلُّم منازل القمر من المهمات للمريد حتى يطلع به على مقادير الأوقات بالليل وعلى الصبح . ويفوت وقت ركعتى الفجر بفوات وقت فريضة الصبح وهو طلوع الشمس ولكن السنة أداؤهما قبل الفرض ، فان دخل المسجد وقد قامت الصَّلاة فليشتغل بالمكتوبة فإنه صلى الله عليه وسلم [2] قال : « إِذَا أُقِيمَتِ الصَّلَاةُ فَلَا صَلَاةَ إِلَّا ٱلْمَكْتُوبَةُ » ثم إذا فرغ من المكتوبة قام إليهما وصلاهما . والصحيح أنهما أداء ما وقعتا قبل طلوع الشمس ، لأنهما تابعتان للفرض فى وقته ، وإنما الترتيب بينهما سنة فى التقديم والتأخير إذا لم يصادف جماعة ، فإذا صادف جماعة انقلب الترتيب وبقيتا أداء . والمستحب أن يصليهما فى المنزل ويخففهما ثم يدخل المسجد ويصلى ركعتين تحية المسجد ، ثم يجلس ولا يصلى إلى أن يصلى المكتوبة ، وفيما بين الصبح إلى طلوع الشمس الأحب فيه الذكر والفكر والاقتصار على ركعتى الفجر والفريضة

الثانية : راتبة الظهر ، وهى ست ركعات : ركعتان بعدها وهى أيضا سنة مؤكدة ، وأربع قبلها وهى أيضا سنة وإن كانت دون الركعتين الأخيرتين . روى أبو هريرة

رضى الله عنه عن النبي صلى الله عليه وسلم [١] أنه قال : « مَنْ صَلَّى أَرْبَعَ رَكَعَاتٍ بَعْدَ زَوَالِ الشَّمْسِ يُحْسِنُ قِرَاءَتَهُنَّ وَرُكُوعَهُنَّ وَسُجُودَهُنَّ صَلَّى مَعَهُ سَبْعُونَ أَلْفَ مَلَكٍ يَسْتَغْفِرُونَ لَهُ حَتَّى اللَّيْلِ » « وَكَانَ صَلَّى اللهُ عَلَيْهِ وَسَلَّمَ [٢] لَا يَدَعُ أَرْبَعًا بَعْدَ الزَّوَالِ ، يُطِيلُهُنَّ وَيَقُولُ إِنَّ أَبْوَابَ السَّمَاءِ تُفَتَّحُ فِي هَذِهِ السَّاعَةِ فَأُحِبُّ أَنْ يُرْفَعَ لِي فِيهَا عَمَلٌ » رواه أبو أيوب الأنصارى وتفرد به ، ودل عليه أيضاً ما روت أم حبيبة زوج النبي صلى الله عليه وسلم [٣] أنه قال : « مَنْ صَلَّى فِي كُلِّ يَوْمٍ اثْنَتَيْ عَشْرَةَ رَكْعَةً غَيْرَ الْمَكْتُوبَةِ بُنِيَ لَهُ بَيْتٌ فِي الْجَنَّةِ : وَرَكْعَتَيْنِ قَبْلَ الْفَجْرِ ، وَأَرْبَعًا قَبْلَ الظُّهْرِ ، وَرَكْعَتَيْنِ بَعْدَهَا ، وَرَكْعَتَيْنِ قَبْلَ الْعَصْرِ ، وَرَكْعَتَيْنِ بَعْدَ الْمَغْرِبِ » وقال ابن عمر رضى الله عنهما : حَفِظْتُ مِنْ رَسُولِ اللهِ صَلَّى اللهُ عَلَيْهِ وَسَلَّمَ [٤] فِي كُلِّ يَوْمٍ عَشْرَ رَكَعَاتٍ فذكر ما ذكرته أم حبيبة رضى الله عنها إلا ركعتى الفجر فانه قال : تلك ساعة لم يكن يدخل فيها على رسول الله صلى الله عليه وسلم ، ولكن حدثتنى أختى حفصة رضى الله عنها أنه صلى الله عليه وسلم كان يصلى ركعتين فى بيتها ثم يخرج . وقال فى حديثه : ركعتين قبل الظهر ، وركعتين بعد العشاء ، فصارت الركعتان قبل الظهر آكد من جملة الأربعة . ويدخل وقت ذلك بالزوال

والزوال يعرف بزيادة ظل الأشخاص المنتصبة مائلة إلى جهة الشرق ، إذ يقع للشخص ظل عند الطلوع فى جانب المغرب يستطيل ، فلا تزال الشمس ترتفع والظل ينقص وينحرف عن جهة المغرب إلى أن تبلغ الشمس منتهى ارتفاعها وهو قوس نصف النهار ، فيكون ذلك منتهى نقصان الظل ، فاذا زالت الشمس عن منتهى الارتفاع أخذ الظل فى الزيادة ،

فمن حيث صارت الزيادة مدركة بالحس دخل وقت الظهر ، ويعلم قطعاً أن الزوال فى علم الله سبحانه وقع قبله ، ولكن التكاليف لا ترتبط إلا بما يدخل تحت الحس . والقدر الباقى من الظل الذى منه يأخذ فى الزيادة يطول فى الشتاء ويقصر فى الصيف ، ومنتهى طوله بلوغ الشمس أول الجدى ، ومنتهى قصره بلوغها أول السرطان . ويعرف ذلك بالأقدام والموازين

ومن الطرق القريبة من التحقيق لمن أحسن مراعاته أن يلاحظ القلب الشمالى بالليل ويضع على الأرض لوحا مربعاً وضعاً مستويا بحيث يكون أحد أضلاعه من جانب القطب بحيث لو توهمت سقوط حجر من القطب إلى الأرض ثم توهمت خطاً من مسقط الحجر إلى الضلع الذى يليه من اللوح لقام الخط على الضلع على زاويتين قائمتين ، أى لا يكون الخط مائلا إلى أحد الضلعين ، ثم تنصب عموداً على اللوح نصباً مستويا فى موضع علامة ه وهو بازاء القطب ، فيقع ظله على اللوح فى أول النهار مائلا إلى جهة المغرب فى صوب خط ا ثم لا يزال يميل إلى أن ينطبق على خط ب بحيث لو مد رأسه لانتهى على الاستقامة إلى مسقط الحجر ، ويكون موازيا للضلع الشرقى والغربى غير مائل إلى أحدهما فاذا بطل ميله إلى الجانب الغربى فالشمس فى منتهى الارتفاع ، فإذا انحرف الظل عن الخط الذى على اللوح إلى جانب الشرق فقد زالت الشمس . وهذا يدرك بالحس تحقيقاً فى وقت هو قريب من أول الزوال فى علم الله تعالى ، ثم يعلم على رأس الظل عند انحرافه علامة ، فاذا صار الظل من تلك العلامة مثل العمود دخل وقت العصر . فهذا القدر لا بأس بمعرفته فى علم الزوال . وهذه صورته

الثالثة : راتبة العصر ، وهى أربع ركعات قبل العصر ، روى أبو هريرة رضى الله عنه عن النبي صلى الله عليه وسلم أنه قال [١] : « رَحِمَ اللهُ عَبْداً صَلَّى قَبْلَ الْعَصْرِ أَرْبَعاً » ففعل ذلك على رجاء الدخول فى دعوة رسول الله صلى الله عليه وسلم مستحب استحبابا مؤكداً ، فان دعوته تستجاب لامحالة. ولم تكن مواظبته على السنة قبل العصر كمواظبته على ركعتين قبل الظهر

الرابعة : راتبة المغرب ، وهما ركعتان بعد الفريضة لم تختلف الرواية فيهما . وأما ركعتان قبلها بين أذان المؤذن وإقامة المؤذن على سبيل المبادرة فقد نقل عن جماعة من الصحابة كأبيّ ابن كعب وعبادة بن الصامت وأبى ذر وزيد بن ثابت وغيرهم ، قال عبادة أو غيره « كَانَ الْمُؤَذِّنُ إِذَا أَذَّنَ لِصَلاَةِ الْمَغْرِبِ ابْتَدَرَ أَصْحَابُ رَسُولِ اللهِ صَلَّى اللهُ عَلَيْهِ وَسَلَّمَ [٢] السَّوَارِيَ يُصَلُّونَ رَكْعَتَيْنِ » وقال بعضهم : [٣] « كُنَّا نُصَلِّي الرَّكْعَتَيْنِ قَبْلَ الْمَغْرِبِ حَتَّى يَدْخُلَ الدَّاخِلُ فَيَحْسَبُ أَنَّا صَلَّيْنَا فَيَسْأَلُ : أَصَلَّيْتُمُ الْمَغْرِبَ ؟ » وذلك يدخل فى عموم قوله صلى الله عليه وسلم : [٤] « بَيْنَ كُلِّ أَذَانَيْنِ صَلاَةٌ لِمَنْ شَاءَ » وكان أحمد بن حنبل يصليهما فعابه الناس فتركهما ، فقيل له فى ذلك فقال : لم أر الناس يصلونهما فتركتهما ، وقال: لئن صلاهما الرجل فى بيته أو حيث لا يراه الناس فحسن

ويدخل وقت المغرب بغيبوبة الشمس عن الأبصار فى الأراضى المستوية التى ليست محفوفة بالجبال ، فإن كانت محفوفة بها فى جهة المغرب فيتوقف إلى أن يرى إقبال السواد من جانب المشرق ، قال صلى الله عليه وسلم [٥] « إِذَا أَقْبَلَ اللَّيْلُ مِنْ هَاهُنَا وَأَدْبَرَ النَّهَارُ مِنْ هَاهُنَا فَقَدْ أَفْطَرَ الصَّائِمُ » والأحب المبادرة فى صلاة المغرب خاصة ، وإن أخرت وصليت

قبل غيبوبة الشفق الأحمر وقعت أداء ، ولكنه مكروه . وأخر عمر رضى الله عنه صلاة المغرب ليلة حتى طلع نجم فأعتق رقبة ، وأخرها ابن عمر حتى طلع كوكبان فأعتق رقبتين

الخامسة : راتبة العشاء الآخرة أربع ركعات بعد الفريضة ، قالت عائشة رضى الله عنها « كَانَ رَسُولُ اللهِ صَلَّى اللهُ عَلَيْهِ وَسَلَّمَ [١] يُصَلِّي بَعْدَ الْعِشَاءِ الْآخِرَةِ أَرْبَعَ رَكَعَاتٍ ثُمَّ يَنَامُ » واختار بعض العلماء من مجموع الأخبار أن يكون عدد الرواتب سبع عشرة كعدد المكتوبة: ركعتان قبل الصبح ، وأربع قبل الظهر ، وركعتان بعدها ، وأربع قبل العصر ، وركعتان بعد المغرب ، وثلاث بعد العشاء الآخرة ، وهى الوتر [٢] ومهما عرفت الاحاديث الواردة فيه فلا معنى للتقدير ، فقد قال صلى الله عليه وسلم [٣] « الصَّلَاةُ خَيْرُ مَوْضُوعٍ فَمَنْ شَاءَ أَكْثَرَ وَمَنْ شَاءَ أَقَلَّ » فإذاً اختيار كل مريد من هذه الصلوات بقدر رغبته فى الخير فقد ظهر فيما ذكرناه أن بعضها آكد من بعض ، وترك الآكد أبعد ، لاسيما والفرائض تكمل بالنوافل ، فمن لم يستكثر منها يوشك أن لا تسلم له فريضة من غير جابر

السادسة : الوتر ، قال أنس بن مالك « كَانَ رَسُولُ اللهِ صَلَّى اللهُ عَلَيْهِ وَسَلَّمَ [٤] يُوتِرُ بَعْدَ الْعِشَاءِ بِثَلَاثِ رَكَعَاتٍ يَقْرَأُ فِي الْأُولَى سَبِّحِ اسْمَ رَبِّكَ الْأَعْلَى وَفِي الثَّانِيَةِ قُلْ يَا أَيُّهَا الْكَافِرُونَ وَفِي الثَّالِثَةِ قُلْ هُوَ اللهُ أَحَدٌ » وجاء فى الخبر « أَنَّهُ صَلَّى اللهُ عَلَيْهِ وَسَلَّمَ [٥] كَانَ يُصَلِّي بَعْدَ الْوِتْرِ رَكْعَتَيْنِ جَالِساً وَفِي بَعْضِهَا مُتَرَبِّعاً » وفى بعض الأخبار [٦] « إِذَا أَرَادَ أَنْ يَدْخُلَ فِرَاشَهُ زَحَفَ إِلَيْهِ وَصَلَّى فَوْقَهُ رَكْعَتَيْنِ قَبْلَ أَنْ يَرْقُدَ يَقْرَأُ فِيهِمَا إِذَا زُلْزِلَتِ الْأَرْضُ وَسُورَةَ التَّكَاثُرِ » وفى رواية أخرى « قُلْ يَا أَيُّهَا الْكَافِرُونَ » ويجوز الوتر

وفى الأفضل خلاف . فقيل إن الإيتار بركعة فردة أفضل ، إذ صح أنه صلى الله عليه وسلم كان يواظب على الإيتار بركعة فردة . وقيل الموصولة أفضل للخروج عن شبهة الخلاف لا سيما الإمام ، إذ قد يقتدى به من لا يرى الركعة الفردة صلاة ، فان صلى موصولا نوى بالجميع الوتر ، وإن اقتصر على ركعة واحدة بعد ركعتى العشاء أو بعد فرض العشاء نوى الوتر وصح ، لأن شرط الوتر أن يكون فى نفسه وترا ، وأن يكون موترا لغيره مما سبق قبله ، وقد أوتر الفرض ، ولو أوتر قبل العشاء لم يصح ، أى لاينال فضيلة الوتر (٨) الذى هو « خَيْرٌ لَهُ مِنْ حُمْرِ النَّعَمِ » كما ورد به الخبر ، وإلا فركعة فردة صحيحة فى أىّ وقت كان ، وإنما لم يصح قبل العشاء لأنه خرق إجماع الخلق فى الفعل ، ولأنه لم يتقدم ما يصير به وترا ،

فأما إذا أراد أن يوتر بثلاث مفصولة ففى نيته فى الركعتين نظر ، فانه إن نوى بهما التهجد أو سنة العشاء لم يكن هو من الوتر ، وإن نوى الوتر لم يكن هو فى نفسه وترا ، وإنما الوتر مابعده ولكن الأظهر أن ينوى الوتر كما ينوى فى الثلاث الموصولة الوتر ، ولكن للوتر معنيان : أحدهما أن يكون فى نفسه وترا ، والآخر أن ينشأ ليجعل وترا بما بعده ، فيكون مجموع الثلاثة وترا والركعتان من جملة الثلاث ، إلا أن وتريته موقوفة على الركعة الثالثة ، وإذا كان هو على عزم أن يوترهما بثالثة كان له أن ينوى بهما الوتر ، والركعة الثالثة وتر بنفسها وموترة لغيرها ، والركعتان لا يوتران غيرهما وليستا وترا بأنفسهما ، ولكنهما موترتان بغيرهما . والوتر ينبغى أن يكون آخر صلاة الليل ، فيقع بعد التهجد . وسيأتى فضائل الوتر والتهجد وكيفية الترتيب بينهما فى كتاب ترتيب الأوراد

السابعة : صلاة الضحى فالمواظبة عليها من عزائم الأفعال وفواضلها . أما عدد ركعاتها فأكثر ما نقل فيه ثمانى ركعات ، روت أم هانئ أخت علىّ بن أبى طالب رضى الله عنهما « أَنَّهُ صَلَّى اللهُ عَلَيْهِ وَسَلَّمَ (١) صَلَّى الضُّحَى ثَمَانِيَ رَكَعَاتٍ أَطَالَهُنَّ وَحَسَّنَهُنَّ » ولم ينقل هذا القدر غيرها . فأما عائشة رضى الله عنها فإنها ذكرت « أَنَّهُ صَلَّى اللهُ عَلَيْهِ وَسَلَّمَ (٢) كَانَ يُصَلِّى الضُّحَى أَرْبَعاً وَيَزِيدُ مَاشَاءَ اللهُ سُبْحَانَهُ » فلم تحد الزيادة ، أى أنه كان يواظب على الأربعة ولا ينقص منها ، وقد يزيد زيادات . وروى فى حديث مفرد « أَنَّ النَّبِيَّ صَلَّى اللهُ عَلَيْهِ وَسَلَّمَ (٣) كَانَ يُصَلِّى الضُّحَى سِتَّ رَكَعَاتٍ » : وأما وقتها فقد روى علي رضى الله عنه « أَنَّهُ صَلَّى اللهُ عَلَيْهِ وَسَلَّمَ كَانَ يُصَلِّى الضُّحَى سِتًّا فِي وَقْتَيْنِ : (٤) إِذَا أَشْرَقَتِ الشَّمْسُ وَارْتَفَعَتْ قَامَ وَصَلَّى رَكْعَتَيْنِ ، وهو أول الورد الثانى من أوراد النهار كما سيأتى ،

وَإِذا انْبَسَطَتِ الشَّمْسُ وَكانَتْ فِي رُبُعِ السَّماءِ مِنْ جانِبِ الشَّرْقِ صلّى أرْبعا » فالأوّل إنما يكون إذا ارتفعت الشمس قيد نصف رمح ، والثانى إذا مضى من النهار ربعه بإزاء صلاة العصر ، فإن وقته أن يبقى من النهار ربعه ، والظهر على منتصف النهار . ويكون الضحى على منتصف ما بين طلوع الشمس إلى الزوال ، كما أن العصر على منتصف ما بين الزوال إلى الغروب . وهذا أفضل الأوقات . ومن وقت ارتفاع الشمس إلى ما قبل الزوال وقت للضحى على الجملة

الثامنة : إحياء ما بين العشاءين ، وهى سنة مؤكدة . ومما نقل عدده من فعل رسول الله صلى الله عليه وسلم [1] بين العشاءين ستُّ ركعاتٍ . ولهذه الصلاة فضل عظيم . وقيل إنها المراد بقوله عز وجل : (تَتَجَافَى جُنُوبُهُمْ عَنِ الْمَضَاجِعِ *) وقد روى عنه صلى الله عليه وسلم [2] أنه قال : « مَنْ صَلَّى بَيْنَ الْمَغْرِبِ وَالْعِشَاءِ فَإِنَّهَا مِنْ صَلاةِ الأَوَّابِينَ » وقال صلى الله عليه وسلم [3] « مَنْ عَكَفَ نَفْسَهُ فِيمَا بَيْنَ الْمَغْرِبِ وَالْعِشَاءِ فِي مَسْجِدِ جَمَاعَةٍ لَمْ يَتَكَلَّمْ إِلاَّ بِصَلاةٍ أَوْ بِقُرْآنٍ كَانَ حَقًّا عَلَى اللهِ أَنْ يَبْنِيَ لَهُ قَصْرَيْنِ فِي الْجَنَّةِ مَسِيرَةُ كُلِّ قَصْرٍ مِنْهُمَا مِائَةُ عَامٍ وَيَغْرِسُ لَهُ بَيْنَهُمَا غِرَاسًا لَوْ طَافَهُ أَهْلُ الأَرْضِ لَوَسِعَهُمْ » وسيأتى بقية فضائلها فى كتاب الأوراد ، إن شاء الله تعالى

القسم الثالث

ما يتكرر بتكرر السنين

وهي أربعة : صلاة العيدين ، والتراويح ، وصلاة رجب وشعبان

الأولى : صلاة العيدين

وهي سنة مؤكدة ، وشعار من شعائر الدين ، وينبغي أن يراعى فيها سبعة أمور

الأول : التكبير ثلاثا نسقا ، فيقول : الله أكبر الله أكبر ، الله أكبر كبيرا والحمد لله كثيراً وسبحان الله بكرة وأصيلا ، لا اله إلا الله وحده لا شريك له ، مخلصين له الدين ولو كره

الكافرون ، يفتتح بالتكبير ليلة الفطر إلى الشروع فى صلاة العيد ، وفى العيد الثانى يفتتح التكبير عقيب الصبح يوم عرفة إلى آخر النهار يوم الثالث عشر. وهذا أكمل الأقاويل . ويكبر عقب الصلوات المفروضة وعقيب النوافل ، وهو عقيب الفرائض آكد

الثانى : إذا أصبح يوم العيد يغتسل ويتزين ويتطيب كما ذكرناه فى الجمعة ، والرداء والعمامة هو الأفضل للرجال ، وليجنب الصبيان الحرير ، والعجائز التزين عند الخروج

الثالث : أن [1] يخرج من طريق ويرجع من طريق آخر هكذا فعل رسولُ الله صلى الله عليه وسلم « وَكَانَ صَلَّى اللهُ عَلَيْهِ وَسَلَّمَ [2] يَأْمُرُ بِإِخْرَاجِ الْعَوَاتِقِ وَذَوَاتِ الْخُدُورِ »

الرابع : المستحب الخروج إلى الصحراء إلا بمكة وبيت المقدس ، فان كان يوم مطر فلا بأس بالصلاة فى المسجد ، ويجوز فى يوم الصحو أن يأمر الإمام رجلا يصلى بالضعفة فى المسجد ويخرج بالأقوياء مكبرين

الخامس : يراعى الوقت ، فوقت صلاة العيد مابين طلوع الشمس إلى الزوال ، ووقت الذبح للضحايا مابين ارتفاع الشمس بقدر خطبتين وركعتين إلى آخر اليوم الثالث عشر . ويستحب تعجيل صلاة الأضحى لأجل الذبح وتأخير صلاة الفطر لأجل تفريق صدقة الفطر قبلها . هذه سنة رسول الله صلى الله عليه وسلم [3]

السادس : فى كيفية الصَّلاة ، فليخرج الناس مكبرين فى الطريق ، وإذا بلغ الإمام المصلى لم يجلس ولم يتنفل ، ويقطع الناس التنفل ، ثم ينادى مناد : الصَّلاة جامعة . ويصلى الإمام بهم ركعتين ، يكبر فى الأولى سوى تكبيرة الاحرام والركوع سبع تكبيرات ، يقول بين كل تكبيرتين : سبحان الله والحمد لله ولا إله إلا الله والله أكبر ، ويقول : وجهت وجهى للذى فطر السموات والأرض عقيب تكبيرة الافتتاح ، ويؤخر الاستاذة إلى ما وراء الثامنة ، ويقرأ سورة ق فى الأولى بعد الفاتحة ، واقتربت فى الثانية ،

والتكبيرات الزائدة فى الثانية خمس سوى تكبيرتى القيام والركوع ، وبين كل تكبيرتين ماذكرناه ، ثم يخطب خطبتين بينهما جلسة ، ومن فاتته صلاة العيد قضاها

السابع : أن يضحى بكبش « ضَحَّى رَسُولُ اللهِ صَلَّى اللهُ عَلَيْهِ وَسَلَّمَ [1] بِكَبْشَيْنِ أَمْلَحَيْنِ وَذَبَحَ بِيَدِهِ وَقَالَ بِسْمِ اللهِ وَاللهُ أَكْبَرُ هَذَا عَنِّى وَعَمَّنْ لَمْ يُضَحِّ مِنْ أُمَّتِى » وقال صلى الله عليه وسلم : [2] « مَنْ رَأَى هِلَالَ ذِى الْحِجَّةِ وَأَرَادَ أَنْ يُضَحِّىَ فَلَا يَأْخُذْ مِنْ شَعْرِهِ وَلَا مِنْ أَظْفَارِهِ شَيْئًا » قال أبو أيوب الأنصارى : [3] « كَانَ الرَّجُلُ يُضَحِّى عَلَى عَهْدِ رَسُولِ اللهِ صَلَّى اللهُ عَلَيْهِ وَسَلَّمَ بِالشَّاةِ عَنْ أَهْلِ بَيْتِهِ وَيَأْكُلُونَ وَيُطْعِمُونَ » وله أن يأكل من الضحية بعد ثلاثة أيام فما فوق ، وردت فيه الرخصة بعد النهى عنه [4] وقال سفيان الثورى : يستحب أن يصلى بعد عيد الفطر اثنتي عشرة ركعة ، وبعد عيد الأضحى ست ركعات ، وقال هو من السنة

الثانية : التراويح

وهى عشرون ركعة ، وكيفيتها مشهورة ، وهى سنة مؤكدة ، وإن كانت دون العيدين واختلفوا فى أن الجماعة فيها أفضل أم الانفراد . وقد « خَرَجَ رَسُولُ اللهِ صَلَّى اللهُ عَلَيْهِ وَسَلَّمَ [5] فِيهَا لَيْلَتَيْنِ أَوْ ثَلَاثًا لِلْجَمَاعَةِ ثُمَّ لَمْ يَخْرُجْ وَقَالَ : أَخَافُ أَنْ تُوجَبَ عَلَيْكُمْ »

وجمع عمر رضى الله عنه الناس عليها فى الجماعة حيث أمن من الوجوب بانقطاع الوحى ، فقيل : إن الجماعة أفضل لفعل عمر رضى الله عنه ، ولأن الاجتماع بركة وله فضيلة بدليل الفرائض ، ولأنه ربما يكسل فى الانفراد ، وينشط عند مشاهدة الجمع . وقيل الانفراد أفضل لأن هذه سنة ليست من الشعائر كالعيدين فألحقها بصلاة الضحى ، وتحية المسجد أولى ولم تشرع فيها جماعة . وقد جرت العادة بأن يدخل المسجد جمع معاً ثم لم يصلوا التحية بالجماعة ، ولقوله صلى الله عليه وسلم[1] « فَضْلُ صَلَاةِ التَّطَوُّعِ فِى بَيْتِهِ عَلَى صَلَاتِهِ فِى الْمَسْجِدِ كَفَضْلِ صَلَاةِ الْمَكْتُوبَةِ فِى الْمَسْجِدِ عَلَى صَلَاتِهِ فِى الْبَيْتِ » وروى أنه صلى الله عليه وسلم قال :[2] « صَلَاةٌ فِى مَسْجِدِى هَذَا أَفْضَلُ مِنْ مِائَةِ صَلَاةٍ فِى غَيْرِهِ مِنَ الْمَسَاجِدِ ، وَصَلَاةٌ فِى الْمَسْجِدِ الْحَرَامِ أَفْضَلُ مِنْ أَلْفِ صَلَاةٍ فِى مَسْجِدِى وَأَفْضَلُ مِنْ ذَلِكَ كُلِّهِ رَجُلٌ يُصَلِّى فِى زَاوِيَةِ بَيْتِهِ رَكْعَتَيْنِ لَا يَعْلَمُهُمَا إِلَّا اللهُ عَزَّ وَجَلَّ » وهذا لأن الرياء والتصنع ربما يتطرق إليه فى الجمع ، ويأمن منه فى الوحدة . فهذا ما قيل فيه . والمختار أن الجماعة أفضل ، كما رآه عمر رضى الله عنه ، فان بعض النوافل قد شرعت فيها الجماعة ، وهذا جدير بأن يكون من الشعائر التى تظهر . وأما الالتفات إلى الرياء فى الجمع ، والكسل فى الانفراد ، فعدول عن مقصود النظر فى فضيلة الجمع من حيث إنه جماعة . وكأن قائله يقول : الصلاة

خير من تركها بالكسل ، والإخلاص خير من الرياء . فلنفرض المسألة فيمن يثق بنفسه أنه لا يكسل لو انفرد ، ولا يرائى لو حضر الجمع ، فأيهما أفضل له ؟ فيدور النظر بين بركة الجمع وبين مزيد قوة الإخلاص وحضور القلب فى الوحدة ، فيجوز أن يكون فى تفضيل أحدهما على الآخر تردد . ومما يستحب القنوت فى الوتر فى النصف الأخير من رمضان .

أما صلاة رجب

فقد روى باسناد عن رسول الله صلى الله عليه وسلم أنه قال : (١) « مَا مِنْ أَحَدٍ يَصُومُ أَوَّلَ خَمِيسٍ مِنْ رَجَبٍ ثُمَّ يُصَلِّى فِيمَا بَيْنَ الْعِشَاءِ وَالْعَتَمَةِ اثْنَتَىْ عَشْرَةَ رَكْعَةً يَفْصِلُ بَيْنَ كُلِّ رَكْعَتَيْنِ بِتَسْلِيمَةٍ يَقْرَأُ فِى كُلِّ رَكْعَةٍ بِفَاتِحَةِ الْكِتَابِ مَرَّةً وَإِنَّا أَنْزَلْنَاهُ فِى لَيْلَةِ الْقَدْرِ ثَلَاثَ مَرَّاتٍ وَقُلْ هُوَ اللهُ أَحَدٌ اثْنَتَىْ عَشْرَةَ مَرَّةً فَإِذَا فَرَغَ مِنْ صَلَاتِهِ صَلَّى عَلَىَّ سَبْعِينَ مَرَّةً يَقُولُ : اللَّهُمَّ صَلِّ عَلَى مُحَمَّدٍ النَّبِىِّ الْأُمِّىِّ وَعَلَى آلِهِ ، ثُمَّ يَسْجُدُ وَيَقُولُ فِى سُجُودِهِ سَبْعِينَ مَرَّةً سُبُّوحٌ قُدُّوسٌ رَبُّ الْمَلَائِكَةِ وَالرُّوحِ ، ثُمَّ يَرْفَعُ رَأْسَهُ وَيَقُولُ سَبْعِينَ مَرَّةً : رَبِّ اغْفِرْ وَارْحَمْ وَتَجَاوَزْ عَمَّا تَعْلَمُ إِنَّكَ أَنْتَ الْأَعَزُّ الْأَكْرَمُ ، ثُمَّ يَسْجُدُ سَجْدَةً أُخْرَى وَيَقُولُ فِيهَا مِثْلَ مَا قَالَ فِى السَّجْدَةِ الْأُولَى ثُمَّ يَسْأَلُ حَاجَتَهُ فِى سُجُودِهِ فَإِنَّهَا تُقْضَى ـ قَالَ رَسُولُ اللهِ صَلَّى اللهُ عَلَيْهِ وَسَلَّمَ « لَا يُصَلِّى أَحَدٌ هَذِهِ الصَّلَاةَ إِلَّا غَفَرَ اللهُ تَعَالَى لَهُ جَمِيعَ ذُنُوبِهِ وَلَوْ كَانَتْ مِثْلَ زَبَدِ الْبَحْرِ وَعَدَدِ الرَّمْلِ وَوَزْنِ الْجِبَالِ وَوَرَقِ الْأَشْجَارِ وَيُشَفَّعُ يَوْمَ الْقِيَامَةِ فِى سَبْعِمِائَةٍ مِنْ أَهْلِ بَيْتِهِ مِمَّنْ قَدِ اسْتَوْجَبَ النَّارَ » فهذه صلاة مستحبة ، وإنما أوردناها فى هذا القسم لأنها تتكرر بتكرر السنين ، وإن كانت رتبتها لا تبلغ رتبة التراويح وصلاة العيد ، لأن هذه الصلاة نقلها الآحاد ، ولكنى رأيت أهل القدس بأجمعهم يواظبون عليها ولا يسمحون بتركها ، فأحببت إيرادها

القسم الرابع

من النوافل ما يتعلق بأسباب عارضة ولا يتعلق بالمواقيت وهى تسعة

صلاة الخسوف ، والكسوف ، والاستسقاء ، وتحية المسجد وركعتى الوضوء ، وركعتين بين الأذان والإقامة ، وركعتين عند الخروج من المنزل والدخول فيه ، ونظائر ذلك فنذكر منها ما يحضرنا الآن

الأولى : صلاة الخسوف

قال رسول الله صلى الله عليه وسلم : [2] « إِنَّ الشَّمْسَ وَالْقَمَرَ آيَتَانِ مِنْ آيَاتِ اللهِ لَا يَخْسِفَانِ لِمَوْتِ أَحَدٍ وَلَا لِحَيَاتِهِ فَإِذَا رَأَيْتُمْ ذَلِكَ فَافْزَعُوا إِلَى ذِكْرِ اللهِ وَالصَّلَاةِ » قال ذلك لما مات ولده إبراهيم صلى الله عليه وسلم وكسفت الشمس فقال الناس : إنما كسفت لموته . والنظر فى كيفيتها ووقتها

أما الكيفية : فإذا كسفت الشمس فى وقت الصلاة فيه مكروهة أو غير مكروهة نودى : الصلاة جامعة ، وصلى الإمام بالناس فى المسجد ركعتين ، وركع فى كل ركعة ركوعين أوائلها أطول من أواخرها ، ولا يجهر ، فيقرأ فى الأولى من قيام الركعة الأولى الفاتحة والبقرة ، وفى الثانية الفاتحة وآل عمران ، وفى الثالثة الفاتحة وسورة النساء

Lajna - 368

وفى الرابعة الفاتحة وسورة المائدة ، أو مقدار ذلك من القرءان من حيث أراد ؛ ولو اقتصر على الفاتحة فى كل قيام أجزأه ، ولو اقتصر على سور قصار فلا بأس . ومقصود التطويل دوام الصلاة إلى الانجلاء ، ويسبح فى الركوع الأول قدر مائة آية ، وفى الثانى قدر ثمانين ، وفى الثالث قدر سبعين ، وفى الرابع قدر خمسين ، وليكن السجود على قدر الركوع فى كل ركعة ، ثم يخطب خطبتين بعد الصلاة بينهما جلسة ، ويأمر الناس بالصدقة والعتق والتوبة ، وكذلك يفعل بخسوف القمر ، إلا أنه يجهر فيها لأنها ليلية

فأما وقتها فعند ابتداء الكسوف إلى تمام الانجلاء ، ويخرج وقتها بأن تغرب الشمس كاسفة ، وتفوت صلاة خسوف القمر بأن يطلع قرص الشمس ، إذ يبطل سلطان الليل ، ولا تفوت بغروب القمر خاسفا ، لأن الليل كله سلطان القمر ، فان انجلى فى أثناء الصلاة أتمها مخففة ومن أدرك الركوع الثانى مع الإمام فقد فاتته تلك الركعة لأن الأصل هو الركوع الأول

الثانية : صلاة الاستسقاء

فإذا غارت الأنهار وانقطعت الأمطار أو انهارت قناة ، فيستحب للإمام أن يأمر الناس أولا بصيام ثلاثة أيام ، وما أطاقوا من الصدقة ، والخروج من المظالم ، والتوبة من المعاصى ، ثم يخرج بهم فى اليوم الرابع ، وبالعجائز والصبيان ، متنظفين فى ثياب بذلة واستكانة ، متواضعين ، بخلاف العيد . وقيل يستحب إخراج الدواب لمشاركتها فى الحاجة ولقوله صلى الله عليه وسلم : [1] « لَوْلَا صِبْيَانٌ رُضَّعٌ وَمَشَايِخُ رُكَّعٌ وَبَهَائِمُ رُتَّعٌ لَصُبَّ عَلَيْكُمُ الْعَذَابُ صَبًّا » ولو خرج أهل الذمة أيضاً متميزين لم يمنعوا ، فاذا اجتمعوا فى المصلى الواسع من الصحراء نودى : الصلاة جامعة ، فصلى بهم الإمام ركعتين مثل صلاة العيد بغير تكبير ، ثم يخطب خطبتين وبينهما جلسة خفيفة ، وليكن الاستغفار معظم الخطبتين وينبغى فى وسط الخطبة الثانية [2] أن يستدبر الناس ويستقبل القبلة ويحول رداءه فى هذه الساعة تفاؤلا بتحويل الحال . هكذا فعل رسول الله صلى الله عليه وسلم فيجعل أعلاه

أسفله ، وما على اليمين على الشمال ، وما على الشمال على اليمين ، وكذلك يفعل الناس ، ويدعون فى هذه الساعة سراً ، ثم يستقبلهم فيختم الخطبة ويدعون أرديتهم محولة كما هى حتى ينزعوها متى نزعوا الثياب ، ويقول فى الدعاء : اللهم إنك أمرتنا بدعائك ووعدتنا إجابتك ، فقد دعوناك كما أمرتنا فأجبنا كما وعدتنا ، اللهم فامنن علينا بمغفرة ماقارفنا وإجابتك فى سقيانا وسعة أرزاقنا . ولا بأس بالدعاء أدبار الصلوات فى الأيام الثلاثة قبل الخروج ، ولهذا الدعاء آداب وشروط باطنة من التوبة ورد المظالم وغيرها ، وسيأتى ذلك فى كتاب الدعوات

الثالثة : صلاة الجنائز

وكيفيتها مشهورة ، وأجمع دعاء مأثور ما روى فى الصحيح عن عوف بن مالك قال : « رَأَيْتُ رَسُولَ اللهِ صلَّى اللهُ عَلَيْهِ وَسَلَّمَ (١) صَلَّى عَلَى جَنَازَةٍ فَحَفِظْتُ مِنْ دُعَائِهِ اللَّهُمَّ اغْفِرْ لَهُ وَارْحَمْهُ وَعَافِهِ وَاعْفُ عَنْهُ وَأَكْرِمْ نُزُلَهُ وَوَسِّعْ مَدْخَلَهُ وَاغْسِلْهُ بِالْمَاءِ وَالثَّلْجِ وَالْبَرَدِ وَنَقِّهِ مِنَ الْخَطَايَا كَمَا يُنَقَّى الثَّوْبُ الْأَبْيَضُ مِنَ الدَّنَسِ وَأَبْدِلْهُ دَاراً خَيْراً مِنْ دَارِهِ وَأَهْلاً خَيْراً مِنْ أَهْلِهِ وَزَوْجاً خَيْراً مِنْ زَوْجِهِ وَأَدْخِلْهُ الْجَنَّةَ وَأَعِذْهُ مِنْ عَذَابِ الْقَبْرِ وَمِنْ عَذَابِ النَّارِ » حتى قال عوف : تمنيت أن أكون أنا ذلك الميت . ومن أدرك التكبيرة الثانية فينبغى أن يراعى ترتيب الصلاة فى نفسه ويكبر مع تكبيرة الإمام ، فإذا سلم الإمام قضى تكبيره الذى فات كفعل المسبوق ، فإنه لو بادر التكبيرات لم تبق للقدوة فى هذه الصلاة معنى . فالتكبيرات هى الأركان الظاهرة ، وجدير بأن تقام مقام الركعات فى سائر الصلوات . هذا هو الأوجه عندى وإن كان غيره محتملا . والأخبار الواردة فى فضل صلاة الجنازة وتشييعها مشهورة ، فلا نطيل بإيرادها ، وكيف لا يعظم فضلها وهى من فرائض الكفايات ، وإنما تصير نفلا فى حق من لم تتعين عليه بحضور غيره ، ثم ينال بها فضل فرض الكفاية وإن لم يتعين ، لأنهم بجملتهم قاموا بما هو فرض الكفاية وأسقطوا الحرج عن غيرهم ، فلا يكون ذلك كنفل لا يسقط به فرض عن أحد . ويستحب طلب

كثرة الجمع تبركا بكثرة الهمم والأدعية واشتماله على ذى دعوة مستجابة ، لما روى كريب عن ابن عباس أنه مات له ابن فقال : يا كريب انظر ما اجتمع له من الناس ، قال : فخرجت فإذا ناس قد اجتمعوا له فأخبرته ، فقال تقول هم أربعون ؟ قلت : نعم ، قال : أخرجوه فإنى سمعت رسول الله صلى الله عليه وسلم [1] يقول : « مَا مِنْ رَجُلٍ مُسْلِمٍ يَمُوتُ فَيَقُومُ عَلَى جَنَازَتِهِ أَرْبَعُونَ رَجُلاً لاَ يُشْرِكُونَ بِاللهِ شَيْئاً إِلَّا شَفَّعَهُمُ اللهُ عَزَّ وَجَلَّ فِيهِ » وإذا شيع الجنازة فوصل المقابر أو دخلها ابتداء قال : السلام عليكم أهل هذه الديار من المؤمنين والمسلمين ، ويرحم الله المستقدمين منا والمستأخرين ، وإنا إن شاء الله بكم لاحقون . والأولى أن لا ينصرف حتى يدفن الميت ، فإذا سوى على الميت قبره قام عليه وقال : اللهم عبدك رد إليك فارأف به وارحمه ، اللهم جاف الأرض عن جنبيه وافتح أبواب السماء لروحه وتقبله منك بقبول حسن ، اللهم إن كان محسناً فضاعف له فى إحسانه وإن كان مسيئاً فتجاوز عنه

الرابعة : تحية المسجد

ركعتان فصاعداً سنة مؤكدة ، حتى إنها لا تسقط وإن كان الإمام يخطب يوم الجمعة مع تأكد وجوب الإصغاء إلى الخطيب ، وإن اشتغل بفرض أو قضاء تأدى به التحية وحصل الفضل ، إذ المقصود أن لا يخلو ابتداء دخوله عن العبادة الخاصة بالمسجد قياما بحق المسجد ، ولهذا يكره أن يدخل المسجد على غير وضوء ، فإن دخل لعبور أو جلوس فليقل : سبحان الله والحمد لله ولا إله إلا الله والله أكبر ، يقولها أربع مرات . يقال إنها عدل ركعتين فى الفضل . ومذهب الشافعى رحمه الله أنه لا تكره التحية فى أوقات الكراهية ، وهى بعد العصر ، وبعد الصبح ، ووقت الزوال ، ووقت الطلوع والغروب ، لما روى « أَنَّهُ صَلَّى اللهُ عَلَيْهِ وَسَلَّمَ [2] صَلَّى رَكْعَتَيْنِ بَعْدَ الْعَصْرِ ، فَقِيلَ لَهُ : أَمَا نَهَيْتَنَا عَنْ هَذَا ؟ فَقَالَ : هُمَا رَكْعَتَانِ كُنْتُ أُصَلِّيهِمَا بَعْدَ الظُّهْرِ فَشَغَلَنِي عَنْهُمَا الْوَفْدُ » فأفاد هذا الحديث فائدتين

إحداهما : أن الكراهية مقصورة على صلاة لاسبب لها ومن أضعف الأسباب قضاء النوافل ، إذ اختلفت العلماء فى أن النوافل هل تقضى ؟ وإذا فعل مثل ما فاته هل يكون قضاء ؟ وإذا انتفت الكراهية بأضعف الأسباب فبأحرى أن تنتفى بدخول المسجد وهو سبب قوى ، ولذلك لا تكره صلاة الجنازة إذا حضرت ، ولا صلاة الخسوف والاستسقاء فى هذه الأوقات لأن لها أسبابا

الفائدة الثانية : قضاء النوافل إذ قضى رسول الله صلى الله عليه وسلم ذلك ، ولنا فيه أسوة حسنة . وقالت عائشة رضى الله عنها « كَانَ رَسُولُ اللهِ صَلَّى اللهُ عَلَيْهِ وَسَلَّمَ [1] إِذَا غَلَبَهُ نَوْمٌ أَوْ مَرَضٌ فَلَمْ يَقُمْ تِلْكَ اللَّيْلَةَ صَلَّى مِنْ أَوَّلِ النَّهَارِ اثْنَتَيْ عَشْرَةَ رَكْعَةً » وقد قال العلماء : من كان فى الصلاة ففاته جواب المؤذن فاذا سلم قضى وأجاب ، وإن كان المؤذن سكت . ولا معنى الآن لقول من يقول إن ذلك مثل الأول وليس يقضى إذ لو كان كذلك لما صلاها رسول الله صلى عليه وسلم فى وقت الكراهة . نعم من كان له ورد فعاقه عن ذلك عذر فينبغى أن لا يرخص لنفسه فى تركه ، بل يتداركه فى وقت آخر ، حتى لا تميل نفسه إلى الدعة والرفاهية ، وتداركه حسن على سبيل مجاهدة النفس ولأنه صلى الله عليه وسلم [2] قال : « أَحَبُّ الْأَعْمَالِ إِلَى اللهِ تَعَالَى أَدْوَمُهَا وَإِنْ قَلَّ » فيقصد به أن لا يفتر فى دوام عمله . وروت عائشة رضى الله عنها عن النبى صلى الله عليه وسلم [3] أنه قال : « مَنْ عَبَدَ اللهَ عَزَّ وَجَلَّ بِعِبَادَةٍ ثُمَّ تَرَكَهَا مَلَالَةً مَقَتَهُ اللهُ عَزَّ وَجَلَّ » فليحذر أن يدخل تحت الوعيد . وتحقيق هذا الخبر أنه مقته الله تعالى بتركها ملالة ، فلولا المقت والإبعاد لما سلطت الملالة عليه .

الخامسة : ركعتان بعد الوضوء

مستحبتان ، لأن الوضوء قربة ومقصودها الصلاة والأحداث عارضة ، فربما يطرأ الحدث قبل صلاة فينتقض الوضوء ويضيع السعى ، فالمبادرة إلى ركعتين استيفاء لمقصود الوضوء

قبل الفوات ، وعرف ذلك بحديث بلال ، إذ قال صلى الله عليه وسلم [١] « دَخَلْتُ الْجَنَّةَ فَرَأَيْتُ بِلَالاً فِيهَا فَقُلْتُ لِبِلَالٍ : بِمَ سَبَقْتَنِي إِلَى الْجَنَّةِ ؟ فَقَالَ بِلَالٌ : لَا أَعْرِفُ شَيْئاً إِلَّا أَنِّي لَا أُحْدِثُ وُضُوءاً إِلَّا أُصَلِّي عَقِيبَهُ رَكْعَتَيْنِ »

السادسة : ركعتان عند دخول المنزل وعند الخروج منه

روى أبو هريرة رضى الله عنه قال قال رسول الله صلى الله عليه وسلم : [٢] « إِذَا خَرَجْتَ مِنْ مَنْزِلِكَ فَصَلِّ رَكْعَتَيْنِ يَمْنَعَانِكَ مَخْرَجَ السُّوءِ ، وَإِذَا دَخَلْتَ إِلَى مَنْزِلِكَ فَصَلِّ رَكْعَتَيْنِ يَمْنَعَانِكَ مَدْخَلَ السُّوءِ » وفى معنى هذا كل أمر يبتدأ به مما له وقع ، ولذلك ورد : « رَكْعَتَانِ [٣] عِنْدَ الْإِحْرَامِ وَرَكْعَتَانِ [٤] عِنْدَ ابْتِدَاءِ السَّفَرِ ، وَرَكْعَتَانِ [٥] عِنْدَ الرُّجُوعِ مِنَ السَّفَرِ فِي الْمَسْجِدِ قَبْلَ دُخُولِ الْبَيْتِ » فكل ذلك مأثور من فعل رسول الله صلى الله عليه وسلم . وكان بعض الصالحين إذا أكل أكلة صلى ركعتين ، وإذا شرب شربة صلى ركعتين ، وكذلك فى كل أمر يحدثه وبداية الأمور ينبغى أن يتبرك فيها بذكر الله عز وجل ، وهى على ثلاث مراتب ، بعضها يتكرر مراراً كالأكل والشرب ، فيبدأ فيه باسم الله عز وجل ، قال صلى الله عليه وسلم : [٦] « كُلُّ أَمْرٍ ذِي بَالٍ لَا يُبْدَأُ فِيهِ بِبِسْمِ اللهِ الرَّحْمَنِ الرَّحِيمِ فَهُوَ أَبْتَرُ »

الثانية : ما لا يكثر تكرره وله وقع ، كعقد النكاح ، وابتداء النصيحة والمشورة ، فالمستحب فيها أن يصدر بحمد الله ، فيقول المزوج : الحمد لله والصلاة على رسول الله صلى الله عليه وسلم زوجتك ابنتي ، ويقول القابل: الحمد لله والصلاة على رسول الله صلى الله عليه وسلم قبلت النكاح . وكانت عادة الصحابة رضى الله عنهم فى ابتداء أداء الرسالة والنصيحة والمشورة تقديم التحميد

الثالثة : ما لا يتكرر كثيراً وإذا وقع دام وكان له وقع ، كالسفر ، وشراء دار جديده ، والإحرام وما يجرى مجراه ، فيستحب تقديم ركعتين عليه ، وأدناه الخروج من المنزل والدخول إليه ، فانه نوع سفر قريب

السابعة : صلاة الاستخارة

فمن هم بأمر وكان لا يدرى عاقبته ولا يعرف أن الخير فى تركه أو فى الإقدام عليه ، فقد أمره رسول الله صلى الله عليه وسلم (١) « بِأَنْ يُصَلِّيَ رَكْعَتَيْنِ يَقْرَأُ فِي الْأُولَى فَاتِحَةَ الْكِتَابِ وَقُلْ يَا أَيُّهَا الْكَافِرُونَ ، وَفِي الثَّانِيَةِ الْفَاتِحَةَ وَقُلْ هُوَ اللَّهُ أَحَدٌ فَإِذَا فَرَغَ دَعَا وَقَالَ : اللَّهُمَّ إِنِّي أَسْتَخِيرُكَ بِعِلْمِكَ وَأَسْتَقْدِرُكَ بِقُدْرَتِكَ وَأَسْأَلُكَ مِنْ فَضْلِكَ الْعَظِيمِ فَإِنَّكَ تَقْدِرُ وَلَا أَقْدِرُ وَتَعْلَمُ وَلَا أَعْلَمُ وَأَنْتَ عَلَّامُ الْغُيُوبِ ، اللَّهُمَّ إِنْ كُنْتَ تَعْلَمُ أَنَّ هَذَا الْأَمْرَ خَيْرٌ لِي فِي دِينِي وَدُنْيَايَ وَعَاقِبَةِ أَمْرِي وَعَاجِلِهِ وَآجِلِهِ فَاقْدِرْهُ لِي وَبَارِكْ لِي فِيهِ ثُمَّ يَسِّرْهُ لِي وَإِنْ كُنْتَ تَعْلَمُ أَنَّ هَذَا الْأَمْرَ شَرٌّ لِي فِي دِينِي وَدُنْيَايَ وَعَاقِبَةِ أَمْرِي وَعَاجِلِهِ وَآجِلِهِ فَاصْرِفْنِي عَنْهُ وَاصْرِفْهُ عَنِّي وَاقْدُرْ لِي الْخَيْرَ أَيْنَمَا كَانَ إِنَّكَ عَلَى كُلِّ شَيْءٍ قَدِيرٌ » رواه جابر ابن عبد الله قال : كان رسول الله صلى الله عليه وسلم يعلمنا الاستخارة فى الأمور كلها كما يعلمنا السورة من القرءان ، وقال صلى الله عليه وسلم : إِذَا هَمَّ أَحَدُكُمْ بِأَمْرٍ فَلْيُصَلِّ رَكْعَتَيْنِ ثُمَّ لِيُسَمِّ الْأَمْرَ وَيَدْعُو بِمَا ذَكَرْنَا . وقال بعض الحكماء : من أعطى أربعاً لم يمنع أربعاً : من أعطي الشكر لم يمنع المزيد ، ومن أعطى التوبة لم يمنع القبول ، ومن أعطى الاستخارة لم يمنع الخيرة ، ومن أعطى المشورة لم يمنع الصواب

الثامنة : صلاة الحاجة

فمن ضاق عليه الأمر ومسته حاجة فى صلاح دينه ودنياه إلى أمر تعذر عليه فليصل هذه الصلاة ، فقد[1] روى عن وهيب بن الورد أنه قال : إن من الدعاء الذى لا يرد أن يصلى العبد ثنتى عشرة ركعة يقرأ فى كل ركعة بأم الكتاب وآية الكرسى وقل هو الله أحد ، فاذا فرغ خر ساجداً ثم قال : سبحان الذى لبس العز وقال به ، سبحان الذى تعطف بالمجد وتكرم به ، سبحان الذى أحصى كل شىء بعلمه ، سبحان الذى لا ينبغى التسبيح إلا له ، سبحان ذى المنّ والفضل ، سبحان ذى العز والكرم ، سبحان ذى الطول ، أسألك بمعاقد العز من عرشك ومنتهى الرحمة من كتابك ، وباسمك الأعظم وجدك الأعلى وكلماتك التامات العامات التى لا يجاوزهن بر ولا فاجر ، أن تصلى على محمد وعلى آل محمد . ثم يسأل حاجته التى لا معصية فيها ، فيجاب إن شاء الله عز وجل ، قال وهيب : بلغنا أنه كان يقال لا تعلموها لسفهائكم فيتعاونون بها على معصية الله عز وجل

التاسعة : صلاة التسبيح

وهذه الصلاة مأثورة على وجهها ، ولا تختص بوقت ولا بسبب ، ويستحب أن لا يخلو الأسبوع عنها مرة واحدة أو الشهر مرة ، فقد روى عكرمة عن ابن عباس رضى الله عنهما أنه صلى الله عليه وسلم[2] قال للعباس بن عبد المطلب : « أَلَا أُعْطِيكَ أَلَا أَمْنَحُكَ أَلَا أَحْبُوكَ بِشَيْءٍ إِذَا أَنْتَ فَعَلْتَهُ غَفَرَ اللهُ لَكَ ذَنْبَكَ أَوَّلَهُ وَآخِرَهُ قَدِيمَهُ وَحَدِيثَهُ خَطَأَهُ وَعَمْدَهُ سِرَّهُ وَعَلَانِيَتَهُ ؟ تُصَلِّي أَرْبَعَ رَكَعَاتٍ تَقْرَأُ فِي كُلِّ رَكْعَةٍ فَاتِحَةَ الْكِتَابِ وَسُورَةً فَإِذَا فَرَغْتَ مِنَ الْقِرَاءَةِ فِي أَوَّلِ رَكْعَةٍ وَأَنْتَ قَائِمٌ تَقُولُ سُبْحَانَ اللهِ وَالْحَمْدُ لِلَّهِ وَلَا إِلَهَ إِلَّا اللهُ وَاللهُ أَكْبَرُ خَمْسَ عَشْرَةَ مَرَّةً ثُمَّ تَرْكَعُ فَتَقُولُهَا وَأَنْتَ رَاكِعٌ عَشْرَ مَرَّاتٍ ثُمَّ تَرْفَعُ مِنَ الرُّكُوعِ فَتَقُولُهَا قَائِمًا عَشْرًا ثُمَّ تَسْجُدُ فَتَقُولُهَا عَشْرًا ثُمَّ تَرْفَعُ مِنَ السُّجُودِ فَتَقُولُهَا جَالِسًا

(٢) حديث صلاة التسبيح تقدم

Lajna - 375

عَشْراً ثُمَّ تَسْجُدُ فَتَقُولُهَا وَأَنْتَ سَاجِدٌ عَشْراً ثُمَّ تَرْفَعُ مِنَ السُّجُودِ فَتَقُولُهَا عَشْراً فَذَلِكَ خَمْسٌ وَسَبْعُونَ فِى كُلِّ رَكْعَةٍ تَفْعَلُ ذَلِكَ فِى أَرْبَعِ رَكَعَاتٍ إِنِ اسْتَطَعْتَ أَنْ تُصَلِّيَهَا فِى كُلِّ يَوْمٍ مَرَّةً فَافْعَلْ فَإِنْ لَمْ تَفْعَلْ فَفِى كُلِّ جُمُعَةٍ مَرَّةً فَإِنْ لَمْ تَفْعَلْ فَفِى كُلِّ شَهْرٍ مَرَّةً فَإِنْ لَمْ تَفْعَلْ فَفِى السَّنَةِ مَرَّةً » وفى رواية أخرى أنه يقول فى أول الصلاة سبحانك اللهم وبحمدك وتبارك اسمك وتعالى جدك وتقدست أسماؤك ولا إله غيرك ثم يسبح خمس عشرة تسبيحة قبل القراءة وعشراً بعد القراءة والباقى كما سبق عشراً عشراً ولا يسبح بعد السجود الأخير قاعداً . وهذا هو الأحسن ، وهو اختيار ابن المبارك والمجموع من الروايتين ثلثمائة تسبيحة ، فان صلاها نهاراً فبتسليمة واحدة ، وإن صلاها ليلا فبتسليمتين أحسن ، إذ ورد « أَنَّ صَلَاةَ[1] اللَّيْلِ مَثْنَى مَثْنَى » وإن زاد بعد التسبيح قوله : لا حول ولا قوة إلا بالله العلى العظيم فهو حسن ، فقد ورد ذلك فى بعض الروايات

فهذه الصلوات المأثورة . ولا يستحب شىء من هذه النوافل فى الأوقات المكروهة إلا تحية المسجد ، وما أوردناه بعد التحية من ركعتى الوضوء وصلاة السفر والخروج من المنزل والاستخارة فلا ، لأن النهى مؤكد ، وهذه الأسباب ضعيفة فلا تبلغ درجة الخسوف والاستسقاء والتحية . وقد رأيت بعض المتصوّفة يصلى فى الأوقات المكروهة ركعتى الوضوء وهو فى غاية البعد ، لأن الوضوء لا يكون سبباً للصلاة بل الصلاة سبب الوضوء ، فينبغى أن يتوضأ ليصلى لا أنه يصلى لأنه توضأ ، وكل محدث يريد أن يصلى فى وقت الكراهية فلا سبيل له إلا أن يتوضأ ويصلى فلا يبقى للكراهية معنى ، ولا ينبغى أن ينوى ركعتى الوضوء كما ينوى ركعتى التحية ، بل إذا توضأ صلى ركعتين تطوعا كيلا يتعطل وضوء كما كان يفعله بلال فهو تطوع محض يقع عقيب الوضوء . وحديث بلال لم يدل على أن الوضوء سبب كالخسوف والتحية حتى ينوى ركعتى الوضوء ، فيستحيل أن ينوى بالصلاة الوضوء ، بل ينبغى أن ينوى بالوضوء الصلاة ، وكيف ينتظم أن يقول فى وضوئه أتوضأ لصلاتى وفى صلاته يقول أصلى لوضوئى ، بل من أراد أن يحرس وضوءه عن التعطيل فى وقت الكراهية فلينو قضاء إن كان يجوز أن يكون فى ذمه صلاة تطرق اليها خلل لسبب من الأسباب ، فإن قضاء الصلوات فى أوقات الكراهية غير مكروه فأما نية التطوع فلا وجه لها

(١) حديث صلاة الليل مثنى مثنى : أخرجاه من حديث ابن عمر

Lajna - 376

فى النهى فى أوقات الكراهية مهمات ثلاثة : (أحدها) التوقى من مضاهاة عبدة الشمس . و (الثانى) الاحتراز من انتشار الشياطين ، إذ قال صلى الله عليه وسلم [1] إِنَّ الشَّمْسَ لَتَطْلُعُ وَمَعَهَا قَرْنُ الشَّيْطَانِ فَإِذَا طَلَعَتْ قَارَنَهَا، وَإِذَا ارْتَفَعَتْ فَارَقَهَا ، فَإِذَا اسْتَوَتْ قَارَنَهَا ، فَإِذَا زَالَتْ فَارَقَهَا ، فَإِذَا تَضَيَّفَتْ لِلْغُرُوبِ قَارَنَهَا ، فَإِذَا غَرَبَتْ فَارَقَهَا » ونهى عن الصلوات فى هذه الأوقات ونبه به على العلة . و (الثالث) أن سالكى طريق الآخرة لا يزالون يواظبون على الصلوات فى جميع الأوقات ، والمواظبة على نمط واحد من العبادات يورث الملل ومهما منع منها ساعة زاد النشاط وانبعثت الدواعى ، والإنسان حريص على ما منع منه ، ففى تعطيل هذه الأوقات زيادة تحريض وبعث على انتظار انقضاء الوقت ، فخصصت هذه الأوقات بالتسبيح والاستغفار ، حذراً من الملل بالمداومة ، وتفرجا بالانتقال من نوع عبادة إلى نوع آخر ، ففى الاستطراف والاستجداد لذة ونشاط وفى الاستمرار على شىء واحد استثقال وملال ، ولذلك لم تكن الصلاة سجوداً مجرداً ولا ركوعا مجرداً ولا قياما مجرداً ، بل رتبت العبادات من أعمال مختلفة وأذكار متباينة ، فان القلب يدرك من كل عمل منها لذة جديدة عند الانتقال إليها ، ولو واظب على الشىء الواحد لتسارع إليه الملل . فإذا كانت هذه أموراً مهمة فى النهى عن ارتكاب أوقات الكراهة إلى غير ذلك من أسرار أخر ، ليس فى قوة البشر الاطلاع عليها ، والله ورسوله أعلم بها . فهذه المهمات لا تترك إلا بأسباب مهمة فى الشرع مثل قضاء الصلوات وصلاة الاستسقاء والخسوف وتحية المسجد ، فأما ماضعف عنها فلا ينبغى أن يصادم به مقصود النهى . هذا هو الأوجه عندنا والله أعلم

بسم الله الرحمن الرحيم

الحمد لله الذى أسعد وأشقى ، وأمات وأحيا ، وأضحك وأبكى ، وأوجد وأفنى ، وأفقر وأغنى ، وأضر وأقنى ، الذى خلق الحيوان من نطفة تمنى ، ثم تفرد عن الخلق بوصف الغنى ، ثم خصص بعض عباده بالحسنى ، فأفاض عليهم من نعمه ما أيسر به من شاء واستغنى ، وأحوج إليه من أخفق فى رزقه وأكدى ، إظهاراً للامتحان والابتلا ، ثم جعل الزكاة للدين أساساً ومبنى ، وبين أن بفضله تزكى من عباده من تزكى ومن غناه زكى ماله من زكى . والصلاة على محمد المصطفى سيد الورى وشمس الهدى ، وعلى آله وأصحابه المخصوصين بالعلم والتقى

أما بعد : فإن الله تعالى جعل الزكاة إحدى مبانى الإسلام ، وأردف بذكرها الصلاة التى هى أعلى الأعلام فقال تعالى : (وَأَقِيمُوا الصَّلَاةَ وَآتُوا الزَّكَاةَ *) وقال صلى الله عليه وسلم :[1] « بُنِيَ الْإِسْلَامُ عَلَى خَمْسٍ : شَهَادَةِ أَنْ لَا إِلَهَ إِلَّا اللهُ وَأَنَّ مُحَمَّداً عَبْدُهُ وَرَسُولُهُ وَإِقَامِ الصَّلَاةِ وَإِيتَاءِ الزَّكَاةِ » وشدد الوعيد على المقصرين فيها فقال : (وَالَّذِينَ يَكْنِزُونَ الذَّهَبَ وَالْفِضَّةَ وَلَا يُنْفِقُونَهَا فِى سَبِيلِ اللهِ فَبَشِّرْهُمْ بِعَذَابٍ أَلِيمٍ *) ومعنى الإنفاق فى سبيل الله إخراج حق الزكاة . قال الأحنف بن قيس : كنت فى نفر من قريش فمر أبو ذر فقال : بشر الكانزين بكىّ فى ظهورهم يخرج من جنوبهم ، وبكىّ فى أقفائهم يخرج من جباههم . وفى رواية أنه يوضع على حلمة ثدى أحدهم فيخرج من نغض كتفيه ويوضع على نغض كتفيه حتى يخرج من حلمة ثدييه يتزلزل . وقال أبو ذر : انتهيت إلى رسول الله صلى الله عليه وسلم[2] وهو جالس فى ظل الكعبة فلما رآنى قال : « هُمُ الْأَخْسَرُونَ وَرَبِّ الْكَعْبَةِ » فقلت ومن هم ؟ قال « الْأَكْثَرُونَ

وينكشف ذلك فى أربعة فصول :

الفصل الأول : فى أنواع الزكاة وأسباب وجوبها

الثانى : فى آدابها وشروطها الباطنة والظاهرة

الثالث : فى القابض وشروط استحقاقه وآداب قبضه

الرابع : فى صدقة التطوع وفضلها

الفصل الأول

فى أنواع الزكاة وأسباب وجوبها

والزكوات باعتبار متعلقاتها ستة أنواع : زكاة النعم ، والنقدين ، والتجارة ، وزكاة الركاز والمعادن ، وزكاة المعشرات ، وزكاة الفطر

النوع الأول زكاة النعم

ولا تجب هذه الزكاة وغيرها إلا على حر مسلم ، ولا يشترط البلوغ ، بل تجب فى مال الصبي والمجنون . هذا شرط من عليه

وأما المال فشروطه خمسة : أن يكون نعما ، سائمة ، باقية حولا ، نصابا كاملا ، مملوكا على الكمال

الشرط الأول : كونه نعما ، فلا زكاة إلا فى الإبل والبقر والغنم . أما الخيل والبغال والحمير والمتولد من بين الظباء والغنم . فلا زكاة فيها

Lajna - 380

الثانى : السوم ، فلا زكاة فى معلوفة ، وإذا أسيمت فى وقت وعلفت فى وقت تظهر بذلك مؤنتها فلا زكاة فيها

الثالث : الحول ، قال رسول الله صلى الله عليه وسلم [1] « لَازَكَاةَ فِى مَالٍ حَتَّى يَحُولَ عَلَيْهِ الْحَوْلُ » . ويستثنى من هذا نتاج المال فانه ينسحب عليه حكم المال . وتجب الزكاة فيه لحول الأصول ، ومهما باع المال فى أثناء الحول أو وهبه انقطع الحول

الرابع : كمال الملك والتصرف ، فتجب الزكاة فى الماشية المرهونة لأنه الذى حجر على نفسه فيه ، ولاتجب فى الضال والمغصوب إلا إذا عاد بجميع نمائه ، فتجب زكاة مامضى عند عوده ولو كان عليه دين يستغرق ماله فلا زكاة عليه فإنه ليس غنياً به إذ الغنى مايفضل عن الحاجة

الخامس : كمال النصاب

أما الإبل

فلا شىء فيها حتى تبلغ خمسا ففيها جذعة من الضأن ؛ والجذعة هى التى تكون فى السنة الثانية أو ثنية من المعز وهى التى تكون فى السنة الثالثة ، وفى عشر شاتان ، وفى خمس عشرة ثلاث شياه ، وفى عشرين أربع شياه ، وفى خمس وعشرين بنت مخاض وهى التى فى السنة الثانية ، فإن لم يكن فى ماله بنت مخاض فابن لبون ذكر وهو الذى فى السنه الثالثة يؤخذ وإن كان قادرا على شرائها وفى ست وثلاثين ابنة لبون ، ثم إذا بلغت ستا وأربعين ففيها حقة وهى التى فى السنة الرابعة ، فاذ صارت احدى وستين ففيها جذعة وهى التى فى السنة الخامسة ، فاذا صارت ستا وسبعين ففيها بنتا لبون ، فإذا صارت إحدى وتسعين ففيها حقتان ، فاذا صارت إحدى وعشرين ومائة ففيها ثلاث بنات لبون ، فإذا صارت مائة وثلاثين فقد استقر الحساب ففى كل خمسين حقة وفى كل أربعين بنت لبون

وأما البقر

فلا شىء فيها حتى تبلغ ثلاثين ففيها تبيع وهو الذى فى السنة الثانية ثم فى أربعين مُسنة وهى التى فى السنة الثالثة ثم فى ستين تبيعان ، واستقر الحساب بعد ذلك ففى كل أربعين مسنة ، وفى كل ثلاثين تبيع

(١) حديث لازكاة فى مال حتى يحول عليه الحول : أبو داود من حديث على باسناد جيد وهو من حديث عائشة باسناد ضعيف

Lajna - 381

وأما الغنم : فلازكاة فيها حتى تبلغ أربعين ، ففيها شاة جَذَعَة من الضأن أو ثنية من المعز ثم لاشىء فيها حتى تبلغ مائة وعشرين وواحدة ففيها شاتان ، إلى مائتى شاة وواحدة ففيها ثلاث شياة إلى ، أربعمائة ففيها أربع شياه ، ثم استقر الحساب فى كل مائة شاة . وصدقة الخليطين كصدقة المالك الواحد فى النصاب ، فإذا كان بين رجلين أربعون من الغنم ففيها شاة ، وإن كان بين ثلاثة نفرمائة شاة وعشرون ففيها شاة واحدة على جميعهم ، وخلطة الجوار كخلطة الشيوع ، ولكن يشترط أن يريحا معا ويسقيا معا ويحلبا معا ويسرحا معا ، ويكون المرعى معا ، ويكون انزاء الفحل معا ، وأن يكونا جميعا من أهل الزكاة . ولاحكم للخلطة مع الذمى والمكاتب ، ومهما نزل فى واجب الابل عن سن إلى سن فهو جائز مالم يجاوز بنت مخاض فى النزول ، ولكن تضم إليه جبران السن لسنة واحدة شاتين أوعشرين درهما ولسنتين أربع شياه أو أربعين درهما وله أن يصعد فى السن مالم يجاوز الجذعة فى الصعود ، ويأخذ الجبران من الساعين من بيت المال ، ولا تؤخذ فى الزكاة مريضة إذا كان بعض المال صحيحا ولو واحدة ، ويؤخذ من الكرائم كريمة ومن اللئام لئيمة ، ولا يؤخذ من المال الأكولة ولاالماخض ولا الربى ولا الفحل ولا غراء المال

النوع الثانى زكاة المعشرات

فيجب العشر فى كل مستنبت مقتات بلغ ثمانمائة مَنّ ، ولا شىء فيما دونها ، ولافى الفواكه والقطن ولكن فى الحبوب التى تقتات ، وفى التمر والزبيب . ويعتبر أن تكون ثمانمائة مَنّ تمرا أو زبيبا ، لارطبا وعنبا . ويخرج ذلك بعد التجفيف ويكمل مال أحد الخليطين بمال الآخر فى خلطة الشيوع كالبستان المشترك بين ورثة لجميعهم ثمانمائة مَنّ من زبيب ، فيجب على جميعهم ثمانون منا من زبيب بقدر حصصهم ، ولايعتبر خلطة الجوار فيه ، ولا يكمل نصاب الحنطة بالشعير ، ويكمل نصاب الشعير بالسُّلْت فانه نوع منه . هذا قدر الواجب ان كان يسقى بسيح أوقناة

فان كان يسقى بنضح أودالية فيجب نصف العشر ، فان اجتمعا فالأغلب يعتبر

وأما صفة الواجب فالتمر والزبيب اليابس والحب اليابس بعد التنقية ، ولا يؤخذ عنب

Lajna - 382

ولا رطب الا إذا حلت بالأشجار آفة وكانت المصلحة فى قطعها قبل تمام الإدراك ، فيؤخذ الرطب فيكال تسعة للمالك وواحد للفقير . ولا يمنع من هذه القسمة قولنا : إن القسمة بيع ، بل يرخص فى مثل هذا للحاجة

ووقت الوجوب أن يبدو الصلاح فى الثمار وأن يشتد الحبُّ . ووقت الأداء بعد الجفاف

النوع الثالث زكاة النقدين

فإذا تم الحول على وزن مائتى درهم بوزن مكة نقرة خالصة ففيها خمسة دراهم وهو ربع العشر ، ومازاد فبحسابه ولو درهما . ونصاب الذهب عشرون مثقالا خالصا بوزن مكة ففيها ربع العشر ومازاد فبحسابه ، وإن نقص من النصاب حبة فلا زكاة . وتجب على من معه دراهم مغشوشة إذا كان فيها هذا المقدار من النقرة الخالصة . وتجب الزكاة فى التبر وفى الحلي المحظور كأوانى الذهب والفضة ومراكب الذهب للرجال ، ولا تجب فى الحلى المباح . وتجب فى الدين الذى هو على ملىء ، ولكن تجب عند الاستيفاء وإن كان مؤجلا فلا تجب إلا عند حلول الأجل

النوع الرابع زكاة التجارة

وهى كزكاة النقدين ، وإنما ينعقد الحول من وقت ملك النقد الذى به اشترى البضاعة إن كان النقد نصابا ، فإن كان ناقصاً أو اشترى بعرض على نية التجارة فالحول من وقت الشراء . وتؤدى الزكاة من نقد البلد ، وبه يقوّم ، فإن كان ما به الشراء نقدا وكان نصابا كاملا كان التقويم به أولى من نقد البلد . ومن نوى التجارة من مال قُنية فلا ينعقد الحول بمجرد نيته حتى يشترى به شيئاً ، ومهما قطع نية التجارة قبل تمام الحول سقطت الزكاة . والأولى أن تؤدى زكاة تلك السنة . وما كان من ربح فى السلعة فى آخر الحول وجبت الزكاة فيه بحول رأس المال ، ولم يستأنف له حولا كما فى النتاج . وأموال الصيارفة لا ينقطع حولها بالمبادلة الجارية بينهم كسائر التجارات وزكاة ربح مال القراض على العامل وإن كان قبل القسمة . هذا وهو الأقيس

Lajna - 383

النوع الخامس الركاز والمعدن

والركاز مال دفن فى الجاهلية ووجد فى أرض لم يجر عليها فى الاسلام ملك ، فعلى واجده فى الذهب والفضة منه الخمس ، والحول غير معتبر . والأولى أن لا يعتبر النصاب أيضا لأن إيجاب الخمس يؤكد شبهه بالغنيمة ، واعتباره أيضاً ليس ببعيد ، لأن مصرفه مصرف الزكاة ، ولذلك يخصص على الصحيح بالنقدين . وأما المعادن فلا زكاة فيما استخرج منها سوى الذهب والفضة ، ففيها بعد الطحن والتخليص ربع العشر على أصح القولين ، وعلى هذا يعتبر النصاب. وفى الحول قولان ، وفى قول يجب الخمس . فعلى هذا لا يعتبر . وفى النصاب قولان والأشبه والعلم عند الله تعالى أن يلحق فى قدر الواجب بزكاة التجارة فانه نوع اكتساب ، وفى الحول بالمعشرات فلا يعتبر لأنه عين الرفق ، ويعتبر النصاب كالمعشرات . والاحتياط أن يخرج الخمس من القليل والكثير ، ومن عين النقدين أيضا خروجا عن شبهة هذه الاختلافات فانها ظنون قريبة من التعارض ، وجزم الفتوى فيها خطر لتعارض الاشتباه

النوع السادس فى صدقة الفطر

وهى « وَاجِبَةٌ عَلَى لِسَانِ رَسُولِ اللهِ صَلَّى اللهُ عَلَيْهِ وَسَلَّمَ[1] عَلَى كُلِّ مُسْلِمٍ فَضْلٌ عَنْ قُوتِهِ وَقُوتِ مَنْ يَقُوتُهُ يَوْمَ الْفِطْرِ وَلَيْلَتَهُ صَاعٌ مِمَّا يُقْتَاتُ بِصَاعِ رَسُولِ اللهِ صَلَّى اللهُ عَلَيْهِ وَسَلَّمَ » وهو . مَنَوَانِ وثلثا مَنٍّ يخرجه من جنس قوته أو من أفضل منه ، فإن اقتات بالحنطة لم يجز الشعير ، وإن اقتات حبوباً مختلفة اختار خيرها ، ومن أيها أخرج أجزأه . وقسمتها كقسمة زكاة الأموال ، فيجب فيها استيعاب الأصناف ، ولا يجوز أخراج الدقيق والسَّوِيق

ويجب على الرجل المسلم فطرة زوجته ومماليكه وأولاده وكل قريب هو فى نفقته ، أعنى من تجب عليه نفقته من الآباء والأمهات والأولاد ، قال صلى الله عليه وسلم[2] « أَدُّوا صَدَقَةَ الْفِطْرِ عَمَّنْ تَمُونُونَ » وتجب صدقة العبد المشترك على الشريكين ، ولا تجب صدقة

العبد الكافر ، وإن تبرعت الزوجة بالاخراج عن نفسها أجزأها ، وللزوج الاخراج عنها دون إذنها ؛ وإن فضل عنه ما يؤدى عن بعضهم أدى عن بعضهم ، وأولاهم بالتقديم من كانت نفقته آكد . وقد «قَدَّمَ رَسُولُ اللهِ صَلَّى اللهُ عَلَيْهِ وَسَلَّمَ (١) نَفَقَةَ الْوَلَدِ عَلَى نَفَقَةِ الزَّوْجَةِ وَنَفَقَتَهَا عَلَى نَفَقَةِ الْخَادِمِ » فهذه أحكام فقهية لابد للفتى من معرفتها . وقد تعرض له وقائع نادرة خارجة عن هذا فله أن يتكل فيها على الاستفتاء عند نزول الواقعة بعد إحاطته بهذا المقدار

الفصل الثانى

فى الأداء وشروطه الباطنة والظاهرة

اعلم أنه يجب على مؤدى الزكاة مراعاة خمسة أمور :

الأول : النية ، وهو أن ينوى بقلبه زكاة الفرض . ويسن عليه تعيين الأموال ؛ فان كان له مال غائب فقال هذا عن مالى الغائب إن كان سالما وإلا فهو نافلة ، جاز ، لأنه لم يصرح به فكذلك يكون عند إطلاقه ، ونية الولى تقوم مقام نية المجنون والصبى ، ونية السلطان تقوم مقام نية المالك الممتنع عن الزكاة ، ولكن فى ظاهر حكم الدنيا أعنى فى قطع المطالبة عنه ، أما فى الآخرة فلا ، بل تبقى ذمته مشغولة إلى أن يستأنف الزكاة ، وإذا وكل بأداء الزكاة ونوى عند التوكيل أو وكل الوكيل بالنية كفاه ، لأن توكيله بالنية نية

الثانى : البدار عقيب الحول . وفى زكاة الفطر لا يؤخرها عن يوم الفطر . ويدخل وقت وجوبها بغروب الشمس من آخر يوم من شهر رمضان ، ووقت تعجيلها شهر رمضان كله ، ومن أخر زكاة ماله مع التمكن عصى ولم يسقط عنه بتلف ماله وتمكنه بمصادفة المستحق ، وإن أخر لعدم المستحق فتلف ماله سقطت الزكاة عنه ، وتعجيل الزكاة جائز بشرط أن يقع بعد كمال النصاب وانعقاد الحول . ويجوز تعجيل زكاة حولين ، ومهما عجل فمات المسكين قبل الحول أوارتد أوصار غنياً بغير ما عجل إليه أو تلف مال المالك أومات فالمدفوع ليس بزكاة ، واسترجاعه غير ممكن إلا إذا قيد الدفع بالاسترجاع ، فليكن المعجل مراقبا آخر الأمور وسلامة العاقبة

الثالث : أن لايخرج بدلا باعتبار القيمة ، بل يخرج المنصوص عليه ، فلا يجزئ ورق عن ذهب ولاذهب عن ورق ، وإن زاد عليه فى القيمة . ولعل بعض من لايدرك غرض الشافعي رضى الله عنه يتساهل فى ذلك ويلاحظ المقصود من سد الخلة ، وما أبعده عن التحصيل ، فان سد الخلة مقصود ، وليس هو كل المقصود ، بل واجبات الشرع ثلاثة أقسام :

قسم هو تعبد محض لا مدخل للحظوظ والأغراض فيه ، وذلك كرمى الجمرات مثلا ، إذ لا حظّ للجمرة فى وصول الحصى اليها ، فمقصود الشرع فيه الابتلاء بالعمل ليظهر العبد رقه وعبوديته بفعل مالا يعقل له معنى ، لأن مايعقل معناه فقد يساعده الطبع عليه ويدعوه اليه فلا يظهر به خلوص الرق والعبودية ، إذ العبودية تظهر بأن تكون الحركة لحق أمر المعبود فقط لالمعنى آخر ، وأكثر أعمال الحج كذلك ، ولذلك قال صلى الله عليه وسلم (١) في إحرامه « لَبَّيْكَ بِحَجَّةٍ حَقًّا تَعَبُّداً وَرِقًّا » تنبيهاً على أن ذلك إظهار للعبودية بالانقياد لمجرد الأمر وامتثاله كما أمر من غير استئناس العقل منه بما يميل إليه ويحث عليه

القسم الثانى : من واجبات الشرع ماالمقصود منه حظ معقول وليس يقصد منه التعبد كقضاء دين الآدميين ورد المغصوب ، فلا جرم لايعتبر فيه فعله ونيته ، ومهما وصل الحق إلى مستحقه بأخذ المستحق أو يبدل عنه عند رضاه تأدى الوجوب وسقط خطاب الشرع . فهذان قسمان لاتركيب فيهما يشترك فى دركهما جميع الناس

والقسم الثالث : هو المركب الذى يقصد منه الأمران جميعا وهو حظ العباد وامتحان المكلف بالاستعباد ، فيجتمع فيه تعبد رمى الجمار وحظ رد الحقوق . فهذا قسم فى نفسه معقول ، فان ورد الشرع به وجب الجمع بين المعنيين ، ولا ينبغى أن ينسى أدق المعنيين وهو التعبد والاسترقاق بسبب أجلاهما ، ولعل الأدق هو الأهم . والزكاة من هذا القبيل ، ولم ينتبه له غير الشافعى رضى الله عنه ، فحظ الفقير مقصود فى سد الخلة وهو جلى سابق إلى الأفهام ، وحق التعبد فى اتباع التفاصيل مقصود للشرع ، وباعتباره صارت الزكاة قرينة للصلاة والحج فى كونها من مبانى الاسلام ولا شك فى أن على المكلف تعبا فى تمييز أجناس ماله وإخراج حصة كل مال من نوعه وجنسه وصفته ، ثم توزيعه على الأصناف الثمانية كما سيأتى ،

Lajna - 386

والتساهل فيه غير قادح فى حظ الفقير لكنه قادح فى التعبد . ويدل على أن التعبد مقصود بتعيين الأنواع أمور ذكرناها فى كتب الخلاف من الفقهيات ، ومن أوضحها أن الشرع أوجب فى خمس من الابل شاة ، فعدل من الابل إلى الشاة ، ولم يعدل إلى النقدين والتقويم ، وإن قدر أن ذلك لقلة النقود فى أيدى العرب بطل بذكره عشرين درهماً فى الجبران مع الشاتين ، فلم لم يذكر فى الجبران قدر النقصان من القيمة ، ولم قدر بعشرين درهما وشاتين ، وإن كانت الثياب والأمتعة كلها فى معناها . فهذا وأمثاله من التخصيصات يدل على أن الزكاة لم تترك خالية عن التعبدات كما فى الحج ، ولكن جمع بين المعنيين ، والأذهان الضعيفة تقصر عن درك المركبات . فهذا شأن الغلط فيه

الرابع : أن لا ينقل الصدقة إلى بلد آخر ، فان أعين المساكين فى كل بلدة تمتد إلى أموالها ، وفى النقل تخييب للظنون ، فان فعل ذلك أجزأه فى قول ، ولكن الخروج عن شبهة الخلاف أولى ، فليخرج زكاة كل مال فى تلك البلدة ، ثم لا بأس أن يصرف إلى الغرباء فى تلك البلدة

الخامس : أن يقسم ماله بعدد الأصناف الموجودين فى بلده ، فان استيعاب الأصناف واجب ، وعليه يدل ظاهر قوله تعالى : (إِنَّمَا الصَّدَقَاتُ لِلْفُقَرَاءِ وَالْمَسَاكِينِ *) الآية فانه يشبه قول المريض : إنما ثلث مالى للفقراء والمساكين ، وذلك يقتضى التشريك فى التمليك والعبادات ينبغى أن يتوقى عن الهجوم فيها على الظواهر . وقد عدم من الثمانية صنفان فى أكثر البلاد ، وهم المؤلفة قلوبهم ، والعاملون على الزكاة ، ويوجد فى جميع البلاد أربعة أصناف : الفقراء ، والمساكين ، والغارمون ، والمسافرون أعنى أبناء السبيل . وصنفان يوجدان فى بعض البلاد دون البعض وهم الغزاة والمكاتبون ، فان وجد خمسة أصناف مثلا قسم بينهم زكاة ماله بخمسة أقسام متساوية أو متقاربة ، وعين لكل صنف قسما ثم قسم كل قسم ثلاثة أسهم فما فوقه إما متساوية أو متفاوتة ؛ وليس عليه التسوية بين آحاد الصنف ، فان له أن يقسمه على عشرة وعشرين ، فينقص نصيب كل واحد ، وأما الأصناف فلا تقبل الزيادة والنقصان ، فلا ينبغى أن ينقص فى كل صنف عن ثلاثة إن وجد ، ثم لو لم يجب إلا صاع للفطرة ووجد خمسة أصناف فعليه أن يوصله إلى خمسة عشر نفراً ،

Lajna - 387

ولو نقص منهم واحد مع الإمكان غرم نصيب ذلك الواحد ، فان عسر عليه ذلك لقلة الواجب فليتشارك جماعة ممن عليهم الزكاة ، وليخلط مال نفسه بمالهم ، وليجمع المستحقين ، وليسلم إليهم حتي يتساهموا فيه فإن ذلك لا بد منه

بيان دقائق الآداب الباطنة فى الزكاة

اعلم أن على مريد طريق الآخرة بزكاته وظائف

الوظيفة الأولى : فهم وجوب الزكاة ومعناها ، ووجه الامتحان فيها ، وأنها لم جعلت من مبانى الإسلام مع أنها تصرف مالى وليست من عبادة الأبدان : وفيه ثلاثة معان

الأول : أن التلفظ بكلمتى الشهادة التزام للتوحيد ، وشهادة بافراد المعبود ، وشرط تمام الوفاء به أن لا يبقى للموحد محبوب سوى الواحد الفرد ، فان المحبة لا تقبل الشركة ، والتوحيد باللسان قليل الجدوى ، وإنما يمتحن به درجة المحب بمفارقة المحبوب ، والأموال محبوبة عند الخلائق لأنها آلة تمتعهم بالدنيا وبسببها يأنسون بهذا العالم وينفرون عن الموت مع أن فيه لقاء المحبوب ، فامتحنوا بتصديق دعواهم فى المحبوب ، واستنزلوا عن المال الذى هو مرموقهم ومعشوقهم ، ولذلك قال الله تعالى : (إِنَّ اللَّهَ اشْتَرَى مِنَ الْمُؤْمِنِينَ أَنفُسَهُمْ وَأَمْوَالَهُم بِأَنَّ لَهُمُ الْجَنَّةَ *) وذلك بالجهاد ، وهو مسامحة بالمهجة شوقا إلى لقاء الله عزوجل ، والمسامحة بالمال أهون . ولما فهم هذا المعنى فى بذل الأموال انقسم الناس إلى ثلاثة أقسام :

قسم صدّقوا التوحيد ووفوا بعهدهم ونزلوا عن جميع أموالهم فلم يدخروا ديناراً ولا درهما ، فأبوا أن يتعرضوا لوجوب الزكاة عليهم حتي قيل لبعضهم : كم يجب من الزكاة فى مائتى درهم ؟ فقال : أما على العوام بحكم الشرع فخمسة دراهم ، وأما نحن فيجب علينا بذل الجميع [1] ولهذا تصدق أبو بكر رضى الله عنه بجميع ماله ، وعمر رضى الله عنه بشطر ماله ، فقال صلى الله عليه وسلم : مَا أَبْقَيْتَ لِأَهْلِكَ ؟ فقال مثله . وقال لأبى بكر رضى الله عنه : ما أبقيت لأهلك ؟ قال الله ورسوله ، فقال صلى الله عليه وسلم : « بَيْنَكُمَا مَا بَيْنَ كَلِمَتَيْكُمَا » فالصديق وفّى بتمام الصدق فلم يمسك سوى المحبوب عنده وهو الله ورسوله

(١) حديث جاء أبو بكر بجميع ماله وعمر بشطر ماله ـ الحديث : د ت ك وصححه من حديث ابن عمر وليس فيه قوله بينكما مابين كلمتيكما

Lajna - 388

القسم الثانى : درجتهم دون درجة هـذا ، وهم الممسكون أموالهـم المراقبون لمواقيت الحاجات ومواسم الخيرات ، فيكون قصـدهم فى الادخار الانفاق على قدر الحاجة دون التنعم ، وصرف الفاضل عن الحاجة إلى وجوه البر مهما ظهر وجوهها ، وهؤلاء لايقتصرون على مقدار الزكاة . وقد ذهب جماعة من التابعين إلى أن فى المال حقوقا سوى الزكاة كالنخعى والشعبى وعطاء ومجاهد ، قال الشعبى بعد أن قيل له : هل فى المال حق سوى الزكاة ؟ قال : نعم أما سمعت قوله عز وجـل (وَآتَى الْمَالَ عَلَى حُبِّهِ ذَوِي الْقُرْبَى *) الآية ، واستدلوا بقوله عز وجـل : (وَمِمَّا رَزَقْنَاهُمْ يُنْفِقُونَ *) وبقوله تعالى : (وَأَنْفِقُوا مِمَّا رَزَقْنَاكُمْ *) وزعموا أن ذلك غير منسوخ بآية الزكاة بل هو داخل فى حق المسلم على المسلم ، ومعناه أنه يجب على الموسر مهما وجد محتاجا أن يزيل حاجته فضلا عن مال الزكاة

والذى يصح فى الفقه من هذا الباب أنه مهما أرهقته حاجته كانت إزالتها فرض كفاية ، إذ لا يجوز تضييع مسلم ، ولـكن يحتمل أن يقال ليس على الموسر إلا تسليم مايزيل الحاجة قرضا ، ولا يلزمه بذله بعد أن أسقط الزكاة عن نفسه . ويحتمل أن يقال يلزمه بذله فى الحال ولا يجوز له الاقتراض أى لايجوز له تـكليف الفقير قبول القرض ، وهـذا مختلف فيه والاقتراض نزول إلى الدرجة الأخيرة من درجات العوام وهى درجة القسم الثالث الذين يقتصرون على أداء الواجب ، فلا يزيدون عليه ولا ينقصون عنه ، وهى أقل الرتب . وقد اقتصر جميع العوام عليه لبخلهم بالمـال وميلهم إليه وضعف حبهم للآخرة ، قال الله تعالى : (إِنْ يَسْأَلْكُمُوهَا فَيُحْفِكُمْ تَبْخَلُوا *) يحفكم أى يستقص عليكم ، فكم بين عبد اشترى منه ماله ونفسه بأن له الجنة ، وبين عبد لايستقصى عليه لبخله : فهذا أحد معانى أمر الله سبحانه عباده ببذل الأموال

المعنى الثانى : التطهير من صفة البخل ، فانه من المهلـكات ، قال صلى الله عليه وسـلم (١) « ثَلاثٌ مُهْلِكَاتٌ شُحٌّ مُطَاعٌ وَهَوًى مُتَّبَعٌ وَإِعْجَابُ الْمَرْءِ بِنَفْسِهِ » وقال تعالى : (وَمَنْ يُوقَ شُحَّ نَفْسِهِ فَأُولَئِكَ هُمُ الْمُفْلِحُونَ *) وسيأتى فى ربع المهلـكات وجه كونه مهلـكا ،
